DEADLOCK AT LANSING

House Declines to Adjourn
but Will Probably Yield
to Senate Today.

ANOTHER SESSION LIKELY.

Governor Said to Have Planned to
Hold the Legislature by Imme-
diately Again Convening It.

PINGREE STILL HAS HOPES.

Lansing, Mich., Dec. 19.—The house spent today in an endeavor to force the senate to action on the taxation question, but the senate refused all overtures. Both houses are deadlocked over the motion to adjourn, but will probably adjourn tomorrow.

It is reported on good authority that the governor will hold the members by calling a new special session to convene at the hour of final adjournment.

GENERAL MARSH GOES FREE.

SUPREME COURT UPHOLDS
GOVERNOR PINGREE'S PARDON.

Lansing, Mich., Dec. 19.—The supreme court this afternoon unanimously overruled the demurrer filed by Attorney General Owen to a writ of habeas corpus for General Arthur F. Marsh's plea for the dismissal of his pending appeal from his conviction in the circuit court on the charge of complicity in the state military frauds. The court holds that Governor Pingree's pardon of General Marsh, and which Marsh asked for to adjourn, but will probably adjourn tomorrow.

The opinion upholding the pardon was unanimous. Justice Moore, who delivered the opinion, held that, though the supreme court had not confirmed the finding of the jury in the lower court, there had been a conviction within the meaning of the constitution, and therefore it was the governor's right to pardon. The court also held that the governor had not exceeded his authority in directing General Marsh should pay a fine to the state, and that in accepting the pardon the condition went with it. Consequently, it was possible to enforce the collection of the fine.

PINGREE BANQUET REMARKABLE.

WINE CONSUMED IN LAVISH
QUANTITIES AND THE GOVERNOR
JOKES AT THE COURT.

Lansing, Mich., Dec. 19.—The dinner given by Governor Pingree to the hall of representatives last night was a notable affair, despite the absence of the judges of the supreme court and nearly all the members of the state senate, who had been sent special invitations. These officials who ignored the invitations were not forgotten by the state executive and his guests, and other men prominent in national affairs were given attention. On the whole, the banquet was unique, the menu elaborate, the wines plentiful, and the toasts lively. The governor's farewell to his supporters during his term of office will not soon be forgotten.

One of the remarkable statements by the governor was the following: "I wish you all many happy days. Those who are afraid of the cars must pray for those that are afraid of the cars." This was Governor Pingree's response to the toast "The Governor of Michigan, the Great Commoner—The truest, best and ablest fighter for equal rights the state of Michigan ever has known or ever will know."

Governor Pingree's pointed remark about people afraid of the cars was aimed directly at those prominent invited guests who had failed to accept his invitation, and especially at the supreme court, as was fully demonstrated by his further remarks later in the evening. From a personal standpoint there was occasion for the governor's remarks for a large proportion of those in whose honor the dinner was given were not present. Neither were other prominent citizens of the state who received invitations. All but three of the state senators failed to appear, as did a majority of the members of the legislature, while all the supreme court judges were absent.

SENATE'S BID UNIQUE.

In the afternoon Governor Pingree sent the following invitation to the senate:

"Pardon me for not sending your honorable body an invitation for my little spread tonight. Unfortunately the invitations have been delayed, and I have been unable to deliver them to you personally as yet, but will do so this afternoon. I tried to get the best there is, especially the wines. I attended one of the most elaborate banquets ever given at the White House less than a year ago. President McKinley had five glasses at each plate, which were kept filled until midnight. I can testify to the fact that it was the best wine I ever drank. I used all five glasses myself and enjoyed them in my endeavor to keep pace with G. O. P. example."

"After those present had finished the feast they adjourned to the White

House parlors to indulge in a fancy drink, which I think was called pousse cafe. Being only a shoemaker I had never tasted that kind of a drink before and am not sure of the name. It was good.

"I also enjoyed the best cigar I ever smoked. Of course, being at the White House, I had to take it. I will have some tonight."

"The only difference in the wine arrangements is that I have only four wines instead of five, as at the White House, one for each special session. I know that our boss, Senator McMillan, availed himself of the five White House glasses.

"Trusting that this will please you and that you will honor both yourself and myself with your presence at the dinner this evening, I am, yours respectfully (Signed) H. S. Pingree."

The senate by a vote of twenty-three to five declined to receive the invitation and referred it back to the governor. This explained the absence of twenty-nine senators from the dinner.

The affair was elaborate in all its appointments, and the governor certainly kept his promise to the senate regarding the wines. The guests were at the tables nearly three hours before cigars were lighted, and did ample justice to the most complete menu.

As soon as the cigars were lighted Governor Pingree started the speech-making in a long, rambling address, in which he scored almost every one against whom he has any sort of a grievance, and the supreme court in particular. After greeting his guests, the governor said:

"I thought I'd invite you with the old supreme court, but as usual they issued another injunction. I want you to pray for the poor hypocrites, the poor fellows who are afraid of the cars."

Continuing, Governor Pingree said that as he had supposed the court was to participate in the dinner he had arranged to hold it in Lansing on their own dunghill, thinking that they would have the moral courage to attend.

APPOINTS A TEMPORARY COURT.

In view of the absence of the judges, the governor said that, as commander-in-chief, he would appoint a court to act in their absence, and he proceeded to name five of his guests to serve, "so that if anything comes up the supreme court can give the senate a tip, and they'll see the corporations through the window." The newspapers came in for a scolding, the Detroit newspapers in particular, and the proprietor of one of them was called by name and severely handled. Society in general was included in the tirade, the governor asserting that it rapidly was making hypocrites, of which Michigan has far more than its share.

Charles Flowers, former corporation counsel of Detroit by Pingree's appointment, followed with a speech, in which he made numerous hits at the state senate. A pleasant time was had.

BEER FOR THE SOLDIERS.

SENATE ARMY BILL JUST
DRAFTED, IN PART RESTORES
THE POST CANTEN PROVISION.

Washington, Dec. 19.—The full committee on military affairs of the senate held a special meeting this afternoon, and after a two hours sitting adopted the recommendations of the sub-committee on the army reorganization bill. The bill will be reported to the senate tomorrow.

AN ENTIRELY NEW MEASURE.

The sub-committee reports a complete substitute for the house bill. Probably the most important change is in the provision regarding the artillery arm of the service. The sub-committee recommends the retention of the present regimental organization of artillery and does not give its assent to the corps organization proposed by Secretary Root and accepted by the house. In the matter of the appointment of staff officers, the bill follows largely the lines of the recommendations made by Secretary Root.

The house canteen provision is amended so as to permit the sale of beer at canteens. This exception was made by omitting the word "beer" from the prohibited articles.

CAPTAINCY FOR BOUTELLE.

Congress has authorized the president to appoint Representative Chas. A. Boutelle of Maine to be a captain of the United States navy on the retired list.

Today, without a word of opposition or even comment, the senate passed the house resolution authorizing Mr. Boutelle's retirement. It is expected the president will approve the resolution, and in accordance with the authorization, nominate him as captain on the retired list of the navy. Mr. Boutelle is a member of the present house of representatives and a member-elect to the next house. It is assumed he will resign his membership in the house and thus open the way for his retirement in accordance with the provisions of the resolution.

Aside from the transaction of some routine business, and the passage of seventy-one private pension bills, the senate did nothing of importance in open session.

HOUSE HITS AT RAILROADS.

PASSES BILL CALLING FOR A
\$1,500,000 DEPOT AND PROVIDING
FOR THE ELEVATION OF
TRACKS IN WASHINGTON.

Washington, Dec. 19.—The house today at the end of a spirited contest extending over two days, passed a bill to compel the Pennsylvania and Baltimore & Ohio railroads to abolish grade crossings, alter their routes into the city and change their terminal facilities. An amendment was placed upon the Pennsylvania bill to require the road to build a new station to cost not less than a million and a half. The bills were vigorously antagonized by a portion of the minority, under the leadership of Mr. Cowherd of Missouri, on the ground they were too liberal to the roads.

BOER RAID IS SERIOUS.

British Unable to Cope
With the Invaders of
Cape Colony.

DUTCH AIDING BURGHERS.

Reported in London That Kitchener
Has Demanded Heavy Reinforce-
ments and Will Get Them.

NEWS ALARMS ENGLAND.

London, Dec. 19.—It is reported this afternoon that General Knox has been forced to abandon the pursuit of Dewet owing to the situation created in Cape Colony by the Boers crossing Orange River. It is said 3,000 republicans have entered Cape Colony and a similar number has reached Phillipstown. The report adds that Dewet, with 4,500 men, is northeast of Ladybrand and an attack on Winburg is momentarily expected.

WAR OFFICE ADMITS IT.

London, Thursday, Dec. 20.—The war office last evening could give no information regarding the reports of the Boer invasion of Cape Colony. The officials expressed the opinion, however, that the newspaper accounts were exaggerated, and that probably the troops which have been employed in chasing General Dewet would be diverted to deal with the invaders. Having regard to the customary method of the war office, this can only be interpreted as confirming the reports.

Lord Kitchener, in the meantime, keeps a tight rein over news, which increases the public disquietude. There is a persistent rumor he has demanded heavy reinforcements. According to The Daily Mail, private telegrams received in London yesterday depict the situation in Cape Colony as somewhat ominous. It seems the invading Boers are receiving considerable assistance from the local Dutch, and the troops at the disposal of the British authorities are not sufficient to cope with any serious spread of the military operations. It is believed the government has at last awakened to the seriousness of the situation and is making the utmost efforts to provide Kitchener with horses and mules.

BATTLE SLATED NEAR PRETORIA.

A dispatch from Krugersdorp, in the Transvaal, dated the 16th, says: "A pitched battle is imminent between the British under General Clements, and the Boers under General Delarey."

The British losses at Nooitgedacht, according to the official accounts, were eighty-two killed and wounded and forty-four missing.

Lord Edward Cecil, second son of the Marquis of Salisbury, returned to Hatfield House last (Wednesday) evening from South Africa. He was welcomed by Lord Salisbury, Lord and Lady Lansdowne, Arthur Balfour, George Wyndham and Lord Selborne. All were surrounded by the tenantry of the estate bearing torches.

KRUGER AT AMSTERDAM.

Amsterdam, Dec. 19.—Ex-President Kruger arrived here today. He was met at the station by the municipal authorities, and speeches were exchanged in the royal waiting room. Kruger's every appearance was the signal for rounds of applause.

JEFFRIES AND RUBLIN SIGN.

TO MEET IN A 20-ROUND BOUT
AT CINCINNATI FEB. 15.

New York, Dec. 19.—James J. Jeffries and Gus Ruhlin today signed articles of agreement to box twenty rounds under Marquis of Queensbury rules at Saengerfest Hall, Cincinnati, on Feb. 15. The men agree to wear gloves not exceeding five ounces in weight and to accept George Siler as referee. The management of the hall agrees to pay the men 55 per cent of the gross receipts, this to be divided into 75 per cent for the winner and 25 per cent for the loser. The contestants are also to receive 50 per cent of all revenues derived from the exhibition of the pictures taken at the bout. Jeffries and Ruhlin agree to post \$2,500 as evidence of good faith and the management of the hall agrees to post the same amount to guarantee that the contest will not be interfered with by the Cincinnati mayor, the governor of Ohio or any one else. All other stipulations will be governed by the agreement already existing between Jeffries and Ruhlin.

CHICAGO LICENSES REVOKED.

Chicago, Dec. 19.—Mayor Harrison today revoked all permits for prize fights issued prior to the passage of the anti-fight ordinance by the city council Monday night.

BLOODY BATTLE IN COLOMBIA.

600 KILLED IN A FIGHT WON BY
THE GOVERNMENT TROOPS.

Washington, Dec. 19.—The state department today received a cablegram from United States Charge d'Affaires Daupre, at Bogota, stating that a great battle has been fought at Girardot Point, Magdalena river, Colombia,

which lasted two days and resulted in a decisive victory for the government. It is reported six hundred were killed and many hundreds wounded.

AMERICANS IN PERIL.

New York, Dec. 19.—A cablegram from Caracas was received today by V. P. Andrews, of the National Asphalt company, concerning the revolution in Venezuela. It asserts the situation is extremely desperate as regards Americans and their property. A general attack, the cablegram says, is being planned upon all American interests in Venezuela, and if success in the prompt despatch of warships by the United States government is not forthcoming at once, the results may prove disastrous.

BLOOD AGAIN FLOWS IN TURKEY.

SEVERAL HUNDRED CHRISTIANS
BUTCHERED BY MOSLEMS.

London, Thursday, Dec. 20.—A dispatch to The Daily Express from Vienna reports recent Moslem excesses against the Christian population in the central provinces of Turkey, where two hundred Christians have been killed.

CONFESSES TO FIENDISH CRIME.

CEDAR RAPIDS (IA.) MAN ADMITS
BURNING HIS WIFE TO DEATH.

Cedar Rapids, Ia., Dec. 19.—John Freeman of Estherville today confessed to murdering his wife and firing the house to cover the crime. He quarreled with her, struck her on the head with a shoe, chloroformed her, wrapped her in a blanket, saturated her clothing and the house with gasoline, and applied a match. He was preparing to flee when neighbors arrived and detained him until the officers came. Freeman, it is said, married his wife for money, and after getting everything he could was preparing to flee.

BRYANISM SCORED BY GROVER.

FIERY PAPER FROM THE PEN
OF THE EX-PRESIDENT.

Philadelphia, Dec. 19.—Former President Grover Cleveland contributes to this week's issue of The Saturday Evening Post of Philadelphia an x-tended article on the plight of the Democracy and the republic.

Mr. Cleveland reviews the history of the party and discusses its defeats since 1864 in detail. As to the present conditions of the Democracy, he says the success of the party in 1892 was so decisive and overwhelming that a long continuance of its supremacy was anticipated. Then came "the fallacy of free silver and Populism." Continuing, he says:

"This abandonment of the principles of true Democracy, this contemptuous disobedience of its traditions, this deliberate violation of the law of its strength and vigor, were by decree inexorable as those of fate and were followed by the inevitable punishment of a stunning, staggering defeat."

The ex-president declares that: "The only forces that can win Democratic success are those who adhere to recognized Democratic principles and rely upon Democratic councils and leadership." He concludes as follows: "If I should attempt to epitomize what I have written, by suggesting a plan for the rehabilitation, restoration of the true Democracy, I should embody it in these words, Give the rank and file a chance."

GIVES WARNING TO FILIPINOS.

VIGOROUS PROCLAMATION
ISSUED BY GENERAL MARTHUR.

Manila, Dec. 19.—Tomorrow General McArthur will issue a proclamation warning the inhabitants of the archipelago that hereafter strict compliance with the laws of the United States of non-combatants as well as combatants.

The proclamation will refer to the recent proclamations issued by the insurgent commanders threatening the natives who are friendly to the American forces, also to the orders issued to their men to kidnap and assassinate the residents of towns occupied by Americans. The insurgent leaders will be notified that such practices if continued will put an end to the possibility of their resuming normal civic relations and make them fugitives and criminals. The residents of the places occupied by the Americans will be notified that compliance with the demands of the enemy will create the presumption that such acts are voluntary and malicious.

The newspapers will be warned against publishing seditious articles. The proclamation will declare that rebels who are not part of an organized force, are not entitled to the privileges of prisoners. The proclamation will clearly disavow any recognition of technical belligerency.

CAVE-IN BURIES THREE MEN.

Chadron, Neb., Dec. 19.—Three men were today buried alive beneath thirty-five feet of earth in the irrigation canal. Their names are T. C. Burns, Stauch Burns and Woody Litchfield. T. C. Burns is a wealthy ranch owner. It is thought the men cannot survive until released.

TODAY'S WEATHER.

Washington, Dec. 19.—The following is the weather bureau's forecast for Upper Michigan: Fair Thursday; Friday, probably snow; fresh northwesterly winds, becoming variable.

University of California—Manager Hutchinson of the football team, says California will play no Christmas football game. The University of Iowa is willing to meet California on Christmas Day at San Francisco and New Year's at Los Angeles, but the Berkeley men decided it was too late to make proper arrangements.

Clean Bread

Can't be made by foul hands and clean, pure blood can't be made by a foul stomach. The blood is made by the stomach and organs of digestion and nutrition.

When these are diseased they contaminate every drop of blood made from the food they act upon, and this contamination is carried through the whole body. It may settle in the liver, kidneys, heart or lungs but the root of the disease is in the stomach. Cure the stomach and you cure the disease.

Dr. Pierce's Golden Medical Discovery cures diseases of the organs of digestion and nutrition perfectly and permanently. It purifies the blood, and so by curing the cause of disease, cures many forms of disease in organs remote from the stomach.

"For the past sixteen years I have had torpid liver and indigestion and tried many doctors and patent medicines but I could not get a cure," writes Mrs. Simon Suggs, of the Sabine Parish, La. "Three months ago I thought I would try Dr. R. V. Pierce's Golden Medical Discovery and his Pleasant Pellets. I got six bottles, and I received a good result in a week, and to-day I am cured and sound and well. The symptoms were coated tongue, spots before the eyes, disposed to be cross and irritable, foul stomach, bad taste in the mouth, throbbing, beating, feeling of dread or fear, headache, yellow skin, etc. These symptoms did not all appear at once. It suffered from such troubles will take Doctor Pierce's Golden Medical Discovery and Pleasant Pellets as directed in pamphlets wrapping bottles. They will bring back the bloom of life as it did with me."

Dr. Pierce's Pleasant Pellets cure biliousness and sick headache.

Wonder if Governor Pingree doesn't begin to surmise that he may possibly be persona non grata to a considerable portion of the residents of Michigan?

At the governor's banquet, given to the legislature, supreme court, etc., there were present between sixty and seventy guests, who were supplied with wine to the amount of thirty-eight cases, and whiskey and brandy to the amount of twenty-five cases. That was nearly a case apiece. What a good time they must have had—and what heads next morning.

Already there are official scandals in the Philippines, similar to the recent frauds by government officers in Cuba. The individual in question is Oscar L. Williams, U. S. Consul at Manila before his occupation by Dewey. He worked a shrewd swindle, but it was detected by General Otis and checked. There seems to be expansion of roguery accompanying our expansion along other lines.

FULL OF THE DIVINE ENERGY. There is a pastor in a Nebraska town, whose Lincoln Journal does not dare name, who looks after his flock in a way that brings them into the sanctuary post haste. His ways are rough but they are business like and they accomplish the objects sought for.

For several Sundays this fall the pastor noticed that one of the pillars of the church, an old lumberman, had absented himself from divine service, and he hunted him up and demanded an explanation. The lumberman told him plainly that by the time Sunday came he was too tired to go to church and, in fact, not to put too fine a point on it, that he had rather lost faith in church attendance as a means of grace.

"That is always the excuse," said the pastor warmly, "of people who are too lazy to go to church, and it does not go with me. Now I shall expect to see you in church next Sunday and the following Sundays or I will know the reason why."

The lumberman went. The pastor also hunted up the village boozier one day and threw him into the creek. He added quietly that he would break his neck if he did not quit his habits and attend church like a decent man. This person today is now one of the strongest supporters the pastor has in his good work.

A good brother who left his wife split the wood while he read the paper was also seen and warned in such a plain way that he became as meek as a kitten.

The fact is that this pastor has a tremendous hold on this Nebraska village. When things do not go right anywhere, he puts them right. It may be possible that we are not getting from our pastors that exact and definite work which it may be entirely possible and proper for them to do.

There is an old Hindu scripture reads, "The man of God breathes in his heels." This means that the really divine man is full, even to his very feet, of that tremendous and overflowing vital energy that gets things done. These powers may not always be external as in the case of the Nebraska pastor. There are certain subjective energies that also bring things to pass. But brought to pass they are when the real man gets to work on them.

Is our pastor sickly? Does he allow the pillars of the church to stay at home in slippers and dressing gowns when the word is being spoken? Then he does not, like the divine man of the Hindus, breathe in his mind nor in his hands nor in his heels. Not to put too fine a point on it, does not our pastor need a little quickening himself.—Minneapolis Journal.

BISHOPS AND THE CAMERA

The event which happened at Fond-du-lac, has aroused the whole Episcopal church and brought out one or two secrets. The ritualists are getting stronger and more formidable than ever. Their defense of the ceremonial displayed at this particular occasion in the consecration of a bishop is more reasonable than their opponents have assumed. Bishop Grafton, who is now defending his side, is a splendid champion, and a hard combatant to cross swords with. Better leave him alone, as he has argued in a manner which none of his adversaries can gainsay. He is the only man in the Episcopal church who knows the "ins and outs" of ritual. It has been his life study. He did not allow himself to go into this affair with his eyes shut, and the vigorous blows he is sending upon his critics are making deep impressions, if not conversions.

Bishop Grafton has weathered many such a storm. Years ago, when known as "Father Grafton" of Boston, he visited the General Theological Seminary in New York city, and conferred with the undergraduates there. His presence at that institution called forth a virulent attack from the late Bishop Copley of western New York. The ecclesiastical war-paint was on a thousand faces. The affair was marked by a whirlwind

of dust, but ended in nothing more than heat lightning. That flurry is now cold in the pages of a controversial pamphlet. However, Father Grafton came out on top, and defended his course so wisely and well that nothing more was said, and it was not trumped up against him when he was about to be elected bishop.

It is rather strange to note that all the controversies in the Episcopal church, like so many other agitators, have either directly or indirectly emanated from Boston. Bishop Grafton is so well known in Boston and lived there so long that the west cannot claim him entirely yet. His skill and erudition in this present defense show that "his eye is not dim, nor his natural force abated." He may never get the endorsement of the whole church for his course, but he has proved that the recent event which has stirred up the dregs is not so bad as it is made to be.

It is that "abominable picture" with the bishop's ecclesiastical finery which is the fuel of the flames. It is the first time that the camera has made trouble in the Episcopal church and invaded the sanctity of ecclesiastical circles, and it is hoped that it will be the last. The ritualists of the west have held their fort, and Bishop Grafton is monarch of all he surveys, and his right there is none to dispute.

UNITED IN MARRIAGE. Jos. Charles Joyce of Bronte, Ont., and Miss Margaret Walker of Meldrum Bay, Ont., were united in marriage Tuesday evening at the Presbyterian parsonage by Rev. C. P. Bates. The bride was Miss Carrie Walker, sister of the bride, and Wm. H. Bennett officiated as best man. The bride is a sister of Mrs. Jas. Burnett of this city and has spent considerable time in the Soo, where she is well known. Mr. and Mrs. Joyce departed yesterday for their new home in Bronte, Ont.

Rupert M. Bond and Mrs. Emma J. McCullen, both of Grand Marais, were united in marriage at 3 o'clock yesterday afternoon at the Presbyterian parsonage, Rev. C. P. Bates officiating. The newly married couple will return to Grand Marais the latter part of the week.

PREVENTED A TRAGEDY. Timely information given Mrs. George Long of New Straitsville, Ohio, prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of Pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and \$1.00. Every bottle guaranteed. Trial bottles free at The Stafford Drug Co.

PLEASING RECEPTION. A pleasant reception was given at the Congregational church Tuesday evening in honor of Pastor and Mrs. W. R. Yorker. The new pastor was welcomed on behalf of the church by C. W. Hecox and on behalf of the ministerial association by the president, Rev. J. H. Soverly. Response was made by Rev. Yorker. Short addresses were made by Revs. C. P. Bates, C. B. Steele and A. VanTuren. A solo, "Excelsior," was sung in excellent voice by Chas. H. Kaiser. E. E. Wings officiated as master of ceremonies. Following the program ice cream and cake were served in the church parlors.

SENTENCED BY JUDGE STEERE. Tuesday Judge Steere dealt out a portion of cold justice for a few offenders. Josephine Tebo, quite well known in the Soo and who was found guilty of being a disorderly person, will be the guest of the state in the Detroit house of correction for a period of ten months. She has spent about two months in the county jail.

Fred Brown and John Hamilton, the young men who robbed a store at Strong's a few weeks ago, plead guilty in the circuit court Tuesday and were sentenced to serve three years at Ionia.

PERFUMES FOR XMAS. The Rudell Drug company's line of fine perfumes consists of the best that money can buy. We have a fine assortment in small and medium sized packages. We have some nice brush and comb sets, gentlemen's shaving outfits; glass novelties in ink wells, mirrors, paper weights; china, and a line of cut glass that is hard to equal. Remember the Rudell Drug company for your Christmas presents.

AT ROACH & BESNER'S. Remember that Roach & Besner's have ever so many things in the gift line for gentlemen. Their line of neckties is very fine. Those silk mufflers are all the rage this season, and they have them in different colors, also silk and linen handkerchiefs.

LOCK CITY NOTES. Circuit court adjourned yesterday morning until Friday. F. P. Madden came over from St. Ignace Tuesday evening. Dr. Fred Townsend returned Tuesday evening from Newberry. T. H. Crane, a mill man from Munising, has come to the Soo to reside. Conductor Ed Dingman resumed his run on the Soo line last evening after

BABY LAUGH

It belongs to health, for a baby, to eat and sleep, to laugh and grow fat.

But fat comes first; don't ask a scrawny baby to laugh; why, even his smile is pitiful! Fat comes first.

The way to be fat is the way to be healthy. Scott's emulsion of cod-liver oil is the proper food, if he needs it; but only a little at first.

The mayor and clerk at Menominee are about to enter into a contract with the Electric Street Railway and Power company for the city lighting. The rate will be \$62 per annum for 58 arc lamps of 300 candle power and \$15 per annum for 50 incandescent lamps of 22 candle power. The contract will be submitted to the council Dec. 31.

Public vaccination at Iron Mountain was somewhat of a failure. Not counting the school children, only 550 persons were inoculated. The public vaccinations were stopped Monday when a very limited number of people reported at the council chamber. Iron Mountain has been fortunate to date in escaping a visitation of small pox.

Matthias Bailey, one of Menominee county's pioneer fishermen, died suddenly at his home on the Bay Shore road, eighteen miles north of Menominee, Monday evening. Heart failure was the cause of death. Mr. Bailey came to Menominee county forty-two years ago. He was sixty-five years old. He fished most of his life but served three years in the Union army in the sixties.

Peter J. Scheuster, a gay slot machine agent from Milwaukee, is under arrest at Iron Mountain on a serious charge preferred against him by a sixteen year old girl, Josephine Trepanier, who resides with her parents on Ludington street. Scheuster had been in Iron Mountain for about a week and among the flighty young ladies in the town, who spend too much time on the streets, he passed for a regular swell. The fellow was brought before Justice Miller. In default of \$1,000 bail he was sent to jail.

Captain Thomas Spencer, the well known mining expert and mineralogist of Iron Mountain, is being congratulated on a discovery of a rich vein of ore which he made Monday on his property near the Cliff mine, about five miles from the city. It is said that the ore is of a rich grade and that the vein will yield well. Captain Spencer has experienced all kinds of tricks at the hands of fortune during his career and his friends now hope that he has made a good strike. Capitalists will look over the find immediately with a view of ascertaining what it is worth.

Monday the wife of one of Escanaba's respected citizens was brought before Justice Glaser, charged with shop lifting. Fine and costs amounting to \$25 were imposed. The husband settled the bill. The particular theft for which the arrest was made was committed at the Fair Savings bank Saturday evening. The woman wore a large cape, inside of which was a specially constructed pocket which was a convenient receptacle for any odds and ends in which she chanced to lay her hands. She was observed to take some expensive ribbon. She was taken in charge by the clerks and detained until a warrant could be procured. A considerable quantity of stolen goods was found at her residence.

General Manager J. W. Wells, of the Escanaba & Lake Superior railroad and the L. Stephenson company announces that next spring the railroad will be extended to Boney Falls, a distance of about fifteen miles. At Boney Falls there is a forty foot water power in the Escanaba river, which will be developed at a considerable expense. This water power has been surveyed by paper mill experts, who pronounce it one of the best in the northwest. Mr. Wells says that in a year or so a big paper and pulp mill will be built by the company at Boney Falls. This will represent an expenditure of about \$100,000. In the spring the Escanaba & Lake Superior road will be extended from Wells, Mich. to Escanaba, a distance of about two miles. A depot will be built on property owned by the company on Ludington street. "Our purpose of building to Escanaba, says Mr. Wells, is simply to supply our own yard in that city with stock. It furnishes us additional facilities."

BROKER OFFICES THROUGED.

LOCAL SPECULATORS AGAIN MUCH INTERESTED IN STOCKS.

The Houghton office of Paine, Webber & Co. was fairly well filled with those interested in copper stocks yesterday. It was occasioned by the rise in Copper Range and Trimountain. The former was quoted at 20% and the latter at 22. This is a considerable increase over the quotations of the two preceding days, which shows great activity.

"Everyone is buying Copper Range and Trimountain," remarked a prominent dealer in stocks yesterday. "It is warranted by the good showing at the two mines. The highest Copper Range ever stood was 35, and it now has more right than it ever had to be that," he continued. The gentleman was very enthusiastic about the two stocks and as were likewise others who were present.

BUTTE'S COPPER OUTPUT.

A Butte dispatch to the Boston News Bureau gives the following estimates of the mineral outputs of the mines there for this year:

Anacoda	\$20,469,706
Boston & Montana	12,783,185
Butte & Boston	3,956,900
Montana Ore Purchasing Co.	3,404,900
Parrot Co.	2,341,352
Colorado Co.	2,075,000
W. A. Clark mines	2,472,000
Speculator mine	3,200,000
Washoe Co.	657,532
Other mines	50,000
Total	\$53,419,175

Montana mines have paid more than \$10,000,000 in dividends during the year. Ten thousand men are employed in the Butte mines and about 20,000 in the mines of the state.

COPPER MISCELLANY.

The net earnings this year of the Amalgamated company are said to be between 15 and 20 per cent.

Another head went into commission at the new Quincy stamp mill this morning, making two now in operation. This will materially increase the month's output.

The increase of 2 1/2 per cent in wages of Calumet & Hecla miners to be put into effect Jan. 1 will little more than make good the reimposition of dues to the Aid fund which had been dropped for the past four years.

It is announced that the Bell, Diamond, Mountain, Consolidated and Agreen Mountain, four of the Anacoda mines employing 1,500 men and which have been shut down for some time on account of alleged overproduction of ore, started up again Monday.

In spite of the vigorous denials of P. Aug. Heinze, the report is again revived at New York that he is negotiating with the Amalgamated people for

the settlement of their differences. A trust was undoubtedly in the copper share market, but so far Mr. Heinze has apparently turned a deaf ear to the Standard Oil arguments.

Copper in paying quantities, it is said, has been discovered in the Watchung Mountains, two miles north of Bound Brook, N. J. It is understood that a mine there has been worked secretly by New York men for several months. A concentrating plant is now in process of construction near the mine.

The Calumet & Hecla has greatly reduced its output from the amygdaloid shafts and the shipments of that grade of rock to the mills at Lake Linden are small. The company, however, is increasing the output of conglomerate rock from the old workings and shipments of that grade to the mills are heavy. It is thought that the present rate will be kept up as far as the conglomerate is concerned.

The United States production of copper for November is just announced at 23,276 tons, making the aggregate since Jan. 1 246,663 tons, compared with 238,418 tons for the same eleven months of last year. The exports from Jan. 1 to Dec. 1 this year aggregate 148,391 tons, an increase of 44,129 tons over the same period of last year. It will be noticed that the production this year to Dec. 1 only shows an increase of 8,245 tons, or about 3 1/2 per cent, against the 10 per cent gain usually figured upon. The production of foreign reporting mines from Jan. 1 this year to Dec. 1 was 80,944 tons, about the same as last year.

GAMBLERS EMIGRATE.

MOVE ACROSS THE LAKE TO HANCOCK WHEN ORDERED TO QUIT THE COUNTY SEAT.

The gamblers who had for some time past made their headquarters in Houghton and who were forced to leave the village Tuesday night by an order issued by Mayor Scott are now in Hancock. It is stated. The majority of them packed their numerous devices together and simply moved across the lake, where no restriction has been made as yet on the managers of roulette wheels and dice tables. It is not thought that Mayor Scott of Hancock will allow the gamblers to remain in the village, however, and it is believed their time in that place will be limited and that Portage Lake will soon be rid of the "sports."

Several places at Houghton are said to have been fitted up with the paraphernalia used by gamblers, and that these rooms were well filled with both young men and old who shook the dice or worked the roulette wheel. Some were lucky but the greater number of them were not, and the gamblers of course were the losers. Then as the news of the success of these men spread over the Northwest more members of the same class came into the village. The copper country is a good field for them owing to its general prosperity and proved an attraction on this account.

Perhaps among those who are most sorry to see the joints cleaned out are the Houghton Chinamen. The Celestials are said to have been at the gambling places the greater part of their leisure time, and some of the Orientals had a mania for working the various money losing or making devices.

Hancock was not without its gambling houses either, but they were not as numerous as in Houghton. The better class of Portage Lake people do not doubt that Mayor Scott will clean out the whole gang as soon as the matter is brought to his attention.

SNOW IS HAULED AWAY.

Snow was removed from the Portage Lake main streets yesterday. Since the last two heavy falls considerable snow had accumulated at the sides of the roads and the appearance of the thoroughfares was not to the liking of the Hancock and Houghton authorities. The quantities of snow alongside the tracks converted the streets into a side-slippery and shuffling was exceedingly difficult and inconvenient for people driving over them. Sheldon street, in Houghton, and Quincy, in Hancock, were leveled off yesterday and the snow carted away. Portage Lake is now prepared for another snowstorm.

Now is the time when croup and lung troubles prove rapidly fatal. The only harmless remedy that produces immediate results is One Minute Cough Cure. It is very pleasant to take and can be relied upon to quickly cure coughs, colds, and all lung diseases. It will prevent consumption. The Stafford Drug Co., and H. N. Meloche, Ishpeming.

DOUBLE TRAIN SERVICE.

It was definitely announced yesterday by the Copper Range officials that there will be double train service established at a near date on the new branch between Atlantic and the Trimountain, Champion and Baltic mines. This fact was published in a recent issue of "The Mining Journal," but at that time the Copper Range people were

not fully decided on what course they would take.

A passenger and a mixed train—freight and coaches—will each make a round trip a day. This excellent arrangement will be entirely satisfactory to all concerned.

NOT ENOUGH SALT TO HARM.

A large number of those who own and use horses every day are still objecting to the salt the street railway company uses on its tracks to melt the snow. They claim the hoofs of their horses are becoming very sore from contact with the brine which the salt makes with the snow. During the present mild weather more fault is being found on account of the more rapid melting of the snow, thereby making a salt solution.

In speaking of this trouble a prominent official of Hancock yesterday said: "This kicking that is being made about the salt—which is less than a times by the street railway company on its tracks to melt some of the snow—hurting the feet of horses is all nonsense. The company uses a barrel of salt now and then over its entire line, and in proportion to the amount of snow that there is on the track you can easily imagine how much of a solution it would make. The solution contains about one-half of 1 per cent of salt. An infant can be bathed in a 10 per cent solution and is benefited rather than harmed by it. That won't hurt a baby I guess a solution of less than 1 per cent will not injure a horse's hoof."

CURES CATARRH PERMANENTLY.

A MOST WONDERFUL CURE.

Eminent Physicians Pronounced it Consumption.

Dr. C. D. Warner, Coldwater, Mich. Dear Sir:—I have received great benefit from your White Wine of Tar Syrup. I had a cough and the doctors gave up all hopes of my recovery and pronounced it consumption. I thought that it was death for me. I tried everything that we could hear of. Finally one of my friends prevailed upon me to use your White Wine of Tar Syrup. I took one and one-half bottles and am cured entirely. Such medicine I can recommend to those who are afflicted as I was.

Very respectfully yours, JOSEPH E. UNDERHILL, Doland, South Dakota. The Stafford Drug Co.

NOTICE.

MINERAL RANGE RAILROAD COMPANY—Notice is hereby given, upon the request of the holders of more than one-fourth of the capital stock of the Mineral Range Railroad company, that a special meeting of the stockholders of said company will be held at the office of the company in the Nestor Block in the city of Marquette, Michigan, on the 15th day of January, 1901, at two o'clock p. m. for the purpose of providing means, by mortgage or otherwise, for paying the indebtedness necessarily incurred and to be incurred for completing, finishing and operating its railroad, for the construction of extensions already authorized and for improvements and betterments, and for such other matters in connection therewith as may properly come before the meeting.

Dated, Marquette, Mich., Dec. 12, 1900.

COPPERDOM BREVITIES.

The Mining Journal, M. W. Youngs, representative, has established an office in one of H. J. Stevens' suite of rooms on the second floor of the Dea (postoffice) block, Houghton. All having business with the paper are cordially invited to call. Telephone No. 376.

Circuit court was again in session yesterday.

Fred Coggin, of the Atlantic mine, left for Chicago yesterday to spend the holidays.

H. F. Heyn and D. F. Wadsworth were Ishpeming visitors at Portage Lake yesterday.

C. W. Blodgett, commercial agent for the C. & N. W. at Houghton, returned from a business trip to Chicago and other points Tuesday night.

A Finnish miner named Partanen was the victim of an underground accident at the Quincy mine late Tuesday afternoon. One of his hips was broken.

A number of Portage Lake people have recently been laid up "off and on" from the effects of vaccination. Many are being inoculated on account of the prevalence of small-pox in the copper country.

Marriage licenses were issued yesterday at the county clerk's office to Amedee Chaput and Miss Marie Carrievau, both of Lake Linden, and to Albert J. Engstrom and Miss Mildred Sumner, both of Calumet.

"What Happened to Jones" will be presented at St. Patrick's Hall, Hancock, Monday night. The play was recently presented at Houghton and gave excellent satisfaction. Reserved seats are on sale at Ellsworth's drug store.

The mild weather has spoiled the skating and the Portage Lake hockey players are hoping that there will be a good freeze-up tonight to put the ice in shape for the contest with the Dollar Bay aggregation at the Palace rink tomorrow evening.

Six candidates were taken into Camp Maple of the Modern Woodmen of America at Houghton last evening. The present membership is large and all are enthusiastic in the work. A degree team was recently organized which is sure to create much interest in the order at Portage Lake.

Mrs. Daniel Sullivan, who died Tuesday at Hurontown from the effects of an operation, will be buried this morning at the St. Ignace Catholic church, Houghton. Mrs. Sullivan was sixty-two years of age and is survived by her husband and seven children.

Portage Lake schools will close tomorrow for their two weeks' holiday vacation. Exercises consisting of the usual programs will be given in several of the grade departments of the Hancock and Houghton schools. A number of the teachers will spend their vacation elsewhere, but the majority of them will remain in the copper country. Several will attend the Michigan teachers' convention which is to be held at Grand Rapids next Wednesday, Thursday and Friday.

The will of the late Edward Ryan of Hancock, probated late Tuesday afternoon, names John D. Cuddihy of Calumet and August Mette of Hancock as executors and trustees and the gentlemen will have charge of the property. The business both at Calumet and Hancock which has been conducted by Messrs. Cuddihy and Mette, respectively, will be continued. No division of the property will be made for eight years and in the meantime the executors will have full power to do with it as they see fit.

Certain people of Hancock are violating the village ordinance in regard to the grounds used for the dumping of debris. Hancock has three acres of land one and one-half miles east of the village limits for dumping purposes. When the place was first established a man was stationed there and signs put up. For a time all went well and the grounds were used properly. As soon as the man was removed from his station, however, no attention was paid to the signs and now loads of stuff are dumped by the side of the road instead of on the grounds proper. The Hancock village officials will prosecute all parties who do not conform with the ordinance hereafter.

KIDNAPPED AT OMAHA.

Son of Edward Cudahy, the Millionaire Meat Packer Abducted.

HELD 29 HOURS FOR RANSOM

After an Extensive Search the Boy is Secretly Returned to His Home Early This Morning.

LARGE SUM DEMANDED.

Omaha, Thursday, Dec. 20.—Young Edward Cudahy was returned to his home secretly at 1 o'clock this morning. Mrs. Cudahy announced he had been abducted, but is safe and sound. She refused to say anything about the ransom.

Omaha, Dec. 19.—Edward Cudahy, Jr., the fifteen-year-old son of Edward A. Cudahy, the millionaire head of the Cudahy Packing company, has been missing since 8 o'clock last night, when he was sent on an errand to a neighbor's, and the parents believe he has been kidnapped.

The entire police and detective force of the city and fifty employees of the Cudahy plant in South Omaha were practically suspended today. The father has offered to pay a substantial reward, with no questions asked, if the son is returned.

At 9 o'clock this morning a man on horseback rode rapidly by the Cudahy mansion and threw a letter into the yard. It said, in substance: "E. A. Cudahy: Your son is safe. We have him and will take good care of him and return him to you in consideration of the payment of \$25,000. We mean business."

The remainder of the note, the police say, relates to the place where the money is to be left and where the kidnapers will leave the boy in case Mr. Cudahy complies with the terms. The police have a good description of the man on horseback and are working on this clue.

BRITISH STAND ENDORSED.

MINISTER CONGRUES OPPOSITION TO IT CAUSED BY A MIS-TAKE IN CIPHER MESSAGE.

Pekin, Dec. 18, via Shanghai, Dec. 19.—At a meeting of the foreign ministers tonight, everything in regard to the terms of the joint note was agreed to, including the British modifications. The ministers refuse to discuss anything in connection with the matter, believing the home governments should give the particulars to the public.

Washington, Dec. 19.—It is now learned that the entire misunderstanding which delayed the consummation of the agreement at Peking was caused by the change or omission of a single digit in a complex group of figures in the making of one of the cipher messages of instruction to Minister Conger. The change in this single digit exactly reversed the meaning of the entire message, so that Mr. Conger, in opposing the English view, was acting exactly contrary to the spirit of his instructions, though in accordance with their letter.

ALL THE MISSIONARIES KILLED.

Boston, Dec. 19.—News was received today by Professor Fridol F. Eisbers at the Scandinavian Alliance mission, from Missionary Fridstrom, in China, that all the Scandinavian missionaries to Mongolia were killed, including Carl Johan Suber of Boston.

Brussels, Dec. 19.—The following, dated Vladivostok, the 18th, was received today at the headquarters of the Schuet missions here: "In this district all our interests have been entirely destroyed except the episcopal residence. The bishop, nineteen Belgian missionaries, four

STRIKE DANGER PASSES.

SANTA FE TRAINMEN DECIDE TO STAND BY THE COMPANY.

Chicago, Dec. 19.—The committee representing the engineers, firemen, conductors and trainmen of the Santa Fe railway system declared tonight that they would not advise a strike in sympathy with the telegraphers.

The committee, consisting of J. F. Roody and Irving Wellman, representing the engineers; Thomas Burke, the firemen; R. C. Scott, the trainmen; and W. W. Hutton, the conductors, issued a statement which, in part, says: "At the request of the telegraphers, we have endeavored to bring about a satisfactory settlement of their differences with the company. After a careful and thorough investigation of the causes that led to the controversy, also after listening to the statements of the telegraphers and also statements from Mr. Barr, third vice president of the road, we wish to say that, while we regret we were not able to bring about a settlement, we also wish to advise the members of the organizations represented by us that the labors of the committee are completed and that the attitude of our members be neutral during the existence of the present controversy. Our meeting with Mr. Barr was a pleasant one, and he expressed a desire to maintain friendly relations with the labor organizations as long as they were conducted on business principles."

President Dolphin, of the Order of Railway Telegraphers, who arrived today, said the strike would be continued. The members of the committee representing the other organizations said their attitude might have been different had they been consulted previously to the calling of the strike. Vice President Barr refused to discuss the outcome of the conference.

PROTESTS RAISED IN THE SENATE.

ACTION ON THE PURCHASE OF PHILIPPINE ISLANDS OMITTED FROM THE TREATY IS DEFERRED FOR THE TIME BEING.

Washington, Dec. 19.—Today's executive session of the senate demonstrated that the discussion of the Hay-Pauncefote treaty by that body is practically exhausted, and that the senate is ready for the vote, which has been fixed for tomorrow. When, upon Senator Lodge's motion, the doors were closed today, and he called up the treaty, no senator evinced a desire to speak upon it and the senator asked the senate to take up the treaty with Spain providing for the cession to the United States of the Philippine islands of Sibutu and Casayan, Sulu, and their dependencies in consideration of the payment to Spain of \$100,000.

Objection to this request was made by several senators, including Messrs. Hoar, Wellington and Bacon, and Senator Lodge, with the hope of removing the objections made, went into a brief explanation of the terms of the negotiations. He explained that the islands are comprised in the Philippine group and said they were supposed to have been ceded by Spain in the Paris treaty and the United States had taken possession of the islands under this supposition. It was soon found, however, that the definitions of our acquisition fixed by the treaty were not in accordance with the rule of law, he explained, that a definite boundary description always supersedes an indefinite in description, hence in order to leave no doubt of our ownership a treaty for the cession of these islands had been negotiated and he believed the United States would be saved much trouble in the future by the consummation of the bargain. He characterized the proceeding as in the nature of a title quiting process. Senator Lodge also called attention to the fact that one of the islands was directly on the line of communication with Borneo and the straits, and he drew the conclusion that some day it might be important as a cable station.

Senators Hoar and Bacon said they should like to have more time to consider the question, and Mr. Wellington made an unqualified objection. Accordingly, the treaty was laid aside for the time being.

AGAINST CHICAGO CANAL PLAN.

Secretary of War Elihu Root today transmitted the report of the special board of engineers authorized to estimate the cost of a ten, twelve and fourteen-foot waterway from Lake Michigan to the Mississippi, via the Desplaines and Illinois rivers, a report upon the feasibility of the project. The conclusions of the board are adverse to a deep waterway and regard an eight-foot enterprise as commensurate with the existing conditions of commerce. The board affords a loophole for the advocates of a deep waterway by suggesting the extension of the four-foot channel on the Mississippi to St. Louis.

FRENCH GOVERNMENT EXONERATES LIEUT. SIMMS, CHARGED WITH OBTAINING GUN SECRETS.

Paris, Dec. 19.—The French government today gave most emphatic denial to the reports published in those French newspapers which have tried to involve the American embassy in the Paris disclosures in connection with the United States war department's knowledge of French gun secrets by ordering the cross of the Legion of Honor to Lieutenant W. S. Simms, former naval attaché at Paris, whom La Presse described as the person guilty of disclosing the gun secrets. As the lieutenant is a government official, he is unable to accept the honor without the consent of congress.

HAZING NOT NOW BRUTAL

West Pointers Testify All the More Severe Forms Have Been Abolished.

LITTLE ORDEALS COMMON.

Brother of Hobson and Son of Phil Sheridan Admit Being Made to Do "Ridiculous Stunts."

NOT THOUGHT DEGRADING.

West Point, N. Y., Dec. 19.—Some interesting testimony was brought out today by the court of inquiry which is investigating the alleged death of former Cadet Booz.

Thirty-five cadets were examined during the day. One was the brother of Lieutenant Richmond P. Hobson, of Merrimac fame; another the son of General Phil Sheridan, and a third Mark Brooke of Pennsylvania, a nephew of General Brooke, presiding officer of the court.

All three told of the hazing they got during the encampment of 1898 at the time Booz was their classmate, and not one of them said the treatment received or the things they had to do were either brutal or degrading. In nearly every instance the witnesses said all the more brutal forms of hazing were obsolete.

Today Cadet Albert B. Dockery of Missouri, was questioned at length on the military regulations prohibiting hazing. General Brooke read an extract from the United States military regulations prohibiting nearly everything which could be construed as hazing. The witness stated these regulations had been violated.

Cadet Charles H. M. Eby of Pennsylvania described several forms of hazing which used to be prevalent but which, he said, were discontinued two years ago. None of them appeared to involve serious injury.

BOOZ'S FIGHT WITH KELLER.

Cadet John K. Herr of New Jersey, who acted as one of Booz's seconds at his fight with Keller, testified as follows: "The men put up their hands and sparred. Keller landed a blow on Booz's eyes, and the latter turned his head away. He tried to avoid Keller, who said, 'Stand up and fight.' Then Booz went down from a light blow and did not want to get up. He was helped up, but went down again two or three times and wanted to quit. He got a blow in the body, but not hard enough to knock him down. Booz fopped down. He cried and said he would give up. He was not knocked out. He just laid down. After the fight I told Booz his actions were cowardly, and were so regarded by others, and he could remove the stigma by fighting another upper class man of his own size or smaller, but he paid no attention to me. Booz had a black eye."

HOUSE INQUIRY PLANS.

Washington, Dec. 19.—The special committee appointed by Speaker Henderson to investigate the circumstances connected with the death of Cadet Booz, who is alleged to have died as a result of injuries received from hazing while at West Point, today decided to enter upon the investigation immediately after the holiday recess. The committee will meet at Philadelphia on Jan. 2, to go thence the next day to Bristol, Pa., the home of the young man's parents, and thence to go to West Point. The committee also will investigate the general subject of hazing sufficiently to make an intelligent recommendation to congress. Chairman Dick will call upon the sec-

retary of war for a transcript of all the testimony before the military board which is now making an independent inquiry.

Hiram M. Cooper, a cadet of the second class, from North Carolina, said that on one occasion he was compelled to take a cold bath. It was in summer. Cadet James B. Stubbs, Jr., of Texas testified that he had seen Booz after the fight walking down the company street with a smile on his face. The agreement between the classes, over a year ago to abolish hazing was brought about by the publication of some reports of hazing which appeared at that time.

Cadet Adam F. Casad of Indiana testified that Booz was unpopular on account of his cowardly conduct in the fight.

Cadet John A. Cleveland of Alabama said he was hazed in 1897, when he first came to the academy.

SHERIDAN MADE A BUTT.

Cadet Philip H. Sheridan of Illinois said he did not know enough about Booz to form an opinion of him or to have any feeling toward him. Asked if he himself had ever been hazed, the witness replied, "I was made to say 'Turn, boys, turn' several times."

"From what was that taken?" asked General Clous. "From 'Sheridan's Ride,' sir," said the young fellow proudly.

"What else were you asked to do?" "Oh, some foolish things such as riding broom handles and sitting in wash bowls in the company streets."

"Did you think these acts humiliated you?" asked General Clous. "No, sir; they were not humiliating, although I did not like to do some of them."

Cadet Troup Miller of Georgia had to recite poetry or prose from memory. He had to do certain exercises, but while he did not enjoy doing them he had no ill feeling about them.

John A. Shannon of Minnesota said there were about five fights between fourth and upper class men during the camp of 1898.

Cadet William Davis of Georgia said he had to go through exercises and was frequently fined by the officials. Cadet Benjamin P. Miller of Virginia said hot candle grease had been dropped on his feet, and the same was done to Booz. It did not hurt.

RELIGION DISREGARDED.

Samuel Frankenberg of West Virginia said he had been hazed by exercising, bracing and other methods, some of which were injurious. He was a Jew, but he was not annoyed on account of his religion.

Fred W. Heinrichs of New York said he was hazed, but not hurt. He said that Booz, before he left the academy, was suffering from weak eyes. He said a man who would not fight when "called out" would be looked down upon.

Walter K. Wilson of Tennessee had had his feet "inspected" by other cadets, but he did not mind it. James M. Hobson, Jr., of Alabama, a brother of Richmond Pearson Hobson, said Booz was disliked for lack of physical courage. Hobson said to climb the pole of a tent, stand on his head in a bath tub with water in it and do other little ordeals which his classmates had to go through.

Burt Phillips of Ohio, Francis P. Langley of Illinois, W. A. McCain of Mississippi, William W. Edwards of Missouri, Ned F. Rehkopf of Iowa and C. M. Allen of Ohio all told about the same stories of the hazing in 1898, and were a unit as to the question of religion never being considered in the treatment of any men.

Court adjourned until tomorrow.

ATTORNEY GENERAL GRIGGS ARGUES IN THE PORTO RICO AND PHILIPPINES CASE.

Washington, Dec. 19.—In the United States supreme court today, Attorney General Griggs resumed his argument in the cases involving the status of Porto Rico and the Philippines. The attorney general elaborated his points enunciated yesterday. One of these, to which special attention was given, was the distinction between organized territories and unorganized territories under the jurisdiction of the United States.

Mr. Griggs took up territory after territory, showing in each case that it

of the territory, came under the operation of the laws of the United States by action of congress specifically extending the laws to the territory. But the act went no farther than "organized territories," and could not be interpreted to mean an expansion of country entirely unorganized. Guano islands were cited in support of the proposition that territory may belong to or be under the jurisdiction of the United States without being part of the United States. Over seventy different islands, keys and groups of islands have been thus taken possession of and made for such special purposes property of the United States. They enjoy certain privileges under the law of the United States and the supreme court has recognized their status but they are not part of the United States.

Turning from his books, Mr. Griggs exclaimed: "Why should this government be considered to have less freedom of action in this matter than other nations? Why are we so tied and bound that we are never to secure the fruits of victory, never acquire an island of the sea, a belt across the isthmus, a station for a naval base, unless at the cost of admitting those inhabiting the soil to full rights as citizens of the United States? Did our forefathers hamper us like that? If so, this Constitution is as misshapen as Richard the Hunchback." Mr. Griggs thought it safe to say that when the laws were once extended to the territories an inviolable contract was created and could not be broken.

The attorney general said congress at the last session, in effect, declared the existing tariff laws were applicable against the goods of Porto Rico. "This was in the act of last March remitting to Porto Rico certain duties collected

"under the existing law." This, Mr. Griggs declared, was an assertion by both branches of the present congress that the tariff act, which was "the existing law," operated against Porto Rico. He claimed congress could so exempt the territories from the laws as to give them privileges not enjoyed by states; in fact the territories had been for years exempted from internal revenue and direct taxes.

WALL STREET STOCKS.

New York, Dec. 19.-There was no appreciable let-up in the furious activity in the stock market today or in the exceedingly broad and varied trading. A quick market was afforded for almost any volume of stocks, and the market strength continued at various points in the list, but the burden of the profit-taking sales proved rather heavier than for some time past and made more general inroads upon prices.

The market fairly turned reactionary throughout at one time, under the influence of some rather violent breaks in special stocks. Tin Plate was the most effective of these, when it suddenly slumped 3/4 points after a show of early strength. The reactionary tendency in the junior Vanderbilts developed that speculators had been taking a rather too sanguine view of the possible readjustment of the securities of these companies. The Cleveland, Cincinnati, Chicago & St. Louis, and New York, Chicago & St. Louis stocks fell back heavily, although some went up briskly in the morning.

An effort was made to reclaim the bull position in the final hour by sudden advances in Northern Pacific, Sugar, Illinois Central, General Electric, the Chicago Terminal Transfer stocks and the Wisconsin Central stocks. The advances in these above the low point ran from 2 to 1/2 points, but the market did not sympathize, nor was speculative enthusiasm fully renewed, and the market closed very feverish and unsettled with a point or more lost of some of these sudden gains.

Even the Erie stocks, which have been the real backbone for some days, came to a pause today and were proffered, after rising 3/4 points, reacted 1/4, with a final fractional rally. Professional operators were constantly on the outlook to take the bear side of the market with the culmination of the rise, and they sold freely on the short side today, as they had done for several days past, but they also covered largely before the close.

MONEY AND METALS. Money on call, steady, at 4 1/2 per cent; last loan, 4. Prime paper, 4 1/2 to 5 1/2 per cent. Exchange, steady, demand at 48 1/2 and sixty days at 48 1/2.

Copper in London remains unchanged, at £1. 10 s., with the local market also quiet and nominally 17 cents for Lake Superior and 16 1/2 for casting copper and electrolytic.

Dolls. Dolls held 'n price from 1 cent to 1 1/2 at Spencer's, Nester block.

CHICAGO GRAIN MARKETS.

Chicago, Dec. 19.-In wheat today there was only a moderate trade, the market ruling rather dull most of the session and keeping within 1/2 to 3/4 c range. The feeling was weak and lower prices ruled early, January selling off to 68 1/2 and May to 72 1/2. Later occurred a recovery, the close showing a slight gain. Large receipts here and at the North had a depressing influence on values, and considerable long wheat was put on the market by tired holders. Spot at Liverpool was unchanged, with futures off 1/4 penny. The clearances were quite liberal, at 503,000 bushels, and the seaboard reported twenty-three boatloads accepted.

In corn there was a fair trade, still higher prices being scored and part of the gain being maintained, the close showing December up 1/4, January up 1/4 and May unchanged, January again was in good demand, the buying being led by interest credited with accumulating a good-sized long line, and the premium over May at one time was 16 1/2. May also was in better request, though sold by floor traders at the start, who covered later. Eighty-seven boatloads were reported accepted at the seaboard. Liverpool spot was steady to 1/4 penny higher, with futures 1/4 higher to 1/2 lower.

In oats there was a steady, moderate trade which centered in May. The country offerings are increasing and today there was moderate selling by receivers and elevator interests. The seaboard clearances were 208,000 bushels, December closed 1/4 c higher and the other options unchanged. The leading futures ranged:

Table with columns: May Wheat, Opening, Highest, Lowest, Closing. Values: 72 1/2, 72 3/4, 72 1/4, 72 3/4.

Table with columns: May Corn, Opening, Highest, Lowest, Closing. Values: 35 1/4, 35 3/4, 35 1/4, 35 3/4.

The movement of flour and grain was: Flour, barrels, 55,000; 27,000; Wheat, bushels, 219,000; 20,000; Corn, bushels, 550,000; 156,000; Oats, bushels, 407,000; 163,000.

Skates, drums, toys, at Spencer's, Nester block.

BOSTON COPPER QUOTATIONS.

The closing prices of the Boston copper stocks yesterday, as furnished by Paine, Webber & Co., Marquette, Mich., were as follows: Adve 7 1/2 @ 8 1/4; Arc 22 @ 23; All 2 1/2 @ 3; Arn 5 1/4 @ 5 1/2; Atl 26 @ 27; Baltic 3 1/2 @ 3 1/4; B & M 32 1/2 @ 32 3/4; B & B 8 1/4 @ 8 1/2; C & H 8 1/2 @ 8 1/4; Cent 22 1/2 @ 22 3/4; Cop Rg 30 1/4 @ 30 1/2; Frank 15 1/4 @ 15; Isle Roy 33 1/4 @ 33; Mass 13 1/4 @ 13; May F 29 1/2 @ 29; Ana 4 1/4 @ 4 1/2; Moh 23 1/2 @ 23 1/4; Mich 1 1/2 @ 1 1/4; Old Col 3 1/4 @ 3 1/2; Old Dom 30 1/4 @ 30 1/2; Osc 7 1/2 @ 7 1/4; Par 4 1/4 @ 4 1/2; Quincy 12 @ 12 1/2; R I 3 1/4 @ 3 1/2; Amal 9 1/4 @ 9 1/2; S Fe 6 1/4 @ 6 1/2; Tam 28 1/2 @ 28 1/2; Tee 1 1/2 @ 1 1/4; Tri-M 2 1/4 @ 2 1/2; Utah 3 1/4 @ 3 1/2; Viet 2 1/4 @ 2 1/2; Win 3 1/4 @ 3 1/2; Wyo 4 1/4 @ 4 1/2; Wyand 1 1/4 @ 1 1/2; Elm R 1 1/4 @ 1 1/2; Coch 10 1/4 @ 10 1/2; Cent Erka 24 bid.

A BULLISH FEELING.

It is Very Evident in Everything Connected With Coppers. The copper market was strong again yesterday. The upward movement in some of the favorite shares continued while their advances were reflected in the improved tone of the other stocks. Everything in connection with the market looks rosy and the brokers call the turn on higher prices. Paine, Webber & Co. said:

"Copper Range, Baltic and Trimountain are the features and they are fast becoming the speculative favorites in Boston. We believe the market on them will constantly broaden and that there is another five points in each before Jan. 1. The New York market continued strong and there is every indication that it will go still higher." A. R. Jones & Co. had the following: "Our market opened strong but later sold off in sympathy with the New York market. However, there were but few stocks for sale and the market held remarkably well. We still think that a boom must come and we advise buying stocks on all setbacks, especially Old Dominion, Trimountain and Centennial. We hear they are in for a big rise in the near future."

BETTER RAILROAD SERVICE.

Marquette and Ontonagon Counties Brought Closer Together Than Ever Before.

The opening of the recently completed Mineral Range extension by the P., S. & A. railway on Monday next from Keweenaw Bay will be a great event for the towns of Marquette county, as it will bring them in close touch with the growing and progressive towns of Mass City, Rockland and Ontonagon.

The train leaving Marquette at 7:00 a. m., Negaunee 7:45 a. m. and Ishpeming 7:55 a. m. will make close connection at Keweenaw Bay (daily except Sunday) with the day express from Calumet arriving Mass City 12:02 p. m., Rockland 12:20 p. m., and Ontonagon 12:40 p. m. Returning, the train will leave Ontonagon 1:45 p. m., Rockland 2:05 p. m. and Mass City 2:23 p. m., arriving Keweenaw Bay 4:00 p. m., there connecting with the train from Calumet due at Ishpeming 6:58 p. m., Negaunee 7:07 p. m. and Marquette 7:40 p. m. (12-20-11)

TOTAL, 3,660,919 TONS.

Statement of Northwestern's 1900 Ore Business. The Mining Journal is in receipt of a statement showing the lake and rail shipments of iron ore over the Peninsula division of the Northwestern road during the season just closed. The grand total of the shipments from the Lake Superior, Gogebic and Menominee river districts was 3,660,919 divided, as to lake shipments, as follows: Lake Superior, 543,576; Gogebic, 118,988; and Menominee river, 2,774,170. The all-rail shipments totaled 224,185.

The Northwestern road handled the following amounts of ore from the Marquette county mines: Cambria, 4,235 tons; Cleveland, 14,966; Cliffs Shafts, 30,844; East New York, 27,987; Imperial, 60,734; Lillie, 4,471; Moore, 4,649; Michigamme, 18,896; New York, 3,327; Princeton, 75,937; Republic, 8,187; Richmond, 51,293; Salisbury, 16,001; Superior, 116,947; Star West, 15,387; Tilden, 13,978; Volunteer, 47,578; Winthrop, 11,552; Webster, 20,787. The largest shipment made by any single mine over the Northwestern road was that of the Chapin, which is credited with 701,723 tons.

WARD ESTATE AGENT EXPLAINS.

To The Mining Journal-An error was made in the columns of your paper Wednesday when you stated that William Stewart had purchased from the Ward estate that property known as the Franklin House. The estate never owned the property. Some people are of the opinion that the property owned by the estate must be sold at a sacrifice. This is a mistake, as the property cannot be bought any cheaper now than it could be at any time during the last five years. (Signed) Agent of Ward Estate.

The record of the above deal appears on the books of the register of deeds in the form in which it was originally stated by The Mining Journal.

Ishpeeming and Vicinity.

CAUSED A GREAT FUROR.

SMALL POX PATIENT CAME IN FROM DEAD RIVER YESTERDAY AND WAS SENT TO MARQUETTE.

A small pox patient came in from the camps of the Dead River Mill company north of the city with a "toe" team yesterday. He knew that he was alling from some disease and he set out at once to find the hospital, passing through the down town streets and inquiring its location from numerous people whom he chanced to meet.

Here he stayed, under guard, from before noon until about 2 o'clock. The curiosity evidenced by many Ishpeeming people was very great. Large numbers visited the neighborhood of the hospital for the purpose of sizing up a real small pox patient.

Through the courtesy of the Marquette officials, Health Officer Picotte was able to send the sufferer to the Queen City, where he will be treated in the pest house recently established there.

However, Ishpeeming will likely soon have a pest house of its own. At the special meeting of the common council held last evening for the purpose of discussing the matter a committee was appointed to canvass the situation and come to a decision in regard to the advisability of preparing a place of detention.

MANY EXPRESS REGRET.

The announcement of H. B. Krogman's death in yesterday's Mining Journal greatly surprised and pained the young man's many Ishpeeming friends.

The deceased was almost as well known in Ishpeeming as in Negaunee. The fact that he married an Ishpeeming lady brought him close to many here. His connection with the athletics of the Negaunee schools did much to bring him among the people of this city.

He was never jealous of the Ishpeeming boys. On the contrary, he wanted to see them victorious every time when they were not contesting against the representatives of his own school.

Captain Thomas Walters and other members of his family were at Mr. Krogman's bedside when the end came. The young widow has the deepest sympathy of her host of Ishpeeming friends.

IT SAVED HIS LEG.

P. A. Danforth of LaGrange, Ga., suffered intensely for six months with a frightful running sore on his leg, but writes that Bucklen's Astringent Salve wholly cured it in ten days.

KENTON CATCHES.

Wm. Kroll returned Thursday from Ontonagon.

A. M. Southerland of the South Shore company was a Kenton visitor Tuesday.

Harry Levine, the Champion jeweler, has been canvassing his trade here during the week.

Mrs. McKenzie of Negaunee is now with her daughter Mrs. C. F. Moll who is quite ill with typhoid fever.

Photographer Judd and wife are doing a thriving business in the building recently vacated by E. Buchman.

J. T. Nenecheck and family will eat Christmas dinner at Appleton, the home of Mr. Nenecheck's parents.

A fine new Ivory and Pond piano is a recent acquisition at the York hotel. Landlord E. T. Bacon intends to provide good music for the guests.

Operator Maddock is filling the vacancy caused by the illness of Roy Corrulla who is dangerously ill with typhoid fever at St. Luke's hospital, Marquette.

Soft weather the past few days has delayed logging in this vicinity. The early cold weather made the lumbermen anticipate an unusually good season.

A box social under the auspices of the Maccabees at the opera hall Saturday night for the benefit of W. W. Shans, who had a leg broken recently, netted the sum of \$22.00.

Mr. and Mrs. William Kroll will visit Dr. and Mrs. Hubbard at Ravenna Christmas. From there they will go to Lansing as the guests of Mr. E. W. Sparrow over New Year.

Dr. Wescott of Sidnaw was a Kenton visitor Monday. The doctor reports that the small pox scare at his town has about subsided. The only case that has been quarantined is about to be discharged.

J. M. McCormick, an employee of the Sparrow-Kroll Lumber company in the mercantile department, has accepted a position in a clothing house at Grand Lodge, his former home. He departed for that city Saturday.

The South Shore special rates are attracting many Kentonites. A party of seven left for Canadian points Monday night. Mr. and Mrs. A. B. Kennedy, Jas. Clifford and Leo Lafeyre, Lucien Bacon and Amede Haude composed the company.

The inclination toward matrimony seems to have reached an acute stage here. The eligible members of Kenton society are being reduced at a rapid rate. James Reid and Lizzie Elliott have received their marriage license from the county clerk.

The central town pump voluntarily relapsed into a state of innocuous despondence Tuesday which made the army of inhabitants who are its regular patrons go an extra eighth-mile or melt snow for water to drink. Commissioner Elliott hastened to put the obstreperous pump in repair before night and it is in regular commission again.

John Newland and Sophia Johnson were united in marriage by the Rev. John Best Monday evening at the Hotel York. The happy couple left Tuesday for Ironwood to pass their honeymoon. The groom has been in the employ of the Sparrow-Kroll Lumber company for several years and has a host of friends here who wish him well.

The Sparrow-Kroll Lumber company closed a deal with the Cleveland-Ciffs Iron company Tuesday for a bill of timbers to replace those destroyed in the fall of the large trestle at Ishpeeming Tuesday. Had the local company been unable to furnish the material it would have been necessary to have gone to the coast for it. So much for upper peninsula resources.

COMMUNITY MOURNS.

DEATH OF HERMAN B. KROGMAN CASTS GLOOM OVER THE ENTIRE CITY.

It has been a long time since a death has caused such wide-spread grief in Negaunee as has that of Herman B. Krogman, superintendent of the public schools, which was announced in yesterday's Mining Journal.

From the first day Mr. Krogman assumed the duties of the superintendent of the schools he labored conscientiously. He had always in mind something that was calculated to improve the system or add to the comfort and enjoyment of the teachers and children.

Mr. Krogman's first year's work as superintendent was so highly successful and satisfactory to the school trustees that they gave him an advance in salary of their own volition. Expressions of sorrow were heard yesterday on every hand even to the extreme ends of the county, where the deceased was known by reputation, if not otherwise.

The schools are closed until after the holidays. Every flag in the city was placed at half-mast where they will remain until after the funeral. It is understood that most of the business places will be closed during the time of the obsequies.

The travel of the railroads for the past few weeks has been very light, in fact fewer people are seen on the trains now than during the panic months of '93. However, railroad officials are looking for a large holiday traffic, which they figure will begin Saturday and continue until after New Years.

SUPERVISORS IN SESSION.

They Transacted Regular Business Yesterday Without Occurrence of Any Note.

SMALL POX ACCOUNTS WERE NOT EVEN DISCUSSED.

Vote on Proposition to Expend \$15,000 on a New Poor House Was Canvassed and Committee Went to Present Institution to Inspect Premises.

BOARD ADJOURNED UNTIL FEB. 6.

The supervisors held a regular session yesterday afternoon. It was uneventful and a good deal of business was disposed of with satisfactory expedition. Small pox accounts were not mentioned. The only bill incurred because of the disease which was allowed was the statement of Bernhard Cook of Republic, which had been approved by the auditing committee. The other accounts repose with the special committee which will have charge of certain investigations and revisions which will have to be completed before the board will authorize their payment.

Many of the creditors of the county on account of the small pox epidemic are not all pleased with the delay which will ensue before they receive their money. They express disappointment that the supervisors did not determine what they were going to do in time to act at yesterday's meeting. Some of them would like to be able to use their money now. Others are indifferent as long as the bills are finally settled.

Chairman Elliott of the auditing committee, and the other two members of the special committee will begin work on the task of straightening out the accounts to the supervisors' satisfaction at once. It will be a job of considerable magnitude.

Yesterday a special committee canvassed the voters on the proposition to appropriate \$15,000 for the erection of a new county poor house. It reported that 3,357 ballots were cast for, 737 against the proposition. A resolution citing these facts was adopted by an aye and nay vote. Here the poor house matter rested as far as the entire board was concerned. However, after the adjournment of the session the members of the poor committee drove to the site of the present county house and looked the premises over. They discussed the proposed building and exchanged ideas on the subject. It is understood that the poor house matter will be taken up immediately, with a view of putting the new structure in use without any great loss of time.

A communication was received from the residents of Turin and Forsyth townships asking that the specifications for the road which is being built within their limits be changed so that they will call for a sixteen-foot roadway instead of one of twenty feet. For the construction of this road the supervisors appropriated \$300.

its entire cost being over \$2,000, the balance to fall on the townships. There is some doubt as to the money holding out for the twenty-foot road, so it is suggested that it would be wise to narrow it four feet. The communication was referred to the highway and bridges committee for consideration.

A resolution providing that the county's share of the revenue derived from the annual issue of deer licenses be applied to paying the salaries of the game wardens was adopted.

Supervisor Read called attention to the fact that the bed of the former Huron Bay & Iron Range railroad is available for use as a road in some parts of the county. He suggested that it might be a wise plan to acquire title to several of the bridges before they are removed. He spoke quite extensively on the subject, outlining the arguments in favor of a project to utilize the line of the former railway. No action was taken.

The bonds of County Clerk Ross, Sheriff-elect Penglass, Circuit Court Commissioner C. F. Donahoe and Judge L. P. Cray were approved. A resolution was offered fixing the bond for the county treasurer in the sum of \$150,000. In order that Treasurer-elect Skoglund may enter on the duties of his office as soon as Mr. Kangas' term expires a special committee, Supervisors Fitch, Read and Elliott, was appointed to inspect, and if they are satisfied with it, to approve the bond and to report to the supervisors at their next meeting.

The date to which the board adjourned will make any of the small pox creditors who are in a hurry for their money groan. It is Feb. 6.

AT THE PEST HOUSE.

A New Small Pox Patient Received Yesterday.

A new small pox patient was received at the pest house yesterday afternoon. He was a lumberman who has been employed at the Dead River Mill company's camps north of Ishpeming. His name was brought to that city yesterday where the physicians pronounced his ailment confluent small pox. As there was no place where he could be quarantined Health Officer Picotte requested Dr. Brown to assume his care here. Assent was given as a courtesy to the Ishpeming officers and to protect the public health by placing the sufferer where he can be given the proper attention. He was brought down without delay.

The physicians are apprehensive about the lumber camps. They fear that small pox may obtain a firm hold among their inmates. The case received yesterday was the second that came from the woods within a few days.

The men in the woods should all be vaccinated without delay. In some sections of the upper peninsula operators have sent physicians to the camps to perform this operation. All other companies should take similar precautions without loss of time. They may be the means of preserving the health of the employees and of saving large losses in time and money which will certainly be incurred if the small pox ever becomes prevalent among the lumbermen.

The upper peninsula is coming to be regarded as a regular hotbed of small pox. Outside papers are noticing the prevalence of the disease editorially. An instance of this could be found in yesterday's edition of the Milwaukee Sentinel, which contained an article discussing ways and means of keeping the disease out of that city.

All cigars, per box, this month only, at wholesale prices, at Spencer's, Nester block.

A STRONG ATTRACTION.

The near approach of Christmas was responsible for the rather diminutive house which greeted Alden Bass in "A Poor Relation" last evening but what was lacking in numbers was made up by warmth and appreciation so that if the treasurer was disappointed in the play presented a neatly worded, impromptu speech in which he expressed appreciation of the kind approval of those in the assemblage, both for himself and the members of the company. He paid a glowing tribute to Sol Smith Russell and spoke of his own work with a becoming modesty. He referred in pleasing terms to the Marquette theater and its orchestra. Mr. Bass' speech was not the least pleasant part of the entertainment and it was heartily received.

Taken as a whole "A Poor Relation" was one of the best plays that has been presented in Marquette in some time. Mr. Bass is a thoroughly capable comedian. His characterization of the seedy genius, Noah Vale, was studied and carefully shaded. There were no loose points. It was carefully done throughout, pathos and dry fun being delicately commingled. Persons in the audience who had seen both players spoke very favorably of his impersonation of the part as compared with that of the original he hastens to honor, Sol Smith Russell.

Mr. Bass was accorded good support by the members of the company. Most prominent were the McKinley tots as Rip and Patch. The intelligence and effectiveness of their acting is truly surprising when their tender years are considered. A great deal depends on these little midgets and without their precocious ability, or its equivalent in some other pair of little ones, the effect of "A Poor Relation" would be dimmed. The other players were quite equal to their several parts. Miss Maude Vaughn imparted life, feeling and interest to a character which is too often hackneyed. S. S. Whitte seemed to catch the keynote of the characterization which was entrusted to his hands. The others possessed greater merit than is usually seen in the supporting companies which visit this section.

"A Poor Relation" it is not necessary to speak. It is more or less well known among theater goers and it has

won a secure place for itself. It is one of those plays which are an honor to the stage, one from which true lessons of life may be drawn at the cost of but little expense and trouble. It was thoroughly enjoyed last evening and should Mr. Bass return to Marquette he will have an opportunity of again entertaining every person before whom he appeared on the occasion of his first visit.

CITY BREVITIES.

Walter Fitch was down from Champlain yesterday.

F. D. Davis, commissioner of schools, was down from Negaunee yesterday.

County Clerk Ross issued a marriage license to Erik Ojagangas and Mary-ana Mattilo yesterday.

George Freeman has purchased the property known as the Mapes farm and to report to the representatives of the Ward estate. It lies north of Morgan.

Hank & Deckelman are distributing some of the neatest candlers that have been seen here this season. They are highly creditable to the firm.

The Grafton lodge, A. O. U. W., will receive a class of candidates this evening. A large attendance of the members is desired at the initiatory work.

It was somewhat colder yesterday although the weather will have to become much more rigorous before it will feel like winter. However, a change is about due and the chances are that there will be plenty of snow and cold by Christmas.

The express companies are now beginning to experience the front end of the regular holiday rush. Their business is picking up in leaps and bounds and by the end of the week it will have assumed large proportions. The real rush will come Sunday and Monday.

Much regret is felt among the acquaintances of H. B. Krogman, former superintendent of the schools at Negaunee, at his death. He was quite well known in Masonic and school circles and was everywhere regarded as an upright, capable young man. He was a frequent visitor in Marquette.

The improvements at the Swedish Lutheran church, Ridge street, are about finished. The decorators will wind up their work this evening. The lighting fixtures are expected Sunday. They will be hung immediately in preparation for the Christmas services when the church will be first used in all its new glory.

The Marquette Boy's orchestra, assisted by a number of its young friends, will give an entertainment at the city school this evening. This will be the first time the organization has appeared in public. The proceeds will be applied to the purchase of music and the cost of rehearsals. The admission fee will be small. All are invited.

The second motor, which drives the machinery in the old shop, has been in operation at the Lake Shore Iron works since Monday. It does its work with entire satisfaction. It is of twenty horse power. In all the Lake Shore Iron works is using seventy horse power. The officers of the concern are well pleased with the change from steam.

Conklin is in the midst of its regular holiday rush. Mr. Conklin presents, this season, the largest and best assorted stock he has ever carried. All pocketbooks may be suited with the most tasty gifts on the market. He has absolutely everything in the jewelry and silver line. He is having a big run on certain classes of goods which seem to catch the popular fancy.

Philip Rose, Harlow Clark and Harry Ferris, who will represent the Marquette High School Debating society in a contest with three of the young people of the Escanaba school this evening, leave for that city this morning. They will be accompanied by Prof. Giles and Rev. E. A. Elliott, the latter having been named one of the judges. The others will be J. C. Jennings of Escanaba and C. F. Juttner of Powers. The question is, "Resolved, that the federal government should own and operate all railroads." The Marquette boys will support the negative. They are well grounded in the facts bearing on the position and will doubtless make a very creditable showing, if they do not win. The Escanaba school will be represented by two young men and a young lady.

Fred Donckers has arranged to handle the popcorn fritters in Marquette made by the manufactory at Ishpeming. He will receive them fresh every morning, and invites all to sample them at his store opposite the Mining Journal office on Washington street. He also has Christmas cigars in boxes of twelve and larger and the nicest ornaments in town, besides Christmas candies, fruits and nuts, and don't forget his line of fine pipes—just the thing for a gift to your "fellow."
