TROOPS TO QUIT CHINA.

10,000 French, It Is Announced, Sail for Home in May.

FEAR AMONG THE CONVERTS

Tell of Threats of Punishment When Allies Leave, While the Court Is Hitting at the Powers.

BOXER CHIEFS GET OFFICE

Peking, April 22.—General Voyron, commander of the French troops in China, has informed General Chaffee that ten thousand French soldiers will leave China in May.

The majority of the correspondents accompanying the expedition directed against General Liu, and which has been mobilizing at Pao Ting Fu, returned to Peking today, believing the expedition will be called off.

Anti-Foreigners Getting Office.

Hsi Liang, formerly governor of the province of Shan Si, has been appointed governor of the province of Hu Pei. The numerous appointments of Chinamen with pronounced anti-foreign tendencies are causing comment at Peking. Even the foreign ministers admit that so many appointments of this character are ill-advised, while the missionaries and other civilians are alarmed for the future.

It is the opinion of Mr. Bockhill, American special commissioner, that the foreign troops may now commence leaving China with perfect safety; on the other hand, the announcement that ten thousand French troops are to leave in May causes fear among the French residents. This fear is greater among the French native converts to Christianity, who inform the priests that they are daily threatened with what will happen to them when the foreigners leave.

Court Advisers at Odds.

A personage from Sian Fu who is closely connected with the court denies that General Tung Siang is in a state of open rebellion. The person in question thinks that the missionaries who reported the general in rebellion must have heard accounts of his harsh treatment of bandits falling into his hands. The same informant says that the court advisers are not in accord. Lu Chuan Lin, a notorious reactionary and president of the board of trade, argues in favor of subduing the "barbarians," while others advise delay in returning to Peking. Mr. Weng Weng Shao and the Chinese Inland Mission, immediate acceptance of terms offered privately.

Death Roll of Missionaries.

Washington, April 22.—Figures received at the state department, compiled by J. W. Stevenson, director of the Chinese Inland Mission, shows that the total number of foreign missionaries killed in China during the recent disturbances, including children, was 186. Of these, twenty-eight adults and eight children were Americans.

FIGHTING IN MANCHURIA.

Russians in Force Moving on Strong Chinese Positions—Battle Fought.

London, Tuesday, April 23.—According to a dispatch from St. Petersburg to The Daily Mail official information has been received that renewed military activity is beginning in Manchuria.

Chinese troops are strongly entrenched at three points around Mukden. They are armed with good Mauser rifles and have thirty Krupp guns. To the eastward of Mukden, near Turchausen, there are 12,000 men under the chief Boxer, General Lu Tan Se. To the northwest, near Kulo, there are 6,000 Chinese under the former governor of Mukden. To the eastward, in Mongolia and near in Shan mountain, there are 9,000 more under the Chinese General Schu.

Admiral Alexieff has, accordingly, organized an expedition under General Zerpinsky, consisting of two regiments, five sotnias of Cossacks, sixteen guns and a body of volunteers, to operate against the three points mentioned. The first movement was successfully carried out in the beginning of April. Kulo, which is 250 kilometres from Mukden, was stormed and the ex-governor of Mukden taken prisoner. In this action the Russians had thirteen men killed and four officers and eighteen men wounded. The advance toward the Turchausen position was then begun. Owing to the departure of most of the Russian troops from Mukden, the latter city has become very unsafe. Almost nightly Russian sentinels are found shot in the back. The situation in southern Manchuria is disquieting, and another advance of Russian troops will be necessary in the early spring.

TURKISH DEFEATS IN ARABIA.

Vienna, Tuesday, April 23.—It is reported here the Turks have suffered defeats at the hands of the Arab rebels in Yemen.

WEATHER FORECAST.

Washington, April 22.—The following is the weather bureau's forecast for

per Michigan: Fair Tuesday; Wednesday, fair; warmer in southern portion; light westerly winds, becoming variable.

EXPRESS TRAIN HELD UP.

Big Haul Secured by Bandits in Arkansas—Blood-Clots on Track.

Memphis, Tuesday, April 23.—A report has reached here that the Choctaw express train which left Memphis at 11:40 tonight was held up by bandits near Iron Mountain crossing, in Arkansas, and robbed. It is said Express Messenger Porter was severely injured.

It is not known what booty the robbers secured, but a dispatch received at police headquarters stated that the express messenger was injured after resisting the bandits. The Wells Fargo Express company usually makes its heaviest shipments to the West on this train. The train left Memphis with a heavy passenger list.

Later—The engine and mail and express cars were cut off from the train and run to a point half a mile west of the place where the train was stopped. The engine was then detached and run a short distance up the track, two men remaining guard over the train. A third used dynamite on the express car and blew open the door. It is reported everything of value in the express car was taken, and it is believed the bandits' haul is large.

Hoodlums from the convict camp at Hulbert, three miles from the scene, are now on the bandits' track.

BOU MAY PROVE FATAL.

Billy Smith, an American, Badly Punished in English Prize Ring.

London, April 22.—At the National Sporting club of London, tonight, Jack Roberts of England knocked out Billy Smith of America in the eighth round. The fight was for the nine-stone championship of England.

London, Tuesday, April 23.—After the fight Smith was removed to a hospital, where he is still unconscious at 2 o'clock this morning. It is feared his injuries will prove fatal.

Lively Contest at Memphis.

Memphis, April 22.—Benny Yanger, the "Tipton Slasher," of Chicago, and Johnnie Ritchie of St. Louis fought twenty fast rounds to a draw at the Phoenix Athletic club tonight. The fight, it was announced, was for the 122-pound championship of the world. In the eighth, Ritchie floored Yanger with a terrible left jolt to the jaw, but the Chicagoan was up immediately. Yanger put Ritchie down with straight lefts to the face and stomach in the twelfth. Ritchie was slightly groggy. After the sixteenth round both men were bleeding, but the remainder of the fight was evenly contested.

Hot Springs, Ark., April 22.—The glove contest between Jack Madden and Casper Leon, scheduled for twenty rounds, lasted only five, when Madden was disqualified for fouling.

CHILD BURIED ALIVE.

Gotham Laborer Frustrates a Plan to Kill by Mere Chance.

New York, April 22.—By the merest chance, a two-week-old baby which had been buried alive by a man and woman was discovered today by Patrick McEvoy, a laborer of Hastings, just in time to save it from death by suffocation. The child had been thrown alive into a hole about three feet deep which the couple had scooped out with their hands. A little cap worn by the baby had in some way fallen over the face. This kept away the earth and held air for a moment. McEvoy threw aside the freshly upturned earth just as the little victim was about to give its last gasp. Giovanni Duttaevolo of Manhattan and Francesca Stinella, his niece, were arrested an hour later. The prisoners were given a hearing before Justice Tompkins and denied guilt. They were committed, however, without bail.

REV. WM. STUBBS DEAD.

Bishop of Oxford Expires at a Ripe Old Age—Other Obituary.

London, April 22.—Right Rev. William Stubbs, bishop of Oxford, died this morning, aged seventy-six.

Boston, April 22.—The death of Miss Ruth Long, niece of the secretary of the navy, and a well-known singer, which occurred at her home at Dorchester last night, was announced today. Miss Long had been ill with pneumonia and the shock sustained by the death of her mother a week ago is thought to have caused her death.

London, April 22.—Dr. C. K. Tanner, member of parliament and Irish Nationalist leader, died from consumption at Reading last night, aged fifty-one.

HUGE TELEPHONE MERGER.

Plan on Foot That One Company Control the Business.

Chicago, April 22.—President John M. Clark, of the Chicago Telephone company, admitted today that active measures were under way to organize the telephone business of the country into one large concern, with headquarters in this city. Mr. Clark declined to state any of the details, but asserted that John I. Sabin, who is slated for head of the new company, will be in Chicago on Wednesday evening, when it is expected the details of the combination will be made public.

CARTER'S LAST HOPE FAILS.

Supreme Court Denies the Appeal of the Convicted Captain.

Washington, April 22.—The United States supreme court today denied the application of former Captain Osherlin M. Carter that he be admitted to bail.

WOULD KILL THE KAISER.

Berlin Police Advised of a Plot on the Life of the Emperor.

HATCHED IN AMERICA.

Anarchist Selected by Lot as the Assassin Said to Have Already Sailed for Germany.

ORDERS FOR HIS ARREST.

Berlin, April 22.—With reference to the statements cabled from the United States of a plot said to have been concocted against Emperor William and other European rulers by anarchists in Argentine and New Jersey, extreme reticence is observed in official circles in Berlin.

After careful investigation, however, the representative of the Associated Press has ascertained in a reliable quarter that the Berlin police presidency issued an order April 6 for the arrest, whenever or wherever caught, of the alleged anarchist, Rodolfo Romagnoli, alias Romalisso, alias Mueller. An order simultaneously requested all foreign authorities to assist in apprehending Romagnoli.

The information received by the Berlin authorities was that Romagnoli had been formally chosen by an alleged nest of conspirators in Patterson, N. J., to murder Emperor William. They further were informed that he left Buenos Ayres, March 27, on board the North German Lloyd steamer Halle for Bremen.

BOER FORCE SURRENDERS.

106 Burghers, With Rifles and Stores, Yield in the Transvaal.

Pretoria, April 21, via Cape Town, April 22.—A force under Commandant Louburg, composed of 106 men, with wagons and rifles, has surrendered near Middleburg, Transvaal colony.

Many Prisoners Taken.

London, April 22.—Lord Kitchener wires the war office as follows: "Since my last report, British columns have captured 242 prisoners, 248 rifles and some ammunition, wagons and carts. A few men have also surrendered."

Protest to Germany.

Brussels, April 22.—The Petit Bleu today publishes a dispatch saying that Dr. Leyds today sent to the German foreign office a formal protest against the supplying of arms and guns to England by Germany.

Warning to Colonials.

Cape Town, April 22.—Lord Kitchener has issued a proclamation to the effect that any resident in the martial law districts of Cape Colony found in arms, inciting to fight, aiding the enemy or endangering by overt act British forces, will be tried by court-martial and be liable to most severe punishments. Such persons may even be shot.

Editor Gets a Year.

Albert Cartwright, editor of The South African News, who was arrested in February, charged with sedition and defamatory libel in having published in his paper a statement that Lord Kitchener had secretly instructed the troops to take no prisoners, has been sentenced to a year's imprisonment.

NEW SCULLING RECORD.

104 Miles in 14 Hours the Record of Three Oarsmen on the Thames.

London, April 22.—Spencer Gollan, a New Zealand amateur, and Tom Sullivan and George Townes, English professionals, sculled 104 miles from Oxford to Putney on the Thames yesterday in thirteen hours and fifty-five minutes, beating the record of twenty-two hours and thirty minutes, made by Lehmann, Grenfell and Holland in 1899.

PLAUGE HORROR IN CHINA.

Eighteen Thousand Deaths Reported in Hai Nan Island.

Tacoma, Wash., April 22.—Steamer advices today are that eighteen thousand people have died from the plague in the Lin Kao district of Hai Nan island, southern China, during the past few months.

BAD PRAIRIE FIRE.

Broad Stretch of Country Burned Over in South Dakota.

Huron, April 22.—News was received today of a disastrous prairie fire Saturday night fourteen miles southwest of Wessington. A broad stretch of country was burned and much farm property consumed. Ira W. Hanks and Frank Raymond were caught in the flames; the latter's clothing being burned off. He is fearfully scorched, but may

recover. Hanks' remains have not yet been found. The property loss is heavy.

GOLD STRIKE IN ILLINOIS.

Ore Assaying \$300 to the Ton Reported Found at Shelbyville.

Rana, Ills., April 22.—Gold ore assaying \$300 to the ton has been discovered near Shelbyville, fifteen miles east of here. Experts say it is a phenomenal find.

USING MAILS TO DEFAUD.

Denver Editor With Cure-All Scheme Arrested by Federal Officials.

Denver, April 22.—Thomas Shelton, editor of The Christian, a monthly publication, was arrested today on an indictment returned by the federal grand jury which charges him with using the mails to defraud. Shelton professes to cure all mental and physical ills by sending vibrations.

\$1,000,000 HOSPITAL.

Big Non-Denominational Institution Proposed at St. Paul.

St. Paul, Tuesday, April 23.—The Pioneer Press this morning says that there is a movement on foot to erect in this city a non-denominational hospital to cost a million dollars. The idea is being promoted by a number of prominent physicians and there is every reason to believe the plans will ultimately be carried out.

SMALL-POX IN ALASKA.

Sitka Indian Villages Attacked by the Disease—Natives Stamping.

Port Townsend, Wash., April 22.—According to reports received from the North by the steamship Cottage City, arriving today, eighty cases of small-pox are reported in Sitka Indian villages. The Indians are stampeding in all directions in canoes, and it is feared they will carry the disease to other villages.

STITCHES IN HIS HEART.

Heroic Operation Fails to Save the Life of a St. Louis Man.

St. Louis, April 22.—Phillip Gunn, who was stabbed in the heart Saturday night and made the subject of a heroic operation at the city hospital, where Dr. H. L. Nietert, the superintendent, took three stitches in the organ, died today. Salt water replaced the lost blood and heart stimulants kept the man alive until today.

PAWNEE INDIANS EXCITED.

Cowboys in Oklahoma Kill a Member of the Tribe.

Wichita, Kas., April 22.—A telephone message from White Eagle, Okla., tonight says that a party of cowboys have killed "Buffalo Hollow," a Pawnee Indian, and that the Indians are greatly excited over it. The cowboys were driving a herd when a steer fell from exhaustion and while still alive the Indian began skinning it. This enraged the cowboys, who pulled their guns and shot him.

CUBAN ENVOYS ARRIVE.

Leave Jacksonville for Washington to Confer With the President.

Jacksonville, Fla., April 22.—The Cuban commissioners en route to Washington to confer with President McKinley on the relations of the United States and Cuba arrived tonight over the Florida & East Coast railroad from Miami. They will proceed to Washington tomorrow morning in a special car on the Seaboard Air line's Metropolitan limited and will arrive in Washington Wednesday morning.

TO MARK THE BOUNDARY.

Negotiations on Between Canada and the United States.

Ottawa, Ont., April 22.—Negotiations have been concluded between the Ottawa government and the Washington authorities for the purpose of reviewing and maintaining boundary line marks between Canada and the United States. The necessity for this work has arisen out of the commercial claims in southern British Columbia, where the work will be commenced in the early summer. After the western boundary has been laid out, the surveyors will carry on the work to the Atlantic coast.

YANKEE FUNDS FOR BRITAIN.

\$50,000,000 of the New War Loan Taken by an American Syndicate.

New York, April 22.—The Evening Post says:

Fifty million dollars of Great Britain's new loan have been placed in the United States. The National City bank, J. P. Morgan & Co., Baring, Magoun & Co., and the New York Life Insurance company comprise the syndicate that has taken the loan. The American subscriptions will probably aggregate much in excess of the fifty million dollars arranged for, as the interest yield of the new consols places the loan in the front rank of high class government investments. It was announced this afternoon that most of the loan has been placed by the syndicate. It is understood that besides the fifty million dollars contracted for, the syndicate members have put in provisional bids for several millions more.

BOLD SEATTLE ROBBERY.

Seattle, Wash., April 22.—Two masked robbers held up the saloon of Harry Collins at Newcastle last night and escaped with \$2,500 in cash.

BABY LAUGH

It belongs to health, for a baby, to eat and sleep, to laugh and grow fat.

But fat comes first; don't ask a scrawny baby to laugh; why, even his smile is pitiful! Fat comes first.

The way to be fat is the way to be healthy. Scott's emulsion of cod-liver oil is the proper food, if he needs it; but only a little at first.

We'll send you a little to try if you like.

MARQUETTE, MICH., APRIL 23.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

The Algoma Pioneer, published at the Canadian Soo, gives this warning to the home government:

In these days when imperialism is everywhere Great Britain appears slow in learning methods from her colonies. Her obtuseness lost her the thirteen colonies, and may also jeopardize Canada. Time and again her slow conservatism and red-tape has collided with Canada's shorter chateausm and temporarily estranged her northern sons. Sir Robert Buller is the last man on earth one could suspect of advanced opinions sufficient to tell the mother land to wake up before she loses another American son.

It is unkind of the Canadians to adopt a high and mighty tone with the mother country just now, when the latter is in sore trouble on account of the slow progress she is making with the task of subjugating the Boers, and the immense expense it is entailing on her. Well may Brother Buller exclaim, "How sharper than a serpent's tooth it is to have a thankless child!"

AN APPALLING DEFICIT.

The Boston Herald has this comment on the financial condition of the British government produced by the war in South Africa, as disclosed by the statement of the chancellor of the exchequer recently:

Judging by the estimates for the expenditures of the British government in the fiscal year 1901-1902, there will be a probable deficit, should the revenue remain unchanged from that of the last year, of some \$50,000,000. The total ordinary expenditures for 1901-1902 are estimated at about \$125,000,000, and to this must be added \$26,000,000 for the war in South Africa and \$2,000,000 for China, bringing the total expenditure up to over \$153,000,000. The receipts for the year ending March 31, 1901, were \$130,000,000, derived from the following sources: Customs, \$26,262,000; excise, \$33,100,000; estate duties, \$12,980,000; stamps, \$7,825,000; land tax and house duty, \$2,475,000; property and income tax, \$26,920,000; postoffice, \$13,800,000; telegraph service, \$3,450,000; and miscellaneous, \$3,573,000. This revenue was almost \$3,000,000 more than the budget estimate of revenue for the year, the increase being accounted for by a gain from customs and the property and income tax, though these two were offset, to an extent, by losses from four of the other sources. With this revenue, the deficit for 1900-1901 was \$53,301,000, which will be covered by borrowed money. Unless, therefore, some change is made increasing the taxation, the close of the next fiscal year promises to show a deficit at least equal to that of the year just ended. To provide for a sufficient increase in the revenue to make up over \$50,000,000 is the far from pleasant task which now confronts the chancellor of the exchequer, if he is to adhere to his former pledge that at least a considerable portion of the war expenditures would be provided for out of the revenue.

WATER METERS GOING IN.

Start on Their General Installation Begins at Houghton this Week.

The work of installing the water meters in each Houghton house or place that uses the village water will commence this week. Two hundred of the 500 meters ordered by the council arrived via the Copper Range railroad yesterday morning and their installation will start at once in the East Houghton district. It is expected that about four days will be put in unless the work necessitates the changing of pipes in different places, which would hold back the plans to a great extent.

Although the village will install the meters, each user of the water is expected to pay for the meter and user of putting it in, which will amount to \$11—just the exact cost. The payment of the \$11 will not have to be made at once, as one of the trustees yesterday stated that people would be given to the first of October to pay up. The committee in charge of the installation of the meters is expecting some difficulty in certain quarters, but will not allow that to hinder its plans. It is thought that a number of the landlords of the village, who own large buildings occupied by several families or business firms, will object to the meter system, as they will either have to get meters for each user of the water or simply have one installed. In the latter case the landlord will have to settle with his tenants for the payment of the water used in the best way he can. At any rate, the meters will be put in.

Plenty of Water Now.

Houghton has water in plenty at present, which is not at all strange this time of the year, just after the recent spring thaws. A visit to the tanks of the water works system southwest of the village will demonstrate that the supply will not run short for a considerable time at least. The water from the thaws percolating through the earth has fed the springs from which the tanks receive their supply for the wants of the people of Houghton.

The biggest and best reservoir at the top of the hill is in excellent shape and is now nearly filled to the top with water as clear as crystal. The capacity of this tank is many hundreds of thousands of gallons and is the one upon which the village depends more than any of the other three for its water. Not much of this water is being wasted, most of it flowing steadily away for use through the big water main.

The old Huron spring is also in fine shape. The water is coming in good here, but it is not being held, for at present it is not needed. The valve on the water main is closed while the valve of the waste pipe is open, thus allowing the water to flow away about as fast as it comes in. There is a plentiful supply here, the water spurting from the sides and bottom of the tank with good force, which shows the springs are well charged.

The Dakota reservoir, which was used at one time as a storage for water in case of fire, is in such bad condition that it does not hold more than a foot of water. The valve in the water main is left open in order to let the water run through to the tanks, where it is pumped from the springs at the pumping station into the tank. The reservoir was probably poorly constructed in the first place, otherwise it is thought it should have remained in better condition longer than it has. Large cracks are prominent in the sides of the reservoir and the brick in places is falling out. Something in the way of repairs will soon have to be done with the tank; it is estimated that it can be fixed at a cost of about \$300.

The reservoir at the pumping station is in the best of shape and is filled with spring water.

The fifth tank, at which place thousands of dollars were spent a few years ago in order to collect the water into a reservoir, is a failure. The gravel bottom was not struck and the water now escapes through the dam that was built to hold it. Much water is wasted here and flows away into Portage Lake.

To Increase Storage Capacity.

The present village council has realized that what Houghton now needs is more storage capacity for water. It will be surprising if something is done in that respect this year. In fact, steps to that end have already been taken by the members of the board who have given the question much discussion. Some day this week—probably Thursday—the council will visit the springs to look over the ground and beyond that, to discuss with the situation in order that a further discussion of the project and plans for the same may be made intelligently.

The council is getting the municipal affairs in good shape and careful plans as to what work shall be done this year are being made and it is to be expected that it is an assured fact that the principal amount of money this year will be spent on the water and fire systems, and most of the sum for the former will be used to make a number of changes at the springs. Although there is plenty of water in storage at present, this is not always the case, especially in the dry seasons of the year. At those times it is considered well to always have plenty of water on hand, for then the springs do not bring much water into the tanks, although the amount consumed in the village is as large as ever. On that account, and for the good of the fire protection of Houghton, it has been thought best to have more storage room made either by constructing new tanks or building to the old ones.

New Springs Already Located.

As Houghton grows—and of recent years it has been fast—the water question becomes a more important one. Last fall five or six pits for the purpose of locating several springs were dug on the old Huron sands near the tank at that place. The tests were satisfactory, and especially at one point a very good supply of fine water was struck. If the village decides to erect another tank it will

After Dinner Hood's Pills

To assist digestion, relieve distress after eating or drinking too heartily, to prevent constipation, take

Hood's Pills
Sold everywhere. 25 cents.

likely be built there, as the venture would prove a success without doubt.

Another plan in mind is the repairing of the reservoir at the Lake Superior end of it. The ground at that place is level and the digging would be easy. It may be said without hesitation that with a competent contractor, something in the way of increasing the present storage capacity for water will be done by the village council.

ISLE ROYALE WINS SUIT.

\$14,000 Excessive Taxation to Be Returned to the Mining Company.

The Isle Royale Mining company ten days ago instituted action against Portage township for \$14,000 on account of alleged excessive taxation apportioned by the state board of taxation. Gray, Haire & Rice, of Houghton represented the company, while R. Skiff Sheldon, the township attorney looked after the interests of the township.

The claim was investigated and a settlement has now been reached that is virtually a victory for the company. This year the \$14,000 will be spread over the rolls of the township. When the money is paid in on the taxes, the extra \$14,000 will be paid back to the Isle Royale. It is an important case, and other companies may now take action against the respective townships because of excessive taxation.

There will be a meeting of the township board this afternoon, when Superintendant Reynolds looked after the case for approval.

Copper Gossip.

The Adventure has a load of mass and barrel copper ready for shipment to the smelters.

The Wolverine company's treasury surplus is expected to reach \$500,000 July 1, not \$2,500,000 as was erroneously reported recently.

The new eight-hour law in Montana has had the effect of enlarging the smelter forces, the men working shorter time for practically the same pay.

Work on the four-head addition to the Osceola mill at Lake Linden is being pushed vigorously with a considerable force of men. About half the area of the structure is complete, this including the steel work on the lower portion.

F. F. Cole of Ironwood, well-known in copperdom through his connection with the Mass, has been placed in charge of the steel combine's mines in Minnesota and is expected to be in charge of the work on Saturday. He purchased a handsome dwelling for \$25,500.

Copper was unchanged but steady in tone at New York yesterday, in sympathy with a rise of 7 1/2, 6 1/2 and 5 1/2 at London, spot there closing at \$70, 75, 6d and futures at \$70, 188, 9d. The close at New York was 17 cents for Lake Superior and 16 1/2 for casting.

A Butte (Mont.) dispatch states that F. A. Heine, instead of diminishing his mining assets in Montana as alleged by Senator Clark, is almost daily increasing them. He has just purchased the Belmont placer and mineral rights from T. M. Hengens for \$20,000 and an eighth interest in the McQueen for \$9,000. Rich copper veins underlie both claims.

A leading copper broker says: "The consolidation of Boston & Montana and Butte & Boston with the Amalgamated company practically means the removal of these stocks, in a collateral sense, from Boston to New York. The effect of this should be to make the other coppers more attractive to the local banks, and consequently a steadier and more active market in this class of stocks may be expected."

President John Stanton, of the Baltic, Atlantic, Wolverine and Mohawk companies, says: "I know nothing except what I see; but judging from appearances the aim of the Standard Oil interest is to acquire every copper property of value in the country, if not in the world. Just what will be the effect of this consolidation, if it is actually brought about, it is not easy to predict, but I see no reason why the combination should not be a great benefit to the trade, to buyer and seller alike. Prices will be kept more stable and cut-throat competition will be eliminated. Contracts will be made for a year in advance, for buyers will not be fearful of any disastrous slump in prices."

There has been a steady accumulation of Isle Royale of late in anticipation of the starting of production in May. It is expected that the first head of stamps will go into commission about May 1 and that on or before July 1 the three heads of stamps will be running with a daily production of 1,000 tons of rock. It is in this connection that the handling of such an output on a 17-cent copper market, Isle Royale can earn \$8 per share per annum. The company will start production with about \$500,000 cash on hand and opened up four years ahead, figuring on a daily output of 1,000 tons of rock. Friends of the property do not see any copper mine in the United States has ever started production under more favorable circumstances than will the Isle Royale as respects machinery equipment, underground development, etc.—Boston News Bureau.

Solid foundations for stamps—from the E. P. Allis works at Milwaukee—consisted to the Calumet & Hecla Mining company are arriving in the copper country. These foundations now are also made at the local foundries, and at present the Portage Lake Foundry and Machinery works is turning out part of the complement for the Calumet & Hecla. The solid foundations are a

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headache and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. The Stafford Drug Co.

great innovation, doing away entirely with the old spring timbers which were used for many years in the Lake Superior stamp mills. A very interesting communication, fully explaining the introduction of this system of stamps and giving the credit of the invention to Edwin Reynolds, second vice president and superintendent of the Allis plant, Milwaukee, recently appeared in the Sentinel of that city. It shows beyond a doubt that Mr. Reynolds deserves the credit notwithstanding that much has been said pro and con. It may also be truly added that since the days of the Ball stamp head, Mr. Reynolds has made the next great improvement.

Four marriage licenses were issued at the county clerk's office yesterday. The parties who received them are Joseph Klaf and Miss May Marx, both of Hancock; Thomas Dooley of Calumet and Miss Mary Foley of Ironwood; William J. Tellow and Miss Mary Quick, both of Osceola, and Campbell J. McPherson and Miss Nellie E. Halligan, both of Calumet.

The jurors in the Summer case are not having such a bad time of it after all. Many of their friends are sympathizing with them in that they are kept "cooped" up for the greater part of the time. However, Sheriff Wills has been over about 10 o'clock, with the gentlemen for a trolley ride and last week three attractions at the Houghton Armory Opera House were witnessed by them.

An entertainment, to be followed by a dance, will be given tonight at the Lake Linden Opera House by St. Rose court, Lady Foresters, of Lake Linden. The concert, which is expected to be over about 10 o'clock, will consist of a program of recitations, farce sketches and vocal and instrumental music of a varying nature. Music for the dance will be furnished by St. Joseph's orchestra. A pleasant time is assured those who attend.

For the past several weeks Hancock has been shy of good theatrical attractions, most of the shows playing at Houghton and skipping the village across the lake. However, Manager Kerridge, of St. Patrick's Hall, announces several good productions for this week and next. Tomorrow night that famous minstrel, Gus Sun, and his company of clever black face artists will entertain the people of Hancock. The troupe is one of the best of the kind on the road. On Thursday, Friday and Saturday nights, the People's Players, a stock company, will present a series of popular plays. The members of the company are said to be artists in their line and good entertainments may be expected. One week from tonight the Carpenter company will present "Quo Vadis." The company carries the proper scenery and, it is said, gives a fine production of the celebrated play.

State of Ohio, City of Toledo, Lucas County—ss.

Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

For coughs and colds there is no medicine so effective as BALLARD'S HOREHONDED SYRUP. It is the ideal remedy. Price, 25 cents and 50 cents. The Stafford Drug Co.

COPPERDOM BREVITIES.

The copper country branch office of The Mining Journal is located in Room 3, second floor of the De Postoffice building, Houghton. All having business with the paper are cordially invited to call. Telephone No. 576.

Miss Grace Cavan of Houghton left Sunday for Chicago on business.

"Wid" Thompson of Houghton departed on a business trip to Chicago yesterday.

Miss Emma Menze of L'Anse is visiting her sister, Miss Selma Menze at Hancock.

Ed. DesRochers, the Houghton druggist, has his lease on the Mason building extended for two years on Saturday.

The Portage Lake hockey team had its picture taken at the Wortley Art gallery, Houghton, Sunday afternoon.

A regular weekly drill of the Houghton Light Infantry, Company G, will be held at the Armory tomorrow night.

Miss Jessie Cameron of Lake Linden, who has been visiting friends in Houghton for several days, returned home yesterday.

The Van Orden Bros' Insurance agency, Houghton, is now represented at Lake Linden and other Torch Lake towns by Jacob Steffes.

Presiding Elder C. M. Thompson of Marquette will hold a quarterly conference business meeting at the Laurium M. E. church this evening.

The convention of the Norwegian ministers of the upper peninsula and northern Wisconsin being held at Calumet will close tonight. The meetings have been very successful.

A birthday party was tendered to Fred Francis at the Wyandot location Saturday evening. Nearly the entire populace turned out and the event is said to have been most enjoyable.

Thursday night Gus Sun's famous minstrels will be seen at the opera house, Houghton. The members of the troupe are all artists and give a splendid minstrel show. Seats are on sale at Kroll's.

Hermann, the great magician, will hold the boards at the Houghton Armory Opera House tonight. Last evening he played at the Calumet theatre and pleased the people of the metropolis with his wonderful feats. Tickets may be procured at Kroll's.

John Grevar, until recently associated with his brother in the barber business in Houghton, has purchased an outfit at Rockland and, it is said, will open a shop there Friday. Mr. Grevar is first-rate tonsorial artist and will likely build up a good patronage in that thriving little village.

The sidewalk leading from the Hancock end of the county bridge to Reservoir street is undergoing very much needed repairs in certain places. The earth underneath the walk is caving in and rolling away down the hill. A number of men were at work yesterday morning propping the walk up in those places.

A runaway at the west end of Sheldon street, Houghton, created a little excitement late Sunday afternoon. The horse, which belonged to the Wallace livery, became frightened at a passing street car and dashed down the street. The occupant of the buggy was thrown out and cut about the face and head, but not seriously.

A big delegation of Houghton and Hancock sports attended the boxing carnival at Laurium last night, principally to see the fifteen-round contest between Arnold of Duluth and Keller of the Soo, two well-known heavyweights. The Portage Lake contingent returned home on the special train which left Calumet at 1 o'clock this morning.

The Houghton promoters of the proposed gun and rod club, for which a meeting to perfect organization will soon be held, are active in arranging the preliminaries of the association. The negotiations for a suitable piece of ground on which to erect a comfortable clubhouse are progressing well and something definite in regard to the project

will soon be announced. The headquarters of the club, it is said, will be located on the edge of one of the prettiest and best lakes for fishing in the South range district. The requisition for black bass and blue gills fry will likely be granted and they will be placed in two well-known South range lakes.

The fixtures for the new postoffice in the Kauff block, Hancock, are expected by Postmaster G. W. Emery to arrive the latter part of this week—likely Friday. They will be the very latest in make up and style and as soon as delivered will be installed at once in order that the office may open shortly after the first of the month.

NEARING THE TECUMSEH.
Street Cars Will Be Running to the Location This Week.

The track of the street railway company's extension to Calumet will be completed to the Tecumseh trestle the latter part of the week. A car will then be run to the Tecumseh location, but not on regular service. This will make ten miles in operation and the cars two miles from Laurium.

Ties and rails for the Hancock & Calumet railroad, which will be changed from narrow to standard gauge during the summer, are arriving daily and being distributed along the line. The work is soon to commence and, it is said, will be pushed vigorously in order to have the job complete about the middle of the summer.

JURY VISITS CALUMET.

Place Where Young Martin Was Killed Carefully Looked Over.

But a short session of the Summer trial was held yesterday morning in the circuit court, the jury leaving on the morning train for Calumet to visit the Summer residence where the shooting of little Benny Martin by the defendant in the case took place last fall during a charivari. The twelve men who will decide the fate of Summer looked over the surroundings in order to become more intelligent as to the exact conditions under which young Martin met his death. The jury returned to Houghton at 3:30 in the afternoon and court sessions were resumed at 4 o'clock. Contrary to expectations Saturday the final arguments were not reached yesterday, but will be this morning and the case given to the jury in the afternoon; at least, this is the indication. In their pleas to the bench, yesterday afternoon, Attorney Rees, for the defendant, argued that it must be either acquittal or merely assault, while Attorney Miller, for the state, thought manslaughter, at least, had been proven.

CHURCH BAZAAR TONIGHT.

The annual bazaar of the Woman's union of the Congregational church, South Lake Linden, will be held in the parlors of the church tonight. The affair, which has been under the course of preparation by the ladies for several months past, gives indications of being the most elaborate of anything in that line yet attempted by them. A small price of admission will be charged, but those who attend will surely get their "money's worth." Many fancy articles made by the members of the society will be on exhibition and for sale. During the progress of the fair a program of musical and other selections will be offered which will serve to enhance the pleasure of the evening.

NOTICE—If in want of men call up Perrault's Employment Agency, Phone 221, Calumet. (4-6-1m)

IT FILLED ONE CAR.

Michigan Mineral Exhibit Is Shipped to the Buffalo Exposition.

Irving Shields, superintendent of Michigan's mineral exhibit for the Pan-American exposition, has finished gathering specimens for the same and they were shipped to Buffalo yesterday morning. The collection of copper and iron specimens is a most excellent one and its value amounts to several thousands of dollars. The lot was carefully packed and completely filled one car. Included in the shipment is a collection of iron ore specimens made by Professor Sperr and several students of the Michigan College of Mines, who spent several days with Commissioner Shields at Ishpeming and other iron country points on that special mission. Mr. Sperr prizes the collection very highly and after the exposition closes it will be presented to the college.

The exhibit is made up almost entirely of specimens that have simply been loaned to the big Buffalo show. All of them will be returned to the owners when the exposition comes to an end. Mr. Shields has appointed Sidney Lang of Houghton as his assistant during the summer, and that young gentleman, who has just returned from a trip to Jacksonville, Fla., will leave today in company with Mr. Shields for Buffalo. In that city Messrs. Shields and Lang will attend to the unpacking of the mineral exhibit and arrange the same in order to be ready for the opening of the exposition, which occurs on May 1.

Commissioner Shields is to be congratulated upon making the collection so quickly and so well.

FIRST BOAT DUE TODAY.

Little Steamer Bon Ami Expected at Portage Lake from Duluth.

The first boat of the season, the Bon Ami, of the White Line Transportation company, from Duluth, is expected to arrive at Portage Lake this morning. The Houghton schedule has been commenced upon and the Bon Voyage, of the same company, is expected soon. As the Bon Ami is to be the first boat to arrive, it will be a welcome sight, for it may be a considerable time yet before many of the larger boats are seen at Portage Lake on account of the engineers' strike.

Tugs at Work in Canal.

The tugs Meldrum and Muriel steamed up to the canal yesterday morning and started work. The Muriel belongs to Porter Bros., who began operations on the government canal work yesterday in earnest. The Meldrum for the greater part of the day was engaged in breaking a path through the ice at various points at the head of Portage lake for the dredge. Pan-American, which met its moorings in the afternoon for the canal. Although an opening through the ice was made before, it was not wide enough for the big dredge and the Meldrum was yesterday set to work to plow through the ice, which in some places is eleven inches thick. The tug used its steam steering gear with great effect and it is said the efforts of the Meldrum would not have

been successful if the arrangement were not in use. The Pan-American after arriving at the canal today will immediately commence its work in widening the channel to 150 feet. The dredge, Elevator, which has also been tied up at Houghton all winter, will start for the canal tomorrow. H. Roberts of Hancock will resume his duties on the Elevator and George James and George Banks of Houghton on the Pan-American at once. Leaves Port for Duluth.

The tug Carpenter left for Duluth yesterday, going through the ice in the upper part of the lake very easily.

COPPER RANGE WANA'S SITE.

Likely Houghton Lime Kilns Will Be Removed from Present Location.

The Houghton lime kilns, located just below and at the Houghton end of the county bridge and alongside the Copper Range bridge, will likely be removed from that location during the coming summer. It is understood that negotiations have been opened between the owner of the property, Matthew Van Orden of Houghton, and the Copper Range officials to remove the plant, the railroad having very good reasons for its request.

The Copper Range road intends extending its line to Calumet this year, and it is expected that work will be commenced before the summer has progressed very far. In that event the railroad needs the ground upon which the lime kilns are located, as the approach to the county bridge over which the road will pass will have to be built near that place. Hence it is very necessary that the plant be purchased or some other arrangement made.

It is hinted that the Copper Range has offered Mr. Van Orden another and better site for his plant which is said to be a short distance above the road's coal docks now under the course of construction. The place selected by the road would be much more desirable for the plant than the one Mr. Van Orden now has.

It is given out that an agreement will be made between the two parties concerned, as Mr. Van Orden has expressed himself to the effect that he would be satisfied if the location contemplated is as good as the old one. He is holding out, it is stated, for his demands, which are reasonable and which no doubt will be granted before active operations on the new extension to Calumet are started.

If the lime kilns are removed to the new site mentioned, it will necessitate the building of an entire new plant, consisting of kilns, a dock and buildings for storage purposes.

TO TALK OVER BONDS.
Meeting of the Hancock Village Council Set for Wednesday Afternoon.

C. A. Wright of Hancock has returned from Boston, and Wednesday afternoon a meeting of the council will be held, when it is thought something will be done about the question of bonding the village for paving purposes. Mr. Wright is chairman of the committee on finance, and for that reason no action in the premises was taken during his absence. It is likely that nothing will be done at the meeting in reference to the selecting of the kind of material for Hancock's main thoroughfare, as that will be attended to after it is known whether the people will ratify the flotation of the bonds. Other important business matters will probably come up for discussion and settlement at Wednesday's meeting. Several slight setbacks in regard to Hancock's new pumping station will be remedied, when bids for the erection of the building will likely be advertised for.

"DIAMONDS AND HEARTS."

Hancock Juniors Give Their Play at St. Patrick's Hall Tonight.

"Diamonds and Hearts" will be presented at St. Patrick's Hall, Hancock, tonight by the junior class of the Hancock High school. It may be stated in advance that every seat in the hall will be occupied, as the sale of tickets warrants that fact, and Hancock people who attend the play are anticipating a pleasant evening, which they will surely have. The Twin City Mandolin club will furnish music between the acts and also after the performance has ended, when the senior students of the high school will give a reception to the juniors. The play will then be indulged in. The cast of characters for the play is as follows: Bernice Halstead, a young lady of eighteen with an affection of the heart—a love of fun and a hatred of arithmetic. . . . Sadie Smart Amy Halstead, her sister, two years younger and fond of frolic. . . . The Gray, a young lady visitor, willing to share in the fun. . . . Katherine Rourke Mrs. Halstead, a widow and stepmother to the Halstead girls. . . . Blanche Starret Hannah Mary Barnes, or "Sis," a maiden lady who keeps house for her brother. . . . Mary Sullivan J. Bright Bradley, a fortune hunter and Mrs. Halstead's son by a former marriage. . . . Roy Braun Dr. Burton, a young physician. . . . Emery Jones Sammy, a dark bell boy in the Halstead house. . . . Mildred Rourke Abraham Barnes, or "Bub," a Yankee farmer still unmarried at forty, a diamond in the rough. . . . Dennis Donahue Attorney. . . . Ed Leach Sheriff. . . . Tom Wilcox

The play has been under the course of preparation for the past two months and of late rehearsals have been held daily. An excellent presentation may be expected.

'TIS EASY TO FEEL GOOD.

Countless thousands have found a blessing to the body in Dr. King's New Life Pills, which positively cure Constipation, Sick Headache, Dizziness, Jaundice, Malaria, Fever and Ague and all Liver and Stomach troubles. Purely vegetable; never gripe or weaken. Only 25c at Stafford's drug store.

TALENTED HOUGHTON GIRL.
Miss Blanche Hambitzer Winning Deserved Praise as a Musician.

Saturday's issue of the Detroit News had the following concerning one of Houghton's prettiest and most talented young ladies: A pretty young girl with a large store of serious enthusiasm for everything musical is Miss Blanche Hambitzer, whose two-step "Uneda," has been a reigning favorite in Detroit this season, as it has also been popular up in the "copper country," which Miss Hambitzer calls home. She is the daughter of Joseph F. Hambitzer of Houghton, who a few years ago was state treasurer, and with her sister and her mother she is spending the winter in Detroit studying at the Michigan Conservatory.

Both daughters are very musical, and for three winters they have been away from home studying. Miss Blanche graduated in piano under the direction of Arthur Friedheim of Chicago last June, but she is still studying the piano under Alberto Jonas and the violin under Henri Ern. Her sister, Miss Mabel, is studying the piano and the cornet. Both are very earnest students and unusually talented, and they with their mother who is an enthusiastic comrade and admirer are looking forward to a time of study in Europe and then a professional career.

Miss Hambitzer says she is quite unable to choose between the piano and violin and has perfect to keep on with both. She will probably be able to supply a novelty in the musical world in a joint violin and piano recital given by the one artist. Her pretty two-step was the outcome of an idle moment. She has always, as she studied, improvised a good deal. Indeed Mrs. Hambitzer says that her chief care has been to keep her daughter studying her lesson. There came one day when Miss Blanche decided to improvise to some definite end and the end she decided upon was a two-step. She says that after she got to that stage the improvising took by actual count about forty minutes.

She is enterprising, too, this pretty young musician, for she published the two-step herself, and has done remarkably well with it. At present she is spending her spare moments in writing a waltz.

"Last winter I was confined to my bed with a very bad cold on the lungs. Nothing gave me relief. Finally my wife bought a bottle of One Minute Cough Cure that effected a speedy cure. I cannot speak too highly of that excellent remedy."—Mr. T. K. Houseman, Manatawny, Pa. The Stafford Drug Co. H. N. Meloche, Ishpeming.

AGUINALDO HAS NO PLANS

Would Like to Visit the States but Leaves it to Washington.

NOT FOR INDEPENDENCE NOW.

Says He Sees American Rule Is Better and Is Urging All Insurgents to Yield and Swear Fealty.

Manila, April 22.—The representative of the Associated Press visited Emilio Aguinaldo this afternoon at 56 Solano street, whither he was removed from Malacañan. Benito Legardo, who but recently returned from the United States, was telling him about his trip and Aguinaldo seemed anxious to know what was thought of him in the United States. He was rather reluctant to talk for publication and considered every question carefully before answering.

Aguinaldo said he was doing all he could to assist in the pacification of the Philippines and expressed himself as surprised at what the Americans had accomplished. When he was first captured he was greatly astonished to find that the majority of the Filipinos entertained the opinion that American sovereignty was preferable to independence, but now he was inclined to believe that way himself.

The prisoner explained that since the dissolution of the congress and the declaration of guerrilla warfare, the chiefs had operated to all intents and purposes independently. They recognized him as commander-in-chief, sending him reports occasionally, and he issued some orders; but for the last seven months communication had been difficult and he had been almost disconnected. "I am now urging in the strongest possible manner," said Aguinaldo, "that all insurgents should surrender and swear allegiance to the United States." He expressed the opinion that Timio, Lusbán, Malvar and other representative insurgents would surrender as soon as they came to an understanding with the American amnesty offered them. When questioned regarding the report that he would visit the United States, Aguinaldo replied that he would like to do so, but had made no plans as yet, placing himself entirely at the disposition of the United States government.

MORE COAL DIGGERS QUIT.

Wheeling, W. Va., April 22.—Every mine in the Fifth Ohio sub-district, which includes Belmont, Harrison and Jefferson counties of Ohio and the four West Virginia "Pan Handle" counties, is idle today. Several individual operators are preparing to meet the miners' terms.

Evansville, Ind., April 22.—The coal miners of southern Indiana returned to work today and the mines are running on steady time. It was reported last night that another invasion would be made into Kentucky soon and that the miners would carry Winchester.

NEW EXTRADITION TREATY.

Washington, April 22.—Secretary Hay and Lord Pauncefote, British ambassador, today exchanged the ratifications of the treaty ratified by the senate at the last session amending the British extradition treaty by the addition of three articles, the most important of which is the defining as an extraditable crime the destruction of railroad property.

MASONIC JUBILEE.

Chicago, April 22.—Several hundred members of the order of Scottish Rite Masons gathered here today for all parts of the Union to participate in the celebration by Oriental consistory and to be initiated into the mysteries of the first fourteen degrees.

COAL BARGES SUNK.

Henderson, Ky., April 22.—In attempting to pass into the Louisville & Nashville bridge this afternoon, the towboat Coal City, with a tow of twenty barges, struck a pier and in the jam which followed six barges loaded with coal were sunk. It is said two men went down with the sinking boats.

SLUMP IN STOCK PRICES.

Profit-Taking on a Huge Scale on the New York Exchange.

BUSINESS AGAIN ENORMOUS.

In the Chicago Grain Pits, May Corn Scores a New Record, Gaining 2 Cents, and Wheat Is Strong.

New York, April 22.—The extraordinary activity of the speculation on the stock exchange today may be realized when it is said that the sales for the day, which rose again to 2,382,500 shares, broke all records, the next highest previous record being on Friday, when the total was 2,033,000 shares.

The character of the market, however, showed a marked change from that of the latter part of last week, when the tendency was distinctly upward throughout the list. There was great variety in today's speculation and an extreme irregularity in the movement of the prices, accompanied by a resumption of the feverish tone which has broken in on the present extended advance in prices at various times.

The weight of profit-taking became so formidable, and the violent manipulation in special stocks by which it was sought to sustain prices became so palpable, that the bears made a powerful concerted attack on the market in the final hour. They offered prices down by rapid steps without meeting any effective support, taking the market away from the bulls, who were eagerly taking their profits. The relation from the high point was very violent in some quarters, the level of the whole market being carried well under Saturday's. The general tone was weak at the close.

Except for a slump in Amalgamated Copper at the opening, the market started off with every appearance of a continuance in full swing of last week's active speculation for a rise. Gains of 1 to 1 1/2 points on initial purchases were shown by a number of leading active stocks, including St. Paul, Union Pacific, Missouri Pacific and Pennsylvania.

INCREASE IN CAPITAL.

Union Pacific and Missouri Pacific to Raise More Funds.

Topeka, Kas., April 22.—The Union Pacific Railroad company today filed an application with the state charter board for an increase in the capital stock of a hundred millions to be used in payment for interests recently purchased, including the Croker interests in Southern Pacific. The increase will make the Union Pacific capital \$296,000,000.

New York, April 22.—The directors of the Missouri Pacific railroad, at a meeting today, authorized an increase of thirty millions in the capital stock, making the total authorized issue one hundred millions.

\$125,000 FIRE AT CHICAGO.

Chicago, April 22.—Fire tonight in the three-story brick building at 296 Jackson street did \$125,000 damage. The principal losers are the Chicago Scale company, the Drake Machinery company and the American Cut Glass company.

TWO BURNED TO DEATH.

Dallas, Tex., April 22.—The wife and two-year-old child of Samuel Alexander, a merchant, were burned to death this afternoon at their home. Mrs. Alexander was cleaning a dress with gasoline, which caught fire from the stove.

EASY WIN FOR THE TURK.

St. Louis, April 22.—Nouroullah, the gigantic Turkish wrestler, gained an easy victory over Wittmer, the Cincinnati Coliseum tonight, winning two straight falls in exactly five minutes.

NOME DISASTER A CANARD.

Vancouver, B. C., April 22.—The reported blizzard at Nome, in which 200 miners were alleged to have perished, is discredited by arrivals from Dawson by yesterday's steamer.

DROUGHT IN COLOMBIA.

Colon, Colombia, April 22.—The continued drought has produced a water famine throughout the isthmus, especially among the poorer classes.

HIGH WATER AT CINCINNATI.

Ohio River Still Rising and Driving Many People from Their Homes.

Cincinnati, April 22.—The stage of the river here at six tonight was fifty-one feet and it was rising at the rate of two inches per hour. This means fifty-one and a half feet at six tomorrow morning when the trains will be shut out of the Grand Central depot. There is less backwater than usual in the lower Ohio and the trouble will be of short duration. It is settled now that if a second rise from the Allegheny region comes, it will not overtake the present flow. An endless line of shanty-boats and other craft along the river front has been swept away, but so far without loss of life. Mayor Fleischmann and other officials inspected the flooded districts today and arranged for the relief of all who are in need. The work of protection and relief extends along the tributaries, especially in the Mill Creek valley, which is badly flooded, doing much damage to gardeners, brick yards and others. At Newport and Dayton, Ky., many people have been driven from their homes.

Flood Over at Pittsburg.

Pittsburg, April 22.—The flood is over. All up-river points report that the rain and snow having ceased, the rivers are falling. The creeks which did so much damage in the outlying districts Saturday are well within their banks tonight. In and about Pittsburg it probably will take a million dollars to pay the total cost of the injury to property by water and landslides. Add to this the great loss to railroads and manufacturing plants up and down the rivers, with the loss in wages to workmen, and the total will not fall far short of two million dollars. The work of cleaning up is going on everywhere in the flooded district. Most mills and factories are still idle, and will be until the mud is gotten out of the machinery and the water pumped out of the pits.

The Day's Death Roll.

Marietta, O., April 22.—Three persons were drowned here this afternoon. A boat containing nine men was carried under a wharf boat by the swift current. The crew, including Joseph Everett, a glass maker, was drowned. Later two boys named Hanley, aged fourteen and seven, were drowned at the same place.

FOUR SAILORS DROWNED.

Eric, Pa., April 22.—An up-turned yawl boat floating about in the bay explains why four seamen of the Rockefeller fleet who were missing last night did not return. Those missing and supposed to be drowned are Thomas Greer, Miles Carmer, Guy Lapham and Miles Durham.

PLUM FOR MICHIGAN MAN.

Washington, April 22.—The president today appointed Edw. B. Moore of Michigan to be assistant commissioner of patents and Charles O'Neil to be chief of the bureau of ordnance with the rank of rear admiral.

BASEBALL SCORES.

Philadelphia..... 9 11 3
Brooklyn..... 3 6 2
Batteries: White and McFarland; Kitson, Kennedy and Steelman. Other games postponed.

A FAILURE IN MILLINERY.

Des Moines, Ia., April 22.—R. E. Lyman was today appointed receiver for the Reigelman Millinery company on the application of Henry Reigelman, president of the company. The assets are \$137,000; liabilities, \$90,000.

DELASSE IN RUSSIA.

St. Petersburg, April 22.—The French foreign minister, M. Delcasse, has arrived from Paris. A series of dinners have been arranged in his honor. The czar will receive him in audience at Tzarsoi Selo.

CINCINNATI BREWERY STRIKE.

Cincinnati, April 22.—The firemen in all the breweries in Cincinnati, Covington and Newport struck today for an eight-hour day. Nearly fifty men are directly affected and thousands indirectly.

CYCLONE SWEEPS THE CANARIES.

London, Tuesday, April 23.—A dispatch from Madrid to 'The Daily Express' says the Canary islands have been swept by a cyclone, killing twelve persons and doing great damage to property.

Makes digestion and assimilation perfect. Makes new, red blood, firm flesh and bone. That's what Rocky Mountain Tea will do. 35c. Stafford Drug Co.

A KANSAS MINISTER.

Rev. L. S. Coulton, of Circleville, Kas., says: "Dr. Warner—Your White Wine of Tar Syrup has been in my family and found to be all and even more than you claim for it. It is a speedy cure for all throat and lung diseases." The Stafford Drug Co.

WHEN BABY HAS THE CROUP.

How many anxious hours are spent by mothers when Baby has the croup. And how many times the anxiety and the tender care so all for naught, because the treatment given is not right. Thoughtful Mothers know the worth of Bunsen's Pine Tar Cough Honey in cases of Croup or Pneumonia and prefer it above all others. Price 25 and 50 cents. For sale by the Stafford Drug Co.

There's Nothing So Bad

For a Cough as Coughing. You know it just as well as we do. Your throat always feels worse after a hard coughing spell. And yet you fuss along with your cough, trusting to vinegar and molasses, or sugar and lemon, or some new-fangled medicine you have just read of, getting no better, or just a trifle worse each day.

Why waste time? Why run the slightest risk of causing asthma, bronchitis, loss of voice, or why make the road so easy for Consumption? Just keep in mind this one thing —

There's Nothing So Good

For a Cough as Ayer's Cherry Pectoral.

Three sizes: 25c., 50c., \$1.00. All druggists. To keep on hand you will like the \$1.00 size best, and you will need this amount to cure a chronic or very severe case. The 50c. size is just about right for bronchitis, hoarseness, a gripe, croup, etc. The 25c. size is convenient when traveling, and is enough to break up a fresh cold. J. C. AYER CO., Lowell, Mass.

The School Girl

School days are danger days for American girls. Often physical collapse follows, and it takes years to recover the lost vitality. Sometimes it is never recovered.

Lydia E. Pinkham's Vegetable Compound has helped many a young girl over this critical period. With it they have gone through their trials with courage and safety.

Mrs. Camp writes about her Daughter's Health. "DEAR MRS. PINKHAM—I write to tell you about my daughter. She is nineteen years old and is flowing all the time, and has been for about three months."

Here is Her Second Letter. "DEAR MRS. PINKHAM—It gives me great pleasure to tell you of the benefit my daughter has received from Lydia E. Pinkham's Vegetable Compound."

\$5000 REWARD. Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters we are constantly publishing, we have deposited with the National City Bank of Lynn, Mass., \$5000, which will be paid to any person who will show that the above testimonial is not genuine, or was published before obtaining the writer's special permission.—LYDIA E. PINKHAM, MANCHESTER, N. H.

OUTLOOK NOT AUSPICIOUS. Opening of Navigation May Be Late This Spring.

Just now the prospects for an early opening of navigation in the harbor are not very auspicious. The ore shippers of Marquette county have yet to get a line on their first boats and they do not know when they will hear from them.

Of course, there is a margin of several days before the date when the first boat would ordinarily be due in Marquette, but the fact that the shippers have not yet succeeded in ascertaining when their carriers will leave for the Lake Superior ore ports is taken to indicate that a delay of more or less duration may be anticipated.

RESOLUTIONS OF RESPECT. At a regular meeting of Farrel Division No. 94, on Sunday, April 1, 1901, the following preamble and resolutions were unanimously adopted:

Whereas, The Supreme Ruler of the universe, in His inscrutable wisdom, has seen it to remove from our midst, by death, our well beloved brother, John R. Todd, who was a zealous member of our order; and Whereas, Although gone from among us, he is not forgotten, and those with whom he associated will ever remember his kind and pleasant manner and will think of him and cherish his name when the world will have forgotten him; therefore, be it

Resolved, That in the death of our beloved brother, John R. Todd, the Brotherhood has lost a worthy member, the wife a kind and tender husband, the children a loving and affectionate father, and the community a good and upright citizen—one who regulated his life by the rule of beneficence, sobriety and industry—always doing something for the good of his fellow man; and be it further Resolved, That while we bow in humble submission to the will of our Divine Master, we are admonished of our own mortality, and pray God to sanctify this visitation to our spirits in good; and to extend to the bereaved widow and orphans our sincere and heartfelt sympathy in this hour of their sore bereavement; and be it further Resolved, That our charter be draped in mourning for a period of thirty days—that these resolutions be spread upon our records—that a copy be sent under seal of the lodge to the widow, father and brother of our deceased brother, and that they be published in The Marquette Mining Journal.

Ishpeeming and Vicinity.

(Additional Ishpeeming on Page Seven.)

MAY HAVE A NEW CHURCH.

Division Street M. E. Congregation Has the Matter Under Advisement.

At a regular meeting of the Division street M. E. church Sunday evening, the question, "Do we need a new church building?" was put to those present and it was the general verdict that such a need existed. As there were upwards of seven hundred members of the congregation present, it may safely be said that a new edifice is extremely likely. The trustees will now make a canvass of the members and ascertain their views more closely than was possible at Sunday evening's meeting, and if the sentiment of a large majority is favorable to the proposition the building will be erected. The board also has conferred with several architects and builders for the purpose of ascertaining what the cost of a building would be. It is thought that \$15,000 would erect a suitable edifice which would serve the needs for many years to come. It would be erected on the site of the present building and would, presumably, be of wood with a veneer of brick, and be larger than the present structure.

The church building was constructed about forty years ago and is, naturally, somewhat out of date now. There are also numerous holes through which one can see the blue sky, despite the fact that last summer considerable work on repairs, and in the winter time it is something of an expense to properly heat the building. The parish is in excellent financial condition; in fact, its condition in every respect is much better than at any previous time since its organization, and the trustees and other prominent members feel that they may safely assume the responsibility of erecting another edifice. There is no bad debt hanging over the congregation, the foundation located on Third street having been paid for last year, and the time seems propitious for putting up a new edifice.

William M. Argall, John Quayle, Jr., Richard Quayle, Charles Hawes, Joseph Watters, George Kellow, Edward Phillips, John Watters and Joseph Benney make up the board of trustees and the pastor, Rev. Stephen Polkinghorn, is a member ex-officio.

Our stock of silk skirts, millinery, dress goods, etc., is enormous. Prices always right. F. Braastad & Co.

Minstrels This Evening.

The famous Gus Sun minstrel troupe will hold the boards at the opera house this evening. Judging from the advance sale of seats they will be greeted by a large house. Sun and his company are among the best in their line. They played here last year and created so favorable an impression that they were anxious to play a return date. Sun is a juggler of renown and the rest of the company rank well as artists in their various lines. It has Henry W. Yorkey, Marion and Pearl, E. E. W. Chipman, Julian Walsh, The Great Lynch, Lambert and Anderson, and last but not least The Musical Bells. These are all familiar names to the average theater goer and they are also very popular names. Seats are on sale at Tibbons's at 75, 50 and 25 cents.

A RAGING, ROARING FLOOD Washed down a telegraph line which Chas. Ellis of Lisbon, Ia., had to repair. "Standing waist deep in icy water," he writes, "gave me a terrible cold and cough. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I had consumption and could not live. Then I began using Dr. King's New Discovery and was wholly cured by its use." Positively guaranteed for Coughs, Colds and all Throat and Lung troubles by Stafford. Price 50c and \$1.

Will Dance This Evening.

The long looked for Zenda promenade will be given in Anderson's hall this evening. This is by far the most pretentious effort which the Zendas have attempted thus far. The Zendas are a new organization to residents of this city, having come into the field last fall, but they have built up a great reputation as entertainers. The hall has been very prettily decorated for the promenade by the young ladies. Music will be furnished by the complete city band orchestra and it is in good hands. Tickets are one dollar for each couple and all who attend are requested to present their invitations at the door.

We can save you more money on carpets than any dealer in the upper peninsula. F. Braastad & Co.

Up-to-date pattern hats, millinery novelties, etc., can be found in my new line. Mrs. A. Deadman.

Do not worry thinking what kind of a carpet to buy. See our line and a selection will be easy. F. Braastad & Co.

WARNING TO SALOON KEEPERS. All liquor dealers are hereby notified to not give my son, Thomas Lemm, aged sixteen years, intoxicating liquors of any kind. Guilty persons will be dealt with according to law. JOHN LEMM, the boy's father. (4-20-1w)

ISHPEMING IN BRIEF.

Frank A. Armstrong is around again after an attack of appendicitis.

Miss Mamie Austin left Sunday evening for a few days visit with friends in Green Bay.

The Superior Posten has added a folder to its equipment and made other improvements.

Peter Fitzpatrick has returned from a two weeks visit with friends in Chicago, St. Paul and Marinette.

There will be no meeting of the Elks tonight, it is announced. The date of the next assemblage will be announced later.

Miss Phoebe Wadsworth left last week for Detroit, where she will study in the conservatory of music for the next few months.

Ralph Wilcox returned last evening from Arizona, where he has been engaged in diamond drill work for the past few months.

Dr. and Mrs. Felch will entertain this evening in honor of Mr. and Mrs. A. W. Myers, who expect to leave for Milwaukee tomorrow.

Rev. E. V. Isaacson, of the Swedish Lutheran church, left last evening for Calumet to attend the mission of the North Green Bay district.

Two sons of Camel Pigeon, living at Deer Lake, are afflicted with small-pox in a mild form. These are the only cases within the city limits at present.

Mr. and Mrs. William Trevarrow, of North Third street, are receiving congratulations, upon the birth of a son, the little fellow arriving yesterday morning.

William Racine of this city and Miss Kabaer of Clarksburg were united in marriage yesterday morning at St. Joseph's church, Father Poulin performing the ceremony.

Mr. and Mrs. Sietus Malmgren of Leadville, S. D., are visiting Mrs. Malmgren and her son, Ernest, of Maple street. They will remain in the city for a number of weeks.

Case Downing is just back from the Dead River district and reports that there is still plenty of snow in the woods. He says the streams are still very low, and that the road to that district is in splendid condition.

The barn of Patrick McHale, located on West Division street, caught fire yesterday afternoon at about 2 o'clock. The department responded to the alarm and put out the blaze in short order. The damage amounts to about \$50.

William Roberts, of Northwestern University, visited friends in the city Sunday. He is an old resident of Ishpeeming and is taking the medical course. Mr. Roberts will graduate in six weeks and will then go West to practice his profession.

Joseph Woods was brought before Justice Kennedy yesterday morning charged with being drunk and disorderly. He was fined one dollar and costs, but refused to pay, so Marshal Farm took him down to the county jail at Marquette to serve a ten days' sentence.

They say that The Mining Journal was in error last week in stating that the ladies of the Presbyterian church would give an oyster supper in the church next Friday evening. The supper will be given, but as oysters are out of season that delicacy will not be served.

M. C. Lee is constructing a building at the corner of Fourth and Vine streets that is to have a flat roof and a number of residents of that section are registering a protest in consequence. The building will be two stories in height and, it is said, will accommodate eight families.

Andrew Krogness, who fell down the Salisbury shaft last Friday, breaking his back, is resting easily at the hospital, though no hopes are advanced for his ultimate recovery. A operation was performed Sunday, when some of the bones were raised and pieces of others taken out, and he withstood the ordeal very well.

Mrs. John Gowan fell through a hole in the sidewalk on North Fourth street one day last week and sustained severe injuries to her face and other parts of her body. Mr. Gowan was with her at the time and assisted her to her home. She is doing well now but for a time it looked as if she might sustain lasting injuries as a result of her mishap. The sidewalk was in bad condition.

Ishpeeming was visited yesterday by two men who are touring the country minus the biggest half of both legs. They are disposing of collar buttons and other small goods and are doing exceedingly well. They had their limbs taken off while working in the railroad yards at Kansas City, one of them stated, and when able to travel decided upon this method of gaining a living. They seem worthy of all the patronage they receive.

Do you know that we are supplying thousands with shoes. We have the goods and that is why we sell so many. F. Braastad & Co.

My line of millinery is larger and more attractive than ever before. The ladies are invited to call. Mrs. A. Deadman.

In and About Negaunee.

(Subscribers to The Mining Journal will please remember that carrier boys are not allowed to receive money on subscription account.)

INDOOR MEET SATURDAY.

High School Athletes Will Contest That Evening.

The annual indoor meet of the high school will be held at the Adelphi rink Saturday evening. The admission will be 35 cents, school children a quarter. The events will be numerous and interesting. Besides the athletics there will be drills and a May pole exercise, so that the entertainment will be a general school exercise.

There will be a twenty-five yard dash; 220 yard, half, and one mile runs; high and low hurdles; running high jump; and a relay race between the grades, the winner to contest with the high school classes to decide the championship of the school. This relay will be most interesting as there is much rivalry among the boys. As a feature of the program will be a half mile relay between Negaunee and Ishpeming teams. Four men will represent each city.

While this meet is only one of many which have been held in past years, it means more this spring as it will be the means of deciding which athletes will go to Union park to represent Negaunee in the upper peninsula meet.

Superintendent Greening has the work in charge. He is one of the most skillful coaches in this section and the parents may rest assured that their boys are receiving the best of care. They have been in training since April 3, but their studies have not been neglected. Only those who stand above a certain average in their studies may train for any athletic event. This rule is adhered to very strictly. At first the athletes were given only general exercises, but now they are working regularly at the different events in which they will participate. It is too early yet to make predictions, as it is impossible to get a line on the other teams, but Negaunee will certainly make a good showing at the U. P. meet.

Will Start Drilling Soon.

The degree team of the Woodmen has held a number of meetings lately which have shown that there is plenty of enthusiasm in the ranks. Active drilling will be commenced this week and from now on the boys will practice diligently. Two manuals were received last week and Captain Ben Miller has been hard at work studying them, as have the rest of the officers and they say they have them down so fine that it is only a question of reeling them off from memory.

The members of the team are not forgetting that the date of their annual dance is July 3. A number of excursions to the Queen City and Presque Isle are also projected and it is probable that at least one will be run before the ball. These excursions were very popular last season, the only trouble being that there were not enough of them.

TO CURE A COLD IN ONE DAY.

Take Laxative Bromo-Quinine Tablets.

"I had piles so bad I could get no rest nor find a cure until I tried Dr. Witt's Witch Hazel Salve. After using it once, I forgot I ever had anything like Piles."—E. C. Bloce, Somers Point, N. Y. Look out for imitations. Be sure you ask for DeWitt's. Stafford Drug Co. H. N. Meloche, Ishpeming.

B. Presson, Pressonville, Kans., writes: "Nothing like Foley's Honey and Tar" is the universal verdict of all who have used it. Especially has this been true of coughs accompanying la grippe. Not a single bottle failed to give relief. The People's Drug Store.

A WOMAN WILL ALWAYS BUY A
Columbia Bicycle.
The reason for that is its graceful lines and its high-grade qualities. We handle such other makes as—
HARTFORDS, CLEVELANDS, TRIBUNES.
J. M. PERKINS, JEWELRY and STATIONERY.

Those famous little pills, DeWitt's Little Early Risers, will remove all impurities from your system, cleanse your bowels, make them regular. Stafford Drug Co. H. N. Meloche, Ishpeming.

"Now good digestion waits on appetite, and health on both." If it doesn't, try Burdock Blood Bitters.

A GREAT POSSESSION. Eyes are an every day possession. They don't seem to be so wonderful until we lose them. Your eyes may be warning you every day of their weakness, their inability to do their work without help. They are the "daily bread makers" for most of us. Don't neglect them.
T. E. LUDLOW, Optician,
Perkins drug store.

THERE WAS—

There was an old person of Crete, Who had a sufficient to eat, And his farm being poor, Saw no way to endure, Save to cultivate corn on his feet.

There was a young man in the city, Whose words were so terribly witty, That whenever he spoke, People thought him in joke, Till they laughed him quite out of the city.

There was a young man named Maloney, Whose form was exceedingly bony, But he said, "What of that? I can laugh and grow fat, And become the great Mr. Maloney."

There once was a chief in Somault Who, whenever the weather was squally, Said, "One thing I know, That it's not going to snow, For 't never does that in Somault."

There once was a traveling drummer, Who always wore furs in the summer, When asked why 'twas so, He replied, "I don't know, But its well to be prepared for anything in this climate; For two thaws don't amount to a summer."

NEW USE FOR ELECTRICITY.

A professor recently discovered that electricity is a stimulant for the brain. We do not wish to dispute the merits of this discovery but are inclined to think that the only natural stimulant for the brain is sleep. If you are not able to sleep you are certainly on a bad way. It is usually caused by the stomach being out of order, the disturbance being communicated to the brain. Keep the stomach in good condition by the use of Hostetter's Stomach Bitters and you will have insomnia no longer. It is a splendid medicine for strengthening the nerves and will cure dyspepsia, indigestion, constipation and biliousness. As a spring tonic it has no equal. See that our Private Revenue Stamp is over the neck of the bottle.

Cuts, wounds, burns, sprains and bruises quickly heal if you apply BAL-LARD'S SNOW LINIMENT. Price 25 cents and 50 cents. The Stafford Drug Co.

"STICK TO IT."

Geo. L. Heard of High Tower, Georgia, writes: "Eczema broke out on my baby covering his entire body. Under treatment of our family physician he got worse as he could not sleep for the burning and itching. We used a box of 'Banner Salve' on him and by the time it was gone he was well. The doctor seeing it was curing him said, 'Stick to it for it is doing him more good than anything I have done for him.' The People's Drug Store.

50 FOR A BOTTLE OF MEDICINE.

This is to certify that my wife was for years afflicted with asthma and was so far gone that several physicians decided that her case must terminate in consumption. I was induced to try a bottle of Dr. Warner's White Wine of Tar Syrup. To our great satisfaction it gave almost immediate relief, and two bottles completely cured her. She is now well and healthy, but I would not be without the medicine if it cost fifty dollars a bottle.

Wm. H. Farris, Chm. Ed. Tp. of Wilton, Monroe Co., Wis. The Stafford Drug Co.

USE ALLEN'S FOOT-EASE.

A powder to be shaken into the shoes. Your feet feel swollen, nervous and damp, and get tired easily. If you have aching feet, try Allen's Foot-Ease. It rests the feet and makes new or tight shoes easy. Cures chafings, swollen, sweating feet, blisters and callous spots. Relieves corns and bunions of all pain and gives rest and comfort. Try it today. Sold by all druggists and shoe dealers, 25 cts. Trial package FREE. Address, Allen S. Olmsted, LeRoy, N. Y.

INSPECT THE SCHOOLS.

Manual Training and Other New Departments Will Be Ready Friday.

The long looked for opening of the manual training and domestic science art departments of the public school system is at hand, and all who take an interest in these branches of the system will have the privilege of seeing for themselves just what has been accomplished during the past few months.

Friday is the day for the opening, and on that date the instructors in the different schools will be on hand from 9 to 11:30 in the morning, 2 to 4 in the afternoon and from 7:30 until 9:30 in the evening. These hours have been arranged so that all who are desirous of making an inspection may be able to do so. All who visit the manual training school are requested to enter from the Division street side of the grounds, as those on Pearl street are in rather bad condition.

These departments may be said to be complete. All the various machines and other apparatus are in position and everything is in readiness for the reception of visitors. Ishpeming has one of the best school systems in the state, and even in the Northwest, and her residents feel justly proud of it. The school board has been liberal in its administration of the financial part of the system and those who have had the money to expend have seen to it that none of it was wasted, and as a result, Ishpemingites may point with pride to their schools. Every building in the district is in first-class condition, and everything is working harmoniously.

The manual training school is no innovation in this city; its worth has been fully tried, and as a result, Ishpemingites may point with pride to their schools. Every building in the district is in first-class condition, and everything is working harmoniously.

Friday will be the first opportunity a large majority of the Ishpemingites have had of seeing for themselves just what is going on in these buildings, and they will undoubtedly take advantage of it in large numbers.

HE KEPT HIS LEG.

Twelve years ago J. W. Sullivan of Hartford, Conn., scratched his leg with a rusty wire. Inflammation and blood poisoning set in. Then the best doctor urged amputation, "but," he writes, "I used one bottle of Electric Bitters and 1-2 boxes of Bucklen's Arnica Salve and my leg was sound and well as ever." For Eruptions, Eczema, Tetter, Salt Rheum, Sores and all blood disorders Electric Bitters has no rival on earth. Try them. Stafford will guarantee satisfaction or refund money. Only 50 cents.

An Arabian Fracas.

There was a warm time for a few minutes on West Division street Sunday evening, when three of the local Arabian colony took falls out of each other. George Ajar and his brother Nicholas, together with a friend of theirs, one Michael Sarkis, were standing in front of the Arabian store on that street talking. Presently an argument started and it waxed hotter and hotter until one of the trio struck another and then the third took a hand in it. When the police arrived on the scene there were three Arabians in the street biting, hitting and snarling. All were arrested and taken to the cooler. Yesterday morning when they were taken before Justice Kennedy they pleaded not guilty and asked for an adjournment until this morning. The request was granted.

THE KIDNEYS AND THE SKIN.

If the kidneys are weak or torpid, the skin will be pimply or blotchy. Hood's Sarsaparilla strengthens and stimulates the kidneys, and clears the complexion. By thoroughly purifying the blood it makes good health.

CATARRH PERMANENTLY CURED. Nasal Catarrh, Catarrh of Head or Catarrh of Throat. No Cure, No Pay. All druggists are authorized by the manufacturers of Bunsen's Cream Catarrh to refund the money where it fails to cure any case of Catarrh no matter how long standing. One application gives ease and rest. Bunsen's Cream Catarrh is a new discovery and is the only Catarrh remedy sold on a positive guarantee.—No Cure, No Pay. Price 50 cents. For sale by the Stafford Drug Co.

How Are Your Kidneys? Dr. Hobbs' Sarsaparil Pills cure all kidney ills. Sample free. Add: Sterling Remedial Co., Chicago or N. Y.

WANTED—A first-class coat maker. Good wages guaranteed. H. J. Petersen. (4-23-1901)

NOTICE!

H. O. Rose, of Petoskey, is the only manufacturer of "Petoskey Lime" in the state of Michigan. The standard line of Michigan; no equal. I being sole agent and dealer in Petoskey lime for this city, through me only can it be bought. Every barrel warranted to turn out more mortar than any other lime on the market. I am also agent for the Saylor's Portland Cement, the standard American Portland, guaranteed equal to any Portland for side or cross-walk purposes. Also handle Gypstone Hard Wall Plaster, nearly as cheap as lime mortar; also Gypstone wall tiles, Calicoe plaster, hand plaster, plastering hair, natural cement, fire clay, sewer pipe, red brick, beach sand, and wood of all kinds. Cedar poles and posts and saw dust, also do general teaming and contract work. Figures quoted on call lots or less of Saylor's Portland Cement, Petoskey Lime and Gypstone Hard Wall Plaster.

W. K. GRESH & SONS MAKERS

BARAGA TO BE CANONIZED.

He is the Latest Candidate Among the Ecclesiastics of the United States.

APOSTLE OF THE CHIPPEWAS WELL DESERVES THE HONOR.

His God-fearing, Energetic Work Among the Indians Intimately Connected Him With the Early History of the Upper Peninsula.

ELEVATION WOULD BE POPULAR.

Bishop Baraga, the apostle of the Chippewas, the first bishop of the diocese of Sault Ste. Marie and Marquette, the seat of whose episcopacy was in this city for many years and whose bones now repose in the bishops' vault at St. Peter's cathedral here, is the latest candidate for canonization among the ecclesiastics of the United States, writes Father Elliott, a Michigan born and bred, in the Catholic World Magazine. Already the process of canonizing Bishop Neumann has progressed through its early stages. Baraga was a countryman of Neumann's. Baraga's history is well known among the people of this section, as it was written in the confines of the upper peninsula and, during the latter part of his career, within the boundaries of the diocese of Sault Ste. Marie and Marquette that his life's work was done. For thirty-seven years he labored among the Chippewa Indians, being one of the pioneers of Christianity in their midst and working with restless energy to lead them to the light and particularly to convert them to the religion which he had chosen to minister.

Baraga is one of the cherished names of the upper peninsula. To the survivors of the sturdy band of pioneers who accomplished the magnificent work of opening up the Lake Superior country he is a vivid memory and they all hasten to recognize the wonderful influence of his masterful individuality in reclaiming the Redman for God and in teaching him the arts of industry and husbandry. Not to Bishop Baraga, but to the nature of the Indian, is due the fact that lasting memorials of his work are missing today. All that mortal could do to reconcile the aborigines to the changing times and conditions was accomplished by this sturdy pioneer, but it was not to him and the Lake Superior Chippewas are speedily gliding into eternal oblivion.

Baraga's canonization would be particularly gratifying to the people of upper Michigan who, when they read and learn of his useful, effective life, cannot help but feel that they owe him no light debt of gratitude for his conscientious, God-fearing work in decades now long past.

An Ardent Admirer.

Father Elliott, an ardent admirer of Baraga's work and achievements, speaks of him, in connection with the proposed canonization, in this strain:

"It was among the Indians of Lake Superior that for more than thirty years of his life he toiled almost exclusively and with an absolute devotion; and he was rewarded by their intense love, and, far more, by the result that the whole Chippewa tribe was won to Jesus Christ and His church. He loved this broken-spirited, poverty-stricken, half-civilized people, and not only that, but he loved them with an almost fierce intensity. He literally spent himself for them, flying from one wretched village to another, among these Indians described as outcasts and almost outlaws of the human race, comforting them, teaching them, baptizing, housing them; we may say, saving them, body and soul, from extinction. He came penniless, save for three dollars, to his western field; he had to learn the language, he had to see suffering around them and have nothing to give; but he learned the Chippewa tongue, on which he became the best authority, and he kept the tribe from extinction. He was a man of prayer. Under all circumstances, from four to five in the morning, sometimes from three to five, he was absorbed in communion with God, whether in the crowded cabin or the quiet chapel of the dark forest.

"During all his missionary career his soul was quite commonly united to the Spirit of God in that state of recollection which is the best kind of prayer." This was conjoined to a constant practice of mortification. For the twenty closing years of his life he never tasted meat, and he set the example to his Indians of a total abstinence "of the strictest kind" from wine and all alcoholic drinks. He took his total abstinence pledge in his poor cabin, while listening to the howls of a mob of drunken savages. It was the act of St. Paul, in which he was not the only one in which Bishop Baraga resembled that pattern of apostolic missionaries. Untold hardships, deadly cold, many weary miles on snowshoes, many more miles paddling from sunrise to sunset in a canoe, sleeping under the open sky or in some wretched wigwam. Living daily on a little bread and crackers, cheese, tea, carrying his own luggage and the articles needed for the Holy Sacrifice—such was the daily life of this brilliant priest and glorious bishop. Of his humility Father Elliott says that it was "that of the saints, proved by many an act of humble conformity to and patient acquiescence in the manners of the rudest and coarsest of human beings." But it is zeal for souls that Father Elliott specifies as Bishop Baraga's characteristic trait. "He was simply consumed with zeal for souls from the first day of his ordination. Love of the immortal souls of the Indians was the passion of his life."

WIRES IN BAD CONDITION.

So There Were Few Copper Quotations Yesterday.

The brokers were again without the use of their special eastern wires yesterday. Copper quotations were few, but they seemed to indicate that prices were a little off. The general feeling relative to the market is bullish and better things are touted. A. R. Jones & Co. said of wheat:

"Everything in the grain pit went up today. Wheat added an even cent and a half to the former price. May corn advanced two cents, as compared with yesterday's close. Cold weather, a sharp advance in Liverpool and the strength of corn were the features in wheat. At first prices were half a cent higher and then the quotations gradually marked up

a cent. Then there was a half a cent loss. Cudahy was perhaps the best buyer. There is no doubt that bulls are in full control and, with the help of corn, we don't see what is to prevent more advances. It looks strong tonight. Nothing is likely to happen over night to change the outlook. The visible decreased very much. Today's figures show a loss over 2,000,000 for the week."

DREW LARGE HOUSE.

A Number of Good Features in "A Milk White Flag."

Hoyt's "A Milk White Flag" served to entertain a large audience at the opera house last evening. The assemblage was apparently well pleased with this merry and merciless satire on the citizen soldiery. The farce was in the hands of comedians of more than usual cleverness. Little Chip, who characterized the Guards' lone private, was absolutely unique. His methods have never been duplicated in the Marquette theatre and they were exuberantly effective. He was the greatest card in the cast and was lonesome in his class. The three Fanchonetti sisters were also a strong feature. Their dancing turn was decidedly clever. They were enthusiastically received. Mary Marble, the daughter of the regiment, was another favorite. Other members of the company appeared as the regiment's officers and the remaining characters of the farce. "A Milk White Flag" has the minimum of plot, but is lively with bright lines and the usual smattering of music.

FOR NON-CATHOLICS.

First Service of a Unique Mission Held at St. Peter's.

In the opening words of welcome last evening at the first of a series of seven services, which will comprise the mission for non-Catholics at St. Peter's this week, Father Doherty expressed his pleasure in greeting the great congregation of earnest souls who came to hear of the truths of time and eternity as presented by the venerable old church of the centuries. All strangers were welcomed and were told to make themselves at home, that, through the courtesy of the pastor, Father J. G. Pinten, the church was theirs for this week and that all were invited to place questions in the box, to receive the literature, and to come regularly throughout the series of services. In no case will any attack be made upon any creed, the object of the lectures being to defend the fundamental doctrines of belief possessed by all Christians and, then, to present in all truth the teachings of the Catholic church, little known today and often misrepresented and misunderstood.

A question was read concerning the friars in the Philippines and answering it, Father Doherty said that all the charges could be summoned up in those made to him one day by Aguinaldo at his headquarters in Bakoor and comprised general and not specific complaints of interference, idleness, wealth and immorality. As to the former, at times the friars had to interfere against the bands of badrons who disturbed peace and endangered safety. The friars were Spanish and racial antagonism made the Filipinos suspect every act and attribute every civil and military injustice to them. The friars had estates legally and legitimately acquired, but they were in no way the wealthiest landowners in the islands and they got these estates, in part, just as Trinity church of New York City received the tide grants from the state, lands over which today Wall street money flows in wavy millions.

As to the charges of general immorality, this was flatly denied—as Edward Burke said of America—"You cannot bring in an indictment against an entire people. So with the friars. One fact is significant—the Filipino people are temperate." So with the friars. One fact is they have been in the care of the friars for nearly four centuries, have been civilized, educated, Christianized and this in itself proves that friars could not have been idle or evil men.

The lecture last evening by Rev. Bertrand L. Conway was on the fundamental dogma of Christianity—the divinity of Jesus Christ. After a clear statement of the doctrine of the Incarnation, the lecturer outlined his argument as follows:

"Jesus Christ, on the admission of even his bitterest enemies, was a true speaker—the noblest and the most perfect of men, in whom the angels have been unable to discover the slightest shadow of imperfection. But he testified that He was the Son of God, and allowed this claim to be made by his friends without denial, and denounced by his enemies without correction, besides constantly appealing to the millions he wrought His own power as proof positive thereof. He could not so speak unless he were indeed the Son of God.

"In this age of unbelief," said the speaker, "when infidelity is rising phoenix-like from the ashes of a dead negation, because so many so-called Christian teachers are denying the very fundamental doctrines of Christianity, it behooves men to consider that there is but one church that perfectly safeguards the dogma of Christ's divinity. So-called modernism, or its modern successor, Unitarianism, has permeated everywhere into the orthodox camps, so that men outside the Catholic church hesitate, when the question is plainly put, 'Is Jesus Christ, the Son of God, true God and true man?' The Catholic church answers from every pulpit of the world, the Catholic people reply with one voice: 'He is. God of the substance of the Father, born before all ages. He is man of the substance of his mother, born in time. Perfect God and perfect man.' No wonder that the Advance, a Congregationalist journal of Chicago, said of our lectures there a couple of weeks ago, that they (the lecturers) should be proclaiming the Divinity of Christ with ringing eloquence, while the doctrine is being emasculated by some of our theological teachers, is rather humiliating."

\$5,000 will be paid to any one producing as good a spring tonic as Rocky Mountain Tea. A family blessing. 35c. Stafford Drug Co.

CITY BREVITIES.

Weather forecast: Stationary temperature, northerly winds.

Yesterday's temperature: 7 a. m., 37 degrees; noon, 53 degrees; 7 p. m., 46 degrees. Maximum, 46 degrees, minimum, 29 degrees.

Mrs. B. W. Wright of Ishpeming was in Marquette yesterday.

The W. C. T. U. will meet this afternoon at 2:30 o'clock at the home of Mrs. Pierce, Bluff street.

County Clerk Ross has issued marriage licenses to William Cann and Laura Williams of Ishpeming and Kusieta and Ethna Betajays of Michigan.

Dan Powell's dwelling, formerly located at the corner of Pine and Michigan streets, has been moved down a block to Hewitt avenue. It is now owned by John Hanford.

The new board of supervisors will hold its first meeting at the court house today, the session being set for 11 a. m. The board will be chiefly concerned with matters of organization.

Van Alstyn's east window is attracting much deserved attention. It contains one of the daintiest, best arranged displays shown since the opera house block stores were opened.

The St. Cecilia club, assisted by the Normal chorus, will give a recital at the Northern Normal Friday evening. It will consist of a Schubert program, which the general public is invited to hear.

Queen City tent of Maceabes will hold a social dance at Fraternity hall the evening of Friday, May 3. The members are planning to make it an attractive affair. They will have good music in attendance.

B. Neidhart and Miss Carrie Neidhart leave today for a three months' trip abroad. During their absence they will visit points of interest in Italy, Switzerland and Germany. They expect to arrive home a-out August 1.

Thomas Broderick has moved the Bertrand house, the dwelling which stood fairly in the middle of Crescent street on the west side of Third and which was recently condemned that the former thoroughfare might be opened, to the rear of his present house on South Third street.

Superintendent Kern reports that he is making an unusual number of "tapings" this spring. This is a consequence of the building boom noticeable in several parts of the city. Mr. Kern is behind with the work of connecting the new residences with the water system and he will be a number of days catching up.

The fire department responded to an alarm a few minutes before 1 o'clock yesterday. It was the inevitable chimney fire in South Marquette. When the fire and water commission devises some adequate means of chimney inspection these unnecessary blazes, with their annoyance to the fire department and their expense to the city, will be largely eliminated.

Mrs. Colonel Higgins of New York city, who will give an illustrated stereoscopic lecture on "The Rescue Work of the Salvation Army" here, held three big meetings last week, one in St. Paul, one in Minneapolis and another at Calumet. The meetings were well attended. It is anticipated that the people of Marquette will turn out and give the colonel a good welcome.

A crew of Michigan Telephone company employees was busy yesterday extending aerial cables from the Washington street building to the exchange in the Frei block. These cables will be connected with the new underground system at once and they will be used temporarily until the switch boards for the new building are received, when the central office will be moved.

A meeting of the executive committee of the Lake Superior Press Association will be held at the Hotel Marquette in this city Saturday to consider what it is advisable to do toward having the mid-summer meeting of the association have as its main feature a visit to the Pan-American exposition at Buffalo. When the midwinter meeting of the association was held at Menominee the sentiment of the members present was strongly in favor of having a trip to the exposition the principal feature of the mid-summer meeting, and it is probable that arrangements for it will be made. It would certainly be a delightful summer outing for the members and their ladies, if made by boat, as proposed.

JOB COULDN'T HAVE STOOD IT if he had had Iching Piles. They're terribly annoying, but Bucklen's Arnica ointment will cure the worst case of piles on earth. It has cured thousands. For Injuries, Pains or Bodily Eruptions it's the best salve in the world. Price 25c a box. Cure guaranteed. Sold by Stafford.

I am making a general reduction on all sizes of photographs. Werner.

Smoked by many, praised by all. Carvalho's hand made cigars.

What you get for your money is as important as what you pay. The R. L. Francis Co., bicycle repairer, corner Front and Bluff streets, invites all its friends and patrons to inspect its spring stock. The repair department will be conducted along the same lines as last season, insuring high-grade work at a reasonable price. (4-6-1m)

Werner is making a photograph for fifty cents per dozen.

NOTICE TO CONTRACTORS. Bids will be received till May 20, 1901, at 2 o'clock p. m. by the School Board of West Branch Township for the erection of a school house on Section 12 to be 18 x 28 feet, one story. The board reserves the right to reject any or all bids. Specifications can be seen at Robert Shaw's residence.

FOR BLEEDING PILES. All druggists are authorized by the manufacturers of Boro-Carbol Salve to refund the money where it fails to cure any case of Itching, Blind, Bleeding or Protruding Piles. 25 cts. For sale by the Stafford Drug Co.

Hand Made. Long Filler. Sweet and Pleasant.
GIVE THEM A TRIAL. RECOMMEND THEM (4-8-10) **FRED. DONCKERS.**

Looks Well Wears Well

This is what a man expects from Paint—this is what his money entitles him to receive. There are many disappointments, but never any regrets when the purchaser is safeguarded with the label of

The Peninsular Lead & Color Works, Ltd.,
DETROIT.

Why experiment when you can buy sure satisfaction in Paint? Profit by the experience of others. Buy the Paint that "looks well, wears well"—that preserves as well as beautifies—gives large covering capacity—spreads evenly and stays on.
