There were seventy-five casualties among Hamilton's force to yesterday evening. The dispatch further states that a message has been received from Colonel Baden-Powell, at Mafeking, dated the 17th, saying: "After a small engagement yesterday with the Boers the northern and southern columns marched into Mafeking at nine this morning and the relief and defense forces combined and moved out and nearly captured Commandant Snyman, taking a gun and a large amount of ammunition. Five dead and fifteen wounded Boers were found. The enemy is retreating in all directions." A later official dispatch from Hong Spruit, also dated the 23d, says: "General French has crossed the Rhenoster river, northwest of here. This movement combined with Ian Hamilton's occupation of Heilbron, renders the Boer position twenty miles in the British front untenable. The latest reports, however, received say the burghers are prepared to make resistance and possess fifteen guns. Fifteen prisoners were taken today."

RENEWED ST. LOUIS RIOTING Shot from a Mob Kills a Policeman and a Child Sitting in Door of His Home Is Fatally Wounded by a Stray Bullet. St. Louis, May 23.—Renewed rioting and another fatality marked the progress of the street car strike on the St. Louis Transit company's system today. This afternoon a Cass avenue car was stopped at the corner of Twenty-third and Cass in order that a barricade place across the track be removed. A crowd of strike sympathizers attacked the car, firing a number of shots, one of which struck Policeman Duncan K. McKea, who was riding on the platform. He died on the way to hospital. A riot call brought a number of policemen, who soon restored order. Eddie Manz, aged three, was shot through the leg this afternoon. The boy was sitting on a door-step, when some other boys, who had been throwing stones at a Cass avenue car, ran up the alley near the house. A man supposed to be an emergency policeman on the car fired a shot at the fleeing boys, striking Manz in the leg near the hip. It is feared the wound will prove fatal.

ARMY CHIEFS' IDEAS IGNORED. ANTI-CANTEEN BILL IS ORDERED FAVORABLY REPORTED. Washington, May 23.—The anti-canteen bill, which has attracted widespread attention and against which the military authorities recently reported, was ordered favorably reported by the house committee on military affairs today with an amendment which will exclude liquor from the Capitol and other public buildings.

CUBA SCANDAL GROWS Fresh Charges to Be Preferred Against F. W. Neely. MORE FRAUDS DISCLOSED. Embezzlement of \$400,000 in the Sale of Surcharged Postage Stamps Unearthed. PAPERS SENT TO GOTHAM. [The disclosures of the frauds in Cuba were extensively debated in the senate yesterday. An account thereof is given on Page Four.] New York, May 23.—Papers today enroute from Washington to New York will result in preferring other charges against Charles F. W. Neely, now confined in the Ludlow street jail. It is ascertained that the papers were sent from Cuba to the department at Washington and charge the alleged defaulting postal employe with the embezzlement of a sum approximately four hundred thousand dollars. The alleged embezzlement consists in the conversion into cash of \$400,000 worth of "surcharged" Cuban postage stamps, which were ordered destroyed and were certified as having been destroyed by a committee appointed for that purpose and of which Neely was the head. The information comes from Edward K. Jones, special assistant to the United States attorney general in the Neely case.

HOUSE PASSES EXTRADITION BILL. FITS NEELY CASE AND HAS NO OPPOSITION SAVE IN ATTEMPT TO CHANGE ITS LANGUAGE. Washington, May 23.—The house today passed without division the extradition bill framed by the judiciary committee, but only after a debate in which considerable political rancor was aroused. There was no division of sentiment as to the duty of congress to pass the bill to permit the extradition of Neely, but the Democrats objected to the language of the bill, which covered "any foreign country or territory or part thereof occupied by the United States." The Democrats wanted the bill to apply specifically to Cuba, contending that the broader language assumed possibilities of further acquisitions by the United States of a character similar to that of Cuba. A motion to recommit with instructions to change the language was defeated by a strict party vote.

WAR TAXES TO STAND AWHILE. The house also adopted a resolution to allow the committee on ways and means to sit during the recess of congress for the purpose of framing a bill for a reduction of the war revenues, also a resolution for sine die adjournment on June 6. The Democrats insisted that congress should reduce the war taxes at present, but Mr. Payne, the majority leader, said the treasury figures showed that the refunding of bonds now going on would practically wipe out the surplus for this fiscal year. He contended that it would be unsafe to reduce the taxes at this time. Mr. Richardson, the minority leader, announced that he was in favor of the total repeal of the war tax on beer.

FEW CHINESE INOCULATED. NO CHANGE IN SAN FRANCISCO'S "PLAGUE" SITUATION—NO CASES. San Francisco, May 23.—The bubonic plague situation remains unchanged. No new cases are reported and none are known to exist in the city or state. A number of Chinese and Japanese were inoculated today. ASKS ORDER BE REVOKED. Washington, May 23.—The Chinese minister has received numerous telegrams from Chinese residents at San Francisco asking him to have revoked the order that they be inoculated with anti-plague serum. The minister has asked the surgeon general of the marine hospital service to have the inoculation stopped, and a promise was made to bring the matter to the attention of the treasury department.

HAWAIIAN PLANTERS UNITE. WANT BETTER PRICES FOR THEIR SUGAR CROP FROM THE TRUST. Honolulu, May 15, via San Francisco, May 23.—The contract of the sugar planters of the Hawaiian islands with the sugar trust for the sale of the trust of the island crop expires Sept. 30 this year. All the plantations and agencies have united in a committee to make a contract for the sale of the crops for three or five years. Under the old contract the price to be paid for sugar delivered at the Atlantic seaboard was the New York price of sugar the day the vessel bringing a cargo arrived, less one-tenth of 1 cent a pound. The San Francisco price was to be the New York price of the day of arrival, less three-eighths of 1 cent a pound, payment to be made ten days after the arrival of the cargo. The agencies and plantations are said to be in splendid condition to stand out for good terms.

Buller keeps on finding Boer "traps." One would suppose that he has had sufficient experience with ambushes to be able to recognize one when he sees it, but he continues to walk into them as unsuspectingly as ever.

Intervention is not popular at Washington. The president declines to intervene in order to help the Boers out of a scrape, and in the Kentucky election case the supreme court found that it had no business to interfere in order to prevent Taylor from being ousted from the governorship by the action of the state legislature and courts.

The Sutton case is dragging out tiresomely, still it has furnished some pleasant disclosures of the way the military board did business. It was a wonderfully generous board with the state's money, which was thrown about among its members and their favorites quite lavishly.

Admiral and Mrs. Dewey are at home once more, but the newspaper fiends are not getting much out of the admiral since he returned from his tour in the west and south. He has probably progressed far enough as a student of politics to know that a candidate for office can talk too much for publication.

The Boston Advertiser calls the attention of American manufacturers to the fact that within the past fortnight contracts in South American countries amounting to about \$1,000,000 on which American firms had submitted bids have been awarded to English and German bidders because they offered to use better material and do the work at lower prices than their competitors in the United States.

The British premier and the Irish Nationalist leaders play into one another's hands beautifully for the not very commendable purpose of keeping alive the hateful antipathy which prevents English and Irish people from getting along comfortably at home.

It is an extraordinary fact that Great Britain and its Australian colonies are disagreeing on points very similar to those which led up to Great Britain's break with the Transvaal. The proposed constitution of the Australian colonies provides that there shall be no appeal from the supreme court of the federated colonies to the privy council of Great Britain.

The New York Shareholder has this discriminating comment on Lord Salisbury's speech declaring the policy of Great Britain toward her dependencies: Joseph Chamberlain a short time ago was criticised for his frankness. He simply stated that English interests required that England should control the whole of Africa. Lord Salisbury now comes forward with a speech which also in some quarters will be criticised for its frankness.

It is more than likely that the national guard of Michigan will have to get along without an encampment this year unless the soldiers are willing to waive their per diem. Quartermaster General Atkinson explains why this is so in the following statement: When I took charge of military affairs during the early part of this year I found that the military department without funds, our annual appropriation is \$86,000, but it was not available until July 1.

LOOKS FOR RISING VALUES. The Boston News Bureau is of the opinion that values have touched bottom, and that basic conditions are favorable to an advance rather than a further recession.

ADMIRAL WALKER'S COMMISSION. The senate committee on interoceanic canals had Admiral Walker before it a few days ago, ostensibly to obtain information as to the findings of his commission, but really in order to serve notice on the admiral in an indirect way that the commission would have to get some motion on itself, so as not to keep the canal project held too long in abeyance awaiting its report.

Wanted to ascertain which is the better route, and that it might be able to submit a report next November. Being pressed by the senator, the admiral said in his most dignified manner: "We are not in possession of our Nicaragua data. We have a portion of our Nicaragua data as to cuts and embankments and location of locks. The location of dams is yet to come, and for us to give a decision today, senator would be exactly like a judge on the bench deciding a case before the evidence was in, before he has heard the evidence."

EVILS OF THE COLONIAL SYSTEM. He simply stated that English interests required that England should control the whole of Africa.

OF men for the defense of the imperial government. But the colonies do not want. They would prefer to remain as heretofore, under the wing of Great Britain without assuming any responsibility in return for the protection.

Looking at the relations of Australia and Great Britain and considering the feeling that exists against a "closer union" in Canada, it must be said that the British empire is held together by an exceedingly slender thread, so far as legal ties are concerned, although by an exceedingly strong bond in matters of sentiment.—Chicago Record.

FALLS CITY BOAT AND THE NEW COUNTRY CLUBS TO REMAIN SEPARATE ORGANIZATIONS.

The conference committees from the Boat club and Country club have had a meeting and it was decided by the Country club that it would be impossible for financial reasons to combine the two clubs at present.

While the Boat club offered to sell out for about one-fifth value it was found that the moving of the house would alone cost about \$50. The Country club decided after getting these figures to go it alone and already has men at work clearing the grounds.

The committee has also sent out articles of association and by-laws to many of the citizens desiring as members and the number wanted and called for by the limit of the by-laws is being rapidly acquired. The organization is one which every good citizen should aid if his means will allow, for the Soo is very much lacking in resorts of this kind where out-of-town visitors can be entertained.

The governors elected are: J. N. Goltra, D. A. Whitney, M. J. Magee, one year; Otto Fowle, Joseph Ripley, C. C. Churchill, two years; H. Von Schon, B. J. Clergue, E. S. B. Sutton, three years. The officers chosen for the fiscal year by the board of governors are: H. Von Schon, president; B. J. Clergue, vice president; Otto Fowle, treasurer; and Creighton Churchill, secretary.

FIRST BALLOT SETTLES IT.

DR. NOBLE OF CALIFORNIA IS CHOSEN PERMANENT CLERK BY THE PRESBYTERIANS.

St. Louis, May 23.—Advancement was made in the work of the Presbyterian general assembly today by the adoption of the report of the committee on bills and overtures, asking the Presbyteries what action they desire to be taken, if any, in the revision of the creed, and in the election of Dr. William B. Noble as permanent clerk.

During the afternoon session speakers for and against revision occupied the floor. A friendly spirit prevailed. The adoption of the report of the committee on bills and overtures relating to the appointment of a revision committee by the assembly was received with great satisfaction, while scarcely less enthusiasm was manifested during the election of the permanent clerk.

DOINGS IN DETAIL.

Discussion of the report of the committee on foreign missions occupied the time of the morning session of the general assembly. Rev. Charles C. Hall, chairman, read the report, concluding with the request that the assembly select the following members of the foreign mission board whose terms expire with the presentation of the report: Rev. Booth Richards Fox, Hon. Darwin K. James, Scott Fisher, W. T. Stevenson and Rev. M. Davis. The report as a whole was approved.

A communication was read by Dr. McKibben, chairman of the judicial committee, from Rev. Dr. Birch, appellant in the McGiffert case, to the effect that that heresy case was forever closed.

After recess by almost a unanimous vote, the report of the committee on bills and overtures providing for a committee of fifteen to inquire of the Presbyteries their views as to revision of the confession of faith was adopted. This committee will report at the next general assembly. Rev. Dr. Charles A. Dickey, moderator of the assembly, was appointed chairman of the committee.

Rev. W. D. Noble, D. D., of California was elected permanent clerk on the first ballot.

CANADIAN HOUSE COMMITTEE CONSIDERS BILL FOR 40 BOATS.

Ottawa, Ont., May 23.—The new lake fleet of the Canadian National Railway & Transportation company, promoted by Americans, to ply on the Canadian route, for which provision is made in the bill further discussed in house committee today, is as follows: Eight steamers for the upper lakes, plying between the western ports of shipment and Collingwood, to cost \$195,000 each; thirty-two steamers for the lower lakes, to run between Toronto and Montreal, to cost \$95,250 each. Progress was made with the bill, which is expected to eventually stand over till the next meeting of the committee, to allow the minister of railways and canals to prepare a clause giving power to the government to expropriate the company should it be so desired.

KANSAS DECLARES FOR BRYAN. ALSO WANTS A MAN FOR SECOND PLACE WHO STANDS SQUARELY ON THE CHICAGO PLATFORM.

Wichita, Kan., May 23.—The state Democratic convention to elect delegates to the national convention assembled in this city today and adopted resolutions that endorse the platform of 1896, oppose gold monometallism, favor the restoration of bimetalism as it existed prior to the demonetization of 1873, denounce imperialism and militarism, adhere to the doctrine of peace against entangling foreign alliances and denounce the Republican financial policy, protective tariff system and trusts.

The resolutions also bind the delegates not only to support Bryan for president, but also to support for the vice president only a man who now is and was in 1896 in sympathy with the Chicago platform.

These are the delegates-at-large: J. A. Johnson, David Overmeyer, James N. Pike, John H. Atwood, D. S. C. Brandenburg and H. W. Stewart.

GUILTY OFFICIALS TO BE PUNISHED.

President Determined That None of the Wrong-Doers in Cuba Shall Escape.

INSTRUCTS FOR SEARCHING INVESTIGATION AND SUMMARY ACTION.

ORDERS TO THAT EFFECT ARE MADE PUBLIC IN THE SENATE.

Shows the Administration Has Adopted a Vigorous Course in the Postal Frauds and Does Not Need Prodding from the Democrats.

MATTER PLACED IN BRISTOW'S HANDS.

Washington, May 23.—This was a day of rasping political controversy and oratory in the senate. What by far-sighted senators is regarded as likely to be the paramount issue of the approaching national campaign was the subject of two notable speeches—one by Senator Platt of Connecticut and the other by Senator Spooner of Wisconsin. The former was an answer to the speech delivered a few days ago by Senator Bacon of Georgia on his resolution demanding an investigation of financial affairs in Cuba. Senator Platt favored the adoption of the resolution, but deprecated what he declared was a cheap effort to make political capital out of a shameful condition of affairs which the Republican party needed no prodding to induce to probe to the bottom.

The speech of Senator Spooner was in continuation of his address of yesterday on the Philippine question. In its course he became involved in a heated and sensational colloquy with Senator Hale of Maine over the government's conduct of affairs in our "insular possessions."

INFORMATION CALLED FOR. At the close of routine business in the senate today, Senator Morgan of Alabama called up his resolution calling upon the secretary of war and the secretary of the navy for information relative to the cost of the transportation of troops and supplies to the Philippines; it was agreed to.

The resolution previously offered by Senator Bacon of Georgia directing the committee on relations with Cuba to make an investigation regarding the receipts and expenditure of money in Cuba was called up.

Senator Platt of Connecticut, chairman of the committee on relations with Cuba, said the recent disclosures in Cuba were a blow to every true citizen of the United States and that neither the administration nor the committee on relations with Cuba need any prodding from the opposition party to induce them to make a most searching investigation and to use every effort to punish summarily any person guilty of wrong-doing or fraud in the island of Cuba. He proposed to show that President McKinley had demonstrated that no guilty man in these Cuban frauds shall escape.

PLAIN INSTRUCTIONS GIVEN.

Senator Platt said congress could not well interfere with the investigation instituted by the postmaster general. He read a letter from Postmaster General Smith to Fourth Assistant Postmaster General Bristow, who is charged with conducting the investigation. It is, in part, as follows:

"Washington, May 16, 'Hon. Joseph L. Bristow, Fourth Assistant Postmaster General: 'Sir—Supplementing your letter of May 12 directing you to proceed at once to Cuba, the following further instructions are given for your guidance: 'You will immediately on your arrival at Havana confer freely with General Wood, military governor, and cooperate with him both in the investigation of irregularities in the postal service in Cuba and in any measures for the reorganization of the system undertaken. 'The examination by the inspectors already provided for, will begin before your arrival. You will assume general and entire supervision of the postal service and enforce the instructions, heretofore given, that it be of the most searching and thorough character. 'Besides supervising the investigation in co-operation with the military governor, it will be your duty to examine the organization of the postal service, with its system of checks and balances, and report what greater or additional safeguards can be provided. 'Under the system established at the beginning of the American occupation of Cuba, the administrative side of the service was placed under the control of this department and the auditing or checking side under the control of another. This is the system of the United States government. 'The irregularities and peculations brought to light were apparently accomplished because the officers appointed by and responsible to the different departments, who should have been a check upon each other, entered into a collusion and conspiracy to perpetrate these wrongs on one side and pass and cover them up on the other. 'You will carefully investigate by what defects of supervision or otherwise they were consummated and what further measures of protection in passing and auditing the accounts and public funds property may be needed. 'It is desired also that the central organization of the postal service in

Cuba receive your special attention. It is desired to bring the postal expenditures within the postal revenues as far as consistent with the obligation providing satisfactory mail service.

PRESIDENT DEEPLY SHOCKED. 'Your presence in Cuba as representative of the department makes you ranking officer of the postal administration, and you will consider and advise what removal or other action may be required in the cause of justice, for the interest of the government and people of Cuba and for the welfare of the service. 'You are chosen for this duty with the approval of the president, who is deeply shocked at the shameful betrayal of trust on the part of officials in whom confidence had been placed and who directs that in dealing with all irregularities which have been or may be disclosed the sole rule of action be thoroughness and complete investigation and their swift and condign punishment. 'You will communicate these instructions to General Wood, keeping him fully informed as you proceed and reporting regularly to the department. 'Signed Charles Emory Smith, 'Postmaster General.'

ABOUT THAT MILITARY ROAD. Senator Tillman asked Senator Platt in regard to the charges about the seven-mile military road near Havana, saying that he could supply witnesses if an investigation should be made.

Senator Platt said this road had been built in haste by the quartermaster of the army and cost \$187,000. Senator Bacon said his information was that the cost of this road had been enormous and he expected to prove this before the investigations were concluded.

Senator Platt charged that Senator Platt's accusations were made for campaign purposes. Continuing, Senator Platt said the postal officials had been selected with great care notwithstanding the subsequent unfortunate developments. He said that Director of Posts Rathbone had been chosen because of his knowledge of the postoffice business. If he had been guilty of misconduct it was not the first time that a good man had gone wrong. As for Nayley, he had the confidence of all who knew him. No one could know how it had happened he had gone wrong.

BACON'S FIGURES GARBLED. Senator Platt expressed his willingness for a congressional investigation of Cuban affairs. He declared the figures used by Senator Bacon in his recent speech unfair, as he had contrasted the whole expenses of Cuba with the expenses of states, ignoring the separate municipal expenses of states.

Senator Bacon said he had not ignored them. Shortly before 3 o'clock Senator Platt concluded and the resolution went over. The Philippine bill was taken up and Senator Morgan offered an amendment granting the residents of the islands all the privileges extended by the Constitution, and also extending the United States customs and coinage laws to the islands.

The conference report on the army appropriation bill was agreed to. Senator Spooner of Wisconsin resumed his speech on the Philippine question begun yesterday. Incidentally he referred to the situation in Cuba and our responsibility there.

Senator Hale of Maine interrupted and said that in view of what had happened in Cuba it would have been better had we abandoned it.

Senator Spooner, replying, said: 'That is a matter of opinion. In the case I put, I believe we should have taken Cuba and held it, giving to the people of Cuba what they never had in the hands of individual liberty and good government.'

REGIME OF FRAUD SAYS HALE. 'The senator has more confidence in the government. I am sure we are trying today of teaching the people of Cuba honesty and good government. I think we had been better off if we had not taught them the lesson taught in the last few months—a lesson of fraud, peculation, cheating, corruption and dishonesty. I do not think the experiment has been a failure. I would vote tomorrow to withdraw from Cuba and leave the people to establish and maintain their own government. The time will come when the Republicans will be glad when we get out of this thing without worse things happening than are now.'

What does the senator mean,' demanded Senator Spooner, 'when he speaks in general terms of fraud and corruption?'

I mean the things disclosed,' replied Senator Hale. 'The bill of particularization has failed miserably. It is not the administration at fault; it is the natural result. There never has been an instance of setting up a supreme government in a colony dependency that has not been attended with precisely the things we have seen in Cuba. I believe colonial dependencies would result in precisely what has occurred. I am glad to see the administration trying to guard it, but I do not want anybody to say it is an unexpected thing.'

Spencer—Has the senator any suspicion that the pledge made in the resolution passed by congress as to the temporary character of our occupation in Cuba will not be kept?'

HAS GRAVE SUSPICIONS. Hale—I have grave suspicions. I think there are powerful influences in this country, largely speculative, connected with money-making enterprises determined that we never give up Cuba. I think the time will never come unless something earnest and drastic is done by congress and that the last soldier of the United States be withdrawn from Cuba. I do not believe the president favors holding Cuba.

Spencer—If I were inclined to doubt for one moment that the United States government would seasonably withdraw from Cuba, I would be ashamed of my action. This is the government of an hour. When the senator expresses fear that the people's desire to keep the pledge of this government will be allowed to slumber by the voice of commercialism, he degrades the people and under-estimates their integrity.

BRYAN'S NAME BROUGHT IN. Senator Spooner said that if Bryan ever became president of the United States he believed he would appoint men to proceed to Cuba and other island possessions just as President McKinley

OVER \$4,000,000 TACKLED ON SENATE COMMITTEE RAISES BILL AMOUNT CARRIED BY THE SUNDRY CIVIL BILL.

Washington, May 23.—The senate committee on appropriations today reported the sundry civil appropriation bill. As amended by the committee the net increase is \$4,645,000 as the bill passed the house. The principal item of the increase is \$2,750,000 for the improvement of the Mississippi river, \$2,500,000 to be expended below the mouth of the Ohio. The industrial commission is continued until Oct. 31, 1901, and \$122,000 appropriated for its expenses. The total of the appropriations reported is \$65,903,339.

CHICAGO GRAIN MARKETS.

Chicago, May 23.—Wheat was uninteresting early in the session today, but later became fairly active, the range being about 1/2 cent. A rather firm tone was generally manifested and the close showed May 1/2 cent higher and July 1/4 cent. The feeling at the start was inclined to weakness, owing to scattered rains in the Northwest, but the selling was in no way pronounced. The cables were firm and the foreign news net of a character to encourage short selling and rather offset the precipitation through the spring wheat belt. New York reported twenty-one boatloads accepted. Commission houses led in the buying, a portion of which was credited to New York. The selling was chiefly professional.

In corn, there was a good trade and a stronger tone to the market, the buying being better than for several days. The close of May was 1/2 cent and July 1/4 cent higher. Firm cables, light receipts and small country acceptances were among the bull influences, also liberal local shipments. Heavy clearings at the seaboard also had a strengthening tendency. Spot at Liverpool was unchanged, while futures were up 1/4 cent. The feature was decreased offerings and a better demand from professional and bull leaders. New York reported sixty-five boatloads accepted.

Oats were rather quiet and steady early, but advanced in sympathy with wheat and corn and closed 1/2 cent higher. May at one time advanced to 1/4 cent over July on little buying, as the offerings were light, but at the close both of the months sold at the same price. The leading futures ranged:

Table with columns: Opening, Highest, Lowest, Closing. Rows for May Wheat and May Corn.

The day's movement of flour and grain: Receipts, Shipments. Flour, barrels, 20,000, 12,000; Wheat, bushels, 59,000, 81,000; Corn, bushels, 152,000, 498,000; Oats, bushels, 317,000, 265,000.

WALL STREET STOCKS.

New York, May 23.—An effort was made today to repeat yesterday's hope by demonstration in Sugar in the belief that the trader would find a sufficient price movement in that stock to yield profits on the day's turn, but the stock developed its customary obstinacy and refused to advance to any marked extent or to hold what moderate gain was made. Its extreme range was 2 1/2 points and it closed with a net loss of 3/4 cent. The American company and yesterday left the market without support, and the buying did not extend much beyond the ranks of the professional bulls. In spite of the announcement of a further advance of 10 cents per hundred pounds in refined sugar made by the American company and followed by the other refiners gave color to the persistent assertion that a working agreement had been arrived at between the rival companies.

American Tobacco made a further advance today, which was better held than that of Sugar, and the price of Brooklyn Transit was bid up sharply when large buying orders were detected in the stock. In the general list there was some show of firmness early in the day, but it was not well held in any case. The Pacifics made the best show of strength in the markets, especially Northern Pacific, which was affected by rumors of an increased dividend rate and was benefitted also by timely rains in the Northwestern wheat country.

Closing prices were as follows, Paine, Webber & Co., supplying the figures: Am. Zinc, 124 1/2; U. S. Oil, 15 1/2; Cent. Oil, 13 1/2; Bell Phone, 210 1/2; Erie Phone, 101 1/2; Bonz, 12 1/4; Sa. METAL PRICES.

New York, May 23.—There was considerable weakness developed in the market for metals today. Lake copper was a shade easier, in sympathy with unfavorable cables, closing easy at 16 1/2 cents. Pig iron warrants were very weak (no quotations given).

Terre Haute, Ind., May 23.-Nine persons were painfully and several more slightly injured tonight at a performance of the Buckskin Bill Wild West company by the accidental discharge of a shotgun in the hands of Elmer Mendenhall, one of the performers, engaged in fancy shooting. None of the injuries are fatal.

A LOST TRIBE OF ESKIMO. A Fragment of the Human Race Isolated for Centuries Discovered on a Remote Island of Hudson Bay.

The strangest anthropological "find" recorded in the last decade of the nineteenth century will soon be announced by the American Museum of National History, says the Washington Post. It is nothing less than the discovery, on a lonely island in Hudson bay, of a lost tribe of Eskimo-a community which has been without intercourse with other representatives of the human species for centuries and whose members never saw a white man until a few months ago.

land 600 years ago. Winters grew colder, and one unprecedentedly severe season following another, the small community of squatters in that icy region was walled in by frozen fields along the shore and the heaping up of mighty ice cliffs, through which there was no passage and over which it was impossible to climb.

The Pueblo Bonito, where the discovery referred to was made, is the largest of the many prehistoric ruined cities found in that part of the country. No attempts at excavation were ever made there until last summer, when Mr. Pepper started digging operations, one result of which was the partial uncovering of a nest of human habitations that is certainly pre-Columbian, and in all probability vastly older than this term would imply.

Some fragments of skeletons, but no mummies, were found in the pueblo, percolating water had probably destroyed many of the latter that existed. Bushes of turquoise were unearthed, and a good many little frogs of turquoise mosaic, which may have been used for ceremonial purposes. Nobody knows where those vanished folk got their turquoise, but the original mining works for that kind of stone have been discovered not very far away.

Charles Henry of Blissfield was shot and seriously wounded late Monday night at Chattanooga, Tenn., by C. R. Dalby, who is connected with the railway mail service and adjutant of the first battalion of the Tennessee national guard. It is said the shooting resulted from a domestic difficulty. Both men were arrested. Henry will recover.

A young fellow who hired a livery rig at Bay City drove the horse until it dropped from exhaustion, and then brutally beat it as it lay on the pavement. The owner of the livery heard of the occurrence, and when the fellow returned with the rig gave him a good thrashing with his own medicine by applying a horsewhip with no small force to the brute's back and legs until he was glad to run away.

Save Your Fruit. However few fruit-bearing shrubs or trees you have, you want them to bear. Sound fruit and plenty of it is best insured by proper spraying. For instance, current bushes are apt to be fairly stripped by worms if neglected, while a little pure White Hellebore will entirely protect them. Whether you have one bush or an orchard, we can tell you what to spray with and how to use it. Can also help you to defend your roses and other flowering shrubs. Come in and see us about it. We furnish the very finest grade of Hellebore, and all other spraying material at right prices.

H. L. Cooper, Interior Decorator. Look for the Warning. Heart disease kills suddenly, but never without warning. The warning may be faint and brief, but may be startling and extend for many years, but they are none the less certain and positive. Too often the victim is deceived by the thought, it will pass away. Alas, it never passes away voluntarily. Once installed, heart disease never gets better of itself. If Dr. Miles' Heart Cure is used in the early stages recovery is absolutely certain in every case where its use is persisted in. "For many years I was a great sufferer from heart disease before I finally found relief. I was subject to fainting and sinking spells, fullness about the heart, and was unable to attend to my household duties. I tried nearly every remedy that was recommended to me and doctored with the leading physicians of this section but obtained no help until I began taking Dr. Miles' Heart Cure. It has done me more good than all the medicine I ever took."

WOMEN FOR ENGLISH OFFICES. London, May 23.-Notwithstanding the government opposition, the second reading of the bill to enable women to be elected aldermen and councillors in certain classes of boroughs was carried in the house of commons today by a vote of 248 to 129. BILLY WEST'S MINSTRELS. Duluth News-Tribune Speaks Well of the Performance. The News-Tribune of Duluth, in which city William H. West's minstrel's appeared this week, has the following to say of the company and the performance:

ASSSETS NIT. A petition in bankruptcy was filed here in the United States court yesterday by Joel Robinson of Gladstone. Mr. Robinson's petition is peculiar in that it is the first of the many which have been entered here since the bankruptcy law went into effect in which the petitioner did not schedule some assets. According to the petition Mr. Robinson has absolutely none. His liabilities amount to \$1,755. From the list of firms entered as creditors it appears that he either is or has been the proprietor of a general store.

PRIZES FOR 1900.

CLEVELAND-CLIFFS IRON COMPANY WILL CONTINUE ITS AWARDS FOR BEST KEPT PREMISES AND HOME GARDENING.

The Cleveland-Cliffs Iron company has issued a circular containing information concerning the prizes which it offers annually for its tenants who show the best kept premises, the best examples of vine planting and the finest window box gardens. The aggregate of the prizes is \$125. Dwellers on the property of the Cleveland-Cliffs Iron company in the Hard Ore, Barnum, Salisbury, Marquette, Junction, Bancroft, Nebraska and North locations, and in the 1st and 2nd additions to the city of Ishpeming, are eligible to competition. A committee of well known citizens will make examinations of the different lots from time to time and the awards will be published on or before Oct. 1.

Twelve prizes for the best kept premises aggregating \$148 will be distributed as follows: Four first prizes, \$15 each; four second prizes, \$12 each; four third prizes \$10 each. In making these awards the cleanliness and general appearance of lawns, houses, fences, walks, back yards, flower and vegetable gardens will be considered.

Four prizes will be offered for vine planting as follows: First, \$10; second, \$8; third, \$7, and fourth, \$5. The artistic planting, arrangement and training of vines on houses, porches, outbuildings, fences and arbors will be considered.

The window box gardening contest will be open to all the women for the most attractive window box effects, arrangement, design and condition of the plants to be considered. The prizes will be \$7, \$6, \$4 and \$3.

The Cleveland-Cliffs company requests parties desiring to enter the competition to file their names at the general office not later than June 10. A prize winner of last year is not eligible for competition for the same prizes this year. He may compete for a higher prize, however, or enter the general competition in other classes. All persons entering the competition may obtain plants and shrubs from the Negaunee nursery and greenhouses at reduced prices.

FIREMEN'S MEMORIAL SUNDAY.

THEY WILL HONOR THE MEMORY OF THEIR DEAD COMRADES JUNE 3RD.

On Sunday, June 3, the members of the Ishpeming fire department will honor the memory of their departed brethren. One day each year is set aside for this purpose, and its observance has grown to be a sacred duty.

This year the department will attend service at the Grand Episcopal church in the morning. In the afternoon the members will go to Negaunee in a body, where the grave of a deceased fireman who at one time was enrolled in the Ishpeming department will be made beautiful with blossoms. Returning to the city, the firemen will march to the cemeteries, where the bodies of seven deceased members of the department lie at rest.

The department will probably participate in the Decoration Day observance on May 30. An invitation to assist in carrying out the program has been received from Charles Thomas, pastor of the G. A. R. It will be considered Saturday evening at the regular department meeting and will doubtless be accepted. At this session important matters concerning the next meeting of the Upper Peninsula Firemen's association at Calumet will come up for discussion and action.

ASSAULTED GUEST SALO.

Four Ishpeming boys, Albert Denn, Steve Tomam and two brothers named Chapman, were tried in Justice Donahoe's court yesterday afternoon on the charge of assaulting a young Finn, Gust Salo. The accused were all about sixteen years of age, the complainant being seventeen. The row occurred opposite Lindberg & Hall's shop on Second street shortly before seven o'clock Tuesday evening. It is said that the assault on Salo was unprovoked. Certain it is that he was a severe sufferer in the melee. His head was badly cut. The fracas lasted only a few minutes but a big crowd collected. Marshal Farn was near the scene of the fray but the boys took advantage of the crowd and made their escape before he could seize them. They were known, however, and with no loss of time they were rounded up and corralled in the lockup. They did not remain in jail, as bail was given for their appearance at the hearing.

County Agent Blanchard came out to attend the trial and at his suggestion the pugnacious youths were let off with a reprimand and lectures, and on their promise not to do so any more, this being their first offense.

"FORTUNE FAVORS THE BRAVE." It is also favorable to those who purify their blood in the spring by taking America's Greatest Spring Medicine, Hood's Sarsaparilla. A clear head and a healthy body are given by its use.

ISHPEMING IN BRIEF.

F. H. Vandenberg of Marquette was here yesterday.

Mrs. Captain McGuire of Marquette was here yesterday.

Sam Blumenthal was up the line on a fishing trip Tuesday. He made a nice catch.

Fred Peterson expects to go to Milwaukee for a couple of days' visit Saturday morning.

Mr. and Mrs. P. F. Small are rejoicing over the arrival of a son, born Tuesday evening.

Joseph Sellwood of Duluth, superintendent for the American Steel and Wire company, was here yesterday.

Matt Bright is resting for a couple of days. He strained himself handling lumber in Read & Co.'s Negaunee yards.

Purchasing Agent Mace of the Oliver Iron company was here yesterday visiting the offices of the Lake Superior Iron company.

A number of Ishpeming people intend to go to Marquette this evening to witness the performance given by West's big minstrel company.

Nels Mowick expects to leave for Seattle about June 1. He hopes to obtain passage on a steamer which sails for Cape Nome June 8.

W. T. Cole shipped an eighty-six foot smokestack, diameter three feet six inches, to the Champion Iron company Tuesday. It weighed four and a half tons.

Mrs. C. A. Violet arrived home from a visit in Milwaukee Tuesday morning. She was accompanied by Mr. Violet's sister, Mrs. H. L. Marshall, who will be here several days.

Dr. George Beach came down from Champion Tuesday evening. Yesterday he went fishing on the Escanaba river. C. T. Fairbairn, G. G. Johnston and Dr. Kean making up the party.

Assessor Quinn states that taxes will be light this year. They may be as low as 1 per cent. The increase in valuation of Ishpeming realty will not tend to make individual taxes higher.

The Ishpeming branch of the Grand Union Tea store has received a new team of fine delivery horses for use here. They were shipped to Marquette by boat and were driven up to Ishpeming.

Tickets for "Have You Seen Smith?" will be paged on Saturday. It is a clean farce comedy. The company producing it is just returning from a very successful tour of the Pacific coast.

The feast of the Ascension will be observed at Grace Episcopal church today by a celebration of the Holy Eucharist at 9 a. m. and by a choral evensong at 7:30 p. m., when appropriate music will be rendered.

The Republic baseball team will cross bats with the Ishpeming aggregation at Union Park next Sunday. A red hot contest is anticipated, as the Republic men will endeavor to retrieve their defeat of Sunday last.

The Cleveland-Cliffs Iron company has a force of men busy cleaning up the Barnum location around the new boarding house and the neighboring streets. The work is greatly improving the appearance of the locality.

Miss Anna Mullins and Harry Veltman of Hancock were married Monday evening at Rev. J. M. Langston's residence. They left for Hancock which will be their future home Tuesday. The bride is well known here.

Delays in the shipment of machinery are annoying Manager Dalton of the Dalton Packing company. It will not be possible to do the first killing for a couple of weeks. One consignment of material is expected in a couple of days.

The aldermen finished their first late-noon session yesterday. An adjournment until next Monday was taken, on which date the public will be given an opportunity to register any complaints that may be forthcoming.

Members of the Ishpeming Alumni association are already figuring on the annual dance which is to be tendered the graduating class of the high school. It will be held one evening of commencement week. The function will be more elaborate than usual this year.

A coroner's jury empaneled to investigate the death of the young lad who was drowned in an abandoned pit at the Cleveland location Monday evening will meet this afternoon at Con Kennedy's office. The funeral of the deceased was held yesterday.

Fred and Charles Fuller, of this past season's residents of the Ishpeming section, left for their home in Berne, Switzerland, the early part of this week. They will also visit the Paris exposition. They are steady young men, who enjoyed quite an extended acquaintance here.

The Mining Journal erred in naming James Murphy of New York as one of the party of drill men who will soon sail for Ashanti, Africa. James Kennedy is the person under contract. The men will leave Chicago May 30. James Scanlon left for there yesterday and Len Toutloff departs today.

Captain Mike Nugent desires to meet at Union Park on Saturday at 2 o'clock p. m. all the young boys between the ages of eight and seventeen years who are willing to be drilled in military evolutions for an appearance in the Woodmen parade here June 25. He will start drilling the available material at once.

The census enumerators for Ishpeming have received their blanks, also the badges which will designate their office, and are ready to begin work June 1. Their instructions embody a particular warning against making public the results of their enumeration. If they are lax in this respect they will be punished, probably by fines.

Fred Peterson has given up his position at the Nelson house. For the past couple of years he has been connected with the hotel in various capacities. He will probably leave Ishpeming, although he has not definitely decided just what he will do. Fred has many friends here who will regret his retirement from the position he has held at the Nelson. He has a wide acquaintance with the people who travel this section and is a thorough hotel man.

STORY OF A SLAVE.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle-working medicine is a god-send to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by The Stafford Drug Co.

CHAMPION.

STARTED TO SHIP LOGS.

BAY SHORE LUMBER COMPANY SENDING ITS WINTER'S CUT TO MENOMINEE.

The Bay Shore Lumber company of Menominee has the greater portion of the 5,000,000 feet of logs cut west of here along the bank of the Peacokee river in the boom at Lake Michigan. The boom is quite full and would not hold many more logs than have been crowded into it. The last of the timber is in the mouth of the river and will be worked into the boom as fast as there is room for it.

Shipment of the logs to Menominee was started this week. Eighteen carloads were forwarded Monday. The company counts on sending out twenty-five carloads daily until all the logs are shipped. It will take until about August to ship all the lumber, though it will be cleared out before that time if all the cars needed are available.

The company is employing quite a force of men at the boom. Most of the drivers were let go a few days since. Nearly all employed there now will be kept busy until the timber has been sent to its destination.

GOING TO THE PICNICS.

The Scandinavian society of Champion has accepted an invitation to attend a picnic to be given at Negaunee on Saturday, June 23. The local French society will attend the picnic at Marquette the following Monday and the Woodmen will go to Ishpeming the same day. There will be very few left at home Monday as both celebrations down the line are going to be unusually attractive. At the Woodmen's meeting one of the finest parades ever seen in this section has been planned and a number of other features are also promised.

A BALL TEAM ORGANIZED.

The baseball enthusiasts of Champion have caught the craze and will be heard from during the season. There are several good players here and the boys expect to hold their own against the teams at Ishpeming, Republic and Michigan. Albin Christianson is manager of the team and Charles Carter has been chosen captain.

About seventy-five of the local fans took in the game between the Ishpeming and Republic teams at Republic Sunday last. They had a good time, all enjoying the game greatly.

WILL BE SETTLED NEXT WEEK.

The Champion Co-operative society's new store will be ready for occupancy by the end of this week. The place is a model of neatness. The fixtures are the finest money can buy and when all are in position it will be hard to find a more attractive store anywhere.

Most of the fixtures for the meat market have arrived, but the part of the store outfit is still to come. Moving the stock will be started soon and it is expected that within ten days all branches of the society's business will be conducted at the new stand.

THE GROUND WENT DOWN.

A cave-in from surface occurred at the old workings of the Champion mine the latter part of last week. There is now quite a hole near the abandoned shaft opposite the office. It is possible that more ground, taking in a part of the road, may go down soon, as there are some cracks there. The drop in the ground does not affect the work on surface or under ground in any way.

COMMENCEMENT JUNE 29.

The commencement exercises of the schools will take place on the evening of Wednesday, the 29th of June. A fine program is being arranged. It will consist of orations by the graduates and musical numbers by the very best talent in town, including choruses by the high school. The entertainment will be given in the town hall. All will be made welcome.

DIED OF CONSUMPTION.

Arthur Beatty, a young man who has relatives in Champion, died last Saturday night of quick consumption at his home in Humboldt. He was twenty-two years of age and leaves a young widow. The funeral was held Monday morning, with interment in the cemetery at Republic.

PENCIL POINTS.

Ed Johnson spent Sunday with his folks at Ishpeming.

John Larson of Green Bay spent Sunday with his folks in Champion.

Mr. and Mrs. Charles Kinsman spent Sunday with Ishpeming friends.

Mrs. F. Duhaime visited her daughter, Mrs. D. H. Mullyah at Marquette Sunday.

Champion will be well represented at the B. R. T. hall at Marquette Friday night.

Upper Peninsula News.

Thomas Sullivan has taken a job in Ishpeming and will soon move his family down there.

Joseph Cardinel has taken a contract to drive the men employed at the North mine to and from the property daily.

Archie Laforest of Champion and Mrs. S. Beauchamp of Humboldt are to be united in marriage at an early date not yet announced.

Surveyors in the employ of the Chicago & Northwestern Railway company have been busy out near the North mine during the week.

John Sullivan, who recently left here for Green Bay, came up Sunday and spent the day with old friends. He is in the employ of the C. M. & St. P. Ry company there.

A son of Arthur Beatty of Champion, aged thirteen years, who fell on a piece of glass and injured his knee a short time ago, is suffering from blood poisoning. The lad submitted to an operation Monday.

Ed. Golsh of Champion and Miss Mary Peaurat of Ishpeming, formerly of this place, will be married here next Monday morning at the Catholic church. There will be a dance in the evening in honor of the event.

Fren Sanders, machinist, who has been with the Champion Iron company for some time, has taken a place with the Cleveland-Cliffs company in the Cliff's shafts shop at Ishpeming. He will be joined by his family within the next two or three weeks.

J. A. Phillips, for some time operator at the South Shore depot here, spent Tuesday in town, having come down from Ashland the day before. He has been promoted to the position of station agent on the Chicago & Northwestern line at a small place out from Ashland.

THE NEXT VICE PRESIDENT.

This is the question now agitating the minds of our leading politicians, and while several prominent men have been suggested, the final selection will undoubtedly be the man who will serve the party interests to the best advantage. This is also true of medicine. When your stomach becomes weak and you suffer from dyspepsia, indigestion, constipation and flatulency or when in need of a restorative to build up your system or restore your appetite, you will make no mistake if you try that sovereign remedy, Hostetter's Stomach Bitters. It is backed up by fifty years of cures, and is recommended by many prominent physicians. It is also an excellent medicine for cholera, fever and ague, and can be had of any druggist. Be sure to give it a trial.

United States Supreme Court Decides It Has No Jurisdiction in the Mintz Companies' Fight Over the Bed of Lake Angeline.

DOLLARS' FATE IN THE BALANCE

There will be a sleepy lot of jurors anxiously awaiting the coming of Judge Stone when the time arrives for court to convene this morning.

The case was given to them at 5 o'clock last evening. They were in the jury room till 6 o'clock when they were taken out to supper by Deputy Sheriff Jamerson, who has them in charge, and from 7 to 2 o'clock this morning had shown no signs of coming out.

The long session presages a difference of opinion among the jurors and leads to the conclusion that a disagreement is likely.

The case has occupied the attention of the court to the exclusion of all other business since last Monday morning.

The last of the testimony was got in yesterday forenoon and from 4:30 to 4:50 the lawyers held forth, expatiating upon the evidence according to the different sides on which they were employed.

JURORS CAREFULLY CHARGED.

Judge Stone consumed the next half hour in charging the jury. He was very explicit in stating what conditions must exist before the complainant could be awarded damages.

On Monday the United States supreme court in Washington dismissed the case of the Pittsburgh & Lake Angeline company against the Cleveland Iron Mining company and the Lake Superior Iron company for want of jurisdiction.

On Monday the United States supreme court in Washington dismissed the case of the Pittsburgh & Lake Angeline company against the Cleveland Iron Mining company and the Lake Superior Iron company for want of jurisdiction.

After the decision of Judge Stone had been affirmed by the Michigan supreme court, F. O. Clark, who represented the Lake Angeline company, took it up to the United States supreme court on an appeal.

The action of the United States supreme court in declining to act for want of jurisdiction leaves the two defendant companies the victors in the contention.

ANOTHER DULL MARKET.

Yesterday was a quiet day in Boston—Grains Advance.

Yesterday was a dull day in the copper market, dull even compared to the kind of days which have been usual in the copper market the past year or so.

Old Dominion dropped off one to 16; Osceola advanced two points and a half on the strength of the announced dividend and closed at 65; Quincy fell off 1 1/2 to 123; Tamarack continued going up on its dividend prospect; it sold as high as 200, but closed at 193, a net gain of nine for the day; Centennial Eureka dropped one to 23.

Hayden, Stone & Co. anticipate a dull summer in the copper market, but one which is likely to offer opportunities to investors in good stocks. They said in yesterday's letter to Fred Jones:

veloped into an active and steady advance today that took wheat prices up 3/4 over bottom, corn up 3/8 cent and oats up 1/4. Everything closed almost at top and apparently very firm. Cables showed up a little better than the trade expected, the first bull feature and the one that started short covering almost immediately after a weak opening.

Wheat opened particularly weak, 4 cent lower, but as we stated last night the local trade had oversold itself and anxious to get it back on the opening dip started an advance that kept prices working up gradually till just before the close they touched 67 1/4.

CLERKS ELECT OFFICERS.

Complaint That Stores Are Not Observing the 8 o'clock Closing Rule.

THE CLERKS' UNION HELD A LARGE AND enthusiastic meeting in the First block last evening and initiated a number of new members.

Second Vice President—Eusabe Bertrand.

Recording Secretary—Albert H. Salter.

Financial Secretary—Charles Mogren.

Guide—James H. Bennett.

Guardian—Walter Storey.

Trustee—Frank LaBonta.

The clerks complain that several of the stores are not living up to their agreement about closing at 8 o'clock.

As there are a number of strangers now living in the city the clerks wish to inform them that 8 o'clock is the hour at which the stores of the city have agreed to close and ask them to their trading before that time.

IN ACCORDANCE WITH THE agreement between the clerks and the merchants the stores are to be closed all day on Memorial day, which is a legal holiday.
