PROMISES TO BOERS.

Sudden Change of Front in British Policy Startles London.

OPPOSITION IS APPEARED.

Civil Government to Be Established, With Equal Rights, and Military Measures to Be Milder.

CAPTURE FACING DEWET.

London, Saturday, Dec. 8.—Secretary Chamberlain still fills the political stage. His unexpected but adroit announcement in the house of commons yesterday (Friday) that a civil government would be given to the two Boer republics, coupled with a promise to limit the farm burning and other severe military measures as far as possible, has taken the bottom out of the chief amendment of the opposition to the address. This new phase, combined with the failure of Kruger's mission and the fact that the Worcester Dutch congress passed off without trouble, will persuade the public that the South African situation is less menacing than it has been recently supposed.

Chamberlain went on to say that he hoped the civil government he had outlined could be inaugurated in February. Municipalities would be created as soon as possible, notably at Pretoria, Bloemfontein and Johannesburg, with all municipal privileges. Afrikaners would be employed as officials as far as possible, and every man, Boer or Briton, would have equal laws and equal liberties.

Mr. Asquith contended that amnesty should be granted to the Boer leaders. Timothy Healy, Nationalist member for North Louth, warned the Boers against accepting the "British shams." Sir Henry Campbell-Bannerman said Chamberlain's speech was more favorable than the opposition had expected, and that the government had practically accepted the amendment. In his opinion, there ought not to be a division.

BOERS HARD PRESSED.

BRITISH CLOSELY PURSUING GEN. DEWETT'S FLEDGING FORCES—KRUPP GUN ABANDONED.

Alwal North, Cape Colony, Dec. 7.—After a fight at Sterk Spruit, General Dewet doubled south during the night, crossed the Caledon river and marched to Odendal drift, where he found the stream impassable; then turned east and marched along the north bank of the Orange river until within fifteen miles of Alwal North, and then turned northeast in the direction of Rouxville. General Knox dogged his steps the whole day. Dewet's force is hard pressed; three hundred of their dead and dying horses were counted between the Smithfield road and Orange river.

London, Saturday, Dec. 8.—A dispatch from Lord Kitchener, dated Bloemfontein, the 7th, confirming the news from Alwal North (saying General Dewet's main force is hard pressed), adds that General Knox has captured a Krupp gun which Dewet abandoned near the Caledon river and is continuing in pursuit of the fleeing Boers.

The dispatch also says that while the British were handling over the women, at the request of the Boers, under a flag of truce at Belfast, on Dec. 5, a force of one hundred Boers successfully attacked a neighboring infantry post.

READY FOR WEYLER'S METHODS. Johannesburg, Dec. 7.—In pursuance of the reconnoitered policy, the British here are preparing accommodation on the race course for four thousand people from the farms in the vicinity of the "rand." The burghers will be herded in a laager and will be strictly watched.

Notification appears in The Gazette to the effect that all able-bodied British subjects are liable to be conscripted for service in the "Rand Rifles."

Heidelberg, Transvaal Colony, Dec. 7.—The Boers are driving Boer women and children from their homes because their kinsmen refuse to fight any longer. Forty women and children, ill-clad and hungry, were brought in by the British today.

OVATION TO LORD ROBERTS. Port Elizabeth, Cape Colony, Dec. 7.—Lord Roberts arrived here this morning on board the Canada and was accorded a splendid reception. Hundreds of town folk had been up all night in order to secure points of vantage. The field marshal drove around town, received a number of addresses and then re-embarked on the Canada.

The Hague, Dec. 7.—The presidents of both chambers have sent letters to Kruger welcoming him in the name of the states general. Kruger today received various officials, and the enthusiasm of the crowds outside his hotel compelled his frequent appearance on the balcony. An official request has been transmitted to the queen for an audience.

TODAY'S WEATHER. Washington, Dec. 7.—The following

NEW WAR THREATENED.

HOLLAND AND PORTUGAL SEVERE DIPLOMATIC RELATIONS. Lisbon, Dec. 7.—The minister of The Netherlands to Portugal and the Portuguese minister at The Hague have left their respective posts. It is believed differences have arisen on the subject of the executor to the Dutch consul at Lorenzo Marques, Delagoa Bay, which the Portuguese have withdrawn.

Madrid, Dec. 7.—The Imparcial says it considers the rupture of the relations between Holland and Portugal very serious. It adds that it is due to the intrigues of Great Britain, asserting that Portugal is now under the tutelage of Lord Salisbury.

Is the weather bureau's forecast for Upper Michigan: Fair and warmer Saturday; Sunday, fair; winds shifting to fresh southerly.

REFORMER WARNS THE POWERS.

MUST KEEP AN EYE ON THE SOUTH CHINA VICEROYS—PLEADS FOR THE EMPEROR. Peking, Dec. 8, via Shanghai, Dec. 7.—United States Minister Conger and the other foreign envoys received today a letter signed by Kang Yu Wie, the well-known Cantonese reformer, who was formerly the adviser of Emperor Kwang Su and who always has been favorable to the foreigners.

Kang Yu Wie says that great calamities have befallen China through the empire dowager, also in consequence of her advisers, Prince Tuan, Prince Ching, Yung Lu and others. He says he is thankful that the foreigners held out in the legation buildings in Peking, and that all the Chinese who understand the law of nations regret the murder of Baron Ketteler. He then says he desires to make suggestions which "will ensure the just punishment of the real culprits, satisfaction to the different countries and the permanent settlement of the international relations of China."

Kang Yu urges: First, that the empire dowager and her advisers should not be allowed to negotiate for peace; second, that the emperor, who is a friend of the foreigners, should be restored; third, that all the reactionary officials should be arrested, and that careful watch be kept over the so-called friendly viceroys in the South. Unless Yung Lu, Prince Tuan and the others are severely dealt with, Kang Yu contends, they will continue to say that the foreigners are powerless.

"The foreigners should not rely upon the viceroys," continues the Cantonese reformer. "They send men, money and armaments to the empire dowager and her obedient servants. Should the emperor be restored, the empire would rejoice. The emperor's party consists of the most enlightened men, who are friendly to the foreigners and desire to incorporate Western civilization and culture in the ancient country."

Yang Yu Wei points out that he was appointed for his task by a secret edict of the emperor in 1898, when he made an appeal on behalf of the emperor to the foreign powers, "an appeal which the Chinese listened to would probably have prevented what has happened."

Li Hung Chang has informed General Chaffee that he and all the people of the province of Chi Li are extremely pleased and gratified at the behavior of the American troops toward the Chinese. They are considered to light matter. From all sections of the portions of the city under American supervision come words of praise, thankfulness and commendation regarding the behavior of the Americans.

NAVY GETS MANY BIDS.

Offers to Build Warships Are Received from Numerous Firms.

SURPRISE FOR "OLD" ONES.

Younger Competitors Enter the Lists and the Prospects Are Good for Some Capturing Contracts.

FOR ELEVEN BIG VESSELS.

Washington, Dec. 7.—Bids were opened at the war department today for the construction of five new battleships and six armored cruisers already authorized by congress, aggregating a total displacement of 154,000 tons. The ships in both classes will compare with any in the world.

While it is not possible at this time to forecast the results accurately, there are indications that the attempts on the part of the younger concerns to break the line of the old organizations which have heretofore constructed all the heavy vessels of the navy will be attended with some degree of success, for it looks as though some of the work will be bestowed upon the Fore River company, which appears for the first time as a bidder for constructing armored ships. The Pacific coast, too, presents a likely candidate in Moran Bros. & Co.

Because of the changes made in the specifications by the bidders, the general tendency of which is to reduce considerably the equipment of the ships, it is not possible yet to tell which of the bids is actually the lowest. As read they are as follows:

—Armored Cruisers—
Union Iron Works, San Francisco—One sheathed and coppered, \$3,900,000; one without sheathing, \$3,750,000; another under the same conditions, \$3,750,000, making three in all.
William Cramp & Sons, Philadelphia—One sheathed but uncoppered, \$3,890,000; one unsheathed, \$3,780,000.
Newport News Shipbuilding & Drydock company—One sheathed and coppered, \$3,885,000; one without sheathing, \$3,775,000.
Moran Bros. & Co., Seattle, Wash.—One sheathed and coppered, \$4,132,000; or two at \$4,000,000 each; one without sheathing, \$3,965,000; or two at \$3,844,000 each.

Fore River Ship Building & Locomotive Works, Quincy, Mass.—One sheathed and coppered, \$3,975,000; or two at \$3,950,000 each; without sheathing, one for \$3,800,000, or two at \$3,775,000 each. The same bid is also made for two more ships at the same price and under the same conditions under the act of 1900. The preceding bidders, Moran & Bros. and the Newport News company, made similar propositions.

John Dialogue & Son, Camden, N. J.—One unsheathed, \$3,325,000; another under the act of 1900 at the same price. Risdon Iron & Locomotive Works, San Francisco—One without sheathing, \$4,075,000.

—Battleships—
Cramp & Sons—One sheathed and coppered, \$3,600,000.
Newport News company—One sheathed and coppered, \$3,593,000; one unsheathed, \$3,540,000.
Fore River Works—One for \$3,580,000; or two for \$3,555,000 each, all sheathed and coppered; without sheathing, one for \$3,430,000 or two for \$3,405,000 each. A bid was also submitted for two more at the same price under the act of 1900.

John H. Dialogue & Son—One without sheathing, \$3,290,000; also another at the same figure under the act of 1900.
Bath Iron Works—One sheathed and coppered, \$3,590,000.
New York Shipbuilding company—One sheathed and coppered, \$4,200,000; or two at \$4,175,000 each; without sheathing, one at \$4,100,000, or two at \$4,075,000 each. This firm offered to reduce the time limit of completion by six months.

Moran Bros. & Co., Seattle—One sheathed and coppered, \$3,565,000; or two at \$3,740,000 each; without sheathing, one at \$3,697,000, or two at \$3,588,000 each. Bids also were made for two more at the same price under the act of 1900. This firm also offers to reduce the time limit about six months.
Union Iron Works—One unsheathed, \$3,460,000.

The naval board will consider the bids and report upon them. The acts of congress limit the cost of the cruisers to \$3,500,000 each and of the battleships to \$4,200,000 for sheathed and \$4,000,000 for unsheathed. Secretary Long expressed himself pleased with the result of the bidding as far as he could perceive it from a hasty reading of the bids.

BODY FOUND PACKED IN LIME.

MURDER MYSTERY UNVEILED AT GREENVILLE, MICHIGAN.

Greenville, Mich., Dec. 7.—Four months ago Lew Campbell of this village mysteriously disappeared and soon afterward a man named Aplin appeared in the village and disposed of most of Campbell's property, claiming he had purchased it from him. Soon afterward he suddenly left town. The suspicions of the townspeople were aroused and a search was instituted for Campbell. Today his body was found packed in lime in a hole under an old hayrack on the place where Aplin lived. The skull was crushed and the body badly decomposed.

BAD WEEK FOR FILIPINOS.

AMERICANS KILLING MANY IN THE OPERATIONS IN LUZON.

Manila, Dec. 7.—Still more activity is now being shown in the operations in Luzon. A troop of the Fourth cavalry under General Funston on Thursday routed a hundred insurgents on the Nohico river, killing four.

Lieutenant Morrow, with fifty men of the Forty-seventh regiment, attacked and occupied Bulacan. He also encountered Colonel Victorio, with three hundred bolomen, in an entrenched position. Morrow drove the enemy from the position with heavy loss. Major Flores, with several followers, were captured.

An engagement near San Roque, in which fifty rebels were killed, is reported. The American casualties were very slight.

NO JUNTA AT HONG KONG.

London, Dec. 7.—In response to Secretary Hay's representations through Ambassador Choate, the foreign office has replied that the authorities of Hong Kong have been unable to discover a Filipino junta there.

TELLS OF FIGHT FOR LIFE.

MISS MORRISON TAKES THE STAND IN HER OWN BEHALF.

Eldorado, Kas., Dec. 7.—Jessie Morrison today took the stand in her own defense and in a quiet and determined manner told minutely of her relations with Olin Castle before his marriage and calmly pictured the scene at the Castle house during the bloody struggle and tumble fight with Mrs. Castle. She proved an unexpectedly strong witness.

Miss Morrison approached the witness chair pale and trembling, and began her testimony with an effort. As she proceeded she gained confidence and related her story without hesitation. She denied most of the damaging testimony adduced by the prosecution. She flatly denied many statements made on the stand by Olin Castle, and declared he had tried to make Mrs. Castle jealous and that Mrs. Castle had haunted her husband's acts in her face. On the day of the tragedy, she declared, Mrs. Castle called her into her house as she was passing and had accused Miss Morrison of trying to separate her and Castle, and when she denied it called her a liar. Mrs. Castle had, the witness declared, emphatically begun the fight, slashing her with a razor again and again and compelling the defendant to attack her antagonist in self-defense.

During her thrilling recital of the two women rolling over one another on the floor in their combat, the spectators riveted their eyes upon Miss Morrison. In all her testimony Miss Morrison was direct and positive, never once did she flinch, and only one time during the cross-examination did she shed a tear. It had been feared, even by the defense, that she would break down during the cross-examination. The state did not succeed in making her contradict any material point of her testimony.

Six witnesses were introduced to show that the defendant was not out after 10:30 on the night of June 11, when Castle said she met him in front of his home. The defense then rested. The state attempted to introduce evidence in rebuttal of certain parts of Miss Morrison's testimony, but it was ruled out and the court took a recess until tomorrow, when the arguments will begin.

How Will She End?

Just budding into womanhood, so fresh, so fair and fine that we turn to watch her as she passes, she trips along the street a picture of health and beauty.

she looks a being from another world. Will she ever be like them? Could they once have been as fair as she? No beauty can last under the strain and drain of female weakness, from which the majority of women suffer in a greater or less degree.

"I had been a great sufferer from female weakness," writes Mrs. M. B. Wallace, of Muncie, Cook Co., Texas. "I tried four doctors and none did me any good. I suffered six years, but at last I found relief. I followed your advice and took eight bottles of Dr. Pierce's Favorite Prescription and four of his 'Golden Medical Discovery.' I now feel like a new woman. I have gained eighteen pounds."

Commenting on the pardon of Generals White and Marsh by Governor Pinckney, the State Republican of Lansing, says: "It has the merit of novelty and is without parallel. The State Republican cannot therefore see how it will result in any harm, being strictly in harmony with the teachings of Christ who forgave the thief on the cross."

What effect the action of the governor in pardoning White and Marsh will have on the attitude of the legislature toward his pet measure for changing the method of taking the property of railroad and other corporations when it assembles under the call convening it in special session for the purpose of enacting legislation to that end is an interesting subject for conjecture.

Some day the American people may elect a man to the presidency on his mere promise that he will not write long messages. We are sure that there are very few who will not endorse what the Chicago Tribune has to say in this article in criticism of messages of such excessive length as that submitted to congress by the president at the opening of the present session.

It is often said that a president has more power than a king or queen of England. He has not power to break loose from the tradition which compels him to make his message the amplifying ground for "remarks" by all the secretaries. He is unable to keep his secretaries from unloading on him a mass of uninteresting matter about their departments, which is discussed in their own reports.

SERIOUSLY WOUNDED.

Months of Suffering Caused by an Accident.

Mr. Silas Bissell, of Randolph, Neb. Owe His Life to a Renowned Remedy.

(From Reporter, Randolph, Neb.) Certainly no case in the knowledge of residents of Randolph and vicinity has excited more interest than has that of the remarkable recovery of Mr. Silas Bissell, who some 14 or 15 months ago, was most unfortunately having a long and nearly fatal siege of sickness, the primary cause of which was a pitchfork wound in the left knee.

Now enjoying the best of health and entirely recovered, the incidents of his sickness and recovery will be of more than ordinary interest. Mr. Bissell tells the following story: "The summer of '98 I sustained a serious injury by having the tines of a pitchfork strike me in the left knee. The wound soon healed, but I did not enjoy the same health I had previous to the accident, and it was but a short time afterwards that I was compelled to take to my bed on account of the severe pains throughout my limbs and the stiffness of the joints. A physician was called and the knee lanced three different times. The disease was at first called sciatic rheumatism, but afterward the physicians designated it as blood poisoning. During the time I was all run down physically and it seemed to me that I had hardly any blood. My kidneys, heart and lungs all seemed affected, and once when I happened to bruise one of my fingers the blood seemed to be light and watery and not the color it should be. I had five different physicians. They said that the upper portion of one of my lungs had become affected, and I could see that they did not entertain very much hope for my recovery."

"After remaining in bed eleven weeks and deriving but a slight benefit from treatment that had been given, but for the time gaining some temporary strength it was decided to remove me to my old home in Canada, thinking that perhaps a change in the climate might do me some good. "Arriving home I remained in about the same condition for a period of four months, sometimes gaining strength but the pains and stiffness of joints remained the same. "One day in the course of a conversation with a cousin at home he remarked that I might try Dr. Williams' Pink Pills, the virtues of which had been proved in several bad cases in the neighborhood. "Perfectly willing to try any medicine that seemed likely to cure me, I began taking the pills. In about three weeks a noticeable improvement was observed. Gaining in health and confidence in the curative powers of the pills I followed directions closely, and took in all ten or twelve boxes. "The stiffness in my joints and the severe pains had left me and I felt like myself again. I very happily Dr. Williams' Pink Pills for Pale People saved my life. "Anyone who would like to hear more of my suffering and remarkable cure can do so by calling on me or addressing me care of M. C. Livingston, Randolph, Neb."

H. J. RAMSAY INJURED.

HAS NARROW ESCAPE FROM DEATH IN GROCERY STORE.

H. J. Ramsey, of the grocery firm of H. J. Ramsey & Co., had a narrow escape from having his head crushed Thursday evening. About 5 o'clock Mr. Ramsey went to the basement to tap a barrel of vinegar. He had been gone but a few minutes when Mr. Mosher, the other member of the firm, heard a muffled but desperate cry of distress come from below. He hastened down stairs and found Mr. Ramsey helplessly pinned to the floor with a barrel of vinegar on his head. Mr. Mosher hurriedly extricated his unfortunate partner and helped him up stairs. Dr. Griffin was summoned and an examination revealed a bad cut under one eye and a very badly bruised head, but apparently no serious injuries. He was able to walk to his home on Carrie street.

The accident was a singular one and Mr. Ramsey's escape from being instantly killed was a close one. The platform on which he wanted to place the barrel of vinegar was about two feet high, and Mr. Ramsey proceeded to roll his barrel up on a plank from the floor to the platform. He had the barrel on top of the plank, and was pushing with all his strength when his feet slipped and he fell headlong to the floor, the barrel toppling over to the left and landing on the unfortunate man. The heavy barrel, probably weighing in the neighborhood of 400 or 500 pounds, struck with the head rim only a few inches from Mr. Ramsey's head. If the rim had landed on his head it would have crushed his skull and killed him instantly. As it was, it was a wonder the result was not more serious, for the great weight of the barrel was on his head with his face downward on the hard floor.

Mr. Ramsey has been quite sick as a result of the injuries he suffered and his head has been very painful. It is expected, however, that he will be able to be on duty again in a few days.

AT THE CHURCHES TOMORROW. At the Congregational church the new pastor, Rev. W. R. Yorker, will preach in the morning on the subject, "The Church, God's Instrument in Accomplishing His Will in the World," and in the evening on "Casting Our Burdens Upon the Lord." At the Central M. E. church Pastor Steele's themes will be: Morning, "The True Greatness of the Least in the Kingdom"; evening, "The Dangers of Neglecting the Great Salvation." In the evening theme of the Baptist church will be "Divine Image Restored in Man." Pastor Soverly will preach at both services. At the Presbyterian church Pastor Bates' subject in the morning will be, "The Love of God," and in the evening, "Rejoice in Thy Youth," an address to young men. The usual services will be held in St. James' church.

DIED AT THE HOSPITAL. George Butler, representative of L. J. Cahalan, Detroit, and who was twenty-six years of age, died at the hospital yesterday morning after being sick but a few days with pneumonia. G. D. Butler, manager of the Western Union Telegraph company at Rochester, N. Y., father of the deceased, will arrive in the city today to take charge of the remains.

A PAIN IN THE BACK

The first sign of kidney trouble is a pain in the back. From a slight twitch, it grows to a sharp pain, and finally develops all the symptoms of kidney disease, producing a complication of such ills as Rheumatism, Bright's Disease, Gout, Diabetes, Gravel, Bladder Troubles, Scalding of the Urine and Dropsy. There can be but one end in sight—quick death—for the sufferer who allows these diseases to run unchecked. The sharp pain becomes an agony, the kidneys refuse to do their proper work, the blood is filled with impurities and the whole system is poisoned. For disease of the kidneys, including all its complications and attendant ailments, a speedy, permanent and safe cure is

JOHNSON'S KIDNEY PILLS.

The blood is the great source of health and disease in the human system. Pure blood makes a strong and healthy individual, impure blood causes sickness and disease in the whole system. It is the duty of the Kidneys to filter and cleanse the blood, relieve it of all impurities, waste tissue and uric acid which it collects from all parts of the body. The blood passes through the kidneys for this purpose. When the kidneys become weak or diseased they fail to do their duty. The blood remains uncleaned. Wasted tissue, Uric Acid, and other poisonous matter, instead of passing off through the Kidneys, are carried back in the blood and left throughout the system, where their evil presence causes Bright's Disease, Gout, Rheumatism, Diabetes, Gravel, Dropsy, and other disease of a like nature. It will therefore be easily seen how important the Kidneys are, and how vital the proper performance of their duty is in order to insure the life and health of the individual.

JOHNSON'S KIDNEY PILLS contain absolutely nothing that is injurious. They do not drive disease from the Kidneys into some other organ, but by strengthening and healing the Kidneys they assist them to perform their work, cleanse the blood from all impurities and bring the sufferer back to health. AN EMINENT PHYSICIAN'S OPINION. Dr. Carlisbrooke, A. M. M. D., the great specialist in kidney and urinary diseases, says: "However skeptical, I could hardly close my eyes to the favorable results obtained. I wrote a paper about this remedy (Johnson's Kidney Pills). In this paper I took the ground that this remedy was well worthy of a trial. Was curious to learn whether our physicians would get as good results. Since that time I have had a number of grateful letters, the first in my experience in treating Diabetes. I am better than in years," writes one man. "It has been a God-send," says another. "A thousand thanks" says a third. Two of the most striking instances of immediate relief or cure have occurred within the last two months. One, a typical case of Diabetes, with hunger, thirst, and an abundance of sugar in the urine, is already cured after four weeks' treatment with nothing but Johnson's Kidney Pills. Many of the patients treated successfully with this remedy had previously resisted the action of the regular drugs.

When JOHNSON'S KIDNEY PILLS have stood the severest tests and have conquered in every trial, and when the most eminent specialists have enthusiastically endorsed the Pills, there is no room left for doubt. JOHNSON'S KIDNEY PILLS not only give quick relief from suffering, but they effect a permanent cure when directions are followed. We guarantee a cure, or your Druggist will refund your money.

FREIGHT RATES COME DOWN.

REDUCTION OF 25 PER CENT BY THE COPPER RANGE ROAD.

The Mining Journal yesterday was shown a copy of the new tariff sheet, No. 7, just issued by the Copper Range road, the tariff going into effect on Monday morning next. It names freight rates from all points on the line between Houghton and the Baltic Tri-mountains and Copper Range mines. Hereafter all shipments to the latter places will be made direct, instead of to Atlantic and Riceville, as heretofore. This fact will be hailed with pleasure by the companies that will be benefited on every train, which, by a reduction has been made in the rates between Houghton and Mass City of about 25 per cent; they are now on the basis of the former rates from Houghton to Winona. The lowering in freight charges will prove a decided advantage to Portage Lake jobbers, and wholesale dealers as well, as regards business in Ontonagon county. The service from Houghton to Ontonagon points is all that can be desired. Refrigerator service is now established on every train, which, by the way, is much appreciated by the merchants and their customers at various points on the line. The company is unable at the present to announce the schedule of service between Houghton and the Baltic Tri-mountains and Champion mines, but hopes to within the next ten days. It is likely that arrangements will also be made to care for the passenger traffic.

The class rates from Houghton to Mass City are as follows: First, 16; second, 13; and fifth, 11.

The freight and passenger business on this road will certainly assume phenomenal proportions the coming year. It will be especially so on the short branch from Atlantic to the Champion and Tri-mountains mines two properties that will in a comparatively short time become two of the most prominent in the copper country. The Tri-mountains is already considered a coming Quincey and has a big future before it. Two Ball stampheads and a forty-million gallon pump, as stated yesterday, have been ordered for this property. The Champion promises to become one of the biggest producers and shippers, and the little town of Portage Lake, on the site of that property, is sure to assume good proportions within a brief period.

It is the intention of the Copper Range road to have double passenger service daily between Houghton and Palmsdale next season. The run will attract many tourists who in previous years were handicapped from seeing that part of the country by the lack of accommodating transportation.

COUNTY LEAGUE PROPOSED.

INDOOR BASEBALL AND BASKET BALL LIKELY TO BE PLAYED BY REPRESENTATIVE TEAMS.

The athletic association of the Houghton Light Infantry company is making arrangements for the organization of indoor baseball and basket ball teams for the winter. The object in view is the formation of a county league for the playing of these games. The proposed organization embracing the College of Mines, the Hancock Y. M. C. A. (which teams were formed last evening), the Calumet Light Guards, the Houghton Infantry and such other bodies as may wish to participate. The Houghton boys are now getting things in shape to carry out their proposed scheme and will at an early date hold a meeting to decide as to what course will be taken. If the promoters of the league are successful, Portage Lake people will not lack for sports this winter. The games at Houghton will be played at the Armory, which can easily be fitted out for basket ball or indoor baseball playing. Match contests of this kind always draw big crowds in cities where leagues are in vogue. The enthusiasts of Portage Lake will now await with some interest the result of the scheme. All it needs is a little hustling on the part of certain ones and there is no reason why the project should not have a successful outcome.

MATED THE HORSE.

Thomas Coughlin, the popular Hancock liveryman, visited Laurium Thursday and sold the village a horse for the fire department. For some time the officials of that place had been trying to secure an animal that would be a suitable mate for one they had, and Mr. Coughlin's eye for good pieces of horseflesh was the means of fulfilling the long felt want. The horse is perfect in all the traits that are necessary for the needs of the department. Although not trained it has the life and vim and will not be long in learning what is required. It is an extremely difficult matter to pick out good horses to pull fire apparatus, and the Laurium officials are to be congratulated in getting an animal that fills the bill.

VOTE FOR WATER METERS.

The Houghton village council met at its chambers last evening. For some time the officials of that place had been trying to secure an animal that would be a suitable mate for one they had, and Mr. Coughlin's eye for good pieces of horseflesh was the means of fulfilling the long felt want. The horse is perfect in all the traits that are necessary for the needs of the department. Although not trained it has the life and vim and will not be long in learning what is required. It is an extremely difficult matter to pick out good horses to pull fire apparatus, and the Laurium officials are to be congratulated in getting an animal that fills the bill.

BODY-RESTORER

Food is the body-restorer. In health, you want nothing but food; and your baby wants nothing but food. But, when not quite well, you want to get back to where food is enough.

One of the most delicate foods, in the world, is Scott's emulsion of cod-liver oil. When usual food is a burden, it feeds you enough to restore your stomach; baby the same. The body-builder is food; the body-restorer is Scott's emulsion of cod-liver oil.

We'll send you a little to try if you like. SCOTT & BOWNE, 409 Pearl Street, New York.

early next season. Manganese is obtained as a by-product in a number of the cupiferous and argentiferous ores of Colorado and Utah, and also in a limited extent in the manganese iron ores of Wisconsin and Michigan, but the Clark is the only real manganese mine working in the United States. The ore is found in the form of an impure pyrolusite, and seems fairly abundant.

COPPERDOM BREVITIES.

N. F. Leopold of Chicago is in Houghton on business connected with the Arcadian mine.

A marriage license was issued at the county clerk's office yesterday to Oskar Leikson and Miss Hilda Aho, both of Portage township.

The steamer John C. Pringle, which discharged coal at H. Northy & Sons' docks during the week, cleared for Tonawanda Thursday afternoon.

The Ladies' Aid society of the Portage Lake Baptist church will give a sale and supper at the Y. M. C. A. Hall, Hancock, this afternoon and evening. Supper will be served from 5 to 8 o'clock for the nominal price of 25 cents.

Louis Hausewirth, whose home was on the lake shore, toward the upper canal and about five miles from Houghton, died from erysipelas yesterday morning. He was forty-two years of age. Mr. Hausewirth leaves a wife and five children.

A lively horse driven by William Van Orden ran away on Sheldon street, Houghton, Thursday afternoon. The cutter caught on a rail of the car tracks and tipped over. Mr. Van Orden was thrown out but was not hurt. The horse continued in its wild run to the barn.

Those who attended "Macbeth," with Madame Modjeska as Lady Macbeth, at the Calumet Opera House Thursday night, are loud in their praise of the Calumet & Hecla orchestra. The music rendered by that popular organization was a delightful part of the entertainment.

An assault and battery case was tried before a jury in Justice Brand's court, Houghton, yesterday afternoon. It was The People versus David Coleman, with Thomas Carlylan as the complaining witness. Ire Randall was the defendant's counsel and the prosecuting attorney appeared for the people.

A fine new sleeper of the very latest pattern and right out of the Pullman shops is now running on the Northwestern between Chicago and Hancock. The South Shore train from the south that arrives at Houghton at 11 in the morning takes the car from the Northwestern's Chicago morning train at Negaunee. The sleeper is named, "The Surrey." Its first trip was made Thursday.

The students, professors and wives of the Michigan College of Mines were royally entertained by the ladies of the Hancock Congregational church at the church parlors last evening. An excellent social time was had by all those present. Those who were in charge of the preparations for the evening spared no pains to make the evening an enjoyable one. Supper was served, after which the party resolved into a general reception.

Portage Lake athletes met last evening at the Y. M. C. A. Hall, Hancock, and organized a basket ball and a hockey team for the winter. Considerable interest is being taken in these sports, as they will serve as pleasant diversions for the boys. Games will be arranged with other associations and a friendly spirit of rivalry kept up which will serve to enhance the popularity of the games. Practice will begin as soon as necessary arrangements are made for paraphernalia.

QUINCY. The cause of the decrease in the Quincy's product from 798 tons in October to 695 last month is found in the fact that No. 2 shaft was idle. This shaft has been enlarged from the surface to the bottom and provided with larger capacity skips. With this improvement the mine's December product should break all previous records.

MINING MISCELLANY. The exports of copper during November were about 8,000 tons. Since the first of the year they aggregate 146,598 tons, compared with 104,282 last year.

The Tamarack and Osceola mines have a complete survey for a railroad to connect the mines and mills. Whether this will be built or not next spring depends on whether a lower freight rate can be secured from the Hancock & Calumet railroad.

The Adventure and Victoria mines have made their first production, under the present management, small shipments of heavy copper from each having been sent to the Quincy smelter, at Hancock. The copper so sent was taken from opening work exclusively.

In answer to a query which the Boston Transcript referred to P. T. Judkins, formerly publisher of the Houghton Gazette but now copper man for Schofield, Wheeler & Co., Boston, that gentleman advises the purchase of Mohawk, Baltic and Tri-mountains for "holding for a long pull" with large returns in the end.

Negotiations are now in progress for an option on the Penn mine, where there is a promising show of mineral. Captain W. A. Dunn, who recently secured an option on the Belt mines, will reopen the old International or Bohemian mine, east of the Adventure. The Bohemian carries the easterly continuation of the parallel cupiferous amygdaloids of the Evergreen Bluff belt, as found in the Adventure and Mass mines to the west and south.

Work is now progressing smoothly at the old Clark copper mine, near Copper Harbor, which is being reopened for manganese. Several cargoes will be mined during the winter, for shipment

HOUSE HITS AT OLEO MEN

Passes Bill to Prevent the Fraudulent Sale of Imitation Butter.

104 MAJORITY GIVEN IT.

Measure Increases Tax on the Colored Article 8 Cents a Pound, but Cuts That on the Uncolored.

DAY'S WORK IN CONGRESS.

Washington, Dec. 7.—The house today passed the Groat oleomargarine bill by a vote of 196 to 92.

The bill as passed makes all articles known as oleomargarine, butterine, imitation butter or imitation cheese transported into any state or territory for consumption or sale subject to the police power of such state and territory.

A long and interesting debate preceded the vote, in the course of which those who favored the Groat bill claimed the additional tax on colored oleomargarine was the only effective remedy for preventing fraud upon the public.

During the debate Mr. Groat produced figures to show that oleomargarine cost less than 9 cents per pound and was worked off on the public by the retailer at from 18 to 30 cents per pound.

On account of the centennial exhibits in the house on Wednesday it was agreed the session should begin at 3:15, and at 5:55 the house adjourned.

SENATE SETS TIME FOR VOYE. FORTIFICATION OF THE CANAL TO BE SETTLED THURSDAY.

Washington, Dec. 7.—The senate today agreed to take the vote next Thursday upon the amendment offered by the committee on foreign relations to the Hay-Pauncefote treaty.

TELLER SCORES ENGLAND. In the executive session of the senate today Senator Teller of Colorado offered an amendment striking out of the treaty prohibition against the fortification of the Nicaragua canal when constructed.

MICHIGANME.

HE ACTED RASHLY.

A FINNISH SHOEMAKER'S LAWLESS ACT OF EARLY CAUSED HIM SERIOUS TROUBLE.

The cobbler who conducts a boot and shoe repairing business on Main street near Nels Mahjannu's store, imprisoned Selma Anderson, a girl twelve or thirteen years of age, Tuesday last, giving her a bad fright.

It appears that some children were in front of the cobbler's place throwing snow balls and annoying the man. Finally a ball went through his window, the snow and glass flying about him.

The child really knew nothing about what had happened and when the man got hold of her she was very much frightened. He forced her back to his shop and locked her up in a room to punish her.

The next day the mother of the girl had a warrant sworn out for the arrest of the cobbler. He was taken before Judge Milroy, where he was let off by paying a fine and the costs of court.

The man was considerably excited over the breaking of the window, other boys had been making life miserable for the cobbler for some time and the ones who are really responsible for his frenzy should be brought to task for their misconduct. He is inoffensive if let alone and the young toughs who congregated about his shop to tease him should be looked after by the authorities.

MICHIGANME PICK UPS.

Mr. and Mrs. Peter Larson are happy over the advent of twin girls, born a few days ago.

Skating on Lake Michigan was spoiled early in the week by the fresh snow that fell.

Norman Higgins gave up his position early in the week as clerk at the Michigan house.

A Christmas tree will be provided by the older people for the benefit of the children at the Methodist church at Christmas time.

The production of "The Turn of the Tide" by Champion talent here Saturday evening of last week was thoroughly enjoyed by all who witnessed it.

Dr. J. C. Thomas, the dentist, who recently opened up for business in the Block building, has been enjoying splendid patronage ever since his arrival from Trout Creek.

Dr. Conkle has been at Republic the past week or more relieving Dr. Mall of his regular practice while the latter is attending to the small pox cases in the town and at a camp a few miles out from there.

About fifteen of the young people of the town had a straw ride Tuesday evening, going over to Champion and back. The outing was thoroughly enjoyed as it was an ideal night for a sleigh ride.

The announcement of the death of Peter Lacross, Jr., at Champion last Sunday was received with much regret by the young man's many friends in Michigan. Peter lived here for quite a while and was well and favorably known.

Phil Trezise, George Block, Fred Schwendeman, Captain Joe Roskilly and "Dick" Brown took in the Elks' minstrel performance at Ishpeming Thursday evening. They did not regret going down as the show was good and pleased them very much.

Rev. Father Hasenberg, pastor of the Catholic church here, did not arrive from his foreign trip last week as expected. He went east on a visit of a week or more to friends. A letter received from him early in the week conveyed the information that he expected to arrive home next Monday, the 10th.

When the stomach is tired out it must have a rest, but we can't live without food. Kodol's Dyspepsia Cure "digests what you eat" so that you can eat all the good food you want while it is restoring the digestive organs to health.

CUBAN FUND OUT \$72,600.

That the Sum Spent Unlawfully by Rathbone and Neely.

REPORT OF INVESTIGATORS

Boots for the Coachman, Rubber Tires for Carriage, Photographs, Etc., Charged to Uncle Sam.

GUILT OF OFFICERS SHOWN

Washington, Dec. 7.—Senator Platt of Connecticut, chairman of the senate committee on relations with Cuba, today made public a statement prepared by the auditing division of the war department showing the expenditures made by E. G. Rathbone, late director of the department of posts for Cuba.

The first disallowance was for an expenditure of \$850 for a duchess carriage made in February, 1899. After that time there were frequent disbursements for the director general's carriage service. The pay of the coachman, rent of stable, etc., seems to have been regularly paid out of the public funds at the rate of \$10 per month.

Bradstreet's tomorrow will state: "There is a quiet tone and a reduced volume of business doing at wholesale in many lines, but this is not unusual at this season and is partly due to the fall market interest in the retail holiday distribution. The weather conditions are still a drawback to trade in winter-weight goods, but it is notable that better reports come from the Northwest than for some weeks past.

LAUNDRY BILLS, TOO. All the payments made to C. F. W. Neely, chief of the financial bureau of the department, appear to have been carefully scrutinized, and many of them were disallowed. Most of the payments made to him apparently were made on account of office furnishings, freight, drayage, moving, advance in salaries, etc.

On Oct. 14, 1899, \$5,123 were paid Neely on account of "loss on Spanish gold taken to the United States," and this was disallowed, as were several other minor charges in connection with the transaction.

Neely made a trip to the United States, going to his home in Indiana, under the direction, it is stated in the report, of the director general, and many of his charges in that connection were disallowed, upon reexamination, but not, of course, until they had been paid. He also made advances to Rathbone and to W. E. Wilton on account of trips to the United States which were not sanctioned by the auditor.

HOUSEHOLD FURNISHINGS. In December, 1899, and January, 1900, several bills were paid to New York and Washington firms by Rathbone, aggregating \$1,336. These include many articles of domestic use, such as clothes, gloves, scarfs, toilet articles, cuspidors, wine glasses, table ware, kitchen utensils, bedsteads, bedroom sets, bed clothing, etc.

WALL STREET STOCKS.

New York, Dec. 7.—The prospects of a decline in the cash resources of the banks of upwards of \$7,000,000 proved too much for the fortitude of the speculators today, and they sold stocks, reversing the movement of yesterday. They had the advantage of new points of strength in a number of individual stocks among the low-priced securities, but the demoralized tone in one or two industrials more than offset this advantage.

The course of Amalgamated Copper during the week has given rise to apprehension that the interests identified with it need not be expected to have taken measures to conserve the general money market condition. The loan item also is a subject of much interest, but the market has been so speculative that there has been some large borrowing for outside financial operations, including the subscriptions to the \$10,000,000 issue of Third Avenue railroad bonds, which were also closed today with the market, and that it has been largely over-subscribed.

The liquidation was not urgent in the stock market, but was quite general. Even the Erie securities yielded temporarily on the denial of the story attempting to explain their movement by alleging that the company had purchased the Pennsylvania Coal company. Both stocks and bonds, however, rallied subsequently to the top prices. Besides this, strength was shown by the St. Louis and San Francisco stocks, led by second preferred with an advance of 2 1/2 points. New York, Chicago and St. Louis, led by second preferred with an advance of 4 3/8. On the other hand there was continued weakness in Tennessee Coal on persistent rumors that the dividend would be passed.

Cocident with the meeting of the directors of the United States Rubber company, common stock broke 4 and preferred 5 1/2 points without meeting any effective support. Pacific Mail broke nearly 4 points on the large decrease in net earnings reported for October. The unsatisfactory result of the meeting of the Western railroad presidents to enforce observance of freight rates helped to depress the railroad list. There was weakness in People's Gas, Tobacco and the local tractions.

The closing was moderately active and easy, with many stocks at the low point. Money on call, firm, at 4 1/2 per cent.

an & Co. of Muncie, Ind., for printing and stationery, aggregating several thousand dollars, were found to have been illegitimate. Neely seems to have bought the hundred dollar worth of photographs at the government expense, also a great deal of stationery outside of that ordered from the Muncie firm, but these items are all pronounced illegitimate.

STATE OF THE NATION'S TRADE.

THIS WEEK'S OPINIONS OF R. G. DUN & CO. AND BRADSTREET'S. New York, Dec. 7.—R. G. Dun & Co.'s Trade Review for this week tomorrow will say: "Business is progressing along conservative lines. It is without excitement and without great speculative activity."

Chicago, Dec. 7.—Wheat was a little slower most of the session today, covering about 3/4 range. The feeling was rather mixed, and the prices a little irregular, the market closing 3/4 higher. The opening was higher, influenced by comparatively strong cables and small Argentine shipments. Liverpool spot was 1/2 penny higher to 1/4 lower, with futures steady to 1/4 higher. Light exports and liberal buying receipts caused increased offerings, principally from pit professionals, and the prices receded, but recovered again on rumors of possible political complications between Portugal and Holland.

BRADSTREET'S SUMMARY.

Bradstreet's tomorrow will state: "There is a quiet tone and a reduced volume of business doing at wholesale in many lines, but this is not unusual at this season and is partly due to the fall market interest in the retail holiday distribution. The weather conditions are still a drawback to trade in winter-weight goods, but it is notable that better reports come from the Northwest than for some weeks past.

Cotton is irregular, being the publication of the next government crop report which, however, is expected to approximate 9,750,000 bales. The high cost of raw cotton has not as yet been equalled by the advance in manufacturing goods. The higher trend of values in November has been duplicated in the first week of December, and the cereals, long backward in this respect, have led the advance which, however, has not been steadily maintained.

Finished products monopolize the activity in the iron and steel trades, with bars, plates, sheets and bridge material the most active. Even in finished lines, however, there is less report doing in new business, but the Pittsburgh and Chicago mills are reported sold ahead for sixty and sixty thousand tons were sold in Chicago this week, while the total amount on the rail mill books is claimed to aggregate a million tons. While good sales of pig are reported at some markets, the business as a whole in this line is quiet, though, however, any lack of firmness, there is little or nothing in Bessemer pig billets. Among the other metals, copper is active and firm, but tin is weaker.

The shoe trade is cheerful, and Eastern manufacturers report jobbers made some weeks ago. The Chicago wet weather are helping the retail trade in shoes and rubbers in the Northern markets.

Better reports come from the flour-milling industry, but the demand is less than what was expected. "Sugar is higher for rars, but the refined brand presents the old appearance of irregularity and another price war is foreshadowed.

The wheat shipments this week foot up 3,432,000 bushels, against 5,133,600 last year; those of corn have been 6,371,900, against 3,816,000 a year ago.

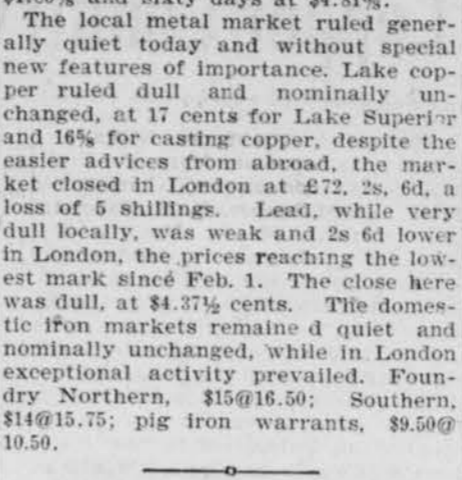

THE APPETITE OF A GOAT

Is envied by all poor dyspeptics whose stomach and liver are out of order. All such should know that Dr. King's New Life Pills, the wonderful stomach and liver remedy, gives a splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. SOUND KIDNEYS INSURE GOOD HEALTH.

Mr. John H. Corlies, Secretary of the Council Bluffs, Ia., Athletic Association, was cured of kidney trouble by Peruna. He says: "I am a firm believer in Peruna. For three years I suffered with severe trouble of the kidneys and other pelvic organs, trying several remedies without relief. I used Peruna faithfully for fourteen weeks and am glad to say it relieved me entirely of all pains."

"I am in excellent health, have gained twelve pounds in weight, and never felt better in my life."

Hon. D. L. Jaycox, Chaplain of the Grand Army of the Republic, writes from 865 Broadway, Oakland, Cal.: "I am an old war veteran. I contracted severe bladder and kidney trouble, spent hundreds of dollars and consulted a host of doctors, but neither did any good."

"Finally some of my comrades who had been cured by Peruna, advised me to try it. I at once bought a bottle and found it helped me so much that I kept on using it for nearly four months."

"Peruna has proven the best medicine I ever used, my pains are gone, and I believe myself to be cured. I feel well and would not be without a bottle in time of need for ten times its cost."

Mrs. Mary Lawler, of Appleton, Wis., was cured of kidney trouble by Peruna. In a recent letter to Dr. Hartman, she says: "Last August I caught a summer cold which settled in the kidneys and caused mercurial inconvenience. Nothing I did seemed to help me and the doctor advised a change of climate. As that was out of the question for me, I tried Peruna as a last resort, and I found it was a God-sent cure."

The kidneys are the natural gateway out of which much of the waste tissue finds its escape. This waste matter becomes a very poisonous substance if allowed to accumulate. The renal artery brings the blood charged with impurities to the kidneys.

If the kidneys are healthy they will excrete the poison from the blood. The renal veins return the purified blood to the kidneys to the general circulation. Peruna stimulates the kidneys to excrete from the blood the accumulating poison, and thus prevents the convulsions which are sure to follow if the poisons are allowed to remain. It gives great vigor to the heart's action and digestive system, both of which are apt to fall rapidly in this disease.

Kidney diseases are more liable in summer than in winter. Send for a copy of "Summer Catarrh," written by Dr. Hartman. This book will be sent free to any address upon application.

L'ANSE

Attorney Louis A. Legals of Houghton was here on legal business Tuesday.

R. C. Williams and Phil Voetsch were business visitors to the copper country Thursday.

John Stockett of Hancock was in town yesterday in the interest of the Washington Life Insurance company.

Charles H. Chapman, assistant railroad commissioner of Lansing, was here Thursday looking after some legal matters.

The mild weather the past week reduced the snow a little, but there is still plenty of it in this vicinity for good sleighing.

Dr. J. G. Turner of Houghton made a professional visit to Pequaming Tuesday evening, being called in the case of Mrs. Ben Brink, who has been ailing for a short time.

Owing to the small-pox scare, the officials would not lease the town hall to the Lady Macabees for their annual hop Jan. 1, consequently the party has been postponed indefinitely.

John E. Brennan, who is superintending the lumbering interests of Hall & Munson on the Otter and Sturgeon rivers, went out with fifty men Wednesday to put in some new camps, and says he wants about fifty more.

Miss Laura McKinniss has been ailing for a week and the physicians pronounce it a case of small-pox and quarantined her Tuesday. If it is small-pox, it is in a very mild form, for the young lady is up and about the house and can be seen at the window communicating with her friends.

Myron Link, a telephone line repairer, showed up on Tuesday with a new face that did not look quite right, and the authorities run him into the pest house, which they had in readiness should a case appear. There are still several cases at Baraga, and it is reported that there are a few in one of the lumber camps on the Huron river.

Dr. Zellen was sent out there yesterday to investigate the matter and will report on it tomorrow. The population has been thoroughly vaccinated and homes fumigated and there is little danger of the disease spreading very much.

CITY BREVITIES.

Weather forecast: Threatening, with rain or snow; southerly winds.

Joe Prince has placed a County phone in his restaurant.

Mme. Buddha, clairvoyant and trance medium, is making a short stay in this city. All those who have called speak of her in the highest terms.

It was materially colder yesterday. It is hoped that the change precedes an extended spell of severe weather. There has been a sufficiency of the mild variety.

There will be no services at St. Margaret's mission today. Small pox contagion is still feared and it is not deemed advisable to bring the young people to the chapel.

County Clerk Ross issued marriage licenses to Salmon Antilla and Susanna L. Vaikiamaki of Ishpeming and Anton Mingo of Negaunee and Lillie Lomroy of Republic yesterday.

At the last regular meeting of the Father Marquette society of the Ladies' auxiliary to the U. S. C. F., it was decided to give a card party and dance in the latter part of January.

Page Laughlin was in Marquette Thursday. He departed for Chicago where he has accepted a position. He has decided to drop his work at the Michigan School of Mines, Houghton.

F. O. Clark has arrived home from Lansing where he argued the Gustafson will case this week. It is expected that a verdict will be handed down by the supreme court some time in January.

The football squad of the Marquette high school, which recently concluded its season, will have its picture taken this morning. The players will report in uniform at the Fair grounds where the operation will be performed.

Health Officer Brown's small pox patients are doing very nicely. There have been a number of discharges lately while no new case has been reported since the death of James Murphy. If this very satisfactory condition continues for a few days the city will be free of the dread disease.

Attention is called to Hager Bros' advertisement in another column. Their store is rapidly assuming holiday trim. They have one of the largest stocks of furniture that they have ever exhibited. It includes all the latest things in fancy chairs and the usual complement of standard articles. Just now a fine display of pictures is attracting special attention. It should be seen by all.

Sheriff Andy Byrne of Gogebic county was in Marquette yesterday accompanied by Deputy Treasurer Andrew Olson. The sheriff had two eighteen-months men for the Branch prison in custody. They were convicted on a charge of larceny in the circuit court. These he turned over to Warden Freeman. He proceeded to Newberry where he incarcerated an insane patient, John Raki, in the asylum.

Dell Johnson and H. G. Shepard left for Bay City on the early train yesterday morning. They will be there but a brief time when they will accompany a party of friends to the city where they will coach an Elks' amateur minstrel show. Mr. Shepard has been in this business for three seasons. Mr. Johnson having joined him recently. They are successful workers with amateur talent. The members of the Marquette company are well satisfied that their "season" is over as it entailed much work. It is said that the Elks' did not reap a harvest of shekels from their "benefit". Counter attractions affected the attendance adversely. Messrs. Cook and Lemon and Mrs. James Ryan, the two people who participated in the three presentations of the show, left for their home yesterday noon.

Will Wiseman is confined to St. Luke's hospital, where he is laid up with a painful injury received Thursday at P. B. Spear & Sons' elevator where he is regularly employed. He was clearing the floor while the elevator was in operation. Through some carelessness a glove which clothed his hand was caught by two rollers and the hand and considerable of his forearm was drawn into the machine, sustaining great pressure from three rollers. His release was not effected for some minutes when he was at once transferred to St. Luke's for treatment. It was found that he had suffered several sprains in his hand and a fracture of the forearm. Fortunately his injury is not so severe that the doctors will be unable to put him in good condition. He will be discharged with his arm as serviceable as ever.

B. J. Goodman Jr. was in Marquette yesterday. He is busy helping superintend his father's lumbering operations which are of the usual magnitude this year. All told the Goodmans are working a large force in the woods. They have one camp running near Marquette in the vicinity of Sugar Loaf Mountain, the same neighborhood in which they operated last year. There are about thirty men employed at this point. Mr. Goodman states that it is much easier to employ men this fall than it was a year ago while the highest wages paid are \$30 a month compared with \$35 last season. The men

FOR PNEUMONIA.

Bodily pain loses its terror if you've a bottle of Dr. Thomas' Electric Oil in the house. Instant relief in cases of burns, cuts, sprains, accidents of any sort.

HIGH ART TAXIDERM.

Correct and life-like attitudes. Deer heads a specialty. Guaranteed moth proof. M. M. Stierle, 301 South Front street. (10-12-11)

FOR BROKEN LIMBS, chilblains, burns, scalds, bruised shins, sore throat, and sores of every kind, apply BAL-LARD'S SNOW LIMENTINE. It will give immediate relief and heal any wound. Price 25 cents, in 50 cents. The Stafford Drug Co.

USE BRIGHT'S KIDNEY PILLS.

Imitators or those who try to sell substitutes when Bright's Kidney Pills are called for, always say: "Ours are as good as Bright's Kidney Pills" thus virtually admitting that Bright's Kidney Pills are the standard. All drug-gists are authorized to refund the money if Bright's Kidney Pills fail to cure Rheumatism, Backache, Lumbago or any Kidney disease, and are sold on a positive guarantee. No cure, no pay. Price 25 cents. The Stafford Drug Co.

There are few ailments so uncomfortable as piles, but they can easily be cured by using TABLET'S BUCK-EYE PILE OINTMENT. Relief follows its use, and anyone suffering from piles can not afford to neglect to give it a trial. Price, 50 cents, in bottles, tubes 75 cents. The Stafford Drug Co.

Many have lost confidence and hope as to health, because they thought their kidney disease was incurable. FOLEY'S KIDNEY CURE is a positive cure for the discouraged and disconsolate. Take no other. The People's Drug Store.

PAIN'S CELERY COMPOUND

Has Done Wonders for My Baby Boy and Myself. It Is a Great Medicine for the Home.

MRS. J. C. DUNN, TARENTUM, PA., WRITES:

"I owe you a great debt for the good Paine's Celery Compound has done my baby boy and myself. About a year ago his face broke out in sores. We had two of the best doctors attend him, but the sores kept on spreading. Finally we tried Paine's Celery Compound, and one bottle cured him of a bad case of eczema. I am using the Compound now for nervousness, and it is doing wonders for me."

Paine's Celery Compound is the national home medicine, and has made thousands of permanent cures. It strengthens and builds your nerves, keeps the blood pure and nutritious, makes your whole body healthful and vigorous. It will cure your indigestion, back-ache, rheumatism and nerve prostration.

are more eager to work than they were then and they do not insist that the operators pay the wages which they see fit to demand. The lumbermen want a good spell of freezing weather to harden the ground and then the snow cannot come too soon or too heavy to please them.

FIRST AND FOREMOST in the field of medicine is Hood's Sarsaparilla. It possesses unequalled merit and cures all diseases caused or promoted by impure or impoverished blood, including rheumatism, dyspepsia, catarrh.

All liver ills are cured by Hood's Pills. 25c.

Small-Pox Is Here in Earnest—All Should Be Vaccinated as Advised by Dr. Spalding, Chief Medical Examiner of Illinois, Who Recently Looked into Case Here—Read What the Expert Says in His Letter to Mayor Braastad:

"Chicago, Nov. 24, 1900.
"Hon. F. Braastad, Mayor of Ishpe-

"Dear Sir—According to promise, I
"herewith submit a more formal report
"to you concerning the case of Mrs.
"Ole Forseth of your city, whom I vis-

MUST REMAIN CLOSED.

CITY LIBRARY WILL NOT BE OPENED MONDAY AS INTENDED ON ACCOUNT OF THE PREVALENCE OF SMALL-POX.

The board of health of the city announces that the Ishpe-
ming city library will not be reopened next Monday, as was stated this week. The members of the board got together yesterday morning and talked the matter over, and they all agreed that it will be just as well to keep the library closed for the present at least. In case the small-pox does not break out in many more places in the city it is likely that this order will be changed soon.

It is conceded that the general circulation of the library books would be a bad thing under the circumstances. There is no telling where the books go, or by whom they are handled, after they leave the library. Persons confined to the house on account of the disease, either being ill or quarantined, would be more liable to want books from the library than most others. Taking this into consideration all will agree that the members of the board of health acted wisely in ordering that the library remain closed for a time. By keeping the place closed for a time longer Mrs. Fiske, the librarian, will have ample time to complete the revision of the system she is to introduce for the distribution and keeping records of the books.

NEW OFFICERS CHOSEN.

At the regular meeting of Ishpe-
ming lodge, No. 214, F. & A. M., held Thursday evening, the following officers were chosen for the ensuing term: R. P. Bronson, M. W.; Ed R. Nelson, S. W.; J. H. Williams, J. W.; Hans Gunderson, secretary; John L. Bradford, treasurer; J. W. Wood, Tyler. The appointive officers will be announced later by the presiding officer. The installation will take place on the evening of Dec. 27.

The Ancient Order of United Workmen named the following officers for the ensuing year at the regular meeting Thursday evening: Master work-
man, Andrew Smeltz; foreman, Chas. Warner; overseer, Dennis Maloney; recorder, John S. Mennie; financier, J. L. Johnson; receiver, Otto Eger; guide, Dennis Cashen; inside watch-
man, Dennis Callahan; outside watch-
man, Erik V. Fredlund; delegate to the grand lodge, J. D. West. There will be a joint installation of the officers of the lodge with the newly elected officers of the Degree of Honor at the first regular meeting in January.

The new officers of the Degree of Honor, the Ladies' Auxiliary to the Workmen, were chosen Thursday night at the regular meeting, as follows: Chief of honor, Miss Julia Kjesboe; lady of honor, Miss Carrie Olson; chief of ceremonies, Mrs. J. D. West; recorder, Miss Annie Trombley; financier, Miss Alma Johnson; receiver, Mrs. E. M. Lemay; usher, Miss Liz-
zy Shafer; inside watch, Mrs. J. S. Mennie; outside watch, Miss Mayne Cashen; trustee, three years, Mrs. H. Jaedecke; representative to the grand lodge, Miss Maroney; alternate, Mrs. Mennie. Miss Maroney is the past chief of honor.

THE FALL OF BROOKLYN BRIDGE.

The Brooklyn bidge is being weakened by electrolysis. Its four great cables are live wires through which wildcat currents are constantly flowing. These are escaping to the ground through the anchorages, which they are eating away at an estimated rate of nine tons a year. The conclusion is that the electrolytic effect must be overcome at once or the bridge may some day fall into the river, or it may have to be closed. Health is often undermined in a like manner by the neglect of trivial mat-
ters. Constipation, indigestion, dyspepsia, biliousness or nervousness should be checked at once. Hostetter's Stomach Bitters will do it. No other medicine is as good for all disorders of the stomach. Don't fail to give it a trial.

STRUCK A RICH VEIN.

Ishpe-
ming men holding stock in the Ni Wot mine at Ward, Col., were made happy yesterday. A telegram was received from an official at the property advising them that an extra vein, very rich in gold, had been struck a few feet from where it is thought the big vein will be reached in the branch tunnel. The vein is not large, though what is lacks in size it makes up in richness. It is from six to twenty inches in width and runs from \$50 to \$75 to the ton in gold.

The striking of the main vein is looked for at almost any time now, though it may not be reached for ten days yet. Local men interested have no desire to sell their stock until it is ascertained what the main vein will yield in gold.

FREE OF CHARGE.

Any adult suffering from a cold settled on the breast, bronchitis, throat or lung troubles of any nature, who will call at The Stafford Drug Co., will be presented with a sample bottle of Bosche's German Syrup, free of charge. Only one bottle given to one person, and none to children without order from parents.

No throat or lung remedy ever had such a sale as Bosche's German Syrup in all parts of the civilized world. Twenty years ago millions of bottles were given away, and your druggists will tell you its success was marvelous. It is really the only throat and lung remedy generally endorsed by physicians. One 75 cent bottle will cure or prove its value. Sold by dealers in all civilized countries. Get Green's Prize Almanac.

LOOKING UP TIMBER.

A Mr. Watson, in the employ of the Calumet & Hecla Copper Mining com-

GLORIOUS NEWS.

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by the Stafford Drug com-

A MOST WONDEROUS CURE.

Eminent Physicians Pronounced it Consumption.

Dr. C. D. Warner, Coldwater, Mich.
Dear Sir:—I have received great benefit from your White Wine of Tar Syrup. I had a cough and the doctors gave up all hopes of my recovery and pronounced it consumption; I thought that it was death for me. I tried everything that we could hear of. Finally one of my friends prevailed upon me to use your White Wine of Tar Syrup. I took one and one-half bottles and am cured entirely. Such medicine I can recommend to those who are afflicted as I was.

Very respectfully yours,

A CRY FOR HELP.

Result of a Prompt Reply.—Two Letters from Mrs. Watson, Published by Special Permission.—For Women's Eyes Only.

March 15, 1899.

To MRS. PINKHAM, LYNN, MASS.:

"DEAR MADAM:—I am suffering from inflammation of the ovaries and womb, and have been for eighteen months. I have a continual pain and soreness in my back and side. I am only free from pain when lying down, or sitting in an easy chair. When I stand I suffer with severe pain in my side and back. I believe my troubles were caused by over work and lifting some years ago.

"Life is a drag to me, and I sometimes feel like giving up ever being a well woman; have become careless and unconcerned about everything. I am in bed now. I have had several doctors, but they did me but little good.

"Lydia E. Pinkham's Vegetable Compound has been recommended to me by a friend, and I have made up my mind to give it a fair trial.

"I write this letter with the hope of hearing from you in regard to my case."—Mrs. S. J. Watson, Hampton, Va.

MRS. S. J. WATSON.

November 27, 1899.

"DEAR MRS. PINKHAM:—I feel it my duty to acknowledge to you the benefit that your advice and Lydia E. Pinkham's Vegetable Compound have done for me.

"I had been suffering with female troubles for some time, could walk but a short distance, had terrible bearing down pains in lower part of my bowels, backache, and pain in ovary. I used your medicine for four months and was so much better that I could walk three times the distance that I could before.

"I am to-day in better health than I have been for more than two years, and I know it is all due to Lydia E. Pinkham's Vegetable Compound.

"I recommend your advice and medicine to all women who suffer."—Mrs. S. J. Watson, Hampton, Va.

This is positive proof that Mrs. Pinkham is more competent to advise sick women than any other person. Write her. It costs you nothing.

SMALL-POX BILL APPROVED.

CITY COUNCIL DISPOSED OF CONSIDERABLE BUSINESS AT THE REGULAR MEETING THURSDAY EVENING.

The regular monthly session of the city council Thursday evening was of unusual length, the aldermen being sufficiently interested in their work to keep at it until shortly before midnight. Mayor Kirkwood presided and all the aldermen, except Collins and J. Harrington, responded to the roll call. The minutes of the last regular meeting were read and approved. Mrs. William Gates submitted a petition, asking that she be exempted from the payment of water taxes. Referred to the committee on water works.

On recommendation of the finance committee all bills on file, except those submitted in account of small pox, were approved. At this juncture the question of how much the physicians are to receive for each vaccination came up. Alderman Connors stated that the agreement with the doctors was that they should receive twenty-five cents. Health Officer J. C. Hudson was heard from. He said he did not think the agreement binding; that thirty-five cents for each person vaccinated was not too much, as the doctors have to pay ten cents for every point used. The claims were finally referred to the proper committee.

The question of removing Winter & Sues's slaughter house to a point some distance further from Teal lake was considered. It was reported that the firm would agree to stand part of the expense, provided the council would do its share. The house was moved twice before and each time the council contributed toward the expense of moving it. The matter was finally laid on the table until the next regular meeting; meanwhile the members of the water works committee will see the members of the meat firm with a view to reaching a satisfactory agreement.

The committee on electric lights reported that a new arc lamp had been placed on Lincoln avenue and that it is working satisfactorily. The purchasing committee reported that a new stove has been placed in No. 2 engine house and that it is satisfactory. Alderman Jackson reported that he had been advised by the superintendent of the water works that the coal being furnished is not up to the standard. On motion it was decided to call the attention of the dealer furnishing the coal to this fact.

Health Officer Hudson reported fifteen cases of small pox in the city. He said that arrangements had been made with Mr. Goyen to take care of Mr. Prout at his place; that the watching of the places quarantined was being done by two men, one remaining steadily at Goyen's and the other moving about from one place to the other. He thought this sufficient as the persons quarantined have not manifested a disposition to break it.

The monthly reports of the marshal also the superintendents of the water works and electric lighting plant, were read and were referred to the proper committees. The report of the clerk of the lighting plant was also submitted and accepted as read. Mayor Kirkwood informed the council that he had received an offer of \$6 per ton for the old iron gas posts. The purchasing committee was authorized to dispose of the material to the best advantage. In its discretion, the council was awarded the contract to build the proposed new steel bridge over Carp river. His bid was \$1,020. Andrew Lindquist also submitted a bid, which was \$1,210. The mayor and recorder were instructed to draw up a contract and have it signed by Mr. Chaussee.

A proposition from the Michigan Bell Telephone company to furnish the city with three 'phones within a radius of two miles for \$9 each per year, was rejected. A recess was taken to consider the small pox bills. On re-assembling it was decided to approve the bills and refer them to the county for payment. The total amount allowed footed up something like \$1,200.

On recommendation of the committee on health the places quarantined were allowed \$2 per day. Robert Ewing made a proposition to the council to settle his taxes of '97 and '98 for \$10. Laid over until the next meeting. On motion the mayor appointed a committee of five to review the city charter with a view to determining if amendments are necessary. The committee named consists of City Attorney Bell, Mayor Kirkwood, Aldermen Jackson, Connors and Shea.

The physicians bills for vaccination was finally allowed at twenty-five cents each. Alderman Johnson thought No. 1 engine house should be provided with storm doors. The aldermen had been in session so long that they did not seem disposed to enter into a discussion of the matter at this meeting, so a motion to adjourn was carried.

HE FOOLED THE SURGEONS.

All doctors told Renick Hamilton, of West Jefferson, O., after suffering 18 months from Rectal Prolapse he would die unless a costly operation was performed; but he cured himself with five boxes of Bucklen's Arnica Salve, the surest cure on earth, and the best salve in the world. 25 cents a box. Sold by the Stafford Drug company.

MRS. MOLL QUITE ILL.

Mrs. Helen MacKenzie and her daughter Lucy, who have been in Chicago visiting the past week or more, were called home from there on account of the dangerous illness of Mrs. C. F. Moll, daughter of Mrs. Mackenzie, at her home in Kenton. They arrived on the Chicago & Northwestern train yesterday morning, taking a South Shore train an hour later for Kenton. Mrs. Moll is down with typhoid fever and the last report received

FOR THE SISTERS' BENEFIT.

Harry Trembath will undertake the task of directing the production of a play for the benefit of the sisters of the Convent school. He will endeavor to select the very best talent in the city to assist in putting on the drama. Members of the Negaunee Dramatic club, as well as others, will be asked to take part.

It is Mr. Trembath's intention to get the play ready for presentation some time before Lent. He will select one without delay and just as soon as the cast is decided on rehearsals will be started.

The ladies of St. Paul's church propose giving a party at the opera house about the middle of January, perhaps the 15th. They gave one last winter and it was such a big social success that their friends are now urging them to give another of the same kind. The proceeds will be turned over to the church.

O'MEARA TAKES AN INTEREST.

The business formerly conducted by Mike Emlaw will hereafter be run under the name of Emlaw & O'Meara. The latter has been with Mr. Emlaw for some months past. He has purchased a half interest in the business and will be active in its management. As soon as Emlaw & O'Meara are settled in their new stand in the Sullivan building they will handle the wholesale business of the Blatt Brewing company here. Mr. Kuhlman yesterday moved his goods to the Pearce building on West Iron street, where he will conduct a sale until the entire stock is disposed of. The overhauling of the place will be started at once, with a view to permitting the new occupants to get in there as soon as possible.

LOCAL ECONOMICS.

T. A. Thoren attended circuit court at Marquette yesterday.

Special services will be conducted at St. Paul's church today.

Frank M. Beney got home yesterday morning from a business trip to Escanaba.

Twins, a boy and girl, were born Thursday night to Mr. and Mrs. John Lavary at Sande.

Josiah Broad got back yesterday morning from the lower peninsula, where he spent a week or so.

Ed Leveller has been called down from the copper country on account of the dangerous illness of his mother, Mrs. Farland.

The Negaunee people who saw the Elks Minstrels at Ishpeming Thursday evening were delighted with the entertainment. Every feature of the performance pleased.

The Gagnors of Ishpeming have a class of about forty in Negaunee. Lessons in some of the new dances were given last night at Cyr's Hall, when a good time was had by all present.

A very interesting meeting of the local court of the Catholic Order of Foresters was held Thursday evening. New officers to serve for the ensuing year will be chosen at the next meeting, on the 16th inst.

The members of the English Oak Lodge, Sons of St. George, will enjoy a blowout this evening at Cyr's Hall. Each member has been voted the privilege of inviting one friend. A musical and literary program will be rendered after a fine lunch served.

George Buckley was up from Escanaba on a visit to friends yesterday. He reports that there is not a case of small-pox in Escanaba. The people there are taking extra precautions and they hope to be spared a visitation of the disease. Many have been vaccinated.

The Escanaba lodge of Elks will visit Manistique tonight and institute a branch of the order at that place. A big time has been planned for the trip. The Escanaba Elks are hustlers and they have some of the most enjoyable sessions of any lodge in the upper peninsula. Within a few weeks they will also institute a branch at Iron Mountain.

Be good, be considerate, and above all things don't forget for a moment that your presence is desired today at the Park street school, where there will be the finest display of art pictures ever brought to the city. The school authorities want all to go to the building to help the good cause along and to encourage the teachers and

\$2000 IN CASH FREE! THE CHANCE OF A LIFETIME

Last January, February and March it will be remembered we advertised what was at that time considered one of the biggest contests ever published. The first prize was nothing more nor less than \$5 a week for life, or an annuity of \$250 a year in advance. Mr. A. W. Madden of Phillipsburg, N. J., was declared the winner, and as Mr. Madden preferred the annuity of \$250 a year in advance, a certified check for the said amount was promptly forwarded to him. Just stop and think for a moment what a grand prize this was. It meant that as long as Mr. Madden lived he would receive from us every year on the first day of May \$250 in cash. As Mr. Madden is only 27 years old he has a good many years before him in which to enjoy his good fortune.

The contest we advertised closed October 5, 1900, and the cash prizes were awarded to the following parties:
Mrs. J. S. Poucher, Unstead, Swanee Co., Fla., Five Hundred Dollars in Cash.
Geo. C. Cone, Jr., Una, Davidson Co., Tenn., Two Hundred Dollars in Cash.
Mrs. J. B. Sherwood, Colon, St. Joe Co., Mich., \$25; M. Schwartz, Chesterfield, Conn., \$25; H. R. Selleck, Elton, Huron Co., Mich., \$12.50; Mrs. A. H. Grainger, Independence, Autauga Co., Ala., \$12.50; L. J. Garmon, Hillsboro, Hill Co., Texas; July Culey, Phelps, Lawrence Co., Mo.; Mary Booth, Newburgh, Orange Co., N. Y.; Mary Marell, Hasleton, Ohio; A. J. Lowry, Trasky, Minn.; R. E. Hart, Seary, Ark.; Mrs. Kate Lee, 20 So. 9th St., Minneapolis, Minn.; Carrie Henderson, Davis Creek, California; Loretta Lovelace, Rockport, Jackson Co., Oregon; Miss L. R. Now if you were so foolish as to ignore our previous advertisement, we certainly would advise you not to overlook this one, for without a doubt you are in the opportunity of your life, for you have not only a chance to win an income of \$300 a year for life, but also to win a large amount of ready cash. We want you to read this over very carefully for it does not cost you one cent. One of these contests is, we believe, a very hard one, in fact so hard that it cannot be solved in a minute, nor an hour, but is going to tax your brains and take considerable of your time. However, do not give it up, for it can be solved and just think of the reward. We will give \$2,000 in cash for the correct answer. In the block square to the left we have printed 16 jumbled letters which we want you to try and arrange. These jumbled letters when properly arranged will spell the names of three large cities in the world. One city being located in the United States, one in South America and one in Europe. In making the names of these three cities the letters can only be used as many times as they appear, and no letter can be used which does not appear. When you have found the three correct names you will have used every letter in the sixteen as many times as it appears. If you cannot find the three correct names but find only two you will receive a special prize worth \$1. Remember even if you find only two correct names you will have the same chance to win the income for life or one of the big cash prizes mentioned in the second half of this advertisement. If you send in your answer at once we are quite sure you will not be disappointed. Someone is going to win the money and it may be you. Anyway, it does not cost you any money to try and if you are a successful contestant there is only one easy condition, which will take less than half an hour of your time, and which will write you as soon as your answer is received. This, we can truthfully say, is the very hard puzzle ever advertised, so get out your geography, atlas or encyclopedia and look for these three cities. The correct names are known only to the president of this company and his private secretary. The envelope containing the three names has been sealed and deposited with a leading Safe Deposit Co. in Boston and will not be opened until the day after the contest closes. This, we believe, is the only honest way of conducting a contest, as everyone will have an equal chance. In the event of more than one correct answer being received, we will request five parties who have answered this advertisement to act as a committee to award the cash prize. They will be invited to come to Boston at our expense and be our guests while in this city. We take this unusual method of selecting a committee to show our good faith as we want to treat all in the fairest manner possible. The committee will be selected from among the contestants ten days before the contest closes, January 20, 1901, and you may be asked but not compelled to act as one of the committee. In addition to the Two Thousand Dollars in Cash we will give you an opportunity to win

\$300 A YEAR FOR LIFE FREE

9 CASH PRIZES OF \$250 EACH FREE 58 CASH PRIZES OF \$25 EACH FREE WITHOUT LABOR OR EXPENSE.

We are going to give to someone who has entered this contest and who complies with our easy conditions, an opportunity to win and secure from us without any labor or expense on their part, Three Hundred Dollars every year during their natural life. We mean just what we say. If you are the lucky one, and we hope you are, for some one will get it, we will send the winner every year during their natural life \$300 cash in advance. Now, in addition to the cash prizes already mentioned we are going to give away nine cash prizes of \$250 each and fifty-eight cash prizes of \$25 in the following manner: We will give \$250 to one party residing in the New England States which consist of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, and Connecticut. \$250 to one party residing in the Middle States which consist of New York, New Jersey, Pennsylvania, Delaware, Maryland and District of Columbia. \$250 to one party residing in the Central States which consist of Ohio, Indiana, Illinois, Michigan and Wisconsin. \$250 to one party residing in the Western States which consist of Minnesota, Iowa, Missouri, Kansas, Nebraska, and North and South Dakota. \$250 to one party residing in the Southern States which consist of Virginia, West Virginia, North Carolina, South Carolina, Georgia, Alabama, Florida, Mississippi, Tennessee and Kentucky. \$250 to one party residing in the Southwestern States which consist of Louisiana, Arkansas, Oklahoma, Texas, New Mexico and Arizona. \$250 to one party residing in the Rocky Mountain States which consist of Montana, Wyoming, Colorado, Idaho and Utah. \$250 to one party residing in the Pacific Coast States which consist of California, Nevada, Oregon and Washington, and \$250 to one party residing in the Dominion of Canada, and that is not all, for we will give to one party residing in each State and Territory in the United States and in each province of the Dominion of Canada a cash prize of \$25.

We mean just what we say. You have an opportunity to win and secure from us, without any labor or one cent of expense on your part, any of the above named prizes. There is positively no deception, and as for trickery, how can there be, when the committee is selected from the contestants, and you yourself might be chosen to decide who the winners are.

Do not throw this contest aside and say, Oh, phaw! I have answered puzzles before and never got anything; for if you do you will regret it as long as you live. Some one is going to win the money and it may be you, no one can tell. Anyway, it does not cost you one cent as we do not want any money from you. Are the prizes worth trying for? We think they are, for \$300 a year paid to you for life will keep one from the poor-house and to those who have a small income it will supply them with many a necessity which one has to do without in these hard times.

Do you know of any firm in the world that has made such liberal offers in such a fair manner? Of course we are strangers to you and you have no assurance except our word that we are financially able to carry out the promise we make. If you have the least doubt, we would be pleased to have you get a special report from either Bradstreet's or Dun's Mercantile Agency, or our bankers.

We are a responsible company with a paid-up capital of One Hundred Thousand Dollars, composed of well-known business men, and our sole object in giving away such large cash prizes is to advertise our business, and we will leave no stone unturned to accomplish, by honest methods only, our object.

Everyone entering this contest will receive honest treatment, and you will have the same chance whether you live in California, Mexico, Canada or Massachusetts—distance makes no difference.

When you have carefully arranged the jumbled letters into the three names which you think are right, send your answer to us at once and enclose a stamp for reply. Within a few days you will receive an answer telling you whether you are a successful contestant, and we will also send you full particulars regarding our other contest whereby you can win for one moment's thought, without any labor or expense, either \$300 a year for life or a large cash prize. Do not delay, as this advertisement will not appear in this publication again. Address us this way:

CIRCUIT COURT DOINGS.

Good Progress Has Been Made With Those Cases Which Will Come Up This Term.

LAST JURY TRIAL HAS BEEN SET FOR MONDAY.

The Notable Hearing of the Matter in Dispute Between the Breitung Interests and Cleveland-Cliffs People May Come Up Within a Few Days.

DEPOSITIONS ARE NOT YET READY.

Good progress has been made with the business of the present term of circuit court. The last jury case will be tried Monday when the panel will be dismissed. It is hard to say when court will close as it is not known what cases will be continued.

The court gained much time in being able to dispose of the criminal docket during the first two days of its session. The solitary case which came to trial being that of the People vs. Albert Pearce. Thursday was given up to a hearing in the case of George W. Shaw vs. Thomas Cook. It resulted in a disagreement of the jury after quite a protracted discussion and it will have to be taken up again next term if it is pushed.

Yesterday was rather a busy day in court. The case of M. R. Manhard vs. W. S. Prickett of Sidsaw was first called. This was brought before Judge Stone on an appeal. It concerned a disputed account. Little time was required in which to receive all the evidence nor was the jury long in returning its verdict which favored the plaintiff who was allowed the full amount of his claim, \$135.52.

The case of Charles Watberg vs. S. Johnson & Co. of Ishpeming was then called. The plaintiff sued to recover a large sum for false imprisonment. When the jury was made up the hearing was commenced but it had not proceeded far when it was ascertained that there was a fault in starting the case. The plaintiff consented to a voluntary non-suit and the jury

was discharged. This closes the incident under a new suit is undertaken. The case of Alexander Hays vs. Steele & Mills of Ishpeming likewise failed to come to an issue through the discovery of a fault in the declaration. The attorney for the plaintiff was given fifteen days in which to amend it and the defendant an additional fifteen days in which to file a demurrer. This will throw the hearing over into the next term.

A decree of divorce was granted Peter and Mary Poikkila. The first case set for a hearing this morning is that of F. B. Spear & Sons vs. F. M. Beney.

AN IMPORTANT CASE.

If the depositions can be completed so that the hearing can proceed this term one of the most important and interesting cases that has been tried in the circuit court for many months will come up within a few days. Reference is made to that in dispute between the Breitung and Cleveland-Cliffs interests which concerns large tracts of valuable mineral lands in the vicinity of Negaunee.

It is now some months since the people of the county were surprised with the news that the Cleveland-Cliffs Iron company, the assigns of the Pioneer Iron company, had entered on the Breitung lands for the purpose of pushing explorations looking toward the discovery of iron ore, claiming the right to mine any mineral found under an old lease granted the Pioneer Iron company forty years or so ago. After a lapse of some weeks the matter was brought into the circuit court over a couple of terms of court owing to the time required for the vast labor of taking the requisite testimony. Good progress has been made with this work. There remains but a comparatively small amount of testimony to be secured. This may be obtained in time to permit of a hearing in this term of court.

The case will be large interests at stake in the trial. The Breitungs will have their valuable property in the balance while if the case goes against the Cleveland-Cliffs people it will appear that the considerable sums which they have already expended in explorations will, as far as they are concerned, have been laid out in vain.

DRAMATIZED BY ITS AUTHOR.

"The Little Minister," one of the most successful plays of contemporary dramatic history, will be presented at the opera house Tuesday evening by one of Charles Frohman's excellent companies. This will be its first production in Marquette and most of the city's theater goers will have an opportunity of witnessing it for the first time. The particular company of players which will appear here comes well recommended.

"The Little Minister" is an interesting heart-stirring drama. The first scene is laid in Caddam Woods, where "Lady Babbie," in a red gown, with roan berries in her hair, surprises Gavin in Dishart, "the little minister." There has been trouble between the weavers of the towns and the soldiers, and a signal of warning has been agreed upon by the community of the approach of redcoats. The signal is the blowing of a horn. Babbie gets the little minister to give it, and then follows the conflict with the soldiers in which Babbie figures on one side and Gavin on the other. After the fight, Babbie hooded and cloaked, passes through the line of soldiers, announcing herself as the little minister's wife, and he offering no word of denial. Thus she makes to capture her and many precautions taken to that end.

Next we see Lady Babbie and the minister in Old Nannie's cottage. There is tea drinking, and considerable discussion, during which it becomes evident to Babbie and the others that the minister is in love with her. Later on, when Gavin should be at prayer meeting, he is found following the gypsy girl around, and they have further love scenes, not however, before the fact becomes plain that Gavin's part is to capture her and marry her, and that some of them are very sore at heart because their minister pays attention to the girl.

The third act takes the lovers and all concerned to Lord Rintoul's castle. There "Lady Babbie" is revealed in her real character as a fine lady. The minister's surprise is great, for he has thought Babbie a gypsy girl. The pair declare their love and the father's consent to a marriage is asked. But he has other plans for his daughter. An interesting dramatic situation ensues here, and the curtain falls on "Lady Babbie" insisting that Gavin shall acknowledge her to be his wife, as he did, to the soldiers that night in Caddam Woods. The fourth act is full of surprises.

A GIFT TO GIVE.

It is often difficult to decide what to get your friends for holiday gifts. Here is a suggestion:

"Good morning, Jennie, I have brought you a nice present," said Gertrude, as she handed her friend a neatly wrapped package.

The pale, weary looking girl, who was slowly recovering from severe illness, opened the bundle and held up a large bottle of clear, rich medicine.

"Hood's Sarsaparilla," she exclaimed. "I have been reading about it today and wished I had a bottle."

On New Year's day Jennie was able to be out on the street, and to her friends who remarked how well she was looking she simply said, "Hood's Sarsaparilla," and every one of them knew it was the great medicine that had given back her health.

A DULL MARKET.

The general copper list showed very little change yesterday. The market was quite dull, a number of adverse influences affecting it unfavorably. The outlook is that the dullness may continue for some days. It is anticipated that this condition will be merely temporary and that, on the next spurt, quotations will show even greater strength than they have yet displayed.

The brokers who handle the Boston stocks are greatly pleased with the improvement of the past few weeks. Better prices and the increased scope for successful speculation offered by the market has resulted in a more general interest than has been apparent for some months and, as a result, buying orders come in more frequently.

Yesterday Paine, Webber & Co., said of the market: "A fear of tighter money before the end of the month has caused a great deal of selling in New York and that has affected the tone of copper stocks. Trimountain is strong. There is considerable buying of Trimountain and Baltic and, with any kind of a market, they will sell a great deal higher. We know of no safer and better purchase than these two and Copper Range."

A. R. Jones & Co., had but fairly strong today. Amalgamated went through its usual antics and reached the lowest price seen for some time. Just what is going on, it is hard to say but we think any one who buys and holds on will make big money in a couple of months. The copper situation is very strong and higher prices must surely result. Just when the boom is coming is hard to say but we look for very active and strong market within next city days."

THE BAY CITY KNITTING CO.

Has instructed its manager here to close out the Marquette branch, 221 Washington street (opposite the City Hall), on Dec. 15. They have now in stock a full range of the celebrated World's Star Hosiery, also all sizes in the Patent Elastic Overstocking, the most economical as well as the most comfortable and convenient garment a lady can wear in this climate. This action is not taken because the people of Marquette have not appreciated high-class goods at reasonable prices. We return our thanks for the liberal patronage bestowed on us here. As we do not wish to pay freight on the goods back to Bay City, we will offer the balance of our stock, amounting to \$2,000, at 20 per cent off every dollar.

A LIFE AND DEATH FIGHT.

Mr. W. A. Hines of Manchester, Ia., writing of his almost miraculous escape from death says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for consumption, which completely cured me. I would not be without even if it cost \$5 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure throat, chest and lung troubles." Regular size 50c and \$1.00. Trial bottles free at the Stafford Drug company.
