MR. AND MRS. KINSEY, OF ELK, MICHIGAN.

Mrs. Margaret Kinsey, Elk, Genessee county, Mich., writes to Dr. Hartman, as follows:

"I am well and think I will need no more medicine. I feel so well, and all my old complaints are gone, which were many. I often did not know which way to turn. No one knew what I suffered. For forty-nine years I suffered but now I am cured, for which I thank Dr. Hartman for his advice and good treatment. I keep Peruna in the house all the time and shall never be without it.

"My husband had a cough for nine years. He took Peruna and it helped him. He looks quite young. He works hard every day and is getting fat. He takes Peruna three times a day. You don't know how thankful I feel toward you; I never think of you but to thank you and will do all I can for you."

Weary and heavy-eyed from the worries and cares of the day, the head that seeks repose finds only nervous tossing and feverish unrest. Strange fancies, haunted by sudden fears, or wague forbodings cause the heart to throb and the breath to come CARL G. MALMGREN, FOR MANY hard and fast. Morning comes with its headache, nervous irritation, loss of appetite and low spirits. How gratefully welcome would be one night of gentle, restful, refreshing sleep-sleep that would soothe and strengthen the worn-out nervous tissues and replenish the wasted brain cells. There is a way to get just that kind of sleep. Will you find the way?

"I was stricken with nervous prostration and became so bad that I could not sleep at all. For a week I did not close my eyes, and suffered so much that my husband had to hold me in bed. Then I began taking Dr. Miles' Nervine and I got some sleep. My head stopped aching so hard and after the first bottle was gone I could see that I was getting strong again. It was not long before I was able to go about my work with renewed vigor and energy." MRS. DELLA BYRD, Mt. Vernon, Ind.

The Dyspeptic feels friendless-and needs a friend badly. His dyspepsia robs him of his health, disarranges his digestive organs, disorders his stomach, disturbs his head. The consequences are bad-something must intercede to save him.

JOHNSON'S DYSPEPSIA CURE

Is the Dyspeptic's best and strongest friend. It acts quickly, surely, easily. Cures the Dyspepsia, relieves the digestive organs, puts the stomach in order, clears the head. Then the Dyspeptic's well. And he doesn't forget what cured him.

OUR STRONG GUARANTEES

To persons who have once used JOHNSON'S DYSPEPSIA CURE, we need guarantee nothing, a trial convinces because it cures, and a cured dyspeptic never asks for further proof of a remedy's efficacy. But to such as have never used our cure, chronic sufferers from dyspepsia who have tried scores of other preparations without relief, and who tion. have perhaps lost hope of ever being rid of indigestion, we extend the following guarantees, backed by the enviable reputation which has been established for our products:

Guarantee 1. That JOHNSON'S DYSPEPSIA CURE is prepared from the best ingredients and npounded so perfectly and carefully that it cannot fail to give satisfaction in every case for which it is intended

Guarantee 2. JOHNSON'S DYSPEPSIA CURE is not merely for temporary relief, but for permanent cure, and will sustain every claim if used sufficiently and in accordance with instructions which come in each package.

JOHNSON'S DYSPEPSIA CURE is a speedy, permanent and harmless cure for dyspepsia and indiges- || taken.

JOHNSON'S DYSPEPSIA CURE can be used with confidence by young and old, the weak and debilitated and those of full habit. Invalids and those recovering from severe sickness will find it invaluable in toning up the system and putting flesh on the body and the bloom of health on the cheeks. Invalids with delicate or little appetite will find that a tablet after each meal will soon stimulate their desire for more food

The tablets may be taken in any quantity and at any time and the effect is bound to be beneficial. Not being affected by exposure to the atmosphere, they can be carried in the vest pocket, convenient for use when needed, thus insuring the regularity which is generally found impossible when liquid medicines are
