A DISASTER IN GERMANY.

Powder Works Near Gernsheim Blow Up With Frightful Force.

IS HEARD FOR MANY MILES

Flames That Follow Lick Up the Debris and Set Fire to the Villages in the Neighborhood.

CASUALTY ROLL ABOUT 200

Frankfurt, Germany, April 25.—One of the most disastrous explosions on record occurred this afternoon at the electro-chemical works, near Gernsheim, where smokeless powder is manufactured. Most of the boilers exploded, and the noise was so tremendous that it was heard at great distances, including Frankfurt and Mayence.

The factory immediately became a mass of flames and a northeast wind carried the sparks to the neighboring villages, where several houses were also set on fire. Cylinders each containing a hundred weight of smokeless powder were in the room where the explosion occurred.

Troops were immediately ordered to Gernsheim to prevent the fire from spreading, while fire brigades from every place in the neighborhood were hurried to the scene; but owing to the dangerous nature of the disaster and the fear of a renewal of the explosions, the greatest difficulty was experienced in stopping the progress of the flames. Only after five hours' strenuous work was the danger passed so as to make it possible to begin the work of extricating the bodies.

It is feared nearly two hundred persons have been killed or injured.

Fire Spreads With Frightful Speed.

The flames were originated by the blowing up of vats of chemicals in the explosive department of the works at three this afternoon. They spread with frightful speed to adjacent buildings and then over the main street to Gernsheim. When the second explosion took place the flames and masses of burning chemicals made it impossible to stay in the vicinity. The inhabitants of Gernsheim were ordered to leave their village, which they did, fleeing to Frankfurt.

The last explosion occurred at 7:30 p. m., and when it was ascertained that no further danger was anticipated the inhabitants were allowed to return to their homes. At 8:30 the fire was still burning in the centre, and the work of extricating bodies from the debris was being carried on by torch light and gas light.

All railway traffic with Frankfurt was stopped during the fire, except trains carrying injured, but has since been resumed. Four sheds for dressing the wounds of the injured have been erected.

ASSAULTED LAWYER'S CLERK.

Sir Ellis Smead-Bartlet, Member of Parliament, Fined 10 Shillings.

London, April 25.—Sir Ellis Smead-Bartlet, member of parliament, was today fined ten shillings in police court for assaulting a lawyer's clerk who had endeavored to serve him with a bankruptcy notice.

STILL IS GOLF CHAMPION.

Walter Travis Defeats Findlay Douglas on the Lakewood Links.

New York, April 25.—Walter J. Travis, of the Garden City club, sustained his title as amateur champion of the United States Golf association on the Lakewood golf links today, making a total of 165 for thirty-six holes. Findlay Douglas, former amateur champion, made a total of 175.

PRIMARY ELECTION BILL.

Wisconsin House Adopts the Governor's Plan in Modified Form.

Madison, Wis., April 25.—The assembly tonight adopted the committee substitute to the Hagenmeister substitute to the original Stevens primary bill by the vote of forty-seven to forty-four. It includes county, city and legislative offices in the primary provisions and referendum to the people at next spring's election.

SUPREME COURT DECISIONS.

Lansing, Mich., April 25.—The supreme court today disposed of the following cases:

Affirmed—Crane vs. Bailey; Palmer vs. Smith; State Bank of Ionia vs. Montgomery; Kleinow vs. Kleinow; Deering vs. Canfield & Wheeler company; Broppy vs. Schindler; Mitchell vs. Township of Lake; Chapin Mining company vs. Uddenberg.

Reversed—Grand Lodge of Ancient Order of United Workmen vs. Lount.

Modified and Affirmed—Hilbert vs. Just.

Writs of mandamus were denied in Morland vs. Millen and Leonard vs. Frazer, Wayne circuit judge, and granted in State Board of Registration in Medicine vs. Harrison.

BIG PUGILISTS MATCHED.

Jeffries and Rubin Fight at San Francisco in July or August.

San Francisco, April 25.—The National Sporting club announces that it has matched Jeffries and Rubin for a fight in this city during July or August.

MONEY PANIC IN JAPAN.

Twenty Banks Have Failed and More Are Due to Follow.

Yokohama, April 25.—Over twenty banks have suspended payment at Osaka and in the southern and central provinces. The Bank of Japan has assisted them, but further trouble is apprehended and a financial panic prevails.

ITS BOATS START MONDAY.

Cleveland & Buffalo Company Grants the Engineers' Demands.

Cleveland, April 25.—The Cleveland & Buffalo Transit company conceded all the demands made by the striking marine engineers today, today, and beginning next Monday the steamer will begin making daily trips between this city and Buffalo.

BRITISH TAKE A GUN.

Captures of a Few More Boers Also Reported by Kitchener.

London, April 25.—The war office today received a brief telegram from Lord Kitchener recording the capture of sixty Boers and the taking of a twelve-pounder gun, together with the finding of the 47 inch naval gun which the Boers captured at Helvetia.

CAUGHT IN THE ICE.

Fleet of Fourteen Steamers Blocked Off the Port Huron Shore.

Port Huron, Mich., April 25.—Surrounded by an ice field, piled high, and scarcely to be seen from the shore, lies a fleet of fourteen steamers on Lake Huron. They were caught in miniature ice bergs and are unable to help themselves or render assistance to boats within hailing distance. Among the boats are the Campbell, Pentland, McVittie, St. Paul, Huron and Tampa.

BAD FOR ALLEGED KIDNAPER.

Young Cudaby Identifies Him and Other Important Evidence Is Given.

Omaha, April 25.—In the trial of James Callahan, for the kidnaping of Edward Cudaby, Jr., today, young Cudaby positively and unhesitatingly identified Callahan as the "dark man" who put the pistol to his head, made him prisoner, guarded him most of the time he was confined in the prison house and who walked down the street with him and bade him goodby when released. The witness said he was a certain of the identity of Callahan as he was of the identity of his father or mother. On cross-examination, the boy admitted that he identified Callahan, principally by voice and that he had gone over the case with General Cowin as to what his testimony would be.

The state made a strong point against Callahan when John Rabbe, a young carpenter living about a block from Callahan's sister, Mrs. Kelly, testified to knowing Pat Crowe and that Crowe had called at Mrs. Kelley's, where Callahan was living, about twenty times between Oct. 23, when the Kellys moved there, and the time of the kidnaping. He said that Crowe always came the same way, going in the back door without stopping to knock. The last time the witness saw Pat at the Kelly house was Dec. 14, four days before the kidnaping.

The pony which the kidnaper rode to telephone information to the Cudaby residence played its part this afternoon in connecting James Callahan with the crime. Daniel Burtis or North Omaha recognized the little best now in evidence as one he had sold to two strangers last October. In one of them he recognized James Callahan.

DALLAS OPERA HOUSE BURNS.

Dallas, Tex., April 25.—The Dallas Opera House burned this morning. The loss is \$100,000.

BASEBALL SCORES.

National League.
Wet grounds caused all National League games to be postponed.

32D DEGREES FOR MANY.

Chicago, April 25.—The Scottish Rite Masons who have been in session here the last four days today led the largest class ever gathered in the city into the mystic rites of the thirty-second degree, including Governor Richard Yates in the number. It concluded its gathering with a banquet at the auditorium this evening in which 550 persons participated.

POISON IN THE BISCUITS.

Wymore, Neb., April 25.—The family of George Hicks were poisoned today by eating biscuits made from flour in which the two-year-old grandson had used a box of rat poison. Several members have slight chance of recovery.

PLAIN TALK TO CUBANS.

Delegates Told America's Conditions Cannot Be Modified.

LONG CONFERENCE HELD.

Intervention Proposition Takes Up Most of Time and No Conclusions Have Yet Been Reached.

TWICE SEE PRESIDENT.

Washington, April 25.—The Cuban delegation from the convention framing the constitution for the new island republic saw President McKinley today, once in the early part of the day, when there were introductions and a formal exchange of expressions of friendship between the United States and Cuba, and again at night, when the members of the delegation were the guests of honor at a state dinner at the White House.

The real business which brought the delegation here was transacted with Secretary Root at the war department, the president at the forenoon interview at the White House saying to the delegates that he would confer with the secretary, who would act as his representative in the conferences over the Cuban situation.

The delegation and Secretary Root were closeted for some hours this afternoon discussing the relations of the island to the United States. Secretary was observed as to the conference, the statement being made that after results were reached some news as to the conclusions might be made public.

Stand of U. S. Made Plain.

At the conference, there were present the five Cuban delegates and their interpreter, Secretary Root, General Wood, Assistant Secretary Sanger and Senator Gonzales, General Wood's secretary, who acted as interpreter for the great portion of the time. The business was not completed and the conference reassembles tomorrow afternoon.

It was made plain to the Cubans by Secretary Root that no modification of the Platt amendment could be made by the executive department of the government, and the conference was devoted largely to the construction which could be placed upon the amendment. The law states that the propositions contained in the amendment shall be "substantially" agreed to by the Cubans, and the discussion revolved chiefly around what would be considered "substantial" agreement to the Platt amendment requirements. There was some fine legal sparring between Secretary Root and Senator Capote, president of the constitutional convention and chairman of the delegation, as to the meaning of the amendment and the meaning of certain proposed changes. The intervention proposition was productive of the most discussion.

RAILROAD MEN CONFER.

Danger of Strike of Shopmen on Eight of the Leading Systems.

Chicago, April 25.—Four allied trades, representing the entire system of eight railroads, are holding meetings in Chicago with a view of making demands for new agreements which will include higher wages, shorter hours and recognition of standard definitions and which will define clearly the rights of apprentices. The trades represented at the conference, which is being held in the name of the International Association of Machinists, are the machinists, boiler makers, blacksmiths and painters. Although the leaders in the movement do not disclose the names of the roads involved, it is understood they are the Illinois Central, Wisconsin Central, Great Western, Alton, Burlington, Northwestern, Louisville and Nashville.

Today a committee representing the machinists of the entire Illinois Central system called upon the superintendent of machinery, Renshaw, to present an agreement containing twenty-six articles, calling for a nine-hour day and a scale with a minimum of 30 cents per hour. The present maximum is 29 cents and minimum 25, with a ten-hour day. Mr. Renshaw stated he would give his decision tomorrow.

WEATHER FORECAST.

Washington, April 25.—The following is the weather bureau's forecast for Upper Michigan: Fair Friday; Saturday, partly cloudy, probably showers and cooler in western portion; variable winds.

BADGER MILLIONAIRE DIES.

La Crosse, Wis., April 25.—J. C. Easton, a millionaire capitalist and one of the railway magnates of the Northwest, died tonight from heart failure, aged seventy-eight.

COMBINE IN CLOTHING.

Chicago, April 25.—Chicago manufacturers of clothing, representing an aggregate capital of from fifteen to twenty million dollars, met today and decided to form an association which will combine with similar bodies throughout the United States.

WOULD BE SMASHER JAILED.

Kansas Woman Makes Attack on a Saloon but Is Overpowered.

Junction City, Kan., April 25.—Mrs. Annie Coover attempted to wreck the Exchange saloon today, using a hammer. She was seized before serious damage was done and placed under arrest.

NO CIGARETS FOR MICHIGAN.

House by Unanimous Vote Passes an "Anti" Bill.

Lansing, April 25.—The Michigan house of representatives today passed by a unanimous vote a stringent anti-cigarette law, prohibiting the manufacture, sale or the giving away of any cigarettes or cigarette paper in this state.

LAWYER PATRICK INDICTED.

Murder in the First Degree the Charge in the Rice Case.

New York, April 25.—An indictment against Albert T. Patrick for murder in the first degree was handed up today. Patrick is charged with the murder of William Marsh Rice, the aged Texas millionaire. There are ten counts in the indictment.

BIG BEET SUGAR CONCERN.

World's Largest Plant to Be Built in Colorado—Capital, \$6,000,000.

Chicago, Friday, April 26.—The Tribune this morning says that negotiations have been completed in Chicago for the formation of the largest beet sugar concern in the world. A company has been organized with a capital stock of six million dollars to be known as the Arkansas Valley Sugar Beet & Irrigation Land company. The plant of the new company will be located in Powers county, Colorado.

BRYAN STATES HIS PLANS.

Has No Intentions of Again Being a Candidate—but may.

Lincoln, Neb., April 25.—In a statement given publicly tonight, W. J. Bryan says in effect that he has no intentions of making the attempt of a third nomination for the presidency. His announcement is in answer to an article in an Eastern paper speculating on his future plans as a political leader. Mr. Bryan said: "I am not planning for another presidential nomination. If I were, I would not be editing a paper. If I ever become a candidate again it will be because it seems necessary for the advancement of the principles to which I adhere, and that does not seem probable."

KILLED BY AN ELEPHANT.

Animal Trainer Meets Death at Peru, Ind.—Beast Then Poisoned.

Peru, Ind., April 25.—Henry Hoffmay of Columbus, O., an animal trainer with the Wallace show, met a horrible death this afternoon, being killed by "Big Charlie," a monster elephant, while the elephant was bathing in the Mississinewa river. The elephant wound his trunk about Hoffman and hurled him far into the stream. The keeper was uninjured and when he returned the elephant threw him into the water and held him there with his forefeet.

Then, with a roar that was heard for a mile, the elephant stamped. Several showmen shot at the elephant, but with no effect. He broke down fences and roamed about in a big field, keeping everybody away from him. Apples loaded with strychnine were thrown at him and he ate one. An hour later he died in terrible agony. A rifle shot settled him. "Big Charlie" weighed over three tons and was valued at \$10,000. In his lifetime he killed four men.

LAYMAN CHOSEN AS EDITOR.

D. D. Thompson to Preside in the Northwestern Christian Advocate Sanctum.

Cincinnati, April 25.—David D. Thompson was today elected editor of The Northwestern Christian Advocate of Chicago by the book committee of the Methodist Episcopal church to succeed Rev. Dr. Arthur Edwards, deceased. The action was not accomplished without a struggle. Precedent was entirely against the successful candidate, for he is a layman and hitherto only reverends and doctors of divinity have been selected to sit in the editorial chairs of Methodist papers.

The candidates included such distinguished men as Rev. Dr. Jesse Bowman, Young of Cincinnati; Rev. S. J. Herten, assistant editor of the New York Christian Advocate; Rev. Dr. R. J. Coke, of the Methodist Advocate Journal; Rev. P. H. Swift of Chicago; Rev. D. W. Clark of Cincinnati; Rev. Stephen H. Whitlock of Matton, Ill.; Rev. William N. McElroy of Springfield, Ill.; Rev. M. Cober of Denver; Professor C. M. Stuart, of Northwestern University, and Dr. Potts, editor of The Michigan Christian Advocate.

It was urged that Mr. Thompson had fairly earned the place; that he was an acknowledged power as an editor, having many years' experience, and that, having been assistant editor of the Northwestern Christian Advocate, it would be simply following civil service reform methods to advance him. On the sixth ballot the layman received a majority of the votes and was declared elected.

Hon. Frank A. Dean of Lansing, is preparing the papers upon which to base an application for a writ of habeas corpus in the case of James H. Brumby, who was paroled from the asylum for dangerous and criminal insane by Governor Pingree, but who has since been placed in the county jail at Charlotte for the safety of the public. The proceeding will determine whether the governor can pardon an insane person.

SUBSCRIPTION RATES: Per month, by carrier, \$ 60 Per year, by mail, \$ 6 00

MARQUETTE, MICH., APRIL 26.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

It is evident that the railroad taxation bill will not be "railroaded" through the legislature in any form.

Lake rates for hauling ore for the season were fixed this week, large contracts having been placed at 80 cents per ton from head of the lake ports, 70 from Marquette and 60 from Escanaba.

Aginaldo now asserts that American sovereignty in the Philippines is a better thing for the people of the archipelago than independence.

Down in Arkansas they are considering the feasibility of making drinkers of intoxicating liquors take out a license.

That Bishop Potter is beginning to understand where the trouble lies appears from this avowal of his: "The trouble is that Americans are not frank enough. They lack courage. They are indolent. They see wrong, but they are not frank enough to complain and they are too lazy to correct. They prefer to let the vice stand uncorrected rather than exert themselves to better their condition. Their only excuse is that they are too busy."

British colliery owners are up in arms against the export duty of 25 cents a ton which the government proposes to impose on coal, and threaten to suspend operation of their mines throughout the kingdom unless it is remitted.

As we expected, the fight on railroad taxation which has developed in the legislature shows the house and senate to be on radically different sides of the proposition involved, the house standing for ad valorem taxation of railway and other corporate property of a kindred nature in the same manner as all other forms of property in the state are taxed, and the senate favoring a special system of taxation for railroads which will deprive the state tax commission from exercise of any control over the valuations placed upon their property.

The senate having amended the house bill so as to radically change it, the house has rejected the amended measure in toto. Each branch of the legislature seems determined not to concede the fundamental proposition on which the other insists, so the prospect is that a deadlock will develop, and that another session will pass without anything being done to take this vexing question out of politics.

The senate majority is manifestly opposed to ad valorem taxation of railroads and other corporations engaged in a similar business, and only consents to consider a measure having a change to that system in view as a political necessity. It would be more honest for that body to reject the house bill in its entirety than to seek to emasculate it, but the leaders in that branch of the legislature are proceeding on the theory that it is easy to fool the people, and that it is safer to give them a taxation law under which the interests of the roads will be amply safe-guarded than to take action which would disclose just where they stand.

Such juggling may be endured for a time, but the people are watching the actions of their representatives at Lansing closely, and if they are disappointed in a hope which they have been led to entertain they will be very apt to take their revenge the next time the now dominant party in the state comes before them to ask their support, with a renewal of pledges to do what it has

VICE IN POLITICS.

Bishop Potter of New York has been paying some attention to political conditions in this country lately, and much that he has observed appalls him. He sees corrupting influences at work everywhere and little effort being put forth to check them, and he is doing some plain speaking of late concerning the duty of good citizens in matters political.

Monday evening the good bishop addressed a meeting of Harvard students at Boston, taking as his theme "The Place of the Individual in Good Government," and in the course of his discourse he said many excellent things. Alluding to the belief of some, that all the evils which have arisen in our social and political life can be cured by legislation, he declared that legislation can never prevent or correct political corruption, that "the true remedy for political vice lies not in the power of the legislature but in the individual himself."

We are not quite sure of the meaning of this statement. Of course the individual himself can keep himself clear of political debauchery, but that doesn't help break it down in the state unless he and other individuals who are in accord with him in detesting it are numerous enough and courageous enough to fight it to the death.

We presume the bishop means that we must educate the individual voters to loathe political vice and those by whom it comes to such a degree that they will be eager to kill it and strong enough to be able to do that. If that is his idea we fully agree with him. What we need just now is enough of strong, earnest men who will take the field against the prevailing delinquency in our political life to constitute a rallying force around which others of equally good intentions but less courage will gather to begin the battle for the overthrow of the insolent and powerful army of professional corruptionists. There are good citizens enough to outvote the other class many times over, but the good citizens are not always active in politics, while the vicious ones are not only active but adroit and crafty as well.

That Bishop Potter is beginning to understand where the trouble lies appears from this avowal of his: "The trouble is that Americans are not frank enough. They lack courage. They are indolent. They see wrong, but they are not frank enough to complain and they are too lazy to correct. They prefer to let the vice stand uncorrected rather than exert themselves to better their condition. Their only excuse is that they are too busy."

The most notable theatrical attraction at St. Patrick's Hall, Hancock, next week is "Quo Vadis," which will be presented by the E. J. Carpenter company Tuesday evening.

The "spring sale" to be given by the ladies of the Hancock M. E. church in the parlors of that edifice will open at 5 o'clock this afternoon. Supper will served all during the evening.

Marriage licenses were yesterday issued to John A. Hermanson and Miss Olga Anna M. Oksanen, both of Calumet, and William H. Peters and Miss Jane Bonyton, both of the Tamarack.

Gus Sun's minstrel entertained a large audience at the Armory Opera House, Houghton, last evening. At noon the band which the troupe carries gave a street concert which was well commented on by those who heard it.

The ladies of St. Joseph's church, Hancock, who are conducting their bi-annual fair at Germania Hall, report the attendance as being large each night and that the oyster is a great success. Much interest in the drawing contests is being taken.

The street cars will be running into the Teuneeh location—just two miles from Laurium—tomorrow. The tracks to Teuneeh were completed this week, and although they will not be given to that place it will not be anything regular until later.

At the Quiney had tomorrow evening, a social was given by the Circle Queen of the Lakes lodge of the Champions of the Foresters. A supper will be served and also ice cream and cake. A musical program will be a special feature of the evening.

When R. G. Lee & Co.'s store, Houghton, has its new front put in, the interior will be considerably changed in the way of fixtures. The firm will then undoubtedly have one of the best stores of the kind in the upper peninsula. One of the new additions will be an ice cream parlor.

A. Kauff of Hancock put a force of carpenters at work yesterday morning to remodel the barn at the rear of Ellsworth's drug store. The structure will be converted into a modern and strictly up-to-date residence and when complete will be occupied by the janitor of the Kauff building.

The Peoples' Company of Players held the annual banquet at the Houghton hotel, last night. The three nights' engagement was started with "Too Much Married." Tonight "Faust" will be presented, and tomorrow night the attraction will be "Duffy's Jubilee." Seats are on sale at Ellsworth's drug store.

The ladies of the Scandinavian church, West Hancock, will give a fair at Germania Hall on Thursday, Friday and Saturday evenings, May 2, 3 and 4. Refreshments, including ice cream, and also a supper will be served each evening. The doors will open at 5 o'clock in the afternoon and an admission of 10 cents will be charged.

The Michigan Brick and Supply company whose headquarters are at Houghton, has purchased and moved a large building onto Pryor's dock at East Houghton. The structure is being used for warehouse purposes. The company is enjoying a good business and already is supplying much of the building material for the copper country. The carload of pressed brick recently received at Houghton for the Young building now being remodelled was furnished by that firm. Copperdom is booming in the

Blood Poison

THE MOST DESTRUCTIVE OF ALL HUMAN DISEASES.

The poison ejected from the fangs of the rattlesnake is not more surely fatal than the virus of Contagious Blood Poison, which pollutes and vitiates the blood, destroys the tissues and eats like a canker sore into the flesh.

This horrible disease appears first in the form of a little sore or blister; soon the glands begin to swell, pimples break out on the body, the mouth and throat become sore, making it painful to eat or swallow; dreadful ulcers appear on the tongue, copper colored spots and other characteristic signs of Blood Poison come as the disease progresses, and the destructive virus takes deeper hold upon the system. The medical men are as sorely perplexed over the character of this blood poison as ever; they tell you to take mercury and potash alternately for three years, but the stomach of no human being can stand this treatment long; besides, they do not cure the disease permanently, as thousands who have tried it know.

S. S. S. is the only guaranteed purely vegetable blood purifier, and the only antidote for this particular virus; it purifies the blood and builds up the constitution. Its appetite improves almost from the first dose, the sores soon show signs of healing, and the unsightly, dirty spots and eruptions grow paler and paler, and finally disappear.

S. S. S. is not a new medicine; for nearly 50 years it has been known and used for this dreadful disease. It has brought new life and hope to thousands all over this land; it will cure you as it has others. Send for our free book on home treatment and write our physicians about your case. We will help you if you will let us; we make no charge for advice, and all correspondence is conducted in strictest confidence.

THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

COPPER COUNTRY NEWS.

Additional.]

COPPERDOM BREVITIES.

The copper country branch office of The Mining Journal is located in Room 3, second floor of the Dea Postoffice building, Houghton. All having business with the paper are cordially invited to call. Telephone No. 376.

A special meeting of the county board of supervisors was held at the court house yesterday morning.

Sam O'Connell of Houghton is the father of a new boy who arrived at 6 o'clock Wednesday evening.

The farce comedy, "Who is Who," will be presented by a capable company at the Calumet theatre tonight.

United States Inspectors Gooding and York of Marquette inspected the boiler and hull of the tug Fred A. Lee at Houghton Wednesday.

Jim Arnold, the heavyweight from Duluth, is giving exhibitions of punching the bag every afternoon and evening at O'Connell's saloon, Houghton.

The most notable theatrical attraction at St. Patrick's Hall, Hancock, next week is "Quo Vadis," which will be presented by the E. J. Carpenter company Tuesday evening.

The ladies of St. Joseph's church, Hancock, who are conducting their bi-annual fair at Germania Hall, report the attendance as being large each night and that the oyster is a great success. Much interest in the drawing contests is being taken.

The street cars will be running into the Teuneeh location—just two miles from Laurium—tomorrow. The tracks to Teuneeh were completed this week, and although they will not be given to that place it will not be anything regular until later.

At the Quiney had tomorrow evening, a social was given by the Circle Queen of the Lakes lodge of the Champions of the Foresters. A supper will be served and also ice cream and cake. A musical program will be a special feature of the evening.

When R. G. Lee & Co.'s store, Houghton, has its new front put in, the interior will be considerably changed in the way of fixtures. The firm will then undoubtedly have one of the best stores of the kind in the upper peninsula. One of the new additions will be an ice cream parlor.

A. Kauff of Hancock put a force of carpenters at work yesterday morning to remodel the barn at the rear of Ellsworth's drug store. The structure will be converted into a modern and strictly up-to-date residence and when complete will be occupied by the janitor of the Kauff building.

COPPER COUNTRY NEWS.

Additional.]

COPPERDOM BREVITIES.

The copper country branch office of The Mining Journal is located in Room 3, second floor of the Dea Postoffice building, Houghton. All having business with the paper are cordially invited to call. Telephone No. 376.

A special meeting of the county board of supervisors was held at the court house yesterday morning.

Sam O'Connell of Houghton is the father of a new boy who arrived at 6 o'clock Wednesday evening.

The farce comedy, "Who is Who," will be presented by a capable company at the Calumet theatre tonight.

United States Inspectors Gooding and York of Marquette inspected the boiler and hull of the tug Fred A. Lee at Houghton Wednesday.

Jim Arnold, the heavyweight from Duluth, is giving exhibitions of punching the bag every afternoon and evening at O'Connell's saloon, Houghton.

The most notable theatrical attraction at St. Patrick's Hall, Hancock, next week is "Quo Vadis," which will be presented by the E. J. Carpenter company Tuesday evening.

The "spring sale" to be given by the ladies of the Hancock M. E. church in the parlors of that edifice will open at 5 o'clock this afternoon. Supper will served all during the evening.

Marriage licenses were yesterday issued to John A. Hermanson and Miss Olga Anna M. Oksanen, both of Calumet, and William H. Peters and Miss Jane Bonyton, both of the Tamarack.

Gus Sun's minstrel entertained a large audience at the Armory Opera House, Houghton, last evening. At noon the band which the troupe carries gave a street concert which was well commented on by those who heard it.

The ladies of St. Joseph's church, Hancock, who are conducting their bi-annual fair at Germania Hall, report the attendance as being large each night and that the oyster is a great success. Much interest in the drawing contests is being taken.

The street cars will be running into the Teuneeh location—just two miles from Laurium—tomorrow. The tracks to Teuneeh were completed this week, and although they will not be given to that place it will not be anything regular until later.

At the Quiney had tomorrow evening, a social was given by the Circle Queen of the Lakes lodge of the Champions of the Foresters. A supper will be served and also ice cream and cake. A musical program will be a special feature of the evening.

When R. G. Lee & Co.'s store, Houghton, has its new front put in, the interior will be considerably changed in the way of fixtures. The firm will then undoubtedly have one of the best stores of the kind in the upper peninsula. One of the new additions will be an ice cream parlor.

A. Kauff of Hancock put a force of carpenters at work yesterday morning to remodel the barn at the rear of Ellsworth's drug store. The structure will be converted into a modern and strictly up-to-date residence and when complete will be occupied by the janitor of the Kauff building.

FLOOD NOW MUCH WORSE

Ohio Still Is Rising and the Water Invades More Towns.

NO RELIEF AT CINCINNATI.

River There Now 10 Feet Above Danger Line and Many Business Men Have Been Ruined.

LOSSES IN OTHER STATES.

Cincinnati, April 25.—The river at six tonight is rising slowly for fifty miles above Cincinnati. The conditions on both sides of the river are serious, and the prediction is that the river will remain stationary for twenty-four hours after midnight and begin falling slowly tomorrow night. This will keep many out of their homes over Sunday, but present indications are that many manufacturers and merchants on both sides of the river will be completely ruined before Monday. With the water ten feet above the danger line, there is endless inconvenience, great loss on both sides of the river here and some distress.

Freight Traffic Abandoned.

All the railroads experienced trouble today in handling freight and some abandoned that part of their business. None have abandoned the passenger trains, but the Cincinnati, Georgetown & Portsmouth railway has been compelled to employ ferry and towboats to take passengers out as far as the suburb of Columbia, east of Cincinnati. The street railways are greatly hampered by the high water along Mill Creek valley, especially at Cumminsville and Riverside.

Demolition Reported Everywhere.

At Ripley and New Richmond, up the river from Cincinnati, and at other towns in these districts, the conditions are reported tonight as very serious, as the places are all under water. At Maysville, sixty miles up the river, and also at Aberdeen, on the Ohio side, it will take several weeks to repair the residences. Demolition and ruin are reported everywhere as the water recedes.

At Madison, Ind., the water is expected to reach the first floors of the large and Western Hotels and the large Barker Tobacco works.

Ohio Mail Carrier Drowned.

Atkens, O., April 25.—E. R. McGoon, a mail carrier between Stewart and New England, was drowned last night while trying to cross a swollen stream. Two mail sacks containing valuable matter were swept away.

Pennsylvania Towns Suffer.

Newcastle, Pa., April 25.—Both the Shenango and Mahoning rivers and rivers

ing tonight and are now above all previous records except the flood of 1893. Near Paluski, the Shenango has covered the Pennsylvania railroad tracks for more than a mile and portions of the city are already under water. Mahoning is the greatest sufferer in this respect. Residents on Montgomery street have had to leave their homes.

BURLINGTON DEAL DETAILS.

\$200 Per Share, Payable in 4 Per Cent Bonds and Part Cash, the Offer.

Boston, April 25.—The Burlington directors, at a special meeting, today voted to submit to the stockholders the proposition from the Great Northern Pacific railway to take control of Burlington. The offer is for Burlington stock at \$200 per share for not less than two-thirds of the whole amount, to be paid for in 4 per cent bonds of the two negotiating roads, the stockholders being given the option of taking part cash.

FIRMER TONE IN STOCKS.

Heavy Liquidation of the Past Few Days Relieves the Market.

New York, April 25.—Speculative sentiment showed a decided improvement today over that which prevailed yesterday, although the movement of prices at times was erratic. The heavy speculative liquidation which was accomplished yesterday and on previous days of the week, relieving the over-congestion of speculative holdings, doubtless had a great deal to do with the better tone, while the manner in which the market recovered from the formal announcement of the terms of the Burlington merger had an encouraging effect on sentiment. There was little effect on Burlington itself, which moved narrowly by comparison with other stocks but was very firm all day.

The most conspicuous movements of the day were distinctly the overgrowth of the conviction that the Burlington deal will be followed by similar arrangements on the part of other railroad systems. The grangers, Pacifics and Southwesterns thereupon played a prominent part in the trading. The marked strength of some Eastern trunk lines was supposed to be associated with the movement in the Western lines. The rise in Atchison extended to 4 1/2 and in Baltimore and Ohio to 5 1/2, while Pennsylvania also was strong.

The advance in Northern Pacific was resumed after a lengthy period of comparative quiet, apparently on the theory that a rise was due with Union Pacific. Union Pacific itself at one time was 2 1/2 points over last night, and twice receded below last night, closing with a net gain of only a fraction. The strength of Southern Pacific was due to the supposition that it will share in any advantages which accrue to Union Pacific.

Paine, Webber & Co. report closing prices as follows:

Table with columns for stock symbols (Am Zinc, U.S. Oil, etc.) and prices.

Range of Money Rates.

New York, April 25.—Money on call today was steady, at 3 1/2 per cent; last night, 3 1/2 per cent. Prime paper, 4 1/2 per cent. Exchange, firm, demand at 4 1/2 per cent and sixty days at 4 1/2 per cent. Bar silver, 59 1/2.

MAY CORN TOUCHES 49.

Phillips Takes Profits, However, and the Close Is an Eighth Lower.

Chicago, April 25.—Although the corn market was active today, the trading was light in volume. Interest centered in May, which advanced to 49, but reacted to 47 1/2 and closed at 48, or about 1/2 better than yesterday. July rested at 45 1/2, or 1/2 better than yesterday. The opening was very irregular, with active covering by shorts. The feature of the trade was general selling of May by longs, who later took on large quantities of July from 45 up. Provision interests sold July freely on the advance. The bull features were the same as of late—higher cables, light receipts and reports of farm work being backward. Spot at Liverpool was up 1/2 a penny, with futures 1/2 higher. The cleanings were 338,000 bushels and fifty-eight boatloads were reported taken on the coast.

Wheat and Oats Active and Strong.

In wheat there was a large trade, with a broad and active market. The fluctuations covering 1 1/2 to 1 3/4 range. May opened easy and rallied later. The gain was fairly maintained and the close 1/2 higher. The easier start was due to disappointing cables, favorable weather and the bearish summary of price current. At Liverpool, spot was unchanged, with futures steady to 1/2 higher. The early strength of the coarse grains also was a help. The southwest bought on the early advance. Late in the session, local realizing, led by several prominent interests, caused a moderate reaction, July closing about 73.

Oats were active and excited, higher early, the prices ranging 1/2 to 1/4, but reacted and closed at the bottom or the same as yesterday. Elevator interests and shorts bought May freely. There also was good buying by leading longs and public buying of July. On the advance, longs sold freely.

The leading futures ranged as follows: May wheat, opened 71 1/2 @ 72; closed 71 1/2 @ 72.

You can get a fine cabinet photograph at Werner's for two dollars a dozen.

highest, 73 1/4; lowest, 71 1/2; closed, 72 1/2 @ 73. May corn opened 47 1/2 @ 48 1/2; highest, 49; lowest, 47 1/2; closed, 48.

VERY BULLISH.

Paine, Webber & Co. Could Hardly Be More So on the Coppers.

Yesterday saw a turn in coppers and, after a couple of days of an offish, dull market, prices showed a tendency to advance up and down the line. The feeling was bullish, both with the talent and among the brokers. Paine, Webber & Co. said:

The announcement that over two-thirds of the stock of the Montana and Butte company had been deposited for the consolidation with Amalgamated was the signal for a renewal of activity in the coppers and prices recovered sharply on very light transactions. The fact that prices go up more readily than they go down was again demonstrated. The largest speculative interests in the coppers are talking about, not dollars but, hundreds of dollars higher as the price at which they expect to sell. There are surprisingly few good copper stocks offered around the present prices and, now that the upturn has started, it seems certain that new high records will be made. We repeat our recommendation to buy the South Range coppers. We believe all of the better class of Lake coppers will sell considerably higher.

Hayden, Stone & Co., wired the Laidley Commission Co.:

"The great success in depositing Montana and Butte should stimulate the whole list and we believe you will see a good, active market in a few days. But don't let profits get away. If the New York market breaks coppers will decline, although they have not had such big advances. Buy Mohawk and Isle Royale. We believe they will sell higher."

BOSTON COPPER QUOTATIONS.

CAUGHT A DREADFUL COLD.

Marion Kooke, manager for T. M. Thompson, a large importer of fine millinery at 1655 Milwaukee Avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time, which seemed to relieve her so quickly that I bought some for myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits." For sale by the Stafford Drug Co.

NOTICE TO ICE CONSUMERS FROM THE NEW ICE COMPANY.

Don't forget to call up the Marquette Ice company for prices on ice for the coming season. Office, Marquette Hardware company's store. Both telephones. (4-9-11)

SPECIAL ELECTION.

Municipal Improvements Bond Issue. To the Qualified Electors of the City of Marquette: Notice is hereby given that the common council proposes to borrow the sum of twenty thousand dollars for such time and at such rate of interest as may be hereafter determined, and to issue bonds therefor pledging the faith and credit of the City of Marquette for the payment of the principal and interest of such bonds; for the purpose of raising money with which to make the following municipal improvements, viz: to obtain, open and improve new streets, parks and public grounds, and to widen and improve streets and roadways and construct bridges, culverts and sewers in the city.

The question of raising such loan will be submitted to the qualified electors of the city, for their approval, at a special election appointed and called for that purpose to be held at the city hall in said city on Monday, the 29th day of April, 1901, from 7 o'clock a. m. until 5 o'clock p. m. Said question will be printed upon the ballot and be submitted to the electors in the following form, to-wit: "Shall the common council be authorized to borrow twenty thousand dollars and to issue bonds therefor for the purpose of raising money for No. [] municipal improvements." Dated, April 6, 1901. DANIEL S. DONOVAN, Recorder of said City.

BACK HOME FROM CHINA

Minister Conger Lands at 'Frisco on a 60 Days Leave of Absence.

TALKS OF AFFAIRS IN EAST

Thinks Indemnity Should Be \$300,000,000 and Says He Would Take Iowa Governorship.

NOT SEEKING THE OFFICE.

San Francisco, April 25.—Edwin H. Conger, United States minister to China, accompanied by his wife and daughter, arrived from China this afternoon on the steamer Nippon Maru. Owing to the quarantine regulations and the necessity of giving personal supervision to the landing of his baggage, Mr. Conger did not reach here until six this evening.

Would Take the Nomination.

Minister Conger's arrival was awaited with considerable interest, not only on account of his connection with the events in China, but from a political standpoint. There is great desire to know what position Mr. Conger will assume with regard to the coming gubernatorial nomination in Iowa. To the representative of the Associated Press, Mr. Conger when asked if he cared to make any expression on the gubernatorial matter, said:

"I do not wish to make any public declaration at this time. I have not yet had time to read the correspondence which has come here. As far as I am at present advised, I see no reason to change my position, expressed about two months ago before I left China. I received two telegrams from the United States. One asked if I were a candidate for governor. I answered, 'I am not.' The other telegram asked whether I would accept the nomination if tendered me. I replied that I would accept if the nomination came to me, but that I was in no sense a candidate. I do not care to run, nor will I say anything further on the matter until I reach Des Moines. I do not know what the situation is and do not care to say anything definite until many things are cleared up. My present intention and desire is to return to China and finish my work."

Brutality of Allies Exaggerated.

Touching events in China, Minister Conger turned interviewer and was particularly anxious to know what had been done by the powers in the matter of indemnity. He was asked for an opinion as to the amount of indemnity China could pay. "Three hundred million dollars," he replied, "accompanying the answer with the statement that it would be necessary for the government to practice economy. The time of payment, too, should extend over a long term of years.

The minister said there was nothing new to be said regarding China, as everything that happened before had been fully together with many things that had never occurred. The tales of brutality had, he thought, been exaggerated. Of course, there were cases of outrage by individual soldiers which were not sanctioned by the officers. These were but incidents of the war and which found some palliation in the fact that the Chinese had killed forty thousand native Christians and several hundred Europeans.

DeBell's Kidney Pills is a new discovery and is the only Kidney remedy sold on a positive guarantee.—No Cure, 25c Refund. Price 25c. For sale by the Stafford Drug Co.

REPUBLIC. WOODMEN WILL PICNIC.

Local Members of the M. W. of A. Will Celebrate in June.

The members of the Republic camp of the Modern Woodmen of America have decided to give a picnic some time in June, possibly Midsummer day. The picnic will be a more pretentious one than has been held in this town for some time past. It is the intention of the camp to invite everyone in the village to participate, and invitations will also be sent to the other camps of the order in the county. In case delegations come from the neighboring towns no pains will be spared to make their visit here enjoyable.

The picnic will be held at the Scandinavian grove, one of the most attractive spots in the county. Extra boats will be taken out there so that the picnickers can make the most of the day. In the evening there will be a grand ball and it is hoped that visitors from down the line will remain over until after the party, when they can return by special train.

POWDER CAUSED DAMAGE.

A Stove and Part of Jacob Augustson's Roof Sent Skyward.

Jacob Augustson of Pork City had an exciting time at his home one day last week, and he considers himself in great luck that he did not have a funeral on his hands as a result of what occurred. Some time ago Jacob started to sink a well in his yard. Everything went along nicely until he struck a large boulder. A block-hole was necessary to remove the stone. The hole was drilled, the giant powder procured, but the work was not completed. Jacob placed the powder in a cook stove in a summer shed at the rear of the house, but did not advise his wife that he had stored it there. The woman found it convenient to start a fire in the stove and she had just left the shed when the explosion occurred. It is said that there was not enough left of the stove to make a decent souvenir. The roof was also considerably damaged, though Augustson didn't care anything about that so long as his wife escaped injury.

WILL HAVE A PACKED HOUSE.

The members of the local minstrel organization have been hustling all week in the interest of the entertainment to be given Monday evening at the town hall. So many tickets had been sold in advance by the members of the troupe that the best seats in the house were gobbled up quickly. From present indications standing room will not be available when the curtain goes up. Extra reserved seats will have to be provided to accommodate all who intend to come.

THE BOYS PROMISE A MUCH BETTER PERFORMANCE

than they gave last week. They have put in considerable time rehearsing for the show and it is quietly whispered about that their "gags" and songs will be great. The first part will be put on in true minstrel style, the second part consisting of singing and dancing by members of the company and a farce. Professor Frank Trombley of Ishpeming will lead the orchestra that will assist at the entertainment. The performance will be followed by a hop.

DIED IN CHICAGO.

Frank Johnson, who left Republic a short time ago for the Augustana hospital in Chicago to receive treatment for appendicitis, died there Saturday of last week. He was operated on some days before and with success. Later on he was taken with pneumonia, from which he died. The remains were brought to Republic, arriving here Monday. The funeral took place Wednesday afternoon under direction of the local tent of the Maccabees, in which he held membership and carried \$1,000 insurance. Johnson was an old resident of Republic. He was about thirty-eight years of age, married, and leaves a widow and six children.

ENTERTAINMENTS THIS WEEK.

Those who did not take in the opening entertainment by G. W. Bailey, the famous lecturer, at Woodmen's hall Thursday evening should not fail to attend some evening during his stay here. His talks are highly instructive and his curios and views are absolutely the finest, ever brought to this section. Parents will do well to send their children to the matinee Saturday afternoon as they will be given a treat. The Woodmen disposed of quite a number of season tickets, insuring a good attendance each evening. Reserved seats can be obtained at Hocking's or Munson & Peterson's.

TOO MUCH PRESSURE.

Some excitement was created near the mine on Saturday of last week through the bursting of the big air pipe extending between the mine and the water works engine house. It appears that the pressure was greater than the pipes could stand, consequently they gave way at several of the joints. The explosion was a loud one and for a time there was sand and dirt of all descriptions flying through the air. The damage was repaired in short order, and the accident caused no delay in operations at the mine.

SNAP SHOTS.

Phil Levine did business in Ishpeming Tuesday.

Obej Jones is improving his residence property.

Mr. and Mrs. Henry Grant are the happy parents of a baby boy.

A watch repairer has established himself in J. A. Sundquist's hotel office.

Charles Munson has been somewhat disquieted of late. Last Saturday evening while crossing the street from Laforia's lively stable to the postoffice he walked against the former's scale, re-

A GOOD judge must have both experience and learning. A housekeeper should be a good judge for she too must have experience and learning or she may think that the soaps made to look like Ivory Soap are just as good. With experience she will know that they lack the remarkable qualities of the genuine. Ivory Soap—99 1/2 per cent. pure.

Upper Peninsula News.

Thomas Virgo, the well known cruiser and woods superintendent for August Spies of Menominee, was accidentally shot at Summit, Mich., recently. While going into camp carrying his 32 calibre rifle, the muzzle pointing at his feet, he stumbled, the gun being discharged, and the bullet piercing his right foot. Mr. Virgo made his way to the camp, which was reached after some suffering, but he neglected to summon medical attendance for several days. The affection has increased, and there is fear of blood poisoning setting in.

John Fredricks was the victim of an unusual theft at Iron Mountain this week. He rode up to a business house and left his wheel standing outside while he transacted some business, which occupied him for a considerable time, within. When he remounted his wheel he noticed that something was wrong and examination showed that his good tires had been removed, an old, worn out pair having been substituted. He trundled his bike off to a repair man and laid down the price of a new pair of tires, causing all the while.

Carmino Lera is lying at St. George's hospital, Iron Mountain, suffering from a broken back, as a result of an accident in the Chapin mine Wednesday morning. Lera was working in one of the pockets at the 10th level. While he was in a stooping position, shoveling, he was caught by a fall of ground and completely buried. A number of other men were working near, but he was the only miner injured. Lera is a married man. About a month ago his wife wanted him to throw up his job and return to Italy. He decided to wait until June before stopping work.

On account of the increased receipts of the Menominee postoffice for the last year, the government has made allowance for the employment of one additional clerk. The postmaster and the present clerks will receive substantial increases in salary. The business of the Menominee office showed such a notable increase during the past year that the postmaster had no difficulty in obtaining the allowance for a new assistant and procuring the increases for the members of the present corps of clerks. There will soon, in all probability, be rural delivery for a large extent of farming country in the vicinity of Menominee. When the requisite road facilities are provided the new system will be inaugurated.

The Northwestern road expects to handle about 4,000,000 tons of ore between the mines at Iron Mountain, Crystal Falls and other mining cities, and Escanaba during the coming season and is now making preparations for so doing. The railroad company is sending a large number of engines to Escanaba where they will be used for the purpose of hauling the ore from Iron Mountain, Crystal Falls and the peninsula. These engines will be taken from the different divisions of the road and about fourteen switch engines and seventeen road engines will be used. The company expects to ship more ore this year than in either of the past two years. At the ore docks at Escanaba from 150 to 200 men are employed.

Henry Hurt, who, it is alleged, stole \$41 from Eugene Houte's logging camp near Nathan, Mich., last Friday and who set the buildings on fire in the hope of covering up his tracks, was arrested by Deputy Sheriff Sherry of Nadeau this week and taken to Menominee. About noon on the day of the fire Hurt wanted to settle up with Houte, preliminary to quitting. He was informed that he could have his money as soon as his time was turned in. After the noon meal, when the men had departed for work at a point about half a mile from the camp, the building burst into flames and was quickly burned to the ground. Hurt had disappeared and it was surmised that he started the fire. He is now being held for two crimes, arson and larceny.

Makes digestion and assimilation perfect. Makes new, red blood, firm flesh and bone. That's what Rocky Mountain Tea will do. 35c. Stafford Drug Co.

"HERRMANN THE GREAT."
 He Will Appear at the Opera House This Evening.

Marquette people will have an opportunity of seeing one of the world's greatest living exponents of legemendain this evening, when "Herrmann the Great" will be the offering. The name Herrmann, in connection with entertainments based on or consisting of magical demonstrations, has filled the theatres of the world for several decades past. All the Herrmanns have been wonderful in their chosen art of mystification and Leon is no exception to the family rule. His legemendain is bewildering, amusing and sensational. He is accompanied by the musically marvelous Nosses, three ladies and two gentlemen, who play on all manner of instruments with exquisite skill. All are musicians of rare ability, their rendition of selections from popular operas being an artistic treat. In the way of a new illusion, Herrmann has the present season a wonderfully weird invention which he calls "Cremation." This is his star offering and shows a beautiful young lady buried alive (cremated) before your very eyes. It is a very effective illusion and has created a big sensation in all the cities where Herrmann has appeared.

THE PERFECT WAY.
 Scores of Marquette Citizens Have Learned It.

If you suffer from Backache There is only one way to cure it. The perfect way is to cure the kidneys.

A bad back means sick kidneys. Neglect it, urinary troubles follow. Doan's Kidney Pills are made for kidneys only; Are endorsed by Marquette people. Mr. Thomas Price of 141 W. Ridge street, employed on the L. S. & L. R. R. as locomotive fireman, says: "I wear I was bothered off and on a good deal with pains through the small of my back and in the kidneys. At times when I stooped I could hardly straighten again and any cold or sudden change in the weather aggravated my condition. I saw Doan's Kidney Pills advertised, and went to the Stafford Drug Co. and procured a box. I soon felt they were benefitting me. I have no hesitation in saying that they did me a lot of good." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

What you get for your money is as important as what you pay. The R. L. Francis Co., bicycle repairer, corner Front and Bluff streets, invites all its friends and patrons to inspect its spring stock. The repair department will be conducted along the same lines as last season, insuring high-grade work at a reasonable price. (4-6-1m)

Get your money's worth by smoking Carvalho's solid, Havana filled cigar.

Pearls Found in Vermont.
 Everyone is talking about the "Green Mountain Pearls." Did you know that they cure liver troubles, constipation, bad digestion, nausea, full headache, dizziness and foul breath? There never was a pill sold which acted so quickly and gently, and they don't gripe one bit. A trial is all we ask—we know what the result will be. **DESJARDINS PHARMACY.** 417 No. Third Street.

Born, to Mr. and Mrs. Elmer Wentz, Monday, a son.
 Miss Anna Griffin left yesterday for a visit in Colorado.
 Mrs. Frank Buckley of West Superior is visiting in the city.

A. S. Cameron is absent from the city. He is down the line for a few days.
 Harvey and Al Green arrived home yesterday from a few days' visit in Chicago.

The meeting of the Lake Superior Mission band is postponed until Friday evening, May 3.

The Presbyterian Ladies' Missionary society will meet in the church parlors at 3 o'clock this afternoon.

The Ladies' Aid society of the M. E. church will meet with Mrs. Hooper, 216 West Crescent street, this afternoon.

The Ladies' Aid society of the Baptist church will meet this afternoon at the home of Mrs. N. M. DeHaas, East Michigan street.

The remains of Mrs. Emily McLees will be taken to Mayvile, Mich., for interment. They will leave on the 1:30 train this afternoon.

A little daughter arrived at the home of the Rev. J. M. Rogers yesterday afternoon. The reverend is happy and young Joseph is hilarious.

Miss Isabelle Egan left for Chicago last evening to resume her studies in a commercial school. She had spent a short vacation with her parents.

The Lake Superior Ice company announces a reduction in the price of ice in its advertisement on the first page of this morning's Mining Journal.

Another fine congregation listened to the Paulists, Fathers Conway and Doherty, last evening. The non-Catholic mission is proving an unqualified success.

The guards of the Busy Queen hive of Maceebes are asked to attend a special meeting to be held Saturday afternoon at 2:30 o'clock. There will be drill work.

The members of the St. John Baptist society will hold a dance at Fraternity hall this evening. The function will be well attended, as there has been a large sale of tickets. They may be procured at Archambeau & Co.'s store and from Raoul Vannier today.

Yesterday was the warmest day of the spring. At noon it was almost hot. More warm weather is predicted. Ice has been brought back into the bay by northerly winds and now patches of water are far between. The harbor craft have some difficulty getting about.

Mrs. Joseph Patterson and children left yesterday for Michipicoten, where they will join Mr. Patterson, who recently accepted a position with the Algoma Central railroad. Joe is acting as superintendent of the twelve miles of railroad running from Lake Superior into the Clergue mines. The line is now in operation.

A week's postponement of the Schubert recital, announced for the Northern Normal this evening, is a necessity, owing to the hoarseness of a number of the young ladies who are to participate in the program. The concert will be given by the St. Cecilia club, assisted by the Normal chorus, under the direction of Miss Sophia Linton.

Two Injuns, had Injuns, entertained a small crowd at the corner of Lake and Superior streets for a few lively minutes yesterday afternoon. They put up one of the hardest and wickedest fights that has been seen for many moons. Everything came the little man's way and he pummeled his burly adversary until he looked like the proverbial thirty cents.

Liquor men should bear in mind the necessity of getting their bonds for the ensuing year into the hands of the finance committee of the council a reasonable time before the aldermen's next session, which will be held Tuesday evening. The bonds must be inspected and approved by the members of this committee before they can go to the council.

City Recorder Donovan received a query from M. J. H. Emory, M. D., Toronto, Canada, yesterday asking him if there was any concern of chemists here engaged in the manufacture of sulphuric acid from iron pyrites. Of course the recorder answered in the negative. He is now wondering if the doctor was simply curious or whether there is another prospective new industry for Marquette.

Three deeds recording important transfers of Negaunee mineral lands in the so-called race course tract were filed with Register Primeau yesterday. They were all in favor of the Oliver Iron company and in each instance half interests were transferred. One was from Samuel Mitchell, his consideration being \$23,200; another was from Samuel Mitchell and Lucy Mitchell, \$23,480.50, and the third from George B. Mitchell and S. S. Mitchell, \$7,243.46.

There was a blaze at the Erickson dwelling on Crescent street, between Third and Fourth streets, late yesterday afternoon. The fire had its origin from a pile of leaves and grass which was being consumed in the yard. The dwelling has no stone foundation and through the mischievousness of a number of boys who officiated at the bonfire the flames became seated underneath the house, finding their way between a number of the partitions. The presence of mind of the young Erickson boy in promptly turning in an alarm and in taking steps to control the flames while the firemen were responding was the only thing that prevented a bad blaze. As it was a couple of rooms were ruined. The loss is covered by insurance.

Werner is making a photograph for fifty cents per dozen.

The greatest children medicine on earth is Rocky Mountain Tea made by Madison Medicine Co. Makes and keeps them well all summer. 35c. Stafford Drug Co.

Carvalho's cigars—others tried them why not you; others smoke them so will you.

CUBAN TEACHERS' VISIT STARTS HEALTH REVIVAL.
 Paine's Celery Compound Doing Wonderful Work Among Sick.

The visit of hundreds of bright Cuban teachers to the United States last summer has caused a tremendous health revival in Havana and Santiago.

The American idea, "A sound mind in a sound body," is one of the first lessons Cuba and Porto Rico are learning.

But they are learning fast. Whatever distrust Cubans may have of American politicians, they have confidence in America's greatest remedy, Paine's celery compound.

It has opened the eyes of the people of Havana and Santiago to the possibilities of good health in a way their crude remedies had never let them imagine.

Paine's celery compound is doing a tremendous missionary work this spring among the sick, not only throughout the United States, but wherever the American influence is felt.

The best families in Santiago are taking Paine's celery compound. The common people are looking after their health as never before. American physicians in Havana are ordering the great spring remedy. Its health-giving effect on friends and relatives who first tried Paine's celery compound in the United States has encouraged thousands of dependent, hopeless sufferers at home to use it.

The result in all these cases has been the direct cause of the health revival that is now arousing such tremendous enthusiasm.

That Santiago second Havana's endorsement of Paine's celery compound is shown by the following letter from Mrs. Belen Guerra:

Santiago, Cuba, Jan., 1901.
 Wells, Richardson Co.:
 Dear Sirs—I have had the gout in my fingers and hands. My limbs were numb and I could hardly stand. I went to several physicians. A druggist advised me to use Paine's celery compound. I began at once to get better, and today I am perfectly well. Naturally I have great faith in Paine's celery compound. Very truly yours,
 MRS. BELEN GUERRA.

Every one in this springtime needs to purify the blood and regulate the nerves. Carry home today—no by and by—a bottle of Paine's celery compound. Cure nervousness, neuralgia and rheumatism this spring. You can now put your health on a sound basis by means of Paine's celery compound.

Such evidences of an unhealthy condition as those constant headaches, melancholy, dyspepsia or constipation rapidly disappear under the cleansing, regulating action of Paine's celery compound.

WHEN buying clothes ready-to-wear. There is only one sort that will never disappoint you in the excellence of the fabrics, correctness of the style and general value-for-price, and that sort bears this label.

The Standard
 We have sold this make to our most particular customers and have never heard anything but commendation from the wearers.

The man who has been paying his \$15 or \$20 for a Suit or Top Coat of the ordinary "ready-made" sort, and who is now buying Stein Bloch clothes, realizes how much more style, comfort and service he is getting for the same price.

Suits, \$15 to \$25
Top Coats, \$15 to \$25

HEAVY SMOKE DAMAGE.

Stubborn Fire in Finnish Mercantile Association Store Last Evening.

Fire was discovered in the basement of the block of the Finnish Mercantile association last evening about 9:30 o'clock. The blaze, caused from a defective wire, did not spread, but the volume of smoke was unprecedented and it caused damage to the stock, mostly to the dry goods, roughly estimated at \$6,000.

THROWN OPEN TODAY.

Manual Training, Domestic Science and Art Departments May Be Inspected.

There are many residents of this city who have never had the privilege of inspecting the Manual Training school or the domestic science and art departments of the school system. For the benefit of such these schools will be open to them today between certain hours. It is likely that a large number of persons will avail themselves of the opportunity afforded and will make a thorough inspection of these schools. Messrs. Peterson and Brown stand ready to receive them in the training school while Miss McIntyre will show them the advantages which the students are afforded in her departments. Both schools will be open from 9 until 11:30 in the morning; 2 to 4 in the afternoon and from 7:30 until 9:30 in the evening. As this is in no sense an exhibition, nothing but the routine work will be done and thus the visitors may gain a correct idea of the value of the work performed by the students.

A RAGING, ROARING FLOOD Washed down a telegraph line which Chas. Ellis of Lisbon, Ia., had to repair. "Standing waist deep in icy water," he writes, "gave me a terrible cold and cough. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I had consumption and could not live. Then I began using Dr. King's New Discovery and was wholly cured by six bottles." Positively guaranteed for Coughs, Colds and all Throat and Lung troubles by Stafford. Price 50c and \$1.

CANN-WILLIAMS WEDDINGS.

One of the prettiest home weddings which has occurred in this city for some time was celebrated at the home of Mr. and Mrs. John Williams, Michigan street, at 7:30 o'clock Wednesday evening. William Cann and Miss Laura Williams were united in marriage by Rev. Stephen Polkholm. The house was prettily decorated with palms and cut flowers and the contracting parties stood under an arch of smilax and pink carnations. The bride wore a dress of lavender silk with white lace trimmings. She was attended by Miss Eva West and Miss Emily Williams. Harold Williams and James Williams acted as groomsmen. A very pretty feature was the presentation of the ring, Miss Susie Williams, the little sister of the bride, bearing it on a tray of flowers. The presents were numerous and rich. Mr. and Mrs. Cann are at home on Wabash street.

If troubled by a weak digestion, loss of appetite, or constipation, try a few doses of Chamberlain's Stomach and Liver Tablets. Every box warranted. For sale by the Stafford Drug Co.

Do not worry thinking what kind of a carpet to buy. See our line and a selection will be easy. F. Braastad & Co.

My line of millinery is larger and more attractive than ever before. The ladies are invited to call. Mrs. A. Deadman.

Our stock of silk skirts, millinery, dress goods, etc., is enormous. Prices always right. F. Braastad & Co.

Up-to-date pattern hats, millinery novelties, etc., can be found in my new line. Mrs. A. Deadman.

WARNING TO SALOON KEEPEERS.

All liquor dealers are hereby notified to not give my son, Thomas Lemm, aged sixteen years, intoxicating liquors of any kind. Guilty persons will be dealt with according to law.

JOHN LEMM,
the boy's father.

We can save you more money on carpets than any dealer in the upper peninsula. F. Braastad & Co.

FOR BLEEDING PILES.

All druggists are authorized by the manufacturers of Boro-Carbolic Salve to refund the money where it fails to cure any case of Itching, Blind, Bleeding or Protruding Piles. 25 cts. For sale by the Stafford Drug Co.

For coughs and colds there is no medicine so effective as BULLARD'S HOREHOND SYRUP. It is the ideal remedy. Price, 25 cents and 50 cts. The Stafford Drug Co.

ISHPEMING IN BRIEF.

The letter carriers are sporting their new summer uniforms.

Captain Thomas Walters has returned from his trip to the Mesaba.

Herman Jaedecke was a business visitor in the Queen City yesterday.

James R. McDonald, of South Lake Linden was here yesterday afternoon.

Captain William Allen of the Bessie mine, Humboldt, was here yesterday afternoon.

J. M. Johnson, of the E. L. Kellan grocery house, Marquette, called on his trade here yesterday.

John Fitzgerald, John Dollar, Ralph Sauntery and Alex Blanchard were up from Saults yesterday.

Billy Gibbs has resumed his old position as flagman at the Pine street crossing of the L. S. & L. railroad.

William J. Whitford left yesterday morning for Houghton to resume his old place as engineer on the Copper Range road.

Patrick McKenna, one of the pioneers of this city, came up from Quinnessee Wednesday evening for a short visit with friends in town.

Delia, wife of John Bruseau, died at her home in Humboldt Wednesday afternoon. Mrs. Bruseau will be buried in Clarksburg this afternoon.

A new post is needed in the fence around the Deer Lake spring. If it is not put up frisky bovines will have a merry time in the inclosure.

There has been much complaint of late regarding the carelessness of small boys in throwing stones. One lady reports that she was struck while coming down Division street one day this week.

Eman & Swanson have purchased a fine line of wall papers which are on exhibition at their store on Canada street. They are also in the paper hanging business and are ready to make estimates for that work.

The juniors of the high school will tender the senior class an annual reception and dance in Anderson's hall next Friday evening, a week from tonight. Trombley's orchestra will furnish the music. The invitations will be issued today.

The funeral of the late Mrs. Annie Stannaway, who died at her home on Bessemer street Monday, was held from the Division street M. E. church yesterday afternoon at 2:30 o'clock. Rev. Stephen Polkholm conducting the services. Interment was in the Ishpeming cemetery.

The retail Liquor Dealers' association met in the Scandinavian hall yesterday afternoon and held a somewhat lengthy session. The Mining Journal is informed that the organization has been greatly strengthened. Another meeting will be held in the same place Sunday afternoon.

"Who is Who?" one of the funniest musical comedies which was ever written, will be the attraction at the opera house tomorrow evening. This merry skit was presented in the city last year to a large audience. It is said that new timber in the company has materially strengthened it.

The street railway company has started the construction of the spur into the Golf club house and Cleveland park. The spur leaves the main track about two hundred feet east of Union Park gate and makes a long curve into the links. A "Y" is planned, but it will probably not be built this year unless the traffic is very heavy.

A number of the most enthusiastic golfers played around the links yesterday afternoon and report that they are in very good condition. The splendid weather of the past two days has tended to make the adepts look for their sticks and yesterday was such a beautiful day that they could not resist the temptation to test their skill.

August Kingstrand, residing at the Bancroft location, died yesterday morning. Mr. Kingstrand had been sick for many years. He leaves a wife and several grown children, some of them being married. Mr. Kingstrand was engaged in the peddling business and was the candidate of the Labor party for city treasurer this spring. The funeral arrangements have not yet been completed.

The ladies of Grace Episcopal church are making great preparations for their rummage sale, but are as yet unable to state just when it will be held. A store room down town will probably be engaged for the sale, and this has not as yet been secured. All who have articles that will be of use to the ladies, which they are willing to donate, will confer a favor by notifying by telephone Mrs. E. C. Cooley, Mrs. H. F. Heyn, Miss Carrie Sweet or Mrs. F. P. Tillson, and the things will be called for. A room at the residence of Miss Sweet on Barum street has been set aside for the reception of these articles and they may be left there if the parties so desire.

Do you know that we are supplying thousands with shoes. We have the goods and that is why we sell so many. F. Braastad & Co.

THE COUNCIL MEETING.

Bonds Approved and Much Other Business Transacted.

The adjourned regular meeting of the council was held last evening in the council chamber, every alderman being present and the mayor in the chair. The reading of the minutes of the last meeting was, on motion, dispensed with, and it was moved and carried that the out-of-office of the city officials chosen at the last meeting be placed on file.

The following liquor bonds were read and approved upon separate motions: Hilda Anderson, principal, H. Winter principal, Charles Muck and Thomas J. Flynn sureties; Perala & Bilo, principals, Charles Muck and Oscar Field sureties; Kangas & Tiehari, principals, John Perala and John Makineu sureties; John Nesbitt, principal, P. B. Kirkwood and J. P. Miller sureties; Julius Lahti, principal, Lewis Cobbit and Charles Taylor sureties; Nicholas Laughlin, John Mulvey and E. W. Adams, sureties; Robert G. Jackson, C. G. Griffey and J. H. Hudson sureties; John H. Wasmuth, P. B. Kirkwood and A. C. Seass sureties; Thomas & Angove, John Mulvey and E. C. Anthony sureties; Joseph Trathen, John W. Elliott and Samuel S. Mitchell sureties; Oscar Field, Charles Muck, Jr. and John Perala sureties; Chris Johnson, Samuel Hooper and Alex. Lenshek sureties; Henry Heisel, J. F. Lebeau and John Nesbitt sureties; Charles Johnson, Joseph E. Sness and J. R. Barasa sureties; Peterson Bros., Joseph E. Sness and Oscar Field sureties; Ole Johnson & Co., E. C. Anthony and Charles Taylor sureties; Philias Giguere, C. Martel and Frank G. Bullier sureties; Michael Basalo, E. Barasa and Joseph H. Winter sureties; D. McDonald, C. Lebeau and A. E. Sness, sureties. The bonds of Mike Enlaw, Jacob Salo, Boden & Paull and Tom Morrisette were also approved.

The following druggist bonds with their sureties were also approved: Kirkwood & O'Donoghue with A. E. Seass and John Nesbitt sureties; John M. Perkins with Thomas M. Wells and E. W. Adams sureties; Werner Niskanen with Charles Muck and Thomas J. Flynn sureties.

The city officials' bonds approved were as follows: Maurice Kelley, treasurer, \$50,000; J. H. Winter, E. C. Anthony, Dr. Hudson, Dr. B. Kirkwood, N. Laughlin, Chris Johnson, Charles W. H. Mitchell, clerk water board, \$5,000; G. B. Mitchell and J. T. Winters sureties; W. H. Mitchell, clerk electric lighting plant, \$1,000; A. Newcombe and J. H. Sawbridge sureties; W. H. Mitchell, recorder, \$1,000; S. Thoren, Sr., and S. Mitchell sureties; Chris Hansen, superintendent water works, \$1,000; J. Matthews and Thos. Pellow sureties; S. S. Thomas, street commissioner, \$1,500; Charles Muck and Chris Johnson, sureties; T. E. Gafney, superintendent electric lighting plant and lamp trimmer, \$1,000; M. Gauthier and J. Shea sureties; B. K. Welber, chief fire department, \$1,500; J. W. Elliott and E. C. Anthony sureties; Fred Zimmerman, police, \$1,000; Chris Johnson and Charles Muck sureties; Pat. Scanlon, police, \$1,000; John Nesbitt and Nicholas Laughlin, sureties; D. Remley, police, \$1,000; Thos. Pellow and A. Boyer sureties; Charles Larson, police, \$1,000; John Perala and Oscar Field sureties; Thos. Gribble, marshal, \$1,500; P. B. Kirkwood and Joseph Matthews sureties.

It was moved and carried that the bonds of the liquor dealers and druggists be filed with the county treasurer; that those of the recorder, clerk of the water works and clerk of the electric light plant be filed with the city treasurer, and the employees' bonds with the recorder.

A NEW BUSINESS BLOCK.

Benjamin Neely to Build One on Site of Old Red Front Building on Iron Street.

Benjamin Neely yesterday announced his intention of erecting a new business block on Iron street. It will occupy the site of the old red front building, which is so ancient that it is a landmark. It stands next to the John Mulvey building on the west, upon a lot 130 feet long by 29 wide. Mr. Neely has sold the building to his son, Will, who will move it to Peck street, repair it and put it in condition for use as a tenement. Will Neely recently purchased from Mrs. Anthony Broad two lots on Peck street, one joining the railroad tracks and it is to this location that the old structure will be moved.

Mr. Neely is not yet prepared to state the nature of the building which he will erect, except that it will be one story high and either of solid masonry or veneer. It will occupy the entire lot and will be used for his hardware store. He will build rather than repair the store building he is now occupying and to get more room. At present part of his stock is occupying the second floor and this arrangement is not to his liking.

The new building will be about the same width as the present structure but will be forty-three feet longer. It will have an entrance on Jackson street which will be used for the reception of merchandise and not for retail purposes. It is needless to remark that Mr. Neely will erect a structure which will be worthy of that portion of the street and will be fully in keeping with the rest of the business buildings located at that end. The work will commence as soon as the contracts can be let. A number of the local builders are already figuring on the different parts of the work.

A WARNING—to feel tired before exertion is not laziness—it's a sign that the system lacks vitality, and needs the tonic effect of Hood's Sarsaparilla. Sufferers should not delay. Get rid of that tired feeling by beginning to take Hood's Sarsaparilla today.

"Cure the cough and save the life." Dr. Wood's Nigway Pine Syrup cures coughs and colds down to the very verge of consumption.

CHANGES IN GAME LAWS.

Hunters Here Think Slaughter of Deer Should be Curtailed.

The state legislature has under consideration a bill to limit the killing of deer so that such a "slaughter of the innocents" as took place last fall may not again occur. There have been a number of suggestions made relative to changes in the game law, all of which are good as far as they go, but the one which will appeal to those interested as being the most practical is to have the hunting season come in August or early September instead of the last half of November, as is now the case. The leaves are on the trees in the two months mentioned and it is a much harder proposition to see the deer than in November when the foliage is gone. This is the most frequently advanced reason for making the change suggested and local hunters are, as a rule, in favor of it. Eight or nine years ago the hunting season was in August, but then the law was changed and it has remained in force in its present form ever since.

Another change which those who love the sport at heart favor is that of limiting the number of deer each hunter may kill to two. Allowing each person holding a hunter's license to kill five deer has a tendency to encourage "spot hunters" to go into the woods every fall for financial gain, and many overstep the bounds and kill more than that number. Most of the hunters in these parts go into the woods for the sport, pure and simple, and even if one of these manages to kill five deer he would not think of selling any of the carcasses, but would pass them around among his friends. These are the men who want the law changed and there is more than a possibility that they will see their views in the matter given effect.

THE BEST REMEDY FOR RHEUMATISM.

Quick Relief from Pain.

All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Sinks, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my arm and shoulder. I tried numerous remedies but got no relief until I was recommended by friends to use Chamberlain's Pain Balm. I was soon relieved of all pain. I have since recommended this liniment to many of my friends, who agree with me that it is the best remedy for muscular rheumatism in the market." For sale by the Stafford Drug Co.

LOCAL LACONICS.

Miss Lulu Cyr is visiting friends in Marquette this week.

Miss Jennie Hassett has returned from a several weeks visit with friends in Chicago.

The Negaunee orchestra band will give a concert in Stecher's saloon tomorrow evening.

Miss Margaret O'Leary is down from the copper country on a visit to her friend, Miss Mabel Jackson.

The ball given by the Negaunee orchestra band in McDonald's opera house last evening was a social and financial success.

Mr. and Mrs. Anson Algire have returned from their trip to Ashland, where they went the first of the week to visit friends.

Fick Choquette has purchased from Alex. Maitland, the house and lot at the corner of Lincoln street and Healy avenue for \$1,325.

A party of four Cornishmen left Negaunee bound for Great Falls, Mont., this week. They will make their homes in the western city.

Lewis Sorenson is moving his family and household goods from the residence of George L. Kuhlman on Pioneer avenue to that of William Ayers, on Peck street.

The old road to Goose Lake is in very bad condition, it being impassable for a heavy load. The county will be asked to repair it by those who use that thoroughfare.

A horse belonging to Adam Carmichael did not like the new store of that gentleman on Silver street and started for the old location on Iron street Wednesday afternoon via the side walk. No damage was done.

The Sness farm, situated on Section 9, about a mile and a half from the city, was visited by vandals this week and the entire supply of furniture in the house carried into the yard and destroyed. This is the worst piece of vandalism which has occurred in this section for

A WOMAN WILL ALWAYS BUY A Columbia Bicycle.

The reason for that is its graceful lines and its high grade materials. We handle such other makes as—
HARTFORDS, CLEVELANDS, TRIBUNES.
J. M. PERKINS, JEWELRY and Stationery.

some time. Those who perpetrated it derived no benefit from their work and Mr. Sness is at a loss to understand their conduct.

A party of fifteen Finlanders arrived in the city yesterday morning via the Northwestern and were taken in charge by a number of their countrymen here. There were both women and men in the party and also a few children.

A. Erickson has commenced the sale of ice cream, by wholesale and retail, and is prepared to supply everyone in large or small quantities. Erickson has fitted up an ice cream parlor in his store on Iron street and is already having a fine patronage.

The regular monthly meeting of the school board was held Wednesday evening instead of this evening, as some of the members are going to take in the Old Fellow's celebration. It was decided to put in the heating plant in the Jackson school and also to put fire escapes on the Case street school. It is likely that both these improvements will be made during the summer. It was also decided to hold the annual election of teachers next Tuesday evening.

It was stated in The Mining Journal in a previous issue that John Stewart has sold to John Carlson of Ishpeming, a lot on Cherry street for \$800. Mr. Stewart has sold this property, but not to Mr. Carlson, the land being purchased by the Oliver Iron Mining company and this purchase gives the company a right of way from its recent purchase of the Knob estate to the street and so into the race course plat. It may therefore be regarded as an important transfer.

WHEN TRAVELING

Whether on pleasure bent or business take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectively on the kidneys, liver and bowels, preventing fevers, headaches and other forms of sickness. For sale in 50 cent bottles at all leading druggists. Manufactured by the California Fig Syrup Co. only.

Additional Ishpeming

SCORE WAS A TIE.

Seniors and Juniors Open the Baseball Season.

Yesterday afternoon marked the opening of the baseball season here. The senior and junior classes of the high school played a game at Union Park. It was merely a practice contest and the work was rather loose but it served to luller the boys up and to help fit them for the athletic meet to be held May 18. The game resulted in a tie, 6 to 6.

The approaching athletic meet is the only thing talked of in high school circles and every man is doing his best to make the team which will oppose the visitors. To determine its personnel a class meet will be held at the park on May 11 and though the winners in that meet may not all go to the field day they will have a fine chance to make the team. The boys go to the park to train nearly every day. The list of contestants is fully as large as when the meet was first suggested. It practically includes every lad who has any athletic pretension.

SETTLEMENT EFFECTED.

Sam Blumenthal made a settlement with his creditors at twenty-five cents on the dollar. This outcome of his recent failure was announced yesterday afternoon by Trustee M. A. Kahn. Blumenthal's liabilities are over \$7,000, his assets about \$2,500. At the time of the crash M. A. Kahn, of the firm of Kahn & Skud, was appointed trustee and it is largely through his efforts that a settlement has been effected. Mr. Kahn corresponded with each creditor and found that they were willing to take the twenty-five cents. He with two others, has taken a mortgage on Blumenthal's stock and fixtures and have settled the liabilities. In all probability Mr. Blumenthal will hold a sale in the near future and endeavor to clear the mortgage.

'TIS EASY TO FEEL GOOD.

Countless thousands have found a blessing to the body in Dr. King's New Life Pills, which positively cure Constipation, Sick Headache, Dizziness, Jaundice, Malaria, Fever and Ague and all Liver and Stomach troubles. Purely vegetable; never gripes or weakens. Only 25c at Stafford's drug store.

"WE DON'T WANT MONEY BAD."

We want it good and we will give you value received, as is every bottle of Dr. Caldwell's Syrup Pepsin, no matter be it 10c, 50c or \$1.00, as we guarantee it for Constipation, Indigestion, Sick Headache and Stomach Trouble. Stafford Drug Co.

Those horrid fits of depression, melancholy, low spirits, and sudden irritability, that sometimes afflict even good-tempered people are due to the blood being permeated with thick bile. HERBINE will purify the blood, restore health and cheerfulness. Price 50 cents. The Stafford Drug Co.

A GREAT POSSESSION.

Eyes are an every day possession. They don't seem to be so wonderful until we lose them. Your eyes may be warning you every day of their weakness, their inability to do their work without help. They are the "daily bread makers" for most of us. Don't neglect them.

Perkins' drug store.

WHEN BABY HAS THE CROUP.

How many anxious hours are spent by mothers when baby has the croup. And how many times the anxiety and the tender care go all for naught, because the treatment given is not right. Thoughtful Mothers know the worth of Bunsen's Pine Tar Cough Honey in cases of Croup or Pneumonia and prefer it above all others. Price 25 and 50 cents. For sale by the Stafford Drug Co.

Dropped Dead! Heart Disease? No! Kidney Disease.

Every day people die of so-called "Heart Disease" or apoplexy, but in reality of an unsuspected kidney disorder. Why? Because physicians either are ignorant of its existence, or unwilling to tell the truth.

In the present age there is no more fatal malady than kidney disease. We do not even except consumption of the lungs, for a kidney disease is allowed to become fully developed is certainly consumption of the kidneys. Kidney disease is often unsuspected, as the kidneys have but few nerves, and when deranged they don't give alarm by reason of pain or distress.

Any person may have an attack of dyspepsia and attribute the disorder to a bit of indigestion or other slight cause. An occasional darting pain will be experienced somewhere. It comes and goes often like a flash. The victim may think there is something wrong with the air, or that the weather has "broken its record." He has a headache; his rest is disturbed; he cannot keep quiet; he is fidgety. If he is a brain worker, he lays it to close application. At times his appetite is lost, while others he cannot get enough to eat. He has what he calls catarrh; he has strange misgivings; he is easily startled; he has at times a raging fever, a little pleurisy and congestion; he wakes in the night scarcely able to breathe, great beads of sweat on his brow, his heart jumping wildly.

What is the trouble? An unsuspected kidney disease, the kidney poison corroding his entire system.

How can it be stopped? There is but one sure treatment. Warner's Safe Cure absolutely, permanently and radically cures, no matter how long, how severe, or how generally fatal the disease. It is a specific. It has a marvelous power over the kidneys. We challenge the world to produce its equal. Warner's Safe Cure must, however, be taken faithfully and as directed. If so taken, we will guarantee it to produce the desired results.

Send your name and address to WARNER'S SAFE CURE CO., ROCHESTER, N. Y. For Free Sample Warner's Safe Cure.

NO TRACK OF ORE CARRIERS

Neither South Shore Nor L. S. & I. People Know When to Expect the First Boat.

JAY GOULD HAS LEFT CHICAGO AND MAY OPEN NAVIGATION.

Hauling to the Presque Isle Dock Was Started Thursday and It Will Begin to the Lower Harbor Not Later Than Monday.

FIRST ARRIVAL WILL BE BELATED.

A year ago today navigation in Marquette harbor had been open for nearly forty-eight hours, as the first boat, the Pontiac, steamed up to one of the docks the afternoon of April 24. This spring no one is predicting positively when the first ore carrier will make the port, although it is generally expected that she will come in some time next week, perhaps on May 1. The officials of the L. S. & I. road rather expect their first boat about that date, although they have as yet received no definite information concerning the movements of the craft which carry the ore handled by their line. Their trains were put in operation between the upper road mines and the Presque Isle dock Wednesday and they will run on a regular schedule from now on. A comparatively small amount of ore is being handled at present, but the daily tonnage will be largely increased as soon as navigation is fairly opened.

The South Shore people are not moved any one to Marquette yet, but it is announced that the hauling will begin Monday. Both the L. S. & I. and South Shore lines have completed all the preparatory work for their busy season. There is now considerable speculation relative to the arrival of the first boat. The engineers' strike will be responsible for the late opening. Had it not arisen to interfere with the plans of the shipping interests it is likely that the first carrier would have already made and cleared this port.

It is now believed that the honor of opening navigation in this port will fall to the freighter Jay Gould this spring, as she left Chicago, bound north, yesterday.

CUT ABOUT COMPLETED.

Marquette & Southeastern work on Lake Street Well Advanced.

The cut in process of construction by the Marquette & Southeastern road south on Lake street from Superior for a couple of hundred feet is well along toward completion. The heaviest work has been done and it will be but a comparatively short time when the improvement is finished. The construction crew will lay the South Shore track on its new grade today. The cut now has the requisite depth, about eight feet, but it is still necessary to widen it in a couple of places to permit the laying of the Marquette & Southeastern track

which will run parallel with the South Shore line. Lake street is hardly recognizable where the Marquette & Southeastern crews have been at work for the past few weeks. An enormous cut has been made and half of the street has been chewed up. Just now the thoroughfare looks like a wreck, but when the new company walls in the cut and builds the promised fence on its western side Lake street will again be presentable. The ultimate condition of the street will be satisfactory as there will be no danger on account of the proximity of the road. The proposed fence will make what is left of the street perfectly safe for the use of all classes of vehicles. Had the street been graded down to the grade of the tracks for its entire width it would have been a veritable death trap.

FINE LECTURE COURSE.

Prof. Hill and Gen. Bailey to Speak in the Methodist Church.

Prof. G. W. E. Hill of Des Moines, Ia., who has personally conducted several European tours and who has for several years been one of the lecturers of the Bay View Assembly course, will give an entertainment in the Methodist church every evening next week.

On Monday, Tuesday and Wednesday evening of the following week General G. W. Bailey, "Tan Kee," the Artemus Ward of China, a lecturer of national repute, will lecture on China and the Chinese. General Bailey will have an exhibition \$60,000 worth of Chinese costumes and curios.

Tickets are for sale at Handford's store. Course tickets, \$1.50; any six evenings, \$1; single admission, 25 cents. The program will be published tomorrow.

PICTURES FOR NORMAL.

Portraits of Writers, Scientists and Teachers About to be Hung.

The Northern Normal's collection of pictures and art objects is about to receive a notable addition in the shape of over twenty portraits of writers, scientists and leaders of thought along educational lines. The portraits are now being framed and they will be ready for hanging in a few days. They will be displayed in the several rooms of the Normal, it being the intention to make the most appropriate distribution possible. The Normal's present collection of pictures, comprising over seventy subjects, consists mainly of reproductions of the world's famous works of art and architectural pieces. The portraits are limited and the introduction of the noted faces will be greatly appreciated.

Among the writers whose portraits are to be hung on the Normal walls are Edmund Spenser, Shakespeare, Dante, Tennyson and Goethe. The scientists include Michael Faraday, Sir Humphrey Davy, Alexander von Humboldt, Charles Darwin, Louis Agassiz, Asa Gray and James Dana. The great men of the educational world who are to be similarly honored are John Locke, Comenius, Pestalozzi, Herbert Spencer, David Page, Horace Mann and Henry Barnard.

No headaches in Carvalho's cigars, sweet and mild.

\$5,000 will be paid to any one producing as good a spring tonic as Rocky Mountain Tea. A family blessing. 35c. Stafford Drug Co.

You owe it to yourself to try Carvalho's hand made cigars.

THE TAX COMMISSION.

It is Addressing the Supervisors Throughout the State.

The state tax commission is sending to each supervisor and assessing officer in the state a letter urging closer official relations and hearty co-operation in the execution of the tax laws. The first duty of the tax commission is declared to be the exercise of general supervision over the assessing officers of the state. Attention is called to the fact that the status of the board and its acts have been defined and held constitutional. The commission proceeds with confidence in the performance of its duties.

"The general properties of the state must be assessed at true or actual cash value," says the letter. "This is a mandatory requirement and will admit of no doubt or evasion; and around the enforcement of this plain and simple provision centers the whole force in the law of assessment of property, and it cannot be too frequently or vigorously urged upon assessors when seeking the equitable taxation of the properties of the state. The term, true or actual cash value, is said not to be vague or uncertain. The assessing officers well know what it means, and they are informed that after finding or knowing this true cash value, the taking off of a certain per cent for convenience sake, or otherwise, is a rank violation of law and sworn duty, the practice of which, if continued, must meet a just punishment."

"It is principally because of the violation of this sworn duty on the part of the assessing officer that the commission has been empowered to review and correct assessments. It is admitted that the commission cannot in a single year review all the rolls of the state, but must content itself with fairly distributing its work over the state. Those properties thus affected are no doubt of the public burden, and the commission says the assessing officer is primarily to blame for this."

"The only way out of the difficulty, then, is for the assessing officers to, in advance, protect their entire constituencies by putting all the property therein on the rolls at its uniform cash value."

HE KEPT HIS LEG.

Twelve years ago J. W. Sullivan of Hartford, Conn., scratched his leg with a rusty wire. Inflammation and blood poisoning set in. Then the best doctors urged amputation, "but," he writes, "I used one bottle of Electric Bitters and 1 1/2 boxes of Bucklen's Arnica Salve and my leg was sound and well as ever." For Eruptions, Eczema, Tetter, Salt Rheum, Sores and all blood disorders Electric Bitters has no rival on earth. Try them. Stafford will guarantee satisfaction or refund money. Only 50 cents.

OPENING WEEK!

Our Formal Spring (1901) Opening which occurred Friday and Saturday only marked the advent of opening week, which begins today. The short space of time since I made arrangements to continue this business in Marquette did not permit of our showing the complete lines of goods at our formal opening that we will be enabled to show during this week. We will receive this week a complete spring assortment of the

25 New Creations in Silk Waists and in the New Nunsveiling Waists.

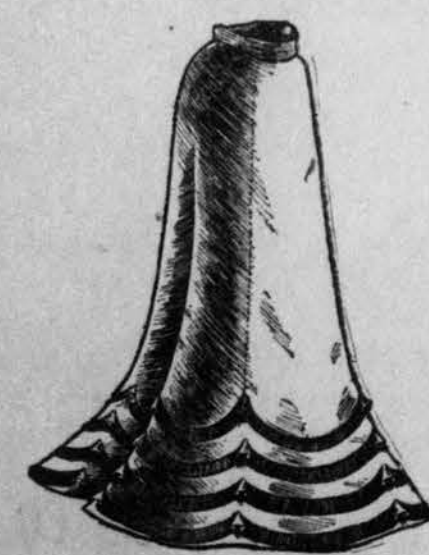

Celebrated Centemeri Kid Gloves At \$1.00, \$1.50 and \$1.75; Fully Warranted.

New Silk Petticoats, Accordion Plated, at \$5 00, \$7.50, \$8.50, \$10.00, \$12.00, \$15.00.

The Most Complete and Exquisite Effects in Ladies' Neckwear.

New shirt waists in leading materials in the latest cut and in sailor collar effects. New dress trimmings and allover--an unequalled showing. Spring dress goods---not surpassed by large city stores---and at the lowest prices, consistent with the quality. Our sales during the past week in our suit department surpasses our greatest hopes, the fact that we have been selling the newest Perisian styles at actual wholesale prices (owing to our recent under-value purchase of over \$1,900) has been too strong an inducement for the public to pass. We have hundreds of elegant new suits now in stock which we will sell at less than our neighbors pay for them. It is an old saying "that goods well bought are half sold," never was it more fully demonstrated. Remember we are making our usual profit on every garment sold, our advantage comes in buying at a lower price than our competitors. Our terms are cash, but a dollar will buy more at our store than anywhere else. No old styles in our stock.

Van Alstyn's OPERA BLOCK DRY GOODS HOUSE MARQUETTE, MICH.
