When in need of

## COAL!

GO TO

**JAS. PICKANDS & CO.**

We handle only the best coals mined, have every facility for prompt delivery and give you the benefit of first quality at right prices. Wholesale and retail.

200 SOUTH FRONT ST., MARQUETTE, MICH.

## BOER WAR TO GO ON.

Chamberlain Denies Rumored Change of Policy in Africa.

## ROBERTS' REPORT PUBLIC.

It Fails to Throw Light on the Numerous Reverses but Says Men Were Never Sufficient.

## NEW PERIL IN PLAGUE.

London, Saturday, Feb. 3.—Public attention is again turned to South Africa by the despatch of reinforcements and the publication of Lord Roberts' mail despatches.

## NO LENIENCY FOR BURGHERS.

Rumors have been in circulation that Secretary Chamberlain has reconsidered his South African policy and was contemplating a round-table conference with John Morley and Sir William Vernon-Harcourt and the recall of Sir Alfred Milner. The Daily Mail, however, says it is able to assert on Secretary Chamberlain's authority that the whole story is a fabrication and that the government retains the most absolute confidence in Sir Alfred Milner. Secretary Chamberlain flatly denies, says The Daily Mail, that he has had any communication, either oral or written, with any member of the opposition on the subject of the war.

## ROBERTS' DISPATCHES "EDITED."

Lord Roberts' despatches are not regarded as giving any further elucidation of the conduct of the war, but are interesting as proving that throughout the campaign he never had sufficient men, horses or supplies to cover such a vast field of operations. Looking at all the circumstances, Lord Roberts says the campaign is unique in the annals of war, and he pays the highest tribute to the gallantry and worth of the troops. Declaring no finer force ever took the field under the British flag. There is a general idea that the despatches have suffered considerable excision at the hands of the war office. They do not throw any further light on the summary retirement of General Colville or many other matters regarding which the public is anxious to hear.

## WAR DECLARED ON RATS.

The appearance of the bubonic plague in Cape Town seems likely to add to the difficulties of the situation. The authorities there have decided upon the wholesale extermination of rats. Should the disease spread, it will necessitate changes in the military arrangements.

## BOER DEPOTS OCCUPIED.

From Delagoa Bay it is reported that the British have occupied Ermelo and Carolina, which until recently have been Boer depots.

## GEN. BULLER CENSURED.

LORD ROBERTS' DISPATCHES PROVE INTERESTING READING. London, Feb. 8.—Lord Roberts' detailed mail despatches, ranging from Feb. 6 to Nov. 15, 1900, were gazetted this evening. They fill 157 quarto pages and make up an official history of the war although without throwing new light upon its interesting and disputed subjects, such as the Simons Post affair. Hundreds of officers, non-commissioned officers and men are favorably mentioned, including Lord Kitchener, who is referred to in warm terms. Sir Redvers Buller comes in for criticism.

## FOUND THINGS DEMORALIZED.

The first dispatch undertakes to give a concise account of the state of affairs in "this country (South Africa) on my arrival on Jan. 10." It describes the forces as much scattered. He decided to leave Buller with a regiment in Natal, but otherwise to remain on the defensive until reinforced and until a transport had been organized. He found no transport corps existing. The colonial forces had not been sufficiently used, and Cape Colony was restless. Writing from Johannesburg on Feb. 16, Lord Kitchener says: "General Buller on Feb. 6 wired that he had pierced the enemy's lines, but that to give his artillery access to Ladysmith plain would cost from two to three thousand men. I replied he must relieve Ladysmith, even at that cost. General Buller telegraphed on Feb. 9 that he was not strong enough to relieve Ladysmith without reinforcements and regarded the operation in which he was engaged as impracticable. I replied that my instructions must hold. The marches to Johannesburg and Pretoria were uneventful, as described by Lord Roberts, his chief concern being to provision the army. "We were practically living from hand to mouth," he wrote, "and at times had not even a day's rations to the good."

## Writing from Johannesburg on Nov.

## CORY-THOMAS LOSES SUIT.

ENGLISH COURT UPHOLDS THE CHARGES OF IMMORAL CONDUCT AGAINST THE RECTOR.

London, Feb. 8.—In the high court of justice today a verdict was rendered in favor of Rev. Bernard Spink, who was sued for libel by Rev. Tuberville Cory-Thomas of Chicago, formerly pastor of the Episcopal church at Ishpeming, Mich., but a resident of England since 1897. Rev. Mr. Spink charged Cory-Thomas with immoral conduct with three women, hence the suit for damages.

## SPANIARDS BOOT THE COUNT!

MARRIAGE OF THE INFANTA TO A FOREIGNER RESENTED BY THE MADRID POPULACE.

Madrid, Feb. 8.—Count De Caserta, father of Prince Charles of Bourbon, who is to marry the Princess of the Asturias on Feb. 14 and who was naturalized as a Spanish citizen yesterday, met with a hostile reception on his arrival here today. He was looted by a crowd, who cried "Spit upon him!" The hostility was due to speeches made recently by many politicians and to articles in the newspapers against the marriage on account of the part Count De Caserta took in Don Carlos' uprising. The police made two arrests.

## PEACE ENVOY GETS BULLET.

ANOTHER WHIPPED WHILE VISITING THE LAAGER OF DEWET.

Bloemfontein, Feb. 6, via Cape Town, Nov. 8.—An influential burgher gives some details regarding the treatment of the peace envoys who went to Dewet's laager. It seems that they were ordered to remain in the cart until the mules arrived. As the Boers were breaking their laager in expectation of a British attack one morning, Commandant Freneman came up and asked them why they had not unspanned. Morgendael replied that they were ordered to wait for the mules, whereupon the Boer commandant immediately jamboked (whipped) Morgendael on the head and face and said he felt inclined to shoot him. Dewet coming at the moment said, "Why don't you shoot him?" At this Freneman fired at the envoy, who died from his wound. Munster, another envoy, was jamboked also.

## IS A GREAT VICTORY FOR CARNEGIE.

Disposal of His Holdings at His Own Price the Result of a Battle Royal Started by Morgan and His Associates.

New York, Feb. 8.—The new developments today in connection with the negotiations touching the transfer of control of the Carnegie Steel company to J. P. Morgan and his associates were:

First, Carnegie is to receive \$1,500 for each \$1,000 share of his stock.

Second, the minority holders who desire to sell will receive the same terms as those given to Carnegie.

Third, the present stage of the negotiations contemplates the formation of a new corporation whose bonds will play a large part in the price to be paid Carnegie.

Fourth, the first public announcement in connection with the pending negotiations of an official character, consisting of a statement by E. H. Gary, president of the Federal Steel company, confirming the news that Mr. Morgan is also planning the acquisition of the properties of some of the largest iron and steel companies in this country.

## FINANCIAL PLAN.

The statement of Judge Gary, however, threw little light on the details of the great transaction that is now in progress, and it is probable that actual official information in this respect will not be obtainable until the deal is really completed. If, as now seems certain, Carnegie is to receive \$1,500 for each \$1,000 share of his stock, the transfers in his case alone would be equivalent to nearly \$130,000,000, inasmuch as the great steel magnate's holdings amount to \$88,000,000. It seems probable the minority holders are to be looked after by the Morgan syndicate, the financing will involve an equivalent to \$240,000,000.

## IT BECAME KNOWN TODAY THAT THE FINANCIAL PLAN CONTEMPLATED EITHER THE REORGANIZATION OF AN EXISTING STEEL COMPANY OR THE FORMATION OF AN ENTIRELY NEW CORPORATION TO HOLD THE CONTROLLING STOCK OF THE VARIOUS COMPONENT COMPANIES, ESPECIALLY THE STOCK ACQUIRED BY THE CARNEGIE COMPANY, ALL OF SUCH STOCK TO CONSTITUTE THE COLLATERAL OF THE NEW BONDS WHICH SHALL BE ISSUED TO CARNEGIE AND TO SUCH OTHER OR PRESENT CARNEGIE COMPANY STOCKHOLDERS AS MAY WISH TO SELL WITH HIM. IT MAY BE STATED ON WHAT IS PRACTICAL AUTHORITY THAT THE FULL DETAILS OF THE PROPOSED SCHEME OF FINANCING THE BIG TRANSFER

## DECLINES TO TREAT.

President Cassatt about this time decided to make concessions, but Carnegie continued on his competitive policy and appears to have convinced Morgan and his associates in the steel business that the only way he could be harmonized was to be bought out. Carnegie was perfectly willing to sell at his own valuation of his property and has apparently convinced Morgan and his friends that his valuation and his interests in the Carnegie company are not excessive.

## MUSKOGON WOMAN HURT.

WILL DIE AS RESULT OF TRAIN WRECK AT GRAND RAPIDS.

Grand Rapids, Mich., Feb. 8.—In a collision between a Grand Rapids & Indiana passenger train and a Pere Marquette switch engine tonight Mrs. John L. Murray, wife of a wealthy Muskegon lumberman, received fatal injuries.

## HEAVY SNOW IN NORTHWEST.

SIX INCHES FALL AT CHICAGO AND TRAINS ARE DELAYED.

Chicago, Feb. 8.—A heavy snow fall, following in the wake of last week's blizzard, delayed trains on all the railroads entering Chicago tonight. The street car traffic, however, was not materially affected.

From four to six inches of moist heavy snow has fallen throughout the entire Northwest since last midnight, delaying railroad traffic somewhat but causing little interruption to wire communication. The heavy fall will be of much benefit to winter wheat, which has suffered from lack of moisture.

## BLOCKADED IN KANSAS.

Atchison, Kas., Feb. 8.—Snow storms today in northern Kansas tied up the west end of the Missouri Pacific's central branch west of Concordia. Two passenger trains are snow bound, one at Scottsville and the other at Logan.

## KAISER HONORS MINISTER.

Berlin, Feb. 8.—Emperor William has bestowed on Dr. Von Holleben, German ambassador at Washington, the Crown Order of the First Class.

## CRUSADER WEAKENS.

White Feather Is Displayed by Mrs. Nation at Topeka.

White Feather Is Displayed by Mrs. Nation at Topeka.

## SHE FRUSTRATES A RAID.

Quits Band of Followers Just as Start Is to Be Made Amid Words of Condemnation.

## CALL HER A "COWARD."

Topeka, Kas., Feb. 8.—Mrs. Nation for the first time has displayed the white feather. During a secret meeting at midnight with thirty of her followers, who were armed with hatchets and had planned to make a raid on the Topeka "joins" at 5 o'clock this morning, and when everything seemed satisfactorily arranged, Mrs. Nation suddenly put on her wraps, saying she was tired out and was going home. Instantly her followers were in an uproar, and amidst words of condemnation and cries of "coward" Mrs. Nation left the room. She made the round of the "joins" to satisfy herself that they were all closed and then went home.

## LECTURES AT KANSAS CITY.

Kansas City, Feb. 8.—Mrs. Carrie Nation, the Kansas "joins" smasher, attended by a delegation of supporters and admirers, arrived here late this afternoon and tonight addressed a fairly-sized audience at the Academy of Music. F. W. Emerson, pastor of the First Christian church of Topeka, introduced Mrs. Nation as the bravest and noblest woman in Kansas.

Mrs. Nation made a characteristic talk and justified her crusade against the saloon by citing various passages from the Bible. She gave a history of her successful fight against the joints in Barber county, Kansas, and concluded by saying, "You have heard how the crusade against the hell holes has been continued and you will hear how it is going to be continued." At the conclusion of her talk Mrs. Nation left for Des Moines.

## BODIES OF SCORES IN RUINS.

MANY SPECTATORS OF RUSSIA'S GREAT PETROLEUM FIRE CAUGHT BY THE FLAMES.

St. Petersburg, Feb. 8.—Dispatches today from Baku say that all available hospitals are filled with people injured by the naphtha fire, while the sheds on the fair grounds are filled by those made homeless by the conflagration. The fire spread so rapidly that many people were unable to escape from their homes. The fire also cut off the retreat of spectators, many of whom perished. It is believed the conflagration was started by a discharged employe for the purpose of revenge.

## LOSS ABOUT \$500,000.

Later—Advices from Baku this evening announce that the fire has been extinguished. Ten factories and five depots were burned, containing altogether 55,000,000 pounds (630,000 tons) of naphtha and naphtha refuse. It is estimated the losses will exceed six million roubles (\$4,620,000).

## NINE CHILLED CORPSES HAVE BEEN RECOVERED.

One hundred and sixty persons were injured by burning, forty-one of these seriously, and six have succumbed to their injuries. Many of the victims are still under the rains and the search is proceeding. It is not known how many of the spectators perished, but a hundred persons are still missing.

## A COMMITTEE HAS BEEN FORMED BY THE CASPIAN & BLACK SEA COMPANY TO REGISTER THE LOSSES OF LIFE AND PROPERTY AND PROVIDE SHELTER FOR THE HOMELESS.

The Rothschilds firm has applied to Paris for material assistance for the sufferers. A hundred homeless families are being distributed among the houses in the neighborhood; bread is doled to the employes at the expense of the authorities and the house is subscribing generously to the relief fund.

## FIRES OF A DAY.

FLAMES CONSUME VALUABLE PROPERTY IN VARIOUS CITIES.

Omaha, Feb. 8.—Fire late tonight in the power house of the Omaha Street Railway company caused an estimated loss of \$200,000. The Methodist hospital adjoins the building and was filled with patients. They were hurriedly removed to neighboring residences.

St. Cloud, Minn., Feb. 8.—The West Hotel, Mayer's laundry, Sheldon's grocery and McDonald & O'Neil's livery were destroyed by fire this morning. The loss is \$100,000. The thirty guests in the hotel escaped in safety.

Pueblo, Colo., Feb. 8.—The Guggenheim block, a two-story building occupied by the Guggenheim Dry Goods store, was gutted by fire this morning. The loss is \$120,000.

New York, Feb. 8.—Fire tonight destroyed the Flatbush car stable of the Brooklyn Rapid Transit company in Brooklyn, causing a loss of \$200,000.

Chicago, Feb. 8.—The four-story store of J. C. Lutz & Co., Milwaukee avenue, burned tonight. The loss is \$75,000.

## TODAY'S WEATHER.

Washington, Feb. 8.—The following is the weather bureau's forecast for northern Michigan: Snow Saturday and probably Sunday, fresh northerly winds.

## TWO DIE IN ARKANSAS DUEL.

Texarkana, Ark., Feb. 8.—At Index, ten miles north, Eugene Lewis and Henry Hudson fought a duel tonight. Both are dead. Lewis used a musket and Hudson a six-shooter.

## GEN. PRENTISS IS DEAD.

Bethany, Mo., Feb. 8.—General Benjamin M. Prentiss, one of the oldest surviving generals of the volunteers of the Civil war, died here today.

A FAMOUS MUSICIAN Cured of Catarrh and La Grippe by Peruna.

HENRY DISTIN, OF PHILADELPHIA.

Henry Distin, the inventor and maker of all the band instruments for the Henry Distin Manufacturing Co., at Williamsport, Pa., is probably the most active old man in Philadelphia today.

Dr. S. B. Hartman: Dear Sir—I write to inform you that I had a bad attack of la grippe last December which lasted more than three months, and which left me with catarrh, and several of my friends advised me to try your wonderful medicine, Peruna.

As soon as any one is attacked with la grippe Peruna should be taken every two hours during the day—adults a tablespoonful, children a teaspoonful.

Mrs. Theophile Schmitt, wife of the Ex-Secretary of the German consulate, writes the following letter to Dr. Hartman in regard to Peruna:

3417 WABASH AVE., CHICAGO, ILL., The Peruna Medicine Co., Columbus, O.: Gentlemen—'I suffered this winter with a severe attack of la grippe, and having repeatedly heard of the value of Peruna in such cases, I thought I would try it.

After using three bottles I not only found the la grippe had disappeared, but my general health was much better. I am satisfied that Peruna is a wonderful family remedy, and gladly endorse it."

La grippe is epidemic catarrh. Peruna cures catarrh wherever located. Send for a free copy of "Winter Catarrh." This book contains a lecture by Dr. Hartman on the grippe, which has attracted wide attention. Address Dr. Hartman, Columbus, Ohio.

istence. The Ellison hoist is located on the east hillside and almost directly under the mines. The shaft is steel-lined and has sixteen compartments.

To obtain the requisite quantity of water to operate the mines, the company tapped Spearfish creek, sixteen miles distant, and brought the water to the divide about four miles from Lead City.

The deepest shaft in the Homestake is 1,100 feet, but the mining is mostly done at half the depth. It is claimed by the company that its prospectors have already enough ore in sight to keep the present plant going for the next fifty years.

Over in Two Bit Gulch, there are several stamp mills and many mines in various stages of development, notably in Butcher and Strawberry. Butcher is seven miles east of Deadwood.

Will often cause a horrible Burn, Scald, Cut or Bruise. Bucklen's Arnica Salve, the best in the world, will kill the pain and promptly heal it.

COPPERDOM BREVITIES. The copper country branch office of The Mining Journal is located in Room 2, second floor of the Dea Postoffice building, Houghton.

Mr. and Mrs. Daniel Washburn of Hancock have returned from a two weeks' visit to Chicago.

Augusta lodge, O. D. H. S., of Houghton will give a social at Hartman's Hall this evening.

Houghton lodge, No. 218, F. & A. M., will hold a special meeting for work in the third degree Monday night.

Presiding Elder C. M. Thompson, of the Lake Superior district of the M. E. church, will hold services at Dollar Bay tomorrow.

The members of the Ancient Order of Hibernians, Division No. 1, of Hancock will hold a meeting tomorrow afternoon at 2 o'clock.

good attendance of members is desired, as business of importance will be transacted.

John Mitchell, the father of Ernest Mitchell, the young man who was killed in the rockhouse at the Quincy mine Thursday morning, will arrive in Hancock today.

In Justice Brand's court yesterday afternoon a civil case came up for trial but was postponed until Friday, Feb. 15.

The young people of Houghton and Hancock who attended the dancing assembly given by Miss Grace Cavan at the Hancock village hall Thursday night had such an enjoyable evening that they have requested Miss Cavan to give at least one more party of the kind this winter.

We offer one hundred dollars reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable and financially able to carry out any obligations made by their firm.

Copper Country Department

(Additional Copper Country on Page 2) MORE TRESTLE CONTRACTS LET.

STREET CARS WILL BE RUNNING TO CALUMET IN JULY.

The Houghton Street Car company will be running into Calumet by the middle of July. Yesterday, as another step toward that end, it let a contract for the construction of four trestles at the Mesnard and for sub-grading for the extension to Clason & Davis, who have already done considerable work for the company.

HANCOCK COUPLE IN TROUBLE. CHRIS GAUTHIER AND MRS. LA-PLANTE ARRESTED BY SHERIFF WILLS AT ISHPERING.

Sheriff Wills went to Ishpeming yesterday to arrest Chris Gauthier and Mrs. David LaPlante, both of Hancock, on the charge of adultery. Gauthier is a barber, formerly of Negaunee, and recently went to Negaunee with his wife, followed by Mrs. Gauthier at a hotel in Ishpeming, where, it is further said, their relations were very intimate. At any rate, Sheriff Wills was called to make the arrest and brought the couple back to Hancock on last evening's train. Their hearing will be held today or Monday. Gauthier is an old offender, being implicated with the same woman at Calumet last December.

SUCCUMBS TO VACCINATION. TWO-YEAR-OLD CHILD DIES AT THE CHAMPION MINE.

George Washington Kelly, the two-year-old son of Mrs. Patrick T. Kelly, who is visiting her brother, Robert Venn, at the Champion mine, died at 1 o'clock Thursday afternoon. The child was vaccinated about three weeks ago, and died from the after-effects of that simple operation. The mother's home is at Saul's Ste. Marie, Ontario. The funeral of the child will be held tomorrow morning from the M. E. church at the Champion mine, with interment at the Houghton cemetery. The child was born in Porto Rico, where the father was a soldier in the regulars of the United States army. At present Mr. Kelly is serving in the Philippines as a quartermaster sergeant in the Nineteenth infantry, United States regulars.

"GYM" OUTFIT DUE TODAY. CLASSES IN ATHLETICS WILL BE FORMED AT THE HOUGHTON HIGH SCHOOL NEXT WEEK.

The paraphernalia for the Houghton High school gymnasium will arrive today and the outfit which is most complete, will be immediately installed in the three rooms selected for the "gym" in the basement of the school. As soon as the apparatus is in place, six classes will be organized, three of boys and three of girls. The work in the gymnasium will take place after school hours in the afternoon and on Saturday morning. A competent all-round athletic instructor has been engaged to conduct the classes and will arrive in Houghton soon. Basket and hand ball teams will be organized within a short time and games arranged between the Houghton High school and other similar organizations in different parts of the county. A class in fencing will also be formed, as twenty pairs of foils are included in the outfit, which was described in a recent issue of The Mining Journal.

FOR BENEFIT OF CHURCH. FRANK LONG COMPANY WILL PLAY AT HANCOCK SUNDAY.

A benefit performance for St. Patrick's Catholic church at Hancock will be given at St. Patrick's Hall, Hancock, by the Frank E. Long Company tomorrow night. Mr. Long, on request, kindly consented to play on that evening for the church's benefit. "Peaceful Valley," one of the best productions in the repertoire of the company, will be presented. Tickets for the entertainment are now on sale at Ellsworth's drug store, Hancock. The Long company is popular in Hancock and the hall is sure to be well filled.

CONCERT WELL ATTENDED. The benefit concert given at St. Patrick's Hall, Hancock, last night was so well attended that every seat in the house was taken. The entertainment was conducted by Miss Laura B. Haer, assisted by Miss Annette LaVigne and the Michigan College of Mines Glee club. The proceeds of the concert is a respectable sum and will be handed over to St. Joseph's hospital treasury. The program rendered was a delightful one from beginning to end. The music was varied in kind and enough to suit tastes of all descriptions. Each number was roundly applauded and encoures were very frequent.

HOCKEY GAME IS OFF. MINING COLLEGE AND ATLANTIC TEAMS WILL NOT MEET.

The hockey game scheduled to be played between the seven of the Michigan College of Mines and the Atlantics at Atlantic this evening has been postponed, and perhaps indefinitely. The interest taken in the contest was not sufficient to warrant playing, which was the real cause of calling off the match. But little practice has been indulged in by the Michigan College of Mines team since its organization. Its recent defeat at the hands of the Hancock team seemed to take the heart out of the boys as far as playing hockey is concerned.

Children who are troubled with worms are pale in the face, fretful by spells, restless in sleep, have blue rings around their eyes, bad dreams, variable appetite, and pick the nose. WORMS' CREAM VERMIFUGE will kill and expel these parasites. Price 25 cents. The Stafford Drug Co.

FATAL delays are caused by experimenting with cough and cold cures. Foley's Honey and Tar will prevent a cold from resulting in PNEUMONIA. The People's Drug Store.

PATTISON WILL SKATE DAVEY. BRYCE IMPOSES CONDITIONS THAT THE STUDENT ACCEPTS.

Asmond Bryce of Houghton yesterday refused to race B. M. Pattison, the speedy West Superior skater, who is at present a student at the Michigan College of Mines, at the Twin City ice rink Wednesday night. According to Bryce, Pattison must first race a skater by the name of Davey, who hails from Calumet. Consequently Pattison and Davey will meet for a quarter of a mile race at the Twin City ice rink on Saturday night, Feb. 10. The men will race for a purse, probably \$25, the winner to take all.

The race with Bryce was to have been for a quarter of a mile and for a sum of money. Pattison is anxious to meet Bryce, by whom he has defeated in an one-mile race a short time ago. The latter two men will arrange for a contest directly after Pattison's race with Davey. Tonight at the Mammoth ice rink at Lake Linden, Bryce will meet St. Antoine, the sprinter, for a purse of \$25. Bryce will race for seven and a half laps while the sprinter runs five and a quarter.

CHARTS FOR THE LEGISLATURE. PRESIDENT McNAIR PREPARING TO SUBMIT INTERESTING DATA IN CONNECTION WITH THE APPROPRIATION ASKED FOR.

President McNair, of the Michigan College of Mines, is now preparing a series of interesting and valuable charts relating to the institution which will be submitted to the members of the investigating committee from the state legislature which recently visited the college. The charts are the same, in a reduced size, as those shown and explained to the solons while at the institution.

The five of the charts in all and among the most conspicuous are those of the "expense" and "distribution." The former shows a comparison between the cost of the college to the state and the amount of the state tax paid by Houghton county. The amount of the state tax is shown in dollars and cents, and the amount of the state tax paid by Houghton county is shown in dollars and cents. The "distribution" chart is an interesting one and is the one that greatly opened the eyes of the legislators while in Houghton. On it are a list of the technical schools of the country, similar to the Michigan College of Mines, which are being brought up for a comparison with the Houghton institution. The chart shows, among other things, the average enrollment of students and the number of graduates sent out since the year 1886, the time the Michigan College of Mines was instituted.

The activity prevailing in the copper country is well illustrated by the number of new mills now building or under contract, these having a total capacity of 15,000 tons of refractory amygdaloid or conglomerate rock reduced to fine sand daily. Were these new mills to be supplied with rock to their full capacity, and the return of ingot copper therefrom, it would mean an increase of 15,000 tons of the gross production of the year just ended. Such a result cannot be anticipated, as in several cases the new mills are to replace old ones, while in others a number of the new mills will not be fully supplied with rock and the net return of refined copper per ton of rock stamped is as apt to fall below 1 per cent as to run above that figure. As the cost of these mills ranges from \$60,000 to \$75,000 per stamp, it is a fair estimate to state that the new mills now building or under contract will cost about \$2,000,000, including their equipment of boilers, pumps and machinery.

WINS HIS TONTINE SUIT. HERMAN STARK, HANCOCK, GETS A JUDGMENT FOR \$250.

Herman Stark of Hancock yesterday in Justice Olivier's court secured a judgment against the New Jersey Tontine company for \$250. He held the company until recently, was in Detroit company. When the New Jersey company took the business Stark refused to turn over his uncompleted contracts and sued for \$250, the amount paid in. The grounds for the suit were withdrawal from the contract and the breaking of agreement.

CLAY'S EYES WERE OPENED. Clay Cooper of Detroit, well known at Portage Lake, and who was a holder of contracts with the Detroit Tontine company until recently, has announced that he is not now connected with the concern in any way, and herein lies a tale. While Mr. Scott was on his recent visit to Detroit to look into the business methods of the Detroit Tontine company, he met Mr. Cooper. When the latter got into the subject of Mr. Scott's mission, he was rather surprised at Mr. Scott even questioning the business fidelity of such an excellent company. Mr. Cooper told Mr. Scott that he held five contracts with the concern and would not give them up for anything. He lauded and sang the praises of the company. Meanwhile Mr. Scott found out a few things for himself, all of which has since come out. Mr. Cooper has no doubt had his eyes opened to the way in which the Detroit company did business and has issued a statement to the effect that he is no longer connected in any way with the tontine concern.

WELL TREATED AT ESCANABA. HANCOCK TEACHERS HAVE NO COMPLAINTS ON THAT SCORE.

From one of the county papers it is learned that a number of the teachers of the copper country are not speakers in the highest terms in regard to the treatment received while in attendance at the meeting of the Upper Peninsula Teachers' association recently held at Escanaba. On interviewing Professor Brock and the other teachers from the Hancock school who attended the meeting, it was found that they were perfectly satisfied with the manner in which they were entertained by Professor Ewing and the people of Escanaba, who did all in their power to accommodate the teachers by taking them into their homes and providing for them while in the city. The truth is that Mr. Ewing did find lodgings for all who let him know they were coming, but it was simply impossible on a moment's notice to find places for the large number who gathered in the city on that day.

Next year the meeting of the association will be held in Hancock and there is no doubt that the visitors will be given a royal reception and need have no fear of any lack of accommodations. Millions of people are familiar with DeWitt's Little Early Risers and those who use them find them to be famous little liver pills. Never gripe. Stafford Drug Co., Marquette; H. N. Mellocke, Ishpeming.

Only one remedy in the world that will at once stop itching of the skin in any part of the body; Doan's Ointment. At any drug store, 50 cents.

DEALING IN COPPERS AGAIN ON THE BOOM IN COPPERDOM.

The reflex of the past couple days' boom on the Boston Stock exchange has been felt plainly in the copper district where scores of \$20,000 worth of local mining shares are owned. The various brokerage offices have been crowded and not only the several leased wires of brokers, but the regular lines of the Western Union and Postal have been filled with orders. The Lake people are rampant buyers and practically all orders are to buy. It is thought here that the present big market is a forerunner of several months two years ago, when the volume of speculative business passing through the telegraph office at Houghton exceeded \$500,000 daily.

The South range mines, Baltic, Trimountain and Copper Range, are the principal favorites among the copper country investors and speculators, though all of the other good properties have had support from here. Thursday's market is described as follows in a Boston dispatch: "Speculation in coppers burst conventional bonds today, and activity and bulling price such as have not been witnessed in Boston since the memorable days of 1898-9 took the place of comparative dullness, which had ruled for so long. Buying orders in great volume from various sources caused exceptional advances in the leading issues, the movement being accompanied by a report of the general belief that the Standard Oil company had secured a controlling interest in the Copper Range and Baltic companies. This, together with the announcement from Montana that Heinze had been given another black eye in the shape of a complete defeat of his consolidation bill, was of sufficient import to set the traders going. The Standard Oil group was in the van of the movement at times, but it fell to the lot of the South range issues to furnish the most interesting phase of the trading. In some cases profit-taking caused recessions from top prices, but these were generally not of long duration. Its summary of Wednesday's market—the Boston Financial News says: "The buying of Copper Range has not, it is understood, come from the insiders. The buying during the morning came principally from a large outside group that has been gathering its stock up from time to time during the preceding days. Buying of the copper stocks generally is characterized as of the best, while the selling is for speculative account. Many of the customers of an important Brazier building company, who have sold out their holdings of New York stocks and put the profits into coppers. It is understood that there is a short interest in Butte & Boston of several thousand shares. New York parties having been the sellers recently."

\$2,000,000 IN NEW STAMP MILLS. ESTIMATED THAT THOSE BUILDING OR UNDER CONTRACT WILL COST THAT BIG SUM.

The activity prevailing in the copper country is well illustrated by the number of new mills now building or under contract, these having a total capacity of 15,000 tons of refractory amygdaloid or conglomerate rock reduced to fine sand daily. Were these new mills to be supplied with rock to their full capacity, and the return of ingot copper therefrom, it would mean an increase of 15,000 tons of the gross production of the year just ended. Such a result cannot be anticipated, as in several cases the new mills are to replace old ones, while in others a number of the new mills will not be fully supplied with rock and the net return of refined copper per ton of rock stamped is as apt to fall below 1 per cent as to run above that figure. As the cost of these mills ranges from \$60,000 to \$75,000 per stamp, it is a fair estimate to state that the new mills now building or under contract will cost about \$2,000,000, including their equipment of boilers, pumps and machinery.

HAUGHTON SCHOOL NOTES. The next recitations will be held Thursday, Feb. 21, and promise to be most interesting than they have been in the past. The selections will in some way bear upon the lives of Washington and Lincoln. The committee in charge will endeavor to secure the services of a public speaker for the occasion. The pupils of the High school extend an invitation to the parents, and in the course of the utmost care is taken in preparing for these affairs the public is guaranteed an interesting and instructive program.

The pupils of the physics class have commenced the study of electricity and are quite enthusiastic over it. Each member is required to construct some kind of an apparatus to illustrate the properties or various uses of electricity. Thursday evening the class met at the laboratory and Mr. Brock went through many interesting and several amusing experiments.

The students of the High school received a cordial invitation from the Calumet High school to attend a skating party which was given in the Superior ice rink in Laurium last evening. A large number from the Houghton and Hancock schools attended, going to the metropolis by special train.

The annual High school skating party took place at the Twin City ice rink, Houghton, on Friday evening last. A very large crowd was present, including parties from the high schools of the county, and the evening was pleasantly passed in skating and dancing.

Edward Yagel is at home suffering from an attack of the grip.

A MONSTER DEVIL FISH. Destroying its victim, is a type of Constonation. The power of this murderous malady is felt on organs and nerves and muscles and brain. There's no health till it's overcome. But Dr. King's New Life Pills will prove it to be enormous. Some of the mining companies are well sold for months ahead, and inquiries for February, March and April deliveries cannot be entertained in some quarters.

Watson & Gibson, the New York brokers, in their daily market letter of Wednesday, said: "We understand that a new agreement has been made among the most important copper producers in the United States for the year 1901 which will prevent any break in price."

MAY BE THE PEWAHIC LODE. There seems to be a belief with the Rhode Island management that the recently cut amygdaloid lode is the real Pewahic. One reason for this belief is the superior showing of the new lode over the old one, which up to now was thought to be the Pewahic. The Rhode Island was opened on the northern continuation of the lode developed by the Franklin Junior, and supposed to be the Pewahic. This lode has proven narrower and less rich than the one at points in these two mines, which led to the management of the Junior reopening the old Albany & Boston mine on the Alouez conglomerate. The lode recently cut lies about forty feet to the west of the so-called Pewahic amygdaloid and wherever encountered—at the first level of No. 1 shaft and by a crosscut from No. 2—is considerably richer than the old lode, although of about the same width—eight feet. The new lode—which may be the real Pewahic—will be opened vigorously, as it is of more than ordinary promise. It is of more than ordinary promise. It is of more than ordinary promise. It is of more than ordinary promise.

TO TEST EIGHT-HOUR LAW. There are prospects that the new eight-hour law in Montana will be tested in the courts. All of the mining companies have finally agreed to an eight-hour working day in the mines, but the miners demanded more and got it. Under the law as it passed they will go down into the mines and come up again on the time of the mining companies, so that the actual time for work will not exceed six or six and a half hours. The big companies will "not stand for that," as one of the officials put it. An action will be brought to test the constitutionality of the law, and if it is upheld it would not be surprising if the companies reduced wages to conform with the reduction in the hours of labor.

COPPER GOSSIP. The Boston exchange has voted to close on Lincoln's birthday, Feb. 12. The product of the Quincy, judging from its record of January, should henceforth run better than a thousand tons of mineral per month.

The "copper boom" still continues at fever heat at the head of the lakes. About all the government lands available on the Douglas (Wis.) range have been filed upon, and lands that were considered almost worthless several weeks ago, selling for 50 cents an acre, are considered cheap at \$10. A sample of rock from the new tunnel at the

among the most important copper producers in the United States for the year 1901 which will prevent any break in price.

There seems to be a belief with the Rhode Island management that the recently cut amygdaloid lode is the real Pewahic. One reason for this belief is the superior showing of the new lode over the old one, which up to now was thought to be the Pewahic. The Rhode Island was opened on the northern continuation of the lode developed by the Franklin Junior, and supposed to be the Pewahic. This lode has proven narrower and less rich than the one at points in these two mines, which led to the management of the Junior reopening the old Albany & Boston mine on the Alouez conglomerate. The lode recently cut lies about forty feet to the west of the so-called Pewahic amygdaloid and wherever encountered—at the first level of No. 1 shaft and by a crosscut from No. 2—is considerably richer than the old lode, although of about the same width—eight feet. The new lode—which may be the real Pewahic—will be opened vigorously, as it is of more than ordinary promise. It is of more than ordinary promise. It is of more than ordinary promise.

There are renewed signs that Senator Clark and the Amalgamated people have come to terms in Montana. Clark's newspaper furnishing the latest tip. A dispute—but—and to the Boston News Bureau, too, which all along has intimated the copper "war" was on to stay—says that the senator's organ, which has said many biting truths concerning Amalgamated and its methods, now appears as an apologist and mouthpiece for the big copper company.

The "South range" mines—Baltic, Trimountain and Champion—are destined to supply no small part of the increased production of copper demanded of the Lake Superior district. Already the Baltic, although opened less than four years ago and suffering from the inconvenience of using leased stamps, which are not of as great capacity as the most modern heads, is nearing the 200-ton-per-month mark—the production was 170 tons in January—and when its new mill is opened should make fully as much ingot copper as the Wolverine or Atlantic.

A member of a prominent Boston commission house is quoted by The Financial News in its issue of Wednesday as follows: "The position of copper is, if anything, stronger at the present time than for many months, with a very small visible supply and an urgent demand from consumers, who seem to be poorly supplied with the metal and to be in need of same for early delivery. Sooner or later this state of affairs must tell in the copper share situation. I do not see how any money can be lost by picking up properties having a good record at present prices."

TO CURE A COLD IN ONE DAY. Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

CANAL PACT IS VETOED.

Great Britain Cannot Comply With the Senate's Demands.

NOT A FLAT REFUSAL.

Our Terms, However, Are Unacceptable and Counter Proposal Will Be Sent to Washington.

NEW TREATY IS FAVORABLE.

London, Feb. 8.—It has been learned by the representative of the Associated Press that a reply will shortly be sent to the United States Nicaragua canal project. It will not comply with the senate's demands. Neither will it be in the nature of a flat refusal, though for the purposes of immediate construction it will be tantamount to such refusal. It will consist mainly in a counter proposal or proposals likely to necessitate extended negotiations.

TROUBLE THREATENS IN PEKIN.

THOUSANDS OF MOSLEMS FLOCKING TO THE CITY FOR REPORTED PURPOSE OF DISTURBANCES.

Pekin, Feb. 7. v Sanghai, Feb. 8.—It is reliably reported that more than twenty thousand Mohammedans have reappeared in Pekin during the last four weeks with the object of creating disturbances during the Chinese celebrations of the new year.

COURT MAY NOT YIELD.

The more widely known the demands of the foreign envoys are among the Chinese the more the belief spreads that the court will not accept them, especially for the punishment of Tung Fu Hsiang, who practically controls the entire Chinese army apart from the troops with the court and who are now in the province of Nan Su.

Pekin, Feb. 7, via Shanghai, Feb. 8.—The foreign envoys met this morning to consider an edict presented by the Chinese plenipotentiaries regarding the suspension of examinations for five years, also the punishment of officials guilty of not having suppressed the outrages upon foreigners. They objected to the wording of the edict, which made it seem that the troubles were entirely due to the actions of the native Christians.

IRON QUIET BUT FIRM.

"Iron and steel have been rather quiet, but steady and even strong as to price, with finished products, particularly steel, showing a marked advance in the future. The fluctuations will depend upon the relation of supply to demand, which at present gives an undertone of great strength. This is most evident in billets, which cannot be secured at the pool price. While the former quotations are nominally in force, it would require a material advance to secure contracts. Structural forms also are in notably brisk demand, and it is impossible to secure the prompt delivery of any finished steel at Pittsburgh."

CONFIRMATIONS.

In executive session, these nominations were confirmed: Carroll D. Wright of Massachusetts, to be commissioner of labor; Oscar Marineros of Minnesota, to be consul of the United States at Colon, Colombia. The senate also confirmed the promotions made in the cavalry, artillery and infantry staff appointments made on Feb. 4 under the army reorganization law, also some other military and naval promotions.

FOR ST. LOUIS EXPOSITION.

HOUSE COMMITTEE URGES \$5,000,000 BE APPROPRIATED. Washington, Feb. 8.—Representative Tawney of Minnesota, chairman of the special committee on the St. Louis exposition, today filed a report on the bill appropriating five million dollars in aid of the exposition.

BANK CLEARINGS.

A statement compiled by Bradstreet's shows the total of the bank clearings at the principal cities of the United States for the week to be \$2,282,042,943, an increase of 26.1 per cent compared with the corresponding week of last year.

BUNSEN'S CREAM CATARRHAL.

Cures catarrh easily and pleasantly. Contains no mercury or other drug. Is quickly absorbed. Gives instant relief. It opens and cleanses the nasal passages, allays inflammation, heals and protects the membrane and restores the senses to taste and smell. Regular size 50 cents. The Stafford Drug Co.

Three sizes: 25c, 50c, \$1.00.

If your druggist cannot supply you, send us one dollar and we will express to you by mail all our catalogues. Address, J. C. AYER & CO., Lowell, Mass.

REBEL INDIANS TROUNCED.

MEXICANS IN YUCATAN INFLECT HEAVY CASUALTIES. Merida, Yucatan, Feb. 8.—Federal troops on the march to Chan, Santa Cruz, yesterday, encountered rebel Indians holding small fortified hills, which were carried in a dashing charge, the Indians scattered in all directions. The rebel losses were considerable.

GOULDS ARE MADE RECEIVERS.

INCOME OF COUNTESS CASTELLANE LIMITED TO \$200,000 FOR BENEFIT OF CREDITORS. New York, Feb. 8.—Judge Lacombe, in the United States circuit court, today appointed George J. and Helen Gould receivers for all the income of the Countess De Castellane in excess of \$200,000 per year. This action was taken in a suit brought by Eugene Fischhof, an Austrian creditor, against the countess. The suit was brought in behalf of the plaintiff and all other creditors of the countess who may come in and join the plaintiff in the suit. It is for the benefit of all the creditors and puts all on an equal footing. The bill alleged that the countess owes in England and France about twenty million francs.

STATE OF THE NATION'S TRADE.

THIS WEEK'S SUMMARIES OF DUN'S AND BRADSTREET'S. New York, Feb. 8.—Bradstreet's tomorrow will say: "The trade developments this week, aside from those connected with rumors of combination in the great industries, of which it seems as yet too early to speak authoritatively, have been in the main favorable. Several lines of trade and many staple prices show irregularities, but this probably is no more pronounced than usual at this season of the year."

M'ARTHUR'S REPORT WANTED.

PETTIGREW'S RESOLUTION IS ADOPTED BY THE SENATE. Washington, Feb. 8.—An ineffectual effort was made in the senate today to secure an agreement upon the time for the final vote upon the shipping bill. Vigorous protests were made by opponents of the measure, but no such agreement, and they carried their point. Senator Pritchard, Republican of North Carolina, spoke today in support of the shipping bill and then the naval appropriation bill was considered the rest of the day, the shipping bill being laid aside in the afternoon.

GENERAL MILES ENDORSED.

HIS APPOINTMENT SUITS THE SENATE COMMITTEE. Washington, Feb. 8.—The senate committee on military affairs today agreed to report favorably the nomination of Major General Nelson A. Miles to be lieutenant general and also the three nominations to the office of major general under the army reorganization bill. All the nominations to be brigadiers were favorably acted upon except General Leonard Wood, Fred D. Grant and J. Franklin Bell. These three are held up in order to permit of further investigation.

NAVAL ACADEMY DISCUSSED.

On the taking up of the naval bill an amendment was agreed to providing for the promotion of officers of the navy and of the marine corps made on account of war services shall not interfere with the regular promotion of officers. An amendment involving the length of the course of study at the naval academy brought on a long discussion. The senate committee has reported on the house provision that a naval cadet who had completed a four years' course at the academy should be commissioned as a naval officer at once.

CONFIRMATIONS.

In executive session, these nominations were confirmed: Carroll D. Wright of Massachusetts, to be commissioner of labor; Oscar Marineros of Minnesota, to be consul of the United States at Colon, Colombia. The senate also confirmed the promotions made in the cavalry, artillery and infantry staff appointments made on Feb. 4 under the army reorganization law, also some other military and naval promotions.

FOR ST. LOUIS EXPOSITION.

HOUSE COMMITTEE URGES \$5,000,000 BE APPROPRIATED. Washington, Feb. 8.—Representative Tawney of Minnesota, chairman of the special committee on the St. Louis exposition, today filed a report on the bill appropriating five million dollars in aid of the exposition.

BANK CLEARINGS.

A statement compiled by Bradstreet's shows the total of the bank clearings at the principal cities of the United States for the week to be \$2,282,042,943, an increase of 26.1 per cent compared with the corresponding week of last year.

BUNSEN'S CREAM CATARRHAL.

Cures catarrh easily and pleasantly. Contains no mercury or other drug. Is quickly absorbed. Gives instant relief. It opens and cleanses the nasal passages, allays inflammation, heals and protects the membrane and restores the senses to taste and smell. Regular size 50 cents. The Stafford Drug Co.

Three sizes: 25c, 50c, \$1.00.

If your druggist cannot supply you, send us one dollar and we will express to you by mail all our catalogues. Address, J. C. AYER & CO., Lowell, Mass.

PENSIONS FOR MANY.

Nearly 200 Bills Are Put Through the Mill in the House.

SET-BACK FOR SUBSIDIES.

Opponents of the Shipping Measure Defeat an Effort to Fix Time for Vote in the Senate.

A DAY WITH CONGRESS.

Washington, Feb. 8.—This probably was the last day to be devoted to private pension legislation by the house of representatives in this congress. The high-water mark made in the Fifty-first congress was almost reached today, when 184 bills were passed, against 197 passed at a single session in the former congress. In all the house at this congress has passed about nine hundred bills, a number considerably exceeded in the Fifty-first.

M'ARTHUR'S REPORT WANTED.

PETTIGREW'S RESOLUTION IS ADOPTED BY THE SENATE. Washington, Feb. 8.—An ineffectual effort was made in the senate today to secure an agreement upon the time for the final vote upon the shipping bill. Vigorous protests were made by opponents of the measure, but no such agreement, and they carried their point. Senator Pritchard, Republican of North Carolina, spoke today in support of the shipping bill and then the naval appropriation bill was considered the rest of the day, the shipping bill being laid aside in the afternoon.

GENERAL MILES ENDORSED.

HIS APPOINTMENT SUITS THE SENATE COMMITTEE. Washington, Feb. 8.—The senate committee on military affairs today agreed to report favorably the nomination of Major General Nelson A. Miles to be lieutenant general and also the three nominations to the office of major general under the army reorganization bill. All the nominations to be brigadiers were favorably acted upon except General Leonard Wood, Fred D. Grant and J. Franklin Bell. These three are held up in order to permit of further investigation.

NAVAL ACADEMY DISCUSSED.

On the taking up of the naval bill an amendment was agreed to providing for the promotion of officers of the navy and of the marine corps made on account of war services shall not interfere with the regular promotion of officers. An amendment involving the length of the course of study at the naval academy brought on a long discussion. The senate committee has reported on the house provision that a naval cadet who had completed a four years' course at the academy should be commissioned as a naval officer at once.

CONFIRMATIONS.

In executive session, these nominations were confirmed: Carroll D. Wright of Massachusetts, to be commissioner of labor; Oscar Marineros of Minnesota, to be consul of the United States at Colon, Colombia. The senate also confirmed the promotions made in the cavalry, artillery and infantry staff appointments made on Feb. 4 under the army reorganization law, also some other military and naval promotions.

FOR ST. LOUIS EXPOSITION.

HOUSE COMMITTEE URGES \$5,000,000 BE APPROPRIATED. Washington, Feb. 8.—Representative Tawney of Minnesota, chairman of the special committee on the St. Louis exposition, today filed a report on the bill appropriating five million dollars in aid of the exposition.

BANK CLEARINGS.

A statement compiled by Bradstreet's shows the total of the bank clearings at the principal cities of the United States for the week to be \$2,282,042,943, an increase of 26.1 per cent compared with the corresponding week of last year.

BUNSEN'S CREAM CATARRHAL.

Cures catarrh easily and pleasantly. Contains no mercury or other drug. Is quickly absorbed. Gives instant relief. It opens and cleanses the nasal passages, allays inflammation, heals and protects the membrane and restores the senses to taste and smell. Regular size 50 cents. The Stafford Drug Co.

Three sizes: 25c, 50c, \$1.00.

If your druggist cannot supply you, send us one dollar and we will express to you by mail all our catalogues. Address, J. C. AYER & CO., Lowell, Mass.

that this first great international event in the history of our nation should be appropriately celebrated, this bill is reported for favorable action. No event in the life of our nation, except the achievement of national independence, has contributed so much to the peace, happiness, prosperity, power and commanding influence of the American people as the purchase of the territory of Louisiana. In the evolution of the North American republic, the acquisition of this territory outranks every other event.

MINORITY AGAINST IT.

Representatives Williams of Mississippi and Otey of Virginia filed a minority report against the bill. They agree that the event to be celebrated at St. Louis outranks any event celebrated by any exposition appropriated for by congress except that celebrated at Philadelphia, and that if the magnitude of the event would justify such appropriation this legislation would stand more than justified. "Notwithstanding all this, however," the report continues, "we believe it was not fundamentally right, nor was it expedient, for the United States government to go into the exposition business. We believe that, being in it, it ought to go out of it."

IS A GOOD AMERICAN NOW.

HAWAIIAN DELEGATE WILCOX REPLIES TO THE CHARGES. Washington, Feb. 8.—The charges against Delegate Wilcox of Hawaii were taken up today by the house committee on elections No. 1. Wilcox was present, accompanied by Representative Robinson of Indiana, who appeared as his counsel.

A written answer of Wilcox was submitted. He claims that many of the charges preferred against him are without merit. In regard to the letters he is accused of having written in 1899, he suggests that the conditions prevailing at that time and the legal status of the Hawaiian islands with respect to the United States were entirely different from those existing later and at the time of his election. He claims to be now sincerely and thoroughly American, believing in the party and supporting their institutions. Three additional letters written by Wilcox were submitted, and he made the same answer to them. These letters, written in 1899, criticize the American course in the Philippines.

BIG FIGHT IS NOT OFF.

Still a Chance of It Occurring as Scheduled, Injunction or Not.

BUT AS "SPARRING MATCH"

Cincinnati Promoters Deny Right to Stop "Boxing Contest" Under the Law and Will So Act.

BILLY MADDEN ON STAND.

Cincinnati, Feb. 8.—With the exception of W. A. Brady, who did not arrive from New York until tonight, all the witnesses have been heard on the application for an injunction against the Jeffries-Ruhlin contest here next Friday night. The counsel on both sides have agreed to limit the argument so that the case can be closed to-morrow night. Judge Hollister is not expected to reserve his decision longer than next Monday, but there is no assurance on that point.

NO "PRIZE FIGHTS" NOW.

The star witness of the day was Billy Madden, who was on the stand most of the forenoon and all afternoon. His account of the many art was most skillful. He insisted that it was in the interest of health, as well as skill. He referred to the skill of the eye in boxing, and to the skill of the arm in administering hits and in defense and of the limbs and feet in side-steps and all other motions. He said the training was simply exercise for the perfection of health so the contestants would be in such condition as to be immune from injury. He testified that the science of boxing required more practice and time than to acquire any trade or profession.

BOSTON COPPER QUOTATIONS.

The closing prices of the Boston copper stocks yesterday, as furnished by Faine, Webber & Co., Marquette, Mich., were as follows: Adve... 10 1/2 @ 11 O. D... 35 1/2 @ 36 Ash... 19 @ 20 Osc... 87 @ 88 Arl... 25 @ 26 Par... 49 1/2 @ 50 Atl... 29 @ 30 Amal... 91 1/2 @ 92 Baltic... 44 @ 45 S. S. M... 12 1/2 @ 12 1/2 Old Col... 3 1/2 @ 4 C. E. Rk... 25 @ 25 1/2

WALL STREET STOCKS.

New York, Feb. 8.—There was a considerable falling off in the volume of the dealings in stocks today and a decline that would have been much more marked had it not been for the bringing forward into activity of a horde of the lower-priced stocks. The bidding up of these stocks is also a favorite device by bill operators to sustain the market for the purpose of realizing in the higher-priced stocks which had already enjoyed their advance.

A WHOLE FAMILY.

Rev L. A. Dunlap, of Mount Vernon, Mo., says: "My children were afflicted with a cough resulting from measles, my wife with a cough that had prevented her from sleeping, more or less, for five years, and your White Wine of the Syrup has cured them all." The Stafford Drug company.

EDUCATE YOUR KIDNEYS.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys. But now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs. If you are sick or "feel badly" begin taking the famous new discovery DeBell's Kidney Pills because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone, 25 cents per box. The Stafford Drug Co.

CAREER AND CHARACTER OF ABRAHAM LINCOLN.

An address by Joseph Choate, ambassador to Great Britain, on the career and character of Abraham Lincoln—his early life—his early struggles with the world—his character as developed in the later years of his life and his administration, which placed his name so high on the world's roll of honor and fame, has been published by the Chicago, Milwaukee & St. Paul railway and may be had by sending six (6) cents in postage to F. A. Miller, general passenger agent, Chicago, Ill., or to S. H. Vaughan, commercial agent, Houghton, Mich.

MOTHERS WRITE US THAT THEY HAVE SOLVED THE PROBLEM OF KEEPING THEIR CHILDREN WELL.

Give to them Rocky Mountain Tea each week. A bigging to mother and child. Stafford Drug Co. Drop in to Heppner's and prove for yourself if they do not make the best oyster stews in the town.

"I HAVE ALWAYS USED FOLEY'S HONEY AND TAR COUGH MEDICINE, AND THINK IT THE BEST IN THE WORLD."

says Chas. Bender, a newsdealer of Erie, Pa. Nothing else as good. The People's Drug Store.

roads were affected in less degree and there were gains, besides, in the Colorado & Southern stocks. The rest of the railroad list was singularly sluggish all day and there was only a handful of stocks that got as much as a point away from last night at any time, most of them vibrating narrowly both above and below last night's level.

The steel stocks made a great showing of strength just at the opening, none of the advances being fully maintained except Federal Steel. The balance continued strong in Wall street that the plan for the adjustment of control of the steel properties is making progress, but the stocks did not reflect clearly any news. Sugar had an advance of 3/4 points.

MONEY AND METALS.

New York, Feb. 8.—Money on call today ruled steady, at 1 1/2 per cent. Prime paper, 3 1/4 per cent. Exchange, firm, demand at 4 1/2 per cent and sixty days at 4 1/4 per cent.

Cable advices from London today indicating lower prices on nearly all metals served to create a depressing influence in local circles generally, but, however, the trading was chiefly narrow lines, with speculation almost entirely dormant.

Lake copper, though not showing any particular change, had a weak undertone, with sellers at 17 cents for Lake Superior and at 16 1/2 for castings and electrolytic.

The domestic iron markets were of a quite featureless character and the quotations remain unchanged—pig iron warrants, \$9.50 @ 10.50; Northern foundry, \$15.00 @ 16.50; Southern foundry, \$14.50 @ 15.75, and soft Southern, \$13.00 @ 15.75.

CHICAGO GRAIN MARKETS.

Chicago, Feb. 8.—Wheat today was fairly active at times, but ruling decidedly weaker at the start and displaying more steadiness later. Long wheat came out in good-sized blocks, shorts buying on the break, part of which was for the Southwest. Liberal Argentine shipments, weak cables, bearish reports on the milling situation and fair movements all combined to dishearten the longs and brought about further liquidation. At Liverpool, the market was steady, excepting La Plata, which was off 1/2 penny, and the futures declined 3/4 cent. Commission houses were good buyers of May-around 7 1/4 cts. New York reported fifty-four boatloads accepted.

Corn opened weak, with the cables and wheat, but it was soon apparent there was not much for sale and a quick recovery followed, the close being a trifle higher. The country bought considerable and several shorts, disappointed at the late stubborn action of the market, closed in a materially aiding the upturn. At Liverpool, spot was 1/2 penny lower, with futures steady at 1/2 down. The clearings were moderate, at 328,000 bushels, and the seaboard reported fifty-four boatloads.

Oats ruled weaker, 3/4 cent lower, early, but reacted and closed at the same as yesterday. There was fair selling by large holders and good commission house buying. The cash bids were away out of line and there were no sales of round lots. The seaboard clearances were 39,000 bushels.

THE LEADING FUTURES RANGED.

Table with columns: Opening, Highest, Lowest, Closing. Rows for May Wheat, May Corn, and Movement of flour and grain.

RECEIPTS AND SHIPMENTS.

Table with columns: Flour, Wheat, Corn, Oats, bushels. Rows for Receipts and Shipments.

Recent experiments show that all classes of foods may be completely digested by a preparation called Kodel Dyspepsia Cure, which absolutely digests what you eat. As it is the only combination of all the natural digestants ever devised the demand for it has become enormous. Stafford Drug Co., Marquette; H. N. Mechoche, Ishpeming.

AID TO THE FILIPINOS.

Discovered at Manila That Many Merchants Are Involved.

MORE ARRESTS TO FOLLOW

Prominent Banker Is Under Suspicion and Rebel Property and Funds Are to Be Confiscated.

TREASON AT THE CAPITAL.

Manila, Feb. 8.—Since the arrest of Theodore Carranza and D. M. Carman, charged with furnishing supplies to aid the insurgents, evidence has been rapidly developing tending to show that not the Carman company alone, but many business men of Manila have been having relations with the insurgents.

The secret service officers brought today from Passanan three natives—Cosme, Almonte and Llamas—members of General Calle's insurgent committee in that district. The papers found on them are so personally incriminating that they were led to divulge damaging information concerning Carman and others not arrested.

The police have learned that Pablo, ally of Carman in his Laguna de Bay dealings, had \$10,000 in insurgent money deposited in the Spanish-Filipino bank at Manila. This money, it was further learned, had been withdrawn and invested in two companies and a tobacco concern. The police will seize the property, and also such other funds belonging to the insurgents as can be found. Manager Bilbas, of the Spanish-Filipino bank, who loaned Carman a considerable sum of money without security, is under suspicion.

COAL SCALE IS AGREED TO.

MINERS AND THE OPERATORS FINALLY COME TO TERMS. Columbus, O., Feb. 8.—The general scale committee of the interstate conference of operators and miners, after a protracted and stormy session, tonight decided to recommend the present scale agreement for another year, beginning April 1. A caucus of the miners' delegation will be held at 8 o'clock tomorrow to approve the action of their representatives, and the joint conference will meet at ten to ratify the agreement.

There is a possibility, one of the miners' delegates said tonight, that the report of the scale committee may not be accepted, but the probability that such will happen is very remote. The operators are all satisfied, and it is said a majority of the miners' delegates are willing to accept the present scale for another year.

The contention in the scale committee tonight was chiefly between the Pennsylvania operators and miners. Patrick Dolan, president of the Pittsburgh district, insisted that the dues of the members of the organization be checked off by the operators. Operator Robbins strongly opposed this proposition, and Dolan was finally induced to withdraw it.

ILLINOIS OPERATORS YIELD.

The motion to reaffirm the present scale originated with Operator H. N. Taylor of Chicago after the Illinois operators became convinced that it would be hopeless to insist further upon their demands for the adjustment of the prices and conditions throughout the competitive district.

During the day the Illinois operators held a caucus with the miners and it is intimated an agreement satisfactory to the Illinois operators was reached. The parties to the agreement are very reticent, but it is evident the Illinois operators to expect get concessions at the state conference to be held on Feb. 19 at Springfield and that equal concessions will be made by them.

The other operators claim, however, that their Illinois colleagues benefited from their position only because the Ohio, Indiana and Pennsylvania operators threatened to leave Illinois to her fate and form a tri-state agreement.

Tickets will be on sale February 25th and will be good for return passage up to and including March 2nd, 1901. For further particulars, apply to station and ticket agents or to Geo. W. Hibbard, G. P. A., Marquette, Mich. (1-20-17)

CITY BREVITIES.

Snow, stationary temperature, north-easterly winds.

F. D. Davis, commissioner of schools, was down from Negaunee yesterday.

A number of young people attended a dance at the Snow Shoe club house last evening.

Charles Retailic was absent in Ontonagon yesterday. He went there to look at some poles for the electric light and power commission.

Mrs. F. G. Truscott will leave on an extended eastern trip Monday. She will visit in Baltimore, Washington, New York, Boston, Philadelphia and other Pennsylvania cities.

Yesterday was the mildest day that has been experienced in some time. The skating on the bay continued good and there was a large number of people on the ice in the afternoon.

W. J. Reedy left yesterday afternoon for Michigamme after a several days visit in the city. He was accompanied by a bunch of men for the camps of the Bay Shore Lumber company.

C. W. Hecox of the Soo Record is in Marquette. The paper with which he is connected is a weekly publication but on the 1st of March it will blossom out as a daily. Mr. Hecox is here on business connected with the change. He spent yesterday in the city and expects to leave for the Soo this noon.

The appearance of assortments of valentines in the windows of downtown stores betokens the approach of St. Valentine's day. From now on until that momentous festival is passed the youngsters will be busily employed investing their pennies in the gaily decorated bits of lace paper and the repulsive "comic" varieties.

People are just beginning to wake up to the fact that there is a municipal election a couple of months ahead. There has been but little political talk here of late although the pots are boiling merrily in other cities of the peninsula. The Marquette politicians will not long delay their activity now and at the expiration of a few weeks they will be pouring away lustily.

Two teams of high school young ladies will meet in the first match game of basket ball ever seen in this city at the Casino rink this afternoon. They have been practicing steadily for the past couple of months and are said to be proficient at the game. The sides are well matched and the contest will be of great interest. It is desired that there be a large attendance of the general public.

The presentation of the operetta "Snow White" at the assembly room of the city building this evening should not be forgotten. The pupils of the eighth grade of the Ely school will participate. The music is pretty and attractive and the preparation, which has extended over several weeks, has been thorough. The proceeds will be applied to the purchase of art objects for the school.

FREE FOR ALL.

Bill of Fare for Saturday Night.

Boston baked beans, with pork; baked beef hearts, with sauerkraut; baked liver, with cabbage salad; Bologna sausage, liver sausage, crackers; brickstone with rye bread; mixed pickles, and mustard. Grandin & Trombley, "The Grand Saloon," opposite City Hall. (2-9-11)

The 1901 endowment of the Actna Life is the finest policy ever issued before the public. For full particulars see F. H. Vandenberg, Savings Bank Building, Room 1. (2-6-17)

Inspires one to nobler and better deeds; unlocks the gates of happiness; pours glowing vitality into your system. That's what Rocky Mountain Tea will do. 35c. Stafford Drug Co.

TABLER'S BUCKEYE PILE OINTMENT is no panacea, but is recommended for Piles only. These it will cure. Price 50c. Tubers, 75c. The Stafford Drug Co.

MARDI GRAS

At New Orleans, La., February 14th-19th, 1901.

For the above occasion, the Duluth, South Shore & Atlantic railway will sell excursion tickets to New Orleans, La., and return, via Chicago, at greatly reduced rates. Tickets will be on sale Feb. 11th to 17th, inclusive, and will be good for return passage until March 7th, 1901, inclusive. For full particulars, apply to station and ticket agents or to Geo. W. Hibbard, G. P. A., Marquette, Mich. (1-28-17)

LOW-ROUND TRIP HOMESEEKERS'

On the first and third Tuesdays of each month up to and including June, 1901, the D. S. S. & A. railway will have on sale to nearly all points in the United States, British Columbia, Canadian Northwest, etc., round trip home-seekers' tickets at rate of single fare, plus \$2. for the round trip. Tickets will be good for return passage to twenty-one days from date of issue. For further particulars apply to station and ticket agents or to Geo. W. Hibbard, G. P. A., Marquette, Mich. (1-20-17)

BETTER RAILROAD SERVICE.

Marquette and Ontonagon Counties Brought Closer Together Than Ever Before.

The opening of the recently completed Mineral Range extension by the D. S. S. & A. railway on Monday next from Keweenaw Bay will be a great event for the towns of Marquette and Ontonagon, as it will bring them in close touch with the growing and progressive towns of Mass City, Rockland and Ontonagon.

The train leaving Marquette at 7:00 a. m., Negaunee 7:45 a. m. and Ishpeming 7:55 a. m. will make close connection at Keweenaw Bay (daily except Sunday) with the day express from Calumet arriving Mass City 11:57 a. m., Rockland 12:15 p. m. and Ontonagon 12:45 p. m. Returning, the train will leave Ontonagon 1:35 p. m., Rockland 2:05 p. m. and Mass City 2:35 p. m., arriving Keweenaw Bay 4:00 p. m. there connecting with the train from Calumet due at Ishpeming 6:50 p. m., Negaunee 7:00 p. m. and Marquette 7:35 p. m. (12-20-17)

Lower Michigan News.

J. S. Stearns, the well-known lumberman and ex-secretary of state, has closed a deal by which he acquires possession of Frank Filers' electric lighting plant at Ladington, valued at \$24,000. The plant will be moved in the spring and new equipment added. Mr. Stearns announces that a reduction in private lighting rates will be made at once, and that in the near future electric power will be furnished the public.

Several milling firms have opened correspondence with the Port Huron Merchants & Manufacturers' association with a view to establishing a milling business in that city, but have accompanied their propositions with suggestions for a bonus. A committee of the association has had the matter under consideration, and by a decisive vote the association has concluded that the city offers a sufficiently inviting field for a mill project not to require the offering of a bonus. The millers were offered the glad hand, but were informed that they must not expect it to be accompanied by cash.

Kalamazoo is out for the state fair this year, and the locating committee of the Michigan Agricultural Society has been there to look over the site offered, which is the new Kalamazoo county Recreation park, comprising over 110 acres. There is a mile track on the site, two lines of steam railroads and the Battle Creek-Kalamazoo Electric road passes the grounds. Necessary buildings would be put up by the park association. The fair society has under consideration a scheme to alternate the fair every two or three years between two or three cities. The location for the fair will be decided about March 1.

As a result of an explosion of muriatic acid at the Marine City sugar factory, J. E. Fasty, one of the employees, is suffering from terrible burns, while Jesse Darling and a Mr. Letz had also sustained painful injuries. The men were at work in the factory Thursday morning, when there was a sudden burst of the scalding acid, and Fasty was covered completely. His face and legs were frightfully scalded, and the clothing was burned from his body. While his condition is serious, it is thought he will recover. The other two men suffered slightly.

Fasty's home is in Alma, he having been employed at the sugar factory about a month. He is 26 years of age.

The investigation into the death of little Jessie Parcel, of Harvard, which was held at Cedar Springs Tuesday, came near ending in a tragedy. The inquest showed that the child was the victim of some man, but the verdict did not implicate Albert Neely, who is the child's stepfather, and is under arrest on suspicion. When the verdict was rendered the farmers in town, to the number of a couple of hundred, got 50 feet of rope and demanded that Neely be turned over to them by the officers. After much trouble they succeeded in getting their man safely into the village lockup, and later he was transferred to the county jail in Grand Rapids. Neely is 43 years old and protests his innocence.

A lady of Fényville whose husband was in the habit of becoming intoxicated decided to try a drastic cure. She had a costume representing the hour which she wore at a masquerade, and the next time the unsuspecting husband limbed too freely of the tawny bowl and went home in disarray condition she was prepared. The result was somewhat startling to her and wholly unexpected.

TREASURER POTTER VIGOROUS AT 82.

Aged Bank Official Writes a Long, Grateful Letter to Proprietors of Paine's Celery Compound.

Eighty-two years old, and free from aches, pains, and feebleness! The last ten years of his life the healthiest he has shown.

And forty-five years—a life span for most people—of hard work and responsibility as a bank cashier and treasurer to look back upon.

For the past ten years Mr. Potter has never known a day of serious sickness. Previous to that time he suffered from nervous prostration that clung to him for six years.

That this remarkable immunity from weakness and disease, at such a time in life, has not happened by chance, no one knows better than the aged treasurer himself. In June, 1891, when suffering from a number of old chronic complaints, Mr. Potter was induced by relatives to use Paine's celery compound for the first time. The effect was immediately beneficial. The interrupted good health that he has since enjoyed dates from that time. Mr. Potter's grateful letter to the proprietors of Paine's celery compound is based on long personal experience and also a full knowledge of what it has done for very many of his friends to whom he has in turn recommended the great remedy that made him well. Mr. Potter's letter is given in its entirety:—

Centreville, R. I. Wells, Richardson & Co., Gentlemen—I have the utmost faith in Paine's celery compound, because of the great good that it has done me and many others of my acquaintance that has come under my personal knowledge within the last seven years. In 1865 I

had to give up business on account of very poor health. I was suffering from a number of old chronic complaints. Among the rest I had complete nervous prostration from which I suffered for six years. In June, 1891, I commenced the use of Paine's celery compound. After taking a few bottles I found that the old complaints began to ease up, which encouraged me to keep on with the compound. I soon got over all of those troubles that had clung to me for so long, and got out and was more like myself. Since then I have taken a few bottles in the spring and fall as a tonic, and sometimes a few bottles between as a preventive.

I am inclined to believe in the old adage that "An ounce of prevention is worth more than a pound of cure," so when there has been prevailing sickness in the community, such as grippe, malaria, fevers, etc., I take the compound, and thus far have had none of these ailments, although they have been prevalent all around me, so that I have great faith in Paine's celery compound as a preventive. I have recommended the compound to very many of my friends, and I have the satisfaction of knowing that it has done them very much good.

I was cashier of the bank in South County for 29 years, and for the last 15 years, was secretary and treasurer of the new savings bank in connection with the National Bank. My position in the banks, was my last work. I am 82 years old.

Most sincerely yours, J. B. POTTER.

MARQUETTE OPERA HOUSE. Arthur R. Jones & Co., 226 AND 228 LASALLE STREET -CHICAGO- MEMBERS -CHICAGO BOARD OF TRADE-

SATURDAY, February 16. A CARNIVAL OF FRIVOLITY The rollicking farce adapted from the French of Dr. Jo. J., entitled

"The Doctor's Warm Reception,"

POND'S EXTRACT. There is only ONE POND'S EXTRACT, and everybody knows its purity, strength and great medicinal value. Don't take the weak, watery Witch Hazel preparations represented by "the same as" POND'S EXTRACT. They generally contain "wood alcohol," which irritates the skin, and, taken internally, is a deadly poison. Get genuine POND'S EXTRACT, sold ONLY in SEALED bottles, in BUFF wrappers. Controls Pain, Bleeding and Inflammation.

Do You Know That it pays to trade where you can get the BEST VALUE FOR YOUR MONEY. We aim to please our patrons at all times in prices as well as quality. There is nothing too good for our trade. We handle the best goods on the market. T. HUGHES & SON, ISHPEMING, MICH. Gen'l Merchandise and Meat Market.

The Drainage and Water Supply Question is of permanent importance to all. Next to food and clothing, it most concerns health, and without health what is wealth or even life? The Ideal Plumbing Co., are plumbers who regard sanitation as their chief ally in building up and retaining a good business. Every proved modern method and appliance is adopted and you get the best work as a consequence. ISHPEMING and CRYSTAL FALLS. (1-2-1f)

INSURE WITH THE BEST. IF YOU WANT FIRE INSURANCE... PURCHASE IT FROM... HALL & MOSS, who represent the STRONGEST COMPANIES in this country and the old world. Call and see us at our new office in the ROBBINS BLOCK, Main Street. (1-29-1f)

I. E. SWIFT CO. ISHPEMING AND HOUGHTON. CARRY THE ONLY STOCKS OF HEAVY HARDWARE AND MINING SUPPLIES IN THE UPPER PENINSULA. FULL ASSORTMENT AT BOTH PLACES. ALSO A FULL LINE OF SHELF HARDWARE, STOVES AND TINWARE AT HOUGHTON. Quality best and prices right. Estimates cheerfully furnished on all goods. Look us up when in the market and save accumulating dead stock. We carry the stock and stand the declines for you. (7-21-1f)

Y R O K W N E \$200.00 in Cash, Free O C C I C H A L A F U O B F. We will give the above award to any person who will correctly arrange the above letters to spell the names of three important American cities. What are they? Each line represents one city. You may be the fortunate person to secure at least a portion, if not the full amount. For should there be more than one set of correct answers, the money will be equally divided. For instance, should five persons send in correct answers, each will receive \$40.00; should ten persons send in correct answers, each will receive \$20.00, twenty persons, \$10.00 each. This offer is made to advertise and introduce our firm quickly. WE DO NOT WANT ONE CENT OF YOUR MONEY. THIS CONTINUES TO FILE. As soon as you have arranged what you suppose are the correct names, send them. A postal card will do, and you will hear from us promptly by return mail. Those who have tried other contests and failed to secure anything, try this one. All can secure an award if they wish to try without any expense whatever. HOME SUPPLY CO., DETROIT, MICH.

Ishpeeming and Vicinity.

A SENSELESS CRITICISM. DETROIT TRIBUNE MISAPPREHENDS THE AIM OF THE BILL TO LICENSE UNDERTAKERS.

The following article which appeared on the editorial page of The Mining Journal of Tuesday, is taken in exception to by a local undertaker: "The bill to create a board for licensing undertakers, for which Representative Byrns of this county stands sponsor, does not commend itself to the Detroit Tribune, which says concerning it: 'Upper peninsula undertakers want the legislature to make a league with death and prohibit by statute all persons from engaging in the burial business who cannot pass an examination before the state board of health. The merits of the petition will be rehearsed in Lansing by Representative Byrns of Ishpeeming. This is a grave matter and the petition had better be given an early funeral and a burial in the legislative pigeon-hole. The scheme might well be scripturally styled, 'A league with death and a covenant with hell.' When the funeral and burial business of the state passes into the hands of a combine who of the poor can afford to die? This scheme," as it is styled, did not originate in the upper peninsula. It was started by men who are engaged in this business in the lower part of the state. C. J. Byrns, Ishpeeming's representative in the legislature, is doing his best to get the bill passed and he has the full support of every undertaker of standing in the entire state, as well as of many citizens who follow public affairs intelligently. There is no plan to create a trust in this line of business and never has been. The undertakers do not wish to deprive others of the privilege of selling coffins if they so desire. What they are trying to bring about is a law compelling all persons who are given charge of the remains of people who have died from contagious diseases to pass an examination before the state board of health, as to their knowledge of the handling such cases. There would also have to be examined as to their fitness to do embalming. It is against the state law to expose the remains of those who have died from the effects of contagious diseases to the public. Yet, on the statement of the local undertaker referred to, this law has been violated within the past year by a person engaged in this business in Ishpeeming. It may seem to the casual reader that this bill which Mr. Byrns has introduced is a freak. But if this is so are not the laws compelling barbers and horsehoers to be examined and licensed in the same category?"

ISHPEMING IN BRIEF. William Penglase is visiting in Wisconsin. Mrs. Gingsburg of the Urban house is on the sick list. W. J. Conway of Bay City was in Ishpeeming yesterday. J. S. Robin and F. D. Oppenheimer did business in town yesterday. A Kidder of the Lake Angeline Iron company is in town on business. Mrs. John Delbridge and children are visiting in Michigamme this week. Charles Johnson is building an addition to his residence on North Third Street. J. M. Hayden left Thursday evening for a three weeks trip through Florida and the south. Miss Flora Brett, of Milwaukee, is spending a month with Mr. and Mrs. Benjamin LaLonde. Eman & Swanson have opened a paint shop in the Johnson building on Cleveland Avenue. Invitations are out for the dance which the Zenda club gives in Anderson's hall the eighteenth. Jack Sellwood, who is employed at the Cleveland Lake shaft, expects to leave for Montana next Tuesday. Among the Grand Rapids men registered at the Nelson yesterday were F. J. Lewis and W. H. N. Raymond. Miss Eva Davis and her assistant, Miss Nora Ready, are in Chicago looking up the spring styles in millinery. The young married ladies will give a dance in Anderson's hall this evening. Trombley's full orchestra will furnish the music. All the lumber and coal yards in the city have followed the action of the merchants in closing their places of business two evenings each week. Don't forget the sale of cakes and pies which the ladies of the Episcopal church will hold in the store of H. F. Heyn this morning from ten until twelve. Prof. Moyle, W. J. Whitford, John C. Rule and F. C. Bennett will sing at the concert in Calumet on the twenty-fourth of this month. In addition to singing with the quartette, Prof. Moyle has some solo work. Dister Cullard died at his home in Greenwood yesterday morning. He was seventy-six years of age. Mr. Cullard was a well-to-do farmer of that town, of which he had been a resident for many years. The funeral will be held from the Catholic church in Clarksburg tomorrow afternoon. A number of complaints have been made of late about the gangs of boys who make the vicinity of the gas house their place of rendezvous. Everyone who passes is liable to get a snowball somewhere about his person and residents in that section of the city are becoming rather tired of the sport. Nels Mowick has secured a position with the American Glove company of Chicago as a traveling salesman. His territory extends from the "Boys" to Duluth and through northwestern Wisconsin. James Mowick, who is selling out the stock which the Mowick Bros. had in this city, will leave for the copper country the last of the month. The bazaar which the Bee Hive society of the Norwegian Lutheran church held Thursday and yesterday was an immense success. Swedish people of all ages and both sexes were present and there was nothing left to sell when the affair was over last night. A short but well selected program was given each evening. The society realized a snug sum as the result of its labors. Thomas Trengrove of the Mesaba range has been in town for the past few days. Mr. Trengrove was formerly an engineer in the employ of the Cleveland-Cliffs company. He has just returned from a two months stay in California, where he visited his brother. Mr. Trengrove leaves today for the copper country, where he expects to spend a week, after which he will return to the Mesaba. A newspaper published in Sweden prints the information that on Christmas John Bryntson sent his mother a little reminder in the shape of \$25,000, and his brother was remembered with \$10,000. Mr. Bryntson was for many years a resident of Ishpeeming. He left here some three years ago for Cape Nome, where he struck it rich. He is now living in California and is enjoying a well earned rest. Everyone was full of copper talk yesterday. It made no difference whether they knew the difference between a copper mine and a railroad track, they were talking just the same. The broker's office was crowded all the time and a few sold out their holdings in some of the rising stocks. The bulk of the stockholders are, however, hanging on a little longer, feeling sure their favorites will go higher. There is considerable Timountain held here and the holders are wearing a happy smile just at present. EVERY MOVEMENT HURTS when you have rheumatism. Muscles are stiff and sore and joints are painful. Hood's Sarsaparilla goes right to the spot of this disease, neutralizes the acidity of the blood and cures. Indigestion, nausea are cured by Hood's Pills. Coughs and colds down to the very borderland of consumption, yield to the soothing healing influences of Dr. Wood's Norway Pine Syrup.

RESULT OF A FALL.

San Francisco Attorney Stricken With Paralysis.

Shock to the System Brings on Nervous Prostration—How a Cure Was Effected.

Volumes might be written in praise of a popular remedy for the creating of rich new blood and the rebuilding of a worn out body, but it is doubtful if anything half so convincing could be demonstrated as is done by the interesting story related by Mr. Edward T. Dudley, a practicing attorney for twenty-five years in San Francisco, with offices at 83 City Hall Avenue. Twelve years ago, when thirty-nine years of age, Mr. Dudley lost his balance while standing upon the rear platform of a street car, causing him to fall, striking the ground with the back of his head, which brought on a feeling of numbness and eventually paralysis, loss of memory and strength which, however, yielded to proper treatment as explained by him hereafter. Feeling thankful for the good done him and realizing many others are in a similar condition, Mr. Dudley tells of the benefits in his own way which is given without color or embellishment as follows: "After the fall from the car I passed it by as an accident that had left no apparent ill effects; yet a few weeks later, in endeavoring to get on a bar, I found I could not raise my foot. Now I think this paralysis began in my feet and in time my lower limbs became numb. I became pale as a ghost and it brought on a bloodless condition of my system. From being a strong healthy man of 180 pounds, I was reduced to 145 pounds, and my doctor told me I was taking my life. Now I find this time paralysis began in my feet and in time my lower limbs became numb. I became pale as a ghost and it brought on a bloodless condition of my system. From being a strong healthy man of 180 pounds, I was reduced to 145 pounds, and my doctor told me I was taking my life. Now I find this time paralysis began in my feet and in time my lower limbs became numb. I became pale as a ghost and it brought on a bloodless condition of my system. From being a strong healthy man of 180 pounds, I was reduced to 145 pounds, and my doctor told me I was taking my life. ARE SPANISH SWINDLERS.

A Gang Has Joseph E. Reinger, a Resident of Escanaba, on its Staff Good and Hard.

HE IS THE MAN WHO INHERITED \$180,000 FROM AN UNCLE.

The Crew Approached H. J. Hopkins of Marquette in November, 1900, With the Same Tale That Caught Reinger, But He Was Wise and Turned It Down.

A TRULY THRILLING RECITAL.

Joseph E. Reinger of Escanaba will be classed with the fools who are bled every minute unless he pulls himself up with a short turn and severs all connection with a gang of Spanish swindlers with whom he is now trailing.

MR. HOPKINS' LETTER.

The Mining Journal here presents the letter received by the Marquette man: "Castle Porte of Valencia, 11-11-1900. "Mr. H. J. Hopkins,

been happy had my protector continued at the head of affairs until the end of the campaign. No sooner was he relieved by General Weyler than my troubles began.

FLED TO ENGLAND.

"As I was the victim of a great tragedy I was compelled to emigrate to England, taking along with me my fortune, valued at 36,000 English pounds.

REINGER WRITES.

The comparison of the following sketch of the story outlined to Reinger with Mr. Hopkins' letter will show how the tales resemble each other: Reinger's father came to this country from Brussels, leaving behind him a younger sister. It is claimed that Lantigo Fenoll married this sister, he being an attaché of the Spanish legation at Brussels.

in trying to work their game in a city neighboring to Marquette where they had already approached a prospective victim and had been turned down.

DRANK CARBOLIC ACID.

Marquette Girl Ends Her Earthly Career at Chicago.

BOUGHT 4,000 ACRES.

J. E. Sherman of Marquette Gets Wisconsin Copper Lands.

ENTERTAINING LECTURE.

Hon. Chase S. Osborn on Mexico at the Presbyterian Church.

TO BE PREPARED.

For war is the surest way for this nation to maintain peace. That is the opinion of the wisest statesmen.

WHERE IS THE SWINDLE?

From the Mirror's account of Reinger's dealings with the Spanish crew it is impossible to see where they are working, or intend to work, their graft.

HE DIDN'T BITE.

"My daughter will possess a fortune in money of 26,000 English pounds, although my portmanteau which contains the document entitling the bearer to draw the money will be released.

HE DIDN'T BITE.

A PAIN IN THE BACK

The first sign of kidney trouble is a pain in the back. From a slight twitch, it grows to a sharp pain, and finally develops all the symptoms of kidney disease, producing a complication of such ills as Rheumatism, Bright's Disease, Gout, Diabetes, Gravel, Bladder Troubles, Scalding of the Urine and Dropsy.

JOHNSON'S KIDNEY PILLS.

The blood is the great source of health and disease in the human system. Pure blood makes a strong and healthy individual, impure blood causes sickness and disease in the whole system.

AN EMINENT PHYSICIAN'S OPINION.

Dr. Carlsbrooke, A. M. M. D., the great specialist in kidney and urinary diseases, says: "However skeptical, I could hardly close my eyes to the favorable results obtained. I wrote a paper about this remedy (Johnson's Kidney Pills)."
