General Superintendent Ressegue and General Manager Mudge have spent most of the day side by side in the telegraph department of the general office performing the work of telegraph operators. Mr. Ressegue said the defections of the operators seem to have been the strongest on the Oklahoma & Western division. "The vacancies were nearly all filled on the

MYSTERY IN STRIKE.

Santa Fe Officials Say Trouble on System Is Practically Over.

BUT THE MEN DISPUTE IT.

Declare Road's Business Is Paralyzed and Victory for the Telegraphers Is Near at Hand.

CONTRARY CLAIMS SET UP.

Kansas City, Dec. 10.—R. C. Clapp, chairman of the grievance committee of the Order of Railroad Telegraphers, had this to say of the situation tonight: "West of Emporia, 99 per cent of the men are out. Between Emporia and Fort Madison, Ia., from 80 to 85 per cent are out, while between that point and Chicago only three men are working. A conductor who came in over the Santa Fe today said that several stations on the line west of Kansas City had been cut out. I have reliable information, based on communications that have passed between the officials over the wire, that the company's freight business in Chicago is paralyzed. We have perishable freight on their hands, and several of the big packing firms have been prodding them up. We have every reason to feel encouraged, and are making an honest fight."

AS ROAD OFFICIALS VIEW IT.

Chicago, Dec. 10.—The officials of the Santa Fe system claim that the telegraphers' strike on their lines is practically over and point to the fact that almost without exception their passenger trains were on time today and that freight was being handled in volume as great as before the strike was inaugurated. Third Vice President Barr, of the Santa Fe, said he was most active in adjusting the operation of the road during the strike, made the following statement tonight: "We have all the men we want west of Albuquerque, but are short from 250 to 300 men on the lines east of that point. We have been hiring men all day, and at the present rate we have a full complement within three days. The train due here at 9:30 a. m. today was the only train that was late, and that but twenty minutes. On an average our passenger trains have reached Chicago as nearly on time as though there were no strike. We are receiving all freight offered and are moving most of it. Fruit shippers have been notified of our ability to handle shipments up to the capacity of our equipment. All the important offices have been filled, and all through business is being handled by the men who were on the line. We have no quarrel with the organization known as the Order of Railroad Telegraphers. Our fight is with the individuals who went out. Seventy-five per cent of the men who refused to strike were members of the order, and these have been retained and promoted. Those who struck will not be re-engaged, although some who went back to work immediately will be retained."

BOTH SIDES CONFIDENT.

Topeka, Dec. 10.—The officials of the Santa Fe railroad say tonight that the strike of the telegraph operators is practically over. The operators themselves continue in the belief that their prospects look better now than they have been any time yet. The men in the Santa Fe shops here went to work as usual this morning. An order had been issued closing the shops as a result of the strike. The officials later decided it to be useless for the shops to be kept closed, as they say the strike will be of small proportions. General Manager Mudge professes to be sanguine that the strike is at end. He talked as follows regarding the revocation of the order for closing the shops: "The strike amounts to so little and the situation is so favorable that to shut down the shops is not necessary. If the operators had succeeded in tying up the system and prevented the operation of trains we would have had nothing for the men in the shops to do. As it is, with our trains running very close to schedule and no practical interruption to our business, there will be regular work to do and no reason why it should not be done. We have word that on the California lines the operators are back to work, while on the Southern California & San Joaquin Valley lines they were out on the Gulf Line in the original strike, which was the whole number employed."

CHEFS AT THE KEYS.

General Superintendent Ressegue and General Manager Mudge have spent most of the day side by side in the telegraph department of the general office performing the work of telegraph operators. Mr. Ressegue said the defections of the operators seem to have been the strongest on the Oklahoma & Western division. "The vacancies were nearly all filled on the

Chicago division yesterday," said he, "and some of the men who went out are already wanting to be taken back into the service of the company, but their request will not be granted. President Ripley is very firm on that point. As far as the operation of trains is concerned, we are keeping them right up to schedule. In fact, I will say the strike is over. The freight trains are all running as usual. We are taking all the business we can get and are handling it all in the usual order." C. G. Sholes, superintendent of telegraph, says he is receiving numerous applications from outside telegraphers for positions in answer to advertisements he had inserted in all the leading daily papers. He anticipated little trouble in filling all the places he has under his control. In common with other officials, Mr. Sholes is profuse in his assurances the strike is at end. "The officials are all of one opinion, that the strike is ended in most places, but cannot explain the absence of the men from the office here. Not one of the Topeka operators has returned to work, and from reports received from over the division the strikers here seem to think they have gained the day. The opinions as to the duration of the strike are varied. The men think they will win, but are afraid it will take them a long time. The officers of the road will set no time for the operations of the road to return to their normal condition."

UNION LEADER'S SUMMARY.

Wichita, Kas., Dec. 10.—Chairman J. A. Newman, of the Santa Fe system division of the Order of Railroad Telegraphers, made the following statement for the Associated Press tonight: "The situation on the Santa Fe, so far as the telegraphers are concerned, is excellent. The forged telegram sent over the line by the officials today in a vain effort to get the men back has done us very little or no damage, as only a few resumed work. We expect to have 50 per cent of those now working out within the next twenty-four hours, and before the end of the week no one will be working except the officials, and they will be unable to get the trains over the road. The statement sent out by the officials that no strikers will be re-employed is of no force or consequence, for there are not enough idle telegraphers in the country to fill our places and the company will be compelled to take them all back, win or lose. It is well that the general public know at this time that the Santa Fe railway is now running its trains by red boards, which are signals for train orders, without stopping for either safety clearance or orders. This is a very dangerous proceeding and will sooner or later end in disaster."

MANY EMPLOYEES MADE IDLE.

Gainesville, Tex., Dec. 10.—All the men employed here on the repair tracks and in the gravel pit of the Santa Fe railroad have been laid off indefinitely. Over 300 men have been thrown out of employment on account of the closing down of the shops at this place. Similar action has been taken along the line north of here, and section hands and trackmen from here to Purcell are out of employment. Only passenger trains are running through here.

A FAILURE IN CALIFORNIA.

Stockton, Cal., Dec. 10.—The strike of the telegraph operators on the Santa Fe was extended to the San Francisco & San Joaquin Valley road, today, but not over thirty men went out.

EXPLOSION IN A TUNNEL.

FOUR MEN KILLED ON THE UNION PACIFIC IN WYOMING.

Evanston, Wyo., Dec. 10.—A gas explosion occurred in the new Union Pacific railroad tunnel near Aspen, Wyo., today. At present few details are known except that four men were killed and three seriously and three slightly hurt. Aid has been sent to the scene.

WARSHIP NOT NEEDED.

PRESIDENT OF GUATEMALA SETS GEORGE MAY AT LIBERTY.

Washington, Dec. 10.—The incident growing out of the detention by the Guatemalan officials of the American engineer, George May, is closed. Minister Hunter, at Guatemala, today telegraphed the state department that the president of Guatemala has directed that the order of detention be revoked and May will be liberated.

ONE OF THE POSSE SLAIN.

INDIANA OFFICIALS BATTLE WITH AN ESCAPED CONVICT.

Logansport, Ind., Dec. 10.—A desperate running fight between a man supposed to be Marvin Kuhns, the convict who escaped from the Columbus (Ohio) penitentiary on Thanksgiving, took place in this city this evening. Benjamin Dean, one of the sheriff's posse, being probably fatally shot. The police here were acting under instructions from Warsaw to arrest a man with a stolen rig. A posse consisting of the entire police force, the Logan Grays, the local militia company, and fifty citizens are scouring the country.

BOER FORCE CORNERED.

London Paper Hears the Fleeing Dewit Has Been Brought to Bay.

GREAT BATTLE IS WAGING.

Gen. Knox, in Chase With Three Columns, Reported Heavily Engaged With the Burghers.

FIGHT NEAR CAPE BORDER.

London, Dec. 10.—The Evening Standard, which has special sources of information, says this evening that a great battle between the British forces under General Knox and the Boers under Dewit is going on. CAPE TOWN HONORS ROBERTS. Cape Town, Dec. 10.—The official reception tendered Lord Roberts here today, together with the presentation of addresses and a sword of honor, was a magnificent spectacle witnessed by 23,000 people. PRO-BOER RALLY PROHIBITED. Liverpool, Dec. 10.—The pro-Boer meeting, at which Maude Gonne was to preside, tonight, has been prohibited by the police. KRUGER APPLIED TOO LATE. BOER WAR BEYOND THE INTERVENTION STAGE DECLARES GERMANY'S PRIME MINISTER.

Berlin, Dec. 10.—The imperial chancellor, Count von Buelow, replying in the reichstag today to a question on the subject of Kruger's failure to be received by Emperor William, said the government did all in its power to ward off the war and left the two republics in no doubt as to the state of affairs in Europe and as to German neutrality. When, in 1899, the question of arbitration seemed not altogether excluded, the government recommended it to Kruger. He thought the time had not yet come. When Kruger, later, sought intervention, his feelings were too highly inflamed for the Dutch and German governments. For the German government, it was lost time to give advice. Germany was convinced that any step of the great powers at that moment would be critical and lead to no result. The chancellor added that when the suggestion of mediation was made to Great Britain by the United States in a quite gently worded inquiry, it was rejected officially and categorically. Intervention might have led to war. Germany was not bound to Great Britain by a hair's breadth, any more than Great Britain was bound to Germany. But to act the Don Quixote against Great Britain would be a piece of folly for which the premier would not be responsible.

HOT RETORT BY CHAMBERLAIN.

CHARGES OF PERSONAL GAIN IN WAR CONTRACTS DENIED BY THE BRITISH SECRETARY.

London, Dec. 10.—In the house of commons today D. Lloyd George, Radical member for the Carnarvon district, brought together the series of accusations against Chamberlain that have been figuring in the newspapers and moved that no member of the government ought to have direct or indirect interest in concerns competing for government contracts. He pointed out that the secretary of state for the colonies held shares in various mercantile concerns which had contracts with the government. After various speeches for and against the resolution, Mr. Chamberlain replied: "These attacks are monstrous and absurd. I took no notice of the charges during the election, although there had been a conspiracy of insinuation. I have been charged with fattening on the profits of a war I had provoked. Of all the companies mentioned, I hold shares in two. My relations intend to take legal proceedings, and the public will see how these abominable charges will be dealt with by the courts. I come of a family which boasts nothing of distinguished exclusively to the dispatches of Sir Claude MacDonal, former British minister at Pekin, from May 23 to Sept. 29, consisting largely of a history of the siege of the legations. "The Chinese government became so influenced by the pretensions of the Boxers to supernatural powers," says Sir Claude, "as actually to believe it could safely defy the rest of the world. In fact, the government became mad." Among the curious incidents mentioned is one of a Swedish missionary who escaped to the Chinese and gave them a deal of valuable information.

TODAY'S WEATHER.

Washington, Dec. 10.—The following is the weather bureau's forecast for Upper Michigan: Fair Tuesday, except snow flurries on the north shore; Wednesday, fair; fresh westerly winds. Ripon, Wis., Dec. 10.—Mrs. James A. Campbell fell from a Northwestern train near here today, sustaining injuries from which she died.

BIG STEEL PLANT RESUMES.

THREE THOUSAND MEN GET EMPLOYMENT AT LORAIN, OHIO.

Lorain, O., Dec. 10.—The Lorain Steel company resumed work today with more than three thousand men employed in the entire plant. It is understood the blast furnaces also will shortly resume, giving employment to a thousand more men.

IS BITTEN BY A RATTLER.

SNAKE "CHARMER" DIES WHILE EXHIBITING IN GEORGIA.

Port Valley, Ga., Dec. 10.—Edward Swanson of Hammond, Ind., advertised as a snake charmer, while exhibiting here today was bitten by a huge rattler with seventeen rattles and died a few hours later. The snake had been recently received from Florida, and its fangs were thought to have been removed.

CASE GIVEN TO THE JURY.

CLOSING ARGUMENTS MADE AT MISS MORRISON'S TRIAL.

Eldorado, Kas., Dec. 10.—The closing arguments were heard today in the case of Jessie Morrison, on trial charged with the murder of Mrs. Olin Castle. Judge Reddin occupied seven and a half hours in his final summing up on behalf of the defense, while Captain Joseph Walters occupied four hours in an eloquent plea for the state. At the conclusion of the arguments, Judge Shinn instructed the jury not to begin its deliberations until tomorrow morning, and court adjourned.

ARRIVES WITH GUESSEOUS CARGO.

TRANSPORT HANCOCK BRINGS 1,500 BODIES FROM THE ORIENT AND THE VOYAGE IS MARKED BY ELEVEN DEATHS AT SEA.

San Francisco, Dec. 10.—The transport Hancock arrived today from Manila, via Nagasaki, with a gruesome cargo. It consisted of the bodies of about 1,500 sailors and soldiers who either died in battle or succumbed to the ravages of disease in the Philippines, China, Guam and Honolulu. The Hancock will likely remain in quarantine a few days. The bodies will be conveyed to the Presidio and placed in buildings there pending interment or shipment to the homes of relatives. The Hancock was twenty-two days in making the run from Manila. She brought fifty-two cabin passengers and 500 in the steerage. There were eleven deaths on the voyage to add to the cargo of dead carried from the Philippines.

LI HUNG'S SECRETARY JAILED.

CHARGED BY ALLIES WITH COMMUNICATING WITH BOXERS.

London, Dec. 10.—A Shanghai dispatch announces that Li Hung Chang's Manchurian secretary, Yiko, has been arrested by order of Field Marshal Waldersee on the charge of communicating with the Boxers. CHANGE OF RULE FOR PEKIN. Berlin, Dec. 10.—Count Waldersee telegraphs that the two detachments of troops from Tien Tsin which had been proceeding against a considerable force of Chinese regulars at Tsang Chou have occupied the place without opposition, and the troops are now turning to Tien Tsin. The field marshal also cables: "An international committee for the administration of Pekin will meet tomorrow (the 10th) under the presidency of Colonel Baron von." "The Guendell column, which was left at Shan Hai Kwan, reached the district of Yuen Tien Tsin, five days march east of Pekin, on Dec. 7 and is now on its way back to the capital."

ANOTHER MOVE BY EMPRESS.

London, Tuesday, Dec. 11.—"An imperial edict," says the Shanghai correspondent of The Morning Post, "orders an exchange of offices between the viceroys of the provinces of Shen Si and Kan Su and the viceroys of the provinces of Yun Nan and Kwei Chou, the object being to get the viceroy out of Kan Su, together with his Kuanese troops, so as to give General Tung Fu Hsiang a free hand in Kan Su." "Count von Waldersee is forming an international commission under a German president," says the Pekin correspondent of The Morning Post, "to establish a harmonious civil administration and for the collection of taxes and customs, with other duties." The Chinese representative is Ching Hin, governor of Pekin. This action is intended to prevent friction and prepare the way for the transfer of the administration of the city on the return of the Chinese court."

TWO KILLED AT R. R. CROSSING.

Jewett, Ills., Dec. 10.—William G. Carey and wife, while driving across the tracks of the Vandavia, were instantly killed this afternoon by a fast train.

MORE SMALL-POX. THREE NEW CASES DEVELOP AT HANCOCK—ALL ARE CHILDREN.

There are three new cases of small-pox in Hancock. All of them are in the family of John H. Wright, a teamster living at West Hancock. Three children are down with the dread disease—a baby of eighteen months, a child of two and one aged six.

The cases were reported by the physician to the acting health officer, Dr. Gasser, who took all necessary precautions Saturday morning to prevent contagion. The children will not be taken to the pest house, but will be left at home under the care of the mother.

PEST HOUSE SITE VISITED. Supervisor Scott of Hancock and L. F. Ursin, the Laurium contractor who was recently awarded the contract for building the county pest house, went to Franklin, on the Mineral Range, yesterday morning to look over the site of the new institution. Mr. Ursin told The Mining Journal yesterday that he intended to push the work, but just how fast the construction will progress will depend much upon the weather.

KILLED TO END HIS SUFFERINGS. HANCOCK FIRE DEPARTMENT HORSE IS BADLY INJURED.

"Ben," the young, frisky and fiery colt of the Hancock fire department, while in a playful gambol yesterday broke one of his shoulder blades and was subsequently killed to end his sufferings. "Ben" was one of the teamsters of the department for nearly a year and that cost \$500. The teamsters were hitching up for the usual morning exercise when "Ben," who had just finished his oats and was feeling exceptionally good, gave a jump, kicked up his heels and landed with considerable weight in the yard at the rear of the stable.

WATER METERS PURCHASED. HOUGHTON COUNCIL COMMITTEE BUYS FIFTY OF THEM.

The committee appointed by the Houghton village council to purchase water meters did a wise thing when it lost no time in buying fifty of the very best regulators of the market. This move on the part of the village will be the means of saving much trouble and expense. In years past no little difficulty was experienced by a shortage of water, which was mainly caused by unnecessary waste.

INCANDESCENTS INSTALLED. HANCOCK HIGH SCHOOL IS SUPPLIED WITH ELECTRIC LIGHTS.

The elegant new High school building at Hancock was fitted with incandescent electric lights the latter part of last week. Every room in the building was furnished complete and the improvement is greatly appreciated by teachers and students. The system is connected with the city current, and as there is a dynamo in operation during the day much use will be made of the light. Toward three in the afternoon on winter days it becomes quite dark and light of some sort is needed. The current is turned on and the work progresses as well as before. The teachers who are occupied after school in the afternoon will find the lights of great benefit to them.

MISHAP ON THE RAILS.

The evening passenger train on the Hancock & Calumet railroad which is due in Houghton at half past six pulled into the depot with just one coach and half an hour late Sunday night. The cause of this was the wreck of the baggage car, which was run into by an extra freight at Red Jacket. The coach was standing on a sidetrack but not quite clear of the main line. One end of the car was struck and was badly damaged. The mishap caused some delay on the part of both the passenger and the freight.

COLD and cough cures are numerous, but the one that leads all others in merit, is FOLEY'S HONEY AND TAR, which has in great measure these days. The People's Drug Store.

I. MILLER AND WIFE VINDICATED. JUDGE STREETER DISMISSES THE HOUGHTON ARSON CASE.

The case of Isaac Miller and wife, who were arrested on the charge of arson—a sequel to the fire in Mr. Miller's store at Houghton some time ago—and whose trial had dragged for several weeks, came up again in Justice Brand's court yesterday morning. The defendants waived examination, and the case was at once taken to the circuit court, where the couple were discharged by Judge Streeter. Prosecuting Attorney Larson filed a statement announcing the evidence was very conflicting and that he was unable to make out a case, and accordingly, the court dismissed the proceedings.

PLEASUED WITH NEW EXTENSION. PRESIDENT PAINE RIDES TO THE CHAMPION PROPERTY OVER THE COPPER RANGE BRANCH.

William A. Paine, of Paine, Webber & Co., Boston, and president of the Copper Range railroad, is in Houghton. He will remain a week. Mr. Paine and a number of the officials of the Copper Range took a trip Sunday over the new branch that was recently put in between Atlantic and the Champion and Tripartite mines. They went as far as shaft D of the Champion. Mr. Paine informed The Mining Journal yesterday that he was perfectly satisfied with the new stretch of road. He said the weather is interfering a great deal with the work of the construction gang in completing the branch in its entirety. Regular freight service will be established some time during the present month, and something may be done about carrying passengers. Mr. Paine is quite enthusiastic over the road's recent expansion and is sure that it will be of much benefit to all concerned as soon as things are in good shape.

METAL MARKET VERY STRONG. AUTHORITIES PREDICTING STILL FURTHER ADVANCE AFTER THE BEGINNING OF THE NEW YEAR.

It is now a demonstrated fact, says The New England Statist of yesterday's date, that the world's mines will fall to make their usual 10 per cent increase in production this year. In the first ten months of this year the reporting mines of the United States produced 2,295,000 tons of copper. This compares with 2,151,200 tons produced in the corresponding period last year, an increase of only 8,186 tons. In the same period foreign reporting mines produced 73,196 tons, a decrease of 788 tons from last year. The net increase, of blacks that had been the pride of the department for nearly a year and that cost \$500. The teamsters were hitching up for the usual morning exercise when "Ben," who had just finished his oats and was feeling exceptionally good, gave a jump, kicked up his heels and landed with considerable weight in the yard at the rear of the stable.

Notwithstanding that this is the season of the year that is usually the dull season, the copper market continues to show a strong upward tendency. The price of copper is always inclined to hang back in December, as they prefer to have the record of purchases go on the books of the new year. This has resulted in a decrease in the volume of business during the past week. Lake copper has continued to sell at 17 cents for pure, and New York and producers have shown no disposition to sell freely, even at that price. In London prices sagged a trifle during the week. The decline was more pronounced in futures than in spot, indicating the continuance of the former excellent consumption demand. Firmness of conditions have contributed somewhat to the slight weakening of the foreign market. The export demand has not been quite so strong of late, and the report of the foreign visible supply of copper Dec. 1 again showed a decrease. It is important to note that the many contracts now being let by the government for new vessels provide in every case that the vessels shall be coppered. This means not a small addition to the consumption of the red metal. Good authorities are predicting an advance in the copper market immediately after the beginning of the new year.

FIRE AT THE ANACONDA.

About two weeks ago, fire broke out in the Bell mine, one of the Anaconda properties, and until Friday the mine people have been denying there was any fire at all. That afternoon while twelve or fifteen men were at work on the 800 level they were overcome by gas generated by the fire and had a narrow escape from death. It now develops that the fire is burning fiercely and is getting beyond the control of the men and threatens to become as serious as the fire in the St. Lawrence, which has been burning eleven years. The fire is eating its way into the sulphide ores.

EDITOR'S AWFUL PLIGHT. F. M. Higgins, Editor Seneca, (Ill.) News, was afflicted for years with Piles that no doctor or remedy helped until he tried Bucklen's Arnica Salve. He writes two boxes wholly cured him. It's the surest Pile cure on earth and the best salve in the world. Cure guaranteed. Only 25 cents. Sold by The Stafford Drug Co.

USE BRIGHT'S KIDNEY PILLS.

Imitators or those who try to sell substitutes when Bright's Kidney Pills are called for, always say: "Ours are as good as Bright's Kidney Pills" thus virtually admitting that Bright's Kidney Pills are the standard. All druggists are authorized to refund the money if Bright's Kidney Pills fail to cure Rheumatism, Backache, Lumbago or any Kidney disease, and are sold on a positive guarantee. No cure, no pay. Price 25 cents. The Stafford Drug Co.

die rock, and during the coming year the mine will produce in accordance with its great resources. The Quincy company spent nearly a half million dollars in mill and mine improvements in the past year, and is now in first-class condition in every respect.

LIFE-SAVING STATION CLOSED. CREW AT THE UPPER CANAL QUILTS FOR THE WINTER.

The life saving crew that has been stationed during the season at the lighthouse on the upper canal has quit for the winter. The men came to Portage Lake Sunday night and yesterday morning left for other points to work during the cold months. Two left for Bay City, two for Port Huron, two for Calumet, and one for Marquette. The men remained at their posts during the severe storm of Saturday and Sunday. Navigation is practically closed.

HOCKEY GAMES NOW.

Now that the Portage Lake hockey squad is organized some good sport may be looked forward to. No regular team has been chosen as yet, as those in charge of the game desire to see how the various candidates loom up before a selection is made. The Canadian game will be played. There are only a few at Portage Lake who know its fine points and much work will evolve on them to get the members in shape for coming contests. A rink has been found that will answer the purpose for practice, and it is the intention of the manager and the committee who have the arrangements in hand to start right to work.

Hockey is not only intensely interesting to those who are in the game, but is also very exciting for an onlooker. It is not unlike the old fashioned "shinny," but is not as rough or as hard on the participants. The sticks that are used are somewhat similar to a golf club, excepting that the piece making the curve at the end is longer and flat. A match takes place in a limited area where every play can easily be seen by a spectator from the side lines. Goals are chosen and the object of each side is to get the ball that is used over its opponent's mark. When the game is played right it is very scientific and those taking part have to be very expert with their sticks. The ball cannot be struck but has to be either pushed along or lifted through the air by the club. To become adept in the latter much practice is required. The sticks cannot be lifted higher than on a level with the shoulders, which rule is very effective in saving the heads of the players.

HANSEN'S RICH FURS IN HANCOCK.

If you are looking for a handsome and useful Christmas gift, you should attend the grand fur opening of Hansen's at the Northwestern Hotel, Hancock, Wednesday and Thursday, Dec. 12 and 13.

COPPERDOM BREVITIES.

Joseph Fox of Hancock was a Baraga visitor yesterday. Mrs. John Senter of Houghton left for a Chicago visit Sunday. Sheriff Lean took Mike Downey and John Kneebone to Newberry yesterday. Harry L. Lee, of the New Linden Hotel at Lake Linden, registered at the Douglass House, Houghton, Sunday.

A regular meeting of the county board will be held at the court house at 9 o'clock this morning. Business of importance will be conducted. Circuit court continued in session yesterday morning. The present term is an unusually long one. It is expected that all business will be settled this week.

Seats for "What Happened to Jones" are now on sale at Kroll's drug store, Houghton. The farce will be presented at the Armory Opera House Friday night.

Portage Lake people will be well represented at the production of "The Little Minister" at the Calumet theatre tomorrow evening. Reserved seats for the play are selling fast at Barry's drug store, Houghton.

The bazaar and supper under auspices of the ladies of the aid society of the First M. E. church, Hancock, is to be given one week from today at the Y. M. C. A. hall, not today as stated yesterday.

An assault and battery case was tried before a jury in Justice Brand's court yesterday afternoon. The complaining witness was George Lattoral and the defendant was Joseph Knaff, who conducts a restaurant in Houghton. Prosecuting Attorney Larson appeared for The People and Louis Legris for Knaff.

The temperature yesterday was higher than on the previous day, but the weather was still very wintry. Dr. Harkness, of the weather bureau, stated that at 8 o'clock in the morning the register stood at 13 above zero, which was 7 degrees warmer than at the same time on Sunday morning. A stiff wind kept up from the northwest which made the temperature seem higher than it really was. The total precipitation since the storm set in was "thirty-one," or equivalent to about three inches of snow.

EDITOR'S AWFUL PLIGHT.

F. M. Higgins, Editor Seneca, (Ill.) News, was afflicted for years with Piles that no doctor or remedy helped until he tried Bucklen's Arnica Salve. He writes two boxes wholly cured him. It's the surest Pile cure on earth and the best salve in the world. Cure guaranteed. Only 25 cents. Sold by The Stafford Drug Co.

USE BRIGHT'S KIDNEY PILLS.

Imitators or those who try to sell substitutes when Bright's Kidney Pills are called for, always say: "Ours are as good as Bright's Kidney Pills" thus virtually admitting that Bright's Kidney Pills are the standard. All druggists are authorized to refund the money if Bright's Kidney Pills fail to cure Rheumatism, Backache, Lumbago or any Kidney disease, and are sold on a positive guarantee. No cure, no pay. Price 25 cents. The Stafford Drug Co.

LET YOUR BUNDLE COME!

...and We'll Laundry Your Linen Perfectly.

Any finish, just like home if you want it.

SMALL'S LAUNDRY, PHONE 400.

Grand Display of RICH FURS.

MR. JOHN E. MONROE, representing the old reliable HANSEN'S EMPIRE FUR FACTORY, the largest Fur Factory in America, will give a GRAND FUR OPENING IN HANCOCK, at The Northwestern Hotel, Wednesday and Thursday, Dec. 12 and 13.

Our representative, Mr. John E. Monroe, will carry with him a complete line of fur goods of all descriptions, including all the latest novelties. He will also be prepared to take measures for garments to be made to order and to receive orders for repairing and remodeling seal skin and other fur garments. Bring in your furs and let him furnish you with suggestions and give you an estimate of the cost of remodeling same. Merchants are requested to bring in any customers they may have for fine furs, as this opening is not for one merchant only, but for all the merchants in Hancock.

MILES OVER THE RECORD

Six-Day Bike Riders Spinning Around the Course at Terrific Speed.

9 OF THE 14 TEAMS LEFT.

Contestants Are Closely Bunched, With Five 'Centuries' to Their Credit in 24 Hours.

CHAMPION MILLER OUT.

New York, Tuesday, Dec. 11.—The second day of the six-day bicycle race at Madison Square Garden started at midnight tonight with nine teams out of the fourteen which first began the contest still on the track and whirling around the garden miles ahead of the record.

The men are maintaining a frightful average of speed, but in spite of this they have invited one another to straining sprints throughout the day, while the crowds in attendance cheered the leaders widely. There were many tumbles in the course of the day, but none of the riders were seriously hurt.

Early in the day Champion C. W. Miller of Chicago withdrew, as did his team mate, S. R. Walthour of Atlanta. Miller claimed his stomach was out of condition. Without was leading when he dropped out, and had been doing what probably was the fastest riding on the track up to that time.

T. J. Colgan of Trenton and H. E. Dickerson of Beaver Meadow, Pa., succumbed to the swift pace at 3 o'clock in the afternoon and withdrew. About the same time Herbert Bleecker of Brooklyn, partner of Frank Albert of New York, was removed to Bellevue hospital in an ambulance suffering from poison. Bleecker swallowed a quantity of ammonia through mistake for a stimulant.

At 6 o'clock p. m. John Debois of Brockton, Mass., and Floyd Krebs of Newark withdrew, while the McLean brothers went out at midnight.

Pierce led at the five hundredth mile, which he completed at 11:18. He established new record. The score at 1 o'clock this morning stood:

Table with 2 columns: Name, Miles, Laps. Includes Elkes-McFarland, Simar-Gouglitz, Pierce-McEachern, Turville-Gimm, Walker-Stinson, Babcock-Aronson, Fisher-Frederick, Kaser-Riser, Muller-Accountier.

ROONEY DECLARED THE WINNER.

FRENCH WRESTLER PONS DECLINES TO CONTINUE AFTER LOSING ON A FOUL.

Chicago, Dec. 10.—The Graeco-Roman wrestling match at the Coliseum tonight between John J. Rooney, the "Giant Grisman," and Paul Pons of France ended in Rooney being declared the winner because Pons refused to continue after having lost the first fall on a foul. George Siler was referee. It took Pons twenty-five minutes to throw Rooney to the mat, as the Chicago man was quicker on his feet. After lying on the canvas for three minutes with the Frenchman's arms encircling his stomach, Rooney got tired of the squeezing and made a wild scramble to regain his feet. In the struggle Rooney was thrown against the ropes. The ring, which was a flimsy affair, gave way and both men fell headlong into the audience. Neither was hurt, but Referee Siler awarded the fall to Rooney, declaring that the Frenchman could have avoided the mishap.

BILLIARD TOURNAMENT SCORES.

New York, Dec. 10.—J. A. Heidrick of New York won from William Fidge of Boston in the amateur billiard championship today, 30 to 24. This evening C. S. Schmitt of Chicago defeated Frank Billiter of Minneapolis, 200 to 188.

WINS ON A FOUL.

Louisville, Dec. 10.—Dave Sullivan of New York got the decision on a foul over Callahan of Philadelphia in the eighteenth round of a twenty-round club bout before the New Southern Athletic club tonight.

DRINKS CARBOLIC ACID.

Philadelphia, Dec. 10.—Charles Kaerker of Brainerd, Minn., committed suicide today in a small hotel in this city by taking carbolic acid. From

Any Children? Then we'll guarantee they have had colds. No child escapes. It's either a hard cold, the croup, bronchitis, or the whooping-cough. There's but one remedy. It's just what your grandmother always kept in the house—Ayer's Cherry Pectoral, the family cough medicine.

BASEBALL MAGNATES MEET.

HARD PROPOSITIONS CONFRONTING THE NATIONAL LEAGUE.

New York, Dec. 10.—With another possible baseball war staring them in the face, the National league magnates entered upon their annual winter meeting at the Fifth Avenue Hotel tonight. This session is one of the most important ever held in the history of the league, and will probably last throughout the week.

With the American league clamoring for equal recognition by the parent body and the threatened invasion of the National league territory by John's organization, the members of the big league have their hands full.

The much talked-of retirement of President "Nick" Young as the league's chief executive also will come up. That certain magnates are opposed to the continued incumbency of Mr. Young is open secret. Several days ago those opposed to him put forth A. G. Spalding as a suitable successor. Mr. Spalding, however, declined the honor and its attendant burdens. But Mr. Young declines to be ousted and declares he has no intention of resigning.

The board of arbitration went into session in the afternoon with A. H. Soden, John T. Brush, John I. Rogers, James Hart and F. DeHaas Robinson present.

PINGREE OPPOSES HANGING.

SAYS CAPITAL PUNISHMENT IS A RELIC OF BARBARISM.

Chicago, Dec. 10.—There are in the Kansas state penitentiary at Leavenworth an even forty men under sentence of death. They have not been hanged because for years no governor has been willing to sign the death warrants required by law. In view of these facts Governor Stanley has recently instituted an investigation of the entire subject of capital punishment and its relation to mob law in the several states of the Union. He has intimated that if his investigation indicates that the abolition of capital punishment has a tendency to increase lynch law he will recommend the enactment of a law enforcing the death penalty in Kansas, with a provision requiring the sheriffs to carry out the sentences without a death warrant signed by the governor.

The states of Michigan, Wisconsin, Colorado, Rhode Island and Maine have no capital punishment law on their statute books and in each of these states there seems to be no disposition to restore the death penalty. Replying to a query put to him by The Tribune, Governor Pingree of Michigan says:

"I do not believe it would be possible to state with any degree of certainty what the effect of the abolition of capital punishment has been in Michigan. If I am correctly informed, capital punishment was abolished so long ago and prevailed for so short a time in this state that it would not be practicable to make a comparison between its effect upon the existence of crime before and after the passage of the law. My understanding is that Michigan had a capital punishment law for only nine years during the early history of the state. So far as I have been able to ascertain there are no statistics upon which a comparison could be based. I think it is right in saying, however, that the people of the state are well satisfied with the existing law relating to those crimes which are punished by death in some of the other states.

"No state which has a capital punishment law has any right to boast of intelligence in its people. It is a relic of barbarism. There has been little, if any, mob violence in the state of Michigan, but I do not think this has been so because of either the existence of a capital punishment law or the absence of it. Whether there is mob violence or not depends upon the intelligence and temper of the people. I think that the people of Michigan have been less liable to commit rash acts as a result of excitement than the people in the South, where the negro question is such a serious and disturbing one. There are a few people in this state who annually urge upon the legislature the enactment of a capital punishment law, but they are principally cranks upon the subject and never are given serious attention.

"With capital punishment it is impossible to rectify a mistake which has been made in the conviction of an innocent person. It is infinitely better to err by the imposing of a hundred light sentences than to hang one innocent person. A number of cases have been brought to my own knowledge and I have issued pardons where the prisoners were sentenced to life imprisonment and it was afterwards learned that they were innocent."

FOR MUNICIPAL OWNERSHIP.

FEDERATION OF LABOR CONVENTION GOES ON RECORD.

Louisville, Dec. 10.—The resolutions committee presented its report, which was adopted, at today's session of the Federation of Labor. The resolutions reaffirm the federation's position on initiative and referendum; request the support of congress to the bill for the higher education of the blind; favor an eight-hour law for all postoffice employees, and municipal ownership of public utilities.

The executive committee reported unfavorably on a resolution for the establishment of a department of commerce and industry, and its action was sustained. I hear your daughter has broken her engagement with the Duke. Fact, she has a cold, and she's taking Rock Mountain Tea at the same price and took the tea. Sensible girl. The Stafford Drug Co. In sluggish liver, HERBINE, by its beneficial action upon the biliary tract, renders the bile more fluid, and brings the liver into a sound, healthy condition, thereby banishing the sense of drowsiness, lethargy, and the general feeling of apathy which arise from disorders of the liver. Price 50 cents. The Stafford Drug Co.

RIGHTS IN CUBA NIL.

Attorney Lindsay Declares American Occupation Is Unlawful.

ARGUES IN NEELY CASE.

Republic Was Recognized and on Ratification of Treaty Troops Should Have Been Withdrawn.

BEFORE SUPREME COURT.

Washington, Dec. 10.—The Neely extradition case was argued today in the supreme court. All the judges were present. The argument developed interesting and important questions of law with reference to the right of the United States to extradite a fugitive criminal in the absence of an extradition treaty, and especially with reference to the right of the president, since the ratification of the Treaty of Paris, to maintain a military form of government in the island of Cuba.

The latter point was the feature of the argument made in the first of the arguments which bring up for final decision by the supreme court the constitutional relations between this country and the territorial acquisitions which it has gained as a result of the Spanish-American war. The Neely case referred exclusively to the character of these relations so far as the island of Cuba is concerned, and thus presented an independent question from that which will be argued on Dec. 17 when the character of these relations with Porto Rico and the Philippines will be under consideration.

KNOTTY PROBLEMS RAISED.

John D. Lindsay, of the New York bar, opened the argument for Neely. He claimed that there existed in Cuba, prior to our intervention, a Cuban republic. This republic, he argued, the United States recognized on April 23, 1898, when it passed a joint resolution, signed by the president, which declared "that the people of the island of Cuba are, and of right ought to be, free and independent." He claimed the United States did not make war against the Cuban republic thus recognized, but against the Spanish empire which was its ally; and that, therefore, the success of the American army did not mean that Cuba was conquered, but that the Spanish troops were driven out of the territory of a friendly ally.

Mr. Lindsay contended, therefore, that when the Treaty of Paris was ratified the war ceased and the president should have withdrawn the army. He claimed, therefore, that the institution and maintenance by the president of the military government in Cuba was, and is, without authority under international law and in flagrant violation of the Constitution of the United States. He further urged that such military government was unconstitutional. He declared the president could not use the national forces for the purpose of governing Cuba. He argued, finally, that, in any event, martial law in Cuban courts is without grand jury or petit jury, Neely could not be tried before them without violation of the Sixth, Seventh and Eighth amendments to the Constitution.

FOR \$50 PER MONTH PENSION.

Washington, Dec. 10.—Senator Cullop today introduced bills to grant pensions of \$50 per month to Hannah L. Palmer, widow of General John M. Palmer, and Minerva McClermand.

SAN FRANCISCO, CAL. LOUISVILLE, KY. NEW YORK, NY. For sale by druggists — price 50¢ per bottle.

HOUSE SCORES A RECORD.

PASSES LEGISLATIVE APPROPRIATION BILL AFTER A DEBATE OF LESS THAN TEN MINUTES.

Washington, Dec. 10.—The first of the great supply bills—the legislative, executive and judicial appropriation—was passed by the house today in record time. The bill carries \$24,496,308 and has 131 pages, but there were less than ten minutes' debate upon it. Mr. Bingham of Pennsylvania, who was in charge of the measure, tendered his thanks to the house for the confidence shown in the appropriations committee. It required about three hours for the clerk to read the bill. No other business was transacted.

TOWNE DONS HIS TOGA.

TAKES A SEAT ON THE DEMOCRATIC SIDE OF CHAMBER AND IS WARMLY CONGRATULATED.

Washington, Dec. 10.—Charles A. Towne, recently appointed successor to the late Senator Davis of Minnesota, attended today's session of the senate, and took the oath of office. He was warmly congratulated by many of his colleagues as he took his seat on the democratic side.

No business of importance was transacted in the open session, the senate going into secret session on the Hay-Pauncefote treaty as soon as the routine business had been concluded.

CONFIRMATIONS.

Among the nominations confirmed by the senate today were: Members of the industrial commission, D. A. Tompkins, New York, and C. H. Litchman, New Jersey; R. H. Chamberlain, Iowa, to be collector of internal revenue, District of Hawaii; O. H. Baker, Iowa, to be consul at Sydney; Colonel John F. Weston, assistant secretary of the navy, to be commissary general, with the rank of brigadier general; Pay Director Edward Stewart, to be paymaster general and chief of the bureau of supplies and accounts of the navy department.

WAR TAX CUT TOO SMALL.

DEMOCRATS WILL FIGHT FOR A GREATER REDUCTION—POSITION OF THE MINORITY.

Washington, Dec. 10.—A statement of the views of the minority of the members of the war and means committee on the bill reducing the war revenue taxes about \$40,000,000 was completed and made public late this afternoon. It is signed by the entire Democratic membership of the committee—Messrs. Richardson, Swanson, McClellan, Newlands, Copper and Underwood.

The report says the minority are of the opinion that the proposed reduction in revenues is too small and that the bill does not go far enough in relieving the people of the burdens imposed upon them for war purposes. The remaining taxes, says the report, are unnecessary and should be removed. The minority take issue with Secretary Clegg's estimate of a \$26,000,000 surplus in 1902, and say that if congress observes proper economy in expenditures the surplus ought to be \$100,000,000.

"We therefore are clearly of the opinion that there can safely be a bill passed which would reduce the tax on beer to \$1.50 per barrel, as is proposed, and that if congress observes proper economy in expenditures the surplus ought to be \$100,000,000.

"We therefore are clearly of the opinion that there can safely be a bill passed which would reduce the tax on beer to \$1.50 per barrel, as is proposed, and that if congress observes proper economy in expenditures the surplus ought to be \$100,000,000.

STANDS BY THE COMMITTEE.

REPUBLICAN CAUCUS VOTES TO SUPPORT THE WAR TAX MEASURE AS PRESENTED.

Washington, Dec. 10.—The Republican house caucus on the war revenue reduction bill decided tonight by a large majority to stand by the bill as now drawn and reported by the ways and means committee. There were about a hundred members present, and the vote to support the bill stood 63 ayes to 23 noes.

The resolution finally adopted was offered by Representative Hepburn of Iowa as follows: "Resolved, That the recommendations made by the committee on ways and means on house bill No. 12,394 are judicious and merit the approval of this conference, and we recommend that all the Republican members of the house be urged to vote against all amendments and for the passage of the bill."

Two other resolutions were put before the conference. One, framed by Representative Pearce of Missouri, provided for a reduction of the tax on beer to \$1.50 per barrel, lost, 45 ayes, 68 noes. Representative Roberts of Massachusetts moved that the tax on beer be reduced only 10 per cent and a reduction on tea be made from 10 to 5 cents per pound. The motion was lost almost unanimously.

SECRETARY HAYS STORY DENIED.

PREMIER WILL NOT RESIGN WHATEVER THE OUTCOME ON CANAL TREATY, WHICH THE SENATE AGAIN CONSIDERS.

Washington, Dec. 10.—The senate spent almost five hours today in executive session considering the Hay-Pauncefote treaty. There were five or six speeches made, some of them by senators who had not spoken hitherto upon the treaty and others by senators

CHEW AND SMOKE.

NOT MADE BY A TRUST.

who had previously expressed themselves. Among the latter was Senator Morgan, who returned to his former speech, elaborating somewhat his position as to the effect of the Clayton-Bulwer treaty. He took issue with Senator Teller as to the purport of the first clause of that treaty, claiming that it applied only to Great Britain's right to fortify the Nicaragua canal itself.

Senator Teller replied at some length, asserting the provision was of more general import, as, he said, any one could ascertain for himself by reading President Buchanan's views upon the subject when he was minister to England. The declaration then made showed plainly, he said, that England had attempted to extend her rights beyond the immediate vicinity of the canal. Senator Teller then proceeded again to elaborate his views upon the general subject, repeating his declaration that the United States should construct the canal regardless of the English position and without going through the formality of ratifying the pending treaty.

During the day speeches were made by Senators Money, Stewart, Frye and others. Senator Stewart announced that he was for the treaty without the amendment, and Senator Money that he was against the treaty in any form. The possibility of Secretary Hay resigning in case the foreign relations committee amendment to the treaty should prevail having been alluded to, Senator Frye said he was in position to make official denial of that report; that the secretary had no such intention. Senator Frye announced himself as favorable to the Hay-Pauncefote treaty.

CHICAGO GRAIN MARKETS.

Chicago, Dec. 10.—In wheat today there was a moderate trade, the range keeping within 1/4 to 1/2 c. The feeling was weak, and lower prices ruled early, followed by a steadier tone, but the advance was not maintained. The market closed showing 1/2 to 1/4 c. decline. There was liberal selling by longs, also commission houses on open orders, and general lack of outside support. Lower cables, large receipts and fear of a liberal addition in the visible were among the strong influences. January declined to 70 1/2 and May to 72 1/2. Liverpool spot was unchanged, with futures 3/4 penny lower. The clearings were fairly liberal, at 560,000 bushels, and the seaboard reported eight boatloads accepted. The market rallied toward the close on efforts to realize by buyers on the advance, the latter being caused by a surprise in the visible, a decrease of 65,000 bushels being reported.

Corn opened active, with less doing later, the range being 1/2 to 1/4 c. for December and 3/4 for May. The market was weak at the start, influenced by favorable weather, increased country offerings and lower cables. Commission houses and elevator interests sold December and May, but the former went to 1/2 premium. The market rallied some later, but the upturn failed to hold and at the close December was 1/4 lower, January 1/2 off and May 1/4 down. Liverpool spot was steady to 1/4 penny lower, with futures down 1/4 to 1/2 c. There were few offerings by professionals in the last half hour, influenced by the decline in wheat, and the prices sold off sharply.

Oats were weaker and lower, with a fair trade. The feature was liberal selling of May by elevator interests and commission houses. The visible decreased 44,000 bushels.

The leading futures ranged:

Table with 4 columns: Opening, Highest, Lowest, Closing. Includes May Wheat, May Corn.

The movement of flour and grain was:

Table with 2 columns: Receipts, Shipments. Includes Flour, Wheat, Corn, Oats.

WALL STREET STOCKS.

New York, Dec. 10.—The effect of the doubtful outlook in the money market was clear today in the small volume of business in stocks. The money market showed no sign of stringency and no liquidation was precipitated. In fact the buying overbore the selling and there are more net gains than losses as a result of the day's operations.

The buying seemed to come from uncovered shorts, judging from the fact that those stocks which suffered most from the recent depression were foremost in demand today. This was notably true of the steel group, led by Tennessee Coal, which has been the object of a prolonged raid by the bears at the expense of 20 points in the value

of the stock. The rally of 4 1/2 points at the extreme high point today therefore seems moderate. The other members of the steel group moved in sympathy and gained upwards of a point all around with the exception of Steel & Wire. While it recovered at one time to above Saturday's level, it closed weak and affected the whole group.

The strength of sugar was attributed to reports of an oversold condition in the trade, indicated in advance in the selling price of refined sugars by the independent refiners. Other industrial stocks showed sharp recoveries with no news to explain the movements beyond the obvious fact that they have recently been sold short by professional operators.

The movement in the railroad list seemed to be due to the same cause, but was much narrower. The Erie stocks were much less active, although first preferred and second preferred at one time advanced 1/4 and 1/2 points respectively. The Pittsburgh, Chicago Cincinnati & St. Louis stocks rose 3/4 points each on light demand which, however, brought out very little stock. Closing prices were as follows, Paine, Webber & Co. furnishing the figures:

Am Zinc 99 1/2; U S Oil 12 1/2 @ 12 1/4; Cent Oil 13 1/2 @ 14; Elec Com 37 1/2 @ 37 1/4; Bisc Pfd 91 @ 91 1/4; Tin Com 45 1/2; Tin Pfd 88; Oil Pfd 88 1/2; Nat Stl Com 36 1/2; Amer Hoop 29 1/2; Amer Stl & W Com 42 1/2; N & W Com 41 1/2; N & W Pfd 81 1/2; So Ry 66 1/2; N Y Cent 14 1/4; C & I 13 1/4; Rock Island 11 1/4; St Paul 12 1/2; B R T 7 1/4; Rubber 26; C F & I 52; Am Tobacco 106 1/2; Cont Tobacco 34; O & W 25 1/4; 3rd Ave 116 1/2; Leather 12 1/2; Fed Stl Com 52 1/2; Fed Stl Pfd 77; C & N W 166 1/2; Peoples Gas 98 1/2; Atch Com 38 1/2; Atch Pfd 82; N P Com 73; N P Pfd 82 1/2; U P Com 71; U P Pfd 81 1/2; Mo P 59 1/2; Man 108 1/2; C & O 37 1/2; So Pac 41 1/2; Rdg 64 1/2; Big 4 6 1/2; Mt 166 1/2; Pac Mail 44; B & O Pfd 84 1/2; C & O Com 79 1/2; T C I 61 1/2; C G W 14 1/2; Penna 82 1/2.

RANGE OF MONEY RATES.

New York, Dec. 10.—Money on call, firm, at 4 1/2 to 6 per cent; last loan, 4 1/2. Prime paper, 4 1/2 to 5 per cent. Exchange, weak, demand at 4.84 and sixty days at 4.87 to 4.91.

BOSTON COPPER QUOTATIONS.

The closing prices of the Boston copper stocks yesterday, as furnished by Paine, Webber & Co., Marquette, Mich., were as follows:

Am 69 1/4; Arc 21 1/2; All 2 1/4 @ 2 1/2; Am 5 1/2 @ 5 1/4; B & B 30 1/2 @ 31; C & H 50 1/2 @ 51 1/2.

FAT BABY
Fat is the cushion that nature fills out and surrounds the little ones with, to protect their tender parts—the same with kittens and puppies—fat is not tender. Fat they must have; and fat they must be.
If your baby is anyway short of his rights, give him Scott's emulsion of cod-liver oil.
We'll send you a little to try if you like.
SCOTT & BOWNE, 409 Pearl Street, New York.

CITY BREVITIES.
Weather forecast: Unsettled but not so cold; winds becoming easterly.
Yesterday's temperature: 7 a. m., 12 degrees; noon, 11 degrees; 7 p. m., 12 degrees; maximum, 12 degrees; minimum, 7 degrees.
Miss Sophie Gothe of Ishpeming is here visiting Sheriff Carlson and family.
Walter Fitch, George Hayden and T. A. Hall were up-the-road visitors in Marquette yesterday.
The Ladies' Aid society of the Presbyterian church will have a sale of fancy work tomorrow afternoon at 2 o'clock at the home of Mrs. J. L. Kellan's closing out sale is on this week. He says that his stock must all be disposed of before Saturday, regardless of prices.
William Terril, the Humboldt man who was brought here for an examination for insanity a few days since, will appear before Judge Kelsey tomorrow.
Robert Fowle leaves for Boston this week, where he will accept a position as draughtsman in a naval architect's office. He has resigned the position which he has held at the Lake Shore Engine works.
The firemen responded to another chimney alarm about 4:30 o'clock yesterday morning. They are becoming quite accustomed to being called out at all hours of the night and day for the purpose of making these needless runs.
O. E. Brown, formerly in charge of the copper country department of The Mining Journal, has accepted a position as telegraph editor with The Mining Gazette, Houghton. He assumes his new duties Wednesday of this week.
Dell's grocery is remembering its patrons with handsome 1901 calendars. There are several varieties, all of effective design and finish. Their appearance is a guarantee that they will be preserved and used throughout the coming year.
The funeral of George Walter Ward, the eight-year-old son of Walter Ward, will be held from the residence at the corner of Fourth and Harrison streets this afternoon at 3 o'clock. Bishop G. Mott Williams will officiate. Interment will be in Park cemetery.
The cold weather continued yesterday, although the mercury was not quite so low as on Sunday. What is urgently needed now is a good, heavy fall of snow. Sledding is very poor for the lack of this and it cannot come too soon to please and satisfy all.
Mayor Neidhart has called a special session of the common council for this evening. It is convened for the purpose of bringing the bills incurred on account of smallpox right up to date. A week ago last night the aldermen audited accounts totaling over \$1700.
Jery Farrell, formerly a resident of Marquette, who is now located in Duluth, has been here the last few days attending circuit court. He was a witness in the case of David H. Holmes vs. Edgar B. Foss. He is accompanied by Mrs. Farrell and his children.
The Canadian-Dutch-American bowling combination says that it is ready to meet the Swedes-Scots-Irish crew at any and all times. Its players would like to see a contest arranged for Riverside bowling alley at once and they are willing to stake from \$1 to \$100 on the result.
Fear of smallpox need deter no one from attendance at the opera house this evening for the purpose of witnessing "The Little Minister." The theater was thoroughly fumigated yesterday and is therefore free of any trace of infection which might possibly have been left by some person in the assemblages which have frequented it of late.
At its last meeting the Skandia Aid society named new officers. They follow: Chairman, Alfred Extrom; vice chairman, August Peterson; recorder, Maney Jeanson; financial secretary, O. Olson; cashier, E. Gustafson; marshal, Isaac Stillman; chaplain, O. Malmgren; conductor, S. Bjorklund; inside guard, Martin Johnson.

Think of Your Stomach
If people would think more of their stomachs there would be less sickness and suffering in the world. Through sheer ignorance and thoughtlessness, men and women overcrowd their stomachs and injure them with unwholesome food, thus imposing on them work which nature never intended them to do. In this manner the vast majority of people sooner or later become afflicted with some kind of stomach trouble, for it has many forms, including indigestion, constipation, diarrhoea, inflammation of the stomach, etc. Liver and bowel complaints are also often due to nothing but deranged condition of the stomach. It is because people eat food of an unwholesome quality that their stomachs become disordered and fail to perform their duty of digesting and assimilating the food. For relieving and curing every form of stomach, liver and bowel trouble, and for helping and strengthening these organs to perform their functions perfectly, nothing is equal to
Johnson's Stomach Tablets.
They cure scientifically, unafflictingly, permanently. By assisting in the proper digestion of food, and the regular discharge of the waste through the intestines; they keep the blood pure, the system cleaned and toned, and induce health and long life.
Get them from People's Drug Store, Marquette.

ANNOUNCEMENT.
Madame Buddha, world's greatest clairvoyant and trance medium, will remain in this city only till Friday, so call and take advantage of the grand opportunity. She reveals the past, states facts of the present and gives insight into the future without asking a single question. Now, or never, is your chance. This is her farewell tour. Location 239 East Ridge street, opposite new High school. Bell, 664; County, 240.
If you would have one of the Astoria's Twentieth Century pictures at the present low rate, it would be well to call on the Astoria man at once, as the rates are to be changed very soon. (12-4-17)
What knowest thou the worth of Rocky Mountain Tea made by the Madison Medicine Co., thou? A substitute, who scarcely breath a puff of summer. The Stafford Drug Co.
This is the season when one appreciates a well made cup of coffee, such as can be found at Heppner's.
HIGH ART TAXIDERMERY.
Correct and life-like attitudes. Deer heads a specialty. Guaranteed month proof. M. M. Stierle, 201 South Front street. (12-10-17)
There are few ailments so uncomfortable as piles, but they can easily be cured by using TABLET'S BUCKEYE PILE OINTMENT. Relief follows its use, and anyone suffering from piles can not afford to neglect to give it a trial. Price, 50 cents. In bottles, tubes 75 cents. The Stafford Drug Co.
A cold, cough or (agrippe can be "nipped in the bud" with a dose or two of FOLEY'S HONEY AND TAR. Beware of substitutes. The People's Drug Store.
ANNUAL MEETING.
First National Bank, Marquette, Mich., Dec. 6, 1900. The annual meeting of the stockholders of the First National bank of Marquette, Michigan, for the election of directors, and for the transaction of any other business which may properly and legally come before said meeting, will be held at the banking house of said bank on Tuesday, January 8, 1901, between the hours of 10 o'clock a. m. and 12 m. of said day.
At said meeting a proposition will be submitted to amend article three (3) of the articles of association of said bank, so that said article shall provide for six (6) directors instead of five (5) as at present. E. H. TOWARD, Vice President.
F. J. JENNISON, Cashier. (12-8-17)

CLERK AND CARRIER EXAMINATION.

AN OPPORTUNITY FOR ENTERING THE FEDERAL SERVICE WILL SOON BE OFFERED IN THIS CITY.

The United States Civil Service commission announces that on Dec. 15 an examination will be held in this city for the positions of clerk and carrier in the postoffice service. An examination was recently held which failed to result in a sufficient number being passed to meet the needs of the service, consequently it is necessary to hold another. Persons who have been examined for the position of clerk or carrier within the past year and failed to pass may be re-examined on filing new applications in due time.

This examination offers an excellent opportunity for entering the Federal service to bright, energetic young persons who are not afraid of hard work. The commission hopes that a sufficient number of intelligent, active persons will present themselves for this examination. It may be stated that there is a wider field for advancement upon merit in the Federal service than in many private employments, not only by promotion in the same office but by transfer to other parts of the service.

The nature of the examination is a test of practical, general intelligence and of adaptability to postoffice work. The age limitations for this examination are as follows: Clerk, not less than eighteen years; carrier, between twenty-one and forty years. Applicants for male clerk and carrier must present a medical certificate. Applicants for carrier must be at least five feet, four inches in height, and weigh not less than 125 pounds. Female applicants are not required to have this certificate.

This examination is open to all citizens of the United States who may desire to enter the service and comply with the requirements. All such persons are invited to apply but attention is invited to the fact that from those certified the department usually selects for appointment eligibles who are residents of the district in which vacancies exist. Applicants will be examined, graded and certified with entire impartiality and wholly without regard to any consideration save the ability as shown by the grade attained in the examination.

For application blank, full instructions, specimen examination questions and information relative to the duties and salaries of the different positions, application should be made to J. E. Trembath, local secretary of the postal board. Applications must be on file with the secretary before the hour of closing business on Dec. 7.

SPECIAL HOLIDAY RATES.

The officials of the South Shore line have issued circulars announcing the rates of fare to prevail during the holiday season. In sections where a four-cent per mile rate is charged the special rate for round trip tickets will be a fare and a fifth; where three-cent rates are charged the special rates will be one and a third fare for the round trip. Tickets will be on sale Dec. 23 and will be good for return until after New Year.

The South Shore people have arranged an excursion from upper peninsula points to Canada. One fare for the round trip will be charged from all points in this section, regardless of whether a three or four-cent rate is charged regularly. Tickets will be on sale from the 13th to the 16th, inclusive, and will be good until Jan. 7. It is understood that quite a number of upper peninsula people plan on visiting Canadian points during the holidays.

THAT THROBBING HEADACHE

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by The Stafford Drug Co.

SUNDAY SCHOOL OFFICERS.

The newly elected officers of the First Methodist church Sunday School society are as follows: Superintendent, James Francis; first assistant superintendent, R. D. Goodney; second assistant superintendent, Richard Quayle; secretary, James H. Martin; first assistant secretary, Harvey Watters; second assistant secretary, George Davis; treasurer, R. D. Kellow; chorister, T. F. Francis; Miss E. Kellow; door keeper, R. Hambley.

Preparations are under way for an entertainment at the church on Christmas night. The affair will be handled by members of the Sunday school. An interesting program is being arranged and all who attend the entertainments will have reason to feel satisfied. Many fine Christmas entertainments have been given at this church in years past and this one will certainly not be an exception.

HE WAS CALF ENOUGH.

Some of the physicians who have been busy vaccinating people the past few weeks, since the small pox scare struck this section, can tell some very amusing things in connection with their work. As a rule the smaller children object to being "scrubbed" and sometimes they say comical things. Dr. N. D. Kean of the Winthrop has a story which will bear relating. One day last week he was busy in his office, a large number having called that day to be vaccinated. A lad about five years of age came in. Looking up at the doctor he said: "Oh, say, doctor, ma says the stuff you put on our arms comes from a cow; now, my ma says she don't want you to put any of that stuff on me 'cause 'cause, I see calf 'nuff now."

TO THE DEPUTIES' MEETING.

State Consul C. J. Byrns, of the Modern Woodmen of America, left Sunday evening for Rock Island, Ill., where he will attend a three-days session of the National Deputies' association, of which he is president. Much important business calculated to advance the field work throughout the jurisdiction of Woodcraft will come before the deputies assembled. From Rock Island Mr. Byrns will go to Detroit, where he will represent the Woodmen society at

STILL GATHERING LAURELS.

A FORMER ISHPEMINGITE, NOW A FAMOUS ARTIST, WILL SOON PUBLISH ANOTHER BOOK.

The many Ishpeeming friends of Will Bradley, the famous artist of poster and cover-design repute, will be pleased to know that he continues to attract the attention of the leading publishers of this country. His work is so original and unique that it never fails to excite admiration. He some time since published a book containing a great many original designs which were much admired and highly prized by the Ishpeeming people who were lucky enough to receive copies of it. The last number of the Ladies' Home Journal contained the following mention of a new book published by him:

"Will Bradley, the famous artist of poster and cover-design repute, has done all the pictorial work on a little book called 'In Days to Come,' which tells a great deal of what 'The Ladies' Home Journal' will contain in 1901. The little book is artistic and quaint; Mr. Bradley's name is a guarantee of that. If readers who fail to see it will send their names and addresses, with a cent in postage stamps enclosed, a copy will be sent."

On another page of the Home Journal Mr. Bradley is mentioned as designer of an eight-page illustration, showing a woman's day in her home from morn till eve. She will be pictured at her breakfast, at her boudoir, in the library, at a reception in the nursery, on the lawn, at dinner, and in her chamber. In these pictures Mr. Bradley will give his original treatment and decoration of each room of a house. All the draperies, wall papers and furniture will be of his own design.

The January number of the Home Journal will be eagerly awaited by the artists of Ishpeeming. Mr. Bradley is admired by many here because he has made such a success of his work, unassisted by anyone. When a lad of about fourteen years of age he began work in a printing office here. He advanced rapidly, saving his earnings until he was able to go away. He applied for a place with Rand, McNally Co., of Chicago, and after some months was given a position as office boy, working at a salary that was insufficient to pay his board. After spending six months or more there his funds began to run low, so he returned to Ishpeeming and again went to work at his trade as printer. Remaining a year or so, he saved sufficient money to give him another start with the big concern. He was not with Rand, McNally & Co. very long the second time until the artists of the firm recognized in the young fellow a remarkable aptitude for his particular style of artistic work. He labored every spare moment he had in getting up original designs, and until finally the men at the head of the institution began to realize that he was worthy of something better than the position of office boy. They decided to give him a chance. He steadily advanced, and now, within an interval of some thirteen or fourteen years, he is numbered among the "top-notch" artists of the country.

Bradley is a natural born artist. His father was a famous artist, but died when Will was too young to receive instruction from him. When a boy laboring at the printing trade here he used to surprise all who chanced to see his work with the pictures and posters he used to turn out with a common paint brush. He is a rapid and skillful worker and his friends here have often wondered how he brought out the many unique designs that he got out along the lines of artistic painting, etc.

DEATH OF MRS. DECAIRE.

Mrs. John Decaire, an old and well known resident of Ishpeeming, died yesterday morning at 9 o'clock at her home on East High street. Cancer was the cause of her taking off, she having suffered from it for some time past.

The deceased was about fifty-seven years of age and is survived by her husband, and one child. The funeral will take place tomorrow morning with religious services at St. Joseph's church, interment taking place in the Ishpeeming cemetery.

WILL BE HERE THURSDAY.

Will Wagner, representing Siegler Bros., will be at Ed Girz's jewelry store Thursday, Dec. 13, from morning until evening, showing a very choice line of goods suitable for holiday gifts. He will be pleased to have a call from old friends and patrons. (12-11-10)

ISHPEMING IN BRIEF.

Mrs. G. D. Beech was down from Champion yesterday on a visit to her sister, Mrs. C. T. Fairbairn.

George Hibbard, Jr., of Marquette, has taken a position at the South Shore company's transfer station here.

Will Adams of Marquette came up from Marquette Sunday evening on a few days' visit with friends here.

Miss Alma Johnson, who has been working at the millinery business in a Wisconsin town, has returned to her home in Ishpeeming to remain some time, the season for her work having closed.

The public auction sale of Steele & Mills' stock of dry goods and furnishings was postponed yesterday for a few days. The date of sale has not been fixed and it may be ten days or so before it will take place.

Marshal Farm desires to give notice to all owners and drivers of horses that they should have bells on their harnesses. There is a city ordinance regulating this matter and the marshal will endeavor to make all live up to it.

Operations on the Lake Superior & Ishpeeming railway line have been suspended for the winter. The men employed on the line, including engineers, firemen, conductors, switchmen, etc., were laid off last week for the remainder of the winter.

In the drawing for a suit of clothes conducted by Christ Rasmussen, the tailor, at his shop on Main street Saturday evening, Carl Tellefsen held the lucky number. In two previous drawings Rasmus Johnson and Fred Edwards were winners.

The members of St. John's church choir, who will conduct an entertainment at the opera house on the evening of the 27th inst., are selecting excellent talent to take part in it. Tickets are being offered for sale at 25 cents each, and no extra charge for reserved seats.

Michael Nugent has an offer of a position from Patrick Malloney, who is conducting a very successful plumbing and steam fitting business in Chicago, and will probably accept it. Mr. Malloney is an Ishpeeming boy, and learned the steam fitting business while a resident of this place.

If you see a person walking with his left side dead-like, you can depend upon it that he has been vaccinated and that it is "taking." There are a great many here now who simply exclaim "keep off, please" when you get within reaching distance of them. Some arms are quite the order.

The ladies of Calvary Baptist church will conduct a Christmas sale at 116 South Main street next Friday afternoon and evening. They have prepared a number of articles which will be very appropriate for holiday gifts. These will be offered for sale at reduced prices. Refreshments will also be served.

The cold snap caused a number to think of their water pipes. Several who had not taken the precaution to see that they are properly protected against the cold weather lost no time in getting the plumber to look them over. With such a small amount of snow on the ground and the temperature near the zero mark it would not be surprising if a number would have trouble with frozen pipes, though none have been reported to date.

J. Sellwood & Co. have put in a complete line of the Pflugradt Co.'s confectionery for the holiday trade. The assortment of box goods is especially attractive. F. C. Bennett, the company's upper peninsula salesman, is taking many orders for holiday goods. Fred does not have to do much urging to sell the goods, as they speak for themselves. The Pflugradt factory is being enlarged and additional hands are going on, this being necessary on account of the constantly increasing business.

The reception and dance to be tendered friends this evening at the Anderson hall by Mr. and Mrs. A. W. Myers, Mr. and Mrs. M. M. Duncan, Dr. and Mrs. J. Vandeventer, Mr. George W. Hayden and Mrs. Barbour, will be an important society function. From 8 until 10 o'clock the time will be consumed in receiving. Meanwhile Trombley's orchestra will render a program of choice overtures, a lot of new music having been procured for the event. The complete orchestra will be in attendance.

WHEN YOU are feeling tired and out of sorts you will find Hood's Sarsaparilla will do you wonderful good. Be sure to GET HOOD'S

THE MEETING OF THE MICHIGAN BRANCH OF THE FRATERNAL CONGRESS.

He will be absent from the city about ten days, taking in several points in the lower peninsula before returning.

"I'm Simply all Worn Out."

The story is the same, no matter what her station in life may be. If she is one of the favored daughters of wealth, if she belongs even to the realm of the "well-to-do," or— If she belongs to the unnumbered thousands who must work in order to live—

The story is just the same; all suffer from about the same cause, and in this suffering "peculiar to women," all reach the same level, and all are of the same family.

When a woman is nervous and irritable, head and back ache, feels tired all the time, loses sleep and appetite, has pains in groins, bearing-down sensation, whites and irregularities, she is not "worn out," but feels as if she were.

Such symptoms tell her that a womb trouble is imminent, and she cannot act too promptly if she values her future comfort and happiness.

The experience and testimony of some of the most noted women of America go to prove, beyond a question, that Lydia E. Pinkham's Vegetable Compound will correct all such trouble at once by removing the cause and restoring the organs to a healthy and normal condition. If in doubt, write Mrs. Pinkham at Lynn, Mass., as thousands do.

MRS. KELLOGG'S STATEMENT.

"One year ago I read a letter in a paper telling how much good one woman had derived from Lydia E. Pinkham's Vegetable Compound. I had been sick all winter, and was nearly dead, as the medicine the doctor gave me did me no good. I had kidney complaint, leucorrhoea, itching, bearing-down feeling, and painful menstruation. I wrote to Mrs. Pinkham, describing my trouble, and soon received an answer telling me what to do. I followed her instructions and have taken nine bottles of Vegetable Compound and used one package of Sensitive Wash and one box of Liver Pills. I am well now, do not have those sick spells at the monthly period, but can work all day, and that I never could do until I began taking the Compound. I cannot praise the Compound too highly.

"I do hope every suffering woman will learn of the Pinkham remedies and be cured as I have been. I wish all success to the Compound; it has done wonders for me, and I am so thankful."—MRS. GENIE KELLOGG, Berlin Heights, Ohio.

\$5000 REWARD Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters we are constantly publishing, we have deposited with the National City Bank, of Lynn, Mass., \$5,000, which will be paid to any person who will show that the above testimonial is not genuine, or was published before obtaining the writer's special permission.—LYON & CO., Publishers, Marquette, Mich.

DEATH OF MRS. JOSEPH PENGLASE.

HER DEMISE CAUSES GENERAL REGRET THROUGHOUT THE CITY.

The announcement that Mrs. Joseph Penglase had died Sunday night cast a gloom over the greater part of Negaunee's population yesterday. Although she had been very ill during the latter part of last week it was not supposed even by her most intimate friends that she had no chance of recovery. Mrs. Penglase was an unusually strong woman and it was seldom that she complained. During the last month, however, she was not in good health, though she maintained a cheerful demeanor, and continued to attend to her household duties until she was forced to take to her bed.

The deceased was twenty-seven years of age. She was raised in this city and was known to nearly everyone here. Those who knew her best were her dearest friends, as she possessed a most kind and loving disposition. Before marriage her name was Finlay, she being a daughter of John Finlay, the Mesaba ranger. Later he went to British Columbia, where he is now working, leaving his family at Hibbing, Minn.

Mrs. Penglase was an active member of the Mitchell Methodist church, where she was always prominent in work calculated to benefit the society or its members. She was also active in the Daughters of Rebecca, being the society's presiding officer at the time of her death. About five years ago she was married, and is survived by her husband and one child, a daughter, about three years old. The funeral will take place Wednesday afternoon at 2 o'clock from the Mitchell Methodist church.

SAW THE FAT CATTLE.

TWO NEGAUNEE MEN WHO THOROUGHLY ENJOYED THE BIG STOCK SHOW IN CHICAGO.

J. D. Campbell, who spent part of last week at the Chicago stock show, is enthusiastic over what he saw there. He is a great lover of the stock and was very much interested in some of the animals on exhibition. He has a picture of the famous "Champion Steer Calf," which was bred by B. R. Pears of Creston, Ill., a friend of Mr. Campbell's. The animal was raised on the Woodlawn stock farm. It is seventeen months old and weighed the scales at 1,439 pounds. Just before John left Chicago the steer was sold for \$150 per pound, or \$214.50. A meat dealer who wanted the beef for his Christmas trade bought the "calf." He did not imagine that he would get the money back on the sale of the meat, but thought the advertising he would get out of it would be worth all he paid for the animal.

E. C. Anthony was also very much impressed with the stock show. On Saturday he purchased and shipped from there a fine calf of the bull, the animal arriving here yesterday. It will be sent to the Taylor & Anthony farm at Low Moor.

The Pole Angus stock put on the farm last spring are thriving wonderfully. Mr. Anthony reports that the head of the cow herd this year has increased from 20 to 25 per cent in weight during the few months they have been on the farm.

ROBBED THE GRAVE.

A startling incident of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts., guaranteed, at The Stafford Drug Co.

CHRISTMAS CANTATAS.

The members of the Mitchell Methodist church Sunday school society are having rehearsals regularly for the production of a Christmas cantata at McQuinn's opera house on Christmas night. There will be between fifty and seventy-five voices in the chorus. In years past some very pleasing cantatas have been given under direction of the choir, and the leading members of it are taking much interest in their work this year with a view to bringing the entertainment up to the usual standard. W. Alvin H. Bath is directing the work and old as well as young people holding membership in the organization are to take part in it. The price of admission and other particulars will be announced later.

The Presbyterian church Sunday school society will also give a cantata during the Christmas holidays. The date has not yet been decided on. There will be a good many voices heard in the choruses, and the singers will be a number of the best of the entertainment up to the usual standard.

EVERY MOVEMENT HURTS when you have rheumatism. Muscles are stiff and sore and joints are painful. Hood's Sarsaparilla goes right to the spot of this disease, neutralizes the acidity of the blood and cures.

Indigestion, nausea are cured by Hood's Pills.

Have you a cold? A dose of BALLARD'S HOREHOUND SYRUP at bed-time will remove it. Price 25 cts. and 50 cts. The Stafford Drug Co.

The person who disturbed the congregation last Sunday by coughing, is requested to call at The People's Drug Store and get a bottle of FOLEY'S HONEY AND TAR. It always gives relief.

THE PROPOSED RESERVE FUND.

THE NEGAUNEE CAMP OF THE MODERN WOODMEN OF AMERICA FAVORS ITS INSTITUTION.

At the first meeting of all camps of the Modern Woodmen of America held in December the question of a reserve or emergency fund is taken up for consideration. At the last meeting of the Head camp at Kansas City it was decided that the entire membership of the jurisdiction of Woodcraft should be accorded the privilege of expressing their views on the question at the first meeting of their respective camps in December, 1900. For some months past the official paper of the order has contained many articles bearing on the question. Some of the members favor the proposition while others mildly oppose it. A majority, however, seem to favor a reserve of some kind, consequently it is quite certain the delegates at the next head camp meeting in St. Paul will have the authority by a majority vote of the camps of the jurisdiction to adopt a plan whereby a surplus will be set aside to form a reserve fund.

The advisability of having provision made for a reserve fund is quite generally conceded by the membership, but it may be a difficult matter for the delegates at the head camp meeting to determine which of the three plans submitted at the last head camp meeting to adopt. A resolution was adopted at Kansas City setting forth three plans, one calling for not less than twelve assessments a year, another a graded plan whereby members would pay an increased rate of assessment according to age, and the other is the scaling of certificates. That is, the certificates of those who join the order after its adoption into the order a certain percentage of the total amount of certificate will be deducted from it and placed in the reserve fund. By the adoption of this plan the certificates of the old members would not be affected, nor would their assessed rates be increased in any way. In other words, the old members would continue to enjoy the benefit of the low rates they have had in the years past. Not a few who have expressed their views on this plan oppose it on the ground that they do not think it right to give one member any advantage over another, whether he is an old or new member.

The increased rate of assessment all around, affecting the old members the same as new, is the plan least favored. It is argued that by the adoption of this plan the rate of all higher rates that it will not be as easy to keep up the present rate of assessments.

It is very certain that nine-tenths of the camps of the jurisdiction will favor some plan for a reserve fund and that a majority will submit resolutions favoring the two assessments plan. This is said to be the one most favored by Head Consul W. A. Northcote. By having twelve assessments annually none of the members would have any reason to complain, as the insurance would still be among the cheapest to be had and the extra amount raised annually would foot up a handsome sum in a few years. Had the last head camp voted to adopt a reserve fund at the meeting then held the twelve assessment plan would surely have been adopted, as a majority of the delegates in attendance favored that plan in preference to either of the other two outlined.

At the last regular meeting of the Negaunee camp of the order a vote favorable to a reserve fund was cast. No resolutions recommending one plan or the other were adopted, the membership deeming it best to leave that question to the discretion of the delegates at the next Head Camp meeting. Negaunee's vote will be a simple "yes."

FREE OF CHARGE.

Any adult suffering from a cold settled on the breast, bronchitis, throat or lung troubles of any nature, who will call at The Stafford Drug Co. will be presented with a sample bottle of Boschee's German Syrup, free of charge. Only one bottle given to one person, and none to children without order from parents.

No throat or lung remedy ever had such a sale as Boschee's German Syrup. Twenty years ago millions of bottles were given away, and your druggists will tell you its success was marvelous. It is really the only throat and lung remedy generally endorsed by physicians. One 75 cent bottle will cure or prove its value. Sold by dealers in all civilized countries. Get Green's Prize Almanac.

LOCAL LAONICS.

Sam Bashaw has been confined to the house the past few days. He is troubled with a sore leg.

The funeral of Mrs. Joseph Penglase will be held Wednesday at 2 p. m. from the M. E. church.

Captain James Matthews came down from Michigan Saturday and spent Sunday with his family in Negaunee. He returned yesterday.

The funeral of the late Mrs. Felicie Farland, better known as Mrs. Levelier, Sunday morning from St. Paul's church was largely attended by friends of the family.

Miss Lucy Mackenzie came down from Kanton Saturday, bringing Mrs. Carl Moll's two children with her. She reported that Mrs. Moll was somewhat improved when she left there and strong hopes for her speedy recovery are now entertained by the members of the family.

This is the time of the year when the active members of fraternal societies are the busiest in the interest of the organizations to which they belong. The societies, as a rule, select their new officers during this month. Next month the installations will be held and these ceremonies are usually followed by

banquets. Arrangements for a number of these have already been started by committees appointed at the first meeting of the month, when officers for the ensuing term were chosen.

Rev. Brooks of Big Rapids, Mich., preached morning and evening at the Presbyterian church here Sunday. Both services were largely attended and the pastor's discourses were very much enjoyed. Rev. Brooks is an interesting talker and the members of the congregation hope to have him visit them often.

The members of the Ladies' Guild of St. Paul's church will give a ball on the evening of January 18 at McDonald's opera house. The net proceeds will be devoted to some charitable purpose. Tickets will be \$1 each and a number will be disposed of in advance, as the ladies will offer them for sale very soon. Good music will be engaged and all who attend may feel certain of being well entertained.

One of the Ishpeming Co-operative society's teams took fright here yesterday morning and ran away, scattering a lot of groceries about the business streets of the city. Several blocks were covered before the team was stopped. The driver was thrown out shortly after he lost control of the horses, but was not injured. The excitement was the means of bringing a crowd to the streets. The damage, aside from the loss of some of the goods, will not amount to much, as the sleigh was not badly wrecked.

A NEW YEAR'S GUIDE.

There is one book everyone should make an effort to get, for the new year. It contains simple and valuable hints concerning health, many amusing anecdotes, and much general information. We refer to Hostetter's Almanac, published by The Hostetter's Co., Pittsburg, Pa. It will prove valuable to any household. Sixty employes are kept at work on this valuable book. The issue for 1901 will be over eight millions, printed in the English, German, French, Welsh, Norwegian, Swedish, Holland, Bohemian and Spanish languages. It contains a full and complete list of Hostetter's Stomach Bitters, the great remedy prepared by the publishers, and is worthy of careful preservation. The almanac may be obtained free of cost, from any druggist or general dealer in the country.

Upper Peninsula News.

The public schools at Gladstone have been closed, owing to the prevalence of small pox. It is reported that there are three or four cases of the disease in that city.

The Menominee High School Athletic association has been rejuvenated and its members are looking forward to the season 1901. The association has leased the Turner society gymnasium where the members will devote all their spare time to training. Regular classes in gymnasium work will be organized.

The fire tug Menominee River goes out of commission at Menominee this week. This marks the closing of navigation on the river. A few more boats will call for lumber but it is expected that the last clearance in this traffic will be made by December 15. The fishing craft are very busy completing their work before a freeze up.

At Menominee the belief is general that the Algonquin will succeed in keeping the Ann Arbor route open this winter. Last season she was handled by an inexperienced crew but she is now in the care of a seasoned lot of ice fighters. Regular daily trips will be necessary to keep the ice in the channel down. The Algonquin is now doing a nice business in both freight and passengers.

When you need a soothing and healing antiseptic application for any purpose, use the original DeWitt's Witch Hazel Salve, a well known cure for piles and skin diseases. It heals sores without leaving a scar. Beware of imitations. The Stafford Drug Co., and H. N. Meloche, Ishpeming.

The best of wines, liquors and cigars can always be had at Phil Hogan's. HAVE THEM WITH ONE OR EIGHT DAY MOVEMENTS.

FOR HOARSENESS.

Benj. Ingerson, of Hutton Ind., says he had not spoken a word above a whisper for months, and one bottle of POLEY'S HONEY AND TAR restored his voice. It is used largely by speakers and singers. Take no substitute. The People's Drug Store.

CURES CATARRH PERMANENTLY. Nasal Catarrh, Catarrhal Deafness, Catarrh of Head. No cure, no pay. All druggists are authorized by the manufacturers of Bunsen's Cream Catarrh to refund the money where it fails to cure any case of Nasal Catarrh no matter of how long standing. One application gives ease and rest. Bunsen's Cream Catarrh is a new discovery and is the only Catarrh remedy sold on a positive guarantee. No cure, no pay. Price 50 cents. The Stafford Drug Co.

A MOST WONDERFUL CURE. Eminent Physicians Pronounced it Consumption.

Dr. C. D. Warner, Coldwater, Mich. Dear Sir:—I have received great benefit from your White Wine of Tar Syrup. I had a cough and the doctors gave up all hopes of my recovery and pronounced it consumption. I thought that it was death for me. I tried everything that we could hear of, finally one of my friends prevailed upon me to use your White Wine of Tar Syrup. I took one and one-half bottles and am cured entirely. Such medicine I can recommend to those who are afflicted as I was.

Very respectfully yours, JOSEPH E. UNDERHILL, Doland, South Dakota.

THOS. S. SPRACUE & SON, PATENTS. Wayne County Bank Bldg., DETROIT

DOND'S EXTRACT

There is only ONE POND'S EXTRACT, and everybody knows its purity, strength and great medicinal value. Don't take the weak, watery Witch Hazel preparations represented to be "the same as" POND'S EXTRACT. They generally contain "wood alcohol," which irritates the skin, and, taken internally, is a deadly poison. Get genuine POND'S EXTRACT, sold ONLY in SEALED bottles, in BUFF wrappers.

Controls Pain, Bleeding and Inflammation

WE ARE INDEPENDENT!

Another Chapter on A Good Investment.

We have bought, and paid for, one giant Hydraulic and all necessary pipe to bring water to it, and in addition have supplied duplicate parts for all parts of this machine, so that there will be no delay if a breakdown occurs next season.

That Hydraulic leaves for our mines in March, 1901. President Hoff accompanying it—and taking with him a mining engineer and assistant.

Mr. Hoff will stay there all season pushing the work—and doing all in his power to make the season's work productive of big dividends. He is interested just as are all other shareholders. The company is now on an independent basis. ONE HYDRAULIC will pay dividends BUT THREE WILL PAY BIGGER ONES.

We want to send along three of them. The stock is now 10c. Why not buy some of this stock? The company OWNS its property absolutely free from any incumbrance. There is nothing speculative about our proposition. It carries less risk than anything offered today by any mining company that we know of.

Send for our new book—it tells you WHY WE ARE SURE WE ARE RIGHT. Make all checks payable to

BY-PASS ABOUT FINISHED.

It is an Important Part of the Projected Improvements at the Pumping Station.

CONSTRUCTION OF NEW INTAKE WILL BE POSTPONED.

Opinion of Fire and Water Commissioners Seems to Be Favorable to Putting It Off Until the Spring and Summer Months.

THEY HOPE FOR A GOOD FREEZE UP.

Good progress has been made with the construction of the new by-pass at the pumping station during the last few days and it will be completed very shortly.

While the completion of this improvement is in sight, the fact remains that the fire and water commissioners still have nothing as the by-pass will only be useful when it is connected with the proposed new intake and is used in conjunction with it.

The construction of the by-pass was undertaken with the expectation that it would be possible to complete the second intake this fall and winter.

NOT THIS WINTER.

It seems to be the general opinion among the members that there is nothing to be gained by an endeavor to complete the improvements this winter, particularly as it looks from the present conditions, as if it would likely prove impossible to put the new intake in use until the hard weather had passed.

Jewelry, Books and Stationery. MARQUETTE, MICH.

is a well defined apprehension that if the construction of the new intake was undertaken there might be considerable difficulty in carrying it through on account of a shortage of funds.

Then the first of the pipe for the new intake has yet to be received. It is being manufactured by the Rochester Bridge & Iron works and considerable of it is believed to be ready for shipment.

THEY ARE WONDERING.

Meanwhile the fire and water commissioners are wondering what the next two months have in store for them. The exposed end of the intake is responsible for much conjecture.

On the other hand should the winter run along as it does ordinarily it is only fair to anticipate the usual amount of worry and annoyance consequent on the choking of the intake pipe.

A STRONG ATTRACTION.

Presentation of "The Little Minister" Deserves Attention.

"The Little Minister" at the opera house this evening is a strong attraction. The great and acknowledged worth of J. M. Barrie's dramatization of his own novel is in no dispute.

The dramatized form of "The Little Minister" does not follow the book exactly but where changes have been made they are in the direction of improvements.

There is nothing tedious in the way of the speeches in the play, yet it is admirable from a literary standpoint for it has atmosphere and the characters are clearly drawn.

NEW ICE COMPANY.

It Will Engage in Business Here Next Season.

The Marquette Ice company was organized a couple of weeks since with the intention of building a large house and laying in a supply preparatory to engaging in the ice business next season.

The ice will be cut on Lake Superior off Dead River if a sufficient quantity forms there, otherwise on the river whence supplies have been taken in past years.

Do not fail to inspect Heppner's fine assortment of Xmas ornaments.

Many of the best insurance men of this county are cordial enough to admit that there is no policy on earth that is equal to the Aetna's Twentieth Century, which is meeting with popular favor everywhere.

Heppner carries a complete line of holiday candies and cakes.

HOLMES VS. FOSS.

This Case Was Not Finished in Circuit Court Yesterday.

Circuit court will be busy again today with the case of David H. Holmes vs. Edgar B. Foss, the defense having been unable to get all its testimony in yesterday afternoon.

DEATH FROM FREEZING.

James Madosh Perished Near His Home Sunday Morning.

James, the eighteen-year-old son of Dave, is the latest of the numerous tribe of Madosh to join his forefathers in the happy hunting grounds.

IS HE IN THE LAKE?

Many Fear That Mike Fitzgerald Found a Watery Grave.

The disappearance Thanksgiving day of Mike Fitzgerald, a watchman for the Michigan Telephone company, has been noted in these columns.

John Foley, a nightwatchman at No. 1 dock, reports that the missing man was in his shanty the night of his disappearance. He was called out on the dock and when he returned to his headquarters Fitzgerald had disappeared.

Mr. Foley reported his doubts to Mayor Neidhart yesterday and suggested that it might be advisable to drag the lake in the immediate neighborhood of the pocket in question in an endeavor to locate Fitzgerald's body if he really took the fatal slide as is suspected.

QUARANTINE RAISED.

People May Now Come and Go at the Summit House.

The quarantine which was established at the Summit House Sunday afternoon on the discovery of a small pox patient was raised yesterday, much to Dan Curry's satisfaction.

At the Summit all precautions to insure the safety of the guests have been taken. The hotel has been thoroughly fumigated and all the bedding, etc., which the sick man used has been destroyed.

There has been considerable misapprehension outside the city relative to the prevalence of small pox in Marquette. It has been vastly overestimated. An Ishpeming paper, as late as Saturday, stated that there were thirty-five cases in the city.

STILL COMPARATIVELY DULL.

There is Little Movement or Interest in Coppers Just Now.

In coppers all is expectation of the turn from the recent reaction and present inaction. The market is quite dull with prospects that there will be comparatively little activity until the holidays are put out of the way.

For broken limbs, chilblains, burns, scalds, bruised shins, sore throat, and sores of every kind, apply BAL-LARD'S SNOW LIMENTINE. It will give immediate relief and heal any wound. Price 25 cents, and 50 cents.

the rest of the month. The present earnings and prospective earnings of stocks should certainly cause a big bull movement in the near future.

"Wheat opened steady, a shade under the previous close, this due to the influence abroad. Consequently a little short selling drove prices down easily.

CONCERNING SCARLET FEVER.

A Correspondent Offers Some Excellent Advice.

The Mining Journal is in receipt of the following communication relative to scarlet fever.

"Attention has been directed to the fact that a very large number of light cases of scarlet fever have occurred here this fall and winter which have never been reported because no doctor has been called.

"Besides, to allow a child to go abroad, say two weeks after the disease has begun, is to expose every child coming in contact with it to imminent contagion.

"A curious result of our partial sanitary measures is that scarlet fever is not now as common as it used to be, and its dangers are not nearly so well understood.

"Quarantine every rash until at least inspected by the doctor; isolate every sore throat. When in doubt, fumigate. Have mercury on the rest of us, and our children, even where you think no precautions unnecessary.

The following receipt has been handed into The Mining Journal with the request that it be published.

"It has been used to my knowledge in a hundred cases. It will prevent or cure the small pox, though the pitting or cure is filling. When Jenner discovered cow pox, the scientists scorned to accept the theory, and when the most scientific school of medicine in the world, that of Paris, recommended the following as a cure for small pox, it passed almost unheeded.

When the stomach is tired out it must have a rest, but we can't live without food. Kodol's Dyspepsia Cure 'digests what you eat' so that you can eat all the good food you want while it is restoring the digestive organs to health.

Strangers will find Heppner's a very convenient place in which to get a light lunch.

Come hither, O maiden fair and faithful: The desire of thy heart is granted, before thee are the gates of arctic beauty free, 'tis Rocky Mountain Tea. The Stafford Drug Co.

Many have lost confidence and hope as well as health, because they thought their kidney disease was incurable.

For broken limbs, chilblains, burns, scalds, bruised shins, sore throat, and sores of every kind, apply BAL-LARD'S SNOW LIMENTINE.

Every Mother, Expectant Mother or Marriageable Girl can have a practical treatise on motherhood, telling about "MOTHER'S FRIEND" (that will save months of pain and trouble), sent free, by sending name and address of self or friends to THE BRADFIELD REGULATOR Co., Atlanta, Ga.
