Mushrooms, Tomatoes, Cucumbers, Lettuce, Radishes, Parsley, Celery, Squash.

Watch for our Holiday ad next week.

Delf's Grocery

Are You Up to the Mark?

If you wish to be so, the Telephone is indispensable. No one can be up to the mark in this age, without this twentieth century adjunct. Now is the time to get into communication. Not in two hours. Not tomorrow, but immediately. The other fellow often gets the order you might have had, because he has a Telephone in his place of business. Ask the local manager.

MICHIGAN TELEPHONE CO.,
GEO. B. SHERMAN, K. S. BAKER, Gen. Superintendent, Manager.

When in need of

COAL!

GO TO

JAS. PICKANDS & CO.

We handle only the best coals mined, have every facility for prompt delivery and give you the benefit of first quality at right prices. Wholesale and retail.

200 SOUTH FRONT ST., MARQUETTE, MICH.

DEWET OUT OF THE TRAP

Wily Boer Gives the British the Slip After a Running Fight.

DOUBLES ON HIS TRACK.

Then Heads to the Northwest, Where Kitchener Hopes Another of His Columns Will Catch Him.

MORE RAIDS BY BURGHERS

London, Dec. 12.—Lord Kitchener today cabled the war office as follows: "Knox reports from Helvetia (in Orange colony near the Cape Colony border) that he was engaged in a running fight with Dewet, the enemy moving toward Reddersburg, where there is a column ready to co-operate with the other British forces. "Boers attacked a post near Barberton (in the Lydenburg district of the Transvaal). The British casualties were three killed, five wounded and thirteen taken prisoners. The captured men have since been released. "Boers raided the Riverton Road station the 11th. They are being pursued." General Kitchener's message indicates that Dewet has again evaded General Knox. After the latter foiled the Boer general at Coomassie drift, the Boers seem to have doubled back, crossed the Caledon river elsewhere and turned thence northwest in the direction of Reddersburg.

WAR POLICY UNDER FIRE.

LIBERAL SPEAKERS ASSAIL THE GOVERNMENT IN COMMONS.

London, Dec. 12.—Considerable irritation was aroused during today's debate in the house of commons in committee on supply. Sir Robert T. Reid, Liberal, painted a gloomy picture of the conditions in South Africa. He said that after a fourteen months war, costing £5,000,000 a month, anarchy was prevalent and crime was threatened, while this may be followed by a native uprising. An attempt to place the colonies under military rule, he said, would imperil the very existence of the empire. He thought the time had come for offering the Boers terms not inconsistent with British dominion. All ideas of unconditional surrender should be discarded. James P. Brice, Liberal, followed on similar lines. He suggested general amnesty to the Boers now in arms as legitimate combatants. The negotiations, Brice also said, should not be entrusted to Sir Alfred Milner, who was the object of almost universal distrust, including at least half of the queen's subjects in South Africa. The secretary for war, Mr. Broderick, hotly challenged Brice's statements regarding Milner. Mr. Reid's speech, Mr. Broderick asserted, was impracticable, unwise and mischievous. The government was perfectly willing to offer terms for surrender, so long as it could not be interpreted as a proof of weakness and therefore cause a prolongation of the guerrilla warfare.

KAISER'S SNUB OF KRUGER.

VON BUELOW AGAIN EXPLAINS IT—GERMAN INTERESTS, AND NOT FAMILY OR DYNASTY CONSIDERATIONS, THE MOTIVE.

Berlin, Dec. 12.—In the reichstag today the imperial chancellor, Count von Buelow, referring to the complaints which have arisen on account of Emperor William's failure to receive Kruger, went lengthily again into the reasons for the non-reception of Kruger, covering new ground in the statement which he made as to the relations between Germany and Great Britain. The chancellor repudiated the suggestion the government's action was due to any wish or proposal from the English court or government to the emperor or himself (the chancellor). For the emperor, only German national considerations were authoritative. If family relations or dynasty considerations influenced the foreign policy, von Buelow would not remain minister another day.

DENIES ANY ALLIANCE.

The chancellor said the Anglo-German agreement of 1898 did not contain a provision relating to the war between Great Britain and the South African republics. The Yang Tse and Samoan agreements had no secret clauses. When the emperor, in 1898, sent a telegram to Kruger, there was no question of war between the states. It was a matter of filibustering expeditions. The chancellor did not repudiate the telegram whereby the emperor gave a correct expression of his righteous feeling regarding international law. The emperor did not intend to determine German policy forever by that telegram. The chancellor added, "I commit no diplomatic indiscretion in saying that the reception of that telegram outside of Germany left no doubt that, in the event of a conflict with England in Africa, Germany would have to rely solely on her own strength."

EXPULSION OF GERMANS.

Baron von Riechthofen, secretary of state for foreign affairs, referring to

the expulsion of Germans from the Transvaal and Orange Free State territories, said: "It has appeared to me that these expulsions in many cases have been unjustifiable and contrary to the principles of international law, and an expression of this view has been made in London. On the other hand, Germans who have been fighting side by side with the Boers have been dismissed without pay and told 'We did not invite you.'"

AS HOLLAND'S CONSUL.

Amsterdam, Dec. 12.—At the request of The Netherlands government, Germany has telegraphed the German consul at Lorenzo Marques to take care of The Netherlands interests during the absence of the Dutch consul from that port.

ENVOYS OF THE POWERS AGREE.

JOINT NOTE TO CHINA IS DRAFTED AT PEKIN—NOT IN FORM OF ULTIMATUM.

London, Dec. 12.—The negotiations of the powers with regard to the joint Chinese note were concluded satisfactorily yesterday, all the ministers at Peking agreeing to conditions identically as outlined by Count von Buelow, the imperial chancellor of Germany, with the exception of the introductory clause saying the demands are irrevocable, which is eliminated.

London, Thursday, Dec. 13.—The Peking correspondent of The Daily Mail, writing Tuesday, confirming the reports of an agreement as to the collective note, says a committee of the representatives of the powers has been chosen to regulate the conference with the Chinese plenipotentiaries.

ONLY FOUR BRYAN COUNTIES.

MCKINLEY'S PLURALITY IN NEW YORK OVER 143,000.

New York, Dec. 12.—The state board of canvassers today canvassed the state vote. Only four of the sixty-one counties—New York, Queens, Richmond and Schoharie—gave a majority for Bryan. The following is the total vote for president: McKinley, Republican.....\$12,992 Bryan, Democrat.....678,386 Maloney, Socialist Labor.....12,622 Woolley, Prohibition.....22,842 Debs, Social Democrat.....12,859 McKinley's plurality was 143,606. The plurality of Odell, Republican, for governor, was 111,126.

RAN INTO AN OPEN SWITCH.

PASSENGER TRAIN COLLIDES WITH CARS ON A SIDING—TWO MEN DEAD; BOY HURT.

Olean, N. Y., Dec. 12.—A passenger train on the Western New York & Pennsylvania railroad ran into an open switch here today and collided with a string of freight cars on a siding. The dead: JOSEPH KIDD, engineer. A. PATTERSON, fireman. Peggy Moore, a boy who had a mania for riding on trains as they pass through the yards, was probably fatally injured. The passengers were severely shaken.

MANLEY DECLINES THE POST.

YERKES OF KENTUCKY SLATED FOR THE COMMISSIONERSHIP OF INTERNAL REVENUE.

Washington, Dec. 12.—Joseph H. Manley of Maine left for Augusta this afternoon. Before leaving Mr. Manley informed the president that he would decline the office of commissioner of internal revenue, which has been offered him. He expects to be elected speaker of the Maine house of representatives. John W. Yerkes, the Kentucky Republican gubernatorial candidate in the last election, probably will be chosen as the new commissioner.

HOLMES GETS THE OFFICE.

SUPREME COURT SETTLES IRON COUNTY SHIRVALTY CONTEST.

Lansing, Mich., Dec. 12.—The supreme court today granted a mandamus compelling the board of canvassers of Iron county to meet and issue a certificate of election to Herman Holmes as sheriff, instead of Thomas Harvey. The question involved the counting of the votes in the village of Iron River as cast, which the county board declined to do, alleging illegality.

ELEVATED TO THE PEERAGE.

QUEEN DOES HONOR TO HICKS-BEACH AND WHITE-RIDLEY.

London, Dec. 12.—Sir Michael Hicks-Beach, chancellor of the exchequer, and Sir Matthew White-Ridley, who was home secretary in the last cabinet, have been elevated to the peerage.

LOST IN THE BALTIC SEA.

London, Dec. 12.—The steamer Africa, which arrived today at Svaneke, island of Bornholm, in the Baltic sea, reports having picked up the captain and three sailors of the Russian schooner Jota, which capsized off the island of Gotland. Six of the crew were drowned.

PAPER SELLS AT AUCTION.

Chicago, Dec. 12.—The Illinois Staats Zeitung was sold at auction today to Mrs. Margarita, widow of Lyman Raster, who was editor of the paper from 1867 to 1890. The property was bid in for \$50,000, subject to a mortgage for \$150,000.

OBITUARY.

Springfield, Mass., Dec. 12.—Professor Marshall Henshaw, of Amherst college, died suddenly today.

SOLONS OF STATE MEET

Legislature Convenes in Extra Session for Third Time in Two Years.

TAXATION IS THE THEME.

Bill to Levy on the Cash Value of Corporate Property Is to Be Introduced Today.

SENATE MAY KILL IT.

Lansing, Mich., Dec. 12.—For the third time in two years the state legislature convened here today in special session called by Governor Pingree. Consideration of a measure taxing the railroads, telephone and telegraph companies, express companies and other forms of corporate property on the cash value of their property instead of specifically upon their earnings, as under the present law, is the object of the session. After the reading of the governor's message, the taxation bill was noticed in the house, but the formal presentation was deferred until tomorrow. As noticed, the bill provided only for the taxation of railroads, notice being given of another bill to cover other forms of corporate property. Tonight, however, the railroad bill was redrafted so as to include express, telephone and telegraph companies in its provisions. Representative Cheever of Detroit will introduce the tax bill tomorrow. It provides that the state tax commission shall constitute the board of assessors, and all franchises and intangible property shall be taxed, as well as physical property. Senators tonight predict the bill will not pass the senate if it does the house.

ALL HORRIBLY BURNED.

MOTHER, DAUGHTER AND GRAND DAUGHTER BADLY INJURED BY FIRE IN CHICAGO.

Chicago, Dec. 12.—Three women—mother, daughter and granddaughter—were terribly burned tonight while trying to extinguish a blaze to save another from death. The injured: Mrs. Katherine Marousek, aged sixty; will die. Mrs. Fannie Marousek, aged thirty-six; may recover. Miss Lena Marousek, aged seven-teen; may recover. While the grandmother was working at the kitchen stove her clothes took fire. The other two women, in an effort to rescue her, became enveloped in the flames, and all would have perished but for the arrival of neighbors.

FOUND SHOT IN THE HEAD.

ATTEMPTED MURDER OR SUICIDE OF DIVORCE CASE WITNESS PUZZLES DES MOINES POLICE.

Des Moines, Ia., Dec. 12.—Mrs. Jeanette Broadbent, a professional nurse, was found shot in the back of the head today in her room. She may not recover. She claims a man opened the door, shot her and ran away. She cannot describe the alleged assailant. Her own revolver was found with one chamber discharged. A sealed letter addressed to her sister lay on the table. In it she said her revolver had been stolen. Mrs. Broadbent was a witness in the Richardson divorce case, now on trial. The police believe she attempted suicide.

BATTLE THROUGH ERROR.

REVENUE OFFICERS AND SUPPORTED MOONSHINERS CLASH IN ALABAMA—FOUR ARE HURT.

Nashville, Tenn., Dec. 12.—A fight between revenue officers and a party of men whom the officers mistook for illicit distillers in Madison county, Alabama, today resulted in the shooting of four men. Deputy Collector Ramier, of the officers' party, was fatally injured and three men—Dreene, Lloyd and Johnson—of the other party received serious wounds. The latter party thought the officers highwaymen, and both parties opened fire.

RELIEF FUNDS DISTRIBUTED.

GALVESTON FIREMEN HELPED OUT BY THE BROTHERHOOD.

Galveston, Tex., Dec. 12.—Grand Master Workman Sargent and Grand Secretary-Treasurer Arnold, of the Brotherhood of Locomotive Firemen, were here today distributing relief funds among the storm sufferers of their organization. They left tonight for north Texas and will then return to Peoria, Ill., the headquarters of the organization.

CLOSE ELECTION IN BOSTON.

DEMOCRAT WINS FOR STREET COMMISSIONER BY 865 VOTES.

Boston, Dec. 12.—In the municipal election in Boston yesterday, the principal contest was for the office of street commissioner. James A. Galivan of the class of 1888 at Harvard, the famous varsity second baseman,

who had the regular Democratic nomination, defeated John P. Dora, independent Democratic and Republican candidate, by 865 votes. Mr. Dora had held the office for eighteen years. Of the board of thirteen aldermen six are Democrats and six are Republicans, with an anti-machine Democrat holding the balance of power. The common council is strongly Democratic.

Of the outside cities Woburn shifted to the no license column. Chicago elected a Republican mayor and Salem turned from a Republican to a Citizens' candidate mayor. In Newburyport, Mass., Moses Brown, a "stickler" candidate, was elected by a majority of two.

DAVIS ESTATE WORTH \$65,000.

WILL OF THE SENATOR GIVES IT ALL TO THE WIDOW.

St. Paul, Dec. 12.—The will of the late Senator Davis was filed for probate today. It leaves all the estate to the widow. The estate is valued at \$25,000 personal and \$40,000 real property.

EX-KING MILAN AGAIN SMITEN.

"ABOUT TO BECOME ENGAGED" TO AN AMERICAN HEIRESS.

London, Thursday, Dec. 13.—The Vienna correspondent of The Daily Chronicle says a rumor is in circulation there that former King Milan is about to become engaged to "Miss Atzel," an American heiress.

STAGG'S SCHEDULE FILLED.

CHICAGO WILL NOT PLAY IOWA AND MINNESOTA ON THE GRIDIRON NEXT FALL.

Chicago, Dec. 12.—Iowa and Minnesota will not be given the opportunity to play football against the University of Chicago next fall. (This was announced by Coach Stagg today. The reason is that he has five contracts for big games with the following: University of Michigan, Wisconsin, Pennsylvania, Northwestern, and Illinois.

THREE TOTS BURN TO A CRISP.

MOTHER CALLED ON NEIGHBOR, LEAVING THEM IN THE HOUSE.

Tionesta, Pa., Dec. 12.—Fire at Gollinza today resulted in the death of three children of E. W. Grubbs. The mother went to call on a neighbor, leaving the children in the house, when an unexpected pressure of gas came on, overheating the stove and igniting the building. The little ones, aged five years, two years and six months, were burned to a crisp.

STANDARD OIL LOSES A COURT.

NEBRASKA SUPREME COURT ORDERS PRODUCTION OF BOOKS.

Lincoln, Neb., Dec. 12.—The supreme court today issued a formal order to the Standard Oil company to permit the attorney general to inspect the books of the company, giving a communication to Judge Shinn that led to a whispered consultation between the court and the attorneys on both sides. The judge again ordered the jury to continue its deliberations. The contents of the communication were not made public. After the jury left the room the attorneys for the state held a consultation behind closed doors. At ten tonight Judge Shinn again sent the jurors to bed, directing them to resume their deliberations at 3:30 o'clock in the morning.

MORRISON JURY STILL OUT.

AGAIN REPORTS NO VERDICT AND IS SENT BACK TO DELIBERATE AFTER NIGHT'S REST.

Eldorado, Kas., Dec. 12.—When the jury in the Jessie Morrison case was called into court this afternoon for the second time, the foreman again reported no verdict, the jury giving a communication to Judge Shinn that led to a whispered consultation between the court and the attorneys on both sides. The judge again ordered the jury to continue its deliberations. The contents of the communication were not made public. After the jury left the room the attorneys for the state held a consultation behind closed doors. At ten tonight Judge Shinn again sent the jurors to bed, directing them to resume their deliberations at 3:30 o'clock in the morning.

REBEL STRONGHOLD TAKEN.

Colon, Colombia, Dec. 12.—Official dispatches have been received from Governor Alban, of the state of Panama, announcing that after a three-days engagement Tumaco, the former stronghold of the insurgent movement, was recaptured by the government troops on Dec. 4.

CZAR IS CONVALESCENT.

St. Petersburg, Dec. 12.—The czar's physicians announce that his malady has run its course and that recovery is proceeding in regular manner. Hence, with his majesty's approval, the bulletins will now cease.

TODAY'S WEATHER.

Washington, Dec. 12.—The following is the weather bureau's forecast for Upper Michigan: Snow and colder Thursday; Friday, fair, except snow near the north shore; brisk northerly winds.

A Positive Woman.

A woman has a right to be positive on matters which are matters of personal knowledge and experience.

Women who suffer from inflammation, ulceration, female weakness, or nervous diseases caused by disease of the womanly organs will find a complete cure by the use of "Favorite Prescription."

Several years ago I suffered severely from female weakness, prostrated and moribund, and used Dr. Pierce's Favorite Prescription with splendid effect.

"Signs are accumulating that this session of congress will be the most extravagant on record," remarks the Baltimore Sun; "that millions will be spoken of and appropriated with as little ado as if they were thousands."

The newspapers are printing a story from Manistee to the effect that R. R. Blacker and Chas. J. Canfield of that city, the latter being his mavor, are going to leave there and go to Chicago to live on account of the way they are being taxed through the work of the state tax commission.

The Nottle brothers, Ed. and James, got back this week from the gold fields of South America.

Miss Anna Cadarete spent the greater part of the week visiting relatives in Marquette.

The employees of the Champion Iron company will be paid Saturday for last month's labor.

The six-months-old baby girl of George Plankey died Monday and was buried Tuesday afternoon.

Charles Carter has returned from Quinness and has taken a position with the Champion Iron company.

Ray Rambler, the sixteen-year-old son of Rev. Rambler, has been very low with typhoid fever at Humboldt during the week. Dr. Sam Beech is attending him.

George Nottle, Richard Carne, John Jeffries and John Charles came up from Quinness early in the week to spend a few days with relatives and friends here.

The young woman who is ill with small pox on a farm two miles out from Champion is getting along nicely. It will not be long now before she is released from quarantine.

A theatre party composed of the Misses Graham, Mercier and Freeman, and Messrs Kruse, Peacock and Moore, too in "The Little Minister" at Marquette Tuesday evening.

Miss Della McNeivins, who came home a short time ago from Minnesota suffering with typhoid fever, has been feeling pretty well of late, though she is not yet out of danger.

Workmen have been engaged tearing down the big Huron Bay trestle during the week. There is an immense amount of timber in the structure, as it is over six hundred feet in length.

The Champion schools will close a week from Friday for the holiday vacation. Appropriate programs are being arranged for the lower grade rooms. There will also be a tree for the little ones.

Sore arms caused by vaccination have been quite common here of late. A number have had to quit work for a few days on that account. George Frei has about as bad an arm as any in the lot.

Mr. and Mrs. Dennis St. John and their daughter, Della, visited Mitchell Belhamer and family here during the week. They stopped off on their way to Escanaba, where Mr. St. John has obtained a position.

Dr. G. D. Beech has been in Chicago during the week attending a meeting of the surgeons of the Chicago, Milwaukee & St. Paul Railway company. He is expected back the latter part of the week. During his absence Dr. H. E. seriously sick. WHITE'S CREAM VERMIFUGE is a worm expeller and tonic to make them healthy and cheerful. Price 25 cents. The Stafford Drug Co.

The disposition of children largely depends upon health. If they are troubled with worms, they will be irritable, cross, feverish, and perhaps seriously sick. WHITE'S CREAM VERMIFUGE is a worm expeller and tonic to make them healthy and cheerful. Price 25 cents. The Stafford Drug Co.

COLD and cough cures are numerous, but the one that leads all others in merit, is FOLEY'S HONEY AND TAR, which is in great demand these days. The People's Drug Store.

There are times when the Americans find that country rather disagreeable. For a stretch of from three to four months rain falls almost continually. Ed. Nottle had not been well for about six months before he came away. Had his health continued good he would have remained a while longer, as he was doing so well that he didn't like to abandon his job. He and his brother

There is considerable copper mixed with the free gold in the Escanaba region. It will be necessary, however, to build railroads and make many other improvements before the best results can be obtained. The syndicate conducting the work where the Champion men were employed is capitalized at \$3,000,000.

DAILY MINING JOURNAL, A Morning Paper Published by the Miner Journal Co. (Limited.)

Subscription Rates: Per month, by carrier, \$1.00; Per year, by mail, \$10.00.

Marquette, Mich., Dec. 13.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

The Washington correspondent of the Detroit Journal furnishes that paper with this piece of news, which will be very pleasing to the people of the upper peninsula generally.

The only information which has reached Washington about the appointments which will be made by Governor Bliss is that of Chase S. Osborn to be railroad commissioner. This reappointment has been decided upon and a number of Mr. Bliss' friends have been informed. It was agreed to some time ago.

"Signs are accumulating that this session of congress will be the most extravagant on record," remarks the Baltimore Sun; "that millions will be spoken of and appropriated with as little ado as if they were thousands."

The newspapers are printing a story from Manistee to the effect that R. R. Blacker and Chas. J. Canfield of that city, the latter being his mavor, are going to leave there and go to Chicago to live on account of the way they are being taxed through the work of the state tax commission.

RHEUMATISM As experience stands, the most promising way to treat an old settled rheumatism is to set up the general health.

Whatever makes health, in other respects, is good for rheumatism. We don't say it will cure it. Sometimes it does; sometimes it don't.

Your chance is better with Scott's emulsion of cod-liver oil than with anything else now known.

By and by there will be a sure cure; it will make a big noise in the world when it comes.

We'll send you a little to try if you like. SCOTT & BOWNE, 409 Pearl Street, New York.

will probably remain here for the winter, and they may not return to South America.

POSTOFFICE TO BE MOVED. The old meat market building occupied by years by Leffler & Hildebrandt is to be remodeled and occupied by the postoffice.

A. J. Rich, the barber, will also be given quarters there. He will put in a stock of confectionery, cigars, soft drinks, etc. The building is sufficiently large to afford nice quarters for both. Mr. Rich may also put in pool and billiard tables, that depending, however, on the space he will have at command.

The Champion Iron company will have the structure remodeled right away. Bids have been asked for and it is expected that the contract will be let soon.

GOES TO THE MESABA. Ed. Johnson, who has held the position of assistant chemist and engineer with the Champion Iron company the past few years, has accepted a place as chemist and engineer at a mine on the Mesaba range.

He will be located at Virginia, and will leave for his new post immediately after the close of the year. The young man's many friends here will be pleased to learn that he has taken a step upward, though all will regret his departure.

FOR PNEUMONIA. Dr. C. J. Bishop, Agnew, Mich., says: "I have used FOLEY'S HONEY AND TAR in three very severe cases of pneumonia, with good results in every case. There is nothing so good. The People's Drug Store."

PENCIL POINTS. John Makinen, the pop man from Neegaunee, called on his Champion patrons Tuesday.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the city of Toledo, county and state aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY. Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1888. A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free.

F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

ELECTED OFFICERS. Bethel lodge, No. 528, F. & A. M., elected the following officers Tuesday evening:

W. M.—F. E. Ketchum. S. W.—A. H. Richards. J. W.—J. H. Vevey. Treasurer—M. D. Morrish. Secretary—G. Carleton. Trustee—Jas. H. McDonald. Grand Master L. E. Wood and Grand Lecturer Arthur Clarke will arrive in the city today to visit the lodge.

USE BORO-CARBOL SALVE. Always the best is the motto of its proprietors. Best possible ingredients, best skill in preparation, best care, best merit, best result. Your druggist will refund money if Boro-Carbol Salve fails to cure Blind, Bleeding or Itching skin diseases. No cure, no pay. Price 25 cents per box. The Stafford Drug Co.

USE BRIGHT'S KIDNEY PILLS. Imitators or those who try to sell substitutes when Bright's Kidney Pills are called for, always say: "ours are as good as Bright's Kidney Pills" thus virtually admitting that Bright's Kidney Pills are the standard. All druggists are authorized to refund the money if Bright's Kidney Pills fail to cure Rheumatism, Backache, Lumbago or any kidney ailment, and are sold on a positive guarantee. No cure, no pay. Price 25 cents. The Stafford Drug Co.

POSITIVELY BEAUTIFUL. You cannot help but admire the progressiveness of the Eudell Drug company in putting in such an exquisite line of holiday goods. The line of perfumes is complete, inasmuch as it comprises all the best makes in packages of varied sizes, small and large. They have, also, some beautiful pieces of bric-a-brac and etc. glass, toilet sets, fine soaps and a line of gift books.

THAT THROBBING HEADACHE. Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by The Stafford Drug Co.

DIED AT THE HOSPITAL. John H. Wood, a sailor twenty-two years of age, died at the hospital yesterday morning. He was taken with typhoid fever a few weeks ago and had just about recovered when he became the victim of an attack of pneumonia. His home was in Detroit and a sister from that city nursed him during his sickness. The remains were

HALLER & RYAN, Musical Instruments... and Sheet Music. A large stock and fine assortment of Claros, Tuba and smokers' Articles. You know the place. (10-20-11)

BOY DROWNED AT NEESHISH. BREAKS THROUGH THE ICE AND FATHER ALMOST LOSES HIS OWN LIFE IN AN ATTEMPT TO SAVE HIM.

A pitiful story of the drowning of eleven-year-old Lawrence Frichette reached the Soo yesterday. He was a son of Mr. and Mrs. John Frichette, who reside on Neeshish Island. The boy, in company with a younger brother, was playing on newly formed ice near their home on Monday morning, and about 11 o'clock the smaller boy gave the alarm that Lawrence was in the water. The father and Gilbert Trempe happened to be near by and hastened to rescue the boy if possible.

The little fellow was about 100 from shore and holding himself up with his elbows on the ice. The father started for the boy with a long pole and got within twelve feet of the lad, when he went through the ice. Mr. Trempe threw a line to the father and helped him on the ice again. Once more Mr. Frichette attempted to reach his drowning boy, this time starting from another direction. Lawrence continued to maintain his position with his elbows on the ice and, apparently unconscious of the real danger he was in and feeling confident that he would be rescued, the boy kept saying, "Hurry up, pa; it's getting cold here."

Again the father ventured to within a few feet of his son and again he broke through the ice. It was a terrible struggle to save Mr. Frichette, who is well along in years and was almost exhausted by the physical strain of the two unsuccessful attempts to recover his son. Trempe again threw the rope to Frichette, but after pulling for a minute the line broke. Trempe ventured out on the ice, tied the rope and made another attempt. Again the rope separated, and for the second time the old man went under water. Trempe then gave up in utter despair, thinking that both father and son must drown, when Frichette appeared above the surface and shouted, "Pull away."

Trempe again ventured out on the ice, tied the rope securely, and after a hard struggle managed to pull Frichette to shore. The unfortunate boy remained in the water with his elbows on the ice for more than half an hour and then, probably exhausted from the intense cold, dropped into the water and was gone. Twenty-four hours later his body was recovered. The remains, accompanied by the grief-stricken father and mother and Gilbert Trempe, were brought to the Soo yesterday by Richard Winters with a team and sleigh and taken to Ryan & Co.'s morgue. It is not known at this writing when the funeral will occur.

State of Ohio, City of Toledo, Lucas County.— Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the city of Toledo, county and state aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

THE DUTY OF MOTHERS.
What suffering frequently results from a mother's ignorance; or more frequently from a mother's neglect to properly instruct her daughter!
Tradition says "woman must suffer," and young women are so taught. There is a little truth and a great deal of exaggeration in this. If a young woman suffers severely she needs treatment, and her mother should see that she gets it.
Many mothers hesitate to take their daughters to a physician for examination; but no mother need hesitate to write freely about her daughter or herself to Mrs. Pinkham and secure the most efficient advice without charge. Mrs. Pinkham's address is Lynn, Mass.

Mrs. August Pfalzgraf, of South Byron, Wis., mother of the young lady whose portrait we here publish, wrote Mrs. Pinkham in January, 1899, saying her daughter had suffered for two years with irregular menstruation—had headache all the time, and pain in her side, feet swell, and was generally miserable. Mrs. Pinkham promptly replied with advice, and under date of March, 1899, the mother writes again that Lydia E. Pinkham's Vegetable Compound cured her daughter of all pains and irregularity.

Nothing in the world equals Mrs. Pinkham's great medicine for regulating woman's peculiar monthly troubles.

PAIN'S OFFICE, 24-26 HUE DES PETITS HOTELS.

Our preparations for the holidays are now complete. Our foreign and domestic purchases have all arrived and been placed on sale; and altogether we exhibit an assortment which is not to be led in Valety and Richness anywhere upon this Continent.

BOUG ON 'OUN Y AFTER I ENGLAND A HEAVY BUYER OF COPPER.

THE NEXT MEETING OF THE MINING INSTITUTE LIKELY WILL BE HELD HERE—MILWAUKEE THE ONLY OTHER BIDDER.

The next meeting of the Lake Superior Mining Institute will in all probability be held in Houghton county. This statement was given out yesterday by one of the officers who resides in Houghton. The convention will be held during the first week in March, and the matter of selecting the place where it will be held will be settled within a week's time.

The people of Houghton county have very cordially invited the members of the institute to make their headquarters for the 1901 meeting in this county. Many inducements have been offered, and if the institute does decide to meet in the copper country the visitors will be well taken care of. The only other invitation that has been received is from the Citizens' League of Milwaukee. A number of the leading manufacturers of that city are exceedingly anxious to have the association convene there for the annual assemblage and will do all they can to land the prize.

Milwaukee has gained the name of the "Convention City," and is evidently trying in this instance to keep up its record in that respect. It would seem queer, however, if the institute should go to Milwaukee, as there is practically nothing there of interest in the way of mining, with the possible exception of mining machinery. It is not thought, however, that the Cream City will be successful in its efforts to secure the convention, Houghton county, apparently, being on the inside track. Just in what village of the county the meeting will be held is something that will have to be decided later. Houghton will try hard for it, and it is expected that Calumet will also go after it.

It was stated by one of the members yesterday that three-fourths of those connected with the institute would prefer to have the convention held in Houghton county. This is principally on account of the great progress in mining in the copper country of late years. The members generally are anxious to see everything that is new in that line and to study it as a body.

The last annual convention was held at Iron Mountain in February, 1900. It was an ideal place for a gathering of the representative mining men of the iron and copper countries, on account of the numerous mines in the vicinity and its central location in the iron district. At that time there were one hundred members in attendance and they were royally taken care of by the people of the city. The convention also attracted the attention of many who were not connected with the organization, but who enjoyed listening to the various discussions on mining topics which took place in the evenings. If the meeting is held in Houghton county next time it is expected there will be an even larger turnout of members than at Iron Mountain this year. Many would come to the copper country, whereas but a comparatively small number would go to Milwaukee.

The officers of the institute who were chosen at the last annual meeting are scattered throughout the iron and copper districts. They are: President—Graham Pope, Houghton; Vice President—C. Davidson, Commonwealth, Wis.; T. F. Cole, Ironwood; J. H. McLean, Ironwood; F. W. Denton, Houghton; M. M. Duncan, Ishpeming.

Managers—E. F. Brown, Iron Mountain; Edwin Ball, Soudan, Minn.; Walter Pritch, Chambers; G. A. Abbot, Hurler; J. B. Cooper, South Lake Linden. Treasurer—A. J. Yungbluth, Ishpeming. Secretary—F. W. Sperr, Houghton.

The president, the five vice presidents and the five managers constitute the council which is the executive body. Its members are the ones who will decide whether the next annual convention will be held at Milwaukee or in Houghton county.

The members generally remain three or four days at the place of meeting and incidentally visit the mines in the vicinity—where there are any. The underground workings, those on the surface and the machinery are carefully inspected and all the latest in equipments and in methods of mining noted. In the evenings the members congregate and papers relating to the industry are read. These opinions in the past have attracted wide attention, as the very best of conclusions are arrived at by men who know thoroughly every point of their business.

Those connected with the mines that are visited by the members of the institute are extremely courteous and take all pains that the visitors are well treated. The people of the association pay all of their own bills and no favors are asked in the way of expenses from local citizens. It has been the custom in previous years for the people of the city where the convention is held to entertain the members at different intervals of the visit. This mark of respect will not be lacking if the institute decides to come to Houghton county. The final decision of the council will be announced in The Mining Journal whenever made.

EDITOR'S AWFUL PLIGHT.
F. M. Higgins, Editor Seneca, (Ills.) News, was afflicted for years with Piles that no doctor or remedy helped until he tried Ducken's Anemia Salve. He writes two boxes wholly cured him. It's the surest Pile cure on earth and the best salve in the world. Cure guaranteed. Only 25 cents. Sold by The Stafford Drug Co.

DeWitt's Little Early Risers are dainty little pills, but they never fail to cleanse the liver, remove obstructions and invigorate the system. The Stafford Drug Co., and H. N. Meloche, Ishpeming.

In biliousness, HERBINE, by expelling from the body the excess of bile and acids, improves the assimilative processes, purifies the blood, and tones up and strengthens the entire system. Price 60 cents. The Stafford Drug Co.

A WHOLE FAMILY.
Rev. L. A. Dunlap, of Mount Vernon, Mo., says: "My children were afflicted with a cough resulting from measles, my wife with a cough that had prevented her from sleeping, more or less for five years, and your White Wine of Tar Syrup has cured them all."

AMYGDALOID THE LOBE STRUCK
It developed yesterday that the Calumet conglomerate had not been reached in No. 5 shaft of the Tamarack, after all. A vein was encountered, however, late Monday afternoon, as stated in yesterday's issue, and this fact misled The Mining Journal's informant, who is a mining man who keeps close to the copper industry in this country, into the supposition that the copper formation struck was the conglomerate. The vein encountered was the overlying amygdaloid, and this fact makes it almost certain that the conglomerate itself will be reached soon—at almost any moment, in fact. Fifty men, working in shifts, are prosecuting the sinking operations in No. 5 shaft with all possible vigor and close watch is kept by the officials on the development work being conducted.

MINING MISCELLANY.
No. 2 shaft of the Tamarack Junior side of the Osceola mine is out of commission this week because of an accident to the machinery Monday. Repairs are in progress and it is expected hoisting will be resumed by Saturday.

ANDERSON IS HEARD FROM.

MISSING HANCOCK MAN FINDS HIMSELF IN DULUTH.

The missing Hancock man, Charles Anderson, has at last been heard from. It was generally supposed that the man was dead, but this opinion was shattered by the receipt of a letter from Anderson written at Duluth. He got on a train while in a drunken stupor and did not realize what he was doing. It took Anderson a long time to come to his senses, but he is the right thing when his vision was cleared up. He will return to his family as soon as possible.

FIRST LOGS SHIPPED.
Heughens & Hall, who are conducting logging operations on the Copper Range railroad, made their first shipments of logs to Calumet Tuesday afternoon. This was the beginning of a very active season in shipments to that firm, and they will continue all winter. A good force of men is employed in the work and things are running along smoothly. The winter promises to be a good one for logging.

NEW BRANCH OPENS MONDAY.
The first train that will be run on the new branch of the Mineral Range road between Keweenaw Bay and Mass City will be on Monday. Regular passenger service will be installed and connections will be made at Mass City with the St. Paul and Copper Range roads.

LOSES TWO FINGERS.
Gus Sandberg, employed in the pattern department at Carroll's foundry, Houghton, got his hand caught in the machinery Tuesday afternoon and two fingers were badly shattered. Amputation of the injured members was necessary.

DEATH OF AN AGED CITIZEN.
John Sullivan of Hancock died at the age of seventy years Tuesday afternoon. The funeral services will be conducted this morning. Mr. Sullivan was an old resident and leaves a wife and eight children.

RHEUMATISM CURED IN A DAY.
"Mystic Cure" for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Sold by Frank Pendill, Druggist, Marquette.

COPPERDOM BREVITIES.
Fred Tascot, who was recently sentenced by Judge Streeter in the circuit court to serve a year in the Marquette branch prison, was taken to that city by Sheriff Lean yesterday.

About three inches of snow fell yesterday. There was no wind and the fall was steady. The sleighing is now very much improved and the teamsters and lumber operators are thankful.

Sol Smith Russell's great play, "A Poor Relation," is booked for the Armory Opera House, Houghton, for Tuesday evening. The company that will present the drama is an excellent one.

A good-sized delegation of Portage Lake people attended the production of "The Little Minister" at the Calumet Opera House last evening. A special was run over the Mineral Range road.

Manager Charles L. Thebo, of the Palace rink, opened up his popular resort last evening. By the size of the crowd that was present the rink promises to be as well up in the public favor as heretofore.

Marriage licenses were issued yesterday by County Clerk Richardson to Tom Jakobson and Miss Ulricka Huessa, both of Jacobsville; Edward Kyllonen and Miss Keranen, both of Hancock; and to James Held and Miss Lizzie Elliott, both of Kenton.

G. W. Black of Houghton royally entertained seven or eight of his friends at his rooms Tuesday night. His most enjoyable evening was spent and the boys—there were no girls present—appreciated their host's hospitality. Elegant refreshments were a feature of the evening.

The New Lake Linden Hotel, at Lake Linden, under the management of Harry Lee, is proving a popular hostelry with the traveling public. A number of very noticeable improvements have been made by Mr. Lee which are evidences of the future success of the house.

The members of Houghton lodge, F. & A. M., will entertain a number of friends at their new headquarters in the Stroby building tonight. The Masons have planned for some time past for this event and will be prepared this evening to have things run in proper order for a good social time.

When you need a soothing and healing antiseptic application for any purpose, use the original DeWitt's Witch Hazel Salve, a well known cure for piles and skin diseases. It heals sores without leaving a scar. Beware of imitations. The Stafford Drug Co., and H. N. Meloche, Ishpeming.

THE BEST SALVE IN THE WORLD IS HANCOCK'S. It is made from a prescription by a widely known skin specialist and positively is the most healing salve for piles, burns, scalds, ulcers, running sores and all skin diseases. There is nothing so good. The People's Drug Store.

The person who disturbed the congregation last Sunday by coughing, is requested to call at The People's Drug Store and get a bottle of FOLEY'S HONEY AND TAR. It always gives relief.

HOLIDAY EXCURSIONS TO CANADA.
On Dec. 13, 14, 15 and 16, the D., S. & A. railway will sell tickets to all points in Canada at half rates. Tickets will be good for return passage until Jan. 7, 1901, inclusive. Children five years of age and under 12, one-half of the adult rates. For full particulars apply to station and ticket agents or Geo. W. Hibbard, G. P. Office, Marquette, Mich. (12-5-16)

FOR CENTURY THE CAPITAL

Washington's rooth Anniversary as Nation's Headquarters Is Celebrated.

ON MAGNIFICENT SCALE.

Governors from Half the States and Envoys from Many Foreign Lands Participate in the Exercises.

CENTENNIAL IS OBSERVED.

Washington, Dec. 12.—With imposing ceremonies, the national capital today celebrated the centennial anniversary of the founding of the seat of the federal government in Washington.

OUTLINE OF THE DOINGS.

Early in the day the president received the governors of the states and territories represented, at the White House, and the model for the proposed new and enlarged White House, to commemorate the day's exercises, was unveiled with suitable addresses.

At 1 o'clock the president was escorted to the Capitol to receive a review of a parade headed by Lieutenant General Miles and including the full military strength of the capital, regulars and militia. About 4,000 men were in line.

EXERCISES IN THE HOUSE.

The imposing exercises in the hall of the house of representatives attracted a distinguished gathering. On the floor were the president, members of the cabinet, senators, ambassadors in full court uniform, Lieutenant General Miles, the governors of more than half the states of the Union, and other notable men, while the galleries were resplendent with the wealth and culture of the nation.

Speaker Henderson called the distinguished gathering to order and briefly explained the purpose of the celebration. Everybody rose and stood with bowed head while Dr. Milburn, the blind chaplain of the senate, offered an impressive invocation.

The address of Mr. Payne of New York, floor leader of the majority of the house, on "The establishment of the seat of government in the District of Columbia" attracted an interesting glimpse into the political machinations of the forerunners and was received with marked attention.

Senator McComas of Maryland followed with an address on "The history of the first century of the national Capitol." It also was well received.

The fervid eloquence of Senator Daniel, who spoke on "The future of the United States and its capital," repeatedly aroused the assemblage to applause.

Senator Hoar of Massachusetts concluded the exercises with a finished, scholarly historical oration.

Coated

Look at your tongue. Is it coated? Then you have a bad taste in your mouth every morning. Your appetite is poor, and food distresses you. You have frequent headaches and are often dizzy. Your stomach is weak and your bowels are constipated. There's a reliable cure: Ayer's Pills.

SENATE PROCEEDINGS.

In accordance with the agreement reached yesterday relative to the celebration of the Washington centennial, the senate did not meet today until 3 o'clock. Under the agreement reached no business was transacted except that having direct relation to the special order of the day.

After a brief delay the senate was informed the house of representatives awaited its coming to proceed with the exercises of the day. On motion of Mr. Hale, the senate as a body, headed by Colonel Ransdell, sergeant-at-arms; Senator Frye, president pro tem, and Charles G. Bennett, secretary, proceeded to the hall of the house of representatives.

At 8:20 the senate returned to the chamber and the session was resumed. Without preliminaries, the senate then, on motion of Mr. Hale, adjourned until 11 o'clock tomorrow.

ACCIDENT TO GEN. MILES.

Lieutenant General Miles had a slight accident while heading the centennial parade in the morning. A break in his horse's saddle girth giving the general a fall, the accident caused nothing save the inconvenience and annoyance of the accident. He soon afterward appeared with other distinguished representatives and took part in the exercises.

Nov. 17 was the exact anniversary, but the ceremonies were postponed until the 12th of December in order to accommodate members of the house of representatives and senate who desired to attend them without making an extra trip to Washington.

Congress fled from Philadelphia because the people of that city showed such active sympathy with the mutinous soldiers, who were clamoring for their pay, and after wandering around among several different places, a commission appointed for that purpose selected the present site of Washington as the most convenient and available location for the federal capital. The land was purchased from the farmers who owned it, and what was termed "The metropolis of the nation" was planned by Major L'Enfant, a French engineer on Washington's staff, with Capitol Hill in the center.

The ceremonies at the Capitol began at 3:30 o'clock and included addresses by Senators Daniel of Virginia, McComas of Maryland and Hoar of Massachusetts and Representatives Payne of New York and Richardson of Tennessee.

A reception by the president to the governors of states at the Corcoran Art gallery tonight closed the festivities.

While the Capitol was being rebuilt by Architect Latrobe and afterward by Charles Bulfinch of Boston, his successor, who carried out his plans, the two houses of congress met in private dwellings. It was not until 1827 that the two wings were completed and not until 1857 that the dome was finished. The total expenditures up to that time reached \$13,000,000. Since that date two wings have been added, with a marble terrace, which have brought the entire cost of the building to \$19,000,000, which is a small sum compared with that expended upon several of the state capitols, which do not approach it in magnitude, dignity or beauty.

In the crypt under the dome is a subterranean chamber, intended as a tomb for Washington, but his family objected to the removal of the remains from Mount Vernon. A "keeper of the crypt" was carried on the pay rolls at a salary of \$600, whose sole business was to keep a light burning in the vault. This practice continued until 1863, when the appropriation was discontinued, and the light, which had burned constantly for fifty years, was allowed to go out.

BILLIARD SCORES.

New York, Dec. 12.—Today's score at the amateur billiard championship tournament was: Schmitt of Chicago beat Peter of Boston, 300 to 288; Hendrick of New York beat Billiter of Minneapolis, 300 to 242.

Pepper carries a complete line of Holiday candies and cakes.

CYCLISTS EASING UP.

Pace Set at the Start too Much for the Six-day Riders.

FAR BEHIND THE RECORD.

Another of the Teams Is Withdrawn, Leaving But Eight of the Fourteen That Entered.

BAD SPILL ON THE TRACK.

New York, Thursday, Dec. 12.—With over fourteen hundred miles cycled in pursuit of prizes in the six-day bicycle race in Madison Square Garden, eight teams were still represented on the track at midnight. The men have not been able to keep up the hurricane pace two days into the contest. For the first two days they kept ahead of the record, but now they are far behind.

Accouturier and his partner, Muller, pulled out of the race at 8 o'clock in the morning. Accouturier was completely exhausted. Muller was heartbroken and wept like a child. Turville and Aaronson have not been able to go back on the track since they were carried out after a serious tumble that occurred at 9 o'clock last (Wednesday) night. Aaronson was declared out of the race at 1 o'clock this (Thursday) morning, thus removing the team—O. V. Babcock of New York and Oscar Aaronson of Brooklyn. Aaronson was removed to Bellevue hospital. Turville said he was all right and would go on again in a little while. Gimm has been maintaining the speed for the team since the accident in almost four hours' hard and steady riding.

Table with 3 columns: Name, Miles, Laps. Elkes-McFarland 1,411 4; Pierce-McEachern 1,441 4; Sinar-Gougoltz 1,441 3; Waller-Stinson 1,441 1; Babcock-Aaronson 1,441 1; Fisher-Frederick 1,440 9; Kaser-Ryser 1,440 9; Turville-Gimm 1,434 ..

ULTIMATUM TO THE MAGNATES.

NATIONAL LEAGUE DIRECTORS HEAR FROM THE PLAYERS—MANY REFORMS ASKED.

New York, Dec. 12.—After trying for two days, the National league magnates finally got into session at the Fifth Avenue Hotel tonight. A committee composed of Rogers of Philadelphia, Soden of Boston and Brush of Cincinnati, appointed by the league to hear the grievances of the Players' Protective association, met and listened to the demands of the players presented by Taylor. After a long discussion the committee promised the players to consider the matter at once and give them a decision tomorrow.

Immediately after the hearing the league's circuit committee, composed of Messrs. Hart, Brush, Rogers and Soden, went into session. The session lasted until 5 o'clock, when a meeting of the league was called. The magnates adjourned at 8:20 tonight. President Young said: "There is nothing to give out for publication. The magnates took up and discussed the subject of the demands of the players. Nothing was done, however. The matter will be taken up at tomorrow's session, and then something may be done. The players' demands were the

only matter taken up at tonight's session.

The circuit committee held another meeting after the league meeting adjourned. What they did was kept secret.

WHAT THE PLAYERS ASK.

A memorandum of the players' demands was submitted to the league today. "Club owners are not to have the right to 'reserve' players at a salary less than that provided for the ensuing year, nor for more than three years. "Club owners are not to buy, sell, assign, trade, loan, accept, select or claim the service of any player for any period in any way, without his written consent. "Club owners are to pay the physicians' fees for injuries received in actual play. "No player to be suspended without pay more than three times during a season, or two weeks at a time. "A committee of arbitration, one member to be chosen by the owners, one by the players and the third by those two, such committee to pass on all differences between the players and owners."

STRIKE SITUATION UNCHANGED.

VICTORY ON THE SANTA FE STILL CLAIMED BY BOTH SIDES.

Galveston, Tex., Dec. 12.—General Manager Polk, of the Gulf, Colorado & Santa Fe railroad, tonight announced that the telegraphers' strike was closed as far as the company is concerned. The telegraphers claim the railroad officials are making offers of better positions to get the strikers to return to work. They claim the traffic on the Santa Fe is congested at numerous places and that the whole Atchison system is losing an enormous sum daily.

BREAKS WITH THE UNION.

Topeka, Kas., Dec. 12.—The Santa Fe railroad has broken off its relations with the Order of Railway Telegraphers. All courtesies prevalent between the road and the operators have been revoked. "We will have nothing further to do with an organization that has proved itself incompetent; that broke its contract to give us thirty days' notice and gave us but thirty seconds," said General Manager Madjes tonight. "That's not saying recognition will be denied the O. R. T. permanently, or under competent management. With the same able and careful management, the O. R. T. would be on the same footing with the Brotherhood of Locomotive Engineers, firemen and other organizations, generally speaking. By breaking their contract with us, they forfeited recognition."

AS STRIKE LEADERS SEE IT.

Wichita, Kas., Dec. 12.—National President Dolphin, of the Order of Railway Telegraphers, passed through here tonight, enroute for Topeka. In reference to the Santa Fe strike he said: "It's my opinion the strike will be adjusted within a few days. I am confident the operators will win the fight."

MAY STOP TONIGHT'S FIGHT.

Topeka, Kas., Dec. 12.—Chairman Newman of the Santa Fe grievance committee, arrived today to confer with the striking operators. Mr. Newman is very sanguine about the ultimate result of the strike. All dispatches he has received indicate, he says, that strike conditions are favorably changing for the operators. With permanent headquarters for the strikers have been established in a hotel here.

CHICAGOAN GETS OUT WARRANTS FOR PRINCIPALS IN MCGOVERN-GANS CONTEST—COUNTER MOVE BY PUGILISTS.

Chicago, Dec. 12.—Warrants for prize fight promoters principals, referees and managers have been issued to Frank Hall by Police Magistrate Wallace. Hall declares he will stop not only the McGovern-Gans contest scheduled for Thursday evening at Tattersall's, but all future glove contests in this city. He even declares he will try to secure a warrant for the mayor's arrest if the permit is not revoked. The promoters of the contests sneer at the complainant, whose efforts they denounce as actuated by spiteful and mercenary motives, and offer to wager \$5,000 that the exhibition will be given. Moreover, in order to head off Hall's threatened action warrants have been sworn out by Houseman himself and served on the principals of Thursday night's fight. McGovern was formally placed under arrest in Milwaukee yesterday. Mr. Houseman's own warrants were served on him last night, and Timekeeper Frank Kennedy and others have been officially notified that they are under "friendly" arrest. Constables in charge of the Houseman warrants will be at the ringside tomorrow night, and it is argued that the power of the warrants secured by Hall and Cavette will be thus vitiated should an attempt be made to execute service.

TO LUMBER IN WASHINGTON.

Wisconsin and Minnesota Men Form Two Companies.

Tacoma, Wash., Dec. 12.—Two new timber companies were incorporated today. The Clearwater Timber company is one of them. It is capitalized at \$500,000, with the following trustees: Frederick Weyerhaeuser and John A. Humbird, St. Paul; Edward Rutledge, Chippewa Falls, Wis.; John F. Glover, Hudson, Wis., and George S. Long, Tacoma. The Humbird Lumber company, also capitalized at \$500,000, with the following trustees: H. Weyerhaeuser, St. Paul; F. A. Dennickman, Rock Island; E. Rutledge, Chippewa Falls, Wis., and Charles Long, also Mr. Humbird of St. Paul, is the other company.

POKER DECIDES AN ELECTION.

ONE CANDIDATE GETS VOTE OF A CANADIAN DISTRICT.

Vancouver, B. C., Dec. 12.—Deciding a parliamentary contest by a game of poker is the latest method of election adopted by pioneer miners in British Columbia. In the election for the representation of the Yale Cariboo district the Canadian house of commons the returns from a remote polling place just received reveal a curious circumstance. The 150-mile house is Cariboo, a pioneer mining locality, went solidly for Gallier, the government nominee. The other two candidates for parliamentary honors receiving a single vote.

Laurier to visit Sydney.

Ottawa, Ont., Dec. 12.—The imperial authorities have expressed a strong desire that Sir Wilfrid Laurier should attend the ceremonies in connection with the opening of the confederated Australian parliament, and it has been decided to visit the Antipodes. The Australian parliament will be opened on May 1 by the Duke of York, and Sir Wilfrid probably will leave here early in April for Sydney. The Canadian pre-

The ladies of the Presbyterian church conducted a Christmas sale yesterday. They did a nice business. James Steele made a score of 215 last night at River's bowling alley, beating the record, which was 208. Mrs. J. T. Dana of Fond du Lac, Wis., concluded a week's visit here last evening, departing for her home. Mrs. Charles McGraw has gone to Canada to spend Christmas with friends and relatives. She will be absent for three weeks. Mr. and Mrs. William Durant left yesterday morning for Meaford, Ontario, where they will spend Christmas with their son, J. Durant. A mild blizzard accompanied with good snow flurries prevailed last evening. The change was noticeable in the temperature which was considerably milder. There was a general exodus of jurymen who have been serving during the present term of circuit court for the city yesterday. All the up-the-road residents returned to their homes. William Terrill of Humboldt was examined for insanity before Judge of Probate Kelsey yesterday afternoon. He will be committed to the Newberry asylum at the earliest opportunity. There will be a regular meeting of Wentworth lodge No. 71, Degree of Honor, at 2:30 p. m. this afternoon. There will be nomination and election of officers. All members are requested to be present. York, the three-year-old son of Eric Larson, 219 Hampton street, died yesterday morning. The funeral will be held this afternoon at 2 o'clock from the residence. Interment will be in Park cemetery. Miss Hoffenbacher, secretary of Red Cross legion No. 209 of the National Protective legion, has just paid to Mrs. Osmond of 328 Morton street \$30. The amount was given her in settlement of a claim for disability for two weeks. John J. Blom recently acquired the title to the house and lot at 122 East Hampton street. The West Ohio street property owned by J. C. Olin has been purchased by Joe Copens. A lot on Prospect street, between Front and Third streets has been sold to William Heals. These deals were all negotiated by the Asire Real Estate agency. Arrangements have been made whereby the new Froebel school will be temporarily lighted with electricity for the benefit of the men who are now engaged with interior work. To date they have been quitting with the approach of darkness but in the future they will be able to get away right up to 6 o'clock. The gain in working time will be noticeable in the increased speed with which the interior work will proceed. The heating plant at the new Froebel school is in operation. Steam has just been turned on and everything works satisfactorily. The Lake Superior Steam Heating Co. of Ishpeming, of which C. L. Anderson of Ishpeming is manager, has completed its contract for the installation of this plant very creditably. It is less than four weeks since the agreement was signed while all the work appears to be finished in first class style. The plant is entirely modern. The fifty horse power Westinghouse motor which will drive the machinery in the new shop at the Lake Shore Engine works was started yesterday. It worked perfectly and apparently handled its load without any apparent difficulty. There is little question of the successful use of the new power. It will be a great improvement over steam in many ways. The second smaller motor which will be used in the old machine shop has not yet been set up but it will be placed in operation very shortly. You can call up Joe Prince's restaurant over either the County or Bell phone. (12-13-16) Drop in to Heppner's and prove for yourself if they do not make the best oyster stews in the town. If you would have one of the Aetna's Twentieth Century policies at the present low rate it would be well to call on the Aetna man at once, as the rates are to be charged very soon. (12-14-16) What knowest thou the worth of Rocky Mountain Tea made by the Madison Medicine Co., thou if not substitute, who scarcely bread it one summer. The Stafford Drug Co. THE LATEST SONG and how it goes is always of interest to some but the condition of one's health should be first in the line of consideration. If you take Dr. Caldwell's Syrup Pepsin you can't have Indigestion or Stomach trouble. That is certain. The Stafford Drug Co. HOW TO CURE CROUP. Mr. R. Gray, who lives near Amenia, Dutchess county, N. Y., says: "Chamberlain's Cough Remedy is the best medicine I have ever used. It is a fine children's remedy for croup and never fails to cure." When given as soon as the child becomes hoarse, or even after the croupy cough has developed, it will prevent the attack. This should be borne in mind and a bottle of the cough remedy kept at hand ready for instant use as soon as these symptoms appear. For sale by the Stafford Drug Co. LADY CORRESPONDENT WANTED. I want to hear from any lady who has Stomach Trouble. I will recommend Dr. Caldwell's Syrup Pepsin and guarantee it to cure. Yours truly, The Stafford Drug Co.

LAW SUIT FOR DALY HEIRS. COURTS TO SETTLE WHETHER MILLIONAIRE WAS A CITIZEN OF MONTANA OR NEW YORK.—INHERITANCE TAX INVOLVED. New York, Dec. 12.—Whether Marcus Daly was a citizen of New York or Montana is a question which may have to be decided by the courts in order to determine the amount of inheritance tax to be collected. The heirs of the late copper king contend that his residence in New York was of only a temporary nature; that he voted in Montana and always claimed that state as his place of abode. Those who look after the collection of the inheritance taxes for the estate insist that this state was the real home of the millionaire. It has been learned that the will of Marcus Daly, delay in the filing of which has caused great speculation, will not be probated in New York. In accordance with the provisions of the will the millionaire was a citizen of Montana, his attorneys will offer his will for probate in Anaconda, Silver Bow county, Montana. William Scallon, the legal adviser of Marcus Daly, has left for Butte, where he will confer with W. T. Mahon, a lawyer of that city, who will present the will for probate. The amount of the fortune left by Marcus Daly is variously estimated from \$20,000,000 to \$35,000,000. It will be difficult to determine just how much the copper king was worth, for in addition to his huge mines at Butte and Anaconda, he owned a large number of other more than sixty mines not developed, all of which promise the inexhaustible yield of those now operated. The holdings of Mr. Daly in New York were large. In addition to his Fifth Avenue home he had interest in several large race courses. CHICAGO GRAIN MARKETS. Chicago, Dec. 12.—In wheat today there was a fair trade, the market, however, keeping within a 1/4 cent range. The feeling was unsettled, but firmer on the whole, the closing showing a 1/4 cent gain. Disappointing cables started the market weaker and in some instances caused timid holders to unload, causing January to weaken to 7/8 and May to 7/8. Liverpool spot was unchanged, with futures steady to 1/2 penny lower. The feeling of the rise in the wheat market, the feature to the trade was liberal offerings of January by commission houses which were readily taken by pit traders and professionals. New York wired that forty-six boatloads had been accepted for export. In corn there was a good trade in the first hour and only a moderate trade later, the range being 1/4 for December, 3/4 for January and 3/4 for May. The opening was easier, with wheat, but the market soon firmed up and the close was 1/4 higher. The country offerings were smaller and elevator interests bought both January and May. Shorts bought December, which was quoted 1/4 over May. The exports were more liberal, at 506,000 bushels, and fifty boatloads were accepted for export. Spot at Liverpool was 1/4 higher, with futures steady to 1/4 lower. Wheat was stronger and higher, and the close showed 1/4 higher. The feature was buying by local shorts and reduced country offerings. The leading futures ranged: —May Wheat— Opening. Highest. Lowest. Closing. 73 74 73 73 —May Corn— Opening. Highest. Lowest. Closing. 35 36 35 36 The movement of flour and grain was: Receipts, Shipments. Flour, barrels..... 57,000 18,000 Wheat, bushels..... 108,000 19,000 Corn, bushels..... 355,000 56,000 Oats, bushels..... 276,000 97,000 WALL STREET STOCKS. New York, Dec. 12.—The activity in a large number of usually dormant securities was taken by the traders today to demonstrate the increased interest in the stock market on the part of the outside public. The lines in these properties were more extensive than in the usual market leaders and extended to 4 points in some cases. Generally speaking, the market during the forenoon displayed great animation and strength, with speculative interest radiating from one group of stocks to another. At the outset the coal stocks were the principal features and generally got well above last night's close on an enormous demand. These properties later on showed the usual partial realization. Heavy buying developed in the slow stocks owing to encouraging reports of the trade outlook. Tin Plate made an extreme rise of 2 1/2 points, but Steel & Wire was most active and a good second with a gain of 2 1/2. Satisfaction over the annual report published by the Brooklyn Rapid Transit company promoted a demand for that stock and strengthened all the tractions temporarily. There was very heavy buying at intervals in the grangers, utilities and some of the Southwestern stocks, with Burlington and Kansas & Texas preferred especially prominent. Unusually large dealings in the Lake Erie & Western stocks caused a rise of 4 and 3/4 points, respectively, for common and preferred, and New York, Chicago & St. Louis first preferred jumped 4 points, to 198. The increase of 1/2 per cent, to 2 per cent, in the semi-annual dividend on the Minneapolis & St. Louis common stock resulted in a rise of 2 1/2 in its price. In the final hour a raid was made on Tennessee Coal and the stock broke 4 1/2 per cent on a rumor that the directors were in session and had passed the quarterly dividend on the stock. This movement unsettled the entire market and the prices fell away rapidly, averaging a point for most of the prominent railroads and extending to 2 1/2 in the specialties. Tin Plate became the most affected. When it became known that the report of dividend action on Tennessee Coal was unfounded, the stock rallied 2 points and all the other stocks recovered somewhat, the speculation leaving off strong again and active. Closing prices were as follows, Paine, Webber & Co. furnishing the figures: Am Zinc 10 1/2; U S Oil 12 1/2; Cent

CHEW AND SMOKE. The Quality, Quantity and Price of This Tobacco Makes it Expensive for You to Purchase Any Other Brand. NOT MADE BY A TRUST. 2 1/2 OZS 5c. UNION MADE. ALL LEAF Long Cut GLOBE TOBACCO CO. DETROIT, MICH.

Two Women Who Died from Being Stung by That Insect. To illustrate that the stings of wasps are often dangerous, a writer in the British Medical Journal on the subject of air stings, has given the following cases which have come under his notice: "A strong, healthy girl of twenty-seven was stung on the neck by a wasp and fainted. On regaining consciousness she complained of a general feeling of numbness and partial blindness, and vomited; she suffered severe abdominal pain. She recovered in the course of a few hours. Two months later she was stung again. This time on the hand. Her face became flushed, she again complained of numbness and blindness, suddenly became very pale, fainted, and died twenty-five minutes after receiving the sting. "Another case was that of a girl of twenty-two, who was stung by a wasp behind the angle of the jaw. The sting was at once extracted and ammonia applied. In a few minutes she complained of faintness and would have fallen if she had not been supported. Her face assumed an expression of great anxiety and a few minutes later she was tossing on the bed, complaining of a horrible feeling of choking and of agonizing pain in the chest and abdomen. Brandy gave no relief. There was nausea, but no vomiting. She rapidly became insensible, and died fifteen minutes after receiving the sting. "The most probable explanation of such cases seems to lie in what is known as idiosyncrasy—that is, abnormal sensitiveness in particular individuals to certain toxic agents. It is well known that drugs vary much in action in different people. What is a safe dose for one is dangerously large for another. The inability of some people to eat strawberries or shellfish is another instance of the same phenomenon. The active agent of bee stings is generally believed to be formic acid. It therefore seems very desirable that we should have more accurate information regarding the action of the drug on different species of the lower animals, and through them on man himself."

Among the tens of thousands who have used Chamberlain's Cough Remedy for colds and grippe during the past few years, to our knowledge, not a single case has resulted in pneumonia. Thos. Whitfield & Co., 240 Wabash avenue, Chicago, one of the most prominent retail druggists in that city, in speaking of this says: "We recommend Chamberlain's Cough Remedy for grippe in many cases, as it not only gives prompt and complete recovery, but also counteracts any tendency of the grippe to result in pneumonia." For sale by the Stafford Drug Co.

Why Have Gray Hair? When it can be restored to its natural color by Mrs. Allen's Hair Restorer? It leaves the hair clean, soft and glossy, no trouble to use. Not sticky, nor greasy, no odor, does not stain the scalp. Absolutely harmless. Price 50c at all druggists. Send 2c stamp for circulars. MRS. R. W. Ishpeming and Vicinity.

AN AUTHORITY ON VACCINATION.

THOSE WHO DO NOT BELIEVE IN IT SHOULD READ WHAT ONE OF THE GREATEST LIVING AUTHORITIES SAYS OF IT.

Since small pox obtained a foothold in the city, and the dread disease has come to be an absorbing topic, people who do not believe that vaccination is of much utility as a preventive are frequently encountered.

"Vaccination is not claimed to be an invariable and permanent preventive of small pox, but in an immense majority of cases inoculation renders the person for many years insusceptible. Communities in which vaccination and revaccination are thoroughly and systematically carried out are those in which small pox has the fewest victims.

"Although the effects of a single vaccination may wear out, as we say, and the individual again become susceptible to small pox, yet the mortality in such cases is very much lower than in persons who have never been vaccinated. The mortality among persons who have been vaccinated is from 6 to 8 per cent, whereas among the unvaccinated it is from 25 to 35 per cent.

Could not express the rapture of Annie E. Springer, of 1125 Howari St., Philadelphia, when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden.

A CHRISTMAS ATTRACTION. Patrons of the local theater here will have an opportunity to witness a pleasing performance Christmas night.

HOLMES GETS VERDICT.

Circuit Court Jury Says That Edgar B. Foss Shall Pay Him Sum of \$2,052.42.

IT IS ASSERTED THAT CASE WILL GO TO SUPREME COURT.

Plaintiff's Award Is Three Per Cent on \$64,900, Which Defendant Paid for Michigan Land & Iron Company's Lands in This County.

WAS FIRST TRIED DURING LAST TERM.

The jury in the case of David H. Holmes vs. Edgar B. Foss awarded the plaintiff a verdict for \$2,052.42, 3 per cent, with interest, on a transaction, in which \$64,900 was involved, between the defendant and the Michigan Land & Iron company. The verdict was announced when court convened yesterday morning, it having been reached the previous evening about 9 o'clock. Thus the second trial of the case is settled. The first hearing was called at the last term of court. The trial consumed two days but came to naught as the jury was unable to agree. It is said that the last is yet to be heard from the case as it is believed to be the defendant's intention to carry it to the supreme court. Steps to that end will likely be taken in due time.

The trial, which has been proceeding the last few days, has created no little interest. The case, as was so at the first hearing, has been closely fought and if it goes to Lansing it will still be argued strenuously. Mr. Holmes has, apparently, a good case and it was well presented but the defense was not without strength while it also was well handled. It is said that the defendant's attorneys are hopeful of the result of an appeal. C. F. Button, F. O. Clark and R. O. Pearl conducted Mr. Holmes case, J. E. Simensen and A. B. Eldredge appearing for the defendant.

MARQUETTE COUNTY LANDS.

Extensive tracts of Marquette county timber lands were at the root of the dispute. These were purchased in the summer of 1889 by Edgar B. Foss for the sum of \$64,900 from the Michigan Land & Iron company. Previous to the transaction the defendant had had some dealings with Mr. Holmes, a timber agent and landowner, relative the tracts which he subsequently acquired. The plaintiff alleged and apparently proved to the satisfaction of the jurors that he was retained by Mr. Foss to act as middleman between him and the representatives of the Michigan Land & Iron company for the purpose of closing a deal for the purchase of these lands with the understanding that he should receive a commission of 3 per cent of the consideration for which the transfer was made, providing the deal was finally consummated. It went through all right but Mr. Holmes' 3 per cent was not forthcoming. He very shortly saw that if his commission was collected that it would

have to be accomplished by the agency of the law and he took steps to open the case which he has won in the circuit court. The defense submitted in the hearing just concluded was calculated to show that the plaintiff was not responsible for the consummation of the deal by which Mr. Foss obtained \$64,900 worth of the Michigan Land & Iron company's timber lands and that it was brought about by other parties. It was intimated that Mr. Holmes was an outsider in the deal and that he has no just claim to any commission on the money involved in the transaction.

There was a divergence of testimony on some points. For instance, Mr. Holmes asserted that he had introduced the defendant to W. J. Stevens of the Michigan Land & Iron company in person while, as Mr. Stevens remembered it, this ceremony was performed by Jerry Farrell.

Yesterday court was concerned with two hearings. They were conducted without juries. The Holmes-Foss case being the last which required the services of jurymen. The first hearing called was that of the Buckeye Iron company vs. Walter Fitch. This concerned a tax title claim which the defendant held to the properties of the plaintiffs, having acquired it on account of the taxes for the years '93-'94-'95. The court's decision was in favor of the plaintiffs, he holding the taxes for the years mentioned void under a previous decree.

The case of John Carney vs. Frank Mulvey, Kate Mulvey, Michael Carney and the First National Bank was submitted to the court. The decision is held under advisement. The greater part of the work of the present term has now been disposed of. It will be ascertained today whether the case of the Negrege Iron company, Edward N. Bretung and Mary Kaufman vs. M. M. Duncan, the Iron Cliffs company, the Cleveland-Cliffs Iron company and William G. Mather will come up or whether it will be continued.

A SIDING.

For Marquette & Southeastern and Street Railway Companies.

Arrangements have been made between the officials of the new Marquette & Southeastern railroad and the Marquette & Presque Isle street railway whereby a siding will be put in at the junction of the lines near the power house. It will be a great convenience to both companies. It is a possibility only because the street railway track is of standard gauge. The siding will be a particular convenience to the new railroad. At the point where the Marquette & Southeastern track will cross the street railway it will be necessary to raise the rails of the latter line some two feet. This work will be done by the new company.

ON BLISS' STAFF.

Col. B. S. Kaufman Appointed One of the New Aides.

Colonel B. S. Kaufman of Detroit, who for many years was a resident of Marquette, has been appointed a member of Governor-elect Bliss' staff, that gentleman having announced his selection at Detroit Tuesday. Colonel Kaufman's Marquette friends will be pleased to hear of the recognition that has thus been accorded him. He is a military man of considerable experience. For years he was a prominent worker in the Marquette company of the Michigan National Guards. He attained state prominence when he was appointed on Governor Rich's staff when that official first entered on the discharge of the duties of his office. He served through both of Governor Rich's terms.

WILL BE LARGELY ATTENDED.

U. P. Educational Meeting in Escanaba Will Attract Leading Educators.

The next meeting of the Upper Peninsula Educational association, which is to be held in Escanaba Jan. 24 to 26, inclusive, promises to be one of the largest and most interesting in its history.

President R. D. Ewing of Escanaba is constantly receiving encouraging letters from all over the district, and so far members of the association in nearly every city in the upper peninsula have signified their intention to be present.

Representatives from the Universities of Michigan and Wisconsin will be present to discuss the relations of high schools to universities. The upper peninsula, state, and Oshkosh normals will also be represented, and leading educators all over the state will be in attendance.

Free entertainment will be provided all of the ladies attending the meeting.

SHIPPED TO MOORHEAD.

Mike Fitzgerald's Remains Will Be Interred There.

Yesterday afternoon E. C. Short of the Michigan Telephone company received a telegram from Pat Fitzgerald of Moorhead, N. D., requesting him, if the interment had not already been made, to ship the remains of his brother Mike, who was drowned in the lake at the north side of No. 1 ore dock Thanksgiving night, to that place for burial. Arrangements to hold the funeral here had been partially completed as it was not believed that a shipment of the body would be ordered but they were cancelled and it was sent out last night.

The inquest yesterday morning developed no important facts concerning the drowning beyond those which were given in The Mining Journal yesterday morning. It appeared from the testimony that Fitzgerald was not intoxicated at the time of his death. He was a man who always drank more or less but on Thanksgiving night he had not imbibed too freely.

Fred Donckers has arranged to handle the popcorn fritters in Marquette made by the manufactory at Ishpeming. He will receive them fresh every morning, and invites all to sample them at his store opposite the Mining Journal office on Washington street. (12-12-10)

Strangers will find Heppner's a very convenient place in which to get a light lunch.

AN EARLY START. Are Already Talking Tournament at Crystal Falls.

There is great interest throughout the upper peninsula in the next tournament of the firemen's association which will be held at Crystal Falls. There will be a healthy curiosity to see how that energetic little town acquits itself with the annual meeting. That its citizens realize that they have accepted a big contract and are determined to discharge it to the entire satisfaction of all appears from the fact that they are, at this early date, considering ways and means of receiving and entertaining the 3,000 or more visitors who are expected to attend the tournament. Arrangements have already been discussed in fire department sessions and it is said that the work of preparation will proceed steadily during the next few months.

Of course the most important of the anti-tournament arrangements is the plan of raising revenue to carry the big meeting through. It appears that the Crystal Falls people have new ideas on this subject which are set forth in the following from The Diamond Drill of that place:

"The plan for raising revenue and taking care of the tournament that meets with great favor is that of forming a tournament association to be made up of citizens. It is proposed to organize a stock corporation with a capital stock of \$3,000 to be divided into 3,000 shares at a par value of \$1 per share. The corporation will be governed by a board of directors of either three or five. Instead of a committee going about and 'begging' for the merchants and others, this stock will be sold, instead of donating \$100, a person takes \$100 worth of stock. The corporation will build the race track and grand stand, collect the entrance fees and have charge of any other legitimate sources of revenue during the time of the tournament, such as side shows, etc., and when the bills are all paid, if there is a surplus it will be paid back to the stockholders in proportion to the amount of stock they hold. This plan has met with general approval from the fact that it puts the thing on a business basis and gives it a responsible head that can be looked to for success. The bulk of the work will fall upon the secretary of the association; in fact the success of the meeting may be said to depend upon him as he will have charge of the advertising and arrangement of transportation, etc. Of course he will be under the direction of the board of directors but his will be a very responsible position just the same. It is proposed to pay the secretary a small salary as no man could do the immense amount of work required in that office for nothing."

PICKED UP YESTERDAY.

Copper Shares Showed Considerable Improvement.

The copper market showed a somewhat improved tone yesterday. There were some advances and the general feeling was better. Paine, Webber & Co., said: "The market opened steady with Trimountain and Centennial the favorites. The former showing a wonderful strength. The trading was limited to a few stocks all the morning, but seemed to have a very firm undertone. Copper Range advanced to 26 1/2 on executions of a small buying order, showing that there was very little stock for sale. Amalgamated declined toward the close on New York selling but brokers bought most of the stock. Mass and Adventure both appeared in excellent demand throughout the day. The market closed dull but firm." A. R. Jones & Co., had the following: "Coppers continue to be in very good demand today and the prices hardened around the room. Amalgamated still continues a damper to our market but we feel this will be relieved soon after the new year. If there is going to be a boom it must come soon for everything is favorable for one now. We advise buying coppers on all declines and holding them over the new year to see what will happen. We believe in higher prices inside of sixty days." Of what they said: "The cable opened weak and lower this morning and the rush of selling orders from the bears opened the market 1/4 to 1/2 lower than yesterday. The offerings were quickly absorbed however, and a strong bull movement carried the market up a cent from the bottom. In short there was hardly a minute when wheat could be called weak. St. Louis wired encouraging news on the flour situation. Taken all around we consider the outlook the most bullish of any time for a month. The fact that the visible decreases now when increases at this time of the year are the rule is a stronger feature than is generally acknowledged. We should have more advance tomorrow."

HIGH SCHOOL DEBATE.

Program for Friday Night's Entertainment.

Following is the program for the entertainment which will be held at the auditorium of the city building Friday evening:

- Song..... Miss Norma Ross.
- Reading..... Mrs. Adams.

HIGH ART TAXIDERMERY.

Correct and life-like attitudes. Deer heads a specialty. Guaranteed moth proof. M. M. Stierle, 301 South Front street. (10-12-10)

Think of Your Stomach

If people would think more of their stomachs there would be less sickness and suffering in the world. Through sheer ignorance and the habit of eating unwholesome food, thus imposing on them work which nature never intended them to do. In this manner the vast majority of people sooner or later become afflicted with some kind of stomach trouble, for it has many forms, including indigestion, constipation, diarrhoea, inflammation of the stomach, etc. Liver and bowel colic, flatulency, and other ailments, are all due to a disordered condition of the stomach. It is by no means a disorder to perform their duty of digesting and assimilating the food. For relieving and curing every form of stomach, liver and bowel trouble, and for helping and strengthening these organs to perform their functions perfectly, nothing is equal to

Johnson's Stomach Tablets.

They cure scientifically, unfailingly, permanently. By assisting in the proper digestion of food, and the regular discharge of the waste through the intestines, they keep the blood pure, the system cleaned and toned, and induce health and long life. Get them from People's Drug Store, Marquette. J. M. Perkins, Proprietor. H. N. Meloche, Ishpeming. Sole Agents. POPULAR PRICES. 10c, 25c, and 50c. Made by The Johnson Laboratories, Inc., Philadelphia
