## COMMITTEE REPORTS BILL.

Washington, Dec. 5.—Chairman Payne, of the ways and means committee, today introduced the bill repealing the taxation under the war revenue act, after the Republican members of the committee had agreed on the form of the measure and the articles to receive a reduction of tax.

MCKINLEY'S FIGURES IGNORED. It is intended to have the full committee act on the bill tomorrow and to put it through the house before Christmas. The bill provides an aggregate reduction estimated at \$40,000,348—over \$10,000,000 more than recommended by the president. The estimated reductions, in detail, as given out by Mr. Payne, are as follows:

Beer ..... \$ 9,822,712

Less fines ..... 600,000  
\$ 3,948,283  
Legacies, charitable, etc. .... 500,000

Grand total ..... \$40,000,348  
The bill provides for redeeming the revenue stamps heretofore issued. The concluding section provides that the act shall take effect thirty days after its passage.

Mr. Payne has called a meeting of the ways and means committee for tomorrow morning, when he expects to have the bill reported to the house. He will seek to have the bill considered after the army, oleomargarine and legislative bills are disposed of with a view to securing action before the holidays.

**GAGE'S FIGURES ON EXPENSES.**  
NOT QUITE \$626,750,000 NEEDED TO TIDE THE GOVERNMENT OVER THE COMING YEAR.

Washington, Dec. 5.—The secretary of the treasury today sent to congress his annual estimates of the expenses of the government for the coming year. They aggregate \$626,741,762, a slight decrease from the total of the estimates of last year. The appropriations for the present year are \$598,655,362. The estimate covers every branch of the government service, the leading items being:

War department ..... \$176,658,345  
Navy department ..... 88,912,248  
Pensions ..... 144,000,000  
Rivers and harbors, including continuing contracts, ... 33,881,317

**HELD VILLAGE AT BAY.**  
Platte Center, Neb., Dec. 5.—Only the prompt action of Sheriff Byrnes and four deputies summoned from Columbus prevented additional bloodshed as the culminating tragedy to a series of shooting affairs which occurred here today. The town is wildly excited, and for a time fears were entertained that something might occur to prevent the law from taking its regular course, but better judgment prevailed and quiet has been restored.

W. J. Gentleman, a wealthy stockman, who caused the trouble, held the entire village at bay and shot four men. The injured are: Henry Tanager, shot near the spine, may die; Patrick Hayes, city marshal, shot in the back; Robert Wilson, seriously wounded in the side, and S. Olsen, right arm shattered and thumb shot off.

## PINGREE CALLS SESSION.

Legislature Is Summoned to Meet December 12 to Tackle Taxation Problems.

Detroit, Dec. 5.—Governor Pingree tonight issued a call for a special session of the legislature, to convene Dec. 12, for the purpose of enacting taxation legislation along the lines of the constitutional amendment adopted at the November election. This amendment

permits the taxation of railroads, express companies, telegraph and telephone companies and other forms of corporate property on their true cash value instead of specifically on earnings, as was mandatory before the passage of the amendment.

Finally, overpowered, Gentleman was taken to jail, and there drew a revolver, shooting into the crowd that had gathered, wounding Tanager and Wilson. The sheriff and four deputies arrived from Columbus in response to urgent summons, and the prisoner was spirited away in a carriage from the infuriated citizens. He is closely guarded at the county jail.

**HEAVY SNOW AT UTICA, N. Y.**  
Wires suffer and two persons are electrocuted.

Utica, N. Y., Dec. 5.—Two persons were killed in this city this morning by coming into contact with electric wires broken from their poles by a snow storm during the night. The snow broke down thousands of wires, and the telephone, telegraph and street car service is badly crippled.

**STORM SWEEPS ENGLISH COASTS.**  
Steamer founders in the channel—lives are lost.

London, Dec. 5.—Storms have been sweeping over the British coasts, and several wrecks are reported. The steamer Rossgull foundered off the island of Jersey. Her passengers were saved, but a boat containing nine of her crew is missing.

St. Brieuc, France, Dec. 5.—According to a report which has reached here only eleven persons out of the forty people on board the steamer Rossgull were saved.

**ARREST NEARLY CAUSED WAR.**  
Death of Frenchman who gained distinction in 1887.

Paris, Dec. 5.—M. Schnabele, whose imprisonment by the Germans at Metz in 1887 nearly led to a war between France and Germany, died at Nancy this afternoon.

The Schnabele incident occurred in April, 1887. A German official deposed M. Schnabele, a French police commissioner, to the frontier and had him arrested and imprisoned. This occurred at a time when popular feeling against Germany ran high in France.

**GERMAN PAPER COMPLAINS.**  
McKinley's message leans too much toward British.

Berlin, Dec. 5.—The National Zeitung, discussing President McKinley's message to congress this evening, points out that the German press has misunderstood the expression of "good will," which is much warmer in English, it says, than in German.

The Boers Courier, commenting upon the report of the isthmian canal commission to the United States congress, remarks, "The United States is rushing itself in magnificent manner for the coming commercial struggle." Most papers, however, publish the cable extracts without comment.

**FOR NEW REFORM PARTY.**  
Indiana Populist leader calls a conference to take appropriate action.

Indianapolis, Dec. 5.—Charles M. Walter, secretary of the middle-of-the-road Populist state committee, today issued a call for a conference at the English Hotel on Dec. 22. He says the conference will be the first step in the formation of a new national party to embrace all the reform elements. The party, he asserts, will embrace the Social Democrats, Silver Republicans and reform Democrats and pull largely from the Prohibition party. He said: "We expect that in 1904 our party will be second in numerical strength in the country. We expect that in the West it will absorb the Democratic party. I know from men close to Wm. J. Bryan that he is in sympathy with the movement. Some of our men are talking of him for the nomination for president in 1904, but I think that would be a mistake. John P. Altgeld is with us in the movement. The names suggested for the new party are 'Federal,' 'American' and 'Federal.'"

## BOER WORKS ARE TAKEN.

British Again Corral Dewet, but He Manages to Get Away.

## BATTLE NEAR PRETORIA.

Said Some 2,500 Burghers Have Been Surrounded and Nearly 100 Already Killed.

## CANADIANS TAKE PART.

London, Dec. 5.—The war office has received the following from Lord Kitchener, dated Bloemfontein, Dec. 5: "General Knox reengaged Dewet near Bethulle on the Smithfield road yesterday. He drove the enemy from all positions before dark, when they retreated northward. Colonel Pitcher assisted by a turning movement on Knox's left."

Lord Kitchener also reports several minor affairs.

**TRANSVAALERS SURROUNDED.**  
London, Thursday, Dec. 6.—A London news agency publishes a dispatch from Pretoria saying that fighting has been going on for four days at Bronkhorst Spruit, east of Pretoria; that Commandants Viljoen and Erasmus, with 2,500 Boers, are now surrounded and eighty Boers have been killed.

At the war office this dispatch is characterized as belated information regarding the events covered in the official dispatches from Lord Kitchener dated Bloemfontein, Nov. 20, although the statement that the Boers were surrounded is not supported officially.

**KAISER'S POLICY CRITICISED.**  
Berlin, Dec. 5.—Dr. Leyds has informed the correspondent of the Lokal Anzeiger that there is no truth in the report that Kruger will endeavor again to see the Kaiser.

The semi-official journals here deny that Germany is trying to induce Austria and Italy to persuade Kruger to abandon his proposed visits to Vienna and Rome.

The National Zeitung says the members of the reichstag assume that Count von Buelow will soon announce in the reichstag the reasons for the emperor's refusal to receive the Boer statesman.

The Deutsche Tages Zeitung sharply attacks the government for not receiving the visitor, and says: "The government is afraid of some danger from England, thus awakening the suspicion that Germany no longer feels independent of England, but, like Portugal, abandons all independent policy."

Herr Van Der Hoeven, attache of the Transvaal diplomatic agency, came to Berlin today on behalf of Kruger and deposited a wreath upon the tomb of Emperor William I.

A serenade by a military band was a feature of the pro-Kruger demonstration in Cologne today.

**BOER COLONY FOR NEW YORK.**  
New York, Dec. 5.—A real estate firm announced today that a colony of Boer farmers is to be established on Long Island between Hicksville and Syosset, in Nassau county. According to the firm it has signed a contract for 1,113 acres of land with the "the Boer refugee aid committee," and expects twenty-three families of Boers here on Dec. 28.

**KRUGER CHEERED AT COLOGNE.**  
Cologne, Dec. 5.—Paul Kruger walked today in the rain from his hotel to the cathedral. He was cheered enthusiastically. Kruger repeatedly raised his hat in acknowledgement of the cheering. He departs tomorrow on a special train connecting with the Dutch express at Zevonara.

**BLOODY BATTLE AT SAGINAW.**  
POLISH AND OTHER COAL MINERS CLAIM ONE DEAD AND SEVERAL HURT THE RESULT.

Saginaw, Mich., Dec. 5.—A desperate fight occurred this afternoon at the Standard coal mine, near here, between Poles and other miners. Clubs and other weapons were used freely. During the melee Silvesta Stanek, a Pole, struck Pearl Jenkins on the head with a club, crushing his skull and causing death. Stanek escaped. Delore Brown was badly injured and several others hurt.

**GEN. WHITE OUT OF PRISON.**  
HIS PARDON COMES AFTER ONE DAY SPENT AT JACKSON.

Jackson, Mich., Dec. 5.—General W. L. White, ex-quartermaster general of the Michigan National Guard, who was sentenced to ten years in the penitentiary and pardoned last night by Governor Pingree, was released this afternoon from Jackson prison. General White started for Grand Rapids tonight.

**HAND CAR HIT; FIVE DEAD.**  
Ingletwood Junction, Ont., Dec. 5.—An engine on the Grand Trunk railway near here today crashed into a hand car on which five section men were going to work. Every man was killed instantly.

THE FARMER WORKS HARD

For a living. He has to. He must "make hay while the sun shines," no matter how he feels. The result is overwork. The stomach usually gives the first sign of strain. The organs of digestion and nutrition are deranged. Food does not nourish. Indigestion appears. In such a case Dr. Pierce's Golden Medical Discovery re-establishes the health by a complete cure of the diseased organs of digestion and nutrition. It cleanses the stomach, purifies the blood and removes the causes of disease. It is a temperance medicine, and contains no whisky nor alcohol.

"I was troubled with indigestion for about two years," writes Wm. Bowker, Esq., of Juliette, LaSalle Co., Idaho. "I tried all kinds of medicine but to no avail, until I wrote to Dr. Pierce and he told me what to do. I suffered with a pain in my stomach and left side and thought it would kill me. I am glad to write and let you know that I am all right. I can do my work now without pain and I don't have that tired feeling that I used to have. Five bottles of Dr. Pierce's Golden Medical Discovery and two trials of his Pleasant Pellets cured me."

Sick people can consult Dr. Pierce by letter free. All correspondence private. Address Dr. R. V. Pierce, Buffalo, N. Y.

Satisfying Justice by payment of a fine on the installment plan is a new and novel idea, but Governor Pingree spills over with originality as a conductor of affairs of state.

If, as is reported, Nebraskan Populists are planning to move from that state to Indian Territory because Nebraska has passed from under their political control the redeemed commonwealth has much reason to feel that the fates were kind to her in decreeing that the Republicans should come out winners in the election of this year.

It is probable that the most interesting contest that will develop in congress during the short session will be over the ship subsidy bill. Several influential Republicans in the house are opposed to the measure in its present form and will vigorously fight against its passage, but it is asserted that a number of Democratic members favor it, and that with the aid of these and the energetic backing of Senator Hanna, not to speak of the work of a lobby placed at Washington to labor for its adoption by the ship interests which it is designed to benefit, it is almost certain to go through at this session.

In a speech delivered recently at a reform meeting in New York Abram S. Hewitt expressed this opinion as to what the twentieth century may bring forth: "I believe that in the twentieth century, which is now near its dawn, the spirit of commercialism will steadily grow less strong, and the spirit of altruism will grow stronger. But, if I am mistaken in this, if the spirit of commercialism and greed continue to grow stronger, then the twentieth century will witness a social cataclysm unparalleled in history."

Mr. Hewitt's idea is that wealth must learn its duties and responsibilities better or the masses will one of these days make it uncomfortably warm for its selfish possessors. There is ground for the belief, though if it came from one not himself wealthy a good many people would be inclined to denounce him as an anarchist.

It is said that Clark and Heinze, the Montana copper magnates, are about to dissolve the political partnership which they formed for the purpose of competing with the late Marcus Daly for supremacy in the affairs of that state. The death of Mr. Daly removed the occasion for their unholy alliance, and not having him to fear they are now in conflict over the selection of Montana's second United States senator. Heinze thinks Clark ought to be satisfied with his own election to one of the senatorships, while the big boodler insists on naming his associate in addition to taking one of the seats himself.

A West Point cadet, Oscar L. Booz, lies dying at his home in Bristol, Pa., from the effects of a drink that he was forced to swallow while undergoing a "hazing" experience at the U. S. military academy. The superintendent of the academy says no inquiry will be made into the maltreatment of young Booz because he was not a favorite with the other cadets and was only forced to swallow the vile decoction prepared for him by his tormentors after he had failed to meet a fellow cadet in a fair "stand-up fight" to which he had been challenged. Young Booz was merely put to the customary "test of manliness" at the academy when he was challenged to fight, the superintendent avers, and when he failed to show himself possessed of the requisite courage the rest followed properly and naturally. It may be all right to have the young men who are being educated for the army required to become accustomed to fighting without real cause, just to prove their manhood, but when one is too timid for that kind of thing there should be some way of getting him out of the academy without killing him.

The secretary of agriculture, Mr. Wilson, is said to have expressed the opinion that the farmers were benefited by the corner in corn successfully worked by Mr. Phillips, as it carried the price up to 50 cents a bushel. Either Mr. Wilson knows very little about the conditions that enabled Phil-

lips to work his corner or he is trying to fool the farmers into believing that making an artificial price for corn for a few days in a single market, which they were not able to reach with their surplus in time to get the benefit of the advance, counted to their advantage. During the summer, while the price of wheat was being artificially advanced, Mr. Wilson predicted that "dollar wheat" was in sight. We are beginning to believe that he is talking too much, on subjects he but imperfectly understands, for the good of his reputation as a prudent and far-sighted head of the agricultural department, or of the farmers who look to him for reliable information and sage advice.

A lower peninsula paper asserts that the governor-elect thinks one term in the chief executive's chair will be enough for him. He has arrived at this conclusion since his election, and on account of the annoyance the persistent importunity of office-seekers has caused him. He has been hounded by them so pertinaciously since his election that he has lost flesh and is almost on the verge of nervous prostration. Colonel Bliss is altogether too good-natured. He should not allow himself to be persecuted by the pestilential horde of place-hunters who have been pursuing him and robbing him of his peace of mind and needed rest.

The people elected him to serve them as their chief executive, and his duty is to them and not to the hungry chaps who want state jobs. It is his duty to notice that any man who chases an office too eagerly will fall to get it his tormentors would soon quit bothering him. The best men for responsible places in his gift are not the ones who are most aggressive in the endeavor to secure them, and if he would blacklist every one of the fellows who have been annoying him, and select for the places they seek good men who haven't worried him in the endeavor to obtain assurance that they "will be taken care of," he would make no mistake.

THE ISTHMIAN CANAL. It is quite probable that congress will take decisive action at this session to provide for construction of the isthmi canal, and that the Nicaragua route will be the one adopted seems to be practically settled. The proposition to buy out and complete the Panama canal has some advocates in congress, as also outside that body, but the other route is so strenuously favored that it is all but certain of being the one chosen.

As it will take years to build the canal the sooner a start is made, if it is to be built, the better, for we will never be better prepared to make a beginning than we are now. It will cost a couple of hundred millions, but if it accomplishes all that it is predicted it will for the commerce of the world the investment will be well made.

The project has been discussed so long that everybody is becoming tired of hearing it talked about. A million dollars has been spent by our government in examination of the different routes and obtaining estimates of cost. The findings of the commission having this work in charge are now before congress and there is no good reason for further postponement of decisive action on the great scheme if, in the judgment of that body, it is feasible and meritorious.

BRITISH METHODS AND HOPES. Commenting on the effect American competition is having on the iron and steel trade in England, the American Manufacturer has this: "The continued invasion of American material in Great Britain has caused a tumble in values, and American steel makers will soon begin to feel native competition. The steel masters and workmen of Scotland have agreed upon a 5 per cent. reduction in wages. Labor is a large item in European works, as many more are employed about British steel plants than would be used in the same work in the United States. During the past three years wages of workmen have been increased from 40 to 50 per cent in Great Britain.

Reports have it that coke is piling up, and a reduction in price is imminent. Manufacturers have slashed their profits to meet German and American agents to stem the tide. As Americans are underselling the British at every turn. The main hope of the British is that business will become so brisk on this side of the Atlantic that foreign trade will lose its luster for American steel makers. One method adopted by the British trade journals to discourage imports is by publishing false reports about the quality of American steel and iron. These reports are not having any effect, however, as those using our products are placing additional contracts. The facts are, American made steel is superior to British make, as the British Admiralty have accepted American standards and have been shown American made steel far superior to anything made in Great Britain or Sweden.

UNWISE CLEMENCY. We cannot but regard the act of Governor Pingree in pardoning the two men convicted of complicity in the fraud on the state planned and carried out by members of the old military board and the Henderson-Ames company of Kalamazoo as unwise and indefensible. The governor may have

had reasons for doing what he did in their cases with the nature of which the people of the state generally are not fully informed, but it is not easy to imagine any warranting such arbitrary interference with the course of justice. It is obvious that Gen. White was confident all the time that if the court failed to show leniency the chief executive would extend clemency in his case, for when sentence was pronounced on him he manifested no concern and shortly afterward, in discussing it, he remarked that he didn't propose to spend ten years at Jackson. In the light of his subsequent pardon by the governor, it seems that he was fortified against the severity of the court by the knowledge that if he received a hard sentence the governor would interpose to save him from "doing time" in the penitentiary for a long grave offense. In the case of Gen. Marsh it is now plain that he has expected a pardon before Governor Pingree went out of office. That the pardon is accompanied by the requirement that the convicted men shall pay heavy fines to the state will not commend the action of the governor to the people of Michigan, as it establishes the vicious precedent that under certain circumstances a criminal can obtain immunity from imprisonment for a felony in Michigan by payment of fines if he has the money to enable him to do that, or friends willing and able to furnish it.

There is no doubt of the guilt of both White and Marsh, for one has pleaded guilty and the other was convicted on a fair trial, in the course of which testimony of the most conclusive nature, proving that he was a party to the monstrous fraud on the state planned and executed by him and associates of his on the old military board, was submitted. That others who participated in the criminal transaction were not punished for their share in it is no reason for letting those who were brought to punishment escape paying the full penalty of their crime. The governor has made a mistake, and the most charitable construction that can be placed on his act is that he was moved to it by a kindness of heart which obscured his judgment.

A CARD. We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded. The Stafford Drug Co., Desjardins Pharmacy, "The People's Drug Store," (10-15-5m-0)

PARK AND CEMETERY COMMISSION PROCEEDINGS. (Official) Marquette, Mich., Dec. 3, 1900. The regular monthly meeting of the Park and Cemetery commission was held this day at the office of the secretary.

Present—Peter White, Daniel W. Powell and the mayor, Joseph F. Neidhart. The meeting was called to order by the president, a roll for animals. The minutes of the last meeting were read and, there being no objections thereto, the same were approved. Mr. White reported that he had collected and turned in to the city treasury the sum of \$69.00 for lots sold and work done in the cemetery since his last report.

The secretary presented the pay roll and bills for the month of November, properly verified, as follows: Pay roll, labor, \$164.63 F. W. Read & Co., lumber for park, 13.98 Mining Journal Co., Ltd., publishing proceedings of October meeting, 4.90 Mining Journal Co., Ltd., publishing proceedings of November meeting, 3.50 David Murray, feed for animals at park, 36.70 M. R. Manhard, hardware, 5.40 On motion of Mr. Powell the same were approved and the secretary instructed to draw orders on the city treasury in payment of same. There being no further business before the board, the meeting was adjourned.

DANIEL W. POWELL, Secretary. AN ORDINANCE ESTABLISHING POUNDS. The City of Marquette Ordains: Sec. 1. That the following premises in the city of Marquette, be, and they are hereby established as pounds for the impounding thereof of animals found running at large contrary to law or the ordinances of the city, to-wit: (1) The inclosure in the west part of Presque Isle Park known as "The Deer Park."

(2) The premises and enclosure of Amode Pelissier, on the south 118 feet of lot number twenty-two (22), in Harlow's Addition No. 5 to the city of Marquette. Sec. 2. All other ordinances or resolutions, or parts of the same, establishing specified premises as public pounds are hereby repealed. Adopted, Dec. 3, 1900. DANIEL S. DONOVAN, Recorder. Approved, Dec. 4, 1900. (12-6-10) J. F. NEIDHART, Mayor.

FOR PNEUMONIA. Dr. C. J. Bishop, Agnew, Mich., says: "I have used FOLEY'S HONEY AND TAR in three very severe cases of pneumonia with good results in every case." There is nothing so good. The People's Drug Store. In sluggish liver, HERRINE, by its beneficial action upon the biliary tracts, renders the bile more fluid, and brings the liver into a sound, healthy condition, thereby banishing the sense of drowsiness, lethargy, and the general feeling of apathy which arise from disorders of the liver. The American Car & Foundry company of Detroit has received an order for 600 cars for the Northern Spain railway. The cars are to be made in Detroit. The contract has to be filled by March 1.

The big bicycle factory at Grand Rapids which has been idle since the trust closed the works some months ago may be reconsecrated soon, as an automobile factory. An effort is to be made in the valley city to organize a stock company to manufacture a vehicle lately invented by a Jackson man.

Saturday afternoon the Peninsula Star Publishing company shipped a solid train of 29 cars of best sugar from its factory at Caro to Chicago. The train was made up of new New York Central cars, which had never carried a load before, and presented a handsome appearance. It contained over 40,000 worth of fine granulated beet sugar.

Joe Benson of St. Joseph has begun a sensational case in the circuit court. He charges that the People's University, founded at Berrien Springs several years ago by Walter Thomas Mills, the well known Chicago socialist, is defunct. Benson donated land with the understanding that his children should be educated free. Charges of fraud are made against Mills.

Railroad Commissioner Osborn has issued a statement showing the earnings of Michigan railroads for the ten months ending October 31. The aggregate earnings for the period were \$2,641,815.82, as against \$2,650,030.95 for the corresponding period last year. The increase of \$2,901,734.87 is a ten per cent. gain. The earnings for October were \$3,518,362.12 as compared to \$3,248,702.73 for the corresponding month of 1899.

Annetta Baxter, aged six years, died at her home in Benton Harbor Monday morning from injuries received while playing near a bonfire last Saturday. The little girl was watching her mother burn up some brush, and, stepping too near the fire, her clothing was soon ablaze and before assistance reached her her flesh was so badly charred that it came off with her clothing. She was a terrible sufferer until relieved by death.

Mrs. A. W. Bliss, president of the board of guardians of the Industrial Home for Girls, in the board's annual report to Governor Pingree, makes a strong plea for a prison for women to which girls can be sent to serve out their terms of commitment when they have proved incorrigible. The idea is endorsed by Mrs. Sicking, superintendent of the home. During the period under report 19 girls were committed to the home.

Anna, relict of the late Daniel Allen, of Adrian is dead at her home in Franklin, Lenawee county, where she had lived since 1835. She was born in New York, February 10, 1800. Mr. Allen was a soldier in the war of 1812, and Aunt Anna, as his widow since 1839, has been on the pension rolls. She observed her 100th anniversary in February, when she was in remarkably good health. In June, Maria Hixon, of Chester, reached her 100th year. But one person in Lenawee county is older than she, and that is Louis Petee, of Blissfield, who is 107.

The board of public works of the city of Jackson has refused to concur in the plans recommended by the combined state boards for a combination, dike and sewer in Grand river. The state legislature, at its last session, made an appropriation of \$15,000 for laying along the prison grounds and that city appropriated \$25,000 to aid in laying through the city. The plans as recommended, entail an expense of at least \$150,000 to complete the work. The board of public works favors the plan of Prof. Green of Ann Arbor, and asks for a conference with the state boards.

A meeting of the Soo Curling club was held Tuesday evening, when important business was considered. One of the matters discussed was the project of building a \$12,000 rink and club building, providing a suitable site could be secured and the necessary money raised. A new stock company is proposed. Henry Robothair was chosen as manager of the rink for this season, with D. McGregor as assistant. Miss Laura McLean has been engaged as a ticket seller. The prices of season tickets were advanced from \$2 and \$2.50 to \$2.50 and \$3.

DIED IN CALIFORNIA. D. J. Hart, a brother of Drs. V. A. and F. J. Hart of this city, died Monday near Los Angeles, Cal. A telegram came Sunday announcing the critical illness of Mr. Hart and Dr. F. J. Hart departed on the evening Soo line train for California. A short time after his departure another telegram came announcing the brother's death. The doctor remaining in the Soo wired Dr. F. J. Hart, who received the telegram at Gladstone, and returned to the Soo Tuesday, departing again yesterday for Barrie, Ont., his former home, where the remains of the late brother will be taken for burial. Dr. V. A. Hart will leave Sunday for Barrie to attend the funeral. The cause of death is unknown. The deceased resided in the Soo for eighteen months, leaving in September, 1899, for Toronto to take a medical course in Trinity college. He went to California but a short time ago to continue his studies. He was well and favorably known here and popular with the young people. He was but twenty-five years of age and a young man of great promise.

The nine-days-old son of Mr. and Mrs. Thos. East, of 529 Ridge street west, died yesterday morning. The funeral will occur at 2 o'clock this afternoon from the house and the remains will be taken to Maple Ridge cemetery for burial. BAND ELECTS OFFICERS. The new military band held a meeting Tuesday evening and elected the following officers: President—Jos. Moloney. Vice President—LeBarren Lockwood. Secretary—Wm. Buchie. Treasurer—Henry Temple. Leader—Jos. Farr. A committee was appointed to arrange for the band's annual supper.

LOCK CITY NOTES. W. H. Peck returned last evening from Eckerman. LeBarren Lockwood has been under the weather this week. The Wetzel lock closed down Tuesday night for the season. H. D. Johnston was out again yesterday after a brief illness. Lester Old has accepted a position with the Western Express company. All gambling places have been ordered by Chief Burdick to suspend operations. Mr. and Mrs. J. N. Hunter of Newberry were registered at the Iroquois yesterday. A marriage license was issued Tuesday to Thomas Crimin and Miss Grace Horton, both of the Soo. Mrs. N. D. Morrish is expected to return Saturday from Detroit, where she has been making an extended visit.

Mrs. J. J. Ryan and Messrs. Ed Leason and L. P. Cook will assist in the Elks' minstrel performance at Leppening tonight, returning to the Soo tomorrow. Attorney General H. M. Oren returned yesterday from Lansing to represent the Michigan Lake Superior Power company in the Beadle injunction case. Engineer Chas. F. Louch of Minneapolis arrived in the city yesterday to confer with City Engineer Lantz in regard to the proposed new water works system. The time for the funeral of the late Harry A. Booker has not definitely been decided upon, but will probably be Saturday morning and occur from St. Mary's church.

The Trades and Labor council held a meeting Tuesday evening and decided to give a smoker in the hall in the Cook block, corner Ridge and Ashmun streets, next Tuesday evening. A good program is promised. The vessels passing the canals during November numbered 1,712. They carried 1,674,903 tons of freight east-bound and 504,869 tons west-bound, a total of 2,179,772 tons. The passengers carried numbered 1,191.

**WHY MRS. PINKHAM**  
Is Able to Help Sick Women When Doctors Fail.

How gladly would men fly to woman's aid did they but understand a woman's feelings, trials, sensibilities, and peculiar organic disturbances. Those things are known only to women, and the aid a man would give is not at his command. To treat a case properly it is necessary to know all about it, and full information, many times, cannot be given by a woman to her family physician.

**Mrs. G. H. CHAPPELL.**  
sician. She cannot bring herself to tell everything, and the physician is at a constant disadvantage. This is why, for the past twenty-five years, thousands of women have been confiding their troubles to Mrs. Pinkham, and whose advice has brought happiness and health to countless women in the United States.

Mrs. Chappell, of Grant Park, Ill., whose portrait we publish, advises all suffering women to seek Mrs. Pinkham's advice and use Lydia E. Pinkham's Vegetable Compound, as they cured her of inflammation of the ovaries and womb; she, therefore, speaks from knowledge, and her experience ought to give others confidence. Mrs. Pinkham's address is Lynn, Mass., and her advice is absolutely free.

LOG SHIPMENTS BY RAIL. CONTINUES IN HEAVY COPPER.

**OPERATORS ON COPPER RANGE PREPARING TO SEND MUCH TIMBER TO CALUMET THIS WINTER.**  
Heughens & Hall, who are getting out timber along the line of the Copper Range railroad, will ship all their logs by rail to Calumet this winter. They already have many thousands of feet cut, and in about a week or ten days will make the first shipments. During the next five or six months five million feet of timber will be sent over the road. A big force of men will be employed in the work, and all the necessary paraphernalia needed for this kind of transportation will be on hand.

**ATHLETES MEET FRIDAY NIGHT.**  
PORTAGE LAKE BASKET AND HOCKEY TEAMS TO BE ORGANIZED.  
The athletes generally of Hancock and Houghton will meet at the Y. M. C. A. headquarters at Hancock tomorrow night for the purpose of organizing a basketball and hockey team for the winter months. Much interest is being shown in the meeting and representative teams are to be organized. The players will not be confined to members of the association; there is plenty of good timber in the twin cities for the sport, and good results may be expected. Basketball and hockey have never been tried at Portage Lake.

**CHANGES ON THE COPPER RANGE.**  
RESIGNATION OF C. B. SAWYER OF THE ATLANTIC CAUSES SEVERAL TRANSFERS OF AGENTS.  
There has been a "shaking-up" of the station agents on the Copper Range railroad owing to the resignation of C. B. Sawyer, who has been stationed at Atlantic since the first regular trains were run over the line. Mr. Sawyer has accepted a position in the Mineral Range general offices, taking the place of the late Mr. Snyder of Hancock. J. M. Kaiser, formerly agent at the Winona station, has taken Mr. Sawyer's place at Atlantic; J. I. Dandelson of Lakewood has been transferred to Winona, and the station at Lakewood has been closed for the winter. There will be other changes on the system at a near date.

**HANCOCK OFFICIALS PUZZLED.**  
DISAPPEARANCE OF CHARLES ANDERSON A DEEP MYSTERY.  
The authorities of Hancock are extremely mystified over the disappearance of Charles Anderson, an employee of the Mineral Range railroad. The man left for work as usual on Monday morning of last week. About 9 o'clock he complained of being ill and left the shops, not going home, however. He was seen Monday night and again Tuesday evening by the night watchman at the car shops. All trace of the missing man has been lost since that time. It is thought that something has happened to him and it is the opinion of several that Anderson, while under the influence of liquor, fell into the lake and was drowned. A diligent search is now being conducted by the officers and everything will be done to find some clue of Anderson's whereabouts. He is forty years of age; five feet, eleven inches in height; weighs 180 pounds, and has two crippled fingers.

**STRANGE CASE OF BLOOD POISONING AT CHASSELL.**  
William J. Ingram of Chassel died yesterday morning at 5 o'clock. Blood poisoning was the cause of his demise. The case was a queer one in regard to symptoms and had been a puzzle to a number of physicians since the first developments, although everything possible was done to save his life. The deceased was about thirty-eight years of age and leaves a wife.

About two weeks ago Mr. Ingram began to complain of pains in his left arm which were attributed to rheumatism. He called on a doctor for medical aid and the trouble was pronounced rheumatism. The pains, however, grew rapidly worse and the limb began to swell, the swelling then spreading to the face. The unfortunate man suffered intensely. A corps of doctors was called in consultation and diagnosed the case as one of blood poisoning, but could not assign any cause for the disease, the doctors being Nelson of Chassel, Dodge of Hancock, Rodl of Calumet and Abrams of Dollar Bay. An operation was decided upon as the best course, and Mr. Ingram's arm was opened and a large quantity of pus taken out.

This did not seem, however, to improve the patient's condition to any great extent, and on Thanksgiving Day Dr. Laubach of Calumet was added to the group of medical men, and another operation was made. This time it was done more thoroughly and a deeper incision and a longer cut was made in the limb. When this did not benefit Mr. Ingram it was thought best to remove the arm, but this was not done, the patient being too weak, and death ensued yesterday.

**QUIT FOR THE WINTER.**  
Hugo & Tims of Duluth have finished 2,600 feet of the pier or revetment work on the east side of the "Lily pond" at the upper canal. The balance of the work will be completed next year. The contractors left for home Tuesday night. When the contract is finished, the extension on the east side will be two and a quarter miles in length and the work about 1,100 feet. The improvement means much to the vessels that pass through the canal.

**A SMASH IN DRUGS.**  
Otto Maloney, employed by A. T. Ellsworth of Hancock, took a load of drugs and a sewing machine for delivery to the Trimountain Tuesday morning, and while on the Portage lake bridge the horse became frightened at a street car and ran away. The contents of the sleigh were thrown out, snuffboxes, and most of the medicine was destroyed.

**THE APPETITE OF A GOAT**  
Is envied by all poor dyspeptics whose stomach and liver are out of order. **BARBERS HAVE A TIME.**  
George Warder, the barber at the Y. M. C. A., Hancock, gave a "spread" to the members of the barbers' association at his home Tuesday night. A fine repast was set before the boys. After supper a new member was taken into the circle, and a jolly good time had generally. About ten guests were present.

**NERVOUS PROSTRATION**

is only a failure of strength. It takes strength to get strength. Get strength of stomach first. Your stomach will then look out for your body. Scott's emulsion of cod-liver oil enables your stomach to get it from usual food; and this is the way to restore the whole body.

WE'll send you a bottle to try if you like. SCOTT & BOWNE, 409 Parliament, New York.

**COPPERDOM BREVITIES.**  
The long distance telephone has been placed in the Douglas House, Houghton.  
G. R. Watts, the piano tuner, is in Houghton, with headquarters at Quirk's jewelry store.  
A. T. Ellsworth of Hancock has his soda fountain still in running order and is having good patronage.  
The regular monthly meeting of the board of supervisors will be held at the court house next Tuesday morning.

Chester Raymond, the fireman who was injured on the Copper Range road about two weeks ago, has recovered and is back at work.  
The Portage Lake camp, M. W. A., will hold a regular meeting at the I. O. O. F. Hall, Hancock, tonight. A full attendance of members is desired.  
Three vessels unloaded coal at Portage Lake docks yesterday. It is rather late in the season for the boats to come in, but one or two others are expected before the close of navigation.

A valuable four-year-old colt owned by William Opple of Hancock was taken sick on the street Tuesday night and was removed to Coughlin's livery, where the animal died early yesterday morning.

Maple camp of the Modern Woodmen held a business meeting last night. Officers were elected for the ensuing year, delegates chosen to the state and county conventions and a vote taken on the emergency fund.  
County Clerk Richardson issued marriage licenses to Hantta Kettunen and Edla Tervo and to Fred Berryman and Maria Cocking yesterday. The former pair are of Hancock and the latter of Quincy township.

A meeting of the supervisors of Portage township was held at Justice Brand's office, Houghton, yesterday morning. The usual grist of bills was allowed, but otherwise no business of importance was transacted.  
Miss Laura J. Richards, daughter of E. H. Richards of the Franklin, will be married to A. E. Rosewarne of Calumet this evening. The ceremony will be performed in the presence of immediate relatives at the home of the bride's parents.

The next attraction at the Armory Opera House, Houghton, is announced by Manager Hendrickson as "What Happened to Jones." The date is Dec. 14. This play will be closely followed by Sol Smith Russell's great production, "A Poor Relation."

An assault and battery case was settled in Justice Brand's court at 5 o'clock Tuesday afternoon. Ben Rekal of the Atlantic mine was found guilty of throwing a billiard ball at Saloon Keeper Yost, also of the Atlantic, on election day. The defendant was fined \$8 and costs.  
The sleighride given by Arthur T. Ellsworth from Hancock to the New Linden Hotel, at Lake Linden, last night was thoroughly enjoyed by the gentlemen and ladies of the party. Harry Lee, of the new hostelry, received his guests in his usual cordial style. An oyster supper was served, after which a hop was held.

**A MOST WONDEROUS CURE.**  
Eminent Physicians Pronounced it Consumption.  
Dr. C. D. Warner, Coldwater, Mich. Dear Sir:—I have received great benefit from your White Wine of Tar Syrup. I had a cough and the doctors gave up all hopes of my recovery and pronounced it consumption; I thought that it was death for me. I tried everything that we could hear of. Finally one of my friends prevailed upon me to use your White Wine of Tar Syrup. I took one and one-half bottles and am cured entirely. Such medicine I can recommend to those who are afflicted as I was.  
Very respectfully yours,  
JOSEPH E. UNDERHILL, Doland, South Dakota.

Messrs. Bruess & Co., Chicago, Ill.:  
Gentlemen:—Being troubled with a very sore throat, with the inside greatly inflamed and much dryness, while the glands on the right side were much swollen, thereby causing earache, I was given by a well-known druggist a trial bottle of Dr. Bruess' "Powerful, Penetrating, Painless Remedy," and recommended by him to try the same. On retiring I put a few drops in water, gargled it, and rubbed the remedy on the outside. I was surprised at results, for in the morning my throat was entirely well. It beats any remedy I ever saw for taking away inflammation.

# TOWNE IS SENATOR.

### Gov. Lind Appoints Former Marquette Man to Succeed Davis.

## WILL DON TOGA AT ONCE.

### Duluth People Elated Over Selection of Silver Republican Leader Irrespective of Party Lines.

## LEAVES FOR EAST TODAY.

St. Paul, Dec. 5.—The Pioneer Press tonight confirmed the report that Charles A. Towne of Duluth has been offered and has accepted the appointment as United States senator to fill the vacancy caused by the death of Senator Davis. The paper also will say that Governor Lind refused to confirm or deny the statement.

Duluth, Dec. 5.—Charles A. Towne tonight confirmed the report that Governor Lind had tendered him the United States senatorship, and said he had decided to accept the appointment. Mr. Towne said he would leave for Washington, via St. Paul, tomorrow. There is great satisfaction in Duluth over the appointment, irrespective of party lines.

## MANY NEW SENATORS.

### ELECTIONS SOON TO BE HELD IN NUMEROUS STATES—A REVIEW OF THE SITUATION.

Chicago, Dec. 5.—With the convening of the general assemblies after New Year the struggles over the election of United States senators will begin. In more than a dozen states the legislatures will be in the throes of bitter contests.

Perhaps the most interesting fight of them all will be in the Nebraska legislature where the Republicans, with their newly-gained power, will choose two men to represent the state at Washington. There are more than a dozen aspirants, and the leaders are Assistant Secretary of War Melick-John, Edward Rosewater, and D. E. Thompson.

There is strong chance of a contest in North Carolina. The Democrats are pledged to elect State Chairman Simmons, but the Republicans allege fraud at the primary election, which occurred on the day of the presidential election, and will strive to unseat Simmons. A hotly fought election is expected in Utah, where three of the Cannon's father, son and nephew, aspire to the office, with half a dozen others in the field.

Montana will choose two senators. It is certain that W. A. Clark will be elected, but there may be long strife over the other. In Delaware the old factional Republican fight will be revived, with the chances favoring "Gas" Adickes going to Washington. Ben Tillman has the pledge of South Carolina, and Stephen Elkins controls West Virginia. Elkins, the leader of the Democrats in the house of representatives, probably will be returned by Texas. Pettigrew is to be shelved in South Dakota, and there will be a fight for the place, Congressman Gamble being in the lead. Colorado has many aspirants, but "Wolfert" is considered out of the race, among them Governor Thomas.

Massachusetts Republicans declare the solid party vote in the legislature will be cast for George Hoar, in spite of his opposition to the president in the Philippine policy. In New Hampshire, Senator Chandler is in the field for reelection, and the opposition, although strong, is divided. In Idaho, the Democrats are pledged to support former Senator Dubois, Silver Republican, but cannot elect him unless the Populists assist, which is doubtful.

Kansas will elect a Republican. Senator Baker is a candidate for reelection, and his opponent is J. R. Burton, whom he defeated six years ago. Wyoming will reelect Senator Warren, Republican. In Michigan, Senator McMillan's reelection is practically a foregone conclusion. There will be no fight in Tennessee, Congressman Carmack having no opposition.

## HEAVY BLOW TO PERU, IND.

### TWO HUNDRED OIL WELLS GIVE OUT—\$4,000,000 INVOLVED.

Peru, Ind., Dec. 5.—The oil industry in this city and vicinity which began with a great boom six years ago, and almost flattened out three years ago, collapsed today when the only method of making a profit, the use of natural gas as fuel for the boilers, was taken away. The entire field is practically closed, in all probably 200 wells being useless. A reopening is far distant.

# ARMY BILL FIGHT ON.

### House Takes Up the Measure and Gives Day to Its Consideration.

## M'CALL CAUSES A STIR.

### President's Philippine Policy Vigorously Assailed by Massachusetts Republican Congressman.

## NO TIME SET FOR VOTE.

Washington, Dec. 5.—When the house met today Mr. Dalzell of Pennsylvania presented a special order for the immediate consideration of the army bill. He said that legislation of some character was imperative, as it would take time to recruit and organize the new army which must replace the old on July 1, 1901. No time was set for vote on the measure, and the order was adopted. It provided that the debate run four hours and the bill then be considered under the five-minute rule.

## POSITION OF THE MINORITY.

Mr. Richardson of Tennessee, opening the debate, said his side of the house recognized the necessity for some legislation, but did not agree that the bill, establishing a permanent standing army, should become a law. It was proposed to provide an army which could be expanded at the will of one man from 25,000 to 100,000. No matter how good or able that man might be he was not willing to see one man given such power. It was, in his opinion, abdicating the functions of congress. Mr. Richardson said he was ready to vote to put down rebellion anywhere and everywhere, but under the stress of emergency he was not willing to establish a permanently large standing army.

## MR. UNDERWOOD IN ALABAMA ALSO INVOLVED AGAINST CLOTHING THE PRESIDENT WITH DISCRETIONARY POWER TO EXPAND OR CONTRACT THE ARMY.

Mr. Grosvenor of Ohio said he was in favor of a standing army of a hundred thousand men. The people, he said, were not frightened when a demagogue said the purpose in increasing the army was to station large forces near large cities to oppress labor. They were not alarmed by the cries that liberty was to be subverted.

## MR. HULL OF IOWA SAID THE MAIN OBJECTION HE HAD HEARD TO THE ORGANIZATION PROPOSED BY THE BILL WAS TO THE ALLEGED PREPONDERANT INFLUENCE OF CAVALRY.

This, he said, was necessary because of the effectiveness of cavalry in the operations in the Philippines. He ridiculed the charges that the Republican party desired to foist upon the country a great standing army.

## MR. HEPBURN OF IOWA ASKED WHAT PROVISION THE BILL MADE FOR THE TRANSFER OF VOLUNTEER OFFICERS TO THE REGULAR ARMY.

Mr. Hull replied that in the staff volunteer officers could be appointed to the regular army without regard to age or grade, but in the line volunteer officers could not be appointed above the grade of first lieutenant, and then only when below the age of thirty.

## HEPBURN URGES MORE PLUMS.

Mr. Hepburn asked if Mr. Hull would object to an amendment providing that vacancies below the grade of colonel could be filled from the list of volunteer officers, and declaring it to be the purpose of the act to place the volunteer officers commissioned since April 19, 1898, upon the same footing with the officers of the regular army.

"I should say," responded Mr. Hull.

## "FAKED" A DAY OF RACING.

### CLEVER TURF FRAUD BY ELEVEN INDIANA MEN.

Chicago, Dec. 5.—The board of review of the American Trotting association at its annual meeting today investigated one of the most extraordinary turf frauds ever perpetrated, and at the close of the inquiry issued an edict of expulsion against eleven residents of Rushville, Ind. The offense for which these people are ruled out of the turf was "faking" of an entire day of alleged trotting and pacing over the Rushville track on Sept. 16, 1899, producing the admission of the summaries of the same in the official records of the American association and selling and otherwise making use for gain of the horses alleged to have made fast records on the day in question.

## BULL CHARGES CROWD.

### PANIC CAUSED AT CHICAGO LIVESTOCK SHOW BY THE MADDENED ANIMAL.

Chicago, Dec. 5.—A maddened bull that escaped from its keepers while being driven from the judges ring today at the international livestock exposition caused a panic among the several thousand spectators who were witnessing the heavy team exhibition on Dexter avenue, just west of the pavilion. Three men and a little girl were thrown to the ground by the infuriated beast, but none were seriously injured.

## BLOODED CATTLE SELL HIGH.

In the sales ring today at the exposition "Dolly V." a Hereford cow owned by Clem Graus of Bunker Hill, Ind., was sold for \$3,150 to C. A. Jamieson of Peoria, Ill., to go to his farm at Hamlet, Ind. This breaks the world's record for the sale of a Hereford cow. The imported Hereford cow, "Lady Help," was sold to J. W. Adams of Moquaw, Ill., for \$2,800, and the bull "March on the 13th" was sold to Wm. Moffatt & Bro. of Pawpaw, Ill., for \$3,500. The Hereford sale closed today with a total of ninety-five animals bringing \$42,265, an average of \$445 each.

## THE ATTENDANCE TODAY WAS BETWEEN FIFTY AND SIXTY THOUSAND. TOMORROW NIGHT WILL OCCUR THE GRAND DISPLAY OF DRAFT HORSES.

## SOBS IN THE COURT ROOM.

### JESSIE MORRISON GIVES WAY TO HER ANGUISH.

Eldorado, Kas., Dec. 5.—Jessie Morrison, charged with murder in the first degree, today for the first time since her trial began gave vent to her feelings of anguish and sobbed in court. It was the first sign of emotion that the defendant has displayed. It came when Judge Redden, one of her attorneys, pleading that the ante-mortem statement of Mrs. Castle should not be admitted as evidence, declared that the words of accusation against the prisoner were "concocted by men who sought only to convict an innocent girl."

Later Judge Shinn ruled that Mrs. Castle's statement should be placed before the jury as evidence, but sustained the objections of the defense to certain sentences therein, among them the words "Before my God, it is true," the only part of the statement that the dying woman herself wrote. However, Judge Shinn decided the jury should hear the evidence given yesterday as to the manner in which the statement was made. It was, he said, alone in the province of the court to decide on the mental condition of the declarant; the jury should decide whether it was Mrs. Castle's own statement or whether it might have been influenced by others, while the statement was made. It was, he said, necessary to have the testimony given yesterday repeated, and the jury was called in.

Miss Morrison appeared more cheerful at the afternoon session, but watched the proceedings with evident impatience. The case will not likely go to the jury before the first of next week.

In the sales ring today at the exposition "Dolly V." a Hereford cow owned by Clem Graus of Bunker Hill, Ind., was sold for \$3,150 to C. A. Jamieson of Peoria, Ill., to go to his farm at Hamlet, Ind. This breaks the world's record for the sale of a Hereford cow. The imported Hereford cow, "Lady Help," was sold to J. W. Adams of Moquaw, Ill., for \$2,800, and the bull "March on the 13th" was sold to Wm. Moffatt & Bro. of Pawpaw, Ill., for \$3,500. The Hereford sale closed today with a total of ninety-five animals bringing \$42,265, an average of \$445 each.

### JESSIE MORRISON GIVES WAY TO HER ANGUISH.

Eldorado, Kas., Dec. 5.—Jessie Morrison, charged with murder in the first degree, today for the first time since her trial began gave vent to her feelings of anguish and sobbed in court. It was the first sign of emotion that the defendant has displayed. It came when Judge Redden, one of her attorneys, pleading that the ante-mortem statement of Mrs. Castle should not be admitted as evidence, declared that the words of accusation against the prisoner were "concocted by men who sought only to convict an innocent girl."

Later Judge Shinn ruled that Mrs. Castle's statement should be placed before the jury as evidence, but sustained the objections of the defense to certain sentences therein, among them the words "Before my God, it is true," the only part of the statement that the dying woman herself wrote. However, Judge Shinn decided the jury should hear the evidence given yesterday as to the manner in which the statement was made. It was, he said, alone in the province of the court to decide on the mental condition of the declarant; the jury should decide

**"THE LITTLE MINISTER."**  
It Will Be Presented Here the Evening of Dec. 11.  
"The Little Minister," a beautiful heart-aching story in the original, which the author, J. M. Barrie, has successfully transferred to the stage, will be presented in Marquette the evening of Dec. 11 by one of Charles Frohman's excellent companies. This play, in which Maude Adams won an enduring fame, will be one of the best offerings from the point of dramatic art and interest of the present theatrical season. The name Frohman is a guarantee of the quality and style of the production.

**WALL STREET STOCKS.**  
New York, Dec. 5.—Today's market somewhat revealed the speculative position of yesterday. The early part of the day showed a continuance of the reactionary tendency. London took its cue from the depression here yesterday and sold Americans, the offerings from that source amounting to some thirty thousand shares. The professional traders also continued bearish and sold stocks short, but it became obvious during the course of the day that there was no urgent pressure to liquidate. The decline in prices brought no large offerings, and the bears were disinclined on this account to resume their campaign. Consequently they turned to cover their contracts, and bought the market upwards.

**MARINE MATTERS.**  
**PASSED THE CANAL.**  
Sault Ste. Marie, Dec. 5.—(Special)—Up—Gilbert, Superior City, 1:04 a. m.; Gates, noon; Manola, Magna, Erin, Danforth, 1; Maricopa, 7:40.

**CITY BREVITIES.**  
Weather forecast: Partly cloudy; northerly winds, becoming variable. Yesterday's temperature: 7 a. m., 32 degrees; noon, 32 degrees; 7 p. m., 31 degrees; maximum, 33 degrees; minimum, 21 degrees.

**THE STRONG POINTS** in today's market were among the low-priced minor stocks, the Eries, Peoria & Eastern, Wabash, St. Joe & Grand Island and others of that class being conspicuous. Atchison preferred and Missouri Pacific also were strong, and Brooklyn Transit at the steel stocks were in demand. Sugar was very feverish, and after a rally from the early weakness about a point over last night it lost the gain again in a few minutes.

**A stuffed Gila Monster** on exhibition in the Western Express company's window yesterday attracted much attention. It is an excellent specimen.

**There was some snow** yesterday. A couple of inches were added to the scant stock on the ground. Good sleighing has not yet been restored.

**Superintendent Reticall** of the electric light and power commission has furnished Mrs. Duval, the tailor, with a couple of electric irons. She will try them and if they work all right will continue them in use.

**Tim Duquette** has accepted a position with the Metropolitan Life Insurance company, which has offices in the Harlow block. Mr. Duquette is no stranger to Marquette people, who will wish him all success in his new work.

**Mr. and Mrs. F. D. Davis,** Mr. and Mrs. J. E. Sues, Dr. and Mrs. Hudson, Mr. and Mrs. H. O. Young and Mr. and Mrs. A. J. B. were among the up-the-road people who witnessed Modjeska's presentation here last evening.

**The Elks' minstrel** leave for Ishpeming at 6:30 this evening on a special train. It is said that fifteen or twenty people outside the members of the company will join the party. The train will return some time after the performance.

**The Marquette lodge** No. 161, F. & A. M., elected the following officers at their regular meeting, held Tuesday evening: E. C. Bailey, W. M.; J. H. O'Meara, S. W.; C. L. Brainerd, J. W.; F. M. Moore, treasurer; W. J. Ellison, secretary; Geo. A. Meads, S. D.; Louis Pentill, J. D.

**St. Luke's hospital** has built a detention house on its premises on Ridge street. Fever patients whose symptoms might be confused with those of small pox, if any such are received at the hospital, will be confined there until such a time as the disease from which they are suffering is thoroughly developed. Some residents of the vicinity conceived the idea that the structure was a pest house and were rather alarmed at its erection.

**Bob Humes** reports all well at Presque Isle. The tranquility of the resort is no longer disturbed by visitors and it will be neglected until next spring. The bears have not yet withdrawn to the privacy of their den for their winter's hibernation nor will they bid farewell to the sun until the weather turns much colder than it is now. One buck in the deer park was killed recently. It had become dangerously fierce, killing a number of fawns and declining to be hunted all day. It was absolutely essential that it should be disposed of. The park now contains ten head of deer.

**BOSTON COPPER QUOTATIONS.**  
The closing prices of the Boston copper stocks yesterday, as furnished by Paine, Webber & Co., Marquette, Mich., were as follows:  
Adve 66@65; Ac 21@22; All 2 1/2@3 1/2; Arn 5 1/2@6; At 2 1/2@3 1/2; Baltic 27@28; B & M 23@25; B & B 8@8 1/2; C & H 82@85; Cent 15 1/2@16 1/2; Cop Rg 25@26; Frank 16@15 1/2; Isle Roy 3 1/2@3 1/2; Mass 13@14; May F 2@3; Ana 4 1/2@4 1/2; Moh 23@22 1/2; Mich 4 1/2@5 1/2; Old Col 3@4; Old Dom 3 1/2@3 1/2; Osc 7 1/2@8 1/2; Par 47@48; Quincy 178 asked; R I 3 1/2 asked; Amal 92@92 1/2; S Fe 6 1/2@7; Tam 23@23 1/2; Tec 1 1/2@2; Tri-M 12 1/2@13 1/2; Utah 3 1/2@3 1/2; Vict 2 1/2@3 1/2; Win 3 1/2@3 1/2; Wolf 46@46 1/2; Wyand 14@15 1/2; Elm R 4@4 1/2; Bing 13@13 1/2; Coch 9@9 1/2.

**CHICAGO GRAIN MARKETS.**  
Chicago, Dec. 5.—Wheat today was quite active, with the trade broader and the early feeling stronger in continuation of that developed yesterday. Still higher prices ruled, January selling to 72 1/2@74 and May to 75 1/2, but the advance was not maintained, the closing showing only a slight gain. The local temper was bullish, the strength abroad being a factor. A sensational advance at Paris, equal to 1 1/4@2 1/4, was one of the bull factors. Liverpool spot was steady to 1 1/2 penny higher, with futures 1 1/2@1 3/4. The local shipments were liberal and prominent interests were more disposed to stay on the long side of the market. The early demand was mainly from shorts, but later fresh investment buying was in evidence. The seaboard reported fifty-four boatsload accepted.

### NEW SYSTEM IN VOGUE.

MANY IMPORTANT CHANGES JUST BEING COMPLETED AT THE ISHPEMING CITY LIBRARY.

Patrons of the Ishpeeming public library will be pleased to know that it will be open to the public next Monday afternoon. During the past few weeks, since the library was closed for alterations, the librarian has been very busy with the big task she undertook in the improvement of the entire system.

The old system of recording books may be all right for a library of 200 volumes or so, but for one of over 6,000 it is totally inadequate. With the old system it was quite impossible to keep a complete record of all the books. They were very frequently misplaced and often lost. Persons who had occasion to look up certain subjects could not tell what there was in the library and where to find the books they wanted.

Under the decimal classification and card-catalogue system the contents of the books are examined and each book is placed in the class, division, section and sub-section to which it belongs, and the title, author, subject, class, author, number, etc., are type-written on the cards in the catalogue case. All books (except reference works) are not taken out) have pockets in which cards are kept, while the books are on the shelves. These cards contain records of when and by whom the book was taken out, also how long it was out. While the books are out these cards are kept in a dated case on the librarian's desk, so that she can tell at a glance who the delinquents are. By this method she knows exactly who has each book.

A fine of two cents per day will be taxed on each book kept out over the regular time.

The history, literature, etc., are classed by subjects, so that by referring to the card-catalogue all books treating on any one subject can be found at once.

The labor of establishing the new system is very great, and the librarian and her assistants are doing in six weeks what experts would ask several months time to accomplish, and they would charge a big price for the work. In order that the expense of doing the work may be as light as possible, Mrs. Fiske, the librarian, has been putting in from twelve to fifteen hours a day at the library. While the work has been accomplished in a comparatively short time it was thoroughly done.

The shelf room has been enlarged, additional lights have been added and more tables and chairs have been placed in the reading room. About 220 books were found to be totally beyond repair, while there are about 500 badly in need of repairing.

Patrons of the library will appreciate the improvements made. The system is now almost perfect. While a better record of the books, both in and out of the library, can be kept by the librarian, the new system simplifies her work not a little. No one can thoroughly comprehend the immense task the librarian undertook without examining fully the new system.

Those who have been reading the books of the library for many years past never appreciated the service so much as they have since they were deprived of them during the past six weeks while the changes mentioned have been in progress.

### GLORIOUS NEWS

Comes from Dr. D. B. Cargile, of Washita, L. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent. This shows what thousands have proved—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, cleanses bowels, cures indigestion, builds up the strength. Only 50 cents. Sold by the Stafford Drug Company."

### ALBERT PEARCE ACQUITTED.

The verdict rendered yesterday in the circuit court at Marquette by the jury in the case of the People vs. Albert Pearce, who was charged with shooting Isaac Harala with intent to do great bodily harm, did not cause a great deal of surprise here, especially to those who are familiar with the facts. Young Pearce had a number of witnesses who testified to his good character in the past and this, together with the evidence brought out on the trial, combined to convince the jury that the young man should not be held for the crime charged. Pearce's many friends here are pleased that he was acquitted.

### WILL HAVE BETTER QUARTERS.

THE BELL TELEPHONE COMPANY IS MAKING EXTENSIVE PLANS FOR THE FUTURE.

The local exchange of the Bell Telephone company will soon be removed from the McKey block to the second floor of the Thoney building. The entire floor will be utilized by the company. An office, store rooms, etc., will be fitted up.

The many improvements in Ishpeeming will not be completed for some time, perhaps for six months or longer. An up-to-date switch board will be put in and other changes will be made. The transfer of the wire from the old to the new poles will be started before long. An assistant manager will be stationed here to look after the business in Ishpeeming and the vicinity.

Speaking of the long distance service in the upper peninsula, Manager Baker said yesterday that it is increasing right along. The people appreciate the service very much and a great deal of business is transacted between merchants of this section and the larger cities. Ishpeeming people are contributing their share of the patronage from this county. Marquette heads the list in revenue to the company but Ishpeeming is a close second.

### THE FALL OF BROOKLYN BRIDGE.

The Brooklyn bridge is being weakened by electrolysis. Its four great cables are now being constantly flowing. These are escaping to the ground through the anchorages, which they are eating away at an estimated rate of nine tons a year. The conclusion is that the electrolytic effect must be overcome at once. The bridge may some day fall into the river, or it may have to be closed. Health is often undermined in a like manner—by the neglect of trivial matters. Constipation, indigestion, dyspepsia, biliousness or nervousness should be checked at once. Hostetter's Stomach Bitters will do all other medicine as good for all disorders of the stomach. Don't fail to give it a trial.

### TO ASSIST THE TEAM.

The dancing party to be given at the Anderson hall on the evening of Dec. 11, Friday night of next week, for the benefit of the Ishpeeming High school football team will be quite a successful function. The trip the boys took below Thanksgiving was an expensive one, and with very little money on hand they naturally went in debt. The party is given by friends of the team to assist in paying off the indebtedness. Tickets are \$2 each. This will include refreshments to be served by the ladies. A number have purchased tickets, but those in charge of the affair desire to sell a great many more. The football boys are deserving of all the assistance given them and every person who can possibly afford to purchase a ticket should do so. The music for the party will be furnished by Trombley's orchestra.

### PREVENT THE SMALL-POX.

By drinking good liquor. It is a sure preventive. Crab & Toutloff have the finest liquors of all kinds to be found in the county. (11-29-10)

I have put in a very large line of choice bottle goods for the holiday trade. Wines, liquors, cigars, pipes, etc. P. H. Donahoe. (12-6-10)

### ISHPEMING IN BRIEF.

C. H. Chapman of Sault Ste. Marie was a visitor in the city yesterday.

Manager J. M. Hayden of the I. E. Swift Hardware company did business in the copper country yesterday.

Marshal Farm and Officers Tupin and Collins spent yesterday at Marquette, having been summoned as witnesses in the Pearce-Harala case.

### FREE OF CHARGE

George Benford and wife were tented a social surprise by members of the local corps of Royal Neighbors of America at their home on Bluff street Tuesday evening.

E. C. Short, superintendent of construction for the Bell Telephone company, was in Ishpeeming yesterday. He has charge of all construction work in the upper peninsula and is quite a busy man.

### CHOSE NEW OFFICERS.

At the regular meeting of the local branch of the Journeymen Barbers' International union last Monday evening the following officers were chosen to serve for the ensuing term: President, T. J. Heard; vice president, Peter Mercier; recording secretary, James H. Allen; corresponding financial secretary, Alfred Johnson; treasurer, E.

been a good advance sale of reserved seat tickets and a large attendance is assured.

Besides giving a Japanese supper tomorrow evening at the Anderson hall the ladies of the Presbyterian church will also give a very unique entertainment. The program to be rendered is one that will delight all who attend. The admission price will be only ten cents, with twenty-five cents extra for supper. The ladies extend a cordial invitation to their friends to attend and enjoy themselves.

Mrs. Jennie Branewen died yesterday of pneumonia at the Winthrop location, where she has lived for some time. She was twenty-six years of age and is survived by her husband and four small children. The funeral will take place tomorrow afternoon, with religious services at the Swedish Lutheran church here. If Rev. M. Stolpe arrives tomorrow he will be prevailed upon to conduct the services.

The snow which fell during the past couple of days has completely destroyed skating on the lakes within the city limits. Patches cleared here and there will be the only ice the lovers of the sport may expect to glide over during the remainder of the winter. There will probably not be a skating rink here this year, as the last one conducted in the city was a losing venture for the management.

As will be seen by a notice published elsewhere in this issue, the firm of Kaufman & Hessel, the horse dealers, has been dissolved by mutual consent. Fred Kaufman, who has been in charge of the firm's business in this city, will continue as manager of the local stables for his father. Mr. Kaufman will doubtless continue to control the big patronage the firm has enjoyed in this county during the past year or more.

When the stomach is tired out it must have a rest, but we can't live without food. Kodol's Dyspepsia Cure "digests what you eat" so that you can eat all the good food you want while it is restoring the digestive organs to health. It is the only preparation that digests all kinds of food. The Stafford Drug Co., and H. N. Melchoe, Ishpeeming.

### NOTICE.

To Whom It May Concern:—Notice is hereby given that the partnership of Kaufman & Hessel, in this day dissolved by mutual consent. All debts due the said partnership are to be paid to the Bank of Escanaba at Escanaba, Mich.

Dated this third day of December, 1900.

(Signed) GEORGE W. KAUFMAN, Q. R. HESSEL. (12-6-10)

### PAY YOUR TAXES.

Property owners of Ishpeeming township are hereby notified that their taxes are now due and payable at the Ishpeeming National bank.

(12-5-10) PATRICK LYONS, Supervisor.

J. Hammel & Co. have just received a carload of fine horses. Parties wanting good stock will do well to call and see them. Light and heavy horses are in the lot. (12-6-10)

If you want good liquor go to P. H. Donahoe's for it. He has the very best stuff. Try his white malt whiskey. (12-6-10)

Eczema, scald head, hives, itches of the skin of any sort instantly relieved, permanently cured. Doan's Ointment. At any drug store.

The person who disturbed the congregation last Sunday by coughing, is requested to call at The People's Drug Store and get a bottle of FOLEY'S HONEY AND TAR. It always gives relief.

The disposition of children largely depends upon health. If they are troubled with worms, they will be irritable, cross, feverish, and perhaps seriously sick. WHITE'S CREAM VERMIFUGE is a worm expeller and tonic to make them healthy and cheerful. Price 25 cents. The Stafford Drug Co.

### Take An Expert's Advice

#### Get Vaccinated Without Further Delay.

Small-Pox Is Here in Earnest—All Should Be Vaccinated as Advised by Dr. Spalding, Chief Medical Examiner of Illinois, Who Recently Looked Into Case Here—Read What the Expert Says in His Letter to Mayor Braastad:

"Chicago, Nov. 24, 1900.

"Hon. F. Braastad, Mayor of Ishpeeming, Mich.

"Dear Sir—According to promise, I herewith submit a more formal report to you concerning the case of Mrs. Ole Forseth of your city, whom I visited Nov. 11 in response to your telegram and who was under treatment for small pox. I found the patient very weak over the disease. The prompt isolation and efficient manner of treatment by local physicians makes it pretty certain that there will be no spread of the disease from Mrs. Forseth.

"Isolation of persons suffering with small pox and vaccination of the people are the essential steps to be taken in preventing an epidemic of small pox.

"I learned while in Ishpeeming that there has not been any systematic and thorough vaccination here, and as it is reported that there are numerous cases of small pox in the adjacent towns and country, I feel I must urge that all who have not been recently vaccinated with successful results should be vaccinated at once.

"Those who have no scar should be vaccinated and re-vaccinated until it 'takes.' In these unvaccinated subjects there is no such thing as failure; if they persist in repeating the vaccination when former trials have failed. Vaccination will 'take' at least once on everybody. In subjects who have a good scar there is no certainty that a re-vaccination will 'take' but they should try it again to make sure they are immune from small pox. If they are immune the vaccination will not 'take.'

"If you will vaccinate the people of Ishpeeming as indicated above, your people will escape the disease with its ravages and incidental destruction of business interests, as it is certain that persons who are properly immunized by vaccination will not take small pox in any form.

"Out of sixty cases of small pox treated in the Chicago Isolation hospital last year but one had ever been successfully vaccinated and that one had a poor scar made years before.

"I beg to thank you and the physicians I met for your courtesy, and remain,

"Yours very truly,

(12-5-10) "Herman Spalding, M. D."

THE SMALL POX BILLS.

Negaunee people who have bills on account of the small pox have been asked by Recorder Mitchell to file them with him today. The council meets this evening and it is desired that all accounts be sent in for consideration at this meeting.

THREE EXTRA CARS.

The early trains on the Chicago & Northwestern line had three extra coaches coming into Negaunee yesterday. One was Modjeska's private car, another carried her scenery. The third was Dr. Hulst's private car.

A LIFE AND DEATH FIGHT.

Mr. W. A. Hines of Manchester, Ia., writing of his almost miraculous escape from death says: "Exposure after measles completely cured me. I would not be without even if it cost \$5 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure throat, chest and lung troubles."

NEW OFFICERS CHOSEN.

At the regular meeting of Negaunee Lodge No. 292 F. & A. M., held this week the following officers were chosen for the ensuing term: W. M., Samuel S. Mitchell; S. W., John F. Allison; J. W., H. C. Hemmingston; treasurer, Joel Williams; secretary, H. F. Jarve.

LOCAL LAONICS.

Bernard J. Goodman was up from Sault yesterday. William Verran has not been feeling very well of late. Arthur Meyers has been on the sick list the past few days.

ANONYMOUS LETTERS NO GOOD.

Mayor Kirkwood is in receipt of a letter from a citizen of Negaunee who failed to attach his signature to it. The letter is in the nature of a protest. It points out that certain saloon-keepers are not living up to the law in the conduct of their places.

NOW READY FOR WINTER.

Chemical Outfit Rigged Up in a Sleigh for the Use of the Fire Department.

THE RECENTLY LAID UP WAGON WILL BE PURCHASED.

Fire and Water Commissioners Think That They Have Devised an Effective Apparatus for the Months When Snow Covers the Ground.

ITS TANK HOLDS SIXTY GALLONS.

The fire department is prepared for the winter. A chemical outfit for use during the next few months has been rigged up and it now lies at the hose wagon ready to be brought out as soon as there is enough snow on the ground to insure good sleighing.

When the matter was first brought up the question arose whether it would be better to transfer the body of the chemical outfit, presently on the runners or to rig out a sleigh with its own tank for winter use.

SIXTY-GALLON TANK.

The commissioners decided to put a sixty-gallon chemical tank in one of the hose sleighs which has been in use for a couple of winters past.

The two tanks on the wagon have a capacity of forty gallons each. Thus yesterday, manipulation of Amalgamated affecting it adversely.

TWO HORSES REQUIRED.

The sleigh will be much lighter than the wagon which is used during the months when there is no snow on the ground. It will only require two horses while the heavy outfit of three strong animals is taxed to handle the latter equipment.

PEARCE ACQUITTED.

Jury Finds That He Shot Harila in Self Defense.

The jury in the case of the People vs Albert Pearce was out but a few minutes yesterday afternoon when it was announced that a verdict had been reached.

conduct has always been that of an upright, law abiding young man. The evidence was unanimous on this point. Nothing was offered to contradict a number of statements to this effect.

Among the attorneys the opinion was general that the whole unfortunate affair would have been avoided had Pearce been provided with so dangerous a weapon of offense as a revolver. Harila also bears a fair reputation in Ishpeming. He is not a thug or a cutthroat.

The case went to the jury after 2 o'clock. The verdict was returned before 3 o'clock in time to give the attorneys and the other up-the-road people attending court an opportunity to leave for their homes on the 3:05 train.

A GRACEFUL ACT.

Stranger Donates \$5 to Sisters of St. Joseph.

In answer to an advertisement, published in The Mining Journal, of the loss of a \$20 gold certificate which was dropped near Gooding & Ormsbee's store in which the finder was requested to return the bill to The Mining Journal office.

CREAM OF TARTAR.

Its Use Said to be a Safeguard Against Small Pox.

A Mining Journal reader sends in the following clipped from an upper peninsula paper:

"An old druggist in southern Michigan writes that the worst case of small pox can be cured in three days by the use of cream of tartar. Dissolve one ounce of cream of tartar in a pint of water. Drink at intervals after the liquid becomes cold. It is claimed this simple remedy has cured thousands and never leaves a mark or causes blindness, besides shortening the sickness.

BREAK IN AMALGAMATED.

It Affected All Other Coppers Yesterday.

The copper market was rather weak yesterday, manipulation of Amalgamated affecting it adversely. The quotations were lower than they have been for some days.

"There was tremendous dealing in Amalgamated today. The manipulation, we believe, is not to sell stocks and we look for something favorable in Amalgamated securities in a few days which will affect the whole list."

"Coppers are very weak today, especially Amalgamated. The tremendous break in this stock looks like manipulation in order to get some cheap shares. Rumors are rife that favorable news will come out in a few days which will make our market boom. It is a bad time to get bearish and we think stocks a good purchase on this decline."

"Wheat ruled fairly strong today on higher cables and a continuation of the bull feeling. Another spurt in corn helped somewhat but, toward the close corn eased off. Local bulls took profits and market worked off. There was no great feature in the trade except the relative strength of January and the weakness of December, the former gaining 1/4 on May and 1/4 on December. The close seemed rather weak and it is up to the foreign markets to turn it the other way again. We would buy on any material recession from these prices."

NEW FACTORIES.

The Michigan Telephone Company Will Start Them.

The Michigan Telephone company is about to undertake the manufacture of the apparatus which it uses in such large quantities in a couple of new establishments. Of this departure the Detroit Tribune says:

"For some time past the Michigan Telephone company has been manufacturing telephone apparatus in a small way in the 'annex' of the telephone building on Washington avenue, and the results have been so satisfactory that the company has decided to enlarge its field of operations. The old pearl button factory, at 734 Beaubien street, has accordingly been secured, and will be turned into a big plant for making switchboards and all kinds of telephone apparatus. Supt. Cook is now in Chicago buying machinery, in addition to a couple of gas engines and certain dynamos purchased from Westinghouse, Church, Kerr & Co. through their local agent, Wallace Franklin.

"The new shops will commence business Jan. 1, employing at the start about 200 men and increasing the force until, it is said, several times that number will be employed. It will make telephone apparatus for the exchanges in all parts of Michigan.

"Besides the new Detroit factory a similar institution will be started by the Erie system in Pennsylvania; probably at Scranton. The object is to make in both factories all the various kinds of telephone apparatus that the company has been obliged to buy heretofore from the Western Electric Co. of Chicago, including transmitters, receivers, etc. It is needless to say that this move will make a stir in the telephone business."

MODJESKA'S ART.

It Was Displayed in "Mary Stuart" Last Evening.

Madame Helena Modjeska was greeted by a large assemblage at the opera house last evening on the occasion of her first and last visit to the city. It was recruited mainly from Marquette, but Neagamee and Ishpeming were represented by goodly delegations.

Madame Modjeska's visit was one of the red letter nights in the history of the Marquette theater. Never before had a player of equal renown graced its stage.

It is certain that most of the people in the opera house saw Modjeska for the first time. They were unable to compare her present art with its manifestations in past years even had they desired to do so.

The madame's greeting was warm and spontaneous, the curtain calls which she won hearty and enthusiastic. This was particularly so at the conclusion of the third act, when, in her furious rage to face arraignment of the domineering Elizabeth, she lashed out the bitter speech that hurled defiance and dishonor in the face of her relentless persecutor and, in effect, signs her death warrant.

Here and in the fifth act, when Mary bids farewell to her female attendants to take up the heavy road to the scaffold, Modjeska was not in her best. If the term best can be applied to any one portion of such a complete and consistent characterization as her Mary Stuart, Modjeska dominated the stage whenever it claimed her presence.

The supporting company is a pleasing exception to the rule which provides that stars who visit this section must surround themselves with nonentities. Miss Tyler was not in the cast but Mr. MacLean appeared as the shifty, sly Robert Dudley, Earl of Leicester, bringing to the characterization abilities of a high order.
