**MORE WAR SINEWS.**  
HOUSE OF COMMONS VOTES \$75,000,000 for Horses.  
CHARGES OF CORRUPTION MADE.  
BRITISH OFFICERS ACCUSED OF DEFAUDING GOVERNMENT.  
Allegations Denied but Will Be Probed—In the Transvaal, Boers Surprised by Scouts Lose 37 Killed, 100 Prisoners, and Supplies.

London, June 6.—After a long and somewhat embittered discussion of the policy of the war office in buying horses for use in South Africa, the house of commons tonight, by the vote of 159 to 60, voted the sum of £15,779,000 for transports and remounts.

Sir Blundell Maple, a Conservative, asserted that British officers who had been sent to Hungary and Austria had passed broken-down animals at extravagant prices and divided with the sellers the price charged the British government above actual cost. He demanded the appointment of a committee of inquiry.

Lord Stanley, financial secretary of the war office, said the inquiry would be made, but he believed the accusations would be disproved.

Bad Boer Defeat.  
Pretoria, via Cape Town, June 6.—Colonel Wilson, with 240 of Kitchener's scouts, yesterday surprised and routed four hundred Boers belonging to Beyers' command thirty-four miles west of Warm Baths.

The Boers resisted stubbornly, but finally broke and fled, leaving thirty-seven dead, a hundred prisoners and all the wagons and supplies, including 8,000 cattle, in the hands of the British. The loss of the latter was three men killed and fifteen wounded.

Beyer's main command arrived on the scene soon after the engagement, but failed in an attempt to recapture the supplies.

**DUKE ERNEST THE DEFENDANT.**  
Sensational Suit for Damages Begins at the German Capital.  
Berlin, June 6.—A sensational case began today in the first district court of Berlin. The plaintiff is Anna Milewski, formerly lady-in-waiting upon the deceased Princess Amalia of Schleswig-Holstein, and the defendant is a brother of Empress Augusta Victoria, the Duke Ernest Guenther.

The plaintiff claims that Princess Amalia received only 12,000 marks annually from the defendant, who is the head of the house. She also asserts that, as she had a fortune of her own, amounting to 80,000 marks, she made loans to the princess, who, being in the last stages of consumption, was at the time proceeding slowly to Egypt.

While the princess was in Malta, according to the plaintiff's statement, she engaged as chamberlain an American named Walker, who, perhaps, unaware of the financial resources of the princess, induced her to incur large expenses. Finally, the plaintiff, who feared the loss of her entire fortune, made the princess, with whom she had now arrived at Cairo, restore to her 20,000 francs.

The plaintiff now declares that at the instigation of Prince Joachim of Prussia caused the Egyptian police to arrest her in a street, after which she was forcibly and inhumanly transported back to Prussia, where she became ill.

Meanwhile, according to the plaintiff's declaration, Walker forcibly took the plaintiff's 20,000 francs from her trunk and with it settled the unpaid bills of the princess, then deceased, and defrayed the cost of transporting the body home. The plaintiff asks that the 20,000 francs be refunded, with interest.

The defendant's counsel, Count Bredow, challenged the accuracy of a number of the plaintiff's statements, and the court decided that, before the proceedings were carried further, Prince Joachim's adjutant, who is still in Cairo, must depose.

**TROOPS AT ODDS IN CHINA.**  
British and French Still Near to Friction at Tien Tsin.  
Pekin, June 6.—The trouble between the British and French soldiers at Tien Tsin continues. Brigadier General Campbell, in command of the British troops, and the French commander will use their utmost endeavors to prevent further friction.

The ministers have ceased to hold meetings while making inquiries as to the desire of their respective governments.

Precautions by Waldersee.  
Berlin, June 6.—The war office today received the following dispatch from Count von Waldersee, dated at Tien Tsin, the 4th:

"I have now resigned the functions of commander-in-chief and today am leaving China by way of Tokio. Strict measures have been taken here to avoid collisions between the different contingents. In company with a large German detachment, I attended the funeral of the French soldiers killed in the recent affray."

**MRS. MCKINLEY MAKES NO GAIN.**  
Dr. Rixey Reports No Change in the Condition of His Patient.  
Washington, June 6.—Dr. Rixey left the White House at ten tonight after an hour and a half spent in attendance on Mrs. McKinley.

He said: "There is no material change in Mrs. McKinley's condition. She remains the same as this morning."

In answer to specific inquiries, Dr. Rixey replied he could not say that there had been any perceptible improvement whatever during the day.

The president today formally notified the Buffalo exposition management that he would not be able to attend the exposition on the 13th inst. as planned.

**PEOPLE'S CHURCH BRANCHES OUT**  
Chicago Congregation Takes Out Articles of Incorporation.  
Chicago, June 6.—Articles of incorporation for the People's church of America were granted today at Springfield, this action being taken to extend the scope of the People's church of Chicago into a national organization. The Chicago church, under the direction of Rev. H. W. Thomas, will be the parent body and will have limited jurisdiction over the congregations at other points. The first of the new branches proposed are for Duluth and the Black Hills region of South Dakota.

**INDIANS BRING SUIT.**  
Seek to Enjoin the Opening of Lands in Oklahoma to Settlement.  
Washington, June 6.—Suits were begun today in the supreme court of the District of Columbia by Lone Wolf and other Indians, representing the Kiowa, Comanche and Apache tribes, asking the court to enjoin Secretary Hitchcock, Commissioner Herrman of the general land office and Commissioner Jones of the Indian office from carrying into effect the law providing for the opening of parts of the lands of those Indians located in the Oklahoma territory to settlement. They also ask that the law authorizing the opening of the lands be declared void on the ground that the cession by Indians professing to represent the tribes was unauthorized.

**FIRE AT PABST BREWERY.**  
Loss Is \$200,000 and One Man Is Killed by a Fall.  
Milwaukee, June 6.—The Pabst Brewing company suffered a loss by fire this evening to the extent of nearly \$200,000. The fire started near the roof of elevator "F," where coopersmiths were making repairs. Elevator "F" was gutted and the malt house adjoining badly damaged.

John Smith, a coopersmith, died from injuries sustained by falling four stories while attempting to slide down a rope. Fire tonight at the lumber yard of the Wisconsin Furniture company caused a loss of \$75,000.

**GIRL STUDENT IN DISGRACE.**  
Pleads Guilty to Thefts at Smith College, Massachusetts.  
Northampton, Mass., June 6.—Mable Lawrence Burt of Bridgeton, N. J., the daughter of a prominent lawyer, was arraigned in the district court here today charged with the larceny of jewelry and money from various students of Smith college. She pleaded guilty and was locked up in default of \$1,500 bonds. The police stated that the amount of property alleged to have been stolen aggregated fully \$3,000.

The arrest was made by a Chicago detective sent here by the father of Miss Burt, who lost two rings. The detective made the acquaintance of Miss Burt and invited her to take a trolley ride. During the journey the young man succeeded in comparing the time and in this manner identified the watch the young woman had as one belonging to a Smith college student.

**DISMISSED FROM NAVY.**  
Lieut. Townley Convicted of Commissary Frauds at Manila.  
Washington, June 6.—News was received here today through unofficial channels that Lieutenant Richard H. Townley, of the navy, has been convicted by a court-martial at Manila and sentenced to dismissal from the service. The charge on which Townley was court-martialed was in connection with the recent commissary irregularities at Manila.

**GERMANS FALL VICTIMS TO A TRIBE OF CANNIBALS.**  
TWELVE SLAIN AND DEVoured.  
MEMBERS OF AN EXPEDITION TO THE SOUTH SEAS.  
Party Is Surprised and Attacked While Cleaning Rifles, a Few Managing to Reach the Boats and Escaping to an Adjacent Island.  
Berlin, June 6.—The Tageblatt today prints special correspondence from New Guinea containing an account of the massacre of members of the first German South Sea expedition on the cannibal island of St. Matthias. Twelve were killed and eaten.

The Colonial Zeitung, the official organ of the German Colonial society, furnishes the details of the massacre. It seems that the vessel which carried the expedition to the island of St. Matthias left after a few days from Herberschop, New Britain, to get coal and fresh supplies. During its absence the savages, who hitherto had appeared friendly, although known to be rabid cannibals, planned to kill and rob the diminished party.

Swoop Down on the Camp.  
The plot was carried out one morning while the members of the expedition, who had a body guard of Papuans, were cleaning their rifles, which they had taken apart. Suddenly eighty islanders broke from the bushes, raising fierce war cries and brandishing spears with which they stabbed to death the leader of the party, Dr. Menoken, his secretary, Herr Caro, and a white sailor who was asleep under a tent.

Dr. Heiroth emptied his revolver into his assailants, while the body guard in the meantime retired to the boats with the wounded and Dr. Heiroth, leaving twelve dead. The boats put off to an island not far distant, where the expeditionary vessel rescued them.

Subsequently the survivors returned to the island of St. Matthias, where they found the bodies had been devoured and the camp absolutely looted.

**CONGRESSMAN OTJEN HURT.**  
Street Car Runs Down His Buggy on Milwaukee-Racine Line.  
Milwaukee, June 6.—Congressman Theobald Otjen and his private secretary, Nathaniel Green, were run down by an electric car on the Milwaukee-Racine line this afternoon while driving in a buggy. Both men were seriously injured.

The car was going at rapid speed, when Mr. Otjen attempted to cross the tracks. The buggy was smashed and the occupants hurled fifty feet.

**BRITAIN'S PREMIER GOLFER.**  
James Braid Defeats Vardon for the Championship.  
Gullane, Scotland, June 6.—James Braid of Scotland won the open golf championship of Great Britain today on the Murfield links from former Champion Vardon by the score of 309 to 312.

**AMALGAMATED ROW**  
EXCITEMENT AT MEETING OF THE COPPER COMPANY.  
MINORITY PUTS UP A FIGHT.  
SEEKS TO PREVENT ABSORPTION OF THE MONTANA MINES.  
Deal Is Denounced as Scandalous but Is Ratified Subject to the Approval of the Court, the Purchase Price Being Put at \$80,000,000.

**THEIR BODIES EATEN PREY TO GHOULS.**  
LINCOLN'S REMAINS AT MERCY OF BODY-SNATCHERS.  
DISCOVERED BY SON, ROBERT T.  
PAYS VISIT TO THE TOMB DISGUISED AS A WORKMAN.  
Casket Now to Be Placed Under a Huge Block of Cement in the Monument, Out of Reach of Any Interference.  
Chicago, Friday, June 7.—The Inter Ocean this morning prints a story saying that the recent reinment of the remains of Abraham Lincoln at Springfield was done in such a manner as to leave them, in a measure, at the mercy of body snatchers, and that steps are to be taken, at the instance of Robert T. Lincoln, to have the body placed, as in the former monument, under a huge block of cement, where it will be out of reach of any attempt at molestation.

Mr. Lincoln some time ago gained the idea that the remains of his father were not properly secured against possible desecration of body snatchers, and he determined to make an investigation on his own account. He went to Springfield in the disguise of a workman and spent much time in and around the new monument. He came to the conclusion that the present location of the body left it, in a measure, at the mercy of anybody who should desire to carry it away, particularly as there is no watchman around the monument at night. He will at once take steps to have the matter remedied and have the body placed so that it hereafter will be secure from any interference whatever.

**BROKERS "MOB" SCHLEY.**  
Visit by the Admiral Entuses the New York Maritime Exchange.  
New York, June 6.—Rear Admiral Schley, who today went to the Maritime exchange to visit Lieutenant Commander Sears, his flag lieutenant at the battle of Santiago, was asked to speak to the brokers. He declined, but stated he would be pleased to shake hands with everybody.

When the cheering had subsided, some shouted: "What's the matter with Sampson?" The admiral replied: "Nothing," he's a gallant officer and a good man."

This was greeted with more cheers and the uproar became so great that some one jokingly telephoned to the police station that a riot was in progress in the Maritime exchange. The police escorted the admiral to safety after he had shaken hands all around.

**KILLED AT TARGET PRACTICE.**  
Sweetheart of an Ohio Man Accidentally Causes His Death.  
Fairhaven, O., June 6.—Curtis Roberts, superintendent of the schools of Fairhaven, was accidentally killed this afternoon at target practice. Together with his sweetheart, Mary Alford, and a party of young people, Professor Roberts went into the woods to practice with a revolver. Miss Alford fired the first shot, and the ball, striking a stump, glanced off and struck Roberts in the side, inflicting a fatal wound.

**SENATOR HANNA A COLONEL.**  
Will Serve on the Staff of the Commander of the G. A. R.  
Cleveland, June 6.—Senator Hanna has been appointed a colonel on the official staff of General Rassiuer, commander-in-chief of the Grand Army of the Republic.

**ACQUISITION RECOMMENDED.**  
John A. Garver, counsel for the Amalgamated Copper company, then read the report of the special committee recommending the acquisition of the Boston & Montana and Butte & Boston Mining companies. Mr. Verner again moved to reject all proxies of the Stillman-Bacon faction, on the ground the proxies had not been properly stamped. This was voted down.

As the decisive vote was then about to be taken Mr. Verner made a speech, declaring that the proceedings were "fraudulent" and the deal scandalous. He added, "If the court does not enjoin this iniquitous proceeding, then I say we have no further use for the court."

The resolutions to increase the stock as proposed, and to purchase the Boston & Montana and Butte & Boston companies were passed by the vote of 594-853 shares to 304. Another resolution was passed to the effect that the carrying out of the two resolutions be subject to the approval of the chancery court.

**Basis of the Merger.**  
The purchase price mentioned in the resolution is 5 1/2 shares of Amalgamated for one share of Boston & Montana stock and 1 1/3 shares for one of Butte & Boston stock. By the terms of the resolution adopted, the price of the two properties to be purchased is placed at eighty million dollars. The meeting was adjourned to meet June 10 next.

**MINORITY MOTIONS DEFEATED.**  
William H. Corbin, counsel for the Amalgamated Copper company, was elected chairman of the meeting. Clarence H. Vanner of Boston, in behalf of the opposition, moved to adjourn until June 20, but before Chairman Corbin would entertain the motion he directed that Controller Robert S. Jordan of Jersey City and Legrande Bouker find out how many shares were represented, and by whom. It was found that 391,309 shares were represented out of the total of 750,000, more than the required two-thirds.

Favel McGee and Isaac S. Taylor, representing the opponents of the proposed absorption, directed the fight in person and were aided by Mr. Verner, who next moved that the inspectors of election report specifically the number of stockholders represented by proxy and those represented in person, also that a record of those stockholders represented by James Stillman, A. R. Flower, James Bacon and James Jordan be made. This motion was voted down.

Mr. Verner next wanted a stock vote, but Chairman Corbin said there was no reason for that, and Mr. Verner moved that all proxies held by Messrs. Stillman, Flower, Bacon and Jordan be rejected as illegal. This was also voted down.

**ACQUISITION RECOMMENDED.**  
John A. Garver, counsel for the Amalgamated Copper company, then read the report of the special committee recommending the acquisition of the Boston & Montana and Butte & Boston Mining companies. Mr. Verner again moved to reject all proxies of the Stillman-Bacon faction, on the ground the proxies had not been properly stamped. This was voted down.

As the decisive vote was then about to be taken Mr. Verner made a speech, declaring that the proceedings were "fraudulent" and the deal scandalous. He added, "If the court does not enjoin this iniquitous proceeding, then I say we have no further use for the court."

NORTHERN NORMAL IN LUCK

After all, the governor's veto will not deprive the Northern normal school of the right and power to grant life certificates as teachers to its graduates. This is great luck for the institution, which has been seriously handicapped by the unjust discrimination against it and in favor of the Ypsilanti school which the governor supposed his veto would curtail.

The bill empowering the Northern and Mt. Pleasant normals to grant life certificates to their graduates was approved by the state board of education; by the state superintendent of public instruction, Professor Fall; by the president of the state system of normal schools, Dr. Leonard, and by all the leading educational men of the state. Its passage was desired by friends of education generally throughout the state. It was fully considered by the legislature, and was passed toward the close of the session without encountering opposition in either the house or senate. No one thought there was any danger of his being vetoed by the governor, and his action in disapproving it came as a complete and most unpleasant surprise to the friends of the two institutions which it was designed to aid.

At the meeting of the state board of education last Friday the course taken by the governor on this bill was discussed with much warmth. The members of the board felt that the governor had acted with manifest disregard for the welfare of two young educational institutions of the state at a time when they need every support and encouragement, and had also shown singular contempt for the opinions of the men to whom the people of the state have entrusted the care of and control over their educational interests. One of the members of the board, Hon. P. Kelly of Detroit, who is a lawyer, avowed himself of the belief that the Northern normal has the right to grant life certificates to its graduates, and all the other rights and powers accorded the Ypsilanti normal, in spite of the veto. Another lawyer member of the board, Hon. L. Avery of Port Huron, after examining the law agreed with Mr. Kelly in this opinion. Subsequently Judge Dodd, of Mt. Pleasant, a jurist of high standing, was asked for an opinion in the matter, and he concurred in that of the two other members of the board named. Professor Fall, state superintendent of public instruction, was then conferred with and he was asked to obtain the opinion of Attorney-General Oren on the legal proposition involved. Mr. Oren agreed that the Northern normal has the same powers and rights under the law establishing it as the Ypsilanti school enjoys, and that the veto doesn't touch it, though it unfortunately cuts off the Mt. Pleasant normal from the authority the legislature sought to invest it with, and to which it is rightly entitled.

The Northern normal will issue life certificates to its graduates this year and hereafter, in spite of Governor Bliss' hostility to it, and two years from now a legislature of Michigan will see that the Mt. Pleasant normal is placed, as it should be, on the same plane with the Ypsilanti and Northern normals.

It is believed that Ypsilanti normal school influence had much to do with inducing the governor to use his power against the interests of the two younger normals. It is this so the Ypsilanti institution manifested a contemptible spirit, and if it should some day discover that it has few friends in this part of the state it can charge the misfortune this may occasion it to its own petty jealousy and shortsighted selfishness.

Senator Hawley of Connecticut, who is chairman of the senate committee on military affairs, predicts that the act abolishing the army canteen will be repealed by congress next winter. Abolition of the canteen has given just the results experienced army men alleged it would when the anti-canteen bill was under discussion in the last congress, nevertheless the temperance people will fight repeal of the act, being theoretical reformers on whom facts have no influence. Army officers everywhere will ask that the canteen be restored to check the growing insubordination among the men to which its abolition has given rise. It will hardly be claimed that these officers have any unworthy interest in having the canteen restored, or that they are indifferent to

whatever makes for the welfare of the men under them, so it is probable that their testimony will count for more with congress than the appeals of visionary reformers who believe that the world can be made moral by statutory regulations.

That grand jury at Grand Rapids seems to be making some of the prominent citizens of that city feel mighty uneasy. It is getting at facts which go to establish that a conspiracy, involving members of the municipal government and influential politicians, was formed to rob the city on a grand scale, and that bribery was to be one of the methods employed. Official dishonesty has come to be quite a common thing in the lower part of the state, to judge from the frequency with which grand juries are being called together to investigate it and the disclosures following their work. We breathe a purer air in this peninsula, hence have no need for grand juries to chase down thieving officials, but there is danger that the contamination may spread to this section unless the moral disorder prevailing below the straits is ruthlessly stamped out.

A circular has been issued to the machinery manufacturers of the United States by the National Metal Trades association asking them to be present at the conference of employers, to be held at New York on the 11th of July, when it is proposed to organize all the manufacturers throughout the country to fight the strike of the machinists now that open war has been declared between the international association and the employers' association. All negotiations are declared to be at an end, and no compromise will be considered. "Our association," said Mr. Devens, the secretary, "has now decided that there can be no dealings with the unions. The men by their own act have made this impossible."

Reports from Washington are to the effect that the president has reversed his former decision to place the Philippine islands under civil rule and will continue the military government of the archipelago for the present. The president has discovered that the time has not come for relaxing the severity of military rule there, it is alleged, the people not being prepared for the milder one. The Taft commission might as well be disbanded if this be so, for it will have nothing to do in the Philippines. Civil and military government cannot well go on together, from their very nature, and if the Filipinos are to be treated as a conquered people they might as well be given to so understand at once.

Even the veto of Governor Bliss is not effective. In spite of it, the Northern normal will be able to give its graduates life certificates. The governor might have known better than to plant himself in the way of the advance of such a flourishing educational institution. But, then, there are a lot of things he might know that he doesn't just because he didn't get the right kind of an education.

A GOOD THING. German Syrup is the special prescription of Dr. A. Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cts. Get Green's Prize Almanac. The Stafford Drug Co.

Mothers lose their dread for "that terrible second summer" when they have Dr. Fowler's Extract of Wild Strawberry in the house. Nature's specific for bow-

ECZEMA—NO CURE NO PAY. Your druggist will refund your money if you Bor-Corol Salve fails to cure Eczema, Tetter, Old Sores, Piles or any itching skin disease, no matter of how long standing. One application gives ease and rest. Price 25 cts. per box.

Aside from the serious inconvenience and pain caused by piles, there is a tendency to fistula and to cancer in the rectal regions. Piles should not be allowed to run on unchecked. TABLETS FOR BLACK-PILE OINTMENT is an infallible remedy. Price, 50 cts. a bottle, tubes 75 cts. Stafford Drug Co.

LADIES CAN WEAR SHOES one size smaller after using Allen's Foot-Ease, a powder to be shaken into the shoes. It makes tight or new shoes feel easy, gives instant relief to corns and bunions. It's the greatest comfort discovery of the age. Cures and prevents swollen feet, blisters, callous and sore spots. Allen's Foot-Ease is a certain cure for sweating, hot, aching feet. At all druggists and shoe stores, 25c. Trial package FREE by mail. Address, Allen S. Olmsted, Le Roy, N. Y.

FOR A BOTTLE OF MEDICINE. This is to certify that my wife was for years afflicted with asthma and was so far gone that several physicians decided that her case must terminate in consumption. I was induced to try a bottle of Dr. Warner's White Wine of Tar Syrup. To our great satisfaction it gave almost immediate relief, and two bottles completely cured her. She is now well and healthy, but I would not be without the medicine if it cost fifty dollars a bottle. Wm. H. Farris, (Chn. Bd. Tp. of Wilton, Monroe Co., Wis. The Stafford Drug Co.

COPPER COUNTRY NEWS.

(Additional.) SUNDAY SCHOOL PICNIC. Children of the Pewabic M. E. Will Take a Trip to the Canal.

The annual excursion of the Pewabic (Quincy) M. E. church Sunday school will take place Sunday, July 27. Croze's pleasure launch has been chartered and the trip will be made to the canal, at which place a picnic will be held. The Quincy band will be taken along, and altogether a most enjoyable time is anticipated. The Pewabic school is a large one, having 340 members enrolled.

Church Out of Debt. At the recent adjourned quarterly conference meeting of the church, reports were read showing the church to be in splendid financial condition. All outstanding accounts have been liquidated. The pastor, Rev. William Pascoe, was granted a leave of absence for ten or twelve weeks and will soon leave for England to spend his vacation. The official board invited Mr. Pascoe to return to the charge, and he will likely accept, making his third year at the Quincy. Captain Whittle, a member of the board, announced its action to the congregation Sunday night, and it was received with much satisfaction. Rev. Mr. Pascoe is well liked by his people.

HOUGHTON WILL BE THERE. Houghton people, by all accounts, will join in heartily with Hancock in its Fourth of July celebration—not to the extent of donating to the fund, perhaps, for that aid is not solicited, Hancock having sufficient money to carry out the elaborate program proposed—but will help to make the observance of the day a success in a social way and "to keep the ball rolling." The Hancock celebration will be a hummer, and some surprises in the way of interesting features are in store.

Mayor A. J. Scott and A. D. Pettit did not leave Hancock for Chicago Wednesday, as was stated in yesterday's issue. Mr. Scott intended to go, but the council meeting occupied his attention and it was absolutely necessary he should remain to help settle some of the matters that were to come before the meeting, which was a decidedly important day, as was the committee expected to do something yesterday in regard to the celebration, and that if it were found necessary the trip to Chicago will be taken—likely this week. Mr. Pettit also decided at the last minute Wednesday not to go to the Windy City just now.

PARTY GOING TO CORNWALL. On June 19 a party composed of people residing at the Quincy location will leave Hancock for Cornwall, England, where they will remain during part of the summer, visiting relatives and friends. Mr. Scott said the committee expected to do something yesterday in regard to the celebration, and that if it were found necessary the trip to Chicago will be taken—likely this week. Mr. Pettit also decided at the last minute Wednesday not to go to the Windy City just now.

COPPERDOM BREVITIES. The copper country branch office of The Mining Journal is located in Room 3, second floor of the Deo Postoffice building, Houghton. All having business with the paper are cordially invited to call. Telephone No. 376.

F. Wieber of Houghton left yesterday for Chicago.

A boy was born to Professor and Mrs. J. L. Johnson of Houghton Wednesday morning.

R. T. McKeever of Houghton has returned from the East. He was accompanied by his wife.

The Mineral Range railroad has received three coal cars from Marquette, where they were thoroughly overhauled and rebuilt at the D., S. & A. shops.

"Continuous fun" is the motto of Rusco & Holland's Big Minstrel Festival which will be presented at the Houghton Armory Opera House next Tuesday evening.

By the first of next week the street railway will have its cars running from Houghton to the southern limits of Laurium. It is thought the wires are about strung to that place.

Rev. H. C. Casperson, pastor of the Hancock Norwegian Lutheran church, has gone to Wilmar, Minn., to attend a conference of his denomination. He will not return until next week.

Professor Franz A. Apel, who gave a historical piano recital yesterday afternoon at the Armory Opera House, Houghton, has decided to remain in the village during the summer months.

Tomorrow night officers for the ensuing year will be elected by Pilgrim lodge, I. O. O. F., of Houghton. For that reason a good attendance is desired. There will also be work in the third degree.

Tonight the pupils of Miss Lulu M. Skinner will give a recital at the Houghton Armory Opera House and as the sale of seats for the entertainment has been large a big attendance is expected.

It is expected that the contract for the building of the new French Catholic church at Lake Linden will be awarded before the week expires. It is the intention to have the building operations rushed.

Rev. Father Schneider of Marquette has been appointed by Bishop Els to assist Rev. Father Keller, pastor of St. Joseph's church at Hancock. During the absence of the latter to Milwaukee for the benefit of his health, Father Schneider will have charge.

The Hancock council has ordered a check to be drawn for \$5,500 for half payment of the horizontal pumping engine recently purchased for the village. The pump was purchased from the E. P. Mills company of Milwaukee, with \$11,100 at the consideration.

A party of Houghton fishermen will leave tomorrow morning for a three days trip to Bear creek and Otter river to angle for trout and grayling. The party will include W. B. Gordon, Horace

J. Stevens, George Williams, Louis Hennes and Sam O'Connell.

The owner of Jerry T, the horse that recently raced Rob Rene at the Hancock Driving Park, is anxious for another contest for a reasonable purse. The race will likely be arranged, as the owner of Rob Rene is confident his horse can walk away from Jerry T as it did the last time.

Rev. Frank Dyer of Chassel left yesterday for Chicago to see a minister to temporarily take his place at Chassel. Mr. Dyer goes to the South Lake Lincoln Congregational church for a while in place of Rev. Henry Harris, who will spend three or four months at Redridge.

Roy Braun, a popular student of the Hancock high school and a member of the school ball team, met with an accident while practicing on the Quincy sands Wednesday afternoon. In company with two others he ran for a "fly" and collided with Patrick Murphy. The force of the blow rendered Braun unconscious for about two hours.

At the recent meeting of the representatives of the Young People's societies of the county of Calumet, it was decided that an effort should be made to form a union of such organizations in the copper country. To that end E. L. Wright and W. H. Wing of Hancock and A. M. McKenzie of Calumet were chosen as a committee to confer with all the societies and ascertain their desires in regard to the matter.

At Laurium both the rock crusher and the new Kelly steam road roller are at work and the making of fine thoroughfares has been started well. The crusher has been breaking up rock for several days and teams are hauling the material to the streets. At a recent meeting of the Laurium council, William H. Thomas of North Tamarack was appointed engineer of the steam roller. He has had two years' experience in the work.

The Michigan Bell Telephone company has finished its work of putting in the underground conduits in Fifth street, Calumet, ready for the wires, and is now directing attention to work in other quarters. The company has planned to put the wires on Sheldon street, Houghton, in underground conduits and its intention is to do it this summer. It will make a vast improvement in the appearance of the thoroughfare and it is hoped the company will arrange to do the work soon.

At Hancock some trouble has been experienced lately with the Quincy street sewer at a point in front of the high school. It has become clogged with sand, necessitating the tearing up of the road and the washing out of the pipes with a stream of water. The trouble was the result of the putting in of a catch basin to run the surface water into the sewers. The water, of course, carries some sand and other material and in time it serves to stop up the sewer. The catch basin was first installed as a means of getting rid of the water which came from the old Hancock mine. The stream flowed from one of the levels of the mine down to the Finnish college into the street where it ran down Quincy past the school house.

(Additional Copper Country on Page 2.)

TAX RATE IS RAISED.

Houghton Council Plans Extra Money to Pay for Improvements.

The Houghton village council at a session last night set the tax rate for this year at 1 1/2 per cent of the total assessed valuation.

The trustees vigorously discussed the material to be used for macadamizing Sheldon street, and finally settled on trap rock, not the soft mine rock.

ITS OWN ELECTRICAL PLANT. Mineral Range Company Is Installing It at Hancock.

The Mineral Range railroad, which has heretofore had all its electrical power for use in the various buildings of the company at Hancock supplied by the Peninsula Electric Light & Power company, is now installing its own plant.

CAR TRACKS ARE SHIFTED.

Company Getting Ready to Build the Mesnard Overhead Trestle.

Employees of the street railway company were yesterday engaged at Mesnard in moving the track which crosses the Mineral Range's Franklin street to one side preparatory to the building of the overhead trestle.

EXCURSION TO THE ENTRY.

Finnish Macabees Going There Sunday - Program of Sports.

The Finnish Macabees of Hancock and Calumet have arranged an interesting program of games and sports which will be an interesting feature of their excursion to the entry next Sunday.

PLAY A PATRIOTIC ONE.

"Nathan Hale" Appeals to the Pride of Every American.

It is to be regretted that but a small audience saw Howard Kyle in Clyde Fitch's stirring Revolutionary war play "Nathan Hale" at the Houghton Army Opera House last night.

LETS CONTRACT FOR COTTAGE.

Thomas Conklin of Hancock yesterday awarded a contract for the construction of a summer cottage on the shore of Lake Superior about half a mile from the mouth of the canal.

SEVEN YEARS IN BED.

"Will wonders ever cease?" inquire the friends of Mrs. L. Pease, of Lawrence, Kan.

WARNING.

A WARNING—Do not feel tired before exertion is not laziness—it's a sign that the system lacks vitality.

BOXING BOUTS OFF FOR GOOD.

No Attempt to Be Made to Pull Them Off at Houghton.

The Beaushotte-Croake fight scheduled for next Monday night at Houghton is off for good; no attempt will be made to pull it off.

HANCOCK SALOONS CLOSE TIGHT.

Proprietors Glad of the Chance to Quit at Eleven If All Do.

At 11 o'clock Wednesday night at Hancock, every saloon in the village was dark and closed up tight because of the orders formulated by the council in the afternoon meeting.

SLOT MACHINES UNPROFITABLE ANYWAY.

It was noticed in both Houghton and Hancock yesterday that the slot machines in the saloons were all turned front to the wall so they could not be used.

BALL GAME AT BARAGA.

Hurontown Team Going to the Sawmill Town Next Sunday.

CONSPIRACY CHARGED BY HEINZE.

The Heinze faction, however, is not disposed to give up the fight without further struggle.

OLD DOMINION.

There was some comment by reason of the fact that the Old Dominion has not responded to the flattering reports, that have recently come from the property, comments the Boston News Bureau.

THREE-STORY ADDITION.

Good-Sized Annex to the Car Barn Now Going Up.

LET'S CONTRACT FOR COTTAGE.

Thomas Conklin of Hancock yesterday awarded a contract for the construction of a summer cottage on the shore of Lake Superior about half a mile from the mouth of the canal.

SEVEN YEARS IN BED.

ADVENTURE ACTION A SURPRISE.

Calling of \$6 Assessment Causes Wonderment in Copperdom.

To say that the news of the action of the directors of the Adventure Mining company at their meeting in New York yesterday, in calling an assessment of \$6 on the stock, came as a surprise to Houghton and copperdom speculators generally, would be putting it mildly.

SOUTH RANGE CONSOLIDATION.

President Paine Officially Announces There Is to Be a Merger.

Coming close on the heels of statements Monday's Boston papers to the effect that conferences were in progress between representatives of the Baltic, Triniton and Copper Range companies, the wires yesterday brought the news that President Paine, of the Copper Range, had announced officially that there is to be a consolidation of the South range group of mines, and that Baltic, Copper Range and Triniton will enter the ranks of the dividend-payers within two years.

CALUMET & HECLA SHUTDOWN.

Lack of Milling Facilities to Handle the Amalgamated Rock the Reason.

Officials of the Calumet & Hecla company at Boston say that the cessation of operations on the amalgamated lode is due to the fact that the company's present milling facilities are pressed to their full capacity by the output of the conglomerate lode.

AMALGAMATED DEAL VOTED.

Stockholders Authorize the Merger, While Heinze Carries the War to Boston.

At the special meeting of the Amalgamated stockholders at Jersey City yesterday, it was voted to increase the capital stock of the company to \$25,000,000 and that the company acquire the stocks of the Boston and Montana and Butte & Boston companies.

CONSPIRACY CHARGED BY HEINZE.

The Heinze faction, however, is not disposed to give up the fight without further struggle.

THREE-STORY ADDITION.

WIFE ON TRIAL.

MRS. KENNEDY A PRISONER AT THE BAR IN KANSAS CITY.

FOR MURDER OF HER HUSBAND.

IMPORTANT EVIDENCE GIVEN BY STATE'S FIRST WITNESSES.

Insanity Is Stated as the Main Ground of the Defense and the Proceedings Promise to Be Interesting—The Killing Described.

Kansas City, June 6.—Lulu Prince Kennedy listened today to half a dozen witnesses retrace the details of her killing of her husband, Philip H. Kennedy, hardly moving a muscle or showing a particle of emotion. Later, without apparent cause, she bowed her head and cried, but only for a few moments.

Outline of the Case.

In stating its side of the case, Attorney Nearing, for the defense, said it would show that Kennedy had ruined Lulu Prince and that he refused to live with her, and then, insane from the worry and remorse, she committed the act of murder. He denied that she had improper relations with Case Patten, the baseball player, and also said that insanity was prevalent in the woman's family and the prisoner partook of this disease.

Prosecutor Hadley, replying in rebuttal, declared the state would show that Kennedy was not responsible for the woman's ruin, that Mrs. Kennedy had sustained improper relations with almost every man long before she met Kennedy, almost up to the time of their forced marriage.

The state's first witnesses proved important. Frederick Bullene, reporter, and Captain Wade Mumford, assistant city editor of The Star, told of Mrs. Kennedy and her brother, Will Prince, coming to the office of that paper and requesting the publication of a certain story regarding her marriage to Kennedy. Both admitted the marriage had been forced upon the man now dead. Will Prince going so far as to say that Kennedy had been given the alternative of marrying or being killed. He requested that this fact not be published, "as it would annul the marriage."

Stenographer Tells of Killing. Roland Butler, a stenographer in Kennedy's office, told of the prisoner's father and brother demanding Kennedy to pay her board bill and, when he refused, threatening to kill and chasing him from the office, and of Kennedy's seeking the protection of policemen. Then he described minutely the scene at the office on the day of the murder, when Mrs. Kennedy appeared and, after receiving his refusal to live with her, shot him five times. Butler said that Will Prince struck Kennedy's brother down at the latter tried to disarm the woman.

Several witnesses examined corroborated the scene at Kennedy's office at the time of the killing, each testifying to the fact that Mrs. Kennedy appeared perfectly cool as she fired at her husband. When a policeman arrived and was holding her hand, she exclaimed, according to one witness, "Let go my hands; I want to fix my hair," which she did in a matter-of-fact way.

LABOR SCORES AN OVATION.

Leaders of British Bench and Bar Do Honor to Great French Lawyer.

London, May 6.—Maitre Labori, the distinguished French advocate, speaking in a strange tongue, English, held the leaders of the British bench and bar spellbound by his eloquence last night. More than five hundred of Great Britain's most eminent jurists, including the lord high chancellor, all the legal members of the cabinet, all the justices of the high court of judicature and many other distinguished persons did honor to the defender of Dreyfus and paid him a tribute such as never before was rendered in Great Britain to a Frenchman. The occasion was the annual dinner of the Hardwicke society.

Mme. Labori, who is an English woman and who sat in the gallery amid hundreds of her kinsmen, was greatly affected as she heard her husband honored in such exceptional manner. After the formal ceremonies were concluded M. Labori was literally mobbed by his admirers.

WEATHER FORECAST.

Washington, June 6.—The following is the weather bureau's forecast for Upper Michigan: Fair Friday and Saturday; fresh westerly winds becoming variable.

A Bad Breath

A bad breath means a bad stomach, a bad digestion, a bad liver. Ayer's Pills are bad breath. They cure constipation, biliousness, dyspepsia, sick headache.

25c. All druggists.

Want your mustache or beard a beautiful brown or rich black? Then use the BUCKINGHAM'S DYE for Whiskers.

TURK LOSES ON A FOUL.

"Giant Gripman" Rooney Gets Decision in Wrestling Match.

Fargo, N. D., June 6.—In a wrestling match tonight between Rooney, the "Giant Gripman" of Chicago, and the Terrible Turk No. 2, Rooney was given the decision. After each had secured a fall, the Turk repeatedly violated the agreement barring the struggle in the third bout. The referee gave Rooney the decision.

OHIO BOY RUNS AMUCK.

Kills Sister and Brother, Fires Barn and Ends His Own Life.

Toledo, O., June 6.—Early this morning Leroy Grove, the sixteen-year-old son of a prosperous farmer living near Napoleon, stabbed his sister, aged twenty-four, to the heart, killing her instantly. He then strangled his thirteen-year-old brother to death and, firing the barn, ran in and shot himself through the temple. It is supposed he was temporarily insane.

SNOW STORM IN JUNE.

Central and Northern North Dakota Experience It.

Jamestown, N. D., June 6.—What is believed to have been an unprecedented New York storm in this section occurred today, when snow fell throughout the central and northern portions of North Dakota. In Jamestown, the snowfall lasted fully two hours. A similar state of affairs is reported in towns on the Jamestown & Northern railway. The snow melted quickly.

TARIFF AND TRUSTS.

Industrial Commission Hears the Views of Two Witnesses.

Washington, June 6.—The industrial commission at its session today considered the tariff question, with incidental reference to trusts, the witnesses being Congressman Robert Taylor of Ohio and Dr. George G. Gunton, president of the New York Institute of Social Economics.

Congressman Taylor took the position that any discussion in congress of the tariff at this time would have damaging effect upon the country. He said the Dingley law was the most equitable tariff law the United States ever had. He took a decided position against the trusts, and said they were not fostered by the protective tariff. Mr. Taylor also said he believed in the principle of reciprocity, but that he did not endorse any of the recently negotiated treaties.

Dr. Gunton devoted himself especially to replying to the argument recently made before the commission by Edward Atkinson for free trade. He said the freedom contended for by the opponents of a tariff is analogous to the freedom of the savage, a freedom which, if indulged in too freely, not only brings injury to others, but ruin to himself.

BRYAN DENOUNCES DECISION.

Says Supreme Court Opinion Converts the Republic Into an Empire.

Kansas City, June 6.—Wm. J. Bryan today denounced the recently rendered opinion of the supreme court in the case of the Republic. He said that the decision converted the republic into an empire, and that it was a gross violation of the constitution. He said that the decision was a gross violation of the constitution, and that it was a gross violation of the constitution.

VISITS TRAPPIST MONASTERY.

Bride of Gov. Beckham of Kentucky Gains Unique Distinction.

Gethsemane, May 6.—When Mrs. Governor Beckham of Kentucky passed the portals of the famous old Trappist monastery of Gethsemane, yesterday, she attained the distinction of being the second woman who ever had the honor. The welcome of the governor and his party marked a new page in the history of the community of the silent brotherhood. The ban of perpetual silence was temporarily lifted by the abbott, and the brothers were permitted to express their pleasure at meeting the executive.

GOVERNOR AT DEATH'S DOOR.

Tuscaloosa, Ala., June 6.—Governor William J. Sanford tonight lies seriously ill at the residence of Professor Peri. He is suffering from enlargement of the heart, and while the end may not be near serious apprehension is felt.

IS MADE BISHOP COADJUTOR.

Winona, June 6.—The Right Rev. Samuel Edsall, D. D., of Fargo, missionary bishop of North Dakota, was today elected bishop coadjutor on the first formal ballot by the Minnesota diocesan council of Episcopalians.

SUDDEN DEATH.

Cleveland, O., June 6.—Major George Arthur, assistant paymaster in the United States army, died suddenly this morning. He was a son of P. M. Arthur, chief of the Brotherhood of Locomotive Engineers.

METHODIST STIR.

DR. TUBBS' HEAD FALLS AT KANSAS WESLEYAN UNIVERSITY.

TEACHINGS SAVORED OF "HERESY."

"HIGHER CRITICISM" OF BIBLE NOT RELISHED BY TRUSTEES.

Students Hold an Indignation Meeting After the Dismissal, Make Fiery Speeches and Demand the Resignation of the Professor.

Salina, Kas., June 6.—The trustees of the Kansas Wesleyan University today refused to reelect Professor F. D. Tubbs to the chair of national science which he has held for the past two years. The cause of dismissal is what is known among the Methodist clergy as the "higher criticism" of the Bible, a mild phrase for heresy. No formal charges were preferred against Professor Tubbs. The trustees simply left him out on making up the faculty for the coming year.

Theological Views Displeased.

Professor Tubbs returned a few years ago from South America, having been stationed in Argentina as a missionary. It is said his theological views at that time were responsible for his recall, and after his return he was warned not to spread his doctrines among the students. It is said he has been holding private classes at his home on "higher criticism."

Following the close of the college commencement exercises today, the students held an exciting meeting and made fiery speeches, demanding that the board of trustees explain publicly why Dr. Tubbs had not been reelected. After several impassioned speeches by students, some of whom are now filling pulpits, Dr. Hansel, trustee, explained that Professor Tubbs' case was in the hands of the executive committee. The students decided to present their demands to that committee.

Associate Now to Quit.

Rev. Daniel McGurk, pastor of the Methodist church at Jewell City, who is closely associated with Dr. Tubbs, said later: "Dr. Tubbs is an evolutionist and is simply teaching the same things that are taught in Northwestern University, the principal Methodist theological school. There are a lot of old fogies among the ministers of this conference who want to deny the right of a man to think for himself. They have after me the same as they have after Dr. Tubbs, and I propose to leave this conference."

AMERICAN LOCOMOTIVES WIN.

Give Good Service in Egypt and More Are to be Ordered.

Chicago, June 6.—The American locomotive has invaded Egypt and in a battle with the English manufactured machine has come out victorious. Owing to the inability of an English firm to make quick delivery the department of railroads of the British government is seeking to place an order for ten locomotives with some concern in this country. This fact accounts for the visit here of A. G. Johnston, who is connected with the director of railroads for Great Britain. Mr. Johnston was in Chicago yesterday on his way East, where he hopes to find "space" for his order. He stated that in his opinion the American locomotive was fast displacing those built in European countries and that there were now few foreign manufacturers who can compete with the American article.

Regarding the matter he said: "In contracts for the building of locomotives time is a great factor. All other things being equal the company which can guarantee the quickest delivery usually gets the contract. Some time ago we desired to get ten locomotives for use in Egypt and sent specifications to manufacturers in this country as well as to manufacturers in several European countries. The American offers were in every case the most favorable, but American firms do not make engines to our standard designs. Owing to this fact we were obliged to let the contract to a Glasgow concern. The design was one prepared by our engineer and was one which seemed likely to prove suitable for heavy passenger as well as for light freight traffic.

"The Glasgow concern stipulated that it should have a very long time for delivery and when it became imperative that we must have the engines before that time the firm was unable to anticipate the delivery time. Not long ago it became apparent that the firm would be obliged to exceed the time stipulated in the contract and for that reason we deemed it best to try to get the machines in America and give the Glasgow people their time for getting out their order. If we succeed in getting the engines and delivery is satisfactory I have no doubt that we shall order all of our engines from this country in the future.

"There are now about 3,000 miles of railway in Egypt and we have been ordering about thirty engines a year for several years. We shall need as many as this each year for several years to come and possibly more. The American wagons or box cars, as they are called here, are also being used in Egypt. Recently 200 of them were placed in service on the railroads there. They report thirty ton capacity and the results from their introduction have exceeded our expectations."

One dozen fine dull finish photographs for \$1.25, at Werner's. (5-20-1)

"FATHER OF THE ELKS."

Geo. W. Cumberland, First Exalted Ruler, Dead at Brooklyn.

New York, June 6.—George W. Cumberland, known as the "father of the Elks," is dead at Brooklyn from blood poisoning following an operation upon the hand. He was born in 1836. Mr. Cumberland is said to have founded the Order of Elks thirty-five years ago, becoming the first exalted ruler of New York lodge No. 1 in 1868.

HEIR TO ESTATE A SUICIDE.

Did Not Have Handling of Funds and Killed Himself at Chicago.

Chicago, June 6.—Heir to a large estate of which he did not have the handling, Elmer E. Plane, son of a wealthy farmer of Independence, Ia., committed suicide here tonight. Plane was of a roving disposition, spending most of his time in travel. At the death of his father a large portion of his fortune was left to Elmer, but his brother was made conservator and gave him money as he required.

FARMERS SCOURING WOODS.

Lynching of a Negro Slated Near St. Joseph, Mo.

St. Joseph, Mo., June 6.—Two hundred infuriated farmers are scouring the timber twenty miles northeast of this city in an effort to capture an unknown negro who today waylaid the George Dixon, a farmer, bound and gagged her and carried her off in the woods. Other school children spread the alarm, and farmers were soon in pursuit. The negro became alarmed and fled. A lynching is expected in the event of his capture.

WEAK TONE IN STOCKS.

Speculative Activity Lags in Wall Street at the Cost of Prices.

New York, June 6.—There was a decided subsidence in speculative activity in the stock market today, with a resulting depression in prices. The losses are quite large in some of the principal active stocks which have been recent favorites in speculation. The market was ruled very largely by technical considerations. There were rumors current all day that the covering by the bears yesterday had been achieved at considerable cost, and more success was caused by this fact. Enthusiasm was also caused by the fact that the London market, especially those bearing on the consolidations and absorptions of many of the minor railroad systems, were somewhat depressing factors. There was a considerable show of strength at the opening, partly due to the operations of a coterie of Americans now in London. The selling pressure, however, made an end to the advance before the end of the first hour.

The feverish tone in Rock Island was a somewhat unsettling influence, owing to fears that a corner might develop in that stock. The issue of \$10,000,000 of new stock yesterday came as a total surprise to the street. There has been an enormous accumulation of the stock recently, and the outstanding short interest is known to be large. The various tobacco securities were most prominent. American rising an extreme 1 1/2 points, Continental 2%, with preferred 5%, and American Snuff 4%.

In the drop after the opening, the grangers, Pacifics, Southwesterns and New York public utilities suffered most severely. St. Paul losing 4 points, preferred 4 1/2 and others in the group from 2 1/2 to 3. Declines of 1 to 2 points were fairly general in the active list. There was a good rally, but the prices ran off again, closing almost at the lowest in some cases, as follows, Paine, Webber & Co. reporting the quotations:

Table with columns for stock names and prices. Includes Am Zinc, U S Oil, Cent Oil, Bisc. Com, Tex. Pac., Oil Pfd., D & H., Wab. Pfd., M & T., Alton, N & W., Tex. Pac., So. Ry., N Y Cent, Erie, Sugar, C B & Q., Rock Isd, St. Paul, B. & O., Rubber, C F & I., Am Tob., Cont Tob, O & W., Am Zinc, U S Oil, Cent Oil, Bisc. Com, Tex. Pac., Oil Pfd., D & H., Wab. LEAPED TO HIS DEATH.

London, June 6.—Dr. Thomas Bond, a widely known surgeon and analyst, committed suicide today by throwing himself from a third story window of his residence.

SPEND SUNDAY IN MUNISING.

Low Excursion Fares—Commencing Sunday, May 19, and continuing every Sunday thereafter until further notice, the D. S. & A. railway will sell excursion tickets to Munising and return at the very low rate of \$1.00. Tickets will be on sale for the early morning train of Sundays and will be good for return passage on the night express of same day. For further particulars apply to depot ticket agent or to Geo. W. Hibbard, G. P. A. (5-15-1)

EXCURSION FARES TO MARQUETTE.

Commencing Saturday, the 15th, and continuing every Saturday thereafter until further notice, the D. S. & A. railway will have on sale at Detroit, Munising Junction and Au Train excursion tickets to Marquette and return at the very low rate of 75 cents. Tickets will be sold for the night express of same day and will be good for return leaving Marquette on the early morning train of the following day. For further particulars apply to station and ticket agents or to Geo. W. Hibbard, G. P. A. (5-15-1)

LOW-ROUND TRIP HOMESEEKERS' RATES.

On the first and third Tuesdays of each month up to and including June, 1901, the D. S. & A. railway will have on sale to nearly all points in the United States, British Columbia, Canadian Northwest, etc., round trip homeseekers' tickets at rate of single fare, plus \$2, for the round trip. Tickets will be good for return passage to twenty-one days from date of issue. For further particulars apply to station and ticket agents or to Geo. W. Hibbard, G. P. A., Marquette, Mich. (1-20-1)

CEREALS HIT THE TOBACCO.

Sharp Losses in All the Pits Under a Deluge of Selling.

Chicago, June 6.—Wheat today was fairly active, but weaker, closing 1 1/2% lower. Sharp losses were established during the day—1 1/4% for June, 1% for July and 1% for September—with only small fractional reactions from the bottom prices. June closed at 72 1/2, July sold at 73, off to 73 1/2, and closed at 73 1/2.

while September left off at 70% after selling at 71%. The offerings late were both on cash and short account. There were no cash sales reported here, but the seaboard reported thirty-two boats taken for export. There was considerable liquidation of long July, which was fairly well absorbed by shorts in that month. The selling pressure was again very noticeable. September was strong during the morning on the Missouri crop, while lack of rain in Kansas was a bull help. The foreign advices were rather unfavorable, at Liverpool being unchanged to 3/4 lower, with futures 1/2@3/4 lower. There were heavy rains in the North and Middle West.

Corn was moderately active and lower all around, June leading in the market with a loss of 1 1/2% from yesterday's close. The cash sales were 680,000 bushels for export, July was off 3/4, selling at 44 1/2 high to 43 1/2 low and closing at 43 3/4@4 1/2, sellers; September was 1/2 off. The seaboard reported sixty-three loads for export. Liverpool was 1/4 lower on futures, with spot unchanged.

Oats were weaker and declined 3/4@1/2 despite a bullish Missouri crop report. This was offset by the break in other grains and selling by a few heavy traders. There was a large commission house trade, but the buying was not strong enough to hold the prices up.

The leading futures ranged as follows: September wheat opened 71 1/2@72, highest, 71 3/4; lowest, 70 1/4; closed, 70 1/4@3/4. September corn opened 44 1/2@45; highest, 44 3/4; lowest, 44; closed, 44 1/4@1/2.

The movement of flour and grain was as follows: Receipts, Shipments Flour, barrels, 20,000 17,000 Wheat, bushels, 93,000 125,000 Corn, bushels, 339,000 307,000 Oats, bushels, 329,000 336,000

BOSTON COPPER QUOTATIONS.

The copper stocks dealt in on the Boston exchange closed as follows yesterday, as reported by Paine, Webber & Co.:

Table with columns for copper stock names and prices. Includes Adventure, Allouez, Arcadian, Atlantic, Amal Copper, B & M, Bonanza, B & M, C & H, Centennial, Cochita, Copper Range, Elm River, Franklin, etc.

LEAPED TO HIS DEATH.

London, June 6.—Dr. Thomas Bond, a widely known surgeon and analyst, committed suicide today by throwing himself from a third story window of his residence.

SPEND SUNDAY IN MUNISING.

Low Excursion Fares—Commencing Sunday, May 19, and continuing every Sunday thereafter until further notice, the D. S. & A. railway will sell excursion tickets to Munising and return at the very low rate of \$1.00. Tickets will be on sale for the early morning train of Sundays and will be good for return passage on the night express of same day. For further particulars apply to depot ticket agent or to Geo. W. Hibbard, G. P. A. (5-15-1)

EXCURSION FARES TO MARQUETTE.

Commencing Saturday, the 15th, and continuing every Saturday thereafter until further notice, the D. S. & A. railway will have on sale at Detroit, Munising Junction and Au Train excursion tickets to Marquette and return at the very low rate of 75 cents. Tickets will be sold for the night express of same day and will be good for return leaving Marquette on the early morning train of the following day. For further particulars apply to station and ticket agents or to Geo. W. Hibbard, G. P. A. (5-15-1)

LOW-ROUND TRIP HOMESEEKERS' RATES.

On the first and third Tuesdays of each month up to and including June, 1901, the D. S. & A. railway will have on sale to nearly all points in the United States, British Columbia, Canadian Northwest, etc., round trip homeseekers' tickets at rate of single fare, plus \$2, for the round trip. Tickets will be good for return passage to twenty-one days from date of issue. For further particulars apply to station and ticket agents or to Geo. W. Hibbard, G. P. A., Marquette, Mich. (1-20-1)

CEREALS HIT THE TOBACCO.

Sharp Losses in All the Pits Under a Deluge of Selling.

Chicago, June 6.—Wheat today was fairly active, but weaker, closing 1 1/2% lower. Sharp losses were established during the day—1 1/4% for June, 1% for July and 1% for September—with only small fractional reactions from the bottom prices. June closed at 72 1/2, July sold at 73, off to 73 1/2, and closed at 73 1/2.

It is significant that in homes of wealth where the very best is demanded, Ivory Soap is used in the nursery. At the same time, in hundreds of families where economy decides the choice, Ivory Soap is selected. Thus its purity attracts the rich; its economy attracts the poor. High quality and low cost: is there any better combination?

A GREAT NEWSPAPER BEAT.

How a New York Paper Scooped the English Dailies.

One of the best illustrations of persistence in news-gathering that was afforded by David Graham Phillips when he secured an exclusive account of the sinking of H. M. S. Victoria by her fellow battleship, the Camperdown, in the Mediterranean, says Allen Sangree in Everybody's Magazine. Phillips was a London correspondent when a dispatch arrived telling of the most deplorable tragedy that ever happened to an English man-of-war in time of peace, and he expected that the London papers would have a full account, from which he could get a story for his own paper. All they printed, however, was the bare announcement of the disaster, and Phillips then endeavored to find a correspondent somewhere near where the British squadron had been manœuvring, who would furnish him with the details.

"It's useless to try," the English editors informed him. "There's no correspondent in the vicinity, and even if there were, he could not help us, because the nearest cable station is fifty miles away. Better wait till the foreign office gives it to us." But Phillips was not willing to wait. He roused the cable managers to activity, and gained their permission to wire a cable operator on the Barbary coast, whose station was nearest the scene of disaster, and ask him for news. But the operator replied that he had none. Two days had now passed, and London papers were still without any supplement to the original brief message. New York was querying madly, so Phillips again wired the operator, and offered him £100 to visit the squadron and send a story, but the reply came back: "Send money first; have none to hire a boat." The cable management now fairly jeered at the American, and assured him he was making a fool of himself. "The operator is a foreigner," they said. "Probably he cannot read or write English, and you won't be able to make out the message if he ever does send one."

On the third day, there being still no news, Phillips found a bank that would send a cable draft to this out-of-the-way spot, and on the fourth day there arrived a column story, giving an account of the Victoria disaster, that was remarkable for its accuracy and graphic description, even though badly spelled. When published in the correspondent's New York paper the same day, and called back to London, the narrative was condemned as a "fake." Not until shown the original dispatch would London editors admit they had been badly beaten by their enterprising contemporary.

A TEMPTING ACCUMULATION.

What the Government Does With Unclaimed Money Orders.

"What becomes of all the money orders which are never presented for payment?" asked a Washington business man of a postal official. "Every few days we receive letters from our customers saying that they have forwarded orders for goods, but the orders have never reached our hands. And this is true of every large mail order house in Washington."

"They disappear in various ways," was the reply. "Some are burned or torn up instead of the receipts, and this is particularly true of international money orders, where the receipts are of the same size of the order, only white in color. Some are sent in letters which are not addressed at all, or are incorrectly addressed, and these, together with thousands of other orders find their way to the dead letter office. Ultimately most of these letters find their way back to the remitters, or duplicates are applied for."

"The British government utilizes as a source of postal revenue all of the money in its hands which is not paid out to meet money orders upon presentation, and derives about \$50,000 annually therefrom. Our government does not attempt to derive any profit from this source, and the money is turned in to the treasury, where it is held in trust, as it were, to meet these obligations. The government has no desire to claim or confiscate this money, and it will pay its obligations in the form of a money order at any time upon presentation, upon satisfying itself, in the instance of a long lapse of years, that there has been no previous payment by duplicate or otherwise. In Great Britain, I believe, this money becomes for-

A KANSAS MINISTER.

Rev. L. S. Coulton, of Circleville, Kan., says: "Dr. Warner—Your White Wine of Tar Syrup has been in my family and found to be all and even more than you claim for it. It is a speedy cure for all throat and lung diseases." The Stafford Drug Co.

EXCURSION FARES.

To the Famous Fishing Grounds east of Marquette—Commencing Sunday, May 19, 1901, and continuing every Sunday thereafter until further notice, the D. S. & A. railway will sell excursion tickets to the following points at the very low rates named:

Table with columns for excursion destinations and fares. Includes Marquette, Au Train, Munising, etc.

LOW RATE FOR WOODMEN.

Biennial Meeting Head Camp, Modern Woodmen of America, at St. Paul, Minn., June 10th-15th, 1901.—For this occasion, the D. S. & A. railway will sell tickets to St. Paul, Minn., and return at rate of single fare for the round trip. Tickets will be on sale June 6th, 9th and 10th and will be valid for return passage until June 15th, with the privilege of an extension of the return limit to July 15th upon payment of 50 cents. For further particulars, apply to station and ticket agents or to Geo. W. Hibbard, G. P. A., Marquette, Mich. (5-15-1)

### MARINE MATTERS.

**Passed the Canal.**  
Sault Ste. Marie, June 6.—(Special.)—  
Up—Schr. Buckeye State, 10; Williams,  
10:30; Watt, Loyalty and whaleback,  
midnight; Northern King, Houghton, 5  
a. m.; Empire, 6; Bessemer, Gladstone,  
6:30; Grecian and whalebacks, 7:30;  
Moore, 8; Liberty, 8:30; J. J. Smith,  
9; Mahoning, 12:20; Mars, 1; Appomat-  
tox, Santiago, Argo, Roumar's, Cen-  
tury, 1:30; Bartlett and whalebacks,  
2; Pentland, 3:30; McWilliams, Chero-  
kee, Chippeva, Minnesota, 5; Egan,  
Oceanica, 6; Iron Age, Duluthcoo,  
Severson, Pasadena, Sandusky, Cobb,  
7:30; Joliet and whaleback, 8.

**Port List.**  
Arrived—City of Berlin, Forest City,  
Republic, Sault, Roby, Mitchell, Fleet,  
Cleared—Fleet, Moravia, North Tona-  
wanda; Mitchell, Roby, Sault, Ashta-  
bula; Forest City, Buffalo; Republic,  
Cleveland.

**Notes of Marine News.**  
There was little doing in the lower  
harbor yesterday.  
The Peerless passed down yesterday,  
touching at this port for a brief stay.

All the ladies of the city are most  
cordially invited to call today at the  
stores of P. Werner & Sons and Del's  
grocery and try a cup of Walter Baker's  
Cocoa, which will be served free to all,  
also a sample and a book of choice re-  
cipes given each visitor. (6-7-1d)

**CITY BRIEVITIES.**  
Weather forecast: Fair and cooler;  
brisk westerly winds.  
Yesterday's temperature: 7 a. m., 64  
degrees; noon, 55 degrees; 7 p. m., 48  
degrees; maximum, 69 degrees; mini-  
mum, 48 degrees.

Many Marquette people are investing  
their hard money in fancy horse flesh  
this spring. A number of new horses  
are being driven in the city.

The Ladies' Aid society of the Meth-  
odist church will be entertained by Mrs.  
Myrtle Mitchell, 619 Spruce street, this  
afternoon at the usual hour.

There was rain again yesterday, for  
the third consecutive day. The past  
couple of weeks have been unusually  
wet. May being a notable month in this  
respect. June seems ambitious to emu-  
late it.

"Antique social" will be given by  
the Young People's society of the Epis-  
talian church tonight at the church parlor.  
Curious of interest on account of their  
age will be on exhibition. A pleasant  
program will be given, and refreshments  
served. The admission will be ten cents.

The street railway company has en-  
gaged the Negaunee orchestra band to  
play at Presque Isle Sunday from 2 un-  
til 5 o'clock. This is the organization  
which has made such a favorable impres-  
sion here this spring. It will give a var-  
ied concert program and it will doubt-  
less be the means of attracting hundreds  
of Marquette people, to say nothing of  
up-the-road excursionists, to Presque Isle.

Marquette Macabees leave for Ne-  
gawee in force this morning. The Su-  
perior, Queen City and Pere Marquette  
tents and the two lives will be well re-  
presented. In addition to the members  
of the order, it is expected that the gen-  
eral turnout to the county reunion will  
be large. The Marquette Macabees  
have engaged the Negaunee Orchestra  
band to escort them in the procession  
which will be formed after the arrival  
of the visitors. The Negaunee members  
have arranged an attractive program  
and their brethren here will go up-the-  
line confident of a fine day's sport.

The Marquette & Southeastern road  
has finished the stone wall for the fence  
which will safeguard the cut it made on  
Lake street, south from Superior for a  
couple of hundred feet, for the reception  
of its track. The posts are all in and  
the fence will be completed within a few  
days. The task of clearing the dirt,  
rock and debris from what is left of  
Lake street has been undertaken and  
shortly this thoroughfare will be open  
for general traffic. This will be ap-  
peared as the closing of the street has  
caused a little inconvenience for the  
farmers south of Marquette and for city  
people and business men.

The Mining Journal is informed that  
there is a considerable quantity of the  
M. I. A. seeds still waiting for distribu-  
tion among those householders who are  
willing to subscribe to the conditions of  
the prize contests for the improvement  
of premises in the several wards of the  
city. These seeds may be obtained, on  
application, at Watson & Palmer's.  
Many people have entered the competi-  
tion. The contestants representing six  
wards, all but the Second and Third. It  
is desired that the remainder of the  
seeds be taken without much further de-  
lay and persons who are willing to try  
for the \$5 prizes are urged to call around  
at once.

At a meeting of the board of fire and  
water commissioners held Wednesday  
evening the secretary was instructed to  
advertise for proposals for the purchase  
of an issue of \$25,000 refunding bonds.  
The expiring securities are payable July  
1, 1901. The board wants an ordinance  
providing for the licensing of plumbers  
and it has taken steps to get the matter  
before the aldermen. It will be brought  
up in the council in due time and the  
commissioners' request. King & Steele,  
contractors who will lay the new intake  
at the pumping station, have started a  
few men on the work. Their apparatus  
for the submarine operations will be  
along in a few days, when activity will  
begin in earnest. They are hastening  
their contract as well as they can and  
they will finish up in good season. It  
will require a couple of months to  
trench and lay the intake.

**SAVES TWO FROM DEATH.**  
"Our little daughter had an almost  
fatal attack of whooping cough and bron-  
chitis," writes Mrs. W. K. Haviland,  
Armonk, N. Y. "But, when all other  
remedies failed, we saved her life with  
Dr. King's New Discovery. Our niece,  
who had Consumption in an advanced  
stage, also used this wonderful medicine  
and today she is perfectly well." Des-  
perate throat and lung diseases yield to  
Dr. King's New Discovery as no other  
medicine on earth. Infallible for Coughs  
and Colds. 50c and \$1.00 bottles guar-  
anteed by Stafford's. Trial bottles free.

### Upper Peninsula.

C. B. Pride, the well known paper mill  
architect, who is looking after some  
building operations on the Menominee  
river, with a party of Chicago capital-  
ists who contemplate the erection of a  
large manufacturing enterprise in the  
vicinity of Iron Mountain, visited the  
locality where they may put in their  
plant this week for the purpose of look-  
ing over a water power.

The graduating class of the Menom-  
inee high school introduced a new  
wrinkle in commencement exercises at  
that city Tuesday evening when it pre-  
sented a three act comedy drama, "A  
Scrap of Paper". The young people  
were well coached and the papers de-  
scribe their work as "exceptionally  
good". The stage settings for the pro-  
duction were elaborate. The innova-  
tion was generally appreciated.

John Beaton was taken from Holmes  
& Son's camp to the Menominee river  
hospital early this week. He had a very  
narrow escape from being killed. He  
was loading a logging car when all the  
logs started and before he could get out  
of the way several of them passed over  
his body. He was picked up for dead,  
but examination showed that he was not  
seriously injured. He was badly bruised  
but none of his bones were broken.

Secretary Burdick of the Soo Maroons  
has telegraphed to John Curry, of Flint,  
Mich., that the baseball management  
has a proposal to purchase the city of  
forming him to start for the Soo at  
once. Curry is one of the strongest  
pitchers outside of a league in the state  
and has an excellent reputation throug-  
hout the lower peninsula as a crack  
left hander. Curry will cost the club \$60  
per month and expenses, including trans-  
portation from Flint.

Dowie, the infatuated Chicagoan who  
is possessed with the belief that he is  
the modern Elijah and several other  
things, has some following on the Me-  
nominee river. Last week a couple of  
his supporters made a pilgrimage to  
Zion and heard the colossus improp-  
riately speak at the Auditorium in Chicago.  
A Zion church is maintained in Marin-  
ette, with some sixty members. Many  
of the Menominee river Dowieites have  
deposited their money in the Zion city  
bank, their deposits amounting to sev-  
eral thousand dollars.

The steamer Fania brought in a  
cargo of several hundred tons of salt in  
bulk to Menominee this week, an exper-  
iment in freighting which promises to be  
successful. The salt was loaded at Ma-  
rine City, and placed in the steamer's  
hold. At Menominee a steam shovel  
was used in unloading the salt, the  
work requiring less than a day. The  
salt is to be placed in barrels and bags  
at Menominee, but some of it will be  
sold in bulk to fishermen by Penberthy,  
Cook & Co. The salt is easily loaded and  
unloaded, and as freight rates are high  
which has made such a favorable impres-  
sion from the trip. The boat will probably  
bring several more cargoes.

Second Lieutenant L. W. Oliver, son of  
Mr. and Mrs. J. F. Oliver of Escanaba,  
who recently spent a furlough at his  
home at that city, has been promoted  
to the rank of first lieutenant of the  
U. S. Cavalry of the regular  
army and has received his commission.  
At present Lieutenant Oliver is station-  
ed with the Seventh Cavalry at Havana,  
Cuba, but under his new commission he  
will be assigned with the Eighth Cavalry  
to either Santiago, Cuba, or Fort Riley,  
Kansas. In addition to his military  
duties, which he is performing with  
young officer and his promotion to a  
higher rank in the regular army will be  
noted with great gratification by his  
friends, who are watching his military  
career with no small degree of personal  
interest.

The editor of the Iron Mountain Trib-  
une, in Wednesday afternoon's issue of  
that paper, has an account of an as-  
sault on his august person by Mayor  
Hammond. The Tribune is an anti-ad-  
ministration paper. It is related that  
while Mr. Editor was making his daily  
rounds he called on Justice Miller's of-  
fice, where Mayor Hammond chances to  
be visiting. His honor questioned the  
scribe concerning an offensive paragraph  
concerning which appeared in the Trib-  
une. The editor gave him no satisfaction and pre-  
sented his manuscript, his temper and  
grappled his neck, being evidently pos-  
sessed with the benevolent intention of  
shutting off his wind. Mr. Editor offers  
that he made no resistance, but that  
Justice Miller pulled off the irate offi-  
cial. He also relates that his honor heap-  
ed every quantity of the most virulent  
caustic abuse on his innocent head. All  
in all it appears that the scribe had a  
most disagreeable session. However, he  
escaped alive and lived to tell his tale of  
woe to the public, or that portion of  
it which the Tribune may reach. From  
Mr. Editor's viewpoint Mayor Hammond  
misbehaved himself most lamentably.  
Maybe his honor might tell a different  
story. It appears that in electing the  
present mayor the good people of Iron  
Mountain, unwittingly perhaps, annexed  
all sorts of trouble. Municipal affairs  
have been in a constant turmoil since  
Mr. Hammond took his seat and the end  
is no where in sight.

### STEADY GIRL WANTED.

Several young men complain that they  
have no steady girl. It seems that they  
no sooner get fairly started with a girl,  
probably have the theatre tickets all  
bought, when the girl "can't go because  
she has a sick headache."  
Dr. Caldwell's Syrup Pepsin cures all  
forms of Stomach Trouble and Sick  
Headache.  
Girls—"A word to the wise" etc.  
Your friend,  
**THE STAFFORD DRUG CO.**

Grand Marais. Rates, \$2.00 per day.  
(4-9-2m)

Only one remedy in the world that  
will at once stop itching of the skin in  
any part of the body; Doan's Oint-  
ment. At any drug store, 50 cents.

### A WOMAN'S BACK.

The Aches and Pains Will Disappear if  
The Advice of this Marquette  
Citizen is Followed.  
A woman's back has many aches and  
pains.  
Most times 'tis the kidney's fault.  
Backache is really kidney ache.  
That's why Doan's Kidney Pills cure it.  
Many Marquette women know this.  
Read what one has to say about it.  
Mrs. Wm. Warren, 220 Jackson street,  
says: "I had constant pain through-  
out the small of my back, at night I was  
very restless, could find no position to  
lie in that was comfortable and conse-  
quently rose in the mornings feeling  
tired and worn out. The secretions  
from the kidneys were unnatural and  
greatly in excess. I also suffered from  
persistent headaches and had intense  
thirst, feeling as though I could not  
drink enough. I saw Doan's Kidney  
Pills recommended so highly for just  
such troubles and I procured them from  
the Stafford Drug store. The treatment  
promptly relieved me of the trouble."  
For sale by all dealers, price 50c.  
Foster-McLure Co., Buffalo, N. Y., sole  
agents for the United States.  
Remember the name Doan's and take  
no substitute.

**NOTICE TO TAXPAYERS.**  
City Controller's Office,  
Marquette, Mich., May 20, 1901.  
Notice is hereby given that the assessment  
roll of the taxable property of the city of  
Marquette for the year 1901 will be in the  
hands of the board of review on Monday,  
June 3, 1901. Said board of review will con-  
vene at the common council room in the city  
of Marquette on Monday, June 3, 1901, at 9  
o'clock a. m., and will be in session each day  
thereafter up to and including Saturday,  
June 8, 1901, for the purpose of reviewing  
and correcting said assessment roll.  
Every person having property in the city  
of Marquette is requested to call at the com-  
mon council room during the session of said  
board of review and inspect said assessment  
roll, in order that all errors which may have  
been made in said assessment can be cor-  
rected.  
FRANKLIN E. BAY,  
Controller. (5-20-1m)

**NOTICE!**  
H. O. Rose, of Petoskey, is the only man-  
ufacturer of Petoskey Lime in the state of  
Michigan, the standard lime of Michigan; no  
equal. I being sole agent and dealer in Pe-  
toskey lime for this city, through me Pe-  
toskey lime can be bought. Every barrel guaranteed  
to turn out more mortar than any other lime on  
the market. I am also agent for the Say-  
lors Portland Cement, the standard Ameri-  
can Portland, guaranteed equal to any Port-  
land for side or cross-wall purposes. Also  
handle Gypsin Hard Wall Plaster, nearly  
as cheap as lime mortar; also Gypsin wall  
paper, natural cement, fire clay, sewer pipe,  
red brick, beach sand, and wood of all kinds,  
cedar poles and posts and saw dust, also do  
general teaming and contract work. Figures  
quoted on car lots or less of Saylors' Port-  
land Cement, Petoskey Lime and Gypsin  
Hard Wall Plaster.

**COUNCIL DOES BUSINESS.**

A Long Grind of Really Important Matters.

The regular June meeting of the council Wednesday evening was the busiest of the year. Numerous petitions for the improvement of streets, alleys and sidewalks came up and were referred. The library question was introduced and a committee appointed with full power to choose a site and obtain plans and estimates for the building, subject to the approval of the council. A street commissioner and a member of the board of public works, for the ensuing three years, were elected.

Communications from J. A. Ham and twenty-five others, that an arched light be placed at the intersection of Third and Bank streets, and the same number of residents of West Barnum and Spruce streets, that an arched light be placed at the intersection of those thoroughfares, in place of the present incandescent lamp, were referred to the committee on street lighting, with power to act.

A request from the Charles A. Towne post of the G. A. R. that it be allowed the use of the council chamber for its meeting two Fridays in each month was granted.

The board of public works sent in the name of Anton Hanson for street commissioner, with the request that it be favorably considered. Hanson was elected.

Henry Routhier and two others petitioned the council to construct a sewer on North Third street, from Empire to Main, or in the alley between Second and Third streets. Mr. Routhier was heard concerning his petition, and it was referred to a committee composed of the city attorney, the board of public works and the sewer committee of the council.

A communication from A. W. Myers, resigning his position as member of the board of trustees for the Ishpeming City cemetery, was received and accepted. Mr. Myers was given a vote of thanks by the council for his efficient work on the board. He has been a trustee since the board's first organization. H. H. Milton was unanimously elected to succeed Mr. Myers.

Alderman Sliney reported bills and payrolls against the city aggregating \$5,287.28, divided as follows: Sewer, \$52.27; water, \$585.59; highway, \$1,410.43 and official \$1,120.39. There was a bill against the county for \$23,000 on the small post account which will be sent to the county clerk.

The special committee thought it advisable to give \$100 to Henry Calvert of Detroit, who was so severely injured by a fall on the Main street sidewalk last winter and who had prayed the council for some action on his claim. The committee found that the city was in no way liable for Calvert's fall, but it thought it best to settle with him, provided he agreed to surrender all claims for damages. Calvert has been unable to work since his accident and he has no means of support. The \$100 was ordered paid upon the conditions imposed.

The committee on buildings, grounds, and insurance and the fire committee reported on the question of a new fire hall. It was set forth that the present quarters of the department are in a dilapidated condition and that they will either have to be extensively remodelled or a new building erected. The report was accepted and the committee instructed to look into the matter further.

The committee on health presented a resolution to the effect that the various obstructions in the shape of piles of manure and other refuse in the alleys and streets about the city be removed by the property owners upon notice. Also that if the said property owners refused to comply with the notice, the city would remove said piles and charge the expense.

The electric light committee reported favorably upon the petition of P. J. Denn and twenty-five others that an arch lamp be placed at the intersection of Third and Pearl streets.

A communication from the board of public works was presented asking that the council purchase a steam road roller at a cost not to exceed \$3,000. The matter is in the hands of the board and the purchasing committee.

Alderman Kennedy offered the following resolution: "To the honorable mayor and common council of the City of Ishpeming, gentlemen: Resolved, that a special committee composed of Mayor Johnston, M. M. Duncan, Thomas Walters and the library committee of this body, be appointed a special building committee for the new library and that this committee be empowered to choose a site, procure plans and estimates for the library, subject to the approval of the council." It was adopted.

M. M. Duncan was elected to succeed himself as member of the board of public works for the ensuing three years.

You will find the largest stock and best assortment of shoes of all kinds, and at lowest prices, at Braastad's.

There are good profits for retailers in Heppner's pure ice cream. Heppner, Marquette. (5-1-1f)

**RUGS MADE OF OLD CARPETS.** Address M. Iralson, Urban House. (6-7-1w)

**OIL! OIL!** Fortunes are made in a few weeks in oil stocks. The Ohio Oil company of Son Luis, Ohio county, southern California, has a twenty-year lease on 500 acres of oil-bearing land. Oil was struck last week in the rancho Santa Isabel, which adjoins this property. Stock is now selling at 6 cents per share cash, and seven cents on monthly payments, subject to advance without notice.

Jos. J. Wirtz, Fiscal Agent, Wilkinson Bank building, Marquette, Mich. (6-6-3t)

**ISHPEMING IN BRIEF.**

Tom Thompson has taken a position as passenger brakeman on the South Shore.

Cornelius F. Donahue has returned from a lengthy visit with friends in Iron Mountain.

A street car will leave Noganee for this city on the conclusion of the Macca-bees' dance tomorrow morning.

Mrs. Richard Sundberg, who is well known in this city, is spending a few days with Mr. and Mrs. Charles Malmgren.

Arthur E. Hodgkins spent several days this week in the copper country on a tour of inspection of the mines of that region.

Fred C. Bennett has been engaged to sing at the commencement exercises of the L'Anse High school on the 21st of this month. He will sing two solos.

Arvid Braastad is hauling rock to the scene of his building operations in the New York location and expects to start the excavation for the cellars next week.

About fifty of the Lady Foresters gathered in their hall Wednesday evening to enjoy a supper of ice cream and strawberries. A very pleasant time was had by all.

A daughter was born to Mr. and Mrs. John Hodgson of West Barnum street Wednesday and Mr. and Mrs. William J. Nichols of West Terrace street were blessed by the birth of a daughter yesterday.

A large number of hobos have been making this city their headquarters for the past week or two and their number is being constantly augmented. They are becoming a positive nuisance and something should be done to free the town of them.

Tom Couch, the colored gent from Green Bay who has made this city his headquarters for so many years past, has returned and can be found in front of Crabb & Tontloff's saloon on Main street every day with fresh plants for sale. Tom has radishes, turnips, cabbage, etc.

Manager Marc G. Calef of the Ishpeming Beef company is in Ontonagon this week on business. With Mr. Calef is J. J. Sliney who is stationed at St. Joseph, Mo., for the swift people. Mr. Sliney will be remembered as the beef man who formerly had the run now taken by Miles Butler.

A chart for the reserved seats for the lecture which Mr. Tolman of New York will deliver in the high school auditorium tomorrow evening under auspices of the Cleveland-Cliffs club has been placed in Tiblson's. Those wishing to reserve seats should do so without delay. The club has gone to great expense in order that Ishpemingites may be benefitted by the knowledge which Mr. Tolman gained at the exposition and it is hoped that a large number will respond to its cordial invitation to be present.

August Saunders has resigned his position with S. Johnson & Co. to enter the employ of the Great Atlantic & Pacific Tea company of New York. Mr. Saunders will commence his new duties next Monday. He will start in at first with a wagon, but as the business expands it is the intention of the company to establish a store here that will be headquarters for Marquette county, and Mr. Saunders will naturally be selected to manage it. He has made many friends during his stay with Johnson & Co. and will no doubt get his share of the tea, coffee and spice trade of his territory.

The Mining Journal stated yesterday that Manager Cudily of the Catmet theatre was the sender of the telegram to Manager Butler of the local house concerning "Railroad Jack." The sender of the message was Manager Henderson of the Houghton opera house. This comedy, which will be presented here Monday evening, was played in Neganee last night to a good audience which was very well pleased. The company went through the city yesterday noon with "Jack" riding on the pilot of the engine and it is needless to say that created lots of interest by his daring.

**A TERRIBLE EXPLOSION.** "Of a gasoline stove burned a lady here frightfully," writes N. E. Palmer, of Kirkman, Ia. "The best doctors couldn't heal the running sore that followed, but Bucklen's Arnica Salve entirely cured her." Infallible for Cuts, Corns, Sores, Boils, Bruises, Skin Diseases and Piles. 25c. at Stafford's.

### MACCABEE REUNION TODAY.

"Bees" From Every Tent and Hive in the County Will Swarm to Negaunee.

The long looked for Maccabee county reunion is at hand and its arrival finds the local committees ready and waiting. This is the third annual reunion of the order in this county and it will be the largest and best the order has ever held. For the past four months certain members of the local tents and have done little else than plan and work for this reunion, and today the result of their efforts will be fully shown to thousands of visitors.

Michigan will send one tent, one hive and one band. Champion will send two tents and a band. The Wintrop is to be represented by one tent and a band. Republic expects to show up with one tent and a band, but was unable to secure a band. Marquette comes to this city three tents strong, with two hives and two bands. Ishpeming will send two tents and the same number of hives and bands. This city will welcome the visitors with its two tents and one hive.

The program for the day is replete with attractions, and is sure to contain much of interest to all. The up-the-road delegations will arrive on the No. 15 train and the Marquette crowd will come up at 8:50, so the parade will be formed at the city square at 10 o'clock. The line of march will be on Jackson to Cyr, Cyr to Iron, Iron to Pioneer avenue, Pioneer avenue to Main street, Main street to Michell avenue, Michell avenue to Case street, and on Case to the city square where the ranks will be broken and the whole company will listen to the address of welcome from Mayor Thomas Comors. The City band will then render a selection, after which Grand Lady Commander Frances E. Burns of St. Louis will deliver an address. The band will again be heard and Past Great Commander Sir Knight Roland Comors of Saginaw will speak. This will close the first portion of the program, and dinner will then be served in the Adelphi rink.

At one o'clock the county convention will be called to order in the A. O. U. W. hall on Iron street. This will take but a short time and at 1:30 the sports will be run off in the city square and vicinity. At three o'clock there will be a drill between the several teams of the L. O. T. M. in the opera house, to which an admission of 10 cents will be charged. The band will be in attendance. The prizes are \$15 for the winner and \$10 for the next best. In the evening what to some of the visitors will be the star attraction will be given. This is the grand ball and it will be grand indeed. Great preparations have been made for the event and it promises to be one long to be remembered in the annals of the Maccabees in this section. Refreshments will be served throughout the afternoon and evening in the rink.

### Matter of Trains.

As has been before mentioned, the Marquette delegation will arrive on the St. Paul train at 8:50. Up-the-road people will come in on the No. 15 and those from Ishpeming will arrive before that hour on the street cars. The departure of the trains is as follows: For Marquette, 5:05 and 7:10 p. m. and 4:20 a. m. For Republic, 6:40 and 11:20 p. m. A special train will connect with the 11:20 at Humboldt for Republic, Champion and Michigan. This service will be most convenient to all the members and their friends. Extra cars will be attached to all the trains.

### Much Decorating.

The committee on decoration, Messrs. Trathen and Goodman, have accomplished wonders. The request that all property owners along the line of the procession would decorate, has met with a hearty response and the city will look well. The committee considered it advisable to erect an arch down town on account of the scarcity of workmen and the cost. Streamers have been placed at intervals throughout the city. These are very tasty in design and make a fine showing. The first arch which greets the eye of the visitor is at the head of Gold street next to the depot. Upon it are the words, "Welcome All."

At the west end of Iron street there is a banner which bears the inscription, "Welcome Maccabees." At the east end of the same thoroughfare another banner announces that "The Town is Yours." Just over the entrance of the opera house is another banner which bears this inscription, "Welcome, L. O. T. M. to K. O. T. M."

### Refreshment Accommodation.

The Adelphi rink will be transformed so that its most familiar lines will barely be discernable. The huge auditorium will furnish ample accommodation for all. Places for five hundred at one time can be made at the rink. The refreshment committee is composed of ladies and gentlemen who are thoroughly conversant with their duties and those who want their way to the rink in search of dinner or supper may do so with the certainty that their every want will be more than satisfied. Dinner will be served immediately at the close of the exercises in the square and will continue until all are cared for. Soon afterward the tables will again be laid and refreshments will be served throughout the afternoon. Supper will be served at six o'clock and during the ball in the evening. The price for each service is but twenty-five cents, which is extremely low when the quality of the dinner is taken into consideration. Those who plan to take their meals at the rink today will not go away unsatisfied.

### Sports for All.

The list of sports which Al Willman will run off in the vicinity of the square is one which no athlete can afford to pass by. The prizes are liberal and the judges thoroughly conversant with their duties and the races will be fairly conducted. It is understood that a number of the local athletes will try conclusions with their rivals from outside and if this be so there are sure to be some fine events. The following is the list: Long run—Starting at the Northwest corner, east on Iron street to Pioneer avenue and north to Jackson, west on Jackson to Cyr street and south to Iron, thence to starting point at the crossing. The prizes are, first, \$5; second, \$3, and third, \$2.

Boys' race, (for boys under twelve

years of age)—From the Breitung to the crossing; prizes, first, \$1.50; second, \$1, and third, fifty cents.

One-hundred yard dash—Visiting Maccabees only, on West Iron street; prizes, first, \$2, and second, \$1.

Three-legged race—Gold street; prizes, first, \$3, and second, \$2.

High jump—City square; prizes, first, \$3; second, \$2, and third, \$1.

One-hundred yard dash—East Iron street; prizes, first, \$3, and second, \$2.

Sack race—Silver street; prizes, first, \$3, and second, \$2.

Broad jump—Pioneer avenue; prizes, first, \$3, and second, \$2.

Pole vault—Marquette street; prizes, first, \$3; second, \$2, and third, \$1.

One-hundred yard dash—East Iron street; prizes, first, \$3, and second, \$2.

Sack race—Silver street; prizes, first, \$3, and second, \$2.

Broad jump—Pioneer avenue; prizes, first, \$3, and second, \$2.

Bicycle race—From Pioneer avenue east to Catholic cemetery and thence to starting point; prizes, first, \$5; and second, \$3.

Miners drilling contest—City square at 4 o'clock. Each gang will drill twenty minutes and must furnish its own drills. Prizes, first, \$9, and second, \$8.

The judges for this contest are Captain Richard Roberts, Captain John Deacon and Captain Alfred Newcombe.

Grand scramble for \$7 worth of pennies—At the band stand.

The judges for these contests will be Al Willman, Carl Pelto, James Stickey, Thomas Trathen and Alfred Williamson.

### THE MODERN BEAUTY

Thrives on good food and sunshine, with plenty of exercise in the open air. Her form glows with health and her face blooms with its beauty. If her system needs the cleansing action of a laxative remedy, she uses the gentle and pleasant Syrup of Figs, made by the California Fig Syrup Co. only.

### LOCAL LACONIC.

Joseph Barabe went up to Champion yesterday morning on business.

Charles Johnson transacted business in Michigan yesterday morning.

F. M. Sackrider of Houghton was in the city yesterday morning for a short time.

No. 2 Hose company had its regular monthly meeting in the engine house Wednesday evening.

The office of the Dalton Packing company is extending some extensive improvements. The building is being raised and a stone foundation built and the interior will also be given attention.

Mr. and Mrs. George J. Maas returned yesterday morning from their wedding trip. They have visited the Pan-American and other attractions of the east. Great preparations have been made for the event and it promises to be one long to be remembered in the annals of the Maccabees in this section. Refreshments will be served throughout the afternoon and evening in the rink.

William H. Nencarrow of Ironwood and Nellie H. Williams of this city were united in marriage at the Mitchell M. E. church yesterday afternoon at three by the Rev. Isaac Wilcox. After a short wedding trip Mr. and Mrs. Nencarrow will reside in Ironwood.

That famous trio, P. B. Kirkwood and his brother, A. J., and Andy Seass, went to Little Lake yesterday morning for the summer. Of course, the gentlemen will be in and out of the city frequently during the coming months, but they will not acknowledge this city as their home for some time to come. A. J. Kirkwood came up from Chicago on the early morning train and stopped off at the lake until the others could arrive. A special wire to The Mining Journal at 12 o'clock conveyed the information that the "kopje" had been reached and that Mr. Seass, who is chef de cuisine, had prepared the dinner.

### CARD OF THANKS.

We desire through the columns of The Mining Journal to sincerely thank the many friends who kindly rendered such beneficial aid during our great bereavement, and for the many words of sympathy extended, and assure them that such acts of kindness will ever be cherished in memory.

### CHARLES MUCK AND SISTERS.

IF YOU were to bump your head against a brick wall you could not feel worse than does anyone who suffers from stomach troubles. We have a positive cure in Dr. Caldwell's Syrup Pepsin. The Stafford Drug Co.

Sell Heppner's pure ice cream and make a barrel of clean money this summer. Heppner, Marquette. (5-1-11)

### MIXING STOCKS.

Turnagain Arm Gold Mining company of Alaska is now selling at 20 cents; will advance to 25 cents June 15.

King Gold & Copper Mining & Milling company of the state of Washington is 5 cents now; will advance to 7 cents June 10.

Vega Mining & Milling company of old Mexico is 25 cents, 12 1/2 cents in cash and 12 1/2 cents paid out of dividend.

All of the above stock is sold on monthly payment. Now is the time to buy stocks before the advance; 10 per cent discount for cash.

JOS. J. WERTZ, Fiscal Agent. Marquette, Mich. Wilkinson Bank Building. (6-5-11)

WE WANT YOU TO SEE OUR... NEW SODA FOUNTAIN

The finest and most expensive fountain in town.

We are Serving Ice Cream

CRUSHED FRUITS, PLAIN SODA AND PHOSPHATES.

Come in and See Us.

J. M. PERKINS, DRUGGIST AND JEWELER.

We sell Wincke & Doerr's Regalias and Pantella Cigars.

## Additional Ishpeming

### CLEVELAND BOYS STEP UP.

Three men in the employ of the Cleveland-Cliffs company were made happy this week by promotions. They are S. R. Elliott and Morrow Chamberlain, of the engineering department, and Frank B. Ross, of the office force. Mr. Elliott goes to Ironwood next week as mining engineer in charge of the Ashland mine. Thus he is promoted from the position of assistant mining engineer to that of mining engineer. Mr. Elliott entered the employ of the Cleveland company in the spring of 1898 and has been with that company continuously since. He has been immediately under Mr. Jopling in the engineering department and is considered one of the best informed engineers on the range. Mr. Chamberlain leaves Saturday for Chattanooga, Tenn. where he will take charge of iron mines in that vicinity owned by his father. Mr. Chamberlain came here a year ago, fresh from Lehigh, and has served an apprenticeship in the engineering department since. He came west with the understanding that at the end of the year he was to have charge of one of his father's mines, and though he greatly regrets leaving this region he feels that the promotion is of too much value to be considered lightly.

Mr. Ross entered the employ of the Cleveland-Cliffs in the summer of 1899 in the office and has been employed in that department ever since. Yesterday he was informed that he would in the future be expected to look after the cash at this end of the line. He will be cashier, a position which has been held for many years by A. J. Yungbluth. Mr. Yungbluth's duties as local auditor will be increased when the Ashland gets into full running order and he felt that some of the burden should be taken by another, so Mr. Ross was selected to carry it.

### MINSTRELS WERE GOOD.

The Rusco & Holland minstrel show performance at the opera house Wednesday evening was voted good. The house was packed and the gathering heartily appreciative. The singing of the company was very good indeed, and that of some of the members especially fine. The specialties were all that could be desired and were a pleasing relief from the kind usually thrown on an unsuspecting audience. In fact the show was clean and meritorious throughout and when Messrs. Rusco and Holland see fit to make this city again they will be greeted by an even larger audience than assembled Wednesday evening.

### DIDN'T MARRY FOR MONEY.

The Boston man, who lately married a sickly young woman, is happy now, for he got Dr. King's New Life Pills, which restored her to perfect health. Infallible for Jaundice, Biliousness, Malaria, Fever and Ague and all Liver and Stomach troubles. Gentle but effective. Only 25c. at Stafford's drug store.

A sallow, jaundiced skin is a symptom of disordered liver, as it springs from biliary poisons retained in the blood, which destroy energy, cheerfulness, strength, vigor, happiness and life. HERBINE will restore the natural functions of the liver. Price 50 cts. Stafford Drug Co.

### ABOUT COUGHS AND COLDS.

Many broadminded physicians prescribe Bunsen's Pine Tar Cough Honey openly or give it unknown to the patient. Physicians who have tested it, know it will cure and leave no chance for the diseases which follow LaGrippe, Colds and Croup. Price 25 & 50 cts. For sale by the Stafford Drug Co.

Undertaking... AND... ..Embalming.

ALL WORK SCIENTIFICALLY DONE Large stock of UNDERTAKER'S GOODS On hand.

Elias Dawe, Opposite Kirkwood Block. NEGAUNEE, MICH. Telegraph or telephone orders have prompt attention. (11-25-11)

# CANCER

The diseases most feared are those which are inherited—handed down from generation to generation, and family to family. By far the most destructive of these is Cancer, which finds the greatest number of its victims among the children and grand-children of those whose blood was tainted with this dreadful malady. You may carry this poison in the blood for years, but as the vital powers begin to wane a slight bruise or cut, wart or mole, sore or pimple may develop into Cancer. From middle life to old age is the time when the slumbering poison is most apt to break out, a sore or ulcer often degenerating into Cancer, and Tumors become more progressive and ulcerate through the skin, the sharp, shooting pains causing the most intense suffering.

The Cancer patient naturally grows dependent as one after another the usual remedies fail, and the sore shows no sign of healing. The impurities that have been accumulating in the system, perhaps for generations, cannot be eliminated nor the poisoned blood made pure by salves, washes and plasters. The proper treatment is to purify and build up the blood, remove the cause, when the sore or ulcer heals.

Mr. J. B. Arnold, of Greenwood, S. C., writes: "A tiny ulcer came, just under the left eye. It began spreading, and grew worse rapidly, destroying the flesh as it went. As Cancer is hereditary in my family I became thoroughly alarmed, consulting the best physicians and taking many blood medicines, none of which did me any good, when one of our leading druggists advised me to try S. S. S., and by the time I had taken the second bottle the Cancer began to show signs of healing, the discharge grew gradually less and finally ceased altogether, the sore dried up and nothing remains but a slight scar. I feel that I owe my life to S. S. S."

Begin in time, don't wait until the blood is so polluted and the system so thoroughly saturated with the poison that no medicine, however efficacious, can check the progress of the disease. If there is a taint in your blood get it out at once, don't wait for some external evidence of it, the appearance of a tumor or ulcer. We have prepared a special book on Cancer which we will mail free. Our physicians are ready to help you by their advice and such direction as your case requires. Write us fully and freely—no charge for medical advice. THE SWIFT SPECIFIC CO., ATLANTA, GA.

## GEO. W. HIBBARD,

Gen. Pass. Agent.

VALUATIONS HIGH.

MARQUETTE HAS A "CASH VALUE" ASSESSMENT ROLL.

HEAVIEST IN CITY'S HISTORY.

REAL ESTATE HAS BEEN RAISED FIFTY PER CENT.

It is Expected That There Will Be Many Objections to the Present Figures at Hearing Today and Tomorrow.

During the past couple of days members of the board of review have been mightily concerned with tax matters. Beginning today, when property owners will be heard on matters pertaining to their assessed values, and continuing tomorrow, the general public will take an interest in the proceedings which are determining whence the money required to lubricate the wheels of government, city, county and state, will be drawn.

Marquette's assessed valuation will be the highest in its history this year. Mindful of the state tax commission and of admonishments from the present commissioners, City Controller Bay has proceeded to give the city a "cash value" assessment roll, or at least to come as near accomplishing this desired end as care and painstaking work will permit. It is believed that in the main he has been successful. Members of the board of review think he has. As it is given out that the roll for 1901 will fall but little short of \$5,000,000 it would appear that he has not hit wide of the mark. This sum represents a very appreciable increase over the figure for the last roll, even as it was increased by the commission's review in the month of September.

Really has borne the burden of the increase. Advances have been general and down the line. As a usual thing desirable property, utilized for dwelling purposes or bringing a good income from rents, has been increased fifty per cent. Of course this rate varies in exceptional cases. Unoccupied and unproductive property has been increased at a common rate, it is said, in no instance without substantial advances in valuation.

In the case of personal property the assessments are made on the basis of the sworn statements. Usually these are accepted absolutely for the purposes of taxation. There are a few exceptions to this rule. In some instances where it appears that the property owner is doing himself an injustice, and strange to say such instances are found, the error in filling out the blanks is rectified. It is said in some cases, where it appears the blanks were filled out with false statements, arbitrary valuations have been fixed, leaving the taxpayer, as a last recourse, the right of appearing before the board to protest on account of the changes.

Many Objections. It is the expectation of members of the board that they will be besieged with Marquette taxpayers today and tomorrow. Usually the number of objectors is comparatively small, but the very considerable increase in the aggregate of the roll, carrying with it the fifty per cent advances in the valuations of so many properties and the proportionate advances of others, will change all this the present spring, and it is likely that the taxpayers will take due advantage of the opportunity to show why they should be assessed at lower figures than those now on the roll. It is said that there will be little change in the assessment valuations as they stand at present stand. It is the evident intention that Marquette shall have a "cash value" roll. This being so, the present roll is said to be fairly and equitably made and the chances of its standing without serious alteration are excellent.

Tax matters in Michigan are becoming more serious with passing years. The members of the board of review appreciate this fact. Time was when their meeting was a formality. Now they ponder and puzzle over knotty questions and conscientiously endeavor to obtain the best adjustment for all concerned under the new and novel conditions for which the tax commission is responsible. This much discussed body has certainly worked many changes. A business man yesterday pointed to his assessed valuation on the present roll, \$22,500, saying "three years ago that was \$3,500."

What are they doing up-the-road is a much mooted question with members of the Marquette board of review. If they are proceeding on the same basis followed here, the aggregate of the figures for the several rolls of the county will be a magnificent sum. It does not appear that the Marquette men are at all informed as to the attitude of the boards in other sections of the county.

light comedy to intense and tragic pathos. The essential requirements for a convincing portrayal of the character of Nathan Hale are embodied in Mr. Howard Kyle, whose excellent work is well known to those posted in stage matters.

MISSION IN AUGUST. Rev. E. M. Stires Will be at St. Paul's Cathedral.

Bishop Williams announces that a mission will be preached his cathedral in August by the Rev. E. M. Stires of Chicago, an eloquent clergyman and one of the best known divines of the Episcopal church in the west. In preparation for the mission the Friday evening services at St. Paul's are now taking on a special character. Bishop Williams will preach every Friday evening during June. The subjects for these services are: June 7, "Meditation"; June 14, "The Heart for God"; June 21, "The Way, The Truth and The Life"; June 28, "The Government of the Tongue". The sermon themes for the Sunday services follow: June 9, "The Rights of the Soul"; June 16, "The Comfort of God"; June 23, "Plans for Life"; June 30, "Neglect and Decay."

AT LAKE INDEPENDENCE. Big Bay Lumber Co. Will Start Operations Immediately.

A. McAfee of Lakeview, Mich., is here to start operations for the Big Bay Lumber company at Lake Independence, where a large saw mill and wood-working plant is going to be put in. Mr. McAfee starts a number of "tope" teams up-the-lake today, having a couple of car loads of camp material here. He has some ten men with him who will henceforth make their headquarters at the mill site at Lake Independence. There is much clearing to be accomplished before building can be started and the roads in the vicinity need some attention. Camps are to be established at once and all the preliminaries are to be completed without delay. Mr. McAfee says that the mill equipment will be shipped from Lakeview so as to arrive here about July 1. At that time about twenty-five men will report for work at the new plant.

WALKER IN LINE. Is Said to Be Probable Successor to William Orr.

A couple of days ago The Mining Journal announced the resignation of William Orr, general freight agent of the Duluth, South Shore & Atlantic road, Aug. 1. It is now generally common gossip that W. W. Walker of Duluth will be his successor.

Concerning this report, the Duluth News-Tribune says: "Word has been received that William Orr, general freight agent of the Duluth, South Shore & Atlantic road, has resigned. He will retire Aug. 1. Mr. Orr resides in Marquette, but he and his family resided here for a number of years, leaving Duluth about two years ago. His successor has not been named. "W. W. Walker, of Duluth, is the assistant general freight agent of the road, and for some time his duties have been largely those of the general freight agent. "In railroad circles it is generally believed that Mr. Walker will be named as his successor. "Mr. Orr was in California for a long time for the benefit of his health, and returned late last fall greatly improved. He has had a long and important railroad career and it is understood that he will probably retire permanently from active service. It is said that he will continue his residence in Marquette."

ATHLETIC SPORTS. Will Be Polled Off at the Fair Grounds Saturday Afternoon.

A bunch of the best athletes in the Junior class will meet a union team composed of the best performers among the Freshmen, Sophomores and Seniors at the Fair grounds Saturday afternoon. The sport will be witnessed by many partisans of either team. Admission will be twenty-five cents and it is expected that a bus will be run in conjunction with the street cars. The teams will meet in friendly rivalry, but they expect to put up some good sport. The events and entries follow:

- High hurdles—Juniors, Blackwood, Connell, Randolph, Union, Lewis. Hammer throw—Juniors, Randolph, Kreig, Union, Farnham, Williams. 100-yard dash—Juniors, Connell, Blackwood, Randolph, Shaner, Union, Clark, Cooper, Ross. High jump—Juniors, Randolph, Stickney, Connell, Union, Reynolds, Rule, Allen, Farnham. Mile run—Juniors, Randolph, Stickney, E. Connell, Union, Allen. Pole vault—Juniors, Connell, Randolph, Union, Tucker, Lewis. 440-yard run—Juniors, Connell, Blackwood, Stickney, Union, Cooper, Lewis, Williams. Shot put—Juniors, Randolph, Blackwood, Union, Williams, Rule, Shaner, Lewis. Low hurdles—Juniors, Markham, Randolph, Blackwood, Stickney, Connell, Union, Lewis, Erickson, Cooper. One-half mile run—Juniors, Blackwood, E. Connell, Randolph, Stickney, Union, Allen, A. Matthews. Werner is making a photograph for fifty cents per dozen.

Vitality, nerves like steel, clear eyes, active brain, strength, health and happiness come to those who take Rocky Mountain Tea made by Madison Medicine Co. 35c. Stafford Drug Co.

ADVENTURE ASSESSMENT.

It Was the Nocab's Feature of Yesterday's Copper Market. The announcement of a \$6 assessment for Adventure was the feature of yesterday's copper market with which the talent was particularly concerned. The session was comparatively dull. Adventure remains a strong favorite and the general sentiment relative to it is bullish. Paine, Webber & Co. said: "There was a steady absorption of Baltic and Copper Range today. The speculative holders of these stocks were tempted to take profits by the relative heaviness of the other coppers. The buying was mostly by brokers who seldom have orders in the mining stocks. Do not forget that we have been bullish on these stocks all the way up. We continue bullish on them believing that they will sell around considerably higher prices. A combination of courage, patience and strong margins will be sure to win in these stocks. Adventure held up well on the announcement of a \$6 assessment. It will probably be a buy, just before the assessment comes due, for a good run."

Hayden, Stone & Co. wired the Laidley Commission Co.: "The market was dull, caused principally by the weakness in New York. We do not anticipate any serious delay in the Amalgamated deal and we believe that Amalgamated is a great purchase. The assessment on Adventure is somewhat of a disappointment, but the public have every confidence in the management. The Trimountain interests have now control of Baltic and Copper-Range. We look for a good market and we believe that good stocks, bought on any decline or a scale down, will prove profitable."

DELOS FALL WELCOMED. Joyful Normal Students Greet Him at the Depot.

Honorable Delos Fall, state superintendent of instruction, received a warm welcome when he stepped from the South Shore passenger train yesterday afternoon, he being greeted by the entire senior class of the Northern Normal, the young people being resplendent in dazzling bow ties of their class colors and equipped with tin horns, with which they rent the atmosphere.

Superintendent Fall would have been well received in any event, but the particular warmth of his reception is explained by the fact that yesterday the news was received that Governor Bliss' veto to the contrary, the graduates of the Marquette institution will receive life certificates. It will be remembered that his excellency refused to approve the Hunt bill which provided for putting the graduates from the Northern Normal on a footing with those of the other institutions for prospective teachers.

As the Hunt measure was approved by everyone who had any interest in it, except the governor himself, there was general disappointment at his veto and investigation showed that it would be possible to circumvent the measure's blockade under a present state law, which the attorney general has interpreted favorably for life certificates for Northern Normal graduates.

This news was received with transports of joy by the young people who will be graduated from the school this spring. They quickly decided that the occasion demanded some kind of a hurrah time, thus the fierce scramble for tin horns and class colors. The entire strength of the class marched down Front street in a body shortly before the time for the arrival of the afternoon train. Accompanying the procession was a gaily decorated hack to be used by Mr. Fall. The procession attracted general attention down town and everyone wanted to know what was in the air.

Mr. Fall was driven to the Normal, to which the young people also wended their way. The jollification was continued at the school. Now the young ladies, in the completeness of their satisfaction, are inclined to repent all the horrid things they have said about his excellency, the governor, who has never been referred to but as that "mean Mr. Bliss", during the past few days.

A POPULAR ASSOCIATION. General Manager W. R. Hardy, of the Northern Michigan Benefit association of Manistique, was in the city the first of the week adjusting the claim of Dominick Ferguson against the association. Mr. Ferguson took out a policy in the association in December and made two monthly payments, at a total of \$5. On January 31 he had his leg broken and has not been able to work since. Mr. Hardy adjusted Mr. Ferguson's claim, allowing it in full, at \$12. Mr. Ferguson is greatly pleased at the prompt and fair methods of the association and is loud in his praise of the manner in which he has been treated. The Northern Michigan Benefit association was organized some months ago by prominent Manistique gentlemen of undoubted responsibility, and is incorporated under the laws of this state. The association is in splendid condition and is enjoying the popularity to which the prompt adjustment of claims entitles it.—Mining Republican.

The above named association is writing a very popular plan of accident and health insurance, and advancing many new features. A good reliable agent wanted at once to represent this company in this part of the state. The territory is being taken up very rapidly as the association is putting forth every possible effort to push their company to the front. If you would like an agency write today, don't wait for your may be too late. For full particulars address the Northern Michigan Benefit association, Manistique, Mich. (6-5-14)

A woman in Idaho got a divorce from her husband because he would not take her to the Paris Exposition. He testified in court that he was afraid of water and that he was afraid to get into a bath tub even, he got so seasick. That man has indigestion just as a good many others we know and should take Dr. Caldwell's Syrup Pepsin. Get it at the Stafford Drug Co.

Hardly a day passes, in families where there are children, in which BALLARD'S SNOW LINDIMENT is not needed. It quickly cures Cuts, Wounds, Bruises, Burns and Scalds. Price 25 and 50 cts. Stafford Drug Co.
