ISLAND POL-ICY CARRIES.

Cuban and the Philippine Amendments Passed by the Senate.

DEMOCRATS OVERWHELMED

Ballot is Taken Early This Morning After Vicious Protests Against the Legislation.

VOTE NEARLY TWO TO ONE

Washington, Thursday, Feb. 28.—The senate passed the army appropriation bill at 12:54 o'clock this morning con- sidering the propositions of the Repub- lican majority for the temporary gov- ernment of the Philippines and for the future relations between the United States and Cuba. Many amendments were offered to both propositions, but were voted down. The original Spooner amendment was amended in regard to franchisees as proposed by Senator Hoar, the latter proposition having been accepted by the majority yester- day.

The Philippine amendment provides that all military, civil and judicial powers necessary to govern the islands shall, unless otherwise provided by congress, be vested in such manner as the president of the United States shall direct for the establishment of civil government and maintaining and protecting the inhabitants in the free enjoyment of liberty, property and reli- gion; provided, that all franchisees granted under the authority thereof contain reservation of the right to alter, amend or repeal the same.

A DAY OF FERVID DEBATE.

Washington, Feb. 27.—Not since the enactment of the resolutions declaring a state of war to exist between the United States and Spain has there been such an avalanche of passionate oratory as the senate listened to today.

Throughout the session the army appropriation bill was under discussion, the controverted points being the Spooner Philippine amendment and the Platt Cuban amendment. The debate was confined entirely to the Democratic side of the chamber with one exception. Both amendments were denounced as vicious and pernicious legislation, sub- versive of the principles of government and unparalleled in the history of legisla- tive enactments.

The most notable speech of the day was delivered by Senator Bacon of Georgia. He had been thoroughly aroused by reports that the Democratic members had been induced by ques- tionable means to withdraw their oppo- sition to the proposed legislation, and he passionately branded as a libel upon honorable men and all such states- men. Personally, he declared, he would defeat the amendments if he could, although he realized that the majority would have to accept the re- sponsibility for them. His arraignment of the administration for coercing congress into enacting such provisions in the closing hours of the session was sensational and he declared that the only possible object of such ac- tion was that plunderers and vultures might have opportunity to prey upon the prostrate land of the Philippines.

Senator Turner, Tillam, Pettigrew, Hoar, Teller, Mallory, Lindsay, Culberson, Jones, Money, Allen and others ad- dressed the senate, all of whom de- nounced the proposed legislation. Early in the evening the voting began on minor amendments to the measure. All of them were offered by Democratic senators and all were voted down by heavy majorities.

TALK OPENED BY TELLER.

At the opening of the session today, Senator Teller gave notice of an amendment to the Philippine section of the army bill as follows: "That the Constitution of the United States is hereby extended over and declared to be in force in the Philippine Islands as far as the same or any provision thereof may be applicable." His pur- pose in offering the amendment, he said, was to ascertain whether those who say the Constitution does not ex- tend over the Philippines were willing it should extend over the islands. He had no idea the United States ever would surrender the Philippine islands. Senator Teller proceeded with a constitu- tional argument upon the pending questions. Referring to the Cuban amendment, Senator Teller said it was so drastic or savage as he had thought it might be, but he could not give it approval. He feared it might wound the sensibilities of the Cubans.

PETTIGREW'S DENUNCIATION.

Senator Pettigrew vigorously at- tacked the Philippine amendment par- ticularly, declaring it would encourage jobs and schemes. He referred to the organization of the Philippine Lumber & Development company, of which he said Representative Hull, chairman of the military committee of the house, was president. A son of Mr. Hull, he asserted, is now in the Philippines look- ing after the interests of the company. Senator Pettigrew read from what he said were certified copies of corre- spondence which had passed between Major Hildbrand, of the adjutant gen- eral's department of the army, and Major Hawkes, until recently an officer

BOTHA SAID TO HAVE YIELDED.

AGAIN REPORTED AT LONDON THE BOER GENERAL HAS SUR- RENDERS—NOT CONFIRMED.

London, Thursday, Feb. 28.—The Daily Chronicle, which has received a report it believes trustworthy, that General Botha has surrendered to Lord Kitchener, says: "According to earlier information, Botha was to have been received at Lord Kitchener's camp about the end of the week."

Special dispatches from Pretoria lo- cate Botha, with a small force, north of Middleburg. They assert that he is probably making for the headquarters of Commandant Vellejon and of the Boer government beyond Roosenkaal. Lord Kitchener has been at Middle- burg the last few days, but there is no indication in any quarter other than that reported by The Daily Chronicle that Botha has surrendered.

CAPTURES BY FRENCH.

London, Feb. 27.—Lord Kitchener, telegraphing from Middleburg, Trans- vaal, says: "The following additional captures are reported by General French up to the 25th: Three hundred Boers surrendered and a 19-pounder Krupp, a howitzer, a Maxim, 20,000 rounds of ammunition, 153 rifles and a large number of horses, oxen, cattle, sheep and carts."

Cape Town, Feb. 27.—Seven fresh cases of the bubonic plague were re- ported yesterday, two being Euro- peans.

DEWET SEEMS SAFELY OFF.

De Aar, Cape Colony, Feb. 27.—Thor- neycroft's column, when last heard from, was a few hours' march behind Dewet. The other columns have seem- ingly lost touch with him. Hertzog, the Boer commandant reported to have crossed Orange river, appears to be still inside the rectangle formed by the rail- roads and river.

Senate Confirms Dust and Freeman as Members, on the

Governor's Appointment, After Renewed Desper-

ate Attempts to Land Geo. A. Newett.

Lansing, Mich., Feb. 27.—[Special.]—Senator Atwood and the other "im- mortals" of the 1898 state senate" made a desperate attempt today to land Geo. A. Newett, the upper peninsula cor- porations candidate, for a place on the state tax commission.

Enough votes could not be secured in the senate, however, to insure Mr. Newett's confirmation, and the oppo- sition senators succeeded in practically forcing Wm. T. Dust's name out of the committee on executive business, of which Senator Atwood is chairman.

The result was that the senate con- firmed Mr. Dust by a vote of twenty- two to nine, and Governor Bliss then sent in the name of A. F. Freeman of Manchester, one of the old tax com- missioners, and the senate unanimously confirmed it.

District Attorney W. D. Gordon was with the governor in the executive of- fice when Freeman's name was sent to the senate. A great deal of credit for Freeman's final victory belongs to Senator Frank Westover of Bay City, who has consistently and persistently worked for the Manchester man for several weeks.

MAJORITY AGAINST NEWETT.

While Senators Atwood and Moore were working all day with other sen- ators with a view to having Dust thrown by the way and Messrs. Newett and Freeman confirmed, Sen- ators Murfin, Gad Smith and Nichols were working among their friends against Newett and in favor of Dust and Freeman.

Up to noon Governor Bliss was as- suring his friends that Newett's name would be sent in, but it was found that Senator Atwood and the other old "immortals" had not been able to count enough noses in the senate to insure Newett's confirmation.

Sensor Atwood's plan was then to have action delayed on Dust's name. It was Senator Nichols, a friend of Freeman, who moved that the senate go into executive session about 2:45 o'clock this afternoon. Mr. Newett's leading opponents had arranged to have Senator Murfin move to discharge Senator Atwood's committee on ex- ecutive business from further consid- eration of Dust's name, but Senator Helme, Democrat, believing that the Republican senators were loath to start such a proceeding, made the mo- tion instead.

Sensor Murfin, with suggestive look- ing papers in his hand, rose to supple- ment Mr. Helme's motion, but before he got to talking Senator Atwood rose and reported out Dust's name without rec- ommendation. Senator Nichols ex- plained that unless Dust's name were confirmed he had been informed the governor would send in the name of two men for places on the tax commis- sion, but that if he were confirmed only one name would, of course, be forth- coming from the executive office.

DUST GIVEN THE PLACE.

The senators generally understood that the two names would be those of Freeman and Newett. The result was that Dust was confirmed by a vote of twenty-two to nine. All of the old "immortals" except Das McMullin

PILOT HELD TO BLAME.

LOSS OF THE RIO DE JANEIRO AT 'FRISCO CHARGED TO CRIMINAL NEGLIGENCE.

San Francisco, Feb. 27.—The coroner's jury held an inquest today over the eleven bodies recovered from the wreck of the steamer Rio de Janeiro, return- ing a verdict tonight. The jury charges Captain Ward, who was drowned, and Pilot Jordan with criminal negligence. The Pacific Mail Steamship company is censured for having a Chinese crew.

THIRTY LOST IN ENGLAND.

London, Thursday, Feb. 28.—Early yesterday morning the steamer Cham- ois collided three miles east of Yar- mouth with an unknown steamer. The latter sank and a few of the crew scrambled on board the Chamois. The Chamois has not yet been heard from and it is feared she may have found- ered, which would make a total of probably thirty lives lost.

VETS DECIDE NOT TO MARCH.

WILL NOT PARTICIPATE IN THE INAUGURAL PARADE—PLACE ASSIGNED NOT SATISFACTORY.

Washington, Feb. 27.—The veteran organization of the Civil and Spanish wars have officially declined to partic- ipate in the inaugural parade on March 4. The decision affects the Grand Army of the Republic, the Union Veterans' union and the Spanish War Veterans. The dissatisfaction of the veterans with the place assigned them in the parade is responsible for today's action.

Later—Word was received tonight from the Twenty-third Ohio regiment, which the president commanded in the Civil war, that the survivors were too old to journey to Washington and en- dure the fatigues of the inaugural march. This left the post of honor in the parade vacant, and the president and General Greene will attempt to have it filled by a representative body of veterans from the district posts.

RESPECTED KANSAS CITIZEN IN THE MEASURES OF THE LAW.

Bonners Springs, Kas., Feb. 27.—M. D. Bearden, a respected citizen, was placed under arrest today for connec- tion with an attempt to force a thou- sand dollars from a bank owner, a banker here, under pain of death of himself and family or the kidnaping of his children. Bearden was arrested, it is alleged, while making off with a bag of slugs supposed to contain the money demanded and which was left at the spot designated in a threaten- ing letter received by the banker.

BELL PHONE LOSES BIG CASE.

HELD IN THE U. S. COURT AT BOSTON THAT THE BER- LINER PATENTS HAVE EXPIRED.

Boston, Feb. 27.—Judge Brown, of the United States circuit court, today decided against the American Bell Telephone company in the famous Ber- liner patent case, which has been in the courts for several years.

The contention was made that the Berliner patents covering the telepho- ne transmitter and receiver have expired under the law, while the Bell Tele- phone company maintained to the con- trary.

The decision will have a world-wide effect on telephone companies which have been inclined to purchase the Berliner instruments on the ground of the expiration of the patents, as now held by Judge Brown.

EXCITEMENT IN INDIANAPOLIS.

IDENTIFICATION OF NEGRO AS- SAILANT AGITATES THE PEOP- LE—GREAT PRECAUTIONS TO PREVENT A LYNCHING.

Indianapolis, Feb. 27.—Dorothy Dar- ter tonight identified the negro, Doc Reed, brought here from New Castle this afternoon as her assailant. Last Thursday at Irvington suburb she was assaulted and beaten into insensibility. She is yet in dangerous condition.

The negro was brought here hand- cuffed to an officer. The party was met at the station by a dozen police- men and detectives, with Superintendent Quigley at the head, followed by a patrol wagon full of policemen. The negro was driven to the Darter home, two miles from Irvington. The girl identified the negro and then, seeing a crowd of several hundred gathered at the house, wavered and said she was uncertain. Later when the negro and officers left she stated that she posi- tively identified the man but was afraid to say so before the crowd, fear- ing they would hang him in the yard.

When the news spread that Reed had been identified there was intense excitement throughout the city. The companies of the National Guard here were placed under arms and seventy- five deputy sheriffs sworn in. Fifty policemen are on guard in every street in the vicinity of the jail. Thousands of people gathered on the down-town streets early this evening and groups appeared on every corner near the jail, "orders to disperse, however, separated them.

Send Millionaire Cudahy a Proposal Seeking a Compromise.

OFFER RETURN OF RANSOM

\$20,000 Will Be Refunded if All At- tempts at Capture and Prosecu- tion Are Abandoned.

PACKER WILL IGNORE IT.

Chicago, Feb. 27.—A special dispatch to The Post from Omaha today says: Edward A. Cudahy, the millionaire meat packer, has received a letter from the men who kidnaped his son, offer- ing to return the \$20,000 ransom money on the condition that all the detectives be withdrawn and no attempt be made to prosecute the abductors should their identity be discovered. It is un- derstood the letter was mailed at Coun- cil Bluffs.

Omaha, Feb. 27.—E. A. Cudahy was called up in Chicago today by long distance telephone and interrogated re- garding the contents of the Chicago dispatch stating that the kidnapers sought a compromise. He admitted that he had received such a letter this morning. He said it had been received at Omaha and transmitted to him at Chicago. When asked what he pro- posed to do about the offer contained in the letter, Mr. Cudahy replied, "Nothing."

THE DUTY OF MOTHERS.

What suffering frequently results from a mother's ignorance; or more frequently from a mother's neglect to properly instruct her daughter!

Tradition says "woman must suffer," and young women are so taught. There is a little truth and a great deal of exaggeration in this.

Many mothers hesitate to take their daughters to a physician for examination; but no mother need hesitate to write freely about her daughter or herself to Mrs. Pinkham and secure the most efficient advice without charge.

Mrs. August Pfalzgraf, of South Byron, Wis., mother of the young lady whose portrait we here publish, wrote Mrs. Pinkham in January, 1899, saying her daughter had suffered for two years with irregular menstruation...

Lake Carriers' Association Declines to Consider the Demands, Hence the Union President's Action.

ALL STEAMERS AFFECTED.

Cleveland, Feb. 27.—As a result of the refusal of the Lake Carriers' association to grant the demands of the marine engineers for additional help in the engine room of steamers, National President Uhler today declared a strike in force affecting 1,800 engineers on the great lakes.

Mr. Uhler today received a letter from James Corrigan, chairman of the executive committee of the Lake Carriers' association, in response to an inquiry asking what action, if any, the vessel owners proposed to take in reference to the engineers' demands.

Upon the receipt of this, President Uhler telegraphed to all lake ports notifying the members of his organization not to either assist in fitting out the boats or to go out on them after the opening of navigation until advised to the contrary.

The strike order affects all members of the engineers' organization on passenger as well as freight boats. It is said 85 per cent of the engineers on the great lakes are members of the organization.

BALL LEAGUE QUILTS.

NEW YORK, Feb. 27.—At their evening session at the Fifth Avenue Hotel, the National Baseball league magnates summoned President Power and W. H. Watkins, of the American association. The American association men practically yielded up the ghost in the afternoon, and before night most of its members left for their homes.

The members of the association bitterly accused the magnates of failing to keep promises to give financial aid to the association, thus causing its demise. Lack of funds is the cause conceded for the association's death.

MEN'S DEMANDS GRANTED.

President Young today announced that the league had granted all the players' demands. The players have agreed to sign league contracts under pain of suspension. The suspension, however, is only operative until the players' organization can meet as a body to act on the matter.

CHANGES IN PLAYING RULES.

The first and second foul balls hit by a batsman, unless two strikes have already been called, will henceforth be counted as strikes. The catcher will now stand within ten feet of the plate throughout the game. The pitcher will deliver the ball to the batsman as soon as the latter takes his position. Should the pitcher deliver the ball to any other place a ball will be called for each delivery. The umpire is empowered to remove from the game, and if necessary from the grounds, any player guilty of the improper language. A batsman may not take his base if hit by a pitched ball, but the ball will count as a ball against the pitcher.

THE BOARD OF DIRECTORS SHALL HAVE POWER OF INFLECTING PENALTIES IN CASES OF

forfeited games. In the case of a forfeited game the board shall convene within a week, hear evidence and decide what penalty to impose on the club offending.

STEEL PRICES GO UP.

ALL GRADES OF SHEET ARE ADVANCED \$4 PER TON. Pittsburgh, Feb. 27.—Announcement was made today that the American Sheet Steel company has advanced all grades of sheet \$4 per ton.

CRAMP COMPANY CANCELS THE CONTRACT FOR CRUISER.

Constantinople, Feb. 27.—It is stated that the ports, not having paid the installments due on the cruiser for which the contract was signed recently with the Cramp Shipbuilding company of Philadelphia, the latter considers the contract void and repudiates all responsibility in the matter.

IS AGUINALDO'S UNCLE.

FORMER REBEL COLONEL INSTALLED AS GOVERNOR OF THE PROVINCE OF BULACAN. Guiguinto, Province of Bulacan, Feb. 27.—Jose Seraphio, uncle of Aguinaldo and formerly an insurgent colonel, has been appointed governor of Bulacan province.

HUNDREDS TAKE THE OATH.

Manila, Feb. 27.—Today 665 persons voluntarily took the oath of allegiance at Camiling, province of Albay, at one time reported as, next to Luzon, the worst insurgent center, while 584 took the oath at Calamba.

CHALHOUN CIRCUIT JUDGE, QUIRK VS. FRASER, CIRCUIT JUDGE, AND IN GADNER VS. JUDGE SUPERIOR COURT.

EIGHT-HOUR DAY FOR MINERS.

HOUSE OF COMMONS PASSES A BILL PROVIDING IT. London, Feb. 27.—The house of commons today passed the second reading of the bill restricting the work of miners to eight hours daily by 212 to 199 votes.

REBELLION IN THE SUDAN.

NEW SULTAN PROCLAIMED IN THE KINGDOM OF WADAI. Tripoli, Feb. 27.—A rebellion has broken out against the sultan of Wadai owing to the many executions. Ahmed, son of the late sultan Ali, has been proclaimed king by the rebels.

NO DOWIE BANK INQUIRY.

ILLINOIS ATTORNEY GENERAL RULES LEGISLATURE HAS NO AUTHORITY TO INVESTIGATE. Springfield, Ill., Feb. 27.—The affairs of Dr. Alexander Dowie's Zion City bank will not be investigated by the Illinois legislature. Attorney General Hamlin today furnished an opinion to the legislative committee appointed to report on the business methods and condition of the Dowie institution.

BANKER PALMER ARRESTED.

Chicago, Feb. 27.—Edmund Palmer, whose banks in Desplaines and Ashley, Ill., and Ellettsville, Ind., have been closed with total liabilities estimated at \$80,000, was arrested at his home at Desplaines today. Palmer was wanted by the authorities of Ashley.

ADRIFT IN DISABLED SHIP.

CAPTAIN AND TWO SEAMEN STICK TO STEAMER JUPITER, HELPLESS ON THE ATLANTIC. New York, Feb. 27.—With only three men on board and fires out for want of coal, the steamship Jupiter is adrift on the Atlantic. Twenty-four of its crew were taken off by the steamship Citta di Messina after a futile attempt to tow their vessel into port, were landed here today. The plucky captain and two men remained on the disabled freighter to prevent its becoming a derelict.

VERDI'S BODY REMOVED.

Milan, Feb. 27.—The remains of Giuseppe Verdi, the composer, were removed with much ceremony today from the cemetery to the Home for Aged Musicians, founded by Verdi.

TODAY'S WEATHER.

Washington, Feb. 27.—The following is the weather bureau's forecast for Upper Michigan: Snow Thursday and probably Friday; warmer Thursday; fresh east to southwest winds.

OHIO GETS THE JOB.

Washington, Feb. 27.—The president today nominated Milton B. Eakin of Ohio to be assistant secretary of the treasury, vice Mr. Vanderlip, resigned.

MINERS' BODIES FOUND.

Kemmerer, Wyo., Feb. 27.—Fourteen bodies were recovered from the Diamondville mine today.

AN EXCELLENT COMBINATION.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinal laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers, gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

In the volunteer service, indicating that a company had been organized and was endeavoring to secure control of the hemp industry in the Philippines, Major Heistand using his official position to advance the interests of the enterprise. Senator Pettigrew contended that no legitimate efforts were being made to control the hemp industry in the Philippines. He thought the Philippines should be given liberty and be allowed to establish a government under our guidance and direction.

Senator Turner of Washington criticized the Spooner amendment as a departure from the American system. He contended, in the presence of the United States all the powers of the czar of Russia.

COERCION SEEN BY BACON.

Senator Bacon said he believed the amendment to the Spooner bill that had ever been attempted in congress. He considered it revolutionary, and said that under no circumstances would he vote for it or for a bill containing such provision. He denounced as coercion the putting upon an appropriation measure in the closing hours of the session such propositions as the Philippine and Cuban amendments. They were clearly in violation of the rules of the senate. It was from plunderers and speculators, who like vultures were hovering over the prostrate land, that the demand had come for the Philippine legislation to which the majority was about to respond. Senator Bacon read an Associated Press dispatch from Manila to show that the Filipinos were far from being pacified and that the conditions were more serious in the islands than represented by the government officials.

HOAR SIDES WITH DEMOCRATS.

Senator Hoar of Massachusetts presented documents signed by native Filipinos which, he said, were convincing evidence that these people were not "talk about benevolent assimilation and use other honeyed phrases, but your act is pure, simple, undiluted, unchecked despotism."

NOT MEN. IT WAS REJECTED, TWENTY-SIX TO FIFTY-THREE.

At last the decisive moment arrived. It was 10:20 p. m. The vote was taken upon the amended Spooner resolution, which was adopted as follows: FORTY-FIVE TO TWENTY-SEVEN.

Ayes—Aldrich, Allison, Bard Beveridge, Burrows, Carter, Chandler, Clark, Culom, Deboe, Dewey, Dillingham, Dooliver, Elkins, Fairbanks, Foraker, Foster, Gallinger, Hale, Hanna, Hansborough, Hawley, Keam, Kearns, Kyle, Lodge, McComas, McCumber, McLaurie, McMillan, Nelson, Perkins, Platt (Conn.), Pritchard, Proctor, Quarles, Scott, Sewell, Shoup, Simon, Spooner, Stewart, Thurston, Warren and Wetmore—45.

Nays—Allen, Bacon, Bate, Berry, Butler, Caffery, Chilton, Clay, Cockrell, Culberson, Harris, Hoar, Jones (Ark.), Jones (Nev.), Kenney, Lindsay, McHenry, Mallory, Martin, Pettigrew, Pettus, Rawlins, Tallaferro, Teller, Tillman, Turner, and Turley—27.

Senator Platt of Connecticut here offered the amendment prepared by the committee on relations with Cuba. Senator Jones of Arkansas moved to strike out the portion of the third condition providing that the United States could intervene for the maintenance of a government adequate for the protection of life, property and individual liberty. The motion was defeated, and Senator Foraker of Ohio proposed an amendment to change Section 3 in effect as suggested by the Jones amendment. It was defeated, thirty-one to forty-two. The vote was then taken upon the Cuban amendment, and it was agreed to, forty-three to twenty.

Several amendments were later voted down, and the army bill itself was passed, forty-three to eighteen. Senator Allison reported the sundry civil appropriation bill and the senate adjourned.

FIGHT OVER SUNDAY CLOSING.

ST. LOUIS EXPOSITION BILL DEBATED IN THE HOUSE—IT GOES TO CONFERENCE. Washington, Feb. 27.—The house had a busy routine day, agreeing to the conference reports on the fortifications, District of Columbia and military academy bills, the last named containing the anti-hazing legislation.

The naval appropriation bill was sent back to conference after the defeat of a motion to concur in the senate's provision for three more submarine torpedo boats. The Louisiana Purchase exposition bill, which had been in precarious parliamentary state, was finally sent to conference for the adjustment of the differences.

LONG ROW OVER EXPO. BILL.

Mr. Tawney, chairman of the special committee on the Louisiana Purchase exposition, asked unanimous consent to consider the senate amendments to the St. Louis exposition bill. Mr. Sims of Tennessee objected, whereupon Mr. Tawney moved to suspend the rules and non-concur in the senate amendments and agree to the conference asked for by the senate. Mr. Grout of Vermont demanded a second, which was ordered.

Mr. Grout said his purpose in demanding a second was to take the sense of the house upon the amendment providing for the closing of the exposition on Sunday. Later he asked unanimous consent for a vote separately upon the Sunday closing amendment and the Charleston exposition amendment. Mr. Tawney objected, whereupon Mr. Grout urged the house to vote down the motion to suspend the rules.

In support of the Sunday closing amendment, Mr. Grout read the action

OF VARIOUS RELIGIOUS BODIES IN DIFFERENT PARTS OF THE COUNTRY PETITIONING CONGRESS TO TAKE THIS ACTION.

Many petitions had been telegraphed to Washington within the last few days. One said the Louisiana Purchase exposition should illustrate the American Sabbath, and not the French Sunday.

Mr. Tawney said the question before the house was not whether the French or Anglo-Saxon Sunday be observed at the exposition, but whether the bill go to conference. Unless the bill went to conference now it must fail. The house, he said, could pass upon the Sunday closing proposition when the conferees reported.

REPORT EXONERATES HIM.

Joint Committee O. K.'s Warden Freeman and His Administration.

Warden Freeman, of the branch state prison, received several Lansing dispatches yesterday informing him that the joint committee, which investigated the institution of which he is the head, had prepared a report exonerating him from all the charges which were preferred by ex-Governor Pingree in his famous exaugural message.

ANOTHER GOOD DAY.

Several Point Gain in Atlantic the Feature of the Market.

Coppers did well again yesterday. A several point advance in Atlantic was the feature of the market, but its general tone was strong and favorable.

Orders to buy the coppers in 1,000 share lots have begun to come over the wire from New York. Considerable buying of Baltic, Atlantic and Copper Range has come from that city.

"Orders to buy the coppers in 1,000 share lots have begun to come over the wire from New York. Considerable buying of Baltic, Atlantic and Copper Range has come from that city.

Hayden, Stone & Co. wired the Laidley Commission Co.:

"Amalgamated is strong. We believe in people taking on this stock on the belief of no adverse legislation being passed in this session of the Montana legislature. Nearly all the Amalgamated now held is owned by investors and if affairs in Montana go right for the Standard Oil people we think the stock will become speculative favorite.

We advise the purchase of it now, also of Old Dominion, Utah, Wolverine, Osceola, and all mines earning good dividends. They should surely be worth more money today than they were two years ago, when you considered the amount of money that has been expended."

TOM LARKE'S SUCCESSOR.

Martin Adson Becomes General Agent of the South Shore at Duluth.

W. F. Fitch, second vice president and general manager of the South Shore road accompanied by General Passenger Agent George W. Hibbard, of the same road, arrived in the city from Marquette this morning, says the Duluth Herald of Tuesday.

These officers brought to Duluth the first official announcement of the appointment of Martin Adson to the general agency of the South Shore road in this city, to succeed Thomas H. Larke who resigned to accept the Northwest agency of the Dominion line of ocean steamships.

Mr. Adson has for some time been the traveling passenger agent of the line, and as the officers of this morning, his appointment is merited by his record in the passenger business.

Said Mr. Hibbard this morning: "You cannot keep a good man back," and he nodded significantly in Mr. Adson's direction. The latter has a wide circle of friends that will be pleased to learn of the confirmation of his appointment as mentioned several days ago.

While occupying the position as general agent of the South Shore road, T. H. Larke did so under the title of assistant general passenger agent, but that office has been abolished with Mr. Larke's retirement, and Mr. Adson will be known as the general agent of the line. No announcement has been made as to who Mr. Adson's successor as traveling passenger agent will be. Mr. Adson will assume the duties of his office March 1, at which time Mr. Larke will begin his duties as agent for the Dominion Steamship company at his offices in the Guarantee building in Minneapolis.

They were pleased. Soo Curlers Express Their Appreciation of Marquette Hospitality.

Monday's issue of The Soo News has an article on the return of the Soo curlers who met the Queen City players in a tournament here last week. After discussing the play and its outcome the News goes on:

"The curlers say that it was one of the happiest and most pleasant visits that they have enjoyed. The Marquette curlers fairly outdid themselves in their royal welcome. Nothing was too good for the Soo curlers, and it is hoped that they will be able to return to Marquette in the near future."

"It is expected that our local curlers will have an opportunity to show their hospitality in the near future as the Marquette curlers are coming down to play a return match and it is hoped at the same time to secure two teams from Bay Mills, Soo, Ont., and Thessalon, thereby making enough teams to have a good bonspiel in this city."

"The Soo curlers were surprised to find that the Marquette club could play as it did, never having curled until this winter. They say the Queen City players have the right material and with a little more practice they need not fear to face any club, and it is doubtful if the local players can long hold the upper peninsula championship trophy. The curlers arrived home on the 7:55 train Saturday evening, a little tired but feeling that the social gathering at Marquette was and would be productive of good times between the two clubs."

WALL STREET STOCKS.

New York, Feb. 27.—Today's trading in stocks, while quite large, was much congested in a few stocks. There was continued strength in St. Paul, a late buoyant rise in Sugar and notable gains by some of the less prominent high-priced industrials, but the general market was not much inclined to respond in sympathy although the depression of the steel group existed in some parts of the list was partly relieved.

The speculative tone was more inclined to sympathize with the continued heaviness in the steel stocks than with the strong features of the market.

There was large trading again in the stocks of the steel group today, but it was in large part on arbitrage operations from one stock to another. Most of the members of the group show declines on the day which extend to 2 1/2 points in National Tube, 2 in Tin Plate and a point each in National Steel and to cease. Tube preferred, Steel & Wire preferred advanced 1/2, Federal Steel preferred nearly a point and American Hoop and Tin Plate preferred small fractions.

For the purpose of accommodating these arbitrage operations there were also dealings in the contracts to deliver when issued the new United States Steel Corporation stock. Common stock advanced 4 1/2 at one time this morning and preferred 8 1/2, but before the close the quotation for common stock had receded below 35 and preferred to 40.

Toronto, Ont., Feb. 27.—Captain Bernier, the French-Canadian navigator, who arrived here today, has practically completed arrangements to start on a trip by way of Alaska to the North pole in May. He will sail along the coast of Siberia, taking the natural course of the waters, and about the middle of September he hopes to be within 200 miles of the pole. He said today: "There is only one way, and that is nature's way—to float in Perley and Captain Sverdrup, who are fighting the course of nature in Greenland, will never get there. I will carry provisions for four years. I will leave provisions along the route in hollow staves."

CHICAGO GRAIN MARKETS.

Chicago, Feb. 27.—Wheat today was weaker, lower prices ruling and May closing about 1/2 cent below yesterday.

Liquidation of long property was more in evidence and the fluctuation during the first hour was quite weak. At the start several important lines came out, but on the break shorts came in, giving the market a considerable rally.

Lower cables were mainly responsible for the bearish feeling. At Liverpool, spot wheat with futures down 1/2 @ 3/4 penny. Among the bullish factors which checked the decline were heavy exports, the total of wheat and flour being 748,000 bushels. The seaboard reported twenty-seven boatloads accepted.

In corn there was a very large trade, the market ruling active and nervous within a range of 1/2 cent. The feeling was weak and lower prices ruled, May closing about 1/4 cent lower than yesterday.

Lower cables, a liberal Western movement and the entire absence of any cash or shipping demand were among the depressing influences. Local bear

interests were more aggressive on the selling side and support was lacking, though at 4 1/2 for May commission house buying was a feature. At Liverpool, spot was steady, with futures down 1/2 @ 3/4 penny. The exports were 855,000 bushels, but only twenty-five boatloads were taken on the seaboard. The county offerings were quite moderate.

Oats were quite active, with the trade general. Lower prices ruled, May selling between 2 1/2 @ 3 and 2 3/4 @ 3, closing 2 1/2 bid. The market was influenced by the promise of warmer weather. Not only were room traders on both sides of the market, but commission houses had liberal orders, both buying and selling. The buying was led by cash people.

The leading futures ranged: —May Wheat— Opening. Highest. Lowest. Closing. 76 1/2 @ 76 1/2 @ 75 1/2 @ 76 1/2 @ 76 1/2 @

—May Corn— 40 1/2 @ 40 1/2 @ 40 1/2 @ 40 1/2 @

The movement of flour and grain was: Receipts. Shipments. Flour, barrels. 62,000 35,000 Wheat, bushels. 103,000 38,000 Corn, bushels. 62,000 197,000 Oats, bushels. 252,000 122,000

ANOTHER GOOD DAY.

Several Point Gain in Atlantic the Feature of the Market.

Coppers did well again yesterday. A several point advance in Atlantic was the feature of the market, but its general tone was strong and favorable.

Orders to buy the coppers in 1,000 share lots have begun to come over the wire from New York. Considerable buying of Baltic, Atlantic and Copper Range has come from that city.

"Orders to buy the coppers in 1,000 share lots have begun to come over the wire from New York. Considerable buying of Baltic, Atlantic and Copper Range has come from that city.

Hayden, Stone & Co. wired the Laidley Commission Co.:

"Amalgamated is strong. We believe in people taking on this stock on the belief of no adverse legislation being passed in this session of the Montana legislature. Nearly all the Amalgamated now held is owned by investors and if affairs in Montana go right for the Standard Oil people we think the stock will become speculative favorite.

We advise the purchase of it now, also of Old Dominion, Utah, Wolverine, Osceola, and all mines earning good dividends. They should surely be worth more money today than they were two years ago, when you considered the amount of money that has been expended."

TOM LARKE'S SUCCESSOR.

Martin Adson Becomes General Agent of the South Shore at Duluth.

W. F. Fitch, second vice president and general manager of the South Shore road accompanied by General Passenger Agent George W. Hibbard, of the same road, arrived in the city from Marquette this morning, says the Duluth Herald of Tuesday.

These officers brought to Duluth the first official announcement of the appointment of Martin Adson to the general agency of the South Shore road in this city, to succeed Thomas H. Larke who resigned to accept the Northwest agency of the Dominion line of ocean steamships.

Mr. Adson has for some time been the traveling passenger agent of the line, and as the officers of this morning, his appointment is merited by his record in the passenger business.

Said Mr. Hibbard this morning: "You cannot keep a good man back," and he nodded significantly in Mr. Adson's direction. The latter has a wide circle of friends that will be pleased to learn of the confirmation of his appointment as mentioned several days ago.

While occupying the position as general agent of the South Shore road, T. H. Larke did so under the title of assistant general passenger agent, but that office has been abolished with Mr. Larke's retirement, and Mr. Adson will be known as the general agent of the line. No announcement has been made as to who Mr. Adson's successor as traveling passenger agent will be. Mr. Adson will assume the duties of his office March 1, at which time Mr. Larke will begin his duties as agent for the Dominion Steamship company at his offices in the Guarantee building in Minneapolis.

They were pleased. Soo Curlers Express Their Appreciation of Marquette Hospitality.

Monday's issue of The Soo News has an article on the return of the Soo curlers who met the Queen City players in a tournament here last week. After discussing the play and its outcome the News goes on:

"The curlers say that it was one of the happiest and most pleasant visits that they have enjoyed. The Marquette curlers fairly outdid themselves in their royal welcome. Nothing was too good for the Soo curlers, and it is hoped that they will be able to return to Marquette in the near future."

"It is expected that our local curlers will have an opportunity to show their hospitality in the near future as the Marquette curlers are coming down to play a return match and it is hoped at the same time to secure two teams from Bay Mills, Soo, Ont., and Thessalon, thereby making enough teams to have a good bonspiel in this city."

"The Soo curlers were surprised to find that the Marquette club could play as it did, never having curled until this winter. They say the Queen City players have the right material and with a little more practice they need not fear to face any club, and it is doubtful if the local players can long hold the upper peninsula championship trophy. The curlers arrived home on the 7:55 train Saturday evening, a little tired but feeling that the social gathering at Marquette was and would be productive of good times between the two clubs."
