The purchases by manufacturers are restricted to the requirements for orders on hand and the domestic quotations have not hardened in sympathy with the better prices obtained at London, while a few Washington, Jan. 25.-The following sales are reported at moderate concesis the weather bureau's forecast for sions. Hopes for the future are based on the indifference of dealers and growers to sell at current prices; but the present heavy stocks will be augmented in a few months by the new clip. The dullness in woolen goods is the difficulty, and while manufacture is depressed there is little encouragenent for raw material.

"This week the failures number 306 gainst 231 in the week of last year."

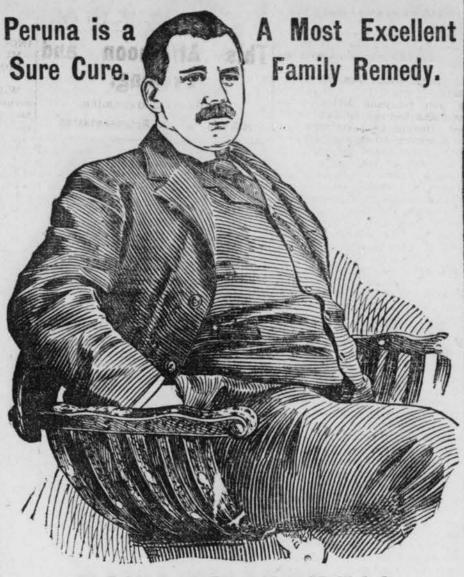

#### WALL STREET STOCKS.

New York, Jan. 25 .- The prices traversed a considerable range in the stock market today from the low level to the top level, covering 1 point for a large number of stocks and ranging from 2 to about 31/2 for some of the most active stocks in the list. The early decline in prices was assisted by London's disposition to sell American stocks, which established declines ranging up to nearly a point in some American stocks before the opening

The New York market opened depressed in sympathy, and the weakness was rather acute in some cases, notably in St. Paul and Brooklyn Transit. These stocks later in the day led the advance, so that their extreme range was wide, St. Paul rising 3% points from the lowest and closing at the top, while Brooklyn Transit advanced an extreme of 25%.

The most notable movement of the day was that of the Southwesterns, which followed the show of firmness for several days past in Kansas & Texas preferred. The advance in the group reached 3% in M., K. & T. preferred, with 21/4 in common, and about 2 points each in the St. Louis & Southwestern stocks, Wabash preferred, Texas & Pacific and Missouri Pacific. There was no news to explain the rise beyond the favorable showing of earnnings for several members of the

A LANDSCAPE ARTIST'S VIEWS Franklin Brett Writes of the Railroad

The Mining Journal is in receipt of a ommunication from Franklin Brett, the landscape artist who made plans for laying out Light House Point for park purposes at the request of Mr. J. M. Longyear. It will be read with in-

erest. It follows: Marquette, Mich., Jan. 23, 1901. Dear Sirs:-

Thank you for your letter of the 0th inst., and for the information it ontained. Having been employed by Mr. J. M. Longyear to plan for the improvement of his property along Lake nd Walnut streets, and, incidentally, or the contiguous property, I am naturally very much interested in the a. m. railroad scheme which will mean the p. m. abandonment of all that has been lanned.

It seems to me a very ill advised and short sighted policy for the city to allow the carrying out of a scheme which will ruin the most attractive part of its territory, and in return for which it will get,-what? An increased population attracted by the establish- degrees; maximum, 20 degrees; mininent of a new industry. Granting the dvantages to be derived from the new nstitution, is there no way of accomplishing its ends without the sacrifice Jan. 23, a son. of that which may, at a later day, be esteemed of more value than it seems o be at present?

Once built, the railroad will ruin all adjacent property for residential purooses, and the damage to existing day. places will be inestimable. In view of its ultimate effect upon property valuation, any expedient which has the faintest suggestion of feasibility should be considered before the first step is taken toward construction on HORSES AND NEW MILCH COWS the line as now proposed. A tunnel under the ridge with southern end at the elevation of Lake street; running north parallel with Pine street, with an offset of from 150 feet to 175 feet; ture. and with north end in the vicinity of Hewitt avenue, would cost not far rom \$300,000, probably seven times as much as it would cost to build the road around the point; but if the tunnel should be built by the city it could be leased to the railroad so that eventually it would pay for itself; the excavated material could be used for constructing a strip of land, searated, from the mainland along Lake street, by a series of lagoons, the outside of coons, for park purposes.

On the other hand if the road is built as at present projected the effect will be to render the shore property fit only for industrial purposes; decrease the valuation of all the property adjacent MALE HELP WANTED—Reliable men to the sell our time of high grace Lubricating Oils, Greases, Paints and Varnishes. Salary or the tristion. Addres, The Adams Franklin Oil Ce, Cieveland, Ohio. (1-26-1d) the existing beauty of the Point: Is the city of Marquette prepared to take such a step?

#### MICHIGAMME.

OPERATORS WILL SOON HAVE DIFFICULTY GETTING A DESIRABLE GRADE OF IT IN THIS

At the rate the heavy timber is being taken from the woods in this part of the upper peninsula there will soon be very little available for operators who have labored here for many years past. As each year passes the task of reaching the timber becomes more difficult and the haul in many cases is anything but pleasant. A few years ago the operators got all the timber they wanted within a few miles of Michigamme, but now it is quite different. They are compelled to go out some miles and it is noticed that the timber being brought in is not of as good quality as that which was obtained near here in years gone by.

As the time passes the prices being paid for standing timber, even when far from railroads or streams, steadily increases, so that the owners of ployed in the best institutions of the to the Federation of Trades Council are pine and other timber who have held on to their tracts in anticipation of better prices have made good interest tainment on the evening of Feb. 5. This on their money, and their holdings are appreciating in value more rapidly now than ever before.

> said that all who are getting out timber in this section will be good money ahead at the close of the season. The Bay Shore Lumber company has push-At a special meeting of Byrns' camp, ed its work north of here since early in the fall. As many men as can be worked to advantage have been given steady employment. The same is true of F. W. Read & Co. This firm "Whereas, It has pleased out Creahas three camps running with large tor to call from our midst our dear forces. Two of these are west of here "Whereas, By her death her family and the other is near Clowery. Within the next few days a carload of new horses, which arrived here last week from Chicago, where they were purchased by William Menhennitt of Ishpeming, will be sent to the camps. They "Resolved, That we, the members will be worked hauling the timber to the tracts. It is the aim of the firm to get all the timber possible to the mill here while sleighing lasts. From present indications there will be more house the greater part of the week logs at the mill at the close of the winter season than at any former time during the many years the mill has have been suffering from the grip the been operated. This will mean a longer season of cutting during the sum mer months. Read & Co., are supply ing a lot of timber to mining corporations and others in this section. Con Mrs. Bessie Jaedecke, Mrs. Margaret siderable stuff is also being shipped outside. It is very evident that the coming year will be a banner one in point of business for this enterprising ployed at the Michigamme mine,

No other medicine in the world has received such widespread and unqualified endorsement.

No other medicine has such a record of cures of female troubles or such hosts of grateful friends.

Do not be persuaded that any other medicine is just as good. Any dealer who asks you to buy something else when you go into his store purposely to buy Lydia E. Pinkham's Vegetable Compound, has no interest in your case. He is merely trying to sell you something on which he can make a larger profit. He does not care whether you get well or not, so long as he can make a little more money out of your sickness. If he wished you well he would without hesitation hand you the medicine you ask for, and which he knows is the best woman's medicine in the world.

Follow the record of this medicine, and remember that these thousands of cures of women whose letters are constantly printed in this paper were not brought about by "something else," but by

#### Lydia E. Pinkham's Vegetable Compound, The Great Woman's Remedy for Woman's Ills. Those women who refuse to accept anything else are rewarded

a hundred thousand times, for they get what they want - a cure. Moral — Stick to the medicine that you know is Best.

When a medicine has been successful in restoring to health more than a million women, you cannot well say without trying it, "I do not believe it will help me." If you are ill, do not hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice. It is free and helpful.

Always Reliable. The Best that great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my and stop fermentation of the liver,

## THE ARISTOS Gold Mining Company

Owning Big Horn Mountain Tunnel and Veneta Vein, 200 acres situated on the Western Slope of Pike's Peak, in the Famous

Cripple Creek Gold Mining District. THE SAFEST OFFER EVER MADE TO INVESTORS. whole system.

### 100,000 Shares Preferred Stock at 25c per Share.

It is printed on each Certificate that subscribers to the above Preferred Shares will be entitled to receive in Dividends the full amount of money invested, before other Stockholders receive | Cough Cure be taken as soon as indiany returns, signed by the President of the Company.

This District Produced More Gold in 1900 than any other in the United States.

This property consists of 3 00 by 3000 feet, or 200 acres, of gold land. The mine has been worked. The feature of this mine is the Veneta Vein, 30 to 10 feet in width, and is certainly one of the strongest veins in this famous district. There are some after openings on this famous v-in, the ore from which as ays in gold from \$12 to \$100 per toe. The property is advantageously located for development by tunnel, which will make it possible to produce an enorm us amount of ore daily, the quintity varying from from 20 to 500 to 500 to 500 to 500. The development by tunneling is the most economical and advantageous manner of working this property. manner of working this property.

At a distance of 800 feet the TUNNEL will intersect the Veneta Vein at a depth of about due inflammation. Price 25 and 50 cents. 680 feet, and will also intersect several other velns. The TUNNEL will cut the Big Horn Mountain The Stafford Drug Co. 2,100 feet deep, and will give this Company 2,000,000 tons of ore, worth over \$ 20 per ton.

The new railroad, now practically completed from Colorado Springs, called the Colorado Springs and Crippie Creek road, passes within .000 feet of this tunnel.

Adjoining this property is the Colorado Springs TUNNEL Company. In this property, at a depth of 400 feet, the Veneta Vein was cut. At this point the vein was fully 20 feet in width and its value from \$20 to \$1,000 per ton.

There are already in operation mills and smelters sufficient to treat the output of this

visiting friends in town.

CAME AS A SURPRISE.

T. M. WELLS ANNOUNCES HIS RE-TIREMENT FROM BUSINESS.

The announcement, made yesterday morning, to the effect that T. M. Wells would sell out his general merchandise business here, is correct. In an interview Mr. Wells stated that he had de cided to take this course, not because of duliness in the trade but for the reason that he has other interests in view which, if everything turns out as he expects, will take him away from days in town with his brother, Negaunee. Mr. Wells has been in the mercantile business here for the past twenty-eight years. He has been very successful and has built up a large and lucrative trade. While he would not discuss his plans for the future, it is understood that he has something very much better in prospect. The stock as a whole will be offered for sale, until the middle of February, at a great sacrifice. As Mr. Wells desires to close out at once a reasonable offer for his stock will not be refused. The stock is all fresh and clean and there is practically none of it ancient and shelf-worn.

#### NEW ARMATURE CAME AT LAST.

CITY ELECTRIC PLANT IS RUN NING SMOOTHLY AGAIN.

The armature which was ordered last Sunday to replace the one burned out arrived Thursday afternoon. No time was lost in putting it in place and yesburned. The accident caused no end thorne left town about two years ago of inconvenience to all users of city for the northwest. He expects to pay light, but as a rule they did little com- a visit to the old country in the near plaining. # Indigestion.

A feeling of fullness in the stomach, sourness, flatulency, bad taste, coated tongue, uneasiness, colicky pains, a variable appetite and morbid cravings for food are common in this trouble. There is usually sick headache, giddiness, disturbed sleep, irritability of temper, nervousness, impatience, anxiety and apprehension. The processes of nutrition are perverted, and instead of nourishing and strengthening the system the blood is filled with acid ferments that poison the nerves, cloud the intellect and weaken the muscles and tissues. Indigestion comes from overtaxed and weakened nerves which must be built up and strengthened before relief will come.

> "I had stomach trouble for a number of years, was very nervous, food did not digest, 'pain in stomach, sour taste, fullness and frequent sick headaches. I had spells of dullness and confusion of mind and lost much sleep. I took two bottles of Dr. Miles' Nervine and the results were wonderful. It certainly has no equal for weak nerves or stomach troubles of any kind." REV. H. S. JAMES, Marion, Ind.

## Dr. Miles' Nervine

quiets nervous irritation, soothes the excited brain and brings refreshing, healthful sleep. It stimulates the appetite, regulates digestion and builds up wasted tissues.

WHAT AN OFFICIAL HAS TO SAY OF DR. BRUESS' REMEDY.

Duluth, Minn., Sept. 18, 1900. After eleven years on the police force of this city, the exposure brought on Rheumatism. I had it in my shoulders and hips, with intense pains. The many different medicines I used did not relieve me and I was asked to try a trial bottle of Dr. Bruess' P. P. P. Remedy. Receiving so much benefit from the trial bottle I procured a large bottle at Boyce's Drug Store. It has entirely cured me and I do not hes tate to say to my friends and all who suffer from this terrible disease, to try this, the greatest and best of all Lin-

iments or Medicines for Rheumatism and all pains. Respectfully,

Waller McLain, Ex-Lieutenant of Police. We give a trial treatment free for the asking

In general, Mr. Freeman's management of the prison has made a very favorable impression with the visitors. As soon as the committeemen could They like its condition, which is thoreconomy of its present management with pleasure. The only thing developed in their investigation with which number of people who assert this is testimony are bewildering.

Of course, it is impossible now to predict what the outcome of the whole truth of the mass of evidence submitted, in relation to the drinking charge, during the last few days. These are matters for the board of control and members of the legislative committee to determine.

HERE TUESDAY NIGHT.

Miss Blair Will Appear in a Notable Theatrical Engagement.

"A Lady of Quality" will be the attraction at the opera house Tuesday

Miss Blair herself is "A Lady smelt it on his breath. At the time she inherited the prejudices that made of the river bottom episode, when the it impossible for Clorinda Wildairs to warden chased the cows into pound, do aught but noble deeds on the prin-

> in our own day as well, to which th moral of the story is equally applicable in view of the fact that a woman is woman no matter what her environ ment; and the tale of love, though as

> The wor -- has grown better since 1685-the year the story begins. The average man in the audience, while recognizing the art of James Carew as Sir John Oxon, will despise the pro dictates. The average woman in the audience will see in Mr. Carew's Sir John Oxon those other Sir John Oxons there are in our daily life, and she will

e warned; and from Miss Blair's Horinda Wildairs she will gain the courage to meet and conquer the Sir John Oxon who knocks at her own particular door.

"A Lady of Quality" is the greatest play of human sympathy and interest produced for many years. It has wor its way to a deserved success, and Miss Blair's production is as perfectly artistic from custumes and scenery down to the merest stage detail, as the ability of a great artist can make 't.

DEATH OF S. N. BRONSON.

It Occurred at Lake Maitland, Fla. Yesterday Morning.

Marquette people were greatly pained yesterday to hear of the death of S. N. Bronson, which occurred, after brief illness at Lake Maitland, Fla. yesterday morning. Mr. Bronso was at one time a business man le this city, having been associated with A. S. Westlake. Their partnership was dissolved in 1886. Mr. Bronson has visited this section many times of late and is well known in Marquette county. Samuel Peck, aged ninety-five years, one of the pioneers of the Lake Superior country, is his father-in-law One of his sons, R. P. Bronson, lives at Ishpeming. The other is Hiram

## No Smoke Without Fire

When evidence of a thing exists, it is safe to presume that the thing itself exists. When you see smoke you know there's fire. When you see a person with sallow skin, pimples and blotches on the face, foul breath, sluggish and peevish disposition, you know he has stomach trouble.

If you are troubled with sick headache, constipation, biliousness, pain in the abdomen, dizziness, diarrhœa, malaria, despondency, insomnia, indigestion, or any stomach, liver or bowel trouble, you will find quick and sure relief in

## JOHNSON'S STOMACH TABLTS.

ONE TABLET'S A DOSE

Almost everybody can use Johnson's Stomach Tablets with benefit, for almost everybody has some form of stomach trouble in some degree. Everyone should keep these tablets constantly at hand to be used at the first sign of sickness. Johnson's Stomach Tablets act directly on the stomach, liver and bowels, regulating the or-

gans, toning the system, and thus preventing many forms of disease. They can also be used as a gentle axative for sweetening the stomach, or they can be used as a purgative by doubling or tripling the dose. No harm can come from any over-dose, and they never fail to produce a movement of the bowels, no matter how acute the case may be. If people could be made to realize how important to the health is the regular discharge of this poisonous waste matter from the system, no person would fail to have these tablets
