> CIVIL MARRIAGE LAW SUPREME. The Delpit marriage case and Its outcome in the Canadian courts is interesting from its bearing on the status of the peculiar marriage laws of Cananda, which, as an heirloom of French domination, have been held to be subordinate to the ecclesiastical law. The issue was the legality of a marriage of Catholics performed by a Protestant minister. The ecclesiastical court heard the case in which Edward Delpit, native of France and private secnantled, went far to win for him retary to the lieutenant governor of the splendid vote by which he was Quebec, sought to have his marriage to Jean Cote declared null, because per formed by a Unitarian clergyman. The wife's defence was that she was not a Catholic at the time of the marriage though she was born and bred in that to have charge of the affairs of that faith, and has since returned to it. The court held otherwise as to the fact and declared the marriage null. The civil courts were asked to make a de cision in the case, the wife being pre pared, in the event of a confirmation of the ecclesiastical decree, to carry placed in strong hands. That city is the case to the privy council. The presentering on a new era of growth and ent decision, apparently arrived at on the law and not on the facts in dispute, justifies the belief of many that the marriage law would not stand the ecclesiastical interpretation under which Catholics could not be legally married by a Protestant. Unless reversed by a higher court the civil law has been held superior to that of the

SCALP AND

Something for Mothers to Think About

EVERY CHILD born into the world with an inherited or early developed tendency to distressing, disfiguring humors of the skin, scalp, and blood, becomes an object of the most tender solicitude, not only because of its suffering but because of the dreadful fear that the disfiguration is to be lifelong and mar its future happiness and prosperity. Hence it becomes the duty of mothers of such afflicted children to acquaint themselves with the best, the purest, and most effective treatment available.

That warm baths with CUTICURA SOAP to cleanse the skin and scalp of crusts and scales and gentle applications of CUTICURA OINTMENT to instantly allay itching, irritation and inflammation and soothe and heal, to be followed in the severest cases by mild doses of CUTICURA RESOLVENT are all that can be desired for the alleviation of the suffering of skin-tortured infants and children and the comfort of worn-out worried mothers has been demonstrated in countless homes in every land. Their absolute safety, purity and sweetness, instantaneous and grateful erelief, speedy cure and great economy leave nothing more to be desired by anxious parents.

Millions of People Use CUTICURA SOAP, assisted by CUTICURA GINTMENT, for beautifying the skin, for cleansing the scalp and stopping of falling hair, for softening and whitening red, rough and sore hands, for baby rashes, it hirars, and chafings, and for all the purposes of the toilet, bath and nursery. Millions of women use CUTICURA SOAP in the form of baths for anneying irritations, inflammations and exceptations, or too free or offensive perspiration, in the form of wastes for ulcerative weaknesses, and for many sanative antiseptic purposes which wastes for uncertainty wastes to women, especially mothers. Thus it combines in ONE SCAP at ONE PRICE, viz., 25c., the BEST skin and complexion soap, and the BEST toilet and baby soap in the world. Sold throughout the world.

MILK FAMINE AT BOSTON.

SUPPLY CUT BY STRIKE OF FARMERS FOR BETTER PRICES.

Boston, April 2 .- Boston is in the throes of a milk famine, and tomorrow, when the last of Sunday's surplus will be exhausted, the severity will be acute. The producers today succeeded in holding up about 20,000 cans of eight normal consumption is about 35,000 cans a day. The producers had expected a stoppage of 25,000 cans, but say that there was a misunderstanding nearly 75 per cent of the usual daily shipments. The contractors say they rants were today notified to keep their orders down to the lowest possible illness, and there seemed to be no hope every direction to hunt up milk from route.

"I Followed Mrs. Pinkham's Advice and Now I am Well."

Doctors Mystified.

A woman is sick; some disease peculiar to her sex is fast developing in her system. She goes to her family physician and tells him a story, but not the whole story.

She holds something back, loses her head, becomes agitated, forgets what she wants to say, and finally conceals what she ought to have told, and thus completely mystifies the doctor.

Is it any wonder, therefore, that the doctor fails to cure the disease? Still, we cannot blame the woman, for it is very embarrassing to detail some of the symptoms of her suffering, even to her family physician. It was for this reason that years ago Mrs. Lydia E. Pinkham, at Lynn, Mass., determined to step in and help her sex. Having had considerable experience in treating female ills with her Vegetable Compound, she encouraged the women of America to write to her for advice in regard to their complaints, and being a woman, it was easy for her ailing sisters to pour into her ears every detail of their suffering.

In this way she was able to do for them what the physicians were unable to do, simply because she had the proper information to work upon, and from the little group of women who sought her advice years ago, a great army of her fellow-beings are to day constantly applying for advice and relief, and the fact that more than one hundred thousand of them have been successfully treated by Mrs. Pinkham during the last year is indicative of the grand results which are produced by her unequaled experience and training.

No physician in the world has had such a training, or has such an amount of information at hand to assist in the treatment of all kinds of female ills, from the simplest local irritation to the most complicated diseases of the

This, therefore, is the reason why Mrs. Pinkham, in her laboratory at Lynn, Mass., is able to do more for the ailing women of America than the family physician. Any woman, therefore, is responsible for her own suffering who will not take the trouble to write to Mrs. Pinkham

The testimonials which we are constantly publishing from grateful women establish beyond a doubt the power of Lydia E. Pinkham's Vegetable Compound to conquer female diseases.

Grateful Letters from Cured Women.

"DEAR MRS. PINKHAM:-I was a sufferer from female weakness for about a year and a half. I have tried doctors and patent medicines, but nothing helped me. I underwent the horrors of local treatment, but

received no benefit. My ailment was pronounced ulceration of the womb. I suffered from intense pains in the womb and ovaries, and the backache was dreadful. I had leucorrhœa in its worst form. Finally I grew so weak I had to keep to my bed. The pains were so hard as to almost cause spasms. When I could endure the pains no longer. I was given morphine. My memory grew short and I gave up all hope of getting well. Thus I dragged along. To please my sister I wrote to you for advice. Your answer came, but meantime I was taken worse, and was under the doctor's care for a while. "After reading your letter, I concluded to try your medicine. After taking two bottles I felt

much better; but after using six bottles I was cured. All of my friends think my cure almost miraculous. I thank you very much for your timely advice and wish you prosperity in your noble work, for surely it is a blessing to broken-down woman. I have full and complete faith in the Lydia E. Pinkham Vegetable Compound."—GRACE B. STANS-

BURY, Herington, Kansas.

"DEAR MRS. PINKHAM:-I have been thankful a thousand times since I wrote to you for what Lydia E. Pinkham's Vegetable Compound has done for me. I followed your advice carefully and now I feel like a different person.

"My troubles were backache, headache, nervous tired feeling, painful menstruation, and leucorrhœa. I took four bottles of Vegetable Compound, one box of Liver Pills, and used one package of Sanative Wash, and am

"I thank you again for the good you have done me."-ELLA E. BRENNER, East Roches-

"DEAR MRS. PINKHAM: -I want to tell you what your medicine has done for me. I believe it saved my life. I had womb trouble and in-flammation of the ovaries, and was troubled with flowing too much. I had two doctors, but they did me no good. After writing to you, I began the use of your remedies, and to-day I am well. I cannot say enough in your favor and shall always praise your Vegetable Compound."—MRS. FRED. LEO, Box 520, Skowhegan, Maine.

December 28, 1899. "DEAR MRS. PINKHAM:-I feel that it is my duty to write and tell you of the benefit I have derived from the use of Lydia E. Pinkham's Vegetable Compound. I wrote to you last June and described my sufferings.

"I took seven bottles of your medicine and was cured of my troubles. Last September I was taken with a very bad kidney trouble. I was away from nome and was obliged to return. I started to take your medicine again and was soon well.

"When I wrote to you last summer I weighed only one hundred and five. I now weigh one hundred and thirteen. I am very grateful to you for the good advice you gave me, and would recomme your medicine to all who suffer from female weak-ness."—MRS. B. CUNNINGHAM, Oakland, Ill.

Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters we are constantly publishing, we have deposited with the National City Bank, of Lynn, Mass., \$5,000, which will be paid by special permission.—Lydia E. Yesterday was a busy day with some people, for there were not a few who were trying to figure out the reof fire in the Republic mine resumed sult. What conclusion they came to

When the fire broke out Tuesday evening of last week it was impossible to tell what damage would result or how long the men would be compelled to remain idle. It was, indeed, fortunate for all concerned that the fire was kept within the one shaft and that the fire was kept within the one shaft and that the fire was to make up for their losings.

WOULD ORGANIZE A CLUB.

The ski enthusiasts of the city, and they are many, desire to organize a club for the promotion of the sport and also effect an organization which will have control of the tournaments which will be held here in years to ome. This has been much canvassed ince the last races, and there is evry likelihood that something definite vill come of it. It is thought best to push the matter at this time rather than at the beginning of another season, because if it is done the club would be ready to start the fun as soon as the snow came, whereas if ormed then it would be some time beore much good work could be accomplished. It is likely that a meeting will be called soon to take some action on the matter.
