KRUGER SAID TO HAVE AGAIN SUEED FOR PEACE.

London Paper Reports Salisbury in Receipt of an Exceedingly Humble Proposal.

RIOTING FOLLOWS REJOICING OVER NEWS OF RELIEF.

Serious Disorders Occur in Many Cities of the United Kingdom and the Services of the Military Are Needed at Some Points—Buller Faces Laing's Nek, While Roberts Continues to Receive the Surrender of Free Staters.

BOERS AND GUNS AT MAFEKING RUMORED ALL CAPTURED

London, Sunday, May 20.—A dispatch from Mafeking tonight says that General Dewett has sent word that he is prepared to surrender with his entire command.

RELIEF FORCE HAD BATTLE.

London, Monday, May 21.—5:30 a. m.—The correspondent of the Daily Mail at Lourenço Marques says:

On Thursday the entire Boer force around Mafeking, including guns, was captured by the British.

Another Lourenço Marques dispatch states: "The Standard and Digges' News confirms the report of the relief of Mafeking. An engagement was fought Sunday near Maribogo. The relief forces cut through the Boer lines, entered the town and began bombarding the Boers, who retreated. The Boers had two killed and five wounded, while the British loss is said to have been considerable. The British are reported fleeing, but no explanation is given."

OOM PAUL WOULD QUIT.

FRESH PEACE PROPOSALS REPORTED RECEIVED IN LONDON.

London, Monday, May 21.—4:30 a. m.—Displayed in most conspicuous style in the Daily Express is the dominant war news of this morning, as follows:

"We have the best reason for stating that in the last twenty-four hours a telegram has been received at the foreign office, addressed personally to the prime minister, from President Kruger proposing terms of peace. The exact terms are not stated, but we believe it is couched in an exceedingly humble strain. It is conceivable, of course, that Lord Salisbury can have sent any reply except the one that stands ready on the table: 'never Britain—unconditional surrender.'"

TURBULENCE THE AFTERMATH.

The boisterous rejoicings over the news from Mafeking have become riots in parts of London, Aberdeen, Belfast and elsewhere in the United Kingdom.

In the Finchley district of suburban London a mob stoned the railway station and smashed the windows of a draper's shop, setting the building on fire although whether by accident of design is unknown. Two clerks were injured.

The house of a Boer sympathizer at Hurlston was attacked by a large crowd and the windows shattered. The police charged the mob and were greeted with a shower of decayed eggs. Numerous arrests were made and the police reserves were called out.

Rioting took place in Aberdeen from seven to ten Saturday evening around a hall where a "top-the-war" meeting was being addressed by Cromwell Schreiner, husband of Olive Schreiner. A crowd of students and others tried to storm the hall and break down the doors.

GORDONS CLEAR THE STREETS.

The foot police were unable to cope with the disturbers and sent for the mounted police, who made some headway with the crowd but free fights occurred between the supporters of the meeting and the crowd, the royal infantry, near by, being kept busy dressing the wounds of the combatants, caused by stones, bricks and clubs. A number of arrests were made, and finally the chief magistrate ordered out the military. The Gordon Highlanders cleared the streets. The residence of Alexander Webster, where Cromwell Schreiner stayed, was damaged.

Boer sympathizers stoned a parade of shipyard employes at Belfast, and there were some disorders at Birmingham.

At Dover the business establishment of J. Brown, member of the chamber of commerce, was wrecked by a mob. The police were unable to cope with the mob and the volunteer artillery was called out. The rioting continuing, the royal artillery was called upon to suppress the mob. Numerous arrests were made.

Special prayers of thanksgiving were

consequence of what is believed to be authentic news of the relief of Mafeking. Sir Arthur Milner will close the public offices today.

New Zealand will make Wednesday a holiday in honor of the event, while celebrations are now in progress in Cairo and in the heart of the Sudan.

Cape Town, Sunday, May 20.—Every town and village is sending congratulations to Colonel Baden-Powell at Mafeking. Telegrams are arriving from all parts of the world. There will be an immense demonstration here tomorrow.

MORE BURGHERS YIELD.

LORD ROBERTS REPORTS SURRENDERING STILL GOING ON.

London, Sunday, May 20.—The war office today received the following from Lord Roberts, dated Kroomstadt, 3 p. m.: "No official information has been received, but Reuter states the relief of Mafeking has been effected.

"Rundie reports having occupied Broster's flat, Trommel and Cloocian, the enemy falling back on Senekal and Ficksburg.

"Fifty rifles and three thousand rounds have been surrendered by Free Staters to a battalion of the Yeomanry working along the telegraph line from Boshof to Bloemfontein. A field cornet and eighty-six burghers surrendered at Boshof yesterday.

"While at Hoopstad Methuen secured 250 rifles and between four and five hundred rounds."

APPEAL TO THE GREAT POWERS.

INTERNATIONAL PEACE BUREAU TO AGAIN TRY ITS HAND.

Berne, Switzerland, May 20.—The committee of the International Peace Bureau has decided to make a final appeal to the twenty-five powers who are signers of the conventions addressed by the Hague conference, in favor of the restoration of peace in South Africa. The committee calls attention to the clause of the convention for the peaceful settlement of international conflicts, by the terms of which the signatory powers agreed to use all efforts for the settlement, not only of difficulties among themselves, but of all international disputes. Consequently, the committee declares, an offer of mediation cannot be considered by Great Britain as unfriendly.

AGGY LOSES FEW MORE MEN.

AMERICAN SCOUTS KILL 51 IN MINDANAO ISLAND.

Manila, May 20.—Five hundred insurgents, half of whom were armed with rifles, ambushed eighty scouts of the Fourth volunteer infantry in the hills near Aquasun, in the northern part of Mindanao. The Americans routed the natives, killing fifty-one. The American casualties were two killed and three wounded.

COLOMBIA WAR STILL WAGES.

REBELS ACTIVE DESPITE THEIR RECENT ALLEGED DEFEATS.

Kingston, Jamaica, May 20.—Advises from Colombia today by the royal mail steamer Trent say that the rebels are operating around Panama, which is full of troops, some of whom are quartered in the churches. An engagement took place the 16th north of Panama, the rebels being driven off. Cartagena is still in the possession of the government. The Trent was to have conveyed a body of troops to Cartagena, but the rebels destroyed the railway bridges the night of the 13th, thus preventing the troops arriving for embarkation. On the same night a desperate engagement took place outside of Cartagena in which the government troops were victorious. As many as five hundred rebels are said to have been killed in the fighting.

ST. LOUIS STRIKERS ENJOINED.

SWEEPING RESTRAINING ORDER ISSUED BY FEDERAL JUDGE.

St. Louis, May 20.—In the United States circuit court yesterday Judge Adams announced that an injunction pressed for by the United States district attorney against the strike leaders and others for interfering with the running of mail cars in St. Louis would be issued, and at 4:30 o'clock Judge Adams issued the injunction. It is very sweeping. It is temporary and will stand until the motion for a permanent injunction is argued on May 25.

Cars were run today on five lines of the St. Louis Transit company without any interference from the strikers or their friends. Two riot calls were sent in to the police department during the afternoon, but the riots were very far from being the real thing. President Mahon, of the street car men's association, said today that no steps had been taken looking to a conference between the men and the company. He was positive the men would win in the end. The Transit company claims to have a full complement of men; conductors on the various lines in operation today said the company had about half as many men as went out.

PEACE AT PHILADELPHIA.

Philadelphia, May 20.—The fight between the United Brotherhood of Carpenters & Joiners and the Allied Building Trade league, which was begun nearly three weeks ago, was officially declared off today, the arbitrators having decided that the carpenters should be let alone and work out their own salvation. The trouble arose over the refusal of the brotherhood to become affiliated with the league in a campaign for an eight-hour work day with increased wages. The employers have generally signed the demands of the various trades.

7,000 MEN OUT AT BERLIN.

Berlin, Germany, May 20.—Employees of the most important Berlin street car company numbering 7,000 men went out on a strike yesterday. The public is in sympathy with the strikers.

TWO STUDENTS DROWNED.

FATAL ATTEMPT TO SHOOT THE RAPIDS AT PRINCETON, N. J.

Princeton, May 20.—While trying to shoot the rapids in a canoe at Kingstons dam, two miles from here, Philip Kingsman Hay of Nettley, N. J., and Christopher Colen Auger of Evanston, Ill., members of the sophomore class, were drowned this afternoon. Auger's body has been recovered. He was a son of Major General A. J. Auger, United States cavalry, now at Manila.

TO IMPORT AMERICAN COAL.

DRESDEN CONSUMERS OBJECT TO BOHEMIA'S HIGH PRICES.

Dresden, May 20.—One hundred and fifty-four manufacturers of the city of Dresden and its vicinity met today and formed an association which shall consider the feasibility of importing American coal and thus avoid dependence on the Bohemian mine owners, who took advantage of the recent strike to increase their prices to an exorbitant figure.

MONTANA MAN PLAYING IN LUCK.

Washington, May 20.—Senator Chambliss has given notice that he will ask the senate to take up the resolution concerning the election of Senator Clark of Montana on Monday, but it now appears probable that the resolution may go over again. It also seems likely that the entire Clark matter may be indefinitely postponed for lack of prosecution, and that no more will be heard of it during the session.

WEEK IN THE HOUSE.

The Alaskan code bill and the District of Columbia bill will be used as stop-gaps in the house for the remainder of the session to keep out the flood of legislation that is always presented toward the end of a session. They will give way at all times to conference reports and such other matters as the leaders are willing to let go through. Tomorrow is District of Columbia day, and later in the week the anti-trust bill and resolution reported by the judiciary committee may be considered. A bill to meet the case of Neely, which the attorney general is anxious should pass at once, doubtless will be acted on during the week.

PLAN TO REIMBURSE CUBA.

WASHINGTON, May 20.—Senator Teller yesterday introduced an amendment to the sundry civil appropriation bill appropriating \$200,000 for the money proposed to have been embargoed in Cuba. The amendment provides the appropriation "to enable the president of the United States to refund any money that has been misappropriated by the civil or military appointees of the United States from funds collected in the island of Cuba by the military authorities of the United States."

MAIL TUBE SERVICE KILLED.

By a vote of thirty-two to sixteen the Hoar amendment and the committee amendment to the pneumatic tube service were laid on the table. This defeats the pneumatic tube proposition. The Clark case went over until Monday also by a vote of thirty-two to sixteen.

GEN. GRANT IN MARBLE.

G. A. R. STATUE UNVEILED IN ROTUNDA OF THE CAPITOL.

Washington, May 20.—The statue of General Grant, presented by the Grand Army of the Republic to the nation, was unveiled in the great rotunda of the Capitol Saturday and elaborate ceremonies commemorative of the event were held in the hall of representatives in the presence of a vast concourse of people, who included the widow, daughter and descendants of the hero of Appomattox, hundreds of his comrades-in-arms, the officers and committee of the G. A. R., and many persons distinguished in military, political and social circles.

DETECTED BY A MIRROR.

Chicago, May 20.—Detective Oscar Holtz saw a watch and chain stolen the other evening while being shaved in a barber shop at Madison and Carpenter streets. A horse on the street was seized with blind staggers, and a crowd gathered about the animal. Holtz was looking into the barber's mirror and saw two young fellows pushing about in the crowd. Then the detective saw one of the young men place his hand in the pocket of a spectator and take out a gold watch and chain. The young man then walked into the barber shop and said they wanted to be shaved. Holtz arrested them. They gave their names as John Damms and Robert Dugan. In Damms' pocket was found the watch and chain.

IN FORBIDDEN CHINESE WATERS.

BRITISH GUNBOAT NAVIGATES ON YANG-TSE-KIANG RIVER.

Shanghai, May 20.—The British gunboat Woodcock, a shallow-draught steamer for river service, commanded by Lieutenant Hugh Watson, was reached Suifu, a small town on the Yang-Tse-Kiang, 200 miles above the important city of Chung-King. Hitherto no boats have been allowed to navigate the river above Chung-King.

GETS A PORTO RICAN PLUM.

M. H. HUNT OF MONTANA APPOINTED SECRETARY OF STATE. Washington, May 20.—M. H. Hunt of Montana has been selected as secretary of state for the island of Porto Rico. Mr. Hunt was recently appointed agent for the United States government of the Chilean claims commission, a position which he vacates to accept this last appointment. He is a son of the late Secretary Hunt and a lawyer of high standing in his own state.

LYNCHING SCHEDULED. PUEBLO (COLO.) POSSES HOT AFTER COLORED MURDERER.

Pueblo, Colo., May 20.—Frenzied by a jealous quarrel with his wife, Calvin Kimblern, colored, today shot his wife twice and then in cold blood murdered Ethel Strauss, aged thirteen, and Jessie Skagge, eleven. The couple were employed at Frie's orphan home, of which the dead children were inmates. The woman will recover. The negro is being pursued tonight and will be lynched if caught.

PHILADELPHIA ASSASSINATION.

Philadelphia, May 20.—Professor Roy Wilson, aged twenty-eight of Richmond Ind., instructor at the University of Pennsylvania, was murdered late last night by an unknown assassin near Thirty-second and Powelton avenue. The motive is unknown.

DAGGER IN HER HEART.

Boston, May 20.—Maie Butler, aged twenty-three, said to have been residing at the residence of Mrs. A. E. Wright early this morning with a dagger in her breast. Edwin T. Wright, son of Mrs. Wright, is under arrest on suspicion of having murdered her.

PLAGUE AT 'FRISCO ADMITTED.

EXISTENCE OF THE BUBONIC PEST OFFICIALLY ANNOUNCED.

San Francisco, May 20.—The board of health has adopted a resolution declaring that bubonic plague exists in San Francisco. The health authorities say that while there are no living cases here, there have been six deaths in the past three months and they have decided to take precautions against the development and spreading of the disease.

TODAY THERE WERE NO NEW DEVELOPMENTS IN THE SITUATION. NO NEW CASES HAVE BEEN DISCOVERED SINCE THE SIX WHICH WERE OFFICIALLY REPORTED YESTERDAY.

DETECTED BY A MIRROR.

Chicago, May 20.—Detective Oscar Holtz saw a watch and chain stolen the other evening while being shaved in a barber shop at Madison and Carpenter streets. A horse on the street was seized with blind staggers, and a crowd gathered about the animal. Holtz was looking into the barber's mirror and saw two young fellows pushing about in the crowd. Then the detective saw one of the young men place his hand in the pocket of a spectator and take out a gold watch and chain. The young man then walked into the barber shop and said they wanted to be shaved. Holtz arrested them. They gave their names as John Damms and Robert Dugan. In Damms' pocket was found the watch and chain.

HELD A SHORT SESSION.

ALDERMEN CONFIRMED ANTON
HANSEN FOR STREET COMMISSIONER
SATURDAY AFTERNOON.

The board of public works recom-
mended Anton Hansen for the office of
street commissioner to the aldermen
who assembled in special session Sat-
urday afternoon. He was confirmed by
the council. Captain Thomas Walters,
superintendent for the Pittsburg &
Lake Angeline Iron company, was
elected a member of the board of pub-
lic works to fill the vacancy created by
the resignation of Thomas Pearce.

The aldermen were a little late in re-
porting for business and it was shortly
after two o'clock when the roll was
called. With the exception of Alder-
man Bouty, the labor aldermen were
all absent, while only eleven councilmen
and Mayor Braastad were present.

Under the call the resignation of Alder-
man C. Christianson of the Fourth
ward was the first matter brought up.
It was accepted. That of Thomas
Pearce was then read. It expressed
thanks to the city officials for courtesies
extended and regret that ill health
compelled the writer to withdraw from
the board before he had served his full
term. The resignation was accepted.
Alderman Williams presented the com-
mission from the Pittsburg & Lake
Angeline Iron company for the vacan-
cy on a formal ballot he received the
full vote of the aldermen present and
was declared elected.

IS PROVING A "GOLD MINE."

Corrigan, McKinney & Co. of Cleve-
land never did a better stroke of busi-
ness than when they acquired posses-
sion of the Ropes plant for the sum of
\$12,500. To date, the gold redeemed
has been taken from the stamp mill and
the apparatus formerly in use there.
Old electro plates have been particularly
rich in the precious metal. When the
final clean up is made it is figured that
at least \$20,000 worth of gold will have
been recovered without touching a ton
of the tailings, from which it is estimat-
ed that an additional \$100,000 will be ob-
tained.

Already two tons of electro plates
have been shipped to Cleveland for
treatment and more will follow. They
are deemed so valuable that they are
billed by express. Enough gold to make
a brick worth \$1,500 has been recovered
with the crude appliances available here.
It is said that the developments at the
stamp mill are a surprise to the new
owners of the mine. Certain it is that
they are a revelation to all Ishpeming
people, not one of whom ever dreamed
of the riches lying scattered about at the
old Ropes plant.

Corrigan, McKinney & Co. are now
preparing a number of large vats for
the treatment of the old mill tailings.
The cyanide process will be employed to
win the gold. It will be taken up in
solution and precipitated. It is estimat-
ed that eighty-five per cent of the gold
can be recovered. The tailings assay
about \$2 to the ton, which will allow a
margin of about \$1 a ton over the cost
of treatment.

When the work of redeeming the gold
is completed the underground mine will
be completed with a view of resuming
work if it promises adequate returns.
Certainly the new owners of the prop-
erty should be encouraged to work the
mine by their fortunate strike on surface.

ISHPEMING THE PIONEER.

FIRST CITY IN MICHIGAN TO
ERECT A BUILDING TO BE DE-
VOTED EXCLUSIVELY TO MAN-
UAL TRAINING.

Superintendent J. E. Ne Collins of
the Ishpeming schools has received a
letter from a prominent school man in
lower Michigan congratulating him and
Ishpeming on a fact which has not
hitherto been mentioned, namely, that
this city is a pioneer in the movement
for the erection of special buildings for
manual training schools. The new
structure planned for Division street
will be the first of its kind in the state.

Of course there are numerous fine
manual training schools in different
cities, although Michigan is behind
other states in this branch of public in-
struction, but it happens that none are
housed in buildings provided at the pub-
lic expense to specially meet the needs
of these schools.

In this connection it is fitting to men-
tion the visit here last week of a Mr.
Smith, who has been in the employ of
the board of public instruction for the
past several months. He has devoted his
entire time to an inspection of man-
ual training schools in all sections of
the country with a view of preparing a
comprehensive report on his findings,
which will enable the state board to
formulate a general course of manual
training which it hopes to introduce
throughout Michigan.

The state legislature made a special
appropriation for this preliminary in-
spection of manual training schools and
it is being conducted carefully and con-
scientiously. The plan is to introduce
the training in all cities of any size.
Now it is confined to the larger com-
munities. It is the present aim to es-
tablish the work in smaller towns, of
about the size of the western
part of Marquette county.

Mr. Smith was greatly pleased with
his visit to the manual training depart-
ment of the Ishpeming schools, which he
characterized as one of the best he has
inspected. Many of its features pleased
him greatly, such as the dimming of
the gas work along lines calculated to
provide valuable apparatus and furni-
ture for use in the schools.

WILL SINK A NEW SHAFT.

THIS IMPORTANT WORK IS PRO-
JECTING AT THE EAST NEW
YORK MINE.

F. B. Baird of Buffalo, representing
the interests which are operating the
East New York mine, concluded a visit
of inspection to the property Saturday
evening and the led for his home.
Saturday he and A. M. Bigelow of New
York, owner of the fee, looked over the
northern part of the tract embraced in
the mine and designated a point in the
northeastern corner of the lands where
a new shaft will be sunk, work to be
started by Captain Pitkin immediately.

Mr. Baird expressed himself well sat-
isfied with the situation at the East
New York. The property has been
opened up as well as he anticipated it
would be at this date. From 200 to 250
tons of ore are being hoisted daily
and it is not very distant in time he ex-
pects the production will reach 1,000
tons daily. There are between 22,000
and 25,000 tons of ore in stock, and
shipments are to be commenced immedi-
ately.

No. 2 shaft is about 350 feet deep, but
it is not so deep as the first shaft, but
deeper with the purpose of opening the
ore deposit so that an increased pro-
duction may be achieved.

AN AMUSING CHASE.

A prominent business man and a lit-
tle Italian kid about two feet three
inches high figured in a laughable in-
cident last week. The kid appropriated a
juvenile bicycle in front of the mer-
chant's store and started up the street
with it, seeing a good start before the
owner of the wheel gave chase. It was
a matter of a few seconds to capture
the offender, who was compelled by
sundry reminders from a piece of stick
to trundle the bike back where he had
found it. The kid did not relish his
task and howled all the way back to
the store. When the business man re-
ached his store he took the youngster
inside and to better impress him with
the wrong he had done gave him an
old-fashioned paddling. Theurchin
came forth from the store after his ex-
perience exhibiting every sign of po-
ignant grief and disappeared up the
street howling at the top of his lungs.

ISHPEMING IN BRIEF.

John B. Thor of Chicago was here
Saturday.
Mike Enlaw of Marquette was here
Saturday.
A. J. Yungbluth went up the line Sat-
urday morning.
F. C. Chamberlain of Ironwood was an
Ishpeming visitor Saturday.
Mrs. Sam Beach of Champion visited
here Saturday and Sunday.
Miss Mamie Stegth of Escanaba vis-
ited here Saturday and Sunday.
D. H. Ball and George Tucker came
up from Marquette Saturday afternoon.
County Commissioner of Schools F.
D. Davis was here on business Sat-
urday.
The cross walk near the city fountain
at the corner of Main and Bank streets
was repaired Saturday. A couple of new
sections were laid.
Captains J. H. Rough, Alfred Collick
and James Stevens of the Cleveland-
Cliffs Iron company are absent from the
city on a trip of inspection of copper
country mines.
The reception tendered the seniors of
the Ishpeming high school by the junior
class at Anderson's hall Saturday night
was a very pretty function. It was

largely attended, many guests outside
those connected with the school being
present.

There will be special rates from here
for West's minstrels at Marquette
Thursday night.

C. T. Hampton came up from Mil-
waukee Saturday morning to spend Sunday
with his family. He spent Saturday out
on the Escanaba river with the party of
Johnston home boarders.

The rates for members of bands
which will attend the first Log Rolling
picnic here June 2 will be just half the
special rates offered the general public
by the South Shore road.

There was quite a crop of jags Friday
and Saturday which the mine pay days
were responsible for Saturday evening
the city was very lively, the stores re-
maining open until a late hour.

It is said that the curfew ordinance
which has stood a dead letter law in the
city charter is about to be enforced. It
will serve to keep young children off
the streets at unseasonable hours.

The inter-class field day sports of the
Ishpeming high school will occur at
Union park next Saturday afternoon.
There is much competition between the
several classes and the program will
prove very interesting.

Picture machines are once more in use
in Ishpeming saloons, but a number of
photographs to which Marshal Farm
particularly objected have been tabooed
while the machines will be strictly cen-
sored with a view of keeping them tol-
erably decent.

A good house attended "Finigan's
Ball" at the Ishpeming theatre Friday
evening. Murray and Mack were im-
mensely funny and other features of
the show, notably the turn of the Hale
sisters, were clever. The company as a
whole is stronger than that which first
presented the comedy here.

As the weight of cars and engines is
being rapidly increased, there has been
much dispute about the heaviest load
ever pulled over the Pennsylvania rail-
road and the Pennsylvania lines. At
present one of the big class H-4 engines
weighs in working order, exclusive of
tender, about 292,000 pounds, or with the
tender, about 429,000 pounds. Two 100-
000 pounds capacity steel cars with
their load of 100,000 pounds each would
occupy the same wheel base as the big
engine, but the weight would not be
quite so evenly distributed on the rails.
The two steel cars fully loaded would
weigh about 292,000 pounds, that is,
allowing 200,000 pounds for the freight
and 37,000 pounds for each car. The
only comparison with the tremendous
weight of the big engine and tender is
the huge Krupp cannon which was haul-
ed on a special car over the P. R. E. and
P. W. Wayne road on April 20, 1893. In
order to get the exact facts about the
load, the railroad editor of the Post,
called upon Mr. W. T. Hamilton, the P.
Wayne flagman, who gave out the fol-
lowing facts:

The Krupp gun train was composed of
engine No. 183, three empty flat cars,
one sixteen-wheel car loaded with ar-
mor plate, five empty flat cars, one
quadruple car loaded with the large
Krupp gun, three empty flat cars, two
flat cars joined, loaded with deck armor
plate, and caboose No. 75. There were
apparently fifteen cars in the train, but
really eighteen.

The monster car upon which the big
gun was loaded was the greatest ever
built, and was considered as much of a
marvel as the cannon. It consisted of
four eight-wheel trucks, joined in pairs
by massive iron bridges. From center
to center of the outside trucks rested the
large bridge upon which the gun was
carried, thus equalizing the enormous
weight upon thirty-two wheels. These
wheels were six inches in diam-
eter, joined by six-inch axles. The total
length of the train was eighty-seven feet.
It was built at the Altoona shops by the
Pennsylvania railroad in 1892 for the ex-
press purpose of transporting the big
gun. Some idea of the enormous weight
of this car and gun may be obtained
from the appended table of figures:

Weight of Krupp gun, 270,000 pounds;
weight of bridge, 42,000 pounds; two cars
combined by small wheels, weight of
each car 64,000 pounds, 128,000 pounds.
Total weight, 445,000 pounds.

This was really the greatest weight
on a wheel base of eighty-seven feet
ever hauled over any railroad. Car in-
spectors accompanied the train, but
their services were not needed, as it
rolled along as smoothly as a Pullman
coach. The train was manned by Wil-
liam Jackson, engineer; Charles Mc-
Laughlin, fireman; J. C. Hartzell, com-
mander; W. T. Klum, flagman and W.
T. Hamilton and J. B. Davidson, brake-
men. The train left Altoona at 9:55
a. m. on the 12th, and arrived at Cres-
cent line at 5 p. m. It was moved only in
daylight, and the speed was limited to
fifteen miles per hour. It had right of
way over all other trains on the road.

ZEIEN SAFE IN THE PEN.

Sheriff Carlson Gets Rid of a Bad Man, a Would Be Jail-breaker and Suicide.

SENTENCED TO SERVE THREE YEARS AND A HALF IN PRISON.

Jury Finds Avery L. Thompson Not Guilty of the Crime of Embezzlement—Defendant Shakes Hands With the Jurors and Thanks Them.

SATURDAY'S DOINGS IN COURT.

Albert Zeien, the incorrigible who claimed he thought death was preferable to serving a term in the penitentiary, did not commit suicide on Sheriff Carlson's hands, as he threatened to do while he was lying in jail awaiting sentence.

Zeien was sentenced by Judge Stone Saturday afternoon and five minutes after was enroute for the Branch prison under the escort of the sheriff and the marshal of Negaunee. The trip was made without incident and the prisoner, who was both handcuffed and shackled, was turned over to Warden Freeman in his normal state of health.

TRIED BUT FAILED.

It was expected that all who pleaded or were found guilty at this term of court would get their sentences Saturday, but Zeien was the only one on whom the judge pronounced. When brought up into the court room and asked if he had anything to say he addressed a few remarks to the judge in which he said since his last incarceration he had endeavored to lead a good, honest life, had abstained from drinking, kept much to himself and tried to make a good record.

"You didn't make a very good record in jail," responded the judge, alluding to his efforts to make his escape from that institution.

"No," the prisoner admitted, "but I was all right when I was outside." His honor then announced that the limit for highway robbery, the crime on which Zeien had been convicted, was five years, but that after consideration of the case he thought that three years and six months in the Branch prison and house of correction would be a fitting punishment. The penalty pronounced the culprit was led away by the sheriff.

THOMPSON CASE FINISHED.

The only case which engaged the attention of the court Saturday was that of the People versus Avery L. Thompson, former manager of Phelps, Brace & Co.'s branch wholesale house here, who had been on trial for the two preceding days for embezzlement.

Allan H. Fraser, prosecuting attorney of Wayne county, who had been brought into the case at the instance of Phelps, Brace & Co., the complaining witnesses, made his speech at the opening of court. He was the last of the attorneys to address the jury. Judge Stone then took the case in hand and proceeded with the charge to the jurors, speaking about

forty minutes. In the charge the jurors were instructed that in order to convict they must find not only the money had been held out, but that it was held out with intent to defraud. The case went to the jury at 10:50. At noon no decision had been reached and the jurors were taken to the Hotel Marquette for dinner. Returning from the hotel they spent until twenty minutes after 2 arriving at a verdict, at which time they announced they were ready to be heard.

THEATRICAL INCIDENT.

The verdict was not guilty. Upon the announcement the defendant, who had been sitting just inside the rail got up and said feelingly, "Gentlemen, I thank you for the service you have done me." He then asked permission from the court to shake hands with the jurors. Such permission being granted he shook hands with the twelve all around.

Today the court will begin work on the civil docket and will take up the case of Frank Dollar against the city of Marquette, a damage suit calling for \$10,000 damages for injuries alleged to have been received on account of a defective sidewalk.

COPPERS MORE SNAPPY.

Saturday Was a Good Day for the Red Metal Stocks.

Saturday is usually a bad day in the market, but last Saturday was an exception and compared with what has been it was a very good day. The tendency of the movement was upward and gains of from one to five points were scored, to say nothing of fractional movements in the right direction. Boston & Montana continued on its upward course and closed at 29 1/2, a gain of 1 1/2 over Friday night; Butte & Boston sold up as high as 69 but closed at 66, two points under Friday; Calumet & Hecla advanced five to 79; Mohawk went up one to 15; Quincy made a similar gain and closed at 13.

Paine, Webber & Co. are looking for better things again. In their Saturday's letter they said:

"New York opened a little irregular this morning, while coppers opened with a good deal of snap, prices showing advances all along the line. London was very quiet today, everything there being given over to celebrating relief of Mafeking, which has so nobly stood the siege since last October, but it looks now as if the Boer war would be of short duration, which is itself should have a good effect on the market. During the last hour the market was quiet but prices held well. We ought to see a better market next week."

Grain markets were slightly off Saturday, wheat dropping an eighth to 87 and corn going down a quarter to 38. A. R. Jones & Co. said in their Saturday's communication to Fred Jones:

"The Liverpool market being closed today left ours to move according to domestic and local influences, and these proved of the right kind to make of it a better market during the first half of the session than the trade expected. The buying in of a million or more short wheat by a local professional, and the fact of smaller shorts doing likewise put prices to 67 1/2 at the best,

but there the demand seemed satisfied and a general recession began, finishing the day with prices at bottom and a shade under yesterday's close. Northwest news was the most disquieting feature of the day, reports showing the weather still cold and dry. Some local traders profess to be much alarmed over the prospect, but the summing up of all the news from that quarter indicates that to date it is a case of apprehension rather than of real damage. Another week of the dry weather would doubtless do work. Today's trade, like that of the past week, was very largely local, outsiders awaiting, perhaps for the promised bulge to materialize before coming in. Before coming in, the market closed weak, and the covering of the big shorts leaves it with even less support than it had yesterday."

NEW PARISH HOUSE.

St. Paul's Cathedral Congregation Will Soon Begin Its Erection.

The congregation of St. Paul's cathedral has determined that it will this summer begin the erection of a new parish house to take the place of the one which was burned a couple years ago. The new building will be at the corner of Arch and High streets, occupying the site of the old one.

At the last meeting of the church the following vestrymen were selected: D. H. Ball, J. W. Stone, E. H. Towser, F. L. Needham, J. D. Boxer, A. O. Jopling, P. W. Phelps, Prof. Moll and F. J. Schultheis. The vestry organized by making D. H. Ball, senior warden, J. D. Boxer junior, A. O. Jopling treasurer, and F. J. Schultheis secretary.

HUNDREDS TURNED OUT.

Funeral of Zepher Messier One of the Largest Ever Held Here.

The funeral of Zepher Messier, who was killed in the South Shore yards here Thursday, was held yesterday afternoon from the French Catholic church, followed by interment in the Holy Cross cemetery. It was one of the largest funerals ever held in Marquette, the procession extending over six blocks. There were 250 men in line and upward of sixty carriages. The funeral was under the joint auspices of the Brotherhood of Railway Trainmen and the St. Jean Baptiste society. Both organizations turned out a large percentage of their membership as marchers.
