PEACE NOT IN SIGHT.

Sir Alfred Milner Sends Gloomy Dispatches to the War Office.

BOERS FAR FROM CRUSHED

Cannot Be Denied Last Half Year Has Been One of Retrogression and Consequences Are Grave.

LONG STRUGGLE IS SURE.

London, April 17.—A South African book, containing recent dispatches from Sir Alfred Milner and other official correspondence, was issued tonight.

Sir Alfred wired on March 3, requesting permission to return home at an early date upon leave of absence for the purpose of resting. Joseph Chamberlain, colonial secretary, replied, granting the request but expressing the government's regret it should be necessary for Sir Alfred to leave South Africa at the present time.

TASK STILL TREMENDOUS.
In a dispatch dated Feb. 6, Sir Alfred reviews the situation in South Africa. He says he had hoped that some definite point would soon be reached at which it would be possible to sum up the chapter of history containing the war and forecast the administrative reconstruction which must succeed it.

"But I am reluctantly forced to the conclusion that there will be no such dividing line," continues the high commissioner. "I have not the slightest doubt of the ultimate result, but foresee that the work will be slower and more difficult, harassing and expensive than was at one time anticipated.

"It is no use denying that the last half year has been one of retrogression, but the consequences, although grave, are not appalling. The country people will need help to prevent them from starving, and probably a certain amount of capital. The more serious effect of the last six months is the moral influence of the continuance of the war, especially in Orange River colony."

SAYS COLONISTS WANT PEACE.
Sir Alfred sketches the rising against the British forces, the breaking of Boer pledges of neutrality under the pressure of old companions, and the establishment of camps of refuge for Boer families wanting protection. He thinks the majority of the Dutch colonists do not desire invasion.

"The South Africans are sick unto death of the war," the high commissioner says, "but are prepared to suffer in order to make South Africa indisputably one country and under one flag." He believes the young country will recuperate in a few years when the war is over.

The other correspondence relates to various phases of the sedition, incidents of the invasion and details of the administration. Among the letters are three letters from the government of The Netherlands to the Dutch consul general in Pretoria before the war advising President Kruger to adopt a conciliatory attitude.

CHAMBERLAIN'S BOLD STROKE.
London, Thursday, April 18.—The appearance of the blue book just at this moment is explained as a characteristic bold stroke on the part of Secretary Chamberlain, who, with a view of anticipating the inevitable criticism upon the temporary absence of Sir Alfred Milner from South Africa, publishes important communications giving frankly the views of men on the spot and showing that Sir Alfred sees the occasion to secure a well-earned rest while the military operations are still unfinished, so as to enable him to be back at his post again when the time arrives for inaugurating the civil administration.

SIXTEEN NEW PLAGUE CASES.
Cape Town, April 17.—Sixteen cases of the bubonic plague were reported today, including three Europeans.

A BRITISH CANARD.

PEACE ENVOY REPORTED SHOT BY DEWET IS STILL ALIVE.

Craddock, Cape Colony, April 17.—Advices today from Helborn are that Andries Wessels is alive. Wessels accompanied Morgandaal on a visit to the Boers in the capacity of peace envoy and was reported shot by order of General Dewet.

WOLVIN TO MANAGE FLEET.

DULUTH MAN PUT IN CHARGE OF THE STEEL TRUST'S SHIPS.

Duluth, April 17.—It is announced today that Captain A. B. Wolvin is to be manager of the United States Steel company's vessels at the head of the lakes and will have his headquarters in Duluth. This transfers the headquarters of 112 vessels to this city from Cleveland. Captain Wolvin is now in New York, where the matter was settled.

LEGALIZES PRIZE FIGHTS.

10-ROUND GLOVE CONTESTS PERMITTED BY BILL PASSED BY THE MICHIGAN SENATE.

Lansing, Mich., April 17.—The senate today passed a bill which practically legalizes ten-round prize fights in Michigan. It was presented ostensibly as a measure to stop prize fights in the state, but a provision permits glove contests up to ten three-minute rounds with the permission of the sheriff of the county or the mayor of the city in question.

CLUE TO PAT CROWE.

ALLEGED KIDNAPER THOUGHT TO BE HIDING IN INDIANA.

Elwood, Ind., April 17.—Pat Crowe, the alleged kidnaper of young Cudahy of Omaha, is thought to be located in Hamilton county near Noblesville. Detectives from Omaha are now searching the neighborhood for a clue. Crowe formerly resided in Hamilton county.

TEXAS MAN A HUMBUNG.

Omaha, April 17.—County Attorney Shields returned tonight from Dallas where he went to investigate the case of H. C. Henderson, the self-confessed kidnaper of Edward Cudahy. The trip was fruitless as far as securing any information of value to corroborate Henderson's statement that he was implicated in the affair. "There is nothing to it," remarked Judge Shields. "Henderson is simply a smooth individual who by the talk succeeded in having

his thirteen-year prison sentence reduced to four years. He offered no evidence which indicated that he knew anything whatever about the case beyond what he had read from the newspapers."

RIOT IN LONDON CHURCH.

CONSECRATION OF BISHOP INGRAM MARKED BY DISORDER.

London, April 17.—The scene in Bow church today during the consecration of the Right Rev. Ingram as bishop of London resembled a political meeting rather than a religious service. John Kensit, an anti-ritualist, entered a vehement protest against the appointment and his remarks caused an extraordinary uproar, being greeted with cheering, hisses and shouts. The vicar general tried to clear the church, but eventually the vicar general overruled the objections and the election of Bishop Ingram was confirmed. Disorderly scenes occurred outside the church and Mr. Kensit was escorted home by a score of policemen, followed by a howling mob.

SILVER PLATING COMBINE.

Hartford, Conn., April 17.—The Times today says: Negotiations are under way for the organization of a combine of the silver plating concerns independent of the International Silver company. The movement had its start in New York. A number of independent concerns have been invited to join and the promoters claim a strong consolidation can be formed.

PALACE AT PEKIN BURNS

German Major General Dies in the Flames and Count von Waldersee Has a Narrow Escape—Incendiarism Is Suspected.

Berlin, Thursday, April 18.—A Pekin dispatch says that Count von Waldersee escaped from the palace of the empress, which was destroyed by fire yesterday, through a window with great difficulty. Major General Schwartzkopf, von Waldersee's chief of staff, appears to have lost his life by returning to the burning building after having escaped from it. Incendiarism is suspected.

MILITARY PAPERS ONLY SAVED.

Pekin, April 17.—The palace of the empress, inhabited by Count von Waldersee and staff, burned today, Major General Schwartzkopf, von Waldersee's chief of staff, has disappeared. With the exception of the military papers everything was destroyed.

INDEMNITY STILL CLIMBING.

NOW FIGURED AT PEKIN THAT \$350,000,000 IS THE PROPER TAX.

Pekin, April 17.—At today's meeting of the foreign ministers the question of indemnities was discussed. It is now estimated that \$70,000,000 (\$350,000,000) will cover all claims.

PROSPECTS OF FIGHTING.

A trustworthy Chinese report says that troops in large numbers are massing in the province of Shan Si near the frontier of the province of Chi Li. Well-informed natives prophesy further trouble. It is impossible to ascertain whether the court is playing a double game or its authority is insufficient to prevent the Chinese generals from acting in a manner likely to provoke hostilities.

EARL LI PREVENTS EXECUTION.

A missionary named Killie was returned from San Ho, where several

Christians were burned to death in December. He reported to General Chaffee some time ago that several of his converts had been killed. He had the guilty persons tried in the Chinese courts, where they were convicted and sentenced to death subject to Li Hung Chang's signature. Mr. Killie came to Pekin and saw Li Hung Chang, who said the men would be executed immediately. Upon going to San Ho three weeks later, the missionary found the men alive. He spoke to the judge of the Chinese courts on the matter, who showed him a letter from Li Hung Chang giving explicit instructions that the men must not be executed, as they had only been convicted on the testimony of Christians and consequently the evidence was untrustworthy. Mr. Killie has a copy of this letter.

CHINESE DESTROY RAILWAY.

London, Thursday, April 18.—The correspondent of The Standard at Tientsin says: "The report is confirmed that Chinese have destroyed a portion of the railway beyond Pao Ting Fu. Chinese assert that General Ma is resolved to recommence hostilities under the impression that the allied commanders are preparing to send an expedition against Shan Fu from the south."

COREAN PLOTTERS SENTENCED.

St. Petersburg, April 17.—News has been received here from Seoul, Korea, to the effect that the Korean minister for justice, Yi Kon Ho, was arrested on April 1 for participation in the conspiracy against the empress of Korea. He named various high officials as accomplices in the plot. Yi Kon Ho was condemned to death on April 5 while the assistant minister was sentenced to fifteen years at hard labor. The other implicated officers were acquitted.

M KINLEY TO PRESS BUITON.

WILL START AT VICKSBURG ON MAY 1 THE MACHINERY OF THE PAN-AMERICAN EXPOSITION.

Washington, April 17.—The committee on ceremonies of the Pan-American exposition at Buffalo, accompanied by Representative Alexander, saw the president today and extended him a formal invitation to attend the exposition. They also arranged with him the details of his part in opening the exposition on May 1. On that day the presidential party will be at Vicksburg, Miss. At 2 o'clock he will press a button which will transmit the electric impulse necessary to set the machinery of the exposition in motion. The presidential party will arrive at Buffalo June 12 and on the following day they will attend the exposition.

WORLD'S LARGEST STORE OF GOLD

HOLDINGS OF THE GOVERNMENT PASS THE HALF-BILLION MARK.

New York, April 17.—The Evening Post says: "Today's summary of the United States treasury report of yesterday shows that the government's aggregate of gold holdings for the first time in history passed the half-billion-dollar mark. The exact total is \$500,278,506, of which \$25,978,959 is held against certificates in the hands of the outside public and \$474,300,000 is the reserve against outstanding United States notes, the balance being free assets."

"This is the largest amount of gold now held by any single financial institution in the world, and it is the largest ever held by any institution with one exception—the Imperial bank of Russia, which in February, 1898, raised the total of its holdings to \$590,200,000. At present, however, the Russian bank holds only \$371,500,000."

GOTHAM POOL ROOMS RAIDED.

New York, April 17.—The "committee of fifteen" raided seven alleged pool rooms this afternoon. In only one place did the raiders fail to make any arrests and a member of the committee openly says the inmates of that place received a tip from the police that the place was about to be raided. A feature of the raiding was an effort by at least two police officials to prove that the places raided were not pool rooms, but orderly and well conducted clubs. Twenty arrests were made.

HARD TIMES IN RUSSIA.

London, Thursday, April 18.—The Standard's correspondent at Odessa says: "As a result of the commercial and industrial stagnation, there are thirty-five thousand persons unemployed in Odessa, twenty thousand in Kharhoff and many thousands in other towns. These conditions cause the government anxiety as offering favorable opportunities for political agitators."

STRAITS CLEAR OF ICE.

Mackinaw City, Mich., April 17.—The straits are entirely clear of ice. Fresh southeast winds during the night drove the broken fields into Lake Michigan and there is no likelihood of their returning.

Kiel, April 17.—The emperor and empress arrived here today with their third son, Prince Adelbert, who enters the German navy tomorrow.

BANKER AN ABSCONDER.

Thos. F. Ward, of the Lemars, Ia., National, Is Missing.

INSTITUTION HAS CLOSED.

Fugitive an Embezzler to the Extent of About \$35,000, Lost in Board of Trade Speculation.

DEPOSITS FOOT UP \$185,000

St. Louis, Mo., April 17.—The Lemars National bank of Lemars, Ia., did not open this morning. Thomas F. Ward, vice president and manager of the institution, is a self-confessed embezzler to the amount of from \$25,000 to \$35,000. He has absconded.

Ward departed Monday night. Yesterday Cashier Frank Koop received the following from him: "I leave tonight for God Almighty knows where. This board of trade business has ruined me. Save me from indictment if you can. I will pay back every cent I can." Then the writer explained the funds from which he had been stealing to cover his speculative losses.

The officers of the bank are: President, V. G. P. MacLogan, who is in Scotland; vice president, T. F. Ward, absconded; cashier, Frank Koop, the only officer in town, and directors, J. J. Tierney and John Linden, both in Hot Springs, Ark. Cashier Koop, in the absence of advice, closed the doors, posting a notice that the examiner would be placed in charge.

PRECAUTIONS AGAINST A RUN.

The other Lemars banks—the First National, the German-American and the German State—learning last night that the Lemars National would not open today, sent to St. Louis City for currency to withstand a run today. The St. Louis City clearing house responded promptly, offering ample assistance.

The Lemars National bank was organized a number of years ago by William H. Dent, who represented Plymouth county in the state legislature in 1885. He left the state after disposing of the institution, Ward coming from Primghar, Ia., to be manager. The bank is capitalized at a hundred thousand and at the date of the last statement, Feb. 15, showed deposits of \$180,000.

Ward was the member of the Democratic state central committee from the Eleventh congressional district. Mrs. Ward is dangerously sick at her home, a little daughter having arrived at the house a week ago, and the news of her husband's disgrace will be kept from her.

BOILER BLEW UP.

FOUR LIVES LOST ON A RIVER STEAMER NEAR VANCOUVER.

Vancouver, B. C., April 17.—By the explosion of a boiler on the river steamer Ramona this afternoon, four persons were killed outright and six others seriously injured, two of whom will probably die.

The dead: Mrs. H. M. Morrison, Fort Langley, B. C.; Mrs. Bailey, Mount Lehman, B. C.; John Mack, deck hand; Henry Phipps, deck hand.

The injured: Richard Power, purser, probably fatally burned; James Maynard, mate, probably burned fatally; George Knowell, fireman, badly burned; three Indians, seriously burned.

The boiler exploded in mid-stream while the steamer was enroute from New Westminster to Fort Langley, the latter being a farming settlement twenty-five miles from this city. By the force of the explosion, Mrs. Morrison and Mrs. Bailey, who were returning home after a day's shopping at New Westminster, were blown into the river and drowned. Their bodies have been recovered, but the remains of the two deck hands, Phipps and Mack, have not been found.

The Ramona is a stern wheel river steamer of 200 tons. She is ten years old, but the boiler was comparatively new, having been put in last summer. On the trip today she had only five passengers—the two women who were drowned and the Indians who were burned. The steamer is valued at \$25,000.

MISSOURI TAXES WHISKY.

Jefferson City, Mo., April 17.—Governor Dockery today signed the bill which taxes all whiskey sold in the state at 10 cents a barrel. The governor also signed the bill passed by the legislature appropriating a million for the Louisiana Purchase Centennial celebration at St. Louis in 1903.

BIG TROTTING RACE OFF.

Toledo, O., April 17.—The race between The Abbott and Crescens at the Brighton Beach track is off. Ketchum, owner of the latter trotter, returned the contracts to New York this morning, claiming they were not in accord with the original agreement.

Washington, April 17.—The following is the weather bureau's forecast for Upper Michigan: Rain or snow Thursday, fresh northwesterly winds; Friday, fair, with warm in western portion.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

A message received by The Mining Journal from Representative Gordon yesterday brought the welcome intelligence that the ways and means committee of the house had reported out the bill appropriating the amount asked for to provide for construction of the north wing of the Normal school.

Only those who didn't know much about army life believed that abolishing the army canteen would result in making the soldiers more temperate. That it is having the opposite effect appears from what is set forth in this dispatch, sent out from Washington:

The good ladies of the W. C. T. U. can now contemplate their work and say if they believe it good. They established that they have influence with congress, but at the expense of the cause of practical temperance and to the detriment of the morals of the men whom they hoped to make abstainers.

The Grand Rapids representatives in the legislature have aroused deep indignation among the people of that city by their stupid and indefensible attempt to render the present mayor of the city ineligible for re-election.

President Lamb, of the Mass Consolidated Mining company, who has just returned to Boston from a two weeks' visit to the mine, in an interview Monday said: 'We are now working in the ninth level, and as we go down the veins show greater width.'

The loss on the house and furniture which Joe DeBral lost in the fire a few weeks ago was adjusted Tuesday of this week. The full amount of the insurance was paid; at any rate the settlement was very satisfactory to Mr. DeBral.

The large unoccupied barns at Clark's burg immediately north of the South Shore's main line burned to the ground Saturday morning at an early hour. It is supposed that the fire was started by hobos roosting around there.

Archie Abbott left Wednesday for lower peninsula points where he will purchase another carload of fresh milk cows. He disposed of the lot he brought in last week in quick order.

A house owned by John Lamont in the lower part of town, and occupied by John Smith and wife, was destroyed by fire about 4 o'clock Friday morning of last week. The woman was alone in the house at the time, her husband being at work.

We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warranty Syrup of The if it fails to cure your cough or cold.

COPPER COUNTRY NEWS.

A HAPPY CHILD

is one who grows, without interruption of health, from baby up—except the inevitable diseases of children.

It keeps them in uninterrupted health. It is food that takes hold at once, whenever their usual food lets go.

South range properties? The Atlantic is a mine paying dividends, has a very economical and costly plant and a handsome surplus in the treasury.

Operations at the Centennial are confined almost wholly to the Keasarge lode which is being developed rapidly.

The annual report of the Centennial Mining company for 1900 shows receipts from timber lands \$10,000, expenses \$19,154 deficit \$154, total deficit \$3,369.

The ground in the bottom of No. 6 shaft, Osceola, and quite well to the south of it looks very well indeed and carries much more mass and barrel copper than the average of the lode—Native Copper Times.

Another injunction suit brought by F. Aug. Heinze has thrown 250 more Butte miners out of work, for the time being at least. This time it is a portion of the Pennsylvania mine of the Boston & Montana that is closed down.

What the effect of the Amalgamated deal will be on the general market is an interesting question. Some hopeful traders expect work to begin at once on 'chapter III' of the combine, presumably to take in some of the Lake Superior mines.

METER KEPT TAB ON THE WATER.

HOUGHTON SALOON MAN AS-TONISHED AT A BILL OF \$72 FOR THREE MONTHS' SUPPLY.

The Houghton councilmen who are members of the committee on water on Tuesday visited several of the places in which water meters were placed last winter and measured the amount of water used in order to determine the efficiency of the meters, also the cost of the water consumed in comparison to that previous to the installation of the meters. In nearly every case it was found that the cost was much greater. This was especially noticeable at one saloon in which a meter was placed on the first of last January. In this saloon, since that time, 149,000 gallons of water, equivalent to 22,000 cubic feet, have been consumed. The cost foots up \$72, which is a rather high tax for only three months' water use. It is considerably more than was previously paid during a whole year. When the councilmen informed the proprietor that his bill would be \$72 that individual was nearly taken off his feet by surprise, and for a time was the most astonished man in Houghton. He said he would never pay it, but here the committee has him "foul" for if the bill isn't paid the water will be turned off. The saloonist admitted, however, that he had greatly wasted the water and used much more than he should have. During the cold nights of January and February he had left the faucets open day and night in order to keep the pipes from freezing. He did not seem to realize that the meter was keeping tab on the amount and ticking away for every gallon used. But the gentleman knows it now and in the future will be more careful.

One of the councilmen yesterday remarked that the ordinance relative to the installation of meters in every house or place of using water in Houghton was one of the best things that ever happened to the village. It is now almost certain to cause a greater source of revenue and after the system is in the best of working order there will be but slight danger of the water supply again running short. It is likely that the council will adopt a system whereby the water will have to be paid for about every three months. A certain limit of time will be given all users in which to pay their water bills and if the account is settled within the prescribed number of days a rebate will be returned on the amount of the bill. If not paid up during the required time no rebate will be given, and if not paid at all the water will be turned off.

JURY CANNOT BE SECURED.

SUMNER MURDER CASE MAY BE TRIED IN ANOTHER COUNTY.

No jury has yet been secured in the Sumner murder trial. Thirty-four of the regular panel were examined Tuesday, the fifty men impaneled Tuesday were exhausted yesterday afternoon and talesmen were then called. About a dozen of these were examined, and not a satisfactory man was found. All have opinions they will not change. It is believed the case cannot be tried here and is likely to go to either Baraga or Marquette counties.

HOMES OFFERED THEM.

OUTSIDE PARTIES WANT TO ADOPT THREE OF THE PETERSON CHILDREN—REQUEST UNLIKELY TO BE GRANTED.

Since the account of the finding of the five Peterson children, who were deserted by their mother about two months ago, in a most deplorable condition at their home in Hancock last week, was published in The Mining Journal Mayor A. J. Scott has received several requests from outside people for the adoption of the children. One of the letters is from Detroit people who desire to take the twelve-year-old girl; another communication is from a well-known Ishpeming man, who wishes to adopt the fourteen-year-old boy, and still another comes from Rockland for one of the younger children. Mr. Scott said yesterday, however, that he could not give the letters consideration for several good reasons. The children are very much attached to each other, for one, and a parting would cause them much sorrow. On that account Mr. Scott thinks it would not be the proper thing to separate the children; he would rather put them in some good place where they can all be together. The home selected for them at present is the Good Will farm and it is an excellent one for them, as there they are sure of good care. The children have not yet been sent to the home, but likely will be very soon. Mr. Scott heard on Friday last that the mother had been seen at Milwaukee and would be home Tuesday night, so he waited for the woman to return but she failed to materialize. Mr. Scott thinks the report was circulated to prevent the children from being taken to the Good Will farm, as he understands there is some objection to their going there. The children are being cared for at present by Mr. Bentley, commissioner of the poor for that district. Mrs. Bentley has purchased new clothing for the children, as they were greatly in need of it, being minus most of the necessary articles. She also had the house cleaned up and put in fit condition for living purposes, and a quantity of good food was secured.

TWENTIETH ANNUAL CONVENTION.

DELEGATES OF HOUGHTON COUNTY SABBATH SCHOOLS MEET AT HANCOCK TOMORROW AND SATURDAY-INTERESTING PROGRAM

The twentieth annual convention of the Sunday schools of Houghton county, which will be held at Hancock tomorrow and Saturday, promises to be a successful one in every way and beneficial to those in attendance who are interested in Sunday school work. Tomorrow's sessions will be held at the First M. E. church and Saturday's at the Congregational church. Every Sabbath school in the county will be represented and it is likely that several of those in adjoining counties will send delegates.

Several noted Sunday school workers throughout the state will be present to take an active part in the program. Among them is Alfred Day, general secretary of the Michigan State Sunday School association. Mr. Day is an able and pleasing speaker. F. S. Goodrich of Albion college; Rev. C. M. Thompson, presiding elder of the Methodist church for the upper peninsula, and C. A. Stringer—all well-known church men—will also take prominent parts in the proceedings.

Hancock people have made all arrangements for the entertainment of the visitors and also other necessary preparations, including the securing of special train service over the Mineral Range and Hancock & Calumet railroads to Calumet and Lake Linden for use after the adjournment Saturday night. The program is as follows:

- Friday Afternoon—
- 3:00 Fellowship and greetings.
- 3:10 Prayer and praise service, Rev. John Best.
- 3:20 Organization and management of a successful Sunday school, Rev. Alfred Day.
- 4:00 Business session.
- 4:30 Children's mass meeting—led by Rev. Mr. Day.
- Friday Evening—
- 7:00 Song service, Rev. John Best; Scripture and prayer, Rev. Mr. Day.
- 7:15 Singing; offering for county work; appointing of nominating committee.
- 7:30 Address, Rev. J. B. Whitford; singing.
- 8:15 Address, "On Horseback Through Palestine," Professor F. S. Goodrich; benediction.
- Saturday Afternoon—
- 2:00 Song service, Rev. John Best; Scripture reading and prayer, Rev. C. Corwin.
- 2:30 Primary work, Mrs. P. L. Goodsole; discussion opened by Alfred Day, followed by Professor Goodrich.
- 3:30 The Greatest Syndicate in the World; its Relation to the World and Nation, Alfred Day; its Relation to Our Own County Schools, Rev. C. M. Thompson.
- 4:30 Question drawer, C. A. Stringer.
- Saturday Evening—
- 7:00 Devotional; anthem, Congregational choir.
- 7:30 Paul on Mars Hill, Professor F. S. Goodrich; ladies' quartette.
- 8:15 Address—The Teacher's Master Key, Alfred Day; offering for county work; hymn; benediction.

By the recent death of the late E. F. Sutton, the Sunday School association is minus its executive head, as Mr. Sutton was president of the organization. A successor to fill the vacancy will

likely be chosen at the business session tomorrow.

COPPERDOM BREVITIES.

The copper country branch office of The Mining Journal is located in Room 3, second floor of the Dea Postoffice building, Houghton. All having business with the paper are cordially invited to call. Telephone No. 376.

H. F. Fay and Captain James Chynoweth visited the Trimountain yesterday.

Mrs. F. G. Coggin, Jr. of the Atlantic left yesterday for a three weeks' Chicago visit.

A big audience saw "Uncle Josh Sprucey" at the Houghton Armory Opera House last night.

Hoyt's satire on the citizen soldiery, entitled "A Milk White Flag," will be the attraction at the Houghton Armory Opera House Saturday night.

Mr. and Mrs. W. T. Richardson of Houghton delightfully entertained about twenty of their friends at cards Tuesday night. The evening was pleasantly spent.

The Hancock Congregational Sunday school banquet was held at the church parlors last evening. It was a pleasant affair. After the supper an interesting program was offered.

The streets of Houghton will be cleaned up as soon as possible and orders to that effect have already been issued. Especially at this time of year the thoroughfares are in their worst condition. The news is welcomed by Houghton people.

A game of indoor baseball between the Hancock and Calumet Y. M. C. A. teams will be played at the Hancock gymnasium tonight. The Hancock boys hope to retrieve their recent defeat at the hands of their rivals at Calumet but a short time ago.

The gross earnings of the South Shore road for the first week in April are reported at \$51,563, an increase of \$2,396 compared with the corresponding week a year ago. Since Jan. 1, the gross earnings foot up \$574,636, a decrease, compared with last year, of \$39,951.

The death of an old inmate of the county poor farm occurred late Tuesday afternoon, when John Schrader, aged eighty-three years, expired from general debility. The funeral was held from the poor house yesterday afternoon, with interment in the cemetery at that place.

Harry Lee, who has been in charge of the New Linden Hotel at Lake Linden ever since he severed his connection with the Northwest Hotel at Hancock several months ago, has given up his venture at the village of the

mines and the New Linden is again without a proprietor.

The Twin City Mandolin club has been engaged to furnish the music for the play, "Diamonds and Hearts," to be given by the junior class of the Hancock High school at St. Patrick's Hall next Tuesday night. Rehearsals for the production are being held daily and the entertainment promises to be very successful.

The work of decorating the Houghton Armory for the Bachelors' annual party tomorrow night will be done by George E. Carter of Hancock. Mr. Carter visited the hall yesterday and made plans for the decorations. He is an expert in that particular line of work and the Bachelors are sure of having the job done well.

Lake Linden people are anticipating with much pleasure the lectures of General W. Bailey on Chinese subjects. The general will begin his series of lectures at the Congregational church, under the auspices of the church society, tonight. Lectures similar to those delivered at Hancock and Calumet will be delivered tomorrow night and Saturday.

The most important and interesting theatrical event of the season will be the engagement at the Houghton Armory Opera House this evening of Liebier & Co.'s scenic production of "The Christian," Hall Caine's dramatization of his great book of the same name. The company is sure of playing before a big house, as the number of seats sold is large.

William Simmons, an employe of the Haas brewery, Houghton, was the victim of an unfortunate but not very serious accident at about 10 o'clock yesterday morning. He was engaged in "pitching" beer kegs when through some unexplainable mishap a quantity of the hot pitch was dashed into his face and eyes. A physician was called who removed as much of the stuff as possible.

SUNDAY EVENING CONCERT.

An entertainment, the program for which will be entirely of a musical nature, consisting of vocal and instrumental selections, will be given by the Finnish Glee club of Hancock at St. Patrick's Hall Sunday evening. The organization is very popular among the people of that nationality and the attendance at the concert will likely be large. It is expected that dozens along the line of the Copper Range railroad. For the benefit of the latter, a special train, leaving Houghton after the entertainment, will be run as far as Painesdale, stopping at Champion, Baltic and Trimountain. The street car service after the concert for people who attend from the Quincy location will be equally as good.

STRIKE HANGS IN BALANCE

Prospects, However, That Arbitration Will Settle the Labor Troubles Threatening Steel Industry.

Pittsburg, April 17.—The chances of all the men of the Amalgamated association employed in the organized mills of the American Sheet Steel company, and subsequently of all the organized men of the association in the mills of the United States Steel Corporation, going out on a strike tremble in the balance tonight.

On the one hand, President T. J. Shafter is backed up in his determination to call a general strike by the majority of the members of his advisory board and the district vice presidents and trustees, who were insistent all day today.

On the other hand, there is a new move toward conciliation and arbitration which may end the entire controversy in Pittsburg tomorrow or may be carried to New York and be adjusted by higher powers.

President Shafter said tonight the outlook for a settlement was better than at any time since the McKeesport trouble started.

STEEL OFFICIAL ADVISES PEACE. Colonel G. Watson French, vice president of the Republic Iron & Steel company, visited the Amalgamated headquarters today and volunteered to do all in his power to avert a struggle.

MAY BE TROUBLE TODAY. At McKeesport tonight, the strikers are alert and ready to meet any move made by the company.

Pittsburg, Thursday, April 18.—At one this morning a dispatch from McKeesport says that "at this hour nothing unusual has developed, but before daylight there may be trouble."

SWITCHMEN RETURN TO WORK. Scranton, Pa., April 17.—The 200 Delaware, Lackawanna & Western yard men who went on a strike Tuesday because two of their number had been discharged, returned to work this afternoon after a six hours session with the national head of the switchmen's union, Frank T. Jawley of Buffalo.

BLOOD FLOWS IN KENTUCKY. Madisonville, Ky., April 17.—The strike situation here has become alarming. Several assaults have been committed today and a non-union man named Roscoe Garrett was killed by Ike Todd, a member of the United Mine Workers, who escaped. Troops may be called out.

MORE WORKERS OUT ON STRIKE. Syracuse, N. Y., April 17.—Nearly five hundred employees of the Onondaga pottery went out on a strike today in sympathy with the girls who went out Saturday. The men also demand increased wages.

COTTON MILL TRUST HINTED. Charlotte, N. C., April 17.—A great trust, controlling the entire cotton industry of the country, is in prospect, according to Secretary Hiss of the Southern Cloth Spinners' association.

KEANE GETS HIS PALLIUM

Imposing Ceremony at Dubuque in Honor of the New Archbishop - Bishop Eis Present.

Dubuque, Ia., April 17.—In the presence of princes and high priests of his church, and before an audience that occupied every foot of space in St. Raphael's cathedral and overflowed by the surrounding streets, Archbishop John J. Keane was today invested with the pallium, the insignia of the high position he occupies in the Roman Catholic church.

The scene was one of great brilliancy and the ceremonies characteristic of that splendor and magnificence for which the Catholic church is noted. While the absence of Mr. Martinelli was marked, it detracted none from the grandeur of the scene, which was far beyond that occasion of Sept. 17, 1882, when Mr. Santoli, now a member of the sacred congregation, Rome, conferred the pallium upon the late Archbishop Hennessey in this same cathedral.

Presided over by Gibbons. The ceremonies opened at 10 o'clock with a procession of clergy and attendants, in which the cardinal, archbishops, bishops and priests took part clad in full vestments of their rank.

The evening Post says: "One of the highest authorities of Northern Pacific affairs today stated that the Burlington stockholders would be guaranteed an 8 per cent dividend by the Northern Pacific and Great Northern companies."

WALL STREET STOCKS

New York, April 17.—Today's stock market was excessively irregular, showing the decidedly nervous state of mind in which speculators have come to be who are long of stock, as well as the watchful mood for weak points to develop.

The movement of flour and grain was as follows: Flour, barrels, 63,000, 35,000; Wheat, bushels, 230,000, 65,000; Corn, bushels, 100,000, 74,000; Oats, bushels, 20,000, 32,000.

BOSTON COPPER QUOTATIONS. The copper stocks dealt in on the Boston exchange closed as follows yesterday, as reported by Paine, Webber & Co.:

Boston, April 17.—The industrial commission today devoted its attention to government control of telegraph lines. A. Randall, chairman of the committee of the National Typographical union to promote stock ownership, and F. Roberts, a local commissioner, being the witnesses, Randall declared that the Western Union stock was extensively watered and the company had received returns amounting in the aggregate to a hundred million in twenty-five years.

MONEY IN TELEGRAPHY. Washington, April 17.—The industrial commission today devoted its attention to government control of telegraph lines. A. Randall, chairman of the committee of the National Typographical union to promote stock ownership, and F. Roberts, a local commissioner, being the witnesses, Randall declared that the Western Union stock was extensively watered and the company had received returns amounting in the aggregate to a hundred million in twenty-five years.

EDITOR'S ANSWER FLIGHT. F. M. Higgins, Editor Seneca, (Ill.) News, was afflicted for years with Piles that no doctor or remedy helped until he tried Bucklen's Arnica Salve. He writes two boxes wholly cured him.

Rocky Mountain Tea will cure your rheumatism, indigestion, constipation, all blood diseases if taken this month.

BURLINGTON DEAL STILL OPEN. The Commercial Advertiser says: "At a meeting of Northern Pacific directors in this city today (Wednesday), the details of the Burlington deal were discussed. A committee of the board said immediately after adjournment that matters were not yet in shape for an official announcement."

CHICAGO GRAIN MARKETS. Chicago, April 17.—Wheat today was moderately active, the bulk of the trade being local, with the fluctuations confined within 1/2c range.

DIRECTORS ARE SILENT. Boston, April 17.—The directors of the C. & C. railroad held a regular meeting here today and it was stated that no announcement concerning any change in control was to be made.

BIG DEAL IN SANTA FE.

Large Blocks of Stock Secured by Pennsylvania Road Magnates Who Will Become Directors.

New York, April 17.—The Mail and Express says: "There is excellent authority for the statement that prominent men representing the Pennsylvania railroad recently bought large blocks of Atchison, Topeka & Santa Fe stock and before long will be invited to become directors of the latter company."

ENDING INSURRECTION THERE. MANILA, April 17.—The war department today received the following from General MacArthur: "Colonel Abad, insurgent leader in Mindanao, with 500 men, seventy soldiers and 248 small arms, surrendered to Major Smith on the 15th. They took the oath with impressive ceremony and were released. This ends the insurrection there."

INVADERS ROUTED BY TURKS. London, Thursday, April 18.—The correspondent of The Daily Mail at Vienna says that a band of Bulgarians today invaded Turkey territory at As-Tash, northern Turkistan. They were repulsed by Turkish troops. One Bulgarian was killed and the others escaped.

SULTAN BURNED IN EFFIGY. Vienna, Thursday, April 18.—The Neueste Wiener Tageblatt's Sofia correspondent says: "The Macedonian congress opened today, attended by a hundred delegates. Before proceeding to business the congress delegates burned the sultan in effigy."

CHURCH IMPROVEMENTS.

BETHANY SWEDISH LUTHERAN CONGREGATION WILL BRIGHTEN UP THEIR PLACE OF WORSHIP.

There was a meeting of the deacons and trustees of the Bethany Swedish Lutheran church this week at which it was decided to start at once making several important improvements to the society's place of worship which have been in contemplation for a long time. These improvements include installing electric lights, putting in a steel ceiling, painting the building inside and out, building new fences and a new sidewalk, etc. These improvements will cost the society in the vicinity of \$2,000, but the present condition of the church warrants the expenditure. This is the largest and most valuable church property in Ishpeeming. There are three buildings of good dimensions, covering half a block. The church building has been in need of attention for many months but the condition of the society, financially, prevented the undertaking of the work. Since the coming of Rev. E. V. Isaacson the attendance at every service has materially increased and many new members have been accepted. The contract for the steel ceiling has been let to Charles G. Rengstrom, but the consideration is not stated. There were many bids for the painting but as they were not satisfactory new bids have been called for. Both the interior and exterior of the church will be painted. Together with the parsonage and the hall. A new fence will be constructed around the entire property and a new sidewalk will be laid. Electric lights will be installed. The Young People's society will pay for the latter item and the three ladies societies of the church will look after the ceiling and the painting of the interior. The parish as a whole will take care of the remainder of the work. The following prominent members of the church will constitute a building committee: John Wahiman, August Swanson, John E. Lindbom, Gust Larson, Charles Bergquist and George Skogberg. Rev. E. V. Isaacson, Mr. Lindbom, Mr. Swanson and Mr. Skogberg were appointed a soliciting committee.

AUTOMOBILES IN WAR.

Automobiles are to be used as army transport wagons. Trial experiments in France have proved convincing. It is odd to note the different uses to which nature and science are put. On the battlefield they fight for the destruction of life, while throughout the country Hostetter's Stomach Bitters, one of nature's most scientific medicines, fights to preserve it. For fifty years the Bitters has been making strong stomachs and curing dyspepsia, indigestion, constipation and biliousness. In the spring when the system is usually run down this wonderful medicine will be helpful in restoring your health and strength. It will also prevent malaria, fever and ague and as an appetizer it is unequalled. See that our Private Revenue Stamp is over the neck of the bottle.

HERE THIS EVENING.

That ever new bit of stage pleasantries, Hoyt's "A Milk White Flag," will hold the boards at the opera house this evening. It is one of the season's offerings of the enterprising theatrical managers, Messrs. Dunne and Ryley, who have the reputation of always sending out the best possible aggregation to present their plays. There is irresistible humor in the complications arising in the Ransome Guards, a military organization that has become familiar throughout the country, thanks to Mr. Hoyt's skill in farce writing. "A Milk White Flag" is hilariously funny, and it is presented by a large company of very clever people, who introduce a number of pleasing specialties. Little Chip, the famous eccentric comedian, is said to be one of the hits of the performance in his droll impersonation of the "Private," and his character songs and odd dancing specialties. Seats are now on sale at Tillson's at \$1 and 75 cents, and as they are going fast those who intend seeing the famous farce would do well to secure places at once.

The N. Laughlin Co-Operative Store.

On and After April 1st, 1901,

my general merchandise store, the largest by all odds of any in the city, will henceforward be conducted on the lines of a Co-Operative store. All those that trade with me now, as well as those who wish to do so, will receive the same interest on their purchases as will be given by the Ishpeming or Negaunee Co-Operative stores. When enough of the stock is subscribed for, the entire business will be turned over to the subscribers. The stock in all departments is complete and includes Dry Goods, Clothing, Hats and Caps, Carpets, Boots and Shoes, China, Glassware, Woodenware, Tinware, Hay, Flour, Feed, Groceries and Provisions, Meat Market, etc., etc. Any other information in connection with the business can be had at my store.

"COME TO DETROIT."

HER BUSINESS HOUSES INVITE OUR RETAIL DEALERS. NO NEED OF BUYERS SEEKING ELSEWHERE.

The State Metropolis Contains Everything They Require, Best Goods at Lowest Prices.

The stability and excellent reputation of the wholesale houses of Detroit preclude any necessity of going elsewhere for whatever goods our retail dealers may require at any time. The financial and manufacturing institutions of Michigan's metropolis are not excelled for enterprise and fair dealing in the United States. Our readers in business can be as well served in Detroit as anywhere, and they can deal with home concerns located close by. The Detroit houses named below invite their trade and well deserve it. These firms refer to long lists of old customers throughout the West as their most potent recommendation. Beginners in business cannot do better than to open correspondence with these excellent houses at once. The information which experience and judgment may impart, is to be had by our readers for the asking. That such knowledge is highly valuable to those starting out in business lines, is obvious. We commend the idea to all whom it may concern, and can assure them that trade relations with the houses below will always be satisfactory.

In and About Negaunee.

(Subscribers to The Mining Journal will please remember that carrier boys are not allowed to receive money on subscription account.)

A NEW ENTERPRISE.
ELBRIDGE BARABE TO ESTABLISH THE LARGEST HENNERY IN THE UPPER PENINSULA.

This city is to have a new industry in the shape of the largest henneries in the upper peninsula. Elbridge Barabe is the prime mover in this enterprise and he informs The Mining Journal that next year he will have upwards of five thousand chickens under his care. Mr. Barabe has secured about eleven acres of land east of the Negaunee Nursery property which is admirably suited for his purpose. There is a good house one hundred and twenty feet long by fourteen wide on the property. Mr. Barabe will use this house for the present, but will construct others as soon as they are needed. He starts in with two thousand chickens of different breeds. He will do business on the wholesale plan entirely and expects to find a market for his products in this city, Ishpeming and Marquette.

This is the first venture of the kind undertaken in this section. The large scale. The Bellevue farm has a large number of chickens, but nowhere near the number which Mr. Barabe will keep. The success of the Bellevue farm as a producer of butter and other creamery products for the market set Mr. Barabe to thinking of the project he now has in hand. There was a time, and it was not so long ago, that people of this section held the belief that nothing could be produced here successfully but iron ore. The Cleveland-Cliffs company has done much to dispel this illusion by its liberal treatment of those wishing to try their luck at farming and also by judicious advice and help after the farmer was fairly started. As a result there are many fine farms within easy distance of this city and Ishpeming on the property of this company. Land Agent Reardon states that there are many inquiries for farming lands owned or controlled by his company this spring and that he expects to sell and lease a considerable acreage. Mr. Barabe should do well in his new venture and his many friends will be watched with great interest.

LOCAL LACONICS.
William Schunk has started at carpenter work for Pearce Bros. The Regent group of mines will pay their employees next Saturday. M. T. Murphy has purchased a horse and wagon and has resumed his peddling business. The employees of the Cambria and Lillie mines were paid on account of March labor yesterday. Axel Rasmussen, the popular Gold street tailor, will start another suit club in the near future. The foundation for the new house which M. J. Hosking is building on Cyr street is about completed. The street railway company has a gang of men at work laying new ties between this city and Ishpeming. Mr. and Mrs. F. D. Davis have returned from their Chicago trip and report having had an excellent time. Frank Schwartzman has given up his job as driver for Mack Bros. and his place is being filled by Christ Rasmussen.

Miss Alice McNabb was called to Michigan Tuesday night to nurse the son of William Levine of that town, who is very sick. The Negaunee Co-operative society has purchased a horse from P. Peterson of Palmer which will do duty on the delivery wagon. A large number of theatre-goers from this city are planning to take in the presentation of "A Milk White Flag" in Ishpeming this evening.

Only a few tickets for the silver tea set to be raffled at Thomas & Angove's saloon are undisposed of. Those wishing a chance for the prize should apply before it is too late. Fred B. Trathen of Laurium is spending a few days with his brother Tom. Mr. Trathen is an old resident of Negaunee. He was recently elected justice of the peace at Laurium. The fixtures which were located in the Cherry Hall saloon on Silver street have been removed to Marquette and Adam Carmichael is engaged in moving his grocery store to that location. J. M. Edgerton has sold for Captain John, now located in Spokane but an old resident of this city, two houses at the corner of McKenzie avenue and Clark street to William J. Williams for a consideration of \$1,500.

ROBBED THE GRAVE.
A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying 'Electric Bitters' and to my great joy and surprise, the first bottle made a decided improvement. I continued to take three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts., guaranteed, at The Stafford Drug Co.

SCRAPPY BASE BALLISTS.
Everyone knows that there is a baseball war on in Ishpeming but no one considered the possibility of its extending to this city. However, that has come to pass, and yesterday there was a large "batter" heard from the end to end of the city from the members of the first Negaunee team. The noise was all on account of an article published in the columns of The Mining Journal this week discussing the situation. The city's veteran baseballists have not been included in the makeup of the teams which have recently been formed in this city and Ishpeming and the aged ones are strenuously kicking in consequence. They have formed a team in the sister city, and have challenged the regular teams of both towns to play match games for a purse. The members of the local team wish "The Mining Journal" to stand in the behalf of those that are not yet ready to play any games, but that in the near future they will get after the "old guys" and make it very warm for them. This may be a pleasant state of affairs for the members of the respective teams but it might be well for the players to consider the feelings of the public on this matter and reason whether or not they are injuring their chances for hearty support by the methods which they are employing.

THE WAR IS ON.

THE YOUNGSTERS ARE TAKING OFF THEIR COATS AND GETTING READY FOR THE FRAY WITH THE OLD SETTERS.

The American and National leagues are not the only battles in the baseball arena, as can readily be imagined by a perusal of the following offering, contributed to The Mining Journal by a member of the Ishpeming city team: "The 'lively' sports, commonly called the 'Setters,' are at the public again. In Tuesday's issue of The Mining Journal they came out with a sweeping challenge to the tune of \$50. Wouldn't that jar you? They also stated that they had a corner on more coin if necessary. We wonder if Marshall Farm is aware of this fact. We will accept this challenge and demonstrate to them that more than long walks and baths in the Menominee river are needed to down the youngsters' of the Twentieth century. In their lineup they have men who thoroughly understand the game, we must admit, and with the assistance of 'Scout Jones or John Hosking' as official umpires they should make the 'Boston Bloomers' look like nine cents. In regard to the bed which we are raffling, it seems to bother them considerably. We do business on a business plan, and give the public something for their money instead of going around like 'Hinky Dinks' or 'Bath House Johns' looking for hand-outs. Here endeth the first installment." The reporter would respectfully ask, who is "it"?

QUESTION ANSWERED.
Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. The Stafford Drug Co.

A NOTABLE ATTRACTION.
The performance of "The Christian" given in the opera house Tuesday evening was a great dramatic success. The company should feel much gratified by the size and character of the audience which attended the play and the frequent and hearty applause. The house was packed to its fullest capacity and it was necessary to put chairs in the nooks and corners so that all could be accommodated. The City band orchestra was a great drawing card. "The Christian" has never before been presented in this city, or any other city of this section, and a large majority of the audience witnessed the play for the first time.

DON'T PAY TOO MUCH

for your spring hat. Not that there is any question about most folks being perfectly able to manage their own financial affairs, but there's a great difference in hats. All hats may look alike to you so far as quality is concerned, but there is a difference in the make and finish of hats. There are hats that are good for the price, some that are not so good. Then there are the best hats made for the price and we believe we have them, in fact we believe that you will not be disappointed when you come here expecting to see a splendid line of both stiff and soft hats at lower prices for up-to-date styles than are named at any store in the city.

Customs District of Superior Had but Slightly Increased March Export Trade.

IMPORTS FOR THE THIRTY DAYS WERE ALSO UNUSUALLY LIGHT.

With Opening of Navigation Traffic With Canadian Provinces and Trans-Atlantic Countries, Will Begin to Pick Up Appreciably.

SCOTLAND TOOK THE WHEAT LAST MONTH

The domestic exports from the customs district of Superior for the month of March did not show a very appreciable gain over February, when they fell off to the lowest mark they have reached for some time.

Of course the March trade was all rail, this being true of both the imports and the exports. This month will see a resumption of water shipments, owing to the opening of navigation, and the railroads will have to handle at least a little of the business, of which they have enjoyed the monopoly for the past couple of months.

Again iron and the manufacturers of iron, in the shape of machinery and mechanical fittings, occupied the most prominent place among the exports, the only other big items being cement and wheat.

Some of the major exports were wheat, 49,746 bushels, \$35,868, compared with no export of this cereal in February; wheat flour, 254 barrels, \$1,266.

The dutiable imports aggregated \$4,665, of which the only important item was wood pulp, \$3,810. The free exports totalled \$3,654, horses at \$1,900 being the notable single item.

NAVIGATION OPENS.

Fishing Craft Proxied About Marquette Harbor Yesterday.

Navigation for the season of 1901 opened in Marquette harbor yesterday. A long heralded change in the wind, which has blown from the north almost continuously for the past ten days, sent the field of rotten ice drifting out into the lake and permitted a couple of fishing craft to run about the bay and even a considerable distance out into the lake.

The tugs Ward and Theora will likely be given spins today. It is probable that the Theora will sail north on the lake for the purpose of setting the first nets. She was inspected yesterday and is now in readiness for the season's work.

will also be engaged with her regular business as soon as the disappearance of the ice will permit. Marquette launchmen are looking over their craft and calculating when it will be advisable to put them in the water. Of course many weeks will elapse before their popular pastime will be a sport unalloyed, as chill breezes will be characteristic of all lake navigation for some time to come.

PAULIST MISSION.

Father Doherty Preached on "Eternal Punishment" Last Evening.

In the opening instruction last evening Father Conway spoke of the One, Holy, Catholic and Apostolic church instituted by Christ to be his representative on earth for all times and all people, teaching them infallibly all things whatsoever he has commanded and leading mankind upward to a personal union with God in Christ.

Few if any are found to refuse a belief in heaven, but often one hears the thoughtless say, "I don't believe in Hell!" If mere denial could destroy a doctrine this would be a comforting one, but strange to say those who deny eternal punishment now are so anxious to emphasize in their denial as to give rise to the suspicion that they are not so sure of their position after all.

"Why don't you believe in Hell?" is asked and the reply comes that "God is too good to punish." This comes from goodly-goodly people who have no sense or perception of God or his justice. God is not too good nor is he too anything, or he would not be God. We do not say that God is to blame when his laws in nature are violated; and the negligent one learns that he who breaks, pays.

Some argue that they think that "people suffer enough here." This is an admission that people ought to suffer enough somewhere, but who will say that perfect justice in this life, when the successful hypocrite goes on without remorse, rewarded to the end. No, facts and common sense are alike against those who make life a hell here for others and expect to escape punishment hereafter.

Without a word of Scripture, the teaching of the Catholic church can be seen to be reasonable and right, but Jesus Christ, with divine authority, declares that "the wicked shall go into everlasting punishment, but the just into life everlasting." He calls this punishment fire. "Depart from me ye who are a dread awakening to some to learn that their denial of hell and its horror has not removed the actuality, as above the wailing of the lost, they listen to the echo of their own mocking words: "I don't believe in Hell!"

SPECIAL ELECTION.

Municipal Improvements Bond Issue. To the Qualified Electors of the City of Marquette:

Notice is hereby given that the common council proposes to borrow the sum of twenty thousand dollars for such time and at such rate of interest as may be hereafter determined, and to issue bonds therefor pledging the faith and credit of the City of Marquette for the payment of the principal and interest of such bonds; for the purpose of raising money with which to make the following municipal improvements, viz: to obtain, open and improve new streets, parks and public grounds, and to widen and improve streets and roadways and construct bridges, culverts and sewers in the city.

The question of raising such loan will be submitted to the qualified electors of the city, for their approval, at a special election appointed and called for that purpose to be held at the city hall in said city on Monday, the 25th day of April, 1901, from 7 o'clock a. m. until 5 o'clock p. m.

Said question will be printed upon the ballots and be submitted to the electors in the following form, to-wit: "Shall the common council be authorized to borrow twenty [] thousand dollars and to issue bonds therefor for the purpose of raising money for No [] municipal improvements." Dated, April 6, 1901.

DANIEL S. DONOVAN, Recorder of said City.

CITY BREVITIES.

Weather forecast: Threatening and continued cool. Brisk northwest wind.

C. A. Robinson of Manistique was in town yesterday.

E. S. Wright of Menominee was in the city yesterday.

Miss Bertha M. Reed of Lake Gogebic is visiting in the city.

T. E. Foard of the Soo spent yesterday in the city transacting business.

Allice Cowden has disposed of a house and lot, on West Washington street, to Philomene Archambeau for a consideration of \$1,000.

The young people will hold a dance at Fraternity hall this evening. It will be well attended. The Marquette Ideal orchestra will furnish the music.

Emanuel Niemi was brought down from Negaunee yesterday to serve a short sentence in the county jail. He was arrested for being drunk and disorderly.

Farrell division No. 34, B. of L. E., invites the members of the several railway orders to attend the funeral of the late J. R. Todd. It will be held from the residence Friday, April 19, at 2 o'clock.

The wind whipped around to the north again yesterday, making the air raw and chilly. The effects of the first rain of the season were apparent in traces of green on the lawns. Spring will soon be budding forth in genuine earnest.

There will be an entertainment and social given by the members of the A. O. U. W. in their hall after the initiation of a class of candidates this evening. The wives of lodge members are cordially invited to be present, and of course the Degree of Honor.

James Jerrology, the man who was brought to St. Luke's hospital Tuesday, suffering from injuries received in a railroad accident at Sand River, died yesterday as a result of his mishap. Jerrology was a man of fifty-one years and he leaves a wife and six children. The remains were shipped to the Soo for burial this morning.

Mrs. Colonel Higgins of New York, who is next in rank to Consul Booth, will deliver a lecture, illustrated with stereopticon views, at the Salvation Army barracks on the evening of the 24th. The subject of her discourse will be "The Rescue Work of the Salvation Army." Tickets are now on sale at Stafford's drug store.

An order from Judge Wauty has been received by F. M. Moore, deputy clerk, adjourning the May term of the United States court at Marquette from May 7 until July 9 next. If upper peninsula papers generally will republish this announcement it will be appreciated by the attorneys and litigants having cases in the United States courts.

Offenbach's comic opera, "The Grand Duchess," was produced at the Lyceum, Duluth, by a large company of amateurs, under the direction of Professor Otto Muhlbaur Monday evening. There were fifty people in the cast. The opera was staged by Mr. Muhlbaur, who, of course, looked after the training of all the choruses and principals.

The performance at the opera house tomorrow night will begin sharply at 8:10. Owing to the great length of the play it is necessary to economize time wherever a moment can be saved. A delegation numbering a hundred or more will come down from up-the-road to see "The Christian" and a special train will be run for their benefit on the return trip.

John R. Todd died yesterday at his home, 144 Champion street, after a brief illness. He was a member of the Farrell division, B. of L. E., which will have charge of the funeral to be held from the residence Friday afternoon at 2 o'clock. The services will be conducted by the Rev. J. M. Rogers of the Presbyterian church. Interment will be in Park cemetery.

Seats for "The Christian," placed on sale at Bigelow's yesterday, were in good demand and all the choice sections were pre-empted before noon. The remaining tickets are going well and the prospects are in favor of a packed house. "The Christian" has given good satisfaction in all the upper peninsula cities in which it has filled dates during the past few days. It is a great drama and it is notably played and mounted.

C. H. Blomstrom, of the Lake Shore Engine works, has tested the Superior motor which he has built for the automobile he is about to put in commission. The engine worked perfectly on its first trial and gives every promise of proving an ideal power for the new carriage. Mr. Blomstrom is now busy adjusting the machinery of his automobile and preparing it for its first outdoor run, which will be made in the course of the next few weeks.

The first meeting of the new board of supervisors will be held Tuesday morning, April 23, at 11 o'clock. County Clerk Ross has issued the call for the meeting. A chairman for the ensuing year will be chosen and the various standing committees will be appointed. Other regular business and routine work will be performed. The county clerk requests that all bills against the county be presented before Saturday evening in order that they may be acted upon by the auditing committee.

Now the politicians are discussing the situation as regards the street commission and the appointments to positions on the police force. Two matters which will remain open for a couple of weeks until the council holds its next session. There are said to be a number of applicants for the first named position. It is said that the incumbent, Mr. French, may be counted out and it is further asserted that E. E. McIntosh, marshal for the past year, is not a possibility. There is the usual quest for places on the police force. These appointments are in the hands of the police committee.

At a meeting of the board of fire and water commissioners Tuesday evening the plans and specifications for laying the new intake, prepared by F. W. Cappellet of Minneapolis, were accepted. The secretary was instructed to advertise for bids, to be opened

"I have been troubled with indigestion for ten years, have tried many things and spent much money to no purpose until I tried Kaelol Dyspepsia Cure. I have taken two bottles and gotten more relief from them than all other medicines taken. I feel more like a boy than I have felt in twenty years." Anderson Riggs of Sunny Lane, Tex. Thousands have testified as did Mr. Riggs. Stafford Drug Co. H. N. Meloche, Ishpeming.

Smoked by many, praised by all. Carvalho's hand-made cigars.

"STICK TO IT."

Geo. L. Heard of High Tower, Georgia, writes: "Eczema broke out on my baby covering his entire body. Under treatment of our family physician he got worse as he could not sleep for the burning and itching. We used a box of "Banner Salve" on him and by the time it was gone he was well. The doctor seeing it was curing him said, "Stick to it for it is doing him more good than anything I have done for him." The People's Drug Store.

A Real Liver Pill.

Most of the so-called liver pills are made up of drastic cathartics that leave the system worse than they find it. They affect the liver not at all. They are apt to derange the stomach and weaken the bowels, which condition is worse than the one for which the remedy was taken.

Desjardins' Liver Pills

are real liver pills. They stimulate and strengthen the liver. Are purely vegetable, and mild and certain in results. Cure constipation, biliousness and headache, and clear the complexion. If not pleased with them, ask for your money.

Price, 25c.
