house of the legislature was evinced this afternoon, when the senate adopted a concurrent resolution to adjourn omorow and leave the consideration of all taxation measures to the incoming

While the house refused to concur n the resolution and tabled it, it is considered by many that the senate's action presages sure defeat for the measures when they come up in that body. Governor Pingree, however, has not given up hope of the bills pass-

The recommendation of the committee to which the taxation bills were referred by the house after their introduction at the first session today-that consideration of them be postponed until Monday night-was non-concurred in by the house this afternoon and the bills were ordered out tomorrow morning at ten. A resolution that the legislature adjourn this afternoon until Monday also was defeated by a large majority, after which the house adjourned until tomorrow morning. The house joint committee tonight decided to report the bills out tomorrow without recommendation as to their passage, but with the recommendation that they be considered at once in committee of the whole.

ULCERS.

Sores and Ulcers never become chronic unless the blood is in poor condition—is sluggish, weak and unable to throw off the poisons that accumulate in it. The system must be relieved of the unhealthy matter through the sore, and great danger to life would follow should it heal before the blood has been made pure and healthy and all impurities eliminated from the system. S.S.S. begins the cure by first cleansing and invigorating the blood, building

up the general health and removing from the system A CONSTANT DRAIN effete matter, UPON THE SYSTEM. When this has been accomplished the discharge gradually ceases, and the sore or ulcer heals. It is the tendency of these old indolent sores to grow worse and worse, and eventually to destroy the bones. Local applications, while soothing and to some extent alleviate pain, cannot reach the seat of the trouble. S. S. S. does, and no matter how apparently hopeless your condition, ugh your constitution has broken down, it will bring relief when nothing else can. It supplies the rich, pure blood necessary to heal the sore and nourish the debilitated, diseased body.

Mr. J. B. Talbert, Lock Box 245, Winona, Miss., says: "Six years ago my leg from the knee to the foot was one solid sore. Several physicians ated me and I made two trips to Hot Springs, t found no relief. I was induced to try S. S. S., d it made a complete cure. I have been a per-tly well man ever since." is the only purely veg-

Washington, Dec. 13.-In accordance with a previous agreement, the senate with a previous agreement, the senate in executive session took a vote at 3 make my appeal for its passage and o'clock today on the amendment to the Hav-Pauncefote treaty authorizing the United States to defend its interests of the canal. The vote was taken by yeas and nays, sixty-five votes being cast in favor of the amendmen and seventeen against it.

The negative votes were as follows Baird, Beveridge, Frye, Foster, Hansbrough, Lindsay, Mason, McCumber McEnery, McBride, Morgan, Money, Stewart, Tillman, Wellington, Wolcott

and Gallinger. After the amendment offered by the committee was passed upon, various for the United States senate. other amendments received the attention of the senate for a brief time, but none of them were acted upon. REGARDING THE ESTIMATE.

It Did Not Figure in the Holmes vs. Foss Case.

David H. Holmes, who was awarded verdict for \$2,052.42 in circuit court Wednesday as the outcome of his case with Edgar B. Fess, desires to state, or the purpose of correcting any imression to the contrary, that his estimate of the timber on the lands which the defendant purchased from the Michigan Land & Iron company was not a point at issue in the hearing. It had no direct bearing on the case. As a matter of fact all the timber on the lands in question has not yet been cut. Mr. Holmes says that his estimate has held good so far as operations have been carried.

He and Mr. Adams may arrange to build the couplings themselves or they may organize a company for that purpose. Mr. Sweder will equip his own shop with his invention. It is quite apparent that the device can not be pplied to marine purposes until spring but it is understood that it will be given a practical test at the earliest possible opportunity.

A Strong Stomach

The stomach is one of the most important parts of a man. Here is where his food is carried in order that the strength and nourishment may be abstracted from it and sent to all parts of the body in the form of new, healthy blood, bone and tissue. The remainder of the foodthe worthless part-is passed off through the intestines. It is the business of the stomach to attend to this separation. But when the stomach is weak or deranged, when it has been neglected or abused, then it cannot do its work well, the good food is imperfectly separated from the bad, every part of the man suffers, and he becomes weak, unhealthy and despondent. At this point, or before, if he's wise, he

Johnson's Stomach Tablets

to his relief. And what a relief! They get at once to the right spot. They act quickly, directly, surely, harmlessly. They cleanse, heal and strengthen the stomach. They put it in good order, so that it can digest and separate the good food again and thus supply the man with fresh blood, tissue and bone. This is what he needs. It replaces the wasted matter in the body, gives him health and strength to live, and makes him feel the way a strong, healthy man ought to feel.

JOHNSON'S STOMACH TABLETS should be used frequently by everybody. Nearly every one suffers from some form of stomach trouble in a greater or less degree. The stomach is in such constant use-working long after you are through eating-and is so easily deranged, that it needs a frequent regulator to give it strength and tone. Nothing fills the bill so well for this purpose as JOHNSON'S STOM-ACH TABLETS. They are perfectly harmless, though invariably effective, and the good they do the stomach in a very little while is sur-

JOHNSON'S STOMACH TABLETS are a permanent and unfailing remedy for malaria, indigestion, constipation, diarrhoea, bilousness, and all stomach, liver and bowel complaints. Taken according to directions, they never fail to effect a complete and lasting cure. Everybody should keep them close at hand and use them at the first sign of approaching illness. Taken in this way, they will save a good many dollars on the doctor's bill. An ounce of prevention is worth a bound of cure. We guarantee a positive cure, or your druggist will re-
