KITCHENER SENDS 20,000

Strong British Reinforce-
ments Arrive in Cape
Colony.

MEANS TROUBLE FOR BOERS

On Other Hand, Dewet Returns to
the North, Joining Transvaalers
Preparatory to a Big Attack.

NEWS OF FRESH RAIDING.

London, Thursday, Jan. 17.—4:30 a. m.
—The Daily Telegraph's correspondent
at Cape Town cables:

The few recent successes of
the Boers are annoying.
Twenty thousand reinforce-
ments have arrived. They are
welcome in Cape Colony, where
the Dutch decline to rise. The
raiders are sixty miles north
of town and are being pressed
by our troops.

This presumably means that Lord
Kitchener has sent twenty thousand
men into Cape Colony.

REPORTED COUP BY DEWET.
London, Thursday, Jan. 17.—The im-
portant report is received from Johan-
nesburg that General Dewet has
crossed the Vaal river and joined
forces with the Transvaal commandos,
which, if true, probably means the con-
centration of some seven thousand
Boers, with several guns, for another
big attack.

There is a rumor current at Cape
Town that several of the Boer leaders
are urging an attack upon the mines.
It has been long understood that Dewet
has been anxious to join the invaders
in Cape Colony, and this rumor
may be spread to cover an attempt to
break southward.

As an outcome of the fact that the
Boers, in several instances, have worn
khaki uniforms, a government notice
has been promulgated at Pretoria pro-
hibiting civilians wearing khaki and
notifying all persons who wear this
costume, which is likely to be mistaken
for the British, that they render
themselves liable to arrest and im-
prisonment.

MANY VOLUNTEERS ENROLLING.
The response to the government's call
for volunteers is said to be brisk in
both London and Cape Town. The
defensive measures in South Africa
proceed apace. Seven thousand men
have joined the duty guard at Cape
Town and 3,000 others have volunteered
in the suburbs. An additional big gun
has been mounted on Table mountain.

A small Boer commando entered
Sutherland, Cape Colony, cut the tele-
graph wires and looted the stores and
then proceeded northward, while ac-
cording to the Cape Town correspond-
ent of The Daily Mail Boers occupied
Aberdeen, forty miles south of Graaf
Reinet, on Tuesday.

A unique feature of Lord Kitchener's
fighting scouts is the sending of
three hundred Matabele camp follow-
ers for riding and leading spare horses.
This is likely to renew the close agita-
tion.

MINE OWNERS CALLED TO AID.

Johannesburg, Jan. 15, via Cape
Town, Jan. 16.—The Rand mine owners
have been notified officially that they
must furnish guards to the number of
1,500, who must join the Rand Rifles.
Each company must pay its own men,
at the rate of five shillings a day, and
also furnish them with rations. It is
stated that the adoption of this scheme
by Lord Kitchener should not be re-
garded in the light of an invitation to
commercial or other circles to formu-
late town guard schemes.

BLOODY KENTUCKY RIOT.

SEVERAL PERSONS DEAD AND
OTHERS HURT AT CORBIN.

Corbin, Ky., Jan. 16.—A riot is in
progress here tonight as a result of the
shooting this afternoon of James Shot-
well by Rollie White. Several persons
have been killed and injured, and
Shotwell is not expected to recover.
White had been paying attention to
Shotwell's daughter against the will of
the latter.

White was arrested and placed in his
brother's grocery store, where a guard
was placed over him awaiting the ar-
rival of the sheriff. Shortly afterwards
an explosion occurred under the gro-
cery, tearing the building to pieces.
There were about a dozen persons in
the building at the time. Several es-
caped with slight injuries and several
remain in the debris dead. Immediately
after the explosion there was a
rapid firing in the neighborhood by un-
known persons concealed in the dark-
ness. After the shooting Susan Cox
was found dead, having been struck
by a stray ball.

Chitzy is afraid to visit the rioting
district tonight, and the number
killed cannot be ascertained until
morning.

COSTLY MEMPHIS FIRE.
Memphis, Jan. 16.—The department
store of Hunt & Co. burned tonight.
The loss is \$100,000, insured.

ALVORD GOES TO SING SING.

12-YEAR SENTENCE GIVEN THE
DEFAULTING NOTE TELLER.

New York, Jan. 16.—Cornelius L. Al-
vord, Jr., the defaulting note teller of
the First National bank, was today
sentenced to thirteen years' imprison-
ment. The amount of his default was
\$690,000.

The judge said he must take into
consideration that banks were trusted
by the public and the prisoner at the
bar had betrayed that trust. He then
sentenced him to eight years at Sing
Sing under the count of the indictment
which charged him with making false
entries in the books of the bank and to
five years under the count which
charged him with falsifying the clearing
house sheet. The five years' sen-
tence is to begin at the expiration of
eight years.

The maximum penalty for the offense
to which Alvord pleaded guilty is ten
years' imprisonment on each count, or
twenty years in all.

Alvord was taken to Sing Sing at
once. He will serve eight years and
three months if he behaves, as he will
be allowed four years and nine months
for good conduct.

ROBBED BY FORGED CHECKS.

IDENTITY OF DEFAULTING NEW
YORK CLERK DIVULGED—ENGLI-
SH POLICE AWAIT HIM.

New York, Jan. 16.—The police an-
nounced today that the man to be ar-
rested at Liverpool on the charge of
embezzlement is Sigmund Hertz, who
was employed as confidential clerk by
Sichel, Sachs & Co., wholesale dry
goods dealers. He is accused of rob-
bing his employers of a large sum of
money by means of forged checks. He
took passage on the steamer Corinthian
under an assumed name on Jan. 7 at
Portland, Me. The English detectives
have been furnished with a complete
description of Hertz and have been re-
quested to arrest and hold him until
requisition papers are obtained.

The amount stolen has been variously
estimated at fifty to two hundred
thousand dollars, but Assistant Dis-
trict Attorney Gans said today he
hardly thought the amount would reach
the first figure. Three warrants have
been taken out for Hertz on three spe-
cific charges of forgery in the second
degree.

BANK TELLER MASON A THIEF.

ANOTHER NEW YORK EMPLOYEE
GOES WRONG—IS JAILED FOR
STEALING TWELVE THOUSAND.

New York, Jan. 16.—J. Prevost Mas-
on, third teller of the Continental Na-
tional bank, is in jail on the specific
charge of stealing \$3,000 by means of
false entries. His peculations will
foot up \$10,000 according to the Fide-
lity & Casualty company, which is on
Mason's bond.

Mason was arraigned before the
United States commissioner. He
pleaded not guilty and asked for an
examination. The commissioner fixed
his bail at \$10,000. Mason said he
thought his mother-in-law would fur-
nish bail. Mason says he spent the
money he took for household expenses.

WANTS LYNCHERS PUNISHED.

KANSAS LEGISLATURE ADOPTS
A VIGOROUS RESOLUTION.

Topeka, Kas., Jan. 16.—A joint res-
olution was passed by the Kansas leg-
islature today deploring and condemn-
ing the burning at the stake of Fred
Alexander by the mob at Leavenworth
yesterday. The resolution favors a
most rigid investigation of all the cir-
cumstances attending the lynching and
demands that the perpetrators be
punished to the full extent of the law.

CHARRED REMAINS BURIED.

Leavenworth, Jan. 16.—The remains
of Fred Alexander, the negro who was
burned at the stake yesterday, were
interred today in Potter's field.

MYSTERIOUS GO'HAM CRIME.

HEBREW JEWELER FOUND WITH
THROAT CUT EAR TO EAR.

New York, Jan. 16.—The body of a
man with his throat cut from ear to
ear and showing other marks of vio-
lence was found in a trunk on Pier No.
11, East river, today. It was identified
two hours later by a woman as the
body of Michael Weissberger, an East
side Hebrew, who was employed by a
jewelry firm to sell jewelry on the in-
stallation plan. The name of the woman
who identified the body and the ad-
dress at which the victim of the murder
resided, the police refuse to dis-
close. They declare the motive for the
crime was robbery and intimate that
at least two men were concerned in the
murder.

TRAIN WRECKER LYNCHED.

HANGING OF FLORIDA NEGRO
FOLLOWS HIS CONFESSION.

Ocala, Fla., Jan. 16.—Norman McK-
Inney, colored, has been lynched for
wrecking the Plant system fast train
near Dunnellon on Sunday night (on
the way to the jail a mob of fifty over-
powered the officers and took the pris-
oner back to the scene of the wreck,
where he confessed. McKinney was
hanged to a tree.

CHOOSSES DEATH TO DISGRACE.

KANSAS CASHIER KILLS HIMSELF
WHEN EXAMINER COMES.

Wathena, Kas., Jan. 16.—J. F. Har-
pster, cashier of the Bank of Wathena,
committed suicide today by shooting
himself in the head. The Kansas state
bank examiner arrived today to ex-
amine the accounts of the bank and
soon afterward Harpster walked into
an undertaking establishment and fired
the fatal bullet.

CLARK GOES TO SENATE.

Montana Copper King Wins
on First Joint Ballot
at Helena.

DEADLOCK IN NEBRASKA.

Republican Vote Is Divided Among Sev-
eral Candidates and Talk of Deal
With Fusionists Is Heard.

MANY NEW SOLONS NAMED

Helena, Mont., Jan. 16.—W. A. Clark
was this afternoon elected United
States senator to succeed Thomas M.
Carter. Mr. Clark in joint session re-
ceived fifty-seven out of the ninety-
three votes cast on the first ballot and
was declared elected. No one was
elected for the short term.

MIX-UP IN NEBRASKA.

Lincoln, Neb., Jan. 16.—The two
houses of the legislature met in joint
session today and balloted for senator
with the following result:

—Fusionists—
W. H. Thompson 58
W. V. Allen 26
—Republicans—
D. E. Thompson 32
Geo. D. Meiklejohn 26
F. M. Currie 20
E. H. Hinshaw 18
E. Rosewater 14
L. Cronin 10
E. J. Hainer 5

The balance of the vote was scatter-
ing. Great surprise has been occasioned
by the result of the voting, all previous
calculations having been set to
naught, and the strength of the fusion
candidates indicates how easily suc-
cessful would be a combination be-
tween one of them and one of the lead-
ing Republicans, and the uncertain
conditions of the vote of the latter
renders such a solution very probable.
The strength of Assistant Secretary of
War Meiklejohn was also surprising to
the other Republican candidates.

NO CHOICE IN DELAWARE.

Dover, Del., Jan. 16.—The general as-
sembly met in joint session at noon to-
day and voted for two United States
senators, one for the full term begin-
ning March 4 and the other for the
unexpired term of four years. The
vote was practically the same as in
separate session yesterday, the twenty-
nine Republicans again dividing on
both propositions.

QUAY DEMOCRATS EXPELLED.

Harrisburg, Pa., Jan. 16.—A joint
session of the senate and house Demo-
crats was held this afternoon at which
resolutions were adopted expelling
from the party those Democrats who
aided the Quay Republicans in the or-
ganization of the house and Wm. J.
Galvin of Shenandoah, who also voted
for Quay for United States senator.

CHANDLER'S SUCCESSOR.

Concord, N. H., Jan. 16.—Henry E.
Burnham, Republican, was today de-
clared elected United States senator in
the presence of the senate and house of
the legislature. He received 300 votes
to 84 for Charles F. Stone, Democrat,
and 1 for Henry H. Baker, Independ-
ent.

RATIFIED AT LANSING.

Lansing, Mich., Jan. 16.—In joint
convention at noon today, the state leg-
islature verified the vote taken in the
senate and house yesterday and Sen-
ator James McMillan was formally de-
clared elected United States senator.

SIX YEARS MORE FOR HOAR.

Boston, Jan. 16.—The reelection of
George F. Hoar as senator from Mas-
sachusetts for six years beginning
March 4, 1901, was formally verified
and announced at the joint session of
both branches of the general court
today.

FRYE'S VICTORY CONFIRMED.

Augusta, Me., Jan. 16.—The senate
and house of the Maine legislature, in
joint convention, today confirmed and
announced the reelection of Wm. P.
Frye to the United States senate.

ALSCHULER THEIR CHOICE.

Springfield, Ills., Jan. 16.—The Dem-
ocratic members of the legislature in
caucus today unanimously nominated
Samuel Alschuler as United States sen-
ator.

CARMACK WINS IN TENNESSEE.

Nashville, Tenn., Jan. 15.—The leg-
islature in joint session today elected
E. W. Carmack United States senator
and Reave Folk state treasurer.

DUBOIS AWARDED THE TOGA.

Boise, Idaho, Jan. 16.—The legisla-
ture in joint session today declared
Fred T. Dubois elected to the United
States senate.

TILLMAN IS RETURNED.

Columbia, S. C., Jan. 16.—The gen-
eral assembly today unanimously re-
elected United States Senator Tillman
to succeed himself.

MILLIONAIRE'S SON WEDS.

San Francisco, Jan. 16.—Lieutenant
Martin LaLor Crimmons, Sixth infan-
try, and Miss Margaret Cole of this
city were married today. Crimmons is
a son of John D. Crimmons, millionaire
of New York.

TOM JOHNSON INVESTS.

IS THE PURCHASER OF AN UN-
DERGROUND ROAD IN LONDON.

London, Jan. 16.—It is understood
here that "Tom" Johnson, the Ameri-
can street railroad capitalist, has
bought the Baker Street & Waterloo
Underground railroad from the London
& Globe Finance corporation, limited.

GOLD GOING TO EUROPE.

\$1,000,000 ENGAGED AT NEW YORK
FOR EXPORT TO PARIS.

New York, Jan. 16.—Heidelberg,
Ickelheimer & Co. announce that they
will ship a million in gold to Paris to-
morrow. Goldman, Sachs & Co. will
also ship to France tomorrow gold to
the amount of \$640,000. Thus the day's
shipments will be \$1,640,000.

TO PENITENTIARY FOR LIFE.

IOWA WOMAN WHO KILLED HER
HUSBAND IS SENTENCED.

Sigourney, Ia., Jan. 16.—Judgment
was pronounced on Sarah Kuhn, con-
victed of the murder of her husband,
Charles Kuhn, here today, the woman
being condemned to spend the remain-
der of her natural life in the peniten-
tiary at Anamosa. She pleaded not
guilty. The case will be appealed.
Judge Clement overruled a motion for
a new trial in this court.

AMERICAN GUNBOAT SENT.

UNITED STATES INTERESTS IN
VENEZUELA TO BE PROTECTED

Washington, Jan. 16.—At the request
of the state department, the navy de-
partment has instructed the command-
er of the Scorpion to proceed immedi-
ately from La Guaira to Guanaco, Vene-
zuela, to protect American interests
upon reports that the revolutionary
movement there is increasing and an
attempt is making to take possession
of the works of the New York & Ber-
mudez Asphalt company.

SOCIAL DEMOCRATS IN ROW.

LIVELY TIME SLATED FOR TO-
DAY'S CHICAGO CONVENTION.

Chicago, Jan. 16.—The certainty of a
warm discussion and the possibility of
a party schism is the forecast for to-
morrow's session of the Social Demo-
cratic national convention. The differ-
ences have developed in the committee
on organization. The expectation had
been that this body would be able to
report to the convention today, but the
discordant elements refused to har-
monize and the delegates on season-
able probably will take up the ques-
tion of the party's future with two
texts—a majority and a minority re-
port.

FILIPINO PRISONERS SAIL.

THIRTY LEADERS ARE DEPORT-
ED TO THE ISLAND OF GUAM.

Manila, Jan. 16.—Thirty of the Fili-
pino leaders who were ordered to be
deported to the island of Guam sailed
today. The prisoners are in charge of
Major Orwig. Their families and
friends accompanied them to the Lu-
neta wharf, where they bade them a
sad farewell. The prisoners, however,
were unmoved. Two priests, who were
included in the original order of
deportation, have by General MacAr-
thur's orders been kept here in con-
finement. The deported Filipinos are
passengers on board the transport
Rosecrans.

FREE TRADE ESTABLISHED.

The Philippine commission today
passed acts giving in domestic prod-
ucts, the Jolo archipelago free trade
with all Philippine ports, and provid-
ing for the issuance of licenses to mas-
ters and mates of seagoing vessels.
Governor Whitmarsh, of the province
of Benguet, reports that several towns
in the province have held elections and
organized local governments.

MADE THE CADETS WINCE.

GENERAL DICK'S CROSS-EXAM-
INATION AT WEST POINT
IS UNUSUALLY SEVERE.

West Point, N. Y., Jan. 16.—The con-
gressional committee today had a good
day's work at the West Point academy
today. While they relaxed for a few
hours in the afternoon to witness a
drill by the first class cadets in the
riding school, they got down to the
bottom of the hazing practiced at the
academy during the last four years.
While at least a dozen other witnesses
are yet to be examined the committee
laid out its work for finishing the in-
quiry before the end of the week.
Three witnesses were examined dur-
ing the day. They were Cadets Ma-
haffey, Duckery and Pegrum. All
three were thoroughly examined by
Congressmen Wanger, Driggs, Smith
and Clayton. Not a point was missed
by these gentlemen, but what the wit-
nesses received at the hands of these
investigators was as nothing to their
experience in the hands of the chair-
man, General Dick of Ohio. The gen-
eral questioned them in a quiet, sus-
tained manner and led them on by easy stages
to the point he desired. Then like a
bolt from a clear sky, he would let
loose torrents of scathing sarcasm,
every word of which cut deeply and
made each of the witnesses shiver. All
three of them left the stand in breath-
less condition and in a worse state of
mind and body than if they had just
been compelled to go through the en-
tire curriculum of hazing which, ac-
cording to the evidence adduced, this
investigation, consists of half a hun-
dred different forms.

DEFEATS PERRY QUEENAN.

Appleton, Wis., Jan. 16.—Martin Duf-
fy of Chicago defeated Perry Queenan
of Milwaukee in eight rounds here to-
night.

DO YOU FEEL LIKE THIS?

Pen Picture for Women. I am so nervous, there is not a well inch in my whole body. I am so weak at my stomach and have indigestion...

Mrs. John Williams. I am so nervous, there is not a well inch in my whole body. I am so weak at my stomach and have indigestion...

DAILY MINING JOURNAL.

A Morning Paper Published by the Mining Journal Co. (Limited). Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to Upper Peninsula interests.

Subscription Rates: Per month, by carrier, \$1.00. Per year, by mail, \$10.00.

Marquette, Mich., Jan. 17.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

This time Quay made no mistake. He secured the election of stayers and goes back to the senate with a title as good as an election by a Pennsylvania legislature can make it.

Representative Gordon of this district has given notice of a bill having in view the regulation of rates for telegraphic companies operating in Michigan. He thinks that a charge not to exceed 25 cents for a message of ten words, with one cent additional for each additional word, would be ample compensation for the service, and most patrons of the telegraph companies will agree with him.

It is immensely to the credit of the Republicans of Massachusetts that no opposition to the return of the venerable Senator Hoar developed in the party in spite of the attitude he took and has maintained in antagonism to the policy the administration has pursued in the Philippines.

The Lansing correspondent of the Detroit News gives Mr. Newett, who is wintering at the state capital, this pleasant mention in a communication to his paper under date of the 14th inst.

George A. Newett, the Ishpeming man who is making desperate efforts to secure appointment as tax commissioner, despite strong opposition in the northern peninsula, continues to camp on the governor's trail. He has been in Lansing over two weeks now, and evidently intends to stay until the matter is settled.

Alluding to the charge that the Boer general, De Wet, treated peace commissioners sent to him brutally, the Detroit Free Press says: The charges made against Gen. De Wet by Lord Kitchener are yet to be sustained by anything more definite than a bald assertion.

It is learned that Mr. Newett claims to have found a portion of the editions which he printed of his last two reports in his own office, and that he printed and issued the full one thousand copies of the report each year. It is very singular that if he could bind part of the books in his own office he should have contracted to have a portion of them bound in a bindery located in another city.

PRUNING IS NEEDED.

The Muskegon News takes the ground that if the legislature now in session wishes to earn the gratitude of the people of Michigan and make a name for itself that will endure it can do this by lopping off a lot of useless state offices and making provision for a sweeping reduction in the force of state employees who are loafing about the capitol building year in and year out.

Of this there is no doubt. Michigan is governed altogether too much in the sense of having a needlessly large army employed doing the governing. There are state boards which could be either consolidated or entirely dispensed with, and every one of these is a voracious tax eater. In the departments the forces are away beyond what is required to transact the business.

These despatches also add that the impression is general in Pittsburgh that the tube plant is a "bluff" in spite of the assertions to the contrary by officials of the Carnegie company, one purpose of the bluff being to induce the National Tube company to buy more of the company's products. If it is not a bluff according to these same despatches opinion is in Pittsburgh that the two rivals will reach an agreement on a market for pipe that is large enough to satisfy the policy of the Carnegie company.

One of these many, pronounced absurd by Mr. Carnegie, is that the Morgan interests are trying to secure a majority of the stock of the Carnegie Steel company, as a preliminary to the liquidation of all the great steel properties in the state.

The day will come when they will do that, and until then they can keep on paying taxes to support a horde of useless idlers in idleness.

George A. Newett, candidate for appointment as member of the state tax commission, today secured from Deputy Secretary of State Pierce a sworn statement that James Russell was appointed state mineral statistician, May 16, 1899, and qualified two days later.

Russell has been claiming that he was appointed April 16, 1899, and that Newett, his predecessor, drew a month's salary that belonged to him.

Mr. Newett has gone to great trouble to disprove a charge that Mr. Russell never lodged against him with Governor Bliss.

The gist of the present commissioner's allegation was that, by making a false representation to the governor, to the effect that he needed until July, 1899, to complete his report, Mr. Newett managed to obtain \$326 of the commissioner's salary for the quarter ending June 30, 1899, this giving him \$2,836.54 for making and getting out his report for one year, and leaving but \$2,163.46 to compensate the present commissioner for getting out the next succeeding report. Newett's representation that he would need until July to get out his report is shown to have been false and misleading by the fact that his report for 1898-99 was not issued until the November following.

If the present commissioner's term of service did not begin until May 18, 1899, Mr. Newett was legally entitled to draw the salary up to that date. But however that may be, the fact stands that he played to get a full quarter's salary in addition to the full year's salary of \$2,500 he had already received from the state for getting out his last report, and succeeded in getting \$326.54 of it.

It was cleverly done. The present commissioner has to get out another report, but he will not be found begging Governor Bliss to let him out into the term of his successor in order to get the full two years' salary for getting out two reports.

It is learned that Mr. Newett claims to have found a portion of the editions which he printed of his last two reports in his own office, and that he printed and issued the full one thousand copies of the report each year. It is very singular that if he could bind part of the books in his own office he should have contracted to have a portion of them bound in a bindery located in another city.

to hold the market in check, with what success remains to be seen. The Muskegon News takes the ground that if the legislature now in session wishes to earn the gratitude of the people of Michigan and make a name for itself that will endure it can do this by lopping off a lot of useless state offices and making provision for a sweeping reduction in the force of state employees who are loafing about the capitol building year in and year out.

Of this there is no doubt. Michigan is governed altogether too much in the sense of having a needlessly large army employed doing the governing. There are state boards which could be either consolidated or entirely dispensed with, and every one of these is a voracious tax eater. In the departments the forces are away beyond what is required to transact the business.

These despatches also add that the impression is general in Pittsburgh that the tube plant is a "bluff" in spite of the assertions to the contrary by officials of the Carnegie company, one purpose of the bluff being to induce the National Tube company to buy more of the company's products. If it is not a bluff according to these same despatches opinion is in Pittsburgh that the two rivals will reach an agreement on a market for pipe that is large enough to satisfy the policy of the Carnegie company.

One of these many, pronounced absurd by Mr. Carnegie, is that the Morgan interests are trying to secure a majority of the stock of the Carnegie Steel company, as a preliminary to the liquidation of all the great steel properties in the state.

The day will come when they will do that, and until then they can keep on paying taxes to support a horde of useless idlers in idleness.

George A. Newett, candidate for appointment as member of the state tax commission, today secured from Deputy Secretary of State Pierce a sworn statement that James Russell was appointed state mineral statistician, May 16, 1899, and qualified two days later.

Russell has been claiming that he was appointed April 16, 1899, and that Newett, his predecessor, drew a month's salary that belonged to him.

Mr. Newett has gone to great trouble to disprove a charge that Mr. Russell never lodged against him with Governor Bliss.

All the information and data collected by the commissioner could be collected as well by the Michigan mining school faculty or students and at a merely nominal expense to the state.

Detroit Free Press: Mr. James Russell is not the first person to recommend that the useless office of commissioner of mineral statistics be abolished; but he is the first commissioner to have sufficient courage to make the recommendation. As Mr. Russell says in his report, when the office was created there existed a necessity for bringing the mineral resources of Michigan to the attention of outside capitalists in a systematic manner; but that necessity has long ceased to exist. Capital has done its work, and today there are a hundred, perhaps a thousand, employees of great corporations in the northern peninsula who know more about the mineral resources of the state than any commissioner of statistics will ever learn.

The reports of the commissioner have been of little value to the state in recent years, and none to persons looking for opportunities to invest money in northern mines. As usual in such cases, private enterprise has done the work of collecting information better than the state ever will of can.

The force of Mr. Russell's recommendation is not weakened by the fact that he did not make it until his term of office had expired. He could not be expected to recommend the abolishing of the office until he had ascertained how useless the office was. Besides, no loyal American could bring himself to advocate so radical a measure while the office was drawing salary. It is of no consequence that Mr. Russell waited until his connection with the state treasury had been severed. His recommendation is not the less commendable on that account, however much it may pain the gentleman whom Col. Bliss has selected to draw \$5,000 from the state treasury for appearing well-informed.

All the statistics the state requires in respect to the production of minerals can be collected at small cost by the secretary of state, and the only question of importance that has come out of the office of commissioner of mineral statistics in years past is to be acted on favorably by the legislature.

Native Copper Times: In believing the office has long ago out-served its usefulness, Mr. Russell agrees with the Times, which year after year advocates the abolishing of the office, and principally for the reason that holders of the office at one time saw fit to make it a boom business in the interest of this or that mine. What is wanted in such a report is not a list of facts and figures, and not lengthy airings of what the commissioner thinks of this or that mine, opinions that are too frequently governed by the interests of the author, and right here the writer wishes to state that such methods cannot be so severely condemned as newspaper writers as well. The laws of Michigan should compel mining corporations, owning and operating mines in Michigan to make an intelligent report annually to all stockholders all things they should know, and from these statements a report embodying the facts should be issued, and promptly, that would be more in the direct interest of the whole mining region than the report or no report of any individual who may be named for commissioner—and it would not cost taxpayers a cent more.

This office, with a number of what the Pinckney creations should go, and what would be the better for it. Let the state law require mine directories to do as the late president Joseph W. Clark, of the Tamarack mine in 1888 believed it to be their duty. Here is what they said in their report to stockholders: "We have told all we have to say, that is, all we think the stockholders care to know. It is a bold innovation on the modern policy where stockholders have no rights which directors are bound to respect. This is a grand mistake, which will in the time be better understood and appreciated here in Boston, for we think the good old orthodox idea will some day come into vogue again, that directors are simply trustees of stockholders, and are in good faith bound to communicate all that it is needful for them to know, so long as it does not conflict nor interfere with pending negotiations."

With such information from the several mines the compiling of a report will be child's play and the cost nominal.

THE APPETITE OF A GOAT.

Is envied by all poor dyspeptics whose stomach and liver are out of order. All such should know that Dr. King's New Life Pills, the wonderful stomach and liver remedy, gives a splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. Only 25c at the Stafford Drug Company.

A WHOLE FAMILY.

Rev. L. A. Dunlap, of Mount Vernon, Mo., says: "My children were afflicted with a cough resulting from measles, my wife with a cough that had prevented her from sleeping, more or less, for five years, and your White Wine of Star Syrup has cured them all." The Stafford Drug Company.

LAGRIFFE CAN BE CURED.

Those who are troubled with Lagraffe or have a troublesome cold will find instant relief and permanent cure in Busen's Pine Tar Cough Honey. Lagraffe sufferers who have tried other remedies with no good results should try Busen's Pine Tar Cough Honey. It never fails to cure, 25 and 50 cents. Stafford Drug Co.

Save doctors' bills by giving Foley's Honey Syrup to infants and children in time to prevent pneumonia or croup, which are fatal to so many thousands of babies. The People's Drug Store.

In pulmonary trouble, the direct action of BALLARD'S HOREHOUND SYRUP is a certain and desirable ability of attracting the attention of capitalists and investors. The lack of knowledge has long since been made good and the chief purpose of the office now is to provide a sinecure for some good friend of the administration.

Copper Country Department

NOT IN THE PENDING BILL.

APPROPRIATION FOR PORTAGE LAKE CANAL IMPROVEMENTS WILL BE CARRIED IN THE SUNDRY CIVIL MEASURE.

There has been considerable speculation in the copper country as to why Portage Lake was seemingly overlooked when the river and harbor bill was passed in congress.

The pending river and harbor bill contains appropriations for the district of Lake Superior in charge of Major Clinton B. Sears to the amount of \$384,000.

The \$380,000 appropriation for Ontario is for the making of a preliminary examination of the harbor there for the purpose of considering the advisability of deepening it to eighteen feet.

At Burlington Bay, Minn., the Duluth & Iron Range road is figuring on building ore docks to cost \$3,000,000.

ONE OF THOSE OLD-TIME BLIZZARDS. STORM KING SWOOPS DOWN ON THE COPPER COUNTRY.

The protracted warm spell that had settled in the copper country was broken yesterday by one of those old-time Lake Superior blizzards.

Portage Lake people are not sorry that the weather has changed for the colder. The present weather was anticipated and furthermore was hailed with delight not only by the merchants but by those who are subject to colds and the gripe.

WERE MARRIED YESTERDAY. MISS WILLIAMS THE BRIDE OF CONDUCTOR M'CALLUM.

Contrary to the statement made in The Mining Journal recently that James McCullum, the popular South Shore conductor, would be married in Marquette to Miss Mayme Williams.

Hornblower & Weeks, the railroad man became a benedict in Houghton yesterday afternoon. The couple were married by the Rev. J. E. Curzon, of the Episcopal church, Houghton, at the home of Hiram Cundy, West Houghton.

ST. JOHN'S HEARING.

The preliminary hearing of Dennis St. John will undoubtedly be heard before Justice Finn at his office in Hancock tomorrow.

MR. MILLER IS MAKING FOR HIM.

HE FOOLED THE SURGEONS.

All doctors told Renick Hamilton, of West Jefferson, O., after suffering 18 months from Rectal Fistula he would die unless a costly operation was performed.

HOCKEY SUPREMACY.

PORTAGE LAKE AND DOLLAR BAY TEAMS WILL SETTLE IT FRIDAY-SPORTING GOSSIP.

The Dollar Bay and the Portage Lake hockey teams will settle the question of superiority next Friday night, when the two teams will line up against each other at either the Palace ice rink, Hancock, or the Dollar Bay rink.

The result of the contest next Friday night will decide the supremacy of one of the teams over the other, inasmuch as a tie game, ending one to one, was played at the Palace ice rink, Hancock, not long ago.

BASEBALL MATCH TONIGHT. Tonight the Houghton Light Infantry (Company G) Athletic association indoor baseball team plays the nine from the Lake Linden Athletic association at the Houghton Armory.

HOPE IT IS THE BALTIC. DRIFTING OPERATIONS STARTED ON THE LODE IN THE NEW NO. 5 SHAFT AT THE ELM RIVER.

At the Elm River, the work of drifting in the shaft being sunk on the amygdaloid found last summer near the eastern boundary of the property has been started.

A BASKET BALL TEAM. A basket ball team will soon be organized at the Hancock Y. M. C. A. The apparatus necessary has been secured and the gymnasium marked off for the game.

FRANKLIN. The Native Copper Times agrees with The Mining Journal that the Franklin's prospects were never better, and in an article descriptive of the work of putting the property on a dividend-paying basis.

CALENDAR A LONG ONE. MUCH WORK AWAITING CIRCUIT COURT, WHICH OPENS MONDAY.

THE JANUARY term of the circuit court will open next Monday. The session promises to be a long one, judging from the calendar, which was just completed yesterday.

LIST OF CIVIL CASES. The following are the civil cases, classified in a legal way.

REPLEVIN-Sparrow Kroll Lumber company vs. Walter G. Van Slyck; and William Brandenburg vs. Joseph Malherve.

GARNISHMENT-Louis Provencher and Dennis Lassard, co-partners, plaintiffs and appellees, vs. A. F. Meckleburg, Lumber company, principal defendant and appellant, and A. T. Laberge, garnishee defendant (appeal); and the Northern Michigan Building & Loan association vs. Theophile Grenier, principal defendant, and Odile Grenier, garnishee defendant.

ASSUMPSIT-Isabel Barnes, plaintiff and appellee, vs. Singer Manufacturing company, defendant and appellant (appeal); Martin B. Kuhn, plaintiff and defendant, vs. William C. Glasson, defendant and appellee (appeal); A. F. Meckleburg Lumber company, plaintiff and appellee, vs. S. A. Gennette, defendant and appellant (appeal); Al-

bert E. Doswell, plaintiff and appellee, vs. Elizabeth Harris, Mary A. Sperry and Martha H. Plevs, defendants and appellants (appeal); Armstrong-Thielman Lumber company, a corporation, plaintiff and appellee, vs. Jerome Bezotte, defendant and appellant (appeal); Robert Osborne, plaintiff and appellee, vs. James S. Swenson, defendant and appellee (appeal); Frank L. Johnson vs. Mat. Lessee, alias Mat. Lucas (appeal); Tobias M. Olson, plaintiff and appellant, vs. Edward M. Lieblein, defendant and appellee, and Bert C. Preston vs. J. A. Paton.

ATTACHMENT-Tort-Nettle Jenkins vs. George Benitz & Sons. Summary Action to Recover Possession (appeal from circuit court)-Herman Luukkonen, plaintiff and appellee, vs. August Luukkonen and Edward Karinen, defendants and appellants.

MICHIGAN MEN INTERESTED

IN A BIG GOLD MINE OUT WEST -WELL-KNOWN CARISSA MINES PURCHASED RECENTLY.

A new mining company was organized in Chicago a short time ago for the purpose of developing the property of the famous Carissa mine, located in Fremont county, Wyoming. This is property which was a large producer in the old days, but Indian depredations rendered it impractical to continue to work it.

DEBATING SOCIETY AGITATED. A meeting of the members of the Y. M. C. A., Hancock, will be held at their headquarters next Tuesday evening for the purpose of considering the advisability of organizing a literary and debating society.

TO CURE A COLD IN ONE DAY. Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure.

CATARRH OF THE HEAD. Is treated successfully by Bunsen's Cream Catarrh. Cures catarrh easily and pleasantly.

HOLE IN THE LUNGS. There are thousands of men and women, as well as ever, with holes in their lungs; consumption stopped.

What did it? Some change in way of life and Scott's emulsion of cod-liver oil.

A hole in the lungs, once healed, is no worse than a tooth-ache or a cold. Take the emulsion and give it a chance to heal the wound.

W. H. Meehan and John Meehan of Hancock, accompanied by their wives, left for Ishpeming yesterday morning, called there by the accidental death

of their brother, Mat Meehan, in Section 16 mine.

COPPER GOSSIP.

The visible supply of copper was yesterday reported at 28,752 tons, a decrease of 198 tons since Jan. 1.

With the \$10 dividend just declared, Boston and Montana will have paid \$22,475,000 to stockholders since its organization. The latest dividend will call for a distribution of \$1,500,000.

The consumption of copper in 1900 promises to establish a fresh record owing to the extraordinary development in the uses of electricity-Morrison, Kelkewitch & Co., metal brokers, London.

Several fine specimens of rock from the Trimountain mine were on exhibition at Paines, Webber & Co.'s Houghton office yesterday. They were admired by all who saw them.

The Wyandott management is clearing away ground about two miles north of the Elm River mine preparatory to sinking a shaft. The Wyandott people are figuring on striking the Baltic lode, which is believed to run through their ground.

It is thought at Boston significant of the times that the Arimex Copper company (Arizona), which was to have been floated two years ago, is now brought out for public subscription.

Paine, Webber & Co., Boston, wired its copper country offices yesterday that: "Coppers are dull, but very strong. Copper Range is the favorite and the feature today, about 1,000 shares being traded in it at 28, and we look for the stock to go much higher.

Owing to a shortage of water at the concentrators, the Anaconda company has been obliged to reduce its ore output, and consequently most of the miners are working only half time.

A director of Butte & Boston is quoted at Boston as follows: "The property is now on a self-sustaining basis. The dividend of \$5 per share was from the earnings of the Butte & Boston office. After paying this dividend the directors laid aside a sufficient sum for the payment of the sinking fund on the bonds and placed an additional \$500,000 in the National City bank.

According to Editor Wilson, of the Native Copper Times, a gentleman, by the way, whose opinion carries weight in copper circles, the showing at the Allouez is ample to justify the management in levying an assessment and proceeding to open up and fully develop not only the conglomerate, but the Osceola amygdaloid as well.

In relation to the report that the Old Dominion has opened a 25-foot vein of sulphide running 13 per cent. copper, the officials of the company say that a showing of black copper sulphides has been found at the thirteenth level, the same as was found at the fourteenth level, but concerning its character or permanency, later developments must determine.

A meeting of the members of the Y. M. C. A., Hancock, will be held at their headquarters next Tuesday evening for the purpose of considering the advisability of organizing a literary and debating society.

TO CURE A COLD IN ONE DAY. Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure.

DEMISE OF WM. BERGHOLZ, A VETERAN OF THE MARCH TO THE SEA AND A NOTED BUILDER OF RAILROADS.

QUICKLY CURES COLDS

Neglected colds always lead to something serious. They run into chronic bronchitis which pulls down your general health; or they end in genuine consumption with all its uncertain results.

Don't wait, but take Ayer's Cherry Pectoral just as soon as you begin to cough.

SLAYERS ON THE STAND.

Defendants in the Jennie Bosscheiter Case Testify in Own Behalf.

STRONGLY DENY CHARGES.

Tell Plausible Stories That Conflict, However, With the Alleged Confessions Related by the Police.

ARGUMENTS BEGIN TODAY.

Paterson, N. J., Jan. 16.—The counsel for the defense in the Jennie Bosscheiter murder trial today practically closed their case.

ROGERS IS AGAIN GOVERNOR.

OLYMPIA, Wash., Jan. 16.—For the second time, John R. Rogers was today inaugurated governor of the state of Washington.

MENTALLY UNBALANCED.

MRS. H. S. HOWELL, WIFE OF NEW YORK APPRAISER, FOUND WANDERING 'FRISCO STREETS.

M'KINLEY NOT YET WELL.

WASHINGTON, Jan. 16.—The cabinet meeting today was the first held since the president's illness and lasted about thirty minutes.

HUGE BALANCE OF TRADE.

WASHINGTON, Jan. 16.—Figures received today from the bureau of statistics show a balance of trade on merchandise favorable to the United States amounting for the month of December alone to \$77,294,957.

WAS SHERMAN'S ENGINEER.

MAY GET LONDON CONTRACT.

SAID THAT AUSTRO-HUNGARIANS HAVE BETTER ELECTRICAL TRACTION SYSTEM THAN THEIR AMERICAN COMPETITORS.

London, Jan. 16.—Austria-Hungary is in a fair way to win the international competition for the electrical equipment of the Metropolitan District underground railway.

The American houses competing for the contract are not disturbed by Sir William's eulogy of European enterprise, and suggest that there are weak points in his argumentative armor.

Another foreign loan. KINGDOM OF SAXONY WOULD LIKE TO PLACE PART OF \$20,000,000 IN THE UNITED STATES.

New York, Jan. 16.—It was announced on Wall street yesterday that the kingdom of Saxony had authorized a loan of \$20,000,000 of our money.

It is the opinion of foreign bankers that the Imperial German government has decided to withhold its own national loan, stated to be for \$20,000,000 marks.

The German press and public apparently offer no objection to accepting American money for the subsidiary loans, while furiously inveighing against the negotiation of any national issue here.

It is doubtful if satisfactory arrangements can be made to finance any considerable portion of the loans here.

The German government, it is understood, has sounded American financiers, through their Berlin correspondents, on the prospect of placing a portion of the contemplated loan here.

Bankers with full knowledge of the subject say that the report that a life insurance company of this city is negotiating for \$1,000,000 of the German loan is not true.

Aside from this, life insurance companies are not, as a rule, direct negotiators for foreign loans.

The experiences of the persons who subscribed to the British exchequer bonds, aside from the institutions which bought for investment, have not been such as to encourage a belief that any considerable portion could be placed here.

The experience of both the British and the German governments in placing loans here have not been to the liking of the treasury officers of either country.

Washington, Jan. 16.—The following is the weather bureau's forecast for Upper Michigan: Occasional snows Thursday; colder in eastern portion; northwesterly winds, brisk to high on the lakes. Friday, probably generally fair.

Upper Peninsula News.

Miss Belle Aiken of Menominee, niece of former Congressman S. M. Stephenson, whose marriage to Joe Willard, the actor, and subsequent divorce two years ago, attracted much attention.

James Rowe, sheriff of Huron county, arrived at Crystal Falls Monday to get W. F. Berney and Mary Teno, the eloping couple from Bad Axe.

The Polish Association of America in convention in Milwaukee has emphatically protested against the recent order of the Roman Catholic seafarers of Marquette, Mich., to the effect that occasional services be held in the English language in all Catholic churches.

This week the D. Clint Prescott Co. will commence work on a 50x70 foot addition to their main shop at Menominee. An addition to the foundry is about completed.

A Menominee nephew of the late George Meier, the recluse who was murdered by thugs at Chicago last September, will be enriched by the division of the estate, which is valued at \$250,000.

CHICAGO GRAIN MARKETS.

Chicago, Jan. 16.—In wheat today there was a fair trade, rather spasmodic, within 1/2c range.

In corn there was only a moderate trade, within 1/2c range, closing 1/4c lower, with January at 36c, February 36c 1/2 and May 35c.

BOSTON COPPER QUOTATIONS.

The closing prices of the Boston copper stocks yesterday, as furnished by Paine, Webber & Co., Marquette, Mich., were as follows:

Table with columns for stock names and prices. Includes Adve, Arc, Ash, All, Arb, Atl, Baltic, B & M, C & H, Cop Rg, Frank, Isle Roy, Mass, May F, Ana, Mich, Old Col.

WALL STREET STOCKS.

New York, Jan. 16.—The excessive confusion of speculative opinion was today shown by wild and frequent fluctuations in prices, often conflicting in different groups of stocks.

An evident effort was made to differentiate the movement in the steel stocks from that of the railroad stocks. The action of the steel group yesterday made it evident that a decline in them was to be faced.

TODAY'S WEATHER.

Washington, Jan. 16.—The following is the weather bureau's forecast for Upper Michigan: Occasional snows Thursday; colder in eastern portion; northwesterly winds, brisk to high on the lakes. Friday, probably generally fair.

ter an opening decline of 1 1/4 it rallied a point; but the selling of the stock was persistent and urgent on account of the disappointment that no action was taken at yesterday's meeting to insure quarterly dividends for the coming year.

In the railroad list, St. Paul was marked up nearly 6 points, precipitating a large volume of forced buying from the bears.

The market generally responded in sympathy, but with a quick relapse of 2 points in St. Paul began to run off again.

Closing prices were as follows, Paine, Webber & Co., Marquette, reporting the figures: Am Zinc, U S Oil, Cent Oil, Bisc. Com, Tin, Com, Oil Pfd., Nat Stl., Pfd., Am Hoop, Stl & W., N & W., N Y Cent, Sugar, C B & Q., Rock Isl, St Paul, B R T., Rubber, C F & I., Am Tob., Cont Tob, O & W., 3rd Ave., *12 Leather, *13 Fed Stl., *14 Pfd., *15 Peo Gas., *16 Atch., *17 Pfd., *18 N P., *19 U P., *20 Mo P., *21 Man., *22 C & O., *23 Pac., *24 Rdg., *25 Big 4., *26 Met., *27 Pac Mail, *28 B & O., *29 Com., *30 C L., *31 C G W., *32 Penna., *33 L & N.

MONEY AND METALS.

New York, Jan. 16.—Money on call today ruled steady, at 2 1/2 to 3 per cent; last loan, 2 1/2. Prime paper, 4 1/2 per cent.

The local metal market today was on the whole a purely nominal one. Speculation was entirely lacking and the general sentiment was of bearish average.

Lake copper continued in the buyers' favor, with a weak undertone prevalent as a result of lower advices from London.

The domestic iron markets were again without important change and largely nominal at \$9.50 to \$10.50 for pig iron warrants.

The closing prices of the Boston copper stocks yesterday, as furnished by Paine, Webber & Co., Marquette, Mich., were as follows:

Table with columns for stock names and prices. Includes Adve, Arc, Ash, All, Arb, Atl, Baltic, B & M, C & H, Cop Rg, Frank, Isle Roy, Mass, May F, Ana, Mich, Old Col.

STRONG AGAIN! Serrine Pills

WHEN IN DOUBT, TRY Serrine Pills. They have stood the test of years, and have cured thousands of cases of Nervous Diseases, such as Debility, Dizziness, Sleeplessness and Varicose Veins, etc. They clear the brain, strengthen the circulation, make digestion perfect, and impart a healthy vigor to the whole being. All drains and losses are checked permanently. Unless patients are properly cured, their condition often worsens them into Insanity, Consumption or Death. Mailed sealed. Price \$1 per box; 6 boxes, with iron-clad guarantee to cure or refund the money, \$5.00. Send for free book. Address: Sold only at People's Drug Store, Marquette.

Ishpeming and Vicinity.

STILL A MYSTERY.

MUCH SPECULATION AS TO HOW MATT MEEHAN MET HIS DEATH AT THE SECTION 16 MINE.

There are many theories advanced regarding the sad fatality at the Section 16 mine Tuesday morning, but none that can throw much light on the occurrence. Meehan was on the day shift and had climbed from the ninth level, where he worked, to the fifth. There he met his partner, Meehan got on the bale of the skip at this level to make the trip to surface. His partner gave the brakeman the signal to rock, but to stop at the lower landing in the shaft house. This the brakeman did, and after a delay of nearly five minutes in the shaft house someone rang the skip down. The skip was loaded and hoisted again and when it was dumped Meehan was found on top of the ore—this proving conclusively that he was in the skip when it was loaded, as the fall from the skip to the railroad car is so slight that his body would not be displaced in dumping.

These are all the facts which have come to light at this writing, but more may be brought out at the inquest, which will be held this morning. What happened to Meehan during the trip up is a mystery. He may have been hit by falling ore in the shaft or may have fainted and dropped into the skip. Pieces of ore and rock are constantly dropping down this shaft, for which reason it is against the rules for anyone to ride in the skips. But those who are familiar with mines are aware that this rule is very frequently broken.

It seems strange that when he dropped he fell straight to the bottom of the skip instead of falling against the sides of the compartment, which is very narrow. That he did not fall against the side is proved by the fact that his body was not mangled in any way.

No blame can be attached to the person who rang the skip down after it had been in the shaft house for five minutes, as miners frequently forget to give the signal after the trip up and the next employee who happens along does this. Neither can any blame be laid on the men who loaded the skip on its next trip down, for the shaft is wet and dark and the danger of falling rock by no means rare, so that the men are not accustomed to looking into it before loading.

There is no way of telling from which level this particular load came, as the miners work on company account and not on contract, and notice is only taken of the grade of ore hoisted. As the different grades come from nearly every level in the mine that method of solving the problem is of no value. The indicator in the engine room tells the level from which the signal comes, but a brakeman has no occasion to notice that, his signal being all that is necessary for his guidance. Mr. Meehan's two brothers, John and Patrick, came down from the copper country yesterday. Mrs. Meehan and her children have the full sympathy of the community in their sad bereavement. Matt was well liked by all who knew him and his death will be keenly felt.

The funeral will be held from St. John's Catholic church tomorrow morning at 9 o'clock. The Catholic Order of Foresters will attend in a body, as will the Ancient Order of Hibernians.

MORE STOCKPILE SPACE.

The Pittsburg & Lake Angeline company is having six dwellings moved from near the new shaft at the old mine to the Salisbury location to make additional room for the ore that will be stocked there during the winter season. Last winter there was barely enough space there in order to increase the output this winter. More ground had to be provided. Charley Johnson has the contract, and he is hustling the work along very well, considering the number of men employed. A portion of his force is at Champion, where some very important work is under way, otherwise Mr. Johnson's entire crew would get the Lake Angeline houses to their new locations in quick order.

GLORIOUS NEWS

Comes from Dr. D. B. Cargile, of Washita, I. T. writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by the Stafford Drug company.

A RATTLING RUNAWAY.

One of J. S. Burke's teams ran away yesterday on Cleveland avenue, badly smashing the sleigh but without injury to the horses. They were left unhitched in front of J. E. Swift's store and taking fright at something started on a wild gallop down Cleveland avenue. At Swanson & Warnberg's store the sleigh collided with a telephone pole.

and was damaged to the extent of \$50. The team returned to the barn by way of the old Cleveland office, unharmed by their mad dash.

SMALL-POX IN ISHPEMING.

There is only one case of small-pox in the city at present and it is hoped that the epidemic is over. Aleck Deschamps, who has been sick two weeks, was about to be released from quarantine when his latest child was taken down with the disease in a mild form. Deschamps resides on High street. M. Robert, an employee of F. W. Read & Co., who has been ill for the past month, was released from quarantine last Sunday and his house thoroughly fumigated.

A CORRECTION.

To The Mining Journal:—The statement in this morning's Mining Journal to the effect that it was agreed to clear all stores after Feb. 1, 1901, at 6:30 o'clock in the evening is entirely wrong, as no such agreement has yet been reached.

The meeting was called to order by Charles Burt, president of the Clerks' union, and a very pleasant discussion followed. It terminated when Mr. Myers presented for the clerk's union a circular agreement and presented it to the merchants of the city for their signature, to the effect that the stores be closed at 6 o'clock on Tuesday and Friday evenings of each week, and at 7:30 on Monday, Wednesday and Thursday evenings, and at 8 on Saturday evening. Mr. Gill offered an amendment to Mr. Myers' motion, that the stores close at 7 o'clock instead of 7:30 on Monday, Wednesday and Thursday evenings of each week. Mr. Braastad then moved that it be made close at 6:30 each evening of the week, except Saturday, and on pay days. The latter motion was carried by a vote of the merchants present and the meeting then adjourned.

The clerks were then called to order and a committee was appointed to draft said agreement and present it to the merchants for their signatures. But there was no agreement signed on Monday night, as there was none presented, and it is still a question what hour the stores will close at.

The above is a true statement of the facts as they transpired.

ISHPEMING, JAN. 16. A CLERK.

EDUCATION IN PORTO RICO.

The expense of maintaining schools in Porto Rico is very high. If we consider the amount spent for the small number of pupils enrolled, but as that country is gradually brought in closer touch with our own, their system will evidently be changed, until it reaches our present state of perfection. In this country the people are being educated to the fact that there is a sure cure for dyspepsia, indigestion, constipation, liver and kidney troubles, and that medicine is Hostetter's Stomach Bitters. It should be taken at the very first symptom, if you would avoid unnecessary suffering. It will give prompt relief and an eventual cure, as hundreds of people, including physicians, have testified during the past fifty years.

ISHPEMING IN BRIEF.

Eugene Murphy of Hancock is in town. Marshal Farm was appointed a deputy sheriff last week. R. P. Bronson left on a business trip to Duluth Tuesday night. Wm. Sedgewick did business in Marquette yesterday afternoon. W. J. Drake of Escanaba was an Ishpeming visitor yesterday. H. J. Wessinger of the Republic Iron and Steel company is in the city. The Lake Superior Iron company will pay its employees next Saturday. John E. Fitzgerald, representing the Edward P. Allis company of Milwaukee, was in town yesterday. Friday and Saturday will be pay days at the mines of the Cleveland-Cliffs company in Ishpeming. Gust Baruch was up from Marquette yesterday. He has had some horses on sale there during the past few days. A case of "jag" was up before Justice Kennedy yesterday morning. A fine was imposed which he cheerfully paid. C. T. Fairbairn left for Kalamazoo Tuesday evening to attend a joint meeting of the various asylum boards of the state. Trombley's orchestra will play at the party which Mr. and Mrs. Gaynor tender their dancing class Saturday evening in Anderson's Hall. Walter Stesen-Renter, representing Brenk Bros., the Detroit tailors, who has been in town for the past few days, left yesterday for the copper country. Olof Holmoe, who formerly worked for Larson Bros. in this city, but has recently resided in Ironwood, has returned and will play the cornet in Trombley's orchestra.

The funeral of John Linton, who was killed by a fall of ore in Section 21 mine Monday, was held from the National church yesterday afternoon. It was in charge of Ahmeek lodge No. 150, I. O. O. F. Rev. W. Bigford officiated. The Maccabees attended in a

body. Interment was in the Ishpeming cemetery.

A marriage license was issued to Joseph Sittay and Mary Jax, of the Detroit location, yesterday. The couple will be married at the home of the bride's parents in that location next Monday evening.

E. F. Murray expects the new front for his building on next Saturday. Work will be started without delay on the building, which was badly damaged by fire a few days ago, as soon as the front arrives.

Members of the A. O. H. and Catholic Foresters' societies here are requested to meet at their hall tomorrow morning in time to form in line for escorting the body of the late brother, Matt Meehan, from the family residence to the church. The funeral party will leave the house at 8:45 o'clock.

The general office of the Marquette County Telephone company has been moved from the Ishpeming National bank to the electric light office on Canada street, where anyone having business with the company is invited to call. Heretofore this office has been closed during certain hours of the day but now there is a clerk in attendance all the time.

On next Saturday evening Mr. and Mrs. Gaynor will tender their pupils a party in Anderson's Hall. The scholars will dance for two hours, commencing at 7:15. Many new dances will be shown at this time. General dancing will follow until 11:45. There will be a charge of 50 cents for each person except the scholars. Trombley's orchestra will furnish the music and those who are fortunate enough to have received invitations will do well to go.

A runaway livery team caused some excitement on Cleveland avenue yesterday afternoon. Dr. N. D. Keen, of the Winthrop, was driving along the street and he had to get his horse on a sudden jump to get out of the way of the dashing steeds. At the corner of Third street, directly opposite the Swedish Methodist church, the horses took opposite sides of a telephone pole and that ended their flight. The cutter and harness were smashed, but the horses were only slightly injured.

Ladies' tailor-made garments of all kinds turned out by J. H. Mortley. The ladies are invited to call. (1-4-tf)

J. A. Voelker has a fine store room for rent at 195 Main street. (1-2-tf)

J. H. Mortley is now prepared to turn out ladies' tailor-made garments in the latest styles and on short notice. (1-4-tf)

You will never get the small-pox if you drink pure white malt whisky; for sale by P. H. Donahoe. (1-3-tf)

The ladies of the county can now get their tailor-made garments at J. H. Mortley's. An expert is in charge of the new department. (1-4-tf)

NOTICE.

Notice is hereby given that there will be a special meeting of Division No. 1, Ancient Order of Hibernians, at the convent hall, Wednesday evening, Jan. 16, 1901, at 7:30 o'clock, standard time, to make arrangements for attending the funeral of our deceased brother, Matt Meehan. PETER FITZPATRICK, President. T. G. GLEASON, Secretary.

DISSOLVED PARTNERSHIP.

Notice is hereby given that the partnership heretofore existing between William J. Walters and Albin Eman, under the firm name of Eman & Walters, has been dissolved by mutual consent. Mr. Walters taking the business and Mr. Eman retiring. The outstanding accounts have been divided and will be collected by both members of the late firm. ALBIN EMAN, WM. J. WALTERS. (1-15-1w)

HAVE YOU KIDNEY TROUBLE?

Weak and unhealthy kidneys are responsible for many kinds of diseases and if permitted to continue much suffering with fatal results is sure to follow. In taking DeBell's Kidney Pills you afford natural help to nature for DeBell's Kidney Pills are the most perfect healers and gentle aid to the kidneys that are known to medical science. BETTER RAILROAD SERVICE.

Marquette and Ontonagon Counties Brought Closer Together Than Ever Before.

The opening of the recently completed Mineral Range extension by the D. S. & A. railway on Monday next from Keweenaw Bay will be a great event for the towns of Marquette county, as it will bring them in close touch with the growing and progressive towns of Mass City, Rockland and Ontonagon.

The train leaving Marquette at 7:00 a. m., Negaunee 7:45 a. m. and Ishpeming 7:55 a. m. will make close connection at Keweenaw Bay (daily except Sunday) with the day express from Calumet arriving Mass City 11:57 a. m., Rockland 12:15 p. m. and Ontonagon 12:45 p. m. Returning, the train will leave Ontonagon 1:35 p. m., Rockland 2:05 p. m. and Mass City 2:23 p. m., arriving Keweenaw Bay 6:00 p. m., there connecting with the train from Calumet due at Ishpeming 6:50 p. m., Negaunee 7:00 p. m. and Marquette 7:35 p. m. (12-20-tf)

SAFE BLOWER'S ROMANCE.

How He Came to Start Out on His Career of Crime.

James R. Dunlap, bank robber, has begun his twenty years' sentence at Joliet prison as a chairmaker. He will be sixty-eight years old if he lives to serve his full term, allowing for deductions for good behavior. He has been in that thirty-three years and has spent at least fifteen years of that time in prison. Dunlap was sentenced for robbing the Wellington (Ill.) bank. They say "love made him a robber." Perhaps it is so. He was born in West Albany, before 1850 he was a brakeman on the Chicago & Alton road. His favorite resort was a saloon, and this, kept by a man who afterward was with him in the Northampton bank robbery. It was at this time that he fell in love with the girl in the case, and was defeated by a rival, a city detective, who aided his own case by having Dunlap arrested and kept in prison that could be trumped up. He became the intimate of "Red" Leary and "Bob" Scott, notorious thieves, both dead now, and of an agent for a safe concern. It was this man who, for the purpose of illegal gain, joined himself secretly to Dunlap bank robber, and assisted in the \$2,000,000 bank robbery in 1876. Scott and Dunlap were convicted, and each received a twenty-year sentence. "Red" Leary was arrested in 1878, but escaped.

In 1881, after a trip to Europe, he was taken again. He then revealed where the stolen securities were, and thus secured his own freedom, while Scott and Dunlap remained in prison. Scott died there in 1888. On his dying bed he made his wife swear to spend her days in securing the freedom of Dunlap, and she kept that word. Dunlap served three years and eight months in an Ohio regiment during the war and was a good soldier. In 1892 Dunlap was pardoned simply through the unwearied efforts of Mrs. Scott to keep her word to her husband. She is married again and lives in New York city. The Northampton bank robbery, all of its property except about \$70,000.

After Dunlap secured his freedom, having served fifteen years, the Pinkertons gave him assistance, and it was believed he had turned a new leaf. When he was arrested for the Wellington bank robbery, Mrs. Scott wrote to a detective: "We all have confidence in Dunlap, and believe him to be too clever a man to wish to re-enter criminal life. He was always about the smartest and longest headed of the men with whom he associated. He has learned, I am sure, that it is easier in the long run to go straight than crooked, and all we know of him since he settled in Chicago is corroborative of this point." But he had not learned.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. The Stafford Drug Co.

When threatened by pneumonia or any other lung trouble, prompt relief is necessary, as it is dangerous to delay. We would suggest that One Minute Cough Cure be taken as soon as indications of having taken cold are noticed. It cures quickly and its early use prevents consumption. Stafford Drug Co. H. N. Meloche, Ishpeming.

Coughs and colds come uninvited, but you can quickly get rid of them with a few doses of BALLARD'S HOREHOUND SYRUP. Price 25 and 50 cents. The Stafford Drug Co.

TRIED FIVE DOCTORS.

Mrs. Frances L. Sales of Missouri Valley, Ia., writes: "I had severe kidney trouble for years, had tried five doctors without benefit, but three bottles of Foley's Kidney Cure cured me." The People's Drug Store.

Don't let the little ones suffer from eczema, or other torturing skin diseases. No need for it. Doan's Ointment cures. Can't harm the most delicate skin. At any drug store, 50 cents.

STARTS A QUO WARRANTO

One of the Points in an Important Litigation Will Come Up in Supreme Court.

NEGAUNEE IRON COMPANY VS. THE PIONEER IRON COMPANY.

Attorney General Ore Files an Information as a Preliminary to Ascertaining Whether Second Named Corporation Was Legally Reorganized.

WILL BE FOLLOWED WITH INTEREST.

Several months have elapsed since the people of Marquette county were astonished at the news that the Cleveland Cliffs Iron company, or more properly its representatives, acting by virtue of an old ninety-nine year lease granted the Pioneer Iron company, a corporation which they claim still exists, had entered on the lands of the Negaunee Iron company in the vicinity of Negaunee with the purpose of conducting explorations for ore, which it is proposed to mine should the work establish the existence of sufficient bodies. In the interval since the explorations were started much progress has been made and thousands of dollars have been expended. The Negaunee Iron company interests early took the initiative in the matter of bringing the case into court but as yet litigation has only been started. There have been a couple of continuances. However, everything is now about ready for the courts and it won't be long before the lawyers are pounding away on what promises to be the most important and intricate piece of litigation this peninsula has seen in a long time.

The case at issue has any number of branches and ramifications, any one of which furnishes important legal points which are said to be in considerable doubt. One of these points will shortly be under discussion in the supreme court at Lansing. On the relation of Edward N. Breitung, Attorney General Ore has filed an information in this court in the nature of a quo warranto against the Iron Cliffs company, William G. Mather, president of the Cleveland Cliffs company, Fred A. Morse, James H. Hoyt, Edwin V. Hale, and George A. Garretson, charging that they, with others, without any legal warrant, grant or authority, have used and are using certain liberties, privileges and franchises, to-wit: that of being a body corporate in law, by the name of the Pioneer Iron company, purporting to be a reorganized corporation, but which, it is claimed, was not legally reorganized, and demanding by what authority they claim to be a corporation. The original Pioneer Iron company was organized in 1857, and its corporate existence expired on the second day of April, 1887. In 1889 an effort was made to reorganize the company, and the validity of that reorganization is now questioned by Attorney General Ore.

AN IMPORTANT POINT. It will be apparent to all that the point raised by the attorney general's quo warranto proceedings is very important and that it may develop to have a strong influence on the outcome of the case of which it is but a single issue. This question is the Pioneer Iron company a corporation is fraught with moment and there is no reason to doubt that it will be closely argued on both sides.

Attorney General Ore will conduct the case for the state. He will be assisted by C. R. Brown and Son, A. B. Eldridge and W. F. Shaull. The Pioneer Iron company's contentions will be ably supported.

The decision of the supreme court in the proceedings may have no absolute bearing on the main case at issue between the Pioneer and Negaunee Iron companies. It is conceivable that the agreement of the supreme court in the position of Attorney General Ore would seriously incommode the representatives of the so-called Pioneer Iron company. If it is the opinion of the court that the corporation was never reorganized it certainly cannot exist at this day and no rights of a corporate body can be claimed under its former title.

On the contrary, if it is held the Pioneer Iron company was properly reorganized the whole case will fall back on the original lease and will consist of an interpretation of its manifold provisions in accordance with legal precedents.

The attorneys say that there will be many interesting points in question should the validity of the execution of the old lease at the present time be called into question. In fact, it is said,

that no case has been tried in the upper peninsula for years that has bristled with disputed and interesting points to an equal degree.

ABOUT READY FOR TRIAL.

It is understood that the case is about ready for trial in the circuit court. The continuance last term was sought and obtained by the lawyers for the Negaunee Iron company who represented that they had been unable to obtain certain depositions which were absolutely necessary to complete their case. It is said that some of these have since been obtained and that others will be brought out in the course of the hearing. In the supreme court, of the quo warranto proceedings.

It is not regarded as likely that the circuit court will take up the case while an important point bearing on the whole matter is being argued at Lansing. In any event the next few months seem to promise important developments in the litigation which is now being observed in all parts of the upper peninsula with considerable interest.

MARQUETTE SELECTED.

Cleveland-Cliffs Iron Company Will Build New Furnace Here.

It is understood in Marquette that the matter of a location for a new charcoal blast furnace to be erected by the Cleveland-Cliffs Iron company was settled recently at the annual meeting of the directors, when means of raising the large sums of money required for the completion of the new plant were approved. It is said that Marquette was named as the fortunate city. It has been understood right along that the Cleveland-Cliffs people would locate their big industry here, where they will be given a valuable site for the stack and the chemical plant which will accompany it, there being in the tract which will be donated an acreage amply sufficient for the reception of other industries which the company may add with the development of its schemes.

Munising has been mentioned as a possible location for the new furnace but Marquette people have not regarded its claims with any favor. The interests of this city would suffer because of them as they have felt right along that the logical location of the proposed stack was here, this city's advantages being too obvious to require enumeration. At the same time there has been a great deal of solid satisfaction felt by the knowledge that the Cleveland-Cliffs Iron company's directors have canvassed the matter in formal meeting, with the result of a decision in favor of the Queen City.

Plans for the new furnace have been under preparation for some time, the work being entrusted to Austin Farrell, the manager of the Cleveland-Cliffs company's Gladstone furnace. The plant will be modern and up-to-date in every respect and, completed, it will stand the model charcoal furnace of the country. Mr. Farrell is working out several new ideas which will help to make the stack unique among its kind. He is paying some attention to the automatic handling of material. The plant's daily capacity will be 150 tons, or over, and the by-products, principally wood alcohol and acetate of lime, will be valuable. At the Gladstone furnace they are an important item.

THE NEW RAILROAD.

A Letter from Mr. Longyear Concerning It.

To The Mining Journal:—The masked communication in this week's issue of The Mining Journal, signed "A Member of the Citizens' Committee," is so misleading that I beg to occupy a little of your space with comments. The ambushed "Member of the Citizens' Committee" evidently attempts to carry the idea that if the railroad were not built by the Lake Street route, around by Light House Point, it could not be built at all. This is not so. A route can be had through the city that would benefit the property along the line, with better grades than those of the D. S. S. & A. Ry. The road will not, of course, be as cheaply built as where the city donates a roadbed already graded (and gives nothing in return but vague promises of future benefits).

For years we have been spending money to make a summer resort of Marquette and now it is proposed to throw away unnecessarily the chief attraction of the town, the lake front near Light House Point. Anyone who has had an opportunity to observe the effect of the railroad tracks along, or near a water front knows that it is destructive for all purposes except that of commerce. This water front is not available for commerce, as it is on an exposed coast. A railroad track along, or near, it will destroy its value to Marquette. This might be the thing to do, notwithstanding the great loss that is sure to result to the city, if it were the only route over which the railroad could be built and if the building of the railroad were sure to bring results of sufficient importance to compensate the city for the loss. But neither of these conditions exist and the city cannot afford this needless sacrifice.

If the railroad is built around Light House Point the city will have needlessly thrown away one of its most valuable resources. There is absolutely no necessity for it. The only reason for it is the request of a railroad corporation, which has no interest in Marquette, except the dollars it can make out of it, and it can get the city to build several miles of its roadbed the company naturally desires to do it. As it is perfectly feasible for us to have both the business and the beauty, I will also sign myself,

"Yours for a Marquette of business as well as beauty,"

J. M. LONGYEAR, Marquette, Jan. 16, 1901.

A CARD

We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded. The Stafford Drug Co., Desjardins' Pharmacy, "The People's Drug Store." (10-15-6m-0)

IRREGULAR AND DULL

Copper Range and Trimountain the Strong Features in Boston.

There is little to record in connection with coppers. The lethargy continues unbroken. Faine, Webber & Co. said: "The copper market is irregular with Copper Range and Trimountain the strong features and Old Dominion and Isle Royale weak. The buying of Copper Range is very persistent and is of the best kind. There are rumors that something important will be announced concerning it in the near future which will explain some of the buying which has been going on. We believe the stock is bound for much higher figures on this movement. Trimountain should also be cheap. The buying of Amalgamated is good around 90% and we would not be surprised to see the whole copper market taken in hand next week and a big market for all copper stocks, as a result."

The Laidley Commission company had the following: "Coppers are absolutely dead and it is hard to keep one's courage up. Still we are bullish and believe they should be bought on all recessions."

A. R. Jones & Co. said of wheat: "Lower cables brought a lower opening in the wheat market. Toward the close the longs, discouraged by the failure to rally on some influential buying, attempted to liquidate and found no demand whatever. Instead numerous stop orders were caught on the decline. All this helped to establish lower prices. This break was totally unexpected. Heavy selling on the decline by a prominent house known to have accounts of heavy Eastern traders gives rise to the theory that Wall street is at last coming on the market. The buying yesterday was of the sort to create a bull turn. It is safe now to say that weak holders have been well shaken out, nevertheless, lower cables may bring another lower opening. Wheat is too low now to sell short, buy it on this break."

"HALLO BILL."

A Farce Comedy at the Opera House This Evening.

"Hallo Bill," a farce comedy written by Willis Maxwell Goodhue, will be presented at the opera house this evening. The plot tells, in the first act, of raiding a gambling den in which two of the principal male characters are arrested, and one of them, who failed to escape, is sentenced to sixty days imprisonment. Unfortunately for him, he has just taken to himself a bride, and to escape the consequences of his desire to see the town without her discovering the real situation, he has to

invent some excuse to be away. The time is supposed to be in 1898 during the Spanish-American war, and it happens a general in the United States army bears the same name as the newly made benedict, William Fuller, so William Fuller, would be gambler and newly made benedict, bids an affectionate farewell to bride and friends and departs ostensibly to fight Spaniards, but in reality to serve his term in prison. Thrilling accounts of the bravery of General William Fuller reach home and the bride is proud of her young hero husband, but in the meantime she has trouble for she hears that a former husband whom she supposed dead seems to be alive. This complication follows complication and things are badly mixed. When the real General Fuller and his impersonator, just out of the penitentiary, meet at the summer home of the bride, where a reception has been arranged for the hero, the situations arising from the mix-up of identities are most amusing. The plot is said to be unusually good for a farcial comedy and well carried out. It is homely, funny all the way through and keeps all in a roar of laughter. The parts of the two William Fullers are assumed by M. H. Blackmore and George M. Macomber, who are the original interpreters of the characters and comedians of the most unctious type. The balance of the company, which includes the Misses Ola Humphrey, Emily Lascellas, Eugenie Bowen, Carrie Lee, and the Messrs. Richard Quilter, Aubrey Noyes and Frederick Lauder, is strongly selected and gives a performance far above the average in farcial comedy.

Strangers will find Heppner's a very convenient place in which to get a light lunch.

My heart and hand another claimed, His plea had come to late, It's ever thus with people without pluck and vim, Take Rocky Mountain Tea, don't get left again. Stafford Drug Co.

This season there is a large death rate among the children from croup and lung troubles. Prompt action will save the little ones from these terrible diseases. We know of nothing so certain to give instant relief as One Minute Cough Cure. It can also be relied upon in grippe and all throat and lung troubles of adults. Pleasant to take. Stafford Drug Co. H. N. Meloche, Ishpeming.

IF BANNER SALVE

doesn't cure your piles, your money will be returned. It is the most healing medicine. The People's Drug Store.

Persons who lead a life of exposure are subject to rheumatism, neuralgia and lumbago, will find a valuable remedy in BALLARD'S SNOW LINIMENT: it will banish pains and subdue inflammation. Price 25 and 50 cents. The Stafford Drug Co.

CITY BREVITIES.

Weather forecast: Snow and colder; northwest winds, diminishing.

Yesterday's temperature: 7a. m., 24 degrees; noon, 26 degrees; 7 p. m., 21 degrees; maximum, 26 degrees; minimum, 21 degrees.

George Hayden was down from Ishpeming yesterday.

A big list of patents for timber and iron entries was received at the land office yesterday.

George Patterson and wife of Oakfield, Wis., are visiting Alderman E. H. Bush and family.

The Young Ladies' Sodality of St. Peter's cathedral will give card party at Fraternity hall Friday evening.

Clifford Barron of Escanaba concluded a several days' visit with Marquette friends last evening, leaving for his home.

Hiram Bunn of Ishpeming is serving a ten days' sentence in the county jail on a drunk and disorderly charge. He was brought down Tuesday evening.

Busy Queen hive No. 558, L. O. T. M., will install its officers this afternoon at 2 o'clock in the A. O. U. W. hall. Lunch will be served on the conclusion of the ceremonies.

In enumerating the insurance men of the city in yesterday's issue, The Mining Journal omitted to mention the name of Robert Peters, who now conducts the old Adams' agency, which he bought out some weeks ago. There are at least five concerns in the business.

Current was turned on for the electric stove in the mouth of the intake at the pumping station yesterday. It was ascertained that the stove contained some water, which prevented it from working. It will be necessary to remove it and to stop the leaks. This will be done as soon as the weather moderates. It was very rough on the lake yesterday. To insure its operation, the stove must be completely water proof.

The recently installed officers of the Marquette lodge of the Catholic Order of Foresters are: Chief ranger, Carl Tolla; vice chief ranger, Joseph C. Trudeau; recording secretary, Theodore Calus; financial secretary, Philip Pelissier; treasurer, Joseph Mack; executive examiner, Dr. E. H. Flynn; trustees, Frank Dushane, Daniel Vaughn and Eugene Henne. Rev. J. G. Pintin was appointed the spiritual adviser. D. C. Mulvihill is the past chief ranger.

There was a big change in the weather yesterday and for the first time in several days it had a wintry aspect. The blustery snow falls being accompanied by lower temperatures. The change is quite welcome, particularly at the skating and curling rink, where it has been a difficult task to keep the ice in any kind of condition during the past week. The curlers want cold weather, as it is difficult to play their game on an ice body which has a wet surface.

E. P. Smith, representing the James E. Patton company, the large Milwaukee paint manufacturers, informs The Mining Journal that the management of the company has under serious consideration the establishing of a warehouse at some suitable point to accommodate its large and rapidly increasing upper peninsular trade. Surmising that his report will largely determine the final action, The Mining Journal hopes Mr. Smith will not overlook Marquette's many advantages as a receiving and shipping point, both by lake and rail.

The public has taken the deal by which the control of the First National bank changed hands last week as a matter of course. Owing to the suddenness of the unanticipated announcement there was considerable comment right after its consummation was made known. This has practically all passed away and most people give little or no thought to the fact that Marquette's foremost financial institution is now in new hands. It is really wonderful, when a person takes cognizance of the fact, to note what comparatively trifling attention important changes attract, particularly when their details are arranged without foreknowledge on the part of the people not immediately concerned.

The most soothing, healing and anti-septic application ever devised is Dr. Witt's Witch Hazel Salve. It relieves at once and cures piles, sores, eczema and skin diseases. Beware of imitations. Stafford Drug Co. H. N. Meloche, Ishpeming.

SKATING LESSONS.

Persons wishing to learn the art of skating can get information as to terms by calling on W. W. Martin, at Van Alstyne's store, or at the rink, afternoons or evenings. (1-15-34)

Heppner carries a complete line of holiday candies and cakes.

Chapped hands, cracked lips and roughness of the skin cured quickly by Banner Salve, the most healing ointment in the world. The People's Drug Store.

Monarch over pain. Burns, cuts, sprains, stings. Instant relief. Dr. Thomas' Electric Oil. At any drug store.

The worst after effects of influenza arises from deranged functions of the liver. Clear the blood at once with HERBINE, for it will strengthen the liver to withdraw from circulation the biliary poisons. Price 50 cents. The Stafford Drug Co.

A GOOD DINNER.

Why not take your Sunday dinner at the Hotel Clifton? It won't cost you half what it would to get it at home. Dinner at 1 p. m. (12-27-1f)

NOTICE.

Marquette, Mich., Jan. 3, 1901.
