WHAT OUR FLAG STANDS FOR

Wherever the American flag is raised in token of sovereignty, it stands for liberty, independence and equality. What our flag is to the nation, Hostetter's Stomach Bitters is to the individual, inasmuch as it not only gives you freedom from your ailments, but protects your system in such a manner that they cannot return. When your stomach gets out of order, causing you to belch after eating, or when you are so nervous that you toss about all night, unable to sleep, you should certainly try it, because it will strengthen your stomach, steady your nerves, and induce sound, healthy sleep, and for indigestion, constipation and biliousness there is nothing to equal it. Rheumatism is also counteracted by its direct action on the kidneys.

## No Smoke Without Fire

When evidence of a thing exists, it is safe to presume that the thing itself exists. When you see smoke you know there's fire. When you see a person with sallow skin, pimples and blotches on the face, foul breath, sluggish and peevish disposition, you know he has stomach trouble.

If you are troubled with sick headache, constipation, biliousness, pain in the abdomen, dizziness, diarrhœa, malaria, despondency, insomnia, indigestion, or any stomach, liver or bowel trouble, you will find quick and

### JOHNSON'S STOMACH TABLTS.

ONE TABLET'S A DOSE

Almost everybody can use Johnson's Stomach Tablets with benefit, for almost everybody has some form of stomach trouble in some degree. Everyone should keep these tablets constantly at hand to be used at the first sign of sickness.

Johnson's Stomach Tablets act directly on the stomach, liver and bowels, regulating the organs, toning the system, and thus preventing many forms of disease. They can also be used as a gentle laxative for sweetening the stomach, or they can be used as a purgative by doubling or tripling the dose. No harm can come from any over-dose, and they never fail to produce a movement of the bowels, no matter how acute the case may be. If people could be made to realize how important to the health is the regular discharge of this poisonous waste matter from the system, no person would fail to have these tablets always at hand.

Commissioner of the United States, General Land Office, Washington, D.C., by a Geologist and Mining Expert of world-wide reputation, Professor Benjamin Silliman, who spent several months there, then being connected with the Inited States Surveying Corps, and in his official report says:

"Here are contless millions of tons of rich gold quartz reduced by the great forces of nature to a condition ready for the application of the hydraulic process, while the entire bed of the Rio Grande for over 40 miles is a sluize, on the bors of which the gold derived from the wearing away of the gravel banks has been accumulating for countless ages, and now lies ready for extraction by the most approved method of rivir mining. The thickness of the Rio Grande gold gravel exceeds in miny places 600 feet, or nearly three times that of the like beds in California while the average value per cubic yard is believed to be greater in the New Mexico beds than in any other such accumulations yet discovered. "I have made a reconnais not of the whole of this gravel along the Rio Grande, and have examined with all the care bossible in the time at my command the character of the gravel and its contents of gold. Nothins, I am persuaded, since the discovery of California and Australia, is comparable for its measurable resourses of gold available by the hydraulic process to the deep placers of the Rio Grande."

## THE TURN OF LIFE.

The Most Important Period in a Woman's Existence. - Mrs. Johnson Tells How She Was Helped Over the Trying Time.

Owing to modern methods of living, not one woman in a thousand approaches this perfectly natural change without experiencing a train of very

annoying, and sometimes painful symptoms.

Those dreadful hot flashes, sending the blood surging to the heart until it seems ready to burst, and the faint feeling that follows, sometimes with chills.

as if the heart were going to stop for good, are only a few of the symptoms of a dangerous nervous trouble. The nerves are crying out for assistance. The cry should be heeded in time. Lydia E. Pinkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life.

The three following letters are guaranteed to be genuine and true, and still further prove what a great medicine Lydia E. Pinkham's Vegetable Compound is for woman. Compound is for women.

"DEAR MRS. PINKHAM: — I have been sick for a long time. I was taken sick with flooding. All my trouble seemed to be in the womb. I ache all the time at the lower part of the womb. The doctor says the womb is covered with ulcers. I suffer with a pain on the left side of my back over the kidney. I am fifty years old and passing through the change of life. Please advise me what to do to get relief. Would like to hear from you as soon as possible."— MRS. CHARLOTTE JOHNSON, Monclova, Ohio.

"I have been taking your remedies, and think they have helped me a great deal. I had been in bed for ten weeks when I began taking your Vegetable Compound, but after using it for a short time I was able to be up around the house. The aching in the lower part of womb has left me. The most that troubles me now is the flowing. That is not so bad, but still there is a little every day. I am not discouraged yet, and shall continue with your medicine, for I believe it will cure me."—MRS. CHARLOTTE JOHNSON, Monclova, Ohio.

"I send you this letter to publish for the benefit of others. I was sick for about nine years so that I could not do my work. For three months I could not sit up long enough to have my bed made. I had five different doctors, and all said there was no help for me. My trouble was change of life. I suffered with ulceration of the womb, pain in sides, kidney and stomach trouble, backache, headache, and dizziness. I am well and strong, and feel like a new person. My recovery is a perfect surprise to everybody that knew me. I owe all to Lydia E. Pinkham's Vegetable Compound. I would not do without your medicine for anything. There is no need of women suffering so much if they would take your remedies, for they are a sure cure."—Mrs. Charlotte

Johnson, Monclova, Ohio, When one stops to think about the good Mrs. Johnson derived from Mrs. Pinkham's advice and medicine, it seems almost beyond belief; yet it is all true as stated in her three letters published above at her own request.

As a matter of positive fact Mrs. Pinkham has on file thousands of letters from women who have been safely carried through that danger period 'Change of Life." Mrs. Johnson's cure is not an unusual one for Mrs. Pinkham's medicine to accomplish.

REWARD.—We have deposited with the National City Bank of Lynn, \$5000 which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission.

A BEAR ATTACK.

It Was Made on Coppers Yesterday But the Turn Was Immediate.

The bears went after coppers yester lay but they bit off more than they could chew and it was but a little time when the market was taken away from them for quite an advance, which resulted in a better close than on the preceding day. Speculators and investors feel that everything is all right in coppers and that they will be able to ealize heavily at a near date. Paine

"An organized effort to break the coppers this morning ended in failure and was the indirect cause of the re newed buying which resulted in ; higher closing than on yesterday Among the leading traders here the coppers are regarded as the most atthe market. The South Range group led the advance today and acted at the lose as if considerably higher prices would be reached.'

Yesterday there was much discussion oro and con concerning Thursday night's race at the ice rink. Few peoole professed to understand the true merits of the disagreement and it was generally regretted. It was a common emark that there would have been no trouble had George Mitchell raced Proyer without assistance and everyone expressed confidence of his ability to defeat the Manistique man. It is generally hoped that Manager Mitchell's plans to bring the best skaters of the upper peninsula here for the purpose of settling the question of the championship will work out all right as the proposed races would be very in
