SENATE KILLS IT.

Pingree's Taxation Bill Is Buried by a Vote of 12 to 10.

SESSION TO END TODAY.

Upper Branch Also Hits at the Governor by Refusing Use of Its Hall for Banquet Purposes.

DOUBLE SLAP AT THE CHIEF

Lansing, Mich., Dec. 17.—The senate met at 9 o'clock tonight in adjourned session and at once proceeded to the consideration of the market taxation measure passed by the house last Friday taxing railroads and other corporations at ad valorem valuations. After a brief discussion action on the measure was indefinitely postponed by a vote of twelve to ten, and then a resolution was adopted that the senate adjourn. The action of the senate tonight kills the bill beyond recall, and the adjournment of the house concurrently with the senate tomorrow is looked for.

The senate, also, by a vote of seven to five, refused to permit Governor Pingree to use the senate chamber for a banquet hall tomorrow evening. The governor had announced by invitation that he would give a banquet in honor of the judges of the supreme court and the members of the house and senate.

It was announced during the day that an arrangement has been perfected by which John J. Carton of Flint will have no opposition as speaker at the next house, Dingley of Kalamazoo withdrawing and L. H. McCall of Charlotte, the other candidate, being assured good committee appointments.

PORTO RICO CASE IS ARGUED.

PROCEEDINGS TO DETERMINE WHETHER CONSTITUTION FOLLOWS FLAG FORMALLY BEGUN IN THE SUPREME COURT.

Washington, Dec. 17.—The case of John H. Goetz vs. the United States, involving the status of Porto Rico, was taken up in the United States supreme court today. Attorney General Griggs was present in behalf of the government and a number of prominent attorneys, including former Secretary Carlisle, were interested listeners.

Edward C. Perkins, of counsel for Goetz, asked that the Porto Rico case and that involving the status of the Philippines be combined. The attorney general assented, and it was arranged that each side should have five hours. The opening argument in behalf of Goetz was begun by Everett Brown, who rehearsed the main features as to the cession of Porto Rico with the circumstances of the enactment of the tariff law of 1897 and the imposition of duties.

The main contentions, he said, were that Porto Rico was not "a foreign country," as contemplated by the tariff act, and that Porto Rico was within the United States, so that an import duty against the goods of Porto Rico would be in violation of the constitutional provision that "all duties, imposts and excises shall be uniform throughout the United States."

Mr. Perkins followed, taking up more particularly the constitutional phase of the case. He maintained that the Constitution was, in effect, power of attorney, and said the question was as to what were those powers. The prosecution of war to Porto Rico or elsewhere, or to the acquisition of this or that place, were all acts which must be brought within the power of the Constitution. The metaphor as to the Constitution following the flag Mr. Perkins regarded equivalent to saying that a man's shadow followed him.

The first constitutional point urged by Mr. Perkins was that the "claim of unlimited power in the territories is opposed to our entire theory of constitutional government." A large number of cases were cited to show the attitude of the United States supreme court on analogous issues in the past. An unbroken line of decisions, it was maintained, established that the prohibitory clauses of the Constitution apply in the government of the territory of the United States.

Other chief points advanced in behalf of the appellants, were that "the Treaty of Paris is not open to the construction that it provides for the governing of Porto Rico without regard to constitutional limitations, and as a country foreign to the United States." If it were possible to place that construction upon the treaty the provision would be void, as contrary to the Constitution, but this would not in any way prevent or affect the accomplishment or usual results of annexation.

If the tariff act imposes a duty or tax upon goods brought from Porto Rico to a place elsewhere in the United States after annexation, the imposition is void as being in conflict with the express provision of the Constitution. When the Treaty of Paris took effect, Porto Rico ceased to be "a foreign country" within the meaning of those words as used in the tariff act.

Mr. Perkins will continue his argument tomorrow.

BAD BOER DEFEAT RUMORED.

BRITISH SAID TO HAVE WON VICTORY AT ORANGE RIVER.

London, Dec. 17.—A report of another severe battle, resulting in a British victory, is current here. According to the story, the fighting began at daybreak today and lasted several hours. The Boers, numbering 1,500 or 2,000, were surrounded at Orange river and totally defeated with very heavy losses in killed and wounded. A number of Boers were captured.

BURGHERS CAPTURED 107.

London, Dec. 17.—General Kitchener, in a dispatch received by the war office today, further confirms the press dispatches from Allwal North, Cape Colony, of last night, announcing the capture by the Boers of a detachment of British Horse on Dec. 13 near Zaastrom, Orange River colony, saying 107 men were made prisoners on that occasion.

The colonial office in announcing that Sir Alfred Milner succeeds Lord Roberts as administrator of the conquered territory in South Africa, says his taking up of residence at Johannesburg on account of his health must not be regarded as a settlement of the capital question.

BOERS INVADE CAPE COLONY.

Cape Town, Dec. 17.—Seven hundred Boers have crossed from Orange River colony into Cape Colony near Allwal North and have reached Kaapdal.

FILIPINOS FIRE A TOWN.

NINETEEN AMERICANS HAVE AN EXCITING TIME IN PANAY.

Manila, Dec. 17.—Advices just received from Iloilo, island of Panay, say that insurgents on Saturday night burned a large part of the village of Cabutuan. Assistant Surgeon Frederick A. Washburn, Jr., of the Twenty-sixth Volunteer Infantry, with eight men, held the principal buildings. A strong wind was blowing at the time. The Americans sustained no casualties.

INSURGENT CAMP TAKEN.

Later advices from Iloilo announced that detachments of the Twenty-sixth Volunteer Infantry this morning surprised the headquarters of Quintin Salas, capturing considerable quantities of stores and some valuable papers. Several natives were killed. The Americans, who have had no losses, were still in pursuit of the fleeing insurgents when the dispatch left Iloilo.

THIRTY REBELS CAPTURED.

Thirty rebels were captured this morning in the mountains of San Pedro Macabiti, four miles from Manila, by twenty-five men of the Twentieth United States Infantry and twenty members of the native Manila police, all under Captain Gaines, assistant chief of police. The force landed from small boats and surrounded the suburb. Seventy persons were captured, but only thirty were identified as insurgents.

BRITAIN FAVORS ULTIMATUM.

PEKIN CORRESPONDENT EXPLAINS THE NEW DEMAND.

London, Tuesday, Dec. 18.—"Great Britain has instructed Sir Ernest Satow, I understand," says the Pekin correspondent of The Daily Mail, wired Sunday, "to urge the retention in the joint note of the word 'irrevocable' and the inclusion in the preamble of the declaration that until the Chinese government has fulfilled the demands of the powers, Pekin and the province of Chi Li will not be evacuated by the allied troops." It is rumored that Germany warmly supports the British proposal, and I believe that the majority of the powers, possibly all of them, will eventually accept the proposal, which is hailed here with delight.

DUTCH 'ARMY' AT HAND.

A dispatch from Pekin, also dated Sunday, says that "the army of the Netherlands, Colonel Knobbe, commanding, has arrived there. This force consists of four men, which is not a formidable array of strength, but it is sufficient to enable a demand to be made for increased indemnities on the ground of the Dutch military operations."

RUHIN OUTCLASSES MAHER.

RATTLING SIX-ROUND BOUT TAKES PLACE IN PHILADELPHIA

Philadelphia, Dec. 17.—Gus Ruhlin and Peter Maher met tonight at the Penn Art Athletic club in a six-round contest that proved to be one of the fastest and most furious bouts between heavyweights seen here for some time. Under the local laws governing boxing contests, no decisions are permitted, but the consensus of opinion was that Ruhlin had by far the better of the fight and clearly outclassed the Irishman, notwithstanding that Maher put up a game battle.

East Liverpool, O., Dec. 17.—A car on the River View Suburban line jumped the track this afternoon and crashed into a house at the head of Walnut street. James Christie, the motorist, was killed; Conductor James Morgan probably fatally injured, and Mrs. M. R. McKinnon, Mrs. Harry Smith and Mrs. Chas. McKee, passengers, severely bruised.

Berlin—An official dispatch from Malaga accounts for 314 survivors out of the 450 persons on board the German training frigate Gneisenau.

THIRD NEGRO IS STRUNG UP

Rockport, Ind., Mob Completes Its Work in a Nearby Town.

JAIL WALL BATTERED IN.

Victim Is Then Taken to the Court House Yard and, After Confessing, Is Quietly Executed.

OFFICIALS FEAR RACE WAR

Booneville, Ind., Dec. 17.—John Rolla, the third of the colored men implicated in the murder of Hollie Simons, was hung to a tree in the court house yard by a mob of about a hundred men from Rockport at 6:30 o'clock this evening. Not a shot was fired and everything was conducted as quietly as if the execution had been one under sanction of the law.

ATTACK ON THE JAIL.

Rolla was brought to this place this afternoon about 3 o'clock in charge of Sheriff Anderson of Rockport. Upon his arrival he was placed in a cell on the second floor of the jail and his presence was known to only a few citizens. A few minutes after 6 o'clock a body of a hundred men marched through the principal street of town to the jail and demanded the prisoner. Sheriff Hudson was out of town, and Deputy Cherry declined to give up the keys to the jail.

The mob battered in the wall of the jail with a telegraph pole. As soon as the hole was large enough to admit the body of a man, six members of the mob crawled through with sledge hammers and broke down the door of Rolla's cell. Rolla protested his innocence in loud tones, begging pitifully now and then to be spared. The committee, however, was deaf to his pleadings and quickly placed a rope about his neck.

All then left the jail, crawling again through the hole through which they had entered and dragging the negro after them. A few minutes' time was consumed in the march to the jail yard, the rope was thrown over the limb of a tree and a hundred willing hands sent Rolla flying into the air. The loose end of the rope was tied to the tree and as soon as the members of the mob were certain their work had been completed they left in an orderly manner as they had entered the town.

MASKS NOT WORN.

None of the mob wore masks and men, to all appearances, in every station in life took part in the lynching. Not a shot was fired before or after the lynching. The citizens of Booneville made no effort to assist in the protection of the negro, and a number quietly admitted that townspeople generally were in sympathy with the work of the mob. Judge Swan, of the Warrick county circuit court, made an effort to suppress violence, but the members of the mob ignored him.

Rolla denied his guilt, but told conflicting stories and it was learned he was away from the Veranda Hotel about the time Simons was murdered. Confronted with this evidence, Rolla weakened and confessed his share in the crime, admitting he had struck the first blow, and that the other two negroes helped him to kill Simons.

ORDERS TO THE MILITIA.

Indianapolis, Dec. 17.—Governor Mount tonight ordered the militia company from Evansville to Booneville, to which point a Rockport mob was marching with the avowed intention of lynching a negro murderer. The state authorities fear a race war, as the blacks in the vicinity of Rockport and Booneville are highly excited and aggressive.

Later—After being informed of the lynching of the negro at Booneville, Governor Mount wired Captain Plum, commanding the order for the militia to proceed to Booneville.

ARBITRATION THE THEME.

REPRESENTATIVES OF LABOR AND CAPITALISTS MEET IN CONFERENCE IN CHICAGO.

Chicago, Dec. 17.—A conference on industrial conciliation and arbitration, under auspices of the National Civic Federation, began here today. The conference has as its object the stirring up of public sentiment by means of intelligent discussion between representatives of labor and employers, rather than of the taking of definite action.

The audience during the forenoon listened with close attention to a variety of views presented by the speakers, who were Franklin MacVeagh of Chicago; Carroll D. Wright, United States commissioner of labor; Herman Juske; John Mitchell, president of the United Mine Workers, and E. D. Kenna.

In the afternoon, John B. Tobin of Boston, general president of the Boob & Shoe Workers' union, following Mr. Kenna, spoke of the method under which the boot and shoe workers and their employes got along together with the minimum of trouble. He summed up the system up by saying, "We have been able to settle all our difficulties

BIG FIRE AT CLEVELAND.

BROWN MACHINE WORKS IN RUINS, INVOLVING \$500,000 LOSS.

Cleveland, Dec. 17.—Fire today, almost entirely destroyed the big plant of the Brown Hoisting & Conveying Machine company. Five out of seven buildings were burned. The estimated loss is \$500,000. Eleven hundred workmen are thrown out of employment.

SMALL-POX AT ANN ARBOR.

PATIENT AT THE UNIVERSITY FOUND TO HAVE THE DISEASE.

Ann Arbor, Dec. 17.—It was found today that J. Ray Watkins of Manchester, Mich., a patient at the university hospital, has the small-pox. All the other patients and the nurses and medical students were vaccinated and for ten days the hospital will be closed to incoming patients and visitors.

BOXING AT END IN CHICAGO.

COUNCIL PASSES 'ANTI' ORDINANCE AND MAYOR WILL SIGN IT

Chicago, Dec. 17.—The city council tonight, by the vote of fifty-three to fourteen, passed a resolution prohibiting the holding of boxing contests in the future. It is believed the mayor will sign the ordinance, which was brought about by the unsatisfactory ending of the Gans-McGovern contest last week.

DENVER LOSES IT.

G. A. R. NOT TO MEET IN THE FAR WEST—ENCAMPMENT MAY GO TO CLEVELAND, OHIO.

St. Louis, Dec. 17.—The executive committee of the Grand Army of the Republic held a special meeting today to decide on the place for the next national encampment. The cities desirous of securing the encampment are Denver, Washington, Cleveland and Pittsburgh. Several hours were spent in the debate, and while no place was definitely chosen the claims of Denver were "turned down" by a vote of eight to one. The reason for the decision of the committee is that the terms required by the Chicago encampment regarding railroad rates last summer have not been complied with by Denver. The committee decided to hold another session on Jan. 21, and it is the impression Cleveland will secure the encampment.

STRIKE CONFERENCE TODAY.

SANTA FE OFFICIALS, TELEGRAPHERS AND TRAINMEN TO HOLD A SIGNIFICANT MEETING.

Topeka, Kas., Dec. 17.—General Manager Mudge, of the Santa Fe, left for Chicago this afternoon in his private car. Mr. Mudge says his visit has nothing to do with the strike, but the strikers say the visit is occasioned by a conference held between the officers of the different trainmen's organizations and the officers of the road. Mr. Dolphin, president of the Order of Railroad Telegraphers, also left for Chicago tonight. Some interesting developments are looked for at once. It is the purpose of the officers of the strikers and trainmen's organizations to hold a conference in Chicago tomorrow with Third Vice President Barr, in charge of the operating department of the road.

NO SMALL-POX AT BESSEMER.

BOARD OF HEALTH THERE VIGOROUSLY DENIES IT.

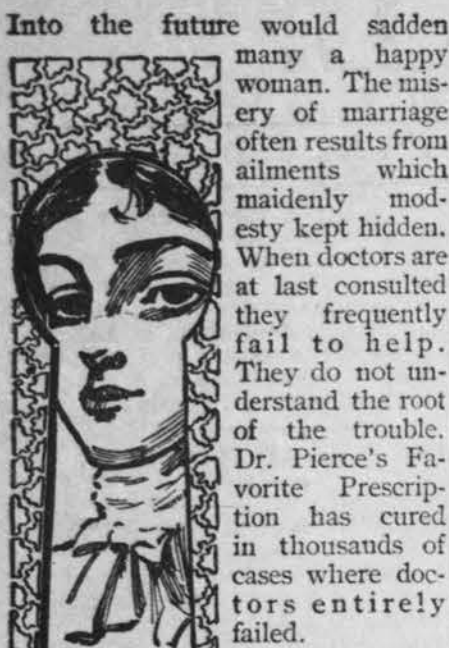

Bessemer, Mich., Dec. 16.—Someone in Bessemer has had the unlimited nerve to send out telegraphic reports to the effect that a well-developed case of small-pox was discovered at the Northwestern Hotel, and goes on to state that the circuit court was adjourned on account of the jury being quarantined in the hotel, also that many commercial travelers were caught there. He allowed his imagination to expand to such an extent that he reported two new cases at Ramsay, that an epidemic is feared and that concenteration prevails at Bessemer. He states that the board of supervisors will compel every person to be vaccinated at the county expense.

The fact of the case is that a man named Geo. Huber was taken sick at the Northwestern Hotel and his disease was reported as small-pox to the health officer by the attending physician. The laws of Michigan are so framed that the health officer cannot set aside the diagnosis of an attending physician, but must take such steps as are necessary to preserve the public health or be liable under the law, no matter what his own opinion may be. Hence the hotel was quarantined and the suspected case removed. The case was not pronounced small-pox by the health officer and now that time has demonstrated even to the satisfaction of the attending physician that he was mistaken, the imprisoned inmates of the now far-famed Northwestern Hotel are liberated. The telegraphic report is most unjust and our citizens are unanimously of the opinion that the fore-said correspondent should be severely dealt with. (Signed.) Board of Health.

TODAY'S WEATHER.

Washington, Dec. 17.—The following is the weather bureau's forecast for Upper Michigan: Partly cloudy Tuesday; probably rain or snow in western portion. Wednesday; fair to fresh south to west winds.

A PEEP

Into the future would sadden many a happy woman. The misery of marriage often results from ailments which maidenly modesty kept hidden.

BEWARE OF THE RECOIL

Taking note of the disposition manifested by some of the large concerns engaged in the manufacture of iron and steel in their various forms to enforce considerable reductions in their wage scales on account of the lessened activity prevailing in these industries, the American Manufacturer directs their attention in the following article to the hurtful recoil effect a too severe lowering of wages may have on their business:

Owing to the failure of the iron and steel industries to boom as they did last year, manufacturers not bound by wage agreements show a tendency to reduce wages of workmen. Every manufacturer is supposed to know his own business, but when some concerns try to make the laboring man carry the burden, we do not criticize the right of a manufacturer to get his labor where he can get it the cheapest, but in reducing wages he is beginning the movement to reduce his own income and profits by curtailing circulation, for there is no surer way to put money in circulation than by placing it with workmen, it is not long before the money market becomes contracted. It was largely due to the advances made in wages in 1899 that the boom resulted.

Reducing wages of workmen is false economy. Each manufacturer who lops off 10 or 15 per cent in salaries sets an example his competitors will follow. If one manufacturer pays out \$1,000 in wages each week, he reduces this amount 10 per cent, 10 other employers of labor doing the same thing, it is only a question of a month or more until \$1,000 is taken out of circulation each week.

Such a move extends altogether too rapidly. Wage reductions are like panics, and soon it may be that 10,000,000 laborers may suffer. Taking this as a basis, and each laborer getting \$1 per day. With a 10 per cent reduction the money lost to the country will be a million dollars each week. With this amount of money out of circulation, the manufacturer who first started the panic will have to accept his share of the reduction. How will he benefit in the long run? The chances are he may have to stand a greater percentage of loss in trade than he can afford, and failure results. He will be the victim of his own financial folly.

This theory may seem far fetched, and the employer of labor who reduces wages to meet his own shortcomings may not believe that his action will extend to thousands of other concerns, but it will. It has done so in the past, and will do so again. Prospects for the future were never brighter. Just because there is a temporary lull in the iron and steel industry there should be no necessity for a rapid reduction in wages. It will merely aid in holding back just what the manufacturer is seeking, better trade, and a lessening of the sort brought about by lowering the standard of living soon communicates to the dealers in the immediate vicinity. They spread the fever to the wholesale houses and jobbers, and directly it is communicated back to the factory. The banking industry will show within a week's time the result of improved or worse conditions in each community. Wages, which should be the last expense in manufacture to be reduced, is generally the first, and is also the last item to be advanced.

Help is needed at once when a person's life is in danger. A neglected cough or cold may soon become serious and should be stopped at once. One Minute Cough Cure quickly cures coughs and colds and the worst cases of croup, bronchitis, grippe and other throat and lung troubles. The Stafford Drug Co., and H. N. Meloche, Ishpeming.

The person who disturbed the congregation last Sunday by coughing requested to call at The People's Drug Store and get a bottle of FOLEY'S HONEY AND TAR. It always gives relief.

RHEUMATISM CURED IN A DAY. "Mystic Cure" for Rheumatism and Neuralgia radical cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The cure is greatly benefited. 75 cents. Sold by Frank Pendill, Druggist, Marquette.

ANNUAL MEETING. First National Bank, Marquette, Mich., Dec. 6, 1900.

The annual meeting of the stockholders of the First National Bank of Marquette, Michigan, for the election of directors, and for the transaction of any other business which may properly and legally come before said meeting, will be held at the banking house of said bank on Tuesday, January 8, 1901, between the hours of 10 o'clock a. m. and 12 m. of said day.

At said meeting a proposition will be submitted to amend article three (3) of the articles of association of said bank, so that said article provide for six (6) directors instead of five (5) as at present.

E. H. TOWAR, Vice President. F. J. JENNISON, Cashier. (12-5-1m)

COPPER COUNTRY NEWS.

EXCITING RUNAWAY. THREE SLEIGHS SMASHED AND A CHILD HURT AT HANCOCK.

An exciting runaway and a series of smash-ups occurred at Hancock last Saturday afternoon. A Houghton man having some business to transact in the village hitched his horse to a twenty-five pound weight in front of Ruppel's store about half past 3 o'clock. A street car from Houghton came along at a rapid pace and the company's snow plow happened to be approaching from an opposite direction. The horse was not used to this sort of business and became very frightened.

Starting on a run the animal went diagonally across the street and, taking the sidewalk near Gallagher's drug store, kept up the pace east toward the bank corner. The walk was well filled with people owing to its being pay day, but luckily all got out of the way in time and no one was hurt. At the corner the horse ran into one of the Portage Lake stages, in which there were three occupants—a man, woman and child. The sleighs smashed one into the other and the woman's goal was violently thrown out. The child was injured, but the other two passengers were not hurt more than to be badly shaken up.

From here on the horse, now pulling the sleigh, coasted on its way to Houghton. A cutter in which there were two occupants was coming toward Hancock and the result was another smash-up. The cutter was demoralized. Again no one was injured. Such a scene is not infrequently witnessed near Hancock and the Portage Lake bridge by a Houghton party.

"DOC" GIBSON A STAR. ONE OF CANADA'S BEST PLAYERS TO APPEAR ON THE PORTAGE LAKE HOCKEY TEAM.

Portage Lake is to have one of the best hockey teams in the country this season, judging from the material available to select from. The men that will make up the team are from Hancock and Houghton, and the records of those who have played the game were detailed upon to some extent by The Mining Journal in its issue of Saturday last.

Those who are already picked for the squad are Gibson, Wilson, Hay, Matheson, Potter and Harkness. There are seven positions, namely: Point, cover point, goal, right forward, two center forwards, and left forward. It will be a hard matter to pick the other member of the team, as the material at hand includes such men as Gunlock, Wright, Ellis, Webb, Durbin and Condon. It is possible that two teams will be organized, which would mean a friendly rivalry and excellent practice for both aggregations.

The men had the use of the Palace rink for practice purposes last Friday afternoon. The banking industry will show within a week's time the result of improved or worse conditions in each community. Wages, which should be the last expense in manufacture to be reduced, is generally the first, and is also the last item to be advanced.

Help is needed at once when a person's life is in danger. A neglected cough or cold may soon become serious and should be stopped at once. One Minute Cough Cure quickly cures coughs and colds and the worst cases of croup, bronchitis, grippe and other throat and lung troubles. The Stafford Drug Co., and H. N. Meloche, Ishpeming.

The person who disturbed the congregation last Sunday by coughing requested to call at The People's Drug Store and get a bottle of FOLEY'S HONEY AND TAR. It always gives relief.

RHEUMATISM CURED IN A DAY. "Mystic Cure" for Rheumatism and Neuralgia radical cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The cure is greatly benefited. 75 cents. Sold by Frank Pendill, Druggist, Marquette.

ANNUAL MEETING. First National Bank, Marquette, Mich., Dec. 6, 1900.

The annual meeting of the stockholders of the First National Bank of Marquette, Michigan, for the election of directors, and for the transaction of any other business which may properly and legally come before said meeting, will be held at the banking house of said bank on Tuesday, January 8, 1901, between the hours of 10 o'clock a. m. and 12 m. of said day.

At said meeting a proposition will be submitted to amend article three (3) of the articles of association of said bank, so that said article provide for six (6) directors instead of five (5) as at present.

E. H. TOWAR, Vice President. F. J. JENNISON, Cashier. (12-5-1m)

A cold, cough or laryngitis can be "nipped in the bud" with a dose or two of FOLEY'S HONEY AND TAR. Beware of substitutes. The People's Drug Store.

Easy to Take Easy to Operate. Because purely vegetable—yet through prompt, healthy, satisfactory Head's Pills.

Have You A Good Appetite?

Do you feel like eating a square meal three times a day? If not, YOU'VE GOT DYSPEPSIA. Have you a sense of fullness after eating, a bad taste or bad breath, are you weak or despondent? If so, YOU'VE GOT DYSPEPSIA.

JOHNSON'S DYSPEPSIA CURE. Positively relieves every form of Dyspepsia quickly and permanently. To Invalids, appetite, strengthens the digestive organs and helps digestion. By furnishing plenty of wholesome, well-digested food it relieves all stomach disorders, clears the brain, keeps the blood healthy, strengthens the nerves and tissues and sustains the whole system. We guarantee a cure when directions are followed.

Get it from People's Drug Store, Marquette; J. M. Perkins, Negaunee; Dr. H. N. Meloche, Ishpeming; Sole Agents.

Popular Prices, 10c., 25c., 50c. Made by THE JOHNSON LABORATORIES, Inc., Philadelphia, Pa.

Sault Ste. Marie. WAS BORN IN THE SOO.

MRS. WM. STAFFORD DIES AT THE AGE OF SEVENTY-NINE—MOTHER OF FOURTEEN CHILDREN.

Mrs. Wm. Stafford died Saturday evening at 412 Gros Cop avenue after being an invalid for four years from the effects of a stroke of paralysis. She was born in the Soo seventy-nine years ago, was married at the age of fourteen and was the mother of fourteen children, only three of whom are now alive. The deceased is survived by her husband; one son—Samuel Stafford of this city—and two daughters—Mrs. Charles Ruby of Mandan, N. D., and Mrs. Geo. McLachlan of Helena, Mont. The funeral will occur at 9 o'clock this morning from St. Mary's church.

OTHER OBITUARY. Mrs. Wm. Tebo, aged sixty-three, died Saturday night at 214 Arlington street. She is survived by her husband and several children. The remains were sent yesterday morning to Garden River, Ont., for interment. Stephen Lawless died at Brimley Sunday at the age of seventy years. The remains will be brought to the Soo this morning and the funeral will occur from St. Mary's church.

Many people accompanied the remains of the late George Hanger to the station yesterday afternoon. The Elks lodge, of which the deceased was a member, turned out in a body and the long procession was headed by the Soo Military band. The remains were sent to Staunton, Va., where the funeral services will occur. H. B. Hanger, brother of the deceased, accompanied the remains.

PREVENTED A TRAGEDY. Timely information given Mrs. George Long of New Straitsville, Ohio, prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of Pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and \$1.00. Every bottle guaranteed. Trial bottles free at The Stafford Drug Co.

SPECIAL PRAYER MEETINGS. The Soo Ministerial association met yesterday morning and decided to hold special union meetings during the week of prayer, commencing with Jan. 7, as follows: Monday evening in the Congregational church; address by Rev. C. B. Steele. Tuesday evening, Presbyterian church; address by Rev. W. R. Yorker. Wednesday evening, M. E. church; address by Rev. J. H. Soverly. Thursday evening the regular prayer meetings at the various churches. Friday evening, Baptist church; address by Rev. C. P. Bates. Following these union meetings Rev. J. H. Soverly will hold evangelistic services in the First Baptist church, commencing Sunday, Jan. 13, and will be assisted by Rev. W. H. Johnson, district missionary for the upper peninsula.

State of Ohio, City of Toledo, Lucas County, ss. Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the city of Toledo, Ohio, and states afore-said, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY, Notary Public. Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1936. (Seal) A. W. GLEASON.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

LOCK CITY NOTES. John Mehan of Marquette was in the city yesterday. Rev. A. L. Allison of Brimley was in the city yesterday. Bert F. Goodrich is in the city to spend Christmas with his aunt, Mrs. A. S. Brown. Rev. E. S. Walker, pastor of the Baptist church in the Canadian Soo, was in the city yesterday. Wm. Blake of Chobogan arrived in the city yesterday in connection with telephone business. Professor S. Huntington, a former resident of the Soo, but now traveling for a Toronto music house, was in the city yesterday, enroute to the Pacific coast. S. H. Davis, Soo agent for the Northern Steamship company and Anchor

TURKISH BATHS. Turkish and Russian salt and electric for ladies and gentlemen. Massage treatment a specialty. Also cups extracted without pain and ingrowing nails and bunions removed. Frank Kough, masseur, St. Luke's hospital, Houghton, 8 a. m. to 3 p. m. (5-25-tf)

A WHOLE FAMILY. Rev. L. A. Dunlap, of Mount Vernon, Mo., says: "My children were afflicted with a cough resulting from measles, my wife with a cough that had prevented her from sleeping, more or less, for five years, and your White Wine of Tar Syrup has cured them all." The Stafford Drug company.

Grand Display of

RICH FURS!

MR. JOHN E. MONROE, representing the old reliable

HANSEN'S EMPIRE FUR FACTORY,

the largest Fur Factory in America, will give a GRAND FUR OPENING IN

LAKE LINDEN,

At SUTTER'S STORE SAMPLE ROOM,

Monday and Tuesday, Dec. 17 and 18, 1900.

Our representative, Mr. John E. Monroe, will carry with him a complete line of fur goods of all descriptions, including all the latest novelties. He will also be prepared to take measures for garments to be made to order and to receive orders for repairing and remodeling seal skin and other fur garments. Bring in your furs and let him furnish you with suggestions and give you an estimate of the cost of remodeling same. Merchants are requested to bring in any customers they may have for fur furs, as this opening is not for one merchant only, but for all the merchants in Lake Linden.

Hansen's Empire Fur Factory,

MILWAUKEE, WIS. (12-17-24)

The Haas Brewing Co.

ESTABLISHED IN 1859, Houghton, Mich

Recently equipped and expanded to the largest and most modern brewing plant in the upper peninsula. Capacity, 200 bbls per day.

Fine Table Beer Our Specialty.

WAITING FOR YOU

Our selection of Diamonds and other precious gems; gold watches—the world's finest movements; sterling silverware, embracing every new and popular design. Our store is filled with pleasing answers to the many questions, "What shall I give?" We mention with a special pride our "silver loom," which is a veritable silver store, containing the most complete and varied assortment of sterling silverware to be found in the middle west.

All orders receive the most careful attention. We invite the correspondence of out-of-town buyers. Our store will be opened every week-day evening until Christmas.

ITS ROCK UNUSUALLY RICH.

GENTLEMAN WHO VISITED THE CHAMPION WITH MR. PAINE TELLS OF EXCELLENT SHOWING—TAMARACK UNDOUBTEDLY IN CONGLOMERATE LOBE.

William A. Paine, in company with S. Karkeek of Houghton, drove to the Champion mine Saturday and carefully looked over the property. Both gentlemen were greatly pleased with the outlook, and in speaking of the Champion Mr. Karkeek had the following statement to make to The Mining Journal:

"There is no question that the Champion is exceedingly rich and I am very much pleased with the showing and the uniformity of the lode. The Champion is working on the same vein as the Trimountain and we all know what that property is. B shaft of the Champion is about 1,500 feet from the Trimountain line. It has drifts going north that are full of mass copper. C shaft is down 300 feet and its drifts each way show up all in heavy copper. Shaft D is 500 feet in depth and E about 400. Altogether, the shafts are down some 1,500 feet, and the showing is rich all the way. The four shafts are about 1,000 feet apart and the vein so far as exposed is at least 5,000 feet in length. "There is considerable mass copper at the bottom of the shafts. In one they have two large chunks that are too heavy to lift to the surface in the buckets now in use. The things that strikes me most is that the lode is the same throughout—characterized by richness in copper.

"The Champion, in fact, has the richest amygdaloid lode that I have ever seen on Lake Superior. When they get at it the output of copper might be both thought that the Champion will be getting out copper by next August. By that time the Baltic and Atlantic new mills will be completed and the Champion will then use the two stamp heads in the Atlantic mill that the Baltic is now utilizing."

GOOD WORDS FOR TRIMOUNTAIN.

Hayden, Stone & Co., of Boston, who have been quite extensive buyers of Trimountain shares, has issued a special letter in which the merits of the property are set forth, in part, as follows:

"The vein developed on the Trimountain varies from fifteen to forty feet in width. The best judges of the rock tell us it will yield 1 1/2 per cent copper, many good judges place the percentage even higher. When we state that the Quincy is getting about 1 1/2 per cent or even a little less, and the Wolverine and Osceola probably do not get so much, the possibilities of a property having a large body of 1 1/2 per cent rock may be conceived. For some months the rock which is now being put through the Baltic mill has averaged 1.8 per cent mineral. With what mass and barrel copper is found, this would certainly mean an average result of better than 1 1/2 per cent fine copper. It is fortunate for both the Trimountain and the Champion that these developments at the Baltic in a sense tend to prove the estimates which are made with respect to them and their veins.

"So energetic has the management of the Trimountain shown itself hitherto, that we are inclined to expect that its mill erected in operation within a year's time. This will undoubtedly handle 1,000 tons of rock a day, and if the rock carries 1 1/2 per cent copper, the production would be fifteen tons a day, or about 3,000,000 pounds a year. We estimate that the company would have no trouble in earning some-thing like \$700,000 a year profit on such an output, with copper at 16c, cents, or say about \$7 per share. With such a length of ore chute, and such a great width of vein, the Trimountain could feed a stamp mill several times as large as that which will be erected at first, and there would seem to be no difficulty in making this mine a producer, second only to the Calumet and Tamarack companies in the Michigan district."

FACTORS IN METAL MARKET.

Of the new factors in the copper market, says the New England Statist of yesterday, the proposed construction of two new Pacific cables is one of the most important. London reports that the contract for one has already been let, and that it will require 10,000,000 pounds of copper. It is understood in Washington legislative circles that the bill for the construction of the governmental cables to Hawaii, Guam and Manila, recommended by the president, will be taken up and passed in the immediate future. The copper necessary for these two cables will be equal to nearly half of the world's visible supply.

On the other hand, the existing financial disturbance in Germany may result in a decreased consumption of copper in that country. Germany has taken a very large part of the surplus from the United States this year. The increase in German consumption of copper has shown a growth of more than 10 per cent in the past ten months, or nearly 16,000 tons. In view of the depression there might therefore balance the added demand for copper that is to come with the building of the new cables.

The copper situation is such that it needs no new factors to help maintain its strength. It is almost certain that more copper will be consumed in the year about to close than will have been produced. As has been pointed out, the world's output this year will show an increase of only about 2 1/2 per cent, whereas, to keep pace with the past record, the total output of production should be fully 10 per cent.

LOWER PRICES NOT IN SIGHT. "The minimum price of Lake copper in some quarters is still 17c," says a New York dispatch to the Boston News Bureau, "though some interests intimate that they could not sell extensively at that price. The situation, however, is evidently a pretty strong one from the producer's point of view, owing to the fact that outside of the

Amalgamated companies there is no plethora of copper available for prompt delivery.

"It is not supposable that the Amalgamated managers are going to do anything to permit a recurrence of lower prices, as the organization has been perfected to keep the market at a level which will absolutely secure satisfactory returns on an enormous scale. With the bulk of the domestic output under its control, it is comparatively easy work to maintain present market prices, particularly as consumption is great enough to absorb every pound it handles. By giving the independent producer a chance to market his product the combination is not thereby compelled to carry more than it can conveniently take care of under all contingencies. As long as this country and Europe continue to consume the quantity of copper they are now doing, the Amalgamated people command an impregnable position.

"If through any cause there should arise a change in the situation, owing to either a sudden or gradual curtailing of consumption of copper, it might be necessary to slacken production or carry a larger stock. No one with a competent knowledge of the situation will question the ability of the combination to carry 10,000,000 pounds a month surplus output, or 120,000,000 pounds a year if necessary, for it should be remembered that the operation can be done by the producer at the cost figure, and \$10,000,000 would be sufficient for the purpose. This would be a mere flea bite for the Standard Oil resources. The foregoing is putting the case hypothetically, as there is nothing in the immediate foreground to require any heroic efforts to bolster up."

VIRTUALLY IN CONGLOMERATE.

It is generally understood among Houghton men who are "in" in mining matters that the Tamarack people have virtually been in the conglomerate lode in No. 5 shaft for several days past. The gang of miners at work on the vein is now engaged in "winning" it out, before anything at all is done with the lode proper. These preparations are completed it is believed that no information concerning the discovery will be given out by the company. The rich overlying layer, or lode, which resembles a conglomerate—as it has characteristics of that letter in the early part of last week and at that time the conglomerate lode proper was about five feet deeper. It can be safely stated that the men are now working on that vein.

MINING MISCELLANY.

Amalgamated Copper was in strong demand on the New York exchange yesterday, scoring an advance of 4 points.

Copper in London closed at \$71.16, 4d yesterday. At New York Lake copper was steady, at 17c, and 16c for electrolytic and casting.

Paine, Webber & Co. yesterday wired from Boston that 500 shares of Baltic had been sold at 30, and that later there was none in sight under 30 1/2.

The foreign visible supply of copper showed a further decrease on Dec. 15, as cabled from London. On that date it amounted to 28,782 tons, a decrease of 430 tons since Dec. 1.

Diamond drill operations have located a new lode at the Winona mine. It is twenty feet wide. As the old workings there is sufficient encouragement to warrant continued sinking.

The November product of United States copper mines was 23,276 tons, against 23,217 tons in 1899. The product for eleven months is 246,663 tons, against 238,418 tons in 1899. November exports were 9,508 tons, against 12,682 tons in October and 10,809 tons last year.

Lake shipments of copper for the season just past through the \$50 canal aggregate 126,990 tons. This includes the Montana product shipped by that route and is 5,000 tons greater than in any preceding year, even though no stocks of copper were left on the local docks at the opening of navigation a year ago.

James Lewis & Son, the Liverpool metal brokers, report to their Boston correspondents as follows: "High copper prices are very scarce and wire drawers hold no stock, being dependent on daily deliveries to keep their mills running. Shipments of manufactured copper to India have recently been larger than for some time past. A tender of £1,735,000 has been accepted for the Pacific cable to be completed in two years. The length is \$,800 miles, and the quantity of copper required for it is estimated at about 4,000 tons."

GALA DAY FOR MASONS.

The grand lecturer of the F. & A. M. for the state of Michigan, Arthur M. Clark of Lexington, will visit the Quincy lodge, Hancock, this afternoon and evening to hold a school of instruction. Work in the first degree, conducted by the John Duncan lodge of Lake Linden, will be held this afternoon and third degree work by the Quincy lodge will take place this evening.

Portage Lake Masons will turn out in force to the two sessions and it is expected that a number of the members of the order from other towns in the county will be present. Arrangements are completed for the entertainment of Mr. Clark after the completion of tonight's work. A banquet will be held in his honor.

G. A. R. OFFICERS.

Election of officers to serve for the ensuing year was held by the E. R. Stiles post, G. A. R., at Hancock Saturday night. The following were chosen:

Commander—Graham Pope. Senior Vice—Joseph Haas. Junior Vice—John Hummel. Quartermaster—Arnold Jaehng. Officer of Day—George Johnson. Mr. Pope was re-elected to the position of commander. A. J. Scott was chosen as a delegate to the next state encampment, which is to be held in June.

NEEDS OF THE MINING COLLEGE.

MEMBER OF THE BOARD OF CONTROL EXPLAINS WHY THE APPROPRIATION IS NECESSARY.

"It is of the utmost importance that the people of Michigan should understand the urgency of the need which exists for the appropriation of the \$195,750 we have decided to ask from the state legislature," said a member of the board of control of the Michigan College of Mines to the Mining Journal representative yesterday, "and that they exert every influence which they can bring to bear to the end that every dollar of that amount be appropriated. Our school continues to distinguish itself. The personnel of the student is of a high class, the work more efficient and valuable than ever before and the demand for graduates, to enter at once into the practice of the professions for which they have prepared, unexampled.

"Of the appropriation of \$195,750, we want \$86,650 for current expenses—\$43,125 for each of the fiscal years of 1901-1902 and 1902-1903—and \$109,100 for additional buildings and equipment. We are in need of a mining engineering building, a stamp mill, a chemical building and a blacksmith shop with a complete equipment for each. Then we should enlarge our heating plant and make additions to our electrical engineering laboratory. We have asked for these buildings before and they have been refused. They are now quite essential to the welfare of the college.

"Our enrollment is increasing right along, a gratifying fact in this connection being the increased attendance from the lower part of the state, and we really need more room to obtain the educational which cannot be given in our present buildings. To sum it up briefly, we are over-crowded, with the prospect that the present conditions will grow more onerous on the faculty and officers who are responsible for the well-being of the institution. Given more room, the buildings which we will be able to erect if the appropriation we are now requesting is granted, we will be able to work with greater satisfaction all around while we will be ready, with open hands, to receive all comers and impart to them a technical education which cannot be surpassed anywhere in the country.

"We should get that appropriation. Our per capita cost for the instruction of our students is decreasing from year to year, which bespeaks a systematic, careful management. New buildings are required from time to time by every growing institution and our demands are eminently reasonable. We have not ridden the state hard. On the contrary we have been moderate in our requests and it has been our constant endeavor to stretch a dollar even to the breaking point. We now feel that the proposed new buildings are absolutely essential and we sincerely hope that we will be given the wherewithal for their erection. They will go for the credit of the entire commonwealth and people of Michigan.

In Houghton has been built up a college which has already won the right to be ranked with the best technical institutions in the country. It is classed with the foremost and the dollars required to keep it there should not be grudged.

"We anticipate that the state legislature will appreciate the considerations which I have outlined and give us \$195,750. We are not asking for 'trimmings,' but for substantial buildings which would greatly facilitate the college work and contribute to the usefulness and reputation of the institution."

HANCOCK DOES HONOR TO HIS DEAD.

BUSINESS SUSPENDED DURING EDWARD RYAN'S FUNERAL.

The funeral of the late Edward Ryan of Hancock was held from St. Patrick's Catholic church in that village at 10 o'clock yesterday morning. Solemn high mass was conducted by the pastor, Rev. Father Atfield, assisted by a number of visiting clergymen, namely: Rev. Father P. J. Rev. Father Pinton of Marquette; Rev. Father J. Miller of Dollar Bay; Rev. Father Zimmerman of South Lake Linden, and Rev. Father Rezek of the St. Ignace church at Houghton. Rev. Father Keller of the St. Joseph's church, at Hancock, also took part in the services.

The obsequies were largely attended and the church was filled with the sympathizing friends of the deceased. Many carriages followed the remains to the old Catholic cemetery, Hancock, where the interment took place. While the services were being conducted at the church nearly every place of business in the city was closed. Flags were at half-mast and mourning for Mr. Ryan was general. The floral designs were beautiful and completely covered the casket.

Among those from outside who attended the funeral were John Coddilly of Calumet, John D. Ryan of Chicago, Mr. and Mrs. John J. Rigney of Chicago, Hon. John Power of Escanaba, M. C. Scully, J. F. Fitzpatrick and J. H. Quinn of Ishpeming, M. C. Quinn of Champion and Will Quinn of Negaunee.

An interesting feature in Mr. Ryan's life was his connection with the Hancock Mining company, and many stories can be told of how the stock was boomed. The company was first organized in 1859 to work the lode next west of the Pewabic amygdaloid. The property is in the western end of the village of Hancock and its surface is now pretty well built over by that thriving town. The tract consisted of 160 acres, being the southwest quarter of 26-55-24. In addition to the shaft an adit was driven from the south at a height of 215 feet above the mean water level of Portage lake. The company expended \$248,255, raised from assessments, and in 1873 was reorganized as the Summer Mining company. But little work was done by that company and in 1880 the property was sold to Edward Ryan, who changed the name back to the original one and organized the Hancock Copper Mining company in the same year. The property was worked for five years and closed down in 1885. The lode is narrow, but fairly rich. The property might be worked at a profit if opened well ahead and equipped with the best machinery and a modern mill. The old mill on the lake shore frontage of the property has been sacrificed to the march of im-

provement, in common with its neighboring mills of the Osceola, Quincy, Pewabic and Franklin, on the Hancock side of Portage lake, and the Atlantic, Isle Royale, Sheldon & Columbian and Grand Portage mills on the Houghton shore. The total production of the Hancock mine was 2,584 tons 1,384 pounds of refined copper.

COPPERDOM BREVITIES.

The Mining Journal, M. W. Youngs, representative, has established an office in one of H. J. Stevens' suite of rooms on the second floor of the Dec (postoffice) block, Houghton. All having business with the paper are cordially invited to call. Telephone No. 376.

Two "drunks" were fined in Justice Brand's court at Houghton yesterday afternoon.

General Manager McKeever, of the Copper Range railroad, will spend the holidays in the East. He left Sunday.

Mrs. Roberts left for her home at Marquette yesterday. She was accompanied by her mother, Mrs. Hooper, who formerly resided in Houghton.

The Twin City rink, under the management of the Houghton band, has its opening tonight. It is expected that a large number of skaters will be in attendance.

Norman W. Haire and Circuit Court stenographer Goodale of Ironwood registered at the Douglas House yesterday. They left for Ontonagon to open court.

The extremely mild weather for this time of the year continued yesterday. The thermometer registered twenty-nine degrees above zero at 7 o'clock in the morning and remained about the same throughout the day.

Coincident with pay day at the Quincy, Saturday, Hancock had its usual quota of monthly "drunks." Five of them were jailed. They paid their fines in Justice Finn's court yesterday afternoon and were released.

The gross earnings of the South Shore road from Jan. 1 this year to the 1st of November are officially reported at \$2,200,442; the operating expenses were \$1,356,109, showing net earnings of \$844,333, which total is \$71,625 more than for the same period a year ago.

The D. S. S. & A. offers special rates to all those wishing to attend the Michigan State Teachers' association meeting at Grand Rapids on Dec. 26 and 28. The tickets will be good to return until Dec. 31. Several of the copperdom teachers will attend the convention.

William Allen of Houghton will soon complete a deal whereby he will become the owner of the Copper Range Hotel on Sheldon street. It is at present owned by Michael Messer of the Atlantic mine. When the property is in Mr. Allen's possession he will rent the upstairs apartment for living purposes. A saloon will be established in the lower portion.

The bazaar and supper that has been in preparation for some time by the ladies of the First M. E. church, Hancock, will be held at the Y. M. C. A. Hall this afternoon and evening. Supper will be served from 5 to 10 o'clock. Many articles in the way of fancy and other work will be displayed for sale and people who attend will find much to their taste. Prices will be reasonable.

At the Armory Opera House, Houghton, tonight Alden Bass, the clever character comedian, will be seen in "A Poor Relation." To miss seeing Mr. Bass in Sol Smith Russell's most amusing of all his droll plays would be a loss of a true evening's enjoyment. Manager Hendrickson has with no little difficulty been able to secure this famous play with its complete scenic production and coterie of players. "A Poor Relation" can easily be recommended to lovers of clean, wholesome amusement.

DISEASE

and discomfort are not-ease and not-comfort. Ease is health; so is comfort.

You may as well be comfortable; that is healthy; as animals are. It is natural, both for you and for them.

If your ill health is caused by imperfect digestion, try Scott's emulsion of cod-liver oil. It does what it does by getting the stomach going right.

We'll send you a little to try if you like. SCOTT & BOWNE, 409 Pearl street, New York.

CONFESSES TO HAZING.

West Point Cadet Says It Is Common at the Military Academy.

IS MUM ON THE DETAILS.

Admits, However, He Has Been Forced to Drink Tobacco Sauce and Do Other "Disgraceful Things."

BOOZE INQUIRY UNDER WAY

Philadelphia, Dec. 17.—The taking of testimony in the case of Oscar L. Boose, the West Point cadet who died two weeks ago from injuries which his parents allege were inflicted at the West Point military academy, was begun today by the board of inquiry appointed by the secretary of war.

Under suspension of the rules, the house today passed bills to divide Kentucky and West Virginia into two judicial districts, and to create another district judge in the Northern district of Ohio.

Albert then related how he and Boose and other fourth year men were made to "ridiculous stunts," such as making the upper class men's beds and "other unmanly and disgraceful things."

PARENTS OF VICTIM SPEAK.

At Bristol, the members of the board—General Brooke, Colonel Clous and Captain Bates, accompanied by Board Dean, of the Fifth artillery, who acted as recorder—sat in the study of Rev. Dr. Alexander Allison, pastor of the Bristol Presbyterian church, which adjoins the Boose household.

Mr. Boose said his son had complained to him of the indignities to which he was subjected at West Point, but when Mr. Boose spoke to Lieutenant Blakely about it he was told that hazing would stop after the cadets got back into the barracks.

Mr. Boose said that Oscar wrote to her that he liked the surroundings at West Point, but said the place was unfit for a young man who wanted to do right, and that parents should not send their sons there.

DOCTOR GIVES EVIDENCE.

Dr. Willis Weaver testified to the general failing of Oscar's health after he returned from West Point, but refused to say whether the condition of his throat could have been induced by drinking tobacco sauce.

In Philadelphia, Dr. J. Solis Cohen, a throat specialist, who attended Oscar Boose during the past summer, but refused to say whether the condition of his throat could have been induced by drinking tobacco sauce.

You Look Comical

That's a fact, you certainly do. That little knot of hair on the back of your head! Don't you wish it were larger? Wouldn't you like to have long, rich, heavy hair?

If you do not obtain the benefits you desire from use of the Vigor, write the Doctor about it. He will tell you the best thing to do. Address, Dr. J. C. Ayer, Lowell, Mass.

hesion between the epiglottis and the base of the tongue; the adhesion was cicatricial tissue. He thought that if tobacco sauce had been forced down Boose's throat it may have made him more susceptible to disease.

The court adjourned to meet at West Point tomorrow afternoon.

FOUNDERS OFF VANCOUVER.

STEAMER ALPHA IS LOST WITH A DOZEN LIVES.

Vancouver, B. C., Dec. 17.—The steamer Alpha has foundered on a reef off the east coast of Vancouver island and is a total wreck.

Hunting knives from 50 cents to \$5 at Spencer's.

TO REMAIN AT 357 MEMBERS.

HOUSE COMMITTEE VOTES ON THE REAPPORTMENT BILL.

Washington, Dec. 17.—The house committee on census, by a vote of seven to six, today agreed to report the Hopkins reapportionment bill, leaving the total membership of the house at 357, as at present, and rearranging the number of state delegations.

NO PREFERENCE FOR VETERANS.

Under suspension of the rules, the house today passed bills to divide Kentucky and West Virginia into two judicial districts, and to create another district judge in the Northern district of Ohio.

BOULLETTA MADE A CAPTAIN.

Just before the house adjourned a fine tribute was paid to Representative Charles A. Bouletta of Maine, who has served eighteen years in congress and who has been re-elected to the Fifty-seventh congress.

TREATY VOTE THURSDAY.

Just before adjourning late this afternoon, the senate gave its consent to the fixing of a definite time to vote upon the Hay-Pauncefote treaty.

MR. MASON'S ARGUMENT.

Senator Mason presented arguments in support of our right to defend the waterway in concise, forcible terms and received careful attention.

WALL STREET STOCKS.

New York, Dec. 17.—It was evident today in the stock market that powerful and skillful manipulation was at work to make the opening prices as high as possible to meet the flood of outside buying orders which was certain to come into the market after last week's events.

The death of Mrs. Nancy Duffy, an aged woman of Kalamazoo, calls attention to the lonely life, almost that of a hermit, which she led. She was found lying on the floor of her house dead. She was fully dressed and heart disease probably took her off.

The incoming auditor general, Hon. Perry F. Powers, has notified the following members of the department of the state government of which he will have charge after Jan. 1, 1901, that their services will be dispensed with after that date.

COOGAN & STROTHENKE, First-Class and Experienced HEATING Engineers and Contractors, MILWAUKEE, WIS. (11-21-10)

enormous realizing was in evidence. Later in the day various attempts were made to hold up the market by marking up the prices of various individual stocks. Then, as the fact became more and more evident that the sustaining force of these individual movements was taken advantage of to continue unloading heavy lines of long stock, the professional element on the exchange turned to the bear side.

Today's animated outburst of outside speculation was the logical consequence of last week's events. The palpable fact that large banking and financial interests were taking on enormous lines of various stocks, and the developments were being taken by the market, far-reaching plans and the improvement of values, were offset for a time by the apparently dangerous condition of the money market, but the showing in Saturday's bank statement led to the conclusion that extraordinary measures were being taken to conserve a powerful market against the natural drain on its resources.

Outside of the opening general advance, ranging up to between 1 and 2 points, the most striking later advance being taken by the New York public utilities, led by Brooklyn Rapid Transit and Metropolitan, also in the Erie stocks and a number of the minor Vanderbilts. Amalgamated Copper also developed notable strength, rallying 4 points.

RANGE OF MONEY RATES.

Money on call, steady, at 4 1/2 per cent; last loan, 4. Prime paper, 4 1/2 to 5 1/2 per cent. Exchange weak, demand at 4.8 1/4 and sixty days at 4.80 1/2 to 4.85.

Skates, drums, toys, at Spencer's, Nester block.

Strangers will find Heppner's a very convenient place in which to get a light lunch.

BOSTON COPPER QUOTATIONS.

TO STAFFORDS.

Holiday Shoppers Finding Their Way There.

Stafford's is headquarters for many holiday shoppers this week. The special lines of Christmas goods which have been purchased with a view of supplying just what many Marquette people want are attracting much attention. The results of Mr. Stafford's recent purchasing trip in the east are quite apparent in a widely assorted stock of fancy toilet articles and other holiday goods.

An enumeration of the specialties which make up the display would simply be tiresome and to no purpose when everyone is more or less well acquainted with the nature of Stafford's stock. It will suffice to say that his array of Christmas goods is one of the most varied which he has ever offered while it contains articles of a wide range in quality and price. Stafford is always "long" on fine perfumes and fancy toilet articles. His confectionery offerings are fit for a queen. His line of fancy boxed candies ranks with the finest in the city.

Drop in to Heppner's and prove for yourself if they do not make the best oyster stews in the town.

Just received, ton of blue dishes at Spencer's.

CITY BRIEVITIES.

Weather forecast: Threatening, with showers or snow flurries; stationary temperature; southerly winds.

A. H. Montgomery, who has been confined to his home for a couple of weeks, is around. He is well pleased at his release from quarantine.

H. O. McMain will spend the Christmas holidays at Citronville, Alabama, with the members of his family. He is about to depart for that point.

G. R. Watts, the piano tuner, has arrived home from the copper country and is spending this week in Marquette. Orders for his services may be left at Conklin's.

Fred Donkers is giving his patrons coupons with each ten-cent purchase which entitle their holders to chances on a series of prizes which are to be given away New Year's.

The Swedish Young Women's society will elect its new officers at its regular meeting at Fraternity hall this evening at 8 o'clock. A large attendance of the members is desired.

The wind vane was fitted on the extension of the skeleton tower, which has been erected on the roof of the Savings bank block for the Marquette weather bureau station, yesterday.

Scott Rowland brought Thomas Scanlon down from up-the-line yesterday. He was arrested for being drunk and disorderly. He will serve a twenty days sentence in the county jail.

The Marquette firemen will hold their annual ball at the Casino rink on the evening of Easter Monday. It is always an event of great interest and it will be made unusually enjoyable this season.

The Lake Superior Mission band will have a concert at its regular meeting at Fraternity hall this evening at 8 o'clock. A large attendance of the members is desired.

The funeral of Mrs. John Fraser will be held from the residence on North Third street this morning at 9:30 o'clock and from the French Catholic church at 10 o'clock. Interment will be in Holy Cross cemetery.

The Viking club, an organization of young Scandinavians, will hold a dance at the A. O. U. W. hall tomorrow evening. There will be good music and an enjoyable entertainment is assured. The public is invited to attend.

Fred Bailey shipped a full dozen deer heads, which he counted on hunters who were successful in their quest for game during the season just closed, yesterday. He also sent out one bear cub. The work was all of high grade. Mr. Bailey mounted, in all, some fifty heads during the deer season and since it closed.

The Young Women's guild, having made an unusually large supply of fancy work for their sale, finds itself with a number of attractive articles suitable for Christmas gifts still on its hands. These may be purchased at reduced rates. They may be seen at the home of Mrs. Ernest Rankin, 219 East Ridge street, from 10 until 3 o'clock any day this week.

The ceremony of the dedication of the new Evangelical German Lutheran Trinity church was well attended Sunday morning. Rev. Carl Aeppeler, assisted by outside divines, had charge of the service. There were afternoon and evening meetings which were likewise well attended. The visiting clergymen preached. Worship will proceed in the new edifice regularly each Sunday.

M. E. Asire has just leased the office formerly occupied by J. C. Fowle which adjoins the room he is now using. He will move some of his furniture into it and will use it in addition to his present quarters which he has outgrown. Mr. Asire recently purchased the old Kelsey Fire Insurance agency and is now conducting it in addition to his own business. This gives him a list of twenty-one well known companies.

The following books belonging to the Peter White library are out somewhere in the city; the librarian desires that they be returned at once: Stevenson, Footnote to History; Alger, Try and Trust; Dan, the Newsboy; McMaster, Benjamin Franklin (American Statesmen series); Fosdick, Frank Among the Rancheros; Frank on a Gunboat; Oscar in Africa; Harrison, Choice of Books; James, French Poets and Novelists; Ossoli, At Home and Abroad; Yonge, Three Bridges; Howell, Evening Dress and The Beautiful in Music. Readers are requested to look over their books and see if they are in their possession.

The Marquette Boys String orchestra will give an entertainment at the Ely school the evening of Thursday, Dec. 20, under the direction of Professor Otto H. Kluge. It will be assisted by Miss Grace Ross, soprano; Ed Anderson, violinist; Mrs. Fred Kern, pianist, and May Taylor. The entertainment will be a benefit for the orchestra, the

purpose being to raise money to pay for direction and provide music. The members of the orchestra have been practicing steadily for many weeks and they play creditable music. The admission Thursday evening will be but 10 cents and a general attendance is desired.

The weather yesterday was not of the variety which might be expected the week before Christmas. It was very mild and the snow thawed freely. As this was also the case Sunday the sleighing is once more becoming poor. There are now many evidences of the approach of the great festival of the year down town. Stores are rigged out in holiday attire with their best and choicest offerings pushed to the fore. Already Christmas shoppers are much in evidence and before the end of the week the rush will be such that the business men will be happy and weary at one and the same time. The holiday trade promises to be very good for all the merchants.

The Marquette calendar for 1901 issued by the Woman's Guild of St. Paul's church is a gem. It is a souvenir which will make a most acceptable Christmas remembrance and it should be freely purchased for that purpose. Its several leaves contain selected views of buildings, landscapes and homes to be found in the Queen City and the vicinity and the frontispiece is a fine portrait of Charles Kaw-baw-gam, the last of the Ojibwas. The calendar should find a place in all Christmas boxes. It may be procured at the leading stores and also from Mrs. E. B. Palmer. It is offered for the reasonable price of twenty-five cents with discounts on all quantities over half a dozen. The calendar must be seen to be appreciated.

BISMARCK'S IRON NERVE

Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidneys and Bladder are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c at The Staff rd Drug Co.

I have not traced, nor can I trace a vestige of similarity in the substitute. Genuine Rocky Mountain Tea is made by the Madison Medicine Co. The Stafford Drug Co.

MICHIGAN STATE TEACHERS' ASSOCIATION, Grand Rapids, Mich., Dec. 25 to 28, 1900—For this occasion, the D., S. & A. railway will sell tickets to Grand Rapids, Mich., and return, via Mackinaw City, at rate of single fare for the round trip. Tickets will be on sale Dec. 25 and 26 and will be valid for return passage up to and including Dec. 31, 1900. For further particulars, apply to station and ticket agents or to Geo. W. Hibbard, G. P. A. (12-17-20)

The Aetna man is in town today. Send in your application before he gets away. 461 Savings Bank building. (12-18-21)

Come and see our high class presents. Spencer's, Nester block.

Heppner carries a complete line of holiday candies and cakes.

HIGH ART TAXIDERM.
Correct and life-like attitudes. Deer heads a specialty. Guaranteed moth proof. M. M. Stierle, 301 South Front street. (10-12-14)

In sluggish liver, HERBINE, by its beneficial action upon the biliary tracts, renders the bile more fluid, and brings the liver into a sound, healthy condition, thereby banishing the sense of drowsiness, lethargy, and the general feeling of apathy which arise from disorders of the liver. Price 50 cents. The Stafford Drug Co.

A MOST WONDERFUL CURE.
Eminent Physicians Pronounced it Consumption.

Dr. C. D. Warner, Coldwater, Mich. Dear Sir:—I have received great benefit from your White Wine of Tar Syrup. I had a cough and the doctors gave up all hopes of my recovery and pronounced it consumption; I thought that it was death for me. I tried everything that we could hear of. Finally one of my friends prevailed upon me to use your White Wine of Tar Syrup. I took one and one-half bottles and am cured entirely. Such medicine I can recommend to those who are afflicted as I was.

Very respectfully yours,
JOSEPH E. UNDERHILL,
Doland, South Dakota.

WHEN IN DOUBT, TRY Sexine Pills. They have stood the test of years, and have cured thousands of cases of Nervous Diseases, such as Debility, Dizziness, Sleeplessness and Varicose Arteries, etc. They clear the brain, strengthen the circulation, make digestion perfect, and impart a healthy vigor to the whole being.

Ishpeeming and Vicinity.

NOLAN NOT DEAD.

EX-MARSHAL OF ISHPEMING IS ALIVE AND WILL BE HERE TO SPEND CHRISTMAS WITH HIS PEOPLE.

The message which came over the Bell Telephone company's long distance line at 10 o'clock Sunday night, to the effect that John Nolan of this city had been accidentally shot at 9:30 in Quinnesec, created quite a sensation.

Soon after The Mining Journal arrived here yesterday morning giving the news of the alleged shooting it was learned that Nolan was alive and well.

Exclusive patterns in Japanese and Pongee silk handkerchiefs, with fancy effects in linen.

SOMETHING UNUSUAL.

LOCAL DEALER FORCED TO CUT ICE TO MEET PRESENT DEMAND.

Alex Nelson, the ice man, was obliged to cut ice last week to supply his patrons for the holidays. He has been in the business here for the past twenty-six years and this is the first season he has not had sufficient ice on hand to meet all demands.

Mr. Nelson cut his Christmas ice at North Lake, where he usually gets his supply for family use. He reports that it is ten inches thick, which is remarkably good ice for this time of the year.

TO POSTPONE OLD AGE.

The latest theory is to apply electricity to the base of the brain. The hardening of the arteries—the first symptom—is followed by a crumbling away of the brain cells.

CLUB HOUSE ABOUT COMPLETED.

The carpenters who have been employed at the new house of the Ishpeeming Snowshoe and Golf clubs, at the golf links on the line of the street railway, have just about finished their work.

The date for the initial meeting at the new place will be decided on within the next few days. It is understood that the "blowout" will be one which none of the members of either club will care to miss.

IT SAVED HIS LEG.

P. A. Danforth of LaGrange, Ga., suffered intensely for six months with a frightful running sore on his leg, but writes that Bucklen's Arnica Salve wholly cured it in ten days.

Gentlemen's bath robes, fancy vests, umbrellas, slippers, etc.: all choice gifts for the holidays, at L. W. Atkins & Co.

If you want good liquor go to P. H. Donahoe's for it. He has the pure stuff. Try his white malt whiskey.

A good-sized story book given away all this week with each can of baking powder purchased at the Grand Union Tea company's store.

You can call up Joe Prince's restaurant at Marquette over either the County or Bell phone.

ISHPEMING IN BRIEF.

Joe Mitchell of Champion was in the city yesterday.

A daughter was born yesterday to Mr. and Mrs. George Vosler.

A regular meeting of the Ishpeeming Lodge of Elks will be held this evening.

Just in, silk and satin suspenders, plain and fancy. L. W. Atkins & Co.

Mrs. Joseph Sellwood has returned to Duluth, after spending the past week visiting relatives in this city.

Depew and Rugby mufflers in black and choice effects in colors. L. W. Atkins & Co.

The Bethany Young People's society is going to give a musical and literary entertainment New Year's eve.

Kid and patent leather party shoes—latest lasts—at L. W. Atkins & Co.

Peter Heikkinen and Finna Lake, both of Ishpeeming, made application for a marriage license yesterday.

Extra large line of holiday neckwear just arrived at L. W. Atkins & Co.

William Duncan, who has been away to school in the East, is spending the Christmas holidays with his parents.

We are showing a most complete line of winter caps, latest shapes. L. W. Atkins & Co.

N. O. Flodin, who is connected with the Lake Shore Engine works of Marquette, was in town yesterday transacting business.

Late creations in gentlemen's cravats, in all the choice weaves and colorings, just in at L. W. Atkins & Co.

L. E. Johnson, a student at Augsburg seminary, a Lutheran institution, is home for his Christmas vacation.

Timely novelties just received from the best known makers of men's haberdashery at L. W. Atkins & Co.

W. M. Sage of Minneapolis, who represents the Hartford Steam Boiler Insurance company, was in town yesterday inspecting boilers.

Lined and unlined gloves, all the popular leathers and shades; also knit wool gloves of the McGeorge make.

D. McVichie has bought a new span of horses. They are jet black color and are among the best teams of horses in town.

S. W. Morgan, the wool soap man, who represents the Swift company of Chicago, will leave tomorrow for the copper country.

Rev. E. Schuch has returned from an extensive European trip. Before leaving for the old country he was pastor of the Negaunee Swedish Lutheran church.

The Burton Comedy company, which was booked for a date at the theater here on Christmas night, will not appear here.

Steam was turned on at the manual training school yesterday. Only two leaks were discovered in all the pipes.

Friends of E. F. Webster, who is quite well known in this vicinity, will be pleased to learn that he has been appointed general manager of the South African district for the R. G. Dun Mercantile company.

Professor Fohrman and Mr. Schief propose bringing out an opera during the course of the winter, to be recruited from home talent.

As will be seen by the Grand Union Tea company's announcement elsewhere in this issue, each person buying a can of baking powder at the store this week will be presented with a child's story book.

DeWitt's Little Early Risers are dainty little pills, but they never fail to cleanse the liver, remove obstructions and invigorate the system.

You will never get the small pox if you drink pure white malt whiskey, for sale by P. H. Donahoe.

A pretty souvenir calendar with every 50 cent purchase at the Grand Union Tea store all this week.

I have put in a very large line of choice home goods for the holiday trade.

Will keep you from getting small pox. We have the correct thing—in fact the best preventive to be found anywhere.

We will have a stock of ground pine, mistletoe, holly, etc., at P. F. Gill's furniture store, Mildon block, during the holidays.

AFTER MORE MINES.

THE CAMBRIA AND LILLIE MAY SOON PASS TO CONTROL OF THE OLIVER IRON COMPANY.

It would seem from the fact that Nelson P. Hulst and Thomas F. Cole visited the Cambria and Lillie mines last Sunday with a view to instituting a thorough examination of the properties that the Oliver Iron company is still in the field for the purchase of iron mines.

It has been understood by a few of the prominent mining men here ever since the Oliver people took the Hartwood mine, which adjoins the Cambria and Lillie, that they have had an eye on the latter properties.

As the years pass the importance of the ore deposits on the Teal Lake range become more apparent.

Field work, few people believed that the Teal would ever amount to much. The conditions did not warrant a supposition to the contrary, but during the past few years the people of Negaunee have pointed with pride to the mines on that range.

Mr. Roberts is the fourth member of his family to be taken with the malady, the others having recovered some time ago.

TAKES A FRESH START.

THE SEVEREST CASE HERE OF SMALL POX YET REPORTED BREAKS OUT IN A BLUFF STREET RESIDENCE.

The most dangerous case of smallpox reported to the health officer to date was discovered Saturday evening in a Bluff street residence, when it was found that John Roberts, a son of Captain Dick Roberts, was suffering with the dreaded malady.

The case was at once turned over to Dr. J. C. Hudson, the health officer, and he lost no time in quarantining the house and its inmates.

Mr. Roberts was not feeling well Friday but he was not ill enough to remain at home and he thought he was suffering from nothing but a cold.

Dr. Hudson in speaking of the case to a Mining Journal reporter said: "The case is a serious one because so many people were exposed to contagion by the sick man."

FREE OF CHARGE

Any adult suffering from a cold settled on the breast, bronchitis, throat or lung trouble of any nature, who will call at The Stafford Drug Co. will be presented with a sample bottle of Bosche's German Syrup, free of charge.

No throat or lung remedy ever had such a sale as Bosche's German Syrup in all parts of the civilized world.

FORESTERS ELECT OFFICERS.

St. Paul's Court No. 312, Catholic Order of Foresters, held a long and interesting meeting Sunday afternoon.

STORY OF A SLAVE.

To be bound hand and foot for years by the chains of disease is the worst form of slavery.

WILL ATTEND MEETING.

Edward C. Anthony left here Saturday night for St. Louis, where he has gone to attend a meeting of the executive committee of the Grand Army of the Republic.

THE PEOPLE TESTIFY THAT HOOD'S SARSAPARILLA CURES SCROFULA, ERUPTIONS, CATARRH, RHEUMATISM, DYSPEPSIA, NERVOUS TROUBLES, AND YOU MAY TAKE IT WITH CONFIDENCE THAT IT WILL DO FOR YOU WHAT IT HAS DONE FOR OTHERS.

INDIAN CLAIM OF \$57,000.

It is Being Pushed by Chester Howe for the Ottawa and Chippewa Peoples.

MONEY ACCUMULATED UNDER THE TREATY OF 1836.

Attorney Seeks to Think He Has a Good Case, but Marquette Tribesmen Would Not Raise \$50 for Depositions and a Brief.

THREE SUITS IN COURT OF CLAIMS.

Chester Howe, an attorney of Washington, D. C., is pushing a claim against the government for \$57,000 in behalf of the Ottawas and Chippewas. The Indians living in the neighborhood of Marquette are interested in the proceedings and Princess Nawekyashik, better known as Mrs. Martha Pratt, of 141 West Ridge street is acting as interpreter and agent for the chiefs of the upper peninsula. In all business which comes up in connection with the case, Mr. Howe is carrying on the suits at his own expense. If he wins those which he has instituted in the court of claims, he will be well paid, if he loses he will be out whatever time and money he has expended. As yet the Indians, who will benefit by a settlement of the claim, have not put up a single dollar to be used in defraying the expenses.

They have been requested to raise \$50 to be employed for the purpose of taking depositions and preparing a brief. Saturday a pow waw was held at Mrs. Pratt's residence with the object of canvassing the situation and, if possible, raising that sum. The few Indians who attended the meeting absolutely refused to subscribe anything toward the \$50. They believe in the justice of their claim but they are evidently afraid that there would be no return for the money which they are asked to raise. Mrs. Pratt will make a further endeavor to procure at least a part of the amount. It is not believed that her failure to do this would result in the suits going by default as Howe will doubtless see them through. Apparently he believes that he has a very good case, otherwise he would be unlikely to waste time on behalf of clients as poor as the rank and file of the Ottawa and Chippewa peoples.

The money which it is sought to recover was accumulated through the provisions of the treaty of 1836, under which the government agreed to set aside the sum of \$1,000 yearly for a period of twenty years with the evident purpose of establishing a trust fund for the benefit of the Ottawa and Chippewa nations or tribes. From the ratification of this treaty until the negotiations of 1855 this money was annually appropriated until there was in the treasury nearly \$17,000, the last appropriation being only for a portion of a year.

This fund was to be invested and to draw interest, and it was so invested by the government.

In 1855, under article 3 of the treaty of that year, the Ottawas and Chippewas

were waived all claims of any nature against the government. This waiver was for any lands, money or other things due from the government under former treaty stipulations. However, the fund of \$17,000, and its increment, was not money due from the government. It was money which had been transferred to the account of the Ottawas and Chippewas to be held in trust and invested for them. It was not the subject of any treaty stipulation and was certainly not to be considered under the third article mentioned above.

The Indian office so understood the treaty at that time. It carried the account on its books, as belonging to the Ottawas and Chippewas, for nearly thirty years. The original \$17,000 kept increasing in amount until it grew to about \$57,000.

Gradually the Indians became citizens. The Flint River agency, which was the last agency for the Ottawas and Chippewas, was discontinued. No one claimed the money. The Indian office asked the secretary what should be done with it. His officers looked up the treaty of 1855 and under the third article, turned the entire amount back into the United States treasury.

THREE SUITS PENDING.
Howe's attention was attracted to the case. He gave it some study and became convinced of the justice of the Indians' claim. In order to prepare for a suit he made a demand for the payment of all money due the Ottawas and Chippewas, acting as their agent, and received, what he expected, a refusal. It took many months to get even this much satisfaction from the department. The commissioner of Indian affairs expressed a belief that a mistake had been made but asserted that it was beyond his power to rectify it.

Howe then filed three suits in the court of claims. They are now pending and they will be brought up in due time.

To date there have been no expenses incurred in prosecuting the case except those of a delegation of Ottawa and Chippewa chiefs which visited Washington some months since. The demand for the \$50 which has just gone by default is the first that has been made on the Indians nor will they be called on to put up any other money.

The expense of prosecuting the suits will not be large and what money is required will be advanced by Mr. Howe.

Mrs. Pratt says that there will be a couple of thousand Indians in on the division, if the claim is finally allowed. Only pure blooded Ottawas and Chippewas or Indians having the blood of the two tribes mixed will be counted in determining who are entitled to shares in the money. Half breeds will be left out entirely. There are many Ottawas and Chippewas on the upper peninsula.

Most of these Indians are in such moderate or poor circumstances that their allotments of the total of the claim would appear considerable fortunes in their eyes. While they are not interested in their claim to the extent of putting up even a trivial amount of money to assist fighting the suits still

Snow shoes. No better can be made of wood and rawhide. Send to L. M. Spencer & Co., Marquette, Mich.

they will regard the developments with a good deal of curiosity and if, by chance, Mr. Howe should be successful in winning his case there would be no lack of full blooded Ottawas and Chippewas.

All cigars, per box, this month only, at wholesale prices, at Spencer's, Nester block.

A GOOD MARKET.

Coppers Prospered Under Leadership of Amalgamated.

Coppers did well yesterday under the leadership of Amalgamated. The market conclusively showed its great underlying strength and the developments were satisfactory to the investors and speculators. A. R. Jones & Co., said of the market: "The tide turned in Amalgamated and it rose quickly from 89 1/2 to 94. This was a leader and coppers rose briskly all around the room. It showed plainly that every one is waiting for a leader and that no one cares to sell. Buy coppers on all breaks. They are cheap and a boom must come. Buy now. Don't wait for the start because they will go so quickly that you can't get in. Buy Old Dominion it is easily good for 50."

They further said of wheat: "Bearish statistics, in the shape of heavy world shipments and a large increase of passage, accompanied by lower cables started wheat weak and lower. Then corn developed strength and the visible showed a decrease but there was enough of the other kind to show the temper of the pit. The market looks strong tonight. The evidence is that we will have a higher market tomorrow. All indications point to higher prices and, with any sympathy on the other side, we would look for considerable more advance."

Fred Donckers has arranged to handle the popcorn fritters in Marquette made by the manufactory at Ishpeming. He will receive them fresh every morning, and invites all to sample them at his store opposite the Mining Journal office on Washington street. He also has Christmas cigars in boxes of twelve and larger and the nicest tree ornaments in town, besides Christmas candles, fruits and nuts, and don't forget his line of fine pipes—just the thing for a gift to your "fellow."

Useful presents, at Spencer's Nester block.

A woman's never too old to be handsome, never too old to be young again. If she takes Rocky Mountain Tea, 25c. The Stafford Drug Co.

This is the season when one appreciates a well made cup of coffee, such as can be found at Heppner's.

If you don't find what you want at other stores, go to Spencer's store, Nester block.

Pupils received any time at the Shorthand Institute, Room 211, Savings Bank building. (12-18-1w)

The best goods, new and fresh, at Spencer's.

CLOSING OUT
