## SCANDAL IN PHILIPPINES.

Sensational Frauds in the  
Commissary Depart-  
ment Unearthed.

MANY ARRESTS ARE MADE.

Hundreds of Thousands of Dollars'  
Worth of Government Supplies  
Have Been Stolen and Sold.

HIGH OFFICERS INVOLVED.

Manila, March 31.—Interest in the capture and fate of Aguinaldo is well nigh overshadowed in Manila today by sensational developments, present and prospective, of frauds in the commissary department. How widely these have existed has not yet been ascertained, but enough is already known to justify the belief that they are far-reaching.

OFFICER OF 30TH JAILED.

Captain Frederick J. Barrows, of the Thirtieth Volunteer infantry quartermaster's department in southern Luzon, together with seven commissary sergeants, several civilian clerks, a government contractor, the assistant manager of the Hotel Oriente, the proprietors of three of the largest bakeries in Manila, a number of storekeepers and other persons, has been arrested.

The investigation has scarcely begun, but thousands of sacks of flour, quantities of bacon and wagonloads of other goods, all bearing the government marks, have been found in the possession of unauthorized persons.

It is alleged that the contractor in question, who has been doing a business approximating a hundred thousand dollars per month, has spent huge sums in entertaining officers. A prominent commissary officer is accused of leading a scandalously immoral life.

It is asserted that large quantities of stores have been lost or stolen in transit, and also that there is a shortage in the commissary depot. New scandals develop daily.

TRACED BACK A YEAR.

The illicit transactions have been traced back to June, 1900, and it is possible there were others at an earlier date. The exorbitant tariff on provisions makes the surreptitious sale of commissary supplies immensely profitable.

It is understood other United States officers may be arrested. Lieutenant Phillip K. Sweet, of the Forty-sixth Volunteer infantry, is prosecuting the investigation, under the direction of Colonel Wilder, chief of police.

Aguinaldo continues to express himself with being impressed by the courteous treatment accorded him by General MacArthur. "I am a prisoner," said he today, "but am treated like a guest."

WASHINGTON NOT ADVISED.

Washington, March 31.—It is said tonight at the White House and war department that absolutely nothing has been received by the government regarding the alleged unearthing of crooked work on the part of army quartermasters and others in Luzon. General Corbin said that Captain Barrows was not the regular quartermaster for southern Luzon and must have been acting quartermaster there at the time of his arrest.

SALISBURY SERIOUSLY ILL.

HAS INFLUENZA BUT IS ON  
THE ROAD TO RECOVERY.

London, Monday, April 1.—A bulletin regarding the premier was issued late last evening, as follows: "Lord Salisbury was attacked with influenza on March 23. His illness has run its normal course and has been attended by the usual prostration. The temperature, however, has been almost normal for the last two days, and his lordship's strength has improved with increasing power to take food. It is hoped he will be able shortly to get a change to the south, which he had been contemplating at the time of the attack." (Signed.) Douglas Powell, H. R. Walter.

MINISTERS NOW WEARING STEEL.

72 REVOLUTIONARY LEADERS  
ARRESTED IN RUSSIA AFTER  
A DESPERATE FIGHT.

London, Monday, April 1.—The correspondent of The Daily Telegraph at St. Petersburg cables that "a revolutionary commission composed of seventy-two members had been arrested after a desperate defense, the revolutionists firing at the police. Two secret revolutionary printing presses were seized in connection with the arrests. Altogether three thousand arrests have been made. It is reported that some of the ministers now wear steel cuirasses."

RIOTING AT KIEFF.

St. Petersburg, March 31.—It is reported that severe riots have occurred during the last few days at Kieff, but were quelled by the military authori-

ties. The sixty-nine students who were arrested during the recent riots have been released.

Peter Karповich, the assassin of M. Bogolepoff, Russian minister for public instruction, has been sentenced to twenty years' penal servitude with the loss of civil rights. The announcement has been sent to life imprisonment is erroneous.

WAR SPIRIT RUNS HIGH.

JAPAN GETTING READY FOR EXPECTED TUSSELE WITH RUSSIA.

London, Monday, April 1.—The correspondent of The Daily Mail at Yokohama cables:

"There are various indications of preparations for war on the part of Japan. Interviews have appeared with prominent statesmen, all breathing the war spirit and expressing the general opinion that it is impossible to allow Russia a free hand in Manchuria. This is the gravest crisis, from the point of view of Japan, since her war with China."

PROTEST IS FILED.

The correspondent of The Times at Tokio says that "Japan has made direct representations to St. Petersburg against the Manchurian convention but the result not yet known. Japanese public opinion is very strong on the subject."

"There is reason to believe," says the St. Petersburg correspondent of The Daily Mail, "that the Manchurian convention between Russia and China will be ratified early in April."

"Koreans at Sa Mau, a frontier town, recently repulsed an attack by two hundred armed Chinese."

FEW MORE BOERS TAKEN.

KITCHENER REPORTS CAPTURE OF 125 AND SURRENDER OF 92.

London, Monday, April 1.—The war office has received advices from Lord Kitchener, dated at Pretoria, reporting the capture of seventy-two Boers in Orange River colony and officially announcing that General French has taken fifty-one prisoners and received the surrender of ninety-three Boers, as already announced in the press dispatches.

BURGHERS LOOT A TRAIN.

Lord Kitchener also reports upon the recent wrecking of trains at several points, notably that of a freight train near Johannesburg which the Boers looted.

SEVENTEEN NEW PLAGUE CASUS.

Cebu, Town, March 31.—Seventeen new cases of the bubonic plague, of which four are European, were officially reported today.

SULTAN'S TROOPS SHOOT WELL.

TEN BULGARIANS KILLED IN AN ATTEMPTED INVASION.

Constantinople, March 31.—Advices from Salonica say that a band of sixty from Bulgaria endeavored to invade Macedonia near Djumabala on March 27 and came into conflict with Ottoman troops. Ten Bulgarians were killed and the others fled.

Further fighting is reported to have occurred in the Nejed district of Arabia between the sheiks of Koweyt, on the Persian Gulf, and Din Rashid, the self-styled king of Arabia.

The river Maritza has overflowed and caused a disastrous flood in the province of Adrianople. Eight villages have been destroyed and it is believed several lives have been lost.

A strong earthquake shock was felt here today.

KEEPS IN TOUCH WITH SHORE.

STEAMER OPHIR, WITH ROYAL JUNKER ABOARD, MAKES USE OF WIRELESS TELEGRAPHY.

Port Said, Egypt, March 31.—The steamer Ophir, with the Duke and Duchess of Cornwall and York on board, has arrived here. Mohammed Ali, brother of the khedive, welcomed the duke and duchess in the name of the khedive.

During the voyage the Ophir was almost constantly in touch with the shore by means of wireless telegraphy. Thursday she sent a message to the island of Malta, 85 miles distant, and passing 100 miles south of the island of Crete the Duke of Cornwall and York telegraphed to his cousin, Prince George of Greece.

JESUIT COLLEGE STONED.

20,000 TAKE PART IN ANTI-CLERICAL RIOT AT BARCELONA.

Barcelona, March 31.—Twenty thousand persons participated here today in an anti-clerical demonstration in the Plaza del Toro. A large crowd stoned the Jesuit college. Finally the police charged and dispersed the demonstrators, injuring several.

When the police intervened they were received with showers of stones and blows from sticks and they replied by firing upon the mob. According to the latest accounts, many were wounded, some seriously. The excitement continues.

8,000 MORE HANDS IDLE.

TWENTY ADDITIONAL COTTON MILLS SUSPEND OPERATIONS.

Fall River, Mass., March 31.—Twenty cotton mills in this city were shut down yesterday and will remain closed until April 8 for curtailment. These mills employ 8,000 hands. Six mills which were closed the past week will resume tomorrow and shut down again later. No regular print cloths were sold here last week, the sales being confined to 75,000 pieces, all odds. The market continued depressed, and generally unsatisfactory.

## MET DEATH AS A HERO.

Lieut. Commander Roper,  
at Cavite, Gives Life  
for Fellow Men.

FIRE ON GUNBOAT PETREL

Sailors Are Caught Below and the  
Officer is Suffocated While At-  
tempting to Rescue Them.

HIS THE ONLY FATALITY.

Cavite, P. I., March 31.—At 7 o'clock this morning fire was discovered in the sail room of the United States gunboat Petrel, Lieutenant Commander Jesse Mims Roper commanding. The sail room is a small compartment adjoining the magazine. The heat was intense, the smoke suffocating and the flames difficult to extinguish.

Lieutenant Commander Roper was the first to descend into the hold, but was forced to return to the deck. Others went down. Seaman Patrick Tener was prostrated and about to perish when Commander Roper endeavored to rescue him and was suffocated in the attempt. Lieutenant Josiah S. McKean and Cadet Lewis suffered severely in bringing the body of the commander to the deck.

Twenty-two of the crew were prostrated—Tener, Evans, Flaherty, Lonsen, Keasler, Cahy, Burton, Smith, Sullivan and Forsboon seriously—but all will recover.

The contents of the sail room were destroyed, but the damage to the boat is slight. The origin of the fire has not been ascertained, and probably it was case of spontaneous combustion.

The death of Lieutenant Commander Roper is greatly deplored. The body will be sent to the United States April 5 by the Buffalo.

OFFICIAL TIDINGS SENT.

Washington, March 31.—The navy department early this morning receiving the following telegram from Admiral Remy, at Cavite:

"Fire was discovered in the sail room of the Petrel at seven this morning. Roper, commanding, after going below once, went again against advice. He attempted to recover the men below, but was suffocated and died at 7:45 o'clock. Twenty-two other officers and men were entirely prostrated, but all are recovering. The fire is out, with the damage immaterial. Will send Roper's remains by the Buffalo."

The navy department immediately telegraphed to P. H. Fay, brother-in-law of Lieutenant Commander Roper, at Longwood, Mass., asking him to inform Mrs. Roper of the news. The following expression of sympathy and appreciation was also made: "With this sad news the department sends Mrs. Roper deep sympathy in the great loss she has sustained and the highest appreciation of the gallantry and self-sacrifice with which Lieutenant Commander Roper gave his life for his fellow men. It was a hero's death."

Jesse Mims Roper was born in Missouri and entered the naval service June 25, 1888. He was commissioned to the rank held by him at the time of his death on March 3, 1899, and was ordered to the command of the Petrel on Nov. 15, 1899. The Petrel was one of the vessels under the command of Admiral Dewey at the Battle of Manila Bay.

The Buffalo, on which the remains will be sent home, is now used for the transportation of troops and is about to return to the United States via the Mediterranean.

BISHOP EIS EXPELS THE NUNS.

IRON MOUNTAIN SCANDAL ENDS  
IN THE CLOSING OF HOSPITAL.

Marinette, Wis., March 31.—The sisters' hospital at Iron Mountain has resulted in an order from Bishop Eis closing the hospital and ordering the nuns in charge to leave his diocese. The hospital has been closed and the sisters have taken their departure.

The trouble at the institution began in January when Ellen Hogan, a novice, was arrested on a serious charge, and counter charges were preferred against the mother superior and her colleagues. Feeling at the time ran very high and the public sentiment was almost unanimously with Miss Hogan.

An ecclesiastical court held an inquiry into the matter, and the full text of the examination was submitted to the Rt. Rev. Bishop Eis of the diocese. After carefully sifting the testimony and making further inquiry he has dismissed the sisters in charge from his diocese.

The institution has never been on a paying basis, probably due to deficiency in the management.

MARRIED 17-YEAR-OLD PUPIL.

ALLEGHENY TEACHER, AGED 38,  
IS COMPELLED TO RESIGN.

Pittsburg, March 31.—Agnes McCall, a teacher in the Sixth ward public school, Allegheny, has resigned her place because the school directors had learned that she was married. The board of education long ago adopted a rule that no married teacher may serve. Miss McCall is thirty-eight

years of age. A year ago she carried off Frederick Taylor, a seventeen-year-old pupil, and married him secretly in Washington. Since then she has paid careful attention to the boy's education and supplied him liberally with spending money. Young Taylor will leave school, but will study at night under his wife's tuition and work in his father's office during the day.

TENEMENT HOUSE FIRE.

WOMAN AND A BOY ARE  
KILLED AT BROOKLYN.

New York, March 31.—Fire in a tenement house in Williamsburg, Brooklyn, tonight, resulted in the death of Mrs. Elizabeth Marr and a boy named Benjamin Levy. A hundred other tenants had narrow escapes.

\$55,000 BLAZE AT TONIA.

Tonia, Mich., March 31.—Fire tonight destroyed the warehouses and elevator of Page & Co., entailing a loss of \$55,000.

New York, March 31.—The new Hendrie Hudson Hotel at Park Hill, near Yonkers, burned today. The loss is \$150,000.

TIE-UP FOR PACKET LINES.

ENGINEERS TO STAY OUT UN-  
TIL DEMANDS ARE GRANTED.

Milwaukee, Monday, April 1.—The Sentinel this morning says: "Not a boat of all the fifty-eight running for the six packet lines touching Milwaukee will start when the season opens unless the engineers' strike is settled. The managers of the lines had hoped their engineers would hold aloof from the strike of the Marine Engineers' Protective association, but the men have decided to stay out. This will be the most serious step the strikers have taken, as far as Milwaukee is concerned."

BLIZZARD RAGING IN TEXAS.

PAN HANDLE DISTRICT SWEPT  
—RANCHMEN BIG LOSERS.

Fort Worth, March 31.—One of the worst blizzards of the season is prevailing in the Pan Handle, northwest Texas. Reports from points on the Fort Worth & Denver road say that snow began falling early this morning and at 1 o'clock there were nearly four inches on the level at Quanah, with the thermometer at 25 above at the Texas line. Above there the blizzard is worse and the snowfall is accompanied by a fierce wind. The storm will have serious effect on the cattle in the Pan Handle district, with great loss to ranchmen.

DIES AT WIFE'S GRAVE.

KANSAS CITY MAN STRANGLES  
HIMSELF IN A CEMETERY.

Kansas City, March 31.—The body of Florida Irner was found hanging to a tree over his wife's grave in Elmwood cemetery today. The limb upon which he hanged himself was so low that his feet touched the ground and he held his feet up and died with his knees bent. The persons who first saw him thought he was in the attitude of prayer on his wife's grave and did not disturb him.

HAVOC AT LA CROSSE.

ICE ALONG THE LEVEE IS  
PILED UP TEN FEET HIGH.

La Crosse, Wis., March 31.—The remainder of the ice in the Mississippi went out today, doing much damage. Part of the protection along the levee was washed away, the ice washed over the banks along the levee and is now piled up ten feet high. The damage to the city will be large.

MINE IS DESTROYED.

THREE MEN KILLED IN AN EX-  
PLOSION AT GALLUP, N. M.

Gallup, N. M., March 31.—There were only three men in the Weaver mine at the time of the explosion yesterday. It was thought a number of Japanese were entombed, but this seems to have been a mistake. Three men were killed. The workings of the mine were destroyed.

BURNS HERSELF TO DEATH.

DEED OF NEW YORK WOMAN  
AFTER ROW WITH HUSBAND.

Canastota, N. Y., March 31.—After a quarrel with her husband, Mary Welch today saturated her clothes with coal oil and applied a match. When discovered she was burned almost beyond recognition and died shortly afterward.

FENIAN LEADER BURIED.

Dublin, March 31.—The funeral of James Stephens, leader of the Fenian movement of 1866, who died here last Friday, took place today, the remains being interred in Glasnevin cemetery in the presence of a great assemblage of people, including delegates from the various Nationalist organizations. Michael Davitt was among the pallbearers. There were no speeches or demonstrations.

TRIPLE CRIME AT MOBILE.

Mobile, Ala., March 31.—Detective Morris and Policeman Bressingham today attempted to arrest two negroes suspected of killing the marshal at Gulfport, Miss. One negro, named Davis, resisted and shot Morris and Bressingham, probably fatally. He, in turn, was killed, while the other negro was captured.

GOV. ALLEN SAILS FOR HOME.

San Juan, March 31.—Governor Allen sailed for New York today.

## BAD BLOOD, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. They are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin.

To have a smooth, soft skin, free from all eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for a short time, but cannot remove permanently the ugly blotches and the red, disfiguring pimples.

**Eternal vigilance is the price of a beautiful complexion** when such remedies are relied on.

Mr. H. T. Shobe, 274 Lucas Avenue, St. Louis, Mo., says: "My daughter was afflicted for years with a disfiguring eruption on her face, which resisted all treatment. She was taken to two celebrated health springs, but received no benefit. Many medicines were prescribed, but with out result, until we decided to try S. S. S. and by the time the first bottle was finished the eruption began to disappear. A dozen bottles cured her completely and left her skin perfectly smooth. She is now seventeen years old, and not a sign of the embarrassing disease has ever returned."

S. S. S. is a positive, unflinching cure for the worst forms of skin troubles. It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable.

Bad blood makes bad complexions. It purifies the blood, and invigorates the old and makes new, rich blood that nourishes the body and keeps the skin active and healthy and in proper condition to perform its part towards carrying off the impurities from the body.

If you have Eczema, Tetter, Acne, Salt Rheum, Psoriasis, or your skin is rough and pimply, send for our book on Blood and Skin Diseases and write our physicians about your case. No charge whatever for this service.

SWIFT SPECIFIC COMPANY, ATLANTA, GA.

**SSS**

Some of the enthusiastic admirers of Governor Odell of New York are seriously considering him in the light of a presidential possibility since he has shown that he has the nerve to stand up against Platt. It might be well for them to remember that the vice presidency is the place where Platt is accustomed to shelve governors who do not recognize his right to dictate their course in the executive office of the state. The man who defies Platt will have a hard road to travel to reach the presidency.

Both the Russian czar and the German emperor are having much trouble with their subjects lately. Building big navies and increasing the size of armies already so large as to make their maintenance a grievous burden does not tend to make their people more contented and loyal, apparently. The day has passed when a big balance of the kind of glory won in warfare reconciles the masses to carrying any load of taxation that may be imposed on them, and this makes the way of the autocratic ruler an extremely difficult one.

MARQUETTE, MICH., APRIL 1.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

The state tax commission is heading this way, and it behooves those who have bank accounts to begin getting them in order.

Gen. Funston's brilliant exploit in capturing Aguinaldo would have produced a much greater sensation if it were not for his previous very daring one of swimming a river under the enemy's fire and routing them after he had got across. The Kansan is accustomed the people to an expectancy of unusual deeds from him which keeps them from being much surprised at anything he may do.

Some of the enthusiastic admirers of Governor Odell of New York are seriously considering him in the light of a presidential possibility since he has shown that he has the nerve to stand up against Platt. It might be well for them to remember that the vice presidency is the place where Platt is accustomed to shelve governors who do not recognize his right to dictate their course in the executive office of the state. The man who defies Platt will have a hard road to travel to reach the presidency.

Both the Russian czar and the German emperor are having much trouble with their subjects lately. Building big navies and increasing the size of armies already so large as to make their maintenance a grievous burden does not tend to make their people more contented and loyal, apparently. The day has passed when a big balance of the kind of glory won in warfare reconciles the masses to carrying any load of taxation that may be imposed on them, and this makes the way of the autocratic ruler an extremely difficult one.

If the people of Lapeer desire another year of free shows in the council chamber they can have it by electing Billy Andrews mayor. He has a wonderful faculty for keeping up a continuous performance which interests the crowd in the gallery, but does the city little credit, when he occupies the mayor's chair. Mr. Andrews might make a good enough mayor for the sister city if he could only restrain his penchant for pitching into something or somebody at every session of the council, but that he cannot do. He was built the other way.

The people of Detroit seem to think they could manage their affairs well if they were permitted that privilege by the young man who seems to think he was elected to run things there when his father was honored by being given a third term in the United States senate. It might be well for the budding statesman who is in training for the place his father fills to bear in mind that senatorships sometimes go by favor of the people, even Michigan, and that to begin playing in the role of a party boss before one is ripened for it by experience is not a good way to win popular regard.

Taking note of the fact that the 385 National banks in the state of New York have, according to their reports to the comptroller of the currency, aggregate resources amounting to \$206,159,556, which is several millions of dollars more than they were able to show in 1900, when their resources did not quite reach \$200,000,000, the Boston Journal observes that this is a little straw that should not escape the attention of the editor of the Commoner. The conclusion of the Journal is that "if Mr. Bryan wants to make his paper pay he must quit howling calamity." But if he isn't making his paper pay isn't it quite natural for him to disbelieve in the general prosperity of the country? The trouble with a good many of those persistent pessimists is that they lack the judgment and industry essential to success, and blame on conditions the consequences of a fault in themselves.

That we are not to have a coal strike this year ought to exert a strengthening effect on business. It is said that the operators were very willing to have the men go out, as that would affect the market favorably to their interests at present. But if they are overstocked with coal there are better ways of meeting that situation than by having the mines tied up by a strike of the men which would inflict on the latter a heavy loss and create much bad blood between them and their employers. A reduction of output running through the year would correct the hurtful effect on the trade an overstock, if it exists, without seriously jeopardizing the interests of the men, and would avert the trouble that almost invariably accompanies a strike. The men have shown commendable wisdom in deciding to remain at work, if the situation in the coal districts is what it is reported to be.

## Additional Negeaunee

### LOCAL LACONICS.

Harry Lucas is around again after a very severe attack of the grip.

George Reichel starts to work for the Dalton Packing company this morning.

Alfred Dyer, night operator at the South Shore, spent Saturday in Marquette on business.

H. J. Adams, clerk at the Michigan mine, spent yesterday with his brother in this city.

Frank M. Beney returned Saturday morning from West Baden, Ind., where he had been for a week for his health.

Beck brewed by the Upper Peninsula Brewing company was on draught at the saloons which handle that company's brew Saturday. It was in great demand.

The Jewish residents of Negeaunee have decided that the time is ripe for the establishment of a synagogue in the city and on the first of the month a Rabbi from below will arrive to take charge of it.

Frank A. Bell has purchased the residence property at present occupied by Will Quinn on Main street and owned by the Cleveland-Cliffs company. The consideration is \$25,000 which is regarded as a low price, as the house is one of the best in the city. Mr. Quinn will move to the house at present occupied by Mr. Bell.

A horse attached to the delivery sleigh of A. Williamson & Co., ran away on Iron street Saturday morning and distributed a miscellaneous assortment of groceries along that thoroughfare, much to the wrath of the driver. The animal was stopped on Silver street. No damage, beyond that to the scattered parcels, was done.

The committee appointed by the associated tent of the Maccabees to look into the matter of a reunion in this city the coming June held a meeting Friday night. They report having obtained much substantial encouragement from the business men and say that money for the celebration is coming in freely. It has now been decided to hold the sports on Iron street, and no part of the celebration will be held away from the city, as was feared would be necessary.

"Breitling house Billy" has the reputation of being the best driver in the city. This reputation he gained Saturday morning, when he prevented the slipping over of his sleigh. There is much snow piled along the car tracks on Iron street and as Billy was coming down the street he saw a run away horse making for him. He started to cross the track, when his sleigh began to tip. Billy was equal to the emergency, however. He grabbed hold of the horses tail and held on like grim death, averting the catastrophe.

### MILLIONS GIVEN AWAY.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine, and has the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness, and all diseases of the throat, chest and lungs are surely cured by it. Call on the Stafford Drug Co. and get a free trial bottle. Regular size 50c and \$1. Every bottle guaranteed, or price refunded.

### BACKACHE—NO CURE NO PAY.

Your druggist will refund your money if Dr. Bell's Kidney Pills fail to cure any Kidney, Liver, Bladder or Urinary trouble or any disorders due to Weak Kidneys, such as Rheumatism, Lumbago and Bright's Disease. Dr. Bell's Kidney Pills is a new discovery and is the only Kidney remedy sold on a positive guarantee—No Cure, No Pay. Price 25 cents. For sale by the Stafford Drug Co.

### MOTHER GRAY'S SWEET POWDERS

For Children. Mother Gray, for years a nurse in the Children's Home in New York treated children successfully with a remedy, now prepared and placed in the drug stores, called Mother Gray's Sweet Powders for Children. They are harmless as milk, pleasant to take and never fail. A certain cure for feverishness, constipation, headache, teething and stomach disorders and remove worms. At all druggists, 25c. Sample sent FREE. Address Allen S. Olmsted, LeRoy, N. Y.

We Give no Rewards. An offer of this kind is the meanest of deceptions. Test the curative powers of Ely's Cream Balm for the cure of Catarrh, Hay Fever and Cold in the Head and you are sure to continue the treatment. Relief is immediate and a cure follows. It is not drying, does not produce sneezing. It soothes and heals the membrane. Price 50 cents at druggists or by mail, Ely Brothers, 56 Warren Street, New York.

## COPPER COUNTRY NEWS.

### Additional.]

#### MILL BOYS' 'STRIKE' A SURPRISE.

SELDOM THE COPPER COUNTRY HAS LABOR TROUBLES AND ESPECIALLY UNDER THE CALUMET & HECLA'S SYSTEM.

A strike is such an unusual thing in the Lake copper district, that the slight difficulty of last week at the Calumet & Hecla mills created a greater sensation than a strike of large size and long duration would excite in many mining districts. The strike was really a very small affair, between 100 and 125 workboys at the Hecla & Calumet mills threatening to walk out over a grievance relative to extra hours. The superintendent promised to take the matter up with the higher authorities, and the boys returned to work pending a settlement, which has practically been reached, the employees getting the greater part of their demands.

#### ULTIMATUM UNNECESSARY.

No time was lost at the mill because of the trouble, but the officials of the mining company are considerably put to it to present their demands in the form of an ultimatum. The company has prepared a careful plan by which any grievance of any employee or group of employees receives prompt consideration, if reported to the immediate boss, who in turn reports to the man above, and so on until the complaint reaches the highest authority necessary to approach in the matter, and all employees are guaranteed against discharge because of making complaints. The Calumet & Hecla company is decidedly parental in its dealings with employees, and many of the latter chafe against some of the little rules for their guidance, but of the good intentions of the company there can be no doubt, and the desire of the Calumet & Hecla management to aid every workman in its employ is well understood, even by those who think the men might be allowed a little more latitude in some directions.

As a whole the relations between employer and employee are singularly happy and free from friction. The Calumet & Hecla not only pays the highest wages paid by any mine east of the Rocky Mountains, but has expended fortunes in various benevolences. A fine manual training school; a modern Y. M. C. A. building; thirty churches of various denominations built on the company's lands and partly with the company's cash; a beautiful club, free to employees; a fine library, and many other like evidences of a desire to aid its men mentally, morally and financially bear witness to the intent of the company to do something more than pay to shareholders the largest annual dividends disbursed by any mine in the world.

#### 'PROFIT-SHARING' FEATURE.

A feature of the labor situation in the Lake district which has not received the attention justly due it is the system of profit-sharing which has grown up here. It is not a ready-made method, built by some theorist and put into effect by ukase, but a natural and highly practical system by which employees become interested in the success of the various operations. Wages run high enough that miners, craftsmen and not infrequently day laborers are able to save considerable sums from their earnings. Many of them own their homes, and a large number invest their surplus savings in mining stock. Because the Lake copper mines have their shares listed on the Boston stock exchange, it is easy to buy or sell these shares, a great advantage to an investor, as unlisted mining shares lack a steady market no matter how good the mine may be, the price of the stock depending upon the necessities of the seller and the desires of the buyer while the man who wishes to either buy or sell must spend time searching out the man who has the corresponding wish.

The consequence of the investments of working men of the district in the mines in which they are employed is that millions of dollars' worth of copper shares are owned by the miners, mechanics, laborers and bosses of the mines, and this betrays a serious lack of industry which is entirely lacking in the ordinary industrial establishment. The miners feel a proprietary interest in the properties where they are employed, and the bosses naturally feel and act a trifle differently toward employees who are shareholders in the mines. The investments of the miners in the mines help to obviate labor troubles.

#### COPPER GOSSIP.

The Arnold is about to resume working double shifts. Attention is being devoted almost exclusively to the old Copper Falls property at present.

The Quincy product for the month of March is announced as 1,162 tons—even more than expected. This again breaks the record.

The Boston stock exchange not only will be closed next Friday—Good Friday—but on Saturday as well. It has so been voted.

Ground has been cleared on Traverse Bay for the new mills of the Wolverine and Mohawk and excavating will be started as soon as the snow goes.

The contiguity of the Belt to the Masses and Adventure and the possession of the same lodes as found on these properties renders the Belt an attractive proposition at present.

Rights to subscribe for the new stock of the St. Mary's Canal Land company have been sold at Boston at 18c, which means 43% for the new stock and gives a value of \$274% per share to the old stock.

Captain W. A. Dunn, of the Belt, yesterday informed The Mining Journal that subscriptions for the stock would be open all this week and would likely extend into the middle of the next.

Work will be resumed on the steel gravity dam of the Atlantic and Baltic companies early in April. This dam is the first of its kind ever constructed and will cost about \$130,000 complete, and will save all pumping

costs to the mills of the two mines named.

John Stanton says electrolytic copper has been advanced to 16c cents. Lake copper is unchanged.

The showing of copper in the bottom levels of the Victoria continues exceptionally good.

"The work of developing the South Kearsarge is progressing steadily and the showing in the mine is growing better with depth, though it was by no means poor near surface. It is evident that this portion of the Osceola Consolidated property is bound to be heard from largely in the near future.

A leading Boston broker is quoted as follows: "The banks were never more kindly disposed towards copper than they are at present. My house finds no trouble in borrowing money on this class of collateral on what I consider a very fair basis. This, in my opinion, ensures the continued stability of the market for copper stocks."

The new addition to the Calumet & Hecla company's stamp mill at Lake Linden will be finished in about a week. A large force of men is now pushing the work with all possible vigor. When completed it will contain six new heads and the total number will be seventeen, making the mill the largest of its kind in the world.

Captain James Wilcox, of the Arcadian, who assumes charge of operations at the Mass today, will be assisted during the month by Captain Trezona, who recently resigned his position. The latter is known throughout copperdom as a mining man of the first order and it was with much regret that the Mass company accepted his resignation.

The boiler makers and boiler house employees working at Lake Linden for the Calumet & Hecla company—urged on by the success of the recent "strike" of the wash boys in the mills—petitioned Assistant Superintendent H. W. Calk for ten minutes' time for washing and changing before meal hours and have had their demands granted. All is now going on as smoothly as before at the works.

Results at the old one-stamp mill of the Centennial have been very satisfactory since milling from Kearsarge lode rock was begun. It is yielding much better returns than were ever secured from the rock taken out of the Osceola lode, and with a modern mill the Centennial should be able to make handsome profits from the Kearsarge amygdaloid which underlies the entire square mile of Centennial lands.

At the annual meeting of the Union Copper Land & Mining company at Boston Thursday, the directors were re-elected by the vote of 64,880 shares out of the 80,000 outstanding. The balance on hand the first of the year was reported at \$101,170. The company owns 7,000 acres of land all in the "copper belt," and it is the intention to employ a competent engineer for the purpose of surveying the various tracts, exploratory work also to be a feature of the summer's operations.

The unwatering of the old Minnesota mine is proceeding rapidly and the water is going down in the old workings at the rate of four to five feet daily. Diamond drill borings recently made from the "Calico" lode toward the old Minnesota contact vein show very rich copper, and it is altogether probable that millions of dollars worth of copper will be taken from the old Minnesota, which in the sixties was the Calumet & Hecla of the Lake copper district.

The Boston office of the Mass company has this from Captain Trezona, dated Houghton, March 23: "I wired you yesterday that both drifts, eighth level, ridge shaft, Evergreen lode, were very rich, producing mass and barrel copper. In all my twenty-five years' experience I never saw developing on any lode in Houghton or Kearsarge as much as I have looked better. The lode is also rich in stamp rock. The width of lode will be determined later." Friday, the captain wired the Boston office that a ten ton mass of native copper has been encountered in the sixth level in the Butler lode. This is the largest of the several masses found in this mine.

The mistake of starting the mill too soon will not be repeated at the Mass, and the first stamp will not be placed in commission until there is an ample rock supply to furnish the 500 tons or more of selected rock required daily by a modern steam stamp. Of the richness of the Mass there can be no question. It has rock as rich as the Quincy or Wolverine, and the only question about the mine's future is whether there is enough of this high grade rock. The developments at the mine indicate that there is sufficient rock to make the Mass a highly profitable mine under good management, and in the hands of men as experienced and capable as Messrs. Krause and Wilcox the property will be given the opportunity it has never before had, of a fair test. In the years past it has lacked sometimes the management, and nearly always the cash.

A copper mining treasurer at Boston is quoted as follows: "It looks to me as though the foreigners were determined to put up a fight against paying 17 cents for Lake copper and 16c for casting copper from America, but what are they going to do with it? They won't import from this country and their stocks on hand are decreasing. From all I gather, they are running short-handed and picking up every bit of scrap copper they can find. They are trusting that some accident will help them out, or that the American producers will yield, but the American producers seem determined in their situation and are backed by as good an American demand as has ever been known in the history of the copper trade. We think we can stand the present situation a little longer than the foreign buyer, and while they may not always pay present prices, they will yet buy copper at 17 cents and 16c for export, and buy it in quantity and buy it this year."

There was some disappointment today states the Boston News Bureau of Friday, over the fact that the Calumet & Hecla declared a dividend of only \$15 whereas recently quarterly

payments have been \$20, although the company never labels its dividends "quarterly." By reason of the delay in declaring today's dividend, there was expectation of at least \$20 and possibly more. The stock declined after the declaration. The last Calumet & Hecla dividend was declared Dec. 1 and was paid Dec. 25; today's dividend is payable April 22, a lapse of four months instead of the usual three months. With the \$15 declared today, which is the 11th dividend declared by the company, disbursements to stockholders will have aggregated \$74,350,000. Today's dividend is the fourth of the fiscal year which ends April 20. On June 28, 1900, a dividend of only \$10 was paid by reason of the fire in the No. 2 shaft; on Sept. 28, \$20 was paid; on Dec. 28, \$20 and today's dividend of \$15, payable April 22, makes only \$65 for the current fiscal year. The company paid \$80 during the year ended April 30, 1900; \$70 for the same period in 1899 and \$40 in 1898.

#### INDOOR BASEBALL NOTES.

The Lake Linden indoor baseball team defeated the Calumet Light Guards in a well played game at the Calumet Armory Saturday evening by a score of 7 to 9.

The Houghton city nine will go to Lake Linden tonight to play indoor baseball with the Lake Linden team at the opera house. The teams have met twice before in interesting games in which Lake Linden came out the winner.

A good game may be expected tomorrow night when the Houghton Light Infantry and Lake Linden indoor baseball teams play at the Houghton Armory. Both are in excellent trim. It is safe to predict that a big crowd will be in attendance, as each team is popular with admirers of the sport.

The Houghton city indoor ball club had an easy time with the Michigan College of Mines team at the Houghton Armory Saturday evening. The former aggregation won by the score of 28 to 13. The college boys were entirely outclassed, which is probably due to the fact they had not played together before.

The Houghton city indoor baseball team will likely secure another match with the Calumet Rivals if the latter agree to the very liberal terms of a challenge sent by Manager Croze of the Houghton nine to the Calumet aggregation. The last time the teams met the game ended anything but satisfactorily and it is on that account that the Houghton team is anxious to arrange a second match. At the present writing nothing has been heard by Mr. Croze as to whether the defl will be accepted. He suggested that the line-up of the two teams be the same and an umpire selected by each aggregation; that the umpire officiating behind the catcher shall have charge of all home plate decisions and all on balls and strikes; the umpire to have all decisions on first, second and third base and in the outfield; the decision of either umpire to be final and irrevocable; either umpire to be given the authority to decide the game against the team delaying the match for a period of more than one minute on account of any dispute which, in the opinion of the umpire making such decision, is trivial, unjust and unreasonable; in any event at least five full innings be played or money refunded to spectators, for which emergency checks will be provided; the winner of the game to take 6 per cent of the gate receipts and the loser 35 after expenses are deducted.

#### A TESTIMONIAL FROM OLD ENGLAND.

"I consider Chamberlain's Cough Remedy the best in the world for bronchitis," says Mr. William Savory of Warrington, England. "It has saved my wife's life, she having been a martyr to bronchitis for over six years, being most of the time confined to her bed. She is now quite well." Sold by the Stafford Drug Co.

#### Osgood, Mo., Oct. 28, 1899.

Gentlemen:—I have used Syrup Pepsin for some time and find it gives most excellent results and it is one of the greatest selling preparations I have ever carried in stock.

I do not hesitate to recommend it. Very respectfully,  
DR. T. JONES.  
Sold by the Stafford Drug Co.

Mothers! Beware of those secret robbers of your baby's quiet and health. Their shadowy, insidious and long hours of tiresome vigil are caused by those terrible enemies of childhood—worms. Destroy and remove them with WHITE'S CREAM VERMIFUGE. Price 25 cents. The Stafford Drug Co.

It's the little colds that grow into big colds; the big colds that end in consumption and death. Watch the little colds. Dr. Wood's Norway Pine Syrup.

# Copper Country Department

(Additional Copper Country on Page 2.)

## WARM FIGHT AT CALUMET.

FOUR ARE IN THE FIELD FOR JUSTICE OF THE PEACE.

Election of officers for the several townships in the county will be held today. With the exception of in two of three precincts, the voting promises to be of much interest, and a light poll may be expected.

In Calumet township a spirited fight is on for justice of the peace—an office much coveted there on account of the remuneration it brings. Four candidates—Fred Trathen, C. O. Jackola, Joseph Chynoweth and E. J. Carey—are in the field.

## PECULIAR SITUATION.

Since the death of James Little of Calumet, who was a candidate on the regular nomination ticket for overseer of highways, a peculiar situation has arisen. His name will be left on the ticket and many votes will likely be cast for him, which may result in an election. In that case, according to the statutes, the position will have to be filled by the commissioner of highways. There are three other candidates out for the office—Charles Blomquist, William Anderson and William Heights.

## PINE MINERAL EXHIBIT.

The mineral exhibit at the Pan-American exposition at Buffalo during the coming summer will be one of the best ever gathered in the country, judging from the present outlook. A letter from Irving J. Shields, assistant commissioner and superintendent of the mineral exhibit, who is now at Iron Mountain collecting specimens, states that the work thus far is a great success and mining men are doing their utmost to help him. The fact that the latter are taking such a deep interest in the matter insures an excellent exhibit. Many of the highly prized and valuable ores and rocks found in the northern peninsula of Michigan will be numbered in the collection.

## DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles—"Bosche's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but always inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Get Green's Prize Almanac. The Stafford Drug Co.

## CAPTAIN SINGER'S BOAT LINE.

ROUTES OF THE THREE VESSELS FOR THIS SEASON ANNOUNCED AT THE DULUTH OFFICE.

Captain W. H. Singer, of the White Line Transportation company, has announced the routes to be traversed by the steamers Bon Ami, Bon Voyage and Mabel Bradshaw the coming season. The company will occupy a much broader and important field in the passenger and freight business on Lake Superior than in previous seasons. Captain Singer a short time ago purchased the steamer Bon Voyage and there are now three good boats in the line.

The steamer Mabel Bradshaw will make semi-weekly trips between Duluth and Port Arthur via Isle Royale. The Bon Voyage will continue as under the former ownership, making semi-weekly trips between Duluth and Ashland and Houghton. The Bon Ami will make semi-weekly trips between Houghton and Port Arthur via Isle Royale. It is expected that this boat will touch at Eagle and Copper Harbors at stated times. It will be seen that the lines strike Isle Royale and Port Arthur from both Duluth and the copper country. This is an innovation and far more important than might be supposed before the enterprise is looked into.

The steamer Bon Ami will make connections at Houghton with the Milwaukee & St. Paul, Northwestern, Duluth, South Shore & Atlantic and Copper Range roads, all of which lines will be feeders for the boat line for passengers and freight destined for Port Arthur and other points in Ontario. The Bon Ami will afford a shortcut for freight originating on the lines described and destined for the Canadian side. At present such freight is sent via the Soo, and some goes via Duluth in the summer time.

The new route across the lake will afford a great saving in time and freight rates for a large territory. It is undecided whether the Bon Ami will touch Isle Royale at Tobin's harbor or Washington harbor. Both ends of the island, however, will be touched by some of the boats of the fleet in the triangular shaped steamboat route. The boats will be put in fine shape for the season.

The steamers Bon Voyage, Bon Ami and Mabel Bradshaw will make close connections with each other at terminal points.

If troubled by a weak digestion, loss of appetite, or constipation, try a few doses of Chamberlain's Stomach and Liver Tablets. Every box warranted. For sale by the Stafford Drug Co.

Eczema, scald head, hives, itchiness of the skin of any sort, instantly relieved, permanently cured. Doan's Ointment. At any drug store.

## MR. SHIELD: G IS I. SEEDS.

HAS 9,000 PACKAGES READY FOR DISTRIBUTION NOW.

Congressman Carlos D. Sheldon has received thirty-nine large mail sacks of seeds—garden, flower and field—for distribution throughout his district. The supply came from the department of agriculture, at Washington, and the usual allotment was sent. As soon as the weather is favorable for putting the seeds into the ground they will be sent to the various farmers in the county and others who request a supply.

The contractor in the capital city who has the work of distributing the seeds throughout the country is A. C. Nellis. He is necessarily kept very busy sending out 4,000,000 packets of garden, flower and field seeds to every state and territory in the union, and is away behind in his work.

It is thought it will be very near the first of May when the Northwest distribution is finished, and senators and members are importuning Secretary Wilson to hire all the available help in Washington to rush the distribution forward as rapidly as possible.

But packing very small packets of flower and vegetable seeds in assorted packages is not easy work, and beginners cause more trouble than their services are worth for awhile. It requires long experience to walk along the line, seize an individual packet, put it in the proper package, and see that it gets into the proper quota for passing and mailing.

Before all this is done, the seeds, which come in bulk, have to be proportionately distributed, and each senator and representative is given his allotment. System is also followed out in distributing the seeds, according to the climatic conditions, and specific attention is also given to checking up the work of each packer, paster and counter. The quota this year is 8,500 vegetable, 400 flower and sixty packages of lawn grass seeds, to each senator and member.

People who receive the little packets through the mails, with the monogram of the "department of agriculture" stamped upon them are inclined to the belief that the specimens are rare and valuable. But they are not. The seeds are ordinary, and are exactly the same kind as are kept at the corner grocery or in the miscellaneous department of the big city stores.

When the distribution first began many years ago it was specifically provided that the seeds should be rare and new specimens, but the seed business gradually got away from the real mission for which it was intended, and now the government goes out into the market at some big seed establishments, and buys onion, pea, radish, tomato and other seeds by the thousand bushel lot.

## RED HOT FROM THE GUN

Was the ball that hit G. B. Steadman of Newark, Mich., in the Civil war. It caused horrible ulcers that no treatment helped for 20 years. Then Bucklen's Arnica Salve cured him. Cures cuts, bruises, burns, boils, felons, corns, skin eruptions. Best pile cure on earth. 25c a box. Cure guaranteed. Sold by the Stafford Drug Co.

## WARNING FROM WASHINGTON.

A letter to the Laurium council from President H. C. Baker and Secretary J. T. Oldham, of the Seattle (Wash.) Building Trades' council, was recently received in which the gentlemen worry over the apparent exodus of mechanics and laborers from copperdom to Washington. The officers of the concern seem to think that most of the many men who are going to that state are from Calumet and vicinity and if the outpour keeps on the copper country will be minus its best workmen. The Laurium council was implored to look into the matter and inform the public that Washington is only a bonanza for those who have plenty of capital and that others get stranded. The fact of the matter is, however, that there is no very great exodus of men from copperdom to Washington and the places of those who do go are rapidly filled.

## EPISCOPAL CHURCH SERVICES.

This week will be a busy one at the Trinity Episcopal church, Houghton. The program, as handed to The Mining Journal by Rev. J. E. Curzon, is as follows:

Monday—Evening prayer and meditation, 4 p. m.

Tuesday—Evening prayer and meditation, 4 p. m.

Wednesday—Liturgy and sermon, 7 a. m.

Good Friday—Morning prayer and litany and sermon, 10:30 a. m.; service of the three hours agony, 12 m. to 3 p. m.; evening prayer and sermon, 7:30 p. m.

Saturday—Evening prayer, 4 p. m. Easter Day—Holy communion, 6 a. m.; holy communion, 8 a. m.; holy eucharist and sermon, 10:30 a. m.; children's service, 4 p. m.; evensong and sermon, 7:30 p. m.

On Easter Monday morning prayer will be said at 10 a. m. after which the annual parish meeting will be held for the purpose of electing a vestry for the ensuing year and of transacting any other business that may come before it.

## COPPERDOM BREVITIES.

The copper country branch office of The Mining Journal is located in Room 3, second floor of the Dea Postoffice building, Houghton. All having business with the paper are cordially invited to call. Telephone No. 376.

It's All Pool's Day. At a special meeting tonight, Houghton lodge, F. & A. M., will work in the third degree.

After a vacation of a week, sessions will resume at the Michigan College of Mines this morning.

Mrs. S. K. Baker and Miss Annie Barnard of Marquette are visiting friends in Houghton.

The engagement of Edward Siller of Houghton and Miss Gertrude Messner of the Atlantic is announced.

C. A. Wright, Jr., of Hancock will leave today for an Eastern trip. He will visit New York, Boston and other points.

Secretary W. H. Wing, of the Hancock Y. M. C. A., addressed the mem-

bers of the Trimountain Epworth league at that place last evening.

Yesterday afternoon at 4 o'clock Rev. Edwin More, of the Hancock Congregational church, spoke to the young men at the Y. M. C. A. headquarters.

Members of Mystic lodge, I. O. O. F., of Hancock, will hold a regular meeting tonight. Work will be done in the second degree and three candidates initiated.

Bolling & Goering, proprietors of the Hotel Northwestern, have disposed of their interests at Escanaba, Wm. Ross of Oconto, Wis., taking the Oliver House.

The trial of Hjalmar Pietela, on the charge of robbing a Hancock man of \$52 recently, will be held at 9 o'clock tomorrow morning in Judge Olivier's court at Hancock.

A decision in the Dorsey case, in which the defendant James Dorsey of Hancock is charged with manslaughter, will be given in Judge Olivier's court, Hancock, tomorrow. The testimony is all in.

A check for \$1,000 was received by the record keeper of Kilpi tent, Finnish Knights of the Maccabees, Hancock, Saturday for the widow of the late John Saarikoski, who was a member of the order.

Frank Childers of Houghton returned yesterday after a month's visit to his home in Kentucky. He will immediately enter upon his new duties as lookkeeper for the Michigan Supply company, with headquarters in Houghton.

Edgar Legris, who has been in Houghton with his brother, Attorney Louis N. Legris, for some time and who was employed by the Michigan Telephone company as collector for Houghton and vicinity, has returned to his home at Kankakee, Ills.

Miller's department store, Houghton, held its grand opening Saturday. The doors opened at about 9 o'clock and from that time on during the entire day crowds of people swarmed in and out of the big emporium. The various departments were very favorably spoken of by all and Mr. Miller was warmly congratulated on the showing. The grocery department was found unique in its way and was the subject of much favorable discussion. During the afternoon and evening the Portage Lake band was in attendance and rendered a number of new selections under the leadership of Director Mapes. The musicians will again be on hand this and tomorrow afternoons and evenings. Mr. Miller certainly has a fine corps of courteous clerks who are ever ready to serve the wants of the customers.

## FOR BLEEDING PILES.

All druggists are authorized by the manufacturers of Boro-Carbol Salve to refund the money where it fails to cure any case of Itching, Blind, Bleeding or Protruding Piles, 25 cts. For sale by the Stafford Drug Co.

For coughs and colds there is no medicine so effective as BALLARD'S HOREHOUND SYRUP. It is the ideal remedy. Price, 25 cents and 50 cents. The Stafford Drug Co.

## TRAVELING MEN,

# ...Attention!

We deliver daily at Calumet, Hancock and Houghton. Your bundles can be delivered at any of the towns mentioned without extra charge. We are doing the best work in the world, and "we're here for that purpose." Be sure and get the RIGHT lists, all first-class hotels have them.

## AT THE OPENING OF MILLER'S DEPARTMENT STORE

Over 5,000 People—by Actual Count—Visited the Greatest and Biggest Emporium of the Peninsula.

Owing to the popularity of Saturday's opening the event will be continued Monday and Tuesday afternoons and evenings, with the Portage Lake band in attendance.

Respectfully,

## MILLER'S DEPARTMENT STORE.

HOUGHTON, MICH.

MARSEILLES IS HARD HIT

Enormous Injury to the Port Already Caused by the Strike.

FOOD STUFFS GETTING LOW

Prices Double While Goods Are Spoiling on the Docks and Premier's Mediation Comes to Naught.

COMMERCE IS PARALYZED.

Marseilles, Monday, April 1.—At a strike meeting held last evening, attended by three thousand dockers and coal heavers, it was decided to continue the strike until the masters concede an eight-hour day.

At a later meeting the four hundred dock foremen, who had not hitherto joined the strike, decided to refuse to continue to work with improvised dock hands until the demands of the strikers are conceded. This will paralyze all dock work.

MINISTRY IS SCORED. Paris, Monday, April 1.—The opposition newspapers assert that the indisposition of M. Waldeck-Rousseau, the premier, is diplomatic, with a view of avoiding accompanying Premier Loubet to Toulon on April 16.

The theory is that the premier, owing to the proximity of Marseilles and Toulon, fears the Marseilles strikers, who are incensed at the refusal of the government to support them in the recent strike, might organize a hostile demonstration either at Toulon or some point along the route.

Meanwhile the situation has not been changed as a result of the conference between the premier and the masters yesterday (Sunday). The masters persisted in their refusal to discuss an eight-hour day, which all along has been regarded by the strikers as the crucial point in the dispute.

MANY STEAMERS TIED UP.

In spite of the increasing number of free dockers now working, quantities of perishable goods lie rotting on the docks. Twenty-one steamers are waiting discharge.

The general strike, while it lasted, and the continued suspension of most of the dockers' work have done enormous injury to the commercial industry at Marseilles. Calculations show that the industrial loss is some twenty-five million francs, while the men have lost more than two million francs in wages.

The commerce of Marseilles is for the time being at almost complete standstill. Food stuffs, which are largely imported, are now scarce. The prices of sugar, coffee, flour and other necessary articles have been doubled.

MAY QUIT TRIPLE ALLIANCE

ITALY LIKELY TO JOIN HANDS WITH FRANCE—NEGOTIATIONS NOW IN PROGRESS THAT MEAN MUCH TO EUROPE.

London, March 31.—The next disturbance in the balance of power in Europe threatens to be the withdrawal of Italy from the triple alliance.

It has been intimated recently that Austria would refuse to renew the wine clause in the existing commercial treaty, which would cancel the present enormous export of Italian wine to the dual monarchy.

If this were so, there would remain no concession to Italy except that of the free admission of oranges and lemons. France, on the other hand, has been offering strong commercial concessions to induce Italy to entertain a political rapprochement and there are many indications that the suggestion of France would be acceptable to the Italian government as well as to the people.

It is commonly urged that the pope is sufficiently influential to prevent any alliance between Italy and France, but the present situation in France discredits this assumption.

There is every indication that the law of associations bill, which aims at the suppression of religious orders in France and which is opposed by every influence the church can bring to bear, will pass and that the country will accept it without serious opposition. The pope's

Your Tongue

If it's coated, your stomach is bad, your liver is out of order. Ayer's Pills will clean your tongue, cure your dyspepsia, make your liver right. Easy to take, easy to operate.

influence, if unable to defeat this measure, could scarcely prevent a close entente between the present Italian and French governments. The transfer of Italy from an Austro-German to a Franco-Russian allegiance would be a political event of transcendent importance.

Its effect upon the Mediterranean situation would be of the greatest significance to England and the bearing of the new combination upon the naval power of the world would be more important than its military effect.

The tacit understanding now existing between Great Britain and Germany would almost inevitably develop into an avowed alliance and the balance of power would be delicately hung between Russia, France and Italy on one side and Great Britain, Germany and Austro-Hungary on the other.

It is an open secret that negotiations have been proceeding actively between Paris and Rome, but whether a definite agreement has been reached may not be known for some time to come.

FUNSTON GETS HIS REWARD.

IS APPOINTED A BRIGADIER IN THE REGULAR ARMY.

Washington, March 31.—General Frederick Funston, the intrepid volunteer officer who captured Aguinaldo, the Filipino leader, has been signally honored for his act by President McKinley, who has appointed him a brigadier general in the regular army.

The appointment was announced in a list of army appointments made public last evening, as follows: Brigadier General United States Army—Brigadier General Lloyd Wheaton, vice Miles, promoted lieutenant general.

To be brigadier general in the regular army—Colonel Jacob H. Smith, Seventeenth United States infantry, brigadier general volunteers, vice Daggett, retired; Brigadier General Frederick Funston, United States Volunteers, vice Wheaton, promoted.

The announcement of these appointments was made after a conference between the president, Secretary Root and Adjutant General Corbin, and at the same time the long expected list of appointments of majors and captains in the paymaster's, quartermaster's and commissary departments and of chaplains was made known.

PHILIPPINES COSTLY.

292,583,000 IN MONEY AND 3,028 IN LIVES THE PRICE SO FAR TO THE UNITED STATES.

Washington, March 31.—The Philippine islands, since the beginning of the insurrection, have cost the United States \$292,583,000 in money, 3,028 officers and men killed and died of wounds, and 2,120 in officers and men of disease.

Deducting \$73,000,000 from the increased expenditures on account of the army and navy because of operations in Cuba and China, leaves a net increase of expenditures under these heads on account of the Philippines, of \$173,583,000. To this amount must be added \$19,000,000 paid to Spain under the terms of the treaty and \$100,000 paid for the islands of Cagayan and Sibutu; interest on the war loan since June 30, 1899, \$82,233,000, and the cost of the various Philippine commissions and other miscellaneous expenditures estimated at \$500,000.

This brings the total cost of the islands to date up to \$292,583,000.

The total cost of the islands in the lives of American officers and men has been 3,028. Of these the army lost fifty-four officers and 836 men killed in action or died of wounds, and forty-eight officers and 2,973 men who died of disease. The navy lost two officers and sixteen men killed in action.

DEATH OF BARRY MIDGET.

13 MONTHS OLD. 20 INCHES LONG. WEIGHED 12 POUNDS.

New Haven, Conn., March 31.—Grace Gould, the daughter of Mr. and Mrs. O. S. Gould, and known as New Haven's baby midget, was buried this afternoon.

She was thirteen months and twenty days old. At the time of her birth she was nine inches long and weighed two and a half pounds. Her features were regular, and she looked like a doll.

People who saw the little mite of humanity wheeled through the streets of New Haven in a doll carriage often mistook her for a doll. Her parents and the other members of the family took great pride in Grace, especially when she easily carried off all the prizes at New Haven baby shows for being the smallest child in the city.

All these exhibitions she sat in a beautifully decorated doll carriage, and was the center of attraction to all the women in attendance, who wondered at the vitality and the charming mannerisms of the tiny child.

At the time of her death she was twenty inches long and weighed twelve pounds.

Her father is an employe of the New York & New Haven road, and is a powerfully built individual. Her mother is a robust, fine looking woman. She is survived by seven sisters.

OBITUARY.

Indianapolis, March 31.—Josephine Ellen Barry, the writer and novelist, died today, aged thirty-one.

Richmond, Va., March 31.—Major Robert S. Archer, superintendent of the Freedmen's works, which was the mainstay of the Confederate government for heavy ordnance, is dead at his home here.

New York, March 31.—Neil Gilmour, formerly superintendent of public instruction of the state and registe of the United States land office at Bismarck, N. D., died from heart disease at Ballston today.

Kansas City, March 31.—Daniel S. Twitchell, a prominent lawyer and politician of this city, died today, aged sixty-seven. He was born at Seely, Mich., was one time recorder of Ann Arbor, in 1876, and was Republican candidate for governor of Missouri.

CANNING COMBINE.

\$30,000,000 Eastern Syndicate at Work on the Pacific Coast.

AFTER PACKING PLANTS.

Has Option on Many and Bids Fair to Soon Reign Supreme in the Salmon Industry.

MR. MORGAN IN THE DEAL.

San Francisco, Monday, April 1.—The call says: "A thirty-million-dollar syndicate deal is pending in San Francisco, and with its consummation the entire packing industry on the Pacific coast will be controlled by one big corporation."

"It is learned that Eastern capitalists, including J. Pierpont Morgan, August Belmont and W. J. Seligman, have secured options on a large majority of the canning plants and the syndicate will be able to control the entire salmon industry except that controlled by the Alaska Packers' association of this city. Negotiations have also been commenced with the Alaska Packing association for options on its plants, but nothing definite has yet been done."

"Among the companies that will be absorbed should the deal go through are the Pacific American Fisheries company, of which John Cudahy of Chicago is president, and the Pacific Steam Whaling company, of which Senator Perkins is at the head."

REPRISALS AGAINST THE SOUTH.

REPUBLICANS, AROUSED BY MARYLAND'S ACTION, WILL CHAMPION THE NEGRO IN THE NEXT SESSION OF CONGRESS.

Washington, March 31.—Maryland Democrats have aroused the national Republican leaders, who are seeking to bring forward again the long-deferred issue of the disfranchising of colored voters in southern and border states.

It is likely to become one of the great political questions of the day. Leading Republican members of congress say that at its next session congress can not refuse to ignore this wholesale denial of the right of suffrage to men who are entitled to it under the federal constitution, and that a bill will be pressed for passage enforcing the 14th amendment to the constitution, which provides for reducing the representation of the states curtailing the suffrage.

It is now recognized that a mistake was made at the last session in not meeting the issue when the reprobation act was under consideration, but it is proposed to correct this error next winter, if possible.

One of the most earnest advocates of reprisal against the states which have passed disfranchisement acts is Senator Charles Dick of Ohio, who is very close to President McKinley and Senator Hanna. In discussing the matter, Mr. Dick said:

"The Republicans cannot fail to take cognizance of the political thefts which have taken place in North Carolina, South Carolina, Louisiana, Mississippi, and recently in the state of Maryland. Unless drastic action is taken as soon as possible we may expect West Virginia, Kentucky and almost every other southern or border state to follow in the same track."

Little was doing in the wheat market, most of the traders being attracted to the corn and oats pit. The close was a shade lower than Friday.

The leading futures ranged:

Table with columns: May Wheat, Highest, Lowest, Closing. Values range from 76 3/4 to 77 1/4.

BOSTON COPPER QUOTATIONS.

The copper stocks dealt in on the Boston exchange were as follows Saturday, as reported by Paine, Webber & Co.:

passage of the suffrage bill in Maryland I have found a growing sense of outrage among Republicans, and a determination to correct the evil as soon as possible. "I believe the first step to this end will be the reintroduction of a resolution similar to that introduced by Representative Whitcomb of Pennsylvania, providing for an investigation of the disfranchisement of voters in the southern states. When that investigation has been made there will be an earnest effort to secure the passage of remedial legislation."

It is understood that between now and next December efforts will be made to induce President McKinley to withdraw opposition to legislation of the kind proposed.

TOUGH ON BUCKET SHOPS.

NEW REVENUE LAW IN EFFECT TODAY MAY DRIVE THEM OUT OF THE BUSINESS.

Chicago, March 31.—On Monday boards of trade and bucket shops will meet in what is said to be the death struggle of the irregular traders, and while some traders characterize as only another unsuccessful campaign to drive them out of business. In this battle the boards will be acting through the United States statute. This law goes into effect Monday, compels the revelation by the bucket shops of the names of their customers, and while making them characterize as former tax makes them get out a \$50 license.

On the license the battle will be fought. The local board claims that if it is taken out it is an admission that the bucket shops are breaking the state law, and that then conviction will be easy. The bucket shop men see the danger and will refuse to pay the license. Representatives of prominent bucket shops said that they will willingly pay the revenue tax, as they have done in the past, but on the license proposition they will fight.

In New York it is thought that the law will drive the bucket shops out of business.

FLURRY IN OATS AND CORN.

YOUNG MR. PHILLIPS DABBLES IN THE COARSE GRAIN PITS AND SQUEEZES THE SHORTS.

Chicago, March 31.—George H. Phillips was the star performer on the board of trade again Saturday. Satisfied for the present with his efforts to bull the price of corn the young speculator turned his attention to the oats market and soon had shorts in the less important coarse grain on the run to cover.

May oats were selling at 25 1/2 cents when young Phillips appeared in the market and started to buy them in a reckless manner at that figure. A large crowd of traders was soon attracted to the oats pit by Phillips' presence in the market and as prices started upward on his purchases the trade became excited. Shorts big and little grew frightened and made a rush to cover. This buying accelerated the upward tendency and before long May oats were selling at 26 1/2 cents, or nearly 1 cent a bushel higher than they closed Friday.

Heavy profit-taking by longs caused a fractional reaction from the top and the closing price was 26 1/2 cents. Large export sales during the week, unfavorable weather for spring seeding and the fact that oats are selling relatively much cheaper than corn were given as the causes for the advance.

CORN AND WHEAT.

The bull movement in corn also continued in force yesterday despite the fact that Phillips and other long holders were heavy sellers on the advance to secure profits. May corn sold to 4 1/2 cents, the highest price it has touched so far this season.

The aggregate business was greater than any previous day of the week. Higher prices at Liverpool and weather of the sort calculated to practically cut off the movement from country cribs, were factors which gave rise to the demand. May sold between 4 1/2 and 4 3/4 cents, and close at 4 1/2 cents, 5/8 of a cent higher than Friday.

Little was doing in the wheat market, most of the traders being attracted to the corn and oats pit. The close was a shade lower than Friday.

The leading futures ranged:

Table with columns: May Wheat, Highest, Lowest, Closing. Values range from 76 3/4 to 77 1/4.

TODAY'S WEATHER.

Washington, March 31.—The following is the weather bureau's forecast for Upper Michigan: Fair Monday, fresh winds, becoming southerly; Tuesday, probably fair.

THE BEST BLOOD PURIFIER.

The blood is constantly being purified by the lungs, liver and kidneys. Keep these organs in a healthy condition and the bowels regular and you will have no need of a blood purifier.

For this purpose there is nothing equal to Chamberlain's Stomach and Liver Tablets, one dose of which will do you more good than a dollar bottle of the best blood purifier. Price, 25 cents. Samples free at Stafford Drug Co.'s drug store.

A KANSAS MINISTER.

Rev. L. S. Coulton, of Circleville, Kan., says: "Dr. Warner's Four White Wines of Tar Syrup has been in my family and found to be all and even more than you claim for it. It is a speedy cure for all throat and lung diseases." The Stafford Drug Co.

"WE DON'T WANT MONEY BAD." We want it good and we will give you as much as is in every bottle of Dr. Caldwell's Syrup Pepsin, no matter be it 10c, 50c or \$1.00, as we guarantee it for Constipation, Indigestion, Sick Headache and Stomach Trouble. Stafford Drug Co.

however, predominating. Paine, Webber & Co. report closing quotations as follows: Am Zinc. 133 U. S. Oil. 15 1/2 @ 16 U. S. Steel. 46 1/2 Cent. Oil. 12 1/2 @ 12 1/2 Pfd. 95 1/2 Bisc. VENEZUELA DISPUTE ACUTE.

MINISTER LOOMIS CALLED HOME FOR CONSULTATION.

Washington, March 31.—The state department has recalled Minister Frank Loomis from Caracas to Washington for the purpose of consultation. The issues between the government of the United States and the government of Venezuela have become more acute lately and it is desired that the department may be able to acquaint itself thoroughly with the situation in Venezuela through more direct means than the scanty cable communications that are being exchanged. So far as it can be learned the last protest of our government to the Venezuelan government respecting the treatment of Consul Baizhas has not met with a satisfactory response, and the asphalt controversy is still open.

It is not believed that official complaint has been lodged against Mr. Loomis save in the brief of one of the attorneys in the asphalt controversy; but however that may be, the minister has the full approval of the government for everything he had done, according to the present information, and there is no reason to believe that he will not return to Venezuela from his conference with the secretary of state.

TO FIGHT IN THE KLONDIKE.

SHARKEY GETS OFFER TO MEET SLAVIN AT DAWSON FOR \$10,000.

New York, March 31.—Dawson, Y. T., March 20, via Seattle, Wash., March 30.—Ten thousand pure for Sharkey Slavin, Dawson, July 4. Will Sharkey accept? (Signed) O'Brien, Jackson and McDonald. That was the telegram received here yesterday.

Tom Sharkey, seen at his saloon on Fourteenth street, said: "I will accept the offer. I am ready to start for the Klondike at once, provided the promoters send me \$1,000 for my traveling and training expenses. This I understand, they are perfectly willing to do. I also wish them to post a forfeit of \$5,000 as a guarantee of good faith. I am now in first-class condition, and will go into hard training as soon as I reach Dawson."

Frank Slavin is in Dawson, and latest reports say he is in the best condition and the idol of the Yukon. The battle, presumably, will be satisfactorily arranged.

CHICAGO POST IS SOLD.

TO BE RADICAL CHANGE IN APPEARANCE OF THE PAPER.

Chicago, March 31.—The Chicago Evening Post has been sold by H. H. Kohlsaat to a company headed by J. C. Shaffer, of Evanston, who will be president and publisher of the paper. Samuel T. Glover, for several years managing editor of the paper, will be its editor.

The publication, which will be known hereafter as the Chicago Post, will appear Monday in an entirely different form. The pages will be reduced one-half from the present size, but increased in number from eight to sixteen.

The Chicago Post, it is announced, will make a feature of financial news, but will "present all the news of value to its readers, and will continue to take especial interest in the literary, educational, reformatory and social life of Chicago." The paper will be strongly Republican in politics.

WORKING DAY AND NIGHT.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. Every pill is a sugar-coated globe of health, that changes weakness into strength, listlessness into energy, brain-fog into mental power.

The wonderful relief in building up the health. Only 25c per box. Sold by the Stafford Drug Co.

TODAY'S WEATHER.

Washington, March 31.—The following is the weather bureau's forecast for Upper Michigan: Fair Monday, fresh winds, becoming southerly; Tuesday, probably fair.

THE BEST BLOOD PURIFIER.

The blood is constantly being purified by the lungs, liver and kidneys. Keep these organs in a healthy condition and the bowels regular and you will have no need of a blood purifier.

SOAP DIGNITY.

IT IS easy to find a pure soap; it is easy to find a cheap one. The problem is to find both combined; a soap that is pure yet inexpensive. Ivory Soap is the best solution of that problem. It is an original product, evolved after years of experiment and research. It is the most of pure soap for the least money. It stands approved to-day by a second generation of Ivory Soap users.

REPUBLIC.

AIR CYLINDER BUSTED.

A HIGH PRESSURE AIR CYLINDER OF THE NEW COMPRESSOR BURST WEDNESDAY, INJURING ALFONSO MARKS.

Alfonso Marks, a well known young man of this place, was the victim of a very peculiar accident at the new air compressor house of the Republic Iron company Wednesday morning.

He came out at the usual hour expecting to take his place underground. Learning that the mine was on fire and that there would be no work, he and two others strolled into the compressor house to size up the new plant. The engineer had just started the engine and it had made but a few turns when one of the high pressure cylinders burst, sending pieces about the room.

One chunk about 40 by 40 inches in size struck the ceiling and came down alongside Marks as he lay prostrate on the floor.

It all happened so quickly that none of the men in the place at the time could say positively that the piece of iron did not strike him. It would seem, however, that he was thrown violently against the wall near by, his head striking a piece of timber which projected about four inches from the wall. There was blood on the wall at that point so it is assumed that the unfortunate man's skull was fractured as a result of the blow he received.

The two men with Marks escaped without injury. They consider themselves mighty lucky, as they were in a dangerous place when the flying pieces of iron were hurtling through the room. Had the chunk hit Marks on the head he would have been killed instantly.

The physicians attending Marks were unable to say positively that he would recover, though there seemed some doubt as to this. He was in a very bad way, remaining unconscious the greater part of the time.

Marks is about twenty-four years of age and unmarried. He has lived here for some time and is quite well known.

THE NEW SCHOOL.

REPUBLIC TOWNSHIP SCHOOL BOARD FAVORS THE ERECTION OF A NEW BUILDING.

Owing to the fact that the question of heat and ventilation for the proposed new school building had not been thoroughly looked into, no definite action was taken by the school board at the meeting, but the sense of the meeting was that the building should be erected this year if possible.

Almost all the heaviest taxpayers of the township have, both at and since the meeting of the board, expressed their belief in the imperative necessity of the building and additional teachers. They have not been the least backward in expressing their willingness to assume the burden of taxation necessary to secure the desired improvement.

Under these circumstances there is little doubt that the proper assessment will be made today at the meeting to be held for that purpose, and that before many weeks actual work on the new school will be commenced.

No benefit has been derived this year from the extra assessment levied a year ago because the desired improvement was not made, but a slightly heavier tax the building may be erected this year. If that is done the children will be getting the benefit while it is being paid for.

In order to get the feeling of the principal taxpayers of the township upon the question of erecting a new building in time for the opening of the schools in September, Superintendent Walker called on a number during the week. He had a petition setting forth the necessity of the additional building, etc., and not one refused to sign it. This gave the superintendent much encouragement and it now looks certain that the school will be provided for by Rocky Mountain Falls are due to the fact that it never fails to cure them that use it this month. The Stafford Drug Co.

THE BEST BLOOD PURIFIER.

The blood is constantly being purified by the lungs, liver and kidneys. Keep these organs in a healthy condition and the bowels regular and you will have no need of a blood purifier.

### NOTICE OF DISSOLUTION OF PARTNERSHIP.

Notice is hereby given that the limited partnership heretofore existing by and between the undersigned, and entered into on the first day of November, A. D. 1898, for the purpose of retailing dry goods, millinery, carpets, rugs, upholstery and kindred lines of merchandise, in the City of Marquette, Marquette county, Michigan, which said limited partnership was formed under the provisions of Chapter 159 of the Compiled Laws of the State of Michigan in 1897, and Acts Amendmentary and Supplementary thereto, and was to continue from October 1st, 1898, to Oct. 1st, 1904, has this day by mutual consent been dissolved.

A. T. Van Alstyne will continue the business and will collect all the accounts and pay all the liabilities of the firm.

Signed, **ALBERT T. VAN ALSTYNE,**  
**MARY H. LONGYEAR.**

Dated at Marquette, Mich., this 25th day of March, A. D. 1901. (4-1-17)

#### ELKS ELECT OFFICERS.

The following is from Thursday morning's issue of the Soo Record: "James L. Lipsett announced Wednesday evening that he had formed a partnership with James Sinclair, of Marquette, for conducting a general contracting and building business. Mr. Sinclair arrived in the city yesterday. He is an experienced builder, having particularly high rank as an expert in brick and stone construction. In this connection Mr. Sinclair was official inspector for the state when the Newberry asylum and the Marquette prison were built. He also inspected the construction of the recently built Houghton school. The style of the new firm is Lipsett & Sinclair."

#### BRAVE MEN FALL.

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there is no good to feel like that. Listen to J. W. Gardner, Ida-ville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents, at the Stafford Drug Co. Every bottle guaranteed.

Take orders and deliver any magazine or paper. Spencer's, Nester block. (3-29-24)

Sampson—I believe women should be treated same as men. How is that? Why, give them Rocky Mountain Tea, the greatest spring blessing women have. 35c. The Stafford Drug Co.

#### A NEW FIRM.

## THE DIFFERENCE

Between ready-made and ready-to-wear is very marked.

The first is made ready to be worn, regardless of either style or fit; the second is ready-to-be-fitted properly, to the taste as well as to the form of the wearer, and that's STEIN-BLOCH CLOTHES.

The man who does not know Stein-Bloch clothes does not know how perfectly and fashionably he can dress for a small price, for he can buy

Suits, \$15.00 to \$25.00  
Top Coats, 15.00 to 25.00

And your money back for the asking.

ELDRIDGE & MILLER,  
(1-3-21m-17) Marquette, Mich.

\$50 FOR A BOTTLE OF MEDICINE  
This is to certify that my wife was for years afflicted with asthma, and was so far gone that several physicians decided that her case must terminate in consumption. I was induced to try a bottle of Dr. Warner's White Wine of Tar Syrup. To our great satisfaction it gave almost immediate relief, and two bottles completely cured her. She is now well and healthy, but I would not be without the medicine if it cost fifty dollars a bottle.

KEEP THE WATER PURE.

Pure water for domestic use is essential to good health in the family. The "Modern" water filter, sold by John Balme, is the best device on the market for taking germs and filth out of water taken from the city mains. It is cheap, effective, and never gets out of order. Order one and a trial will convince you that it is a necessity, also that the water taken from the city mains needs to be filtered before being used.

Many people suffer untold tortures from piles, because of the popular impression that they can not be cured. TABLER'S BUCKEYE PILE OINTMENT will cure them. It has met with absolute success. Price, 50 cts. in bottles, tubes 75c. The Stafford Drug Co.

DON'T BE FUNNY.

It does not pay... If you have a good thing, tell it right out. Don't use false means to attract attention. We say "right out" and mean it, too. That Dr. Caldwell's Syrup Pepsin will cure every case of Stomach Trouble. It will stop any pain caused by indigestion; it knocks Sick Headache by attacking the cause of the complaint and aids you to digest your food, no matter what you eat. Stafford Drug Co.

## IshpeMING and Vicinity.

(Additional IshpeMING on Page Seven.)

### JOHNSTON WILL BE THE MAN.

PRACTICALLY NO DOUBT OF THE OUTCOME OF TODAY'S BALLOTING AND EVERYTHING POINTS TO A VICTORY FOR THE CITIZENS' TICKET.

The question which will be settled at the polls today is a most important one to every citizen of IshpeMING, and there is every indication that it will be settled in the right way. Johnston will be the next mayor of IshpeMING or the signs are woefully misleading. There are some doubtful wards, but they are more than offset by those districts which the Citizens' will carry strongly and no one will be surprised to hear of a majority of 300 for Mr. Johnston.

The leaders of the party figure out the result in the following manner: The First ward will give the Citizens' ticket about twenty-five majority; the Second (Mr. Johnston's home ward) from one hundred to one hundred and fifty; the Third, the largest ward in the city, is put down as good for a Citizens' majority of fifty.

The Fourth may be classed in the doubtful column, as there is very little difference between Martin and Christiansen for alderman. The chances are slightly in Martin's favor. The Fifth is also a doubtful ward, but there the chances are in favor of Swanson and Hodgson, despite the fact that Johnson, the present supervisor, is a candidate for reelection. The Sixth went Labor by a very small margin last year and there is an exceedingly good chance for the election of Chas. H. Burt, the Labor nominee for supervisor, who is now a member of the board. Good judges think Johnston will get a small majority in the ward, even if the Labor men carry it for their ward candidates. The Seventh is a sure thing for the Citizens' ticket. This ward has always stood for that party and there is every indication that there will be no change today.

The Eighth is Mr. Andrews' home ward and he should carry it. There is a good chance for Johnston there. The Ninth has in the past few days been ranked among the doubtful wards, but those who understand the conditions there will readily see that the Labor party has absolutely no chance of carrying it. It should give the Citizens' ticket seventy-five majority. The Tenth last year went for the Labor ticket, but will, it is expected, switch over into the Citizens' column this spring by a small majority. Summing the whole situation up and considering everything, the Labor people may carry four out of the ten wards, but even then they would fall many votes short of a majority in the city large. In the Second Johnston is sure of a large majority, as also in the Seventh, Ninth and Tenth.

It was stated last night that T. F. Donahue would run for justice of the peace on slips. If Mr. Donahue does this he will doubtless poll many votes but it is not anticipated that he will seriously interfere with the chances of William Peters, the Citizens' candidate.

### ENTHUSIASTIC MEETING.

SCANDINAVIAN VOTERS MET YESTERDAY AFTERNOON AND DISCUSSED LOCAL POLITICS.

Almost as many of the Scandinavian voters of the city as could crowd into the Swedish Home society's hall on Cleveland avenue assembled there yesterday afternoon to listen to talks on municipal questions. The attendance was a great deal larger than was expected and it was evident from the enthusiasm manifested that the Scandinavian voters will be out in force today. The meeting was held in the interest of the Citizens' party candidates and some rousing talks were given.

The assemblage was addressed by several prominent Scandinavian citizens, among these being Mayor Braastad, Andrew Sandberg, William Malmberg, Charles Sundblad and Emanuel Skoglund. The latter presided over the meeting. The talks were interspersed with musical numbers. All pledged their support to the entire Citizens' ticket, from mayor down. The administration of Mayor Braastad was cogently and plans for putting up a lively fight today were discussed. The financial question, which has been the principal issue of the campaign, was reviewed and all were satisfied that the city's funds were not extravagantly spent, as charged by the Labor party leaders. Those who were instrumental in having the hold were greatly gratified with the attendance and the spirit manifested. There can be no reasonable doubt, after this demonstration, of the purpose of the Scandinavian voters of IshpeMING in today's election.

### CAUGHT A DREADFUL COLD.

Marion Kooke, manager for T. M. Thompson, a large importer of fine millinery at 155 Milwaukee Avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time, which seemed to heal her so quickly that I bought some for myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits." For sale by the Stafford Drug Co.

The ladies should inspect our new line of silk skirts. The stock is large and embraces pretty patterns. F. Braastad & Co. (2-11-1f)

LOST—A small black comb, with settings of emeralds and garnets, between Division street school and Davis street. A reward will be paid for its return to The Peninsula Record office.

### A ROUSING PARTY.

CITIZENS' MEETING HELD SATURDAY EVENING WAS A BIG SUCCESS FROM EVERY STANDPOINT.

There were music and speeches galore in the opera house Saturday evening. The occasion was the rally held under the auspices of the Citizens' committee. The list of speakers was not a large one, but its size was more than made up for by the quality of the speaking. M. M. Duncan was chairman of the meeting and Andrew J. Yungbluth secretary. The other gentlemen who had seats on the platform were W. T. Potter, J. C. Wood, William Malmberg and H. O. Young. The City band was in attendance and also the Aeolus sextette, both organizations rendering some very fine music.

W. T. Potter, who was the first speaker, touched upon the condition of the city during the past year compared with what it was in previous years, when the administration was in the hands of the Labor party. Mr. Potter spoke for twenty-five minutes and his address was very closely followed throughout. He was followed by William Malmberg, who also spoke at some length on the issue brought into the campaign. Mr. Malmberg was quite jocular in spots and the crowd had considerable fun with him, insisting upon a song.

H. O. Young talked on the financial statement of the city, as reported last week by that committee of the council. The whole campaign hinges on this statement and upon the proper understanding of the document by the mass of voters. Mr. Young explained the different points in such a manner that the thickest head could understand and his arguments went home to his hearers. He made sport of the financial comments which appeared in Saturday's issue of "that great family journal," "The Peninsula Record," to quote Mr. Young, and also of the well-known propensities of Joe Scoble to mix things up. In opening his remarks Mr. Young congratulated everyone on the prospective success of the Citizens' ticket, saying that the fight was practically won that evening. He spoke at some length and made many strong points.

### DOING A BIG BUSINESS.

The firm of C. H. Moss & Co has started out well in the banking business in this city and the surrounding towns. The firm is doing a general banking business, in connection with the insurance writing which Hall & Moss have been doing, for some weeks past but it was not until this week that everything was in readiness for their customers. The last article of incorporation was filed and was immediately placed in position. This is the cashier's cage.

The firm have spared no pains or expense to make theirs the finest banking rooms in this section and an inspection will convince all that this end has been accomplished. The counter, which extends across the office is constructed of birch of the finest quality, is finished to represent mahogany. The desks of Mr. Moss and Mr. Telefsen are of the same wood and finish. These, with the chairs and office furniture are most elegant, though of the simplest pattern. The cage is constructed of wrought iron and is not the least finished piece of the fixtures. The front side is of bronze with clouded glass as paneling and the whole is strong as strong can be.

A well "phone in the usual closet is placed at the disposal of patrons. A number of the Boston papers are kept on file within easy access of the firm's customers and reports from the principal stock exchanges of the country are also at hand. The hourly service of the Western Union Telegraph company from the copper center, Boston, is not missing and all these conveniences place the office in the first rank of well appointed institutions of this description. Yesterday the silver signs bearing the legend "C. H. Moss & Co., Bankers," and "Hall & Moss, Insurance," were placed in position and the office may now be said to be ready for the inspection of all who are interested.

A CLEAR BRAIN and healthy body are essential for success. Business men, teachers, students, housewives, and other workers say Hood's Sarsaparilla gives them appetite and strength, and makes their work seem easy. It overcomes that tired feeling.

The new lines of silk skirts, millinery, dress goods, etc., just in at Braastad's are attractive. (2-11-1f)

TO EARN MORE, LEARN MORE. A course in the International Correspondence schools will fit you for a better position. Local office room 13, Jenks block. (3-30-1f)

TO THE PUBLIC. I wish to advise the people of IshpeMING, and particularly the business men, that my wife has left my bed and board and that I will not be responsible in any way for any bills which she may contract in my name.

JOSEPH M. FORVILLY, IshpeMING, March 27, 1901. (3-28-1w)

THE INTERNATIONAL Correspondence schools of Scranton, Pa., have 272,000 students and graduates. Twenty different courses are taught by mail. Over 500 students in Marquette county. Local office, room 13 Jenks block. (3-30-1f)

Opposite Nelson House, IshpeMING, Mich.

MISS EVA B. DAVIS.

## To the Voters of IshpeMING

It having been charged that the present city administration squandered the funds of the city treasury, the following figures, taken from the annual report of the Finance Committee and which can be verified by the city recorder, will prove the falsity of the accusation:

Cash On Hand March 18, 1900.....	\$65,166 62
Cash On Hand March 18, 1901.....	30,530 57
Decrease in Cash During Last Year....	\$34,635 05

This decrease is accounted for, first, by the fact that \$9,000 less taxes were drawn from the people in 1900 than in 1899 and that certain extraordinary expenses had to be met in 1900 which were not provided for in 1899, as the following table will show:

	1899.	1900.
New Streets Built.....	None	\$16,113 15
Bonds Paid.....	None	10,000 00
Int. Accrued in '98 Not Paid in '99.....	None	3,300 00
Vaccination Bills.....	None	2,419 40
Difference in Tax Levy.....	None	9,000 00
		\$40,832 55

This more than accounts for all the decrease in cash. We believe it better policy to decrease taxes as has been done and spend money already raised in reduction of debts and necessary improvements than to pile it up in the treasury for the benefit of the banks.

In 1898 it cost \$1.57 to make one lineal foot of new street.  
 In 1899 no new streets were made.  
 In 1900 it cost \$1.61 to make one lineal foot of new street.  
 In 1898-9 wages on streets were from \$1 30 to \$1.60 per day.  
 In 1900 wages on streets were \$1.75 per day.  
 In 1900 8,797 feet new street was built and the road from the Salisbury to the Winthrop was put in shape, as was also road to Saginaw, and \$3,300 was paid for Crushing and Screening plant. The crushing plant paid for itself in three months.

Water taxes were reduced 50%, reducing revenues but helping water takers.

WILL BALLOT TODAY.

CITIZENS TO CHOOSE MUNICIPAL OFFICERS FOR THE ENSUING YEAR—FORECAST OF THE RESULT.

The two local political parties will line up at the polls today and decide which faction shall administer the affairs of the city for the coming year.

Everyone realized a week ago that the excitement would all be in conventions, but no one anticipated the stir Friday morning over the Second ward supervisor nomination on the Taxpayer's ticket.

Good judges concede the election of the Taxpayer's ticket so far as the treasurer, justice of the peace and school inspector is concerned and they also concede to the Labor party the election of Thomas H. Roberts, in the First, for supervisor.

Mr. Roberts, aside from this the Taxpayer's expect to sweep the city, although there is some little doubt in the Fifth. Connors carried this ward by a large majority last year when he was running for alderman and there is every reason to believe that he will not all down there today.

The following is a corrected list of candidates of both parties as they appear on the official ballot:

TAXPAYER'S. Mayor—Thomas Connors. Recorder—William Mitchell. Treasurer—Maurice Kelley. School Inspector—Barney McNally. Justice of the Peace—Theophile Roy. Constables—B. K. Webber, Patrick Scanlon, John Westermeyer and Charles Larson.

LABOR. Mayor—support Connors. Recorder—support Mitchell. Treasurer—John M. Johnson. School Inspector—William Haupt. Justice of the Peace—Peter Auno.

NEW BRIDGE OVER THE CARR RIVER IS PRACTICALLY COMPLETED AND IT WILL BE READY FOR TRAFFIC THIS EVENING.

THE LADIES OF NEGAUNEE AND VICINITY are invited to attend my Easter millinery opening to take place on Tuesday, Wednesday and Thursday, April 2, 3 and 4.

MISS O. WEBB. TO BE OPEN TODAY.

NEW BRIDGE OVER THE CARR RIVER IS PRACTICALLY COMPLETED AND IT WILL BE READY FOR TRAFFIC THIS EVENING.

MINING INVESTMENT. There is no better investment for people of small or large means than the shares of the Union Consolidated Mining Co., which are now being offered at one cent a share, full paid, non-assessable, and without personal liability.

AN ACCOMMODATION. Eyes are accommodating. They'll see, perhaps, through a pair of glasses picked from a basket.

OUR CARPET SALE IS A BIG SUCCESS. We are saving patrons money on every purchase. F. Braastad & Co.

are filled with concrete and they support the bridge structure. The new span is about two feet higher in grade than the old. It is handsome in appearance. The temporary bridge will be torn down immediately.

Additional Ishpeming

GOVERNOR SIGNS IT.

Representative Charles J. Byrns came up from Lansing Saturday afternoon, and in an interview told the reporter of the passage through the senate of the bill carrying the city charter amendments.

Mr. Byrns has introduced a bill which provides for an eight-hour working day throughout the state. The bill comes before the house next Wednesday for the third reading, it having been reported favorably by the committee.

Mr. Byrns has great hopes that it will become a law.

ISHPEMING IN BRIEF.

L. Clark Marquette was a business visitor in the city Saturday.

A. W. Myers left last evening on a business trip to Milwaukee.

R. M. Sellwood of Duluth is visiting friends in the city for a few days.

A daughter was born to Mr. and Mrs. Gustaf Ekols of Barn Street Saturday.

F. M. Sackrider of Houghton spent yesterday with his family in this city.

Harry W. Dana of West Division street is passing the cigars. It is a son.

J. M. Hayden returned yesterday morning from a business trip to Chicago.

Misses Mary and Nellie Donahue spent last Friday with friends at Amasa.

J. L. Bradford of L. W. Atkins & Co. leaves this week for the east on a purchasing trip.

Prosecuting Attorney John Corning of Chippewa county was an Ishpeming visitor Saturday.

Eman Swanson is repairing his building on Main street, which will be occupied by Sam Apostle this week.

Mr. and Mrs. R. D. Ewing of Escanaba are spending a few days with Mr. and Mrs. John Paynter of First street.

The home of Mr. and Mrs. John Sullivan on East North street was made happy by the birth of a son Saturday.

Mr. and Mrs. M. M. Duncan and Dr. and Mrs. Joseph Vandeventer left for Hot Springs, N. C., last evening.

Miss Edith Broad, who is at present teaching in Amasa, is spending her Easter recess with Mr. and Mrs. John Paynter.

The ladies of the Grace Episcopal church are planning for a rummage sale to be held in the near future, presumably in May.

Lud Sunday, formerly motorman on the street railway, has accepted a position with the South Shore as brakeman in the passenger service.

The finder of a small black comb, a description of which can be found in this issue, will be rewarded by leaving the same at the Record office.

Miss Minnie Sullivan, who has recently opened a millinery store on Main street, is preparing for her Easter opening, which will be held this week.

Mrs. M. D. Hughes left last evening for DePere, Milwaukee and Chicago. Mrs. Hughes will remain away some time visiting friends in the three cities.

One from the Salisbury, Lake and Cliff's mines of the Cleveland Cliffs company is being shipped to the furnace of the Antrim iron company at Mancelona daily.

Eliza, a daughter of Mr. and Mrs. John Trebilcock, aged four years, who died Friday morning, was buried from the National church yesterday afternoon at two o'clock.

Charles Coveau will meet all comers in Cornish wrestling within the next thirty days at a weight of one hundred and eighty pounds. The match must be pulled off in this city and the purse may run from \$50 to \$150. The match will be two falls out of three bouts.

E. M. Lemay will move her stock of goods from the present location in the Simons block, Main street, to the store occupied at present by Sam Apostle. The Greek candy man, Thomas Simons will immediately take possession and the work of remodeling the store be started.

A. W. Myers sold his residence property at the corner of Euclid and First streets to A. B. Miner Saturday. It is understood that the consideration was in the neighborhood of \$4,000. Mr. and Mrs. Myers leave May 1 for Milwaukee, where they will reside in the future.

F. P. Tillson has something to say in today's issue about his new assortment of wall paper. He bought an unusually large line this spring and his stock embraces all the very latest designs. He proposes selling at lower prices than ever and is anxious for all who need paper to call and see him. A few choice lots of last year's stock will be sold cheap.

Our carpet sale is a big success. We are saving patrons money on every purchase. F. Braastad & Co.

Ladies' and Misses' Shoes

All genuine "Julia Marlowe" Shoes and Oxfords have the elastic instep which insures a true fit. Let us fit a pair for you. The styles are new.

FOR SALE ONLY AT JOHN SHEA'S, NEGAUNEE MICH.

SCHOOL BONDS FOR SALE.

ISHPEMING SCHOOL DISTRICT NUMBER ONE.

The Board of Trustees of Ishpeming School District Number One of the City of Ishpeming, County of Marquette and State of Michigan, will receive at the office of the Director, at the Peninsula Bank, Ishpeming, Michigan, until twelve o'clock noon of April 1, 1901, sealed proposals for forty-five thousand (\$45,000) dollars four percent semi-annual coupon bonds of said district, dated April 1, 1901, and due in installments of nine thousand (\$9,000) dollars each, on the first day of March in the years 1912-1913-1914-1915-1916.

Said bonds will be issued pursuant to an act of the Legislature of the State of Michigan, approved January 22nd, 1901, entitled "An act to authorize the Board of Trustees of School District Number One of the City of Ishpeming to borrow money for the funding of floating indebtedness incurred on account of necessary construction of School buildings and for extraordinary expenses and to issue bonds therefor," which act authorizes the issue of \$45,000 of bonds on a vote therefor by the Trustees of said District.

Said bonds will be issued in denominations of one thousand (\$1,000) dollars each, and were authorized pursuant to the terms of said act by the Board of Trustees of said School District at an adjourned regular meeting thereof, held on March 18, 1901.

The total bonded indebtedness of said School District at this date is \$20,000. The above bond issue will pay all floating debt. The total indebtedness of the City of Ishpeming at this date is \$114,500.

The valuation of property in the City of Ishpeming for purposes of assessment in the year 1900 was \$5,500,000.

The valuation of school property belonging to said School District, buildings and grounds, without furniture or fixtures, is \$175,000.

No bond issue of said city or said School District has ever been contested. No indebtedness of said city or said School District has ever been in default.

The population of the City of Ishpeming by last census is 13,000. The School District comprises the City of Ishpeming. A certified check for \$50 should accompany each bid.

The Board reserves the right to reject any and all bids. Dated Ishpeming, Mich., March 20, 1901. For the Board, GEORGE HAYDEN, Chairman Finance Committee.

QUIET CAMPAIGN ENDED.

Mangum Men Express Their Entire Confidence in the Result of Today's Election.

THEY HAVE BEEN MORE ACTIVE THAN SUPPORTERS OF PEOPLE'S TICKET.

Contests Between Seigel and Gell in the Sixth and Wagner and Frei in the Fourth Are Attracting Considerable Attention and Will Be Close.

FIFTH WARD GETS MUCH ATTENTION.

Today Marquette electors must decide whether Frank Pendill or John D. Mangum, the candidates of the People's and Citizens' parties, respectively, will be mayor of the city for the ensuing twelve months.

The campaign, which is now practically over, has, all things considered, been unusually quiet. Saturday it warmed up somewhat, after being unqualifiedly slow in the early part of the week.

Some bets have been placed during the last few days. Most of them have been of small amounts and they are practically all based on the assumption of Mangum's election.

There promise to be a couple of lively ward contests today. There are opposing candidates for supervisor or alderman in a number of wards, but only two fights are regarded as worthy of more than passing notice.

COUPLE OF WARD CONTESTS.

There promise to be a couple of lively ward contests today. There are opposing candidates for supervisor or alderman in a number of wards, but only two fights are regarded as worthy of more than passing notice.

With these exceptions, it does not appear that the ward contests will be provocative of much excitement and it is predicted that the remainder of the Citizens' ward slates will go through.

It is likely that the Citizens' party will elect its treasurer, recorder and justice of the peace if Mr. Mangum is successful and it is claimed that, even in the contingency of Mr. Mangum's defeat, it will land the other offices.

WE MUST REPEAT

When Everybody in Marquette Tells the Same Story.

It is hard to say new things about Doan's Kidney Pills. They cure the lame and aching back, the sufferer from kidney disorders and the troubles of those whose urinary organism is wrong in its action.

Mr. Charles Parr of 118 East Jackson street, foreman on Pickands' coal dock, says: "I was bothered a good deal for a long time with backache often very severe. I let it go for a time thinking it would wear off, but instead it became more persistent."

ments will fall behind that polled for mayor.

This year the Fifth ward has received much attention from the politicians interested in either Mr. Mangum's or Mr. Pendill's victory.

TO BE REAPPOINTED.

John Henes Will Succeed Himself on Board of Prison Control.

The Menominee papers report that John Henes of that city, member of the board of upper peninsula prison control whose term expired Feb. 15 of this year, will shortly be designated as his own successor by Governor Bliss.

JUDGE CRARY INJURED.

He Will Be Laid Up for a Number of Weeks.

Judge L. P. Crary was the victim of a serious accident early Saturday morning. It was about his house and barn doing the regular chores.

Judge Crary desires his friends to understand that, while he is of course unable to give his canvass any personal direction today, he is still a candidate for the office of justice of the peace and that he asks their support.

THE BEST REMEDY FOR RHEUMATISM.

Quick Relief from Pain.

All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Sinks, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my arm and shoulder."

FACED A HURRICANE.

Thiel Party Must Have Had an Exciting Atlantic Passage.

According to the following Associated Press dispatch, dated Plymouth, England, March 28, the Graft Waldenses had a hard passage on its last trip and the exciting experiences must have been shared by Mr. and Mrs. A. K. Thiel and Miss Elizabeth A. Thiel, who sailed from Philadelphia on that vessel.

The Hamburg-American line steamship Graf Waldenses, commanded by Captain E. Kopf and carrying over a hundred cabin passengers for Plymouth, Cherbourg and Hamburg from New York, arrived here this evening with a heavy list to starboard.

WHEN TRAVELING

Whether on pleasure bent or business take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectually on the kidneys, liver and bowels, preventing fevers, headaches and other forms of sickness.

CITY BREVITIES.

Yesterday's temperature: 7 a. m., 25 degrees; noon, 32 degrees; 7 p. m., 35 degrees; maximum, 37 degrees; minimum, 25 degrees.

M. J. Carroll of Houghton was a visitor Saturday.

James C. Wood was down from Ishpeming Saturday.

Conrad Thompson was an Ishpeming visitor here yesterday.

J. M. Edgerton and C. G. Griffey were down from Negaunee Saturday.

Mayor P. E. Kirkwood and Ira A. Clark of Negaunee were in Marquette Saturday.

Marshal Gribble was down from Negaunee Saturday. He brought a jag to the county jail.

Jacob Rose has received his spring line of the famous Rogers, Peet clothing. He is the only agent north of Milwaukee.

The regular monthly meeting of the park and cemetery commission will be held at the office of the secretary, Harlow block, this afternoon at 2 o'clock.

cants received first papers. This is the largest delegation which has come to Marquette on a similar mission in some months.

Dan Sullivan leaves for Milwaukee this morning to consult Dr. Schneider, the well-known eye specialist. Mr. Sullivan's eyes have been causing him no little trouble of late and he desires to have them doctored into first-class condition.

Miss Bertha Goodison, former instructor of drawing in the Marquette schools, left for Ypsilanti, to assume the duties of assistant in this department in the state normal, Saturday evening.

Yesterday was the banner day of the thaw to date and much of the remaining snow was cut away, this in spite of the fact that the weather bureau called for a turn on another storm.

There is considerable blasting in progress on Lake street where work on the line of the Marquette & Southeastern road is proceeding. The bed rock has been encountered at many points and in some instances it is necessary to proceed with its removal immediately.

Conductor James Connell of the South Shore road is laid up with a number of slight injuries, the legacy of a mishap that might easily have had serious consequences. It occurred Saturday morning at Thomaston where Mr. Connell stepped from his passenger train, which was moving slowly at the time, to look after some of his duties.

If every city in the country will do as well by the United States' recruiting officers as Marquette it will be but a short time before the full quota of men for the reorganized army are enlisted.
