# STOPS THE COUGH AND HEALS THE LUNGS

PNEUMONIA is treacherous for it often happens that heart failure ensues after the patient is supposed to be on the road to recovery--the recent death of P. D. ARMOUR is an example of this.

We emphasize the fact that Foley's Honey and Tar if taken in time affords perfect security from serious results of an attack of La Grippe or Pneumonia.

J. W. BRYAN of Lowder, Ills., writes: "My little boy was very low with pneumonia. Unknown to the doctor we gave him FOLEY'S HONEY and TAR. The result was magical and puzzled the doctor, as it immediately stopped the racking cough and he quickly recovered."

DR. C. J. BISHOP, Agnew, Mich, says: "I have used FOLEY'S HONEY and TAR in three very severe cases of pneumonia with good results in every case. There is nothing so good."

G. VACHER, 157 Osgood St., Chicago, says: "My wife had a very severe case of la grippe, and it left her with a very bad cough. She tried a bottle of FOLEY'S HONEY and TAR
