TRAINMEN MAY QUIT.

General Strike Threatens the Great Santa Fe Railroad System.

ULTIMATUM IS LIKELY.

Unless Telegraphers' Demands Are Granted, the Operators Say, All Other Men Will Join Them.

TRAFFIC ALREADY TIED UP

Kansas City, Dec. 9.—The Times tomorrow (Monday) morning will say: "Within the next forty-eight hours the walk-out of the Santa Fe operators may widen into a general strike, and the members of the Order of Railway Telegraphers be joined by those of the Brotherhood of Locomotive Engineers, Railway Conductors, Locomotive Firemen and Brotherhood of Railway Trainmen. "Such is the danger that the telegraphers say now threatens the great passenger and freight business of the Santa Fe from Chicago to the Pacific coast and the Gulf of Mexico. Before President Dolphin, of the National Order of Railway Telegraphers, sent his cipher message over the wires calling out the operators on the line of the Santa Fe proper in support of those on the Gulf, he, it is said by operators, was guaranteed help by the telegraphers and the other big railroad organizations. This is why a general strike is probable. It is declared to be inevitable unless the Santa Fe management decides to accede to the demands of the Gulf line operators. "R. C. Clapp, general chairman of the telegraphers' union of the Missouri Pacific, came to Kansas City today from Atchison. He has been delegated by President Dolphin to act as his representative here. Last (Sunday) night he said: "If the Santa Fe officials continue in their refusal to grant the demands of the Texas operators, a general strike will result. Before the men were ordered out we had an agreement with the other orders guaranteeing us their support. We are likely to demand this support either today or tomorrow. The operators mean to fight the company to a finish and force it to come to our terms."

ROAD OFFICIALS HOPEFUL.

Topeka, Kas., Dec. 9.—The officials of the Santa Fe road tonight take a decidedly hopeful view of the telegraphers' strike situation. All say the backbone of the strike is practically broken already, and that the affairs of the road will be in their normal condition inside of two weeks. The officers felt justified tonight, in view of the alleged improvement in the conditions, in rescinding the order closing the shops, issued yesterday. H. U. Mudge, general manager of the road, today sent out a general order to all the operators who have not yet gone out, offering to promote them if they continue in their resistance to the strikers. "I feel much more sanguine about the result of the strike than I did last night," said Mr. Mudge. "I thought then we would have a serious issue. In this belief the order was issued for closing the shops. Today the conditions seem to be so much improved that the order closing the shops will be rescinded. I think we can use all of our men in the old way. This much is certain, however—not one man who has gone on strike will be taken back into the employ of the company. Those who were formerly below them will be promoted over their heads."

ORANGE SHIPPERS ALARMED.

San Bernardino, Cal., Dec. 9.—As a result of the strike of Santa Fe telegraphers, 225 men in this city have been thrown out of work in the large machine shops of the company, the order says. "These shops will be closed until further notice." The strike has caused consternation among the orange growers and shippers of this city, for if continued it will undoubtedly result in heavy loss to the orange dealers.

DR. HULST GETS AN OPTION.

Marquette, Wis., Dec. 9.—Dr. Nelson P. Hulst, the veteran iron mining man and general manager of the Oliver Mining company, was in the city Saturday and closed a deal with the Menominee River Lumber company and the Hamilton & Merryman company for the opening of a new iron mine near Wausau lake in the town of Wausau, Douglas county, Mich. He obtained an option from the Marquette concerns. Dr. Hulst is very enthusiastic over the new iron find on which considerable exploratory work has been done. The Oliver Mining company will spend thousands of dollars opening it up. It is expected to become one of the best mines on the range.

NEGRO IS FORCED TO JUMP FROM A BRIDGE WITH A ROPE FASTENED TO HIS NECK.

Rome, Ga., Dec. 9.—"Bud" Rufus, the negro who assaulted and fatally wounded the wife of Farmer Joseph White, was taken from the county officers early yesterday morning by a mob. Mrs. White identified the prisoner, who was hurried to a railroad bridge nearby. A rope was placed about his neck and he was forced to jump off. His body was then riddled with bullets.

LAUNCHES IN UNITED STATES DURING PAST FIVE MONTHS.

Washington, Dec. 9.—The vessels built in the United States and officially numbered from June 30 last to Nov. 30, were 495, of 149,963 gross tons, the government figures being announced today. The principal items of the total are seven steel steamships on the Great Lakes, of 34,523 gross tons, and four smaller steel steamers, of 8,456 gross tons, which could pass through the new Welland canal, also one steel schooner barge of 2,790 tons.

WIEST CALLS PINGREE

Lansing, Mich., Dec. 9.—Judge Howard Wiest, of the Ingham county circuit, who conducted the trial resulting in the conviction of General Marsh, and who sentenced General White to ten years in prison, and who was fiercely attacked by Governor Pingree in an interview, yesterday telegraphed

GOES DOWN OFF ERIE, PA.

Barge Chas. Foster, With Iron Ore, Sinks During Heavy Gale.

EIGHT LIVES ARE LOST.

Great Sea Strikes the Boat, It Founders and Those on Board Die Like Rats in a Trap.

PERISH IN SIGHT OF LAND.

Erie, Pa., Dec. 9.—In the midst of one of the most bitter gales that ever struck Lake Erie, the iron ore barge Chas. Foster, in tow of the Iron Duke, went to the bottom at 4 o'clock this morning ten miles off Erie and eight persons were drowned. The dead: CAPTAIN JOHN BRIDGE, Cleveland; FIRST MATE, name unknown; SECOND MATE, name unknown; SEAMAN ROBERT WOOD, WILLIAM KELLEY, Port Austin, Mich. MRS. MAY, cook, Detroit. TWO DECKHANDS, names unknown. The Foster was one of the Corrigan fleet, running between Duluth and Erie with iron ore. The cargo consisted of 1,500 tons of ore. CAUGHT IN FEARFUL STORM. Captain Ashley, of the Iron Duke, made Erie in safety. In an interview he said: "The Foster was in tow about 600 feet astern. I was up all night, and there were three men on watch with me. The seas were rolling tremendously from the northwest, and the gale carried with it a blinding snowstorm. We made the harbor light all right. When we turned for the harbor, a sea much heavier than any experienced struck us. "I ran to the stern. Just as I got there the Foster plunged in the awful sea and dove down, nose first. There was not a cry from a soul of the crew of eight she carried. Just as she pitched down I saw a man on the forecastle with a lantern. The tow line parted when she sank. "The storm was so heavy we could not put about to hunt for any one. There would not have been a particle of use anyhow, because in those seas no one could have lived a minute, even if the water had not been icy cold." The Foster was valued at \$19,000.

SMALLPOX AT BESSEMER.

Bessemer, Mich., Dec. 9.—A well-developed case of smallpox was discovered in this city last night. The patient had been ill two weeks before he called medical aid, so that his case had reached the most dangerous point for contagion. He was boarding at the Northwestern Hotel. The board of health has placed the house in charge of police officers and none of the inmates are allowed to go out, as all were exposed. Circuit court was adjourned on account of the jury being at the hotel under quarantine. Early this morning the patient was removed to Ramsey, a mile from town, where the pest house is located. He is a stranger in the city and is deaf and dumb. There has been so many exposures that an epidemic is feared. The city health board has purchased a building in the outskirts of the city near the cemetery to be used for a pest house. Many commercial travelers were caught in the hotel. At Ramsey there are six new cases of smallpox and two children. The board of supervisors will compel every person to be vaccinated at county expense. Several cases are reported among the Indians at Odanah, a place between here and Ashland. Every precaution is being taken, but consternation prevails in Bessemer.

MRS. DEWEY'S MOTHER DEAD

Washington, Dec. 9.—Mrs. Mary L. McLean, mother of John R. McLean, of the Cincinnati Enquirer, died here this morning from acute heart affection, aged seventy-one. At the bedside of Mrs. McLean when the end came were her daughters, Mrs. Dewey and Mrs. Ludlow wife of Rear Admiral Ludlow; her son, John R., and Admiral Dewey.

NEW YORK, DEC. 9.—JOHN McAULIFFE, the well-known artist, aged seventy, was accidentally killed today by falling from a window at his residence.

St. Louis, Dec. 9.—August Waidauer, a widely known professor of music, died here today from a complication of diseases, aged seventy-five. He was best known as the author of "Fanchon."

MADE HIS OWN EXECUTIONER.

Columbia, S. C., Dec. 9.—Former Senator L. J. M. Irby died today from Bright's disease.

NEARLY 500 VESSELS

Washington, Dec. 9.—The vessels built in the United States and officially numbered from June 30 last to Nov. 30, were 495, of 149,963 gross tons, the government figures being announced today. The principal items of the total are seven steel steamships on the Great Lakes, of 34,523 gross tons, and four smaller steel steamers, of 8,456 gross tons, which could pass through the new Welland canal, also one steel schooner barge of 2,790 tons.

WIEST CALLS PINGREE

Lansing, Mich., Dec. 9.—Judge Howard Wiest, of the Ingham county circuit, who conducted the trial resulting in the conviction of General Marsh, and who sentenced General White to ten years in prison, and who was fiercely attacked by Governor Pingree in an interview, yesterday telegraphed

PREDICTS VICTORY FOR POPE.

ARCHBISHOP IRELAND SAYS TIME IS NOT FAR REMOTE WHEN PONTIFF WILL BE RESTORED TO TEMPORAL POWER.

Washington, Dec. 9.—Archbishop Ireland, in a sermon at St. Patrick's church here today, reviewed the question of the independence of the pope and prophesied that at no remote date "the Italian people and Christendom at large would give back to the papacy its wonted dignity and liberty." His discussion of what is known as the Roman question was especially significant, as the archbishop during the latter's visit to Rome talked at length with the pope.

The speaker referred to the pope as a prisoner in the Vatican, voluntary in that no physical force prevents his leaving his precincts, and especially in that he could not go beyond the Vatican without imparting his dignity as pontiff and without seeming to accept the situation created for him by the entrance in Rome of the troops of the Italian government. He said the Catholic church is a "divinely created organism receiving directly from Christ its mission and all rights which are needed that it may live and work; that its life and mission are expressed in its supreme chief, the successor of Peter, and to him belong in a pre-eminent manner all rights inherent in the church and which possession is needed for the fulfillment of its mission and work willed by Christ." Hence, the pontiff's right to independence and, as a consequence, to temporal sovereignty.

SIX-DAY BICYCLE RACE.

IT BEGAN AT NEW YORK THIS MORNING WITH FOURTEEN TEAMS OF TWO RIDERS EACH. New York, Dec. 10.—The sixth annual international six-day bicycle race in Madison Square Garden started at midnight before six thousand persons. The race is held under auspices of the American Bicycle Racing association, and fourteen riders of international reputation began the 142-hour grid. They represent as many pairs, who will race for six days a team. No man will be allowed to ride on the track more than twelve hours in any day. Four thousand dollars in prizes will be distributed among the riders. Following are the starters, the first named being the one who started first for the team: C. M. Miller, Chicago, and Robert Walthour, Atlanta; Hugh McLean, Scotland, and Alex McLean, Scotland; Oscar Aronson, Sweden, and Oscar Babcock, New York; W. C. Stimson, Boston, and Frank Walter, Germany; John Dubois, Brooklyn, and Floyd Krebs, Newark; H. D. Eikes, Glens Falls, and Floyd McFarland, San Jose; H. E. Bleecker, Brooklyn, and Frank Albert, New York; Joan Gougoltz, France, and Caesar Simar, France; Carl Kiser, Germany, and Fritz Kiser, Germany; Jean Fisher, Switzerland, and Michael Frederick, Switzerland; Rudolph Muller, Italy, and H. Aucourtier, Italy; Chas. Turville, Philadelphia, and Louis Gimm, Pittsburg; T. J. Colgan, Trenton, and Dickerson, Berra, Pierce, Boston, and Archie McEachern, Toronto.

The score at 2 o'clock this morning showed Eikes and McFarland, Simar and Gougoltz, and Pierce and McEachern tied at forty-nine miles and two laps, with the others within four laps of the leaders.

Washington, Dec. 9.—Mrs. Mary L. McLean, mother of John R. McLean, of the Cincinnati Enquirer, died here this morning from acute heart affection, aged seventy-one. At the bedside of Mrs. McLean when the end came were her daughters, Mrs. Dewey and Mrs. Ludlow wife of Rear Admiral Ludlow; her son, John R., and Admiral Dewey.

New York, Dec. 9.—John McAuliffe, the well-known artist, aged seventy, was accidentally killed today by falling from a window at his residence. Mr. McAuliffe was especially well-known in connection with pictures of horses.

Indianapolis, Dec. 9.—Wm. N. Jackson, secretary of the Union Railway company, the oldest man in active railroad service in the United States, both in years and age, died today, aged ninety-one.

St. Louis, Dec. 9.—August Waidauer, a widely known professor of music, died here today from a complication of diseases, aged seventy-five. He was best known as the author of "Fanchon."

Columbia, S. C., Dec. 9.—Former Senator L. J. M. Irby died today from Bright's disease.

Washington, Dec. 9.—The vessels built in the United States and officially numbered from June 30 last to Nov. 30, were 495, of 149,963 gross tons, the government figures being announced today. The principal items of the total are seven steel steamships on the Great Lakes, of 34,523 gross tons, and four smaller steel steamers, of 8,456 gross tons, which could pass through the new Welland canal, also one steel schooner barge of 2,790 tons.

Cleveland, O., Dec. 9.—The Vanderbilt interests have taken orders with three mills for 100,000 tons of steel rails at \$25 a ton. This breaks up the organized effort of the railroads to force the price down to \$22.

DAILY MINING JOURNAL

Published by the Mining Journal Co. (Limited), 1000 Michigan St., Marquette, Mich.

Subscription Rates: Per month, by carrier, \$1.00; Per year, by mail, \$10.00.

MAQUETTE, MICH., DEC. 10.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

There is an apparent inconsistency in abolishing the army canteen while removing ten millions of dollars from the tax on beer.

Some of the stockholders of the American Wire & Steel company are taking legal steps, it is said, to prevent consummation of the deal by which the management of the company proposes to acquire possession of twelve lake carriers belonging to the American Steamship Co.

Several of the more influential of the Republican papers are strenuously opposing the ship subsidy bill, yet it is almost certain that it will be passed at this session of congress.

The Superior Leader pays this handsome and merited compliment to Hon. Charles A. Towne in noting his appointment by Governor Lind of Minnesota to fill the seat of the late Senator Davis of that state in the United States senate.

The Leader is so well grounded in its faith in the old Republican party that it will not be accused of heresy in saying that it is pleased to note the appointment of Charles A. Towne as United States Senator from Minnesota.

Mr. Towne is not only our neighbor, but he is one of the most popular orators in the North. He has a golden tongue, even if a silver orator, and Superior people like him.

In a short time a Republican—just what sort of a man we cannot predict, but we hope and have a right to expect—a good one, will succeed Mr. Towne, but meantime Minnesota will be well represented in the person of the pleasant, although misguided, Duluthian.

Mr. Towne's friends in Michigan take pleasure in the recognition accorded his ability by the governor of Minnesota, and only regret that the conditions under which he becomes a senator of the United States preclude his being allowed to hold the seat long enough to more than get to feeling at home in it.

THE IRON MARKET.

The current number of the Iron Trade Review has this presentation of features of the iron market:

Steady buying in all finished lines, with quieter markets for pig iron, and a somewhat slack market for cast iron.

The pig iron market is reflecting the uncertainty that exists as to ore prices for next year. It matters not that buyers of pig iron may entertain an erroneous idea of the size of the reduction that will be made in the cost of that product.

Until it is known what the basis really is to be the practice of contrasting for six, nine and twelve months ahead will not be resumed. This fact that an interval of more moderate buying has come to the trade in pig iron has not altered the very strong situation in respect to all finished products, and it goes without

saying that this will be felt in due time in primary markets. No further advance has been made by furnacemen in the week; and the recent additions, with those about to be made, to the list of active furnaces, coming at the quiet time of the year, will tend to preserve an equilibrium in supplies.

It is against the spirit of our institutions to deny to any law abiding inhabitant of this country the equal right to live and when a man has left his native land forever, to make his home with us, he is entitled to an equal chance with other men to make his living. The public authorities, representing as they do all the people, should least of all discriminate against the man who has come here to be one with us and deny to him the equal opportunity to labor for the support of himself and family.

Very respectfully, J. F. NEIDHART, Mayor.

Dear Sir:—The committee on pounds has decided to appoint Charles Pellissier, poundmaster for the city.

M. W. SHEA, ALFRED FLEURY, FRED W. WERNER, Committee on Pounds.

Moved by Alderman Ward, that the rules be suspended and the appointment confirmed. Carried.

Resolved, That a warrant be drawn to the order of Hannah Burke for \$21.23, for rebate of net special assessment tax paid October 7, 1897, on lot 8, block 11, Harrison's addition No. 1.

Resolved, That a warrant be drawn in favor of Mary Morgan for the sum of \$37.12, the same being for rebate of the sum of \$32.34, interest portion of special assessment tax upon the tax roll of the year 1897 and \$4.78 interest on said sum to the county treasurer September 30, 1899.

Resolved, That upon presentation to the controller of a certificate of the redemption from sale for the taxes of the year 1897 of the Noonan estate property, to-wit, the south 1/2 of lot No. 1, in block No. 6, in the Cleveland Iron Mining company's subdivision, a warrant be drawn to the order of said estate for such sum as may be the city's share of the amount paid for such redemption on account of the Rock street sewer assessment.

Resolved, That the committee on purchases and claims and the street commissioner be authorized to purchase a new snow plow.

Alderman Stevens presented the following report from Charles Cunniff, Marquette, Mich., Nov. 25th, 1900: Hon. W. J. Stevens, Chairman, Common Council Committee on Railways and Public Conveiances.

Dear Sir:—In compliance with the instructions of your committee, I have surveyed and marked the proposed location to the original plats the lines of Lake street from the west line of Walnut street to a point opposite the old Rolling Mill a short distance south of Hampton street, and have noted the encroachments and obstructions in said street.

The following is a description of the center line to-wit: Commencing at the point of intersection of the center of said Lake street and the west line of Walnut street and extending southward, which point is 79.2 feet from the intersection of the south line of Ridge street with the west line of Walnut street; thence south 78 degrees 35 minutes west 355 ft.; thence south 77 degrees 5 minutes west 256 feet; thence south 69 degrees 58 minutes west 163 feet; thence north 88 degrees 45 minutes west 450 feet; thence south 83 degrees 45 minutes west 350 feet; thence south 68 degrees west 950 feet; thence south 63 degrees 45 minutes west 245 feet; thence south 27 degrees 25 minutes west 657 feet; thence south 17 degrees 45 minutes west 654 feet; thence east 8 feet; thence south 6 degrees 45 minutes west 332 feet; thence south 21 degrees 59 minutes west 146 feet; thence south 55 minutes west 735 feet; thence south 14 degrees 40 minutes east 609 feet; thence south 17 degrees 45 minutes west 448 feet.

From Walnut street to Superior street, Lake street is 50 feet wide and south of Superior street it is 66 feet wide. Monuments consisting of one-inch round iron bolts 30 inches long were driven at each angle point in the center of the street. A map of the survey and the adjoining tracks, buildings, etc., has been prepared and a blue print accompanies this report.

The encroachments on the street shown on the map consist of: 1st. A stone wall and fence built by Mr. Peter White along the rear of his property. The wall is indicated on the map by a dotted line which shows that between lots 16 and 22 nearly the entire north half of the street is occupied.

2nd. The side track of the Duluth, South Shore & Atlantic Railway, laid under an ordinance of 1896, requiring a space of 30 feet for roadway and 19 feet for side walk, or 40 feet in all, be left clear on the west and north side of the street. Said track encroaches on this space at several points along the street as shown on the map.

3rd. The stone abutment at Superior street encroaches on both Lake and Superior streets.

4th. The approaches to Ore Dock Number 1 and ore dock Number 4 are supported by bents of piles and timber placed in the street.

of Picklands & Company located a short distance north of Superior street are built almost entirely in Lake street.

Respectfully submitted, CHARLES CUNIFF, Surveyor.

The city treasurer reported as follows: To the Honorable Mayor and Common Council of the City of Marquette, State of Michigan, County of Marquette, ss.

I, August Machts, treasurer of the City of Marquette in said county and state do hereby certify and return that I have collected on Special Assessment Roll No. 32, covering the estimated cost of constructing a sewer in Fisher street from the sewer in Front street to the center of Third street the sum of four hundred twelve and 99-100 dollars (\$422 99-100) and that there is still remaining due and uncollected the sum of one hundred nineteen and 50-100 dollars (\$119 50-100) and that I have not, upon diligent inquiry, been able to discover any goods or chattels liable to pay such sums whereupon I could levy the same.

Dated Marquette, Mich., Nov. 17th, 1900. A. MACHTS, City Treasurer.

On motion of Alderman Ward, said report was accepted and ordered placed on file.

On motion of Alderman Ward, the following was unanimously adopted: Resolved, That the warrant for the collection of special assessment roll No. 32, for a sewer in Fisher street, from the sewer in Front street to the center of Third street, is hereby extended sixty (60) days from November 17th, 1900.

Alderman Astre moved that two thousand dollars be transferred from the general fund to the highway fund. Carried.

The controller read the reports of the street commissioner, poundmaster and park and cemetery commission, which were accepted and ordered placed on file.

The following bills and claims, having been audited by the controller, on motion of Alderman Jacobs, were allowed and ordered paid: J. B. Hogan, services on election board, \$5.00; M. W. Shea, services on election board, 5.00; W. P. Fisher, services on election board, 5.00; J. J. Donovan, services on election board, 5.00; Joseph Fay, services on election board, 5.00; O. D. Jones, services on election board, 5.00; C. D. Blanche, services on election board, 5.00; F. J. Schulties, services on election board, 5.00; E. C. Williams, services on election board, 5.00; John J. of Picklands & Company located a short distance north of Superior street are built almost entirely in Lake street.

Respectfully submitted, CHARLES CUNIFF, Surveyor.

The city treasurer reported as follows: To the Honorable Mayor and Common Council of the City of Marquette, State of Michigan, County of Marquette, ss.

I, August Machts, treasurer of the City of Marquette in said county and state do hereby certify and return that I have collected on Special Assessment Roll No. 32, covering the estimated cost of constructing a sewer in Fisher street from the sewer in Front street to the center of Third street the sum of four hundred twelve and 99-100 dollars (\$422 99-100) and that there is still remaining due and uncollected the sum of one hundred nineteen and 50-100 dollars (\$119 50-100) and that I have not, upon diligent inquiry, been able to discover any goods or chattels liable to pay such sums whereupon I could levy the same.

Dated Marquette, Mich., Nov. 17th, 1900. A. MACHTS, City Treasurer.

On motion of Alderman Ward, said report was accepted and ordered placed on file.

On motion of Alderman Ward, the following was unanimously adopted: Resolved, That the warrant for the collection of special assessment roll No. 32, for a sewer in Fisher street, from the sewer in Front street to the center of Third street, is hereby extended sixty (60) days from November 17th, 1900.

Alderman Astre moved that two thousand dollars be transferred from the general fund to the highway fund. Carried.

The controller read the reports of the street commissioner, poundmaster and park and cemetery commission, which were accepted and ordered placed on file.

The following bills and claims, having been audited by the controller, on motion of Alderman Jacobs, were allowed and ordered paid: J. B. Hogan, services on election board, \$5.00; M. W. Shea, services on election board, 5.00; W. P. Fisher, services on election board, 5.00; J. J. Donovan, services on election board, 5.00; Joseph Fay, services on election board, 5.00; O. D. Powers, services on registration and election board, 8.00; Geo. L. O'Neill, services on registration and election board, 8.00.

The encroachments on the street shown on the map consist of: 1st. A stone wall and fence built by Mr. Peter White along the rear of his property. The wall is indicated on the map by a dotted line which shows that between lots 16 and 22 nearly the entire north half of the street is occupied.

2nd. The side track of the Duluth, South Shore & Atlantic Railway, laid under an ordinance of 1896, requiring a space of 30 feet for roadway and 19 feet for side walk, or 40 feet in all, be left clear on the west and north side of the street. Said track encroaches on this space at several points along the street as shown on the map.

3rd. The stone abutment at Superior street encroaches on both Lake and Superior streets.

4th. The approaches to Ore Dock Number 1 and ore dock Number 4 are supported by bents of piles and timber placed in the street.

5th. The platform weighing scales,

of Picklands & Company located a short distance north of Superior street are built almost entirely in Lake street.

Respectfully submitted, CHARLES CUNIFF, Surveyor.

The city treasurer reported as follows: To the Honorable Mayor and Common Council of the City of Marquette, State of Michigan, County of Marquette, ss.

FLOOD HAVOC AT THE 500.

The Soo was visited between 6 and 12 o'clock Saturday night by one of the worst storms known here in years.

The water at the locks was higher than it has been for years, and poured over the gates as though it would take everything with it. The Wetzel lock, which had been pumped out for the season, was filled with water in but a few minutes.

The Edison lighting plant was surrounded by water and for a time seemed to be in danger of being swept away. The water so flooded the locks and conduit which holds the electric light and power wires running under the canal was filled with water, and at 10 o'clock the city was in total darkness.

Light was turned on again shortly after 4 o'clock yesterday afternoon.

The Canadian side of the Portage canal suffered more than the American shore. The water before supper Superintendent Boyd, of the Canadian locks, who happened to be at the locks on this side, received the following telephone message from the Canada side: "The upper gates are gone and the power house is going."

Mr. Boyd hired a boat to take him across the river at once. However the situation was not as bad as at first reported. The locks of the canal overflowed and flooded all of the surrounding territory. There were two or three feet of water in many of the buildings. The full extent of the damage is not known at this time.

The steamer Mascotte, tied at the ferry dock on the Canadian side, was blown from its moorings and drifted down the river. After several hours of searching Captain Chas. Ripley, with the International forces of the Mascotte, beached at Six-Mile point.

A bus and team of horses were blown off the Canadian dock into the water. The team was rescued.

A family residing near the shore below Nessville was flooded out of the house, the floor being covered with two or three feet of water.

Several boats went up the lake Saturday afternoon, but no disasters have been reported here.

ITALIAN LABORER IS HIT BY A WORK TRAIN—HIS BODY HORRIBLY MANGLED.

Sam Fabiano, an Italian laborer on the water power canal, was run over by a work train about 8:30 Saturday night and mangled beyond recognition. The accident occurred on the incline just below the Fourth street bridge. No one seems to know how the man happened to be on the track.

The unfortunate man resided near the canal on Ashmun street. He was about forty-five years of age and had a wife and children in the old country. The funeral will probably occur today.

FRANK MURPHY INJURED.

Frank Murphy had his collar bone broken about 4 o'clock Saturday afternoon while coupling cars on the water power canal near the Ashmun street bridge. He suffered other injuries but none are considered serious.

LOST THEIR BABY.

Elsie Graves, the eleven-months-old daughter of Judge and Mrs. W. T. Burdick, of East Portage avenue, died about 4 o'clock yesterday morning. Although the little one had never been well the sickness which resulted in death dated from 7 o'clock Saturday night and was probably brain fever. The funeral will probably occur from the house tomorrow afternoon and Rev. J. H. Sowerly will conduct the services.

HALLER & RYAN, Musical Instruments... and Sheet Music.

A large stock and fine assortment of Guitars, Tenor and Basses and Smokers' Articles. You know the place.

typhoid fever. Two sons, Robert and Arnold, are recovering from the same disease.

Mr. and Mrs. E. Mattison departed Friday for their home in Ann Arbor. Mr. Mattison had been in the city for two months and organized the local Royal Arcanum lodge.

Frank Keller, the pugilist who fought a draw with the colored fighter Dixon at Rhinelander on Wednesday night, returned to the Soo Friday. He injured his hand in the contest.

Mrs. M. D. Morrish and Mrs. Emma Common returned Saturday from Detroit, where they have been on an extended visit and for the benefit of Mrs. Morrish's health, which is much improved.

Andrew Webster has resigned his position on the locks and in a few days will commence his duties as mail carrier, having been appointed as an additional member of the force. He departed Saturday for Detroit to enjoy a brief vacation prior to taking his mail route.

In reply to those who have circulated the report that D. H. Moloney did not shoot the moose recently brought to this city from Canada and that the animal was poisoned, the Portage avenue merchant offers to place \$1,000 in the Savings bank to be forfeited if he cannot prove by five good witnesses that he shot the animal.

A THOUSAND TONGUES.

Could not express the rapture of Annie E. Springer, of 1125 Howard St., Philadelphia, when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises through the universe."

So will every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c. and \$1.00. Trial bottles free at The Stafford Drug Co.; every bottle guaranteed.

COPPER COUNTRY NEWS. [Additional]

COPPERDOM BREVITIES.

Runaway horses are common on Portage Lake streets these days. The street cars are generally the cause, but the animals will soon get used to them.

Very few people ventured out on the streets yesterday on account of the cold weather. Nearly everyone remained at home or in some place where it was warm and comfortable.

Mrs. Joseph Schnitzer is convalescing from the effects of a severe illness. She submitted to a delicate surgical operation, which was successful, about a week ago. Her renewal of health is good news to her friends.

George Allis was brought to Houghton late Friday afternoon. He was ill and had the symptoms of pneumonia. George is the son of G. W. Allis, engineer of the tug Sheldon. The young man was employed in the mines at Copper Harbor.

The Gemunder orchestra closed its engagement at the Casino of the Houghton, Saturday night. A matinee was given in the afternoon which pleased and delighted those who heard it. The next attraction for the palm garden has not yet been definitely decided on, but it is thought at present that the orchestra will be heard in illustrated songs.

The remains of the late Louis Hauswirth, who died Friday morning, were interred in Lakeside (Hancock) cemetery yesterday morning. Funeral services were held at the St. Joseph's church, Rev. Father Keller officiating. Mr. Hauswirth was a member of the Kaiser Wilhelm lodge of the order of the Sons of Hermann. The brethren attended the funeral in a body.

No one can reasonably hope for good health unless his bowels move once each day. When this is not attended to, disorders of the stomach arise, biliousness, headache, dyspepsia and piles soon follow. If you wish to avoid these ailments keep your bowels regular by taking Chamberlain's Stomach and Liver Tablets when required. They are so easy to take and mild and gentle in effect. For sale by The Stafford Drug Co.

The disposition of children largely depends upon health. If they are troubled with worms, they will be irritable, cross, feverish, and perhaps seriously sick. WHITE'S CREAM VERMIFUGE is a worm expeller and tonic to make them healthy and cheerful. Price 25 cents. The Stafford Drug Co.

USE BRIGHT'S KIDNEY PILLS. Imitators or those who try to sell substitutes when Bright's Kidney Pills are called for, always say: "Ours are as good as Bright's Kidney Pills" thus virtually admitting that Bright's Kidney Pills are the standard. All druggists are authorized to refund the money if Bright's Kidney Pills fail to cure Rheumatism, Backache, Lumbago or any Kidney disease, and are sold on a positive guarantee. No cure, no pay. Price 25 cents. The Stafford Drug Co.

LADY CORRESPONDENT WANTED. I want to hear from any lady who has Stomach Trouble. I will recommend Dr. Caldwell's Syrup Pepsin and guarantee it to cure. Yours truly, The Stafford Drug Co.

A WHOLE FAMILY. Rev. L. A. Dunlap, of Mount Vernon, Mo., says: "My children were afflicted with a cough resulting from measles, my wife with a cough that had prevented her from sleeping more or less for five years, and my 'White Wine of Tar Syrup has cured them all'."

Copper Country Department

(Additional Copper Country on Page 2.) POSTOFFICE NOT TO BE MOVED. FIRST NATIONAL BANK, THE OWNER, TO ENLARGE PRESENT QUARTERS AT HANCOCK.

It was rumored in Hancock on Saturday that the postoffice was to be moved from its present quarters to the new Kauth block. The report was unfounded and the lines which connect the post office to the old stand. There has been considerable talk for some time concerning a new place for the postoffice, as the present one is not large enough to handle the business. The apartment next to Ellsworth's drug store of the new Kauth building is a commodious one, and on account of its central location would make an excellent office. The change, however, will not be made, as the owner—the First National bank—of the present headquarters will build an addition to it. This will save the trouble of packing up and the loss of time that would entail if a change were made. The postoffice will be built on in the rear. The thirty-five feet of the lot that extend to the alley will serve for the purpose. When the improvement is completed there will be ample room for all demands. It is the intention of the bank to start remodeling the building early in the spring. The postoffices at both Hancock and Houghton are in the second class. On this account both are entitled to free delivery, and it is almost certain that the people of Hancock will have the system next spring. The postmaster gave his opinion to that effect on Saturday. Houghton residents do not seem at all anxious to have free delivery of mail, while on the other hand the people of Hancock are looking forward to the time when they will not have to go to the postoffice three or four times a day. Those who live a great way from the office would be much benefited if the system were established. The Hancock people have petitioned the postmaster to do all in his power toward the end in view, and that official has already taken steps to satisfy the residents.

WINTER ON WITH A VENGEANCE. REGULAR OLD LAKE SUPERIOR BLIZZARD HITS COPPERDOM.

A severe wind storm, accompanied by a flurry of snow, set in about 3 o'clock Saturday afternoon and the pace was kept up during the night and continued yesterday. As the wind increased in velocity the temperature fell steadily until it reached 4 degrees above zero at 11 o'clock yesterday morning. The weather man, Dr. R. B. Harkness, predicted the sudden change in the weather at noon on Saturday, and heralded its approach by a "cold wave warning" which was posted in conspicuous places about Houghton. It read, "There will be a fall of about twenty degrees in temperature within twenty-four hours." At that time the ordinary observer there were no visible signs of the storm which began in the middle of the afternoon. Dr. Harkness had his weather eye in good trim, however, and his prediction was fulfilled. At 1 o'clock the temperature registered 24 above, with a wind blowing at the rate of fourteen miles an hour. The temperature from that point rose to 35, which was the maximum height, at 3 o'clock. The barometer was low and the calm that is generally prevalent before a storm was at hand. From that time the wind, which was from the northwest, increased in rate throughout the afternoon. The temperature from that time fell to 25, which was the greatest velocity of twenty-eight miles an hour was reached. This pace was followed closely by a steady fall in temperature from 23 degrees to 4, which was the official register yesterday morning.

NEARLY 200 MEN FIGHTING THE FIRE. COAL IN DANGER BEING REMOVED AT LAKE LINDEN.

The fire situation at the Calumet & Hecla coal shed No. 1 at Lake Linden was last night considered much improved, but so much gas was escaping from the fire-fighters' trenches that the fire was actually discovered. The local and the company fire departments were at once summoned, and have been on duty at the shed since working in relays. Half a dozen men of hose were stretched and stand pipes put down, the work of fighting the fire being taken up systematically. A steam shovel, since replaced by two steam derricks, and nearly 200 men were set at work in removing the coal and a large amount has already been taken out of the trench and the fire appears to be nearly in the center of the big pile, and the plan was to cut out the burning coal and incidentally the firemen could better reach the seat of the flames. Water is kept flowing steadily, and it is only a question of time when the blaze will be drowned out, or rather will die out through lack of fuel. The gas, however, makes the work very unpleasant, if not dangerous, and is still circulating throughout the building despite the fact a large section of the roofing was knocked out in order to allow its escape.

The last mishap of the kind occurred two years ago, when a pile of coal consisting of 35,000 tons, also belonging to the Calumet & Hecla, was discovered on fire. It burned two weeks before consuming the coal directly affected, the balance being removed out of the reach of the flames. Fires in such great piles of bituminous coal cannot be easily quenched, and the usual policy, as in the present case, is to remove the fresh fuel from all sides and allow the fire to die from lack of "further fields to conquer." The present fire, however, is not thought as serious as the one of two years ago.

OPERA HOUSE NOT NEEDED. HANCOCK NOT IN WANT OF A THEATRE AS MUCH AS A HALL SUITABLE FOR ALL PURPOSES. Portage Lake people have for a long time been clamoring for opera houses in both Hancock and Houghton. In the latter place there has been a great deal of talk of building an up-to-date theatre, but the project has not yet been put in form. That a company for the purpose will before long be organized is not doubted, as the men who are interested possess all the push and energy that is necessary. It has recently been rumored that steps to this effect have already been taken. Hancock also has had the proposition before it, but nothing has been done there for the end in view. The Hancock "theatre" at present, was recently sold to John Funkey, the hardware merchant of that place, who intends to remodel the building for store purposes. He is not decided as yet whether the work of reconstruction should be commenced this winter. Mr. Funkey has assumed the management of the hall and will play all the shows that have been booked to appear there. In the spring, however, the structure will be completely changed, and this will mean a new play house for Hancock. Just what sort of an auditorium will be put up is a question that should be pondered over well. In speaking of the situation yesterday one of Hancock's prominent citizens remarked: "Hancock does not need an opera

was just what they were looking for, and now that the change in the weather has come they are looking forward to big sales.

BOTH RICHER THAN THE BALTIC. W. A. PAINE LAUDS THE TRIMOUNTAIN AND CHAMPION-SAYS LATTER'S ROCK WILL RUN 2 PER CENT MINERAL.

In an interview with W. A. Paine, of Peabody, you will remember that the Financial News of Friday quotes that gentleman as follows: "Our correspondents at the Lake confirm the report that Baltic rock has been running one and eight-tenths per cent mineral during the past month excepted. You will remember that the first stamp mill test of Baltic rock showed a similar return, but that it was followed by a long period in which the average was about one and one-quarter per cent. The low record was made when the rock was taken principally from shafts and the rock after selection could conveniently be made. The rock is now coming from the Stopes, and Assistant Superintendent Denton, who is giving the mine his personal attention, is seeing to it that the rock is properly selected. The record now being made will be the Baltic that of all other mines at the Lake with the exception of the Calumet & Hecla and Tamarack Lake people appreciate the situation and are buying Baltic, Trimountain and Copper Range. The two latter mines are, in the opinion of every mining man who has visited them, the richest in the Baltic. These properties have passed the prospective stage, and will unquestionably develop into three of the richest copper mines in Michigan. I am willing to go on record with the prediction that the Copper Range's Champion mine will regularly produce 2 per cent rock after its stamp mill is in operation. To the man who is looking to the stock market for a chance to double his money within a year, the stocks of the three properties I have named present, I believe, the best opportunity of anything on the list."

CONCERNING THE MASS. Supplementary to the contradiction of a report that the management of the Mass had ordered a suspension of work at the mine for the time being, the Boston Post says of the property: "The Mass mill will start up and the Mass mine become a producer in the early half of next year, before the Lake Royale and the other copper companies. It will start with only one head of stamps, but owing to the richness of the rock is likely to show better results than many another property with two heads. Competent judges estimate the stamp rock to run 2 per cent. The stamps will have a capacity of 550 tons of rock per day. With 500 tons per day, yielding only 1 1/2 per cent copper, and with copper at 15 cents per pound, the Mass mill would show as follows: Five hundred tons or 1,000,000 pounds of rock per day, averaging 1 1/2 per cent copper, would give 15,000 pounds of copper per day. At 16 cents per pound would be a gross of \$2,500, or for 300 days, \$750,000. Less cost per pound, 8 cents, or \$48,000, leaves net results for one stamp, \$248,000. This is equal to four and one-third dollars per share on the 100,000 shares capitalization of the company. Call it \$4 per share and net earnings for one head of stamps equal 16 per cent on the par value of the stock, \$5 per share."

As a matter of fact, all the men who can be worked advantageously have been kept on the development work at the mine, while construction of the mill is being pushed energetically. The first car load of steel for the mill was received last week. In speaking with a representative of the Mining Journal about the mine and its prospects a few days since the general manager, Mr. Cole, remarked that "the Mass will take care of itself from this time forward," adding that it is among the most promising of the new properties now being opened in the Lake Superior copper district. It is coming to be so regarded, as appears in a substantial form in the way its share have advanced lately, by the investing public—and people who are putting money into copper—now are doing it after a careful investigation into the condition and outlook for the propositions which they represent.

OLD COLONY VEIN WIDENING. The tunnel at the Old Colony mining property is now in a little over 1,500 feet. An average of a trifle over 100 feet per month was the record of drifting made in the year just past. The amygdaloid lode encountered some time ago, which lies west of the big conglomerate, and is about 1,100 feet from the mouth of the tunnel, is being explored by means of a winze. When first encountered there was a sixteen-inch streak of copper-bearing rock that looked very encouraging. At a depth of from fifty to sixty feet below it has widened to twenty-two inches, and appears to carry more copper than where first opened.

B. M. SUEW FOR \$1,000,000. E. H. Wilson, receiver of the Minnie Healey mine, of which he was appointed at the instance of Heinze, has brought suit in the district court of Butte, Mont., against the Boston &

Montana company for \$1,000,000 damages for ore taken from the Minnie Healey ground through underground workings from the adjoining Piccolo and Gambotta mines. Years ago, before Heinze and the Daly interests came into conflict, the Boston & Montana company was accused of robbing the Minnie Healey and suits were about to be brought to light when the owner of the mine shifted his interests to the Boston & Montana interests. Then Heinze had the receiver appointed and by an order from Judge Clancy he had a lot of investigation and surveying done with the result of the big suit being brought.

MORE GOLD THAN COPPER. The Duluth Evening Herald of Saturday said: "The Chippewa Copper mine, of Superior, has caused quite a little excitement on the other side of the bay by permitting it to leak out that it is getting more gold than copper out of its mine. At first the story was not believed, but assays running from \$7 to \$20 in gold are now vouching for it. The Chippewa company is a Boston concern and has a plant worth about \$25,000 and \$50,000 in the treasury in cash. Stock is now selling in Superior is getting quite strong."

MINING MISCELLANY. The shaft on a new vein, located at the Allouez mine is said to be encountering at the tenth level a continuation of the very excellent showing of copper that caused so much comment when it was opened in the ninth level a few months ago. At the Arcadian mine both shafts in the St. Mary's vein are about to reach the third level, where drifts will be begun and ground blocked out for stopping. The railroad from these shafts to the stamp mill will be connected this week.

The Traverse Bay & Mohawk railroad being practically completed, it will be possible to begin early next spring on the construction of the new steel mills of the Wolverine and Mohawk mines, on the Keweenaw Bay shore of Lake Superior. These will be large mills, and will probably cost very nearly a quarter of a million each. The Adventure and Michigan mines each have millsties on Lake Superior, east of Ontonagon, but it is probable that they will build elsewhere, mainly because of the impossibility of obtaining a harbor on that lee shore. There are sites for at least a half dozen new mills on Keweenaw Bay, both north and south of the new mill of the Mass, and as good harborage is available, these are quite certain to be utilized sooner or later.

RAZAR AND SUPPER. The ladies of the aid society of the First M. E. church of Hancock will conduct a bazaar and supper at the Y. M. C. A. Hall tomorrow afternoon and evening. All those looking for pretty holiday gifts are cordially invited to call and examine the line that will be displayed by the ladies. Domestic goods, dolls in plain and fancy dress, candies and other articles will be offered for sale at reasonable prices. The fair has been in preparation for some time. Supper will be served from 5 to 10 o'clock, 25 cents a plate being the charge.

CZAR WILL HOLD ALOOF

Said to Have Told Kruger He Will Take No Steps Toward Intervention.

PLEADS ILLNESS AS CAUSE

Dewet, Though Closely Pressed, Still Leading the Flower of Kruger's Army a Me Ry Chase.

HOPE IN RUSSIA FADES.

London, Monday, Dec. 9.—Paul Kruger received a message from the czar on Friday night, says the correspondent of The Times at the Hague, couched in very friendly terms; but the fact that its existence has been kept so secret is deemed sufficient to indicate the author's intention to abstain from any active steps friendly to intervention. The czar naturally pleads illness for sufficient excuse for not interfering.

The Hague, Dec. 9.—President Kruger attended religious service this morning at the cathedral, and the congregation sang the Boer anthem as he withdrew. After the service he conferred with Dr. Gleichmann, president of the second chamber.

Kruger, when cheered by the crowds on his returns from the cathedral today, turned and roundly rebuked those near him for such desecration of the Sabbath.

DEWET MAY BE IN TRAP.

London, Dec. 9.—The war office has received the following dispatch from General Kitchener, from Bloemfontein, dated Dec. 8: "Have just received news from Knox, at Rouxville, that Dewet's force, having failed to force Comasie bridge, which we held, has trekked northward, abandoning 500 horses and many carts. His attempt on Cape Colony, therefore, has failed. He is being pressed on all sides."

GRATUITY FOR AFRICAN TROOPS. The war office announces that a gratuity will be paid to every officer and man who has served in South Africa since Oct. 10, 1899. The least amount will be £5. It is roughly estimated that it will take £1,000,000 to complete the payment.

BOERS TAKE 17,000 SHEEP.

Johannesburg, Dec. 9.—The Boers have captured 17,000 sheep from a small detachment of British troops in the vicinity of Krugersdorp.

J. BULL BACKING PORTUGAL.

IS BEHIND THE ACTION TO WHICH HOLLAND OBJECTS.

London, Dec. 9.—Though the trouble between Holland and Portugal can scarcely result in war it is far more serious and interesting than generally regarded here. Great Britain is concerned in the affair more deeply than appears. It is due to a British protest to Portugal that the exequatur of Mr. Port, the Dutch consul at Lorenzo Marques, was withdrawn and the visit of the powerful fleet to Portuguese waters is something more than a coincidence. The press frankly declares it was intended as a warning demonstration to other nations to keep their hands off Portugal.

DUTCH MUST YIELD.

The British officials also do not hesitate to admit their government's readiness to back up the action which Portugal took at its request. Hence, Holland can do little more than gracefully make the best of a bad job, unless she receives the support of some of the great powers, which is a very remote contingency.

The temporary withdrawal of the Netherlands minister at Lisbon and the Portuguese minister at The Hague, though officially belittled, is the sequence of serious friction, the details of which were known to the British secretary of state for foreign affairs, the Marquis of Lansdowne, some weeks ago. The unusual action of sending the whole British channel squadron to Lisbon is regarded by those who have the inside information as being one of the boldest and most successful strokes of aggressive diplomacy in recent history.

With Great Britain showing such a strong hand, the absent ministers are likely to return to their posts shortly and the incident probably will only produce an effective illustration of the fact that an alliance exists between Portugal and Great Britain. It was effected when the question of landing South African troops at Biera, Portugal, was under discussion.

Falling Hair

If your hair is coming out by the handful, you are losing from 500 to 1000 hairs a day! You are bound to have thin hair or no hair at all very soon at this rate, aren't you? Better stop this falling at once by using Ayer's Hair Vigor. It will make your hair grow, too, grow thick and long.

If you do not obtain the benefits you desire from the use of the Vigor, write the Doctor and he will tell you just the right thing to do. Address, Dr. J. C. AYER, Lowell, Mass.

guese South Africa, came up and was announced at the time in these dispatches. In this connection it is interesting to note that the French press regards the whole affair as a fresh menace to France and that the Spanish press interpret it similarly as regards their own country.

KING CHARLES FETED.

Lisbon, Dec. 9.—King Charles I., Queen Marie Amelle and Prince Royal Louis Philippe, accompanied by members of the cabinet and other dignitaries, were entertained at luncheon on board the British battleship Majestic by Vice Admiral Sir Harry Holdsworth Rawson yesterday. The Portuguese hymn was sung and Admiral Rawson proposed a toast to the royal family. The king replied in English, thanking Admiral Rawson for the sentiments he had expressed. The royal visitors remained aboard the battleship three hours and later assisted in an entertainment at the British legation.

ADVOCATES AMERICAN PLAN.

CAPTAIN NORTON SAYS BRITISH CAMP COOKING IS BAD AND WILL CALL PARLIAMENT'S ATTENTION TO IT TODAY. London, Dec. 9.—Camp cooking for "Tommy Atkins" along the lines practiced in the United States army will be advocated in parliament tomorrow by Captain Cecil Norton, member of parliament for Newington, and one of Great Britain's leading cavalry authorities.

Captain Norton asserts that the cookery system in vogue in the British army is injurious to the point of danger. He declares that it needs regeneration on the scientific plans of the United States war department. In an interview with the correspondent today Captain Norton said:

"Within a fortnight it was brought to my attention that the Washington commissary authorities have recently issued a report showing the American army cooks are able to prepare no less than fifty different varieties of appetizing, nutritious dishes from the ordinary rations. That such versatility is not dreamed of in our service was exemplified in the South African campaign. We are told that 25 per cent of the cases of enteric fever might have been cured by the provision of a sufficient number of trained cooks capable of making something more substantial than hardtack and baked beans out of supplies at hand.

"Our army cooks are entirely lacking in inventive resources. They can bake bread without a nickel-plated oven. We want them to learn how the rugged regulars of the American army, trained on the plains of Montana, Arizona and Oklahoma, turn boulders into kitchens when emergency arises. "What is further needed in our camp system is the organization of 'living kitchens' for field service, like the gypsy vans that accompany American expeditions. They are so practical that we desire to borrow that idea, too."

QUEEN VICTORIA FAILING.

HEALTH OF HER MAJESTY VERY POOR LATTERLY ANXIETY IN THE COURT CIRCLES.

New York, Dec. 9.—A dispatch to The World from Windsor says: Much anxiety again prevails in court circles respecting the queen's health. She has broken up noticeably since she was informed that the Empress Frederick was suffering from cancer of the throat and cannot live many months.

Queen Victoria, who invariably eats and sleeps well, has now lost her appetite and passes sleepless nights. For years she never missed her morning ride in a donkey carriage around the gardens until the last couple of weeks, when that was forbidden her by her doctor, who ordered her instead to drive through the park in a closed carriage. A belief undoubtedly prevails among those around her that the queen is failing.

BRITAIN AFTER MORE TERRITORY.

NOW NEGOTIATING WITH SPAIN FOR THE BALEARIC ISLANDS.

New York, Dec. 9.—A dispatch to The Journal and Advertiser from Madrid says: England is negotiating for the cession of the Balearic islands, the seaport of Ceuta, a port in Galicia, and extension of territory at Gibraltar. The arrangement is said to be in connection with the observance of neutrality by Britain during the Hispano-American war. Ever since the conclusion of peace it has been suspected that Britain has been moving in the direction indicated.

CZAR FAST IMPROVING.

St. Petersburg, Dec. 9.—A satisfactory bulletin was issued at Livadia today concerning the czar's condition. It says: "His majesty's weight is increasing and the organs affected by the typhoid have returned to their normal condition."

TODAY'S WEATHER.

Washington, Dec. 9.—The following is the weather bureau's forecast for Upper Michigan: Fair and cold Monday, except snow on the north shore; Tuesday, fair, not so cold; fresh westerly winds becoming variable.

FIRE SCARE AT AURORA MINE.

Bessemer, Mich., Dec. 9.—Fire broke out last night in the candle house at the bottom of No. 5 shaft at the Aurora Oil mine, where was created a great fire was soon smothered. The damage was insignificant.

BIG OIL SHIP LAUNCHED.

Bath, Me., Dec. 9.—The big four-masted steel ship built for the Standard Oil company of New York was launched from the Arthur Sewall company's yard yesterday. She will ply between New York, Japan and China.

TYPHOID AT SING SING.

Sing Sing, N. Y., Dec. 9.—Warren Johnson announces that typhoid has broken out among the convicts in Sing Sing prison. There are now sev-

FILIPINOS ON THE RUN

THIS WEEK WITH CONGRESS. PROGRAM OF THE DOINGS IN THE SENATE AND HOUSE.

Washington, Dec. 9.—The senate will continue to give its attention to the Hay-Bunawone treaty and the ship subsidy bill during the present week, taking up first one and then the other as may suit the convenience of those who may wish to speak on the two measures.

During the last session of congress the Nicaraguan canal bill was made the special order of business for Monday next, but the establishment of the ship bill as the regular order will have the effect of displacing the canal bill, preference being given under the senate rules to the regular order over a special order. It is understood that Senator Morgan, who has charge of the canal bill, will not press that measure until the treaty for the abrogation of the Clayton-Bulwer treaty is disposed of.

Three or four set speeches are promised in opposition to the subsidy bill, and it is expected that most if not all of those already in sight will be made during this week. Among those who will probably speak are Senators Clay, Vest and Murray, all of whom oppose the bill.

The senate will not sit Wednesday on account of the centennial celebration of the establishment of the seat of government at Washington, and there is a possibility of adjourning from Thursday until Monday of next week.

IN THE LOWER BRANCH.

The program in the house for the coming week contemplates the consideration and passage of the legislative, executive and judicial appropriation bill and the bill for the reduction of the war revenue taxes. Wednesday will be a blank, so far as legislation is concerned, as on that day the exercises connected with the centennial celebration will be held in the house. The legislative appropriation bill is not expected to consume more than two days at the most, and probably only one, and the leaders expect the remainder of the week will suffice to pass the war revenue reduction act.

DECIDES FOR REVISION.

PRESBYTERIAN COMMITTEE RECOMMENDS A CHANGE IN THE CONFESSION OF FAITH.

Washington, Dec. 9.—After two hours' deliberation Saturday the Presbyterian committee concluded its discussion of the revision of the Westminster confession of faith and adjourned. The committee finds on examination of the returns from the Presbyterians the following facts:

"1. That the returns plainly indicate that the church desires some changes in its creedal statement. "2. The returns indicate plainly that no change is desired which would in any way impair the integrity of the system of doctrine contained in the confession of faith. "3. These returns also indicate that a large plurality desire that changes should be made by some new statement of present doctrines. "4. The returns also indicate a desire upon the part of many Presbyterians for some revision of the present confession. "5. It was, therefore, unanimously agreed by the committee to recommend to the general assembly that some revision or change be made in our confessional statements. "Substantial but not final agreement was reached as to the method of preparing changes embodying both revision and supplemental statement, but the determining of the whole matter was deferred to a subsequent meeting. "The committee will convene in this city on Feb. 12 next to finally prepare its statement to the general assembly in May."

SHORTENS ROUTE TO ENGLAND.

COMPLETION OF QUEBEC-PARRY SOUND ROUTE ANNOUNCED.

Washington, Dec. 9.—United States Consul Henry, at Quebec, reports to the state department the completion of the Great Northern railway from Quebec to Parry sound, on Lake Huron. The line opens up a new Canadian grain route and the promoters of the road claim that it is the shortest and cheapest route now existing for the transfer of grain from the great lakes to Europe.

The road forms the connecting link between the Quebec & Lake St. Charles railroad, Grala from Chicago and Duluth is brought in large steamers to Parry sound, Georgian bay, and thence by the Canada Atlantic via Ottawa to Hawkesbury. Here the new road takes it up to Rivere-Piere, fifty-eight miles from Quebec, where the largest ocean steamers can be loaded from a fine grain elevator of modern construction, which has just been completed. The new line is said to reduce the distance to the markets at Liverpool, Eng., 500 miles, in contrast with the route from Chicago and Duluth via New York.

TO MARRY FRENCH COUNT.

Cincinnati, Dec. 9.—The engagement is announced of Miss Clara Longworth of this city and Count d'Chamburn of Paris. Miss Longworth is the daughter of the late Judge Nicholas Longworth, and granddaughter of Nicholas Longworth, in his time one of Cincinnati's wealthiest citizens.

"A Gentle Wind of Western Birth"

Tells no sweeter story to humanity than the announcement that the health-giver and health-bringer, Hood's Sarsaparilla, tells of the birth of an era of good health. It is the one reliable specific for the cure of all blood, stomach and liver troubles.

FILIPINOS ON THE RUN

No Longer Fighting as of Old but Keeping Out of Harm's Way.

POSSESSIONS SACRIFICED.

Americans Capture Much Supplies and Occupy Many New Posts, but Have but Little Opposition.

REBS AVOIDING BATTLES.

Manila, Dec. 9.—While the capture of supplies and the occupation of new points are quite numerous, those involving actual fighting are comparatively few. Apparently the insurgents are falling back at all contested points, sacrificing their possessions in most cases and satisfied to save themselves. A detachment of the Forty-seventh Volunteer infantry from the island of Catanduanes, of the southwest coast of Luzon, relinquished an attempt to land near Pandan. On anchoring the Americans were fired on by sixty riflemen, and after a short engagement they cut the anchor chain and sailed for Catanduanes with two men killed and two wounded. The names have not yet been received here.

Captain Richard T. Ellis, Thirty-third Volunteer infantry, captured in the mountains near Barbara a large quantity of Krag, Mauser and Remington ammunition, together with a signal outfit, a printing press and other equipments. All were destroyed. Thirty rifles, and several hundred cartridges were secured at Victoria. A detachment of the Fourth infantry captured Major Garion and three officers of lower rank in the town of Passay. Another detachment destroyed General Aguinaldo's camp near the enemy headquarters, but the Americans subsequently rounded up twenty-five insurgents.

General MacArthur has approved the death sentences passed upon several additional persons convicted of murder, arson and pillage. In a few other instances he has commuted the death sentences to imprisonment.

YANKEE POSITION "HOPELESS."

London, Monday, Dec. 10.—"Reliable mail advices from Manila show that the position of the Americans is becoming increasingly hopeless," says the correspondent at Hong Kong of The Daily Mail. "Money is freely subscribed to the purchase of arms and ammunition imported for the insurgents. The Americans will never capture the position of the Americans is becoming increasingly hopeless," says the correspondent at Hong Kong of The Daily Mail. "Money is freely subscribed to the purchase of arms and ammunition imported for the insurgents. The Americans will never capture the position of the Americans is becoming increasingly hopeless," says the correspondent at Hong Kong of The Daily Mail.

BOSTON COPPER QUOTATIONS.

The closing prices of the Boston copper stocks Saturday, as furnished by E. W. Fisher & Co., Marquette, Mich., were as follows: Advance 66 1/2; Arc 21 1/2; All 24 1/2; Arn 56 1/4; At 26 1/2; Baltic 27 1/2; B & M 32 1/2; B & B 78 1/2; C & H 80 1/2; Cent 15 1/2; Cop Rg 25 1/2; Frank 15 1/2; Isle Roy 35 1/2; Mass 13 1/2; May F 26 1/2; Ana 17 1/2; Moh 23 1/2; Dom 27 1/2; Ose 11 1/2; Par 47 1/2; Quincy 14 1/2; R I 3 bid; Amal 9 1/2; S Fe 8 1/2; Tam 28 1/2; Tec 1 1/2; Tri-M 13 1/2; Utah 33 1/2; Viet 2 1/2; Wm 3 1/2; Wolv 4 1/2; Wyand 14 1/2; Elm R 4 1/2; Bing 13 1/2; Coch 9 1/2; Cent Erka 2 1/2.

HAD AN EXCITING TIME.

A number of relatives and friends who spent Thanksgiving with the Levine family here had a very eventful sleigh ride that afternoon. Mr. Levine took them out for a good time, as he called it. It wasn't much sport for the guests or Barry, as the old gentleman lost control of the horse and they ran away, dumping the whole party into a ditch, after they had covered a couple of miles or more at a wild pace. Mr. Levine was quite excited, as were the others, and the combined strength of two or more who took hold of the reins was insufficient to stop the fiery steeds. A halt was not made until the baseball ground was reached. Here the horses took a turn, throwing all into the snow. The nag went a short distance when they got tangled around a stump. No one was hurt, though all were badly frightened.

WOODMEN CHOOSE OFFICERS.

The following officers were elected for the ensuing term at the regular meeting of the local camp of the Modern Woodmen of America held Wednesday evening: Venerable consul, J. F. Labold; worthy advisor, Dr. E. E. Lamb; banker, Carl Peterson; clerk, J. A. Kingstedt; escort, Frank Gardiner; watchman, John Kingstrom; sentry, George McDonald; physician, Dr. Lamb; delegates to the county convention, J. F. Labold and J. A. Kingstedt; alternates, C. W. Munson and George McDonald. The installation will take place at the first regular meeting in January.

PYTHIANS CHOOSE OFFICERS.

The K. of P. lodge here will be organized as follows during the ensuing term, the election having taken place at the last regular meeting held on Monday evening of last week: Chancellor, J. A. Kingstedt; vice chancellor, Al. Hocking; prelate, Frank Gardiner; keeper of records and seals, P. E. Loyd; master of finance and exchequer, F. D. Verran; master-at-arms, Arthur Carlson; mas-

REPUBLIC. RECENT DEATHS IN REPUBLIC.

THREE IN LESS THAN ONE WEEK MAKES AN UNUSUAL RECORD RECORD FOR THE VILLAGE.

Republic has had its full share of deaths and funerals last week, three having occurred between Saturday of the previous week and Tuesday of last. Chas. Gallagher died on the 1st inst. of consumption. He will be remembered in this county as one of its most notorious characters. During the greater part of the last three years of his life he spent in the branch prison at Marquette, having been sent up on a serious charge. It was there he contracted the disease which carried him off. He came to Republic to live after his release from prison early last summer. He was able to walk around less than a week before death came. He was about thirty-eight years of age, and had no relatives here. The funeral was held Monday.

Mrs. Isaacson, wife of Adolph Isaacson, died Dec. 2 at her home here. Pneumonia was the direct cause of death. She was ill about two weeks. The deceased is survived by her husband and five children. Her demise is mourned by a large circle of friends here, and she was very popular with all who knew her. The funeral was held Tuesday afternoon under direction of the Scandinavian society, in which the husband holds membership. Many aids from members of the order were in attendance at the obsequies. Religious services were conducted at the Swedish Lutheran church.

Mr. and Mrs. William Hocking lost their nine-year-old daughter by death on Tuesday. Pneumonia was the cause of her taking off. The child had not been ill a great while and her death was not expected up to a short time before she passed away. She was a very bright little girl and her death is generally regretted by the many friends of the family in town. The funeral took place Thursday afternoon, with religious services at the Methodist church, conducted by Rev. Harper, the pastor.

A MASQUERADE BALL.

The members of the Republic fire department decided at a recent meeting to give a masquerade ball at the town hall on New Years' eve. For some years past the firemen have given masquerade parties and all have been highly successful. It is quite certain this year's ball will also be a success, as the members of the department will see to it that all their friends who dance are present. Tickets will be sold at fifty cents each and good music will be furnished. The list of prizes to be awarded the most deserving maskers will be completed within a few days. The arrangements committee is planning on giving generous prizes this year.

The ball Thanksgiving night under direction of the degree team of the Modern Woodmen of America was a hummer. The hall was very artistically decorated and presented an attractive appearance. The feature of the party was the exhibition drill by the team. The boys look well in their new uniforms, which they wore that evening for the first time. Among those in attendance from outside were the Misses Hannah and Nellie Kennedy, Nellie and Mary Donahoe and John Horigan of Ishpeming; Miss Bella Bending and Mr. and Mrs. Sol Bergson of Neegaunee; Jacob Levine and wife, also Mrs. Will Vellneuve, of Champion.

WILL BE RELEASED SOON.

The two small pox patients who have been confined to the post house here will be released from quarantine soon. Both are well enough to leave the place. There will not be any danger of others contracting the disease from them when they are permitted to go.

REPUBLIC JOTTINGS.

Miss Carrie Jobe was up from Marquette on a visit to friends during the week. Mrs. William Polkinghorn has been quite ill the past week or so with pneumonia. Hugo Erickson left last Monday for Amasa, where he expects to spend some time. Miss Ida Johnson has taken a position as clerk at J. A. Kingstedt's store during the holiday season. Mrs. Pascoe has been here the past week or more attending her sister-in-law, Mrs. William Polkinghorn. Harry Verran and wife of Oshkosh were visitors at the home of F. D. Verran and family here early last week. Munson & Peterson have kept all their hands busy during the week unloading and marking new goods for the holiday trade. The South Shore are run from the Republic mine has been abandoned, the last shipments for the season having been made last week. Dr. Conkle of Michigan has been here the past week or more assisting Dr. Lamb, while Dr. Moll has been taking care of the small pox patients. Mrs. Emerson Johnson has gone to Ishpeming, where she expects to spend the greater part of the winter. Mr. Johnson is still working at the Riverside mine. Miss Anna Kingstedt, who has been confined to her home the greater part of the past two months, is able to be around again and is feeling quite as well as usual. F. D. Verran proposes cutting the prices on his stock of holiday goods in order to clear them out. He put in a larger line than usual this year and does not care to carry any of the goods over until next season. Miss Mollie Gibson returned to Crystal Falls early last week. The schools there resumed business again immediately after Thanksgiving, after an idleness of some weeks on account of diphtheria among the children. The new turning table which a South Shore crew has been building for the past two weeks or so, will be completed this week and in position for use. It is a big improvement over the old one, being provided with the latest appliances. If you are in want of a new suit or overcoat J. H. Mortley, the Ishpeming tailor, can fit you out. His new line of goods is about as swell and complete as any stock ever seen in the Hemetite City. Up-to-date patrons will find it to their advantage to call on him. Frank Kennedy, John Kingstrom and Herman Bergson are planning on organizing a dancing class with a view to giving instructions at the town hall. Quite a number of the young people here are urging them to start soon, in order that they may take lessons before the winter dancing season is well advanced. Candles of all kinds and many prices can be found at Heppner's.

MARSHAL'S NOTICE. In the District Court of the United States, of the Western District of Michigan, Northern Division, is Admiralty. Whereas, a libel was filed in said court on the third day of December, A. D. 1900, against the tug "Elmer," her boats, tackle, engines, boilers, machinery, appliances, appurtenances, etc., by the Richards Transportation Company claiming damages for negligent towing, civil and maritime, \$2544.85; and Whereas, by virtue of a writ of attachment issued out of and under the seal of said court, the said tug "Elmer" has been seized and is now in my custody; and Whereas, the first Tuesday in January, 1901, has been fixed as the return day of the attachment and for the hearing of the said libel, now therefore The master, owner and claimant of said tug "Elmer," and all persons interested therein, are hereby cited and admonished to be and appear in the district court of the United States for the Western District of Michigan, Northern division, at the district court room in the city of Marquette, in said district, on the first day of January, A. D. 1901, at 10 o'clock a. m., if that be a day of jurisdiction, if not then on the next day of jurisdiction thereafter, then and there to answer said libel, and make their allegation in that behalf; By JACOB DOLF, U. S. Marshal, Deputy U. S. Marshal, Roger M. De, Cleveland, Ohio, Proctor for libellant. Dated December 8th, 1900. (12-10-17)

NOTICE. I have dry and green tan, hard and soft block and split wood selling at market prices; also round cedar fence and clothes reel posts, I am also agent for the O. E. Peckosky line, the only Petoskey line handled in the city; figures given on car lots or less on split blocks, plating hair, fire clay, Portland and natural cements, brick, lake shore sand, sawdust and shavings in all quantities, and also do general teaming and contract work. GEO. E. FRENCH, Marquette, Mich. (12-3-17)

TIME FOR A CHANGE.

Brokers Inclined to Call Turn on Copper Reaction.

There is no news of importance to record in connection with Saturday's copper market. The short day on the Boston exchange was not conducive to developments of general interest. The consensus of opinion seems to be that it has had a fair share of reaction for the present and the brokers are inclined to look for a change for the better which they are prepared to welcome. Paine, Webber & Co. said Saturday: "There was a dull and featureless market. The Amalgamated mystery has a depressing effect on copper shares, but there are good orders to buy on all weak spots. We think the reaction has about run its course."

Upper Peninsula News.

Peter Dieo, a Canadian was killed by a construction train six miles from Channing Wednesday afternoon. He was on the train, which was moving at a rate of about four miles an hour, unloading piles when he lost his balance or slipped, falling between the cars. The first truck of one car severed his body. Officers from Iron Mountain had charge of the inquest.

Men have been employ cleaning Stephenson avenue from Chandler Street north of the Menominee River driving club. At the first cold snap the road will be made and the speeding commenced. There is much interest and enthusiasm in the approaching racing carnival. Several new horses will be seen on the speedway and there is much conjecture as to their relative merits. The starting point will be at F. J. Fen's grocery store, and the speedway will be three-quarters of a mile long.

A postoffice inspector was in Iron Mountain last week investigating a serious infraction of the postal laws. Recently a letter carrier received for delivery a missive addressed to a person who was supposed to reside in certain house in the third ward. He inquired for that party at that place and was told that he lived there. It was afterwards ascertained that the information was false and that the mail had been opened by a party other than that to whom it was addressed. It is not known what steps will be taken in the matter.

A feature of the annual meeting of the Upper Peninsula Educational Association at Escanaba Jan. 24, 25 and 26 will likely be a lecture on liquid air. The teachers of this section have never seen a demonstration of this wonderful discovery and it will be greatly appreciated. Escanaba is making extensive preparations for the educational meeting. It is the first time that city has been honored with the big assemblage. If a considerable number of tickets for the liquid air lecture are sold in advance it may be cut out but it is anticipated that no difficulty will be experienced in disposing of them.

Wednesday afternoon Charles Hartwell pulled a revolver on the bartender in Smith's saloon on Stephenson avenue, Iron Mountain. He had bought drinks amounting to thirty cents and tendered a quarter in payment. He was asked for ten cents more. He went down into his jeans but instead of the dime brought out a long 44-caliber revolver which he poked under the bartender's nose, saying "you'll either take the quarter or this." He pulled the trigger but the gun missed fire. He was disarmed by the bartender but escaped the police. Hartwell appeared in circuit court last term when he was acquitted on a charge of robbery. He appears to be a bad man.

Last week a club, which is being organized at Menominee, purchased the hunters' grounds near Lakes Taylor and Tamarack of N. A. Phillips, of Chicago, general baggage-master of the Northwestern road. Hunters agree this is one of the finest camps in the upper peninsula and the club comprises the following members: Dr. Livens, C. H. Walker and Mr. Chambers, of Hot Springs, Arkansas; Paul Perizzo, of Daggett; W. P. Keazar, of Stephenson; A. A. Juttner, Dr. B. T. Taylor and W. N. Mills, of Menominee. The club will make some improvements and establish one of the best hunters' retreats in the northwest. The tract of land comprises forty-three acres and is one of the most charming spots in the upper peninsula. There are lakes Taylor and Tamarack, and several trout streams thereon. There is a large lodge and cabin with a summer kitchen, servants' lodge, stables, ice house, ammunition shed and a road house.

A cup of nice refreshing coffee? Yes, Heppner's have it at all times.

Whereas, The said bills having been duly certified by the health officer and having been considered by the common council:

Resolved, That each of said bills be hereby allowed at the sum above specified under Section 414 of the Compiled Laws of Michigan for 1897, as a charge primarily against the county of Marquette, to which the persons belong on account of whose sickness said bills were contracted and at the charge of each such person, themselves, their parents or other person liable for their support if able.

Years-Aldermen Astre, Bush, Delf, Donovan, Ekstrom, Fleury, Gorman, Gustafson, Jacobs, O'Neill, Shea, Stevens, Ward and Werner.

Nays-None.

On motion of Alderman Jacobs, the following was unanimously adopted:

Resolved, That the City Marshal be and is hereby instructed to enforce Act 19 of the laws of 1885, Section 874, page 213 of the book of city charter and ordinances.

Alderman Stevens presented for adoption an ordinance entitled, "An ordinance authorizing the construction of a railway line crossing Hewitt avenue, Crescent street and Pine street."

Moved by Alderman Ward, that said ordinance be put upon its immediate passage and adopted. Carried.

Years-Aldermen Astre, Bush, Delf, Donovan, Ekstrom, Fleury, Gorman, Gustafson, Jacobs, O'Neill, Shea, Stevens, Ward and Werner.

Nays-None.

The committee on ordinances presented for adoption an ordinance entitled, "An ordinance establishing pounds."

Moved by Alderman Ward, that said ordinance be put upon its immediate passage and adopted. Carried.

Years-Aldermen Astre, Bush, Delf, Donovan, Ekstrom, Fleury, Gorman, Gustafson, Jacobs, O'Neill, Shea, Stevens, Ward and Werner.

Nays-None.

On motion of Alderman Ward, the following was unanimously adopted:

Resolved, That special assessment roll No. 29, covering the estimated cost of construction of the "Genessee Street Tunnel Sewer" be vacated, and that the amounts collected and paid thereon for sewer purposes be applied on special assessment roll No. 23, said roll being a new estimate of the cost of construction of said sewer.

The council then, on motion, adjourned.

DANIEL S. DONOVAN, Recorder.

At Heppner's you can get a good cup of coffee at any time.

If you would have one of the Aetna's Twentieth Century policies at the present low rate it would be well to call on the Aetna man at once, as the rates are to be changed very soon. (12-4-17)

Think of Your Stomach

If people would think more of their stomachs there would be less sickness and suffering in the world. Through sheer ignorance and thoughtlessness, men and women overwork their stomachs and injure them with unwholesome food, thus poisoning them with acids and never realizing the fact that in this manner they are the victims of a disease which may later become afflicted with some kind of stomach trouble, for it has many forms, including indigestion, constipation, diarrhoea,

HOW THE TROUBLE STARTED.

STATE BOARD OF HEALTH FURNISHES HEALTH OFFICER PICOTTE WITH FACTS CONCERNING SMALL POX EPIDEMIC.

The following letter from the Michigan state board of health, bearing on the small pox epidemic which is prevailing in Michigan, as well as other states of the union, was received yesterday by Health Officer W. S. Picotte and contains some timely suggestions regarding vaccination, etc.

"The mild epidemic of small pox which has spread throughout nearly every state in the United States during the past two years was first introduced into a number of places in western and southwestern Ohio in April and May, 1898, by a traveling Uncle Tom's Cabin show. The facts were not learned by the Ohio state board of health (report of Ohio state board of health 1898, p. 9) until the following September. In many cases the disease was and is still being diagnosed as chicken pox, which makes it especially difficult to restrict it.

"Public Health Reports, November 23, 1900, (published by the United States Marine Hospital service), shows that the disease has been present in thirty-seven of the American states, and that from June 23 to Nov. 23, 1899, 1,323 cases and twenty-seven deaths were reported, while for the same period of the present year, 5,077 cases and ninety-seven deaths have been reported.

"Apparently the disease is becoming more widespread in other states as well as Michigan.

"Small pox usually tends to decline during the warm summer months, and then as cold weather comes on to increase in prevalence until April or May, so that, considering the unusual difficulties in restricting the disease under the present condition of mildness, there is good reason to believe that the small pox will continue to increase until it is widespread throughout the state.

"Under these circumstances the recommendations of the state board of health are exceedingly important, and should be given attention by all intelligent persons, especially those responsible for the young, as for instance, parents, teachers and all school officers. Every person who has not been successfully vaccinated within the five years last past should be vaccinated or re-vaccinated as the case may be. School boards may require from pupils certificates of successful vaccination within the past five years, or evidence of re-vaccination with virus known to be effective; and teachers may be instructed to compare the certificates with the list of pupils to learn whether or not all have complied and if not to report the fact to the local health officer. Railroad officials, proprietors of mills, lumber camps and mines, and merchants and other employers of labor, may require certificates of successful vaccination as a guarantee that their operations may not be interrupted by outbreaks of small pox which ought to have been prevented."

AUGUST FLOWER.

"It is a surprising fact," says Professor Houghton, "that in my travels in all parts of the world, for the last ten years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and salesmen, or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion. Sample bottles free at The Stafford Drug Co. Sold by dealers in all civilized countries.

Get Green's Prize Almanac.

AND THE SLEIGH CAME BACK.

Alex Nelson, the ice man, spent all Friday looking for a sleigh that was stolen from his place the previous night. He even went to Negaunee in search of it, but no trace of it was found. Saturday morning, when he got up, the sleigh was at the barn where it stood before it had been taken away. The sleigh is a good one and he is pleased to have it back. Mr. Nelson says if anyone would like the use of it for a day or so he would prefer to lend it rather than have it taken away in that manner. Mr. Nelson has no idea who took the sleigh, as no explanation was furnished by the one who returned it.

THAT THROBING HEADACHE

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by The Stafford Drug Co.

GOOD LIQUOR

Will keep you from getting small pox. We have the correct thing—in fact the best preventive to be found anywhere. Big holiday stock. Crab & Toutloff. (11-29-1f)

If you want good liquor go to P. H. Donahoe's for it. He has the pure stuff. Try his white malt whiskey. (12-6-1f)

PAY YOUR TAXES.

OWNS THE TOWNSITE.

AN OLD RESIDENT OF CLARKSBURG IS NOW THE WHOLE THING AT THAT PLACE.

Captain Harry Adams, who has resided at Clarksburg for number of years past, is now the owner of the townsite, consisting of some three forties. Harry has owned the greater part of the land around Clarksburg for some years past, and a few days ago he bought the last forty acres. The possession is one that will not bring the owner much revenue at least so far as can now be judged, as Clarksburg has presented a graveyard appearance for many years past. Nearly all the buildings there are "tumbling down" or being torn down by residents of the place who adopt that means of obtaining cheap fire wood.

There are a few families living at the location. Most of the people there earn their living by farming, as there is no work of any kind going on there. Mr. Adams and his family have been successful in their farming operations for long time and they are quite contented. If iron ore is ever discovered on his land the captain will certainly realize handsomely on his investment. There is doubtless mineral there, though an ore deposit has never been located a short distance from his line, at Humboldt and the American, or bodies of some importance were located years ago. There are many of the belief that the lands in that section contain ore. Mr. Adams is one of these. He believes there is ore on his tract. He is quite satisfied to await developments, and will continue farming and at his leisure do a little exploring.

Included in Mr. Adams' possession is the cemetery. The Clarksburg cemetery was one of the first to be established in the western end of the county. It was at that place that one of the first and largest funerals ever here was held. The huge stone walls of the main building are still standing as a reminder of the days when the little burg was one of the liveliest places in Marquette county.

HOW TO CURE COUGHS.

Mr. R. Gray, who lives near America, Duchesne county, N. Y., says: "Chamberlain's Cough Remedy is the best medicine I have ever used. It is a fine children's remedy for cough and croup, and it cures. When given as soon as the child becomes hoarse, or even after the croupy cough has developed, it will prevent the attack. This should be borne in mind and a bottle of the cough remedy kept at hand ready for instant use as soon as these symptoms appear. For sale by the Stafford Drug Co.

ISHPEMING IN BRIEF.

Mrs. W. C. Uren got home Saturday from a week's visit in Milwaukee. Captain John Thomas of the Princeton mine at Swanzy was up there Saturday.

The Gaynors will give instructions in dancing to the members of their class this evening.

You never make an error when you have J. H. Mortley make your suits or overcoats. His new goods are the latest out.

Mrs. William Leininger and her two children got home Saturday from Oshkosh, where they spent a couple of weeks visiting relatives.

Dr. N. Hanson, located in the Voelker brownstone block, will leave today for the south, where he will spend a few weeks enjoying a rest.

William Watters, the baggage man at the South Shore depot, was compelled to remain home Saturday, owing to a very sore arm caused by vaccination.

A regular monthly meeting of the members of No. 3 Hose company of the Ishpeeming fire department will be held this evening. Officers for the ensuing year will be chosen.

Peter Lafrenier, who has been working on a diamond drill in Canada for the Oliver Iron company for some months past, has returned to Ishpeeming for the winter, operations having been suspended.

The sudden change in the weather yesterday was the means of bringing out fur garments, heavy gloves, mittens, etc. It was the coldest day of the season, the temperature dropping to the zero mark.

J. G. Johnson, the taxidermist, is having a lot of work sent him since the close of the deer season. He says he has more deer heads to mount than he has ever had before since he engaged in the business. Mr. Johnson's headquarters are at Greenwood.

Joseph Clucas has taken a position with J. Sellwood & Co. He will do delivery work, taking the double team. He spent some years with the Ishpeeming Co-operative society and has a good knowledge of the work he will take charge of for Sellwood & Co.

P. J. Denn of the Ishpeeming Bottling works is preparing to take care of an unusually big trade during the holidays. He will not be caught with a shortage this Christmas, as he intends to stock up heavier than ever before since he has been in the business here.

J. B. Tackabury has disposed of his pop corn fritter business to I. A. Stone, who will conduct the enterprise at the old stand, 112 Main street. The manufacture of candy has been started and it is Mr. Stone's intention to be prepared to take care of his share of the holiday orders.

The bankrupt stock of Steele & Mills will be sold this morning at public auction to the highest bidder. The sale will attract a number of local merchants to the Voelker building and it would not be surprising if one of them purchased the goods, though the members of the old firm may arrange to buy the stock in and resume business.

An interesting meeting of the local camp of the Modern Woodmen of

America will be held this evening at the Finnish Mercantile society's new hall. This will be the first meeting in the place. New officers to serve for the ensuing year will be chosen and a vote will be taken on the question of whether or not a reserve fund should be adopted at the next meeting of the Head Camp to be held at St. Paul in June.

I have put in a very large line of choice bottle goods for the holiday trade. Wines, liquors, cigars, pipes, etc. P. H. Donahoe. (12-6-1f)

Take An Expert's Advice

Get Vaccinated Without Further Delay.

Small-Pox Is Here in Earnest—All Should Be Vaccinated as Advised by Dr.

Spalding, Chief Medical Examiner of Illinois, Who Recently

Looked Into Case Here—Read What the Expert Says

In His Letter to Mayor Braastad:

"Chicago, Nov. 24, 1900.

"Hon. F. Braastad, Mayor of Ishpeeming, Mich.:

"Dear Sir—According to promise, I herewith submit a more formal report to you concerning the case of Mrs. Ole Forseth of your city, whom I visited Nov. 11 in response to your telegram and who was under treatment for small pox. I found the patient pretty well over the disease. The prompt isolation and efficient manner of treatment by local physicians makes it pretty certain that there will be no spread of the disease from Mrs. Forseth.

"Isolation of persons suffering with small pox and vaccination of the people are the essential steps to be taken in preventing an epidemic of small pox.

"I learned while in Ishpeeming that there has not been any systematic and thorough vaccination there, and as it is reported that there are numerous cases of small pox in the adjacent towns and country, I feel I must urge that all who have not been recently vaccinated with successful results should be vaccinated at once.

"Those who have no scar should be

vaccinated and re-vaccinated until it 'takes.' In these unvaccinated subjects there is no such thing as failure if they persist in repeating the vaccination when former trials have failed. Vaccination will 'take' at least once on everybody. In subjects who have a good scar there is no certainty that a re-vaccination will 'take' but they should try it again to make sure they are immune from small pox. If they are immune the vaccination will not 'take.'

"If you will vaccinate the people of Ishpeeming as indicated above, your people will escape the disease with its ravages and incidental destruction of business interests, as it is certain that persons who are properly immunized by vaccination will not take small pox in any form.

"Out of sixty cases of small pox treated in the Chicago Isolation hospital last year but one had ever been successfully vaccinated and that one had a poor scar made years before.

"I beg to thank you and the physicians I met for your courtesy, and remain,

"Yours very truly,

(12-5-1f) "Herman Spalding, M. D."

In and About Negaunee.

ORE SHIPMENTS ENDED. MINES HAVE STOPPED SHIPPING ORE TO THE LAKE PORTS.

Shipment of ore from the mines of this county has been brought to a close, at least so far as sending ore to the lake ports is concerned. The early setting in of winter weather had much to do with the closing of the shipping season so soon in December.

NEW LODGE OFFICERS. The local lodge of the Daughters of St. George will be officiated as follows during the ensuing term:

Thomas Connors spent Saturday at Wilson, below Escanaba. He is interested in a timber deal and went down there to transact some business.

The following officers were elected at the last regular meeting of the Epworth league of the Methodist church:

Iron Mountain lodge No. 122, I. O. O. F., will be officiated as follows for the ensuing term:

ROBBED THE GRAVE. A startling incident of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows:

THE MODERN MOTHER has found that her little ones are improved more by the pleasant Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other.

KENTON CATCHES. E. Buchman has closed out his general stock in the Leroy building.

AN OLD SETTLER GONE. Mrs. Felicitie Farland, who had been alling a month or more, died Friday afternoon at her home in Negaunee.

THE BEST PLASTER. A piece of flannel dampened with Chamberlain's Pain Balm and bound to the affected parts is superior to any plaster.

A MOST WONDEROUS CURE. Eminent Physicians Pronounced it Consumption.

Dr. C. D. Warner, Coldwater, Mich. Dear Sir:—I have received great benefit from your White Wine of Tar Syrup.

The local camp of Modern Woodmen has elected the following officers for the ensuing term:

Preparations are being made by the local Sunday school to celebrate Christmas in the good old-fashioned way.

Charles Kronberg sports a new horse and cutter. Edward A. Harmar of Menominee was a visitor in Negaunee Saturday.

When you want a new suit or overcoat why not have H. J. Peterson, the tailor, supply you.

which with Christmas trees is a source of happy anticipation. The vigilance of Supervisor Kroll in taking every precaution against small pox getting a foothold in this part of Duncan township is to be commended.

W. W. Shone, who lives about ten miles south of town, attempted to ascend the steep hill near the Congregational church recently with an unshod team.

The Sparrow-Kroll Lumber company has rebuilt its hot water pond, which is now to be a permanent addition to the mill plant.

EVERY MOVEMENT HURTS when you have rheumatism. Muscles are stiff and sore and joints are painful.

Indigestion, nausea are cured by Hood's Pills.

MICHIGANNE. AMONG THE LUCKY ONES.

S. LEVIN TO OBTAIN A SPECIAL COURSE IN A NEW YORK HOSPITAL AS A REWARD OF MERIT.

Simon Levin of Michigan, who is attending the medical department of the Michigan university, will not be home for the holidays.

There was a good attendance of school patrons at the art exhibit at the Park street school building Saturday.

Have you a cold? A dose of BALLARD'S HOREHOUND SYRUP at bed-time will remove it.

FOR THE NEW YEAR'S BALL. The members of the local lodge of the Ancient Order of United Workmen have decided to give their annual ball on New Year's night.

MICHIGANNE PICK-UPS. Peter Larross of Champlain is arranging to put a dozen or more men in the woods north of Michigan getting out pulp wood.

THE LATEST SONG and how it goes is always of interest to some of the condition of one's health should be first in the line of consideration.

The best of wines, liquors and cigars can always be had at Phil Hogan's. Get your Christmas bottle filled by him.

CURES CATARRH PERMANENTLY. Nasal Catarrh, Catarrh of the Throat, Catarrh of the Bladder, No cure, no pay.

SHOW GAIN OVER OCTOBER

November Exports from the Customs District of Superior Total \$324,329.

THE IMPORTS, FREE AND DUTIABLE, FOOT UP \$47,398.

Canadian Sales of Machinery and Mechanical Manufactures, Together With Other Things in That Category, Occur an Important Part.

THE MONTHLY STATEMENT OF BUSINESS.

The November report for the customs district of Superior has been made public. It shows a small gain in the volume of exports over the preceding month but a great falling off from the report for the same month a year ago.

CANADA TAKES THEM.

Among the items of this nature which were exported last month are machinery, \$31,750; boilers, \$4,214; pipes and fittings, \$2,677; and locomotives (two), \$14,000.

Bigelow & Co.

Jewelry, Books and Stationery, MARQUETTE, MICH.

of these are steadily increasing. In November the sales of tools from the district amounted to \$1,260; steel plate, \$3,139; structural iron, \$1,542 and castings, \$1,359.

Under the head of miscellaneous manufactures of iron exports totalling \$16,174 were grouped. Bituminous coal made a good gain, 3,106 tons being sold for \$9,349.

OTHER ARTICLES.

Of the other articles on the list corn showed a great falling off. But 1,264 bushels were sold, bringing \$664 compared with sales to the amount of \$25,729 during the previous month.

The export business was divided between five ports in the following order: Soo, \$200,000; West Superior, \$112,070; Presque Isle, \$8,160; Ashland, \$2,370; Gladstone, \$1,630.

SUMMIT HOUSE QUARANTINED.

Small Pox Patient Taken From There Yesterday.

Yesterday afternoon Health Officer Brown descended on the Summit House. He found a small pox sufferer, a stranger who had registered at the hotel the previous evening.

For a number of days there had been no cases of small pox reported and the physicians have been quite pleased. However, few, if any, of them are surprised at this latest manifestation of the disease.

AND HE'S A BACHELOR.

A Former Marquette Man on the Woes of Teachers.

Friends of S. B. Todd, formerly of Marquette, will be interested in the following from an exchange: "S. B. Todd of Milwaukee, in The Kansas Knocker, stands up for the teacher, who, he says, must spend hours upon hours making reports, compiling statistics, striking balances and averages, and tabulating foolish answers to silly questions, with the machine-like exactness of a trained accountant, to make more formidable and less readable the superintendent's report and impress a misleading and glib public with the complicated machinery necessary to a system of public schools."

LAST JURY CASE TODAY.

That of D. H. Holmes vs. E. B. Foss will be argued. The last jury case which will be heard during this term of circuit court will be called this morning. It is that of David H. Holmes vs. Edgar J. Foss.

Saturday the court was occupied with the case of F. B. Spear & Sons vs. Frank M. Boney, which came before it on an appeal. It concerned the adjustment of an account between the contesting parties. The plaintiffs were awarded a verdict of \$55.90.

For broken limbs, chilblains, burns, scalds, bruised shins, sore throat, and sores of every kind, apply BALLARD'S SNOW LINIMENT. It will give immediate relief and heal any wound. Price 25 cents, and 50 cents. The Stafford Drug Co.

WINTER WEATHER.

Marquette Sampled the "Real Thing" Yesterday.

Marquette experienced its first touch of real winter weather yesterday. The cold spell was inaugurated by a wind and snow storm which blew up, with falling temperatures, late Saturday afternoon and it continued all Sunday.

MARQUETTE'S APPROPRIATION.

What Will Congress Give for Its Harbor Improvements?

When the house of representatives takes up the consideration of the river and harbor bill there will be considerable speculation here as to the manner in which the appropriation asked for improvements in the Marquette harbor will be handled.

THE JANITORS OF THE GOVERNMENT BUILDING ARE VARNISHING ITS FLOORS.

This is done once a year and tends to preserve them while, at the same time, it vastly improves the interior appearance of the structure.

WILLIAM TERLEN, AN INSANE PATIENT WHO WAS BROUGHT DOWN FROM HUMBOLDT THE LATTER PART OF LAST WEEK, IS HELD IN CUSTODY AT THE COUNTY JAIL PENDING A TIME WHEN HE CAN BE TRANSFERRED TO THE NEWBERRY ASYLUM.

JOHN STEIG, PROPRIETOR OF THE LITTLE CASH GROCERY, THIRD STREET, IS PRESENTING HIS CUSTOMERS WITH TASTY 1901 CALENDERS.

COMMISSIONER BINGER HERMAN HAS AFFIRMED THE DECISION OF THE MARQUETTE BOARD OF SUPERVISORS TO DIVIDE PETER BERGFELDT THE TITLE TO EIGHTY ACRES OF LAND IN MEMONIE COUNTY.

THE STIFFEST WIND THAT HAS BEEN EXPERIENCED IN SEVERAL WEEKS PREVAILED FOR A COUPLE OF HOURS SATURDAY MORNING.

THE BAPTIST LADIES' AID SOCIETY WILL MEET THIS AFTERNOON AT THE HOME OF MRS. WHEELER, 429 EAST ARCH STREET.

THE FIRE DEPARTMENT RESPONDED TO AN ALARM WHICH WAS TURNED IN FROM THE ROLLING MILL DISTRICT SATURDAY MORNING.

AT THE LAST REGULAR REVIEW OF BUSY QUEEN HIVE, NO. 558, L. O. T. M., THE FOLLOWING OFFICERS WERE ELECTED FOR THE ENSUING YEAR:

COMPLAINT HAS REACHED THE MINING JOURNAL THAT SOME OF THE MICHIGAN TELEPHONE COMPANY'S MEN HAVE BLOSSOMED OUT IN THE ROLES OF SERENADERS.

A SWEDISH-IRISH-SCOTCH TEAM RUBBED MUD INTO A DUTCH-CANADIAN-AMERICAN COMBINATION AT RIVER'S BOWLING ALLEY LAST WEEK IN A WELL-CONTESTED GAME WHICH PROVED VERY INTERESTING FOR THE PARTICIPANTS.

COME HITHER, O MAIDEN FAIR AND FAITHFUL! THE DESIRE OF THY HEART IS GRANTED, BEFORE THEE ARE THE GATES OF UNKNOWN BEAUTY FREE.

STRANGERS WILL FIND HEPPER'S A VERY CONVENIENT PLACE IN WHICH TO GET A LIGHT LUNCH.

CITY BREVITIES.

Weather forecast: Generally fair, wind becoming variable.

Yesterday's temperature: 7 a. m., 12 degrees; noon, 10 degrees; 7 p. m., 7 degrees; maximum, 12 degrees; minimum, 7 degrees.

Do not fail to read Hansen's advertisement.

T. A. Thoren was down from Negawnee Saturday.

O. E. Brown came down from the copper country Saturday evening.

W. S. Hill has left the city for Lansing where he will transact some legal business early this week.

Sheriff-elect John Pengelase was a Marquette visitor Saturday. He assumes the duties of his new office Jan. 1, 1901.

Lucy A. Voorhies left for Traverse City Saturday morning. She was called there on account of the illness of her mother and sister.

George Walter, the eight-year-old son of Alderman Walter Ward, Fourth street, died early this morning. Funeral arrangements will be announced later.

Dr. C. F. Cockran of Omar, Mich., and Fred J. Northway of Durand, Mich., have been in Marquette on a business mission the past couple of days.

A large number of new pictures for the Northern Normal have been received during the last few days. They will be hung at once and will prove a great addition to the present collection.

The board of supervisors will meet Dec. 19. The auditing board will assemble on Dec. 15. It is essential that all bills against the county be placed in County Clerk Ross' hands on or before Thursday.

The janitors of the government building are varnishing its floors. This is done once a year and tends to preserve them while, at the same time, it vastly improves the interior appearance of the structure.

William Terlen, an insane patient who was brought down from Humboldt the latter part of last week, is held in custody at the county jail pending a time when he can be transferred to the Newberry asylum.

John Steig, proprietor of the Little Cash grocery, Third street, is presenting his customers with tasty 1901 calendars. The picture is that of a basket of ample proportions in which are seated three pretty little girls.

Commissioner Binger Herman has affirmed the decision of the Marquette board of supervisors to divide Peter Bergfeldt the title to eighty acres of land in Menomonee county. He is now secure in the ownership of the tract.

The stiffest wind that has been experienced in several weeks prevailed for a couple of hours Saturday morning. Despite the fact that it blew from the south it was sharp and cutting. It was strong enough to whip up a miniature storm in the bay. The blow subsided as quickly and unexpectedly as it came up.

The Baptist Ladies' Aid society will meet this afternoon at the home of Mrs. Wheeler, 429 East Arch street. This meeting is called in the interest of the Christmas bazaar which is to be held Dec. 14 by the ladies of the Calvary Baptist church at Ishpeming. Refreshments will be served and a pleasant meeting is anticipated.

Marquette business houses are beginning to take on holiday appearances. Fancy bric-a-brac and other articles suitable for Christmas remembrances are being given the place of prominence. Already people are keeping their eyes open for suitable gifts and it will be but a few days when the Christmas shopping will be at its height.

E. H. Towar, vice president of the First National bank, has just completed a cozy hunting lodge between Onota and Deer Lake. It is a comfortable structure and is in a good game country. It will be nicely furnished and will make an admirable headquarters for Mr. Towar when he desires to enjoy an outing in the woods.

The fire department responded to an alarm which was turned in from the Rolling Mill district Saturday morning. The inevitable chimney fire was responsible for the uproar. The firemen had a long run for their pains. There have been numerous blazes of this description during the last few weeks and the members of the department hope that all the dirty chimneys are now burned out.

At the last regular review of Busy Queen Hive, No. 558, L. O. T. M., the following officers were elected for the ensuing year: Commander, Mrs. Francis V. Walker; first-commander, Mrs. Annie H. Anderson; record keeper, Mrs. Alvina Pedlar; finance keeper, Mrs. Josephine Bertrand; chaplain, Mrs. Jennie Wright; sergeant, Mrs. Julia Sharland; master-at-arms, Mrs. Mary J. Gammie; sentinel, Mrs. Minnie Ludington; picket, Mrs. Theresa Anthony.

Complaint has reached The Mining Journal that some of the Michigan Telephone company's men have blossomed out in the roles of serenaders. From their lofty perches on the poles where they chance to be working on the lines they salute passing girls and ladies with songs, evidently sung for their special benefit and meant for their ears. Some of those thus honored may appreciate the attention paid them but others are annoyed by it. The offenders should leave all serenading to warmer climes.

A Swedish-irish-Scotch team rubbed mud into a Dutch-Canadian-American combination at River's bowling alley last week in a well-contested game which proved very interesting for the participants. The players who make up this cheerful intermixture of nationalities are "hot stuff" at the bowling game but the Swedish-irish-Scotch combination leads by an ample margin and it stands ready to repeat the dose which it gave the other team at any and all times. A second contest will be pulled off some time this week.

Come hither, O maiden fair and faithful! The desire of thy heart is granted, before thee are the gates of unknown beauty free. 'Tis Rocky Mountain Tea. The Stafford Drug Co.

DO YOU WANT THAT "SUPERIOR" ENGINE... For Spring Delivery? Place your order NOW. If you wait until April you will come in at the time when we are three months behind on orders.
