AGUINALDO FOR PEACE.

Issues a Manifesto Advising Immediate General Surrender.

TRUSTS IN UNITED STATES.

Says Under Its Protection the Filipinos Will Attain All Promised Liberties Already Partly Enjoyed.

ACCEPTS YANKEE RULE.

Manila, April 19.—The following is Aguinaldo's address to the Filipino people, made public this evening: "I believe that I am not in error in presuming that the unhappy state to which my adverse fortune has led me, is not a surprise to those who have been familiar with the progress of the war.

"Lessons taught with full meaning, and which have recently come to my knowledge, suggest with irresistible force that the complete termination of hostilities and a lasting peace are not only desirable, but absolutely essential to the welfare of the Philippine islands.

HAS FAITH IN AMERICA.

"The Filipinos have never been dismayed at their weakness, nor have they faltered in following the path pointed out by their fortitude and courage. The time has come, however, in which they find their advance along this path impeded by an irresistible force which they are unable to resistible force, while it restrains them, yet enlightens their minds and opens to them another course, presenting them the cause of peace.

"This cause has been joyfully embraced by a majority of my fellow countrymen, who have already united around the glorious and sovereign banner of the United States. In this banner they repose their trust and belief that, under its protection, the Filipino people will attain all those promised liberties which they are beginning to enjoy."

ENOUGH BLOOD SHED.

"The country has declared unmistakably in favor of peace. So be it. There has been enough blood, enough tears, enough desolation. This wish cannot be ignored by the men still in arms if they are animated by the desire to serve our noble people, which has thus clearly manifested its will. So do I respect this will, now that it is known to me.

"After mature deliberation, I resolutely proclaim to the world that I cannot refuse to hear the voice of the people longing for peace, nor the lamentations of the thousands of families yearning to see their dear ones enjoying the liberty and promised generosity of the great American nation. "By acknowledging and accepting the sovereignty of the United States throughout the Philippine archipelago, as I now do, and without any reservation whatsoever, I believe I am serving thee, my beloved country. May happiness be thine."

1,000 REBS TO BE FREED.

To signalize this important step in the pacification of the country, General MacArthur orders the release, on their swearing allegiance to the United States, of a thousand insurgent prisoners.

MORE LIBERTY FOR AGUINALDO.

HIS MANIFESTO VERY GRATIFYING TO THE ADMINISTRATION.

Washington, April 19.—It is believed by the administration that the manifesto of Aguinaldo will have a decidedly good effect, both in the Philippines and in this country. Especial gratification is felt at the unreserved tone of the document and the full acceptance it indicates of American rule. This, it is felt, will bring to the support of the government many Filipinos who, wishing for peace, have hesitated to accept the Taft commission. Aguinaldo, now that he has accepted American sovereignty, probably will be given considerably more liberty than he has enjoyed hitherto. His services will be used as far as possible in the pacification of the islands.

Coincident with the issue of the manifesto at Manila, Secretary Root made public a copy received from General MacArthur. This came to hand on the tenth of April and differs slightly in phraseology from that made public in Manila. General MacArthur informed the department at that time that the manifesto had been prepared by Aguinaldo with the assistance only of the two staff officers who were with him at the time he was captured.

Secretary Root declined to be interviewed on the subject of the manifesto further than to say that it was dignified in tone and admirably constructed.

FORCES NOT TO BE CUT.

CORBIN DENIES REPORTED ORDERS TO REDUCE MARTHEUR'S ARMY—CHAFFEE TO COMMAND.

Washington, April 19.—Adjutant General Corbin authorizes the statement, in view of the reports that the forces are to be reduced to 40,000, that no ma-

terial changes will be made in the army in the Philippines until after the war department has heard from General Chaffee on the subject.

In accordance with orders previously issued, General Chaffee will relieve General MacArthur of command of the military forces in the Philippines on June 30, and the present expectation is that general civil government will be established in the archipelago about that time.

General Corbin says that the recent developments in the Philippines have caused no change in the general plans of the department for the despatch of regular troops from the United States to replace the volunteers ordered home for discharge before July 1 next.

General Corbin gives emphatic denial to the published reports that General MacArthur has been instructed to reduce the army immediately to forty thousand men.

MORE TROOPS HOME. San Francisco, April 19.—The transport Grant arrived today, twenty-five days from Manila, bringing the Twenty-ninth and Thirty-second regiments of volunteers, a company of the Twenty-sixth infantry, 123 sick soldiers and eighty cabin passengers. Three soldiers died during the voyage.

COURT WANTS NO FIGHT.

CHINESE TROOPS UNDER GEN. LIU ORDERED TO WITHDRAW.

Pekin, April 19.—In consequence of strong representations to the Chinese government, an imperial decree has been issued ordering the Chinese troops at Hual Lu to immediately remove outside the great wall. It is understood that this force is the one which the German and French expedition has been preparing to attack, General Liu having bid the allies defiance and declining to withdraw unless compelled to do so by the allied forces.

Berlin, April 19.—The Cologne Gazette's correspondent at Peking says: "Three companies of the Second East Asia regiment and all but four hundred men of the garrison at Pao Ting Pao marched on April 17, under command of Generals von Lessel and Ketteler, to the Hual Lu passes in order to attack the Chinese General Liu." London, April 19.—A Paris dispatch says that in consequence of the imperial decree ordering the Chinese troops to leave the territory considered under the protection of the allied forces, the Franco-German expedition has been abandoned.

DEATHS FROM COLD IN ALASKA.

Seattle, Wash., April 19.—Skagway news dated April 13, which arrived today, contained dispatches from Dawson of that date. The most important says: "Two men, names unknown, who arrived yesterday from Nome, bring sensational reports of wholesale deaths by freezing along the coast. They report that two hundred persons died from exposure or freezing before the middle of January at various points up and down the coast. Their stories are not credited here, as they are not confirmed."

SUGAR DUTY UPHELD.

New York, April 19.—The board of classification of the United States general appraisers today announced its decision in the Russian sugar case. The board, by a majority vote, holds the United States government justified in imposing a countervailing duty on Russian sugar. The opinion was written by Judge Somerville, and General Appraiser Fischer concurs with him. Colonel Tichenor writes a dissenting opinion.

INDIAN CHIEF ASSASSINATED.

Merida, Yucatan, Mexico, April 19.—General Felipe Yama, chief leader of the Maya rebel Indians, has been assassinated by some of the high under officers who were exasperated at his advice to surrender and end the war. Three minor chiefs attacked him with machetes, nearly cutting him to pieces. Then the Indians gathered around the corpse and indulged in a long orgie.

OATMEAL TRUST NO. 2.

Akron, O., April 19.—The consummation of the project to consolidate all the independent cereal plants in the country is now assured. The various properties, ten in number, will be turned over to the Great Western Cereal company at Chicago next Thursday. The new company will compete with the American Cereal company, better known as the oatmeal trust.

MACHINISTS WIN DEMANDS.

Chicago, April 19.—The Chicago Great Western railroad has conceded all the demands made by the International Machinists' association, thus ending the possibility of a strike. The demands include a nine-hour work day, a minimum wage scale of 25 cents per hour and several concessions in connection with the apprentices regulations.

FIRE IN HEINZE'S SMELTER.

Butte, Mont., April 19.—Friction in a hot box over the generators at the Montana Purchasing company's smelter started a fire today which caused a damage of \$75,000.

HUGE PLANT FOR THE SOO

World's Largest Steel Works to Be Built There This Year.

WILL EMPLOY 10,000 MEN.

Mills of the Company, a \$50,000,000 Corporation, to Be on Both Sides of the Border.

WILL FIGHT THE U.S. TRUST

Detroit, April 19.—The Evening News this afternoon says: "Final arrangements were made here today for the building of a steel and iron plant at Sault Ste. Marie, Mich. and Ont., which will employ ten thousand men and be capitalized at fifty million dollars.

The plant will be operated in connection with the great power canal being constructed at the Canadian Soo by F. H. Clergue and his associates of the Soo Power corporation. The financing of the project is in the hands of Alfred R. Harvey of Liverpool, a well-known English promoter, who has enlisted American, English and Canadian capital of the desired amount.

PROMOTER CONFIRMS IT.

When asked how soon it was expected to have the plant in operation, Mr. Harvey today said: "Part of the mill will be running inside of six months and the entire plant in a year and a half. It is our intention to have mills on both sides of the Sault river; in the United States and in Canada.

"We will have the most complete plant in the world, and from one which comes to us from Lake Superior mines will turn out castings, rails, structural and bridge iron and everything finished ready for use."

BLAST FURNACE FOR DETROIT.

As an outcome of the establishing of the steel works at the Soo, it is said a blast furnace will be established in Detroit with a capacity of a thousand tons of pig iron per day and employing a thousand men.

It is estimated by those interested that the new company will be an active competitor of the recently formed steel combine in the United States.

AN EMBEZZLER OF \$35,000

Pittsburg, April 19.—A. J. Schroth, bookkeeper of the First National bank of Birmingham, this city, has been arrested, charged with the embezzlement of \$35,000 of the bank's funds. He was released on \$10,000 bail. The bank will not be affected.

\$1,250,000 LAND DEAL.

Wheeling, W. Va., April 19.—A deal by which the Empire Coal Mining company comes into possession of thirty thousand acres of coal land in Belmont county, Ohio, was consummated today. The aggregate sum paid is given by Financial Promoter Newman as \$1,250,000.

BIG WOOLEN MILLS CLOSED.

Cawego, N. Y., April 19.—The Fulton mills of the American Woolen company have been closed on telegraph instructions from headquarters at Andover, Mass. About 1,500 men and women lose employment. The company gives as the reason of its action that the employees were trying to stir up trouble and interfering with the business. This is vigorously denied by the workmen.

BEAUV SNOW IN KENTUCKY.

Middlesboro, Ky., April 19.—A heavy snow storm has been raging throughout eastern Kentucky since noon today and snow is still falling at 9 p. m. There are two inches of snow in the Yellow Creek valley and it is half a foot deep in the mountains. The peach trees are in full bloom and the fruit probably will be killed.

FLOODS IN WEST VIRGINIA.

Wheeling, W. Va., April 19.—Reports from all sections of West Virginia are alarming and indicate floods within the ensuing twenty-four hours. The rains have been unremitting for thirty-six hours in the northern Ohio valley and in the Monogahela, Tygart's valley, Little Kanawha, Big Kanawha, Guyandotte and other tributaries of the Ohio. The rain continues and preparations are being made for the worst.

Wheeling, Saturday, April 20.—Two big landslides are reported on the Ohio River railroad below Wheeling. One below Moundsville held up two passenger trains, which have transferred the passengers and baggage. Wheeling creek is running out heavily, and at 2 a. m. many houses have been entered in the suburbs of Wheeling. At Leatherwood, the basements filled early and the families are now moving to the second floors.

AVALANCHE KILLS ONE.

Telluride, Colo., April 19.—A snowslide today carried away the boarding house at the Alta mine, near here. Richard Pendergraft, cook, lost his life. The slide occurred fifteen minutes before the miners came out for supper.

SOO CHANNEL IS CLEAR.

TUG STRIKES NO ICE BETWEEN DETOUR AND THE LOCK CITY.

Sault Ste. Marie, Mich., April 19.—The tug Fanny Farnell arrived here at 8:30 o'clock this evening from De Tour. It encountered no ice between De Tour and the Soo. There is no doubt that boats could reach Lake Superior without much difficulty.

GIVES AMERICA WARNING.

LONDON SPECTATOR SEES DANGER IN AN EUROPEAN ALLIANCE AGAINST THE UNITED STATES—URGES BIGGER FLEET.

London, Saturday, April 20.—The Spectator today discusses the continent and America, taking as its text a portion of an interview with Admiral Count Canevaro at Toulon which the Spectator believes has not attracted the attention it deserves. Admiral Canevaro, in concluding his utterances regarding the triple and dual alliances having given Europe thirty years' peace, said: "This fact would, perhaps, lead the European nations to consider the possibility of necessity of uniting against America, Africa and Asia, as the future of civilization will require them to do so."

EUROPE LOSING ITS TRADE.

"The announcement of the continent with America, which is very deep, is based upon three reasons, the first being the dread, or rather conviction, that competition with America is nearly impossible, her wealth and energy being too great. Both are employed, the continent thinks, to monopolize trade and so control, in the end, all the wealth of the world, an idea not without advocates even among ourselves." The Spectator mentions the giant trusts and protection and refers to Americans as not scrupling to commence quick and severe reprisals if the European governments fence them off with tariffs.

"The second reason," the article says, "is that America is sadly in the way in Asia. The whole action of the Washington government in the Chinese mud-

points to the conclusion that, although the Americans took the Philippines, they are not willing to see any but native powers in control of the richest countries of Asia.

"The third reason is America's attitude in South America. She will neither take it nor let anybody else.

BITTER DISLIKE AND DREAD.

"The total result is bitter dislike of America, mixed with dread. Our object is only to awaken Americans from their illusion, to induce them to increase their fleet and to persuade them to think steadily out what they are doing. They may reply upon it, that the continent will lose nothing by want of planning, and that when the alliance against America of which Admiral Canevaro talks is translated into facts, it will be full grown and full armed."

CHESS MATCH BY CABLE.

New York, April 19.—An international cable chess match for the Newnes trophy between American and British players began today, the Americans playing at Brooklyn and the British at London.

None of the preceding series, except, perhaps, the very first match, aroused so intense general interest as has the present contest, for another American victory will secure permanent possession of the greatly coveted cup.

The drawing for moves resulted in the Americans playing white on odd and black on even numbered boards, the positions being as follows, the first player in each case being an American: One, Pillsbury-Blackburne; 2, Showalter-Mason; 3, Harry-Lee; 4, Hodges-Mills; 5, Hynes-Atkins; 6, Voigt-Bellingham; 7, Marshall-Ward; 8, Rampton-Jackson; 9, Newman-Jacobs; 10, Howell-Mitchell.

Tonight the most promising outlook affords at board seven, where Marshall, after pulling out of a bad position, won a pawn from Ward. The remaining games are about even, that on No. 19 being a shade in favor of the American player.

CANADIAN RUNNER WINS IT.

Boston, April 19.—The annual marathon race of the Boston Athletic association, from Ashland to Boston, a distance of twenty-five miles, was won by John J. Caffrey, of the St. Patrick's Athletic association of Hamilton, Ont., today, breaking the course record held by him, made at last year's race. The time was 2 hours, 22 minutes and 3-5 seconds, 25 minutes and 2-5 seconds better than last year.

WISCONSIN TO COMPETE.

Foughkeepsie, N. Y., April 19.—The Highland Amateur Rowing association held a meeting here today on the subject of the intercollegiate boat races to be held on the Hudson July 2. Announcement was made that six colleges would be represented in the university race—Cornell, Pennsylvania and Columbia, the original members of the intercollegiate association, and Wisconsin, Georgetown and Syracuse Universities on invitation.

OPENING BICYCLE RACES.

Boston, April 19.—In the opening bicycle races of the season at Charles River Park today, William Simoes defeated Johnnie Nelson by a trifling over a lap, his time for twenty-five miles being 40:34 2-5.

CHURCH FAIR OPENS TONIGHT.

THE BI-ANNUAL FUNCTION OF THE LADIES OF ST. JOSEPH'S CONGREGATION OF HANCOCK.

The ladies of St. Joseph's Catholic church, Hancock, open their ten days fair, a bi-annual event with them, at Germania Hall tonight. Preparations have been going on for some time past and everything is now in readiness. The supply of fancy articles made by the ladies is varied and the stock large enough to last through the ensuing week. Much interest is being taken in the drawing contests for prizes. Books, each containing ten tickets, have been distributed among the members of the parish which they can either sell for 50 cents or keep for their own use. Each ticket gives the owner a chance on one of the fifty valuable prizes which will be given away to those holding the lucky numbers. Included among the prizes are a lady's gold watch, a ten-dollar check, a gold watch chain, hand-sewn chairs and a metal bedstead. During the course of each evening a program of musical selections will be offered and a supper served.

MURDER TRIAL FEATURES.

Twelve witnesses were examined at the Sumner murder trial yesterday, all appearing for the prosecution. More facts of the shooting were brought out and there was some severe cross-examination by the defendant's attorney. It is a pretty legal fight and is watched with great interest. The case is being rushed, as there is much work to do, a session having been held last night, when Antonio Fisher, a neighbor of Sumner, testified. The case will likely continue to Tuesday.

NEW METHODIST PASTOR.

The Methodist pastor appointed to look after the work of the church at Trumountain and Champion, on the South range, is Rev. William A. Lovett, a recent graduate of Albion college. He will begin his duties about the latter part of May under the superintendency of Rev. H. Gillingham of Atlantic, who will also look after that field in conjunction with Rev. Mr. Lovett. The new pastor is a young man of exceptional ability and is known as a very pleasing and fluent speaker. He is an energetic worker and will be sure to make a success of his new venture.

You cannot enjoy perfect health, rosy cheeks and sparkling eyes if your liver is sluggish and your bowels clogged. DeWitt's Little Early Risers cleanse the whole system. They never gripe. Stafford Drug Co. H. N. Meloehe, Iskeping.

"Itching hemorrhoids were the plague of my life. Was almost wild. Doan's ointment cured me quickly and permanently after doctors had failed." C. F. Corawell, Valley Street, Saugerties, N. Y.

OPENING OF NAVIGATION.

STEAMER BRADSHAW LEAVES DULUTH FOR ISLE ROYALE.

The steamer Mabel Bradshaw got away from Duluth Thursday with a large load of passengers and freight, and the season for the White Line Transportation company may be considered as begun. The Bradshaw had seventy-five passengers and about 100 tons of freight. The trip will be around Isle Royale. Captain Singer has put out a folder descriptive of the pleasures and advantages of the triangular trip line offers, and it is a very well arranged and well written advertisement. The Bon Ami and Bon Voyage are expected to commence on their Houghton schedule next week.

BIG DREDGE STARTS MONDAY.

The dredge, Pan-American, which has been undergoing extensive repairs and a general overhauling for a month past, will start work Monday morning in the canal. The work of widening the channel was commenced last year, but was discontinued in the fall with the advent of cold weather and the Pan-American tied up at Houghton. The dredge will have a crew of about twelve men all told and it is expected that the work of widening the canal from 100 to 150 feet will be completed about the middle of the summer. The government will then not be troubled with any further complaints of insufficient room for two big boats to pass each other. Now when two vessels of good size wish to pass it has to be done at Lily pond.

CONVENTION CLOSURES TODAY.

The convention of the Sabbath schools of the county, which opened at the Hancock M. E. church yesterday afternoon, will be continued at 2 o'clock this afternoon, closing this evening at about 9. Much interest is being taken in the event and great benefits are being derived by the delegates in attendance. This afternoon at 2:30 o'clock a paper on primary work will be read by Mrs. F. L. Goodsole and the discussion on the same opened by Rev. Alfred Day, followed by Professor Goodrich. At 3:30 o'clock, an address on "The Greatest Syndicate in the World and Nation" will be given by Rev. Mr. Day, who will be followed by Rev. C. M. Thompson on the relation of the syndicate to the county Sabbath schools. The principal talk of the evening will be by Rev. Mr. Day on "The Teacher's Master Key." After the convention has adjourned a special train will run to Lake Linden and Calumet for the benefit of the delegates from those places who wish to return home at that time.

COPPERDOM BREVITIES.

The copper country branch office of The Mining Journal is located in Room 3, second floor of the Des Postoffice building, Houghton. All having business with the paper are cordially invited to call. Telephone No. 376.

Tom Dee of Houghton is again at his post after a two weeks' illness.

Miss Josephine Cameron of Lake Linden is visiting in Houghton for a few days.

A regular meeting for work in the first degree will be held by Houghton lodge, F. & A. M., Monday night.

Dr. C. M. Leonard and Paul Swift of Ishpeming attended the Bachelors' party at the Houghton Armory last night.

The Twin City Mandolin club will furnish music for the St. Joseph's church fair which opens at Germania Hall, Hancock, tonight.

A marriage license was issued yesterday at the office of the county clerk to John Haapala and Miss Lisa S. Seppanen, both of the Atlantic.

A special baptismal service will be held at the Portage Lake Baptist church at Hancock Sunday evening. Rev. R. M. Scott, the pastor, will officiate.

A dancing party will be given at the Calumet Light Guard Armory tonight by the Young American Dancing club. The general public is invited. One of the Calumet & Hecla orchestras will play for the event.

Tom Coughlin, the popular Hancock liveryman, has returned from Iowa with a carload of fine horses which he purchased while there. He is prepared to offer the horses for sale and can supply an animal suitable for most any purpose.

"Tank Kee's" address at the Lake Linden Congregational church tonight will touch on the money of China, the marriage and other social customs, the wedding of Chop Dollar's son (Jo Sing), his courtship, the feast, the food and the music.

At the men's meeting at the Y. M. C. A. rooms, Hancock, at 4 o'clock tomorrow afternoon Rev. Alfred Day of Detroit, who is taking an active part in the Sabbath school convention being held in Hancock today, will speak on an interesting subject.

At the Houghton Armory Opera House tonight, Hoyt's "A Milk White Flag" will hold the boards. The play scarcely needs an introduction. The work of the late playwright is so generally known that it is safe to assume that the house will be well filled.

At the Board of Trade Palm Garden, Houghton, tonight Frank Keller, the heavyweight from the Soo, will give an exhibition of skillful bag punching. Keller is matched to box Jim Arnold of Duluth, "heavyweight champion of the Northwest," at Laurium Monday night.

Practice will be indulged in by the recently organized Hancock baseball team at the Hancock Driving park tomorrow afternoon. From now on the boys will practice regularly, as they intend making a good record this year. The new uniforms are of a strong white material.

The five days' conference of the Lu-

theran ministers of the upper peninsula and northern Wisconsin opened at the church of that denomination on Seventh street, Calumet, yesterday and will continue until Tuesday evening of next week. A considerable number of delegates are in attendance.

Laina Dyni, the two-year-old daughter of Mr. and Mrs. Max Dyni, of Franklin street, Hancock, died at 7:30 o'clock yesterday morning from convulsions. The funeral will be held at 3 o'clock this afternoon from the Finnish church, West Hancock, with interment at the Hancock cemetery.

A change has been made in the seating capacity at St. Patrick's church, Hancock, which increases it about 200. Fifty-six new pews, seating four or five people each, have been added and besides that the old ones have been rearranged so as to supply extra room. They form a semi-circle around the altar. The improvement has long been needed.

The verdict of the coroner's jury in the Mohawk mine case of infanticide was that the death of the infant child whose body was recently found wrapped up in a box alongside the railroad track near the mine location was caused by exposure. The evidence did not warrant placing blame and it was given out that the child was of unknown parentage.

The Mining Journal was in error yesterday when it announced that the executive committee of the Upper Peninsula Firemen's association would be at Crystal Falls yesterday to make arrangements for the tournament to be held at that place this year. The notice was a little previous, as the members of the committee do not go to Crystal Falls until next Friday.

The young men of Lake Linden who recently organized a baseball team, with Herman C. Kettenbell as manager, will give a dancing party at the opera house tonight. The proceeds will be used by the club to purchase uniforms and to put the grounds in shape.

Lake Linden people who enjoy baseball are doing all they can to encourage the game this year and a good attendance at tonight's dance is assured on that account.

Next Wednesday evening, April 24, a gymnastic exhibition will be given by the Calumet Y. M. C. A. at its quarters. Twenty-five athletes will participate and the program—consisting of fancy marching, dumb bell drills, horse work, parallel bar work, wrestling, horizontal bar work, spring board diving and somersaults, tumbling and a boxing match with the principals blindfolded—will be conducted by C. M. Douthitt, physical director.

The ball given by the bachelors of Houghton at the Armory last night was a brilliant event and one of the most enjoyable of the season. The party was the second annual and was equally as successful in a social way as the function given last year. The hall was handsomely decorated, with white and blue bunting and flowers. The music by the Calumet & Hecla orchestra was of the best and added much to the pleasure of the evening.

A meeting of the baseball enthusiasts of the Hancock Y. M. C. A. was held yesterday afternoon for the purpose of discussing the situation and to organize a team. About twenty members were present. The team that will

be put on the diamond this year by the Y. M. C. A. gives promise to be a fast one, as the material is good and the boys are much interested. It is likely that a second team will also be organized, as there are more than the required number of players available.

The copper district received about half of the 12,000 emigrants who left Finland last year, and will probably get an even larger number this year. The Finns, who are leaving home because of the stern measures with which the czar is depriving them of ancient liberties, are exceptionally strong and willing workmen, and as a race are thrifty and a desirable acquisition to the labor of the district.

Tomorrow evening at St. Patrick's Hall, Hancock, the Finnish Glee club of that village will give a concert. The program has been carefully prepared and arranged and the entertainment promises to be up to the usual standard of those given by that organization. Many Lake Linden and Calumet people are expected to be present and also a considerable number from along the line of the Copper Range. A special train for the accommodation of the latter will be run to Painesdale after the concert.

The Atlantic & Lake Superior railroad, operating between Atlantic and Redridge, on the South range, has discontinued its general passenger traffic and hereafter will carry only its own men. For several months past the rock trains that are run back and forth between the two places, a distance of nine miles, have had two cabooses instead of one attached. In the extra caboose the men working for C. J. Johnson and Prandergast & Clarkson, the Houghton and Chicago contractors, were transported, but now that practice has been dropped and only the one caboose is in use.

REGRET HAVING TO LOSE HIM.

JANESVILLE PEOPLE WOULD RETAIN D. D. MAYNE IF IT WERE A POSSIBLE THING.

That the school board of this city has acted wisely in its selection of a superintendent would appear from the following headlines, which have been gathered from the Gazette of Janesville. The following is taken from an issue published before the news of Mr. Mayne's acceptance of the superintendency of the Ishpeeming schools was made public in that city:

"In all probability Superintendent D. D. Mayne has entered upon his closing term of service in the Janesville schools.

"There seems to be no reasonable doubt of his intention to accept the offer made him by the board of education of Ishpeeming, Mich.

"While, for personal reasons, Superintendent Mayne still refuses to make any statement regarding his intentions for publication, those who are close to him openly make the statement that Mr. Mayne expects to be superintendent of the Ishpeeming schools next year.

"To friends Mr. Mayne has intimated his belief that his mission in Janesville has been accomplished, that his best work in the local schools has been done. This would seem to indicate that he feels it to be his duty to labor in a new field.

"The announcement that Mr. Mayne had been offered the Ishpeeming position caused no great stir from the fact that people had come to believe that Janesville owned him in a way. He has refused so many offers with higher salaries attached that many people thought he would not even consider seriously this proposition.

"Underneath there is a strong sentiment which will be aroused when people understand that there is a great chance of losing the man who is doing such excellent work, not only in the schools, but in nearly all the educational activities of the city.

"He is the organizer and backbone of the Twilight club, a valued member of the literary board, the promoter of the organization of the School Art auxiliary, the friend of the women's clubs, and above all, a progressive educator whose work for the moral as well as for the mental and physical development of the students has been a revelation to the people of this city.

"The city cannot spare such a valuable citizen. It needs him and pressure should be brought to bear upon him to induce him to see that his duty is here, where his labor is just beginning to bear fruit and where he has so established his reputation for good judgment that his influence is powerful and is not exerted in vain.

"Those who know Mr. Mayne know that the salary matter will have but little weight with him. Still it is but just that every possible inducement should be offered him. Every man must decide for himself where duty calls him, but the citizens of Janesville owe it to themselves to make every possible effort to retain Superintendent Mayne.

"His methods have been such as to stand investigation and those who have kept in touch with the schools are his most ardent admirers. Prominent business men have expressed themselves strongly in their desire to have Mr. Mayne retained and it is certain that his resignation would be accepted against the wishes of the people."

"It may be said, in connection with the reference to salary, that Mr. Mayne had been repeatedly offered a much larger salary in other schools of Wisconsin and other states than will be paid him here, and that in every case he has refused to even consider the offers. A perusal of the following article, which was published after his resignation had been made public, will show the reader the reason of his wish to come to this city.

"Mr. Mayne has been reluctant to say much about the contemplated change for fear that some people might think that it was a leverage to secure an increase of salary. As a matter of fact, the salary question has no place in the matter. Public sentiment would be strongly in favor of increasing his salary, and even if the city did not feel able to meet the raise, prominent citizens have offered to make up the increase. One well known lawyer offered to give \$50 a year and others have offered to do the same. If the salary were the only consideration Superintendent Mayne would not be leaving Janesville.

"It is understood that Mr. Mayne especially deprecates the part which political influence plays in the appointment of teachers. He feels strongly that teachers should be appointed solely upon their merits and not for personal reasons. This attitude is necessary for the advancement of the schools. He said today that he felt confident that his work had reached its height in this city, and that he heartily believes the schools here need a new man and that he could do better work in another place. The opinions of other men will not sustain him in this and his decision will cause much sincere sorrow among parents, students and citizens of Janesville generally."

"Janesville is a thoroughly up-to-date

school city, and it has always borne the reputation of having the best superintendent to be had. From all that can be learned Mr. Mayne has had but one drawback to his work in that city, and that was that he had not the power to select his own teachers. The board of education of that city did this work and as a result there are many incompetent teachers in the schools, a condition that Mr. Mayne could not remedy. In this city he will have the entire say in the selection of his helpers, the whole matter being left to the superintendent. This is as it should be, for the superintendent of a large public school system should be better qualified for the selection of teachers than the board of education, the members of which, unfortunately, are not always elected to the office for their qualifications for it. Ishpeeming to be congratulated upon securing the services of Mr. Mayne, and when he arrives, about the first of June, he will find a solid city awaiting him and every citizen and teacher eager to help him to the utmost.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headache and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. The Stafford Drug Co.

GUS SUN'S MINSTRELS.

Gus Sun's popular minstrel troupe will be seen at the opera house next Tuesday evening. Seats for the performance will be placed on sale at 11:30 on this morning at 75, 50 and 25 cents. Gus and his minstrels are no strangers to this city, and as they have always been royally welcomed heretofore it is reasonable to suppose that there will be a full house out to greet them at Tuesday evening's performance. The company is now much larger than that which appeared here last year, and with the addition of several star performers it is one of the best on the road in its particular line.

NON-CATHOLICS' MISSION.

Paulists, Fathers Conway and Doherty, Will Hold One at St. Peter's Next Week.

ALL QUERIES DROPPED IN QUESTION BOX WILL BE ANSWERED.

Local and Visiting Clergy Unite in Invitation to Outsiders to Any or All of the Special Sermons on a Variety of Subjects.

MEETINGS BEING LARGELY ATTENDED.

Non-Catholics of Marquette, for the first time in the history of the city, will be given an opportunity of attending a mission given solely for their benefit. It will be conducted for seven evenings, beginning Monday night, by the Paulists, Fathers Conway and Doherty, who have been at St. Peter's holding highly successful meetings of the parishioners during the past week. Non-Catholics are to be given the opportunity of hearing answers to any questions they may care to propound regarding the dogmas of the Roman Catholic faith and it is promised that no person will be criticized for his belief and that all questions will be answered purely upon the teachings and the doctrine of the Roman Catholic church.

The order of the sermons for the week follows: Monday evening, "The Divinity of Christ"; Tuesday evening, "The Necessity of Faith"; Wednesday evening, "The Bible"; Thursday evening, "The Church"; Friday evening, "The Confession"; Saturday evening, "The Real Presence"; and Sunday evening, "Why I Am a Catholic."

The non-Catholic people of the city of Marquette are particularly invited and urged to attend these meetings by Bishop Frederick Els and Rev. J. G. Pinta of St. Peter's, their invitation being heartily seconded by Fathers Doherty and Conway, who will have direct charge of the services and who will be heard alternately through the week.

FATHER CONWAY EXPLAINS.

"In the lectures which will be given to the non-Catholics of Marquette," said Rev. Bertrand L. Conway yesterday afternoon, "there will be no confounding or compromising with the truth as it is taught in the Catholic church. The church does not yield one iota of its beliefs, as they were propounded in the doctrine of Christ. There is no bitterness that can blind men to the light of the gospel when they hear it as it is and in the only way that it can be."

"In our lectures there will be no denunciation, nor has there ever been, of any individual. There will be no questioning of motives, for we go very much upon the saying of St. Francis de Sales, that 'a good Christian is never outdone in manners.' We do away with all prejudice, and state facts as they are, and only as they are. Prejudice has prevented many a non-Catholic from seeing the church in its true light, not because they hate or have anything against the church, but because they believe what someone else has told them. Most of the enemies of the Catholic church exist not because of what they know regarding her, but because of what they think they know."

"Enemies of the American people abroad have declared that we were a money-loving people, without desire to know the truth. Our missions throughout these United States prove the contrary in a wonderful degree. They prove that the people love the truth and are desirous to find it out. I must not be understood as saying that all thought we were of the true religion, but non-Catholics have shown us that they were undecided and they were willing to hear our explanation of what we believe to be the truth."

WILL ANSWER ANY QUESTION.

"Persons not attached to the Roman Catholic faith have filled school houses, public halls and churches throughout the country to hear our lectures, and we anticipate that we will meet with the same reception here."

"A question is invited to ask any question whatsoever they will regard the church and they are promised that they will hear it answered exactly as it relates to the church on the following night. The questions will of necessity be answered briefly, but they will be answered sharply and to the point, without hums or haws."

AN ADEQUATE PRESENTATION.

"The Christian" Was Played by a Capable Company Last Evening.

A large assemblage witnessed an unusually adequate presentation at the opera house last evening when Liebler & Co.'s road organization offered Hall Caine's dramatization of his great novel, "The Christian." There can be but little criticism of the production. It was representative of the best dramatic offerings of this section. The players of all parts were capable in their several characterizations, Lilla Vane and Lionel Adams being strong and dignified in the principal characters of Glory Quayle and John Strong. Both were equal to all demands and their work was noticeable for considerable distinction and color in these portions of the drama which were pitched in the minor key. The supporting cast was uniformly good, Frederick Conger and Harold Hartzell being deserving of special mention. The presentation was notable for a pleasing attention to detail and scenic effects, the settings being notably elaborate. Too much cannot be said for "The Christian" itself. It is a dramatic sermon; one of those plays which are a lasting credit to the English speaking people, its power for good being limited only by the scope of its presentation.

HERE MONDAY EVENING.

A merry satire on the citizen soldiery is Hoyt's "A Milk White Flag," which continues in unabated popularity, and which still draws the immense audience which greeted it on its first season on the road. The play opens in the handsome armory of the Ransome Guards, a swell military organization with a corps of fine looking officers, brilliant uniforms, an excellent brass band, and one private. A visitor, General Burleigh of the regular army, finds that with all the advantages the guardsmen enjoy, they still have "troubles of their own." An opposition regiment is continually scheming to outdo them in giving picnics, balls and other entertainments. Shortly after the Guards' arrival the opposition regiment loses a member by death, and they get up a gorgeous military funeral. The Ransome Guards are almost in despair, when they hear of the death of a railroad contractor, and immediately elect the deceased a member, and apply to the widow for the privilege of burying him with military honors. It happens that the contractor was only scheming to get a big stake from a life insurance company, and was not dead at all. His partner in the scheme, an undertaker, is a member of the Ransome Guards, and all arrangements are made for the funeral, which involves putting the live man on a pile, rather uncomfortable, but endured for the sake of the money in view. The widow is easily consoled, and the funeral is about to come off when the major seeks to create a still larger sensation by cremating him. Here the supposed dead member no longer control himself, and makes a vigorous protest. Trouble seems likely to ensue, but a divorce suit pending when the contractor was supposed to be killed, is decided, and the law-made widow marries the colonel, and all ends well. There is never a dull minute from curtain to curtain. The music introduced is bright and charming; solos, duets, quartettes, choruses and band selections. The stage settings are complete and the costumes beautiful.

AT THE CHURCHES.

HURRAH FOR THE HODAG.

Wierd and Wonderful Tale of Its Discovery Now Circulating.

The following item is going the rounds of the lower state press under a Marquette date line: "A tale of amazing strangeness comes from the town of Bessemer, to the effect that one Captain John F. Finnegan of Ramsey, a small village near the former place, and John Bodoh, have discovered an animal which rivals any creature of the wildest fancy."

"Captain Finnegan claims that while trapping at the head of the Black river in Wisconsin, they found strange tracks in the mud at the bottom of the stream. Soon after they heard a most terrific howl that frightened even their dogs. They armed themselves and started for the location from whence the sounds came. They found Finnegan's hound with his head and neck entirely chewed off. Using the dog's carcass for bait, they dragged it into camp, stationing themselves on a scaffold and awaited the coming of the beast. The trappers succeeded in barring the door and capturing the animal. The strange creature is supposed to belong to the species known as the hodag."

"The hodag is said to lay eggs the shape of pearls. The young are blind for fifteen days and during that time develop a very ugly disposition. Their roar is something terrific. It is asserted that the first known of these hodags were in 1887, when E. S. Shepherd of Wisconsin captured a pair of them by the use of a hothorn. In the latest that a syndicate being formed with Shepherd and Finnegan at the head, to take the trio of strange animals to the Buffalo and Philadelphia expositions. A steel car can be built to safely transport the monsters."

Needless to say that the hodag yarn did not have its origin here, where pipe dreams of equal impressiveness are few and far between. All the credit for the story is due to some wind and pocket broken correspondent in some other section of the U. P. Nevertheless the hodag recital deserves preservation for its uniqueness, if for nothing else.

A. K. ISAACS.

As a Handkerchief Peddler He is a Winner.

A. K. Isaacs struck town yesterday, transacting business from bright and early in the morning until well along toward dusk. He is not a gold brick man. His game is more modest, but it may be just as good in the long run. He is a handkerchief peddler and he would come and go without attention were it not for his wonderful varying scale of prices.

Isaacs made a thorough canvass of the government building, making sales to many of the employees and attaches of the various offices and now a number of his customers are waiting for him to show up a second time so that they may take some steps to redeem their self respect. One of the first men Isaacs accosted in Uncle Sam's building was Receiver John Jones. He exhibited his wares, an ordinary white pocket handkerchief, and offered to make a sale. Mr. Jones finally laid down a dollar for twenty-one handkerchiefs. Isaacs' next customer got twenty for his dollar. Then the peddler climbed another flight of stairs and disposed of fifteen to F. M. Moore, getting the dollar just the same. This master stroke of business only whetted the fellow's appetite and before seeking the street he again dropped into the land office where, with matchless insistence and persuasive powers, he finally wheedled Special Agents Dick and Dwyer and Clerk Donovan out of a plunk apiece, in return for which they each received thirteen handkerchiefs.

When Isaacs' customers compared notes there was wailing and gnashing of teeth from the thirteen-men and they forthwith deputized one of their number for a still hunt for the peddler's scalp which, according to the last reports, has proved ineffectual.

NOTABLE OPENING.

Van Alstyne's Opera House Block Stores Had It Yesterday.

Vain Alstyne's annual spring opening was on at his opera house block stores yesterday and it will be continued today. Mr. Van Alstyne has one of the finest assortments of spring fabrics and novelties that he has ever offered in Marquette and the ladies were in constant ecstasies during their inspection of his display yesterday. The interior of the store presented a most tasty appearance, the windows also being deserving of all the attention they attracted.

CAPTAIN AND CREW HERE.

Captain Chambers of Mackinac Island, the keeper of the Starward Rock light, with his crew of three men, is here ready to leave for the bleak post where he has been spending the seasons of navigation for a number of years past. He will not sail for the Rock at once, as there is no likelihood of navigation opening for a week or ten days, but he will get away some time before the 24th of the month. The Theora will take Captain Chambers and his men to the light.

The fishing craft of the harbor are making a real start on their season's work. The Theora ran out and set a gang of nets Thursday and another trip for the same purpose will be made today. Yesterday the Ethel J. and Anderson's fishing boat were absent from the harbor, placing some nets and sizing up the situation.

It is reported that there is a considerable amount of ice drifting about the lake, but it will not interfere with the fishing operations, which will progress steadily from now on.
