If we may believe Mrs. Nation, her hatred of the liquor traffic is partly due to the fact that her first husband was a drunkard. It is easy to believe that the poor defendant was addicted to taking a drop too much betimes.

Secretary of State Hay ascribes the commanding position this country has secured in the markets of the world to the superior quality and cheapness of our manufactures.

A Wisconsin legislator goes over Representative McFarlane's letter on the latter's proposition to tax bachelors for the privilege of enjoying the dubious happiness of single blessedness.

Russia has imposed a duty on farm machinery which operates to the disadvantage of American manufacturers, and the latter are eager to have the government interpose to obtain a modification of the clauses of the Russian tariff which work to their detriment.

A paper down in Wisconsin remarks, in commenting on the proposition to have boards of medical examiners provided in the state for the purpose of ascertaining if candidates for matrimony are physically fit to take on themselves the responsibilities of parenthood.

That the late queen of England deplored the war with the Dutch states in South Africa has come to be well known, but further proof of this is furnished by her last words.

significance that it carries, the Boston Herald has this comment: They are fit words for one of Victoria's character, and fit to be remembered by those who have charge of the kingdom now.

"RELIEF" FOR SUPREME COURT. The Mining Journal heartily and unqualifiedly endorses the position taken by the Grand Rapids Herald in this ringing editorial antagonizing the proposition now before the legislature to add two more justices to the five now constituting the supreme court of this state.

The bill for enlarging the supreme court from five justices to seven is pending in the legislature, and it is the avowed intention of those who are advocating it to push it to immediate enactment, that the two additional justices may be nominated and elected this spring.

The proposed enlargement of the supreme court is a bit of unmitigated folly, and if the members of the legislature will consult their constituents on the subject they will soon ascertain that public sentiment is emphatically against it.

It is claimed the enlargement of the court is a necessity. It is claimed the volume of litigation has grown so great that five justices now constituting the court are unable to keep up with it.

When the war of 1812 broke out for the first time, the American flag on a privateer. Her upper deck was removed and her sides filled in solid between planking and ceiling like the sides of a man-of-war.

Do not gripe nor irritate the alimentary canal. They act gently yet promptly, cleanse effectually and Give Comfort. Sold by all druggists. 25 cents.

OLD PRIVATEER "AMERICA" A Vessel That Was a Famous Ranger of the Seas in Its Day. Cut a Large Figure in the War of 1812, When She Was the Terror of British Merchants.

B. E. Crowninshield, the Boston naval architect who has designed the Lawson cup defender, has written the history of the famous Salem privateer, America, for the Essex Institute historical collections.

When first launched she was 114 feet long, 30 feet 8 inches beam, 15 feet 4 inches depth, 14 feet 3 inches draught and of 473 tons; this is closely the length of the yacht Constellation, and was described in her original certificate of registry as being square-rigged on three masts, having two decks and an image head.

Hereupon, hardly within halting distance, Benjamin Crowninshield, an owner, became very anxious and up and down, shouting, "What's your cargo?" "Pepper," came the doleful reply over the waters from Capt. Benjamin Crowninshield, who perfectly saw through the matter.

On her third cruise she carried 150 prizes in all, valued at \$1,100,000. After her arrival from the cruise, procured by B. W. Crowninshield, then secretary of the navy, from the Charleston navy yard; two long six-pounders, two 18-pound carronades, and 40 muskets, 4 blunderbusses, 55 pistols, 73 cutlasses, 10 top muskets, 39 cutlasses, or boarding axes, and 39 boarding pikes. Her crew numbered about 150 men.

She was unquestionably the fastest sailing vessel afloat during the war, and was never captured, although continually chased by English cruisers. She always escaped when she was on the sea. The greatest speed mentioned in her log is 13 knots. It is mentioned often.

TO CURE A COLD IN ONE DAY. Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

"NEARER, MY GOD, TO THREE." "As a writer, as a poet, there were few in the literary world of London (in the 40s) who had not heard of Sarah Flower Adams, the gifted woman to whom all Christians today pay homage in his love for her immortal hymn, "Nearer, My God, to Thee."

"It was not, however, until after the year 1860, when the present well known tune was composed for it by Dr. Lowell Mason of New York, that the hymn attained its widespread popularity. Up to that time it had attracted but little notice, though the spirit of Doctor Mason's sympathetic music it was quickened into glorious life and brought within the reach of every congregation and every Christian soul.

A FRIGHTFUL BLUNDER Will often cause a horrible Burn, Scald, Cut or Bruise. Bucklen's America Salve, the best in the world, will kill the pain and promptly heal it. Cures Old Sores, Fever Sores, Ulcers, Boils, Felons, Corns, all Skin Eruptions. Best Pile Cure on earth. Only 25 cents a box. Cure guaranteed. Sold by the Stafford Drug Company.

Of Michigan at Jackson, Mich., February 13th, 1901. For the above occasion, the D. S. S. & A. railway will sell tickets to Jackson, Mich., at greatly reduced rates. Tickets will be on sale February 11th, 12th and 13th, and will be good for return until February 15th, inclusive.

On the first and third Tuesdays of each month up to and including June, 1901, the D. S. S. & A. railway will have on sale to nearly all points in the United States, British Columbia, Canadian Northwest, etc., round trip home-seekers' tickets at rate of single fare, plus \$2, for the round trip.

ONE-WAY SETTLERS' RATES TO THE WEST. On Feb. 12th, 19th and 26th, March 5th, 12th, 19th and 26th and April 2nd, 9th, 16th and 23rd, 1901, the D. S. S. & A. railway will have on sale one-way settlers' tickets to points in Minnesota, North Dakota, Manitoba, Idaho, Washington, Oregon, etc., at very low rates.

BETTER RAILROAD SERVICE. Marquette and Ontonagon Counties Brought Closer Together Than Ever Before. The opening of the recently completed Mineral Range extension by the D. S. S. & A. railway on Monday next from Keweenaw Bay will be a great event for the towns of Marquette county, as it will bring them in close touch with the growing and progressive towns of Mass City, Rockland and Ontonagon.

MARDI GRAS. At New Orleans, La., February 14th-15th, 1901. For the above occasion, the Duluth, South Shore & Atlantic railway will sell excursion tickets to New Orleans, La., and return, via Chicago, at greatly reduced rates.

GETS A JUDGMENT FOR \$120.

FRANK WAGNER WINS SUIT AGAINST TONTINE CONCERN.

The case of Frank Wagner of Hancock against the Tontine company of New Jersey was tried in Justice Oliver's court at Hancock at 2 o'clock yesterday afternoon. Mr. Wagner sued the concern for \$120 for non-fulfillment of contract and was awarded a judgment for the full amount, which will be paid from the funds—now getting low—the concern has on deposit at Hancock.

ARRESTED FOR TAPPING TILL.

JOHN SMITH, TRIED FOR ROBBERING CROZE'S OFFICE, LET GO ON LACK OF EVIDENCE.

John Smith, who hails from the vicinity of the Baltic mine, was arrested yesterday morning on suspicion of being the person who robbed the till in the office of Joseph Croze's woodyard, Houghton, Tuesday morning. The man was tried in Justice Brand's court shortly after his arrest, but as no evidence could be secured against him the case was dismissed and the man released from the charge.

SMITH WAS REARRESTED, HOWEVER, FOR BEING DRUNK AND DISORDERLY AND WAS FOUND GUILTY. THE JUDGE FINED SMITH \$3 AND THE COSTS, WHICH WAS PAID.

CASE NOW THOROUGHLY AIRED.

WILL BE HARD MATTER TO SECURE A JURY IN ARSON TRIAL.

One of the attorneys interested in the Miller fire conspiracy case, in talking to the representative of The Mining Journal, yesterday stated that when Dennis St. John, one of Miller's former clerks now awaiting trial on the charge of arson in connection with the case, comes up for his trial no evidence could be secured against him the circuit court it will be a very difficult matter to secure a jury. The lawyer said the people of the county are more or less acquainted with the facts of the case and the proceedings, and they have been published from time to time, and that a large majority have their minds pretty well made up as to where the guilt for the plot against Miller should be placed. The attorney also deprecated the seeming prejudice against St. John and thought the man should be given as fair a chance to prove his innocence—if he is innocent—as possible.

BACHELORS' ANNUAL BALL.

HOUGHTON YOUNG MEN SELECT APRIL 20 AS THE DATE.

The second annual ball of the Bachelors of Houghton will be given this year on the same date as last—April 20. The young men who will have the party in charge are already talking over the plans for the event and will soon hold a meeting for organization. The committee in charge of the ball will be appointed at that time and the preparations for the function be actively carried out from then on. The party will be given at the Houghton Armory, as last year. The first ball was a grand success—one of the most notable held in the month preliminary to the March election for village officers, and it is anticipated that this year's function will even exceed the last in certain respects. Especial attention will be paid to the decoration of the hall and a committee composed of experienced men in that line will be chosen for planning and carrying out that work. An excellent orchestra will be engaged to furnish the concert and dance music. A fine supper will be arranged for and everything else done that will add to the pleasures of those who will attend.

POLITICS AT HANCOCK.

MAYOR SCOTT DECIDES TO RUN AGAIN—THREE GOOD MEN SUGGESTED FOR TRUSTEES.

As the time approaches for the caucuses that are to be held the last week of the month preliminary to the March election for village officers, the "politicians" of Hancock are bringing out names of a number of the most prominent business men for places on the ticket.

VILLAGE BOARD.

The talk seems to center about the village board, and more gentlemen are mentioned for trustees than for the other offices. Those who are now being talked of by the board are William Reid and Edward Perso, two of Hancock's most popular and capable merchants, and Arthur T. Ellsworth, the druggist and one of the village's progressive business men. These gentlemen are entirely suited for places on the board and it is hoped by those who have suggested them that they will not decline the nominations if offered. All of the other gentlemen whose names have been brought up from time to time for trustees have declined to seek the nominations, not wishing to become involved in village affairs. It is the feeling, however, that those of the business men whose names are suggested should not decline to allow their names to be mentioned in the caucuses. The body should be made up of representative men of the village, men who are thoroughly capable to settle the questions that are continually coming up.

IT WILL BE SCOTT.

It is now virtually settled for good and all that A. J. Scott, who has been Hancock's village president for the past five years, will succeed himself in his present capacity. The gentlemen who have been spoken of for the office positively decline to seek a nomination and would not take it if tendered on a platter. They believe Mr. Scott is the right man in the right place and are bound to keep him where he is. To that end every influence possible was used to get Mr. Scott to reconsider his statement concerning his retirement from the office and that gentleman has finally conceded to the wishes of his supporters and friends. A large number, however, are positive that Mr. Scott merely announced his withdrawal just to create a little stir in order to

see what would be done about the office. He has now discovered that no one seems to want the place and consequently is willing to serve another term as president. During the next year Mr. Scott can go about the duties of his office in a free and easy way and if his judgment is criticized he will have the satisfaction of knowing the people put him in the office to do as he did.

THE ASSESSORSHIP.

For village assessor, one gentleman has been mentioned for the place who, if he decides to accept a nomination, would make an excellent official. He is Cornelius Kehoe. Two years ago Mr. Kehoe was defeated by only a few votes for the nomination by Fred Francis. Since then he has not entered the political field, but it is thought that if he should decide to try for the nomination this spring things would go very much his way.

VISITING SOLO S IN TOWN.

EARLY MORNING TRAIN BRINGS FISHERIES JUNKETING PARTY OF THE LEGISLATURE.

About two weeks ago a bill for the establishment of a state fish hatchery in Portage Lake near Houghton was introduced in the house of the state legislature. Accordingly Houghton is to be visited today by the committee on fisheries, which is on a junket through the peninsula in the interests of the fish hatcheries. The committee will also be accompanied by a member of the committee on finance and appropriations and also by five members of the board of fish commissioners and several invited guests.

The party visited at the Soo yesterday and were due to arrive in Houghton on the early train this morning. The visitors will be entertained by Houghton people during their presence in the village. The committee will be the last from the legislature to visit in Houghton this winter. The members of the party are composed of the following: Fisheries committee—Senators W. D. Kelley, chairman; D. P. McCallum, O. B. Fuller, Solon Goodell and H. M. High. Representatives S. T. Handy, chairman; D. E. Burns, J. J. Murdoch, E. B. Bolton, W. L. Curtis, C. B. Finch, G. P. McCallum, A. J. Scott, G. Willis. Finance and appropriations—A. J. Doherty. Board of fish commissioners—H. W. Davis, commissioner; George M. Brown, commissioner; Seymour Bower, superintendent; G. D. Mussey, secretary; Albert Ives, treasurer.

LAKE SUPERIOR MINING INSTITUTE.

ITS ANNUAL CONFERENCE AT HOUGHTON SURE TO BRING OUT A VERY LARGE ATTENDANCE.

The attendance at the annual convention of the L. S. Mining Institute to be held in Houghton on Wednesday, Thursday and Friday, March 6, 7 and 8, promises to be the largest in the history of the organization. The members living outside of Houghton county at various points in the upper peninsula who will be present and take an active part in the proceedings will number one hundred, one of the more important of the reasons for the large attendance being the fact that the interest in the association is increasing from year to year.

It is well that the copper country was chosen instead of Milwaukee as the place for the convention. Since Houghton has been selected for the headquarters of the representative mining men the interest in the coming meeting has generally been increasing and it is hoped that many of the practical mining men who are not members of the institute and all in all to gain, if possible, a number of new ideas which may be applied to advantage.

The program for the convention is now being arranged. Those who have now been in charge have been busy for the past month in assigning subjects for discussion and also in corresponding with the various members who are to be on the program. The gentlemen who will read papers are among the most experienced mining men of the country and the list of their addresses will largely be a summing up of results gained from actual experience in the mines of the upper peninsula. New methods and new ideas will be brought out and discussed in a general way.

MASONS WILL DANCE.

MEMBERS OF THE HOUGHTON LODGE PLAN FOR A SOCIAL.

The Houghton lodge of the F. & A. M., No. 218, will give a social a week from tonight at its rooms in the Strobel building. Dancing will be indulged in, for which excellent music will be engaged, and refreshments will be served. All Masons and their families are invited to attend.

Recent experiments show that all classes of foods may be completely digested by a preparation called Kodol Dyspepsia Cure, which absolutely digests what you eat. As it is the only combination of all the natural digestants ever devised the demand for it has become enormous. Stafford Drug Co., Marquette; H. N. Meloche, Ishpeming.

Is it a burn? Use Dr. Thomas' Electric Oil. A cut? Use Dr. Thomas' Electric Oil. At your druggists.

VALUED AT OVER \$225.

LIST OF THE CONTENTS OF THE BOX OF STOLEN GOODS JUST RETURNED TO HOUGHTON.

The Mining Journal yesterday stated that the case of goods shipped from the store of Samuel Abraham, the South Lake Linden merchant now under arrest for complicity in the Miller fire conspiracy case, to the Grand Department store at Burlington, Ia., and introduced at Chicago by the proper authorities, had arrived in Houghton. The contents of the box, which were identified by Mr. Miller at Chicago as those of goods taken from his store, are as follows: Six overcoats (men's) valued at \$15 to \$18. Seven suits (boys') valued at \$2 to \$3 1/2. Four capes (ladies') valued at \$3 1/2 to \$5. Also various other articles, among which are two showing places where the Miller store mark had been torn off and a light summer coat (lady's) that belonged to Mrs. Miller.

The latter garment was easily identified by the owner, as she had worn it long enough in order to show the signs of wearage. All in all the total value of the case of goods foots up to \$28. The goods are certainly Miller's and will prove to be strong evidence when the famous conspiracy case comes up for trial.

WANT MORE WORLDS TO CONQUER.

PORTAGE LAKE HOCKEY TEAM ANXIOUS TO PLAY THE SOO AND THE DULUTH AGGREGATIONS.

The Portage Lake hockey team will no doubt arrange a game with the Soo hockey seven at the Soo. The players of the local team are anxious to get a match with the Sooites, and are already planning to that end. The seven at the Soo is one of the best in the country, and is made up of expert hockey players. Dr. J. L. Gibson, of the Portage Lake seven, yesterday, in speaking of the Soo team, said: "I know most of the boys on the Soo seven and the rest by reputation. They are way 'up' in the game and can play hockey." When asked his opinion as to what the result would be if the two teams met, the doctor shrugged his shoulders and said nothing. He is anxious that the contest be arranged for and is willing to take his team to the Soo. The rink at that place is an excellent one for the game. Its dimensions are 125 feet wide and 200 feet long. Much interest in the sport is taken at the Soo and the hockey enthusiasts at that place would no doubt be willing to see the Portage Lake seven play at their rink.

UP TO DOLLAR BAY.

Many people interested in hockey have been asking of late when the next game between the seven of Portage Lake and Dollar Bay will be played. Whenever the Dollar Bay team asks for a game it will be granted, but the Portage Lake seven will not get after the Dollar Bay players again for a contest, as it is not its place to do so. Dollar Bay was defeated in the match and if the team wants another contest with the Portage Lake seven it can have it merely upon the asking. It is generally thought that the players from Dollar Bay are not at all anxious for a game. The Portage Lake players are willing to play at the Lake Linden rink.

GAME SATURDAY NIGHT.

The Michigan College of Mines hockey seven will play a game with the team of the Atlantic mine at Atlantic Saturday night. The contest promises to be a good one. The boys of the mining school have met with only one defeat since their organization and that was largely due to lack of practice. Since that time the players have been hard at work getting into trim at the Palace ice rink, Hancock. The Atlantic mine team will be ready to meet as yet this season, but are said to be in good shape for Saturday night's contest.

ACHING TO PLAY DULUTH.

The Portage Lake seven is still negotiating with the Duluth hockey team for a game. If the players from the Zenith City agree to a contest it will undoubtedly be played at the Palace ice rink, Hancock. The copper country team is willing and anxious for the game and to that end will be raising the money for the Duluth seven's expenses if the match is arranged.

INDOOR MEET IS A GO.

PORTAGE LAKE ATHLETES DECIDE TO GIVE THE EXHIBITION.

A meeting of the young men of Portage Lake interested in athletic sports, was held at the Y. M. C. A. rooms at Hancock at 8 o'clock last evening. The purpose of the assemblage, as previously stated, was to talk over the subject of an indoor athletic meet to be held at the Y. M. C. A. gymnasium some time in the month of March. Secretary W. called the meeting to order. After due consideration it was finally decided that the scheme was a good one and that arrangements should be made for the preliminary preparations. It is thought the indoor meet will be a big success and that many of the Portage Lake athletes will be among the contestants for honors. The meet will no doubt be the means of bringing out the best material for a field day tournament which it is expected will be held between copper country athletes during the coming summer.

A MONSTER DEVIL FISH

Destroying its victim, is a type of Constipation. The power of this murderous malady is felt on organs and nerves and muscles and brain. There's no health till it's overcome. But Dr. King's New Life Pills are a safe and certain cure. Best in the world for Stomach, Liver, Kidneys and Bowels. Only 25 cents at the Stafford Drug Company.

RHEUMATISM CURED IN A DAY.

"Mystic Cure" for Rheumatism and Neuralgia radical cures in 1 to 3 days! Its action upon the system is remarkable and "mystic." It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Sold by Frank Pendill, Druggist, Marquette.

DECIDES ON DOWN-TOWN OFFICE.

TRIMMOUNTAIN WILL ESTABLISH QUARTERS AT HOUGHTON.

A down-town Houghton office will be established at a near date by the Trimmountain Mining company. This decision was but recently reached. Just where the office will be located has not as yet been selected, but the location is to be central and a convenient one for the needs of the company. The office at the mine will not be abandoned, but will be kept up as a branch of the down-town office. The object in locating the main office down town is on account of the convenience it will offer the local officials of the company, and all who have business to transact will find the Houghton office a handy one. The headquarters will be nicely furnished.

BONANZA FOR OSCEOLA.

A short time ago one of the Boston daily newspapers contained an article on South Kearsarge, one of the principal divisions of the Osceola mine—and a division that promises to make a great record—which went on to state that South Kearsarge was a small property, it being only forty acres, and that it would not stand long when, reduction once commenced there, etc. Had the writer, says Editor Wilson, of The Native Copper Times, only taken a glance at the map of the mineral district, he would have discovered that South Kearsarge has 160 acres, a quarter section, 2,240 feet long and 2,240 feet wide. It is the same length as Wolverine, its neighbor, and contains, perhaps, as many fathoms of unbroken ground. The lode crops so near the east boundary line that it underlies nearly all the 160 acres. On account of the gain made going downward on the plane of the lode and the gain made going the length of the property east of north, perhaps it may be safe to figure that the property contains an available piece of lode a full half mile long by a full half mile deep, and that it will yield 5,000,000 tons of mineralized rock. The mineral returning 80 per cent, in-got—it goes nearer 90—the yield would be about 10,000,000 pounds of copper which at a profit of 5 cents per pound would net the Osceola company something over \$8,000,000 for the say, fifteen years' operation it would take to exhaust the deposit, when the shafts and plant, certainly at least one shaft, would come in handy for the Centennial and could probably be disposed of to that company. South Kearsarge has not yet produced a ton of rock only what came from the openings in developing the mine. When Quincy was \$70 or \$80 per share and in but 50,000 shares The Times urged its readers to buy Quincy stock and put it away for an investment, and now The Times advises its readers to buy Osceola and put it away for safe keeping.

PEWABIC LODE CUT.

The Native Copper Times of Lake Linden, which is published Tuesday, announces that the Rhode Island has cut the Pewabic lode at the first level of No. 2 shaft, and some forty feet away. The lode is upwards of eight feet in width, carrying considerable copper, and with characteristics promising well for the future. The same lode was cut by a shaft some thirty-six feet from No. 1 shaft at first level last November. Rhode Island will do to watch.

"COPPER RUSH" STILL ON.

An Ashland (Wis.) dispatch, dated the 5th, says that "there is a great rush for copper lands. The land office was crowded with excited applicants all day. Over 1,000 acres of land in the town of Gordon, Douglas county, were taken up today. Many traveling salesmen from Chicago, Milwaukee and St. Paul filed claims here tonight."

UP-TO-DATE DEPARTMENT STORE.

The work of remodeling the Miller store, Sheldon street, Houghton, is being rapidly pushed. The new store, the plate glass front was put in, and people can now see how the store will look when completed. It will be thoroughly up-to-date in every respect and similar to the department stores of the larger cities. A large force of carpenters is employed on the work and more men have employment merely upon the asking. The remodeling of the front of the store will be complete by March 1, but the work on the new addition in the rear will not be finished until about the middle of the month. Contractor P. F. P. Mueller of Houghton has the contract for the remodeling of the building and the work is being personally looked after by Mr. Mueller's right hand man, Herman Gundlack. As soon as the store is ready for occupancy Mr. Miller will be in one of the best and most complete lines of goods ever seen in an upper peninsula department store.

HAVE YOU TETTER?

All druggists are authorized by the manufacturers of Boro-Carboll Salve to refund money when it fails to cure any case of Tetter, no matter of how long standing. Cures ordinary cases in six days the worst cases in fourteen days. Price 25 cents per box. The Stafford Drug Co.

Faults of digestion cause disorders of the liver, and the whole system becomes deranged. HERBINE perfects the process of digestion and assimilation, and thus makes pure blood. Price 50 cts. The Stafford Drug Co.

A MOST WONDROUS CURE.

Eminent Physicians Pronounced It Consumption. Dr. C. D. Warner, Coldwater, Mich. Dear Sir—I have received great benefit from your White Wine of Tar Syrup. I had a cough and the doctors gave up all hopes of my recovery and pronounced it consumption; I thought that it was death for me. I tried everything that we could hear of. Finally one of my friends prevailed upon me to use your White Wine of Tar Syrup. I took one and one-half bottles and am cured entirely. Such medicine I can recommend to those who are afflicted as I was. Very respectfully yours, JOSEPH E. UNDERHILL, Doland, South Dakota. The Stafford Drug Co.

The Wm. Linden Family Orchestra

CONSISTING OF FATHER AND FIVE SONS ASSISTED BY

MR. GUS. HEARNE, Tenor,

IN REFINED CONCERT PROGRAM EVERY EVENING AT THE

Board of Trade Cafe and Palm Garden, HOUGHTON, MICH.

IT IS A PLEASURE

TO SMOKE THE LaFlor de Sheridan, LA VINEDA,

A HIGH-GRADE CIGAR. A GIANT INDUSTRY.

Manufactured by JAMES W. SHERIDAN, 76-78 Wabash Ave., Chicago. M. G. SCULLY, SOLE AGENT FOR UPPER MICHIGAN, WISCONSIN and MINNESOTA.

N. B.—We Handle a Complete Line of Cigars of all Kinds.

TAKEN TO THE MARQUETTE PEN.

SHERIFF WILLIS LEAVES WITH A BATCH OF FOUR PRISONERS.

Sheriff Willis left yesterday morning with a batch of prisoners for the branch state prison at Marquette. There were four of them in the party—William Sullivan, George Montgomery, Otto Flank and Michael Gilbert. Sullivan, the kidnaper, will serve two years in the pen; Gilbert, the next four years, for assault with intent to kill, and Montgomery and Flank will finish their terms for complicity in the same crime with Gilbert, against whom they were witnesses in the present term of the circuit court.

COPPERDOM BREVITIES.

The Mining Journal, M. W. Youngs, representative, has established an office in one of H. J. Stevens' suite of rooms on the second floor of the Dee (postoffice) block, Houghton. All having business with the paper are cordially invited to call. Telephone No. 376.

The "Thursday Afternoon Club"

will be entertained by Miss Mame Edwards at her home in West Houghton this afternoon. Henry Hukkinen and Miss Mary Tolonen, both of Calumet, received a marriage license at the office of the county clerk yesterday.

A meeting of the Ladies' Auxiliary

of the Y. M. C. A. of Hancock was held yesterday afternoon. Considerable business was transacted. Contracts for the building of the four new restries to be constructed on the line of the street railway for the company will soon be let.

A regular meeting of the Houghton

village council will be held at the village hall tonight. The usual number of bills will be acted upon. The marriage of Daniel Lyons and Miss Rachael Mildon, both of Houghton, will take place tonight at the home of Mr. and Mrs. J. T. Mildon, West Houghton.

A meeting of the Ladies' Aid society

of the Grace Methodist church, Houghton, will be held at the home of Miss Bessie Carah at West Houghton yesterday afternoon.

"A Fatal Card" was produced at the

Armory Opera House, Houghton, last night by the Frank E. Long Stock company. "Tonight 'Peaceful Valley'" will be presented. The company is meeting with the good success it deserves.

Houghton lodge, Modern Woodmen

of America, gave a dancing party at Hartman's Hall, Hancock, last night. The dance was an informal affair. A good attendance was present. Supper was served.

The last dancing assembly of the season

at the Hancock village hall to be given by Miss Grace Cavan this winter will be held tonight. On account of the fact that the party is the last, an unusual large number of Portage Lake young people will no doubt be present.

The regular monthly meeting of the

Houghton village council was held at the village building yesterday afternoon. The usual grist of bills was allowed. Plans for the new pump house in which the new pump recently received for the station is to be installed were talked over.

A powerful engine cannot be run

with a weak boiler, and we can't keep the strain of an active life with a weak stomach; neither can we stop the human machine to make repairs. If the stomach cannot digest enough food to keep the body strong, such a preparation as Kodol Dyspepsia Cure could be used. It digests what you eat and it simply can't help but do you good. Stafford Drug Co., Marquette; H. N. Meloche, Ishpeming.

A GIANT INDUSTRY.

Material Benefits Resulting From Sir Henry Bessemer's Invention.

According to Prof. R. H. Thurston, who writes of "The Steel Industry of America" in the February Century, Sir Henry Bessemer's invention has added more to the world's wealth than any other save the steam engine. The following figures give an idea of the extent of the production of steel throughout the world:

The world's product of Bessemer steel in 1892 would have made a colanade of pillars 20 feet in diameter and 100 feet high, 1,672 in number, extending over three miles, 836 on each end, or a single row over six miles long. Each working day in that year there was produced the equivalent of between five and six such columns, and Henry Bessemer's invention has added nearly as much as was the total annual product of the great city of Sheffield at the time of Bessemer's invention.

The annual production of Bessemer steel was in another comparison, shown to be the equivalent of a column 100 feet in diameter, the size of a moderately large gas holder, and 6,584 feet 6 inches high—a mile and a third. This would be 164 times as high as the cross on the dome of St. Paul's in London. One-twelfth of its altitude would measure the production of a single month, and would rise to above the height of the Washington monument. A single hour would yield a pillar of steel 3 feet in diameter and about 100 feet high. The work of a year would construct a steel wall 5 feet in thickness, 200 feet high and 100 miles long, which would be enough to inclose an area of about 800 square miles, 3 1/2 miles in diameter, sufficient to inclose London and its suburbs in a circle radiating over 20 miles from St. Paul's or the Bank. The foundation of the wall itself would occupy 69 acres.

The United States enters the new

century with about this total production of steel.

AMERICA'S Greatest Medicine is

Hood's Sarsaparilla, because it possesses unequalled curative powers and its record of cures is GREATEST.

A MISUNDERSTANDING.

Misunderstood symptoms of disease lead doctors to treat something else when the kidneys are out of order. Foley's Kidney Cure will bring you health when other medicines have failed. Take no substitute. The People's Drug Store.

Like bad dollars, all counterfeits

of DeWitt's Witch Hazel Salve are worthless. The original quick cure cures piles, sores and all skin diseases. Stafford Drug Co., Marquette; H. N. Meloche, Ishpeming.

TOUR OF PUERTO RICO.

The American Tourist association announces two tours of the beautiful island of Puerto Rico under escort, through and around the island by rail, carriage, automobile and boat.

Special Pullman cars leave Chicago

Thursday, January 11, and Thursday, February 14, at 9:30 a. m., connecting with the splendid new steamship on Ponce and San Juan sailing from New York the second day following. Individual tickets sold for other sailing dates, alternate Saturdays.

Tickets include all expenses every-

where. All railway, steamer and sleeping-car fares, meals and drinks on steamers, meals on dining car, hotel bills in New York and Puerto Rico, all transfers, carriages rides in the cities and through the island, guides and interpreters are included in the tickets. There are no extras. Tours are under the direction of Reau Campbell, general manager, A. T. A., 1423 Marquette Building, Chicago. Itineraries, maps and tickets can be had on application to the Agents of the Chicago, Milwaukee & St. Paul railway. (12-7-10)

WAR FUNDS FOR NASH.

Ohio State Board Comes to Governor's Aid in Preventing Big Fight.

\$50,000 FOR HIS EXPENSES.

Promoters, Undismayed, Continue Their Arrangements Pending the Injunction Case Decision.

USE OF TROOPS AUTHORIZED

Columbus, Feb. 6.—The state emergency board today authorized Governor Nash to spend \$50,000 if necessary in calling out the troops to stop the Cincinnati prize fight.

WARM CONTEST IN COURT.

Cincinnati, Feb. 6.—The second day of the Jeffries-Ruhlin prize fight cases in court brought no indication as to when the hearing will be concluded.

The state is making an exhaustive effort to show that the two fights scheduled for Feb. 15 are to be public nuisances under the provisions of the Ohio law, and on that ground a permanent injunction is asked for.

"PUGS" STILL TRAINING.

The sales of seats, training at the quarters of Jeffries and Ruhlin and Martin and Childs, the work of arranging the boxes and seats at the big hall and all other preparations for the event have been proceeding today as usual.

The only suspension is in withholding the lithographs and other advertising. These will be rapidly distributed if the judge refuses to grant the injunction.

ASKED TO STOP A FIGHT.

Fenton Lawson, director and secretary in both the musical and athletic associations, was the principal witness today.

MAYOR DEFENDS HIS ACTION.

Mayor Fleischmann testified as to the conditions under which he granted the permits for the fights, saying that he was justified in so doing, as he gave the permits for being boxing contests within the laws of Ohio.

GOVERNOR YATES OF ILLINOIS IS AGAIN APPEALED TO.

Springfield, Ill., Feb. 6.—Governor Yates has been appealed to to prevent another prize fight in Illinois. He received a letter today from the city clerk of Waukegan notifying him that a prize fight is scheduled to take place in that city next Wednesday night.

POLO LEAGUE ORGANIZED.

Indiana and Wisconsin teams are the members. Muncie, Ind., Feb. 6.—Racine took the final game from Muncie at polo tonight by a score of 1 to 0.

TODAY'S WEATHER.

Washington, Feb. 6.—The following is the weather bureau's forecast for

Easy Colds

Are you frequently hoarse? Do you have that annoying tickling in your throat? Would you feel relieved if you could raise something? Does your cough annoy you at night, and do you raise more mucus in the morning? Then you should always keep on hand a bottle of Ayer's Cherry Pectoral.

If you have a weak throat, you cannot be too careful. You cannot begin treatment too early. Each cold makes you more liable to another, and the last one is 'always the harder to cure.

PRINCE TUAN'S HEAD SAFE.

Upper Michigan: Snow, with rising temperature Thursday. Friday, probably snow, with rising temperature. Variable winds.

RELATIONSHIP SAVES HIM.

At their meeting this morning the foreign envoys prepared a note to be delivered to the Chinese plenipotentiaries, containing the substance of the decisions arrived at last night.

PLEADS FOR GENERAL SIANG.

The foreign ministers this morning gave out for publication a secret imperial edict naming the plenipotentiaries, which pleads especially for the life of Tung Fu Siang, commander-in-chief of the army.

HITS AT TONTINE COMPANIES.

Bill filed at Lansing makes tontine contracts unlawful with severe penalties.

LANSING, MICH., FEB. 6.—

There have been introduced in the house bills making the contracts of diamond and tontine companies unlawful and providing penalties for persons entering into them.

MAYOR DEFENDS HIS ACTION.

Mayor Fleischmann testified as to the conditions under which he granted the permits for the fights, saying that he was justified in so doing, as he gave the permits for being boxing contests within the laws of Ohio.

GOVERNOR YATES OF ILLINOIS IS AGAIN APPEALED TO.

Springfield, Ill., Feb. 6.—Governor Yates has been appealed to to prevent another prize fight in Illinois. He received a letter today from the city clerk of Waukegan notifying him that a prize fight is scheduled to take place in that city next Wednesday night.

POLO LEAGUE ORGANIZED.

Indiana and Wisconsin teams are the members. Muncie, Ind., Feb. 6.—Racine took the final game from Muncie at polo tonight by a score of 1 to 0.

TODAY'S WEATHER.

Washington, Feb. 6.—The following is the weather bureau's forecast for

Easy Colds

Are you frequently hoarse? Do you have that annoying tickling in your throat? Would you feel relieved if you could raise something? Does your cough annoy you at night, and do you raise more mucus in the morning? Then you should always keep on hand a bottle of Ayer's Cherry Pectoral.

If you have a weak throat, you cannot be too careful. You cannot begin treatment too early. Each cold makes you more liable to another, and the last one is 'always the harder to cure.

TO PUT END TO HAZING.

House Investigating Committee Drafts Bill in Drastic Terms.

SUPPORTED BY THE SENATE

Amendment Passes the Upper Branch Providing Expulsion and Ineligibility for Army Service.

FOR PEACE AT WEST POINT

Washington, Feb. 6.—The special committee of the house which investigated the hazing at West Point has practically completed its labors and has framed its report and the bill which will be proposed as a remedy for the evil.

SENATE PASSES WAR TAX BILL.

An amendment hitting the bucket shops is a feature of the measure.

MR. TILLMAN PROTESTS.

In a vigorous speech today Senator Tillman of South Carolina protested vigorously against the holding of night sessions, both urging that nothing would be gained by such an unusual insistence by the majority.

POSTAL DEBATE LENGTHY.

House consumes another day's time with it.

AGED EMPEROR TO WED.

Report again revives that Franz Joseph will marry Frau Schratz, ex-actress.

AGED EMPEROR TO WED.

Paris, Feb. 6.—In its issue today the Spectator revived the story of the alleged impending marriage of Emperor Francis Joseph and Frau Schratz, formerly the Burg theater, which report lately was denounced as a canard in Vienna.

AGED EMPEROR TO WED.

The emperor has signed a brevet raising Frau Schratz to the rank of nobility under the title of Countess Hochsternberg, and the publication of this brevet and the marriage, it is said, will take place immediately.

GREAT GLASS STRIKE LIKELY.

New order issued by the trust may close every plant in the United States.

AGED EMPEROR TO WED.

Hartford, Conn., Feb. 6.—A strike that may involve more than 30,000 men by the closing down of every plant of the American Window Glass company in the United States is now on in the gas belt.

AGED EMPEROR TO WED.

Washington, Feb. 6.—The president today sent to the senate the nomination of Carroll D. Wright of Massachusetts to be commissioner of labor.

AGED EMPEROR TO WED.

Dayton, O., Feb. 6.—Rev. Jonathan Weaver, bishop emeritus of the United Brethren church and an aged divine widely known in religious circles, died this morning at his home in this city.

STAND OF THE MAJORITY.

Senator Aldrich of Rhode Island said that no appropriation bills were pending.

HE JOGS UP THE CUBANS

M'Kinley Anxious Constitution Be Drafted Before Congress Adjourns.

TO SHARE RESPONSIBILITY

In Case of Delay, However, President Will Withdraw Troops if Declarations Be Satisfactory.

GUARANTEE FIRST WANTED

Washington, Feb. 6.—It was admitted today by a high official of the government that the administration earnestly desires the adoption of the Cuban constitution before the adjournment of the present congress.

MINERS LESS DETERMINED.

Some prospect now of agreement on the coal scale.

AGED EMPEROR TO WED.

Columbus, Feb. 6.—The first sign of a break in the stand taken by either side in the interstate conference between the coal operators and miners came this afternoon, when it was decided by the miners that they would recede from the position they took in the Indianapolis convention.

AGED EMPEROR TO WED.

Secretary Root said this afternoon he had no idea when the Cuban convention would finish its work or what action would devolve upon the government of the United States with respect to it, as everything depended upon the terms of the constitution itself.

AGED EMPEROR TO WED.

Illinois has whip hand. Today's developments show conclusively that the Illinois operators are the controlling factor in the interstate mining agreement.

AGED EMPEROR TO WED.

Tossed by an earthquake. Steamer has thrilling experience in so America seas.

AGED EMPEROR TO WED.

San Francisco, Feb. 6.—The steamer Guatemala, from the South American coast, reports that on Jan. 6, when 160 miles south of Guayaquil and five miles off shore, the vessel experienced the heaviest earthquake shock ever felt in those waters.

AGED EMPEROR TO WED.

Fire on west superior dock. Flames break out in a big pile of soft coal.

AGED EMPEROR TO WED.

West Superior, Wis., Feb. 6.—Fire is raging in one of the soft coal piles at the Youghiogheny & Lehigh docks at West End. The fire is on the side of the dock opposite the scene of the former large fire, and a repetition of that disaster is feared.

AGED EMPEROR TO WED.

Frequent coughing. Inflames the lungs. Foley's Honey and Tar stops the coughing and heals the lungs.

AGED EMPEROR TO WED.

Only one remedy in the world that will at once stop itching of the skin in any part of the body; Doan's Ointment. At any drug store, 50 cents.

CROWDS THROUGH THE HAGUE. WEDDING OF THE QUEEN. TO OCCUR TODAY, ATTRACTING THOUSANDS OF VISITORS.

The Hague, Feb. 6.—The wedding of Queen Wilhelmina and Duke Henry of Mecklenburg-Schwerin shows a winter carnival holding sway over The Hague. It is an ideal evening, clear and cold. Already a hundred thousand Hollanders, with many foreigners, have been added to the population of the city, and trains from all quarters of the kingdom are bringing thousands more.

The people go marching about or in carriages, singing or playing the national anthems. The tri-colored flags of Holland and the House of Orange are everywhere displayed, with the occasional light blue banner of Mecklenburg. The queen dined at the palace this evening with Duke Henry and the families of the two. Occasionally she appeared at an upper window to bow in response to some surrounding society.

The royal bride-to-be Queen Wilhelmina Pauline Helen Marie, has had almost as many suitors as Penelope herself, for every royal house in Europe, except Roman Catholic families, that has a marriageable prince to offer has had designs upon Wilhelmina's heart and hand.

It is, by the way, to "King" Wilhelmina, not "Queen," that officials and other public servants take the oath of allegiance. This was decided upon some time ago by the Dutch high court of justice, and was in a line with Queen Emma's wishes—"I desire to make Queen Wilhelmina something better than a strong woman: I wish to make her a king."

HER CLOTHES ARE SIMPLE. The queen has always dressed very simply indeed, there is a story that she often wears a "last season" hat, and, moreover, one trimmed by her own royal fingers. "As plain as the queen of Holland's petticoat" is a by-word with a certain young American girl who came across the queens a few years ago when they were "doing" London in a quiet way. Both queens were very plain, stout shoes, and the uplifted dresses revealed white petticoats absolutely devoid of trimming of any kind.

The queen dowager has always been simple in her habits. On one occasion when she visited an empress her entire suit—much to the surprise of the empress—consisted only of an aged chamberlain and a lady of honor. Upon occasions the queen dowager has even traveled second class, preferring to do so on account of meetings—although less elegant—far more interesting people.

Nor is the etiquette of the Dutch court rigid, the queen being quite accessible to the people. Persons wishing to pay their respects call at the palace about five days previous, write their names in a book kept for that purpose, and if there is no reason for their exclusion they are admitted upon the specified day. In the matter of retainers and attendants there has never been a great amount of pomp and circumstance.

A VERY BUSY WOMAN. No ruler in the world attends more strictly to her duties than Queen Wilhelmina. She is busy every day with one matter which her ministers lay before her and with the affairs of her court. She has said of herself that she never plays, but always works. These concerns, which she might rashly consider to be her pleasures—her receptions and state banquets—are, in fact, her most irksome duties. During the "season" she is bound to notice, with exactly equal attention, each one of the 400 or 500 persons of the court. Note is kept of these courtesies and of the order in which she pays them, and she has punctiliously to acquit herself of the whole duty down to the properly timed and measured chat with the last diplomat and his wife before the close of the last levee.

The young queen is not beautiful, but very good to look upon—wholesome and frank, with a pleasant smile for every one. She has blue eyes, a clear complexion, a Grecian nose; her forehead is broad and rather high, and her teeth are large, white and even; her blond hair, which is slightly wavy, is brushed back to show the "orange ear." She has a well-shaped head and a slender, graceful figure, with a queenly bearing. She inherits her father's taste for music—he once wrote an opera which was much praised, at least by friends. Her education having been conducted in the most conservative Dutch fashion, it follows that she is thoroughly versed in domestic science, knowing how to cook and sew. She also embroiders beautifully.

DEWEY HAS PICTURE TAKEN. SHOWS ADMIRAL'S UNIFORM AND WILL REPLACE "CAPT." DEWEY AT THE NAVY DEPARTMENT.

Washington, Feb. 6.—Admiral Dewey has furnished the Bureau of equipment of the navy department with a new picture of himself and has removed the photograph which had swung there since his detachment from the bureau, some ten years ago.

The old picture showed the admiral dressed in the uniform of a captain; the rank he held while serving as chief of the bureau. The admiral desired, however, to provide the bureau with what he regarded as a better likeness, and he requested Rear Admiral Bradford, the present chief of the bureau, to permit him to make the change. Admiral Bradford courteously consented, and Captain Dewey has come down and Admiral Dewey has been substituted. Rear Admiral W. S. Schley has his picture hanging on the wall showing him in the uniform of a commander, the rank he held while serving as chief of the bureau. Captain F. E. Chadwick, who succeeded Captain Dewey, wears in the picture the uniform of a captain. Rear Admiral Bradford, when he leaves the bureau, which is not expected for some years, the likelihood being that he will be reappointed, will have his photograph taken in the uniform of a rear admiral and hung on the wall.

ADMIRAL DEWEY, for some reason, desired to appear in his admiral's uniform, and the photograph shows the broad bands on his sleeves and the device on his collar which announces to the initiated the rank of their wearer.

CHICAGO GRAIN MARKETS. Chicago, Feb. 6.—Wheat today was more active, but the range was only 1/2c. The market opened weak, with lower prices ruling 3/4c to 1c below the lower level, at 74c, rallying to 74 1/2c and closing about the same as yesterday.

The foreign news was bearish and was the main disturbing influence. The English cables were weak and private advices from India and Argentina were bearish. At Liverpool, wheat was steady to 1/2 penny lower, with futures down 1/2c. The news from the Northwest was bearish, while New York reported foreigners sellers there. The clearings were moderate, at 200,000 bushels, and the seaboard reported thirty-four boatloads accepted. Corn was active, but weak under general selling both for long and short account. May declining and closing about 3/4c lower than yesterday.

The further break in wheat, cold weather, weak cables and slack cash demand were the main bear influences. At Liverpool, spot was steady to 1/2 penny lower, with futures down 1/2c. The country offerings were moderate, while the exports were smaller, at 273,000 bushels, and the seaboard reported fifty-six boatloads accepted. Pit traders and wheat specialists sold freely, and bear interests were aggressive on the short side. Considerable long property was liquidated, aiding in the decline.

Oats were active and, although the prices averaged lower, the decline was small in proportion to the other grains. The prices receded 1/4c, but closed only 1/4c lower than yesterday. There was heavy selling in the early trading and scattered buying by commission houses. The seaboard clearances were 106,000 bushels. The leading futures ranged: —May Wheat— Opening, Highest, Lowest, Closing. 74 1/2@75 74 1/2 74 1/2 74 1/2 —May Corn— 39 1/2@40 39 1/2 38 1/2@39 38 1/2

The movement of flour and grain was: Receipts—Shipments. Flour, barrels, 64,000 25,000 Wheat, bushels, 44,000 59,000 Corn, bushels, 222,000 87,000 Oats, bushels, 229,000 125,000

WALL STREET STOCKS. New York, Feb. 6.—The trading in stocks and bonds today showed extraordinary volume and variety, the aggregate sales of all stocks reaching nearly ten million shares. The day's business in bonds also was very large, but it did not reach the level attained at various times in the dull market of the spring of 1899.

The opening bulge in the market was most pronounced in the steel stocks, under the influence of a growing belief in the plan to consolidate all the great steel combinations. This billion-dollar consolidation is so stupendous in its proportions, and offers such vast possibility for the flotation of new securities, as to dazzle the most fertile speculative imagination. The current belief in its accomplishment really underlay the whole speculative movement of the day, although there were other considerations which supplemented it.

The most conspicuous movements in the steel stocks and the largest transactions were in Federal Steel and Steel & Wire. Federal Steel rose 3/4c and preferred 1/2c, while Steel & Wire rose 3/4c and preferred 1/2c, with National Tube up 3/4c and Republic Steel preferred 1/2c. There were considerable reactions in this group after the opening bulge.

Selling to take profits showed signs of urgency at many points in the railroad list, and some of the leading stocks got from 1 to 2 points under last night. Most of which have recently advanced most strongly. The weakest of the decline, Pennsylvania, the coalers, grangers, Southwestern (including Atchison and Southern Pacific) and Louisville were all conspicuously heavy. Some of them remained comparatively heavy until the close, although the late violent recovery in the Readings and St. Paul affected the members of their respective groups. The belief had been rather fostered that the dividend on Reading first preferred would be maintained on a 3 per

cent. basis, and its increase to a 4 per cent. basis caught a large short interest both in that stock and in the Erie. The hope is encouraged of a commensurate dividend on Erie first preferred. The late movement carried Reading first preferred 3/4c points over last night and Erie first preferred 2. Union Pacific yielded under early profit-taking, but took a very prominent part in the recovery, reaching a level 4 1/2 points over yesterday's.

Closing prices were as follows, Paine, Webber & Co., Marquette, reporting the figures: Am Zinc, 13 Leather, 131 U S Oil, 134 Fed Stl., 532 Cent Oil, 1124 Pfd., 812 Bisc. Com 39 1/2@40 Peo Gas, 1014 Tin, Com 604 Atch., 544 Oil Pfd., 37@37 1/2 Pfd., 881 Nat. Sd., 48 1/2 N. P., 853 Pfd., Pfd., 871 Am Hoop 32 U P., 94 Stl & W., 514 Pfd., 874 N & W., 46 Mo P., 912 So Rwy., 245 Man., 1194 N Y Cent 146 C & O, 461 Sugar, 137 1/2 So Pac., 473 C B & Q., 147 1/2 Rdg., 762 Rock Isld 127 Big 4., 164 St Paul., 153 1/2 Met., 164 B R T., 79 Pac Mail, 874 Rubber, 20 B & O., 83 G F & I., 118 T C I., 663 Am Tob., 461 C G W., 21 Cont Tob 461 C G W., 21 O & W., 34 Penna., 1492 3rd Ave., 132 L & N., 93

* Asked. NEW MONEY AND METALS. New York, Feb. 6.—Money on call today was rather steeper, at 2 1/2 per cent; last loan, 2. Prime paper, 3 1/2 per cent. Exchange, easy, demand at 4.88 1/2 and sixty days at 4.84 1/2.

Copper was without important new features, ruling dull, and easy at 37 cents for Lake Superior and 36 1/2 for casting and electrolytic, these figures being largely nominal in the absence of business. The close at London was quiet, at £71, 6 s. 3 d. While the iron markets abroad were weak and lower, the domestic markets were without any special feature, though displaying an easy undertone. The close was easy, at \$9.59@10.50 for pig iron warrants, with Northern foundry at \$15.00@16.50 Southern foundry, 14.50@15.75, and soft Southern, 13.90 @15.75. At Glasgow, iron closed at 53 s. 7 d and Middlesbrough at 46 s. 6 d.

BOSTON COPPER QUOTATIONS. The closing prices of the Boston copper stocks yesterday, as furnished by Paine, Webber & Co., Marquette, Mich., were as follows: Advc., 10 @ 10 1/2 O D., 31 1/2 @ 32 Arc., 18 @ 18 1/2 Osc., 8 1/2 @ 8 3/4 Ash., 25c @ 25c Par., 48 @ 48 1/2 All., 24 @ 3 Quincy, 168 @ 170 Arn., 34 @ 3 1/2 R I., 44 @ 5 Atl., 20 1/2 @ 21 Amal., 90 1/2 Baltic, 36 1/2 @ 37 S Fe., 6 @ 6 1/2 B & M., 317 @ 319 Tam., 333 @ 335 B & B., 80 @ 81 Tec., 1 1/2 @ 2 C & H., 848 @ 852 Tri-M., 21 1/2 @ 22 Cent., 22 1/2 @ 23 Utah., 32 1/2 @ 33 Cop Rg., 42 @ 42 1/2 U L., 1 1/2 @ 2 1/2 Frank., 18 @ 18 1/2 Vict., 34 @ 4 Isle Roy., 38 @ 38 1/2 Win., 6 @ 6 1/2 Mass., 12 @ 12 1/2 Wyo., 44 @ 44 1/2 May F., 2 @ 2 1/2 Wyand., 14 @ 2 Ana., 44 @ 44 1/2 Elm R., 44 @ 44 Moh., 23 @ 23 1/2 Bing., 18 1/2 @ 19 Mich., 54 @ 6 U S M., 11 @ 11 1/2 Old Col., 3 @ 3 1/2 C Erka., 24

* Asked. † Bid. OBITUARY. Mexico City, Feb. 6.—Eliphalet Nott Potter, brother of Bishop Henry C. Potter of New York, died this evening at the Hotel Jardin in this city.

Say, Charley, what makes you so late for supper tonight? Why, I just dropped into the Aetna Life Insurance company's office for a few moments to have Mr. Vandenberg explain their new policy. I found it so interesting that I took it up at once. Oh, I am delighted to know that you have insured in the Aetna, for papa always said the Aetna was his favorite company; and when he died they paid the insurance so promptly that I cannot help admiring the management of that company. (2-6-1w)

Drop in to Heppner's and prove for yourself if they do not make the best oyster stews in the town.

Inspire one to nobler and better deeds; unlocks the gates of happiness; pours glowing vitality into your system. That's what Rocky Mountain Tea will do. 35c. Stafford Drug Co.

The 1861 endowment of the Aetna Life is the finest policy ever placed before the public. For full particulars, see F. H. Vandenberg, Savings Bank building, Room 1. (2-6-1w)

FATAL delays are caused by experimenting with cough and cold cures. Foley's Honey and Tar will prevent a cold from resulting in PNEUMONIA. The People's Drug Store.

FROST BITES AND CHILBLAINS quickly cured by BANNER SALVE, the most healing remedy in the world. The People's Drug Store.

Coughs and colds, down to the very borderland of consumption, yield to the soothing healing influences of Dr. Wood's Norway Pine Syrup.

Don't irritate your lungs with a stubborn cough when a pleasant and effective remedy may be found in BANNER LARDER HORSEHOOD SYRUP. Price 25 cts. and 50 cts. The Stafford Drug Co.

A WHOLE FAMILY. Rev. L. A. Dunlap, of Mount Vernon Mo., says: "My children were afflicted with a cough resulting from measles my wife with a cough that had prevented her from sleeping, more or less for five years, and your White Wine of Tar Syrup has cured them all." The Stafford Drug company.

NOTICE. I have dry and green 16-in. hard and soft block and split wood, selling at market price also round and square dressed red pine. I am also agent for the H. O. Rose Pottery line, the only Pottery line handled in the city; figures given on car lots or less on application. I also carry in stock calcine and plaster, plastering hair, fire clay, Port land and natural cements, brick, lake sand, sewer pipe and gipsine in all colors. I also do general teaming and carpentry work. GEO. W. FRENCH, Marquette, Mich. 30th Phones.

.. NOW READY! .. THE COPPER HANDBOOK .. BY HORACE J. STEVENS, DEPUTY COMMISSIONER OF MINERAL STATISTICS.

The most complete compendium of the Lake Superior Copper Mining Industry

Ever published. Complete and accurate descriptions of the mines and their managements. Statistics from the opening of the mines to the present time. History of Copper mining in Lake Superior. The past, present and future of copper, copper mines and of copper shares. Information of every kind regarding the copper mining industry, written and compiled by the best authority on the subject in the state. A book of nearly 400 pages of valuable information.

PRICE, in paper cover, \$1.00 SENT CARRIAGE PAID TO ANY ADDRESS ON RECEIPT OF PRICE

POND'S EXTRACT

There is only ONE POND'S EXTRACT, and everybody knows its purity, strength and great medicinal value. Don't take the weak, watery Witch Hazel preparations represented to be "the same as" POND'S EXTRACT. They generally contain "wood alcohol," which irritates the skin, and, taken internally, is a deadly poison. Get genuine POND'S EXTRACT, sold ONLY in SEALED bottles, in BUFF wrappers.

EVERYTHING NEEDED

OUR LOCAL MANUFACTURERS AND RETAIL DEALERS

Can Be Had in Detroit, in Latest Variety, of Best Value, and at Satisfactory Prices.

There is no necessity for our business firms to go elsewhere than to Detroit for anything they need in their varied lines. The State Metropolis contains all they can require. Her wholesale merchants, manufacturers and financial institutions are well known throughout the country for experience, enterprise, courtesy and fair dealing. Many of her concerns are the largest in the world. Our local merchants, factors and farmers need not be urged to trade in Detroit from considerations of State pride, because Detroit offers them positive advantages which are entirely practical and aside from sentiment. The announcements which follow are those of leaders in her various lines of trade. These houses invite the custom of all with whom they have not as yet formed business relations. Their present customers are their references, were any needed. They will cheerfully welcome all visitors, to whom they can impart information of great value in their special lines. A personal call on any of these firms cannot fail to prove pleasant and highly instructive. Those of our readers in trade or who are in any way interested in the lines noted below, should by all means make the visit.

MAY NOT GO THROUGH.

REPORTED HITCH IN THE LEASE OF THE LUCY MINE TO THE NORTHWESTERN FURNACE CO.

It has been known for some time that negotiations were being carried on between the Pendill estate and the Northwestern Furnace company of Mayville, Wis. Announcement of this was made in the columns of this paper the middle of last month, and since then nothing of a definite nature has taken place, as far as can be learned. The Pendills went below some time ago ostensibly to complete the deal, but they have been back for quite a while and still nothing new is given out. The lease has not been signed and it is a question if it will be. The Furnace company, from all indications, is anxious to get the property. The Pendills are reported to have asked forty cents royalty on the ore and there is where the hitch comes in.

The Lucy was opened in 1870 and has been idle since 1898. While it was active it produced 51,159 tons of ore. The Northwestern Furnace company evidently does not think the ore is worth forty cents royalty, and unless a concession on the royalty is made negotiations are liable to stop just where they began. Negaunee people are, naturally, much interested in the matter, as they are very anxious to see this mine once more listed among the producers.

FIRST SUBMARINE CABLE.

Which was made from an ordinary wire, insulated with gutta percha, was laid across the English Channel about fifty years ago. It was also about the same time that Hostetter's Stomach Bitters, the world renowned dyspepsia cure, was first introduced to the public; and its success as a family medicine during those years almost eclipsed that of the submarine cable. To-day it stands alone as the one reliable remedy for dyspepsia, indigestion, flatulency, constipation, biliousness, nervousness or insomnia. If you are a sufferer from these diseases, it is because you have never tried the Bitters. Try it at once, if you would be well. It will strengthen your entire system, and produce sound sleep, and good health must naturally follow.

CARELESSNESS OF DRIVERS.

Through the neglect of drivers about the city the beautiful shade trees are fast being ruined. These drivers are in the habit of tying their horses to the trees, or so near that the animals can easily reach them, and gnaw off the most beautiful maples are badly injured and in some cases killed. To protect them they will soon be quite beyond saving. Negaunee has always prided herself on her street trees, and justly so. Some of her citizens have spent not a little time and money in planting and caring for them, and ruining them should not be permitted. There are enough adverse circumstances which the prospective tree grower has to fight without saddling this extra burden on him. Let the drivers be more careful in the future and thus Negaunee can still boast of her trees.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never tried any other medicine, except for Indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of the liver, stimulate the nervous and organic action of the system, and when they took when feeling dull and had with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. The Stafford Drug Co.

THROUGH AT LAST.

Yesterday afternoon connection was made between the two divisions of the new shaft at the Negaunee mine. A hole was drilled through the existing shaft which was rapidly enlarged yesterday until a passage was made. Captain Piper is to be congratulated upon the success of this undertaking. He has been at work on this shaft for the past eighteen months and has encountered all kinds of obstacles. It is a hard job to sink a shaft through sand and in this instance this hardship was augmented by the fact that the sand was very quick. When the ledge was reached it was thought it would be comparatively clear sailing, but a vast amount of water was encountered which materially delayed the work.

After the drill hole was put down the air in the mine was noticeably improved. There has always been a lack of circulation in this mine, which will be quite done away with from this time on. Captain Piper expects to hoist through this shaft on May first, and it is the expectation that a large quantity of ore will be shipped from it the coming season.

SCARCITY OF DWELLINGS.

It would be a safe remark to make that there is not a desirable residence property in this city for rental. If there is it is the fault of the owners, as not a few are looking for homes. There will certainly have to be some residence building done here as soon as spring comes, and the chances for quite a building boom at that time are very bright. Last summer there was no scarcity and there were from five to six hundred more men at work than now. The only reason for this seeming paradox is that at that time business was not so good as it is now. Many house owners were occupying but a few of the rooms in their residences, renting the rest to other people. This winter times are considerably improved, the general outlook is better, con-

HOW'S THIS?

We offer one hundred dollars reward for any case of Catarrh that cannot be cured by the Catarrh Cure. The reward was F. J. CHENEY & CO., Props., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable and financially able to carry out any obligations made by their firm.

Walling, Kinnear & Marvis, Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Price 75c per bottle. Sold by all druggists. Testimonials free.

Hall's Family Pills are the best.

ANGROVE & THOMAS,

Located in the Mulvey block, are conducting a first-class saloon, where you can always find the best wines, liquors and cigars. (2-6-1m)

W. L. Yancy, Paducah, Ky., writes: "I had a severe case of kidney disease and three of the best physicians in southern Kentucky treated me without success. I was induced to try Foley's Kidney Cure. The first bottle gave immediate relief and three bottles cured me permanently. I gladly recommend this wonderful remedy." The People's Drug Store.

TABLET'S BUCKEYE PILE OINTMENT

is no panacea, but is recommended for Piles only. These it will cure. Price 10 cents in bottles; Tubes, 75 cents. The Stafford Drug Co.

ABOUT COUGHS AND COLDS.

Bunson's Pine Tar Cough Honey relieves the worst cough or cold almost instantly. Continued use will cure any cold, however severe or of however long standing. It will positively prevent the many dangerous results of half-cured colds or coughs. The best is the cheapest. Take Bunson's Pine Tar Cough Honey. The Stafford Drug Co.

TO STOP A COLD.

After exposure or when you feel a cold coming on, take a dose of Foley's Honey and Tar. It never fails to stop a cold if taken in time. Take nothing else. The People's Drug Store.

Lower Michigan News.

John Hopcroft, a Michigan Central conductor, fell under a car at Grayling and lost his hand at the wrist and the fingers of his right hand. He is a member of the Brotherhood of Railway Conductors, and will receive \$1,200 for the loss of his hand.

An option on fourteen furniture factories in Grand Rapids, with a combined capital of \$5,000,000 and an output of \$6,000,000 worth of furniture per year, has been secured by H. A. Marston. It is expected a trust to control them will be formed in the east.

Twenty-four freshmen students of Albion college, who were suspended by President Ashley for disobeying orders and taking a sledge ride to Homer a few nights ago, have submitted written apologies to the president. The apologies were accepted, but some of the students will be deprived of social privileges.

Margaret Olewina obtained a divorce from her husband, John, in the circuit court of Grand Rapids, and then sued for back alimony which was allowed her during the pendency of her suit. Judge Wolcott decided that it is not a debt, being temporary relief during the suit, and cannot be collected except during the pendency of the suit.

It is stated that the American Express Co. has about concluded to test the validity of the law by which they are assessed 3 per cent. on gross earnings. Its case will rest upon the decision of the supreme court in the Neaska freight rate cases, in which it was held that the rates fixed by the legislature amounted almost to confiscation.

To those who are making complaints regarding errors made by officials which result in the setting aside of tax sales, Aud-Governors points out that the records and books in the office are open to the public; that every tax title dealer in the state knows this and knows exactly what he wants to get out of the books, taking advantage of the court decisions.

The management of the beet sugar factory at Kalamazoo is making some experiments as to the practicability of using the factory as a refinery for crude sugar. Of late large quantities of cane syrup have been received from southern points and is being worked up into sugar. If it is found that the present machinery is suitable for the work, the factory will be kept running the year round on cane syrup.

Attorney-General Owen is preparing to institute quo warranto proceedings against the Pontine Surety association of Minneapolis, which has done an extensive business in Michigan. The attorney-general's office is flooded with letters from shareholders in these concerns. Most of the writers are persons who receive small salaries and who were induced to go into the scheme by the representation that it would enable them to get a large return on their investment.

Coldwater is suffering from a reaction from the boom which set in there a couple of years ago, following the establishment there of several new industries. The cement factory there has been closed, also three others in the vicinity, and several smaller plants have been shut down, this throwing several hundred men out of employment and occasioning great distress. The town is also having a run of the grip and the doctors and superintendent of the poor are kept very busy this winter caring for the ailing and destitute.

A detective employed by the Grand Trunk Western railroad, discovered that a gang of small boys at Battle Creek have been driving a thriving business as coal dealers in that city, obtaining their stock from the yards of the company at Nichols and supplying a number of Battle Creek families with their winter supply of the fuel. Five of the boys are under arrest and the traffic has been broken up. The families who obtained coal from the boys will be forced to settle up, with the alternative of standing prosecution for receiving stolen property.

John Slack, a prominent and well-to-do farmer living two miles south of White Pigeon, was arrested Monday afternoon on a charge of attempted poisoning of his wife. The warrant was sworn out by his wife. Mrs. Slack was taken violently ill Saturday after taking, as she supposed, a powder left by her physician. She was afterwards saved her life and she is now out of danger. A small portion of the powder remaining in the jar was analyzed by two physicians to be strychnine. Slack is alleged to have purchased ten grains of the poison at a local drug store the week previous, to be used in killing rats. He protests his innocence. Slack was released on \$1,000 bail and his hearing was set for Thursday. He has previously borne a good reputation, and citizens are shocked at the charge.

The members of the commission appointed to have charge of the Michigan exhibit at the Pan-American exposition at Buffalo held a meeting at Lansing Monday and organized for work. Gerritt J. Diekmann of Holland was made president, Wm. H. Wallace of Port Huron vice president, H. H. Smith of Detroit, treasurer. The work of assembling the different features of the exhibit was assigned as follows: Geo. H. Barbour, manufactures and beet sugar; Minor T. Cole, agriculture, horticulture and dairy products; Jas. H. Fee, mines and minerals; Wm. H. Wallace, railroads, fish, fisheries, salt, coal and cement; G. J. Diekmann, educational, historical and the liberal arts. The commission voted to fix the salary of the secretary at \$100 per month, and has gone to Buffalo to inspect the exposition grounds and the site for the Michigan building, preparatory to letting a contract for construction of the latter. The building will cost \$100,000 and the contract for constructing it will be let when the commission returns from Buffalo.

SORES AND ULCERS.

Sores and Ulcers never become chronic unless the blood is in poor condition—is sluggish, weak and unable to throw off the poisons that accumulate in it. The system must be relieved of the unhealthy matter through the sore, and great danger to life would follow should it heal before the blood has been made pure and healthy and all impurities eliminated from the system. S. S. S. begins the cure by first cleansing and invigorating the blood, building up the general health and removing from the system A CONSTANT DRAIN UPON THE SYSTEM.

When this has been accomplished the discharge gradually ceases, and the sore or ulcer heals. It is the tendency of these old indolent sores to grow worse and worse, and eventually to destroy the bones. Local applications, while soothing and to some extent alleviate pain, cannot reach the seat of the trouble. S. S. S. does, and no matter how apparently hopeless your condition, even though your constitution has broken down, it will bring relief when nothing else can. It supplies the rich, pure blood necessary to heal the sore and nourish the debilitated, diseased body.

Mr. J. B. Talbert, Lock Box 25, Winona, Minn., says: "Six years ago my leg from the knee to the foot was one solid sore. Several physicians treated me and I made two trips to Hot Springs, but found no relief. I was induced to try S. S. S., and it made a complete cure. I have been a perfectly well man ever since."

It is the only purely vegetable blood purifier known—contains no poisonous minerals to ruin the digestion and add to, rather than relieve your sufferings. If your flesh does not heal readily when scratched, bruised or cut, your blood is in bad condition, and an ordinary sore is apt to become chronic.

Send for our free book and write our physicians about your case. We make no charge for this service.

SALARIES ARE BOOSTED.

Supervisors Succeeded in Pleasing the County Officials Yesterday Afternoon.

TREASURER SKOGLUND WAS GIVEN A PARTICULARLY BIG ADVANCE.

Small Pox Bills to the Amount of \$7,658.27 Were Approved After Special Committee Had Reduced the Total \$2,065.65, from \$7,723.92.

LARGE AGGREGATE OF MARQUETTE BILLS

The salaries of all the county officers were substantially increased by the supervisors yesterday. During the past four years of good times and prosperity...

Judge of Probate Kelsey's salary is fixed by statute but it will be greater during the four years of his present term than it has ever been before. Sheriff Pengase was allowed \$1,200 where his predecessor received \$1,000...

Prosecuting Attorney Bell was allowed \$1,800 compared with a former salary for this office of \$1,500. J. H. Primeau fills two offices, register of deeds and abstract clerk. Fees reward the first position. The salary for the second has been \$600 a year...

HEAVY SMALL POX BILLS.

The small pox bills were very heavy, totaling up \$7,658.27, but they would have totaled \$9,723.92 had not the board placed them in the hands of a special committee for the purpose of investigation and retrenchment. This committee, composed of Mark Elliott, Dave Morgan and J. H. Rough, did not report in favor of reductions aggregating \$2,065.65...

It will be seen that Marquette came out of the cutting process very well. The reduction in the total of its bills being much less in proportion than in the case of Negaunee and Ishpeming and some of the townships. The greatest cut was on Dr. Brown's bill which was reduced from \$30 to \$15 a day. Even here the reduction was less than in the case of the up-the-road physicians.

Small pox is now pretty well crushed out in the county. There are a couple of convalescent patients at Ishpeming but in no other city or township is the disease found. There are still some bills to come in, amounting, probably, to something over a thousand dollars. The epidemic was very costly and it is to be hoped that no other will be experienced in many years. One of the supervisors remarked to the clerk yesterday when he finished reading the small pox accounts, "that is the most expensive speech that you have made in months" and he hit the nail on the head.

head. A few more such speeches would send taxes soaring. BUY BRIDGES AND ROADBED.

The county is to have a new road. It will be fourteen miles in length and will consist of the old roadbed of the Huron Bay & Iron Range railroad. The special committee appointed at the last meeting of the supervisors to look into this matter reported in favor of acquiring the roadbed and converting it into a highway. His report stated that there were ten wooden bridges on the right of way and that they, and the remainder of the roadbed, could be acquired for \$2,000. A resolution authorizing the prosecuting attorney to attend to the details of the proposed transfer was approved. Later on the county clerk was instructed to draw a warrant on the county treasurer for the sum of \$2,000, payable to the Detroit Construction company, the concern which wrecked the Huron Bay & Iron Range road.

The proposed highway will open up a new inaccessible country in the northern part of the county. There are some settlers on it and considerable timber. Those who have looked into the matter say that the new road will be a valuable improvement, one worth all the money that the county will put into it.

Later in the session the matter of a new road north of the city over Sugar Leaf was broached. It was suggested that it was time that the supervisors gave it some attention. Nothing was done, however, and the question was allowed to lay over for another spell.

THEY REGISTER A PROTEST.

The supervisors from Forsyth and Turin township presented a resolution protesting against the proposition to set off certain lands of these townships from Marquette county, for the purpose of annexing them to Delta county. It set forth that the attempt was being made not at the instance of the people living on the lands in question or of the supervisors of the townships but against their wishes. It was provided that copies of the memorial be sent to the houses of the state legislature and that the county's representatives be instructed to use every means in their power to prevent and partition of its territory. This resolution was unanimously approved.

The poor committee reported that it had visited the county poor house and that it found everything in as good condition as could be asked considering the old buildings now occupied. It reported that these structures are more comfortable than they were last winter owing to the installation of a new heating plant but it advised that the proposed new poor house be erected before winter arrives.

The bonds of Treasurer Skoglund and Circuit Court Commissioner Brown were approved. Owing to the fact that the train due here at 10:40 did not arrive until 12:10 the supervisors were not able to discuss the business in the morning. They succeeded in finishing up in the afternoon in time to get away at 3:05 o'clock.

ORDERED TO THE PHILIPPINES.

Major C. B. Sears to Depart at Once for New Post of Duty.

The many Marquette friends of Major Clinton B. Sears, United States engineer in charge of the river and harbor improvements on Lake Superior, will regret to learn that he has been ordered to the Philippines and that he will leave the post he has filled so acceptably during the past several years for an indefinite period. Major Sears has been a frequent visitor to this city, particularly during the periods when work on the concrete breakwater has been progressing. He has always taken a lively interest in the progress at this structure and has studied it with much interest, the novelty of the construction giving it a particular attraction for him. Major Sears cannot be replaced by a better man and if an officer who relieves him makes as good a record as he leaves the people interested in the river and harbor improvement on Lake Superior will have every reason to be satisfied. The Superior Evening Telegram of Monday had the following relative Major Sears' transfer to Manila.

"Major Clinton B. Sears, United States engineer in charge of river and harbor improvements on Lake Superior, has been ordered to the Philippines. The mail Sunday morning brought an order from Adjutant General H. C. Corbin directing him to proceed to Manila at once and there report to the commanding general of the division. Major D. W. Lockwood of St. Paul has been directed to come and receive the office from Major Sears. The appointment of Major Lockwood is only temporary, however, and later the announcement of another engineer for this point will be made.

"The transfer of Major Sears to the Philippines or any other point at this time comes in the nature of a surprise. It was expected that he would at least be allowed to complete the ship canal piers in which local people take much pride. Two years ago Major Sears was ordered to Porto Rico to occupy an important position, but the order was countermanded through the influence of Secretary of War Alger, who happened to be here at the time. General Alger was called upon by a large delegation of leading citizens and at their request he exerted his influence to not disturb Major Sears at that time.

"The announcement that Major Sears was transferred was received with regret by the many who have known his services here have been highly appreciated, and it has been generally understood among business men that when the right time should come a public expression of the esteem in which he is held, and recognition of his distinguished services should be made.

"This idea was inspired largely on account of the splendid piers for the ship and canal for which Superior and Duluth are largely indebted to the major. He saved enough money out of the awarding of contracts under the continuous contract system for the improvement of the Duluth-Superior harbor to build the piers. The difference between the estimates and the contract figures represented the price of the structures, about \$500,000.

"The sudden transfer to the Philippines will not deprive him of the recognition which the people have proposed he shall have for his services here. There is already a movement on foot for a testimonial of some kind and

it is likely that a meeting will be held in the very near future at which the plans will be outlined.

"Major Sears has a splendid army record and is considered one of the best engineers in the service. He is popular with his subordinates and his going away will be much regretted. He has been stationed here a little more than eight years and during that period has had constantly in hand improvements of great importance at various Lake Superior points."

WOLLNER CAN QUALIFY.

Supervisors Did Not Mention His Name Yesterday.

Maurice Wollner of Negaunee, who was elected coroner at the fall election, can qualify as one supervisor, but he has not filed the bond required for his office. Some people thought that the supervisors might declare his position vacant yesterday because of his neglect to qualify and his procedure in conducting a number of illegal inquests, but his name was not even mentioned. No single supervisor cared to proceed to make it interesting for him although all who expressed themselves on the subject said that he had been very negligent in proceeding with inquests before he was qualified to conduct them. But as soon as he was put in, "what do these inquests amount to anyway beyond enabling the coroners to earn some fees. Some states are abolishing them." These things all combined in the Negaunee official's favor and he was not even admonished to hurry around with the bond. He is likely, however, that he will file it before he undertakes any more inquests.

SPENCE-MACDONALD.

They Gave a Pleading Entertainment at the Opera House.

The Spence-MacDonald entertainment at the opera house last evening was well attended. For all who can enjoy a program participated in by two people and one of a literary, lecture and folklore nature it was entirely enjoyable. The frigidly of the opera house atmosphere was a handicap on Mr. Spence and Miss MacDonald and a great annoyance to the gathering in the body of the house, but the audience were warm in their bearing towards the entertainers. Mr. Spence received and encored with much applause throughout the program. Mr. Spence possess a strong and musical tenor voice and Miss MacDonald's soprano is sweet and plaintive. Several of the old Scotch songs of the class of "Annie Laurie," "Bonnie Doon" and "Comin' Thro' the Rye" were sung with very pleasing effect. "The Jacobite War Song" and the national anthem of Scotland from Mr. Spence were particularly acceptable. Miss MacDonald gave the Scottish dances accurately and with much grace. Mr. Spence related stories and lectured instructively through the intervals between the numbers, so there were no annoying delays. "Two Hours at Home" can be recommended as an instructive and interesting entertainment.

CITY BREVITIES.

Weather forecast: Probably snow and warmer; variable winds. Yesterday's temperature: 7 a. m., 3 degrees; noon, 12 degrees; 7 p. m., 9 degrees; maximum, 12 degrees; minimum, 3 degrees.

C. G. Griffey was down from Negaunee yesterday.

R. H. Shields of Houghton was in the city last evening.

Justice Donovan sent two jags to the county jail yesterday. They will serve fifteen day sentences.

County Clerk Ross issued marriage licenses to Victor Fredlund and Laura Kregans of the National location yesterday.

The Viking club will hold a dance at the A. O. U. W. hall the evening of Feb. 7. Good music will be in attendance.

C. L. Anderson of Ishpeming was in Marquette yesterday. Mr. Anderson put the heating plant in the new Freeborn school.

Polk & Co. have commenced work on their Marquette county directory. The task of collecting the statistics and names will take some time.

There was skating on the bay yesterday. The new ice was in fine trim and a considerable number of people ventured out on it. The lake is now frozen as far out as can be seen.

P. W. Griffin has departed on a visit to his old home at Goodrich, Canada. He will be absent two or three months, during which time he will transact business in other parts of the Dominion.

The wedding of Miss Violet Miller and Arthur George was celebrated Tuesday evening. A large number of friends of the contracting parties were present and a few hours passed very pleasantly.

Carl Meske of the Upper Peninsula Brewing company has arrived home from Duluth where he went to consult his partner relative the project of installing the municipal electric service at the company's Marquette plant.

The Young Woman's guild, having urgent need of a certain sum of money, is preparing to hold a cake, pie and valentine sale Tuesday afternoon of next week, at the Morgan Memorial chapel. The details will be announced later.

The effort of the skaters of the Marquette high school to get up an ice racing meet in which representatives of the up-the-road schools should compete was a failure. There was no material up-the-line which was judged worthy of the Marquette skaters.

There is considerable interest in the match game of basket ball which will be played at the rink Saturday afternoon between two teams of young high school ladies. They have been practicing steadily for some months and they will doubtless put up a spirited contest.

Owing to another engagement, the dance which was to be given by the Marquette Ideal orchestra next Friday night has been postponed until Feb. 14, St. Valentine's night. All in attendance will receive valentines. Large posters will announce the dance in a few days.

It is desired that the entertainment to be given by the pupils of the Elveth grade, Ely school, at the city building Saturday evening be well attended. The chorus by the seven dwarfs will be well worth hearing. The proceeds of the entertainment will be used to purchase works of art for the school room.

The funeral of John M. Trumble will be held this morning from St. Peter's cathedral at 9 o'clock. The Maccahees and the members of the Brotherhood of Railroad Trainmen will attend in a body. The deceased was a member of both orders. The services will be very largely attended. Mr. Trumble had many friends in Marquette who are greatly shocked at his sudden taking away.

Superintendent Sherer, of the Metropolitan, has secured his company's consent to employ two or three ladies to solicit applications for life insurance. Women who can devote all of their time to the business will find the work both pleasant and profitable. Applicants for the position may apply in person or address Joseph P. Sherer, superintendent, 103 South Main street, Ishpeming, Mich.

Health Officer Dr. A. E. Brown left for Chicago last evening for a couple of weeks' visit. He will seek recreation and rest and, at the same time, will do a little postgraduate work at the West Side Postgraduate school. Dr. Brown has had a pretty steady pull with the small pox cases during the past couple of months and he needs a vacation. During his absence Dr. Lund will be the acting health officer.

The remains of William Furnace, the woodsman who died on the train en route to Marquette Tuesday night as a result of an injury received that morning at the camps of the Bay Shore Lumber company, thirty miles from Michigamme, will be shipped to Caseville, Huron county, Mich., where the father of the deceased resides, today. The young fellow was unmarried. Hager Bros. succeeded in locating his people yesterday.

Frank Long has been booked for a week's engagement at the opera house. He will open the evening of Monday, Feb. 18. It has been some time since a repertoire company has visited Marquette. Long was once a great favorite here. He is said to be carrying a first-class company and to be producing a high grade class of plays this season. He should do a good business. He plays at popular prices. Manager Bice has booked a fine attraction for the evening of March 3. It is Frederick Ward in "The Duke's Jester." This will be Ward's first visit to Marquette. He is said to be strongly supported.

The fisheries committee spent several hours in the city yesterday. Its special sleeper was attached to the train which arrives here at 2:50 o'clock and it was pulled out at 10:50 in the evening for the copper country, where the committee will spend today. The party numbers nineteen members, mostly workmen. Its first business here was a visit to the Northern Normal which was inspected with great interest. Next the branch of state prison was given a call. Here the party made a considerable stay. Both institutions made favorable impressions.

Since the beginning of the winter committees arrived here these institutions have been visited by a very fair proportion of the members of both houses, which will therefore be able to act on all appropriation bills connected with them intelligently.

The boys of the Marquette high school look with favor upon the idea of holding a basketball game at the upper peninsula schools at Union park, Ishpeming, next spring, and they will certainly send a team if the games are pulled off as projected, of which there is little doubt. There is some good material in the Marquette school and Mr. Griffin is considered an excellent trainer. It is likely that the Casino rink will be secured for use of the athletes during the remainder of the winter season. Some indoor training can be done there to advantage and as long as the boys are going to enter the meet they desire the best possible showing. As there will be large numbers of schools represented a few good men will be capable of cutting quite a swath for Marquette. A couple of firsts and a sprinkling of seconds and thirds would mean a good position when all the points are checked up. The Union park meet should prove a great success.

CARD OF THANKS. We desire to return our sincere thanks to our friends who kindly aid and sympathy were extended to us during the illness of our mother, Mrs. Josephina Steinberg. Their thought for us in the hour of our affliction will ever be gratefully remembered. Nels Steinberg and Family, John Steinberg.

For life and accident insurance on the Twentieth century plan, drop in and see the Actna man. Room 1, Savings Bank building. (2-6-1w).

Strangers will find Heppner's a very convenient place in which to get a light lunch.

Mothers write us that they have solved the problem of keeping their children well. Give them Rocky Mountain Tea each week. A blessing to mother and child. Stafford Drug Co. ESTIMATES FURNISHED.

Children who are troubled with worms are pale in the face, fretful by spells, restless in sleep, have blue rings around their eyes, bad dreams, variable appetite, and pick the nose. WHITE'S CREAM VERMIFUGE will kill and expel these parasites. Price 25 cents. The Stafford Drug Co.

This is the season when one appreciates a well made cup of coffee, such as can be found at Heppner's.

BUNSEN'S CREAM CATARRHAL. Cures catarrh easily and pleasantly. Contains no mercury or other drug. Is quickly absorbed. Gives instant relief. It opens and cleanses the nasal passages, allays inflammation, heals and protects the mucous membrane, restores the senses to taste and smell. Regular size 50 cents. The Stafford Drug Co.

Anything and everything is the way of books for the office. Write for prices—the can't be beat—as the workmanship, just ask any one of our numerous patrons through out the peninsula.
