BRIBES PAID TO OFFICERS

Commissary Department Men on Books of Manila Contractor.

NEW CHARGES OF BOODLE.

Unauthorized Purchases of Wine Subsequently Sold for Private Gain One of the Allegations.

ANOTHER ARREST IS MADE

Manila, April 15.—The trial of Commissary Sergeant John Weston, charged with complicity in the commissary frauds, is finished. Although no verdict has been announced, Weston's conviction is uncertain. Other trials of those implicated will follow.

Captain James C. Read, formerly depot commissary at Manila, has been arrested. It is alleged that entries upon the books of Evans & Co., government contractors, indicate that commissary officers received the following: Major Geo. B. Davies, upwards of \$1,000; Captain James C. Read, \$1,000; Captain Frank H. Lawton, \$750; B. L. Tremaine, Colonel Woodruff's chief clerk, \$700.

LAVISH ENTERTAINMENTS.

It also appears that Evans & Co. furnished the handsome residence of Colonel Woodruff. Harold M. Pitt, manager of Evans & Co., who is now under arrest, was notoriously lavish in entertaining commissary and other officers, while the depot commissary was a frequent guest of the hotelier district and occasionally spent days at Pitt's house in questionable society.

Pitt's house is a bacchanalian rendezvous and prominent officers have frequently visited it, drinking champagne and playing poker, while women of doubtful reputation are known to be often there. It is alleged that Pitt had the inside track in securing government contracts, and it is also asserted that he was the prime mover in the scheme to reestablish cockpit in Manila.

It is asserted that the commissary department has made unauthorized purchases of a quantity of champagne, and that Pitt was sold some in addition to what the transports brought. The commissary imported two hundred gallons in February and a like amount in March. The commissary and commissary sergeant, it is also stated, kept private carriages and indulged in other extravagances.

METHODISTS IN THE FIELD.

The Methodists are planning a vigorous campaign. Bishop Warren has just arrived here, and the native converts are enthusiastic.

SMALL-POX WAR AT SPRINGFIELD.

Springfield, Ill., April 15.—A man who had the small-pox at the Salvation Army Hotel and left there several days ago appeared in the city this afternoon and when the officers captured him they took him to the Salvation Army Hotel, where there are quarantined five small-pox patients and twenty-three others. The inmates refused to admit the patient, saying the hotel was not a pest house. The inmates threatened to burn the building down and make their escape. The police, however, battered down a door and placed the patient in the building. Chief Castles then went to the state arsenal and secured a number of rifles with which he armed six patrolmen and stationed them around the hotel as guards.

FRENCH DESIGNS IN AFRICA.

London, Tuesday, April 16.—The British court will proceed to Fez toward the end of May," says a dispatch to The Daily Chronicle from Tangier, "and French operations will then cease on account of the heat. The best informed opinion says the sultan is too lethargic to make a fight against the French designs. It is believed France is about to undertake a giant's task and that she will have a giant reward. There is no sign that the Moroccan court understands the gravity of the situation."

MARTIAL LAW IN RUSSIA.

London, April 15.—"Until after the Russian Easter," says the Odessa correspondent of The Daily Express, "the towns of Odessa, Kieff, Kharkoff, Ekaterinograd, Ekaterinoslav and Nikolaioff will be held virtually in a state of siege. All public buildings are occupied by troops, the streets are patrolled by Cossacks and assemblages are forbidden. These conditions are from fear of a renewal of the student riots."

HIS COLLAR CAUGHT FIRE.

Quincy, Ill., April 15.—A gasoline explosion today in the livery stable of Henry Wiskirchen, one of the largest in the state, set fire to a hostler's celluloid collar, starting a blaze which nearly destroyed the buildings, causing a serious loss. The hostler was badly burned.

LICENSE ON DRAM-DRINKERS.

ARKANSAS SENATE PASSES BILL IMPOSING AN ANNUAL \$5 TAX.

Little Rock, Ark., April 15.—By the vote of 12 to 7, the senate today passed a bill making it unlawful for any person to drink intoxicating liquors as a beverage unless he shall have first obtained a license as a dram-drinker. The license was fixed at \$5 per annum.

IMPORTANT DIVORCE DECISION.

Washington, April 15.—The United States supreme court today decided a number of cases involving the validity in one state of divorce decrees granted in other states. The court held practically that in cases where the decree is granted in states where the husband and wife have made their legal residence it is valid in any part of the United States, but that in other cases in which there is no legal residence in the state in which the decree is granted they are invalid.

PAT CROWE NOT THE MAN.

Dallas, Tex., April 15.—"Pat Crowe had no more to do with the Cuddey kidnapping than you did." This statement was made to County Attorney Shields, of Douglas county, Nebraska, here today by H. C. Henderson, who says he was one of the Cuddey kidnapers. However this was the only statement regarding the matter that he was induced to make in anything like definite form.

LONDON GIVEN A SCARE.

Unconfirmed Report of the Capture of Gen. French and 500 Men--Kitchener, With an Army of 250,000, About to Resume Active Operations.

London, April 15.—It is reported that a private telegram has been received here to the effect that General French and 500 British troops have been captured by Boers while the general's force was enveloped in a mist on the hills. No confirmation of the report can be obtained. The war office, while knowing nothing about the capture, entirely discredits the report. It today received the following dispatch from Lord Kitchener:

BOER CAMP SURPRISED.

"Colonel Sir Henry Rawlinson's column rushed a laager northwest of Klerksdorp at daylight. Six Boers were killed, ten wounded and twenty-three taken prisoners. He captured a twelve-pounder, one pom-pom complete and two ammunition wagons with ammunition. Our casualties were three wounded.

"Colonel Plumer has captured a field coronet and seven men, with ten wagons and eighteen rifles.

"During Colonel Pileher's operations in Orange River colony, seven Boers were killed."

ACTIVE CAMPAIGN AGAIN.

London, Tuesday, April 16.—The British newspapers and magazines, com-

CHINA TO PAY \$200,000,000.

UNITED STATES SUGGESTS THAT AS TOTAL OF THE INDEMNITY.

Berlin, April 15.—It is officially confirmed here that the United States has formed a proposition to the powers to fix the total Chinese indemnity at forty million pounds (\$200,000,000).

JAPAN GAINS A POINT.

London, Tuesday, April 16.—The correspondent of The Daily Express at Tokio says: "The detachments of Russian marines stationed at Ma San Pho, Corea, have been recalled owing to the Japanese representations."

"The Chinese imperial court, through the Chinese minister at Tokio, has thanked Japan for assisting China to resist the Manchurian convention."

EXPEDITION AFTER ROBBERS.

Berlin, April 15.—The German war office has received the following dispatch from "Count von Waldersee: "Major von Schoenberg, with companies of infantry, mounted infantry, cavalry and artillery, has been sent from here to disperse robbers in the mountains northeast of Chang Ping Chau, thirty kilometers north of Pekin. A company of troops from Chang Ping Chau will intercept the retreat of the robbers."

GERMAN'S SLAYER TAKEN.

Berlin, Tuesday, April 16.—The correspondent of The Lokal Anzeiger at Pekin says: "A young Chinaman named Ho Wan has been arrested for the murder of Captain Bartsch. He boasts he killed the officer in a moment of anger at the captain's ill-treatment of him. Three other Chinamen have been arrested as accomplices. One of them with Ho Wan was riding Captain Bartsch's horse."

COURT TO QUIT SIAM FU.

Shanghai, April 15.—Advices from Siam Fu to local mandarins assert that the court is preparing to go to Hsian Tang in the province of Hu Pei. The permanent officials of the six boards are described as having quietly left Pekin for Siam Fu in anticipation of the selection of the new capital.

TODAY'S WEATHER.

Washington, April 15.—The following is the weather bureau's forecast for Upper Michigan: Generally fair Tuesday and Wednesday; variable winds.

CARRIE NATION FINED \$500.

TAKES ALTERNATIVE HOWEVER, OF QUITTING KANSAS CITY.

Kansas City, April 15.—Mrs. Carrie Nation who was yesterday arrested, charged with obstructing a street, "was arraigned before Police Judge McAuley this morning, fined \$500 and given until six this evening to leave the city. The judge warned Mrs. Nation that if she were found in the city after that hour she would be arrested and placed in jail. She agreed to leave town within fifteen minutes and boarded a street car for Kansas City, Kan.

CUBANS SEND DELEGATION.

Havana, April 15.—At today's session of the Cuban constitutional convention, five delegates—Senors Diego Tamayo, Capote, Berriel, Portuondo and Lorente—were appointed a commission to go to Washington and lay before President McKinley the desires of the convention regarding the future relations between Cuba and the United States.

GOVERNMENT BUYS BONDS.

Washington, April 15.—The secretary of the treasury today purchased \$1,000,000 worth of short term 4 per cent bonds at \$113.55.

Lafayette, Ind., April 15.—The ball game today between the teams of the University of Michigan and Purdue resulted: Michigan, 7; Purdue, 6.

INDIANA DIGGERS WIN.

Brazil, Ind., April 15.—The joint conference of miners and block coal operators tonight resulted in a complete victory for the miners, the operators conceding the miners' right to buy powder in the open market. The action taken tonight averts a large drawdown strike in the block coal district, as the miners, backed by the national organization, were determined to make a firm stand on the powder question. A slight raise in wages goes into effect on Oct. 1.

FEW KENTUCKY MINERS QUIT.

Louisville, Ky., April 15.—The coal miners in Hopkins, Christian and Webster counties were ordered some time ago by the president of the United Mine Workers to strike today, and had the order been obeyed about three thousand would have been idle. Only about 2 per cent of the miners struck, however, and the mines are operating as usual.

ST. PAUL PAINTERS OUT.

St. Paul, April 15.—About 200 members of the local union of the Brotherhood of Painters, Paper-Hangers & Decorators struck today because of the agreement offered the master painters by the journeymen's union on Saturday not being accepted. About one-third of the masters have signed the agreement.

HOSIERY MILL STRIKE SETTLED.

Ipswich, Mass., April 15.—The strike of operatives at the Ipswich hosiery mills, begun three weeks ago, was settled today by the officials promising to restore the 19 per cent cut when business will warrant it and remedy other grievances. About 750 hands have been affected by the strike.

LOCKOUT OF CARPENTERS.

Minneapolis, April 15.—The lockout of union carpenters by the Master Builders' association became effective this morning. Three hundred men are idle. The association has forty-four members, all of whom are standing by the agreement.

TROUBLES IN BUFFALO SHOPS.

Buffalo, April 15.—About three hundred boiler makers, helpers and heaters employed in local shops went out on a strike this morning for an increase in wages.

HEAVY LOSSES IN LIVESTOCK.

Cheyenne, Wyo., April 15.—It is reported that the Swan Land & Cattle company, which ranges large herds of cattle in eastern Wyoming and western Nebraska, lost more than 2,500 head of cattle during the severe storm the past ten days. Jack Edwards, a large owner of sheep in Wyoming and Oregon, lost 7,000 head of sheep near Kimball, Neb., and other but smaller losses are reported from the range in western Nebraska, South Dakota and eastern Wyoming. The storm is still in progress and many stockmen will be ruined.

BULGARIANS APPEAL TO POWERS.

Sofia, Bulgaria, April 15.—At an open-air mass-meeting held here today, at which ten thousand people were present, resolutions were passed protesting against the arrest of the members of the Macedonian committee and condemning the attitude of Russia on the Macedonian question. The meeting expressed itself in favor of asking for European intervention against the persecution of Bulgarians by Turkey.

CASHIER WRECKS BANK

Vergennes, Vt., April 15.—Cashier D. I. Lewis, of the Farmer's National bank of this city, was arrested today on the charge of misappropriating funds of the institution. The bank "bled to open for business this morning."

WORKERS VS. THE TRUST.

Steel Corporation Men at McKeesport, Pa., Go Out on Strike.

MOMENTOUS TO THE TRADE

Threatened by the Leaders to Tie Up Every Plant of the Combine if Necessary to Win.

A QUESTION OF UNIONISM.

McKeesport, Pa., April 15.—Half of the eight hundred employees of the local plant of the American Sheet Iron company struck today as the result of the recent discharge of men. The employees claim the men were discharged because they are members of the Amalgamated association. The event is looked upon as momentous throughout the iron and steel trade of the country from the fact that it is the first conflict between organized labor and the new United States Steel Corporation and because of the announced intention today of President Shaffer, of the Amalgamated Association of Iron, Steel & Tin Workers, to tie up every plant of the new combine if necessary to win the fight.

INDIANA DIGGERS WIN.

Iron and Steel remarks that it is quite probable that Canada will give no further bounties for the production of iron and steel within her territorial limits.

It is intimated that the senate will amend the Chandler railroad taxation bill, which was passed by the house last week, so that its own father will not know it when it comes back to him.

This extract from a letter written by a trooper in a British regiment of mounted infantry now doing service in South Africa throws some light on the inability of the British to capture Dewet, in spite of the overwhelming numerical superiority of the forces they have in the field trying to run him down.

We are still encumbered with tons of unnecessary transport. The whole secret of our inability to grapple with and finish this affair lies in the fact that we cannot move as fast as a Boer commando of equal size.

It would be interesting to know what proportion of the officers' "kit" consists of bath tubs and big-knobbed walking canes!

A DAMAGING CONFESSION.
A bill amending the charter of Grand Rapids was railroaded through the legislature last week which, among other things, provides that no person who has ever been a defaulter shall be eligible for office in that municipality.

The bill—embodying an amendment to the charter of Grand Rapids—to provide that no man who has ever been a defaulter shall hold office in Grand Rapids is, as everybody will see at once, a blow aimed at Mayor George R. Perry, in case he shall ever be a candidate for office here again.

In the framing and passage of the measure is seen ample and convincing evidence of the mortal fear felt by the Loomis crowd that Mr. Perry may be a candidate for a third term as mayor.

This action by the Republican legislature of Michigan is a stab at the city of Grand Rapids. It is not only a cowardly method of aiding Republicans of the Loomis ilk in their endeavor to control the affairs of this city for their own base purposes; it is not simply a plot against George R. Perry; it is an outrageous attack on the whole people of Grand Rapids.

It may be that the revised charter will give the Republicans an advantage over the Democrats in Grand Rapids by rendering the more popular of the Democratic leaders unavailable as candidates for municipal offices, but was it wise for the Democratic organ to make the damaging admission deducible from its article, above reproduced?

"STICK TO IT."
Geo. L. Heard of High Tower, Georgia, writes: "Eczema broke out on my baby covering his entire body. Under treatment of our family physician he got worse as he could not sleep for the burning and itching. We used a box of 'Banner Salve' on him and by the time it was gone he was well. The Doctor seeing it was curing him said, 'Stick to it for it is doing him more good than anything I have done for him.' The People's Drug Store.

Miss Sue House of Menominee is considering an offer to go to the Philippines to teach school. She would have to sign a three year contract, but she would receive a handsome salary. Two Red Wings, Minn., teachers have received similar offers and it is quite probable that the three women will decide to accept.

A THOUSAND TONGUES
Could not express the rapture of Annie E. Springer, of 1125 Howard St., Philadelphia, when she found that Dr. King's New Discovery for Consumption had completely cured her. She would have to sign a three year contract, but she would receive a handsome salary.

A business men's association is to be organized at Menominee. Its purpose will be to advance the material interests of the city in any and every way. The formation of such an association has been proposed before but no steps have been taken.

"I have been troubled with indigestion for ten years, have tried many things and spent much money to no purpose until I tried Kodol Dyspepsia Cure. I have taken two bottles and gotten more relief from them than all other medicines taken. I feel more like a boy than I have felt in twenty years."

Given up to die with croup. Mrs. P. L. Cordier of Mannington, Ky., writes: "My three year old girl had a severe case of croup, the doctor said she could not live and I gave her up to die. I went to the store and got a bottle of Foley's Honey and Tar, and gave her one quick relief and saved her life."

SPECIAL ELECTION.
Municipal Improvements Bond Issue. To the Qualified Electors of the City of Marquette:

The question of raising such loan will be submitted to the qualified electors of the city, for their approval, at a special election appointed and called for that purpose to be held at the city hall in said city on Monday, the 22nd day of April, 1901, from 7 o'clock a. m. until 5 o'clock p. m.

Dated, April 6, 1901. DANIEL S. DONOVAN, Recorder of said City.

COPPER COUNTRY NEWS. [Additional.] QUINCY MINING.

FIGURED THAT PROFITS OF \$16 PER SHARE WILL BE MADE THIS YEAR, WITH PROBABLY \$12 PAID OUT AS DIVIDENDS.

Quincy paid its shareholders last year but \$7 in dividends, but of course the strength in its shares today is based on present and not past results. The mine is today, comments the Boston News Bureau, producing at the rate of 20,000,000 pounds of copper per annum as against 14,200,000 pounds last year.

Quincy's cost of producing its copper last year, nine cents per pound, compares favorably with that of Tamarack and between 10 and 11 for Oceola, all figures excluding any construction charges to operating expenses. Quincy is producing from every deep shaft which necessitate heavy machinery, the hoist at the new No. 7 shaft being made of hoisting from a depth of 8,000 feet.

TAMARACK'S NO. 5 SHAFT. Superintendent William E. Parnell, of the Tamarack Mining company, contributes an exhaustive technical article to the current issue of the Engineering & Mining Journal.

His Copperdom Dates. Rev. C. M. Thompson of Marquette, presiding elder of the Methodist Episcopal church for the upper peninsula, is a very busy man.

Excellent progress is being made in the construction of the branch of the Copper Range railroad which will connect the main line with the various stamp mill sites at Redridge. One mile of track is graded and ready for the rails.

The old Hancock mine, negotiations for whose purchase are now on, is located in a highly suitable one for the Quincy. The property was originally set aside by the Quincy company, in 1859, the Quincy reserving the right to mine the lode on which that mine was opened.

Notice is hereby given that the common council proposes to borrow the sum of twenty thousand dollars for such time and at such rate of interest as may be hereafter determined, and to issue bonds therefor pledging the faith and credit of the City of Marquette for the payment of the principal and interest of such bonds.

A portion of Butte, believed to embrace the larger part of the big hill upon which all of the Anaconda mines are located, has made a perceptible movement southward during the last few days.

Not a single bottle failed to give relief. The People's Drug Store. B. Presson, Pressonville, Kans., writes: "Nothing like Foley's Honey and Tar" is the universal verdict of all who have used it.

Rev. L. S. Coulton, of Circleville, Ks., says: "Dr. Warner—Your White Wine of Tar Syrup has been in my family and found to be all and even more than we claim for it. It is a speedy cure for all throat and lung diseases." The Stafford Drug Co.

CATARRH PERMANENTLY CURED. Nasal Catarrh, Catarrh of Head or Catarrh of Throat. No Cure, No Pay. All druggists are authorized by the manufacturers of Bunsen's Cream Catarrhal to refund the money where it fails to cure any case of Catarrh no matter of how long standing.

EXPIRES AT A RIPE OLD AGE.

E. F. SUTTON, THE LAKE LINDEN MERCHANT, DIES SUDDENLY.

E. F. Sutton, a prominent Lake Linden merchant and an old pioneer of copperdom, died suddenly but not unexpectedly about 9 o'clock yesterday morning from a stomach trouble. He was aged seventy years. The funeral services will be held at the Lake Linden Methodist church tomorrow and the remains shipped to Romeo, Mich., for interment. The deceased is survived by his wife and two children, Mrs. F. W. Halsey and Walter Sutton.

Mr. Sutton came to copperdom nearly forty years ago. He was in charge of several mine stores and previous to going to Lake Linden assisted Captain William Harris at the Alhough mine.

LAKE BOTTOM SOLID STONE.

CRIBS TO BE MADE PART OF THE FOUNDATION OF THE COPPER RANGE ROAD'S COAL DOCK.

It is the intention of the Copper Range Railroad company to have Contractor C. J. Johnson of Houghton, who is now engaged in building the road's large coal dock on Portage lake near the plant of the Lake Superior Cold Storage company, make a crib foundation, in part, for the structure. Plans to that end have been made and will be followed by Mr. Johnson. Cribbs built up of heavy timber will form the outer part of the foundation. In order to make them more firm they will be filled in with rock. When the structure is complete it will virtually be a crib dock. Although many piles have already been driven the foundation cannot be entirely of them because of the fact that the bottom of the lake at one end of the dock is a solid bed of stone.

MARINE NOTES.

The government canal work will be commenced today by the contractors after the idleness of the winter. The work will be pushed with vigor. The tug Carpenter did not make the Duluth attempt yesterday. It could not break through the thick ice opposite the big point. The canal is clear of ice and there is practically none for a mile this side of the canal.

BANQUET TO THE SOLDIERS.

A banquet and reception will be tendered tonight to the Calumet soldiers who recently returned home after fighting with the Thirtieth regiment, U. S. V. in the Philippines. The event will take place at the Calumet Light Guard Armory and will be attended by at least 100 persons. Among them will be numbered veterans of the Civil war, Spanish-American war and members of the Calumet military company. The banquet will be in charge of J. P. North, of the Calumet Hotel. The usual program of toasts will be given.

CHANCE FOR PHILANTHROPY.

GOOD WILL FARM IN NEED OF VARIOUS IMPROVEMENTS THAT WOULD NOT BE COSTLY.

Rev. K. A. Myers, superintendent of the Good Will farm, is finishing up his quarterly report, in which will be outlined the work done at and for the institution during the past three months; the state of the home's finances, and the present urgent needs of the institution. The ground is fully covered by Mr. Myers and the statement of affairs will be a great aid to those who contemplate giving assistance of a substantial nature for the support of the work being undertaken by Rev. Mr. Myers and his estimable wife.

There were twelve children there when Mr. Myers recently took hold. Since then thirteen have been received and four placed in good private homes, while the conditions generally have been much improved. Adoption papers for one of the four children were secured. At present there are twenty-one children at the farm, but five of those will be taken out this week. In placing children in private homes Mr. Myers is put in a peculiar situation, in that all of them now inmates of the asylum cannot be given other homes on account of the objection of parents who, though unable to care for their children themselves, will not allow any other refuge for them except the Good Will farm.

All contracted bills are being paid for by Mr. Myers as fast as possible. During the past three months there have been paid out on old and long standing accounts \$588.71, and bills for the present every-day necessities of life are being kept well in hand. The needs of the home are many and most of them are exceedingly urgent. Because of that fact Mr. Myers is anxious that the number of contributions for the good work will continue to increase, as money is needed badly. Donations are coming in fairly well, but of course the institution would enjoy a few more.

One of the needs of the home is a good water supply. At present no water is in the house or in the immediate vicinity. What is used is taken from a spring located about fifteen rods from the house and the water, especially at this time of the year, is none too good, owing to a large amount of surface water that continually flows into the spring. The house badly needs paint inside and out; a new set of dishes; a bath tub; and rugs and curtains. Most of those things are now minus at the home, but could be procured with a small amount of money.

It will be the aim of Mr. and Mrs. Myers to interest as many people as possible in the work in order that some financial aid may result. All contributions donated will be thankfully received. On Friday evening, April 25, an entertainment consisting of a program of vocal and instrumental musical selections will be given for the benefit of the home at the Houghton Armory Opera House.

It is the intention of Mr. Myers to raise as much on the farm this year as possible. There are fifty-seven acres under cultivation, most of which is rich soil and well adapted for vegetables of different kinds. A practical farmer has been engaged to look after the crops.

COPPERDOM BREVITIES.

The copper country branch office of The Mining Journal is located in Room 3, second floor of the Dea Postoffice building, Houghton. All having business with the paper are cordially invited to call. Telephone No. 376.

The young son of John Lawler of Hurontown is dangerously ill.

Mrs. Mary M. Douglas and Mrs. Joseph Hodgson of Houghton left Sunday afternoon for a Chicago visit.

President F. W. McNair, of the Michigan College of Mines, left Sunday afternoon for a short visit to Chicago.

A small gang of men yesterday morning repaired the damage done to the county bridge by Sunday night's fire. The loss is slight.

Lake Linden Masons took part in the third degree work at last night's meeting of Houghton lodge, F. & A. M. They drove to Houghton.

Robert Bassett of Duluth, who had been assisting H. E. Abbott of Redridge on the Copper Range survey staff for a few days, returned home yesterday.

The two-year-old son of Charles Fredericks of Hancock is dangerously ill with diphtheria and not expected to live. It is the only case of the disease at Portage Lake.

Marriage licenses were yesterday issued to Eiki Heikkinen and Miss Rikka Kallinen, both of the Arcadian, and to Henry Bayless and Miss Matilda Newmas, both of Calumet.

S. S. Barnard, formerly captain of the tug Framp, which plys in and out of Portage lake during the season of navigation, went to Marquette yesterday to get his navigation papers "raised."

The candidates for places on the Portage Lake Y. M. C. A. track team met at the association rooms last night for a short business meeting, after which the first practice was held in the gymnasium. It looks as if the project will be a success.

Richard Suanto, aged twenty-eight, of the Arcadian, died early yesterday morning from tuberculosis. The funeral will be held from the Finnish church, West Hancock, at 2 o'clock tomorrow afternoon. Mr. Suanto leaves a wife and a three-year-old son.

The Calumet Rivals have refused to play the Houghton Light Infantry team at the Houghton Armory tonight. The former aggregation wants the match for Calumet, but the Houghton players object to such an arrangement as the game "by rights" should be played at Houghton.

What promises to be one of the swellest society events of the season in Houghton will be the Bachelors' dancing party at the Houghton Armory on Friday night of this week. Those who have the arrangements in hand will make a special feature of the decorations of the hall. The best of music will be provided.

The Ladies' Auxiliary to the Hancock Y. M. C. A. is preparing for a concert which will be given at the association rooms Wednesday evening, May 1. A fine program of instrumental and vocal selections will be arranged and some of the best home talent of Portage Lake and Calumet will participate. The event promises to be the most

elaborate in the nature of a musical concert yet given in Hancock this year. The proceeds will be added to the fund of the organization.

The specialties introduced in the rural drama, "Uncle Josh Spruceby," which will be presented at the Houghton Armory Opera House tomorrow night, are said to be new and catchy. All new scenery is used in the play and many startling mechanical effects put on, including the realistic and sensational saw mill scene.

The literary and debating club of the Hancock Y. M. C. A. will hold a regular meeting tonight. A debate will be the principal feature of the program to be offered. The question is "Resolved, That United States senators should be chosen by a direct vote of the people." There will two members of the society on each side.

All Masons who wish to attend the funeral of the late A. M. Priest are requested to meet at the rooms of Houghton lodge at 1 o'clock sharp tomorrow afternoon. Conveyances for the funeral will be supplied the members. The rites over the remains of Mr. Priest will be said at the residence at 3 o'clock and will be conducted by the Masons.

"Wid" Thompson of Houghton, who was recently appointed dog warden for Portage township at a meeting of the township board, yesterday told The Mining Journal that things were coming his way and that present indications point to a great decrease in the number of dogs in the township if the law regarding the taxation of the canines is strictly enforced.

The recently organized Hancock baseball team gives a dancing party at St. Patrick's Hall tonight and the affair will likely prove most enjoyable for all who attend. The Twin City Mandolin club will furnish the dance music and that excellent organization is sure to please. The proceeds of the dance will be used by the ball team to purchase uniforms, etc.

The Hancock Y. M. C. A. indoor baseball team will play the Calumet association team at the Hancock gymnasium at 8:30 Thursday night. Although the Hancock team was defeated by the Calumet aggregation in a recent contest at the metropolis, yet it is confident that it will win the coming match. A game will likely be arranged between the Dollar Bay and Hancock teams for this evening at the latter's gymnasium.

It is likely that certain saloons at Red Jacket will be refused renewals of licenses by the common council of that village when applied for by the proprietors. The matter has come up for considerable discussion by the trustees, some of whom are opposed to the saloonists in question. It is alleged that the latter have not kept the law. As a general rule, however, the saloons of the village are orderly places and close up at the required hour.

EXODUS OF EMIGRANTS.

Washington, April 15.—Santiago Iglesias, representative of the Federation of Labor in Porto Rico, who came to this country recently with a petition signed by six thousand Porto Ricans praying for relief from the distressing conditions alleged to exist on the island, presented the petition to the president today.

BIGGER TAX ON PROPERTY.

New York, April 15.—Hencelao Borda, Jr., and Vicente Balbas, the Porto Rican commissioners, today received the following telegram from the executive committee of the Planters, Bankers & Merchants' association of Porto Rico:

"The bill is practically a failure. Business is at a standstill. The excise taxes produce little and hence the exactions have been ordered increased. The emigration continues. There is general discontent."

POSTAL EMPLOYE ACQUITTED.

San Juan, April 15.—Harold Crowley of Lockport, N. Y., son of ex-Congressman Crowley, an employee of the postal department, who was recently arrested on the charge of misappropriating postal funds, was formally arraigned today and found not guilty.

GOEBEL TRIAL RESUMES.

Frankfort, Ky., April 15.—The Ripley trial was resumed this afternoon with the defendant on the witness stand. Captain Ripley did not deny that he made the statements attributed to him by ex-Governor Bradley and Judge W. H. Yost concerning ex-Governor Taylor's remarks to him, but said that while he thought they were substantially correct in their evidence they had misunderstood him or he had failed to convey the proper impression to them at the time.

RECEPTION TO JOE WHEELER.

New York, April 15.—The alumni of the Episcopal academy of Connecticut, located at Chesire in that state, where General Joseph Wheeler was educated, gave a dinner and reception to the general at the Waldorf-Astoria tonight.

GREAT TRADE BALANCE.

EXPORTS EXCEED IMPORTS BY \$700,000,000 IN CLOSING YEAR OF MCKINLEY'S FIRST TERM.

Washington, April 15.—The trade reports of this year show that the United States is driving ahead by leaps and bounds. The balance of trade, after reaching figures which astonished the world, stood still and then receded a little, but now it has jumped enormously.

For this part of the fiscal year, with three months yet to hear from, the balance of trade in favor of the United States is over \$500,000,000, and at the present rate the balance for the year will be nearly, if not quite, \$700,000,000 on the right side of Uncle Sam's ledger.

The figures up to March 31, just finished, are so stupendous as to stagger one. For the first nine months of this year the exports of merchandise from the United States amounted to \$1,140,178,728, while the imports were \$599,453,291.

This starting gain in the balance of trade is not due to the cutting off of imports owing to the operations of the high tariff, but comes from the wonderful development of the export trade, which jumped from \$862,731,707 for the year ending March 31, 1896, to \$1,481,023,114 for the current twelve months, a gain of \$618,291,407.

When these figures are extended to cover the year ending June 30, 1901, they will be used by the president in his next message to congress to point with pardonable pride to the wonderful record of the last fiscal year of his first administration.

WAR TAX ITEM HELD ILLEGAL.

Washington, April 15.—In the United States supreme court an opinion was handed down today in the case of Fairbanks vs. the United States. The case involved the constitutionality of the war revenue law imposing a tax upon export bills of lading.

TELEGRAPH COMPANY LOSES.

"It Seems as Though my Back Would Break."

Is it not true? Women suffer, feel the very life crushed out of them, grow old before their time. Each morning wake up determined to do so much before the day ends, and yet—

Before the morning is very old the dreadful BACKACHE attacks them, the brave spirit sinks back in affright; no matter how hard they struggle, the "clutch" is upon them and they fall upon the couch crying:

"Why should I suffer so? What can I do?"

The answer is ready, your cry has been heard, and a woman is able to restore you to health and happiness.

Backache is only a symptom of more fatal trouble—heed its warning in time.

Lydia E. Pinkham's Vegetable Compound will stop your torture and restore your courage. Your pains come from unnatural menstruation or some derangement of the womb. Let those who are suffering read Mrs. Morton's letter and be guided by her experience.

AN OPEN LETTER TO WOMEN.

"DEAR MRS. PINKHAM:—I have been so delighted with Lydia E. Pinkham's Vegetable Compound I thought I would write and thank you. My system was entirely run down. I suffered with terrible backache in the small of my back and could hardly stand upright; was more tired in the morning than on retiring at night. I had no appetite. Since taking your Compound I have gained fifteen pounds, and am gaining every week. My appetite has improved, have no backache, and I look better than I ever looked before."

MRS. E. F. MORTON

"I shall recommend it to all my friends, as it certainly is a wonderful medicine."—Mrs. E. F. MORTON, 826 York St., Cincinnati, O.

When a medicine has been successful in restoring to health more than a million women, you cannot well say, without trying it, "I do not believe it will help me." If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice—it is free.

\$5000 REWARD Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonials we are constantly publishing, we have deposited with the National City Bank of Lynn, Mass., \$5,000, which will be paid to any person who can show that the above testimonial is not genuine, or was published before obtaining the writer's special permission.—LYDIA E. MISSION PROCEEDS.

The Paulist Fathers Are Being Heard by Thousands of People.

It is now apparent that the Mission being held under the direction of the Paulists, Fathers Doherty and Conway, at St. Peter's is going to prove one of the most notable events of the character in the history of this section. There is great interest in the daily meetings, which are being held at 5 and 8 a. m. and at 7:30 p. m. It is apparent in large congregations, particularly in the evenings when seating room is at a big premium. Such general attendance thus early in the Mission is a subject for congratulation and it augurs well for sustained interest during the two weeks of the Paulists' stay.

Fathers Doherty and Conway are both brainy, studied speakers and they possess a natural eloquence and lucidity in presenting their sermons which has already been appreciated. They are desirous that it be understood that the general public is cordially invited to attend their services.

Last evening Father Francis B. Doherty, preached, his sermon theme being "Mortal Sin." After defining mortal sin as the sin unto death, the voluntary violation of grave laws given by the Almighty for our guidance and for testimony of His righteousness, Father Doherty took for his text the words of the Prophet Jeremiah: "Know thou and see that it is an evil and a bitter thing to have left the Lord, thy God."

Continuing, he said: "Few cities of the world are fairer than Hong Kong, as situated upon a beautiful bay, the city rises like a titara in terraces toward the peak above the town. Along the front of the city beautiful buildings, with colonnades of gleaming white, stand forth from the gardens of deep green, and streets filled with the bright-hued garments of the mingling throng. Walking along, one day, I came abruptly to a spot where some fearful blight had settled; the street stopped before a pile of blackened ruins where fire and explosion had done their worst. Inquiring the cause of the catastrophe, I was told that it was the seat of the fearful bubonic plague which, standing in darkness and dirt, has swept over the world, a terror to nations."

As we go abroad through the world, we see evidences of a greater plague—the evil of sin, a four cornered evil, the face of the world, a blight settling down upon society, family and individual. Some salutary laws of the soul are violated, the evil spreads with alarming rapidity, unnoticed, until some notable scandal comes to shock the community. Some life is brought down in dishonor, heart and other places, its violation punished and security restored.

Over the great government under which we live is the illimitable dominion of God, whose jurisdiction extends to all his creatures and penetrates into the hidden things of the heart. He has given the law, and by our intelligent freedom, we are consciously responsible for the consequences—the way of the transgressor being hard.

"It is an evil and a bitter thing to have left the Lord, thy God," as evil as God is good. It is the heart, being created to know God to love Him and serve Him; bitter, for the broken cisterns of sin poison the mind and body. "The wages of sin is death"—and sin clouds the understanding, hardens the heart and weakens the will, until some cannot be rescued from death, spiritual death, comes to complete the work of ruin.

The wages of sin is death, eternal death. Sin is personal and actual and real, and must be atoned for personally. The grace of God is life everlasting in Jesus Christ, who came from heaven to save us. The blood of Christ washes out sin, but it must fall upon the soul. The cleansing flood from Calvary, conveyed by the channels of the sacraments, must be applied; and the work of the Mission is to make souls sensible of their duty—realizing, meanwhile, that it is an evil and a bitter thing to have left the Lord, thy God.

"Last winter I was confined to my bed with a very bad cold on the lungs. Nothing gave me relief. Finally my wife bought a bottle of One Minute Cough Cure that effected a speedy cure. I cannot speak too highly of that excellent remedy."—Mr. T. K. Houseman, Manatawney, Pa. The Stafford Drug Co. H. N. Meloche, Ishpeming.

Many people suffer untold tortures from piles, because of the popular impression that they can not be cured. TABLET'S BUCKEYE PILE OINTMENT will cure them. It has met with absolute success. Price, 50 cts. in bottles, tubes 75c. The Stafford Drug Co.

Court House and Postoffice, Marquette, Mich. SEALED PROPOSALS will be received at this building until 2 o'clock p. m. May 1st, 1901, for furnishing fuel, lights, water, ice, miscellaneous supplies, washing, handling ashes, and sprinkling streets for this building during the fiscal year ending June 30, 1902, or such portion of the year as may be deemed advisable. The right to reject any and all bids is reserved by the Treasury Department. JOHN Q. ADAMS, Custodian. Marquette, Mich., April 13, 1901. (4-15-17)

MICHIGANNE.

The Plumbach building is being improved. A complete re-shingling is part of the work being done on it.

G. J. Schwendeman will leave here about the first of next month for West Superior, where he will reside permanently.

Nels Mahjannu & Son put a swell delivery wagon on the street early last week. It was built and painted in Ishpeming.

C. F. Sundstrom's exchange bank has enjoyed a big business since the lumbermen began to arrive in town. Most of them have had their checks cashed here.

The Dolf sisters have been conducting their spring millinery opening the past few days. They have a very nice line of pattern hats, fancy goods and novelties.

John Hickey, who has been confined to his home here for the past six weeks or so with scarlet fever, has again taken his place as teacher at the Red-ruth school.

George McDonald is the new supervisor of Spur township. In the drawing to decide whether he or another man would get the office as a result of their tie vote Mr. McDonald was successful.

Jacob Hebak, who has resided in Michigan for some time past, left last Wednesday for his native place in Finland, where he intends to remain permanently. He has been employed in the woods all winter.

Frank Goodree is to give his pleasure boat Petrol an overhauling. It will be painted and improved in many ways. The little boat brought the owner a neat sum last season and it is likely that fully as good business will be enjoyed during the coming summer months.

Laclair & Trede, also Albert Lano, take of closing out their saloon business here the first of the coming month. They will probably start up in Negaunee, where there seems to be brighter prospects than here for that line of business. It is said that both places to be vacated will be rented by others who will give the business a whirl.

J. C. Thomas, the dentist, is again in town after spending some time at points west of here. He is now prepared to do dental work for all who desire it. Mr. Thomas is a very fine practitioner and all who want work in his line should call early as he will soon leave for another few weeks' absence in Kenton and other places, where his services are in great demand.

The new township board will be composed of C. F. Sundstrom, John E. Mercer, Michael Lyons and Nels Moline. The new school board will be made up of James Scanlon, Peter Dolf, George Maker, Nels Mahjannu and John E. Mercer. The old board held its final meeting on Monday evening of last week and the new school board will meet this (Monday) evening. As the teachers have not yet been engaged for the coming year the board will have considerable work to dispose of within the next few months.

The tax roll of Michigan township will soon be placed in the hands of the register of deeds for a complete revision. In looking over the books Supervisor Sundstrom has discovered that the roll has not been revised for some twenty years past. Many transfers of property have been made during these years, but the proper entry has not been made in all cases. Descriptions of lands and real estate are not complete and in order to get them properly recorded there is quite a task before the supervisor and the register of deeds.

It would seem from the work Mr. Sundstrom has in mind relative to the question, the revision of the roll, etc. He realizes that there is a great deal more work to do than he expected he would find awaiting him when he consented to run for the office of supervisor.

WILL MAKE IT WARM.
OLD TIME BASEBALL PLAYERS RESENT THE ATTITUDE TAKEN BY THE "YOUNGSTERS" AND HAVE FORMED A TEAM.

When the Ishpeming ball team was organized a few days ago some of the members stated that they would have only fresh material in the team, and mentioned a few of the old standbys as being too stale for the game. This talk having come to the ears of these old-timers, the latter decided that the time was ripe to take a few of the freshies down a peg. To this end they have formed a ball team which will sail under the appellation, "Old Setters," and they will go after the Ishpeming strenuously.

Some of the leaders got to work yesterday and organized a team which they say will be hard to beat this side of Chicago. This is, of course, a large boast, but those who are on the inside think that the antiques will make their mark this season if they never did before. They will have to stand up against two clubs, for the Negaunee team made the same crack about the has-beens as was made by the team which represents this city. It would seem a pity that the local sports cannot live in harmony, but if that is possible these promises to be some fun for those who are interested enough to wend their way to Union Park some fine Sunday in the near future.

The Ishpeming expect to meet the Old Setters on the diamond a week from Sunday at the park, and they look forward to an easy victory. The Old Setters will be there in their old gray uniforms and they say they will make the youngsters "play ball."

The old war horses are practicing every day in the week and it is as much as one's life is worth to walk along certain thoroughfares in this city for the air is fairly red with base balls. One member of the team is taking daily walks to Negaunee and he states that in the very near future he will lengthen this promenade to the Queen City. He claims that he is rapidly rounding into form.

The older men have one large advantage over their up-start rivals in that they have all the money. The reason given for this state of affairs is that they have been working longer and consequently have just so much more saved up for an enthusiastic baseball war. The other fellows have been selling tickets for an iron bed, spring and mattress and they say that these same tickets have been going like hot cakes and that they are thinking of buying another bed, or possibly a suite of furniture. Incidentally they state that their uniforms will be anything ever worn in this vicinity. They have a game with the "Soo" for May 6, and are very confident of winning it. The Old Setters are aware of this date and they will do their best to disable the "cracks" before it can be pulled off.

While they are "young fellows" have been doing all the talking, they also say that they would like to arrange for three games for a purse of \$50, the games to be played at the park as soon as the weather will permit. It is more than likely that these games will be arranged and that the fans have some good sport in store for them.

The following is the formation of the Old Setters team: Michael Curley of Negaunee, catcher; Thomas Lynn, pitcher; William Tislov, first bag; Charles Coveau, second bag; Thomas Conroy, short stop; Alvin Peterson, third bag; "Dee" Heard, center field; Charles Larson, right field and Jack Read, left field. Joe Forvilly and Peter Gendale are extra men who will undoubtedly be needed. John Hosking will officiate in the capacity of manager and promises to be good and "Parson" Pope holds the position of honorary president with no work to do.

A glance over this list will convince anyone that this city has another ball team which is a "crackerjack"; all the men are up in the game from sunrise onward and in fact they even dream about the sport. They are modest in their convictions and do not expect to win more than two of the games to be played. They are conscientious and are training even now, some of them having stopped all active work that their value to the team may not be impaired. When old timers do as much to uphold the sporting reputation of their city as these batters are doing it is time that the townspeople woke up and gave them hearty support.

THE BEST OF THE YEAR.

The opera house will be crowded this evening upon the first presentation of "The Christian" in this city. All Ishpeming is on the qui vive to witness this great play. The city band orchestra of seven pieces has been engaged to furnish music and patrons of the theatre will find that everything conducive to their comfort has been looked after.

"The Christian" has made the phenomenal record of having played to double the average receipts at the representative theatres of this country. The reason for this success is easily understood. The play appeals to all classes of theatre goers and also to that class which seldom enters a play house. Though successful, the story is strictly moral, and is an argument for a liberal religion which is acceptable to all without offending any sect or creed. One of the strongest proofs of this statement was afforded at the special matinee given in the Knickerbocker theatre in New York in November, 1898, when there were over three hundred pastors of every denomination in attendance, many of whom had never entered a theatre in their lives before. For weeks after this memorable event the offices of Liebler & Co. were deluged with letters and calls all praising the performance for its beauty, and the purity of the lesson and the dignity of the players. These salient points make "The Christian" the greatest success of the century. Seats are going fast at \$1 and 75 cents, and those who intend to see the play would do well to secure them early.

ROBBED THE GRAVE.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying 'Electric Bitters' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts. guaranteed. At The Stafford Drug Co.

CURTAIN RISES AT 8:15.

Something in the nature of an innovation will be sprung on the patrons of the local opera house this evening, when the curtain will rise promptly at a quarter-past eight, instead of at half-past, as has heretofore been the rule. Manager Butler has been considering this change for some time and has come to the conclusion that it will meet with general approval from his patrons. This change will go into effect this evening at the performance of "The Christian," and will continue in force until further notice.

There are many theatre parties being planned for this performance, one of the most important being one from Hamboldt, comprising twelve people. There are still some very desirable seats left, but they are going fast and those who wish to see this famous play would do well to get their sittings as soon as possible.

MUCH REPAIR WORK.

MANY PROPERTY OWNERS ARE ADDING TO AND RE-PAINTING THEIR BUILDINGS.

Not since the spring of 1896 has this city seen so much repair work going on. In that year times were exceedingly good and many residence owners did much repairing, while there was also a great deal of new building done. From that year to date very little, if any, work of this description has been done, and as a result most of the houses were in rather bad shape this spring. This year has brought a welcome change, and as soon as the weather permitted large gangs of men were employed on repair work.

This activity may be attributed to the recent land deals and all their side results. Very few have any doubt that the Cleveland-Cliffs company will establish a mine in the Barabé field, and this has awakened a confidence in the future of the city which will be hard to shake. Other explorations which are being conducted have added to this feeling, and using anything else for indignation or bitterness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clear out the system and stop fermentation of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and had with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. The Stafford Drug Co.

FUNERAL YESTERDAY.

The funeral of Charles Johnson, who committed suicide by hanging Saturday evening at Palmer, was held from the undertaking rooms of Elias Dave on Iron street yesterday afternoon at 2 o'clock. The remains were interred in the Negaunee cemetery. The coroner's jury, which was impaneled by Justice Trathen, went down to the location yesterday afternoon and conducted an investigation, and found, of course, that the deceased had met his death by hanging. Johnson had a few friends in this city who attended the funeral, and they were all very kind to throw any light on the case, and the only reason which is at hand for his taking his life is that he had been drinking excessively. He had \$5 in one pocket so was not completely out of funds.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never used anything else for Indigestion or Bilelessness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clear out the system and stop fermentation of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and had with headaches and other aches. TIM J. MANEY IS MARSHAL.

New Council Finished a Most Harmonious Session in Short Order Last Evening.

STREET COMMISSIONERSHIP LAYS OUT UNTIL THE NEXT MEETING.

Mangum Slate Went Through Without Demur and the Aldermen Put Other Trifling Matters Out of the Way With Little Loss of Time.

AUSPICIOUS OPENING FOR NEW REGIME.

Controller—Franklin E. Bay. Marshal—Timothy J. Maney. City Attorney—George P. Brown. Health Officer—Russell C. Markham. Harbor Master—Patrick H. McGuire. Fire Warden—Frank A. Wentworth and M. V. Mullaly.

Member of the light and power commission—Edgar H. Towar. (For the full term of five years from April 15, 1901.)

Member of board of fire and water commissioners—Samuel R. Kaufman. (To fill vacancy of George W. Hager, term ending March 1, 1901.)

Members of the park and cemetery commission—Peter White, for the full term of three years, from April 15, 1901, and John M. Longyear, to fill vacancy of William Fitch, term ending April 15, 1902.

Trustee of the Peter White public library—William J. Stevens, for the full term of five years, from May 1, 1901.

Above is the list of Mayor Mangum's appointees who were approved by the unanimous vote of the council last evening. It will be noticed that the street commissioners are still open but all the other major appointive plums have been distributed. None of the appointments are calculated to occasion surprise. In fact nearly every one who cared to seek information relative to the situation knew what to expect, as the slate determined at the star chamber session of the aldermen went through without question. Reference to Mayor Mangum's inaugural which follows, will disclose the manner in which he arrived at his selections. He pursued his announced intention of consulting the aldermen in the matter to its logical end.

The first session of the new council was a very pleasant affair. His honor and the aldermen, the full board being present, were in excellent humor and their bearing was prophetic of a year of harmony and effective work. A number of the new officers passed around the "smokes" before and after the meeting and the new men on the board of aldermen were welcomed by the old members, who assured them that they would always be used right.

The deliberations were observed by a good gallery crowd and the ante rooms of the council chamber also had their quotas of spectators. The assemblage was critical rather than demonstrative, although Mayor Mangum received hearty applause when he slipped into his chair and on the conclusion of his reading of his inaugural. Considerable interest was manifested in this document and it was heard attentively. Mayor Mangum had himself well in hand and he read his message clearly and effectively. The Mining Journal here prints the inaugural in full.

Gentlemen of the Council:

"We are entering on a year of municipal government which opens with encouraging promise of proving one of unexampled advancement for our city, both in industrial development and trade activity. I deem it a high privilege and honor to have been called to serve as the executive head of the municipal government at such a time, and I hope, with your loyal co-operation and aid, to succeed in giving the city an administration which will help along the good work, already well begun and under way, to make it an important manufacturing and commercial center.

"Our city has within easy reach vast supplies of the raw materials for iron and wood working manufacturing plants, and the wonder is that we have not before secured and had in active operation here many industries in which these materials would be worked up into finished forms for the market. But whatever of lassitude there has been in the past there is none here at present, and under the able direction of our citizens' committee, loyally and generously sustained by our business men, much has been done within the past three years to utilize our natural advantages and give Mar-

quette the rank to which its position and environments entitle it as a manufacturing town. "We have about us and easily accessible practically unlimited supplies of iron ore and of hardwood timber suitable for furnace use, as also a vast quantity of choice hardwoods which can be worked up into valuable forms for the market. We are well located for the purpose of distributing manufactured products to a constantly growing market. The conditions for creating here an immense manufacturing interest could not well be better, and at last the right use is to be made of our opportunities.

"An iron furnace industry is about to be established here by the Cleveland-Cliffs Iron company as an initial step in an undertaking which has as its ultimate aim creating in Marquette a great iron and steel manufacturing interest, and in connection with that enterprise the company is now constructing a line of railroad which will join the L. S. & I. and Munising roads and open up and make accessible from here a splendid hardwood and farming country which has not hitherto been available for our uses. The building of this piece of road, together with the projected line up the shore to tap another great hardwood region, opens up almost unlimited possibilities to us in the way of hardwood manufacturing, not to speak of the advantage it will give for charcoal iron making here and also in making available for settlers a fine area of farming lands.

"I take this occasion to acknowledge the hearty support and aid given those who have been seeking to advance the welfare of the city by individual citizens. The time, personal influence and means of Mr. Peter White have been at command of the committee at all times, and have contributed much to the accomplishment of what has been done, and to make certain the achievement of what is yet to be done. Others have aided as they might. I would say, also, that I have already been much assisted in the effort to locate a tannery here by Mr. Fitch, general manager of the South Shore road, who has offered ground for the concern on very reasonable terms, as well as other concessions of great value, and who has further assured me that in all I may undertake, as mayor, to promote the industrial development of the city, I can count on his aid and that of his road.

"I think I may be pardoned for alluding to the splendid generosity of Mrs. Mary H. Longyear in giving to the city the valuable property on Front street as a site for our new public library building, and of the munificent gifts in money of other public spirited citizens of Marquette, who have undertaken to make the building fund for the institution adequate for the purpose of giving us a structure worthy to house the library.

"We begin this year of municipal government with our people hopeful of the future, united as they have never before been, with harmony prevailing in the council and all the departments of the city government. Let us so conduct ourselves in this chamber that the end of the year will see the fair promise of its opening well along toward fulfillment, with mayor and council working in perfect accord for the common good, and with Marquette advanced by a long stride toward the accomplishment of its destiny.

"It was not my intention to make any appointments that would be distasteful to the members of the council, and with that object I called the council together in private session Saturday evening last and submitted to the aldermen for their consideration the applications of all persons seeking the appointments for the most important offices, and the council made the selections.

"You will notice that I have not appointed and submitted to this council for confirmation a street commissioner. The matter is now under advisement. The appointment of a street commissioner will, in all probability, be made at the next meeting of the council.

"A precedent has been established by my predecessor, which I deem a very wise one, in leaving the matter of the selection of a janitor of the city hall, poundmasters, dump ground help and policemen to the respective committees having their work in charge, namely: the committees on public buildings, parks, public health, police and public order.

"In view of the fact that a great number of strangers are expected to be here in the city this year, on account of the building of railroads, erecting of furnaces and other industries that will likely be located here, I would most respectfully recommend to the council that the police force be increased.

"I further recommend to the police committee that a suitable uniform be agreed upon, including a helmet, and that all officers in the performance of their duties shall be attired in uniform, and that no member of the police force shall, when on duty or in uniform, drink any kind of brewed or intoxicating liquor or enter any place in which intoxicating drinks may be sold, except in the immediate performance of his duty.

"I would recommend to the street committee to take into consideration the paving of Front street from Superior to Ridge streets and Washington street from Front to Fourth streets, with suitable material, such as brick, or crushed wood block.

"I would further recommend to the street committee that they purchase street signs and have them placed on the respective streets in the city at as early a date as possible.

"I understand that our city has no maps of our water and sewer system and would recommend that suitable maps, charts and drawings should be made by some competent engineer for the use of the common council.

Mayor Mangum's committee appointments for the following year are here given: President of the council, M. E. Asire; finance and taxation—Asire; Gorman and Ball; streets and sewers—Ward, Shea and Donovan; police and public order—Gorman, Jones and Siegel; claims and litigation—Fleury, Ward and Ball; ordinances and rules—Donovan, Ball and Werner; purchases, salaries and wages—Jacobs, Gustafson and Fleury; licenses and trade regula-

tions—Bush, Werner and Siegel; railways and public conveyances—Shea, Ekstrom and Jones; parks and cemeteries—Reau, O'Neil and Bush; public health—Jones, Gorman and Fleury; public buildings—Gustafson, O'Neil and Jacobs; harbors—Werner, Reau and Jacobs; pounds—O'Neil, Bush and Ekstrom. In each instance the first named alderman is the chairman of the committee.

Outside of these matters of organization, little business of importance came up. An ordinance transferring the control and compensation of the fire wardens from the council to the board of fire and water commissioners was approved. The aldermen raced through their business under pressure and it was still some minutes before 9 o'clock when they adjourned.

LEWIS' HOSPITALITY.

Members of the Common Council Were His Guests Last Evening.

By no means the least pleasant feature of the first meeting of the new common council was the aftermath at the Hotel Marquette. Here the city fathers assembled at about 9:30 o'clock on the invitation of Mein Host John Lewis to partake of the bountiful hospitality of his well known home. Shortly after the roll of aldermen and other members of the administration was complete, the party was ushered to the dining room where it was seated about a long table, with Mayor Mangum at the head and ex-Mayor Neidhart at the foot, the author of the festive occasion occupying a modest place at one side of the flower-bedecked board.

Lewis never does things by halves and his tables presented an unusually attractive appearance, with a plentiful garnishment of cut flowers and various dishes. The spread on the table in Marquette's best style and the various courses were disposed of with avidity. When fair inroads had been made on the substantial, suspicious poppings were heard in a subdued recess and soon the "phizz" bottles were circulating right merrily. Nothing was too good for the city fathers and shortly the air was wreathed with smoke from fragrant Havanas. At this juncture Alderman Ball suggested that City Attorney George P. Brown had all the qualifications for a successful toastmaster, an opinion in which all the guests heartily concurred.

He undertook his deadly work forthwith and, with a meretricious avidity, he summoned each and every member, of the assemblage to his feet to express sentiment germane to the occasion. All the toasts had more or less response. Some of the returns were briefs, some lengthy, but in all cases the members of the administration expressed a praiseworthy intention to do their best to insure the success of the Mangum regime. The aldermen seized the occasion to advance their ideas in connection with matters of public concern and Mayor Mangum enlarged on some of the thoughts brought out in his inaugural. The key note of the meeting was the city, the entire city, and not this or that ward.

The assemblage broke up shortly before 12 o'clock, the guests expressing their great pleasure and satisfaction to their host and their common surprise that their informal and pleasant meeting should have been productive of so much good and such a generally valuable exchange of ideas and views.

BULLISH FEELING.

It Now Prevails Among the Copper Brokers and the Talent.

There is a bullish feeling diffused among the brokers and those speculators and investors who follow the copper market. The general opinion is that high prices will prevail very shortly. Paine, Webber & Co. said:

"The coppers are telling their own story. They are being bought by bull traders who feel that it is unsafe to stay long in the New York market. The market has shown a decided disposition to broaden today and the question now seems to be not whether or not to buy the coppers, but which will have the biggest advance in the shortest time. The South Range coppers look cheapest to us, but we believe that buying the low price of the good Lake stocks at present prices will be able to sell at higher prices."

Hayden, Stone & Co. wired the Laidley Commission Co.:

"The chief interest in coppers is in the Standard Oil stocks and the Lewishors are giving the price of the copper and Santa Fe. We believe that the consolidation of Butte and Montana with Amalgamated will be announced before long and that the Amalgamated dividend will be raised to 10 per cent."
