## MORE SNUBS FOR "PING."

His Banquet a Decided Frost and the Senate Again Hits Him.

## EFFORTS OF HOUSE VAIN.

Upper Branch Positively Declines to Concur on Taxation Legislation and Hopes Are Abandoned.

## DINNER GUESTS ARE FEW.

Lansing, Mich., Dec. 18.—The house today granted Governor Pingree the use of its chamber for his banquet tonight in honor of the supreme court and legislature. The house also refused to concur in the resolution adopted last night by the senate providing for the final adjournment of the legislature on Thursday, and a special committee was appointed to confer with a similar committee that the senate will be asked to appoint for the purpose of framing, if possible, a tax bill that will be agreeable to both houses. Later—the senate this afternoon refused the request of the house that a committee be appointed to confer with the house committee on the framing of a tax bill that will be acceptable to both branches of the legislature, and all further efforts in this direction have been abandoned.

## HIS FAREWELL BANQUET.

Governor Pingree's farewell banquet, which was announced in honor of the members of the state legislature, the justices of the supreme court and the railroad officials of the state, was given in the hall of the house of representatives tonight. None of the justices of the supreme court, nor the railroad officials invited, were present, while only three state senators and forty-six representatives attended. Not one of the state officials-elect accepted the governor's invitation, nor did ex-Governors Rich and Alger and Senator McMillan. The house desks were all taken out to make room for the banquet tables. The entire menu was prepared in Detroit and was brought here, with a band and a retinue of waiters, by special train this afternoon. Wines were a feature of the spread from beginning to end, and this fact has stirred up much talk in all quarters.

## SCANDAL IN PHILIPPINES.

SERIOUS FRAUDS EXPOSED IN REPORT OF THE COMMISSION INVOLVE AN EX-CONSUL AND MINING CONCESSIONS.

Chicago, Dec. 18.—The Washington correspondent of The Tribune says: In the report of the Philippine commission, which already has been submitted to the war department and will be published soon, there are some sensational paragraphs which will make disclosures of another more or less official scandal, which this time affects the Philippines instead of Cuba. The report will lose no money, but the government will explain the ramifications of a conspiracy of vast proportions, which was checked only by the vigilance of General Otis and subsequently by the investigations of the commission.

The particular official in question, who is charged in the report with practices of a peculiar character, is Oscar L. Williams, who was the consul of the United States at Manila when war was declared between this country and Spain, having been appointed to that post in the summer of 1897, at the beginning of the present administration. According to the facts set forth in the report of the Philippine commission, Mr. Williams took advantage of his official position to work a scheme which depended for its execution upon the natural ignorance of the military officials as to Spanish methods.

It is said that soon after the surrender Consul Williams, who still was officially connected with the state department pending a decision as to the status of the islands, associated himself with a syndicate which had for its object the acquisition of certain valuable mines in the island of Luzon. It is charged in the report that this syndicate managed to concoct certain deeds of concession from the Spanish government, giving absolute control of the mining property referred to. Thereupon the syndicate, with Mr. Williams at its head, made application to the military governor for a confirmation of the deeds of concession. A stock company had been formed and agents sent to the United States seeking to secure subscriptions for the sale of these mining properties. Meanwhile, General Otis, with the caution characteristic of him, which worked so disastrously to the army, but so admirably in civil affairs, started an investigation.

On the surface the concession was perfectly legal, and the syndicate was nothing to do but to permit it to be continued under the general principle adopted in the islands and accepted in the treaty of peace that all contracts made in good faith by the Spanish government prior to the declaration of war should be executed. For some reason, however, suspicion was aroused, and

upon further inquiry it was discovered that the papers had been manipulated in a peculiar manner, and, if forgery was not actually committed, it was at least evident that the supposed deeds were entirely fraudulent and had not been in existence probably until after the surrender of Manila.

Thereupon, according to the report, General Otis declined to confirm the concession of the valuable mines under his military authority, and now the Philippine commission, exercising civil control, openly denounces the syndicate and all its operations, declares the transfer illegal and void, and makes Mr. Williams over the coals for his connection with the transaction. Just how far he was officially responsible is not yet known publicly. He held an anomalous position from the day of the declaration of war, being a consul without a post and being on the roll of the department, but without any official duties to perform. Whether he was an official or civilian, the report of the Philippine commission will be a sensational one.

## DENY ALL BRUTAL HAZING.

SIXTY-EIGHT CADETS HEARD BY THE MILITARY COURT OF INQUIRY AT WEST POINT.

West Point, Dec. 18.—The military court of inquiry which began the taking of testimony at Bristol, Pa., yesterday arrived at the military academy this afternoon and resumed its investigation of the charges of hazing and brutal treatment made by the parents of former Cadet Booz. The room was open to the public, but no non-military men, except the reporters, were present.

The members of the court questioned the witnesses as to the practice of hazing in the academy, both in camp and in the barracks. Sixty-eight members of the class of 1902, to which Booz belonged, were summoned to the court and were brought in squads and kept in ante-rooms in the academy building. This was the first time in many years a court of inquiry has convened at this academy.

## SAY BOOZ WAS A "COWARD."

Four of the sixty-eight cadets of the second class examined during the afternoon, all of them who knew Booz, declared his standing with his classmates was not very high, as they looked upon him as a coward. The story of his fight with Kellar in 1898 was told by Cadet O. N. Tyler, who seconded Booz. When asked by the court why he did so, Tyler said, "Well, Booz asked me to be his second, and I could not well refuse." Every one of the witnesses denied that any brutal hazing had occurred, and two of them described the "bracing" and "setting up drills" as only "correctional measures," neither injurious nor humiliating. Every one seemed to give a straightforward story, and one and all denied that Booz had been interfered with on account of his religious belief or tendencies.

## ALL LINE UP WITH BRITAIN.

POWERS ACCEPT THE ULTIMATUM FORM OF NOTE TO CHINA.

London, Wednesday, Dec. 19.—Great Britain's proposed alterations in the preamble of the joint note have been practically accepted by all the powers. The Pekin correspondent of The Mail. "Both Russia and Japan, whose support was regarded as doubtful, have agreed."

"It is reported from Sian Fu," says the Shanghai correspondent of The Standard, "that the real director of the grand council is the empress dowager's favorite eunuch, Li Lien Yueng, who was erroneously reported dead last April. He is responsible for the general confusion and indecision. His latest suggestion is that the court should proceed to Nankin. General Tung Fu Hsiang is said to be still at Sian Su. An imperial decree authorizes the governors of the provinces of Shan Si and Shen Si to sell titles and decorations for the benefit of the sufferers from famine."

## FIELD DAY FOR BANK THIEVES.

THREE CONCERNS ARE ROBBED OF GOOD SUMS OF MONEY.  
Hope, Ind., Dec. 18.—Kennedy's bank was entered by two robbers this morning and \$15,000 secured. The thieves escaped.

Milbanks, S. D., Dec. 18.—Word was telephoned today from Albeeth that the bank there was robbed of \$1,500 in cash while the cashier was at dinner.  
Charleston, S. C., Dec. 18.—The safe of Dicks & Sally, a firm at Sally, a small town in Orangeburg county, was blown open by dynamite early this morning and \$7,000 in currency and gold taken besides mortgages, etc., amounting to \$2,000.

## "PROBABLY LYNCHED."

Lake Providence, La., Dec. 18.—News reached here today of the murder Sunday night at Arcadia, Miss., by two negroes, of a white man and his wife, keepers of a trading boat on the Mississippi, together with their baby. The negroes were arrested and confessed the crime. It is probable they have been lynched by the infuriated residents of the vicinity.

## WOMAN BURNS TO DEATH.

Estherville, Ia., Dec. 18.—The house of John Freeman burned today. Mrs. Freeman perished in the flames. Eyes have been arrested pending an investigation.

## TODAY'S WEATHER.

Washington, Dec. 18.—The following is the weather bureau's forecast for Upper Michigan: Fair Wednesday and Thursday; fresh westerly winds.

## BOERS MAY BE IN TRAP.

Burglers Who Invaded Cape Colony Seem to Be in Tight Fix.

## BRITISH DRIVING THEM.

Other Columns in Their Rear at the River Preparing to Give Raiders a Hot Reception.

## HEAVY FIGHTING REPORTED.

Cape Town, Dec. 18.—Boers who crossed the Orange river into Cape Colony west of Allival North on Saturday encountered the Cape Rifles and Brabant's Horse, who retired with loss.

## BRITISH TURN THE TABLES.

London, Wednesday, Dec. 19.—The Boers have raided Cape Colony at two separate points, a hundred miles distant," says the Cape Town correspondent of The Daily Mail.

"One commando had advanced upon Phillipstown, between Colshberg and Kimberly. The other, supposed to be Herzog's commando, crossed the Orange river between Odpaalstroom and Bethulle, northwest of Burgersdors, its objective apparently being Craddock.

"General MacDonald is engaging the invaders, who have no guns. Twenty miles west of Burgersdors. The latest news is that they are being slowly forced back to the Orange river, where a warm reception is being prepared for them."

## BOERS TAKE TWO GUNS.

Chicago, Dec. 18.—A special cablegram to The Tribune from Cape Town, dated Cape Town, the 18th, says:

"Commandant Haasbroek, who last week tried to break through the British lines at Springkants nek, reinforced by the commando of General Deitl, has cut his way through at Enubrit nek. He attacked the outposts at dawn, killed fifteen, including two officers, and captured two 30-pounders. His success was due to the fact that the burghers were clad in khaki, and the British again mistook them for commandos. "The burghers in the neighborhood of Thabanchu are leaving their farms and joining commandos. A new prophet of the Transvaal has arisen. He is known as 'Liam,' and he is riding over the county, prophesying the doctrine of insurrection. His crusade is having effect, and General Kitchener has placed a price on his head."

## KRUGER STOPS A RUNAWAY.

The Hague, Dec. 18.—It develops that while ex-President Kruger was out driving in the suburbs last Wednesday his horses became frightened at an automobile and ran away. One of Mr. Kruger's secretaries, who was the only other occupant of the carriage, jumped out. The old Boer president stood up in the carriage, and, reaching past the driver, seized the reins and soon pulled up the horses. He said to his secretary, when the latter rejoined him, "Next time sit where you are and trust in God."

## OUTLAW KUHNS DEFIANT.

ESCAPED OHIO CONVICT SAYS HE WILL GO HARD WITH ANY WHO TRY TO RETAKE HIM.

Indianapolis, Dec. 18.—An interview with Marvin Kuhns, the outlaw and ex-convict, who is accused of many crimes committed recently, is published here. Kuhns was found at the home of his brother after a thirty-five-mile drive over the country. The place where he is stopping is four miles from Albion, and no secret is made of it, either by the man himself or his friends.

The interviewer claims he had no trouble in gaining an audience with the man, who has been dodging the detectives and various posses that have promised to take him dead or alive. Kuhns had two large revolvers protruding from his pockets, but readily consented to talk about his affairs. The people in the vicinity, Kuhns insisted, knew of his whereabouts, and boasted that he had asked his friends to tell the detective where he was, adding, "If there is any trouble I will make it myself." Kuhns said he was not afraid of any man or lot of men on earth.

When suggested that he might stand no show against repeating rifles, Kuhns remarked, "O, I don't know; I won't have much trouble to find a repeater myself." On a bureau in an adjoining room were two rifles with cartridge belts. Kuhns' face and neck were filled with shot and scars of wounds that bore evidence of recent encounters.

Kuhns said he could leave his hiding place at once and be many miles away before detectives could arrive. He denied that he had come back to Indiana to be revenged on his enemies who had helped send him to the penitentiary. "All I want is to be let alone," he said. "I have been hounded until I have no place to lay my head. I was sent to the penitentiary for a murder I never committed and I am charged with hundreds of robberies I never heard about." "I have been clubbed and stabbed without reason and a price has been set upon me. I will attack no one. I

will run if I can, but if I can't the man who gets me in a corner must prepare himself." Kuhns denies that he was the man who in the fight at Logansport shot a policeman. He denies that he stole horses at Rochester. Kuhns says he was well treated in the Ohio prison and could have escaped several times, but he remained, hoping for a parole that never came.

## FOOTBALL AT SAN FRANCISCO.

IOWA LEAVES TODAY TO PLAY CALIFORNIA AND STANFORD.

Iowa City, Dec. 18.—The University of Iowa football team today accepted propositions to play games with the University of California on Christmas day and with Leland Stanford on New Year's day. The team leaves for the West tomorrow.

## ROCKEFELLER'S PRINCELY GIFT.

CHICAGO UNIVERSITY GETS \$1,500,000 MORE FROM THE STANDARD OIL MAGNATE.

Chicago, Dec. 18.—At the convocation exercises of the University of Chicago today, President Harper announced that John D. Rockefeller has made another gift of \$1,500,000 to the institution. Of this sum, a million dollars are to be used as an endowment fund, the university to derive the benefit of the income of it from year to year. The balance of the gift is to be used for immediate purposes and general needs.

## MOROCCO PAYS THE BILL.

AMERICAN CLAIM FOR \$5,000 INDEMNITY IS SETTLED.

Washington, Dec. 18.—A message from United States Consul Gummery, at Tangiers, informs the state department that the Moorish government has settled the claim of the United States for \$5,000 indemnity on account of the murder of Marcus Esazuqi, a naturalized American citizen, in Morocco last spring.

The Moorish government pleaded as the basis for its first declination to pay the fact that the man was killed, not by Moorish officers, but in a fight with a rabble. The claim for indemnity, however, was based on the failure of the Moorish government to make any effort to arrest or punish the perpetrators of the murder.

The navy department, at the instance of the state department, was making arrangements to send a naval vessel to Morocco to give moral support to the demands of the American consul for settlement.

## TRAINMEN THREATEN STRIKE.

SANTE FE EMPLOYEES MAY HELP OUT THE TELEGRAPHERS.

Topeka, Kas., Dec. 18.—The Santa Fe switchmen and brakemen here say they will strike if the demands of the telegraphers are not granted. The conductors announce they will stay by the road, but it is asserted they could be induced to join in a strike if one is ordered. The Santa Fe officials are said to be endeavoring to hire brakemen and switchmen conditionally to take the places of the men that go out.

## ROAD OFFICIAL NOT WORRIED.

Chicago, Dec. 18.—According to a statement issued tonight by J. M. Barr, third vice president of the Santa Fe railway, the committee composed of representatives of the different railway organizations who have taken up the grievances of the striking telegraphers considers the strike a mistake and at tomorrow's conference to be held here with the officials of the Santa Fe nothing but the reemployment of the telegraphers will be requested.

## FEW MORE FILIPINOS KILLED.

Manila, Dec. 18.—Lieutenant Herbert L. Evans, of the Forty-fourth Volunteer Infantry regiment, with fifty men, attacked on Dec. 12 several hundred bolomen and fifty insurgents armed with rifles occupying an entrenched position at Tonoxigan, island of Cebu. The Americans had three men wounded and the enemy lost twelve men killed and many wounded.

## M'FADDEN OUT-POINTS LEON.

Memphis, Dec. 18.—After one of the gamiest exhibitions ever witnessed in the Memphis prize ring, "Kid" McFadden of San Francisco was given the decision over Casper Leon of New York at the end of twenty rounds of fierce fighting before the Phoenix Athletic club tonight.

## KILLED IN A RUNAWAY.

Monmouth, N. J., Dec. 18.—William Hanna, aged seventy-three, a prominent manufacturer of this city, was killed in a runaway this evening. He was the principal owner of the Monmouth Mining & Manufacturing company and several other large enterprises.

## PONS AND ROEBER MATCHED.

New York, Dec. 18.—Paul Pons, the French wrestler, has been matched to meet Ernest Roeber in a Grasco-Roman contest in this city within four weeks. The men, it is claimed, will meet for \$1,000 a side and the gate receipts.

## MINERS WIN THE STRIKE.

Shamokin, Pa., Dec. 18.—The strike at the Natalie colliery was ended this morning, the twelve hundred employes returning to work. The Shamokin Coal company agreed to grant everybody a 10 per cent increase.

## SOUTH DAKOTA TOWN SCORCHED.

Elk Point, S. D., Dec. 18.—Fire today destroyed the entire business portion of the town, involving a loss of about \$150,000.

## TELEPHONE LINEMAN INSTANTLY KILLED

**JAMES HILL COMES IN CONTACT WITH A LIVE WIRE WHILE ON TOP OF A POLE, HIS BODY FALLING TO THE GROUND.**

James Hill, a lineman employed by the Michigan Telephone company on its Portage Lake circuits, was instantly killed at Hancock by clutching hold of a live wire with both hands while at work on top of a pole at 10 o'clock yesterday morning. Hill's body fell to the ground, and it was at once seen that life was extinct. Dr. Gasser was called and had the remains removed to Crawford's undertaking establishment.

The fatality occurred in front of Mr. Dittler's residence in West Hancock and was witnessed by several people. The news of the young man's death quickly spread and was deeply regretted by those who had known him.

The deceased was about twenty-five years of age. He was a general favorite among his associates and all have a good word to say for him. Scarcely anything is known about Hill's relatives, as he was a man who rarely mentioned his family connections. His home was at St. Thomas, Canada. Nothing will be done about the funeral arrangements until some of his people can be communicated with.

## THROUGH TRAINS TO ONTAGON.

**SOUTH SHORE OFFICIALS PERFECT THE DETAILS OF NEW PACT WITH THE C. M. & ST. P.**

A party of South Shore road officials, including General Manager Fitch and General Freight Agent Orr of Marquette and Assistant General Freight Agent Walker of Duluth, came down from Calumet yesterday morning and remained in Houghton for a time. They made their trip to the copper country on business relative to the new Milwaukee road in service between Calumet, Hancock and Houghton—at the South Shore's end of the line—and Mass City, Rockland and Ontagon, on the Chicago, Milwaukee & St. Paul road—as was announced in these columns several days ago—will leave Calumet at 8:50 a. m., arriving at Ontagon at 12:30 p. m., and returning will leave Ontagon at 1:45 p. m., arriving at Calumet at 5:40 p. m.

The opening of the new extension Milwaukee road is another good stroke of policy on the part of the South Shore officials. The through service from Calumet to Ontagon, which will be

much appreciated by the traveling public, would appear to show that the compact with the Milwaukee road has been strengthened. As it is now the C. M. & St. P. runs its through Chicago trains over the D. S. S. & A. tracks between Champion and Calumet, and beginning Monday the South Shore will use the line of the Milwaukee road between Riddles and Ontagon, incidentally better catering to the inter-county business—Keweenaw, Houghton and Ontagon.

## MORE SMALL-POX.

**TWO CASES DISCOVERED IN A RESORT IN WEST HANCOCK.**

There are two new cases of small-pox in Hancock. The patients are two women who were inmates of a questionable resort in West Hancock. The cases were discovered at 6 o'clock Monday night when Dr. Machette, the county physician, was called because of the illness of the two women. The place was immediately quarantined and the two patients bundled off to the pest house.

It is the opinion of Dr. Machette that the disease was brought to the house by an inmate who recently came from a like place that was quarantined in Marquette. The officials of that city recently closed up all the questionable resorts, it is said, and the inmates took to other fields for the time being.

## CIRCUIT COURT JURORS.

## HOMESTEADER EVONENS AT IT AGAIN.

**HAS NEW TOWNSHIP IN CONTEMPLATION AND ALSO CAUSES ARREST OF A HOMESTEADER FOR CUTTING HIS OWN WOOD.**

Daniel Evonens, the well-known character and homesteader from one of the corners of Hancock township, is again making his presence felt. The township boards for a long time past have at various intervals been bothered with petition after petition from this man relative to the district in which he lives, and the history of the many requests ought to be quite generally known by this time. As a rule the Hancock township board has ignored all demands for various excellent reasons.

Evonens' latest act was to take steps for the organization of a new township. He has mapped out everything in his own way and has partitioned off a part of both Hancock and Adams townships for the new territory. He hopes to be chosen the supervisor from the proposed district next spring and thereby become lord of all he surveys.

The man had a case on before United States Land Commissioner Fling at Hancock yesterday afternoon. The former had a homesteader arrested for cutting wood off his own land—but this fact was not known to Evonens at the time he had the man arrested. The land was rightfully purchased under the stolen land act and, of course, the defendant had the privilege of cutting the wood on his own property.

Evonens is a permanent resident on his homestead, and for this reason he evidently thinks everyone else who takes up land in that district should also be cut because certain parties could not see the matter in that way considerable trouble has resulted at different times. A number who own homesteads there are from Marquette and Houghton counties and have only lived long enough to have their rights to fulfill the law in the matter. It is required of all persons who take up homesteads to reside a short time on them in order to hold the land. In all cases this was done, but Evonens managed to find a few things that were not just according to law and as a result a government inspector came around and certain homesteaders were put to some trouble.

Evonens' demands on the Hancock board as a usual thing were to be impossible to be granted. One of his petitions, signed by the dozen families in that district, was for the establishment of a new school district there. The families live so far apart that the board could not see its way clear to put up a building and hire a teacher. The reasons for not acceding to the request were based on past experiences. One of the members yesterday cited a case that will fit the existing conditions in the district where Evonens lives. A school building was put up at the upper canal at a considerable expense for the purpose of educating forty-five children of school age who lived in that district. A teacher was hired and the term opened with a good attendance. It was not long, however, before the pupils began dropping off and at the end of June only three were left. It was not the fault of the teacher, but was caused by the long distances the children had to travel in order to get to school. If a school building were erected in Evonens' district the results would be the same. In the end, only it would not take as

## STRAIGHTENING UP THE SHAFT.

No. 3 shaft at the Mass is being straightened up to conform with the dip in the lode. As soon as the work is completed hoisting can be done to better advantage. The construction of the various buildings is well under way, and by the time the mill is ready the mine will be in excellent shape to keep the stamps pounding steadily on selected rock. The property already is extensively opened, and it is understood that development work for this reason, will not be rushed again until the mill is ready.

## NEW FIRE DEPARTMENT HORSE.

The village of Hancock purchased a horse yesterday to replace the one that had to be shot recently owing to an accident. The price paid for the new acquisition was \$250. The equine is a beautiful animal and makes an excellent mate for the other member of the team. The horse is not trained, but as it is young and willing no trouble is anticipated by the men who will have that job on their hands. For a week past the new purchase has been on trial and the results were so satisfactory that it was decided to buy him.

## MICHAEL HURTIN, WHO DIED AT HIS HOME NEAR THE COUNTY POOR HOUSE SUNDAY NIGHT, WAS BURIED YESTERDAY MORNING.

The funeral services were held from St. Patrick's church.

## CHRISTMAS AT THE CHURCHES.

Christmas at the various Hancock and Houghton churches will be celebrated with the usual festivities and services this year. Rehearsals for the special programs have been in progress and indications at present are that excellent results will follow. A number of the services will be held Sunday and the others either on Christmas eve or night. Several of the churches will have Christmas trees for the little folks and to these the children are eagerly looking forward. Presents will be given out and the usual supplies of fruits, nuts and candy will not be amiss. Christmas tide at Portage Lake will certainly be made a joyful one, and old folks as well as young are anticipating it with much pleasure.

## THE PROGRAMS AT ALL OF THE CHURCHES HAVE NOT BEEN DEFINITELY ARRANGED AS YET, SO THE MINING JOURNAL IS UNABLE IN THIS ISSUE TO STATE WHAT THE SERVICES AT THE VARIOUS ONES WILL BE.

The following is a brief summary of certain of the programs. Other announcements will be published in due time.

Christmas services at St. Patrick's Catholic church, Hancock, will be conducted in the usual way with a number of additions. Mass will be celebrated at midnight and at 8 and 10 o'clock on Christmas morning. The 8 o'clock mass will be the children's service and several hymns will be sung by them. At the other services the choir will be in charge. A special musical program under the direction of Miss Anetta Lavigne will be rendered at each. The church will be handsomely decorated with the usual trimmings for the altar and otherwise.

At the Congregational church, Hancock, a musical service will be held next Sunday. There will be a chorus of fifty voices under the leadership of F. W. Nichols, who has been carefully arranging the program for two or three weeks past. Portions of Handel's "Messiah" will be sung. The children will also have their share in the entertainment and will be heard in recitations and songs.

The First M. E. church of Hancock will have its Christmas entertainment on Sunday night. An excellent program of songs, recitations and the usual numbers appropriate for the occasion will be rendered.

The German Evangelical Lutheran church at Hancock will have its services on Christmas night and quite a lengthy but interesting program will be given. The choir is practicing a cantata that promises to be a delightful success. The children will also appear in songs and recitations. Rev. Traube's Atlantic Sunday school class will attend the exercises.

Rev. Sam Bettes, of the Houghton Rescue Mission, will hold Christmas exercises and have a tree Monday evening.

The decorations in some of the churches will be unique and beautiful. The public is cordially invited to go to any of the entertainments and it is safe to say that all will be well attended.

WOULD DEFY JOHN BULL.

Senate Canal Committee Urges Construction of the Big Ditch.

ENDORSES THE HOUSE BILL

Would Treat With Isthmian States. Start on the Waterway and Take Chances With Britain Later.

VIGOROUS REPORT MADE.

Washington, Dec. 18.—Senator Morgan, chairman of the senate committee on interoceanic canal, today reported to the senate the report of the isthmian canal commission, today submitted a partial report thereon in connection with the protocols of the agreement with Costa Rica and Nicaragua relating to the proposed canal which were submitted recently to the senate.

"That bill," says the report, "is the declaration of the policy of the United States for a canal under control of this government. It is the law of necessity, rather than of the expectation of profit or advantage to the United States, that compels us to construct, own and control a ship canal through Costa Rica and Nicaragua; and the geographical relations of the canal to the United States among the American governments, point to us as the power that must incur the expenditure to be invested with authority to control the canal as a marine highway for the ships of all nations.

GREAT PROFITS IN SIGHT. "The assured profits of this enterprise, in money, calculated on a basis that is even much larger than is indicated in any report that has been made, are sufficient justification for the expenditure that is necessary to acquire the right-of-way and to construct the canal.

"As a basis and a condition precedent to the accomplishment of this great task of duty, the United States must first acquire from Costa Rica and Nicaragua, by agreement, the right to construct, own, control and manage the canal. In doing this we must fully recognize their sovereignty, independence and authority over those countries respectively, and deal with them without any attempt at encroachment on their national rights. The president is not empowered or advised to encroach upon the sovereignty of those states. The acquisition of the sovereign ownership of a tract of country including the line of the canal would separate Nicaragua into two parts, between which the United States would be interposed.

THIS NOT CONTEMPLATED. "An act more fatal to her autonomy cannot be conceived, and if her government had power to do this, under her constitution, which forbids any cession of territory to a foreign state, the severance of her territory by such mutilation would destroy its territorial integrity and with it the republic. Such effort is beyond the purpose of the house bill and is unnecessary to the enjoyment of any privilege or right that relates to the ownership, control or management of the canal.

"If the senate shall concur with the house in the passage of this bill, it will draw away the settlement of any international difficulties that may exist without friction or danger to the peace and good will that exists between the United States and other nations."

WOULD IGNORE ENGLAND. "The passage of the Hepburn bill by an almost unanimous vote in the house must have called for a protest from Great Britain if that government considers any right of hers is in conflict with that measure. If the passage of that measure through the senate calls forth such protest, then will be appropriate time for its consideration and for taking measures to answer it. Until then we can never know the grounds of objection Great Britain may choose to make.

The senate, engaged in negotiations with Great Britain which may or may not result in an agreement, cannot afford to refer to consideration a bill so important to the country as house bill No. 2,633 merely to await the pleasure of one-third of that body. The senate, as part of the treaty-making power, has no more just right to suspend legislation on this subject than the president, who is the other part of that power, has to suspend legislation by his order."

OLD TREATY AN USURPATION. Advertising in any supposed relation Costa Rica and Nicaragua may have to the Clayton-Bulwer treaty, the report declares: "These states were not prohibited by the Clayton-Bulwer treaty from disposing of canal privileges or their entire territory, if their people so desire, to the United States or any other power, for the reason that they were not parties to that treaty. It failed, not only for that reason, but also because it was a flagrant usurpation on the part of the great nations that made the agreement and was condemned, as it still is reproached, by the morality of nations."

CANAL TREATY AGAIN DISCUSSED.

SENATORS FORAKER AND MORGAN URGE ITS RATIFICATION. Washington, Dec. 18.—The friends of the Hay-Pauncefote treaty occupied nearly all the time of the senate in executive session today, Senators Foraker and Morgan being the speakers. Previous to the taking up of that treaty the senate, for the purpose of clearing the calendar, disposed of several other treaties of comparatively little importance.

Five conventions in all were ratified. Among the documents thus disposed of was an agreement supplementary to the Hay-Pauncefote treaty which may be ratified until the fourth of March. The other treaties ratified were as follows: Extending for a year the time within which the commercial treaty with Argentina may be ratified; extending for a year the time within which the treaty with Great Britain for reciprocity with Jamaica may be ratified, and new extradition treaties with Bolivia and China.

CORRESPONDENCE WANTED. When the Hay-Pauncefote treaty was taken up attention was given to a resolution offered in the open session earlier in the day by Senator Tillman calling for the correspondence between this government and the government of Colombia relative to the right of the United States to construct a canal across Colombia territory. The resolution was agreed to after it was amended at the instance of Senator Morgan so also to call for all the correspondence with the Panama Canal company.

Senator Foraker's speech from first to last was a defense of the Hay-Pauncefote treaty, and he took occasion to praise in high terms Secretary Hay, who, he said, was not only an accomplished gentleman and scholar, but a patriotic statesman of high character. Senator Morgan traversed much of the ground he had covered in previous arguments in support of the Hay-Pauncefote treaty.

No business of consequence was transacted in the open session today.

DAY IN THE HOUSE. The house devoted the day to the district of Columbia business. The whole time was occupied in the consideration of a bill to change the terminal facilities of the Pennsylvania railroad in this city and to provide for the elevation of its tracks across the south of Pennsylvania avenue. The opposition was persistent, but after much filibustering the friends of the bill succeeded in securing a recess until 11 o'clock tomorrow in order to continue the legislative day and complete consideration of the bill.

RIVALS FIGHT FATAL DUEL.

Kokomo, Ind., Dec. 18.—Frank Jones and Emory Cooper, first cousins and rivals for the hand of a young woman residing near Russellville, this county, tonight are dying of wounds sustained in a duel. The two men arrived at the girl's house in barges at the same time Sunday evening, each intending to take her to church. Both, leaving their vehicles, drew revolvers and commenced shooting. Cooper was shot five times and cannot recover. When his revolver was emptied Cooper drew a knife and attacked his opponent, inflicting wounds in the body, besides cutting his scalp until strings of it became loosened from his head. Little hope is given for Jones' recovery. Both men are prominent and of good families.

LAWSON LETS YACHT CONTRACT.

Boston, Dec. 18.—George F. Lawley, president of the corporation of the same name, has signed a contract to build for Thomas W. Lawson the yacht which Bostonians hope may beat out the Herreshoff creation for the honor of defending the America cup against Sir Thomas Lipton's Shamrock II. The contract price was not made public. The new boat will be built at the Atlantic works, East Boston, and it is expected that work will be begun on it before the end of this month. Mr. Lawson is negotiating for the purchase of the boat of the Defender for a trial horse for his new boat.

GOMPERS IS FOR STRIKES

Labor Federation President Vigorously Opposes Compulsory Arbitration.

CONFERENCE WITH HIM.

Votes After an Interesting Wordy Tilt the Time Is Not Ripe for Adoption of New Zealand Plan.

Chicago, Dec. 18.—The conference on arbitration and mediation which passed in industrial history with its adjournment tonight, was enlivened during the day by a debate between Samuel Gompers, president of the American Federation of Labor, and Hugh H. Lusk, ex-member of the parliament of New Zealand. The venerable New Zealander during the forenoon turned aside from his prepared address advocating the compulsory arbitration of labor disputes to express displeasure at the declaration made by Gompers in his address last night. Gompers had asserted he wanted to see the labor organizations retain the privilege of striking when they pleased, why they pleased or merely because they pleased. "Mr. Gompers wants conciliation," said Mr. Lusk. "He says you can never have any conciliation unless you are ready to cut one another's throats. Well, if that's the unfortunate condition of the people of America, I am sorry for them. We are not so anxious to cut one another's throats where I came from."

During the afternoon Gompers secured the stage and reiterated his assertions of the night previous. After two speeches had been listened to Lusk again secured the floor. He explained at length the workings of the arbitration court of New Zealand, generally talking straight at the labor president. A lively exchange of questions and answers which bewildered the audience ensued. "I'd rather be at sword's point in America, an independent, than surrender my rights to strike for one minute," shouted Gompers. With that he left the hall.

Chicago, Dec. 18.—The conference on arbitration and mediation which passed in industrial history with its adjournment tonight, was enlivened during the day by a debate between Samuel Gompers, president of the American Federation of Labor, and Hugh H. MONEY AND METALS.

Money on call, steady, at 4 1/2 per cent. Last loan, 5. Prime paper, 4 3/4 to 5 1/2 per cent. Exchange, firmer, demand at 4 1/4 and 5 1/2 days at 4 1/2 to 4 3/4. Copper remains dull, at 17 cents for Lake Superior and 16 1/2 for casting copper and electrolytic. At London the market today was a shade lower, closing easy at 47 1/2. The iron market, however, was quiet, buyers and sellers holding off until after the holidays. The prices are nominally unchanged, with the English iron markets unsettled. Glasgow today closed at 61 s. 9 d. and Mid-dleboro at 62 s. 9 d.

CHICAGO GRAIN MARKETS.

Chicago, Dec. 18.—In wheat market there was a fair trade and the market was a little more animated, though the volume of business was moderate. The early tone was steady, but weakness developed later and the close was 1/2 cent lower. The market was helped a little at the start by the bulge in corn and steady cables, but the movement and the Argentine news more than offset the same later on. Liverpool spot was steady to 1/2 penny higher, with futures 3/4 up. Scattered buying by local professionals held the market for some time, but the offerings soon increased and the price sagged. The showing of Bradstreet's available supply also was a bear factor, there being an increase of 2,522,000 bushels against a decrease in the same week of 1899 of 1,257,000. The market was liberal at 62,000 bushels, and the seaboard reported sixty boatloads accepted.

Corn attracted considerable attention, especially the nearby deliveries. December was strong and higher, advancing to 42c, or 4 1/2¢ over May, and January sold to 37c, or about 1/2¢ premium over May. The close showed December up 1/2¢, January 3/4¢ higher and May little changed. Talk of a concentrated long line in December of considerable size, together with the meagre stocks of contract corn on hand, caused shorts for that delivery some uneasiness, a corner being feared, and on covering the prices were bid up, with 4¢ difference between trades. The volume of business was larger than yesterday. Out of 728 cars, 1,000 were contract.

Oats were steady, with moderate trading and within a narrow range. The close was the same as yesterday after some selling against country acceptances. The leading futures ranged:

SMOKE

Lower Michigan News.

The new engineering shop at Ann Arbor is complete, and the U. of M. students moved in Monday morning. For a number of years the shops have been too small, and the increase of room will admit of more elbow room for the mechanical and drafting classes. Offices have also been provided for Prof. Cooley and Prof. Allen on the ground floor. Above there are quarters for Prof. Sadler, naval architecture, and Instructor Andrews.

After a long conference with his attorney, G. X. M. Collier, Richard Morris, of Detroit, slipped to the bar in the circuit court at Mt. Clemens Monday morning, and changed his plea of guilty to guilty. Morris was on trial, charged with having burglarized the office of the Rapid Railway at Mt. Clemens on the morning of Nov. 6 last. He was once before convicted of a similar offense and sentenced to 10 years in prison, but was pardoned by Gov. Piquette a year ago last July, after serving five years.

The new contract for growing sugar beets during the year 1901 between Bay county farmers and the factories is practically the same as in 1900. The farmers will receive 4.50 for 12 per cent. beets and 33-1/3 cents for each additional one per cent. The farmers have done well at this rate and are satisfied to let well enough alone, although there are a few modifications in the manner of weighing and taring the beets that the farmers want made. The beet grower's association will take action on the changes at the January meeting.

Chase E. Burnham, a young attorney of Port Huron, is behind the bars and a charge of forgery is registered against him. Mrs. Jane Renwick of Myrtle street, Port Huron, is complainant. She alleges that Burnham sold her mortgaged home and note which had been forged. The mortgage was primarily given to Burnham in payment of services in another case by John Campbell and was for \$100. It is alleged that Burnham conducted negotiations with Mrs. Renwick to purchase the mortgage and he raised the price of the amount to \$200. The mortgage was of no value, as the services had been paid for.

A man giving the name of James Scott, of Detroit, attempted suicide at the Clarendon hotel at Grand Rapids Sunday. He entered the hotel early that morning, registered and went to his room. Nothing further was seen of him until the same night when he was found in a room on the second floor. He was found unconscious from a heavy dose of morphine, evidently taken in whiskey. He was removed to a hospital and cannot live. He is about six feet tall, about fifty-five years old, has a sandy moustache and one finger off on each hand. A card was found in his pocket bearing the name of James Scott, but there was nothing further to identify him.

H. M. Long, editor of the Echo, a Harrisville publication, was surprised and bound by two safe-crackers at 2 o'clock Sunday morning in his room in the Alcona county bank building. For over two hours the cracksmen drilled with the splendid new steamship Ponce and San Juan sailing from New York the second day following. Individual tickets sold for other sailing dates, alternate Saturdays. Tickets include all expenses everywhere. All railway, steamer and sleeping-car fares, meals and drinks on steamers, meals on dining car, hotel bills in New York and Puerto Rico, all transfers, carriage rides in the cities and through the island, guides and interpreters are included in the tickets. There are no extras.

Tours are under the direction of Reu Campbell, general manager, A. T. A., 1423 Marquette Building Chicago. Itineraries, maps and tickets can be had on application to the Agents of the Chicago, Milwaukee & St. Paul railway. (12-7-10)

NEW PUBLICATION.

A Medical Work of Practical Family Value—Specific Manual by Frederick Humphreys, M. D.

The revision of a work which has been before the public for over forty years, and which has an annual circulation of over ten million copies in five different languages, is somewhat remarkable. Its venerable author here gives the result of half a century of professional experience in perfecting his system of medicine. As a guide to those who use his specifics and valuable hints as to diet and care of the sick this manual of 144 pages is admirably systematized for the needs of the sick.

We especially notice the unmistakable professional tone which prevades every page of the book. This pocket edition contains a portrait of the author, and the cover is a beautiful harbor from an original model and will be sent free, postage prepaid, on request to the Humphreys' Medicine company, corner William and John streets, New York.

TOUR OF PUERTO RICO.

The American Tourist association announces two tours of the beautiful island of Puerto Rico under escort, through and around the island by rail, carriage, automobile and boat. Special Pullman cars leave Chicago Thursday, January 17, and Thursday, February 14, at 9:30 a. m., connecting with the splendid new steamship Ponce and San Juan sailing from New York the second day following. Individual tickets sold for other sailing dates, alternate Saturdays. Tickets include all expenses everywhere. All railway, steamer and sleeping-car fares, meals and drinks on steamers, meals on dining car, hotel bills in New York and Puerto Rico, all transfers, carriage rides in the cities and through the island, guides and interpreters are included in the tickets. There are no extras.

A NEW INSTITUTION.

ISHPEMING TO HAVE ANOTHER NATIONAL BANK WITH A CAPITAL STOCK OF \$100,000.

Ishpeming will soon have a second national bank. A corporation has been formed for its organization, composed of Nelson P. Hulst of Milwaukee, Thomas F. Cole and Solomon Curry of Ironwood, Alfred Kidder of Marquette, Walter Fitch of Champlin, together with several of the leading capitalists of Ishpeming, including the representative men of the several mining companies. It is understood that the institution will be incorporated with a capital stock of \$100,000.

The charter has already been procured from the treasury department at Washington. Thus it will be seen that the preliminary steps for the early establishment of the bank have been consummated. That the new bank will be a paying institution no one familiar with the business and acquainted with the gentlemen holding its stock will doubt. In fact it is safe to say that it will start out with a big business the first hour the doors are opened. If the entire business of the Ishpeming parties concerned is turned over to the new institution there will be many accounts transferred from the books of the other banks of the city.

Definite arrangements for the establishment have not yet been made, though it is likely that something positive will be announced within a few days. It is understood that the gentlemen interested are very desirous of launching their enterprise by the first of the new year. The matter of starting the bank is left in the hands of men who fully understand what they are about.

The Mining Journal expects to be able to give additional important facts in connection with the affairs of the new institution very soon. Certain matters which are now under advisement will come to a head before long and just as soon as the news is ready for publication it will be given in detail.

Lined and unlined gloves, all the popular leathers and shades; also knit wool gloves of the McGeorge make. L. W. Atkins & Co. (12-14-10)

SWELL HOP PROMISED.

Patrons of dancing parties will be pleased to learn that the Zenda club is going to give another hop. The first party some time ago was such a grand social success that the members are encouraged to give another, which will likely be followed by a social every two or three weeks during the season.

If work will make it a success, this party should be one of the prettiest ever held in the city, for every member of the organization is doing his share towards interesting the young people. The hop will be held Dec. 28, at Anderson's hall. The room will be elaborately decorated, flowers bunting, etc., being used for this purpose. The city band orchestra will furnish the dance music, playing some new waltzes and two steps.

Only a limited number of invitations have been issued and the cards must be presented at the door to insure admission.

Gentlemen's bath robes, fancy vests, umbrellas, slippers, etc.; all choice gifts for the holidays, at L. W. Atkins & Co. (12-14-10)

FRANK E. LONG COMING.

Frank E. Long, the well known actor and his company, have been booked at the Ishpeming opera house for the week of Dec. 21. Mr. Long comes with a larger company than ever. He is carrying seventeen acting people, including a male quartette, known as the "Miser's Quartette," Miss Nana Sullivan, Miss Lacey and Frank Moore are among the members of the troupe who were here last season. Some new plays are being produced and the company is playing to packed houses everywhere, giving better satisfaction than on any previous tour since Mr. Long has managed a company of his own. The old favorite will doubtless be favored with his usual big business here.

Exclusive patterns in Japanese and Pongee silk handkerchiefs; also dainty effects in linen. L. W. Atkins & Co. (12-14-10)

CHRISTMAS CANTATA.

Members of the Salisbury Methodist church who are preparing for the rendition of the cantata, "The Wise Men from the East," Christmas night at the church are putting in a busy week. The undertaking is a big one, as a large number will take part in the entertainment. Rehearsals have been held at frequent intervals during the past five weeks and now all are thoroughly familiar with their work. There will be a Christmas tree at the church that evening. It will be loaded down with good things for all the children of the location. Parties wishing to have presents given out to the children that evening are requested to bring them to the church. The admission will be 25 cents for adults and 19 for children.

If you would have an appetite like a bear and a relish for your meals take Chamberlain's Stomach and Liver Tablets. They correct disorders of the stomach and regulate the liver and bowels. Price, 25 cents. Samples free, at Stafford's Drug Store.

JOHN MALMSTEN ARRESTED.

HE IS CHARGED WITH EMBEZZLING \$275 FROM G. A. WERNER OF MARQUETTE.

John Malmsten, the young man who had charge of G. A. Werner's studio in this city for the last two years, was arrested Monday night, charged with embezzling \$275 from his employer.

The prisoner was brought before Justice Kennedy for examination and was held for trial. Bail was fixed at \$300, in default of which Malmsten was sent to jail to await trial. It is probable that the defendant will have his preliminary hearing this morning. He will undoubtedly be bound over for trial in the circuit court.

The charge on which Malmsten is held is a serious one and, should he be convicted, the punishment will be severe. The alleged shortages have been running for some time and were known to Mr. Werner, who has given the accused every opportunity to make them. It was not until new irregularities appeared that Werner decided to prosecute. The total sum of the money misappropriated amounts to nearly \$1,000 but the specific charge is for the embezzlement of \$275.

Mr. Werner is a Marquette photographer but has conducted an Ishpeming branch for two years or more. Malmsten had its management and he therefore handled the money at this end, a considerable sum. About six months ago the first shortage in the accounts was noticed. An explanation was demanded and Malmsten confessed that he had been appropriating some of the funds for his own use. He promised to make the deficiency good and was allowed to hold his position. Last week new irregularities were discovered.

John Malmsten is well known in Ishpeming. He has always borne a reputation for honesty. The news of his arrest was a surprise to his friends.

MAY BE A CAPTAIN.

AN ISHPEMING MAN STANDS A GOOD CHANCE FOR PROMOTION TO THAT RANK IN UNCLE SAM'S ARMY.

Alderman Joseph Kennedy of the ninth ward is in receipt of the following interesting letter from D. P. Quinlan, an Ishpeming man who has distinguished himself in our military service in the Philippines, advancing step by step from the ranks to a first lieutenantcy:

"My Dear Friend—We have just returned from one of the stiffest marches made on the island. We had to leave our horses and go afoot. It took us fourteen hours to come five miles. It was not mud, but clay, of the worst kind. Those little Macabebes don't mind anything in the line of marching, no matter how severe, but it's mighty hard on us.

"I am in command of Troop A of the Filipino Cavalry and am the ranking first lieutenant of the squadron. I expect my captaincy every day, being the ranking officer presented on Sept. 4.

"I command three troops in an engagement with the insurgents under General Lacuna. There were no casualties on our side. We ran them about nine miles, killing many and capturing several guns and a large quantity of ammunition. Lead flew pretty thick for a while, but it was very wild shooting and I have not had time to see on this island. The insurgents here don't wait very long when they see the Macabebes coming. There has been an increased activity on their part the past few weeks, but it's their dying effort before election in the states. The Filipinos themselves are robbed and killed right and left by those robbers, as they are no respectors of persons.

"It is my earnest desire to continue in service, retaining my present commission; or, if possible, obtain the captaincy, for which I was recommended by General Kobbe, and Lieutenants Abernethy and Kraenbuhl. I have seen a great deal of active service and have acquainted myself with the customs and language of the country, speaking Spanish and other different tongues of the island.

"I expect to forward to my brother Tom a box of relics for distribution among the boys, whom I hope are all well. I am enjoying excellent health." The letter was dated Sept. 24, and was written at Heuue Eliso, Province of San Isidro. As nearly three months have elapsed and no announcement of Lieutenant Quinlan's promotion has been made his friends here are naturally getting a little impatient on his account. Inasmuch as he is an upper peninsula boy who has won distinction in the army through brave and gallant service alone it might not be amiss for some of the more influential men here to look into his case. There is hardly any question but that Mr. Quinlan's promotion would be forthcoming, and at no distant day. If the right men interested themselves in his behalf.

Mr. Quinlan has been highly praised from time to time by his superior officers in the Philippines. During the two years he has been in the service he has taken part in a number of stubborn engagements. He was wounded four different times. His last and most serious wound was received last spring, just before he came to Ishpeming on a furlough, when he was shot through the foot.

The lieutenant's bride did not accompany him to the Philippines. After they left here she went to California, where she is living with her people. It is his intention to have her join him just as soon as he receives his commission to the captaincy. His many friends here hope the day is not far off when his desire will be gratified, as it is very evident that he is justly entitled to the promotion for which he has been recommended.

### DEATH OF H. B. KROGMAN.

PROMISING YOUNG SUPERINTENDENT OF THE SCHOOLS PASSED AWAY LAST NIGHT AT 10:30 O'CLOCK.

Negaunee people are greatly shocked at the fatal termination of the illness of H. B. Krogman, superintendent of the public schools. He had been sick but a comparatively short time, the original ailment being typhoid fever. Early this week it was thought that the disease had been broken up, but a relapse yesterday, followed by a complication of peritonitis, destroyed all hope of preserving the sufferer's life. The death, which occurred at 10:30 o'clock last evening, was anticipated.

Mr. Krogman's loss will come home to the greater number of the citizens of this city. He came to Negaunee from the University of Michigan to accept a position as principal in the high school. From his college labors he threw himself heart and soul into his work and made a highly creditable and honorable record, winning esteem and respect from all with whom he came in contact. His notable success in the school building capacity led the school trustees to repose in him the entire responsibility of the management of the schools when F. D. Davis gave up the superintendency some two years back. His efficient service after he accepted that position very shortly demonstrated that they had made no mistake.

Mr. Krogman made an admirable administrative officer. He was a quiet, unassuming worker, but his labors were effective to a rare degree. Negaunee has never been better served than during the years he has had charge of its schools. Thus his death becomes a public as well as an individual loss. The deceased was highly esteemed by all his acquaintances, who were never tardy to recognize the sterling traits of his character.

In all Mr. Krogman had resided in Negaunee some six or seven years. A little over two years ago he married Captain Thomas Walter's eldest daughter at her Ishpeming home, bringing the bride to Negaunee to live. In the interval since the marriage Mrs. Krogman has never been better served than during the years he has had charge of its schools. Thus his death becomes a public as well as an individual loss. The deceased was highly esteemed by all his acquaintances, who were never tardy to recognize the sterling traits of his character.

### OUT IN THE COLD WORLD.

ANNOUNCEMENT IN YESTERDAY'S MINING JOURNAL WAS THE announcement that Charles H. Griffey, son of Editor C. G. Griffey of the Iron Herald, had been notified by Auditor General-elect Perry F. Powers that his services in the office over which he will preside after the first of the year will be dispensed with. It would seem from the large number included in the list that Mr. Griffey is not the only clerk at the capitol who is now on the "market."

Among the lower peninsula items in yesterday's Mining Journal was the announcement that Charles H. Griffey, son of Editor C. G. Griffey of the Iron Herald, had been notified by Auditor General-elect Perry F. Powers that his services in the office over which he will preside after the first of the year will be dispensed with. It would seem from the large number included in the list that Mr. Griffey is not the only clerk at the capitol who is now on the "market."

The announcement caused surprise among the young men of Negaunee. Many discussed the matter yesterday and all agreed that a general cleaning out must be planned by the incoming officials, otherwise Griffey would be retained, owing to the strong "pull" his father has had with the influential Republicans of the state.

Charley has been in the state service quite a long while and he is credited with having done good work at all times.

Now that the "house cleaning" work has been started at the state capitol applications for positions will pour in to the new officials. The upper peninsula will have its share on file as a number from this section have already applied for jobs. It is not certain that Negaunee will have a representative at the capitol under the new administration but the other cities of the county have men who stand a chance of falling into some of the vacancies.

It is not known among Mr. Griffey's friends here what line of work he will take up after leaving the capitol. They are of the belief that he will procure another position in the lower peninsula.

A MOST WONDEROUS CURE.

Eminent Physicians Pronounced it Consumption.

Dr. C. D. Warner, Coldwater, Mich. Dear Sir:—I have received great benefit from your White Wine of Tar Syrup. I had a cough and the doctors gave up all hopes of my recovery and pronounced it consumption; I thought that it was death for me. I tried everything that we could hear of. Finally one of my friends prevailed upon me to use your White Wine of Tar Syrup. I took one and one-half bottles and am cured entirely. Such medicine I can recommend to those who are afflicted as I was.

Very respectfully yours,

### TRADE IS GOOD.

MERCHANTS ENCOURAGED BY MARKED INCREASE IN BUSINESS—ARE LOOKING FOR LARGE HOLIDAY SALES.

Within the past few days business has increased to such an extent that the retail merchants are now looking for the largest holiday trade ever enjoyed here. Sales so far this week are about twice as large as for the same period of last week. Mondays and Tuesdays are always considered off days with the retailers but Monday and Tuesday of this week have been better than any other days of the week during the fall months.

The grocers were particularly busy yesterday filling orders for holiday goods. One merchant said that in his experience in the grocery business he has never seen trade so brisk.

The dry goods merchants and those who handle Christmas novelties are enjoying large sales. Although they do the biggest share of their business directly before Christmas yet their sales to date have been unusually good.

### HOW TO CURE CROUP.

Mr. R. Gray, who lives near Amelia, Dutchess county, N. Y., says: "Chamberlain's Cough Remedy is the best medicine I have ever used. It has cured my children's croup and never fails to cure." When given as soon as the child becomes hoarse, or even after the croupy cough has developed, it will prevent the attack. This should be borne in mind and a bottle of the remedy kept at hand ready for instant use as soon as these symptoms appear. For sale by the Stafford Drug Co.

### LIVELY SOCIAL SEASON.

The social season, following the busy time incident to the holidays, promises to be rather lively this year. A large number of the fraternal societies are planning interesting sessions. In most cases the installation of the newly elected officers will be the leading feature of the meetings. There will be spreads in connection with nearly all the early January gatherings.

The cantatas to be given by the Sunday schools of the Methodist and Presbyterian churches promise to be pleasing entertainments. The city band concert is also attracting much attention at this time. Soon after the first of the year many of the young people, including the leaders of society, will be out with announcements for dancing parties. It is understood that quite a number of these will be held during the first month of the year.

### AUCTION SALE BEGINS MONDAY.

I wish to advise the people of Negaunee and vicinity that I will begin the auction sale of my stock of furnishings, etc., Monday evening, Dec. 17, at Pearce's block, West Iron street, continuing the same until stock is disposed of. Goods at your own price.

### PRESENTS FOR SMOKERS.

The windows of Jaedecke Bros. cigar store speak for themselves at this particular season of the year. Within the past few days a variety of smokers' articles, which were purchased especially for the holiday trade, have been placed in the windows. The firm has put up an unusually fine line of cigars in large and small packages. The choicest brands of cigars may be purchased in box lots. A fine line of pipes is also an attractive feature of this year's stock. Those who are looking for presents for a gentleman friend who smokes will do well to call at Jaedecke's, as the goods on exhibition will surely prove to be the correct thing.

### AUGUST FLOWER.

"It is a surprising fact," says Professor Houton, "that in my travels in all parts of the world, for the last ten years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and salesmen, or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion." Sample bottles free at The Stafford Drug Co. Sold by dealers in all civilized countries.

### PREACHER LEAVES FOR CHICAGO

The Rev. C. G. Liden, pastor of the Swedish Mission church, left Monday night for Chicago, where he will have charge of a large congregation. Mr. Liden has been connected with the church for some time and was well liked by his parishioners, who are all sorry to see him leave his present charge. Mr. Liden preached his farewell sermon Sunday evening, in which he expressed his appreciation of the kindness extended to him by the congregation.

Andrew Anderson, a clergyman of high standing in the Mission church, and well known in this vicinity, will succeed Mr. Liden as pastor.

### IT SAVED HIS LEG.

P. A. Danforth of LaGrange, Ga., suffered intensely for six months with a frightful running sore on his leg, but writes that Bucklen's Arnica Salve wholly cured it in ten days. ### Upper Peninsula News.

There were several wild cats killed in Menominee county last week and woodsmen report that these animals are numerous. Last Thursday Benjamin Appleby of Stephenson, killed one near that village. The carcasses are brought to Menominee where a bounty of \$3.00 is demanded.

John Jones of Iron Mountain left Monday for New York from which place he will soon sail for South America to look after the development of his mining interests there. Mr. Jones is an authority on mining matters and it is said that his South American properties promise to be bonanzas.

Joseph Madigan, foreman in one of S. M. Stephenson & Co.'s logging camps, near Daggot, Menominee county, was assaulted by two Poles Saturday night, one of whom attempted to kill him with a dirk knife. Madigan was stabbed six times in the left arm, shoulder, back and in one leg. Some of the cuts are four inches long, the one in the back being dangerous. Madigan was taken to a hospital in Menominee and is now in a critical condition. The Poles came from a neighboring camp and raised a disturbance. They were put out of doors by Madigan, but soon afterward returned and assaulted him. Both escaped, but an officer is on the trail of the man who did the stabbing. The names of the assailants are unknown.

A bloody fight occurred at the boarding house conducted by John Perocell near the C shaft of the Chapin mine at Iron Mountain Sunday night. Perocell and three of his boarders, Tony Garavalia, Tony Berri and Tony Mirra purchased a keg of beer which was tapped on the evening when they proceeded to get drunk. Their jollification ended in a quarrel and they left the house for the open air to settle it. Knives were drawn to be used with fearful effect. Perocell was stabbed and cut on the right side of the stomach, he being the only sufferer in the fray. When the bloody work was finished the three men hurriedly left the neighborhood, leaving Perocell where he had fallen. He was picked up and taken to the hospital some time later, the guilty parties were then rounded up. It appeared that Garavalia had wielded the knife which inflicted Perocell's injuries. He alleges that he drew his weapon in self defense. Perocell is in a very serious condition.

A HOUSEBREAKER'S WORK.

Gust Anderson's Place on Washington Street Was Entered Sometime Monday Night.

TILL WAS RELIEVED OF ALL ITS SMALL CHANGE.

Marauder Made His Escape and There Is But a Small Chance of Locating Him—He Is Liked by an Amateur and a Marquette Man.

SAFE CONTAINED MUCH MONEY

For the first time in many weeks there was a case of housebreaking in Marquette Monday night or some time early yesterday morning. Gust Anderson's saloon on Washington street, adjoining the Michigan Telephone company's building on the west, was entered and the till was relieved of all its change, a tidy sum of money. The single marauder contented himself with this depredation. He did not touch the stock nor did he pay any attention to the safe. When the proprietor sized the situation up yesterday morning he was unable to say that anything was missing beyond the money which he had left in the till.

The officers were informed of the theft and they have taken such measures to bring about the arrest of the criminal as the case will permit. As there is practically nothing to work on except a generous quantity of footprints in the snow outside the window where entrance was effected the chances are that the marauder will spend his ill-gotten money without being called to account for its theft.

The saloon was entered by removing a small pane of glass from a window on the west side of the building. There is a narrow space between it and the Frell block. It is sufficiently large to allow a man to move about comfortably while it is perfectly screened from Washington street by the front portions of the structures. Here the housebreaker worked without interruption. The hole obtained by the removal of a pane of glass was rather diminutive. At first sight one would declare that only a boy could work through it but by actual test yesterday it was shown that it was amply large enough to admit a good sized man.

LIKELY AN AMATEUR.

In all probability some amateur who was a little short of small change is responsible for the theft. It is believed that only one person was concerned. There was found but one set of footprints leading to the window. Of course a second party might have been on guard in the neighborhood but this is regarded as unlikely. The raid was planned and executed by some person well acquainted with the premises, very probably a resident of Marquette.

An Mr. Anderson left his till un-locked Monday evening the furniture was not damaged by the thief in an effort to get at the money. Mr. Anderson congratulates himself that the fellow had ready access to the money, as he would, in any event, have carried it off, and it was well that he was able to do so without wrenching the bar fittings out of shape. All in all the proprietor thinks that he escaped very lightly. His safe contained a goodly sum of money and if the marauder had managed to open it the loss would have been rather serious.

All cigars, per box, this month only, at wholesale prices, at Spencer's, Nester block.

HERE THIS EVENING.

"A Poor Relation" Will Be Presented at the Opera House.

Alden Bass, supported by a competent company under the management of Fred G. Berger who looks after Sol Smith Russell's interests, will appear at the opera house this evening in "A Poor Relation," one of the most famous plays that holds the American stage. The attraction is well mounted with special scenery and properties and its presentation is said to give entire satisfaction.

The story of "A Poor Relation" keeps one interested from beginning to end, because of its dramatic strength, amusing situations, bright and witty dialogue and masterful construction. William Dean Howells has written of it that "it is a poem in laughter and tears."

Alden Bass, who plays "Noah Vale," is a most unctuous actor; his facial expression is wonderful; by its power the audiences are convulsed with laughter; his pathos is of that quiet convincing character that holds one in anxious concern throughout the play. These qualities, so beautifully blended in Mr. Bass's work in the portrayal of the character he represents, together with the merits of the company supporting him in a comedy of such genuine merit, make a performance of such rich enjoyment that one longs for more of the same kind. Plays like "A Poor Relation" are seen so rarely that no one should miss this production.

Fred Donckers has arranged to handle the popcorn fritters in Marquette made by the manufactory at Ishpeming. He will receive them fresh every morning, and invites all to sample them at his store opposite the Mining Journal office on Washington street. He also has Christmas cigars in boxes of twelve and larger and the nicest tree ornaments in town, besides Christmas candies, fruits and nuts, and don't forget his line of fine pipes—just the thing for a gift to your "fellow."

CONTINUED STRONG.

Coppers Still in Good Demand at Rising Prices.

Coppers continue to do well. Yesterday there were some notable advances while the general tone of the market was excellent. Paine, Webber & Co., said:

"The last hour the coppers were more active and some good buying appeared. Amalgamated was strong at 94 1/2 @ 94 3/4 and it carried the whole market with it. Coppers are cheap and as soon as the money situation eases up you will see them much higher."

A. R. Jones & Co., had the following: "Our copper market seemed to have new life today and prices rose easily. We have been buying Old Dominion and Trimountain. They each had a good rise today and they are bound for much higher prices. Conditions warrant a boom and it is bound to come whether or not the Amalgamated troubles are settled. Rumors of a settlement have been flying around for past two days and we look for a better market all around in near future. Buy stocks."

Of wheat they said: "Wheat finished lower than on yesterday. The market was rather dull and weak. It looks heavy at these low prices. The bull news came from the strength of corn yesterday and today. The bear news was too strong and conspicuous. On the other hand there was a good miling demand at Minneapolis and the sales of flour were fair. The wheat situation is not, in the light of the latest news from Argentina, all that could be wished. The price of wheat is held allowed sufficiently for the exaggeration of the damage reports and that they knew what they were banking on. It looks tonight as though, with any show of sympathy on the other side, prices would show another slump tomorrow."

If you don't find what you want at other stores, go to Spencer's store, Nester block.

CITY BREVITIES.

Weather forecast: Fair; stationary temperature; wind shifting to brisk westerly.

Yesterday's temperature: 7 a. m., 32 degrees; noon, 33 degrees; 7 p. m., 37 degrees; maximum, 37 degrees; minimum, 32 degrees.

John Magur of Ishpeming was a Marquette visitor yesterday.

The supervisors hold a regular meeting today. There is considerable business to be transacted.

County Clerk Ross issued a marriage license to Peter Heikinen and Pinna Lahti of Ishpeming yesterday.

Thomas Scadden, register of the land office, is expected home Thursday. He has spent the past couple of weeks in Milwaukee.

The Woman's Home Missionary society of the M. E. church will meet this afternoon with Mrs. Lowe at 119 West Arch street.

Albert Leveille of Negaunee, son of the late Phillette Farland, has petitioned the judge of probate to be appointed executor of the will of the deceased.

Judge Donovan sent Joseph Solgie to the county jail yesterday to serve ten days. He was arrested for being drunk and disorderly. His mental condition does not appear to be of the best.

Twelve of the "regulars" of the Marquette school football squad have been presented with "Ms" in red cloth as a recompense for their work during the past season. The "Ms" will be worn on white sweaters.

The Easter Monday dance at the Casino rink will be given by the Locomotive Firemen, not by the members of the Morse Hose company. Some people gained the latter impression from the announcement in yesterday's issue of The Mining Journal.

Gooding & Ormsbee have a notable Christmas window which is attracting much attention. It is filled with the highest class goods in boys' and gentlemen's furnishings and many people are picking out the proper gifts as they walk by on the street.

The patronage of the hotels is at a rather low ebb. This is the season when commercial men and other travelers hie to their own firesides to spend the holidays with their kith and kin. There will be no perceptible improvement in business until well along toward the end of next week.

Attention is called to Bigelow & Co.'s ad in another column. They announce an intention to close out the jewelry end of their business at once and to devote all their time to the stationary and book departments. This week there are big cuts in all articles of jewelry. The goods being appreciated by the Christmas shoppers.

Sheriff Charles Anderson of Dickinson county was here yesterday, departing for Newberry on the 1:30 train. He had an insane patient in charge, an Italian who escaped from the upper peninsula asylum a few weeks past and found his way back to Iron Mountain. He is still afflicted with his mental malady and he will be incarcerated for an additional term.

The soft weather continued yesterday when, if anything, it was milder than on the previous day. At times there were flurries of rain and sleet and walking was miserable. Notwithstanding, there were many people down town and about the stores. The interval between the present day and Christmas is too short to allow of any delay with the holiday shopping.

The Escanaba debaters who will meet the representatives of the Marquette high school in a joint debate to be held at the former city Dec. 22 are Conrad Stevenson, Torvel Strom and Hattie Von Groll. The debaters who supported the affirmative of the railroad proposition, which was discussed here Friday evening, won the preliminary contest at Escanaba. The representatives of that city will support the affirmative in the final contest.

If Joe Smith wears a broad smile this week it is because he has a young possum fattening for his Xmas dinner. It, together with a goodly sized coon, was shipped to him by Ben Ward, a former resident of Marquette, from Aurora, Ills. He received the crate containing the animals yesterday. Every-

McCarthy.

The Ward estate has been disposed of much of its Marquette real estate lately, the purpose being to close the accounts between the several heirs at the earliest possible opportunity. The property which is occupied by the Franklin house on Superior street, with a fifty-foot frontage, has been sold to William Stewart for a consideration of \$4,000. The block on Front street now occupied by Thomas Dwyer has likewise been sold. Its purchaser is August Thoney. This deal was consummated for a consideration of \$9,000.

It is said that other properties will be disposed of later.

At a meeting held last evening the Swedish Crown society elected the following officers, who will serve during the ensuing year: President, August Mellin; vice president, Alfred Olson; recorder, Edwin Larson; assistant recorder, Olaf Flodin; financial secretary, Nels Flodin; treasurer, Adolph Carlsson; chaplain, Charles Johnson; marshal, Gust Lindgren; vice marshal, August Anderson; inside watch, Arvid Kropp; outside watch, Alfred Danielson; trustee for three years, William Nelson.

At the last meeting of Wentworth lodge No. 71, Degree of Honor, the following officers were elected to serve during the year 1901: Past chief of honor, Mrs. Maggie Wentworth; chief of honor, Mrs. Agnes Charlesworth; chief of honor, Mrs. Elizabeth Agnew; chief of ceremonies, Mrs. Lizzie Hoffbacher; recorder, Miss Fannie Hoffbacher; financier, Mrs. Minnie Stodard; receiver, Mrs. Mary E. Street Commissioner French is now engaged with the construction of the section of roadway which will connect the city with the farm lands to the east. It is expected, they will do much of their trading as soon as the new thoroughfare is opened. The swampy ground on which much of the work is to be done is now frozen sufficiently to allow it to proceed without trouble on account of water. Mr. French has had his men busy on the improvement for the past few days. There is a number of weeks' work ahead. The new section of road starts in near the county poor house.
