## KIDNAPER CAPTURED.

### One of the Cudahy Abductors in the Toils at Omaha.

### IS POSITIVELY IDENTIFIED

### Prisoner an Ex-Convict, a Pal of Pat Crowe, and Other Arrests Are Expected Soon.

### VALUABLE CLUES SECURED

Omaha, Feb. 19.—One of the three men implicated in the kidnaping of Edward Cudahy, Jr., has been arrested and is now in the city jail. The man was arrested Saturday night, but the news was suppressed by the police until today.

When the suspect was brought into the presence of young Cudahy for identification, the latter said:

"This is the man who asked me to get into the wagon. There is no doubt about it."

The name of the man under arrest is James Callahan. He is an ex-convict, has been an associate of Pat Crowe for several years and has lived in Omaha most of the time.

### IDENTIFIED BY SEVERAL

James Schneiderwind, owner of the house to which the boy was taken, was the man who first identified Callahan. He says he is the man who accompanied the light-complexioned man in the negotiations for renting the house.

Daniel H. Burr's, who sold the horse and buggy used in the abduction, has also identified Callahan as one of the men with whom he made the deal, while Mary Larsen, a servant in the employ of J. N. Patrick, of whom the kidnapers rented the house, was the third person to identify Callahan.

Callahan was arrested by Patrolmen Deuberry and Dwyer, both of whom are old acquaintances of the prisoner. Mr. Cudahy feels confident the police now have one of the right men, and that other arrests of equal importance will follow.

### CLUE TO THE THIRD MAN.

Tonight the police secured information which they expect will lead to the arrest of another man connected with the crime. This person is the son of the coachman of a family friend of Cudahy, and Chief Donahue says his description fits minutely that of the third man wanted.

Callahan when seen this afternoon at the jail denied all knowledge of the kidnaping.

### HAZING PENALTY TOO SEVERE.

### SENATE KILLS PROVISION BARRING CONVICTED CADETS FROM MILITARY APPOINTMENTS.

Washington, Feb. 19.—By the emphatic vote of eighteen to forty-two, the senate late this afternoon rejected the conference report on the military academy appropriation bill. This action came at the conclusion of a spirited debate upon the provisions against hazing inserted in the report by the conference committee, which provided not only for expulsion, but for ineligibility for military appointment.

The discussion of the provision occupied the greater part of today's session and the report of the conference was rejected because it was regarded by a large majority of the senate as too drastic; and, while no instructions could be given the conferees by the senate, it was understood that to secure favorable action by the senate a modified provision as to the penalty for hazing would have to be presented.

The house spent the day on the Snoddy civil bill.

### FOUR FLOP TO ADDICKS.

### BREAK IN THE SENATORIAL DEADLOCK IN DELAWARE.

Dover, Del., Feb. 19.—There was a break in the ranks of the "regular" Republicans when the ballot for United States senator was taken today. Four of the "regulars" who have steadfastly opposed to the election of J. Edward Addicks to the senate voted for him today for the short term.

### TODAY'S WEATHER.

Washington, Feb. 19.—Weather forecast for upper Michigan: Fair, except snow and colder on the northern shore, Wednesday; fair Thursday; brisk northwesterly winds.

### TOM L. JOHNSON GETS THERE.

### CLEVELAND DEMOCRATS PICK THE CAPITALIST FOR MAYOR.

Cleveland, Feb. 19.—Tom L. Johnson, the well-known capitalist, was tonight nominated for the mayoralty at the Democratic primaries.

### ROOSEVELT STARTS FOR HOME.

### SPENDS HIS LAST DAY IN COLORADO HUNTING COYOTES.

Colorado Springs, Feb. 19.—Governor Roosevelt left for the East this evening after a day spent in hunting coyotes on the plains east and south of Colorado Springs.

### GUS RULIN IN HARD LUCK.

### HELD TO CHICAGO GRAND JURY BECAUSE OF FRIENDLY BOUT.

Chicago, Feb. 19.—Pugilist Gus Rulin and his sparring partner, "Denver Ed" Martin, were held to the grand jury today in bonds of \$750 each for engaging in a friendly boxing exhibition at a local theatre. Frank Hall, who made the complaint against them, was arrested, charged with witnessing a boxing contest, and was also held to the grand jury in the same amount.

### HAMILTON JURY STILL OUT.

### NO VERDICT YET IN THE MINNEAPOLIS MURDER CASE.

Minneapolis, Feb. 19.—The jury in the Hamilton murder case was unable to reach an agreement tonight and has retired. A verdict will not be reached earlier than tomorrow.

### YANKEE GIRL GETS A TITLE.

### MISS LONGWORTH, CINCINNATI, WEDS A FRENCH COUNT.

Cincinnati, Feb. 19.—The marriage of Miss Clara E. Longworth of Cincinnati and Count Adelbert de Chambrun of France was solemnized at noon today by Archbishop of Ireland at the home of the bride's mother, widow of the late Judge Nicholas Longworth.

### SOUDANESE TROOPS CLASH.

### RIVAL BATTALIONS ENGAGE IN A BLOODY FIGHT.

Cairo, Feb. 19.—A few days ago a quarrel occurred at Omdurman between members of the Thirteenth and Fourteenth Soudanese battalions at an entertainment given by the latter. Five men were killed and twenty wounded. There had been ill feeling between the battalions prior to the entertainment.

## CHINESE GIVE IN.

### Preparations for Expedition Into the Interior Have Marked Effect.

### COURT COMES TO TERMS.

### Envoys at Peking Notified That All the Demands of the Powers Will Be Complied With.

### BLUFF BY GERMAN WORKS

Peking, via Shanghai, Feb. 19.—Prince Ching and Li Hung Chang have received a telegram which virtually means that the Chinese will comply with all the demands of the powers, although they still desire information on a few minor details. The foreign envoys now look forward confidently to absolute compliance by Thursday at the latest. Prince Ching and Li Hung Chang have been greatly worried by the preparations for the expedition into the interior and have strongly urged the court to yield, pointing out that otherwise dismemberment of the empire was probable.

### CENSURE FOR AMERICA.

London, Wednesday, Feb. 20.—Dr. Morrison, writing to The Times from Peking, confirms the report the Chinese have agreed to the demands of the powers.

The Daily Graphic considers that whether the proposed expedition is a bluff or in earnest, the whole thing is stupid and mischievous, tending only to make the powers ridiculous in the eyes of the Chinese.

The Daily Chronicle, which regards the expedition as a practical ultimatum, says: "China will never believe we are in earnest until she has an ocular demonstration. America is the only stumbling block, and she has shown herself throughout the present negotiations to be utterly unpractical and impracticable."

### WALDERSEE'S PLAN A BLUFF.

Berlin, Feb. 19.—The National Zeitung and other inspired papers today assert that Field Marshal Count von Waldersee has no intention of embarking on a large expedition into the interior of China, but they say the Chinese will find strong forces ready to act if they continue to procrastinate. Von Waldersee's sphere of action, it is pointed out, is limited to the province of Chi Li.

### CONGER GETS INSTRUCTIONS.

Washington, Feb. 19.—Minister Conger has been instructed by cable to communicate to the foreign ministers at Peking the feeling of the United States government that further hostile expeditions should not be indulged in at this time. This action was taken by the state department after the cabinet discussion had developed the attitude of the administration.

### CAPTURES A FILIPINO FORCE.

SMALL AMERICAN DETACHMENT INDULGES IN A SUCCESSFUL RAID IN CAVITE DISTRICT.

Manila, Feb. 19.—Colonel Schuyler, with 100 men of the Forty-sixth regiment, going on the gunboat Basco, yesterday landed on the Cavite coast near Ternate and, proceeding inland, captured a small rebel garrison. Continuing the march along a mountain trail, Colonel Schuyler was attacked by the rebels of Tria's command. After sharp fighting the enemy were beaten and scattered. One American was killed and one wounded.

### IRON MINES IN BIG DEAL.

### ROCKEFELLER'S LAKE SUPERIOR INTERESTS ARE TAKEN INTO THE MORGAN COMBINE.

New York, Wednesday, Feb. 20.—The Herald this morning says: Arrangements were perfected yesterday by which the Lake Superior Consolidated Iron Mining company and its affiliated interests will enter the great iron and steel combination which is now being organized in New York city by J. P. Morgan. The Lake Superior Consolidated Mining company is capitalized at thirty million dollars and represents the interests of John D. Rockefeller in the Lake Superior region.

### METEOR FALLS IN SO. DAKOTA.

Arlington, S. D., Feb. 19.—A meteor fell near this place about midnight, making the heavens as light as day for a minute. A report was heard like the roar of several cannons. The meteor is supposed to have fallen a few miles west of Bruce. The explosion was so great it rattled dishes and put out lamps.

## DEATH IN KANSAS RAID.

### Wife of a Saloon Keeper Is Killed by a Band of Crusaders, Four Leaders of Which Are Placed Under Arrest.

Leavenworth, Kas., Feb. 19.—Rose Hudson, wife of John Hudson, a saloon keeper at Milwood, fourteen miles north of here, was shot and instantly killed last night during a raid by a mob of forty men on her husband's saloon. Four men have been arrested.

### MAN HURT AT NEWMAN.

Newman, Kas., Feb. 19.—A band of thirty men and women, armed with hatchets and axes, made an effective raid on a "joint" here today. The "joint" was locked and the keeper forbade the entrance of the reformers, who thereupon broke in the door and demolished the fixtures. A friend of the "jointist" tried to protect the property with a shotgun, and one of the crusaders, named Gorrell, in trying to get possession of the gun, was struck on the head and seriously injured.

### GREAT BEND MADE "DRY."

Great Bend, Kas., Feb. 19.—The seven "joints" of this city were closed today by the city marshal. This action was the result of the demand of a committee of citizens which was presented to the city officials. The officials were told the "joints" would be smashed if they were not closed.

### WILL FIGHT THE SUGAR TRUST.

CHICAGO MEN ORGANIZE A MILLION-DOLLAR COMPANY.

Chicago, Feb. 19.—The Post this evening says that Chicago capitalists have organized a million dollar corporation—the Central Sugar company—to compete with the huge American trust. Contracts have already been closed by the newly organized company for the erection of a beet sugar factory at Shelby, Ind. The factory will be in full operation in time for this year's crop.

### DOCTOR ASKS BIG FEE.

\$1,000 PER VISIT CHARGED BY THE CHICAGO SURGEON WHO ATTENDED SENATOR DAVIS.

St. Paul, Feb. 19.—Dr. John B. Murphy, the Chicago surgeon, who was in consultation with Dr. A. J. Stone during the last illness of the late Senator C. K. Davis, has filed in the probate court his bill for medical services against the estate. The Chicago surgeon made two trips to St. Paul. He charges \$500 for each trip. On each occasion he arrived in St. Paul in the morning and left for Chicago in the evening.

### TO PROBE DOWIE'S BANK.

ILLINOIS LEGISLATURE PROVIDES FOR AN INQUIRY WHICH THE DOCTOR SAYS HE WILL RESIST.

Springfield Ills., Feb. 19.—In the house today a resolution introduced by Mr. Donoghue of Chicago was adopted, providing for the appointment of a committee of five to investigate the Zion City bank of Chicago, conducted by John Alexander Dowie.

Chicago, Feb. 19.—When Dr. John Alexander Dowie was notified today of the resolution of the Illinois legislature empowering a committee to investigate the Bank of Zion, he declared the state legislators would not be allowed to enter the bank and will be prevented from getting any information concerning the bank's working inside.

### METEOR FALLS IN SO. DAKOTA.

Arlington, S. D., Feb. 19.—A meteor fell near this place about midnight, making the heavens as light as day for a minute. A report was heard like the roar of several cannons. The meteor is supposed to have fallen a few miles west of Bruce. The explosion was so great it rattled dishes and put out lamps.

CATARRH

Catarrh has become such a common disease that a person entirely free from this disgusting complaint is seldom met with.

It is customary to speak of Catarrh as nothing more serious than a bad cold, a simple inflammation of the nose and throat.

SSS is the only purely vegetable blood purifier known, and the greatest of all blood medicines and tonics.

MARQUETTE, MICH., FEB. 20.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

"To do or not to do," continues to be a burning question with Governor Bliss.

Judging from his stand against all sports and exercises in practicing which men and boys take chances of sustaining personal injuries, the mayor of Minneapolis is not an athlete and doesn't want anybody else to be.

Roosevelt is on his way to the effects east, and now the animals which he has been stirring up in the wild and woolly west can look forward to four years of peace and quiet.

"The main difficulty in establishing a Spanish republic would be that it takes republicans to make a real republic," remarks the Milwaukee News.

Members of the Lake Superior Press association should keep it in mind that the midwinter meeting of the organization is to be held Monday next at Menominee.

The Democratic state convention for the nomination of a candidate for justice of the supreme court and two candidates for regents of the state university will be held at Grand Rapids on Wednesday, March 6.

The change in ownership of the Milwaukee Sentinel means that Governor La Follette of Wisconsin will hereafter have in that paper an opposition organ which will stealthily pursue him and will strike at him when it can do that with the most effect and the least danger to its own prestige.

The pastor of a church at Milwaukee urged the women of the W. C. T. U. of that city, at a meeting of the union which he addressed Monday, to emulate the example of Mrs. Nation and inaugurate a "smashing" crusade against the saloons there.

There was no mistaking the purport of the remarks of Commander-in-Chief Ranssieur of the G. A. R. to his comrades of that organization at the Boston meeting last week.

The pastor of a church at Milwaukee urged the women of the W. C. T. U. of that city, at a meeting of the union which he addressed Monday, to emulate the example of Mrs. Nation and inaugurate a "smashing" crusade against the saloons there.

Lincoln day passed with less of enthusiasm in its observance in the United States this year than ever before since the close of the war.

Without good health we cannot keep situations nor enjoy life. Most troubles originate in impure blood.

Hood's Sarsaparilla advertisement with logo and text.

place in American thought and culture the curious student of national characteristics might do well to note the manner in which Washington's birthday, now at hand, will be observed throughout the country.

BRITISH FINANCIAL. A British financial paper presents a lot of carefully prepared statistics going to prove that if this country has become a creditor instead of debtor nation it is because the British people have been large buyers of what we produce of late years, while our purchases from that country have greatly diminished in volume during the same period.

We are not disposed to deny that the explanation offered is a good one—very good, indeed, from our point of view. But if we are buying less abroad than we did in former years is that for the very excellent reason that we have less occasion to, having learned to produce more of what we need. It isn't because we are "scrimping," for, as a matter of fact the American people never lived so well as they are living today, because they were never before so well able to afford having the best of everything.

We are selling more abroad because we have more to sell and buying less because we have less occasion to go abroad for things we need, and are getting rich rapidly for these reasons. The British paper alluded to took a great deal of trouble to convince us of something that we have never cause nor desire to deny.

CUBANS QUITE STIFF-BACKED. The representatives of the people of Cuba who constitute the national convention of the island now in session at Havana manifest a disinclination to grant the moderate concessions asked by our government, as a quid pro quo for the service we rendered the Cuban people in relieving them from the rule of Spain, which argues lamentable want of gratitude for favors received on their part.

A bold stroke by our government would be to announce that we would immediately withdraw from Cuba and leave it to the people of the island to govern and care for themselves as best they can hereafter. If that were done we imagine the convention which is now chattering over the terms we propose as a condition to granting the Cuban people the opportunity they desire to attempt the experiment of self-government would be soon found begging us to make our own terms.

The leaders in the convention who are haggling with us now are doing it under protection we are furnishing them. Left to their own resources, they would confront a new and difficult problem. We do not need the coaling stations asked for at all as much as the Cubans do the support of the United States, as they would quickly discover if that support should be withdrawn. The Cuban situation is only bothersome because we made and persist in keeping it so, and decisive action by the Washington government on the lines suggested would soon clear it of the perplexities which at present seem to envelop it.

There was no mistaking the purport of the remarks of Commander-in-Chief Ranssieur of the G. A. R. to his comrades of that organization at the Boston meeting last week. He complained of the treatment the old soldiers have received at the hands of members of congress who are members of the Grand Army, and of the president, in bitter terms. He alluded to them as wearers of the bronze button who have assumed to be better judges of what their comrades need than are these themselves, and intimated that unless offending comrades who are in positions of power and authority mend their ways a report will be submitted at the September meeting of the G. A. R. that will make them squirm.

His remarks were received with rapturous approval, as was also his reference to the president as a comrade who had forgotten his obligation as a Grand Army man. But the grievances of the Grand Army against the president and members of congress who "wear the bronze button" were hinted at rather than stated, and the public is left in doubt as to their nature. Why does not the commander-in-chief of the G. A. R. speak out? Surely he need not be afraid that any just complaint of the honored body at whose head he stands will fail to command the attention of the American people? What has President McKinley done, or failed to do, that he is open to an arraignment such as is implied in the statement that he has not been loyal to his obligation as a member of the Grand Army? And who are the members of congress who have been similarly delinquent? We should all like to know?

It follows the flag, Manila, P. I. The soldiers coming here ask us to order Rock Mountain Tea, speaking highly of this remedy. By steamer, ten gross. Mizellaux Co. The Stafford Drug Company.

Having about completed work on my numerous contract jobs, I am again prepared to give prompt service to those wishing plumbing work done or anything in the Plumbing, Gas or Steam Fitting line.

tion of the American people? What has President McKinley done, or failed to do, that he is open to an arraignment such as is implied in the statement that he has not been loyal to his obligation as a member of the Grand Army? And who are the members of congress who have been similarly delinquent? We should all like to know?

"HAZING" IN THE SENATE. The Washington correspondent of the Minneapolis Times asserts that Senator Hanna was rather badly used by his Republican colleagues in the matter of his ship subsidy bill, which he says might be put through at this session if Hanna had been given loyal support by the members on his side of the senate who promised to work for his pet measure.

The officers at Iron Mountain conducted a raid on the disorderly houses Saturday night. The inmates were escorted before a justice of the peace. They were fined and warned to close up the joints and to seek new fields of operations. It is said that Iron Mountain will be made a strictly moral city.

Ironwood is going to have a gas plant. The council recently granted a franchise for such a plant, but it was not expected that anything would come of it. However, Frank B. Aldrich, the man who was favored, announces that he will undertake work on its erection in the spring.

Berglund & Co., the well known Milwaukee lumbermen, will begin the erection of a sawmill on Lake Gogebic in the spring. It was the original intention to build at the Gogebic station, on the South Shore road, but the land was held at too high figures and a site of eighty acres was purchased at the outlet of the lake, four miles east of the station. The company will construct a seven mile railroad to handle the timber which will be cut at the mill. It will run north from the outlet of the lake through the heart of the Berglund tract of timber, which comprises several thousand acres. It is said that the railroad will be eventually extended to the heavily timbered country immediately south of the Porcupine mountains.

PLEA FOR AN ABUSED CLASS. In an address delivered before students of Yale college recently, with "Responsibilities of Citizenship" as his theme, Justice David G. Brewer of the supreme court of the United States made a plea for better treatment of jurors and witnesses which will elicit a responsive throb of sympathy in the breasts of all who have been called to serve in court in either capacity. Said the learned jurist:

It is one of the duties of American citizenship that we are called to serve as jurors. How many cases of necessity the jury call reveals! Men do not like to serve as jurors and I don't blame them. The jury system as it is at present administered is little more than a relic of a semi-barbaric age.

The juror is treated little better than a criminal. He is locked up in a cage and is given little more pay than a day laborer. He is compelled to listen to the wrangle of lawyers. I hope that the time will come when the juror will be treated like a gentleman and when he will receive the pay of a business man. I also hope that the jury system of conviction will give way to one in which the concurrence of a reasonable number of jurors shall determine the verdict.

It is one of the duties of American citizenship to perform the duties of a witness when summoned into court, although under the present system the witness is treated like a liar and is browbeaten by opposing lawyers. But the juror and the witness should strive for their own elevation, and should perform their duties of citizenship in these respects when called on to do so.

Bearing in mind the important part jurors and witnesses play in the work of the courts, the wonder is that they are paid so poorly and treated with such scant consideration. A reform such as suggested by Justice Brewer would seem to be due. When it comes we hope it will go far enough to cover a change in court practice which will compel attorneys to treat a witness who is honestly endeavoring to tell the truth about a case with decency. Instead of making the helpless victim on the stand a target for cheap wit and exasperating innuendo. It is strange that the courts have not long ere this put a stop to the bad treatment of witnesses alluded to by Justice Brewer, but it may be that they have not before had the necessity for this sufficiently impressed on their attention.

HOW TO CURE THE GRIPPE. Remain quietly at home and take Chamberlain's Cough Remedy as directed and a quick recovery is sure to follow. That remedy counteracts any tendency of the grip to result in pneumonia, which is really the only serious danger. Among the tens of thousands who have used it for the grip not one case has ever been reported that did not recover. For sale by the Stafford Drug Co.

SHOULD A MAN BE VAIN? Certainly he should. He should have ambition to look well and feel good, which he cannot do unless he digests his food. Dr. Caldwell's Syrup Pepsin aids digestion, clears the head, keeps the bowels regular and makes a man feel at ease with the whole world. Try it. The Stafford Drug Co.

Children who are troubled with worms are pale in the face, fretful by spells, restless in sleep, have blue rings around their eyes, bad dreams, variable appetite, and pick the nose. WHITE'S CREAM VERMIFUGE will kill and expel these parasites. Price 25 cents. The Stafford Drug Co.

Upper Peninsula News.

Mrs. Sally Ripley, eighty-three years of age, has taken up a homestead of 160 acres about five miles from Iron River. She has rented her Iron River home and has built a small cabin, where she will reside, on her claim. She is the mother of Banker Ripley of Iron River.

Last week the Burns & Hicks company, at Menominee, sold 4,000,000 feet of hemlock to the Greer-Wilson company of Indianapolis and 2,000,000 feet of log run pine to the Edward Hines Lumber company of Chicago. Several other big deals are pending which are likely to be closed any time.

The officers at Iron Mountain conducted a raid on the disorderly houses Saturday night. The inmates were escorted before a justice of the peace. They were fined and warned to close up the joints and to seek new fields of operations. It is said that Iron Mountain will be made a strictly moral city.

Bearing in mind the important part jurors and witnesses play in the work of the courts, the wonder is that they are paid so poorly and treated with such scant consideration. A reform such as suggested by Justice Brewer would seem to be due. When it comes we hope it will go far enough to cover a change in court practice which will compel attorneys to treat a witness who is honestly endeavoring to tell the truth about a case with decency. Instead of making the helpless victim on the stand a target for cheap wit and exasperating innuendo. It is strange that the courts have not long ere this put a stop to the bad treatment of witnesses alluded to by Justice Brewer, but it may be that they have not before had the necessity for this sufficiently impressed on their attention.

HOW TO CURE THE GRIPPE. Remain quietly at home and take Chamberlain's Cough Remedy as directed and a quick recovery is sure to follow. That remedy counteracts any tendency of the grip to result in pneumonia, which is really the only serious danger. Among the tens of thousands who have used it for the grip not one case has ever been reported that did not recover. For sale by the Stafford Drug Co.

SHOULD A MAN BE VAIN? Certainly he should. He should have ambition to look well and feel good, which he cannot do unless he digests his food. Dr. Caldwell's Syrup Pepsin aids digestion, clears the head, keeps the bowels regular and makes a man feel at ease with the whole world. Try it. The Stafford Drug Co.

Children who are troubled with worms are pale in the face, fretful by spells, restless in sleep, have blue rings around their eyes, bad dreams, variable appetite, and pick the nose. WHITE'S CREAM VERMIFUGE will kill and expel these parasites. Price 25 cents. The Stafford Drug Co.

LOW-ROUND TRIP HOMESEEKERS' RATES.

On the first and third Tuesdays of each month up to and including June, 1901, the D. S. S. & A. railway will have on sale to nearly all points in the United States, British Columbia, Canadian Northwest, etc., round trip home-seekers' tickets at rate of single fare, plus \$2, for the round trip. Tickets will be good for return passage to the same place from date of issue. For further particulars apply to station and ticket agents or to Geo. W. Hubbard, G. P. A., Marquette, Mich. (1-30-tf)

CALUMET RIVALS DEFEATED.

HOUGHTON INDOOR BASEBALL TEAM WINS BY SCORE OF 13 TO 9. The indoor baseball game at Houghton last night between the Light Infantry team and the Calumet Rivals was won by the Houghton aggregation.

QUARTER MILE RACE TONIGHT.

PATTISON AND DAVEY TO SKATE FOR PURSE AT TWIN CITY RINK.

A quarter-mile race between B. M. Pattison, the fast skater of the Michigan College of Mines, and Albert Davey of Calumet, will take place at the Twin City ice rink, Houghton, this evening.

LOWER PENINSULA BOYS LEAD.

JUST AN EVEN FIFTY FIVE NOW ENROLLED AT MINING COLLEGE. The last man to date to enter the Michigan College of Mines as a student is William E. Gibson of Detroit.

BILLIARD TOURNEY STARTS TONIGHT.

CALUMET EXPERTS WITH THE CUE TO PARTICIPATE IN A SIX-NIGHT CONTEST FOR POINTS. Calumet billiardists will begin their annual tournament at the billiard parlor of the Arlington Hotel, Calumet, tonight.

TWO GAMES FOR LAKE LINDEN.

BASEBALL TEAM WILL PLAY CALUMET CLERKS TOMORROW NIGHT AND LIGHT GUARDS SATURDAY—BOTH AT CALUMET. The indoor baseball team of the athletic association of Lake Linden has two games arranged for this week.

Mining Men Heard From.

MORE THAN 150 GIVE NOTICE OF INTENTION TO ATTEND THE LAKE SUPERIOR INSTITUTE. Professor F. W. Sperr, of the Michigan College of Mines and secretary of the Lake Superior Mining Institute, in addition to his regular college duties is at present very busy with the duties in connection with his office as secretary of the institute.

ABRAHAM HAILED THE BOX.

In its account of the Abraham trial, which occupied the greater part of the day in the court of Justice Oliver at Hancock Saturday, The Mining Journal on Monday stated that one of the witnesses for the state, John Slattery, a South Lake Linden liverman, had hauled the box said to contain goods from the Miller store to the Lake Linden depot.

Stafford, the druggist, will refund you your money if you are not satisfied after using Chamberlain's Stomach and Liver Tablets.

TO PLAY HOCKEY AT THE SOO.

PORTAGE LAKE TEAM GETS A GAME WITH THE CANADIANS. The Portage Lake hockey seven will play the team at the Canadian Soo at that place next Monday night.

The Portage Lake hockey seven will play the team at the Canadian Soo at that place next Monday night. Dr. John L. Gibson of the Portage Lake seven yesterday received a telegram from the management of the Soo organization telling him the game was a "go" and that it was arranged for Monday night.

WITH DOLLAR BAY TONIGHT.

The game between Portage Lake and Dollar Bay sevens at the Palace ice rink, Hancock, tomorrow night will probably be the last one of the season to be played by the Portage Lake team in a copper country rink.

GEORGE S. WARNE'S FUNERAL.

REMAINS OF AN OLD COPPERDOM SETTLER, WHO DIED AT CALUMET, TO BE INTERRED TODAY. The funeral of the late George S. Warne of Calumet, whose death occurred Sunday afternoon at the residence of a paralytic sustained in August, 1898, will be held from the Calumet Methodist church at 2 o'clock this afternoon.

VETERAN OF THE CIVIL WAR.

The funeral of the late John W. Manser of Calumet, who died Monday afternoon, will be held today. Burial will take place at the Calumet cemetery. Mr. Manser was sixty-four years of age.

CHARTS FOR LEGISLATORS.

The work of preparing the different charts, recently spoken of in an issue of The Mining Journal at the Michigan College of Mines for the purpose of supplying each member of the legislative committee which recently visited the institution to look into the needs of the college, is nearing completion.

RICH, WARM, HEALTHY BLOOD.

The favorite cathartic is Hood's Pills. Don't irritate your lungs with a stubborn cough when a pleasant and effective remedy may be found in BAL-LARD'S HOREHOUND SYRUP.

NEW LAUNCH FOR GRAHAM POPE.

NOW NEARING COMPLETION AT THE SHOP OF GEORGE CARPENTER, THE BOAT BUILDER.

R. G. Carpenter, Houghton's expert boat builder and a well-posted man on boats in general, is at present engaged in building a launch for Graham Pope of Houghton. The boat, which is nearing completion, will be one of the handsomest craft on Portage Lake the coming summer.

COPPERDOM BREVITIES.

The copper country branch office of The Mining Journal is located in Room 3, second floor of the Dea Postoffice building, Houghton.

Sheriff Wills and Under Sheriff Beck were Calumet visitors yesterday.

A meeting of the Dollar Bay Literary club was held last evening, an attractive program being rendered. Harold J. Larson of Hancock, bookkeeper for C. A. Wright & Co. of Hancock, is laid up with the mumps.

The Clara Mathes Comedy company played "The Legion of Honor" at St. Patrick's hall, Hancock, last night.

Frederick Warde in "The Duke's Jester" will be seen at the Houghton Armory Opera House one week from tonight. The concert at the Calumet theatre last night for the benefit of the new St. Anna Catholic church was well attended and very enjoyable.

A number of the Finnish tailors of Hancock will go to Calumet tomorrow to participate in a reunion of the Finnish tailors of the county to be held at that place.

J. R. Carroll of Hancock will leave Thursday or Friday on an Eastern trip for business and pleasure combined.

Funeral services over the remains of the late Miss Anna Kasper of Hurontown were held from St. Ignatius' Catholic church last evening, yesterday morning. Burial took place in Forest Hill cemetery.

Irving Shields, first lieutenant of Company G, Houghton Light infantry, has been chosen as the new manager of the indoor baseball team of the athletic association of the company in place of Captain Charles Hendricksen, resigned.

A basket ball game between two teams of the Calumet Y. M. C. A. will be played at the gymnasium of the association tomorrow evening.

Dennis Harrington and Thomas Dooley, two of the four men who were arrested for breaking into Joseph A. Kohlhaas' meat market at the Osceola mine early Monday morning, will appear in Justice Fisher's court, Calumet, at 1 o'clock this afternoon for further examination.

Marriage licenses were issued yesterday at the office of the county clerk to the following persons:

Roderick Pulloch and Miss McCormick, both of Laurium; John S. Chynoweth of Kearsarge and Miss Mabel Youell of Lake Linden; and Gustaf H. Hoovien and Miss Ida Karjalainen, both of Calumet.

It has been decided by the students of the Michigan College of Mines that their annual ball this year will be given about the latter part of March or the first part of May instead of March 8, as was announced in yesterday's Mining Journal as the probable date.

"What Did Tompkins Do?" the play in which Harry Corson Clarke, the comedian, is starring this season, will be presented at the Houghton Armory Opera House this evening.

The masquerade ball—the sixth annual—at the Mammoth ice rink, Lake Linden, last night was a pronounced success.

The marriage of two of Hancock's most popular young people, Architect C. A. Pearce and Miss Nina Collins, took place at Trinity Episcopal church, Houghton, last evening.

The opening of the recently completed Mineral Range extension by the D. S. S. & A. railway will sell tickets to Lansing, Mich., February 26th to 28th, 1901.

For the above occasion, the D. S. S. & A. railway will sell tickets to Lansing, Mich., and return at the extremely low rate of single fare for the round trip.

BETTER RAILROAD SERVICE. Marquette and Ontonagon Counties Brought Closer Together Than Ever Before.

The opening of the recently completed Mineral Range extension by the D. S. S. & A. railway on Monday next from Keweenaw Bay will be a great event for the towns of Marquette county, as it will bring them in close touch with the growing and progressive towns of Mass City, Rockland and Ontonagon.

PILES—Send 5 cents stamps or cash to pay mailing, get free sample Cuban Pile remedy, best, never fails. Address Cuban Pile Remedy Co., Bay City, Mich. (2-16-1w)

All the healing balsamic virtues of the Norway pine are concentrated in Dr. Wood's Norway Pine Syrup. Nature's own remedy for coughs and colds.

BUNSEN'S CREAM CATARRHAL. Cures catarrh easily and pleasantly. Contains no mercury or other drug. Is quickly absorbed. Gives instant relief. It opens and cleanses the nasal passages, allays inflammation, heals and protects the membrane and restores the senses to taste and smell. Regular size 50 cents. The Stafford Drug Co.

\$50 FOR A BOTTLE OF MEDICINE. This is to certify that my wife was for years afflicted with asthma and was so far gone that several physicians decided that her case must terminate in consumption. I was induced to try a bottle of Dr. Warner's White Wine of Tar Syrup.

Wm. H. Farris, Chn. Bd. Tp. of Wilton, Monroe Co., Wis.

MR. LAMB VISITS THE MASS.

NEW PRESIDENT COMES FROM BOSTON ON INSPECTION TOUR.

President Lamb, of the Mass Consolidated Mining company, and Director A. Matthews of Marquette arrived in Houghton Monday noon. Yesterday morning they left for the Mass to look into affairs at the properties in view of the more vigorous policy that is soon to be inaugurated there and of the various improvements in the way of equipment that will be made.

COPPER NOTES.

At Hodges' foundry, Hancock, Monday afternoon a force of men were successful in casting a solid anvil block, weighing eight tons. It is for the Calumet & Hecla mine.

A rock breaker, eighteen by twenty-four feet, was recently completed at Hodges' foundry, Hancock, for the Tamarrack mine.

QUINCY WELL "BEELED."

SURPLUS JAN. 1 REPORTED AS \$75,816 AND ALL IS READY FOR INCREASED PRODUCTION.

The annual report of the Quincy Mining company for 1900 shows:

Table with 2 columns: Item, Amount. Includes Mineral, Income, Expenses, Taxes, Smelting, etc.

Total net real estate \$1,008,321.28

Total net real estate \$1,008,321.28

Surplus Jan. 1, 1901, \$75,816

In his report to stockholders the president says: "The betterments authorized and begun some years ago which occasioned an outlay of over \$1,500,000 are now completed and paid for and with the commencement of the year we have in successful operation two large stamp mills, one with five heads and another with three heads, each capable of treating as much rock per head as any mill on Lake Superior.

The Wm. Lindens Family Orchestra

CONSISTING OF FATHER AND FIVE SONS ASSISTED BY MR. GUS. HEARNE, Tenor,

IN REFINED CONCERT PROGRAM EVERY EVENING AT THE Board of Trade Cafe and Palm Garden, HOUGHTON, MICH.

THE ARISTOS Gold Mining Company

Owning Big Horn Mountain Tunnel and Veneta Vein, 200 acres situated on the Western Slope of Pike's Peak, in the Famous Cripple Creek Gold Mining District.

THE SAFEST OFFER EVER MADE TO INVESTORS. 100,000 Shares Preferred Stock at 25c per Share.

It is printed on each Certificate that subscribers to the above Preferred Shares will be entitled to receive in Dividends the full amount of money invested, before other stockholders receive any returns, signed by the President of the Company.

This District Produced More Gold in 1900 than any other in the United States

This property consists of 300 by 300 feet, or 200 acres, of gold land. The mine has been worked. The feature of this mine is the Veneta Vein, 30 to 40 feet in width, and is certainly one of the strongest veins in this famous district.

At a distance of 800 feet the TUNNEL will intersect the Veneta Vein at a depth of about 650 feet, and will also intersect several other veins.

The new railroad, now practically completed from Colorado Springs, called the Colorado Springs and Cripple Creek road, passes within 200 feet of this tunnel.

Capital Stock, \$1,000,000. Par Value, \$1.00 per Share. 100,000 Shares Preferred Stock at 25c per Share.

In buying this stock the purchaser owns a direct title in the Company's property. This Company offers you no watered stock, but a legitimate high grade gold mining investment in the Cripple Creek District.

Make all Checks and Money Orders payable to THE ARISTOS GOLD MINING CO., 411 Cooper Building, Denver, Colo.

From Bean to Cup

Without Adulteration. JOHN BELL SEEKING TO RECOVER \$175 FROM SALOONKEEPER JENNINGS IN JUDGE FISHER'S COURT AT CALUMET.

The case of Tom Jennings, proprietor of a saloon on Lake Linden avenue, Calumet, who is being sued by John Bell, owner of the saloon building, for \$175, will be tried in Justice Fisher's court, Calumet, today.

Health, Power, Energy. Stop forever all weakness, drain the brain, replace wasted tissues, and build up the system, making every count act.

# MINERAL EXHIBIT AT THE PAN-AMERICAN EXPOSITION

**M**INES and mining will be represented at the Pan-American in a manner intended to illustrate the importance and great progress of this industry. Material for the mining exhibit will be drawn from all parts of the United States, and from every country of South and Central America, Canada, Mexico and the islands of the sea. While the exhibits will be under the auspices of the various governments, many individuals and mining companies will be represented by individual displays representing their special interests. The list of minerals represented will be a large one, comprising every production both useful and ornamental

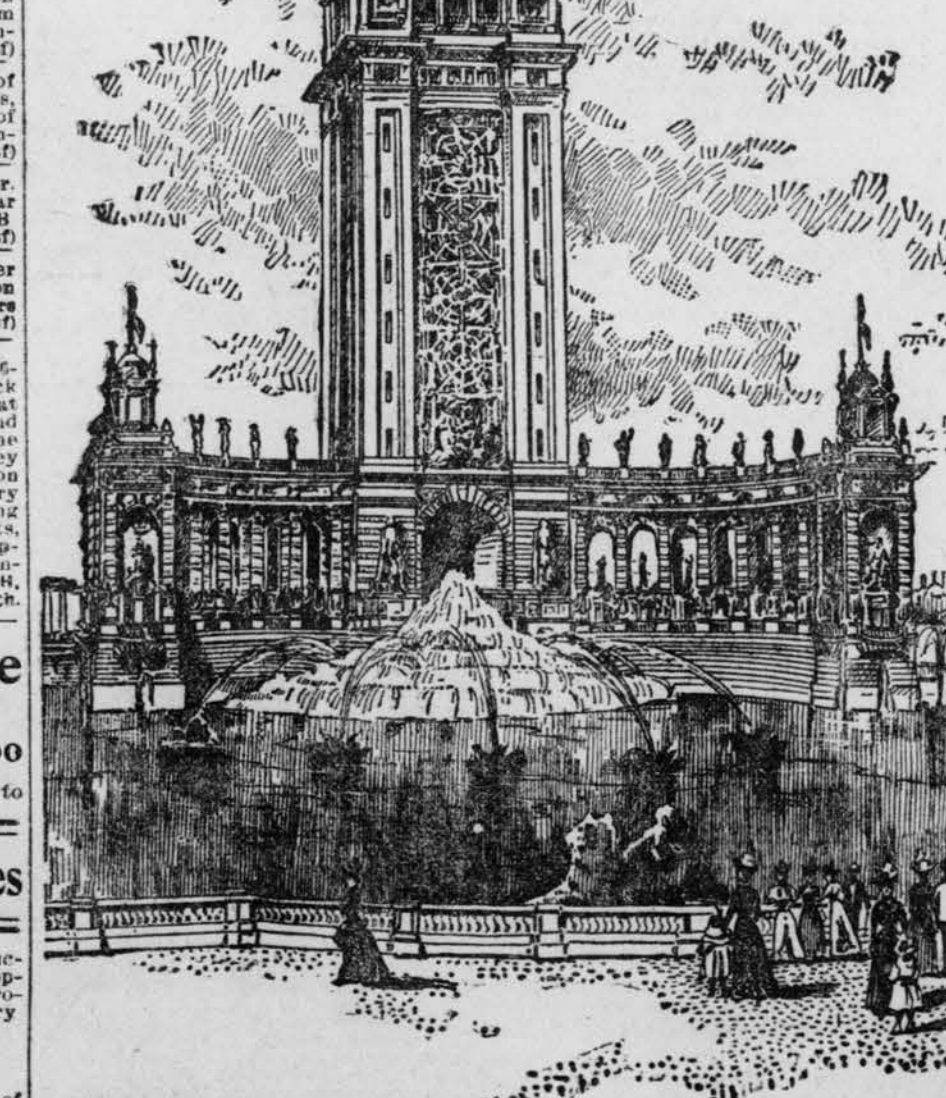

the quantity of which is estimated to be sufficient for the paving of every important street in every city of the United States. Machinery for quarrying, cutting and carving stone; tunneling and lifting machinery, together with a great variety of appliances for underground work, such as boring, drilling, blasting, lighting, telephoning, etc., including many things to which the casual visitor has never had his attention called. There are few things in the mining list that are not produced in abundance in some of the Americas. Even tin ores are now found in California of more than ordinary richness, which no doubt will be developed in the near future.

Statistics which are ordinarily dry enough will be interesting as represented in the mining exhibit. They will show that the United States and Mexico are at present the two greatest silver producing countries. They will also point to the value of the iron industry of Canada. A great many other items of interest will be shown, but the main feature will be the illustration of the great advantages that the Americans have over the rest of the world in the wealth of their minerals in connection with climatic conditions as affecting their accessibility; facility, with which the necessary combinations of ores, fluxes and their proximity to coaling coal rendering them available and valuable. HERBERT SHEARER

# A RARE DISPLAY OF FOWLS.

The Poultry Show at the Pan-American Exposition Will Be a Leader of Its Kind.

In planning a great exposition of the magnitude of the Pan-American, to be held in Buffalo in 1901, where all the great industries of the United States

# THE ELECTRIC TOWER.

This tower, 391 Feet High, will be the Centerpiece of Buffalo's Magnificent Fair.

and fancy birds for breeding purposes in the United States and Canada exceeds \$1,000,000,000. The proposed show at the Pan-American will be fully adequate to the great interests involved. The time of this show will be the most propitious to the fanciers—October 21 to 31—and the accommodations will be all that are desired. The stables, covering ten acres,

# AGRICULTURE AT THE PAN-AMERICAN EXPOSITION

**T**HE exhibit of live stock at the Pan-American exposition at Buffalo next summer will include all varieties and breeds of domestic animals. Arrangements have been made to accommodate 25,000 animals on the grounds. Liberal prizes in all classes will be offered.

A fashionable horse show will be a prominent feature of the display and will include harness horses, saddlers, jumpers, etc. This exhibition will be fashioned on the lines of the Madison Square garden show and will be held in the Stadium.

A model dairy, composed of all breeds of milch cows, will be in operation during the six months of the exposition.

A great display of the varied agricultural products from the various states, provinces and countries of the western hemisphere will be made in the Agricultural building, covering two acres.

Awards for all meritorious exhibits will be made direct to individual exhibitors.

The closing of the nineteenth century has witnessed marvelous strides in the improvement of methods in the dairy world. Formerly the whole dairy business was conducted largely by "rule of thumb." Instead of a vocation requiring a certain apprenticeship, it is fast becoming an exact science, in which chemistry and bacteri-

ology play no insignificant part. The increasing interest and attendance at the various dairy schools throughout the United States and Canada, the existence of great cooperative and commercial organizations for the manufacture and sale of dairy products, is an undisputed testimony to the achievements of modern science; in this great industry the government has appropriated vast sums of money to help the dairyman in his work, and this is indicative of its importance as a factor of the great food problem of the world.

The territorial lines of the dairy belt have long since been annihilated. A few states and provinces in the east no longer enjoy the exclusive distinction of being in the dairy sections. In the Dairy building at the exposition space has already been asked for by Maine and California, Manitoba and Texas. The supposed disadvantages of soil, water, climate and food in portions of North America have largely been eliminated by the skillful dairyman, and to-day splendid representatives of dairy animals are found wherever the wholesomeness and nutritive value of milk products are known, and the increasing consumption of milk and its products bespeaks much for the future of the dairy business.

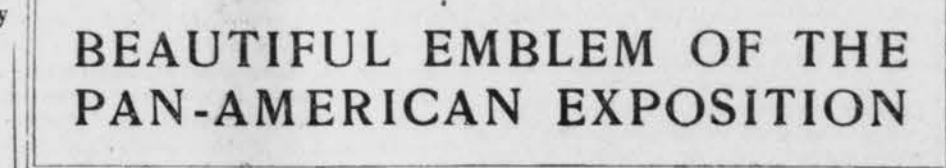

attractiveness, interest and utility will surpass anything ever before attempted.

A model dairy, composed of representatives of all the breeds, will be in operation during the entire exposition for the purpose of determining as far as possible the cost of production and the adaptability of certain breeds to special lines of dairy work. These several divisions are in charge of Mr. F. A. Converse.

**Lights of Lightning.**  
Shocking to relate—electrically so—it will require a lightning force of nearly 10,000 horse power to meet the motive and illuminating requirements of the Pan-American exposition at Buffalo. More than half of this power will be required for the 200,000 incandescent lamps with which the buildings, Midway, lakes, fountains, canals, courts and Esplanade will be illuminated, and will be transmitted direct from the falls of Niagara. "Rise and shine" will be the Pan-American motto for 1901.

**A Milking Machine.**  
It has been generally believed by those engaged in dairying that cows could not be milked by any mechanical device. A Glasgow, Scotland, firm claims to have a machine that will do the work and wants to exhibit it at the

# BEAUTIFUL EMBLEM OF THE PAN-AMERICAN EXPOSITION

seeming the very counterpart of the Indians represented in Mr. Frederic Remington's truthful as well as artistic portraits. The drama that ensues will be a lifelike representation of Indian fighting, the programme following closely the actual methods and customs of the Indians when going forth to do battle against their enemies. Later on in the programme will come the various Indian dances. The San Carlos Apaches will be seen in their medicine dance, in which they wear their peculiar headdress. Corn dances, ghost dances and dog feasts and all the typical Indian customs will be carried out just as they are performed by the Indians of the plains of the west-to-day.

**The Beautiful Orient** will be an attraction of the Midway. It is described as a dazzling, romantic and realistic display of manifold charms of the east.

In the "Streets of Mexico" real life in the heart of that thrifty republic will be the idea. This concession oc-

cupies 95,000 square feet of space on the Midway. The large number of Mexicans who will be in charge will be attired in their native dress. Here will be seen the stores and the army headquarters for the convenience of the company of 100 mounted men, or as they are known in Mexico, "rurales," who will attend the exposition by order of President Diaz, of Mexico.

"A trip to the moon" on the airship "Luna" or any of the Aerial Navigation company's flyers will be offered to visitors to the midway. This is a

stunning illusion, and it promises to make a great hit.

"Venice in America" will be a faithful reproduction of the Italian city itself, and there will be gondolas and gondoliers and Venetian music.

In addition there will be an "Indian congress," depicting life on the plains; the "war cyclorama," which will picture great battles; the "infant incubator," the wonderful spectacular production of "Cleopatra," the "Equimaux village," the extraordinary illusion "around the world," the "cinograph," presenting realistic pictures of important events; the "glass blower," who will give exhibitions of plain and fancy glass blowing in a specially constructed factory; the celebrated Turpin "pan-opticon," the spectacular "Jerusalem on the morning of the crucifixion," "Colorado gold mine," "house upside down," an improvement upon the "house top-sy-turvy," which was an attraction at the Paris exposition; "darkness and dawn," "Hawaiian volcano and theater," "Japanese village," "African village," "animal show," "moving pictures," "dreamland," "old Nuremberg," "Johnstown flood," "ostrich farm," "naive balloon," "scenic rail-

way and rivers" and "Pabst on the midway."

**Olympian Games.**  
Olympian games have been revived by the Union Athletic Internationale, with headquarters in France. The first contest was held in Athens and the next in all probability will be scheduled for the Pan-American exposition next summer.

They will be held for the most part in the stadium, which is the only artificial arena ever built to rival in size and appointments the famous Colosseum at Rome.

Upwards of 100 international, national and state conventions will be held in Buffalo and Niagara Falls during the Pan-American exposition the coming summer.

The grandest collection of decorative sculpture ever assembled will be seen at the Pan-American exposition.

There will be an extensive display of women's manufactures at the Pan-American exposition.

# WONDERFUL MIDWAY AT THE PAN-AMERICAN EXPOSITION

**T**HE amusement feature of the Pan-American exposition will cost \$3,000,000. To stray upon provided has never been the privilege of any human being. The variety and quality of novelties are superior to any ever seen at any exposition. The altitudinous wonder will be the Thompson aero-cycle, a new invention by Frederic Thompson. To the Pan-American exposition this will be what the Ferris wheel was to the Chicago exposition and the Eiffel tower to the Paris exposition. It resembles

the walking beam of an engine or the "teeter" of boyhood. At each end of a beam of structural steel is fixed a revolving wheel in which four cars are hung after the methods employed in the construction of the Ferris wheel. When one wheel is down, taking on or discharging passengers, the other is at an altitude of 275 feet, revolving slowly at that dizzy height, so that the passengers in the cars may have a wonderful view of the exposition and surroundings. The aero-cycle will be operated by power from Niagara falls and illuminated by 2,000 electric lights.

The Indian congress of the Pan-American Midway will include much that has never been seen before. Forty-two tribes will be represented. The assemblage will include many noted chiefs, and the programme of entertainments will be varied and exceptionally exciting. There will be sham battles between the Sioux and their allies on one side and the Blackfeet and their allies on the other. Before the hours of the battles, bands of mounted Indians in all the glory of war paint and feathers will be seen passing and re-passing the spectators' seats, chanting their war songs and

THINGS COMING HIS WAY.

EVERYTHING SEEMS TO POINT TO THE RENOMINATION OF F. DAVIS FOR COUNTY SCHOOL COMMISSIONER.

As the time for the county convention draws near there is much speculation here regarding the chances of F. D. Davis for renomination as school commissioner. There is very little interest shown here in Miss Chandler's candidacy.

At one time Mr. Davis' chances looked decidedly slim, but neither he nor his friends gave up the fight and now, on the eve of the convention, it seems probable that he will win out handily.

ONE-WAY SETTLERS' RATES TO THE WEST. On Feb. 12th, 19th and 26th, March 5th, 12th, 19th and 26th and April 2nd, 9th, 16th, 23rd and 30th, 1901, the D. S. & A. railway will have on sale one-way tickets to points in Minnesota, North Dakota, Manitoba, Idaho, Washington, Oregon, etc., at very low rates.

CANADIAN IRON AND STEEL.

Plans for Greatly Increasing the Output of Both Which the Clergue Syndicate Is Carrying Out.

A communication from Sault Ste. Marie, Ont., printed in the Boston Transcript of Saturday, furnished these particulars concerning the plans of the Clergue syndicate for creating a mammoth iron and steel industry at that point:

The vast Clergue enterprises at Sault Ste. Marie, both metallurgical and mechanical, are progressing rapidly, and every few weeks it will be announced some new determination on the part of the syndicate along the line of progress laid down at the beginning of F. H. Clergue's magnificent work.

Mr. Clergue has just returned from the East and Europe, where he has been attending to the movement of the immigration undertaking which is called for under the terms of the immense land grants given the Algoma companies by the Canadian government.

While he was abroad, getting this machinery in motion, getting experiments and determinations at home have not been permitted to cease. Speaking of these Mr. Clergue said today: "We are now having prepared plans for two charcoal blast furnaces which will be very much larger than any of the other works here."

The location of the Algoma Central railway, through 1,000 square miles of hardwood forest, will secure our charcoal furnaces an ample supply of fuel, while our arrangements for the manufacture and sale of the by-products will serve to very largely reduce the cost of our fuel and to utilize some of our vast available power.

There has not yet been any public mention of this project, as we have felt it necessary to exhaust the experience of charcoal furnaces practically by engaging in so radical an advance. The matter is now fully determined, however. These furnaces will be of 300 tons daily capacity each.

"We have on hand two hundred carloads of material for our Bessemer plant, and the foundations are already well under way. The erection of a part of the machinery has commenced. The Ritter-Conley company of Pittsburgh has secured the contract for the erection of the steel structures, but all the walls will be of stone conformable architecturally to our other works here."

The Bessemer plant will consist of two converters having a capacity for six hundred tons daily, besides which there will be two tilting open-hearth furnaces with a capacity of fifty tons each daily. The rail mill will roll six hundred tons of steel daily.

The Midland furnace of the Canada Iron Furnace company is now producing 125 tons of excellent pig iron daily from Helen ore, which has proved it dress, he went straight down to the office, where his peculiar earnestness soon got him an audience with the busy broker.

"Well, my man, what can I do for you?" asked the broker. "I want you to tell me," said the poor immigrant, "what the price of wool would be in Sydney should war break out between France and Germany. It is nine pence now."

"About three to four shillings," said the broker. "Very well," replied the visitor. "Now the French troops are marching on Berlin, and what promises to be a long and bloody war has actually begun."

"Nonsense," said the broker; "the mail from London came in yesterday bringing news up to six weeks ago, and there is no news of that wild sort."

The immigrant thereupon unfolded the London paper, dated three weeks previously. There was no humbug about that; there could be no humbug over it, for such a paper could not be produced in Sydney, and, besides, its matter gave abundant proof of its genuineness. Wool was already 4 shillings a pound on the London market.

On the wool exchange people thought that broker mad when they saw him buying up all the wool on the market, and wiring offers all over the colonies. He made a "corner" at any rate, purchased all the wool in Australia, and looked happy. Sure enough, in a few weeks' time, out came the news by the mail steamer, and up went prices.

The broker sold out for 3 shillings and now a pound, and realized some £4,000,000 sterling on the deal. He gave the intelligent immigrant an old suit of clothes and £25 for his "tip," and this set the poor chap up in the world. He has got along so well through the lucky stroke that he is now keeping a public house in Woolloomooloo—London Free Lance.

ABOUT COUGHS AND COLDS. Bunsen's Pine Tar Cough Honey relieves the worst cough or cold almost instantly. Continued use will cure any cold, however severe or of however long standing. It will positively prevent the many dangerous results of half-cured colds or coughs. The best is the cheapest. Take Bunsen's Pine Tar Cough Honey. The Stafford Drug Co.

Stomach out of order? Simply a case of torpid liver. Burdock Blood Bitters will make a new man or woman of you.

Energy all gone? Headache? Stomach out of order? Simply a case of torpid liver. Burdock Blood Bitters will make a new man or woman of you.

Energy all gone? Headache? Stomach out of order? Simply a case of torpid liver. Burdock Blood Bitters will make a new man or woman of you.

Energy all gone? Headache? Stomach out of order? Simply a case of torpid liver. Burdock Blood Bitters will make a new man or woman of you.

IMPORTANT DEVELOPMENT

There is One at Lansing That Concerns Some Famous Marquette County Litigation.

PIONEER IRON CO. VS. NEGAUNEE IRON CO. AND ASSOCIATE INTERESTS.

Former Corporation Had Bill Legalizing Its Reorganization Passed Through Legislature, but It is Now Being Heard in the Senate.

MINERAL LANDS AT NEGAUNEE AFFECTED

A bill legalizing the reorganization of the Pioneer Iron company passed the house and senate last week. The representatives of the Negaunee Iron company and the Marquette people interested in the proposed legislation, as soon as they heard of this bill and its rapid progress, scurried around and brought pressure to bear on Governor Bliss with the result that he did not immediately affix his signature to the measure. Now it has been recalled to the senate where the attorneys for the Negaunee Iron company and its associate interests are being given a hearing before a special committee.

This statement outlines an interesting development in the litigation between the Negaunee Iron company and the Breitung interests, and the Pioneer Iron company. This fight has been exploited in the papers numerous times. It concerns an old ninety-nine year lease, by virtue of which the Pioneer Iron company claims the right to enter on the lands of the Negaunee Iron company and the associated interests for the purpose of exploring for ore and mining it, in the event of its discovery. The lands in question have thus been entered on and the entire matter is in litigation, the Negaunee Iron company and its associated interests instigating the proceedings.

Recently the attorneys for the plaintiff made representations to Attorney General Owen which resulted in his bringing quo warranto proceedings calculated to show that the Pioneer Iron company had lost its corporate existence by reason of its invalid reorganization at the expiration of its old charter.

This case was progressing with the ordinary grind of business in the supreme court when the Pioneer Iron company sought the important legislation now in question. If it finally goes through one point connected with the main dispute will be definitely settled.

Now, if the representatives of the plaintiffs succeed in demonstrating to the satisfaction of the special committee that the proposed measure is unjust it will likely be turned down in the senate. If, however, it is again passed by the senate, after being recalled from the governor, it is said it is probable that it will receive his excellency's signature and become operative. Should it finally be turned down the question of the legality of the Pioneer company's reorganization will go to the supreme court, there to be settled in due course of time.

It looks as if this important litigation was to be concluded substantially at every turn. There are great things at stake and both the plaintiffs and the defendants are liberally equipped with the money which is absolutely requisite to see an important suit through to its bitter end.

The developments at Lansing in respect to this important bill, the fate of which now hangs in the balance, will be awaited with interest. A great deal depends on its approval or disapproval by the governor and the parties concerned are watching the drift of events closely.

Yesterday the case was a matter of general discussion here and it is said, that large numbers of telegrams were filed from the county on both sides of the question.

TOMORROW EVENING.

Delegates to the County Convention Will Be Chosen.

The delegates who will represent the several wards of Marquette city at the county convention, to be held at Ishpeming Saturday afternoon, will be named at caucuses called for tomorrow evening. Ordinarily the caucuses would be held the evening before the convention but, as Friday is a holiday, a departure has been taken from the usual custom. There is not a great deal of interest in the convention here, as it possesses no particular significance. The fight for the nomination as county commissioner of schools is responsible for all the attention it is attracting.

For this office Marquette has a candidate, Miss Anna M. Chandler. Mr. Davis of Negaunee is seeking renomination. For the past two weeks or more he has been putting up a hard campaign in his own behalf. Miss

WHY IT SUCCEEDS.

Because It's for One Thing Only and Marquette Is Bearing This.

Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only. They're for sick kidneys. They cure backache, every kidney ail. Here is Marquette evidence to prove it: Mr. C. C. Young of 127 E. Michigan street, painter and decorator, says: "I had such pains through my back and loins at times that I could scarcely keep at my work. The kidney secretions became affected, were highly colored, unnatural, irregular and deposited a heavy sediment. I could not rest comfortably at night, lay awake for hours at a time and was rarely able to secure more than three or four hours sleep during a night. I saw Doan's Kidney Pills advertised, procured them at The Stafford Drug Co.'s store and began to use them. I felt relief almost at once. They relieved the irritated condition of my nerves. I was able to enjoy a good night's rest and arose in the morning feeling strengthened and refreshed."

Sold for 50 cents per box, by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

Chandler has been in the hands of her friends, circumstances over which she had no control compelling her to leave for the south before the fight became "warm." The Negaunee man claims that he has the renomination nailed down. Miss Chandler's campaign managers are not issuing forecasts but it is said to be certain that both names will be presented to the convention. Miss Chandler would, in the event of her nomination and election, make a valuable and efficient officer for the county. She would be entirely capable of carrying on the work of administering the rural schools at the high standard at which they have been maintained during the past few years. There is no disposition among her friends to decry Mr. Davis' labors but they do insist that Miss Chandler is fully capable of taking them up and continuing them without any loss in the efficiency of the schools. Her high class work as superintendent here, for an extended period of years, is a sufficient guarantee of this.

Whether the nomination will come to her is another question. Her absence in the south, as has been remarked, has been unfortunate. On the surface at least, her campaign has had no systematic direction. Apparently it has been desultory and ineffective. If she does not make as strong a showing in the convention as her friends would like to see it will be owing to these conditions. If there had been a little personal direction and wire pulling in her behalf by a few people acquainted with things political Mr. Davis would certainly have a merry race for honors. No one here seems willing to predict him a little prestige, a peculiar fact that it is practically impossible to locate the lieutenants of either candidate, at least in Marquette. The majority of the people questioned say that, while they have personal leanings toward Miss Chandler or Mr. Davis, they are not actively interested. A well known politician recently expressed himself in favor of sending a solid Chandler delegation to Ishpeming. He maintained that, from a political standpoint, the Marquette delegates would act very foolishly in splitting up the vote among the two candidates. He reasoned along the "in unity there is strength" idea.

Saturday evening it will all be over.

ASH WEDNESDAY.

It Inaugurates the Lenten Season of Prayer and Fasting.

Today is Ash Wednesday. It inaugurates the Lenten season of prayer and fasting. As everyone knows, this season is only assiduously observed by Christians of the Episcopalian and Catholic beliefs, but the influence of their example in dedicating the period between Ash Wednesday and Easter Sunday to a particularly quiet and contemplative existence has come to be felt by the other denominations until now, by common consent, mirth and festivities are largely foregone in these several weeks. Marquette has been very gay for the past ten days but now it will settle down to a comparative quiet.

Lent will be inaugurated today at the city's two cathedrals, both of which will have special services all through the succeeding forty-six days of the season of fasting and prayer. A mission has been announced for St. Peter's. Bishop Els' Lenten regulations follow:

"Flesh meat will be used at all meals on Sunday and on every other day, at the principal meal, on the following days: On all Mondays, Tuesdays and Thursdays and on all Saturdays, except Saturday of Ember week and Holy Saturday. Flesh and fish are not allowed at the same meal.

"The following persons are not obliged to fast, viz: The sick and those in feeble health, women nursing children, all who are engaged in laborous occupations, the young who have not completed their twenty-first year and those who have reached the sixtieth year of their age.

"Those who are excused from fasting on account of age or hard labor may use fresh meat more than once on the days on which it is allowed. All who are exempt from the law of fasting should endeavor to perform during Lent some other acts of piety and charity.

"By an indulgent of March 15, 1895, the holy see has given, for ten years, to the bishops of the United States the faculty of dispensing in favor of working people from the law of abstinence on certain days. By virtue of this indulgent dispensation of Lent working people are permitted to use flesh meat once a day on all fast and abstinence days of the year, except Fridays, Ash Wednesday, Wednesday and Saturday in Holy Week and the vigil of Christmas.

"The foregoing dispensation is granted not only to workmen and women, but also to their entire families. All persons so dispensed are advised to perform some other work of penance or self-denial."

FAREWELL.

Marquette Harbor Gets an \$80,000 Appropriation.

According to an Associated Press dispatch received by The Mining Journal yesterday Marquette harbor has fared very well at the hands of congress, getting an \$80,000 appropriation, \$20,000 in the bill and \$60,000 in continued contracts. This news will be received with much pleasure here as the appropriation is said to be much larger than was anticipated. Certainly its liberal dimensions mean a busy summer on the harbor improvements. The new breakwater will be extended many hundred additional feet and when the work the appropriation provides for is finished it will be well along toward completion.

Kindies anew the fires of youth. It's the best tonic for the works. The main spring of life. Rocky Mountain Tea made by Madison Medicine Co. The Stafford Drug Company.

A STAGNANT MARKET.

Coppers Were Dull and Lifeless Yesterday.

Coppers were dull and lifeless yesterday. The market is apparently dead. There was little change in the quotations. Faine, Webber & Co. said: "The selling of the coppers today was principally by Charles Head & Co. who usually represent the Amalgamated interests. Buying on slight declines was so good that it is a common belief here that Amalgamated interests have secretly bought back more than they have sold. Jackson & Curtis were buyers of Baltic at 42 and there was a good demand for all the good coppers at the closing. The exchange has refused to list Trinity Copper stock."

Hayden, Stone & Co. wired the Laidley Commission Co.: "Our market is very dull and there is little feature to it outside of the raids by the Lawson brokers. It is rumored that Utah will pay \$1.25 next week. They are not justified in doing it and the stock is selling high enough compared to the others. We believe coppers are a good buy on all setbacks and we look for a big deal in the near future."

A. R. Jones & Co. said of wheat: "Wheat developed an actual bullishness today with the result that the close found prices at the top, and 1/2 better than last night. The trade was generally light. The commission houses bought sparingly early, increasing their line somewhat when Armour and other interests bought a little. When export business began to be talked, prices quickly responded. The market looked very firm at the close, and with any favorable news, we may look for still higher prices, when profit taking will be in order."

GOOD PLAY TO GOOD HOUSE.

"A Wife's Honor" Will Be Long's Bill This Evening.

Circumstances forbid an extended mention of Frank Long's presentation of "Peaceful Valley" last evening. Suffice to say that it was a good play, well produced to a very fair house. It gave satisfaction. Tonight "A Wife's Honor" will be the bill.

CITY BRIEVITIES.

Fred Pearce will reopen the howling alley on Superior street today.

Prosecuting Attorney Frank Bell was down from Negaunee yesterday.

St. Mary's guild will meet this afternoon at 2 o'clock with Miss Dolf, Superior street.

The Marquette Ideal orchestra gave a dance at Fraternity hall last evening. It was well attended.

Sheriff Eogar J. Swart of Chippewa county was in Marquette yesterday on business. He called on all the county officers.

This is Shriners' day. The Knights of the Turkish fez will be in large numbers before the festivities of the evening are declared "on."

Yesterday was a very disagreeable day. A stiff breeze prevailed and the temperature was cold. The wind swept the ice out of the bay.

The Woman's Home Missionary society of the M. E. church will hold an anniversary service at the church parlors this afternoon at 3 o'clock.

County Clerk Ross has issued marriage licenses to Ezra C. Keith and Daisy G. Born of Turin township and John Lerrwill and Ida M. Seecombe of Ishpeming.

The Young People's Christian Endeavor society of the Presbyterian church will attend a reception and reunion at Ishpeming Feb. 22. The fare on the South Shore road will be fifty cents for the round trip. A special train will leave Ishpeming for the return run about 11 o'clock.

William H. Becker, a Marquette boy who has been employed in the auditing department of the South Shore road for the past couple of years left for Portland, Oregon, Monday evening. He will take a position with the Oregon Railway & Navigation company. Floyd Green, formerly of Marquette, is now employed with this company.

Prudence Truran, an aunt of John and William Harris of Ishpeming who were killed recently in an accident at one of the mines of the Pittsburgh & Lake Angeline iron company, has petitioned the judge of probate to appoint Samuel Davis the administrator of the estates. She lives at Greenland, Ontonagon county. There are no near relations in this county.

The Knights of Pythias will observe one of the anniversaries of the order Thursday evening. There will be work in the third rank of the Presque Isle lodge which will be followed by a banquet at the Hotel Clifton. Here an anniversary address will be delivered by some good speaker. The members of Iron Cross lodge and all visiting Knights in the city are invited to join in the festivities. A fine entertainment is anticipated.

The entertainment by which Washington's birthday will be observed at the Northern Normal should not be forgotten. It will be held Thursday evening. Dr. R. Clyde Ford will deliver the principal address, taking "The Far East" as his subject. He is an authority on the matters of which he will speak and it is announced that his discourse will be very interesting. There will be a number of musical selections on the program. The entertainment will be free and everyone is invited.

I. Reshofsky, formerly of the firm of D. Seidenfeld & Co., has withdrawn and Mr. Seidenfeld will hereafter conduct the business alone. Mr. Reshofsky will locate in Laurium where he will engage in business. Last evening he left for the markets of the middle west where he will purchase lines of goods for his new store, which will be opened about March 15. Mr. Reshofsky has been engaged in business in Marquette for the past two years. He has many friends here whose good wishes will follow him to the copper country.

Miss Elizabeth A. Thiel, superintendent of the Kindergarten department of the Appleton schools has resigned her position and, on the ninth of March, she will sail from Philadelphia on the steamer Patricia for Berlin where she will take six months work in approved kindergarten methods. Miss Thiel has made a fine reputation in her chosen profession at Appleton and her departure is sincerely regretted. In Berlin she will have an opportunity to observe the best kindergarten training and she will return better fitted than ever to pursue her teaching with notable success.

The tract of mineral land, owned by the Lobb estate of Negaunee on the eastern shore of Teal lake, which was bid off to the Cleveland-Chiffs Iron company at a probate court sale recently will be offered again on Feb. 25. The judge of probate has cancelled the first sale, as the law permits him to do when there is a prospect that a property will bring ten per cent more than its original purchase price if bid off a second time. It is understood there will be a number of bidders at the second sale and people who assert that "they know" say that it will bring considerably more than \$8,000, the price at which it was knocked down to the Cleveland-Chiffs Iron company last week.

Those toothsome popcorn fritters, Fresh every morning at Fred Donkers. (2-12-104)

Hundreds of lives saved every year by having Dr. Thomas' Electric Oil in the house just when it is needed. Cures croup, heals burns, wounds of every sort.

HAVE YOU TETTER?

All druggists are authorized by the manufacturers of Boro-Carbol Salve to refund money when it fails to cure any case of Tetter, no matter of how long standing. Cures ordinary cases in six days the worst cases in fourteen days. Price 25 cents per box. The Stafford Drug Co.
