IT GIRDLES THE GLOBE.

Bubonic Plague Now Raging in All Parts of the World.

VIOLENT AT CANTON, CHINA

10,000 Deaths in Six Weeks Reported There. With Alarming Reports from India and Africa.

RAMPANT IN MANY LANDS.

Peking, April 11.—United States Consul McWade, at Canton, reports that ten thousand deaths from the plague have occurred there during the past six weeks, and that there are thirteen cases of small-pox on board the United States motor Monterey. One death has resulted on Monterey.

BAD IN CAPE COLONY.

Washington, April 11.—Thousands of cases of the bubonic plague in all parts of the world since Nov. 1 last have been reported to the Marine Hospital service.

At Rio Janeiro, from Feb 1 to 20 there occurred five new cases and three deaths. At Hong Kong, China, three cases, all fatal, occurred during the week ending Feb. 13.

The plague is steadily increasing in Cape Colony, according to the reports received in both London and Paris. The official report from Cape Colony for the week ended March 2 shows twenty-four new cases, two deaths and four suspects; for the following week, fifty cases, eighteen deaths and eleven suspects. Several Europeans have been attacked, and a number of natives have been found dead from the disease. Rats are reported trekking from Cape Town in great numbers, and at Simonstown rats are reported dying from the plague.

At Mauritius, during the two weeks ended March 8 there were in the island eighteen fresh cases of the plague and twenty-five deaths. On March 14, two fresh plague cases were reported in Perth, West Australia. The plague at Karakum, Russia, is stated in an official report from Paris to be on the decrease, the same report saying that thirteen deaths from cholera occurred at Singapore, Straits Settlements, during the last week of January. A report published in a Berlin paper on March 11 and forwarded here says the plague at Cape Town is now attacking the well-to-do people.

HEAVY MORTALITY IN INDIA.

Marine Hospital Surgeon Greene, at Berlin, has just reported that in the Kirgisen reservation, Karakum, Russia, thirteen persons have fallen victims to the plague; and in the presidency of Bombay, British East India, during the week ended Feb. 8 there occurred 1,770 plague cases and 1,293 deaths, an increase of 519 cases and 214 deaths over the previous week. In Bombay City that week there were 1,056 cases of plague, an increase of 309, and 1,353 deaths were ascribed to the plague.

Up to March 2, fifty plague cases occurred in Cape Town, of which twelve terminated fatally. In Argentine, five plague patients were in the isolation hospital at San Nicolas on Feb. 7 and the plague was suspected in the cities of Belleville and Marjos Juarez, Cordoba province.

DISGRACED MINISTER RE-IGNS.

Stuttgart, April 11.—Baron Schott von Schottenstein, minister for war for Wurtemberg, concerning whom reports of resignation under pressure and of suicide pending painful disclosures were circulated last month, resigned his portfolio today. For nine years the baron, who was a general of infantry, was minister for war for Wurtemberg. Last month a woman was arrested in Stuttgart at whose fashionable residence it was alleged, scandalous orgies had occurred. Baron von Schottenstein was accused of being one of the principal participants and was called upon to testify at the preliminary hearing of the charges against the accused woman. Shortly afterward he was given a leave of absence by the king of Wurtemberg and there was a report he had committed suicide.

BURLINGTON DEAL CLOSED.

New York, April 11.—The Commercial Advertiser this evening says: James J. Hill left New York today for his home in St. Paul. He had intended leaving last Tuesday, but new phases of the Burlington deal detained him. It is authoritatively stated that the Morgan-Hill interests now own enough of Chicago, Burlington & Quincy stock to insure the successful consummation of the deal by which that road passes to the control of the Northern Pacific and Great Northern roads. All the Burlington stockholders will have opportunity to exchange their holdings for new 3 1/2 per cent bonds guaranteed by the Northern Pacific and Great Northern.

DEFEATS THE GERMAN CYCLISTS!

Berlin, April 11.—In the bicycle races here today, "Major" Taylor, the American colored rider, won the kilometer

match, with a prize of 500 marks, defeating the German riders Arendt, Huber, Ellegard, Seidl and others. In the tandem race, 600 metres, Taylor and Arendt were the winners.

BAN ON AMERICAN BEEF.

ACTION OF THE ENGLISH GOVERNMENT OF LITTLE EFFECT HERE SAY PACKINGHOUSE MEN

Omaha, April 11.—Edward A. Cudahy, head of the packing house interests of the Cudahy Packing company, was asked tonight what he anticipated would be the effect of the decision of the British government to refrain to use American meats. He said he thought the result would not be serious. He understands the restriction affects the home government alone, and not the colonies, and stated his company was now filling an order for two million pounds for the English government's use in South Africa, part of which already has been shipped. He said the home consumption of meat by that government is small and will have little or no consequence in the packing business. He does not think the people of Great Britain will be influenced by the action of the government, as American meats are accepted by the British without question, and he does not anticipate any damage to the American trade.

Chicago, April 11.—The packers of this city were not disposed this evening to discuss the reported action of the English government in placing a ban on American beef. None of them seemed greatly surprised at the action, and all said they had determined on no course of action. "We will wait until we know more about it," said General Manager Meeker, of Armour & Co.

CZAR NOT IN FEAR.

ALARM FOR HIS LIFE FELT IN ALL CIRCLES, HOWEVER, ALTHOUGH THE REPORTS OF PLOTS ARE DISCREDITED.

London, Friday, April 12.—A dispatch from St. Petersburg says that "the stories of plots against the life of the czar which have found their way into the American press through English, German, Austrian and French channels were common talk on the streets of St. Petersburg months before they were published, but their inherent improbability and falsity as to details caused them to be generally disbelieved."

"The reports to the effect that the czar was living behind steel walls, and continually running from one desk to another in his study for fear of bombs, have aroused nothing but ridicule. Alarm has been felt in all circles for the life of the czar, as avowed anarchists and revolutionists have been displaying unusual activity since the beginning of the student troubles. It would not be going too far to say that the students' central committee, or some members thereof, are probably compromised by their relations with revolutionary organizations; but it is not generally believed that the students are infected with revolutionary principles."

"The students do not appear ever to have regarded the czar as responsible for their grievances," continues the dispatch. "He recently received a delegation of them at Tsarakoe-Saloe, where he now resides. Many of them frankly confess they have never heard an unkind word spoken of him, and this cannot be attributed to fear, for the students are accustomed to talk freely among themselves. Thus the idea that the students as a body are plotting against his life falls to the ground. Emperor Nicholas certainly does not seem to entertain fear, for he comes to the city frequently to transact state affairs or attend public concerts."

WANT STATE AID FOR SCHOOLS.

Chicago, April 11.—The delegates to the third annual convention of Catholic colleges devoted their attention today to consideration of technical subjects. The speakers at the afternoon session declared that modern educational legislation threatened the life of the parochial school system. It was argued that under the existing conditions Catholics were compelled to pay taxes for the support of the public schools which their children do not attend. It was insisted that the state should recognize the Catholic schools on the same basis with other educational institutions to which financial assistance is given. Father Dowling, of the Omaha University, expressed fear that Catholics had in the past kept in close touch with the improved methods devoted by the non-sectarian institutions. They have failed to present their argument to the mass of the people by means of newspaper, magazine and other publications.

GOBBLED BY THE TUG TRUST.

Buffalo, April 11.—Attorney George S. Potter, counsel for the Mayhain Towing & Wrecking company, tonight announced that the deal whereby the Great Lakes Towing company absorbs the Mayhain line has been closed. The acquisition gives the Great Lakes company control of the towing business of the great lakes.

TODAY'S WEATHER.

Washington, April 11.—The following is the weather bureau forecast for Upper Michigan: Partly cloudy Friday; probably showers Saturday; variable winds.

Ottumwa, Ia., April 11.—Peter Crips, proprietor of a livery stable, and Bert Houston, a driver, were probably fatally stabbed tonight by gamblers who were celebrating heavy winnings. Six gamblers were arrested. The assault was unprovoked.

CITY TEEMS WITH VICE.

"Committee of Fifteen" Reports on Condition in Gotham.

RESULT OF INVESTIGATION

Found That Gambling and Like Resorts Are Operated Openly and Under Protection of Police

SOCIAL EVIL ALARMING.

New York, April 11.—The committee of fifteen organized some months ago to investigate vice as it exists in this city made a preliminary report to the public today.

The report says that the committee's agents, by investigation disclosed the fact that gambling and pool rooms are being operated openly in violation of law; that the gambling spirit has been developed to such an extent as to become a distinct menace to the community, and that these resorts are undoubtedly protected in their operation by the officers whose duty it is to close them.

The committee says the actual conditions of the tenement house population is alarming in respect to social evil, and that in 125 tenement houses examined by its agents in which disorderly women were living, there were found in each house an average of twenty-four children under the age of eighteen years.

The committee seconds the necessity of providing suitable places of meeting where people in each neighborhood can come together and discuss the evils that menace their civil life. The recommendation is made that in each assembly district one suitable hall shall be built which shall be kept available for such citizens' meetings, and it throws out the suggestion that these might be built in connection with the new public libraries which are likely to be erected in every part of Greater New York.

FRANCO-ITALIAN FETES AT END.

Toulon, April 11.—In behalf of the king of Italy, the Duke of Genoa today distributed a number of decorations to the French ministers and military, naval and civil officials.

President Loubet spent the early part of the day in making a tour of the hospitals and afterwards received at the town hall delegates from the Toulon societies. At noon M. Loubet boarded the L. Panto, the Italian flag, and lunched with the Duke of Genoa. The latter, in toasting the chief executive, touched upon the present situation of the two warmly clasped hands. At the conclusion of the festivities to-night, M. Loubet proceeded to his home at Montelmar, in the department of Drome, to visit his aged mother and take a few days' repose.

M. Hanotaux, former minister for foreign affairs, in an interview is quoted as expressing the opinion that the demonstrations were a valuable indication of the pacific sentiments animating the powers. The visit of the Italian squadron marks the end of a painful period of tension in the relations between France and Italy.

GOES TO JAIL FOR CONTEMPT.

New York, April 11.—Justice Scott in the supreme court today handed down a decision adjudging Councilman Stewart M. Brice, son of the late ex-Senator Brice, guilty of contempt of court, sentencing him to ten days in the county jail and to pay a fine of \$475. Nearly two years ago, as the result of a mammoth proceeding, the supreme court issued an order directing the common council not to pass upon a certain amount of bonds in connection with the Hall of Records. Some of the councilmen refused to obey the order. Subsequently the matter was settled and the officials secured themselves of contempt by passing the bond issue. Brice fought the matter in the supreme court and the contempt proceedings in his case have been pending ever since.

HEAVY SNOW IN THE WEST.

Denver, April 11.—A snow storm which began Tuesday and continued intermittently developed into a blizzard during last night and today throughout eastern Colorado and Wyoming the ground is covered with wet snow to the depth of one or two feet. No serious damage is yet reported, but railroad trains are arriving several hours late.

CAPT. ED BALL STEPS UP.

Duluth, April 11.—Edward Ball, general manager of the Minnesota mine at Tower, the Fayal, Genoa and Elba mines, and in charge of Vermilion explorations, is to take the position of general superintendent of the mines of the Tennessee Coal & Iron company on May 1. The place was offered him by Don H. Bacon, chairman of the board of directors of the company a few weeks ago. Mr. Ball notified President Greatsinger of the Minnesota

iron company and after a conference with him yesterday afternoon the matter was arranged, and it was agreed that Mr. Ball should leave on May 1. The new position will require Mr. Ball to take up his residence in Birmingham, Ala. It is a fine advancement for him and means a much larger salary. Captain Ball has been in Tower about seven or eight years, going there from the Marquette district.

KITCHENER'S ARMY TOO SMALL.

BRITISH COMPELLED TO EVACUATE HOOPSTADT—A BIG DONATION FOR THE BOERS.

London, Friday, April 12.—No further news has been received regarding the reported resumption of peace negotiations in South Africa, but the fact that the censor allowed the report to pass and the fact that the government has not issued denials are held to prove that negotiations of some sort in progress.

A casualty list issued last evening revealed the fact that Lord Methuen was discharged from the hospital last week, this being the first notice of his being ill.

There is little other news from South Africa beyond the report that the British have evacuated Hoopstad, which The Daily Mail observes seems to show that Kitchener's force is still none too strong.

It was announced from Brussels that the Dutch Transvaal committee has handed Kruger a check for seventeen million florins, collected in Holland for the assistance of the Boers. It appears that Kruger's entourage assert that the route from Leydsdoran to Zoutpansburg is heavily fortified and able to resist the British for a long time.

The British war office has issued the following special order regarding surrenders in the field: "Any officer or soldier who, when in the presence of the enemy, displays a white flag or other token of surrender, will be tried by general court-martial."

IS DICTATOR OF VENEZUELA.

\$2,000,000 LAID UP IN TWO YEARS BY CASTRO ON A SALARY OF \$12,000—IS HOSTILE TO THE U. S.—VIEWS OF MINISTER LOOMIS.

Later—Minister Loomis called for the United States this afternoon by the steamer Caracas. He emphatically declined to disclose the nature of his report to President McKinley, but judging from casual remarks which he let fall he is evidently quite antagonistic to President Castro. He said that the latter's salary is \$12,000 per year, but that he has laid up two million dollars in the last two years.

IS HOSTILE TO AMERICA.

"President Castro told the Venezuelan," said Mr. Loomis, "that they and the Europeans in Trinidad were at liberty to seize claims in the Orinoco district on land previously ceded to Americans. It was evidently his intention to embarrass the United States government and force it to make armed demonstrations, such as would possibly lead to trouble with foreign nations owing to the large German and British commercial interests on the coast."

"The Venezuelan constitutional convention elected Castro provisional president until autumn, when there will be an election for an eight-year term. General Andrade will not be president, but his friends are working and a revolution is possible in the course of a year. He is now at Caracas awaiting developments."

"The situation, so far as the United States government is concerned, has passed the acute point. Such difficulties as exist can be settled diplomatically. I scarcely expect to return to Caracas. I have already served four years and am quite satisfied to bring the experience to a close."

CANAL FLOW ORDERED REDUCED.

Chicago, April 11.—The Post today says: "The federal authorities today ordered the flow in the Chicago river reduced from 300,000 to 200,000 cubic feet per minute. This action on the part of the war department was brought about by the protest of local river interests and the Lake Carriers' association, which since the opening of the big canal have complained that the flow of 300,000 cubic feet provided by the law was dangerous to navigation under the present conditions."

CHICAGO STUDENTS SEIZE TRAIN.

Chicago, April 11.—Seventy-five students of Armour Institute, wearing night gowns outside their other garments, took possession of a South Side elevated train tonight and before they were ejected by the police caused several women passengers to go into hysterics and otherwise created a pandemonium. The students were celebrating the gift of a million dollars to the institute by Mrs. F. D. Armour and J. Ogden Armour, widow and son of the founder.

CITIZENS BURN A PEST HOUSE.

Bradford, Pa., April 11.—The town is greatly excited tonight over the burning of a public building by a mob. The board of health had selected a vacant school house for a temporary pest house for small-pox patients. The residents of the locality became greatly wrought up and tonight a mob of three hundred persons seized the watchman, battered down the doors and set fire to the structure, which was soon destroyed.

SULTAN GETS A BIG LOAN.

Berlin, April 11.—A special dispatch from Constantinople says that the Turkish government has raised a loan of \$200,000 from the Ottoman bank to settle the claims of the Cramps and the Krupps.

Copper Country Department

(Additional Copper Country on Page 2.)

DESERTED BY THE MOTHER.

DEPLORABLE STATE OF AFFAIRS FOUND IN A HANCOCK HOME.

A deplorable state of affairs in a house on Hancock street, near Ravine, was called to the attention of Mayor A. J. Scott of Hancock yesterday morning. He visited the place and found four children living there alone in the midst of filthy conditions. The children—three girls and a boy—were half dressed and apparently about starved. Mr. Scott afterwards remarked that he did not believe they had been washed for a month, as it was evident from their appearance that little, if any, water had been used for that purpose.

It is simply the story of a mother (the father is dead) deserting her children and leaving them in a shack of a house where a fourteen-year-old boy, the oldest child of the family, is supporting his brother and sisters in the firm belief that his mother will return. The lad works at Lewis' tea store for \$12 a month and that, with an additional \$12 from the county poor commissioner of the district, pays the rent of \$7 a month for the house and all the store bills. The present whereabouts of the mother are unknown, and it was not until yesterday that the condition of affairs in the house became known, not even the neighbors being acquainted with the facts.

A little over five weeks ago the woman, whose name is Peterson, went to John Crawford, the Hancock undertaker, who has charge of the house rented by her, and after paying the rent up to the first of April stated to Mr. Crawford that she intended leaving town. Mr. Crawford told The Mining Journal yesterday morning that he asked the woman at the time where she was going and how long she was to remain away. She replied, "O, not very far away, and I'll be back in two or three weeks." With that Mr. Crawford asked no further questions and forgot all about the matter. He knew nothing of the condition the children were in until yesterday, when Mr. Scott went to him for some information. Mr. Crawford is inclined to believe the woman is mentally unbalanced, as it is hard to believe that any sane mother would leave her children in such circumstances. The elder boy thinks that his mother is in Duluth, for at one time he heard her remark that she would soon go to that city. While the woman was in Hancock she took in washing and the money received from that, in addition to the amount obtained from the county, was sufficient to enable her to support the children.

The age of the youngest child, a boy, is about three years; the next is a girl of five; the next two are girls, aged eight and twelve, respectively, and then there is the boy of fourteen. All the children are bright and it is on that account that Mr. Scott cannot understand why such an utter lack

of care is shown in the matter of keeping the house free from filth and dirt. When the Good Will farm first started all of the five children were inmates, being the first to be received into the home. They remained there two years, when the mother took them home again. They have not been given the advantages of a public school education since that time, which makes their case all the more to be regretted.

After Mr. Scott had investigated the matter yesterday morning he immediately took steps to do something for the children. Rev. Mr. Myers, of the Good Will farm, was called up by telephone and the situation explained to him. Mr. Scott asked Mr. Myers if he would take the children, and the latter replied he would and would go to Hancock to look into the matter that morning. The children will be taken there when the proper care and sent to school.

PEOPLE WITH COOLEY.

Considerable interest has been aroused at Calumet over the attempt being made to oust Frank W. Cooley, superintendent of the public schools, from office. The movement is mainly with certain members of the school board, as it is understood the general public is with him. The agitation for a new superintendent was commenced last summer and since that time has been talked of more or less. It is thought the matter will receive some attention at the meeting of the board tonight, and it may be settled. A petition in behalf of the superintendent was circulated by several prominent Calumet ladies during the fore part of the week and was largely signed. It shows the feeling to be greatly in favor of Mr. Cooley, as most Calumet people realize that his ability and record are of the highest order.

State of Ohio, City of Toledo, Lucas County—ss. Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for such and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY, Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1886.

A. W. GLEASON, Notary Public. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free. F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Hall's Family Pills are the best.

Even the most vigorous and hearty people have at times a feeling of weariness and lassitude. To dispel this feeling take HERBINE. It will impart vigor and vitality. Price 50 cents. The Stafford Drug Co.

ONLY DESERVING POOR AIDED.

MR. BENTLY'S DISTRICT IS A MODEL IN THAT RESPECT.

In regard to the "outside aid" given by Houghton county poor commissioners to people on their lists about which so much has been said, a few words in behalf of the district comprising the townships of Quincy, Franklin and Hancock, presided over by George C. Bently, may not be amiss. The manner in which Mr. Bently distributes county funds to the deserving poor within his jurisdiction, it will be seen, well demonstrates that the duties of his office are well headed, and it will meet with the approbation of all. In this connection, the following facts were yesterday ascertained by The Mining Journal from a prominent citizen who is close to county affairs of this nature; as to the other districts, nothing is known at present by the reporter.

A year ago last June, Mr. Bently took charge of his present office with a determination to give aid only to those deserving of it. The list of names of those receiving money from the county up to that time was carefully looked over by him. Those people whom he personally knew to be deserving of help, he left on the list. All others—and there were many—were stricken off. He then informed the latter that if in need and the allowance was a necessarily conclusive proof would have to be furnished before they would be reinstated. Some of these people were able to show that they were entirely dependent on the county for monthly aid and consequently continued receiving money. The rest could not satisfactorily prove that they were in need and were refused all further help. The result was that some of the old names were permanently stricken from the list. Since that time several new names have been added, but in every case a careful investigation concerning each person was made in order to warrant his or her name being added. At those times business men and others who knew the persons in question were consulted, and it was not until the requisite proof was secured that aid was given.

It was only recently that Mr. Bently prepared a list of the persons in his district now getting help from the county and sent copies of it to three well-known Hancock gentlemen—Captain Samuel Harris, of the Quincy; Mayor Scott, and Robert Shields, of the Avondale—with the request that they carefully look the names over and report any who, in their estimation, were not deserving of county aid. They separately investigated and not one found a person who was not in every way entitled to the help given by the county.

Considering several cases of people in Mr. Bently's district who are getting aid from the county, it is puzzling to those acquainted with the facts of each how a family can get along with only \$8 or \$10 a month—but they do. It has often been said that certain persons receiving help were getting money from a brother, sister or some relative or relatives, but when such talk came to the ears of Mr. Bently he immediately investigated to find, as usual, that the comment was without foundation.

NOTICE—If in want of men call up Perrault's Employment Agency, Phone 231, Calumet. (4-6-1m)

THEATRICAL ATTRACTIONS.

"The Christian" will be presented at the Houghton Armory Opera House on the evening of April 18. On the previous night, "Uncle Josh Spruce" will be produced. Hoy's "A Milk White Plug" will be given on April 20. During the following week Hermann, the magician, will appear and also Gus Sun's famous minstrels.

SELLS HIS GROCERY.

Judge Charles Oliver of Hancock has sold his stock of groceries to the commission houses and will discontinue the store in the Levy & Feldman building. During the past year or more Mr. Oliver has not paid particular attention to his grocery business, the duties of the justice office taking up most of his time. The building is soon to be remodeled and used by Levy & Feldman as a liquor store. The judge will then move his office to the rooms up stairs.

SOLDIERS RETURNING.

The copper country boys who were soldiers in the Thirtieth regiment, recently returned from the Philippines, are reaching their respective homes singly or in pairs, and one or two arrive every day. Those who have already returned appear well and strong. The banquet arranged to be given in the Calumet soldiers in the Light Guard Armory tonight has been postponed until next Tuesday evening, when it is expected all the boys will be home.

WEDDED AT THE ATLANTIC.

Edward Siller of Houghton and Miss Gertrude Messner of the Atlantic were married at high noon yesterday by Rev. Father Rezek of St. Ignace's Catholic church, Houghton, at the home of the bride's parents, Mr. and Mrs. Michael Messner. Frank Siller, a brother of the groom, was the best man and Miss Emma Messner, the bride's sister, was bridesmaid. The wedding was a private affair, only relatives and a few of the immediate friends being present. Both bride and groom are well-known young people and have many friends throughout the county. Mr. and Mrs. Siller left on the afternoon train for a ten days' wedding trip to Chicago and will on their return be "at home" in East Houghton.

THE BEST BLOOD PURIFIER.

The blood is constantly being purified by the lungs, liver and kidneys. Keep these organs in a healthy condition and the bowels regular and you will have no need of a blood purifier. For this purpose there is nothing equal to Chamberlain's Stomach and Liver Tablets, one dose of them will do you more good than a dollar bottle of the best blood purifier. Price, 25 cents. Samples free at Stafford Drug Co.'s drug store.

Those horrid fits of depression, melancholy, low spirits, and sudden irritability, that sometimes afflict even good-tempered people are due to the blood being permeated with black bile. HERBINE will purify the blood, restore health and cheerfulness. Price 50 cents. The Stafford Drug Co.

NEW HANCOCK CHURCH.

At the corner of Michigan and Railroad avenues, West Hancock, a small force of men is at work on the foundation of a new church which is being built by the Swedish Lutheran society of that section of the village. Late last fall it was decided that a comfortable edifice should be built, and consequently plans were made and in part carried out before the coming of cold weather. The excavating for the foundation was partially done, the work having been continued until the ground froze up. Building operations were again resumed the fore part of this week and will now be pushed with vigor. The location is excellent and one of the best in West Hancock. Eric Anderson, a Hancock contractor and builder, has the contract for the work.

OBITUARY.

Mrs. Michael Powers, aged about fifty-five years, died from a complication of diseases at her home at the Quincy at 7 o'clock Wednesday evening. She had been ill for the last four years, during all of which time her case was hopeless and death only ended her long suffering. Mrs. Powers leaves a husband and three children—Mrs. Hagen and Mrs. Sincok of Hancock and Thomas Powers of the Quincy. The deceased was an old resident, coming to Hancock over twenty years ago. No definite arrangements for the funeral had been made at this writing.

The funeral of Mrs. Peter O'Brien of Hancock, who died late Wednesday afternoon at St. Joseph's hospital after a short illness, will be held from St. Patrick's Catholic church at 9:30 o'clock tomorrow morning. Mrs. O'Brien was an old resident of the Quincy and had a wide circle of friends. She leaves a husband and six sons.

BALL GAME IS OFF.

The game of indoor baseball between the Houghton Light Infantry team and the Calumet Rivalis scheduled to take place at the Houghton Armory tonight will not be played, as the latter aggregation again caused the match to be postponed, this time on account of the college concert at the Calumet High school this evening. The Portage Lake fans are again disappointed and it is now considered doubtful whether or not the two clubs will meet again this season.

THE APPETITE OF A GOAT.

Is envied by all poor dyspeptics whose stomach and liver are out of order. All such should know that Dr. King's New Life Pills, the wonderful stomach and liver remedy, give a splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. MILLER'S DEPARTMENT STORE, HOUGHTON, MICH.

FORMER REBEL TO RULE.

General Delgado Appointed Governor of Iloilo Province—Big Surrender Reported by MacArthur.

Washington, April 11.—The war department this morning received the following: "Manila—Colonel Arce surrendered at Castillejos yesterday with 325 soldiers, twelve officers and arms. This and the surrender of Colonel Alva, at Orangapo, April 8, with thirteen officers, 284 men and ninety-two rifles, frees Batanan and Zamboanga provinces. (Signed.) MacArthur."

POST FOR INSURGENT LEADER.

Iloilo, Island of Panay, April 11.—General Martin Delgado, chief insurgent commander in the island of Panay until his surrender in January, has been appointed governor of the province of Iloilo, created by the United States Philippine commission today. Delgado was recommended by General Hughes and his subordinate officers and many natives as honest, capable and popular. His salary will be \$3,000 in gold, the highest of any provincial governor. Lieutenant Thompson, Thirty-eighth regiment, was appointed messenger, but the other officials are natives. The province contains nearly half the population of the island of Panay, estimated at a million persons.

RICE DECISION RESERVED.

New York, April 11.—The hearing in the case of Albert T. Patrick, charged with the murder of the aged millionaire, William Marsh Rice, was closed this afternoon. Justice Jerome announced he reserved his decision, but hoped to make it known by next Monday. It rests with Justice Jerome whether or not Patrick will stay in the Tombs.

In summing up for the prisoner, his counsel, Attorney Moore, presented several reasons why he thought Patrick should be freed. The last one was this: "Admitting, if you will, that Patrick is guilty of forgery, the corroboration of that has no bearing on the charge of murder. We contend that there is no evidence that Rice was murdered."

"That may be," Justice Jerome said, "but under common law, one is not liable for the murder of another, if he holds the defendant for the grand jury. Whether the statutes change this, in regard to holding the defendant for the grand jury, is a question. That is a mere question of law and can easily be settled."

Attorney Moore, acting for David L. Short and Morris Meyers, waived the examination of the charges of forgery against them, as he also did concerning the charges of forgery against Patrick. The latter was remanded to the Tombs without bail on the murder charge, but was held with him on the forgery matter, while Short and Meyers were held in bonds of \$10,000 each.

ORE PRICES ARE CUT.

Cleveland, April 11.—The Plaindealer says: "If the policy established by the United States Steel corporation in the fixing of the price of ore is carried out in all other branches of the trade, the independent mine owners, furnacemen and mill owners will have nothing to fear from the big corporation."

At a meeting of the Bessemer Ore association here the price for all standard Bessemer ores was fixed. The price of the price of ore is carried out in all other branches of the trade, the independent mine owners, furnacemen and mill owners will have nothing to fear from the big corporation."

The independent mine owners are well pleased with the action of the United States Steel corporation in the fixing of prices. Official notices of the action of the Bessemer Ore association were sent out yesterday and the prices went into effect today.

LIZARD IN HIS STOMACH.

Clinton, Ia., April 11.—George McCusky of this city has just had removed from his stomach a lizard five and a half inches long. Eight years ago while fishing McCusky became thirsty and drank from the muddy waters of a river. He felt something pass down his throat, but thought little of the matter. About two years ago he commenced to lose flesh and complained of great distress in his stomach and found relief only in liquor. If he went without food for several hours the pain was intense. A few weeks ago he went to the marine hospital at St. Louis for the purpose of having the supposed tumor removed. He was informed there was something alive in his stomach, and for three days McCusky did not partake of food. He was then given a piece of bread soaked in poison, followed with a strong cathartic.

A Bad Breath

A bad breath means a bad stomach, a bad digestion, a bad liver. Ayer's Pills are liver pills. They cure constipation, biliousness, dyspepsia, sick headache.

25c. All druggists.

Want your mustache or beard a beautiful brown or rich black? Use the BUCKINGHAM'S DYE for Whiskers.

800 Broadway, New York.

PINGREE BILL IS PASSED.

House Votes in Favor of the Chandler Measure, Taxing the Property of Corporations.

Lansing, Mich., April 11.—The house late today passed the Chandler railroad ad valorem tax bill, which also provides for taxation according to the ad valorem system of telephone, telegraph, express, sleeping car and parlor car companies.

The bill is practically along the same lines as the Atkinson bill, for which former Governor Pingree fought continuously during his four-year term and which, when passed, was declared unconstitutional by the supreme court. The constitutional bar to the law was removed by the people at the November election.

An appraisal of the value of all railroad property has been partly made by the state tax commission at a cost of over \$50,000, and will be utilized when completed for the assessment of the property. This appraisal is not satisfactory to many of the railroad companies, and the claim is made that it will render the business of a number of roads in the state unprofitable. Unmindful of the fact that the Chandler bill contains a clause for the assessment of the property of sleeping car companies, the senate yesterday passed the Charles Smith bill for the taxation of such companies on the basis of their capital stock and the number of miles of road over which their cars are operated. The bill provides for a tax of about \$4,000 a year.

TWO MINNESOTA MINES SOLD.

Duluth, April 11.—The Minnesota Iron company has sold two mining properties, the Elba and the Corsica. The deal has caused considerable surprise, as the big steel combine is supposed to be after all the mines it can get. The deal was made, however, before the company passed into the hands of the combine, although it has not been formally closed. Pickands, Mather & Co. have undeveloped properties near by which will make an important mining center there in time. The Elba has been mining a large amount of ore the past winter, large amounts of iron ore (winter, and has more than 50,000 tons on the surface. The Corsica has a small stock of ore taken out of the development.

LIQUIDATION IN STOCKS.

New York, April 11.—Speculative liquidation was at work again in today's stock market. It was offset during the early part of the day by aggressive strength shown by a handful of stocks. The advance in these was helped by violent manipulation, but it served to sustain the rest of the market in the face of heavy selling until the call money rate ran up again, when the pressure to sell became greater than the buying power, and the market turned weak. Even the notably strong stocks lost all their gains as a rule, and the market closed dull and about the lowest, with considerable net losses except in a very few stocks.

The failure of official confirmation of the Burlington deal had a good deal to do with the depression which permeated the whole market as the day progressed. The widespread belief in impending consolidations of importance in the copper world made Amalgamated Copper very active and buoyant, but the change in the stock practically all of its 3 1/2-point rise. The Chicago & Northwestern stocks continued their remarkable rise, common advancing 13 points and preferred 11, each of them showing 5-point advances between sales. Denials from official sources of the rumor of consolidation of this road with Chicago, Minneapolis, St. Paul & Omaha and with Union Pacific caused a reaction in the stock of 7 1/2.

There were denials of the rumored sale of consolidated Gas real estate causing a reaction of 4 points from the stock's 1/2-point rise. The advance of 3 1/2 in Rock Island on rumors of buying for control by Pennsylvania was more than lost. Sugar rose an extreme of 3 1/2 points and saved more of its gain than the other stocks. The United States Steel stocks showed a notable relapse from their early strength, closing at net declines of a fraction to a point.

The selling pressure was most marked in Burlington and Northern Pacific, and it was only for a brief period that they were lifted at all over last night. The reaction in Burlington reached 1/2 points and in Northern Pacific 2 1/2.

Paine, Webber & Co. report closing prices as follows: Am Zinc, 13 1/2 @ 14 Leather, 13 U S Oil, 13 1/2 @ 14 U S Stl., 47 Cent Oil, 10 1/2 @ 12 Prd., 942 1/8c, Com, 1108 Tin, Com, 638 Oil Prd., 9 1/2 Rep Stl., N P., 97 1/2 Prd., 94 Am Hoop Stl & W., U P., 92 1/2 N & W., 51 1/2 Mo P., 85 So Rwy., 27 1/2 Man O., 126 1/2 N Y Cent., 144 1/2 So Pac., 46 1/2 C & O., 144 1/2 C B & Q., 188 Rdg., 75 1/2 Rock Isl., 147 1/2 3rd Ave., 154 St. Paul., 154 Met., 166 B R T., 81 1/2 Pac Mail, 101 Rubber, 20 1/2 B O., 91 C E I., 74 1/2 Com., 93 Am Tob., 128 1/2 C I., 63 1/2 Cont. Table with columns for various stocks and their prices, including A. S. C., U. S. S., and others.

WHEAT GAINS A CENT.

Chicago, April 11.—In wheat today there was a good trade, the market ruling fairly active at times, with the feeling stronger. May advanced to 71 1/2, after selling at 69 1/2 early, and closed a cent higher than yesterday. The government report and the cables were weakening factors early, but the offering were not large and were well taken. Shorts were the best buyers, commission houses also taking a fair quantity. At Liverpool, spot was unchanged, with futures 1/4 @ 1/2, moderate lower. Bullish advices from the North-west, large exports and a good demand were among the strengthening influences. The clearings were 792,000 bushels and the seaboard reported sixty boatloads accepted. Toward the close local realizing caused a moderate reaction, but the close was steady.

Corn was moderately active and fairly firm. The fluctuations covered 3/4 @ 1/2 range, and May closed a shade better and July about 1/2 higher. Small receipts, firm cables and prospects of rain in the West and Southwest were the main supporting influences. A feature to the trade was changing of May to both the forward deliveries. At Liverpool, spot was 1/4 penny higher, with futures 1/4 @ 1/2 better. The clearings were 33,000 bushels and one boatload was reported on the seaboard. Oats ruled active and stronger, advancing 1/4 @ 1/2 and closing within 1/4 of

the top in sympathy with wheat and corn and on covering by shorts.

The leading futures ranged:

Table showing May Wheat and May Corn prices, including Opening, Highest, Lowest, and Closing.

The movement of flour and grain was:

Table showing Flour, Wheat, Corn, and Oats receipts and shipments.

TELEGRAPHIC NEWS CONDENSED.

Potsdam, April 11.—Emperor William today unveiled the equestrian statue erected in honor of Emperor William I. Berlin, April 11.—King Otto of Bavaria has again suffered from severe hemorrhages of the kidneys and violent spasms.

Paris, April 11.—M. Waldeck-Rousseau, the premier, has recovered sufficiently to allow him to leave the city, and he started this evening for Antibes.

Washington, April 11.—King Oscar of Norway and Sweden has accepted the post of arbitrator of the Samoan Islands of the United States, Great Britain and Germany.

Boise, Ind., April 11.—Governor Hunt today issued a proclamation abolishing martial law in Shoshone county. It had been in force since May 4, 1899, following the riots of April 29.

Wilkesbarre, Pa., April 11.—The employees of the Central Railroad of New Jersey Ashley carshops struck at noon today because Superintendent Thomas refused to reinstate thirty discharged men.

Salt Lake, April 11.—A private telegram from San Francisco announces the sudden death of R. C. Chambers in that city today. Mr. Chambers was one of the best known mining men in the West.

Memphis, April 11.—A. C. Keebler, a real estate man from Chicago, was found dead tonight at a hotel. A bottle of morphine was found in the room and it is believed Keebler committed suicide. No cause is known.

Cincinnati, April 11.—Dr. Fred S. Herman, wife and son, who were arrested Jan. 31, charged with using the mails to extort money from Howard Douglas and wife and Dr. Crank, their family physician, were found not guilty in the United States court here today.

St. Louis, April 11.—John P. Smith, former mayor of Fort Worth, died today, a victim of knockout drops administered by unknown persons in a saloon near the Union station. He had a wide acquaintance throughout the southwest and his death created a great sensation.

St. Joseph, Mo., April 11.—Alexander McRoberts, aged seventy-nine, for many years prominent in business circles in northern Missouri, was found dead in the woods near Graham today, having been shot through the heart. It is supposed he accidentally killed himself while hunting.

Madison, Wis., April 11.—The senate tonight passed the Hagemester substitute for the Stevens primary election bill by the vote of fourteen to fourteen. It provides for the nomination only of county officers by primary elections, and an amendment was adopted making the law optional with counties.

San Juan de Porto Rico, April 11.—The cruiser Scorpion arrived here this morning from La Guayra, Venezuela, unchanged, with a full crew and a moderate lower. Bullish advices from the North-west, large exports and a good demand were among the strengthening influences. The clearings were 792,000 bushels and the seaboard reported sixty boatloads accepted.

Pueblo, Colo., April 11.—Train No. 2, northbound, on the Denver & Rio Grande railroad, known as the Abiant, limited, which left here at noon, collided at Eden, seven miles north, with a southbound train. Both trains were running slowly. Three trainmen were severely injured. The passengers were badly shaken up, but so far as known none were injured.

New York, April 11.—The test case involving the imposition of the countervailing duty on Russian sugar was submitted to the board of classification of the United States general appraisers today. Judge Somerville admitted the case naturally would be

taken to the federal courts and will probably not be decided until it reaches the United States supreme court.

Detroit, April 11.—Late today Judge Swan, of the United States circuit court, appointed R. L. Aldrich receiver for the Michigan Savings & Loan association, the appointment being made at the instance of Edwin W. Bishop of Munice, Ind., a stockholder. It was a friendly suit to wind up affairs, losses at the Galveston flood being the cause. The liabilities are about \$400,000 and assets the same.

Kansas City, April 11.—President M. E. Ingalls, of the Big Four, speaking at an banquet tonight, advocated an income tax and franchise tax. "We are just learning," he said, "that a franchise tax is the easiest collected and probably one of the fairest ways of raising revenue. I have always believed in an income tax and have thought that the decision of our supreme court against the constitutionality of such tax was one of the most unfortunate occurrences of the age."

Pittsburg, Pa., April 11.—At a meeting of the pewholders of St. Paul's Roman Catholic cathedral, it was decided by a majority vote to sell the cathedral property at the price offered for it, \$1,300,000, clear of commissions and expenses. Bishop Phelan has not disclosed the name of the purchaser. H. C. Frick of the Carnegie company is generally supposed to be the man, but Charles M. Schwab, president of the same company, and John Wanamaker have also been mentioned as possible purchasers.

Mrs. P. E. Lloyd returned from Chicago the latter part of last week. A couple of good girls can find steady employment at the Pascoe House.

REPUBLIC.

Mrs. M. Wiley of Ishpeming visited Republic friends here early in the week. Matt Gibson came over from the Menominee range and spent Sunday with his family.

John Brown, the tea man from Ishpeming, called on his patrons here during the week. George Parr, who recently took a job at Quinnessee, came up from there Sunday on a visit.

Miss Nellie Kennedy of Ishpeming was a guest at the Pascoe house here during the week. The Misses Lyons, Chataway, Nash and Verran spent Sunday with friends in Negaunee and Ishpeming.

William Weber of Negaunee and "Poly" Hunt of Ishpeming attended the degree team ball here last Monday night. Miss Lyons, who is teaching school here, has taken a position elsewhere and will leave Republic as soon as the school closes in June.

Dr. C. M. Owen returned Sunday evening from Ishpeming, where he spent the greater part of last week, assisting Dr. C. M. Leonard. Gust Bergstrom was a visitor in Marquette Tuesday last. He recently made a lock which is conceded to be a good one, and may apply for a patent on it.

Ernest Carlson, Frank Johnson and Julius Untermaher came over from Amasa Monday and attended the ball that night. They returned the next day. The members of the Republic fire department enjoyed a treat at Jake Scholtzen's expense last Monday evening. Cigars and refreshments were provided.

The fire in No. 1 shaft of the Republic mine burned out on Saturday of last week. Workmen have been busy ever since making such repairs as will be necessary. Several Finnish residents of the place took their departure from here early in the week. They went to the copper country, where they expect to get jobs at the mines.

The Easter services at all the churches of the village last Sunday were well attended. There were special musical numbers rendered in most of them, morning as well as evening.

The Misses Minnie Sullivan and Millie Page of Ishpeming will give a concert at the Woodmen's hall in Republic.

OUR EASTER MILLINERY OPENING WAS BY FAR THE BEST WE EVER HAD. THE EXPRESSION OF OUR CUSTOMERS WAS THIS: "YOUR HATS ARE BEAUTIFUL AND YOUR WINDOWS LOOK LOVELY." OUR EASTER GLOVE SALE WAS SO GREAT THAT WE COULD NOT WAIT ON MORE THAN ONE-HALF OF THE DEMAND, AND FOR THAT REASON..... WE WILL CONTINUE OUR GLOVE SALE ALL THIS WEEK AT THE SAME PRICE. 98c and \$1.38. J. H. LaRoche.

TUB TRUTHS.

A DROP of ink will color a whole glass of water. It is an inch of yeast which makes a pan of bread rise, and a single cake of soap containing unabsorbed alkali can ruin a hundred times its cost in laces and fine embroidery. After all, is it wise to take such risks with common soap? Of course you can get along without Ivory Soap. So can a wagon without axle grease—but it goes hard.

He some evening next week. They will be assisted by some of Ishpeming's best talent. The members of the fire department will probably organize a hose team with a view to entering the tournament at Crystal Falls next August, though nothing in that direction has been done as yet.

The baseball players of the town intend to get together next Sunday with a view to organizing a team. They expect to have more games this summer than last, owing to the lively start the Ishpeming players are making.

The postoffice lobby is the most interesting place in town evenings after the arrival of the train. At times it is impossible to get in there. Sunday evening there was a perfect jam for some time before the window was thrown open.

Mrs. D. T. Morgan has returned from Chicago, where she spent about three weeks receiving treatment at a hospital there. She is feeling somewhat improved, news which her many friends throughout the county will be pleased to hear.

A. R. Peebles, agent at the Chicago, Milwaukee & St. Paul station, spent the greater part of the week at Ellis Junction getting his household effects ready for removal to this place. He has rented the dwelling occupied by Frank Gardiner and family.

The members of the Swedish Lutheran church choir gave their leader, Mrs. John Olson, a social surprise at her home Saturday evening of last week. Lunch was served and a program of musical numbers was rendered. The evening was most pleasantly spent.

Will Lynch has taken a position as operator with the Chicago & North-western Railway company at Ishpeming. He had accepted a place with the Lake Superior & Escanaba line at Wells, but gave it up to go to the Hemetite city. He is working nights at present.

Barney Levine and the boys at his store have pulled a number of coveys out of the river during the past week or more. The bovines go on the ice to drink and frequently break through a rope is kept near by so that no delay is occasioned when the announcement is made that a cow has got into the water.

Scott Rowland, who has been confined to the house for some time past as a result of a surgical operation performed on his foot, expects to be on duty again next week. He is again around, but he has not yet put away the crutches. He is able to walk without them, but he thinks it well to be on the safe side and use them a while longer.

Jake Scholtzen sent supplies into the woods early in the week for the men who will work on the drive. It is said that this year's drive will be a more extensive job than usual, the cut of last winter being the heaviest yet made in this vicinity. It is expected that the logs can be started down the stream within the next few days, as there is very little ice except in the bay. A heavy rain would please the lumbermen just now, as there will not be any too much water if the dry weather continues much longer.

The Easter ball given at the Woodmen's hall last Monday night under the direction of the degree team of the M. W. of A., was one of the most successful functions of the kind ever given here. The crowd was fully as large as was anticipated, and although the boys were under more than the usual expense they cleared about \$25. The degree team gave a very pleasing concert at midnight. The music furnished by the Ishpeming City Band orchestra gave excellent satisfaction, and the

CAUGHT A DREADFUL COLD. Marion Kooke, manager for T. M. Thompson, a large importer of fine millinery at 1658 Milwaukee Avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time, which seemed to relieve her so quickly that I bought some for myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits." For sale by the Stafford Drug Co.

General G. W. Bailey, a well known lecturer, will give a series of four lectures on China and the Chinese on April 26, 27 and 28 at the Woodmen's hall. No headaches in Carvalho's cigars, sweet and mild. Mrs. J. No matter what causes facial eruptions, absolute cleanliness inside and out is the only way to cure them. Rocky Mountain Tea taken this month will drive them away. 50c. Stafford Drug Co. You owe it to yourself to try Carvalho's hand made cigars. Itching piles? Never mind if physicians have failed to cure you. Try Doan's Ointment. No failure there. 50 cents, at any drug store. Carvalho's cigars don't make throat dry or bite your tongue. For coughs and colds there is no medicine so effective as BALLARD'S HOREHOUND SYRUP. It is the ideal remedy. Price, 25 cents and 50 cents. The Stafford Drug Co. DON'T BE FUNNY. It does not pay. If you have a good thing, tell it right out. Don't use false means to attract attention. We say "right out" and mean it, too, that Dr. Caldwell's Syrup Pepsin will cure every case of Stomach Trouble. It will stop any pain caused by indigestion; it knocks Sick Headache by attacking the cause of the complaint and aids you to digest your food, no matter what you eat. Stafford Drug Co. NOTICE TO ICE CONSUMERS FROM THE NEW ICE COMPANY. Don't forget to call up the Marquette Ice company for prices on ice for the coming season. Office, Marquette Hardware company's store. Both telephones. (4-9-11) Smoked by many, praised by all. Carvalho's hand made cigars. TRUST THOSE WHO HAVE TRIED. I SUFFERED FROM catarrh of the worst kind and never hoped for cure, but Ely's Cream Balm seems to do even that.—Oscar Ostrom, 45 Warren Ave., Chicago, Ill. I SUFFERED FROM catarrh; it got so bad I could not work; I used Ely's Cream Balm and am entirely well.—A. C. Clarke, 34 Shawmut Ave., Boston, Mass. The Balm does not irritate or cause sneezing. Sold by druggists at 50 cts. or mailed by Ely Brothers, 56 Warren St., New York. USE ALLEN'S FOOT-EASE. A powder to be shaken into the shoes. Your feet feel swollen, nervous and aching, and get tired easily. If you have damp feet, try Allen's Foot-Ease. It rests the feet and makes new or tight shoes easy. Cures Chillsbains, swollen sweating feet, blisters and callous spots. Relieves corns and bunions of all pain and gives rest and comfort. Try it today. Sold by all druggists and shoe dealers, 25 cts. Trial package FREE. Address, Allen S. Ohmsted, LeRoy, N. Y. \$50 FOR A BOTTLE OF MEDICINE. This is to certify that my wife was for years afflicted with asthma and was so far gone that several physicians decided that her case must terminate in consumption. I was induced to try a bottle of Dr. Warner's White Wine of Tar Syrup. To our great satisfaction it gave almost immediate relief, and two bottles completely cured her. She is now well and healthy, but I would not be without an entirely well—A. fifty dollars a bottle. Wm. H. Farris, "Chn. Bd. Tp. of Wilton, Monroe Co., Wis. The Stafford Drug Co.

...THE...

HEALTH OF WOMEN

is all important. The daughter of today becomes the wife of tomorrow. How essential then that good health be hers. Good health, which alone brings happiness and vigorous posterity. The mechanism of women is finer than that of man. She is naturally higher strung, and when the dual functions of her life are taken into consideration, it is little wonder that the delicate machinery breaks down under the burden laid upon it.

A few brief extracts from recent letters from grateful women:

Virginia Townsend,

211 Schermerhorn St., Brooklyn, N.Y. Through the effects of being thrown from a carriage in 1891, I was greatly afflicted with female troubles. I spent hundreds of dollars with doctors without relief, but Warner's Safe Cure restored my health in two months.

Christine, Countess Cheford.

"The Gosnold," Chicago, Ill. For the past ten years I have used no medicine except Warner's Safe Cure, and find that it keeps me in good health. It is a remarkable life-giver and I cheerfully give it my hearty endorsement.

Lillian Ramsey, President Denver Quinny Club, Denver, Colo.

My mother suffered from weakness peculiar to women. She had continual backache and headache and was almost an invalid, but Warner's Safe Cure completely restored her.

Annie E. Harper, 625 State Street, Jacksonville, Ill.

I have found Warner's Safe Cure a wonderful remedy for backache and numerous pains women are afflicted with. It tones the entire system and prevents colds.

Free Sample of WARNER'S SAFE CURE and free medical advice given on application in person, or by letter—WARNER'S SAFE CURE CO., ROCHESTER, N. Y.

CHAMPION.

Miss Eva Simmons spent Sunday with friends in Ishpeming.

Dr. and Mrs. G. D. Beech spent Wednesday with friends in Ishpeming.

Miss Lulu Schaefer of Ishpeming spent Easter with friends in Champion.

Gust Horgren came up from Green Bay and spent last Sunday with his people here.

A daughter was born Tuesday of this week to Mr. and Mrs. N. Peimear at Humboldt.

Miss Lizzie Wedlake of Negaunee has visited Miss Edna Peimear here during the week.

F. Nichols has taken Frank Taylor's place as operator at the South Shore depot here.

Charles Eichenbaum spent the greater part of the week at Calumet and other copper country towns.

Fred D. Libbey and Miss Emma Mercier, both well known young people of this place, will be united in marriage at a near date.

Preparations for an active shipping season are being made at the Champion mine. Loading cars will be commenced within the next few days.

The men who will work on the drives near here this spring are afraid the water in the streams will not be high enough if the rains are delayed much longer.

Archie Abbott arrived from lower Michigan a few days ago with a carload of fresh milk cows, which he is offering for sale at very reasonable prices.

W. J. Gill has been confined to the house for a week or more with rheumatism. It is with some difficulty that he is able to walk from one room to another.

Ed Belhumer has taken a position as news agent on the St. Paul train which runs daily to the copper country. His territory is between here and Calumet. He began work Monday and likes the job.

N. W. Everetts, conductor on the Chicago, Milwaukee & St. Paul Railway company's dining car which runs between here and Iron Mountain, is again at work, after enjoying a month's lay-off.

The last house in which there has been scarlet fever, was located on Monday last. There were just thirty-nine cases during the year ending April 1. No deaths resulted from the disease, though some of the children were pretty sick.

The thoroughfare leading from the lower to the upper portion of the village has been in wretched condition this week. It has not been an easy matter for wagons to pass over it, as the snow is still from three to five feet deep in places.

A. J. Hasselblad of Ishpeming spent Tuesday in Champion calling on his patrons. He and his partner are doing quite a nice business here. They send up goods once or twice a week, the deliveries being made by a young man engaged for that purpose.

A number are talking of going to Ishpeming or Marquette next week to see the production of "The Christian," which is unquestionably one of the best things that has ever been through this section. The play will be produced at Ishpeming Tuesday evening and Marquette Friday night.

Mike and Pat Kelly and Will Carns were up from Quinnessee during the week. Pat Kelly has recovered from the severe injuries he received in a mine on the Menominee range some months ago. He had a very narrow escape and considers himself extremely lucky in having come out alive.

The ball given Monday evening at the town hall under the management of a number of the young men of the village was a complete success. The attendance was not quite as large as had been looked for, but a sum sufficient to pay all expenses was taken in. There were several present from Michigan.

Dr. G. D. Beech was called to Lathrop, down the line of the Chicago & Northwestern road, a few days ago, to see Mrs. Lathrop, who, with her husband, are the oldest residents of the place. The burg was named after the venerable couple. Both are seventy-seven years old, there being just five days difference in their ages.

The school teachers of the village had a little experience just before the break-up of the roads, which their friends are relating with a good deal of satisfaction. A dear friend of theirs was to celebrate his birthday, but had made no definite arrangements for the event. The ladies concluded to invite him out for a sleigh ride. He agreed to go and the girls insisted that he should do the driving. It appears that he had a specially good driver, and in some manner he managed to tip the whole crowd over. The sleigh was broken, but all in the party escaped injury. The girls found that it fell to their lot to pay for the damages to the sleigh. They wouldn't mind that so much if that bunch of fellows at the hotel would only let up teasing them about it.

The Bay Shore Lumber company broke camp out from Champion Saturday of last week, all but a few of the men coming in Sunday. Most of the workers left last night for Marquette and Marinette, where they will spend some time enjoying a rest. Some of them will return to work on the drive as soon as the streams open up. With the weather mild and the sun warm, the ice will leave the streams within the next week or ten days. About 125 CATARRH PERMANENTLY CURED.

Nasal Catarrh, Catarrh of Head or Catarrh of Throat. No Cure, No Pay. All druggists are authorized by the manufacturers of Bunsen's Cream Catarrhal to refund the money where it fails to cure any case of Catarrh no matter of how long standing. One application gives ease and rest. Bunsen's Cream Catarrhal is a new discovery and is the only Catarrhal remedy sold on a positive guarantee—No Cure, No Pay. Price 50 cents. For sale by the Stafford Drug Co.

BLOCKADED.

Some in Every Household in Marquette But They Are Growing Less.

The back aches because the kidneys are blocked. Help the kidneys with their work. The back will ache no more. Lots of proof that Doan's Kidney Pills do this.

It's the best proof, for it comes from Marquette.

Mr. Fred Price, of No. 824 Third street, says: "From the result of a strain of my back when at heavy work I was troubled a great deal with dull aching pains through my loins and kidneys. It was particularly painful if I did any stooping or lifting; at night I could not rest comfortably in any position and rose in the morning feeling tired and unrefreshed. I saw Doan's Kidney Pills highly recommended and procured them at the Stafford Drug Co. They relieved me promptly and I was soon entirely rid of the trouble."

For sale by all dealers, price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitutes.

hands will be employed on the drive. As soon as the logs reach the lake here loading them on cars for shipment to Menominee will be started. The Bay Shore people have had one of the most successful seasons in the history of their operations in this section. The total cut was over 10,000,000 feet of pine.

Mothers of good judgment and experience give their little ones Rocky Mountain Tea this month, keeps them well. 25c. Made by Madison Medicine Co., Stafford Drug Co.

Half the ills that man is heir to come from indigestion. Burdock Blood Purifiers strengthens and tones the stomach; makes indigestion impossible.

FOR BLEEDING PILES. All druggists are authorized by the manufacturers of Boro-Carbolic Salve to refund the money where it fails to cure any case of Itching, Blind, Bleeding or Protruding Piles. 25 cts. For sale by the Stafford Drug Co.

UNITED STATES MARSHAL'S SALE. Western District of Michigan. Northern Division.

By virtue of an order of sale issued under the United States district court for the Western district of Michigan, on the ninth day of April, 1901, notice is hereby given that I will sell by public auction, for cash, on Friday, the 13th day of April, 1901, at 9 o'clock a. m., at the outer front door of the postoffice building at Manistique Michigan, the Steam Tug "Elmer," her engines, boilers, machinery, boats, tackle, apparel, appurtenances, and furniture, as she now lies at the dock at Manistique, Mich.

MARQUETTE OPERA HOUSE. Friday, April 19, 1901. Liebler & Co.'s immense production of Hall Caine's powerful play.

The Christian. The end of the Century's most remarkable dramatic triumph. As given for 200 nights at the Knickerbocker Theatre, New York City. To be presented here with the same complete scenic equipment and special effects employed during its memorable engagement last season.

50—PEOPLE—50! TWO CARLOADS SCENERY. (4-12-14)

SPRING MILLINERY!

A visit to our new Millinery Department will convince you that nowhere in the city are such attractive Hats shown. It would be impossible to produce more beautiful millinery than we are showing this season.

Hats, Toques, Turbans, Bonnets, In many new ideas, shapes and effects.

... Flowers and Foliage ...

That were selected with the utmost care from the very best French and American makers; an exceptional fine assortment in everything that is new.

NEW SUIT DEPARTMENT

We show the latest in Tailor-Made Suits, Dress Skirts, Jackets, Capes. We also show the popular Taffeta Skirts, so popular in the east. Our show room is well lighted and a good-sized department, and filled with the latest styles. Very few of the larger cities have a better Cloak department. We will compete in prices with larger city stores.

Front Street. Louis Grabower, Manager.

THE DIFFERENCE

Between ready-made and ready-to-wear is very marked. The first is made ready to be worn, regardless of either style or fit; the second is ready-to-be-fitted properly, to the taste as well as to the form of the wearer, and that's STEIN-BLOCH CLOTHES. The man who does not know Stein-Bloch clothes does not know how perfectly and fashionably he can dress for a small price, for he can buy

Suits, . \$15.00 to \$25.00 Top Coats, 15.00 to 25.00

And your money back for the asking.

GOODING & ORMSBEE, 127-129 WASHINGTON STREET.

OLD OFFICIALS RETAINED.

NO CHANGES MADE BY THE NEW COUNCIL—SALARIES INCREASED IN SOME DEPARTMENTS.

The first meeting of the new council was entirely devoid of surprises and was of the most harmonious order. Mayor Connors made known the make-up of the different committees, which gave general satisfaction all around, while the present city officials are retained without exception. The committee on salaries and bonds recommended increased pay for the recorder and health officer, but otherwise its report was identical with that of last year.

Mayor Connors called the meeting to order at half-past two and every alderman was present. It was voted that the same rules which prevailed in the last council hold good in the present body. The mayor appointed Aldermen Jackson, Wasmuth and Shea a committee on bonds and salaries, and while this committee was making up the list the council took a recess of half an hour.

On re-convening, the committee reported that the bonds of the city treasurer be \$50,000; recorder, \$4800; clerk of the water board, \$5,000; clerk of the electric light plant, \$1,600; street commissioner, chief of the fire department and marshal, \$1,500 each, and night watchmen, \$1,000. Also that the following salaries be paid to the city officials: recorder, \$4800; clerk of the water board, \$5,000; clerk of the electric light plant, \$200; superintendent of the water works, \$720; superintendent of the electric light plant, \$800; superintendent of the electric light station, \$180; street commissioner, \$600; marshal, \$760; night watchman, \$660; engineer of the water works, \$780; janitor of the city building, \$480; city teamster, \$660; assessor, \$300; city attorney, \$300; chief of the fire department, \$100; health officer, \$200, and the fireman of the water works, \$660, to be paid at the rate of \$50 for the first six months and \$60 for the last six. Also that the rate for day labor be fixed at \$1.60 per day. The committee also reported that if any other questions arose regarding pay of labor they be left in the hands of the mayor and the chairman of the different committees. This report was accepted and placed on file. The council then proceeded to the election of the city officials for the ensuing year. Messrs. Jackson and Bodilly were appointed tellers. Thomas Gribble was elected marshal on an informal ballot, which was declared formal there being no opposition. A. Bell received nine votes to two for J. M. Edgerton for city attorney and was declared elected. T. A. Thoren was elected assessor over T. M. Wells and L. H. Kellan, receiving seven votes to one and three for the others, respectively. Chester Harrison got nine votes for the fire department, while the water works to Thomas Penglase's two, Ted Gaffney was elected superintendent of electric light and construction by ten votes, while his rival, Tom Reighal, received one. Stephen Thomas received eight votes for the office of chief commissioner, with one for Matt Maloney and two for William Watters. There was quite a little excitement over the office of fireman for the water works, and it was necessary to take four informal ballots before the matter could be decided. Christopher received seven to four for Burns and was declared elected. Michael Curley will again have charge of the city building as janitor, having received seven votes to three for Joseph Cornish and one for William Nordley. As B. K. Webber and Jerry Bennett were the officials recommended by the fire department for chief and city teamster, respectively, they were re-elected without opposition. Alf Belstrom was elected first engineer of the water works by six votes over John Westermeyer, William Christopher and William Broad, who each received one. A. J. Broad got two. John Westermeyer will be the second engineer, as he got six votes to four for William Broad and one for William Christopher. The vote for first night watchman was as follows: Zimmerman, 6; Rule, 2; J. Thomas, 2 and J. Remley, 1. Zimmerman being declared elected. For second night watchman, Rule got 3 votes, Thomas 2 and Patrick Scanlon 6, the latter being the lucky man. Rule got 3 votes for third night watchman; Charles Larson, 6, and Thomas 2, Larson being elected. The fourth contest was close, Remly receiving 6 votes to 5 for J. H. Hudson, who was unanimously elected health officer. Chief Webber and Marshal Gribble were elected fire wardens.

LOCAL LAONICS.

F. L. Merriam of Gladstone was in the city Wednesday.

Mrs. Benishok of Gladstone is spending a few days in the city with friends.

Mr. and Mrs. Al Beerling are receiving congratulations. It is a bouncing boy.

Charles L. Sporley went down to Chicago Wednesday evening on a business trip of a few days.

The Pearce building is receiving a new coat of paint which will improve its appearance materially.

John Harrington returned from Houghton just in time to attend the first meeting of the council.

Mrs. Samuel Mitchell and daughters Mrs. John M. Perkins and Miss Myrtle have returned from their Chicago trip.

Captain Joseph Matthews is moving his family and household goods to Michigan where he will be located this summer.

Fred Young, who has been visiting friends in town for the past few days, returned to his home in Sands yesterday morning.

Elbridge Demerco has resigned his place with the Marquette County Telephone company to accept one on the docks in Marquette.

Thomas Dyer has closed out his candy business on Iron street. Mr. Dyer has not as yet announced what business he will engage in.

Charles E. Burt will occupy the house at the corner of Clark street and Teal Lake avenue left vacant by the removal of Joseph Matthews.

Harry Lucas, who has been severely ill with pneumonia and pleurisy for some time, is able to be out once more and his many friends are congratulating him on his convalescence.

There is much complaint over the condition of Silver street. There are many who are in the habit of dumping all sorts of rubbish on the east side of that thoroughfare and the result is a veritable combination.

Wolfram Cox, the child of John Cox, who was run over by a street car Wednesday noon, died yesterday morning at 1 o'clock. The little fellow did not recover consciousness up to the time of his death. The funeral will be held today from the Mitchell M. E. church.

The Negaunee Co-operative society has moved into the building formerly occupied as a restaurant and is occupying it as a meat market. It was necessary to re-build the structure before the large ice box could be accommodated but this work is now finished and the society is ready for business in all its departments.

The members of the old city band have received their new uniforms and will appear in them a week from Sunday, when they will assist the Sons of St. George, who will attend the Mitchell church on that date. The band has been engaged for the Maccabee reunion which occurs June 7, and has other good engagements booked.

For Easter we will have a nice line of Easter lilies, roses, carnations, daffodils, hyacinths and other flowers. Artistic designs furnished. Palms and flowering plants always on hand at the Elliott greenhouses, Negaunee. Mail orders have prompt attention. (3-27-11)

Additional Ishpeming A DELIGHTFUL PROGRAM.

M. C. M. GLEE AND MANDOLIN CLUBS ENTERTAINED A LARGE AUDIENCE IN THE AUDITORIUM WEDNESDAY EVENING.

Ishpeming was a college town Wednesday afternoon and evening, the occasion being the visit of the M. C. M. Glee and Mandolin clubs. The boys arrived on the noon train in a special car. The high school auditorium was crowded with an audience which heartily appreciated their efforts in the evening. Large banners were strung across Main street and the Nelson house piazza and despite the short notice which Ishpemingites had of their coming they were very welcomed.

The clubs had intended to skip the Hematite City, but through the efforts of Superintendent NeCollins and the senior class of the school they were induced to stop off here on their way to Marquette, where they gave a concert the evening.

The program rendered here Wednesday evening was excellent in selection and rendition, and the encores, which, by the way, were very numerous, were most enthusiastic. The club contains thirty-five members and they work in thorough harmony with one another, so that the result is very pleasing. Mr. Haller and Mr. Brackenburg, who rendered solos, are fine singers. Mr. Standish, who also rendered solos, was forced to come back three times because of his rendering of the "Tale of the Kangaroo" and "Goo Goo Eyes."

The work of the mandolin club was all that could be desired and ranked well up with that of the clubs which represent the larger colleges. The Glee club also was most satisfactory and their selections were invariably well received. Mr. Avery as a monologist is rather a hit and his imitation of a Dutchman trying to make his carpenter understand his numerous wants over the telephone was very funny. The program rendered by the clubs was diversified in character, there being college songs and popular favorites as well as classical music among its numbers.

A TESTIMONIAL FROM OLD ENGLAND.

"I consider Chamberlain's Cough Remedy the best in the world for bronchitis," says Mr. William Savory of Warrington, England. "It has saved my wife's life, she having been a martyr to bronchitis for over six years, being most of the time confined to her bed. She is now quite well." Sold by the Stafford Drug Co.

Upper Peninsula News.

Bishop Frederick Eis of the Catholic diocese of Sault Ste. Marie and Marquette will confirm classes aggregating over 200 young people in the St. John's St. Anne's and Epiphany churches at Menominee Sunday, May 17. It will be the bishop's second official visit to that city.

Eight members of the Soo's contingent in the Thirtieth Volunteers were received home Tuesday, their arrival being attended by a notable demonstration. A monster parade was drawn up to meet the train which bore the soldier boys and after they were placed in carriages the principal streets were traversed. A reception at the Armory was a part of the proceedings.

The business of the Richardson Shoe company of Menominee has increased 27 per cent during the past fifteen months over the year immediately preceding. The annual meeting of the directors was held this week. The report of the general manager showed that 159,950 pairs of shoes had been manufactured during the year just closed, as compared with 123,440 pairs in 1899, an increase of 35,510 pairs. The company is in the best condition. Its position is assured and the prospects all favor its continual growth and expansion.

Friends and relatives of John Ourada, a resident of Menominee, are greatly alarmed concerning his mysterious disappearance Friday last. When he was last seen he was crossing the Frenchtown bridge. He had left his boarding house early in the morning without informing anyone of his intentions. He had \$10 in cash. The officers have been notified of his disappearance and they are conducting a search for him. It is feared that Ourada fell in the river and was drowned. He was a man of temperate habits, which makes the affair all the more mysterious.

THE KIDNEYS AND THE SKIN.

If the kidneys are weak or torpid, the skin will be pimply or blotchy. Hood's Sarsaparilla strengthens and stimulates the kidneys and clears the complexion. By thoroughly purifying the blood it makes good health.

DON'T WEAR GLASSES!

Unless you know they fit and are doing you good. For glasses are ground in so many combinations that it is a rare thing to find two people who can wear the same glasses and get good results. If you come and see me I can tell you what you need. T. E. LUDLOW, Optician. (3-30-1m) At Perkins' Drug Store.

Many people suffer untold tortures from piles, because of the popular impression that they can not be cured. TABLET'S BUCKEYE PILE OINTMENT will cure them. It has met with absolute success. Price, 50 cts. in bottles, tubes 75c. The Stafford Drug Co.

WHEN BABY HAS THE CROUP.

How many anxious hours are spent by mothers when baby has the croup. And how many times the anxiety and the fever care go all for naught, because the treatment given is not right. Thoughtful Mothers know the worth of Bunsen's Pine Tar Cough Honey in cases of Croup or Pneumonia and prefer it above all others. Price 25 and 50 cents. For sale by the Stafford Drug Co.

Nerves Need Fuel

To feed the vital fires or they lose the power to regulate and control the body. Unnatural stimulants won't do. Like an air blast on dying embers they cause a sudden flash of heat—then all is dead. Give the nerves plenty of fuel, and the worry and fretting, the headaches, the nervousness, loss of sleep, deranged digestion, neuralgia, rheumatism and heart troubles, that burn up the brain substance and destroy the nerve-force, will disappear forever. Don't wait till the fires are burned out. Begin now.

"I was so nervous and restless that I could get little sleep, and the headaches were something dreadful. Pains would start in the temples and travel down the chords at the back of my neck to chest and arms. Doctors gave no relief, but Dr. Miles' Nervine cured me."

Mrs. A. H. WIEMAN, German Valley, Ills.

Dr. Miles' Nervine

creates a good appetite, stimulates digestion, quiets nervous irritation, gives refreshing sleep and sends plenty of fresh blood to the furnaces of the brain and nerves.

THE AMALGAMATED STOCKS.

They Are the Prominent Coppers Just Now.

Lake coppers seem comparatively deserted of late in favor of the Amalgamated group, which is attracting general attention. Yesterday was a fair day for the coppers. Paine, Webber & Co. said: "There was heavy realizing in all of the Amalgamated stocks on today's advance, but we do not think this means that there will be any sudden decline. It appears to be the desire of the people operating in these stocks to make the market in them broader and if this opinion is correct there will continue to be an active market in the coppers for some time to come. We believe that speculative interest will gradually shift from the high priced coppers to the low and medium priced ones of merit and that Adventure, Atlantic, Copper Range, Baltic, Wolverine and other good stocks in this class will work considerably higher. All of these stocks have had excellent support of late and the character of the buying has been of the best."

Hayden, Stone & Co. wired the Laidley Commission Co.:

"It looks now as if the coppers are in a good position to be boomed on consolidation rumors, just as well as steel stocks of railroads. We see good buying of Butte, but we cannot see why Montana is not the best and cheapest of all coppers, it and Quincy. It is quite likely that we will have an announcement of the Utah dividend soon. If the Standard Oil people try to buy control of Baltic or Copper Range you will see a big advance."

A. R. Jones & Co. said of wheat: "While the trade could see nothing bullish in the government report yesterday afternoon, indicating a yield of 449,000,000 winter wheat, it was evident from the start that it did not come up to their expectations, and not even a half cent decline in cables made up the deficiency. We think another day will see prices off again, notwithstanding the talk about better cash grain business."

A NEEDLESS BURDEN.

New Dog Tax Legislation Not Needed for Northern Country.

The township officials of the county do not look with favor on the county dog tax legislation, outlined in The Mining Journal a couple of days ago. If its provisions are faithfully carried out it will be but a matter of comparatively brief time when every canine in the state is taxed. In the upper peninsula many of the principal cities have provision for collecting these fees, but nothing has ever been done to license dogs owned in the townships. It is conceivable that the new law may have a genuine value in the lower part of the state where the miscellaneous breeding of dogs may interfere with the raising of live stock, particularly sheep. However, it is useless and worse than useless, under the present conditions, in this section of the state, and its passage simply serves to impose extra burdens on the township officials. There is very little sheep raising in the U. P. and it has never appeared that the multiplicity of dogs in the townships has caused any trouble. If a farmer has seen fit to surround himself with a lot of canine mouths which have had to be fed it has been regarded as his own business and no one has ever protested. However, a law's law and the officials will now proceed to post themselves on the provisions of the new bill preliminary to enforcing them.

CREDITABLE PROGRAM.

It Was Rendered by the M. C. M. Clubs Last Evening.

The Glee and Mandolin clubs of the Michigan College of Mines distinguished themselves at the opera house last evening by rendering an excellent program of college airs and more pretentious music. The clubs were fully as good as any similar organizations which have ever visited Marquette and they showed a distinct advance on the last evening by rendering an excellent program of college airs and more pretentious music. The clubs were fully as good as any similar organizations which have ever visited Marquette and they showed a distinct advance on the last evening by rendering an excellent program of college airs and more pretentious music. The clubs were fully as good as any similar organizations which have ever visited Marquette and they showed a distinct advance on the last evening by rendering an excellent program of college airs and more pretentious music.

The Mandolin and Glee clubs and soloists divided the honors equally, their work being thoroughly studied and artistic and showing the result of careful, systematic preparation. The music was selected with excellent taste and all the numbers were tuneful. A rendition of the "Pilgrim Chorus" from Tannhauser was a notable number. The Mandolin club made its greatest hit with a novel selection, "Midnight in the Graveyard." It took so well that it was repeated by special request on the occasion of the first part.

The stage setting for the second part was unique. It represented an underground mining scene. The curtain rose on the empty stage, but soon the members of the Glee club began to scramble down into the "workings" by means of a ladder, completely arrayed in their mining togs, with candles burning in their oilskin hats. In this part a number of rollicking college songs were sung. It is to be regretted that the attendance was not more in keeping with the merit of the concert. It was meager. The clubs lost money on their Marquette visit and they must take whatever consolation they can from the fact that it was an artistic success. The house could not have shrunk to much smaller proportions without converting the entertainment into a "frost," but, as it was, the enthusiastic reception given the several numbers sufficed to bring out the boys' best efforts.

What you get for your money is as important as what you pay. The R. L. Francis Co., bicycle repairer, corner Front and Bluff streets, invites all its friends and patrons to inspect its spring stock. The repair department will be conducted along the same lines as last season, insuring high-grade work at a reasonable price. (4-8-1m)

We have just received a large consignment of men's, boys' and children's caps. Call and examine them. The New Hub, Washington street. (4-12-1d)

Carvalho's cigars—others tried them why not you; others smoke them so will you. (4-8-1d)

Statement by J. A. Filcraft, editor of The Life Insurance Courant: "From personal observation and from results obtained from my own policy I can safely say that no other life insurance company has been more economically managed, nor more fortunate in their investments, or upon the whole have produced more satisfactory results to policy holders, than has the Aetna Life." F. H. Vandenberg, general agent, Savings Bank building. (4-10-1w)

Get your money's worth by smoking Carvalho's solid, Havana filled cigar.

Brings peace, comfort, mental and physical happiness to the whole family, if taken this month. Nothing half so good as Rocky Mountain Tea. 35c. Stafford Drug Co.

Accidents come with distressing frequency on the farm. Cuts, bruises, stings, sprains. Dr. Thomas' Electric Oil relieves the pain instantly. Never safe without it.

REST AND RECREATION.

Mayor Carter Harrison of Chicago Seeks Them at Huron Mountain.

Mayor Carter Harrison of Chicago is to enjoy a ten days' rest, undisturbed by even the remotest rumors of Chicago politics, at the Huron Mountain club. His recent campaign was an arduous one and at the earliest opportunity he dropped all cares and sought peace and solitude in the northern wilderness. He will find with a vengeance at the club this spring as the place is practically deserted by man and beast. His silence and restfulness will catch his honor just right and he will doubtless emerge from his retirement immensely invigorated and refreshed, eager to again take up the wear and tear of his official duties. Mayor Harrison left Corporation Counsel Charles M. Walker in the saddle at Chicago.

SHORTHAND.

I wish, through the columns of The Mining Journal, to offer to the public some testimonials as to the practicability of the system of shorthand known as the Middleton system, which I am teaching in Marquette.

MRS. LOUISE LOWELL.

Testimonials.

The persons whose names appear below hereby attest the worth and practicability of the system of shorthand formulated by Professor W. D. Middleton and known as the Middleton system of shorthand.

We believe it to be the most easily acquired of any system of shorthand writing, and for all uses to which a system of shorthand can be put we recommend it as being as practicable as any system. Professor Middleton taught his system of phonography in Elkhart, Ind., for a number of years and after his death the work was carried on by his son, Mr. Frank Middleton. Mr. Will Middleton, another son, is an efficient court stenographer and his daughter, Miss Mary Middleton, is head stenographer at the C. G. Conn Horn Factory, Elkhart, Ind. (Signed.) Mr. E. V. Anderson, Mr. C. S. Drake, Mr. T. G. Wilkinson, Miss Edythe Foltz, Miss Alice Mae Troxel, Miss Louise Maier, Miss Elva Essig, Miss Emma Meyers, Miss Dora Philliber, Miss Emma Strego, Miss Mildred Meyers, Miss Gertrude Strego, Miss Frankie Fink, Miss Alice L. Crull, Mr. A. T. Anderson, Mrs. H. W. Lyons, Mrs. Lulu I. Enders.

Mr. C. S. Drake and Mr. E. V. Anderson, whose names head the list of attestants, were formerly employed by the Elkhart Carriage & Harness Manufacturing company as stenographers. Both are now assistant secretaries with the same firm. Miss Alice Mae Troxel, whose name also appears on the list, has been employed as stenographer for the same firm for six years. Miss Louise Minier, who is now stenographer in the office of the auditor of the Duluth, South Shore & Atlantic railroad, was also with the Elkhart Carriage & Harness Manufacturing company as stenographer for five years, and Miss Edythe Foltz for four years. Miss Elva Essig occupies a prominent position with the Dr. Miles' Medical company, as does also Miss Emma Meyers. Miss Gertrude Strego is employed by the Conn Horn Factory. Mr. A. T. Anderson is stenographer of the Kimbark Manufacturing company. Mrs. Harry Lyon is head stenographer for the Buescher Manufacturing company. Alice Crull, who is employed by the Stimpson Scale company, uses this system of shorthand in connection with bookkeeping. Miss Frankie Fink, who uses the Middleton system, is also employed as stenographer with the Stimpson Scale company. (4-12-1d)

CITY BREVITIES.

Arthur George has departed for a several days' visit at Traverse City.

The Woman's guild will meet at the Morgan Memorial chapel this afternoon at 2:30 o'clock.

Mrs. M. W. Lawdermilk of Negaunee came down yesterday to visit with her mother Mrs. Pennis.

The Ladies' Aid society of the Methodist church will meet this afternoon with Mrs. Ed. Richards, Morton street.

The Ladies' Aid society of the Presbyterian church will meet this afternoon at 2:30 o'clock with Mrs. Charles Kelsey, 602 Spruce street.

Our Lady of Victory court, No. 313, W. C. O. P., will give a card party and dance Friday evening, April 12, in Fraternity Hall, commencing at 8 o'clock sharp.

Cards are out for the young people's dance to be given at Fraternity hall next Thursday evening. There is considerable interest in the affair and promises to be well attended.

There will be a special meeting of the Morse Hose company this evening. Business of much importance will be transacted and a large attendance is requested.

Miss Clara Paulina Appler, aged twenty-one years, the eldest daughter of Rev. Carl Appler, 122 West Ridge street, died last evening. The funeral arrangements will be announced later.

Street Commissioner French has his men engaged with the annual spring cleanup. Innumerable wagon loads of mud and debris, legacies of the winter, are being hauled away from the principal streets.

Mrs. Zeen Locke, of 117 Spring street, died yesterday, aged twenty-six years. She leaves a husband and three children. The funeral will be held Saturday at 3 p. m., from the residence. Interment will be in Park cemetery.

The Lady Foresters will hold a card party at Fraternity hall this evening. A large number of tables will be played. Refreshments will be served and the card playing will be followed by a dance. There will be a large attendance.

Yesterday was one of the finest days of this wonderful spring. The air was more balmy than has generally been the case of late. The snow has now almost entirely disappeared and the wheelmen are enabled to get about without difficulty.

Mayor Mangum's slate continues to receive much attention. Many people are confident that they can pick the new appointees, but it is noticeable that the self-constituted prophets never arrive at the same conclusion. It will be but a short time now before the cat is out of the bag for everyone.

The Michigan Telephone company is now employing about a dozen men on its overhead construction. This force will be increased to about twenty hands, who will be employed until all the work is out of the way. One of the underground cable men arrived in Marquette yesterday. The next thing on the company's program is placing its wires in the conduits which were laid last fall.

Many people are remarking on the way in which the ice in the bay and as far out in the lake as can be seen hangs on this year. It is now pretty well rotted and honeycombed as a result of the continuous fine weather, but the south wind requisite to move it has still to put in an appearance. Marquette people are generally predicting a late opening of navigation, largely basing their prophecies on the conditions which prevail in the local harbor.

You will find the latest things in children's caps at the New Hub, Washington street. (4-12-1d)

AN ABSOLUTE FACT THAT GREGG'S COFFEES ARE THE BEST.

Pan-American Exposition Company,

D. S. Morgan Bldg., Buffalo, N. Y.

Buffalo, N. Y., Jan. 10, 1901.

C. D. Gregg Tea & Coffee Co., Chicago and St. Louis.

Gentlemen:—We enclose you contract for the exclusive supply of coffee for all the restaurants at the Pan-American Exposition to be held in Buffalo during the coming summer. In the selection of your coffees in competition with samples submitted by the largest importers and roasters in the country, we have been governed entirely by the quality of same and feel confident that we could not do better than complete the arrangement with you. The amount of coffee which this contract involves is unquestionably the largest ever supplied to one consumer in the same length of time. We congratulate you on the enterprise you displayed in securing the contract.

Yours,

PAN-AMERICAN EXPOSITION COMPANY.
