BRITISH REVERSE.

500 of Buller's Horsemen Ambushed and but Few Escape.

TRANSVAAL LINE CROSSED.

Roberts' Cavalry Reaches Vereeniging on the Vaal, and the Infantry Is Started from Kroonstad.

CANADIANS AT MAFEKING.

London, Tuesday, May 22.—There was sharp Paris selling on the stock exchange today on a rumor of the defeat of General Buller by the Boers at Laing's Nek. While nothing is known in London tending to confirm this report, Paris evidently believes it.

THIS MAY EXPLAIN IT.

London, Tuesday, May 22.—It is officially announced that Colonel Bethuen has reported that while marching in the direction of Newcastle, Natal, yesterday, one of his squadrons of mounted infantry, consisting of five hundred men, was ambushed by a party of Boers six miles west of Vryheid, in the Transvaal, and that very few of his force escaped. His casualties were sixty-six.

MORE DETAILS OF RELIEF.

London, Tuesday, May 22.—Lord Roberts reports to the war office as follows, under date of Kroonstad, the 21st: "Mahon reports that his flying column entered Mafeking at four in the morning of the eighteenth. It was very stubbornly opposed by fifteen hundred men on the seventeenth nine miles from Mafeking but the Boers were driven from their positions after five hours of fighting. The detachment of the Canadian artillery, by a series of forced marches, reached him the morning of the fighting and rendered very valuable assistance. Mahon's casualties were about thirty. The Boer losses were heavy."

ROBERTS AGAIN MOVING.

Cape Town, Monday, May 21.—British troops have arrived at Vereeniging. The British infantry left Kroonstad Monday and headquarters were expected to leave yesterday. The advance of Lord Roberts probably will be swift. It is the expectation of well-informed observers here that the Vaal river, eighty-five miles below Kroonstad, will be crossed by the end of the week.

FRESH TROOPS FACING BULLER.

Sir Redvers Buller, in a general order to the troops congratulating them on the result of their ten days operations, says they are only checked at Laing's Nek by a fresh commando sent from the Transvaal.

General Cleary engaged the rear guard of the Boers at Laing's Nek Sunday and captured a number of wagons and took some thirty prisoners. His artillery shelled the Nek. The Boers in their retreat laid waste to territory, blew up bridges and burned several houses. The machinery of the Navigation committee was ruined.

MAFEEKING MOVE WELL TIMED.

Nothing new concerning the relief of Mafeking has come through. All accounts of the engagement of May 16 extol the bravery of the Canadians. Colonel Mahon's column arrived at the rendezvous one hour after Colonel Plumer did from the north, showing with what accuracy the movements were timed.

STAND AT JOHANNESBURG.

CONSULS NOTIFIED CITY WILL BE DEFENDED—MORE PEACE RUMORS, ALSO CONTRADICTIONS—EXODUS FROM PRETORIA.

London, Wednesday, May 23.—4:30 a. m.—The Transvaal government has informed a correspondent at Pretoria that it has not considered and does not intend to consider unconditional surrender, but will fight to the finish.

The foreign consuls have been informed that Johannesburg will be defended, and the government announces that it will not hold itself responsible for injury to person or property resulting from the defense measures.

Mrs. Reitz, wife of the Transvaal state secretary, and her family, with the families of other officials, have gone to Lourenzo Marques, Johannesburg and Pretoria are being cleared of non-combatants. The Boer chiefs, who now recognize the possibility that they will have to defend these cities, are preparing with the utmost haste, and the Boer spirit has been rising from its low ebb and is now ready for steadfast resistance.

Nevertheless, according to The Daily Chronicle long messages in Dutch have

been received by the British government, by way of Amsterdam, in which President Kruger seeks peace. According to one account he surrenders unconditionally, and according to another he asks for terms. There seems to be good reason for believing that he is earnestly endeavoring to secure terms, but cable inquiries fail to confirm the assertion that correspondence has recently passed between Great Britain and the Transvaal respecting terms.

The Lourenzo Marques correspondent of The Times telegraphs, saying: "The German liner Bundesrath has been detained here all day for a special train from Pretoria bringing the families of prominent Boers. The utmost secrecy regarding their identity is maintained, but it is believed that among them are Mrs. Steyn and Mrs. Reitz."

BOER COMMISSIONERS PAY VISIT TO THE WHITE HOUSE.

Washington, May 22.—Messrs. Fischer, Wessels and Wolmarans, the three Boer envoys, visited the White House at ten this morning to pay their respects to President McKinley. They were received in the blue parlor, no one being present but themselves, the president and Secretary Cortelyou. When the subject of intervention was brought up the president informed his visitors that when England declined the offer of intervention made by the United States some time ago there was nothing further the United States could do in the premises. The envoys intimated they were glad to feel that they had friends in this country and then bade the president goodbye.

DINE WITH PREMIER TODAY.

According to Mr. DeBruyn, secretary to the Boer envoys, the latter's program for the future has not been definitely agreed upon. They will remain in the city for several days at least. The delegates have accepted an invitation at luncheon with Secretary Hay at the latter's residence tomorrow.

BOTHA PROTECTS THE MINES.

The Durban correspondent of The Times, telegraphing Tuesday, says: "Rev. Adrian Hofmeyr tells me he is informed by high Boer officials that when President Kruger's arrangements to blow up the mines and destroy Johannesburg, General Louis Botha hurriedly examined the accounts and found irregularities that made it necessary for him to visit Neely's office to examine his accounts. After Neely learned that his accounts were to be examined he left Johannesburg on the steamship Mexico. Colonel Burton further alleges that he learned from E. C. Rathbone, director of posts in Cuba, that Neely had gone to New York. A cable dispatch was sent asking Neely to return, but he paid no attention to it."

NEELY'S STEALINGS \$45,373.

New York, May 22.—Charles F. W. Neely, former chief financial agent of the postoffice department of Havana, was rearrested today by the United States marshal on a warrant in a civil suit by the United States charging him with the wrongful conversion of about \$45,300. The prisoner was arraigned before Judge Lacombe, where counsel made application for the reduction of the \$50,000 bail, but it was denied. Neely was then taken to the Ludlow street jail.

HAVANA POSTAL DEFAULTER IS REARRESTED IN NEW YORK ON COMPLAINT OF THE GOVERNMENT AND LODGED IN JAIL.

Colonel Burton, according to the affidavit, examined the accounts and found irregularities that made it necessary for him to visit Neely's office to examine his accounts. After Neely learned that his accounts were to be examined he left Johannesburg on the steamship Mexico. Colonel Burton further alleges that he learned from E. C. Rathbone, director of posts in Cuba, that Neely had gone to New York. A cable dispatch was sent asking Neely to return, but he paid no attention to it.

MINE DISASTER.

FIFTY MEN REPORTED KILLED AT CUMNOCK, NORTH CAROLINA.

Raleigh, Wednesday, May 23.—News has just reached here of a terrible disaster at the Cumnock mines, this state. Fifty men are reported killed.

TIN PLATE WORKS SHUT DOWN.

WALKOUT AT JOLIET LEADS TO A GENERAL SUSPENSION.

Joliet, Ills., May 22.—The discharge of the president of the Amalgamated Association of Tin Workers precipitated a strike today at the Great Western tin plate works here, 150 men walking out in three departments. After a conference the superintendent closed the entire works, throwing out 300 men.

LEHIGH VALLEY GOBBLED.

PENNSYLVANIA ROAD GETS CONTROL OF ANOTHER LINE.

Philadelphia, May 22.—The Evening Telegraph says that announcement has been made that the Pennsylvania railroad has secured control of the Lehigh Valley by the purchase of 66,000 shares through outside parties. The price paid is given as \$22.50 per share. The New York Central is said to be behind the movement.

QUIET DAY AT ST. LOUIS.

ONLY A FEW SMALL FIGHTS MARK THE TROLLEY STRIKE.

St. Louis, May 22.—This was the most quiet day of the strike, there being no disturbance worth mentioning. There were one or two small fights between union and non-union men, but nobody was hurt and there was nothing throughout the day that approached the dignity of a riot. Twenty-four lines were in operation today, and on nine a full complement of cars was running. Both sides to the strike claim to be winning and say the other must yield in a short time.

FIRE SWEEPS CANADIAN TOWN.

INCENDIARIES CAUSE LOSS OF \$150,000 AT POINT CLAIRE.

Montreal, May 22.—The village of Point Claire, sixteen miles from here, was almost wiped out of existence by an incendiary fire today which destroyed twenty houses and several other buildings, rendering homeless two hundred persons and causing a loss of \$150,000.

OTHER BAD BLAZES.

Danville, Va., May 22.—Acree's tobacco warehouse, Banner's warehouse and Bron's warehouse were destroyed

by fire tonight, together with eight hundred thousand pounds of tobacco valued at \$15,000. The buildings were valued at \$5,000.

M'KINLEY RECEIVES THEM.

Washington, May 22.—Messrs. Fischer, Wessels and Wolmarans, the three Boer envoys, visited the White House at ten this morning to pay their respects to President McKinley. They were received in the blue parlor, no one being present but themselves, the president and Secretary Cortelyou. When the subject of intervention was brought up the president informed his visitors that when England declined the offer of intervention made by the United States some time ago there was nothing further the United States could do in the premises. YIELD TO WHEATON.

Mr. Arthur Reports Surrender of Two Companies of Filipinos.

170 MEN AND EQUIPMENT.

Significant in That It Is the First Case of the Kind Involving Complete Organization.

MAY BE SIGN OF COLLAPSE

Washington, May 22.—The following cablegram was received today from General MacArthur, at Manila: "Wheaton reports that two companies of insurgents, comprising the commandant captain, two first and four second lieutenants and 162 men, with 168 guns in good condition and a small quantity of ammunition, surrendered at Tarlac at 2 a. m. the 22d. This is the first instance in the island of the surrender of an organization complete and is regarded as significant and important."

MORE OF THEM KILLED.

Manila, May 22.—Captain Pinnio, nephew of General Pinnio, and twenty-three other rebels were killed on May 18 by scouts in an engagement near Malibcong, province of Ilocos. There was no loss to the Americans.

The rebel Col. Alenda, who was paroled on April 23, arrived here last evening and has been making incendiary speeches.

FRENCH MINISTRY TO STICK.

VOTE IN THE CHAMBER OF DEPUTIES SHOWS GOOD MAJORITY FOR THE GOVERNMENT.

Paris, May 22.—The Nationalists, after the municipal elections, triumphantly declared that the government had been mortally hit and announced numerous interpellations in the chamber which they predicted would lead to the government's downfall. On reflection, however, possibly after a computation of the respective forces, they backed down and withdrew the interpellations.

ARMY PARTY'S HAND FORCED.

The government, however, with a view of forcing the hand of the Nationalists, had M. Gouzey, one of the government's supporters, raise an interpellation in the chamber of deputies today, thus giving the premier an opportunity to state the government's policy clearly. And M. Waldeck-Rousseau, by emphatically declaring that the government was opposed to re-opening the Dreyfus agitation after the exposition, has taken a strong weapon from the hands of the Nationalists.

In the course of his speech the premier admitted that the government was influenced by the voice of Paris, which was undoubtedly hostile to the controversy. "A government worthy of its name," said the premier, "must take into account the wishes of public opinion, and these definitely commit the government to the suppression of all efforts to draw France into a vortex."

STANDING OF THE HOUSE.

The divisions on M. Gouzey's motion brought out the position of the parties in the chamber. The first portion of the resolution, which divided the chamber into republicans and anti-republicans, showed 439 of the former and fifty-six of the latter, and the second portion, which indicated the position of the Waldeck-Rousseau ministry itself, showed a muster of 274 Ministerialists, while the combined opposition—Nationalists, disaffected Republicans and Reactionaries—totalled 225.

After the voting the Ministerialists confidently declared that the government would now be safe until after the exposition. Today's division has cleared the air, and no subsequent votes of secondary matters will cause the cabinet to resign. M. Waldeck-Rousseau can venture parliament within three weeks as it can be legally closed on June 3, and the government would then remain in power until autumn.

BUCKET-SHOPPERS GO CLEAR.

JUDGE KOHLSAAT TAKES CHICAGO CASE FROM THE JURY.

Chicago, May 22.—The McLain case, in which five board of trade brokers—Charles R. and Albert O. McLain, Calvin A. Whyland, Henry O. Parker and James Nichol—were charged with using the mails to carry on a bucket-shopping scheme to defraud their customers, was taken from the jury by Judge Kohlsaat in the United States district court today and a verdict of not guilty entered for the defendants. It was not made sufficiently clear in the evidence that it was the intention of the defendants to convert to their own use the money sent them by customers for investment. The court declared, however, that there was evidence that a bucket-shopping business was carried on by the defendants.

BODY FOUND IN THE RIVER.

New York, May 22.—The body of James W. Moyle of San Francisco, who disappeared from the Hoffman House on April 8, was found floating in North river today. No motive for the suicide is known.

Pinkham Facts

MARQUETTE, MICH., MAY 23.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

The district which Corbett thinks it possible he may be called to represent in congress is that now represented by Hon. George B. McClellan.

When the American colonists sent Ben. Franklin abroad to interest foreign nations in their cause he must have made about the same impression on the hangers on about the courts he visited as the Boer peace envoys made on the polished gentlemen who are at the head of our government at Washington.

Some smart papers, since Judge Lochren's recent obiter dictum in the Porto Rican case, have accused him of aspiring to the presidency.

Well, that is news. What a lot of men there are in this country who were "born in Ireland" but pass as native-born citizens until they happen to be mentioned in connection with the presidency!

The candidates who are not able to maintain paid campaign managements appear to have quite dropped out of the race for the gubernatorial nomination.

The candidates who are not able to maintain paid campaign managements appear to have quite dropped out of the race for the gubernatorial nomination.

Senator Chauncey Depew is quoted as saying, when asked if he could account for the recent slump in stock values on Wall street: "The fact seems to be that Wall street has elected Bryan to the presidency and is now busy over the appointment of his cabinet."

The Engineering and Mining Journal notes that the English market for pig iron has shown considerable fluctuations recently, and at one time a serious break in prices seemed probable.

Even his withdrawal from the cabinet has not availed to bring General Alger relief from the attacks of mud-slingers.

The Financial News of New York commends the action of the secretary of the treasury in calling in the \$25,000,000 outstanding old two per cent U. S. bonds.

Undoubtedly he has been led to this decision by the continued large receipts of the government over current expenditures and with a view to the prevention of undue hoarding by the treasury.

Kentucky's disputed governorship case has probably been definitely disposed of by the ruling of the supreme court of the United States in it just rendered.

The inference from the secretary's opinion is conclusive that in his opinion there is no probability of any legislation on the part of the present congress looking to a reduction of taxation.

The announcement some ninety days in advance is a wise one, as it gives the business community the assurance of steady money and is as well a guarantee against the unsettling tendency of the ever recurring fall congestion.

There is in New York an organization known as the Christian Citizenship League, one of whose objects, apparently, is to find out about things.

country. It was therefore a costly undertaking. The United States government has since been reimbursed for the expense of the road from the revenues of the island, and the general says there are capitalists ready to pay for it all at cost.

It is freely stated in court circles that the queen is greatly annoyed at Premier Salisbury's gratuitous anti-Irish speech, as it destroyed at a blow the entire effect of her visit to Dublin.

Copper Country Department

BETTES CAMPAIGN UP AGAINST IT. CONVICTION OF SALOONISTS MUST BE CERTAIN BEFORE WARRANTS ARE ISSUED.

Justice Fisher of Calumet has put his foot down on the Bettis movement and announces that no more warrants for the arrest of saloon keepers charged with violating the Sunday law will be issued from his office until the informant has conferred with the prosecuting attorney and has satisfied that official that there is evidence available which is reasonably sure to result in conviction. The county is put to considerable cost by these liquor cases, and if no conviction can be secured the expense might as well be prevented.

SABBATH DESECRATION (?)

A popular concert of sacred music given by the Calumet band at the Calumet theater Sunday afternoon was well attended and much enjoyed. Compliments have been made in certain quarters because of this alleged desecration of the Sabbath, but the great majority of church members in the Protestant churches seem to feel that no great harm can be done anyone by listening to a program of sacred music on a Sunday afternoon. The principal objection to such concerts, except on the part of those who approach perilously near to bigotry, is that such concerts may prove the opening wedge to entertainments of a purely secular nature on the first day of the week. That this result will follow is nearly certain, for it has almost invariably come about in other towns. Calumet observes Sunday more strictly than any other big mining town of the country and more strictly than the great majority of American towns of upwards of forty thousand souls, which is the more remarkable considering the very great preponderance in numbers of people born in Europe and accustomed to the continental Sunday, which is a day for church in the morning and merry-making and sports in the afternoon and evening.

MASKED CARNIVAL.

IT WILL BE THE FEATURE OF THE LAST DAY OF THE HOUGHTON STREET FAIR.

The afternoon of the last day of the Houghton street fair will be devoted to carnival purposes, with merry games and contests by the bushel on every hand. General masking will render the occasion unique among the celebrations ever held in this part of the state.

Permanent quarters for the street fair committee have been secured in the vacant store recently vacated by the book auction. Percy A. Fenimore, general secretary of the fair, will be found there during business hours, and usually on evenings as well. An immense amount of detail is required in arranging for the fair, which will engage the services of more than 200 people and require the expenditure of a small fortune to open.

A meeting of the executive committee of the fair was held at the office on Sheldon street, Monday evening, at which details were canvassed at some length. The action of the committee was given the program to be issued by Messrs. Fenimore and Williams, which will be the official and only program of the fair. Arrangements were also made looking to the closing of contracts with several attractions desired for the fair. A meeting of the executive committee was held on Friday evening, at which a full attendance is wished, as the appropriations will then be voted. With about \$2,000 in sight it is apparent that at least \$4,000 will be required to carry out the plans of the very large scale desired, hence it is important that a full attendance be secured at the meeting next Monday evening.

MORE DWELLINGS FOR HOUGHTON.

F. C. MAYWORM LETS CONTRACT FOR THE ERECTION OF THREE.

Voght & Michaels have been awarded the contract for building three modern dwellings, with plumbing, etc., for F. C. Mayworm on the vacant property immediately opposite the court house, on Albion street, Houghton. Two of the finest buildings in the copper district, the court house and new high school, are already located on Albion street, and the construction of the new St. Ignace church, an exceptionally ornate and costly bit of ecclesiastical construction, will render that street one of the finest in the city and probably lead to the utilization of every piece of ground suitable for buildings which is now vacant or but poorly improved.

Prendergast & Clarkson have begun work on the foundations for the new Catholic church at the corner of Fifth and Scott streets, Calumet. This firm has done a considerable amount of work in the copper district during the past two seasons and has turned out some of the best-built jobs in the county. It is a satisfaction to all citizens who live in the district to see work going up of the kind done by this firm; there are already too many jerry-built structures in copperdom.

MINING GOSSIP.

Captain Josiah Hall, county mine inspector, who recently paid a visit to the Franklin Junior mine, expressed himself as much pleased with the showing of copper made underground, which exceeded his anticipations.

The Nordberg company of Milwaukee has begun work on a new auxiliary hoisting plant for No. 3 Tamarack. The present auxiliary is scarcely powerful enough for the work it is frequently called on to perform, hence its replacement.

Captains James Rough and Alfred Collick of the Cleveland-Cliffs company, Ishpeming, concluded their visit of inspection to the copper mines Monday afternoon and at last accounts the Wyandot mine was still in place and intact though a close observer reported that there was a considerable loosening

WANTS A. O. H. MEETING.

Houghton county delegates to the meeting of the state lodge of the A. O. H., now being held in Jackson, will make an effort to secure the meeting for Hancock next year. It is expected that valuable aid will be given by the iron country delegates in the attempt to bring the meeting of the state grand lodge to the upper peninsula for the first time.

HOUGHTON COUNTY HEALTHY.

APRIL DEATH RATE NOT MUCH OVER TWELVE PER THOUSAND

The deaths in Houghton county during April were seventy-four, or at the rate of 15.8 per thousand according to the estimate made by the state board of health. As a matter of fact, Houghton county has approximately 70,000 people, which would bring the death rate down to 12.7 per thousand. The figures, even as given by the state board, show this to be one of the healthiest counties in the state.

WIRES NEARING HOUGHTON.

LONG DISTANCE PHONE SERVICE WILL SOON BE INAUGURATED.

The linemen of the Michigan Telephone company have begun stringing the long distance wires between Chassell and Houghton and will soon reach Portage lake. Some trouble was experienced recently in resetting poles which were bedded in poor ground during the winter, owing to the workmen being compelled to do this work blindly by reason of the depth of snowfall, but trouble from this source has all been set right and Houghton will be in communication with the outside world in a very short time.

NEW MODERN RIFLES COME.

HOUGHTON SOLDIER BOYS AGAIN IN TRIM FOR FIGHTING.

Fifty new Remington-Lee rifles have arrived at Houghton, consigned to Captain Charles F. Hendrickson, for the local militia company. One of the good results of the Spanish war is apparent in the awakening of the state authorities to the fact that the antiquated Springfield rifles in use previously are utterly unfit for modern military requirements.

It is feared that the handsome new armory for the Calumet Light Guard will not be built until next season. The plans show that it will be well worth waiting for, however.

CRUSHED BY A CAR.

THOS. GEORGE RECEIVES INJURIES THAT RESULT FATALLY

Thomas George, who had a contract to remove the old rock cars of the Franklin to the cement plant, was fatally injured Saturday afternoon by a heavy car falling on him through the breaking of the chain by which the car was slung from a crane. The car crushed the right thigh and ruptured the femoral artery. Despite the best surgical attendance, loss of blood before the ruptured artery could be secured caused the unfortunate man's death. George was thirty-three years of age, a steady man, well liked by his associates and the principal support of his aged parents, who reside at Calumet.

CELEBRATIONS WILL BE FEW.

COUNTER ATTRACTIONS PUT QUIETUS TO JULY 4 FETES.

It has practically been decided not to attempt holding any Independence Day celebration at Red Jacket or Laurium this year, the business men of Calumet feeling that it will be better to devote all of the effort and money required to a proper Fourth of July celebration to ward the firemen's tournament a month later. It is probable that Hancock will not attempt celebrating, owing to the great street fair at Houghton in connection with which a big program is now being arranged for Independence Day. The Atlantic celebration will probably be as usual. The Atlantic celebration is unique in the county. For the sum of \$200, which is a large amount of money to raise in a mining location, the citizens of Atlantic are given a program which would cost three to five times that price in any other town of the county, and the celebrations do not draw liberal attendance from surrounding and much larger towns.

BUILDING OF SIDEWALKS.

A POINT SEEMINGLY OVERLOOKED BY HANCOCK DADDS.

The village fathers of Hancock have notified the residents of the Oseola addition to build sidewalks before their respective properties at an early date. The sidewalks will greatly improve that flourishing suburb, but it would have been still better had the authorities ordered the work done by the street commissioner, with the aid of the city engineer, charging the cost of the work pro rata to the frontage benefited. The principal trouble with sidewalks built by the owners is that no two walks correspond exactly as to grade, dimensions and style. The construction of sidewalks is properly a municipal function, as much as the grading, macadamizing and paving of streets. If the various residents of a given thoroughfare were ordered to build a street, in sections, each man building the part in front of his lot to the middle of the street line, the result would be a patchwork street, just as individually built sidewalks are a patchwork not especially creditable in appearance.

COPPERDOM BREVITIES.

The temporary representative of The Mining Journal in the copper district can be reached by phone 125, Houghton.

Will Tietz of Marquette is spending a few days in the copper district.

John M. Stone of Hurontown has returned from a purchasing trip to the Chicago stock yards.

The Dollar Bay public schools will hold Memorial Day commemorative exercises on Tuesday next.

The graduating class of the Hancock high school is composed of eight young ladies and four young men.

George Unsworth and daughter of Calumet left Monday afternoon for a three months' visit to England.

The Ladies' Aid society of the Laurium M. E. church will give a social at Lesselyong's Hall this evening.

J. M. Hayden, manager of the I. E. Swift Hardware company of Ishpeming, is in Houghton on business.

Dr. J. G. Turner, of the Arcadian mine, has now opened his office at Houghton over Kroll's drug store.

The Marcebees of Calumet gave a well-attended and enjoyable dancing party, with lunch, at the Light Guard Armory last night.

M. Wallace, the Houghton Everyman, has just received a trotter which is credited, by local report at least, with a mark of 2:10.

The Ladies' Aid society of the Lake Linden Congregational church will hold a bazaar this afternoon and evening in the basement of the church.

Purses aggregating \$50 have been raised for the four races to be pulled off at the Hancock driving park on the afternoon of Decoration Day.

Mr. and Mrs. E. J. Hocking of Hancock will sail next month for England and will spend a short time at the Paris exposition before returning.

A. B. Graham of Houghton has arranged to go into the wholesale manufacture of ice cream, the demand for his excellent product having rendered such a step advisable.

Frederick M. Peniston and Miss Mabel Rose Trathen will be married at 4 o'clock Thursday, May 31, at the residence of the bride's parents, Mr. and Mrs. James Trathen, Lake Linden.

Paul Heller, dry-keeper at the Atlantic mine, is still missing and his sons are much alarmed. He disappeared on Monday of last week, and so far no trace whatever of his whereabouts has been found.

Pilgrim lodge, I. O. O. F., of Houghton is making rapid gains in membership, and though the baby lodge of the county already ranks well at the front in membership, financial standing and enthusiasm.

The Calumet theater has been engaged for the evening of Wednesday, June 29, for the commencement exercises of the graduating class of Sacred Heart convent school. The class consists of five young ladies.

The St. Paul people have placed new day coaches on the copper country road which are certainly very near perfection in detail and appointments. They bring out many admiring remarks from the traveling public and all who see them.

It is understood that an outlander named O'Hara, from some other part of the state, is to open a new grocery in Houghton. As one of the established houses in that line is for sale the newcomer might buy in rather than open a new stock.

Owing to the refusal of Justice Brand to go to Sidlaw unless some means of transportation were given him, the trial over the remains of the man killed by the South Shore passenger train last Saturday was held by a local justice of the peace on Monday.

Postmaster Lang hopes to be settled in the new Houghton postoffice building by July 1. The fixtures ordered for the place are both handsome and costly, it being the intention to have the postoffice equipped in a manner in keeping with the magnitude of the business handled.

The steamer Thomas Friant, which has been rebuilt and greatly bettered during the winter, has begun running on the summer schedule between Portage lake, Dollar Bay and Grosse Pointe. The steamer is available for excursion purposes on Sundays and evenings.

An important meeting of the Portage Lake council of the Michigan Mercantile association is scheduled for tonight. The officers, elected at the last meeting, are Henry L. Baer, president; Graham Pope, vice president; Ferd. Wieber, treasurer, and E. W. Bonnell, secretary.

Joseph Brunson, in writing home from the Philippines, mentions Peter Doring, who has been reported dead by cable dispatches to the Chicago papers. As the letter from Brunson was of later date than the cablegrams the Calumet friends of the soldier boy have hope that he is still living.

It has been proposed to appoint the Rev. Sam Bettis a special committee on law and order to serve during the Houghton street fair. It is presumed that he would vigorously go for the gamblers who decoy passers-by into throwing rings for canes and such other forms of demoralizing sport.

Representatives of the leading asphalt firms are expected to arrive this week at Hancock to submit bids on the job of paving Quincy street. Mayor Scott has a sample paving brick, made from asphalt and Tamarack stamp sand at Toledo, Ohio. The brick looks well and apparently should wear well.

Kaiser Wilhelm lodge, No. 5, of Der Hermann Soehne will hold its annual picnic at Hans' park, East Houghton, on Sunday, June 17. There will be dancing, music by the band, the usual liquid refreshments rendered imperative by Teutonic customs of long standing and a hearty welcome to all good people who attend.

Village officials of Houghton are still puzzling their heads over the big spring in the tract of land acquired for water purposes a year ago. One spring is connected with those formerly drawn upon, but the larger spring is still running to waste owing to the difficulty of

The Board of Trade

Upper Peninsula News.

The Chicago & Northwestern road will inaugurate the block signal service on its peninsula division in a few days. This system is being adopted all over the country by the railroads as a positive safeguard.

Grand Marais Herald: A local mathematician has been gathering statistics of the amount of tobacco and cigars sold in the town. He has ascertained that the town pays more for tobacco than it pays its preachers. This means that men get more comfort out of tobacco than out of religion. For there is nothing a man pays for more gladly than for comfort.

In another week the Hiawatha mine will probably be added to the list of shipping mines from the Crystal Falls district. During the present week the company has had a crew of men employed laying rails to the mine, and during this week this track will be completed and ready to run cars over. Everything at the mine is being got in readiness to do considerable shipping during the season. At present it is estimated that there is about 25,000 tons of ore in sight. The ore in the drifts instead of converging is widening out, especially to the east.

Forest fires were raging all around Iron River the latter part of last week and considerable damage was done to standing timber and skidways. At Saunders it was feared at one time that the entire town and the Hattberg veneer factory were doomed, but by herculean work by the citizens and employees of the factory the fire was prevented from getting into the town. The Menominee Exploration company and the Northwestern Cooperate company were the heaviest losers. The former lost about 500 cords of wood and the engine and boiler house, entailing a loss of \$1,500. The latter's loss will be about \$2,000.

IT SAVED HIS LEG. P. A. Danforth of LaGrange, Ga., suffered intensely for six months with a frightful running sore on his leg, but writes that Bucklen's Arnica Salve wholly cured it in ten days. For Ulcers, Wounds, Burns, Boils, Pain or Piles it's the best salve in the world. Cure guaranteed. Only 25 cents. Sold by The Stafford Drug Co.

UNABLE TO WORK. Chas. Replogle of Atwater, O., was unable to work on account of kidney trouble. After using Foley's Kidney Cure four days he was entirely well. The Stafford Drug Co.

Pleasure of your life.—Smoking Winckle & Doerr's Chancellor Cigar.

Every graduate employed. For catalogue giving information about this institution, and the occupation of graduates, apply to MRS. F. H. SCOTT, Sec'y, Houghton, Mich.

HUMORS, boils, pimples and all eruptions are due to impure blood, and by purifying the blood with Hood's Sarsaparilla they are CURED.

SPoonER UPHOLDS THE POLICY OF M'KINLEY.

Wisconsin's Senior Senator Makes Great Speech on the Insurrection in the Philippines.

WORDY TILT WITH PETTIGREW OF SOUTH DAKOTA A FEATURE.

CREDENTIALS OF CLARK OF MONTANA ARE PRESENTED BY CARTER.

No Action is Taken, However, an Agreement Being Reached to Consider the Matter on the 30th in Connection With the Status of Maglino.

PRESIDENT DOING HIS PLAIN DUTY.

Washington, May 22.—An agreement was reached today between the friends of Senator Clark of Montana and the senate committee on privileges and elections to postpone action upon the senator's credentials until the 30th inst.

Washington, May 22.—In the senate today Senator Spooner of Wisconsin made a notable speech upon the suppression of the insurrection in the Philippines the government of the islands shall devolve upon the president until such time as congress might direct otherwise.

Senator Spooner was almost too ill to stand, but defied with his characteristic vigor and eloquence the policy of the administration in the Philippines, maintaining that no other policy in the circumstances was possible and that none other could have been adopted without dishonor to the country.

BOER SPEECH SCHEDULED.

Late in the afternoon Senator Carter of Montana presented the credentials of Senator Clark.

Senator Wellington of Maryland presented a resolution, adopted by the meeting of Sunday evening last, to welcome the envoys from the South African republics, and gave notice he would speak on the subject Monday.

Senator Allen offered a resolution requesting the president to transmit to the senate translations of the constitutions of the South African Republic and the Orange Free State; it was adopted.

A resolution calling upon the secretary of war for certain information regarding the situation of our affairs in the Philippines was passed, as was also a resolution, offered by Senator Jones of Arkansas, directing the secretary of war to make a thorough investigation of the operations of the North American Trust company of Havana, its organization and its relations to this government.

ISLANDS FORCED UPON US.

"No people," Senator Spooner continued, "can give more convincing evidence of the highest devotion to liberty than was given by the American people when they demanded the withdrawal of Spain from Cuba.

"I did not take kindly to the acquisition of the Philippines by the treaty of Paris; and at one time, I think, I might have voted against the treaty's ratification. But I never have been able to see how the president could have concluded a treaty with Spain that did not include the cession of the Philippine islands. That sentiment—the sentiment for the acquisition of those islands—prevailed over our people.

"It has been contended that we ought to have demanded that Spain relinquish to us the sovereignty of the Philippines," said he, "and then left them to be governed by their own inhabitants; but this could not have been done. We could not quit-claim them to the world in the interest of the Philippines. There never has been an hour since the capitulation of Manila to our forces when, without dishonor to our country, we could have sailed away from Manila. Our duty was there to maintain our honor and protect the inhabitants of the city."

AROUSES PETTIGREW'S FIRE.

Senator Spooner then referred to those senators who have seemed to exult sometimes in coupling the names of half-cast Filipinos with that of our own Washington and read a portion of a proclamation issued by one of Aguinaldo's leaders warning the Filipinos in Manila that upon a specified date "all others would be exterminated without compassion after the extermination of the army occupation."

"Was there even anything worse than that?" he demanded.

Senator Pettigrew interrupted the speaker to declare that no such order or proclamation was ever issued.

Senator Spooner replied that it was contained in an official document issued by the government.

"I asked for and received from the war department six months ago a copy of that very order," interjected Senator Davis, chairman of the foreign relations committee.

FAKE ORDER SAYS DAKOTAN.

"I deny that any such order was ever issued," shouted Senator Pettigrew.

Caumet Baking Powder. CONTAINS NOTHING INJURIOUS. NOT MADE BY THE TRUST. MODERATE IN PRICE.

either by Aguinaldo or any of his subordinates."

"The trouble with the senator from South Dakota," replied Senator Spooner, "is that everybody is a liar who does not help to make his case against the government."

"I protest against the use of such documents," urged Senator Pettigrew. "It is false and ought not to be here."

"Well, it is here," retorted Senator Spooner warmly, "and it is going to stay here. Does the senator deny this is an official document?"

"Well, it may be an official report from General Otis," replied Senator Pettigrew, "but it is a contradiction of other information from the Philippines."

"The senator may have sources of information among his friends in the Philippines, but I may be permitted," suggested Spooner, suavely, "to doubt that they are better than General Otis."

NO PHILIPPINE NATION.

Spooner then entered upon a discussion of the constitutional phases of the Philippine question. The so-called Philippine republic in existence when our troops first invaded Manila was not such as to command our recognition, as had been claimed was due. There was in reality no Philippine nation, and it would have been absurd for us to attempt to recognize that which is claimed to be such.

The United States having acquired the Philippines by the treaty of Paris, the president is sending no less than 20,000 troops to the archipelago. He could not have asked Aguinaldo for an armistice.

"Say what you choose," Senator Spooner exclaimed, "about the president, he has been grossly insulted in this chamber, but he has done his duty and done it in a way to impress on the Filipinos his desire and the desire of the American people to do them good and give them the largest liberty possible, and he has done it in disregard of the hostile criticism at home; he has done what under his oath he is obliged to do—he has sent United States troops to enforce the authority of the United States over territory of the United States."

CLARK PAPERS PRESENTED.

Senator Spooner suspended his remarks until tomorrow, and Senator Carter presented the credentials of Senator Clark as senator from Montana under the appointment of Acting Governor Springs of that state. The credentials consisted of the governor's certificate of appointment. Senator Carter simply asked that the certificate be read and laid on the table. This was done. After a brief executive session the senate adjourned.

SLOW DAY IN THE HOUSE.

ALASKAN CIVIL GOVERNMENT BILL TAKES UP THE TIME.

Washington, May 22.—The house devoted the entire day to the Alaskan civil government bill. Slow progress was made, only twenty-four pages being disposed of.

On assembling the senate bill was passed to reserve certain lands in Hawaii for cemetery purposes. Mr. Knox of Massachusetts, in explaining the bill, said: "In this cemetery the old kings and royal families of the island lie sleeping in the present administration have been annexed to the United States."

"I trust that there will be no objection on this side to the passage of the bill," interrupted Mr. Wheeler of Kentucky. "A few kings, dead or alive, are all necessary to complete the policy of the present administration."

The conference report on the army appropriation bill was adopted, the senate amendment for a library at Manila having been stricken out.

SCISSORS TRUST COLLAPSES.

ASSETS JUST BARELY ENOUGH TO SQUARE WITH CREDITORS.

New York, May 22.—After a series of legal complications and financial difficulties extending over many months, the shear and scissors trust has gone to the wall, and at a forced sale its properties have been disposed of.

In September, 1898, the Shears company, known as the shear trust, was incorporated under the laws of New Jersey, with an authorized capital of \$3,000,000. Those which went into the trust were the Senator of J. W. & Son of Newark, N. J.; Chase Shear company of Fremont, O.; Standard Shear company of Elyria, O.; the William Scholten company of New Haven, Conn., and the Seymour Cutlery company of Holyoke, Mass.

The creditors decided to sell the trust properties. About \$200,000, barely enough to pay off the creditors, was realized.

IN A SAVAGE MOOD.

EMPRESS DOWAGER OF CHINA ENRAGED OVER THE DISCLOSURE OF A STATE SECRET.

San Francisco, May 22.—Advices from Shanghai represent the Dowager Empress as greatly enraged over the leak in the state telegraph service which enabled Kang Yu Wei, the young leader of the Chinese reform party, to escape her vengeance. She sent a secret order to Viceroy Li Hung Chang directing him to send two swift cruisers to Singapore, and a party of marines and kidnap Kang Yu Wei. Li Hung Chang telegraphed back to Pekin that news of her plan had already been sent to Singapore, and that it would be idle to attempt to capture Kang, as he was forewarned.

This put the emperor in a great rage and he replied to dispatch the vessels and follow orders, or some heads would fall. So the viceroy sent orders to Admiral Yeh and the latter sent two cruisers, but, of course, they could do nothing.

EX-SENATOR N. P. HILL DEAD.

Denver, May 22.—Nathan P. Hill, former United States senator from Colorado, died today from general disability, aged sixty-eight.

TROUBLE ACCIDENT AT BUFFALO.

Buffalo, May 22.—Two cars on the Genesee street line jumped the track this afternoon at a bridge across Scadjawaugadea creek, injuring eight persons, two fatally. These were injured: Mrs. Volk, fatally; Mrs. Young, fatally; Mrs. Krueger; Edwin Krueger; Mrs. Pfeiffer; Miss Mary Welch; Nathan Wolf; William Mulhall, motor-man, seriously.

LOUISIANA'S NEW SENATORS.

M'ENERY IS RETURNED AND EX-GOV. FOSTER THE OTHER.

Baton Rouge, May 22.—Both houses of the state legislature, in joint session, today elected ex-Governor Murphy J. Foster to the United States senate and re-elected Hon. Samuel Douglass McEnery.

WAR WITH YAQUIUS STILL ON.

MEXICO SENDS MORE TROOPS AND WILL PUSH CAMPAIGN.

Mazatlan, Mexico, May 22.—The government is sending a large force of troops into the Yaqui country to re-enforce the troops now there under command of General Torres in quelling the rebellious Indians. Two regiments have left Mazatlan. The summer campaign against the Indians is to be pursued with relentless vigor.

QUAY TO KEEP UP FIGHT.

SAYS HE IS STILL A CANDIDATE FOR UNITED STATES SENATOR.

MOORE AND HAMILTON

THE NEW M. E. BISHOPS

Election Comes in the General Conference the First Thing in the Morning.

DEADLOCK BROKEN ON THE SEVENTEENTH BALLOT.

IMPORTANT VICTORY IS SCORED BY THE WOMEN.

Changing of the Word "Layman" to "Lay Member" Admits Them as Delegates and the Adoption of a Generation Is Settled.

NOTABLE DAY IN CHURCH CONVENTION.

Chicago, May 22.—On the seventeenth ballot of the Methodist general conference this morning, Dr. D. H. Moore and Dr. J. W. Hamilton were elected the two bishops. Dr. Moore received 549 votes and Dr. Hamilton 510. The time before recess was taken up with consideration of changes in the organic law of the church, immediately after recess the result of the seventeenth ballot was announced amid great applause and the two new bishops-elect were escorted to the platform and introduced to the conference. The debate over the question of the admission of the Methodists generally to conference was continued at some length. Amidst tremendous applause, a motion to substitute the words "lay member" for the word "layman" was adopted, and a question which has been agitating the church for a generation was settled in favor of the women. The report on the organic law of the church, as amended by the commission, was then adopted and the conference adjourned.

There was a big audience in Studebaker Hall tonight to listen to the story of the work accomplished by the deaconesses of Methodism since the church sent them out with its ecclesiastical sanction twelve years ago. There are now in existence 149 deaconess institutions and stations, with 1,034 deaconesses and a property valuation of \$1,051,000. Among the speakers were Miss E. M. Moore, president of the Woman's Home Missionary society; Miss Henrietta Bancroft, field secretary of the deaconess bureau, and Mrs. Jane Bancroft Robinson, general secretary of the deaconess bureau.

CREED AGITATION IS SPRUNG.

PROPOSED CHANGE OF THE CONFESSION OF FAITH ARGUED BY THE PRESBYTERIANS.

St. Louis, May 22.—Much to general surprise, the report of the committee on bills and overtures was presented today at the opening of the afternoon session of the Presbyterian general assembly. It was the report on the proposal to revise the creed.

The committee recommended that the moderator appoint a committee of fifteen, composed of seven clergymen and eight elders, to take action in the matter of the report at the next meeting of the general assembly, also that the various Presbyteries consider the matter at their meetings next fall and report to the stated clerk in time for him to report to the general assembly.

After the general assembly had spent the report on discussing the report, Dr. John Graham of Philadelphia proposed, as a substitute, that no action be taken on creed revision. The debate on the substitute waxed warmer than on the original report and the question finally went over until tomorrow.

The report of the judicial committee was presented and Dr. Burch given permission to withdraw his appeal in the heresy charges against Dr. Giffert, the latter having withdrawn from the jurisdiction of the Presbyterian church.

BAPTIST MISSION OFFICERS.

Detroit, May 22.—At the closing session today of the Women's Baptist Home Mission society the following officers were re-elected: President, Mrs. J. N. Truitt; corresponding secretary, Miss G. N. Burdette; recording secretary, Mrs. W. E. Wamsley; treasurer, Mrs. A. H. Barber, all of Chicago; vice president at large, Mrs. R. S. McArthur, New York.

LUTHERANS ASSEMBLE.

Cincinnati, May 22.—The fourth annual convention of the Lutheran league opened here today, almost two thousand delegates being present. Addresses of welcome and prayer were given by Rev. J. N. Truitt, president of the league, and Rev. J. W. Hamilton, secretary.

WISCONSIN DEFEATS CHICAGO.

CHICAGO—WISCONSIN, 9; UNIVERSITY OF CHICAGO, 5.

KID M'PARTLAND WINS ONE.

New York, May 22.—Kid McPartland was billed to meet Young Starr of Philadelphia at the Seaside Sporting club in a twenty-five round contest tonight, but the latter failed to appear and Billy Ernie was substituted. The referee stopped the fight in the sixth round and awarded McPartland the decision.

RAILROAD OFFICIAL KILLED.

Grand Forks, N. D., May 22.—E. A. Donkin, superintendent of the Dakota division of the Great Northern, with headquarters at Larimore, was accidentally killed today. He was riding a railway tricycle and struck a dog, throwing him from the car and fracturing his skull.

SUICIDE AT SAN FRANCISCO.

San Francisco, May 22.—Thomas McDermott, brother of Maximo Elliott, wife of Nat Goodwin, committed suicide today. Domestic troubles were the cause.

REJECTED SUITOR'S CRIME.

Yonkers, N. Y., May 22.—Because she refused to marry him, Wilfred Lendgren tonight shot an killed Lydia Carson and then sent a bullet through his brain.

TWO IOWA BOYS DROWN.

Sioux City, May 22.—While swimming in Floyd river this afternoon Harold Dennison, aged nine, and George Lewis, ten years, were drowned.

TODAY'S WEATHER.

Washington, May 22.—The following is the weather bureau's forecast for Upper Michigan: Showers Wednesday and probably Thursday; variable winds.

months ago on her way to Washington it was reported she was suffering from the same complaint that proved fatal to General Grant, but this report was then vigorously denied, as there has been several times since. Now there seems to be no reason for concealing the fact that the queen is suffering from a disease that has seldom been cured. She hopes that congress, before it adjourns, will grant her \$250,000 as compensation for the loss which was taken from her. She does not care for a pension, her friends say, but prefers a lump sum. Colonel George W. McFarland, who was Kala-kau's chamberlain, is now in Washington looking after the queen's interest.

WALL STREET STOCKS.

New York, May 22.—Sugar certificates occupied the attention of the stock exchange today to the practical exclusion of other considerations. The fluctuations of this stock were frequent and very erratic, and there was no news to account for them beyond the latest and most unsubstantial rumors. Probably a large majority of the contracts made either for sale or for purchase, were closed out before the end of the day, the profit or loss being accepted by the trader. The stock's extreme range was 7 1/2 points and its net gain 4 1/2.

In the opening dealings the price of Sugar went down in continuance of yesterday's depression. After declining 1 1/2 the advance began, and it had not proceeded far before the shorts began to manifest distress and rushed to cover, pushing the price up to the maximum. The squeeze was not relaxed until the demand from the shorts was pretty well satisfied.

The leading industrial showed sympathy with Sugar, especially American Tobacco. The latter stock showed better resistance to the reaction than the other specialties, which generally lost pretty much all of their gains.

The general list continued neglected and moved either way with great difficulty. The opening prices were lower, in sympathy with London, and there was a midday rally when Sugar shot upward and Chicago & Northwestern was marked up 5 1/2 points. The latter movement was without explanation beyond the large increase in the earnings for April which were reported yesterday. Northern Pacific was comparatively firm on a good statement for the second week of May. For the rest the trading was listless and indifferent, with no evidence of outside interest.

Closing prices were as follows, Paine, Webber & Co. supplying the figures:

Am. Zinc, 11 1/4; U. S. Oil, 15 1/2; 61/2; Cent. Oil, 12 1/2; Fed. Phone, 10 1/2; 1/2; Bonz, 16 1/4; Bisc., com., 2 1/2; Bisc., oil, 8 1/2; Tin, com., 2 1/2; Tin, prod., 5 1/2; U. P., 11 1/2; Nat. Stl., 10 1/2; Nat. Stl., prod., 8 1/2; Amer. Stl., 10 1/2; Amer. Stl., W., 10 1/2; Amer. Stl., W., prod., 7 1/2; N. W. com., 2 1/2; Sugar, 11 1/2; C. B. & Q., 12 1/2; Rock Island, 10 1/2; St. Paul, 11 1/2; B. R. T., 7 1/2; C. P. & I., 3 1/2; Am. Tobacco, 9 1/2; Cont. Tobacco, 2 1/2; O. & W., 2 1/2; Third Ave., 11 1/2; Leather, 1 1/2; Fed. Stl., com., 2 1/2; Fed. Stl., prod., 1 1/2; C. & N. W., 1 1/2; People's Gas, 1 1/2; Atch., com., 2 1/2; Atch., prod., 2 1/2; N. P. com., 2 1/2; N. P., prod., 2 1/2; U. P., com., 5 1/2; U. P., prod., 5 1/2; Man., 9 1/2; C. & O., 2 1/2; So. Pac., 3 1/2; Rdg., 5 1/2; Fed. Four, 6 1/2; Met., 1 1/2; Pac. Mail, 2 1/2; B. & O., 1 1/2; 8 1/2; B. & O., com., 7 1/2; C. I., 7 1/2; C. I. G. W., 1 1/2; Penna., 1 1/2; L. & N., 8 1/2.

RANGE OF MONEY RATES.

New York, May 22.—Money on call, 1 1/2; 1 1/2; last loan, 1 1/2. Prime paper, 3 1/2; 3 1/2; per cent. Exchange, 60 days, demand at 4 1/2; 3 1/2; and sixty days at 4 1/2; 3 1/2.

CHICAGO GRAIN MARKETS.

Chicago, May 22.—Trade in wheat today was active and slow, the fluctuations being confined within 3/4 cent range. The feeling was fairly steady, and the close the same as yesterday. The map showed continued dry weather at the Northwest, and Liverpool futures were steady. There were claims of damage to crops in south Russia and unfavorable reports from France, and this possibly had a strengthening tendency. The advices from the Northwest were in the main quite bullish. There were fifteen cargoes off the English coast.

Corn was moderately active, covering but 1 1/2 cent range. The transactions were again largely local and the sentiment more divided. The market opened easy and lower prices ruled, followed by a steadier tone, the close of May being a shade higher with July unchanged. The cables were weaker and the weather was favorable, the feature to the trade early being selling by interests credited with being long. Elevator people also sold, the demand being confined chiefly to shorts and professionals. Spot at Liverpool was down 1/2 cent, and futures 1/2 cent lower. New York reported forty-five boatloads accepted.

Oats ruled easier, and closed 1/4 cent lower. Receivers were the best sellers and there was fair covering by farmers. The weather conditions were favorable and oats sympathized with corn.

The leading futures ranged:

Table with columns: Opening, Highest, Lowest, Closing. Rows: May Wheat, May Corn.

The day's movement of flour and grain:

Table with columns: Flour, barrels; Receipts; Shipments. Rows: Flour, barrels; Wheat, bushels; Corn, bushels; Oats, bushels.

BOSTON COPPER QUOTATIONS.

The closing prices of the Boston copper stocks yesterday, as furnished by Paine, Webber & Co., Marquette, Mich., were as follows:

Table with columns: Adve., Arc., Ash., Atl., B., B. & C., C. & H., D., E., F., G., H., I., J., K., L., M., N., O., P., Q., R., S., T., U., V., W., X., Y., Z.

THE CARE OF THE HAIR

should be of interest to every woman. If gray or thinning hair is the result of a natural color, or made any shade desired. The Imperial Hair Regenerator is the only hair restorer that restores the hair to its natural color. It is easily applied, makes the hair soft and glossy, is absolutely harmless. Sample of hair-colored free. IMPERIAL HAIR REGENERATOR, 22 W. 3rd St., N. Y. Send for prospectus. Sold and applied by Mrs. E. W. Allen, 25 Woodward Ave., Detroit.

Save Your Fruit.

However few fruit-bearing shrubs or trees you have, you want them to bear. Sound fruit and plenty of it is best insured by proper spraying. For instance, current bushes are apt to be fairly stripped by worms if neglected, while a little pure White Hellebore will entirely protect them.

Whether you have one bush or an orchard, we can tell you what to spray with and how to use it. Can also help you to defend your roses and other flowering shrubs.

Come in and see us about it. We furnish the very finest grade of Hellebore and all other spraying material at right prices.

DESJARDINS' PHARMACY, 417 North Third St. (5-12-0)

Gives Instant Relief and Permanent Cure.

Why Continue to Suffer?

HINKLEY'S BONE LINIMENT

is guaranteed to relieve you at once.

La Grippe, in all its forms, Colic, Cholera Morbus, and Rheumatism with its torturing pains, Sore Throat, Colds, Chills, Blains, etc., etc.

Yield AT ONCE to this enemy of pain.

HINKLEY'S BONE LINIMENT FOR INTERNAL AND EXTERNAL USE.

For nearly half a century it has continued to bring joy and comfort to thousands of families. It will do the same for you. Read what Dr. G. Holland says:

Saginaw, Mich., Jan. 26, 1899. Messrs. D. E. Prall & Co., Saginaw, Mich. Gentlemen: I have known and used Hinkley's Bone Liniment for many years. It is a very valuable family medicine, and I can never without a little of it in the house, internally or externally used. It is the most effective remedy of its kind. It is, as you call it, "a family medicine cure." D. G. HOLLAND.

It is purely vegetable; scientifically prepared. Used internally and externally. All druggists sell it in three sizes, at 25c, 50c, and \$1.

MADE ME A MAN

ALL FAMILIES POSITIVE CURE FOR ALL NERVOUS DISORDERS—Epilepsy, St. Vitus' Dance, Tremor, etc., caused by Abuse of Opium, Excesses and Indecent Excesses. It is a manly, healthy and surely restores vitality in old or young, and is a manly remedy for nervousness, etc.

These changes suggest frost spreading in the shadows and receding in the sunshine, or a clouding of our influences. The fact discovered by Professor Pickering that even the shadow of the earth falling for a short time upon the spot causes it to expand to a measurable degree shows how sensitive it is to alterations of temperature.

There is at least one other locality on the moon where curious changes of similar origin have been detected—the ring-shaped plain called Plato. This is also in the northern lunar hemisphere, and about 500 miles from Linnæ. It is astonishingly regular in outline, about sixty miles in diameter, very flat and completely encircled with lofty, steep and sharp-peaked mountains—as fine a valley for a nation of hermits in inhabit as could well be imagined. In this singular mountain-ringed valley it has been noted that the rising sun, just peering above the surrounding peaks, looks down upon a vast whitish gray expanse, filling the whole of the immense interior. But as the solar orb swings clear of the mountain peaks and shadows of the pinnacles and ridges become shorter upon the plain beneath, the gray interior first brightens and then rapidly fades over all the surface of the valley until at lunar noon Plato has turned almost black, while at the same time its inclosing mountains of chalky whiteness are ablaze with the sunshine.

PREVENTED A TRAGEDY.

Timely information given Mrs. George Long of New Straitsville, Ohio, prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of Pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and \$1.00. Every bottle guaranteed. Trial bottles free at The Stafford Drug Co.

6,000 years have we waited for the greatest blessing ever offered. It doubles your joys and halves your sorrows. That's what Rocky Mountain Tea does. The Stafford Drug Co.

Science has found that rheumatism is caused by uric acid in the blood. This poison should be excreted by the kidneys. No rheumatism with healthy kidneys. Foley's Kidney Cure makes them well. The Stafford Drug Co.

TURKISH BATHS.

Turkish and Russian, salt and electric for ladies and gentlemen; massage treatments a specialty; also chiropody, Frank Keough, masseur. St. Luke's hospital; hours, 8 a. m. to 9 p. m. (5-25-17)

Nine chances in ten if your kidneys that need attention if you do not feel well. Foley's Kidney Cure makes healthy kidneys and will make you well. The Stafford Drug Co.

NOWHERE NEAR HALF.

Many Who Received Tax Blanks Have Not Returned Them.

Yesterday was the last day for those who had blanks issued them for the purpose of informing the controller of the amount of their real and personal property to return them, but up to 2 o'clock in the afternoon less than half of the total number of blanks sent out had come back. Some people are of the opinion that notwithstanding the order on the blanks calling for their return on or before May 22 they have the right to make returns any time up to the first Monday in June. There may be enough of these people to somewhat raise the total of returned blanks, but it seems certain now that at least half of those who received blanks have no intention of complying with the request, or order, of the state tax commission and make a sworn statement regarding the amount of their taxable property.

ACROSS THE FOOTLIGHTS.

Thus Rolled Such Melody as Never Before Heard in Minstrelsy.

The Providence, Rhode Island, Evening Telegram speaking of the minstrel organization which is to appear here Thursday night said: "William H. West's big minstrel jubilee scored the greatest success known in the history of professional minstrelsy in this city. Such melody as rolled out across the footlights and agreeably filled its way into every part of the auditorium, has never been listened to at a minstrel production here."

MARINE MATTERS.

PASSED THE CANAL.

LOCAL MARINE NEWS.

There was a good bunch of boats in the lower harbor. The steamer Chisholm finished discharging her cargo of coal at Pickands' dock yesterday afternoon and gave place to the schooner Barr. The Japan was in on her way up the lake yesterday. The Osceola is expected to call in today, also up bound.

Is the clothes money question big or little to you? Our clothes are made for both classes. The don't-care-what-it-cost man gets styles, qualities, tailoring he is willing to pay for. The has-to-be-careful man fits out his good clothes. Our 40-cent pants with machine-made sale is still plenty room yet to come in the bargain line. Rogers, Peet & Co., clothing, Jacob Rose, 293 Front street.

CITY BREVITIES.

Weather forecast: Showers; southerly wind. Yesterday's temperature: 7 a. m., 64 degrees; noon, 67 degrees; 7 p. m., 64 degrees; maximum, 76 degrees; minimum, 62 degrees.

Frank Mend of Munising was up yesterday from that town.

Andrew Hartwig brought home a fine string of trout yesterday.

R. W. Hewitt was up on business yesterday from Grand Marais.

Q. R. Hessel was down from Ishpeming yesterday for a few hours.

E. R. Nelson and J. R. Hodgkins were down yesterday from Ishpeming.

Mrs. George H. Miles of Grand Marais visited in Marquette yesterday.

John Thoney spent a few hours yesterday transacting business in Ishpeming.

F. A. Bell was down from Negaunee yesterday on business at the court house.

George P. McCallum of Manistiquet was about Marquette on business yesterday.

E. H. Foss, the well known lumberman of Bay City, was in Marquette yesterday.

St. Mary's guild will meet this afternoon with Mrs. James Connelly at her home on Arch street.

License to wed was issued by County Clerk Ross yesterday to Andrew Niemi and Ellina Kangas, both of Negaunee.

T. J. Maney returned yesterday afternoon from a fishing trip down the lake with a nice basket of trout as a reward for his exertions.

L. H. and E. L. Malone of Chicago are here looking after their interests in the stone quarry. They came down on last evening's train from the copper country where they had been spending some time on a similar mission.

Miss Kittle O'Neill has gone to Lansing to attend the state convention of the Ladies' auxiliary to the A. O. H. At the conclusion of the session she will go to Detroit where she will spend a week with friends.

Mayor Carter H. Harrison of Chicago arrived in the city yesterday morning accompanied by his brother-in-law Heaton W. Owsley and E. B. Elliott, city electrician. The party went up the lake in the Bailey launch to the Huron Mountain club.

A pathetic incident occurred on train No. 7, going west, which went out of

HERE'S WHAT'S WANTED.

A Citizen of Marquette Supplies the Information.

Over half the complaints of mankind originate with the kidneys. A slight touch of backache at first. Twinges and shooting pains in the loins follow. The urine is checked, they lead to graver complications. The sufferer seeks relief. Plasters are tried, and liniments for the back. So called kidney cures which do not cure. The long-looked-for result seems unattainable. If you suffer, do you want relief? Follow the plan adopted by this Marquette citizen.

Mr. Lewis Longline of 116 Rock St., employed on the L. S. & E. T. R., says: "If I caught the best cold or did any heavy lifting, I suffered from a bad attack of backache. I soon became tired from lying in one position at night and in the mornings I felt unrefreshed. The kidney secretions were highly colored and unnatural. I saw Dean's Kidney Pills highly recommended, went to the Stafford Drug Co. and procured a box. On taking them my kidneys were soon rendered active; the secretions became normal, the pain disappeared from my back and my whole system was toned up."

Mr. Lewis Longline of 116 Rock St., employed on the L. S. & E. T. R., says: "If I caught the best cold or did any heavy lifting, I suffered from a bad attack of backache. I soon became tired from lying in one position at night and in the mornings I felt unrefreshed. The kidney secretions were highly colored and unnatural. I saw Dean's Kidney Pills highly recommended, went to the Stafford Drug Co. and procured a box. Sold for 50 cents per box by all dealers or mailed on receipt of price by Posters-Milburn Co., Buffalo, N. Y. Sole agents for the U. S. Remember the name Dean's and take no other.

here Tuesday night, the death of a little baby belonging to a family of Finnish immigrants traveling in the colony. The child died just as the train was pulling out of Marquette.

Mrs. Margaret Noonan made petition in probate court yesterday to have the will of her late husband, Andrew C. Noonan, entered for probate and herself appointed executor of the estate. Patrick Noonan also petitioned to have Mrs. Margaret Noonan give the administration of the estate of Mrs. Mary Prentice.

A. E. Archambeau has received an interesting letter from Frank Buschart, who is serving in the Philippines in Co. M, 20th U. S. Volunteers. The letter was written from Tagaboa, April 13. In it the writer says that he expects his regiment will be returned to the states next September. He has lately been in two big battles, in one of which 275 Filipinos were killed and in the other 185. He has so far escaped without injury.

Deputy James Patterson of the K. O. T. M. has received a letter from Great Commander Boynton discussing the report that a ban had been placed upon the order by the Catholic church. Mr. Boynton says he read the newspaper item which was called to his attention but that he afterwards learned it was badly colored and not to be relied upon. He adds that Bishop Foley, of Detroit, is very liberal and has given consent to Catholics in his jurisdiction to join fraternal orders similar to the Macabees.

The ancients believed that rheumatism was the work of a demon within a man. Any one who has had an attack of sciatic or inflammatory rheumatism will agree that the infliction is demonic enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds of bear testimony to the truth of this statement. One application relieves the pain, and this quick relief which it affords is alone worth many times its cost. For sale by The Stafford Drug Co.

THOMPSON GETS BACK.

Says Wholesalers Need Moral Influence as Much as Drummers.

To the Mining Journal—in your issue of Sept. 18, 1899, an article appears headed "Wholesalers' Moral Influence" referring to the case of the People vs. Avery L. Thompson charged with embezzlement by Phelps, Brace & Co. of Detroit, and purporting to be a partial reproduction of an article appearing in the Detroit Evening News.

It represents Attorney General Oren as being "hoping mad" for the discrimination of Judge Stone against Allan H. Fraser, prosecuting attorney of Wayne county, who sought to be admitted into the case. It continues and explains why Mr. Fraser was called in the case; that it had been thoroughly investigated by the attorney general and that Phelps, Brace & Co. becoming convinced that Prosecuting Attorney Potter of Marquette county could not secure a conviction unless "vigorous measures were used," and upon said investigation the attorney general found the evidence "so conclusive" that it did not warrant them in letting the case go by, so adopted the "vigorous measures" by invoking the aid of the governor, attorney general and Prosecuting Attorney Fraser and threatened to maintain the case before he had rendered any decision.

The case coming to trial at this May term of court Mr. Fraser was there armed with the necessary documents from the governor and attorney general.

SCOTT'S Emulsion

Cures Coughs and Colds

cures them quicker and better than any cough mixture ever made. It does more. It enriches the blood, strengthens mind and body, gives vigor and vitality. Cough mixtures won't do this, nor will they cure deep-seated, stubborn coughs.

Scott's Emulsion will. Try it!

eral and was admitted into the case, and with his "conclusive evidence" that the attorney general had furnished him proceeded to open, and close, the case to the jurors.

WHAT FILLMORE SAID.

A recorded body of traditional policy and some precedents very much in point will serve to aid the president in determining the manner of the treatment of the envoys. Nearly fifty years ago a president of the United States had a similar problem to solve. When that wily and tumultuous agitator, Louis Kossuth, came here in 1851 to plead for the cause of struggling Hungary the people gave him a tremendous welcome, and he went about the country stirring up a wild and not very reasonable enthusiasm. Congress went far out of the proper path to pass resolutions of greeting, and at length he was presented to President Fillmore. Mr. Fillmore had by this time pretty well taken the measure of his man, and had prepared a speech of courtesy after an express understanding with Kossuth that the latter in his own speech was to make no allusion to the subject of aid or intervention on behalf of Hungary by the United States. Kossuth broke his promise, of course, and President Fillmore, abandoning his set speech, made these extemporaneous remarks:

"I am happy, Governor Kossuth, to welcome you to this land of freedom, and it gives me pleasure to congratulate you upon your release from your confinement in Turkey and your safe arrival here. As an individual, I sympathize deeply with your brave struggle for the independence and freedom of your native land. The American people can never be indifferent to such a contest. But our policy as a nation in this respect has been uniform from the commencement of our government, and my own views as the chief executive magistrate of this nation are fully and freely expressed in my recent message to congress to which you have been pleased to allude. They are the same, whether speaking to congress here or to the nations of Europe."

Contemporary testimony reports Kossuth as very morose and surly at his reception at the White House. Yet President Fillmore went much further in his expressions of personal sympathy for Hungary than in our new relations to the nations of the earth and with our larger sense of our responsibilities President McKinley can permit himself to go in any remarks he may feel called on to make to the House envoys in respect to the present situation of their republics.—New York Times.

TINY NAVIES OF THE WORLD.

Some South American Countries Have But One Warship Afloat.

The blue-nosed skipper who telegraphed from City Island that he had killed his crew and wanted the police to meet his craft at Hell Gate had more humor than usually accompanies a high immigrant traveling in the colony. He got over the world in a measure. This appeal was answered by the police boat Patrol, bristling with arms and bluecoats. When it came alongside the skipper pointed to the dead body of a negro and said: "I have shot my crew and had no hand in the matter. A cablegram that was received from Colombia several days ago. It read: "Whole Colombian navy sunk." The marine editor and expert naval writer of a morning paper happened to be out splicing the main brace at this critical moment and had no hand in the matter that followed. It took much overhauling to discover that the "whole" of the Colombian navy consisted of just one ship, and that she did not have any superimposed turrets.

Both of these stories were heartily laughed at when related at the navy yard in Brooklyn the other day, and then the question of infant navies was discussed. It is not long since an un-patriotic beachcomber put a lien on the navy of Paraguay. Paraguay has an area of 91,970 square miles, a population of several millions, and its navy consists of one gunboat. Several steam launches built in northern waters make a practice of following this gunboat around to tow her off when she gets aground or to prevent the rebels from lifting her out of the water and carrying her bodily to the woods.

As insignificant as the navy of Paraguay is, that of Persia is a shade inferior. Instead of having several steam launches to dance attendance on the Persepolis, the "squadron" of Persia has but one launch.

Columbia has a tiny navy indeed. The republic represents 594,774 square miles, and a population of over 4,000,000. The sinuities of the coast give about 400 miles on the Atlantic and 600 on the Pacific ocean. Its navy for the most part consists of a sectional gunboat that was built at Perth Amboy, N. J., in 1855, and sent down to the coast in sections.

Costa Rica, which has always been averse to fighting with her larger neighbors, Nicaragua and Honduras, has the tiniest navy front on both the Caribbean sea and Pacific ocean. Yet this country has but one torpedo boat as a navy, and she is but sixty-two feet in length. A torpedo boat in this instance is as good as the armed fleets of Europe. The other Honduras, Guatemala or Nicaragua has any country at all. The once wealthy and populous Aztec state called San Salvador has a "navy" of its own, and this navy is eighty-six feet long and bears the good old name of Cuscutlan. This vessel was built in San Francisco, and when taken seriously has a displacement of seventy-five tons and triple expansion engines.

When compared with her next door neighbor, Colombia, the republic of Ecuador is a menace to that portion of the Pacific. Not only has Ecuador a transport of iron in the Chailhuin, but she has also a sloop of war of six guns, with a crew of 114, and two gunboats.

Peru towers away above both Ecuador and Colombia in the matter of a navy, having several fairly good cruisers. One, the Santa Rosa, burns petroleum. As Peru stands shoulder to shoulder with Ecuador and Colombia in the matter of a navy, so does Chile soar above Peru in the same respect. Either the Captain Prat, of French construction, the Almirante Cochrane or the Esmeralda, the last two of English build, is able to wipe out the best portion of the entire navies of South America, excepting, of course, the Argentine and Brazil. Chile, possibly, did not consider it worth while to take the cruiser Rimac back when Peru captured her, for the same year in which she lost that vessel she took as prizes from Peru the Huascar and the Pilcomayo, both of which were built at Birkenhead.

Santo Domingo has a navy consisting of seven gunboats, one of the construction, quite new and from Glasgow, with nine guns, and the other, the Independencia, with seven quick firing guns and twin screws. Hayti has a more formidable fleet, all being gunboats, however, and two, the Crete a Pierot and Capois in Mort, absolutely new.

Mexico has but one cruiser, the Zaragoza, which they say is fonder of land than she is of water. Liberia, with 600 miles of water front, has but two gunboats, the Esmeralda and the Rockwood, but some of the others are of the Bulgarian, the "crumbling off of the northern edge of the decaying Turkish empire," as a historian once put it, has a very small navy, considering her possessions on the Danube river and along the Black sea. Corea has only three ships as a navy, and they are practically unarmed.

Dynamite "Johnny" O'Brien has "made" more navies than any modern free lance of the sea. He once threat-

ened to subdue Venezuela with an old ferryboat that he "chartered" from a Sound junk yard.

WHAT FILLMORE SAID.

A recorded body of traditional policy and some precedents very much in point will serve to aid the president in determining the manner of the treatment of the envoys. Nearly fifty years ago a president of the United States had a similar problem to solve. When that wily and tumultuous agitator, Louis Kossuth, came here in 1851 to plead for the cause of struggling Hungary the people gave him a tremendous welcome, and he went about the country stirring up a wild and not very reasonable enthusiasm. Ishpeming and Vicinity.

DRILL MEN FOR AFRICA.

PARTY OF LAKE SUPERIOR OPERATORS WILL EXPLORE IN THE EQUATORIAL REGION.

This week six diamond drill men from the Lake Superior country will rendezvous in Chicago to obtain instructions and supplies preparatory to departing for Ashanta, on the Gold Coast in Upper Guinea, Africa, where they will conduct two explorations for Chester & Co. of London, England.

The party will include James Scanlon, Timothy Cashen and Len Toulhoff, residents of Ishpeming, O. L. Oyster and John Cravley, formerly of Vulcan, and James Murphy, a former resident of this section who has lived in New York state of late. The first three are well known here. Mr. Scanlon, it will be remembered, gave an address in connection with the survey of the proposed Nicaraguan canal made by the government several weeks ago serious consideration, but finally decided to retain his position with the Pioneer Iron company.

Of the above named men Scanlon and Oyster are diamond setters. They will have charge of a crew which will include two runners of the four besides themselves above named. They will receive \$175 per month, the runners being paid \$150. The men will be refunded the amount of their traveling expenses from Chicago to Ashanta, and will be returned to this country at Chester & Co.'s expense at the expiration of their contract, which calls for a year's service. Should the equatorial climate be too much for any of the men they will also receive their expenses for the homeward journey.

The men owe their employment to the Sullivan Machine company of Chicago, which recommended them to the London firm. Sullivan drills will be used on the exploration. These will be procured in Chicago and will be shipped on the steamer on which the operators sail. The date of their departure on the trans-oceanic trip depends on instructions yet to be received.

Their headquarters will be in the city of Ashanta, a place of about 8,000 inhabitants, and the country around it in the neighborhood of that place. They will be located about sixty miles from the equator and will probably find the climate painfully hot, going there direct from the Lake Superior country.

Chester & Co. are seeking the Gold Coast of Africa as a field for promising rich returns for careful exploration and its exploitation is now expected to proceed very rapidly. The drill work will closely resemble that which the Lake Superior operators have had charge of in this section.

This latest list of drill men who have taken employment in foreign shores only adds a few more names to the long roll of men who, having obtained their training on the iron ranges of this peninsula, are now conducting important explorations in every section of the globe where diamond drills are employed in the search for precious minerals.

FOR DECORATION DAY.

The Charles Towne post of the G. A. R. is completing arrangements for this year's observance of Decoration day. The main exercises will be held here. In the morning the graves of the soldier dead who rest in Negaunee cemeteries will be decorated. The Women's Relief society will serve the members of the G. A. R. and the Cuban veterans a sumptuous breakfast at noon on their return from Negaunee. In the afternoon public exercises will be held on the square near the Co-operative store. There will be addresses by Rev. J. M. Langan and T. J. Dundon and music by the high school chorus and the city band, as well as other features. On conclusion of the program a line of march will be formed which will complete a circuit of the principal street and then proceed to the cemetery, where the graves of soldiers buried there will be garnished with blossoms.

The civic and military societies of the city and the common council have been invited to participate in the observances. It is possible that some civic organization has been overlooked. If so it has been an oversight, as the veterans desire all citizens of Ishpeming to assist with the day's program.

MACCABEES TO MICHIGAMME.

Representatives of the English, French and Finnish tents of Maccabees here have held a joint meeting and have decided to attend the county reunion at Michigamme, June 8, in style. The city band will accompany the Ishpeming delegation, which will number at least 200 people. The Michigamme gathering promises to be a large success, and unless the people of that place are securing an entertaining big gathering they will be fairly swamped with visitors. It is understood that the Ishpeming Maccabees will make a strong effort to have this city chosen as the next meeting place of the county tents. There should be no trouble in accomplishing that.

If troubled with rheumatism, give Chamberlain's Pain Balm a trial. It will not cost you a cent if it does no good. One application will relieve the pain. It also cures sprains and bruises in one-third the time required by any other treatment. Cuts, burns, frostbites, quinsy, pains in the side and chest, glandular and other swellings are quickly cured by applying it. Every bottle warranted. Price, 25 and 50 cents. The Stafford Drug company.

Don't overlook Braastad's bargain offerings. Big money saved on dry goods, clothing, shoes, etc., for this season.

TO HEAL A HURT

Use Banner Salve, the great healer. It's guaranteed for cuts, wounds, sores, piles and all skin diseases. The Stafford Drug Co.

A harmless fire.—Burning Winecke & Doerr's Chancellor.

VALUATIONS GREATLY INCREASED.

ISHPEMING PROPERTY ON THE ASSESSOR'S ROLLS NEARLY \$1,500,000 MORE THAN LAST YEAR.

The aldermen assembled at the council chamber yesterday to examine and review the city assessment roll prepared by Assessor J. H. Quinn. The descriptions were read in rapid succession and the close of the afternoon session saw a goodly portion of the tedious work completed. It will probably be concluded today.

Assessor Quinn informs The Mining Journal that the total assessment value of Ishpeming realty and the personal property of its citizens is approximately \$1,500,000 greater than last year, when it was \$3,570,000. The increase is general and is proportionate for mining properties and the real estate. It is the result of better business conditions which now prevail and the consequent increased value of mining properties and Ishpeming real estate. The exact assessment valuation on this year's roll cannot be given until the public sessions of the board of assessors are concluded, as it is possible that a number of figures will be changed when the citizens appear before the board.

load of argument. Every cure by Hood's Sarsaparilla is a fact, proving its merit, and the thousands and thousands of cures recorded certainly should convince you that Hood's will cure you.

Indigestion, nausea are cured by Hood's Pills.

ISHPEMING IN BRIEF.

H. R. Harris of Marquette was an Ishpeming visitor yesterday.

The Left Over club was entertained by Mr. and Mrs. Fred Rasky last evening.

J. M. Hayden of I. E. Swift & Co. went up the line on business yesterday morning.

W. H. Johnston of the Lake Superior Iron company was up the line on business yesterday.

A leak in the water main on Pine street in front of the Lake Superior office has just been repaired.

The young men of the city are figuring on giving a social dance at Anderson's hall Friday evening.

Mrs. W. H. Downing and family have moved from the Lake Argonne location to a residence located in the city proper.

Captain Frank Platto of the East New York mine left for a short visit to Ironwood and Bessemer yesterday morning.

F. H. Vandenberg will be at the Nelson House today to introduce the new Twentieth century policies of the Aetna Life.

Richard Leverton, a resident of York street, has obtained a position as dry tender in front of the Lake Superior office. His family there soon.

Theodore Swanson, formerly a street car conductor on the Negaunee & Ishpeming line, has returned from a short visit to the copper country. He may locate there permanently later.

A party of eleven residents of Ishpeming left for their native countries on the South Shore road Monday morning. It included a number of Englishmen, a couple of Germans and a couple of Swedes.

Yesterday morning the weather was extremely sultry and humid. A heavy shower which occurred just at noon was effective in cooling and freshening the atmosphere, which was delightful for the remainder of the day.

A number of Ishpeming people expect to go to Marquette Thursday evening to witness West's mammoth minstrel show. The South Shore road offers the usual accommodation. Paper advertising the attraction has been posted here.

Mr. and Mrs. A. W. Myers left last evening for a five or six weeks' visit in Eastern cities. While absent they will spend some time with their son, Dr. Will Myers, resident physician in the Episcopal hospital, Philadelphia. They will also visit in Atlantic City, Richmond and Washington.

The board of public works has done a fine piece of work on the Winthrop road. Formerly it was in bad condition. It has been widened and built up with heavy rock which has been covered with light top dressings of a material which will work closely, making a hard, smooth surface. The improvement is appreciated by all the people living at the Winthrop location, as well as by residents of Ishpeming who go south of the city.

STORY OF A SLAVE.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a god-send to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by The Stafford Drug Co.

Shoes, clothing, neckwear, dry goods, carpets, rugs, beds, etc., going for less than cost at Braastad's.

CURED A RUNNING SORE.

"I had a bad running sore on my breast for over a year," says Henry H. Richards of Willseyville, N. Y., "and tried a great many remedies, but got no relief until I used Banner Salve. After using one half box, I was perfectly cured. I cannot recommend it too highly, and will never be without it in the house." The Stafford Drug Co.

Shops are numerous at Braastad's. Bargains in all departments.

Lower Michigan News.

Mrs. John Keller and her four-year-old son were drowned by the upsetting of a sailboat at Coldwater lake Sunday. The boat was new and was on a trial trip with fourteen passengers. All were thrown into the water, but the other twelve were rescued.

Construction work on the new Benton Harbor & Toledo railroad will be begun at the western terminus about the first of next week. The road will run in a near a direct line as possible from Benton Harbor to Dowagiac, thence through Three Rivers to Coldwater and on to Toledo.

Sheriff Snow and Deputy Sheriff Clark of Kalamazoo returned from Joplin, Mo., Sunday with the notorious "Whitey" Black who is wanted in connection with the Richland bank robbery. It was only after a hard fight that the Kalamazoo officials succeeded in getting possession of their man.

A prominent and well-to-do citizen of North Branch has been made defendant in a rather novel action at law. Without leave or right, it is alleged, he went on the woodland premises of a certain Burlington township farmer and uprooted and carried away several growing shade trees. The offices of friends for settlement have been ignored by both sides, and an interesting scrap in courts is promised.

Walter Delton of Fremont, Newaygo county, was arrested at Mishawaka, Ind., Saturday, by Sheriff Charles Blinn of Tuscola county. It is alleged that on April 26 last, Delton set fire to a store building at Mayville, belonging to George Markham and occupied by Bert Evans of Oxford. The stock was insured for \$1,200 and \$2,000 worth of property was destroyed. The charge is that Delton was hired to do the job.

Auditor General Dix has been ordered to show cause on the first day of the June term of the supreme court why he should not pay the claim of the Michigan Sugar company of Bay City for upwards of \$27,000, claimed to have been legally earned by the company under the sugar beet bounty law of 1897. The unconstitutionality of the bounty law will be urged as one of the reasons why the claim should not be paid.

A case in Tekonsha under the new tax law seems especially unjust. A citizen holds a mortgage of \$975 on a homestead belonging to his wife, consisting of twenty-four acres. He pays the taxes on the farm and is also assessed on the mortgage, making double assessment. Not only that, but he has moved into town they have to pay taxes on the mortgage in town, making a triple tax on the little homestead worth \$800.

Charles E. Cook, a private banker at Quincy, Branch county, was arrested by Hillsdale county authorities on a charge of forgery. He was arraigned Monday morning and gave bail in \$1,500. Cook was the adviser and confidant of F. W. Patterson, proprietor of the defunct North Adams bank, who is now in jail awaiting trial on four charges of forgery and one of larceny. The people of North Adams lost nearly \$7,000 by the failure.

The humane society of Ann Arbor is looking up the matter of an alleged barbaric act on the part of a German farmer living north of that city. It is said that a few days ago he came to Ann Arbor with his fine team of horses and became filled up on beer. He started for home and about six miles from the city became so enraged, in his drunken condition, at the horses that he got out of his wagon, pulled out his knife and cut the throat of one of the animals, causing its death.

A Saginaw dispatch gives this information about the coal industry there: The Pere Marquette Coal company will sink a shaft for a third mine on the west side during the summer. The Chappell & Fordney shaft is down ninety-seven feet, and it is expected coal will be reached about July 1. The coal companies operating in this city alone are paying out \$1,900 daily in wages to miners. The Riverside Coal company, recently organized, will shortly begin putting down a shaft for a mine on the Fitzhugh farm, south of the city.

George Brown of Owosso is under arrest and is being held in the county jail there awaiting the arrival of officers from Manistee county. He is charged with assisting on the charge of stealing \$150 from his employer several years ago. Recently Marshal Ross of Owosso accidentally heard of the burglary, and knowing that Brown formerly resided in Manistee county, associated him with the deed. He soon proved to his satisfaction that Brown was the man wanted there. Since settling at Owosso Brown has married and has a family. He has served time for other offenses since that time.

An old sink hole on the C. & G. T. near the east line of Davison township, Genesee county, is causing considerable trouble again as a result of being disturbed in the work of changing the grade. Several years ago a lot of trees and stumps were dumped into the hole and from that time until the present it had given the company little trouble. One day last week 250 carloads of dirt was dumped in, but it had no more apparent effect than if an attempt had been made to fill up the hole with water. The work of filling is still in progress and it is hoped that the bottom will be found in the next few days. In the meantime the track is supported by heavy timbers and trains make very slow speed in passing the danger point.

There is a steep grade on the Michigan Central at two miles from Buchanan. A fast freight had side-tracked at 3:30 Monday morning to allow the express to pass. The freight pulled on to the main track, when eleven cars broke away and started down the hill. They gained momentum with every second and were soon tearing along at the rate of seventy-five miles an hour. At Lee & Porter's axle works four of the cars jumped the track. The ground was crushed up for 200 feet and the way car plowed into a house occupied by William Mousk and family, demolishing the parlor furniture and stopping at the partition behind which the family were sleeping. Conductor Porter leaped

White Goods Season Now Open.

This morning we will have by express the biggest line of WHITE GOODS ever brought to Ishpeming, suitable for Graduating Dresses, to be sold by the yard. Parties contemplating purchasing dresses will do well to give us a call.

VOLCANES SPOUT MUD

One of the Natural Phenomena of Colorado's Desert Region.

Explanation of it Which Scientists Who have Studied the Matter Have Evolved.

Of the many strange and wonderful things to be found on the Colorado desert perhaps the strangest and most remarkable of all are the mud volcanoes, of which little is known because of their inaccessibility.

The action of these volcanoes varies almost constantly. They subside at times into almost a state of placidity while again they will seethe and boil like vast caldrons, hurling showers of hot mud or sending columns of steam many feet into the air.

In order to get a good idea of the origin and location of these volcanoes it is necessary to give a brief historical sketch of the country.

At that time the Colorado and the Gila rivers flowed into the Gulf about where Yuma is now located.

The Colorado river next built up a plain around its mouth so that its path was diverted and it flowed on over the deposit to the sea.

The Colorado river next built up a plain around its mouth so that its path was diverted and it flowed on over the deposit to the sea.

South of the Sierra Prieta is the dividing line of the watershed. The Colorado overflows below Yuma, near Algodones, the overflow being the subsidence of the once great division of water.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system.

Go to Braasstad's and you will be money ahead. Closing out spring goods cheap. A mammoth lot of dry goods, clothing, etc., going below cost.

TRY ALLEN'S FOOT-EASE, a powder to be shaken into the shoes. Your feet will swell less, your shoes will feel tired easily.

At the present time there are about fifteen active volcanoes and twice that number are quiet.

Professor David P. Barrows of the San Diego State Normal school visited these volcanoes several months ago for the purpose of investigating these strange freaks of nature.

Professor David P. Barrows of the San Diego State Normal school visited these volcanoes several months ago for the purpose of investigating these strange freaks of nature.

The springs were full of boiling water and pools of water which had run off registered a temperature of from 115 to 120 degrees.

ROYAL Baking Powder Absolutely Pure

of salt. Professor Barrows did not have his shoes with him and found it difficult to walk on the earth because of the heat. This volcanic heat is a crustal heat and geologists do not agree as to what causes it.

This mud plane is very desolate and is surrounded by sandhills. The only vegetation is reed grass. A terrible pest known as the mosca fly abounds in the section.

Beau Hooker of San Diego visited the volcanoes three years ago and found them quite active at that time. He found that the mud and water had great medicinal value, which would render them equal to many of the famous healing springs.

These volcanoes are rendered interesting by a fund of Indian legends and myths. The Cocopa tribe, who are the original inhabitants of this region, believe the volcanoes to be the abode of the evil spirit and even to this day they approach them with mingled awe and terror.

It's folly to suffer from that horrible plague of the night, itching piles. Dean's Ointment cures quickly and permanently. At any drug store, 50 cents.

A "NIGGER" ON SLAVERY. "The United States stands for liberty the world over," shouted a curbstone orator on Cadillac square.

"Hold on there, mister," said a stalwart old colored man, pushing to the front. "let me tell you something about that."

"When I was a slave," he commented, "I was worth from \$1800 to \$2000 to my master, and he took better care of me than he did of his best horse. If I was sick, he would send for a doctor for me; he fed me well, and I was quite comfortable."

"But slaves might be whipped or even killed at their master's pleasure," objected one of his hearers.

"If you had a \$2000 horse that wouldn't work, would you whip him, if that didn't do, would you take him out and shoot him, or would you sell him off to somebody else who could manage him? Our master would not kill us himself, nor let a crowd take us out and burn us, as they are doing in the south today with us niggers."

"But slaves might be whipped or even killed at their master's pleasure," objected one of his hearers.

"You say that now we are born into freedom; I tell you we are born into poverty like yourselves, and like you most of us will die in starvation or in the poorhouse. If the war of '61 was to save the Union, all right, but if it was to free the slaves it was a terrible blunder."

"But slaves might be whipped or even killed at their master's pleasure," objected one of his hearers.

DECORATION DAY PLANS.

Albert Jackson Post G. A. R. Concluding Arrangements for the Observance.

DEPUTY COLLECTOR GEORGE TUCKER TO BE THE PRINCIPAL SPEAKER.

Invitation Extended to All Civic Societies to Join the Old Soldiers in Their Efforts to Make the Celebration a Big Success.

DAY THE HERO DEAD ARE HONORED.

Members of Albert Jackson Post, G. A. R., are pushing ahead vigorously and perfecting their plans for the observance of Memorial day, which falls a week from today.

For some weeks back the post has had a committee which has given considerable time and attention to arranging for the coming celebration.

Whether it will be the equal of previous celebrations in point of size remains to be seen. The post itself is a small one and as there are at the present time no other military organizations in the city, it is doubtful if the procession can be made as imposing in point of numbers as it has been some other times.

Aid from one quarter has never yet failed, and to this quarter those who are working for the success of the observance again look. The reference is to the school children, whose budding patriotism impels them to turn out each Decoration day in large numbers and march behind the men who risked their lives for the perpetuation of the Union.

The day's celebration will begin with a parade, following which there will be exercises in the opera house.

revenue collector. A fine musical program is now being arranged. It has not yet been determined whether or not the stores will be asked to close for the entire day, but the probabilities are against it.

IN NARROW RANGE.

Coppers Tend to Sink but the Market is Very Narrow.

Yesterday's copper market was a very narrow one but the tendency of the movement was in a downward direction. There were a number of fractional declines but the only two stocks which moved a point or more went up.

London opened weaker this morning, spot off 12s. 6d. and futures off 16s.; closed spot unchanged and futures up 2s. 6d. Osceola directors declared a dividend of \$3 payable June 22 to stock of record May 28.

The grains moved within very narrow range yesterday and both wheat and corn closed at the same figures they did the night before.

"Grain markets were all dull and quiet today. Wheat not considerable attention from the fact that in the minds of the local trade everything hinged on the question of rain or no rain in the northwest.

Girls, if you wish to be a June bride with red lips, laughing eyes, a lovely complexion, take Rocky Mountain Tea this month. 35c. The Stafford Drug Co.

Senators and Congressmen Smoke Winecke & Doern's Chancellors.

reflected strongly in prices, particularly as corn looks good for a turn."

WILL VOTE FOR M'KINLEY.

Hon. Peter White Says Gold Democrats Will All Do So.

Hon. Peter White, who is in Detroit arranging for the convention of the American Historical society which will be held in that city next December, was interviewed by a reporter of the Detroit Journal on the attitude of the gold Democrats in the coming election.

"But I voted for McKinley and the Republican state ticket in '96," he said, "and I shall continue to vote the Republican ticket, state and national, though not actively associating myself with party politics. I wouldn't vote for Bryan if he was nominated on the Republican platform, even. I think generally, all over the state, the gold Democrats will vote the Republican ticket this fall—for Bryan is sure to be nominated by the Democratic party, which I think is going to the dogs—unless they will take to the timbers and not vote at all. It will be the '96 campaign and result all over again."

DOLLAR SUIT STILL ON.

Doctors Finish Their Testimony and Laymen Now At It.

The circuit court listened to expert testimony from medical men on the Dollar case for something over four hours yesterday, in which time six physicians who had participated in the examination of Dollar the night before told the court what they considered the extent of his injuries and the probable cause.

After all the physicians had been examined the court went ahead with the lax testimony in behalf of the city. Mayor Neidhart, ex-Street Commissioner McInosh, members of the council who were serving on the street committee at the time Dollar alleges he was injured, and others gave testimony tending to strengthen the contention of the city that he is not entitled to damages.

WHEN NATURE

Needs assistance it may be best to render it promptly, but one should remember to use even the most perfect remedies only when needed. The best and most simple and gentle remedy is the Syrup of Figs, manufactured by the California Fig Syrup Co.

For the best life, accident and health insurance on earth see our general agent, F. H. Vandenberg, room 401, Savings bank building, Marquette, Mich. The Aetna Life. (5-231w)
