**Washington Advised That the Czar
Has Seemingly Broken Off Nego-
tiations With the Chinese.**

ORDERS TO MIKADO'S NAVY

London, Monday, April 8.—The correspondent of The Morning Post at Peking says:

"The French are still opposed by the Chinese near Hai Lu, but are careful to avoid a conflict because any advance would be anticipated by the Germans, whose patrols are within thirty miles of the province. Shan Si and could reach Tai Yuen Fu at any moment."

"At Ching Ting Fu the French intercepted a letter from Li Hung Chang to the governor of Shan Si complaining that the Manchuria convention must be signed because the European powers were willing to sit down as usual to watch Russia devour China."

"It is asserted on good authority that Russia is willing to give Japan a free hand in Korea with a view of preventing her assuming a hostile attitude."

HOBBSON'S SHIP BLOWN UP.
Santiago de Cuba, April 7.—The forward superstructure of the sunken United States collier Merrimac, which had long impeded the entrance to the

harbor, was blown up with dynamite yesterday. It is expected the after portion of the ship will be summarily removed this week, thus completely clearing the harbor entrance.

BOLD DASH FOR LIBERTY.

**POSTAL ROBBER GRANT GETS
AWAY FROM THE OFFICERS IN
THE UNION DEPOT, CHICAGO.**

Chicago, April 7.—Prentice Miller and G. P. Grant, recently arrested in Nebraska for robbing the United States mails, made a sensational dash for liberty in the Union station this evening while being taken to Cincinnati. Grant made his escape and is still at large. Tiller was captured.

One of the prisoners in some way obtained possession of the key to the handcuffs which were piled on the prisoners before leaving the train. Sergeant Dempsey missed the key as soon as he reached the waiting room. Leaving the prisoners in charge of Deputy Moore, he returned to the car to search for it. Grant managed to unlock the handcuffs and sprang upon Deputy Moore and pinioned his arms.

Tiller started for the door while the deputy struggled with Grant, frantically shouting the alarm to the startled passengers in the waiting room and directing them to catch Tiller. Bystanders came to the aid of the deputy, who left Grant in their charge and gave chase to Tiller. When Deputy Moore returned to the station with Tiller he was told by some bystanders that Grant had got away.

KAISER CALLS UPON ARMY.

**Says in Speech to Garrison and Referring to Recent At-
tack Upon Him, "Serious Times Are Coming
Which Will Try Our Mettle."**

Berlin, April 7.—Careful investigation at Potsdam today regarding the circumstances in which Emperor William delivered his latest military address developed the information that during the review last Tuesday (not Friday, as originally cabled) of a number of military bodies belonging to the Potsdam garrison, including the First Regiment of Foot Guards, extraordinary precautions were taken to prevent any representative of the press or other civilians from obtaining knowledge of his majesty's remarks, which were uttered in the Lustgarten adjoining the royal castle.

From persons who were present, it was learned today that the emperor spoke substantially as follows: "A hand from out the people has recently been raised against me, to my intense sorrow. Evidently serious times are coming which will try our mettle. I know the army is true to its traditions and to the solemn oath it has taken. I know it will remain stand-

fast and faithful to me. My conviction is specially strong regarding the Guards and regarding this Regiment now present, which is tied to the Hohenzollerns by indissoluble bonds, as the past has shown during troubled times abroad and even during revolutionary times at home. The authority of the crown must be maintained at all hazards. Woe to the soldier who listens to the voice of the tempter."

Orders seem to have been given by the Russian minister for the interior to suppress all public mention of quotations from the emperor's speeches. At Styrum, near Essen, during a recent meeting called to protest against the increase in the corn tolls, the police dissolved the assembly when a speaker cited a sentence from his majesty's speech to the Emperor Alexander Grenadier regiment at his first appearance on horseback after the attack upon him at Bremen. The papers mention similar instances elsewhere.

WAVER FUNSTON THE CLUE.

AGUINALDO'S MESSENGER CAPTURED BY LIEUT. JAMES D. TAYLOR, JR., OF FLORIDA.

New York, Monday, April 8.—A special to The World from Lake City, Fla., says:

J. D. Taylor, a prominent citizen of this city, has received a letter from his son, Lieutenant James D. Taylor, Jr., of the Twenty-fourth Infantry, which shows that the young man, with kindness and seven cigars, won over seven Filipinos and secured information which enabled General Funston to capture Aguinaldo. The letter is dated Panabangan, Feb. 18, and is, in part, as follows:

"On Feb. 8 seven insurgents, with one rifle and six cartridges, presented themselves. They were pretty well scared up and I fed them and gave them a cigar each. By questioning I found that they had concealed some letters in the woods, and I went out and got them. After reading the letters I found that they had not told me the whole truth and began to question them again. I then found that Aguinaldo was in the town they came from and all about him. Two days later I got his special messenger, who had all the orders from Aguinaldo to his generals and letters of great importance. I hurried him with all the letters out that night, and in three days he was in Manila. For my work I received a message from General Funston expressing his thanks and appreciation of my judgment in getting valuable letters and information from Aguinaldo's messenger."

QUEBEC TOWN IS FLOODED.

Montreal, April 7.—Telephonic advices from Richmond, Quebec, this evening announced that the business portion of that town rests in the midst of a raging torrent. At ten the granite piers of the steel bridge erected at a cost of \$4,000 were carried away. The tracks of the Grand Trunk are under water for a considerable distance, while people have been compelled to take refuge in houses on the hills. The property loss will be heavy.

ALARM IN MASSACHUSETTS

Haverhill, Mass., April 7.—The Merrimac river is rising tonight and reports from the north have a warning of a deluge. Men on the river front to make energetic efforts to protect their property. When the high tide comes tomorrow it is expected the streets on the level of the levee will be flooded. There were all sorts of reports during the day of bodies being seen in the river, but none could be intercepted. A woman's body is known to have floated down from Lawrence and it is under-

RICE NOT MURDERED.

**Lawyer Patrick, Accused of
Crime, Says Heart Trou-
ble Caused Death.**

STORY OF VALET IS FALSE.

**Declares Who's Affair Is a Plot to In-
validate the Will, of Which the
Attorney Is Beneficiary.**

CHARGES GROSS PERJURY.

New York, April 7.—Albert T. Patrick, who is charged with the murder of Millionaire Marsh Rice, made a statement today concerning the case. He had been asked to say something concerning a story printed in a morning paper to the effect that Valet Jones had spent several hours, accompanied by police attached to the district attorney's office, in touring the tenderloin district.

According to the story, hotels, concert halls, gardens and theatres had been visited by the policeman and dozens of drinks taken. On this point, Patrick said: "I have known that this kind of a thing has been going on for several weeks. I could not have sworn such was the case, but I have heard from various sources that Jones was plentifully supplied with money, taken out buggy riding and otherwise treated with kindness and consideration."

NOT SLAIN BY ANYONE.

Patrick then spoke of the Rice murder case, and this was the first time he has made any statement since his arrest. He said: "Jones never killed Rice. Had he done so he never would have testified to it, especially as the district attorney promised him no immunity, nor would his counsel have permitted him to do so. His confidence is due to the fact that W. M. Rice, at the age of eighty-four, died from failure as did his brother, F. A. Rice, yesterday at the age of seventy. There never will be any proof otherwise."

The only crime of which Jones is guilty is that of conspiring against the 1900 will and perjury in the present proceedings. His first story was the result of a collaboration with Captain James A. Baker, Jones' lawyer, Battle, who is hired by Baker; Assistant District Attorney Osborne and Professor Withaus, the professional expert whose report Mr. Osborne for the last six months has been expecting in a few days and who swore that Rice died from mercurial poisoning. If he did not die from something else, the object of Jones' story is to have me held in prison pending the will litigation. I have been in prison for six months on the forgery charge without being indicted, and I do not believe there is any serious intention to try me on a criminal charge before a jury.

IN VICTIM OF CONSPIRACY.

"Jones swore on the witness stand, and Mr. Osborne admitted it in open court, that Jones had informed Osborne about January that Jones had killed Rice with choleraform and subsequently, in collaboration with Professor Withaus, on Feb. 27 the present complaint charging me with killing Rice with mercurial poison was made at the instance of Mr. Osborne. The object was to deprive me of all knowledge of the nature of the accusation against me until he had used as witnesses those whom he supposed to be for me.

"It would take but little corroboration to convict Jones upon his own confession, but it is evident that Osborne intended to convict me upon Jones' accusation. If I am held or indicted for the murder, Jones certainly will be also. I would surely be acquitted, but in his effort to have himself corroborated he might have himself convicted, innocent though he is. Then he surely would be electrocuted, for no hand could save him."

"As to my own position, I can only say I will be vindicated and will be able to discharge all the duties devolving and maintain all the rights belonging to me, all of which, however, are in the hands of my able and conservative attorneys."

District Attorney Phibben was asked today what he knew of Jones' alleged tour of the tenderloin. He replied he knew nothing except what he had read. Mr. Osborne said that Jones' trip had been taken for the purpose of locating witnesses in the Rice case. He added that six witnesses were wanted and one had been located by means of this trip.

HAS PROOF OF GUILT.

Assistant District Attorney Osborne is confident that Justice Jerome will hold Patrick on a charge of murder to await the action of the grand jury, for he expects to produce evidence to corroborate the confession of Jones that he killed his millionaire employer at Patrick's instigation. Mr. Osborne says that he will prove that Patrick was an accessory before the fact. Professor Withaus will probably make a supplemental report on the condition of Rice's internal organs. It is said that this will confirm Jones' story of the use of choleraform and mercury to kill Rice.

Mr. Osborne says he will show that the Holt case has never been settled

MOTHER AND LITTLE DAUGHTER DROWN AT MILWAUKEE.

Milwaukee, April 7.—Mrs. Michael Chart and seven-year-old daughter daughter Mar were drowned in the river at the Kinickinnick avenue bridge in this city at three this morning. Mrs. Chart, accompanied by her husband and daughter, had been visiting friends. As they neared the bridge, which was opened for repairs, the horse became frightened by a passing train and plunged into the river. Chart was thrown out of the buggy and rescued by a policeman, but the mother and daughter were caught by the buggy top and drowned. The bodies were recovered this afternoon.

TEN FRESH PLAGUE CASES.

Cape Town, April 7.—Ten fresh cases of the bubonic plague were officially reported today, of which four are Europeans.

TROWN INTO THE RIVER.

BRILLIANT MILITARY BALL.
HOUGHTON LIGHT INFANTRY'S ANNUAL AT ARMORY TONIGHT.

The fifteenth annual ball of the Houghton Light Infantry, Company G, will be given at the Armory tonight and the affair promises to be by far the best yet held under the auspices of that popular military organization as well as one of the swiftest events of the season in Houghton. It will be a military ball and the members of the company will appear in their best uniforms. The arrangements committee, composed of several of the hustling members of the company, completed the final preparations for the party Saturday and its work during those giddy whirls tonight. The work of decorating the Armory was finished Saturday by A. M. York, the Hancock florist; he has done his work very elaborately and the result is that the decorations are a decided novelty, and something out of the ordinary for this section of the country. Flowers, palms and evergreens have been used extensively and in the rear of the ball pretty bowers and corners provided. The ceiling decorations consist of strings of colored electric lights which will cause a beautiful effect and greatly enhance the beauty of the whole scene. The letters, "Company G," formed by incandescent lamps are placed directly over the stage at the front. Many young people from all parts of the county will be in attendance and a most enjoyable time is anticipated by them. The parlor in the downstairs portion of the Armory will be used for the reception room. The pool table which was recently installed in that apartment was taken out Saturday and new furniture placed.

The ninth annual reception of Company A, Hibernian Rifles of Hancock, will be given tonight in St. Patrick's Hall. One of the Calumet & Hecla orchestras will furnish the music for the ball to be given at the Light Guard Armory, Calumet, tonight by the members of Laurium tent, K. O. T. M.

A TESTIMONIAL FROM OLD ENGLAND.

"I consider Chamberlain's Cough Remedy the best in the world for bronchitis," says Mr. William Savory, of Warrington, England. "It has saved my wife's life, she having been a martyr to bronchitis for over six years, being most of the time confined to her bed. She is now quite well." Sold by the Stafford Drug Co.

"Little Colds." Thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds, cures big colds too, down to the very verge of consumption.

LAKE SUPERIOR LINE PLANS.

FIRST BOAT SAILS FROM CHICAGO FOR DULUTH APRIL 22.

The Lake Superior line announces that it will begin receiving freight at Chicago next Thursday, and its first steamer will sail for Duluth on April 22. The Peerless and City of Traverse, the passenger steamers of the line, have been equipped with electricity and refitted throughout during the winter. Regular sailings from Chicago will be on Wednesday this season instead of on Tuesdays.

PAVING MATTER UP TODAY.

A special adjourned meeting of the Hancock village council will be held this afternoon for a further consideration of the paving question. The subject will be discussed to some extent and some new points in regard to the different paving materials may be brought out. It is the intention of the councilmen to submit the question of paving to a vote. Those who want Quincy street paved are the property owners on that thoroughfare and they are the ones to say "yes" or "no" to the proposition—for, in conjunction with the street railway company, they will have to foot the bill.

TEAM OF HORSES DROWNED.

Archie Rouelle, a Chassell farmer, had the misfortune to lose a valuable team of horses by drowning in the Sturgeon river Saturday morning. He was crossing the ice, which was none too secure, when it broke through. Horses, sleigh and all sunk to the bottom and nothing could be done to save the struggling animals. The sleigh was recovered later. The mishap took place two miles from Chassell near Rouelle's farm.

LUMBER CONTRACTS LET.

The James Pryor Lumber company of Houghton has been given the contract for supplying half the lumber needed for the building of the fifty-two new dwelling houses to be erected at the Champion mine and mill during the coming summer. The Armstrong-Thielman company of Calumet and Lake Linden will furnish the rest of the material required.

THE APPETITE OF A GOAT is envied by all poor dyspeptics whose stomach and liver are out of order. All such should know that Dr. King's New Life Pills, the wonderful stomach and liver remedy, give a splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. Only 25c at the Stafford Drug Co.

NOTICE—If in want of men call up Perrault's Employment Agency, Phone 231, Calumet. (4-6-1m)

WILL MAKE MINE A PRODUCER.

EXPECTED ASSESSMENT ON MOHAWK WILL BE CALLED SOON AND GLADLY PAID—\$2½ OR \$3.

The directors of the Mohawk Copper Mining company, it is stated at Boston, are expected to call an assessment on the stock within a month. It is not believed that the assessment will exceed \$3 and it may be as low as \$2.50. This will give the company between \$250,000 and \$300,000, which, with the money to be derived from the sale of the large quantities of mohawkite already blocked out, will, it is believed, enable the management to bring the company upon a dividend-paying basis without further financial assistance.

The Mohawk assessment will be paid cheerfully by every holder of the stock at the Lake, and there are many of them, for—not even excepting the South Range properties—the Mohawk is conceded to be the favorite of all the newer mining propositions. It is generally realized that the property has a wonderful future, and for that reason the great bulk of the stock at the Lake, especially in the copper country, is held for investment purposes. The Kearsarge lode, on which the mine is being developed, is showing still greater richness with depth, and the ore proposition—the "mohawkite"—is in truth a "bonanza." President Stanton is quoted as saying that he expects that the mohawkite will pay all the expenses of developing the Mohawk property after the coming assessment—which will be used to equip the mill and the railroad from mine to mill—is paid.

At the close of last year, when the annual report was compiled, it was estimated that there were 2,500 tons of mohawkite blocked out which was worth between \$400,000 and \$500,000. But in estimating the amount of mohawkite the annual report took into consideration only that ore in sight above the second level, which it necessarily had to do. Now, however, the mohawkite down to the third level of the mine has greatly increased the estimate of the quantity at hand, and it is figured that \$600,000 worth is in sight, the ore having brought \$140 per ton at the smelters in Wales. At present, it is understood, the Guggenheims are building a smelter in New Jersey, which will be able to treat the mohawkite, thus resulting in a big saving to the Mohawk company in transportation, etc.

COPPER GOSSIP.

A ten-ton mass of copper was taken from Adventure Shaft No. 3 the other day.

Baltic's two heads of stamps will go into commission, it is thought, by July 1 at least.

One per cent. was bid at Boston Thursday to call Amalgamated at 110 any time this week.

The latest injunction against Boston & Montana means, it is said by officials of the company, the shutting off of about half of the mine's annual output.

ERHAUSER MINE BETWEEN NOW AND THE FIRST OF NEXT NOVEMBER—Duluth Herald.

Oceola's construction expenses will continue large this year, and its output of copper will not be very material. The year 1902, however, promises to be by far the most prosperous one in the history of the mine. The output of refined copper will probably reach 20,000,000 pounds, and if the price of the metal holds up to 16 or 17 cents, the company will in that year earn between \$12 and \$15 per share on its capital stock.—Boston News Bureau.

The sharp advance in Amalgamated Copper Thursday was accompanied by a report in Boston to the effect that the Rogers and Heinze factions had made a "deal" and settled their differences. Mr. Heinze, who is now in New York, was asked, if there was any truth in this report and said: "There is no truth whatever in the report. There has been no deal and no arrangement between Mr. Rogers and myself, and, furthermore, there are no negotiations looking toward a settlement."

The diamond drill is being used more extensively than ever before in the copper district, and the borings are adding greatly to the fund of exact knowledge regarding the territory lying to the south of the Portage Lake district, which, previous to the revival of two and three years ago, had been unexplored, or abandoned for many years. The diamond drill is being used so largely in all parts of the world that the supply of black diamonds and borz is inadequate, and were it not for the enforced idleness of the great Witwatersrand gold field in South Africa, a question as to what price the black carbons would reach. As it is now, the cost of setting a single bit for a drill ranges from \$800 to \$1,200, and the cost of drilling is consequently very high, per foot. In firm rock long cylindrical cores are obtained, but where the formation is greatly disturbed, as in the vicinity of the Elm River, Winona and Wyandot mines, the rock is so badly shattered that the cores come to surface in the shape of fragments that require great care and considerable skill in handling.

The Boston Herald takes, in part, this fling at the Old Dominion report, which report caused free selling of the stock Thursday: "What this last sum (\$401,922 on hand Jan 1) consists of is not made known through any exhibit of assets and liabilities. There is no balance sheet in the published report, and the \$401,922 to be quick assets and all good, and that there is no debt (and who knows whether there is a debt?), then it appears that as a result of six or seven years' operations the company has four-fifths of its first subscription on hand, and a property developed to a producing capacity of 750,000 pounds of the copper per month, with prospect of a steady, gradual increase." The shareholders have, meanwhile, received no interest on their investment, and they are not told now what they may reasonably expect in that direction. The cost of copper is not made known. The selling price for the last two years has been most satisfactory. By this is meant the market price. What this company has received cannot be learned from the report. Such reports as this one partake much of the character of a farce.

ELKS' MILWAUKEE TRIP.

Copper country members of the Elks—those of the Hancock and Calumet lodges—are looking forward to the time—the latter part of July—when they will gather at Milwaukee. Already meetings have been held at which plans for the copperdom delegation have been discussed and it is now known fairly well about how many will attend the gathering at the Cream City. Preliminary preparations for the trip have been taken and no more can now be done until a later day. Mayor Rose of Milwaukee, who is an enthusiastic Elk, is arranging to take the boys in tow when they are the guests of his city and will do all possible to make the gathering a big success. It is likely that the Calumet & Hecla band will be taken along to show the people of Milwaukee just what sort of musicians there are in the copper country. The band if it makes the trip will probably enter the musical contest and stands a good chance of winning one of the prizes. The copper country delegation will be seen in the parade which is to be a feature of the gathering and those who expect to attend will soon start drilling for the event. It may be decided to dress in some costume, characteristic of this part of the country, and if that is done the delegation will surely score a hit.

BASEBALL OUTLOOK BRIGHT.

A game between the Houghton Light Infantry and the Calumet Rivals indoor baseball teams will likely be arranged for Wednesday night at the Houghton Armory. If Captain Hendrickson of the company can be prevailed upon to postpone the regular weekly drill scheduled for that evening, the contest will be a go. Reserved seat tickets for the match are already out, the "fans" buying them for the game which was postponed. Local enthusiasts of the sport are pleased that the two aggregations will come together again.

Now that the national game indoors is nearing an end, attention will be paid to the outdoor game. That is already being done in the several copperdom villages. The interest in baseball the past two or three years has, perhaps, not been what it should have been—a great falling off in the popularity was noticed. The revival from the apparent trance is now at hand and it can safely be said that it is in a great measure due to the enthusiasm caused by the indoor game. Baseball prospects for the copper country during the coming summer were never better, while sport in general will also have a greater impetus than for several years past.

The track team that will in all probability be organized in the near future by Secretary Wing will be made up of prominent Portage Lake young athletes and should under careful management create an interest in a new line of athletic work. Tennis also promises to be a popular means of enjoyment.

A PRACTICING PHYSICIAN

In Monticello, Ill., formulated Dr. Caldwell's Syrup Pepsin. Ask the Stafford Drug Co.

TRAVELING MEN, **Attention!**

We deliver daily at Calumet, Hancock and Houghton. Your bundles can be delivered at any of the towns mentioned without extra charge. We are doing the best work in the world, and "we're here for that purpose." Be sure and get the RIGHT lists, all first-class hotels have them.

Children's Needs—Long Neglected by Department Stores—Are at Miller's

one of the Specialties, on the same plane with those devoted to the wants of the adult. And remember in every garment is echoed the word—Practical.

WE CARRY THE BEST MERCHANDISE THE MARKET AFFORDS.

An extensive and varied assortment in every department. Our prices are right. A chance for economy. Why not take it? Respectfully,

HOUGHTON, MICH. **MILLER'S DEPARTMENT STORE.**

THE DIFFERENCE

Between ready-made and ready-to-wear is very marked.

The first is made ready to be worn, regardless of either style or fit; the second is ready-to-be-fitted properly, to the taste as well as to the form of the wearer, and that's STEIN-BLOCH CLOTHES.

The man who does not know Stein-Bloch clothes does not know how perfectly and fashionably he can Dress for a small price, for he can buy

Suits, . \$15.00 to \$25.00
Top Coats, \$15.00 to 25.00

And your money back for the asking.

GOODING & ORMSBEE,
127-129 WASHINGTON STREET.

CITY BREVITIES.

Mrs. G. W. Shaw and private secretary, Miss Dougher, who have been at Detroit the past week, arrived home Saturday.

W. H. Johnston, Ishpeming's new mayor, was in Marquette Saturday. He received congratulations from his numerous friends.

Mr. and Mrs. P. T. McCarthy are up from the Soo to visit relatives and attend the Easter Monday ball at the Casino this evening.

Thomas Scanlon was sentenced to serve a short term in the county jail Saturday. He was arrested for being drunk and disorderly.

F. D. Davis, county school commissioner, was here Saturday conducting a meeting of teachers of the rural schools. It was held in the city hall.

A raffle for the benefit of the family of N. Polkay, recently deceased, was held at Joe Love's saloon Saturday evening. Ticket No. 75 won the prize. It was held by Patty Burns.

The ice hangs out well in the bay and it can be observed as far out in the lake as the eye can see. However, it is pretty rotten and the first west or southwest blow will carry it away.

Easter services at St. Paul's cathedral were most elaborate. The music was rendered by a choir of fifty-three voices. Bishop G. Mott Williams preached at both services. The attendance was large.

Filed at Marquette on Saturday, April 6, May F. W. G. Cooper, aged fifty-four years. Short funeral services at the home, 211 East Hewitt avenue, at 2:30 o'clock Monday afternoon. Interment at Rose Hill cemetery, Chicago, Tuesday afternoon, the 9th inst.

The county canvassing board will assemble here Tuesday to canvass the vote on the state ticket in the recent election. All the returns will be in before the members meet. Turin township has been singularly tardy this spring and its returns were not in Saturday afternoon.

Miss Mary E. Sambrook, eldest daughter of Mr. and Mrs. F. W. Sambrook of Chocoma, died yesterday at the family home after a lingering illness. She was aged twenty-six years. The funeral will be held from the residence Tuesday afternoon, interment in Park cemetery.

John D. Mangum qualified for the office of mayor Saturday and J. F. Neidhart is now entitled to write "ex" before the title he has borne for the past three years. The new mayor is busy getting things in shape for the first council meeting which will be held, it is said, about the middle of the month.

By an oversight it was not announced Sunday that the engineers of the Farrell division, E. of L. E., were urged to attend the Firemen's ball this evening. The Firemen ran rather shy on invitations, so some of the engineers may have been overlooked. They are particularly desirous that every knight of the throttle in Marquette county be their guest.

The special election for the \$20,000 improvement bonds, which it is proposed to issue this spring, will be held, in accordance with a special act of the state legislature and an ordinance of the council, at the city hall on April 29. The polling place will be open between the hours of 7 a. m. and 5 p. m. There is no question of the success of the bond issue. It must be approved by a majority of the electors voting.

Tickets for the concert to be given at the opera house Friday evening by the Glee and Mandolin clubs of the Michigan College of Mines will go on sale Thursday. The Houghton boys have the best musical organizations in the history of their school this year and their program will be attractive for all tastes. They will likely be greeted by a large house, as, individually and collectively, they have many friends in Marquette.

While the members of Farrell division, No. 94, E. of L. E., were engaged with the business of their regular monthly meeting Sunday afternoon the ladies of the auxiliary walked in and forcibly took possession of the rooms. They were bent on a peaceful mission, their intention being merely to pay a social call. Before they departed they served luncheon, the joint pleasure session being an entire success. The ladies were tendered a vote of thanks for their hospitality by the major division.

The two men who assaulted Rudolph Miller, employed in Manthel's meat market, election night, knocking him out cold for a number of seconds, were arrested Saturday morning and brought before Justice Byrne. Their hearing was postponed until tomorrow morning. This case has been responsible for much comment during the last few days. It is said that Miller is an inoffensive fellow and that it will cost his assailants "a few" to square things. The row was the outcome of some political difference of opinion.

No headaches in Carvalho's cigars, sweet and mild.

What you get for your money is as important as what you pay. The R. L. Francis Co., bicycle repairer, corner Front and Bluff streets, invites all his friends and patrons to inspect his spring stock. The repair department will be conducted along the same lines as last season, insuring high-grade work at a reasonable price. (4-6-1m)

Those horrid fits of depression, melancholy, low spirits, and sudden irritability, that sometimes afflict even good-tempered people are due to the blood being permeated with black bile. HERBINE will purify the blood, restore health and cheerfulness. Price 50 cents. The Stafford Drug Co.

DON'T BE FUNNY. It does not pay. If you have a good thing, tell it right out. Don't use false means to attract attention. We say "right out" and mean it, too, that Dr. Caldwell's Syrup Pepsin will cure every case of Stomach Trouble. It will stop any pain caused by indigestion; it knocks Sick Headache by attacking the cause of the complaint and aids you to digest your food, no matter what you eat. Stafford Drug Co.

LOOK FOR FAVORABLE NEWS.

Upward Movement in Coppers Generally Anticipated for This Week.

The talent is hopeful of the copper market this week and better quotations are generally anticipated. The stocks have now had a couple of days' rest and they should do well. A. R. Jones & Co., said of wheat Saturday:

"There seems to be no end to the liquidations in wheat. The market looked weak enough Thursday to indicate that the bottom had been touched and, with the support of corn, it looked as though a turn was due, but instead came another break and the closing prices mark a new bottom. All the news and statistics are bearish. Even with market at the bottom we can't see that wheat is any good now. Thursday's buyers are nervous and there are no new bulls coming into the market to take their load. There is nothing encouraging in wheat now except the price."

TO THE GAS CONSUMERS. The gas will be shut off from the city on Monday, the 8th of April, at 8 o'clock a. m., and will be off until 12 o'clock noon. HENRY G. BEATLEY, Superintendent. (4-6-2t)

SPECIAL ELECTION.

Municipal Improvements Bond Issue. To the Qualified Electors of the City of Marquette:

Notice is hereby given that the common council proposes to borrow the sum of twenty thousand dollars for such time and at such rate of interest as may be hereafter determined, and to issue bonds therefor pledging the faith and credit of the City of Marquette for the payment of the principal and interest of such bonds; for the purpose of raising money with which to make the following municipal improvements, viz: to obtain, open and improve new streets, parks and public grounds, and to widen and improve streets and roadways and construct bridges, culverts and sewers in the city.

The question of raising such loan will be submitted to the qualified electors of the city, for their approval, at a special election appointed and called for that purpose to be held at the city hall in said city on Monday, the 25th day of April, 1901, from 7 o'clock a. m. until 5 o'clock p. m.

Said question will be printed upon the ballots and be submitted to the electors in the following form, to-wit: "Shall the common council be authorized to borrow twenty thousand dollars and to issue bonds therefor for the purpose of raising money for No. [] municipal improvements?" Dated, April 6, 1901.

DANIEL S. DONOVAN, Recorder of Said City. (4-8-2p)

Agents wanted for one of the best selling articles on the market. See advertisement of John Balnes on this page. (4-8-1f)

Smoked by many, praised by all. Carvalho's hand made cigars.

Mothers of good judgment and experience give their little ones Rocky Mountain Tea this month, keeps them well. 35c. Made by Madison Medicine Co., Stafford Drug Co.

You owe it to yourself to try Carvalho's hand made cigars.

Half the ills that man is heir to come from indigestion. Burdock Blood Bitters strengthens and tones the stomach; makes indigestion impossible.

The cigar that suits is Carvalho's.

Many people suffer untold tortures from piles, because of the popular impression that they can not be cured. TABLER'S BUCKEYD PILE OINTMENT will cure them. It has met with absolute success. Price, 50 cts. in bottles, tubes 75c. The Stafford Drug Co.

NOTICE OF DISSOLUTION OF PARTNERSHIP.

Notice is hereby given that the limited partnership heretofore existing by and between the undersigned, and entered into on the first day of November, A. D. 1899, for the purpose of retailing dry goods, millinery, carpets, rugs, upholstery and kindred lines of merchandise in the City of Marquette, Marquette county, Michigan, which said limited partnership was formed under the provisions of Chapter 159 of the Compiled Laws of the State of Michigan of 1897, and Acts Amending and Supplementary thereto, and was to continue from October 1st, 1899, to Oct. 1st, 1904, has this day by mutual consent been dissolved.

A. F. Van Alstyn will continue the business and will collect all the accounts and pay all the liabilities of the firm.
Signed, ALBERT T. VAN ALSTYN,
MARY H. LONGYEAR.
Dated at Marquette, Mich., this 25th day of March, A. D. 1901. (4-1-6Mon)

NOTICE!

H. O. Ross, of Petoskey, is the only manufacturer of Petoskey Lime in the state of Michigan, the standard lime of Michigan; no equal. I being sole agent and dealer in Petoskey lime for this city, through me only can be bought. Every barrel guaranteed to turn out more mortar than any other lime on the market. I am also agent for the Saylor's Portland Cement, the standard American Portland, guaranteed equal to any Portland for side or cross-walk purposes. Also handle Gypstone Hard Wall Plaster, nearly as cheap as lime mortar; also Gypstone wall tints, Calcein plaster, sand, clay, sewer pipe, red brick, beach sand, and wood of all kinds. Cords, poles and posts and saw dust, also do general teaming and contract work. Figures quoted on car lots or less of Saylor's Portland Cement, Petoskey Lime and Gypstone Hard Wall Plaster.

New Millinery Store!

I wish to advise the ladies of Ishpeeming and vicinity that I have engaged in the millinery business in the Loth building on Main street and I shall be pleased to have them call. My stock is new and embraces the very latest things out. I shall not have a regular spring opening but I am now showing a nice line of Pattern Hats, Novelties, etc.

Miss Minnie Sullivan.

Ishpeeming and Vicinity.

(Additional Ishpeeming on Page Seven.)

ITS WORK HERE ENDED.

DEAD RIVER MILL CO. HAS JUST CLOSED A MOST SUCCESSFUL SEASON AND WILL NOT AGAIN OPERATE IN THIS VICINITY.

All the camps of the Dead River Mill company were broken up since the latter part of last week, and there are but few men in the woods at present. In the course of a conversation with E. C. Barre, agent of the company for this district, the reporter learned that this has been the most successful season the company has enjoyed since operating in this region. The cut was 14,500,000 feet, which is considerably larger than that of any previous season. There were 89,500 logs cut and hauled. The break-up came just at the right time for the company, as it was completely through with its work here. Mr. Barre stated that in all his experience the conditions for lumbering have never been so satisfactory as was the case during the winter just past. Had there been more work for his men they could easily have put in some more time for the season, but the city has disappeared very rapidly during the past few days there is plenty left in the woods and the thaws did not seem to have had any appreciable effect on it. There has been but one bad storm which necessitated much plowing out of the roads and the cold weather was fairly continuous.

There have been in the neighborhood of 350 men and about fifty teams at the company's five camps. Mr. Barre says the men had been very quiet and well behaved this season, there being very few who came into town often. The men have made good wages and now that the break-up has come and the town is full of them there will be plenty of money in circulation. In speaking of the coming drive Mr. Barre thought that the work can be started about the middle of the month, though this is but a guess. The river is well opened up but the volume of water in it is slight as yet. There will be 125 men employed on the drive, which will be a large job, owing to the large quantity of logs cut. This is the last season the company will operate in this vicinity, as its entire holdings hereabouts have been sold to the South Arm Lumber company. This deal was mentioned in the Marquette department of The Mining Journal recently, but few realize what a vast amount of timber lands were embraced in the transaction. The new owners come into possession of 32,000 acres of hardwood lands situated near Lake Independence. There is a vast supply of hardwood in the region north and west of Marquette and Ishpeeming and it will be many years before serious inroads are made upon it. The road which is projected from Marquette north will tap this territory. The longest "tote" which the company will have to contend with is only six miles and spurs can be built so that this distance can be materially shortened. The Dead River people have been operating in the vicinity of this city for the past twelve years and in that time it has cut an immense amount of timber, most of which has been worked up in Marquette. The company has always been square in all its dealings and there are many who will be sorry to have it cease operations in this district. It owns extensive pine lands on the Spanish river near Georgian bay and also a mill at Sarnia, Canada. Mr. Barre expects to leave for that district, where he will be employed in the future, about the first of July.

GLEE CLUB WILL BE HERE.

The Glee club of the Michigan College of Mines will give a concert in this city next Wednesday evening at the opera house. The club comes to Ishpeeming under the auspices of the high school and the price of seats has been lowered to twenty-five cents. This is a lower price than will be given other cities which the club will visit, and when the situation is fully understood it is a great wonder that the boys are to be here at all. They wrote Manager Butler of the local house some time ago, asking terms and a guarantee. Mr. Butler gave them the former but could not quite see his way to furnish the latter, and he heard nothing from them since. The high school took up the negotiation and as a result the club will appear before an Ishpeeming audience on the date above mentioned. The manager asked the school boys for a guarantee, but this the school declined, and now the club comes on a percentage plan. The opera house is sure to be packed on the night of its appearance here, as the fame of the musicians has traveled afar. The club is said to be much better this year than ever before, and that is saying a good deal. If troubled by a weak digestion, loss of appetite, or constipation, try a few doses of Chamberlain's Stomach and Liver Tablets. Every box warranted. For sale by the Stafford Drug Co.

Our carpet sale is a big success. We are saving patrons money on every purchase. F. Braastad & Co. My new line of millinery is now ready for inspection. I have a nice assortment of pattern hats, also the latest novelties. MRS. A. DEADMAN. (4-6-1f)

The ladies should inspect our new line of silk skirts. The stock is large and embraces pretty patterns. F. Braastad & Co. (2-11-1f) Osgood, Mo., Oct. 28, 1899. Pepsin Syrup Co., Monticello, Ill. Gentlemen—I have used Syrup Pepsin for some time and find it gives most excellent results and it is one of the greatest selling preparations I have ever carried in stock. I do not hesitate to recommend it. Very respectfully, DR. T. JONES. Sold by the Stafford Drug Co.

While below recently I purchased a larger and better line of millinery goods than I have ever before shown. The ladies of Ishpeeming and vicinity are invited to call at my old stand on First street. MRS. A. DEADMAN. (4-6-1f) We have put in a large line of millinery goods, including many stylish trimmed hats. F. Braastad & Co. CATARRH PERMANENTLY CURED. Nasal Catarrh, Catarrh of Head or Catarrh of Sinuses. No Cure, No Pay. All druggists are authorized by the manufacturers of Bunsen's Cream Catarrh to refund the money where it fails to cure any case of Catarrh no matter of how long standing. One application gives ease and rest. Bunsen's Cream Catarrh is a new discovery and is the only Catarrh remedy sold on a positive guarantee—No Cure, No Pay. Price 50 cents. For sale by the Stafford Drug Co.

HONORS WENT TO MISS ROACHE.

AN IRONWOOD YOUNG LADY TOOK THE FIRST PRIZE—ISHPEMING'S CHAMPION DID WELL.

The upper peninsula oratorical contest, held at Escanaba Friday evening last, was a gratifying success. The auditorium of the high school was well filled. Superintendent of Schools R. D. Ewing had the contest in charge. The number of contestants was somewhat smaller than usual, there being only three schools represented, Ironwood, Escanaba and Ishpeeming. Conrad Stevenson spoke for Escanaba. His subject was "A Plea for an Oppressed Race." It was a good oration and it was delivered in excellent style. Mr. Stevenson dwelt on Agostino and his cause. He was, in some respects, unfortunate in his subject but for all that Mr. Stevenson's handling of his theme deserved unqualified commendation. His oration was out of the ordinary. It showed careful thought and was an argumentative. He thoroughly believed in the cause he was advocating and before he was finished there were not a few of his hearers who were more than half convinced that he was right.

Frank A. Watters, the representative from this city, delivered an oration on the "American Volunteer" which won the prize in the contest here the week before last. The Mining Journal commented at length on this oration at that time and it is only necessary to add that Mr. Watters put more vigor into its delivery than when he was first heard. Miss Alice Roach, who won the trophy for Ironwood, was the only young lady on the program. She was the last to speak. Her subject was "By Tongue and Sword." It was a history of the slavery question from the eighteenth century to the close of the Civil war. Miss Roach had a pleasing delivery and the judges gave satisfaction in their decision, for she undoubtedly merited the trophy.

The other numbers of the program were a violin solo by Carl Tolan; piano solos by Fred Erickson and a vocal solo by Ollie Thatcher. Professor McNair of the Mining School; Professor D. B. Waldo of the Northern Normal and President Halsey of the Oshkosh Normal were the judges. L. L. Wright accompanied Miss Roach, who has 110 from Ironwood and Professor Curwin and Lucie Rutenberg accompanied Mr. Watters from this city.

LAKE SUPERIOR GUARDS' BALL.

The annual ball of this popular military company takes place in Anderson's hall this evening and from the number who have signified their intention of attending it is safe to say that there will be a large crowd there. Trombley's complete orchestra will furnish the music and James A. Gaynor will do the prompting. A supper will be served by the ladies of the A. O. H. in the dining room, with which much care has been taken, and this part of the evening's entertainment will be fully in keeping with all other portions. The hall is very tastefully decorated with bunting and flowers. An admission charge of one dollar will be made. The Guards and their friends, the Light Guards, will appear in full uniform, which will make a brilliant spectacle for the onlooker.

A LIFE AND DEATH FIGHT. Mr. W. A. Hines of Manchester, Ia., writing of his almost miraculous escape from death says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for consumption, which completely cured me. I would not be without it even if it cost \$5 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure throat, chest and lung troubles." Regular size 50c and \$1.00 Trial bottles free at the Stafford Drug Co.

ELECTION IN ELY TOWNSHIP.

The election in Ely resulted as follows: Supervisor, Philo P. Chase; clerk, John G. Johnson; treasurer, John M. Carlson; highway commissioner, Hjalmar Johnson; overseer of highways, District No. 1, Magillie Thebert; No. 2, R. J. Mahaffay; No. 3, Bernard Gekhar; No. 4, Leon Japin; school inspector, Philo P. Chase; member board of education, R. J. Mahaffay; member board of review, John Hurkin; justice of the peace, Xavier Racine; constables, Louis Verville, Steve Besack, Thomas Adams and Frank Smith.

ASSIST NATURE. There are times when you should assist nature. It is now undertaking to cleanse your system—if you will take Hood's Sarsaparilla the undertaking will be successful. This great medicine purifies and builds up as nothing else does. The new lines of silk skirts, millinery, dress goods, etc., just in at Braastad's are attractive. (2-11-1f) While below recently I purchased a larger and better line of millinery goods than I have ever before shown. The ladies of Ishpeeming and vicinity are invited to call at my old stand on First street. MRS. A. DEADMAN. (4-6-1f) We have put in a large line of millinery goods, including many stylish trimmed hats. F. Braastad & Co. CATARRH PERMANENTLY CURED. Nasal Catarrh, Catarrh of Head or Catarrh of Sinuses. SCHOOL BONDS FOR SALE.

ISHPEMING SCHOOL DISTRICT NUMBER ONE. The Board of Trustees of Ishpeeming School District Number One of the City of Ishpeeming, County of Marquette and State of Michigan, will receive at the office of the Director of the Peninsular Bank, Ishpeeming, Michigan, until twelve o'clock noon of April 15, 1901, sealed proposals for forty-five thousand and 65 100/100 dollars four of said bonds, each of the denomination of one thousand dollars each, on the first day of March in the years 1912-1913-1914-1915-1916, principal and interest payable at the office of the Treasurer of said School District in the City of Ishpeeming. Said bonds will be issued pursuant to an act of the Legislature of the State of Michigan, approved January 22nd, 1900, entitled "An act to authorize the Board of Trustees of School District Number One of the City of Ishpeeming to borrow money for the funding of floating indebtedness incurred on account of necessary construction of school buildings and for extraordinary expenses and to issue bonds therefor," which act authorizes the issue of \$45,000 of bonds on a vote therefor by the Trustees of said District. Said bonds will be issued in denominations of one thousand (\$1,000) dollars each, and were authorized pursuant to the terms of said act by the Board of Trustees of said School District at this date 1-20-00. The above bond issue will pay all floating debt. The total indebtedness of the City of Ishpeeming at this date is \$118,750. The valuation of property in the City of Ishpeeming for purposes of assessment in the year 1900 was \$5,520,622. The valuation of school property belonging to said School District, buildings and grounds, without furniture or fixtures, is \$172,000. No bond issue of said city or said School District has ever been contested. No indebtedness of said city or said School District has ever been in default. The population of the City of Ishpeeming by last census is 13,600. The School District comprises the City of Ishpeeming. A certificate check for \$50 should accompany each bid. This Board reserves the right to reject any and all bids. Dated Ishpeeming, Mich., March 20, 1901. For the Board, GEORGE HAYDEN, Chairman Finance Committee.

NOTICE FOR BIDS UPON SCHOOL DISTRICT BONDS.

More than a two-thirds majority of the qualified legal voters of the School District of Ontonagon Township, having voted at a legally called special meeting of said district, called and held for that purpose on the 22nd day of March, A. D. 1901, to borrow the sum of Ten Thousand Five Hundred Dollars and to issue the bonds of said district therefor, payable in five annual installments of Twenty-one Hundred Dollars each and to bear interest at rate of not to exceed six per cent, per annum, payable annually; therefore by virtue of such authority the Board of Education of said School District will issue said bonds and do hereby advertise for the lowest rate of interest at which any person, firm or corporation will accept and pay for said bonds the full face value thereof. Bids upon said rate of interest will be received up to six o'clock p.m. of April 10th, 1901, and must be addressed in a sealed envelope to James Corgan, president of the Board of Education, Ontonagon, Michigan, and be marked on the outside "Bids for School Bonds." Said Board reserves the right to reject any or all bids. Said School District is a Township School District, organized under the provisions of Act No. 176 of the public Acts of Michigan for 1891, and acts amendatory thereof. The total bonded indebtedness of said District is \$1,000. There is sufficient cash on hand to pay all floating indebtedness, which will not be taken up by these bonds. Said bonds are authorized for the purpose of erecting school houses within said district. The total taxable valuation of real and personal property in said Township of Ontonagon, according to the last assessment roll, is the sum of \$74,020.00. THE BOARD OF EDUCATION, By JAS. CORGAN, President. Dated, April 1st, 1901. (1-3-01)

ANNUAL BALL THIS EVENING. A GREAT SUCCESS.

This evening the firemen of this city and their friends will celebrate the advent of Easter Monday in a most fitting manner. The fire ladders have been talking ball for the past few weeks pretty steadily, and will give one of the finest ever enjoyed here tonight. It will be held at the opera house, and even that spacious hall will hardly be large enough to accommodate the crowd that will gather there. The Negaunee orchestra band will furnish the music and the program will be in competent hands. Tickets will cost one dollar and there is a slight extra charge for the supper, which will be served at the Breitung house. It is expected that a special car will leave for Ishpeming at the close of the dance and many other conveniences will be at the service of the guests.

GLORIOUS NEWS

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured me of a severe case of scrofula, which had caused me great suffering for years. Terrible sores would break out on my head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion builds up the strength. Only 50 cents. Sold by the Stafford Drug Co.

LOCAL LAONICS.

Thomas Connors transacted business in Swanzy Saturday.

Mark Elliott was up from Palmer on business Saturday morning.

John Roberts of Cook's Mills is spending a few days in the city with his family.

John Krooks, the Northwestern agent at Swanzy, spent yesterday with friends in this city.

John F. Allison is spending a few days in Chicago and nearby cities, visiting friends and relatives.

George Lawton, of the American Steel & Wire company, went down to Iron Mountain Saturday morning on business connected with his concern.

Charles W. Taylor went down to Chicago Friday evening to bring his brother Dan back. Dan has submitted to an operation for appendicitis and is reported to be doing quite well.

Will C. Quinn has bought from E. C. Anthony the residence property on Case street at the corner of Brown avenue, at present occupied by T. D. Hall, for \$3,600. Mr. Quinn will move to his new residence as soon as Mr. Hall can vacate.

S. M. Stevens lodge, B. of L. F., has issued a very neat invitation for its annual ball, which will be given at Casino rink in Marquette this evening. It is in the form of a train dispatcher's order and commands every railroad man to attend. There will be no need of commands, as they are all anxious to take in this most popular dance.

Charles Larson and Louis Hill have entered into partnership and are ready to take contracts for all kinds of carpenter and construction work. The new firm has already secured the contract to raise Mr. Scanlon's house three feet and put another half story on it. Both are experienced carpenters and are fully competent to handle anything in their line.

State of Ohio, City of Toledo, Lucas County—ss. Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Cathartic Cure.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1886.

A. W. GLEASON, Notary Public. Hall's Cathartic Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free. F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Hall's Family Pills are the best.

THE BEST BLOOD PURIFIER.

The blood is constantly being purified by the lungs, liver and kidneys. Keep these organs in a healthy condition and the bowels regular and you will have no need of a blood purifier. For this purpose there is nothing equal to Chamberlain's Stomach and Liver Tablets, one dose of them will do you more good than a dollar bottle of the best blood purifier. Price, 25 cents. Samples free at Stafford Drug Co.'s drug store.

THE EASTER BALL.

The Easter Monday party to be given in the Woodmen's new hall under auspices of the degree team of that society promises to be a very pleasant affair. The music will be furnished by members of the Ishpeming City Band orchestra under the leadership of Professor Clifford. With such music as these talented musicians will furnish the Woodmen may very reasonably expect

YOU WILL INvariably find the best judges of ...

REPUBLIC.

ALL ARE WORKING AGAIN.

THE FIRE AT THE REPUBLIC MINE PROVES NOT AS SERIOUS AS WAS AT FIRST SUPPOSED.

Republic people had occasion for rejoicing early last week when the employees of the mine were informed by the management that they might resume work without delay, despite the fact that the fire in No. 1 shaft was still burning. The workings had been inspected that day and it was found that they were entirely free from gas and smoke. It was a surprise to those who went underground to find the mine in such good condition. When the men started down they were afraid they might have to retreat before thoroughly exploring the mine.

While the mine officials are unable to estimate the amount of damage done it is certain that it will not be as great as they at first feared it would be. It is true that the timbering of the shaft will be destroyed, but this will not cut a great figure, as the shaft will not of such importance that its use cannot be abandoned without loss to the company. In the upper part there was a scam being worked. There is still some ore in there, but it can be reached without much extra cost by partially repairing the shaft. The timbering from the scam down to where the shaft was divided at the 1,099-foot level will not be replaced, unless the shaft shows signs of caving. In that event something might be done to stay it, as the airway through it will be very convenient in the future, as it has been in the past.

Agent D. T. Morgan and his assistants are to be congratulated on the way they cut out the fire from No. 8 shaft. As was explained in the Ishpeming department of The Mining Journal Wednesday last, the water hoisted from the workings was turned down the shaft instead of being brought to surface. Had there been a delay in adopting this plan after the electric bells had given the warning that the shaft was on fire at the bottom, there is no telling what serious extra cost would have resulted. No. 8 is the most important shaft in that end of the mine and had that been as thoroughly scorched as was No. 1 the damage would have been very considerable. The distance from where the fire swept through the drift from No. 1 down to the level at the skip landing, to surface is nearly 1,200 feet. At the rate the fire was burning it would have taken long to destroy the timbering, skip road and all. But with a heavy stream of water flowing down the sides of the shaft the flames had no chance to get a start.

In the case of the No. 1 fire Agent Morgan realized from the first that nothing could be done to extinguish it. He realized that it would have to burn out, and he was very much pleased to see the fire burn out as it did. Had the fire moved as slowly as in the shaft fire of eleven years ago the mine might remain idle as many weeks as it has been idle days.

TO BANISH PAIN

Taken internally in warm milk or water, HINKLEY'S BONE LINIMENT works a speedy and wonderful cure in all cases of stomach, nerve, and other disorders. It banishes pain from the body tormented with neuralgia, colic, cold, headache, asthma, dyspepsia, dysentery, kidney trouble, and a host of other ailments. For forty years

HINKLEY'S BONE LINIMENT

FOR INTERNAL AND EXTERNAL USE

has been effecting cures. It is a family medicine chest in itself—takes the place of a doctor in thousands of homes. It gives instant relief in cases of burns, bruises, cuts, sprains, old sores, and pains of every kind. Sold everywhere in 25c., 50c., and \$1.00 bottles. D. E. PRALL & CO., SAGINAW, MICH.

Additional Ishpeming

ISHPEMING IN BRIEF.

J. M. Hayden is in Pittsburg on business.

Joseph Billings is visiting friends in the copper country.

Marc G. Caley is visiting friends at the head of the lakes.

Dr. A. Deadman transacted business in the Queen City Saturday.

A. W. Myers got back from his Milwaukee trip Saturday morning.

Robert Crabb is convalescing from a very severe attack of pneumonia.

Dr. W. S. Picotte spent Sunday in the copper country with his brother.

L. Clement has returned from his business trip through the copper country.

Mrs. Parke of Chicago is spending a few days with her sister, Miss O'Leary.

A son was born to Mr. and Mrs. Richard White of South Pine street Saturday.

M. H. O'Brien spent Easter with Mr. and Mrs. John Power at the Johnston house.

Sheriff John Penglase was up from Marquette Saturday calling on his numerous friends.

Robert Maxwell, who sprained his knee some time ago, was out for the first time Saturday.

Miss Minnie Belcher is spending a few days with Mr. and Mrs. E. F. Bradt at Iron Mountain.

The Ishpeming city band orchestra will furnish music for the Woodmen party in Republic this evening.

F. Braastad & Co. have just received a fine lot of samples of new wall paper. The stock will be along in a few days.

Miss Minnie Sullivan has one of the most complete lines of millinery ever seen in Ishpeming, and she is enjoying a large patronage.

John Holomeo of Ironwood is visiting friends here and will play the 'cello in Trombley's orchestra at its numerous engagements this week.

Miss Van Alstyn of Iron Mountain, who has been a guest of Mrs. Fred Tomneson for the past week, returned to her home last evening.

Daniel Sullivan, Jr., has taken a place as runner on one of the cars of the Nelson Morris Beef company, with headquarters at Manistique.

Miss Edith Broad, who has been spending the past week with Mr. and Mrs. John Poynter, returned to her school in Amasa last evening.

In consequence of the dance tonight, the regular meeting of the Ishpeming Light Guards will be held Thursday evening, instead of this evening.

The Menominee River Brewing company will have its back beer on draught today, and tomorrow Tom Simons will be ready to deliver it in case lots.

August Jacob wishes The Mining Journal to state that he is not a candidate for the marshaling and has never been. Mr. Jacob extends thanks to the kind friends who mentioned his name in connection with the office, but begs them to desist.

The Swedish Home society gave a very pleasant social in its hall Saturday evening. Trombley's orchestra of twelve pieces furnished the music.

The schools will be re-opened this morning with all the teachers in their places with the exception of Miss O'Leary, who has not yet recovered from here severe illness.

The regular monthly meeting of the township school teachers in this district was held in the high school building Saturday morning. It was conducted by Commissioner P. D. Davis.

William Malmberg is an outspoken candidate for the office of marshal. Last week's issue of the Superior Post contained an article commendatory of Mr. Malmberg and it is said that he has much substantial backing for the office.

Yesterday was not the kind of an Easter which satisfies popular expectation. It was cold and snowy and life indoors was much pleasanter than outside. The churches were full, however, at every service and those who attended were well repaid, as both the sermons and music were very fine.

Word has been received here of the death of W. T. Sapp in Alberquerque, N. M., last week. Sapp was the celebrated ossified man who was exhibited about the country for so many years. He was in the city for some time last summer. He was forty-six years of age at the date of his death. His remains were taken to the home of his mother in Cloversport, Ky., for burial.

WHEN TRAVELING

Whether on pleasure bent or business take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectually on the kidneys, liver and bowels, preventing fevers, headaches and other forms of sickness. For sale in 50 cent bottles by all leading druggists. Manufactured by the California Fig Syrup Co. only.

A SATISFACTORY PLAN.

Marquette & Southeastern Road Will Leave Lake Street in First Class Condition.

COUNCIL HAS APPROVED THE COMPANY'S PRESENT INTENTIONS.

At One Point Its Track Will Run Through Miniature Cut, Properly Guarded, Which Will Be Fully Eight Feet in Depth.

ENGINEER DEIMLING'S LATE STATEMENT.

There is much interest here as to what the Marquette & Southeastern road will do on Lake street and as to the condition in which its crews will leave that thoroughfare. It has been decided to run the second track through a miniature cut which will be some eight feet below the present street grade, at the point where the construction crews are now working, leaving the greater part of the street at the old grade. This cut will be properly guarded. It seems to be the consensus of opinion that this plan is far superior to that of grading the street down for its entire breadth to a level with the new track. The company's intentions relative Lake street are fully explained in the following letter from its chief engineer, J. F. Deimling, to W. T. Ward, chairman of the street committee:

Marquette, Mich., April 4, 1901.

Mr. Walter Ward, Chairman, Street Committee.

"Dear Sir:—We submit herewith the profile of Lake street showing the present grade of the street from the D. S. S. & A. crossover to the Walnut street and the proposed grade of the Marquette & Southeastern railway's main track now being constructed through Lake street. Also sketch showing the present location of dock No. 4 and the proposed arrangement of said dock approach to the Marquette & Southeastern track to be built underneath it; a sketch showing the present and proposed arrangement at dock No. 1 and a sketch showing the present and proposed arrangement at the approach to dock No. 1.

"Referring to the profile, you will note that the grade of the Marquette & Southeastern track and the D. S. S. & A. track at the crossover above referred to are the same. Both tracks will be lowered about eight feet underneath the curved approach and dock No. 1 to permit a clear height of 18 1/2 feet to be obtained between the bottom of the strings in the dock approaches and the top of the rails of the tracks underneath. The grade line gradually rising as it approaches Superior street, at which point the top of rail at tracks will be the same height as the present street grade; that is, the condition existing at the crossing of Superior street with the tracks will be the same as it is at present.

"From Superior street to Main street we propose to have the top of rail of the tracks at the same height as the present street grade.

"From Main street to Washington street there will be no change in the street grade.

"From a point about 300 feet north of Washington street we propose to raise the present grade of the street one foot to a point near the Grace Furnace where we propose to lower the grade of the street to the present level.

"From the Grace Furnace to Walnut street the grade of the railway tracks will be four feet above the present height of Lake street, it being understood in all cases north of Washington street where we propose to raise the present grade of Lake street the entire width of the street will be raised or lowered to conform to the same height as the grade of the tracks.

"Between Superior street and the D. S. S. & A. track scales in Lake street instead of lowering the street to the same height as the grade of the tracks which will be about eight feet below the present height of the street, we propose to build a stone wall west of and parallel with the Marquette & Southeastern track on top of which we propose to build a fence four feet high and leave that portion of the roadway of the street, which will be left after the part occupied by the Marquette & Southeastern, at the same height as it is at present. This is fully explained by a sketch which is herewith presented.

"At dock No. 4 the D. S. S. & A. track is now located at the extreme easterly side of the street, the Marquette & Southeastern track will be built thirteen feet west of and parallel with it and we propose to rearrange the bents now located in the street in such a manner as will leave a roadway seventeen feet in the clear between the bents as shown on the sketches above referred to.

"At dock No. 1 we propose to rearrange the bents in such a manner as will leave a clear roadway of sixteen feet, the same as it is at present.

"At the curved approach to dock No. 1 there was originally a roadway nine-

teen feet in width in the clear but owing to the fact that the said approach is on a sharp curve and makes a skew crossing with the street, it is necessary to contract this width to sixteen feet in the clear, which we propose to do.

"The arrangements at each of these docks and the proposed changes are clearly shown on the sketches herewith presented. In all cases we have endeavored to leave the greatest width of street possible under the circumstances, and trust that the work will be acceptable and approved by your council as it has already been by your committee.

Yours truly, J. F. DEIMLING, Chief Engineer.

\$1,421.50 PREMIUM.

Dennison, Pryor & Co., Paid it for the Refunding Water Bonds.

The board of fire and water commissioners sold their issue of \$35,000 refunding water bonds Thursday evening, Dennison, Pryor & Co., of Cleveland, represented by Representative William Hurs of Detroit, submitted the best bid, they offering \$1,421.50 premium. Their proposition was accepted. This same firm holds the issue of intake improvement bond recently sold. The refunding bonds are four per cent and they run for a period of fifteen years. The bidders other than Dennison, Pryor & Co., were: Lewis & Co., Chicago, \$35,254.50; Hayes & Sons, Cleveland, \$35,654; Seasongood & Meyers, Cincinnati, \$36,115.10; Rudolph Kleybolt & Co., Cincinnati, \$35,460. This sale to Dennison & Pryor & Co., will be executed immediately.

A CHILLY EASTER.

Yesterday's Observances Were Slightly Frosted.

As fate would have it Easter Sunday was the most unpleasant day Marquette had experienced for a week or more. A cold, raw north wind prevailed, with the result that the observances of the big religious festival were slightly frosted and the springlike look which the city should rightfully have put on, was decidedly missing. The elaborate musical programs offered in the several churches attracted unusual large congregations. In most instances Easter was a day for special collections and the church goers dipped into their pocket books liberally to help our suffering missionary, orphan fund and what not. The unfavorable weather was responsible for a curtailment of the usual display of millinery flower gardens, their fair owners, in the most cases, preferring to reserve their exploitation until a date when the breeze should contain more suggestion of summer.

TRIBUTE TO SEARS.

His Duluth Harbor Piers Become World Famous.

If any further proof were wanting, says the Duluth News-Tribune, of the completeness, from an engineering point of view, of the construction of Duluth's new harbor piers, it is amply furnished by the action of the commission of Scandinavian civil engineers who visited Duluth recently and were shown over the work by Major Clinton B. Sears.

Consul General Guenther sends a report to the state department, taken from the German press, in which he states that a new harbor is being constructed at the mouth of the Scandinavian peninsula, for the chief purpose of shipping the immense quantities of iron ore found in Lapland. The iron mines of Gellivare and Luossanora have been developed to such an extent within the past ten years that better facilities for export of the ore have become an urgent necessity.

The new harbor will be named Victoria harbor, and its entire northern shore of more than half a mile will be used exclusively for the shipment of ore produced in the above-named mining districts. The government of Norway has bought an extensive tract along the south side of the harbor.

The harbor will be constructed after the plan of that of Duluth, Minn. The total cost of the docks and buildings is estimated at \$800,000; the cost of the docks proper of about \$350,000.

But the pier at the entry, they were firm to confess, were a revolution to them and the major's method of handling the concrete and the magnificent results obtained, drew from the visitors the highest eulogiums. They were the more interested in the Duluth harbor project because similar climatic conditions, as to the winter season, obtain in the region where the new harbor is being laid out.

That the commission fully endorsed and have profited by what they saw and learned from Major Sears is an additional tribute to the skill and energy displayed by that officer and his assistants in carrying out his project to make the Duluth-Superior harbor a model for the rest of the world.

Carvalho's cigars—others tried them why not you; others smoke them so will you. (4-8-1f)

Brings peace, comfort, mental and physical happiness to the whole family, if taken this month. Nothing half so good as Rocky Mountain Tea. 35c. Stafford Drug Co.

Carvalho's cigars don't make throat dry or bite your tongue.

Get your money's worth by smoking Carvalho's solid, Havana filled cigar.

EASTER MONDAY BALL.

It Will Be Given at the Casino by the Locomotive Firemen.

S. M. Stevens' lodge B. of L. E., will introduce the season of post-Lenten merriment this evening when its members will be hosts at a grand ball to be held at the Casino rink. Elaborate preparations for the function are complete and it will be finished in all the details. The Marquette Ideal orchestra will furnish the music. There is much interest in the ball among the Marquette railroad men and it also extends to other parts of the county. For the accommodation of outside people who desire to attend a special South Shore train will leave Republic at 8:10 p. m., Humboldt at 8:35 p. m., Ishpeming at 9 p. m., and Negaunee at 9:15 p. m. This train will arrive in Marquette at 9:35 a. m. It will leave to return the outside people to their homes on the conclusion of the dance. Committees of the Stevens' lodge will look after the comfort and entertainment of all guests. The attendance promises to tax the capacity of the Casino. Tickets are \$1.

A CLOSE CALL.

Young Dominion Larke Had It a Few Days Ago.

Marquette friends of Mr. and T. H. Larke will be interested in the following from one of the Duluth papers.

"The ten weeks' old son of Mr. and Mrs. Thomas H. Larke, who have just removed from this city to Minneapolis had an adventure a few days ago which nearly cost him his life. A child which frightened his mother as only mothers can be frightened when their offspring is in peril. The incident, however, is not without its humorous features. In view of the fact that Mr. Larke has just been appointed general manager of the Duluth and Superior Steamship line, and the further fact that the infant has not been named, he will be known in this story as Young Dominion, as opposed to the old Dominion line.

"Mr. Larke was in the city last week and made all the necessary arrangements for the removal of his household effects from 1907 East Superior street to the freight depot, and Mrs. Larke and the children were to take an afternoon train for the Flour City, Mrs. Larke, of course, was to superintend the removal of the goods from the house, which is the undisputed prerogative of every married woman when a change of residence is being made.

"It has developed that when Young Dominion arrived in the Larke household 'Tom' bought one of those new fangled basket shaped substitutes for the time honored cradle into the house. They look like a clothes basket dressed for a festive occasion, and are one of the latest fads in the nursery. When the drays drove up to the Larke dwelling last Tuesday morning Young Dominion was sleeping as sweetly as anything in the house, which is a soft, fluffy fabric of some kind was thrown partly over the basket, leaving only sufficient space to admit plenty of air. In the excitement of moving, Young Dominion and his basket occupied the center of the front parlor, but the former was not noticed.

"Two burly draymen entered the house, their huge wagon having just backed up to the front curb. Mrs. Larke forgot for the moment that these men might not be up on the latest substitutes for cradles, and her chief anxiety at the moment of removing the household goods was that reasonable attention should be given to handling the furniture in such a way that the varnish should not all be knocked off before the goods were out of the house. The burly draymen hoisted a few pieces of furniture on top of the wagon and then they made an individual canvass of the rooms nearest to hand for articles that they could handle without assistance. One man, who evidently was reared in one of the old-fashioned cradles, and who, if he has a family and children, uses the old style of cradle himself, caught up the basket containing Young Dominion, still sleeping sweetly and snoring not a bit, under one arm, and a marble topped stand under the other, and then hurried out to the wagon. The supposed piece of furniture was jammed up against the pieces of furniture that had gone before. About that time the other man came down the stairs with a couple of mattresses on his back. He piled them up snug and tight on the wagon against the tall pieces of parlor furniture, and on top of the basket containing Young Dominion.

"About that time the other man came down the stairs with a couple of mattresses on his back. He piled them up snug and tight on the wagon against the tall pieces of parlor furniture, and on top of the basket containing Young Dominion.

"Where is my baby?" demanded Mrs. Larke of the huge drayman who was engaged in swinging a bookcase out into the center of the room.

"Which baby? I didn't see no baby."

"Why, my baby that was here in the center of the room in that basket."

"Oh! Why that basket is on the load," observed the drayman exhibiting no little astonishment and concern.

"Well, you had better unload it as quick as you know how," said Mrs. Larke, and she started for the wagon herself. When the man arrived she was tugging at the mattresses. The man, with a gentleness which would not have been suspected from his rough exterior, pushed her aside and grasping the heavy mattresses threw them onto the sidewalk. There was a serious look on his face as he did this and his hand trembled a little as he drew down the fluffy covering to the basket. Neither Mrs. Larke nor the drayman had spoken of the possible danger to which Young Dominion was exposed, but both felt and knew that it was possible he might have suffocated under the mattresses.

"When the blanket was drawn Mrs. Larke was greatly frightened, for the baby was getting black in the face. He soon recovered, but it was a narrow escape.

"The drayman murmured, 'That's lucky,' and the mother gathered up Young Dominion and allowed the draymen to break all the furniture they pleased during the balance of the work of removal."

Cuts, wounds, burns, sprains and bruises quickly heal if you apply BALLARD'S SNOW LINIMENT. Price 25 cents and 50 cents. The Stafford Drug Co.

AN ABSOLUTE FACT THAT GREGG'S COFFEES ARE THE BEST.

Pan-American Exposition Company, D. S. Morgan Bldg., Buffalo, N. Y.

C. D. Gregg Tea & Coffee Co., Chicago and St. Louis.

Gentlemen:—We enclose you contract for the exclusive supply of coffee for all the restaurants at the Pan-American Exposition to be held in Buffalo during the coming summer. BLOCKADED.

Some in Every Household in Marquette But They Are Growing Less.

The back aches because the kidneys are blocked. Help the kidneys with their work. The back will ache no more. Lots of proof that Doan's Kidney Pills do this.

It's the best proof, for it comes from Marquette. Mr. Fred Price, of No. 824 Third street, says: "From the result of a strain of my back when at heavy work I was troubled a great deal with dull aching pains through my loins and kidneys. It was particularly painful if I did any stooping or lifting; at night I could not rest comfortably in any position and rose in the morning feeling tired and unrefreshed. I saw Doan's Kidney Pills highly recommended and procured them at the Stafford Drug Co. They relieved me promptly and I was soon entirely rid of the trouble."

For sale by all dealers, price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitutes.
