HOSTILE TO THE MIKADO.

Corea to Build 32 Coast Fortresses to Resist Possible Invasion.

PRECAUTIONS BY RUSSIA.

Harbors on Pacific Coast Are Ordered Mined, and There Is Great War-like Activity in Japan.

FIGHTING SEEMS EXPECTED

London, Monday, April 15.—The correspondent of The Daily Mail at St. Petersburg telegraphs that the government of Corea has decided to build thirty-two coast fortresses to resist a possible Japanese invasion; also that the Korean government has promulgated a law enforcing the death penalty for opium smoking.

RUSSIA TO MINE HARBORS.

Joseph Chamberlain's organ, the Birmingham Post, learns that the Russian ministers of war and marine have issued joint orders for the laying of an extensive system of submarine mines at Port Arthur, Vladivostok and elsewhere in those seas. The apparatus leaves Odessa early in May.

STILL ACTIVITY IN JAPAN.

Pekin, April 14.—Preparations which the Japanese here are making for an early start indicate that they expect war between Russia and Japan. Vessels arriving at Taku from Nagasaki report the mobilization of the Japanese fleet and the continuance of preparations on board ship for the anticipated struggle.

ENVOYS OF POWERS SCORED.

DRAGGING OF THE NEGOTIATIONS ANGRERS MILITARY MEN.—DEMANDED BY THE JAPANESE THAT THE EMPEROR RETURN.

Pekin, April 14.—Konomura Yutaro, the Japanese minister, accompanied by General Yamaguchi, the Japanese commander, recently called upon Prince Ching and notified him that the return of the emperor to Peking was being urged. Prince Ching was informed that the emperor's wishes would be respected by the foreign troops and that every courtesy would be shown him. It was pointed out to the Chinese plenipotentiaries that the emperor's return was the highest postulate of peace affecting the maintenance of the integrity of the Chinese empire, and that he should come accompanied by every available soldier, by at least twenty thousand men if possible. These troops, it was further contended by the Japanese minister, must be sent to Manchuria, as the Russians reported great disturbances there and it was not right that the task of quelling the trouble should be thrown upon the shoulders of one nation. Finally Prince Ching was assured that, if the twenty thousand Chinese troops could not suppress the disorders in Manchuria, the other powers would send an international force to co-operate with China, which all regarded as a friendly power.

No reply having been received to this communication, Li Hung Chang was today notified to the same effect and told that Emperor Kwang Su must give an immediate answer. Prince Ching says that his reports go to show that the missionary statements regarding the rebellion in Mongolia are not supported by facts. Neither does he believe the rebellion of General Tung Fu Hsiang amounts to much.

The conduct of the ministers of the powers over the negotiations with the Chinese plenipotentiaries causes much adverse comment among the military authorities. Their dilatory tactics have prevented what might have been accomplished two months ago.

COREAN LEADER LOSES HEAD.

PLOT TO DISPLACE THE HEIR TO THE THRONE CAUSES A SERIOUS POLITICAL DISTURBANCE.

Tacoma, Wash., April 14.—A sensational political crisis exists at Seoul capital of Corea. The news was brought tonight by the steamship Duke of Pife that the government has beheaded Kim Yang Chun for planning to make the son of the emperor's favorite mistress, Lady Om, heir to the throne, displacing the prince imperial, son of the murdered queen. The de-capitalized official was the leader of the Kim faction, which has been engaged in a deadly rivalry with the Min faction, led by Min Kongsik, for the domination of Korean politics.

The Min faction learned of the plot against the prince imperial and a street fight between the factions resulted. After Kim Yang Chun was beheaded, a clique gathered in such force that Min Kongsik and his chief supporters were imprisoned, Min being ordered banished for fifteen years. Ku Won Chai, minister for war, and another official, adherents of Kim Yang Chun, resigned and precipitated a cabinet crisis, while Li Chi Yong, minister for the household, and Governor Yim Tak Yong were arrested for complicity in the same plot. It was planned to take

Lady Om and her son away from Seoul and await a favorable opportunity to place the latter on the throne.

Late tidings received at Yokohama from Seoul state that the crisis continues.

BANKS CLEVERLY TRICKED.

UNKNOWN SWINDLER SUCCEEDS IN GETTING SEVERAL RAISED CHECKS CASHED AT TORONTO.

Toronto, Ont., April 14.—A clever bank swindler made a heavy haul here Saturday, the total amount of which will not be known until the tellers and ledger keepers of the various banks check up business tomorrow. A stranger opened an account at the Imperial bank Saturday morning and deposited \$50. Shortly afterwards he presented a check for \$20 which was marked by the ledger keeper. Shortly before one, during the rush preceding the close, this check, raised to \$2,455, was presented to the teller and cashed. The same procedure was adopted at the Bank of Commerce, where a check was raised from \$20 to \$2,900 and cashed. It is believed that several other banks were similarly victimized.

MINES AT BUTTE CLOSED.

STRIKE OF THE ANAONDA MACHINISTS SPREADS, WITH SIGNS OF A LONG STRUGGLE.

Anaconda, Mont., April 14.—The machinists employed at the Washoe works of the Anaconda Copper Mining company today decided to strike for higher wages, swelling the number of machinists and moulders now out to six hundred, with indications for protracted struggles. The foundry department has been shut down, as well as three or four of the Butte mines, as a result of the troubles. The machinists employed by the Butte, Anaconda & Pacific also today submitted an ultimatum to Master Mechanic Harris.

LOCKOUT AT MINNEAPOLIS.

Minneapolis, April 14.—A lockout will begin here tomorrow involving five hundred or more carpenters and other workers. The Building Trades council and the Master Builders' association are the chief actors. Forty-four contractors are involved and they ordered their men off of all jobs when they paid them last night. The trouble is caused by the refusal of the master builders to agree to the working rules of the carpenters' union.

TROUBLES AT ST. PAUL.

St. Paul, April 14.—The Painters and decorators, at a meeting today, formulated an ultimatum which will be submitted to the masters' association tomorrow in reply to the demand of the latter that they withdraw from the trades council. A general strike in all trades affiliated with the Building Trades council is threatened.

TUGMEN TO RETURN TO WORK.

Toledo, O., April 14.—The members of the Tugmen's Protective association, who voted several weeks ago not to go to work until the strike of the marine engineers has been settled, reconsidered their determination today and will go to work in the morning.

DOCK STRIKE AT GENOA.

Genoa, April 14.—At a meeting of dock laborers here today, a general strike was decided upon. This will have effect in delaying many steamers.

\$350,000 FIRE AT BOSTON.

Boston, April 14.—The main building of the blowers works of the B. F. Sturtevant company in the Jamaica plain district burned early this morning, causing a loss of \$350,000.

MRS. NATION AGAIN ARRESTED.

Kansas City, April 14.—Mrs. Carrie Nation was arrested tonight on the charge of obstructing streets and hauled to the police station in a patrol wagon. She was released on a cash bond of six dollars.

TO STRENGTHEN KINGSTON FORTS.

Kingston, Jamaica, April 14.—The British war office has decided to strengthen the fortifications of Jamaica. Quick-firing guns of the latest pattern are being sent out, in addition to the heavy guns recently placed in the forts about Port Royal.

SHARP NOTE TO BULGARIA.

London, Monday, April 15.—The correspondent of The Times at Vienna says: "It is asserted here that the Ottoman government has addressed another sharp note to Bulgaria demanding the immediate dissolution of the Macedonian commission and the prohibition of the approaching Macedonian congress."

TRAIN KILLS THREE.

Wilkesbarre, Pa., April 14.—A party of four persons, while crossing the tracks of the Lehigh Valley railroad at South Wilkesbarre early this morning, were run down by the Buffalo express. Three were killed and one injured. The dead were Morris O'Connell, Mrs. Morris O'Connell and Mrs. Frank Cranmer; the injured is Frank Cranmer.

DOUBLE LYNCHING SLAT D.

Hastings, Fla., April 14.—Julius Eskew, manager of the Armstrong Turpentine company, was shot and killed by Jim Kirby, a negro, last night. While Kirby was robbing the body he was frightened away and was captured. While Sheriff Perry was waiting at the depot today with the negro to take him to St. Augustine, unknown parties fired through a window and put five bullets into Kirby's back. Believing himself fatally wounded, Kirby made a confession implicating Robert Lee, another negro. Bloodhounds are now after Lee and there may be a double lynching.

ATTEMPT TO KILL KRUGER

Paris Paper Learns of an Attack by Would-Be Assassins.

STEYN TIRED OF THE WAR.

Bloemfontein Report Says Free State President Is Ill and Has Advised Boers to Surrender.

A TRY AT STABBING FAILS

Paris, Monday, April 15.—L'Estafette this morning publishes the report that an attempt has been made to stab President Kruger.

According to a dispatch to the London Daily Express from Amsterdam, cabled by the Associated Press Friday last, the Dutch police recently got wind of contemplated attempts upon the life of Kruger. It is quite likely the report to which L'Estafette gives currency is traceable to similar sources.

STEYN REPORTED FOR PEACE.

Bloemfontein, via Cape Town, April 14.—It is reported that the health of former President Steyn is broken down. It is also said he has advised all Boers on command to surrender immediately.

FOUGHT WITH THE BOERS.

Paris, Monday, April 15.—A Lisbon (Portugal) dispatch says: "Among the Boer prisoners who recently arrived here from Lorenzo Marques was a young American, Randolph Martensen, who described himself as the son of the president of Missouri, Kansas & Texas railroad. He was captured by the British but released as an American on the promise not to fight again. Subsequently he was arrested in Lorenzo Marques at the request of the British authorities on suspicion of being a Boer agent. Martensen on being brought here secured his release through the American charge d'affaires and his father has sent him money to pay his passage home."

OVER 150 PLAGUE DEATHS.

Cape Town, April 14.—There is no increase in the progress of the bubonic plague here, although there is an average of five cases daily. Since the outbreak, 392 cases have been officially reported, of which 152 have proved fatal.

PEACE DEMONSTRATION.

FILIPINOS IN PANAY ISLAND GLAD WAR THERE IS ENDED.

Capiz, Province of Capiz, Island of Panay, April 14.—The people of this section of Panay flocked to Capiz today on foot and in carriages to meet the members of the United States Philippine commission and attend the explanation of the plans upon which the provincial government will be established here tomorrow. Thousands were present at the meeting, which was held at the theatre. Representative natives asserted that the Federalist movement, combined with the liberty and laws being enacted by the commission, had caused the recent rapid pacification in the northern part of the island. The province of Capiz has suffered greatly from the war and rinderpest and locust plagues, and popular sentiment is unanimously in favor of peace and civil government.

MGR. CHAPELLE RECALLED.

Manila, April 14.—Archbishop Chapelle, the papal delegate in the Philippines, has been summoned to Rome. He will sail soon and his return here is improbable.

HUNDRED SALOONISTS ARRESTED.

WAR ON SLOT MACHINES BEING WAGED AT MINNEAPOLIS.

Minneapolis, April 14.—A hundred saloonkeepers were arraigned in the district court yesterday under grand jury indictments for operating nickel-in-slot gambling devices. They were all released on \$250 bail each and will be tried later.

COSTLY CHURCH DEDICATED.

Toledo, O., April 14.—Archbishop Ireland of St. Paul, assisted by Bishop Horstman of Cleveland, Bishop Foley of Detroit and about two hundred prominent Catholic clergymen from all parts of the United States, today dedicated St. Patrick's church, said to be one of the most handsome church buildings in the country and erected at a cost of \$200,000.

NEW LABOR PARTY PROJECTED

New York, April 14.—For the first time since they organized, the principal building trades unions of this city decided today to go into politics and to start an independent labor party. This decision was reached at a meeting of delegates from twenty-one unions held this morning. Philip Wiensomer, of the Amalgamated Society of Plumbers and Gas Fitters, presided. The meeting was called on account of the recent decision of the court of appeals declaring the privileges and rate of

wages low and the state stone dressing law illegal.

WOULD BUY PALESTINE.

PLAN TO RESTORE THE PRESTIGE OF THE JEWS AS A NATION.

Milwaukee, April 14.—Fifteen hundred Hebrews held a meeting today in the interest of the Zionist movement and demonstrated their approval of the plan by which it is hoped to restore the ancient prestige of the Jews as a nation. The plan is to raise a fund sufficiently large to purchase the land of Palestine from the Turks and make it a haven for oppressed Jews in every land.

BIG ESTATE A MYTH.

ALLEGED HEIRS FROM 7 STATES, NUMBERING SEVERAL HUNDRED, LEARN IN CONVENTION THEIR CLAIMS ARE UNFOUNDED

Kokomo, Ind., April 14.—Nearly a hundred descendants of Andrew House, reported to have left an unclaimed estate in Maryland worth three hundred millions, held a sensational convention here today, seven states of the Union being represented. Their attorney, a St. Paul man, did not appear and the disgust of the claimants reached a climax when it was announced that the United States attorney for the Maryland district had repeatedly stated that no such estate existed.

NOW TO IGNORE CONGRESS.

POSTMASTER GENERAL THINKING OF STOPPING THE SECOND-CLASS MAIL ABUSE HIMSELF.

Washington, April 14.—Having repeatedly failed to secure remedial legislation from congress to prevent the abuse of the privileges of second-class mail matter, the postoffice officials have under consideration the adoption of a proposed rule by authority of the postmaster general to bring about the desired reforms. With this object in view, Edwin C. Madden, third assistant postmaster general, has addressed a long circular letter to about four hundred publishers of newspapers and periodicals setting forth the objects sought to be accomplished by the proposed rule.

GOVERNMENT TO PAY \$4,000,000.

SETTLEMENT OF THE NOTED HAT TRIMMING TARIFF CASES, PENDING SINCE '81, REACHED.

Philadelphia, Monday, April 15.—The Record this morning says: "Cases involving about twenty millions, which since 1884 have been the subject of a bitter legal battle between the government and a number of importers, has at last been settled. It is stated on high authority that a compromise has been effected through which the merchants involved will receive about four millions from the United States treasury in full settlement, a much larger amount they claim to have been forced to pay in excess of the legal duties. The suits, which have engaged the attention of some of the best lawyers in the United States, were brought by Meyer & Dickinson, the Kahn-Adler company, John Wanamaker, Hy Tige and other Philadelphians. These cases will, it is said, be closed up in the United States district court Tuesday, when judgment will be confessed against the government for the amounts agreed upon. In the other suits, the verdicts have been taken in favor of the defendants."

ASPHYXIATED BY GAS.

New York, April 14.—P. J. Sweeney, superintendent, and George T. Buckley, clerk in the Lackawanna car shops at Scranton, were found dead from gas asphyxiation at the Ashland House early today. It is supposed the light was left burning when they retired and afterwards it was accidentally extinguished.

MARQUIS WEDS ACTRESS.

London, Monday, April 15.—Considerable surprise has been caused by the statement that the Marquis of Headfort had been privately married during the present month to Miss Rosa Boote, of the Gaiety theatre, and that they are now staying at Folkestone. The statement is not credited.

IS GUEST OF FRANZ JOSEPH.

Vienna, April 14.—Crown Prince Frederick William of Germany arrived in Vienna this morning, in acceptance of the invitation from Emperor Francis Joseph, who, with the Austrian archdukes, greeted him at the railway station. Subsequently the emperor received the crown prince in private audience and later returned his visit.

ALLEGED KIDNAPER IS MUTE.

Dallas, Tex., April 14.—After a meeting at the county jail today between county Attorney Shields of Omaha and H. C. Henderson, who asserts that he was one of the Cuddey kidnapers, Mr. Shields said that Henderson still declined to make a detailed statement of his alleged connection with the kidnaping and would give few of the details wanted.

OSBORN ORDERS CUT IN RATES

Lansing, Mich., April 14.—State Railroad Commissioner Osborn has ordered the Grand Rapids & Indiana and the Muskegon, Grand Rapids & Indiana railway companies to reduce their passenger rates to 2 1/2 cents per mile. The earnings of these roads last year reached \$2,000 per mile, which under the statute brings them within the 2 1/2 cent classification.

Contagious Blood Poison

There is no poison so highly contagious, so deceptive and so destructive. Don't be too sure you are cured because all external signs of the disease have disappeared, and the doctor says you are well. Many persons have been cured with Mercury and Potash for months or years, and pronounced cured—to realize when too late that the disease was only covered up—

Like Bogos Like, driven from the surface to break out again, and to their sorrow and mortification find those nearest and dearest to them have been infected by this loathsome disease, for no other poison is so surely transmitted from parent to child as this. Often a bad case of Rheumatism, Catarrh, Scrofula or severe skin disease, an old sore or ulcer developing in middle life, can be traced to blood poison contracted in early life, for it remains smoldering in the system forever, unless properly treated and driven out in the beginning. S. S. S. is the only antidote for this peculiar virus, the only remedy known that can overcome it and drive it out of the blood, and it does this so thoroughly and effectually that there is never a return of the disease to embarrass or humiliate you afterwards.

Our little book on contagious blood poison is the most complete and instructive ever issued; it not only tells all about this disease, but also how to cure yourself at home. It is free and should be in the hands of everyone seeking a cure. Send for it. THE SWIFT SPECIFIC CO., ATLANTA, GA.

First National Bank OF MARQUETTE. Capital \$150,000 Surplus Fund 50,000. PETER WHITE, President. E. H. TOWAR, Vice-President. L. G. KAUFMAN, Vice-President. F. J. JENNISON, Cashier. EDW. S. BICE, Asst. Cashier.

WASHING MADE ... EASY ... WITH ... Ingot Soap. ALL GROCERS.

DAILY MINING JOURNAL, A Morning Paper Published by The Mining Journal Co. (Limited.) Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to Upper Peninsula interests.

Entered as mail matter of the second class in the postoffice at Marquette, Mich. The Canadian government has called in the new four dollar bill issue over which the people of that country raised such a pother because it carried a vignette showing the American locks at the "Soo." The bills yet outstanding are said to now have a value of eight dollars on account of the demand for them as souvenirs. As this value is solely because of the vignette mentioned the absurdity of calling them in for the reason stated is apparent. If, on the other side of the bill had a vignette of the national capitol building at Washington instead of the Dominion parliament house it is fairly presumable that the value of the bills would be quadrupled instead of doubled.

ORE PRICES FOR 1901. Last week brought a definite arrangement as to the prices at which iron ores will sell for the season of 1901. The agreement reached is thus noted and commented on by the Iron Trade Review of last Thursday. At the base of the iron trade the interesting event of the week has been the establishment of \$4.25 as the price for old range Bessemer ore running 63 per cent in iron and 945 in phosphorus.

Protection and High Prices. The Fond du Lac, Wis. Reporter thinks it can pick flaws in an article which appeared in The Mining Journal a few days ago, concerning the significance of the establishment of a branch plant in this country by an English steel firm. "The fact that the greater portion of the business of this country has been carried on under a high protective tariff is no reason that the policy is absolutely perfect."

Notice. We have been employed to act as the attorneys for the trustees of the Military Road lands belonging to the Ayer estate to protect said lands against trespass and pillage. The prompt communication to us of any information as to trespass on said lands will be esteemed a favor.

Special Election. Municipal Improvements Bond Issue. To the Qualified Electors of the City of Marquette: Notice is hereby given that the common council proposes to borrow the sum of twenty thousand dollars for such time and at such rate of interest as may be hereafter determined, and to issue bonds therefor pledging the faith and credit of the City of Marquette for the payment of the principal and interest of such bonds; for the purpose of raising money with which to make the following municipal improvements, viz: to obtain, open and improve new streets, parks and public grounds, and to widen and improve streets and roadways and construct bridges, culverts and sewers in the city.

Does it pay to buy cheap? A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced to all civilized countries with success in severe throat and lung troubles. "Bosche's German Syrup" it not only heals and stimulates the tissues to destroy the germ disease, but always inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try our bottles. Recommended many years by all druggists in the world. Ge. Green's Prize Almanac. The Stafford Drug Co.

Difficult Digestion

That is dyspepsia. It makes life miserable. Its sufferers eat not because they want to—but simply because they must. They complain of a bad taste in the mouth, a tenderness at the pit of the stomach, a feeling of puffy fullness, headache, heartburn and what not.

Hood's Sarsaparilla Promises to cure and keeps the promise. Beware of substitutes. Buy Hood's and only Hood's.

to invade the foreign market and force English manufacturers to think seriously of establishing branches of their concerns in this country so that they might contend with American manufacturers on equal terms for a share of the American trade. If the Reporter were today obliged to pay the prices it did twenty-five years ago for its paper stock and do business at the prices it must make its patrons today it would soon go to the wall. It buys its white print paper today for about three cents a pound, whereas it was selling for eleven and twelve cents per pound twenty-five years ago, with other grades of printing paper proportionately high.

COPPER COUNTRY NEWS. (Additional.)

QUINCY TO GOBBLE THEM. MERGER OF THE FRANKLIN, ADVENTURE AND OTHER PROPERTIES WITH THE BIG MINE THE LATEST CONSOLIDATION STORY. The rise in Quincy Mining, according to the Boston Financial News, has been accompanied by a report that a plan is under contemplation that provides for the consolidation of the Franklin, Adventure, Rhode Island and other adjacent properties with the Quincy Mining company, and that one large company will be formed which will afterward be taken in by the Amalgamated company.

BALTIC AND ATLANTIC. President John Stanton, of the Baltic Mining company, says: "Myed gold proposition in the world. Its production last year amounted to 14,200,000 pounds of copper, and this year it is expected that the production will be brought up to at least 20,000,000 pounds. The company is now entirely free from floating debt of any kind, and means are being recently increased its stamping facilities to eight times of stamps."

COPPERDOM BREVITIES. The copper country branch office of The Mining Journal is located in Room 3, second floor of the Dee Postoffice building, Houghton. All having business with the paper are cordially invited to call. Telephone No. 376.

THE BEST BLOOD PURIFIER. The blood is constantly being purified by the lungs, liver and kidneys. Keep these organs in a healthy condition and the bowels regular and you will have no need of a blood purifier. For this purpose there is nothing equal to Chamberlain's Stomach and Liver Tablets, one of those that you need more good than a dollar bottle of the best blood purifier. Price, 25 cents. Sample free at Stafford Drug Co.'s drug store.

Washing Made ... Easy ... With ... Ingot Soap. ALL GROCERS.

Washing Made ... Easy ... With ... Ingot Soap. ALL GROCERS.

terms. This brought the conference to an end without results." COPPER GOSSIP. Tamarack's annual meeting has been set for May 2 at Boston. To call 500 shares of Copper Range at 60 in thirty days, \$500 was bid at Boston Friday.

A regular quarterly dividend of \$5 per share and \$5 extra was declared by the Boston & Montana directors Saturday. Good progress is reported being made in the work at the millites of the Mohawk and Wolverine, on Traverso bay, south of the mouth of the Traverso river.

The Arcadian is now working between 250 and 300 men, and stamping in all about 700 tons of rock daily. Only fifteen power drills are in use, and thirteen of these are being used in No. 2 shaft. A bet of \$1,000 was made at Boston last week that Quincy Mining would cross C. B. & Q. before the week was over. It came within 2 1/2 points of it, the stock being quite heavily bought on talk of an advance in the next dividend. The mine is now producing more than ever in its history, and the stock is very closely held.

The shutdown of the mines of the Anaconda company is generally understood to be due to the strike of the machinists and foundry men at the Anaconda smelter. It is reported that the smelters have practically been compelled to close on account of the inability to get machinists to work. The strikers held a conference with President Scallan at Anaconda last Thursday, but no settlement was reached.

The report that the Calumet & Hecla had raised its price for copper to 17 1/2 cents appears to be an error. The company has made no advance in its price of 17 cents. The Calumet & Hecla has always been in favor of steady prices, and so long as the new interests in copper maintain the price of 17 cents per pound for Lake copper, and there is a fair demand for the metal, the Calumet & Hecla will probably not be a price reducer.—Boston News Bureau.

The New York market for copper, while reported to be very quiet, is firm. In some quarters it is held that the situation has decidedly improved since the settlement of the dispute between the United Metals Selling Company and the American Smelting & Refining Company, which gives to the former the handling of the handling of an additional 20,000 tons and increases its estimated control of the production to 70 per cent. The quotation of 17 cents for Lake copper is made on a strictly cash basis, buyers at thirty days being compelled to pay 17 1/2 cents, and to that extent the market may be said to be higher. Electrolytic and casting are generally quoted at 16 1/2 cents.

Trading in Tennessee Copper shares was a feature of Friday's Boston market, over 10,000 shares changing hands between 1:30 and 2:30 o'clock alone and an advance of 3 1/2 points to 39 being registered. The property of the company is at Ducktown, Tenn., where it has 2,000 acres. The property was worked in the '50s, but lay idle until the Lewisohns acquired it a few years ago, and formed a company with \$5,000,000 to work it upon a large scale. The rock is a copper sulphide similar to that of the Rio Tinto and runs 2 to 5 per cent copper, but the rock is very soft and fuel and labor very cheap, so that on a large scale the property can be worked to advantage. Recent reports of experts state that 20,000 tons of ore are opened up and ready for mining and that this year the company should produce 8,000,000 pounds of copper at a cost not exceeding 9 cents per pound. The company has completed its smelter and starts production with \$47,000 cash in its treasury. A nearby copper property, the Ducktown Copper & Silver Company, owning 600 acres, is a dividend payer. This property is owned in England.

THE BEST BLOOD PURIFIER. The blood is constantly being purified by the lungs, liver and kidneys. Keep these organs in a healthy condition and the bowels regular and you will have no need of a blood purifier. For this purpose there is nothing equal to Chamberlain's Stomach and Liver Tablets, one of those that you need more good than a dollar bottle of the best blood purifier. Price, 25 cents. Sample free at Stafford Drug Co.'s drug store.

COPPERDOM BREVITIES. The copper country branch office of The Mining Journal is located in Room 3, second floor of the Dee Postoffice building, Houghton. All having business with the paper are cordially invited to call. Telephone No. 376.

terms. This brought the conference to an end without results." COPPER GOSSIP. Tamarack's annual meeting has been set for May 2 at Boston. To call 500 shares of Copper Range at 60 in thirty days, \$500 was bid at Boston Friday.

A regular quarterly dividend of \$5 per share and \$5 extra was declared by the Boston & Montana directors Saturday. Good progress is reported being made in the work at the millites of the Mohawk and Wolverine, on Traverso bay, south of the mouth of the Traverso river.

The Arcadian is now working between 250 and 300 men, and stamping in all about 700 tons of rock daily. Only fifteen power drills are in use, and thirteen of these are being used in No. 2 shaft. A bet of \$1,000 was made at Boston last week that Quincy Mining would cross C. B. & Q. before the week was over. It came within 2 1/2 points of it, the stock being quite heavily bought on talk of an advance in the next dividend. The mine is now producing more than ever in its history, and the stock is very closely held.

The shutdown of the mines of the Anaconda company is generally understood to be due to the strike of the machinists and foundry men at the Anaconda smelter. It is reported that the smelters have practically been compelled to close on account of the inability to get machinists to work. The strikers held a conference with President Scallan at Anaconda last Thursday, but no settlement was reached.

The report that the Calumet & Hecla had raised its price for copper to 17 1/2 cents appears to be an error. The company has made no advance in its price of 17 cents. The Calumet & Hecla has always been in favor of steady prices, and so long as the new interests in copper maintain the price of 17 cents per pound for Lake copper, and there is a fair demand for the metal, the Calumet & Hecla will probably not be a price reducer.—Boston News Bureau.

The New York market for copper, while reported to be very quiet, is firm. In some quarters it is held that the situation has decidedly improved since the settlement of the dispute between the United Metals Selling Company and the American Smelting & Refining Company, which gives to the former the handling of the handling of an additional 20,000 tons and increases its estimated control of the production to 70 per cent. The quotation of 17 cents for Lake copper is made on a strictly cash basis, buyers at thirty days being compelled to pay 17 1/2 cents, and to that extent the market may be said to be higher. Electrolytic and casting are generally quoted at 16 1/2 cents.

Copper Country Department

(Additional Copper Country on Page 2.)

INCENDIARISM SUSPECTED. TWO MYSTERIOUS FIRES OCCUR ON PORTAGE LAKE BRIDGE.

About 9:30 o'clock last evening fire was discovered on the Portage Lake bridge on the Hancock side about 100 feet north of the draw. It burned quite fiercely for awhile, but the fire department soon had it quenched when it got to the scene.

Although it is generally supposed that a lighted cigar stub was the cause of the blaze, incendiary is suspected in some quarters, as about 7 o'clock Marshal Voetsch of Houghton noticed a small fire on the Houghton side which he promptly put out.

SUMMONS CAME SUDDENLY.

ALBERT PRIEST, OLD SETTLER, DIES FROM HEART FAILURE.

Albert Priest, one of the oldest settlers of the Portage Lake district, died very suddenly from heart failure at 3:45 o'clock yesterday morning. He was fifty-nine years of age. The funeral will be held at 2 o'clock tomorrow afternoon at Houghton under the auspices of Houghton lodge, F. & A. M., of which order Mr. Priest was a member for many years. Interment will take place at Forest Hill cemetery.

The news of the death of Mr. Priest was a decided surprise and shock to his many Houghton and Hancock friends, who never knew him to have a sick day. The stroke of heart trouble that resulted fatally came upon him scarcely without warning and he was ill but a very short time. Saturday evening he was hale and hearty as ever, and at 6 o'clock, just previous to his driving home, chatted in his same old characteristic way with several of his old Houghton acquaintances.

Mr. Priest came to Portage Lake forty-three years ago, when copperdom was a new and undeveloped region. He grew up with the country and saw the wonderful progress made in the opening of the mines and the remarkable settling of the district with people from all directions. For years he hauled the mineral from the Atlantic, also the Baltic, by team either to the Quincy smelter or the Dollar Bay smelters, and continued in the teaming business up to the time of his sudden death. He owned several teams, all of which were out on contract, and from them he made a comfortable living. He was always "one of the boys," enjoyed a good time and could crack a joke with the best of them.

All yesterday Mr. Priest's friends discussed the old gentleman and it was hard for them to realize that their old "pal" had gone to join the majority. He was truly an interesting character and his acquaintanceship could be numbered by the score. Mr. Priest resided on his farm near the Atlantic mine and not far from Houghton. He

leaves a wife and two sons, Ira, aged thirty-two, and George, aged twenty-eight.

METERS IN EVERY HOUSE. HOUGHTON COUNCIL DETERMINED TO STOP THE PRESENT GREAT WASTE OF WATER.

It is the determination of the village council of Houghton to install water meters in every house or place that uses village water, and hence the summer has progressed very far, the work of putting in the meters will be accomplished.

When the conditions that led up to the decision of the board are considered, it will be conceded that the plan is an excellent one and a wise step in the right direction. At first it was the intention to simply install the meters in the saloons of the village, as they are big users of the water, but that point being one of contention it was later thought best by the committee in charge to install the meters in every house where the water is used in order to allow fair play to all. Already meters have been placed in many of the business houses throughout the village, action in that direction being taken by the old board some time ago.

The plan of installing the meters to save the water. The waste in the past has been very great, especially in the winter, when people would keep the faucets open, allowing the water to run in order to prevent the pipes from freezing. The strain on the supply of water has been very noticeable at periods through the winter and at times the village officials were forced to order the water turned off during the nights so as to get a supply for the next day's usage. When the meters are installed and people will pay for just what water is used, they will be careful as to the amount consumed.

It is anticipated that a big difference in the supply of water will be noticed after all the meters are in and the system is in good running order. In case of fire the department may always be assured of a plentiful supply of water in the two tanks. At times the water has about given out and it would have been bad for Houghton if a serious blaze had started in those instances. Under ordinary circumstances the water supply of Houghton is sufficiently ample for all purposes, but not under present conditions. A well-known engineer who looked into the matter not very long ago reported that Houghton at present is using about two and a half times more water than any place of similar size in the country.

It is not known as yet just how the revenue received from water taxes after the meters are installed will compare with the money now being paid for the water. It is thought, however, that the amount will be about the same, as the big users of water will pay more than in the past and the small users less than before the meter system.

NOTICE—If in want of men call up Perrault's Employment Agency, Phone 231, Calumet. (4-6-1m)

ROWETT LOST THE MATCH.

HE THOUGHT HE WAS WRESTLING AND THREW BOXER ARNOLD—CROWD GOT MONKEY'S WORTH AT R-HUGHTON BOUTS.

Frank Beaton of West Superior secured the decision over Joe Wadsworth, formerly of San Francisco but now of Houghton, in the second round.

John Rowett, the Ironwood, heavyweight, lost to Jim Arnold, the "champion" heavyweight pugilist of the Northwest, in the eighth round on a foul. Rowett demonstrated that he is more clever as a wrestler and, in the opinion of many, also that he is a better boxer than Arnold. However, both Rowett and Arnold have a great deal to learn of the fighting game.

In the future matchmakers of Houghton and vicinity will see that men booked for glove contests are more even in regards to weight.

Houghton sports who attended the exhibition were satisfied and the success of well-managed contests in the future is assured.

"Parson" Pope was a capable master of ceremonies.

"Nobby" Clark of Calumet, at one time the champion lightweight of the country—many years ago—is a better boxer than a referee.

Those who saw the glove contests at the Armory Saturday night were satisfied with the exhibitions as a whole and agree that they had their money's worth—their money's worth.

Arnold match, during which Rowett threw his 265-pound opponent to the floor with the greatest of ease, alone being worth the price of admission.

Beaton, who went against Wadsworth, weighed in at 155 pounds, while the latter tipped the scales at 155. When the preliminary bout between those two men was called and they took seats in their respective corners, the crowd was afraid the "little fellow"—as Wadsworth was dubbed—would be severely punished. But he was game and in the first round showed the "big fellow" and the sports that he was quite clever with his "dukes." But the blows landed by Wadsworth on Beaton were scarcely felt by the latter individual, who took them just like so many love taps.

LITTLE MAN PUNISHED.

In the second round Beaton rushed matters and soon had Wadsworth "going." The blows came thick and fast, the majority of them landing on the head with telling force. Wadsworth became exceedingly groggy and struck wildly, leaving openings that were quickly taken advantage of by his much heavier opponent. With a straight punch on the jaw Beaton sent Wadsworth to the floor, the latter remaining there for the full ten seconds, only getting to his feet as the referee counted "ten."

Beaton, however, did not strike another blow, and seeing the condition of Wadsworth threw up his arms in a matter of fact fashion and said it wouldn't be right to continue the contest. Another punch would surely have put Wadsworth entirely out of the business. The crowd was satisfied and the referee gave the decision to the West Superior man. A collection was then taken up for the two men and each received ample reward for their few minutes' work. Wadsworth was himself again in short order and none the worse for his experience. He is a clever boxer and if pitted against a

man nearer his own weight would give a very creditable exhibition.

After the preliminary the crowd waited rather impatiently for the main event of the evening. About 9:30 o'clock Arnold entered the ring and, being a stranger, was eagerly sized up by the audience. He weighed 265 pounds and looked it. Shortly afterward Rowett came into the ring and it was evident that he was the crowd's favorite, as he was received with loud cheers. He was seemingly in fine condition and his muscles appeared more firm and solid than those of his opponent. It was the opinion of the crowd, however, that "Jack" was up against it, as he was more inexperienced in the boxing game and weighed but 170 pounds—thirty-five less than Arnold.

WAS A LIVELY BOUT.

The first five rounds were contested in a scientific manner. Both men were wary, Arnold as a rule leading for the head and Rowett for the solar plexus. Each man landed often, Rowett doing clever work with his feet and dodging several terrific lunges and uppercuts and Arnold using his left for the head with good effect. However, considered from the standpoint of points, the honors for the first five rounds were about even. In the sixth round the men mixed and the contest grew more interesting. Arnold started to rush Rowett which resulted in many clinches.

At this stage it was claimed by the friends of Rowett that Arnold had fouled on account of his striking on the breakaway, which was not allowed. Rowett resented the alleged infraction of the rules and he, too, started to mix in before the round ended. The crowd was excited and those at the ringside stood up in eager anticipation for the seventh "go." Arnold jumped from his corner and lunged at Rowett just about as the latter rose to his feet. The fighting was lively. The crowd tried to coach each principal but were not heard by either Rowett or Arnold. Each lost his head, Arnold struck wildly and toward the end of the round caught Rowett around the neck in a clinch. The latter then evidently thought he was on the mat wrestling, as in days gone by, and taking a hold of the big fellow, threw him in the twinkling of an eye to the floor scarcely before the crowd knew what had happened.

DOES THE TRICK AGAIN.

The feat, which was very laughable, pleased the sports and they gave vent to their glee, while the seconds of each principal demanded fair play from the referee. Then for Rowett claimed a foul by Arnold in the first place, while Arnold's supporters yelled to the effect that it was no wrestling match. Order was finally restored, however, and preparations made for the eighth round, which was really a repetition of the seventh. Again the men waded in and in one of the mix-ups Rowett again threw Arnold heavily to the floor. The referee, amid general excitement, then gave the decision to Arnold on a foul, but Rowett was still the favorite. In discussing the contest afterward it was the opinion of a great many that it should have been called a draw, as each man was as much to blame as the other.

"Nobby" Clark of Calumet, an old time boxer and most clever in the manly art, was the referee and with the exception of the decision he rendered in the Rowett-Arnold bout gave general satisfaction. The master of ceremonies was "Parson" Joe Pope of Ish-

ping. He was a prominent figure at the ringside and made all the announcements. At the start off the "Parson" made a short speech which caught the crowd.

One week from tonight Arnold will take part in the boxing carnival to be held at Laurium. He will box Frank Keller, a heavyweight from the Soo.

OFF FOR DULUTH TODAY.

TUG CARPENTER WILL MAKE ATTEMPT TO GET THROUGH.

The tug Carpenter, owned by Porter Bros. of Duluth, will leave Houghton this morning for the Zenith City to prepare for the summer season. The tug Tempest will soon follow. The ice in Portage lake has about disappeared, only float ice now remaining. Saturday the Carpenter cut its way through the ice on each side of the county bridge with ease and continued for quite a distance up the canal.

If troubled by a weak digestion, loss of appetite, or constipation, try a few doses of Chamberlain's Stomach and Liver Tablets. Every box warranted. For sale by the Stafford Drug Co.

FISHERMEN GETTING ANXIOUS.

Houghton fishermen are getting ready for the advent of the open season when they may angle for the wary trout and the grayling. Local merchants are putting in big supplies of fishing tackle of all kinds, and none but the best is placed in stock, for that is the only grade the experienced fisherman of Houghton, known throughout copperdom for his success, will buy. Fly fishing will be an all important topic of interest among the local followers of Isak Walton this summer, and they will pay more attention to that phase of the sport. It is an art to catch a trout or grayling with a fly, and at present there are only a small coterie of fishermen in Houghton who know how and when to use that method, but it is thought that before the coming season has passed there will be many additional. The proposed rod and gun club will soon be organized by the promoters and a meeting held to perfect organization. Those at the head of the proposed club are experienced sportsmen and have good reasons for wishing to carry the project through to success.

THAT THROBBING HEADACHE.

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Heads. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by The Stafford Drug Co.

FOR BLEEDING PILES.

All druggists are authorized by the manufacturers of Boro-Carbol Salve to refund the money where it fails to cure any case of Itching, Blind, Bleeding or Protruding Piles. 25 cts. For sale by the Stafford Drug Co.

TRAVELING MEN, ...Attention!

MILLER'S DEPARTMENT STORE, HOUGHTON, MICH.

PLAGUE AT ANN ARBOR.

Dr. Vaughn Admits That Student Has Caught the Disease Experimenting on Germs.

Chicago, Monday, April 15.—The correspondent of The Record-Herald at Ann Arbor says: Dr. Victor C. Vaughn, dean of the medical department and one of the most noted bacteriologists of the country, appeared before the state board of health Saturday and practically acknowledged that the case of Student Charles B. Hare was one of bubonic plague. He assured the board there would be no spread of the disease, as all precautions had been taken to prevent it, and the student would recover. Dr. Vaughn told the board that Hare had contracted the disease by an accident almost identical with that which occurred in Vienna in 1888, when Professor Notknagel and his assistant, Barisch, were conducting bacteriological experiments on bubonic plague bacilli. Barisch caught the disease and died, as did also Dr. Muller, who attended him.

MAKES FOR EUROPEAN PEACE.

TOUTON FESTIVITIES EXPECTED TO HAVE BENEFICIAL EFFECTS.

Paris, April 14.—The Figaro announces that President Loubet, in conversing with the Duke of Genoa on board the Italian battleship Lepanto in regard to the recent marked improvements in artillery, said: "Considering the numerous armaments, the powerful fleets and the murderous artillery that are now in existence what a terrible responsibility is incurred by the provocation of war!" To this remark the duke replied: "You are right. I think visits like this are of a nature to render more cordial the relations between nations."

Unquestionably a friendly rapprochement between Italy and France has been accomplished. This fact, together with the side compliments paid at Toulon to the Russians and Spanish is believed to augur well for the maintenance of peace in Europe.

A movement is on foot here to revive at the next meeting of the French parliament the discussion of international arbitration on the basis approximately of the proposition presented by M. Barodet in 1896, and voted unanimously by the chamber of deputies, advocating an arbitration treaty between France and the United States.

LIPTON HUSTLING THE WORK.

400 MEN ENGAGED NIGHT AND DAY ON THE CUP CHALLENGER—FIRST SPEED TRIAL MAY 4.

Glasgow, April 14.—It has been provisionally arranged that the cup challenger will have her first trial with the Shamrock II, either in the Solent or outside the Isle of Wight, May 4.

Sir Thomas Lipton and George L. Watson visited the Denny's yards yesterday and urged the hastening of the work. Unavoidable delays have retarded the construction of the Shamrock II, that every effort will be required to have the challenger ready for launching Saturday next. Between 300 and 400 men are now working day and night, putting the finishing touches on her hull. Her spars are completed and the builders promise to have her mast stepped within an hour after the boat taking the water. The shell will immediately be taken south to be fitted out for her trials. The higher courts affirmed the judgment for the plaintiffs.

TO WED LOUIS NAPOLEON.

MARRIAGE OF PRINCESS HELENE OF RUSSIA IS ARRANGED FOR.

Paris, April 14.—A contract of marriage has been arranged between Prince Louis Napoleon and Princess Helene, daughter of Grand Duke Vladimir.

The prince is now on a visit to Paris. He is a general to the Russian army and is regarded as the chief hope of the monarchists being far more popular and of greater intellectual caliber than his elder brother, Prince Victor. He is thirty-six years old. Princess Helene's father is the uncle of the czar of Russia. She is nineteen years of age.

TELEGRAPHIC NEWS CONDENSED.

London, April 14.—Queen Alexandra arrived in London this evening from Copenhagen.

New York, April 14.—General Daniel Butterfield, who is suffering with paralysis, is slightly better today.

Granite, Ark., April 14.—J. T. New today shot and killed his brother-in-law, John Doyle, as the result of long standing bad blood.

New York, April 14.—Baron Rudolph de Warden, son of the late Austrian Field marshal, August de Warden, died today from pneumonia.

St. Joseph, Mo., April 14.—John Brightman, for many years one of the best known business men of the city, died at the state hospital for insane today.

Buenos Ayres, April 14.—Rear Admiral Schley has embarked on the British steamer Clyde for the United States. Mrs. Lord, wife of the United States minister, is also on the ship.

San Francisco, April 14.—The transport Thomas arrived from Manila tonight with seventy cabin passengers and 1,644 members of the Twenty-eighth and Thirty-fifth regiments of volunteers.

Washington, April 14.—Colonel James S. Berret, former mayor of Washington and one of its best known citizens, died today, aged eighty-six. He was a native of Baltimore and had been twice a member of the Maryland legislature.

New York, April 14.—Dan Daly, De Wolf Hopper and William Brady were arrested tonight charged with violating the penal code in connection with the raising of large curtains for theatrical performances on Sunday. All were released on bail.

St. Paul, April 14.—It is officially stated that the Northern Pacific will this year expend \$10,250,000—\$5,250,000 for rolling stock, including sixty passenger coaches and 5,000 freight cars, and the

GOLD FOUND ON THE SHIP.

Bars Stolen on the Kaiser Wilhelm der Grosse Are Discovered by a Steward.

Bremen, April 14.—It is officially reported that the three gold bars stolen from the specie room of the North German Lloyd steamship company have received a cablegram fully confirming the report from Bremen of the recovery of the gold. Herman Winter of Oelrichs & Co. said: "Yes, we have found the gold, and now to get the thief or thieves. We will make a most searching investigation. It seems clear that whoever took the gold either lacked the opportunity to get it ashore or failed in courage. My advice gives no information as to the circumstances of the discovery and do not indicate that anyone is suspected." The finding of the gold on the ship creates the impression that some member of the crew was the thief, but the absence of details leaves the matter open.

Gold for foreign shipment is stacked in bars in the United States assay office, adjoining the sub-treasury, 30 and 32 Wall street. Half a dozen trusted employees of the National City bank went to the assay office on April 1 to get the gold to be shipped on the Kaiser Wilhelm, and those trusted men were watched by others. The bars vary in size from little ingots of one ounce up to \$5,000 bars, eight laces long, two and a half inches thick and four inches wide. For shipment of \$500,000, bars worth from \$5,000 to \$5,000 are furnished by the assay office. These bars weigh from twenty to thirty pounds each.

PAST THEFTS RECALLED.

The thefts of bullion at sea number about forty cases in twenty cases. Gold has also been stolen while in transit from the assay office to the pier.

The recovery of bullion shipped by the Bank of Peru was very interesting. Two boxes, each containing \$5,000, were sent to its London branch. When opened, one of the boxes was found to be filled with bags of shot. The hoops and seals on the shot box had not been tampered with. There was no indication that the boxes had been opened during the voyage. The gold was afterward recovered in the wagon of a coopermonger. He never told how he got it.

Paris was started in July, 1894, by the report of the loss of a bag containing \$500,000 in gold taken from a consignment of \$2,000,000 shipped on the L'Atlantique to Lazard & Co., Paris. The gold was afterward found buried near the railroad station in Havre.

That steamship companies are responsible for the gold while in transit was decided by the highest courts of England in 1897 in a suit by the Queen's National Bank against the P. & O. line. This bank shipped ten boxes, each containing 5,000 sovereigns, on the steamer Oceana from Port Jackson to Lloyds bank in London. The contents of one of the boxes was stolen. Damages for breach of duty in carriage was during the voyage. The higher courts affirmed the judgment for the plaintiffs.

WALL STREET STOCKS.

New York, 14.—Saturday's stock market was highly professional and was under active manipulation all through the session. The brokers who have been active for the bull leaders throughout the recent movement were the largest buyers of stocks and their operations were especially conspicuous in Rock Island, Sugar and Atchison.

Balance in improving the roadbed from this city to Portland, Ore.

Omaha, April 14.—Colonel F. R. Musick, author, journalist and politician, died from heart failure today. Injures received while rescuing injured after the cyclone at Clarksville, Mo. Three men fired from ambush at Deputy Sheriff's Rose and Williams about midnight. The officers returned the fire and Powell was seen running away. His body was not found until this morning. Threats had been made that the abolition, on Thursday, of martial law, all who served as officers under it would be done up.

BOSTON COPPER QUOTATIONS.

The copper stocks dealt in on the Boston exchange closed as follows yesterday, as reported by Paine, Webber & Co.

CHICAGO GRAIN MARKETS.

Chicago, April 14.—At the close Saturday, wheat was 1/8c lower than it closed Friday. Lower cables from Liverpool and fine weather and plentiful rains in the Southwest were the chief factors in the decline. Logan was a good seller and others followed, both in the way of liquidation of long stuff and for the short account.

CALIFORNIA FIG SYRUP CO.

SAN FRANCISCO, CAL. LOUISVILLE, KY. NEW YORK, N. Y.
For sale by all druggists.—Price 50c. per bottle

There was a good deal of selling on the advance and considerable reaction had occurred when the bank statement appeared. Rock Island forged upwards after the publication, touching 156 3/8— a net gain of 3/8 on the day—the high point and record price for it under the present captionation, and the fact that the stock crossed St. Paul was also made the subject of interested comment. Net gains were the rule at the end.

AN EXCELLENT COMBINATION.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinal laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

NEVER IMITATED IN QUALITY.

balance in improving the roadbed from this city to Portland, Ore.

Omaha, April 14.—Colonel F. R. Musick, author, journalist and politician, died from heart failure today. Injures received while rescuing injured after the cyclone at Clarksville, Mo. Three men fired from ambush at Deputy Sheriff's Rose and Williams about midnight. The officers returned the fire and Powell was seen running away. His body was not found until this morning. Threats had been made that the abolition, on Thursday, of martial law, all who served as officers under it would be done up.

AN ABSOLUTE FACT
...THAT...
GREGG'S COFFEES ARE THE BEST.

Pan-American Exposition Company, D. S. Morgan Bldg., Buffalo, N. Y., Jan. 10, 1901. C. D. Gregg Tea & Coffee Co., Chicago and St. Louis.

Gentlemen:—We enclose you contract for the exclusive supply of coffee for all the restaurants at the Pan-American Exposition to be held in Buffalo during the coming summer. In the selection of your coffees in competition with samples submitted by the largest importers and roasters in the country, we have been governed entirely by the quality of same and feel confident that we could not do better than complete the arrangement with you. The amount of coffee which this contract involves is unquestionably the largest ever supplied to one consumer in the same length of time. We congratulate you on the enterprise you displayed in securing the contract.

Yours,
PAN-AMERICAN EXPOSITION COMPANY.

A PRACTICING PHYSICIAN
In Monticello, Ill., formulated Dr. Caldwell's Syrup Pepsin. Ask the Stafford Drug Co.

Those horrid fits of depression, melancholy, low spirits, and sudden irritability, that sometimes afflict even good-tempered people are due to the blood being permeated with lack bile. HERBINE will purify the blood, restore health and cheerfulness. Price 50 cents. The Stafford Drug Co.

Kitchen Utensils.
and housefurnishing goods in wood and tin will be found in great variety in our stock of agate ware, porcelain lined ware, and cooking utensils of all kinds, laundry supplies in tubs, wash boards, flat irons, boilers and wringers. Our goods are all high grade and sold at bed rock prices.

M.R. Manhard

TAXES ARE WELL PAID UP.
Marquette County Makes a Good Showing in Delinquencies for the Last Year.

THEY TOTAL BUT \$25,118.86 COMPARED WITH \$40,144.77 IN '99.

This City is Down for \$9,524.45, the Largest Total, This Being Due to the Fact Many People Are Hard Up When Assessments Fall Due.

ISHPEMING MAKES A FINE RECORD.
Marquette county people paid up their taxes on the rolls for 1900 pretty well, much better than for the previous year. The total delinquent tax, state, county, cities and townships is \$25,118.86, compared with delinquencies in the previous twelve months aggregating \$40,144.77. The \$25,118.86 is divided as follows: State taxes, \$1,136.04; county taxes, \$4,782.25 and city and township taxes, \$19,199.57. The improvement in the aggregate of the delinquencies shows that the county generally has had a very prosperous year. People have been making money and, in the vast majority of instances, they have been ready and willing to pay their taxes.

Marquette made by far the worst record as regards the delinquencies, its total being \$9,524.45. The Mining Journal is informed that there is no particular reason for this condition other than that the property owners don't seem to care to pay up when the taxes are due. Nearly all the delinquencies are settled before the tax sales are held. Marquette's comparatively poor showing is probably due to the fact that money is usually close with certain classes of the residents just at the time when the taxes fall due. Negaunee city makes a very creditable showing this year, its delinquencies being but \$925.29. Ishpeming, with the biggest assessment roll in the county, makes a truly notable record, it being down at but \$386.53.

The state levy for the last year was much smaller than for the preceding twelve months, being but \$47,378.94 compared with \$69,888.84. On the contrary the county levy showed an increase, being \$79,992.40 as against \$71,351.21.

HOW THEY STAND.
The detailed statement of the delinquencies of the townships and cities on the several rolls follows:
Marquette city—State, \$1,026.56; county, \$1,578.07; township, \$6,595.02; total, \$9,200.65.
Ishpeming city—State, \$48.63; county, \$73.16; township, \$264.74; total, \$386.53.
Negaunee city—State, \$108.09; county, \$162.55; township, \$657.65; total, \$928.29.
Champion—State, \$288.19; county, \$87.25; township, \$596.85; total, \$1,972.29.
Chocoma—State, \$56.30; county, \$105.30; township, \$734.66; total, \$896.26.
Ely—State, \$161.59; county, \$245; township, \$898.87; total, \$1,215.46.
Forsyth—State, \$53.94; county, \$81.58; township, \$198.77; total, \$334.29.
Humboldt—State, \$134.95; county, \$205.63; township, \$755.90; total, \$1,096.48.
Ishpeming—State, \$367.90; county, \$559.51; township, \$1,417.49; total, \$2,344.90.
Marquette—State, \$56.29; county, \$85.74; township, \$113.20; total, \$255.23.
Michigan—State, \$206.29; county, \$311.96; township, \$1,033.03; total, \$1,551.28.
Negaunee—State, \$31.86; county, \$50.90; township, \$60.99; total, \$143.75.
Republic—State, \$158.30; county, \$240.68; township, \$745.88; total, \$1,144.86.
Richmond—State, \$35.95; county, \$55.80; township, \$171.66; total, \$263.41.
Skandia—State, \$65.22; county, \$99.63; township, \$559.16; total, \$724.01.
Sands—State, \$37.24; county, \$56.80; township, \$292.59; total, \$386.63.
Tilden—State, \$42.93; county, \$65.43; township, \$248.27; total, \$356.63.
Turin—State, \$98.28; county, \$148.60; township, \$431.29; total, \$678.17.
West Branch—State, \$56.23; county, \$85.51; township, \$768.38; total, \$910.12.

A TESTIMONIAL FROM OLD ENGLAND.
"I consider Chamberlain's Cough Remedy the best in the world for bronchitis," says Mr. William Savory, of Warrington, England. "It has saved my wife's life, she having been a martyr to bronchitis for over six years, being most of the time confined to her bed. She is now quite well." Sold by the Stafford Drug Co.

Get your money's worth by smoking Carvalho's solid, Havana filled cigar.

NOTICE TO ICE CONSUMERS FROM THE NEW ICE COMPANY.
Don't forget to call up the Marquette Ice company for prices on ice for the coming season. Office, Marquette Hardware company's store. Both telephones. (4-9-17)

No headaches in Carvalho's cigars, sweet and mild.

Blood and skin diseases, indigestion, constipation, rheumatism, pimples and sores permanently cured by Rocky Mountain Tea taken today. 25c. Stafford Drug Co.

Mothers! Beware of those secret robbers of your baby's quiet and health. Those sleepless nights and long hours of tiresome vigil are caused by those terrible enemies of childhood—worms. Destroy and remove with WHITE'S CREAM VERMIFUGE. Price 25 cents. The Stafford Drug Co.

WHEN BABY HAS THE CROUP.
How many anxious hours are spent by mothers when baby has the croup. And how many times the anxiety and the tender care go all for naught, because the treatment given is not right. Thoughtful Mothers know the worth of Bunsen's Pine Tar Cough Honey in cases of Croup or Pneumonia and prefer it above all others. Price 25 and 50 cents. For sale by the Stafford Drug Co.

NOTICE! H. O. Rose, of Petoskey, is the only manufacturer of Petoskey Lime in the state of Michigan, the standard lime of Michigan; no equal. I being sole agent and dealer in Petoskey lime for this city, through me only can it be bought. Every barrel guaranteed to turn out more lime than any other lime on the market. I am also agent for the Saylor's Portland Cement, the standard American for land, guaranteed equal to any Portland for side or cross-walk purposes. Also handle Gypsum Hard Wall Plaster, nearly as cheap as the best. I also handle Gypsum wall tins, calcine plaster, plaster, plaster, red brick, beach sand, and wood of all kinds. Cedar poles and posts, and contract work. Figures quoted on car lots or less of Saylor's Portland Cement, Petoskey Lime and Gypsum Hard Wall Plaster.

GEORGE E. FRENCH,
Marquette, Mich.
Both 'Phones.

G. R. WATTS, Piano Tuner. Leave orders at G. N. Conklin's, Marquette; County Telephone 15, and E. Girzi's, Ishpeming.

IS NOW SOLE OWNER.
A. T. Van Alstyn Monarch of All The Surveys at Opera Block Store.

Negotiations which had been pending since last December, when the management of the Opera Block Dry Goods house announced its intention to close out its Marquette business, were finally closed March 25, at which date A. T. Van Alstyn sold his Chicago real estate and purchased his partner's (Mrs. Mary H. Longyear's) interest in the big store.

By the sale of the Chicago real estate, Mr. Van Alstyn has been enabled to pay off a large loan secured when he first opened the Opera Block store, besides acquiring his partner's interest in the business, thus converting all his interests into cash and thereby obtaining a working capital for his dry goods business largely in excess of what he has been able to use heretofore.

Mr. Van Alstyn is now the sole owner of the Opera Block store and he asserts that there is absolutely no truth in the reports, which some are pleased to circulate, that the Fair, Chicago, or any other concern has bought an interest in his business.

While Mr. Van Alstyn was away closing up his real estate deals he also spent two weeks in New York and he says that he made unusually large purchases of high grade silks, dress goods, white goods and linens from the well known dry goods house of James McCreery & Co., which is now retiring from business. He asserts that he secured these goods at from 25 to 50 per cent discount and that he is now enabled to offer them practically at wholesale prices.

The unsettled condition of the business prior to Mr. Van Alstyn's purchase of his partner's interest necessitated his being a month or more late in visiting the Eastern markets this spring, but he states he has effected a saving of 25 per cent on the prices which prevailed thirty days before. He expects that all his new goods will be unpacked in time for his formal opening, set for Friday and Saturday of this week, and he promises the finest selection of spring goods that the Opera Block store has ever shown.

PROMISING OUTLOOK.
Good Things Expected of Coppers This Week.

Coppers have been in very satisfactory condition during the past few days and the close Saturday found them apparently ready for a strong market this week. This is what the brokers anticipate and the general trading talent expect. Paine, Webber & Co., said:

"The steady firmness of the copper market for the past two days has given the timid and timid holders a chance to sell at the highest price of the week. At the closing the coppers appear to be in a better position for a good advance than they have been before for a week. Leading traders are unanimously of the opinion that next week will see higher prices in every copper stock on the board. The New York bank statement today was better than had been expected. It will lend assurance to the strong interests and traders and help along the bull campaign. We believe the lake coppers will receive more attention and that all the world on the horizon is becoming higher. The Boston & Montana dividend is \$5 regular and 4 per cent extra."

Hayden Stone & Co., wired the Laidley Commission Co.:

"The copper market has displayed great strength and activity this week under the lead of Amalgamated. Montana is to our mind the cheapest stock, when you consider the investment returns. Montana paid \$43 last year and Amalgamated \$8. Based on dividend returns one share of Montana is worth more than four shares of Amalgamated. It is hinted, however, that the dividend on Amalgamated will likely be increased and that the Amalgamated will increase its capital in order to take over the two properties, Montana & Butte. It is further hinted that J. P. Morgan will have charge of the unwrapping. We hear very bullish talk about the iron properties, Santa Fe and Tennessee Copper and we notice that they are being manipulated."

Take No Chances

WHEN buying clothes ready-to-wear. There is only one sort that will never disappoint you in the excellence of the fabrics, correctness of the style and general value-for-price, and that sort bears this label.

We have sold this make to our most particular customers and have never heard anything but commendation from the wearers.

The man who has been paying his \$15 or \$20 for a Suit or Top Coat of the ordinary "ready-made" sort, and who is now buying Steineloch clothes, realizes how much more style, comfort and service he is getting for the same price.

Suits, . . . \$15 to \$25
Top Coats, . . . \$15 to \$25

KILLED AT DEAD RIVER.

NAPOLEON CHARBONEAU MEETS HIS END ON THE PRESENT DRIVE.

Napoleon Charboneau met his death while driving logs for the Dead River Mill company Saturday afternoon. Charboneau was working on the drive near the skidway. He was attempting to break up a jam. The logs were piled in every conceivable shape and in breaking away one of the largest Charboneau was struck down by a second log. Before he could gain his feet a third hit him on the head, crushing his skull and killing him instantly. The body was brought to town the same afternoon. The unfortunate man's funeral will take place from St. Joseph's church this afternoon at 2 o'clock. Charboneau was a single man, thirty-seven years of age. He has a brother, John, residing in this city.

WILL WRITE INSURANCE.

STOCKHOLDERS OF THE MINERS' NATIONAL TO BRANCH OUT IN A NEW LINE.

There was a meeting of a number of stockholders of the Miners' National bank recently. It was decided that a general insurance business would be profitable. The bank, as a bank, can not enter this business so it was necessary for some of the stockholders to start the ball rolling. They have a good manager in view who will probably be ready to start work in a few days. His identity is yet a secret but he is said to be a non-resident. The new concern will conduct a life, accident and fire business and to this end it has already bought out H. O. Young. Many strong companies will be on its list. The miners' members among its stockholders men who are in a position to throw much insurance to the new branch. A large proportion of the insurance and banking business of this and surrounding cities is represented in the directorate and stockholders.

CLOSED UP TIGHT.

MOVEMENT INSTITUTED TO CLOSE THE SALOONS AT 11 O'CLOCK AND ON SUNDAYS.

Saturday was the last day on which those who are reckless enough to try the various slot machines had a chance. Mayor Johnston gave Marshal Farm notice Friday that he would live up to his message to the council and that all saloons, without exception, would have to close their doors at 11 o'clock sharp and also on Sundays. The marshal delivered orders accordingly to the force and to each saloon keeper, and the result was a closed town yesterday. The slot machines were hustled out of their several resting places Saturday evening and the council will double their money by this method will have to do it somewhere else than in Ishpeeming.

The saloon, closing orders are issued every spring but after a few weeks the officials get a little slack and things run on in their old rut. The council prevails that this year will be an exception, and that vendors of fire water will have to do business within certain hours or risk being assessed heavy fines. A large number of the saloon men are very well satisfied to close their places of business in accordance with the legal requirement, and always have been. These are the men who conduct the best places and enjoy the best patronage. There are other places on some of the side streets which have been running wide open for months and their proprietors will do a deal of kicking, but there will be no discrimination and one and all will have to close and remain closed.

The members of the police committee of the council, together with the mayor and marshal have got their eyes on certain candy stores in town in which a great deal of gambling is carried on every day and evening, and they say that their attention will be turned to these resorts next.

Now if the officials would look into certain houses of ill fame which are situated on Main street and other streets just as frequently traversed, they will find another field that needs weeding. These places have been running for months with the knowledge of the officers, but because of the difficulty of getting evidence against them the force have let them continue unmolested. Few people know that a short time ago there were three houses of this description within one block on Main street, but such is the case.

EDITOR'S AWFUL FLIGHT.

F. M. Higgins, Editor Seneca, (Ill.) News, was afflicted for years with Piles that no doctor or remedy helped until he tried Bucklen's Arnica Salve. He writes two boxes wholly cured him. It's the surest Pile cure on earth and the best salve in the world. Cure guaranteed. Only 25 cents. Sold by The Stafford Drug Co.

Our carpet sale is a big success. We are saving patrons money on every purchase. F. Braastad & Co.

While below recently I purchased a larger and better line of millinery goods than I have ever before shown. The ladies of Ishpeeming and vicinity are invited to call at my old stand on First street.

MRS. A. DEADMAN. (4-6-tf)

The new lines of silk skirts, millinery, dress goods, etc., just in at Braastad's are attractive. (2-11-tf)

Osgood, Md., Oct. 28, 1899. Pepsin Syrup Co., Monticello, Ill. Gentlemen:—I have used Syrup Pepsin for some time and find it gives most excellent results and it is one of the greatest selling preparations I have ever carried in stock.

I do not hesitate to recommend it. Very respectfully, DR. T. JONES. Sold by the Stafford Drug Co.

LARGE DELEGATION.

IT ATTENDED FUNERAL OF THE LATE PROFESSOR HARLOW OLCOTT AT MARQUETTE YESTERDAY AFTERNOON.

A special train, leaving about noon yesterday, bore a funeral party, unexampled in Ishpeeming's history, to Marquette. The special was made up of four coaches and each was fairly crowded with Ishpeeming friends of the late Professor Harlow Olcott and those members of his family who have been so intimately identified with Ishpeeming life and progress. Fine weather was responsible for the general attendance, as the day was quite perfect.

The Ishpeeming delegation was swelled at Negaunee by the addition of a number of friends of the Olcott family from that city, and a contingent from points in the western part of the county also attended the obsequies. The services were held in St. Paul's Cathedral and that goodly edifice was well filled with the mourners. Interment was in the beautiful Park cemetery where Mrs. Harlow Olcott has lain at rest these many years.

Professor Olcott leaves a host of friends who sincerely mourn his loss, and who since his departure from this section have never tired of speaking his praises. He was a thorough school man, as is not surprising, considering the length of time in which he was engaged in the work. Those who were fortunate enough to be under his charge, or where they could watch, study and follow his splendid example, well know the good which his life and teachings wrought in the circle where his influence was felt.

The Ishpeeming party returned on last evening's trains, most of the people arriving on the regular, due shortly before 7 o'clock.

THE BEST REMEDY FOR RHEUMATISM.

Quick Relief from Pain.

All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Sinks, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my arm and shoulder. I tried numerous remedies but got no relief until I was recommended by Messrs. Geo. F. Parsons & Co., druggists of this place, to try Chamberlain's Pain Balm. They recommended it so highly that I bought a bottle. I was soon relieved of all pain. I have since recommended this liniment to many of my friends, who agree with me that it is the best remedy for muscular rheumatism in the market." For sale by the Stafford Drug Co.

A STAR ATTRACTION.

"The Christian," which comes to Ishpeeming tomorrow evening, is a play which theatre-goers here are anxious to see. It will be mounted with the equipment used in the original production in the Knickerbocker theatre in New York, and a large number of people will appear on the stage. In addition to the speaking members of the cast, apparatuses and other things are carried, whose only business is to form the tableau of the great mob scene. This is one of the most dramatic pictures ever put upon the stage, and in the hands of these well drilled and well paid supernumeraries creates much enthusiasm.

It is estimated that Hall Caine's novel has been read by nearly seven millions of people, and therefore the story is well known. The author dramatized his own work and came from his home in the Isle of Mann to New York to superintend its production. This work has been appreciated is emphasized by the fact that he has received nearly \$100,000 in royalties on the play. Several of Hall Caine's works have been produced on the stage, but this is the first which he has dramatized himself and his work in this line convinces everyone that he is as great a master at dramatization as he is of fiction.

ROBBED THE GRAVE.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts. guaranteed, at The Stafford Drug Co.

We have put in a large line of millinery goods, including many stylish trimmed hats. F. Braastad & Co.

My new line of millinery is now ready for inspection. I have a nice assortment of pattern hats, also the latest novelties. MRS. A. DEADMAN. (4-6-tf)

The ladies should inspect our new line of silk skirts. The stock is large and embraces pretty patterns. F. Braastad & Co. (2-11-tf)

The little folks love Dr. Wood's Norway Pine Syrup. Pleasant to take, perfectly harmless; positive cure for coughs, colds, bronchitis, asthma.

HANGED HIMSELF.

CHARLES JOHNSON, WHOSE ANTECEDENTS ARE UNKNOWN, COMMITTED SUICIDE AT THE CASCADE SATURDAY EVENING.

Palmer was flurried by news of a suicide Saturday evening. No good cause can be assigned for Charles Johnson's action in taking his own life by hanging himself from the limb of a tree, less than five feet from the ground. Johnson must have been very anxious to die, as to affect his end it was necessary for him to lift his feet from the ground. He chose a secluded spot, it being some little way from the location, for the deed.

The body was found yesterday morning and Justice Trathen was summoned to impanel a jury. The inquest was postponed until this afternoon. Johnson formerly worked around the location, but for the past week or more has been drinking heavily and has been out of a job. It is not known where he formerly resided and nothing can be learned of his antecedents. He had been in Palmer but a short time and had made no friends. The position of his body is yet to be decided upon.

Additional Ishpeming

ISHPEMING IN BRIEF.

"Uncle Josh Spruceley" entertained a good house Saturday evening.

John Lind is adding a second story to his house on Michigan street.

Paul D. Swift visited friends in Ironwood the latter part of last week.

Horace W. Outhouse returned Saturday evening from a short trip up the line.

M. C. Scully recently returned from a trip to Chicago, where he went to visit his house.

Ed. Nelson of the Grand Union Tea company returned yesterday morning from a business trip to Iron Mountain.

The city band orchestra of seven pieces will furnish music at the presentation of "The Christian" tomorrow evening.

The city band orchestra is making great preparations for its dance, which will be given in Anderson's hall next Friday evening.

There is a great demand for shingles at present, there being no less than twenty-five houses in the city which are receiving new roofs.

The fair recently held by the Finnish Lutheran church netted that society \$311.74. It was the most successful fair the church has ever conducted.

The ladies of Ishpeming and vicinity are invited to call and inspect my new line of spring and summer millinery. Opening all this week. Mrs. A. Deadman.

My spring and summer millinery opening continues all this week. My line is new and up-to-date, embracing beautiful patterns hats, novelties, etc. Mrs. A. Deadman.

Now that spring is here there are many "hobos" around the city who are troubling not a few residents. In the past these characters have been summarily dealt with, and doubtless this will be the case this spring.

The office of the Finnish Mercantile association is being enlarged this week, an improvement which is badly needed, as the immense business which the association is doing made the old quarters somewhat small.

Mrs. A. Deadman has engaged Miss Dishier of Chicago to manage her trimming department. Miss Dishier comes highly recommended and judging from the work she is turning out, she is one of the best trimmers who has ever visited this city.

The recreation club will give a party in Anderson's hall the evening of the 27th. Trombley's orchestra will furnish the music. This organization is made up of boys under fifteen years who are rather swift at foot ball and all the other outdoor games.

Andrew Hall's blacksmith and carriage shop is now being run by an electric motor. It is a great improvement over the old gas engine. Mr. Hall is engaged on the construction of an ice wagon for E. Braadstad & Co., which will be the largest vehicle of this character in the upper peninsula. It will be drawn by three horses, harnessed abreast.

A GOOD SEASON'S WORK.

TAYLOR & ANTHONY CUT 3,000,000 FEET OF LOGS AND MINING TIMBER NEAR KENTON.

Taylor & Anthony of this city are not to be rated among the small operators in the woods. This firm has just broken camp and discharged its men. In talking with one of the members of the firm, The Mining Journal learns that the past winter has been one of the most successful it has ever experienced. About sixty men were given steady employment throughout the season and there were nine teams employed. The total cut is estimated at three million feet, mining timber and logs.

The firm has been operating for the past six years on about 2,000 acres of land in the vicinity of Kenton, but its work there is finished, the timber having been completely cut off. The first of the season only mining timber, which was shipped to the mines of Ishpeming, was taken out and much of that class of timber which has been received by the mines there this season has come from the Taylor & Anthony camp. In February this firm secured a contract with the Sparrow-Lumber Company for a large quantity of logs, and up to the time of breaking camp its forces were engaged in getting these out. During all the time the firm has been operating on this tract there has been but one camp used.

Next winter the firm will operate at King's Lake, near Nestoria, where it owns some 300 acres upon which there is a fine growth of tamarack, pine and spruce. It is expected that one season will see this land cleared. During the past winter Dan Currie of Marquette and W. S. Prickett of Sidnaw have been shipping timber from that locality and both these men have got out a large quantity of mining timber which they have sold to the mines of the peninsula.

DON'T PAY TOO MUCH

for your spring hat. Not that there is any question about most folks being perfectly able to manage their own financial affairs, but there's a great difference in hats. All hats may look alike to you so far as quality is concerned, but there is a difference in the make and finish of hats. There are hats that are good for the price, some that are not so good. Then there are the best hats made for the price and we believe we have them, in fact we believe that you will not be disappointed when you come here expecting to see a splendid line of both stiff and soft hats at lower prices for up-to-date styles than are named at any store in the city.

A THOUSAND TONGUES

Could not express the rapture of Annie E. Springer, of 1125 Howard St., Philadelphia, when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure: "It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c. and \$1.00. Trial bottles free at the Stafford Drug Co.; every bottle guaranteed.

STILL AT LOGGERHEADS.

The residents of Turin township will likely have sufficient cause to remember the spring election of 1901 for a long time to come. The contest has not been settled yet and there is every chance that it will remain in its present chaotic state for some weeks. The contestants resorted to a lot-drawing the other day and in the supervisory fight James Finley won out over James B. Cooper. Cooper declared that the result was entirely satisfactory and that mixup is settled. The fight for the clerkship is still on. Edward Keith won the draw, but his opponent, William McFarlane, is not satisfied and will take the matter before the circuit court at the May term. The constables who held the winning lots will also have to defend their titles.

"WE DON'T WANT MONEY BAD."

We want it good and we will give you value received, as in every bottle of Dr. Caldwell's Syrup Pepsin, no matter be it 10c, 50c or \$1.00, as we guarantee it for Constipation, Indigestion, Sick Headache and Stomach Trouble. Stafford Drug Co.

ANNOUNCEMENT.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cts. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions but changes them to a natural and healthy character. Ely Brothers, 56 Warren St., N. Y.

MOTHER GRAY'S SWEET POWDERS

for Children. Mother Gray, for years a nurse in the Children's Home in New York, treated children successfully with a remedy, now prepared and placed in the drug stores, called Mother Gray's Sweet Powders for Children. They are harmless as milk, pleasant to take and never fail. A certain cure for feverishness, constipation, headache, teething and stomach disorders and remove worms. At all druggists, 25c. Sample sent FREE. Address Allen S. Olmsted, LeRoy, N. Y.

"Itching hemorrhoids were the plague of my life. Was almost wild. Doan's Ointment cured me quickly and permanently, after doctors had failed." C. F. Corah, Valley Street, Saugerties, N. Y.

The end of the Century's most remarkable dramatic triumph.

IS TO LEAVE THIS PORT.

J. M. Longyear Will No Longer Keep the City of Marquette in Service Here.

SHE MAY OPERATE IN OTHER WATERS OR MAY BE SOLD.

Huron Mountain Club People do Not Know What They Will do for a Steamer. But They Expect That Field Will Soon Be Pre-empted.

RIGHT BOAT WOULD DOUBTLESS DO WELL.

Captain Taylor's tones of command will not be heard echoing about the decks of the steamer City of Marquette in this port the coming summer, not because he is going to leave the craft but because the Marquette is destined for other waters. J. M. Longyear, who has owned and operated the steamer from this harbor for the past several seasons, has decided to either put it in other service during the next few months or to dispose of it entirely. The ultimate disposition of the Marquette remains to be determined, but it is given out as a certainty that this harbor has seen the last of it.

The first thought that will strike people on reading this announcement will be, "how about the Huron Mountain club?" The Marquette has been largely employed during the years that she has been owned by Mr. Longyear in looking after the traffic to and from this exclusive resort. While a few of the members have been accustomed to use small craft in getting to and from the club, the great majority have relied on the steamer for this transportation. As yet the Huron Mountain people do not know who will step in and supply the want left by the withdrawal of the City of Marquette from service in this part of Lake Superior, but they expect that the field will be occupied very soon.

There is little question that a fair sized steam craft, operated with aggressiveness and a determination to get all the business going, could make money in Marquette. With the club traffic as a basis, such a steamer should be able to clean up considerable profit each season. Marquette could be relied on for considerable revenue were the excursion business given the requisite attention. It has not been cultivated of late years and there is little question that attractive trips, judiciously advertised through the county, would be well patronized. Then much might be done with business up and down the lake.

MARQUETTE LARGE ENOUGH.

Marquette is large enough to support a little excursion steamer and to furnish a business from which the owners would be able to make some money. Numerous instances might be cited in which craft are operated successfully in ports which offer no advantages in population or environment that cannot be duplicated here. These facts lead the people interested in the location of a fair sized, reasonably fast steamer at Marquette to think that some enterprising marine man will be along to occupy the field.

It is understood that the City of Marquette was not a money maker and that Mr. Longyear has footed annual deficits of more or less magnitude during the seasons which he has owned her. The Marquette was a good sized craft and the daily expense of her operation was considerable. A smaller steamer, sailed by the owner who would be personally interested in paying the cost of operation down to the lowest point consistent with the comfort of his crew and safe navigation, might prove a gold mine in the field

from which the Marquette is to be removed. If the harbor does not become the home port for some sort of a steam craft the chances are that there will be a big boom in the launch business as the "little fellows" will be in great demand for the Huron Mountain club traffic.

MISSION OPENED.

Paulist Fathers Will Be a Great Card at St. Peter's.

The two weeks' mission at St. Peter's was opened yesterday by the Paulist Fathers Daugherty and Conway. The mission meetings were outlined and brief talks were given at the morning services. Last evening an eloquent sermon, heard by a large congregation, was preached. The mission services will be held regularly each day at 7 and 8 a. m. and at 7:30 p. m. Each evening a scholarly and eloquent sermon will be preached. There is great interest in the mission, both among the Catholics and those of other beliefs, and it promises to be an unexampled and unqualified success.

A NOTABLE ATTRACTION.

It Will Be "The Christian," Here Friday Evening.

"The Christian," Hall Caine's wonderful story in dramatic form, will be presented at the opera house Friday evening. The successful plays of the past decade pale into insignificance beside this strange and beautiful drama, written by a powerful novelist, dramatized by him, and produced by a liberal management that prides itself in surprising the public. "The Christian" has made the phenomenal record of having played to over double the average receipts of the representative theatres of the continent. The why of the success is easily understood. "The Christian" appeals to not only all classes of theatre-goers, but to those who seldom or ever attend a dramatic performance. Though powerful, the story is strictly moral and it advises a liberal religion which, acceptable to all, does not offend any sect or creed. One of the strongest proofs of this appeared at a special matinee given at the Knickerbocker Theatre, Nov. 3, 1898, it being attended by 339 divines of all the different denominations, many of whom had never before been inside a theatre. For weeks after this memorable performance, the offices of Liebler & Co., were deluged with letters and personal visits from eminent representatives of the church, all speaking in the highest terms of the beauty of the play, the purity of its lesson and the dignity of the players.

What you get for your money is as important as what you pay. The R. L. Francis Co., bicycle repairer, corner Front and Bluff streets, invites all its friends and patrons to inspect its spring stock. The repair department will be conducted along the same lines as last season, insuring high-grade work at a reasonable price. (4-6-1m)

Statement by J. A. Filtercraft, editor of The Life Insurance Courant: "From personal observation and from results obtained from my own policy I can safely say that no other life insurance company has been more economically managed, nor more fortunate in their investments, or upon the whole have produced more satisfactory results to policy holders, than has the Aetna Life." F. H. Vandenberg, general agent, Savings Bank building. (4-10-1w)

ATTENTION TRAVELINGMEN!

WHAT DOES THIS LACK?

Surely Marquette Readers Cannot Ask for Better Proof.

The Marquette readers may ask for more convincing proof than testimony published from representative residents of neighboring cities but as the proof we offer has been decidedly convincing in Escanaba it should carry considerable weight in Marquette.

Mr. Theo. Farrell of 411 Wells avenue, Escanaba, engineer on the Northwestern, says: "The majority of men who follow my calling suffer from backache. In some cases like myself they are a long time on the road before the symptoms develop, in others the jarring and swing of the cab brings on attacks much sooner. I watched the action of my kidneys carefully and have specially constructed seat on the engine to counteract its effects. As soon as I found that my kidneys were not just right I took some kidney tonic to correct them. I found Doan's Kidney Pills answer my purpose admirably. Reading about them I decided to leave off the remedy I always depended upon, and procured a box of Doan's Kidney Pills at a drug store, with the intention of giving them a chance to prove that there was something of merit in their composition. The results obtained were all that could be desired. Since I stopped the treatment I have had no indication of a return."

Just such emphatic endorsement can be had right here in Marquette. Drop into the Stafford Drug Co. and ask what their customers report. For sale by all dealers, price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

WORK ON FURNACE.

It May Be Said to Have Been Fairly Started.

The Cleveland-Cliffs Iron company has a number of men at work on the site of the proposed new 150-ton charcoal blast furnace in North Marquette. They are grubbing around to arrive at determinations relative to the foundations for the new plant. This looks like business; in fact, it is business, although there are those in Marquette who will hardly be convinced of the new furnace's reality until they see its stacks towering to the blue skies. The day when even the most pronounced skeptics will have to unite in a confession of faith seems drawing on apace.

CONCORD REIGNED.

Aldermen and Mayor Mangum Loved One Another Saturday Evening.

The new common council met unofficially in star chamber session Saturday evening and it is given out that the white-winged dove of peace hovered over all deliberations. The Mangum slate, it is said, was approved by the caucus without dissenting voice, there being exquisite harmony and concord among the city fathers. Who are on the slate? The good people of Marquette have another twelve hours in which to ponder on this question before tonight's regular meeting of the council. The aldermen were pledged to secrecy, which they have maintained with more or less assiduity, Saturday evening.

Smoked by many, praised by all, Carvalho's hand made cigars.

There's nothing made that will cure all spring disorders as Rocky Mountain Tea made by Madison Medicine Co., 35c. Stafford Drug Co.

Carvalho's cigars don't make throat dry or bite your tongue.
