CHAFFEE TO BE OUT OF IT

Americans Will Not Participate in Proposed Expedition in China.

SITUATION AGAIN SERIOUS

Announcement of Resumption of Offensive Military Operations Causes Dismay at Washington.

PACIFIC ACTION FAVORABLE.

Washington, Feb. 18.—The United States government is facing a serious crisis in China owing to the announcement that the field marshal, Count von Waldersee, is to begin another offensive campaign. General Chaffee informed the war department today that he had been invited to join the expedition, which was to be mobilized on a larger scale than anything attempted in China since the original march to Peking. This German movement is viewed with absolute dismay here, for it is feared it requires an immediate decision by the United States government upon its whole line of policy toward the Chinese question. General Chaffee will be told that he is not to participate in the campaign. He has been keeping the American forces in Peking ever since the city was pacified simply as a legation guard, as the German government is anything but friendly toward the United States government purposefully deprived the American contingent in China of its offensive military character and withdrew it from the control of Count von Waldersee in order to hasten the peace negotiations and prevent, as far as it could, the continuance of the military movements against the Chinese. So the government, not having changed its policy, cannot do otherwise than to have General Chaffee refrain from any participation in hostile military movements so long as the present peaceful conditions continue.

CHINA'S DELAY UNFORTUNATE.

The Chinese government, unfortunately, is delaying the peace negotiations in an expiring fashion and is not responding in the proper spirit to the efforts of the United States government. Word has just come from Minister Conger which confirms the press advices relative to the Chinese declaration to accede to the demand of the ministers in the matter of the capital and Chao Chi Chiao's imprisonment and degradation from office for Ying Nien, and some punishment not yet determined for Chi Hsu and Hsu Cheng Yu. It is said that an edict has already been issued to execute these sentences. A visit from the Japanese minister to the United States on Wednesday was given color to the story that our government is casting about to ascertain how far the other powers are parties to the proposed campaign. It was impossible to secure exact information on the subject. The whole subject, it was said, would come before the cabinet meeting tomorrow, when the course to be pursued by the United States government would be determined.

WILL ASTONISH CHINA.

SHANGHAI PAPER HEARS OF A MOVE THAT WILL QUICKLY BRING THE COURT TO TIME.

Shanghai Feb. 18.—The Shanghai Mercury today asserts that the powers are preparing a move that will astonish China and quickly bring her to terms. According to The North China Daily News, the Germans are planning an expedition on the Yang Tse Kiang.

RUSSIANS NOT TO PARTICIPATE.

London, Tuesday, Feb. 19.—"Count von Waldersee has prepared plans for a new expedition," says the Pekin correspondent of The Morning Post. "It starts next Saturday. All the powers except Russia and the United States have agreed to allow their forces to join."

London, Feb. 18.—The under secretary of state for foreign affairs, replying to a question in the house of commons, today said that so far as the government is aware no power is contemplating an expedition into the interior of China. If so, the British commanders will require fresh instructions.

PEKIN EXPLANATION.

Berlin, Feb. 18.—The Cologne Gazette publishes a dispatch from Peking which explains that Field Marshal Waldersee's expedition is intended to finally clear the province of Chi Li of Chinese soldiers and produce a wholesale request among the Chinese. "The German commissary department, however, has ordered a thousand transport wagons to be ready within eighteen days. This is regarded as significant."

REPLY NOT SATISFACTORY.

Pekin, Feb. 17, via Shanghai, Feb. 18.—The foreign envoys have held a conference regarding the Chinese reply

concerning the punishment of the guilty persons named by the powers. The reply is considered unsatisfactory.

CAUGHT BY FALLING WALL.

FIVE FIREMEN KILLED AT NEW HAVEN THIS MORNING.

New Haven, Conn., Tuesday, Feb. 19.—Four men were killed and one fatally injured in a fire which destroyed an unoccupied factory on Winchester avenue this (Tuesday) morning. The death.

CAPTAIN JOSEPH CONDRON, FIREMAN EDWARD HALE, FIREMAN FRANK WILLIAMS, FIREMAN WILLIAM RILEY. Injured—Henry Powell, fearfully burned.

The fire was discovered at 1:30 o'clock, and the building was situated over a mile from the main part of the city the flames had gained considerable headway before the firemen reached the scene. After the firemen had been working only five minutes, one of the walls fell, catching the men beneath. The fire has entirely destroyed the building in which the blaze originated. The loss has not yet been determined. The Winchester Arms plant is in the district where the fire is raging, also a grain elevator and several factories.

NEWSPAPER SCORCHED.

MILWAUKEE HEROLD PLANT DAMAGED TO EXTENT OF \$60,000

Milwaukee, Feb. 18.—Fire tonight damaged the Milwaukee Herold newspaper plant to the extent of about sixty thousand dollars, covered by insurance. The third and fourth floors and basement were gutted. Many Herold employees got out of the building barely in time to avoid suffocation. The Sentinel building, adjoining, sustained a loss of about a thousand dollars, chiefly from water.

COSTLY BLAZE IN TENNESSEE. Jackson, Tenn., Feb. 18.—Fire tonight destroyed the Pythian Opera House, the Second National bank, the American Express company's offices and three adjoining buildings. It is believed two men were killed by a falling wall.

STILL NO CHOICE FOR SENATOR.

NEW ARMY FOR BRITAIN

Forces of the King Now to Be Increased by 150,000 Men.

MORE PAY THE INDUCEMENT

Dewet is Again Healed Off in Cape Colony and Kitchener Plans New Campaign in Transvaal.

TYPHOID IS KILLING MANY

London, Tuesday, Feb. 19.—The correspondence of The Daily Mail who is with the British column pursuing Dewet says:

General Dewet has failed to reach his objective point, having been headed off in turn from Steynburg and Hope town, fifty miles from the scene of the fight last Friday.

The Pretoria correspondent of The Daily Mail hints that Lord Kitchener is planning a campaign in northern Transvaal in the near future in districts not yet visited by the British troops.

The Daily Chronicle says it understands that several officers of high rank from India are going to South Africa, and that Lord Dundonald, General Kelly-Kenny and General Leach are also going out again.

According to the same authority, it has been practically decided, in connection with the scheme of army reform, to increase the forces by 150,000 men, to secure whom it is proposed to increase the pay of soldiers.

London, Feb. 18.—The questions in the house of commons today regarding the war in South Africa did little toward really enlightening the situation in South Africa.

The secretary of state for war, Mr. Broderick, gave a statement of the ever-increasing number of cases of typhoid fever among the troops, thus partially accounting for the long casualty lists. The total since the beginning of the war is 19,191 cases and 4,233 deaths.

KRUGER APPEALS TO KING.

London, Feb. 18.—There is an unconfirmed rumor here that Kruger has drafted a personal letter to King Edward setting forth the Boer case and asking for the king's consideration.

UPROAR IN COMMONS.

MINISTRY GETS A SETBACK ON THE FIRST DIVISION AND BOER WAR IS HOTLY DEBATED.

London, Tuesday, Feb. 19.—The first division in the first parliament of King Edward VII, which took place yesterday when Lord Cranborne, under secretary of state for foreign affairs, refused to answer a question regarding the status of the Chinese situation, concerning which notice had not been previously given, resulted in cutting down to forty-five the government's normal majority of 129. The interest caused by this unexpected event was heightened by Winston Spencer Churchill's first speech at Westminster and by Secretary Chamberlain's heated defense of his own policy.

Winston Churchill proceeded half-humorously, half-seriously to belittle the efforts of the pro-Boer members of the house in behalf of their friends. He maintained the war in South Africa had been marked with unusual humanity, and closed with the declaration of his belief that at no distant date there would be "a loyal, peaceful and prosperous Transvaal."

Sir Robert Reid, a Radical member, argued that all this could be accomplished without unnecessary severity and without withholding the terms. Secretary Chamberlain, springing to his feet, stigmatized the speech of Mr. Reid as "devoted to abuse of British officers and the policy of the ministers." He denied that peace with honor was at that time possible before or after the fall of Pretoria. "Before we grant free government to the Boers," he exclaimed, "the colonial secretary, 'the country must be restored to something like normal conditions. I believe the Boers know well the terms offered them. The time is, perhaps, not opportune for taking further steps to make these terms known; but I have been in communication with Sir Alfred Milner with a view of taking advantage of any opportunity that might present itself."

WILL OPPOSE KING'S SALARY.

IRISH PARTY TAKES EXCEPTION TO OATH TAKEN BY EDWARD.

London, Feb. 18.—In the house of commons today, John Redmond, chairman of the United Irish parliamentary party, took exception to the oath taken by King Edward in the house of lords. He declared that inasmuch as the "atholic religion was described as idolatrous and superstitious, he would oppose granting the king's salary."

CARRIE NATION IN JAIL.

Topeka Judge, Declaring Her Insane, Holds Her in Bonds to Keep the Peace Which She Declines to Furnish—Is Booked for Long Stay.

Topeka, Kas., Feb. 18.—Mrs. Carrie Nation is now in the county jail as the result of her trial on a peace warrant before Judge Hazen today. The warrant was sworn to by the Moser Cold Storage company, whose plant Mrs. Nation entered yesterday morning.

Mrs. Nation acted as her own attorney at the trial. Judge Hazen placed her under \$2,000 bond to keep the peace and ordered her to appear before him at the next term of court. Mrs. Nation refused to give bond and said she would go to jail. She is now detained in the hospital room at the county jail.

West Point, Feb. 18.—The exercises connected with the graduation of the first class of cadets at the military academy took place in the Cullum Memorial building today in the presence of the entire battalion and many other persons. The address to the class of seventy-three members was delivered by General John Brooke, commanding the Department of the East, who also delivered the diploma. Secretary Root had been expected to perform this office, but he was unable to be present. The early graduation of the class this year is necessitated by the reorganization of the army.
