COLONISTS IN REVOLT.

Dutch in Many Districts of Cape Colony Joining the Invaders.

SHARP FIGHTING IN SIGHT.

British at the Front Are Reinforced and Several More Cavalry Regiments Ordered from England.

HARD TASK FOR KITCHENER

London, Saturday, Dec. 22.—"We understand that private but reliable advice has been received in London," says The Daily Mail, "to the effect that virtually all the districts of Cape Colony in the vicinity of Orange river are in more or less open revolt, and that there is likely to be sharp fighting on a rather large scale, before the invasion is crushed. The tactics of the Boers to rally as many as many as possible of the Dutch in the back country to their cause is proving successful."

CAVALRY REINFORCEMENTS.

The war office has made the following announcement: "In view of the general position in South Africa, the following reinforcements of mounted troops have been arranged: Eight hundred will start next week. Two cavalry regiments have been ordered to leave as soon as the transports are ready. The colonial police will be increased to ten thousand. Detachments will leave as fast as they are formed. The Yeomanry have arranged that in view of the prolongation of the war the members of the Imperial Yeomanry will be paid five shillings, instead of one shilling, two pence, per day. The militia men are promised priority of return over the regulars."

RAIDERS WELL HORSEED.

Cape Town, Dec. 21.—General Brabant, commander of the newly raised colonial division, has been ordered to the front and will start tomorrow. The Boers who invaded Cape Colony had in most cases pack horses in addition to those they rode, all in the pink of condition. They commanded all possible clothing and stores at Ventersdorp.

General Baden-Powell will start for the Transvaal tomorrow.

Boers have derailed a train at Darberton, killing an inspector and others. At Thorndale, General French routed twenty-five hundred Boers, with four guns and a pom-pom. Thormald is sixteen miles northwest of Krugersdorp, Transvaal. The fight occurred the 19th. The British had fourteen wounded and the Boers fled in disorder, with fifty killed.

London, Saturday, Dec. 22.—A dispatch from Deaar, Cape Colony, says the Yeomanry have driven the Boers out of Houtkrand, the enemy retiring to the westward.

THAT MUTINY INCIDENT.

As the outcome of statements made during the recent session of parliament, and since reiterated, to the effect that some of the colonial troops refused to fight again, the war office last (Friday) evening issued the following explanation from Lord Kitchener:

"A number of the men belonging to two South African corps refused to march on one occasion, owing to some mistake to carry out their discharge at the expiration of their term of service. Lord Roberts, on the ground they had grievance, overlooked the matter, simply remanding them. The men of both corps have since done good work in the field, and it is absolutely unfounded to say that there was mutiny or that guns or any other force were used against them. It is considered cruel to publish the incident, which all concerned regret."

KRUGER'S PLANS.

London, Dec. 21.—Editor William T. Stead has just returned from The Hague, where he had a long conference with ex-President Kruger and ascertained at first hand the views of Kruger and his counsellors as to the situation and future prospects. Mr. Stead today wrote the following for the Associated Press:

"Nothing has been decided about visiting America at present. President Kruger has not abandoned all hope of securing the support of the governments of the civilized world in his demand for arbitration. Until the last government refuses absolutely to say a word in support of the principles which they solemnly laid down at The Hague conference, Mr. Kruger will not partake in popular demonstrations. He is emphatic in disclaiming any desire to involve other nations in war in behalf of the Boers. He asks that the governments which at The Hague declared their determination to use their efforts to secure amicable settlements of disputes by means of mediation and arbitration should make a united effort to bring the verdict of the civilized world to bear on Great Britain."

CHASE OSBORN REAPPOINTED.

WILL AGAIN SERVE THE STATE AS RAILROAD COMMISSIONER.

Lansing, Mich., Dec. 21.—Governor-elect Bliss has announced the reappointment of Chase S. Osborn of Sault Ste. Marie as railroad commissioner, and also that he has offered the position of insurance commissioner to Jas. V. Barry, a prominent newspaper man of this city.

BELL 'PHONE WINS BIG SUITS.

STOCK TICKER ROYALTY CASE, INVOLVING \$12,000,000. GOES AGAINST THE WESTERN UNION.

Boston, Dec. 21.—Justice Colt, in the United States circuit court, today decided in favor of the American Bell Telephone company in the royalty suit brought by the Western Union Telegraph company. The case was known as the stock ticker case and had been in the courts since 1884. The amount involved is twelve millions.

ATLANTIC IS LASHED TO FURY.

HEAVY GALES ON THE VIRGINIA AND ENGLISH COASTS.

Norfolk, Va., Dec. 21.—A severe storm prevails today on the coast between Capes Hatteras and Henry. The wind is blowing forty miles an hour and increasing hourly. The schooner Jennie Hall is ashore south of Cape Henry, and the captain and a seaman were drowned. All small craft have sought shelter.

London, Dec. 21.—The severe storms which have been prevailing on the coast for the past few days appear to have reached their height during the night, and while the gale is still severe and heavy it is hoped the worst is over. Stories of wrecks and damage are coming from all directions, but, happily, the fatalities are few.

EXODUS FROM LANSING.

LEGISLATORS NOW WAITING FOR THE FORMAL ADJOURNMENT.

Lansing, Mich., Dec. 21.—It is doubtful whether there will be a bare quorum present in the legislature tomorrow, when the extra session will be formally adjourned as provided for in the concurrent resolution adopted Thursday. Many of the members have left for their homes.

Governor Pingree said tonight that the result was just what he expected. "I was mean enough politically," he said, "to hope the senate would not pass the tax bill, although I did not say go out loud, as an account of the people of the state, I wanted it passed. It's another case of Pingree luck. Things always come my way, somehow or other."

Not a bill of any kind has become a law and although five different taxation measures were passed by the house, the senate, however, promptly hung them up, being adverse to action until the incoming administration. Some of the governor's most intimate political friends believe that he will call another special session next week. He will not say anything on this subject tonight, although he might be intimated that he had no intention to do this.

EX-GOVERNOR WOLCOTT DEAD.

Boston, Dec. 21.—Former Governor Wolcott, aged fifty-three, died this afternoon. He had always been a Republican, but in 1884 voted for Cleveland. His wife and five children survive him. Mr. Wolcott became ill with typhoid fever several weeks ago, and death resulted from extreme weakness, due to the progress of the disease.

BALTIMORE BANK FAILS.

Washington, Dec. 21.—The comptroller of the currency tonight appointed a temporary receiver for the American National bank of Baltimore. The bank has suffered a large shrinkage in deposits and sustained heavy losses which involved the capital and surplus and reduced the cash resources. The loss to the depositors probably will be small.

JURY SYSTEM FOR PORTO RICO.

San Juan, Porto Rico, Dec. 21.—A bill introducing the jury system into Porto Rico has passed both houses. The house has passed a bill fixing the salaries of the five native councilors at \$4,000. This is considered excessive and it is not likely to pass the council.

MAFIA CLAIMS A VICTIM.

Chicago, Dec. 21.—Sam Lepoma, an Italian barber, was mysteriously slain in the shop of Giuseppe Farino today. Lepoma's body was not discovered for some time. The police attribute the crime to the dreaded Italian secret society, the "Mafia." Farino has disappeared.

SPANISH TEXT TABOOED.

Manila, Dec. 21.—The Philippine commission has passed bills prescribing that the English text shall be used in the construction of all laws enacted, and authorizing the provost marshal to establish health regulations, with limited punishments for their violation.

MURDER AT MANSFIELD.

Crystal Falls, Mich., Dec. 21.—Federal Corche, township clerk of Mansfield township, was stabbed to death today at the Mansfield mine. Two men have been arrested on suspicion.

GUNBOAT FLOATED.

Newfolk, Dec. 21.—The gunboat Annapolis, which ran aground opposite Lambert's point early this morning, was floated this afternoon by tugs.

CLUE TO THE KIDNAPPERS.

Omaha Reporters Find the House in Which Young Cudahy Was Hid.

BOY IDENTIFIES PLACE.

Thought Leader of the Gang Was a Man Named Crowe, Well Known to the Police.

MANY DETECTIVES ON CASE

Omaha, Dec. 21.—Two World-Herald reporters this afternoon located the house in which Eddie Cudahy was held prisoner at 3604 Grover street, a point about four miles southwest of the city. Absolute evidence as to the identity of the "house" was obtained and was further corroborated by Eddie Cudahy, who appeared during the time the reporters were making observations.

The house is an isolated structure situated on property commanding a full view of the surrounding country for miles about. It is a two-story concern and has the rickety stairway and other features described by the kidnaped boy. On the second floor was found a new well bucket containing water from which the millionaire's son had quenched his thirst. About the rooms were found hundreds of cigar stubs and burnt matches, also small quantities of sugar and coffee.

TAKEN FOR THE OUTLAWS.

While making their observations the reporters were surrounded by "chief of police Donahoe, Captain Hayes, Councilman Burkeley, Edward Cudahy, Sr., and his son Eddie, the kidnaped boy. One of the reporters, with a lighted lamp in his hand, was surveying the basement of the house when he discovered Chief Donahoe in the act of reaching for his revolver.

Realizing his situation, the reporter ducked his head and retreated behind a partition, informing his co-worker. The other reporter, who did not seem to comprehend the gravity of the situation, left the house by the rear door, when he, too, was brought to bay by Captain Hayes, who, with revolver in hand, followed by Councilman Burkeley, swooped down upon him.

"It's a good thing you were recognized," remarked Captain Hayes, "you thought you were the robbers, and you can thank your lucky stars there was no shooting done."

Edward Cudahy, Sr., had gone to his buggy for his revolver to assist the police in capturing the bandits and returned hurriedly to get a shot at one of the robbers, himself, he said. Then the entire party re-entered the house. Eddie pointed out the exact spot in the north room where he lay from the time he was taken to the house Tuesday evening until removal Wednesday.

SEVERAL CLUES PICKED UP.

Maud Munshaw, who lives with her parents at 3404 Grover street, first saw one of the occupants of the house ten days ago, when he came to her home and asked if she knew whether or not the house that was vacant above on the hillside was rented. She did not know.

The next day he returned and told her he had rented the house from Mr. Schneiderwind, the owner. He said another man had rented it and paid a dollar down, but had not taken it. This man she describes as being about forty-five years old, with black hair and mustache, and his hair sprinkled with gray.

Tuesday evening a light spring wagon drove up to the house and two or three men got out. Wednesday morning a pony was hitched out in front of the house, but the spring wagon and horse were gone.

During the day it was stated that Pat Crowe, well known in police circles, is the man whom the police suspect of being the leader of the gang who abducted young Cudahy. A search is being made for him. An extra force of Pinkertons arrived this morning and were put to work on the case. Mr. Cudahy, Sr., today confirmed his offer of a reward of \$25,000 for the arrest of the abductors.

This afternoon the officials of the Omaha National bank confirmed Mr. Cudahy's statement that he had withdrawn from the institution the \$25,000 in gold with which the latter states he paid the ransom to secure the return of his son.

LIKE THE BEALS CASE IN 1891.

Kansas City, Dec. 21.—The similarity of the tactics adopted by the Omaha kidnapers with those of the man who, in 1891, stole the six-year-old child of David D. Beals, president of the Union National bank of this city, has caused the local detectives to remark of the possibility that they were concocted and executed by the same man.

The man who stole Beals' child went under the alias of "Ralston" but is believed to be Ed Spole, a Colorado horse thief. Elizabeth Chelcenco and Alfred King acted as Ralston's accomplices, the woman, who was a servant in the Beals house, stealing the child while the family were at dinner and turning it over to Ralston. The latter played the role of a detective in the negotiations with Beals, and the latter has written, together with the general actions in the plot, are similar to those used in the Cudahy plot.

MARQUETTE SLATED FOR \$106,000

RIVER AND HARBOR BILL CARRIES \$60,000,000. NEXT TO THE LARGEST TOTAL ON RECORD.

Washington, Dec. 21.—The river and harbor bill was completed tonight and Chairman Burton gave out a statement showing the amounts appropriated. The total is approximately \$60,000,000, of which about \$23,000,000 are in direct appropriations and about \$37,000,000 in authorization of contracts for continuous work. Compared with the former river harbor bills, the present one is the second largest on record, and after the senate has added its amendments it is expected it will well up to, if not ahead of, all previous records. The bill of 1900 carried \$39,958,165, and that of 1897, which was the largest on record, carried \$72,275,954.

Among the appropriations and contracts are the following: Galveston (Tex.) harbor—Cash, \$500,000; contracts, \$1,000,000. Frankfort, Mich.—Cash, \$54,500. Grand Marais (Mich.) harbor of refuge—Cash, \$70,000. Manistee, Mich.—Cash, \$42,000. Holland, Black Lake, Mich.—Cash, \$73,000. Muskegon, Mich.—Cash, \$75,000. Portage Lake (Mich.) refuge—Cash, \$33,800. Marquette, Mich.—Cash, \$26,000; contracts, \$80,000. Ludington, Mich.—Cash, \$36,000; contracts, \$188,000. Ashland, Wis.—Cash, \$40,000. Saginaw river, Mich.—Cash, \$40,000. Grand river, Mich.—Cash, \$125,000. Detroit river, Mich.—Cash, \$500,000; contracts, \$4,000,000.

For survey of deep waterway—Cash, \$200,000.

CONGRESS QUITS FOR HOLIDAYS.

NO BUSINESS TRANSACTED BECAUSE OF DEATH OF MRS. FRYE AND REPRESENTATIVE WISE.

Washington, Dec. 21.—Mrs. William F. Frye, wife of Senator Frye, president pro tem of the senate, died this morning. She had been ill for some time past. Heart failure is given as the immediate cause of death. The news of the death of Mrs. Frye was conveyed officially to the senate, and out of respect to her memory immediate adjournment was taken until Jan. 2. No business was transacted. Speaker Henderson received a telegram this morning announcing the death of Dr. Richard A. Wise, member of the house from the Norfolk (Va.) district, at his home in Williamsburg.

The house was in session only twenty-five minutes, when it adjourned out of respect to the memory of Representative Wise. The customary resolutions were adopted and a committee of seventeen members was appointed to attend the funeral. Under the concurrent resolution adopted a few days ago adjournment was taken until January 2.

During the brief session Representative Lacey of Iowa introduced a bill providing for a "Chief Deweller's National Park." It provides for the setting aside of a large tract of public land in New Mexico for the purpose of preserving the prehistoric caves and ruins of the cliff dwellers and other relics therein.

MEETS HIS DEATH BRAVELY.

Paris, Ills., Dec. 21.—Preserving to the last the silence with which he had shrouded his identity, "John Owen," alias Radcliffe, went bravely to death on the gallows today for the brutal murder of James F. Hogue of this city in September last.

Later—Sheriff Myers announced tonight that Owens told him at the last moment that his father was T. H. Oldham, residing six miles southeast of Middleboro, Ky.

SANTA FE STRIKE IS OFF.

Topeka, Kas., Dec. 21.—President Dolph, of the telegraphers, tonight declared the strike on the Santa Fe off. General Manager Mudge would not say whether the men would be re-employed or not, but that the union would not be recognized under its present management.

LIND WILL NOT CONTEST.

St. Paul, Dec. 21.—In accordance with the wishes of Governor Lind, the Democratic committee has decided to drop the matter of contest. Upon the face of the returns Lind was defeated for re-election by Van Sant by a very close vote.

\$50,000 FIRE IN CHICAGO.

Chicago, Dec. 21.—Fire today damaged the Sears, Roebuck & Co. warehouse in West Adams street to the extent of \$50,000.

TRYING POSITION

"My position is a trying one" was the joking remark of the cloak model of a fashionable firm. But there is less jest than earnest in the statement. It is trying to be on the feet all day, to be reading and stooping hour after hour from morn until night. And that is a very meager outline of a business woman's day. With many such women the ordinary strain of labor is intensified and aggravated by a diseased condition of the delicate organs, and they become victims of that terrible headache, or blinding headache, which is so common among business women.

DEATH OF AUGUST KRELLWITZ.

ANOTHER COPPERDOM PIONEER RECEIVES THE FINAL SUMMONS

August Krellwitz, one of the copper country's best known citizens, died at Houghton yesterday morning at 10 o'clock, aged about seventy years. Death was caused by paralysis. Mr. Krellwitz having been partially paralyzed for a number of years. He was a great sufferer from malady and had been ailing for the past decade. His vitality steadily decreased and his demise was not unexpected by his friends.

Mr. Krellwitz before his long illness was prominent in Houghton business and politics. At different times he held various village and township offices, such as superintendent of the poor and township treasurer.

The deceased was an uncle of August Krellwitz, the Houghton furniture dealer. He also leaves two sons and two daughters. The former are E. C. Krellwitz and William Krellwitz, both of Houghton, and the latter Mrs. Staats of Great Falls, Mont., and Mrs. William Rowe of Dollar Bay. All will be present at the funeral with the exception of Mrs. Staats.

Mr. Krellwitz was one of the oldest and most esteemed members of the Houghton lodge, F. & A. M. He was also a charter member of the German Aid society of Houghton.

Funeral services will be held from the residence Sunday afternoon. The Masons will be in full charge of the services.

PRIVATE TELEPHONE SYSTEM.

STREET CAR COMPANY TO ESTABLISH IT ALONG ITS LINE.

The evident purpose of the street railway company is to make its line as thoroughly metropolitan as possible. The latest innovation is the constructing of a private telephone system. It will cover a distance of about twenty miles, extending all along the entire line with branches to the residence of Superintendent Towle; to the power house, and to the car house. At intervals along the telephone system stations will be established with phones in them. In case of an accident or a break in the conductors of the cars can be reached by the superintendent's office or the power or car houses by the office of the road of the mishap.

This system is in vogue in all large cities where good street car lines are established. Two men are on duty at the local power house all the time and they are ready at any moment to repair a break in a car.

There is a new time card in effect on the street railway. Cars that formerly met in front of the High school building at Hancock now meet at the car

house in West Hancock. By that arrangement better time is made.

The "extras" that go to fit up a car are now being received by the company for the six new cars that will arrive soon. The cars will be shipped Monday from Laconia, N. H., and it is expected that they will reach here in a week.

A number of men are now at work getting the rotary snow plow in condition to handle some of the big snow storms that are expected. The motors for the plow have arrived.

The street car advertising company is taking well with business men at Portage Lake. The first day's soliciting by Paul Young showed good results. It is the intention of the company to secure very attractive cartoon cards for the purpose of advertising the different Portage Lake business concerns. After a time outside advertising may be taken. When the line is extended to Calumet in the spring—as it is thought it surely will be—other copper country merchants will have space in the cars.

ARE BONANZA MINING PROPERTIES.

W. A. PAINE SAYS CHAMPION AND TRIMOUNTAIN ROCK WILL RUN FULLY 2 PER CENT—COPPER RANGE MAKING MONEY.

President W. A. Paine, of the Copper Range company, who has just returned from a visit to the company's property, tells the Boston Financial News:

"The strength of Copper Range stock is explained by a visit to the Champion mine. As everybody else who has been there has said, it is the richest amygdaloid mine ever opened in Michigan. It is not only rich; it is a large property. We have room for nine shafts on the ledge, 1,200 feet apart. The size of the mine when developed will be realized when one remembers that the great Quincy mine is at present operating through only three shafts.

"Baltic people say their new mill will be ready for occupancy July 1, and when it is, the Champion mine will begin stamping rock with the two heads now used by the Baltic at the Atlantic mill. It is true that the Baltic rock is running approximately 1.8 per cent at the mill. There has been a week at a time when it ran 2 1/2 per cent. Its value at these prices are making up the predictions that the Champion and Trimountain will be 2 per cent mines.

"As yet we have not begun to haul any rock over the Copper Range railroad; but in spite of this a very good business is being done. The road is earning on the basis of about \$25,000 annually, and its business will increase rapidly from now on."

MINERS BUYING STOCK.

Despite the levying of a single assessment of the staggering size of an even half million dollars, the shares of the Trimountain are rising steadily. This is due to the altogether exceptional showing of copper found at nearly every point in the mine. It is perhaps too early to say that the mine is a certainty of success inherent in any mine, but it is conservatively stating the case to say that the Trimountain has one of the finest showings ever made in the copper district, and that, with the exception, the mining men of the district are firmly convinced that the property has a great future. The miners working in the property are buying shares steadily, which is a good sign. The Lake copper district has hundreds of miners—not theorists, or college graduates, but men who have had to earn a living with hammer and drill—who are today in independent circumstances through buying shares in good mines at an early day. Even the tractable miners make mistakes and lose their money at times, but as a rule they are shrewd investors, and secure their profits through early and permanent investments, and not by speculating.

In truth, all former theories regarding the percentage of copper that may be contained in the rock of an amygdaloid ledge have been shattered by the rich showing at Champion and Trimountain mines. In copper values they compare better with the Calumet conglomerate than with the ledge in any other amygdaloid ledge mine in the district. It is certain that the Trimountain and Champion mines now opened will run 2 per cent copper or better.

OLD COLONY'S TUNNEL WORK.

The Old Colony tunnel is still boring its way through the copper belt, from the eastern to the western sandstone. Numerous copper-bearing amygdaloids and conglomerates have been encountered, several of them of some promise. This tunnel is the most ambitious project of the sort ever undertaken in the Lake district and, when completed, will give the longest continuous cross-section of the Keweenaw belt ever shown. There is also advantage over diamond drill work that a tunnel allows every opportunity of studying the formation at fissure, and moored points can be readily tested by a little extra digging, while with drill work only the cylindrical cores are had to tell the tale of underground conditions, while computations must be made to correct the readings of the drill, and the occasional deflection to which the drill is subject cannot be corrected and often causes erroneous readings. The diamond drill is invaluable, and affords much the cheapest and quickest means of giving a rough examination to any given section, but its work is necessarily much less complete than that of a tunnel.

RICHNESS OF THE MASS.

The old stories of the wonderful richness of the Mass. have been confirmed by the results secured in reopening the mine, as about \$5,000 worth of copper has been secured from shafts, drifts and winzes, in the form of mass and barrel metal, none of the stamp rock having been treated as yet. This is much the largest amount of heavy copper secured by any new or reopened mine in the district, and augurs well for the future of the Mass Consolidated.

COPPER MISCELLANY.

A rumor to the effect that a rich strike had been made at the Rhode Island cannot be confirmed in Houghton mining circles. Those interested are now waiting for further developments in regard to the matter.

EXTRA SLEEPERS PUT ON.

Owing to the great exodus of people from Portage Lake to spend the holidays elsewhere the South Shore, the Northwestern and the Milwaukee roads have put on extra sleepers for the accommodation of their passengers.

The South Shore ran a special sleeper from Houghton to Mackinaw City last night for the accommodation of the students from the Michigan College of Mines who will spend their vacations at home. At Mackinaw City connections are made with the Michigan Central and the Grand Rapids & Indiana roads for southern Michigan and other points.

Both the Northwestern and St. Paul roads have put on extra sleepers—yesterday and also for today—for Chicago. All berths were pretty well taken.

CLOSED FOR THE HOLIDAYS.

The Finnish College at Hancock closed for the holiday vacation Thursday afternoon. The winter term will open on Jan. 15. About fifteen of the students left for their homes in outside cities to spend Christmas and New Year's with relatives and friends. Two of the instructors went to Chicago. They are J. Haimlund and K. V. Arminen.

The Hancock schools closed for the holidays Friday. Exercises were held in several of the grade rooms. A number of the teachers will spend their vacation outside of the city.

GAMES NOT WANTED.

The attention of Mayor Scott of Hancock has been called to the emigration of the gamblers from Houghton to Hancock and he has notified the marshal to keep his eye on all places where they would be apt to locate. Mr. Scott will not tolerate their presence in Hancock and will have them make tracks for other fields—hence his order to the officer.

COMPANY G (HOUGHTON) INDOOR BASEBALL TEAM PREPARING FOR ITS WINTER CAMPAIGN.

A meeting of the indoor baseball players, members of the Houghton Light Infantry, Company G, will be held Sunday afternoon, when the plans for the winter will be discussed and other business attended to. The uniforms that will be worn during a match have been sent for and they will look very natty. The suits will be white, with maroon trimmings. The caps will be of a maroon color and will bear the letters "H. L. I."

It was recently announced by one of the boys that the first contest will no doubt come off on or about the first of the year, but just what aggregation will be played is not yet definitely known. It will be one of the copper country nines—either Lake Linden, Laurium, or one of the teams at Calumet. No steps have been taken to organize a nine in Hancock. The Laurium team was but recently formed.

There is good material at the Michigan College of Mines for an indoor baseball nine. There has been some recent talk in regard to the organizing of a team at the institution and if the plan is carried out a number of interesting contests with the Houghton soldier boys should result.

The enthusiasts of the game would still like to see an indoor baseball league formed, a subject that has been fully dwelt on in previous issues. An excellent lot of teams could be included in the organization. The prospects for a league will no doubt be talked over by the Houghton Light Infantry boys at their meeting on Sunday.

HOCKEY GAME POSTPONED.

The hockey match which was to have been played between the Portage Lake and the Dollar Bay teams at the Palace rink last evening, was postponed on account of the softness of the ice. It was a great disappointment to local enthusiasts that the contest was declared off, as all were looking forward to an exciting and interesting match. Perhaps those who felt the postponement of the match most keenly are the players themselves, who anticipated their fun with great pleasure. The contest will be pulled off at Portage Lake as soon as the weather becomes cold enough to put the ice in the best of condition.

CANAL TO BE BUILT.

And Uncle Sam Will Alone Control It, Declares Senator Lodge.

HOSTILITY NOT INTENDED.

Plain Notice Given, However, That Interference by Europe Will Not Be Tolerated.

FACT BUT "AMERICANIZED"

Washington, Dec. 21.—Senator Lodge, who had charge of the Hay-Pauncefote treaty in the senate, today made the following statement: "The senate amendments are very important, but also very simple although there seems to be some misunderstanding with regard to them. The amendments were not dictated by hostility toward England, still less were they a reflection upon the secretary of state, whose patriotism, purity of purpose and accomplishment are fully recognized by all parties in the senate. The amendments were made by the senate solely because they were necessary for the interests of the United States, for the avoidance of any question as to the control of the canal and consequently, for the sake of peace and harmonious relations with the rest of the world on that subject in the future."

THE CHANGES IN DETAIL.

"The first amendment is a simple declaration that the Clayton-Bulwer treaty ceases to exist and is superseded by the Hay-Pauncefote treaty. The object of the latter was to remove the former as an obstacle to the construction of the isthmian canal. The American people desire to be rid of the Clayton-Bulwer treaty; this is a reasonable and proper wish, and to fulfill it is the purpose of the first amendment."

"Under Article II of the Hay-Pauncefote treaty, as it stood, we were clearly bound, if engaged in war, to permit a hostile fleet, if it succeeded in getting inside the three-mile zone, to pass unmolested through the canal. This may or may not be a practical question, and it is of no consequence whether it is or not. It was a solemn promise to permit a hostile fleet to use the canal. That promise we either intended to keep or else we made it knowing that under stress of war we should break it. If we meant to keep it, then it was a promise no nation ought to make. If we knew we should not keep it in time of war, then it was only honest and fair to relieve ourselves of the obligation in the treaty itself. This was the purpose of the second or Davis amendment, which entirely disposes of any such promise and which follows exactly in principle and almost exactly in words Article 19 of the Suez convention which reserved similar rights to Turkey."

"The third amendment strikes out Article III, by which we engaged to invite other nations to adhere to the treaty and thereby become parties to it. Had there been no Clayton-Bulwer treaty we should have negotiated with no one except Costa Rica and Nicaragua as to building the canal. With England, owing to the Clayton-Bulwer treaty, we were obliged to treat; but as we expect Europe to keep out of this hemisphere, it seemed to the senate unwise to invite the European nations to share in an American treaty and thus give them the right to meddle in American affairs."

BRITISH COURSE DUBIOUS.

"Such are the purposes of the three amendments, which in no way derogate from the intention of the United States that this canal shall be a neutral highway for the world's commerce."

"Do you think that England will accept or reject these senate amendments?"

"That is a question upon which I do not think it would be proper for me to express any opinion. It is well recognized."

nized in international law that when the conditions under which a treaty has been made have radically changed and new conditions and new demands have arisen, this fact is ample ground for seeking the abrogation or modification of the original instrument. The American people desire to build, and mean to build, and control the isthmian canal, and they recognize that the Clayton-Bulwer treaty, made fifty years ago, stands in the way. They have no desire to clear it from their path in violent fashion by formally denouncing it, or by passing laws in contravention of its provisions. They wish to remove it by an amicable arrangement in a suitable manner. The Hay-Pauncefote treaty was framed for this object. "The senate is part of the treaty-making power, and the treaties sent to it for ratification are not strictly treaties, but projects for treaties. In the exercise of its undoubted rights, and without the slightest reflection upon any one or without a shadow of hostility to a friendly nation, the senate, continuing the negotiations begun by Mr. Hay, offers these new propositions to England. They ask her to omit the clause inviting other nations to adhere, which does not touch her at all. They ask her to conform to our desires by agreeing in unmistakable language to the supersession of the Clayton-Bulwer treaty by the Hay-Pauncefote treaty, which is the whole purpose of the negotiation. They ask her, finally, to accept in this treaty the reservation of rights in time of war which she granted to Turkey in the Suez convention and of which, as the present possessor of Egypt, she is now herself the beneficiary."

ESSENTIAL TO OUR INTERESTS.

"These propositions are all essential to American interests and are fair, reasonable, friendly and in no possible sense offensive. England's interest in having the canal built is second only to that of the United States, for she alone has, like the United States, large possessions in North America and on both the Atlantic and Pacific coast. We agree that all vessels of commerce and of war shall pass through the canal on the same terms as our own, and in war between other powers we agree to preserve the neutrality of the canal toward all belligerents."

"In defence to the wishes of Nicaragua and Costa Rica in regard to this treaty and not any we hereafter make with them, we relinquish the right to erect permanent fortifications and, although there is no need of such fortifications, the right to erect them is an important right and its relinquishment goes to the last verge of concession."

"The vast expense of the canal is ours, the maintenance and defense of it are ours, and if the American people will not ever permit a canal there which they do not control because of the defense of the United States overrides every other consideration."

"In building and maintaining the canal we assume a great burden by which the whole world will benefit, and if we bear our burden alone, control must be ours also."

VIRTUALLY AN ULTIMATUM.

"We dispose of the Clayton-Bulwer treaty in the most friendly way possible. We are most averse to any other disposition of it."

"England does not intend to go to war with us to prevent our building the canal, and if it is physically possible to build it we mean, in any event, to do so. Under these circumstances we are very clear that it is as much for England's interest as ours to accept the new propositions in the friendly spirit in which they are offered and thus end the controversy over an out-worn treaty which is the only stumbling block to both nations."

STATE OF THE NATION'S TRADE.

BRADSTREET'S SUMMARY OF THE SITUATION THIS WEEK.

New York, Dec. 21.—Bradstreet's tomorrow will say:

"Seasonable conditions rule in trade at present. Notably cheerful reports come from the western jobbers, who have been called on for reassessing orders and who report collections good. The quietness in wholesale lines is usual at this period, but it is to be noted that specially good advices come from the iron and steel hardware, groceries, fancy goods, toys and confectionery trades, while a distinctly cheerful tone is found in shoes, leather and lumber, although the Eastern shipments of the first named are still considerably smaller than last year. The industrial lines are fairly well employed, and strikes are few and far between. The prices show few changes, most staples being steady and most farm products slightly higher than last week and well above 1899."

"The new business in pig iron is small, but values are steady, which indicates confidence in the future outlook in spite of the reiterated stories of a large cut in the ore prices next season, the probability of which is being denied. Bessemer pig and steel billets are firm, the latter being reported well under control. Finished products are a trifle quieter but much more active than usual at this time of year. Plates are active and hold all the late advances, and hardware is active. In structural material an immense amount of business is being placed. The export trade is quieter. The other metals are steady except tin, which is weak."

"The speculation in the cereals has been narrow, dull and featureless, but the prices have been aided by shorts covering on Argentine crop reports, the advices of the exportable surplus from that country showing only 40,000,000 bushels, and poor grade receipts at the Northwest. The corn receipts are large, but little of it is being contracted, while the export business holds up the price of the cash article."

"Lumber is dull at retail, but firmly held by wholesalers. Eastern shoe manufacturers are well supplied with orders, and leather is firm but hides are dull and easier. "The wheat, including flour, shipments for the week aggregate 4,123,000 bushels, against 2,814,000 in the week a year ago; the corn exports total 5,466,000 bushels, against 3,199,000 a year ago."

PREVENTED A TRAGEDY.

Timely information given Mrs. George Long of New Straitsville, Ohio, prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of Pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and \$1.00 every bottle guaranteed. In sluggish liver, HERBINE, by its beneficial action upon the biliary tracts, renders the bile more fluid, and brings the liver into a sound, healthy condition, thereby banishing the sense of drowsiness, lethargy, and the general feeling of apathy which arise from disorders of the liver. Price 50 cents. The Stafford Drug Co.

THE BEST SALVE IN THE WORLD IS DANER SALVE. It is made from a prescription by a widely known skin specialist and positively is the most healing salve for piles, burns, scalds, ulcers, running sores and all skin diseases. There is nothing so good. The People's Drug Store.

EXTRAORDINARY SALE

HOLIDAY CLOTHING.

Owing to the long continued mild and unseasonable weather we are forced to admit that we find our clothing stock in very bad shape.

Overstocked, that's the whole story in a nut shell. With a big stock of Suits and Overcoats, and but a few days left to dispose of them, we are forced into the last resort. GOODBY TO ALL PROFITS NOW. Any loss will be preferable to carrying such a stock over the summer.

Overcoats and Suits

At Less Than Cost of Manufacture.

OVERCOATS that are Stylish, Nobby and Serviceable. The Acme of Perfection. The product of the skill of the finest tailors in America.

SUITS that are strictly tailor-made. Suits that cannot fail to impress you with their own worthiness. The very late Military Sack is prominent in this collection. No person who is in need of a Suit or Overcoat can afford to miss this opportunity.

A MOST WONDERFUL CURE.

Eminent Physicians Pronounced it Consumption. Dr. C. D. Warner, Coldwater, Mich. Dear Sir—I have received great benefit from your White Wine of Tar Syrup. I had a cough and the doctors gave up all hopes of my recovery and pronounced it consumption; I thought that it was death for me. I tried everything that we could hear of. Finally one of my friends prevailed upon me to use your White Wine of Tar Syrup. I took one and one-half bottles and am cured entirely. Such medicine I can recommend to those who are afflicted as I was.

Very respectfully yours, JOSEPH E. UNDERHILL, Doland, South Dakota. The Stafford Drug Co.

Christmas tree ornaments, at Spencer's, Nester block.

USE BRIGHT'S KIDNEY PILLS. Initiators or those who try to sell substitutes when Bright's Kidney Pills are called for, always say: "Cure are as good as Bright's Kidney Pills" thus virtually admitting that Bright's Kidney Pills are the standard. All druggists are authorized to refund the money if Bright's Kidney Pills fail to cure Rheumatism, Backache, Lumbago or any Kidney disease, and are sold on a positive guarantee. No cure, no pay. Price 25 cents. The Stafford Drug Co.

General Arthur, Junius Brutus Green Seal, Robert Mantell cigars, this month at wholesale prices at Spencer's.

Drop in to Hopper's and prove for yourself if they do not make the best oyster stews in the town.

The person who disturbed the congregation last Sunday by coughing, is requested to call at The People's Drug Store and get a bottle of FOLEY'S HONEY AND TAR. It always gives relief.

Pupils received any time at the Shortland Institute, Room 21, Savings Bank building. (12-18-19)

\$1,000 WORTH OF GOOD.

A. H. Thurness of Wills Creek Coal Co., Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years, passing gravel or stones, with excruciating pain. Other medicines only gave me relief. After taking FOLEY'S KIDNEY CURE the result was surprising. A few doses started the brick dust, like fine stones, etc., and now I have no pain across my kidneys and I feel like a new man. FOLEY'S KIDNEY CURE has done me \$1,000 worth of good." Take no substitute. The People's Drug Store.

Spain, Cuba, Export, General Good, Sandoz, Champion cigars, at wholesale price, at Spencer's.

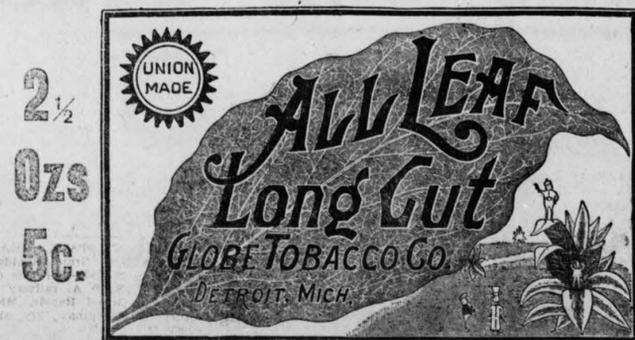

A WHOLE FAMILY.

Rev. L. A. Dunlap, of Mount Vernon, Mo., says: "My children were afflicted with a cough resulting from measles, my wife with a cough that had prevented her from sleeping, more or less, for five years, and your White Wine of Tar Syrup has cured them all." The Stafford Drug company.

The disposition of children largely depends upon health. If they are troubled with worms, they will be irritable, cross, feverish, and perhaps seriously sick. WHITE'S CREAM VERMIFUGE is a worm expeller and tonic to make them healthy and cheerful. Price 25 cents. The Stafford Drug Co.

RHEUMATISM CURED IN A DAY. "Mystic Cure" for Rheumatism and Neuralgia radical cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Sold by Frank Pendill, Druggist, Marquette.

CHICAGO GRAIN MARKET.

Chicago, Dec. 21.-Wheat today was
again dull, keeping within 1/2¢ of
range. The market was rather firm and
more disposed to advance than to re-
cede on the long side. The close was a
shade over yesterday's prices. Moder-
ate Argentine shipments, smaller re-
ceipts in the Northwest, firm cables
and reports of large flour sales at
Minneapolis all tended to impart
strength to the situation. The trade
was about all local. Liverpool spot
was firm, with No. 1 Northern up 1/2
penny; the futures were 1/4 higher. St.
Louis worked 60,000 bushels for ex-
port and the seaboard reported forty-
nine boatloads accepted.

In corn there was only a moderate
trade, at a lower range, the close
showing December off 1/8¢, January 1/2
lower and May 1/4¢ easier. On scattered
selling December broke to 28, re-
covering later to 29 1/2. January de-
clined to 26 1/2 and the premium over
May narrowed to 1/4. Better weather
and the prospect of larger receipts
started selling by local interests and
the market was poorly supported. Spot
at Liverpool was 1/4 penny lower, with
futures down 1/4. The clearings were
large, 783,000 bushels, and the seaboard
reported forty boatloads.

In oats there was a fair trade, but
mainly at one price. There was good
buying by two houses and scattered
selling.

The leading futures ranged:

-May Wheat-			
Opening.	Highest.	Lowest.	Closing.
73	73 1/2 @ 3/4	72 3/4	73 @ 3/4

-May Corn-			
Opening.	Highest.	Lowest.	Closing.
36 1/2 @ 3/4	36 1/2	35 3/4	35 3/4 @ 3/8

The movement of flour and grain was:
Receipts, Shipments.

Flour, barrels	40,000	34,000
Wheat, bushels	132,000	23,000
Corn, bushels	375,000	88,000
Oats, bushels	284,000	58,000

BETTER RAILROAD SERVICE.
Marquette and Ontonagon Counties
Brought Closer Together Than
Ever Before.

The opening of the recently com-
pleted Mineral Range extension by the
D. S. & A. railway on Monday next
from Keweenaw Bay will be a great
event for the towns of Marquette and
Calumet, as it will bring them in close touch
with the growing and progressive
towns of Mass City, Rockland and On-
tonagon.

The train leaving Marquette at 7:30
a. m., Nequamie 7:45 a. m. and Ishpeming
7:55 a. m. will make close con-
nection at Keweenaw Bay (daily except
Sunday) with the day express from
Calumet arriving Mass City 11:47 a. m.,
Rockland 12:15 p. m. and Ontonagon
12:45 p. m. Returning, the train will
leave Ontonagon 1:35 p. m., Rockland
2:05 p. m. and Mass City 2:23 p. m., ar-
riving Keweenaw Bay 4:00 p. m., there
connecting with the train from Calumet
at Ishpeming 4:30 p. m., Nequamie
7:00 p. m. and Marquette 7:35 p. m.

WALL STREET STOCKS.

New York, Dec. 21.-There was no al-
teration in the character of the stock
market today. The trading continued
on a very large scale, and the tone was
strong. Possibly the interest was a
trifle less broad than on some previous
days of the week. The buying showed
a tendency to congestion in certain
stocks, and the specialist strength in
a few stocks was the dominant influ-
ence in sustaining prices.

The London market this morning
showed depression, following yester-
day's rather sharp selling movement
near the close here. The professional
operators therefore fell upon the mar-
ket at the opening, but they made
scarcely more than a momentary im-
pression. Powerful support was forth-
coming at the decline, and before the
end of the day the tide of prices turned
strongly upward again. The existence
of the short interest formed yesterday
afternoon had something to do with
the resiliency, as the bears were very
timid about leaving their accounts op-
en over the holidays. The continued
ease of money favored the carrying
over of loans until Wednesday and the
favorable forecast of the bank state-
ment gave the final fillip to the market,
and it closed animated and strong, the
late profit-taking sales being confident-
ly absorbed.

Northern Pacific sold ex-dividend
and recovered strongly from yester-
day's late reaction, but the top price
was 84, which was short yesterday's
price by half a point. There was a re-
newed advance in St. Paul, and South-
ern Pacific was offered its former
record price to near 45. Sugar had its
period of strength and Brooklyn Trans-
it rallied strongly after early weak-
ness on account of the statement of
earnings for November.

Fred Donckers has arranged to han-
dle the popcorn fritters in Marquette
made by the manufactory at Ishpem-

also has Christmas cigars in boxes of
twelve and larger and the nicest tree
ornaments in town, besides Christmas
candies, fruits and nuts, and don't
forget his line of fine pipes—just the
thing for a gift to your "fellow."

THE NEW BANK.

IT WILL BE ONE OF THE STRONGEST INSTITUTIONS OF THE KIND IN UPPER PENINSULA.

The announcement in Wednesday's Mining Journal, that the preliminary steps had been taken for the organization of a new banking corporation which will engage in business in Ishpeeming, caused general surprise and since then the proposition has been very generally discussed by the people of the city.

It is conceded by all that the new bank will be a winner from the first, as the men identified with it are among the leading business people of the city. In the previous article none of the local men who are to be prominent in the enterprise were mentioned, for certain business reasons, but it is pretty well understood that the bulk of the banking business of the city will go to the new concern.

The stockholders of both banks here are now considering the advisability of selling out to the new corporation. Definite propositions have not been made by either institution to the men who are at the head of the new enterprise, nor have the latter submitted propositions to either bank.

When it is known that A. B. Miner, who has been the central figure in the affairs of the Ishpeeming National bank for many years past, is to be prominent in the management of the new banking house, The Mining Journal is justified in predicting that the new institution will begin business with certain definite advantages in its favor springing from Mr. Miner's connection with it. The promoters of the new enterprise are certainly fortunate in having secured him as one of the business managers.

It is said that the stockholders of the Ishpeeming national bank who are non-residents of Ishpeeming have refused to dispose of any of their stock and that the new corporation is the outcome. It is not generally known that the bank here has not been what might be considered a local concern for some time past. Eighty per cent. of the stock is held by outside parties, while the local men who have desired more stock from time to time have had to content themselves with the remaining twenty per cent. Most of the holders of the local stock are going to take stock in the new institution. The majority of the Ishpeeming National bank stock has been held by C. H. Hall of Evanston, Ill., while his son Ed., Don M. Bacon, C. H. Merryweather and Frank P. Mills have held the remainder of the balance between them. All of these gentlemen were former residents of this city, but in late years they have disposed of nearly all other interests they had here except the bank, which has been paying handsomely.

While the directors of the two local banks are apparently slow in submitting propositions to the new corporation, it is said that the new bank will be launched whether or not a deal is made with either or both of them.

An organization has not yet been perfected, but it is understood that this will be done very soon. An effort has not been made to get a building, but no time will be lost in finding a place if a deal to buy out either of the local banks is not consummated.

Success for the new institution is predicted by everyone and many who have surplus money at their disposal regret that the stock is not offered for sale. It would not have been a difficult matter to place a majority of the capital stock right among the business men of the city had it been offered them.

One of those beautiful vases at Braastad's would make a neat Christmas gift. (12-22-24)

COUNTY MACCABEE REUNION.

IT WILL BE HELD HERE IN JUNE AND LOCAL MEMBERS OF THE ORDER WILL SOON BEGIN PREPARATIONS FOR IT.

Although it is a little early to begin the work of preparing for the county reunion of Maccabees, which will be held in this city about the middle of next June, yet local members of the organization are quietly discussing the event, much talk of it having been heard around town during the past few weeks.

The committees which will have the active work in charge will not be appointed until the latter part of next month. From that time forward every member of the local tents will do his utmost towards helping the work along. Reception committees will be chosen shortly before the convention assembles and will have the work of entertaining the guests in their hands, although every member is expected to constitute himself a committee of one to assist in this work. A delegation from the local tents will wait on the railroad officials and confer about reduced rates, which, if granted, will greatly assist in bringing large crowds to the city. Nothing will be left undone which will help make this reunion the most successful ever held in this county.

The first convention of the county tents was held two years ago at Marquette and was considered a success in every way. Last summer the affair was even more popular and it is now the intention of the local Maccabees to have the coming reunion eclipse the others in size and enjoyment. Many of the out-side tents have been heard from and all have expressed a desire to be represented at the Negaunee session.

The order of Maccabees has a great many members among the people of Marquette county. In fact it is one of the most popular fraternal organizations. It is one of the few secret societies which is composed of male and female members. This is one of its features which tends to enlarge its membership. From reliable authority it was learned that there are between 2,500 and 3,000 men and women enrolled on its list in this county. Marquette has a membership of about 800 while Ishpeming has three camps comprising more than 400 persons. Republic, Champion and Michigan have one tent each and Negaunee has two.

Taking everything together there ought to be about 1,000 Maccabees in the city during the session. Everything will be done to entertain the guests and from present indications the affair will be greatly enjoyed.

Braastad's holiday stock is just twice as large this year as last. No trouble to make a selection. (12-22-0)

LOCAL LACONICS.

Dr. J. S. Hudson will leave today for Chicago, where he will spend the holidays.

A. L. Johnson, the tombstone man from Green Bay was in this city yesterday.

E. C. Anthony has returned from the meeting of the executive committee of the G. A. R. which was held in St. Louis.

R. O. Greening, principal of the high school, left yesterday for St. Joseph, where he will spend the holidays with his parents.

The members of both fire companies are busy these days preparing for their annual spread, which will be given New Years night.

Adolph Salaeve, the Breitung House chef, will leave for Butte, Mont., in a few days. He has secured a position in one of the hotels there. P. M. Divine of Chicago will succeed him at the Breitung.

Henry Anderson had his bronco out for the first time yesterday. The horse was hitched to a sleigh but refused to draw it. Henry was obliged to lead the animal through the streets and it is a question which was persisting the most.

Three men were arrested Thursday for being drunk and disorderly. They were taken into court yesterday. All pleaded guilty and the usual fine was imposed. It has been a long time since the police department had so much work in one day.

Enlaw & O'Meara will open their palace saloon in the Kuhlman block tonight and their friends are invited to drop in and enjoy themselves. An elaborate lunch will be provided. The "Palace" is a finely appointed establishment, the service will be of the best, and it is certain to enjoy a good patronage.

A joint meeting of the local tents of the Maccabees will be held Wednesday, January 2nd. Both the Ladies' Hive and Negaunee Tent No. 751 have appointed committees on arrangements and the preliminary work is all looked after. Installation of officers will be one of the features of the meeting. This will be followed by an entertainment and spread.

TO POSTPONE OLD AGE.

The latest theory is to apply electricity to the base of the brain. The ending of the arteries—the first symptom—is followed by a crumbling away of the brain cells. This process produces the mental characteristics of old age. Not alone does this treatment restore the feelings of youth, but produces the appearance of it. While hundreds of experiments have been presented, there is but one way of prolonging youth, and that is by the preservation of health. For this purpose, and for the cure of constipation, indigestion, dyspepsia, liver and kidney disorders, Hostetter's Stomach Bitters was placed before the public over fifty years ago. Money cannot buy a better remedy. Try it, and you will be convinced.

"BLATZ" NOW IN NEGAUNEE.

"The Palace" is a new place—just opened by M. Enlaw in the Kuhlman block—and will be run on first-class and up-to-date lines. "That this gentleman has spared no pains in planning a thoroughly popular resort is evidenced by the beer he is to handle. It will be that most exquisite of them all—"BLATZ." Blatz beer, as a matter of fact, is the pride of Milwaukee. The taste alone convinces one of its absolute purity. Those who enjoy a delicious beer should step into "The Palace," where "Blatz" is to be handled exclusively, both on draught and in bottles. Mr. Enlaw announces that he will fill family orders. (12-21-1w)

BOY SHOTS HIMSELF.

Willie, the youngest son of William Whitburn, went hunting the other day and while in the woods north of this city met with a very peculiar accident. While climbing over a fallen tree the boy slipped and as he fell his gun went off, the bullet entering his left forearm. Young Whitburn wrapped a handkerchief around the wound and then hurried home. A physician was promptly summoned and the injury was attended to. The wound is painful but not dangerous.

MINE SHUTS DOWN.

The Negaunee mine was shut down for two days this week on account of the axle of a sheave breaking. A new sheave of larger size was procured and placed in position. Work was resumed yesterday. The three day idleness for two days came as a Christmas present to the men, who were thus given time to make their holiday purchases.

A Friend in Need is a Friend Indeed

The Dyspeptic feels friendless—and needs a friend badly. His dyspepsia robs him of his health, disarranges his digestive organs, disorders his stomach, disturbs his head. The consequences are bad—something must intercede to save him.

JOHNSON'S DYSPEPSIA CURE

Is the Dyspeptic's best and strongest friend. It acts quickly, surely, easily. Cures the Dyspepsia, relieves the digestive organs, puts the stomach in order, clears the head. Then the Dyspeptic's well. And he doesn't forget what cured him.

OUR STRONG GUARANTEES

To persons who have once used JOHNSON'S DYSPEPSIA CURE we need guarantee nothing, a trial convinces because it cures, and a cured dyspeptic never asks for further proof of a remedy's efficacy. But to such as have never used our cure, chronic sufferers from dyspepsia who have tried scores of other preparations without relief, and who have perhaps lost hope of ever being rid of indigestion, we extend the following guarantees, backed by the enviable reputation which has been established for our products:

Guarantee 1. That JOHNSON'S DYSPEPSIA CURE is prepared from the best ingredients and compounded so perfectly and carefully that it cannot fail to give satisfaction in every case for which it is intended.

Guarantee 2. JOHNSON'S DYSPEPSIA CURE is not merely for temporary relief, but for permanent cure, and will sustain every claim if used sufficiently and in accordance with instructions which come in each package.

JOHNSON'S DYSPEPSIA CURE is a speedy, permanent and harmless cure for dyspepsia and indigestion.

tion, sour stomach, wind on the stomach, heartburn, nausea, turrettougue, foul taste or breath, pain in the chest, sense of fullness, headache, irregular action of the bowels, gastritis, diminished mental energy and alertness, dejection of spirits and all diseases of the digestive organs. It is put up in tablet form, and is universally recognized by the medical profession as a sure specific for all the variety of stomach troubles which pass under the name of Dyspepsia and Indigestion.

JOHNSON'S DYSPEPSIA CURE can be used with confidence by young and old, the weak and debilitated and those of full habit. Invalids and those recovering from severe sickness will find it invaluable in toning up the system and putting flesh on the body and the bloom of health on the cheeks. Invalids with delicate or little appetite will find that a tablet after each meal will soon stimulate their desire for more food.

The tablets may be taken in any quantity and at any time and the effect is bound to be beneficial. Not being affected by exposure to the atmosphere, they can be carried in the vest pocket, convenient for use when needed, thus insuring the regularity which is generally found impossible when liquid medicines are taken.

Popular Prices, 10c., 25c., 50c.
Made by THE JOHNSON LABORATORIES, Inc., Philadelphia.

TWO MORE FOR SHOPPING.

Related Purchases Must Fasten Around to the Stores Today and Monday.

Weather Seems to Promise a "Green" Christmas, as the Little Snow that Remains on the Ground is Disappearing Rapidly.

Only two more days remain for Christmas shopping. Two days in which to decide what this one and that one wants and in which to scurry around among the various stores and find it.

It seems from an inspection of the most popular business houses that a more careful, intelligent preparation for the holiday trade has never been made in Marquette than this year.

The merchants rather anticipated an unusually good trade, in preparation for which they laid in large assortments of the goods which they believed would be in greatest demand.

The city is now very lively after supper. The stores are remaining open until the last shoppers have been sent rejolcing on their ways.

THE JOHN HANCOCK MUTUAL Life wants a manager for the upper peninsula; a rare opportunity for an ambitious producer of business.

Have you a cold? A dose of BALLARD'S HOREHOUND SYRUP at bed-time will remove it.

TAMARACK JUMPED.

Coppers were strong again yesterday, the general tone of the market being excellent. A bound in Tamarack, a logical sequence of the tapping of the conglomerate, was the feature of the market.

The best goods, new and fresh, at Spencer's. Fancy bulk oysters for Christmas at Cameron's Creamery.

Heppner carries a complete line of holiday candies and cakes. BUSY ALL THE TIME.

The attention of Christmas shoppers is called to the immense stock of holiday goods carried this year by the long established firm of Hager Bros. Co. Limited.

An unusually fine collection of pictures is displayed this year. It has been admired by scores of people. All who have not inspected it should do so at once.

Three ornaments of all kinds at Cameron's Creamery. If you don't find what you want at other stores, go to Spencer's store, Nester block.

Nelly-If you'll follow the directions faithfully, I'll wager my sweetest smile you'll gain 16 pounds by taking three packages of Rocky Mountain Tea.

AT THE CHURCHES.

St. Margaret's Mission (Episcopal), South Marquette. Sunday school at 2 p. m.

Methodist-Morning subject, "The Sacred Scriptures." Evening subject, "A Christmas Sermon."

Presbyterian-The regular services will be held in the basement Sunday for the last time as the main auditorium will be occupied by the succeeding Sunday.

Baptist-Rev. H. E. Pungton, pastor -Morning subject, "The Religious Message of the Nineteenth Century to the Twentieth Century."

St. Paul's Cathedral-Fourth Sunday in Advent-The services will be Holy Eucharist at 7:30 a. m. Morning prayer and sermon at 10:30 o'clock.

Useful presents, at Spencer's Nester block. Fresh mixed candy 7 cents and upwards at Cameron's Creamery.

This is the season when one appreciates a well-made cup of coffee, such as can be found at Heppner's.

CITY BREVITIES.

Arvid Johansson registered at the Marquette from Sweden yesterday.

Born, yesterday, to Mr. and Mrs. Charles Perry of 414 West Michigan street, a son.

The funeral of William Bodo will be held this morning at 9 o'clock from St. Peter's cathedral.

Cameron's creamery will be kept open Sunday for the accommodation of Christmas shoppers.

Miss Flora L. Mowbray, who has charge of the kindergarten department of the Normal training school, has departed for Chicago, where she will spend the Christmas holidays.

Robert Dugher left for Scranton, Pa., yesterday to spend the holidays with his parents. He will resume his college studies beginning with the new year.

The school closed for a two weeks vacation yesterday afternoon. There were appropriate exercises in many of the rooms. Some of these were well attended by the parents.

Skates, drums, toys, at Spencer's, Nester block.

to spend the holidays. Miss Irene Johnson will spend the vacation, visiting with Miss Chamberlain, in Chicago.

Following the usual custom, there will be no publication of The Mining Journal Christmas morning.

One of the patients at the pest house, who must have been suffering from a spell of forgetfulness or something else, made a break into the open on Thursday night.

The chandeliers and electrical fittings for the Swedish Lutheran church were received yesterday. They will be placed in the new edifice on Ridge street at once, in preparation for the holiday services.

J. L. Henke will sell a choice lot of horses at public auction at the Summit House stable this afternoon at 1:30 o'clock.

The assine conduct of Marshal Farm of Ishpeming, who was entrusted with the care of the small pox patient who was brought to the pest house here Wednesday, was the subject of much severe comment in the city yesterday.
