SURPRISED BY BOERS

VICTORIAN MOUNTED RIFLES ARE CAUGHT NAPPING.

BURGHERS SHOOT INTO THE CAMP.

EIGHTEEN BRITISH KILLED AND FORTY WOUNDED.

Of the Survivors, Numbering 190, All but Fifty Are Captured, as Are Also Two Guns, but the Prisoners Are Released.

London, Monday, June 17.—Lord Kitchener cables from Pretoria, Sunday, as follows:

"Near Welmsrusst, twenty miles south of Middelburg, 250 Victorian mounted rifles from General Beaton's column were surprised in camp at Steenkoolpoort by a superior force of Boers at 7:30 o'clock p. m. the 12th.

"The enemy crept up within a short range and poured a deadly fire into the camp, killing two officers and sixteen men and wounding four officers and thirty-eight men, of whom twenty-eight were slightly wounded.

"Only two officers and fifty men escaped to Beaton's camp. The remainder were taken prisoners and later released.

"Two pompons were captured by the enemy. Full details have not yet been received."

Loss of Guns Serious.
The serious reverse which Lord Kitchener reports is the first disaster of the kind that has happened to the Australian contingent and it is supposed to have been due to the neglect of proper picketing. Although it is offset by the recent defeat inflicted upon Dewet—when seventeen Boers were killed and considerable supplies taken—the loss of the guns is regarded as a serious matter which will encourage the Boers to continue the struggle.

More or less fanciful accounts are published on the continent of alleged peace negotiations, but there is nothing in them and nothing has come of the interview between Mrs. Botha and Kruger beyond revealing the fact that Kruger will listen to no proposals unless they are accompanied with a guarantee of independence of the republics.

The correspondent of The Daily Mail at Cape Town says: "Ceil Rhodes, speaking at Bulawayo Saturday, predicted the federation of the South African states would come in three or four years, but contended that to grant self-government to the republics before the federation would render the federation impossible."

Aghast at British Casualties.
London, June 16.—English people are heartily sick of the distressing war in South Africa, but interest has been revived in a most remarkable manner. When, two days ago, the papers came out with three columns of casualties due to fighting, people were aghast. Where and on what occasions had so many poor fellows been killed and wounded in action? Nothing had been known, either through official reports or newspaper correspondents. These casualties have shown that there has been fighting at times, and that the capture of stores and ammunition from the Boers have not been made without considerable loss and determined, dogged resistance on their part.

ZIONISTS IN CONVENTION.
Home in Palestine for Oppressed Jews the Aim of the Federation.

Philadelphia, June 16.—The fourth annual convention of the Federation of American Zionists began here today with a large attendance, delegates being present from every section of the country. The aim of Zionism is to establish in Palestine a home for oppressed Hebrews of Russia, Roumania and other European countries. Greetings were received from Baron Rothschild. A committee was appointed to devise ways and means of establishing a Hebrew newspaper.

AGREEMENT NEAR AT PEKIN.
Indemnity Negotiations Almost Concluded by Ministers of Powers.

Pekin, June 16.—The foreign ministers say that although yesterday's meeting did not result in a settlement of matters yet things are working most satisfactorily toward a conclusion; that the amount of the indemnity and a 4 per cent rate of interest were almost agreed upon, the only hitch being with regard to the Japanese, a country that cannot borrow money under 5 per cent. It is probable bonds will be given sufficient to cover the loss.

Special Commissioner Rockhill, on behalf of the United States, has agreed to add 5 per cent to the tariff, provided China would agree to widening and dredging the Shan Si and Pei Ho rivers and also to certain tariff reforms. The minister consider it certain everything will be ended before July. All the troops except the legion guards will have left by the end of August.

French Lose Twenty Killed.
Tacoma, Wash., June 16.—The steamship Tacoma brings news from Hong Kong that the French forces in Tonkin have lost four officers and seventeen soldiers in a fight along the Tonkin frontier with marauding bands of Chinese aggregating five thousand. The Chinese forces include a thousand regulars who preferred robbery to soldiering. Many Chinese women were killed. The bands have been driven into Kwang Si province.

STEEL MAGNATE ARRESTED.

E. C. Converse Taken from Train on Charge of Misappropriating Funds.

Pittsburg, June 16.—Edmund C. Converse, of the executive board of the United States Steel Corporation, and formerly president of the National Tube company, was arrested at Greensburg Junction on the Pennsylvania railroad Saturday afternoon, taken from the special train in which he has been touring the country for several weeks, visiting various plants of the billion-dollar trust with a large party of officials, and arraigned at Greensburg, where he was compelled to give bond for appearance in September.

Mr. Converse was arrested on a writ issued in the suit of James L. Devenny of McKeesport, Pa., charging him with misappropriating the proceeds of the sale of street railway stock amounting to a hundred thousand dollars. Last January Devenny began equity proceedings against the steel magnate, but Mr. Converse kept outside the jurisdiction of the Allegheny county court Saturday when Converse passed through McKeesport, Devenny saw him and, knowing Mr. Converse's special car would have to go through Greensburg, took a short cut to that town, where he secured the services of attorneys and the sheriff, who flagged the special train and placed Converse under arrest.

TODAY'S WEATHER.

Washington, June 16.—The following is the weather bureau's forecast for Upper Michigan: Showers and cooler Monday; Tuesday, fair; fresh north to northwesterly winds.

ENDS IN NO VERDICT

THIRD TRIAL OF DR. KENNEDY FRUITLESS LIKE SECOND.

JURY IS UNABLE TO AGREE.

QUASHING OF THE INDICTMENT NOW TO BE ASKED.

Prisoner Once Under Sentence of Death for the Murder of Dolly Reynolds at New York but Was Granted Another Chance.

New York, June 16.—The twelve men who since noon yesterday, at the conclusion of the judge's charge, had considered the evidence in the third trial of Dr. Samuel J. Kennedy for the murder of "Dolly" Reynolds, reported to Judge Newburger at 10:30 o'clock this morning that they were unable to agree on a verdict. The judge at once discharged the jury from further service and remanded the prisoner to the Tombs. When Kennedy heard the verdict his face showed the disappointment he felt, but the smile that has marked the trial came back quickly.

Attorney Moore, for the defense, will ask District Attorney Phillips to move on a verdict. The judge at once discharged the jury from further service and remanded the prisoner to the Tombs. When Kennedy heard the verdict his face showed the disappointment he felt, but the smile that has marked the trial came back quickly.

The first formal ballot resulted: For acquittal, 6; for conviction, 6. The next ballot stood: For acquittal, 7; conviction, 5. Thus the jury stood until the sixth ballot, when the result was: Acquittal, 8; conviction, 4. Four more ballots resulted in the same way, ten in all being taken.

Crime a Mysterious One.

Emiline C. Reynolds, better known as "Dolly" Reynolds, was found dead with her head crushed in a room at the Grand Hotel on Aug. 16, 1898, where she had gone with a man answering Kennedy's description according to the testimony of witnesses. In the dead woman's corset was found a check for \$1,300 signed "Dudley Gideon" and endorsed by "Samuel J. Kennedy." The police theory regarding the case was that it was in payment of alleged winnings at races. The evidence showed at the trial of the case in the criminal branch of the supreme court in 1899 that the woman's skull had been crushed with a piece of lead pipe, traces of which pipe on Kennedy's clothing were alleged to have been discovered by the police.

Kennedy was convicted and sentenced to be executed at Sing Sing. The court of appeals granted a new trial and Kennedy was prosecuted before Justice Forsman, during the latter part of last year, for the second time. This trial resulted in disagreement. The third trial began May 6.

FERRY BOAT TO BE RAISED.

Body of a Second Victim of the New York Harbor Disaster Is Found.

New York, June 16.—The second body was taken from the sinking Staten Island ferry boat Northfield today. It was recovered at noon and proved to be that of Juan A. Benitez, clerk in the steamship office of French, Eddy & Co., this city. The raising of the Northfield probably will be undertaken tomorrow.

Working on Sunken Transport.

A steam crane and a large force of men have been engaged all day today in an attempt to right the army transport Ingalls, capsized in dry dock at Erie basin Friday. It is expected the ship will be afloat in a week. Bert Miller, a carpenter employed on the Ingalls when she sunk, died tonight from his injuries, being the second victim.

WISCONSIN MAKES FAST TIME.

Battleship Built on the Pacific Bids Fair to Excel the Illinois.

Chicago, Monday, June 17.—The correspondent of The Record-Herald at San Francisco says: The steamship Wisconsin steamed into port Sunday morning after a forty-eight hours trial in Santa Barbara channel, during which it was demonstrated that the Illinois will have to look sharp if she would retain honor of being the swiftest sailor of her class in the navy.

According to members of the trial board, and experts aboard the Wisconsin when she was put through her final paces before being accepted by the government, the battleship will show a speed of over eighteen knots if put under forced draught.

The Wisconsin left here last Friday. With a full head of steam and natural draught, the official record for two hours was 18.45 knots per hour. For the forty-eight hours the average was 15.3. Last Wednesday while being brought from Puget sound she made 37.2 knots in two hours, or 18.6 per hour.

WILL GIRDLE THE GLOBE.

John G. Woolley Starts on Long Tour After Liquor Traffic Data.

Chicago, June 16.—John G. Woolley, prohibition candidate for president in 1890, started tonight on a trip around the world for the purpose of collecting data on liquor traffic preparatory to issuing a book on the results of the prohibition movement. Mr. Woolley will sail from San Francisco June 29.

DECLARES A PLOT HAS BEEN FORMED TO KIDNAP HIM.

CHICAGO DOCTORS THE CONSPIRATORS

MEAN TO BEAT HIM UNTIL HE BECOMES REALLY INSANE.

Calls Meeting to Take Steps for Protection After Again Reiterating His Claim to Immortality and to Be Elijah Reincarnated.

Chicago, June 16.—John Alexander Dowie announced at his meeting in Zion Tabernacle today that certain physicians of this city had formed a plot to kidnap him, lock him in the detention hospital and beat him on the head and back till he should lose all reasoning powers and become really insane.

Dowie said the kidnaping might take place tonight, and after the service he called a special private meeting of the male members of Zion to take steps to help the Zion guard in protecting him. He also made threats against the physicians that he would do to them as he thought they were trying to do to him unless they shall let him alone and stop calling him a humbug.

With all this, Dowie repeated continually his assertions to be Elijah reincarnated, making way for the end of the world, and he incidentally laid claim to immortality until such time as his work was accomplished.

PINGREE HOLDING HIS OWN.

His Condition Is Unchanged but He Is Bearing Up Well.

London, June 16.—Thomas Barlow said tonight that ex-Governor Pingree's condition was unchanged. The complications from which the patient suffered yesterday continue. He is bearing up well under most trying conditions.

TORNADO PAYS COSTLY VISIT.

Farm Houses Wrecked and People Injured in South Dakota.

Huron, S. D., June 17.—A tornado passed over the extreme southwest corner of Beadle county Saturday afternoon, injuring ten persons and destroying much property. A two-story house on the McCormack farm was demolished, five of the inmates being seriously injured. McCormack and his seven-year-old son may die. The Gardner residence, five miles distant, was destroyed, Mrs. Gardner being badly hurt. On the Palmer farm, a house was unroofed and one person injured. The Gillespie house was wrecked and two persons were injured.

NOTED PREACHER DIES.

Rev. John Dyer, Famous in Western History, Dead at Denver.

Denver, June 16.—Rev. John L. Dyer, one of the most famous preachers who figured in the history of the West, died here today from paralysis of the throat after a lingering illness. Dr. Dyer was born in Ohio in 1812, moved to Illinois in 1831 and served through the Black Hawk war. "Father" Dyer, as he became known, began preaching in Wisconsin in 1849 and was the oldest, if not the last, of the old Methodist "circuit riders."

HANGED BY GEORGIA MOB.

Negro Charged With Burning a Barn Pays the Death Penalty.

Athens, Ga., June 16.—George Harris, a negro, was hanged by a mob in the northern part of this county last night. Harris was suspected of burning the barn of a farmer for whom he worked, the grievance being against a fellow farmhand who had stock housed in the barn destroyed.

CAILLES TO YIELD.

BLGDTHIRSTY FILIPINO GENERAL AGREES TO SURRENDER.

ENVOYS SIGN THE AGREEMENT

BAND NUMBERING 500 NOW TO LAY DOWN ARMS.

Leader Noted for His Cruelty and Has Been Declared an Outlaw—Incurrence of Capture Now Causes His Submission.

Manila, June 16.—Colonels Ingant and Guivara, representatives of General Cailles, today signed the name of their principal to an agreement to surrender. Under the terms of the agreement Cailles will assemble his men at Santa Cruz, Laguna province, and quickly arrange the surrender of himself and his command to the American authorities. The exact number of his force is uncertain, but there probably will be over five hundred.

Seventeen judges have been appointed to courts. Among the appointments are eleven Americans, who have been given the most important circuits, as follows:

Manila—Kinkaid, Texas; Ollin, New Hampshire.

Apariti—Blount, Georgia.

Dagupan—Johnson, Michigan.

Batangas—Linebarger, Illinois.

Nueva Caceras—Carson, Virginia.

Iloilo—Bates, Vermont.

Negros—Norris, Nebraska.

Cebu—Carlock, Illinois.

Zamboanga—Jedks, Iowa.

Jolo—Whitsett, Missouri.

For more than a year past General Cailles has commanded the insurgent forces operating on the east side of Bay lake, north of Manila. He is said to be a French half-caste, and during the last revolution has acquired a reputation for vindictiveness and cruelty.

Offered Reward for Yankee Heads.

The society of Mando-Ducats, whose practice it was to assassinate or buy alive those of their countrymen who accepted American sovereignty whenever the latter fell into their hands, has operated with the cognizance if not the support of General Cailles. At one time Cailles offered a reward of \$10 for the heads of all Americans brought to him and more recently he offered a reward of \$10,000 for the head of Captain Edward N. Jones, Jr., of the Eighth Infantry.

Since the capture of Aguinaldo, General Cailles, who is one of the few insurgent leaders who did not surrender under the terms of amnesty, has been persistently pursued by the American troops. He was declared to have been wounded in one of the engagements last month and negotiations for his surrender have been going on, with General Sumner for some weeks past. He was declared to be an outlaw by the American authorities, and this fact, which meant he could not expect to enjoy immunity for past deeds and violations of honorable warfare, but would have to stand trial on the many charges against him, doubtless compelled him to prolong his resistance. Members of the Federal party have advised him to surrender, but this he persistently refused to do until he saw that capture was inevitable.

Is an Aggressive Fighter.

Cailles is a man with considerable influence with the Filipino people and is an aggressive fighter. In the mountains of Laguna province, where Cailles practically confined his operations, he had many advantages over the American troops frequently sent to dislodge him that rendered their efforts futile. He is credited with the Sinaloa affair of last year in which a small body of American troops were badly cut up, losing more than 50 per cent of the number engaged.

General Cailles, at one time, declared himself to be Aguinaldo's successor. He and General Malvar were the only two troublesome insurgent leaders remaining in Luzon.

BEATS OUT HER BRAINS.

Jealous New York Man Kils Wife and Attacks Her Father.

Ithaca, N. Y., June 16.—James Churchill, a farmhand, this morning murdered his wife at her father's home at Newfield, crushing her head with a bar of iron while she was sleeping beside her seven-year-old daughter. Daniel Minturn, the woman's father, over eighty, was also attacked by Churchill and is not expected to live. Churchill attempted to commit suicide by taking carbolic acid, but will live. The crime was the result of jealousy, Mrs. Churchill having separated from her husband.

Similar Crime in New Mexico.

Roswell, N. M., June 16.—Arthur Kline, a well-known stockman, today shot and killed his wife, Beatrice Kline; dangerously wounded Marshal Dabbs; probably fatally wounded the landlady with whom Mrs. Kline was living, who attempted to interfere, and then committed suicide. Kline was grazed by jealousy, his wife having deserted him.

HANGED BY GEORGIA MOB.

Negro Charged With Burning a Barn Pays the Death Penalty.

Athens, Ga., June 16.—George Harris, a negro, was hanged by a mob in the northern part of this county last night. Harris was suspected of burning the barn of a farmer for whom he worked, the grievance being against a fellow farmhand who had stock housed in the barn destroyed.

Catarrh

Is a constitutional disease. It originates in a scrofulous condition of the blood and depends on that condition. It often causes headache and dizziness, impairs the taste, smell and hearing, affects the vocal organs, disturbs the stomach.

It is always radically and permanently cured by the blood-purifying, alterative and tonic action of Hood's Sarsaparilla.

This great medicine has wrought the most wonderful cures of all diseases depending on scrofula or the scrofulous habit.

HOOD'S PILLS are the best cathartic.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.) Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to Upper Peninsula interests.

SUBSCRIPTION RATES: Per month, by carrier, \$3.00 Per year, by mail, \$30.00

MARQUETTE, MICH., JUNE 17.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

President McKinley's decisive announcement that he is not and will not be a candidate for a third term in the presidency has added appreciably to his popularity with the people. That he could make himself a third-term president, even though he sought to achieve that distinction, is more than doubtful, but he has put the temptation behind him in a many way that clears the situation and sustains the reputation for solid sense which has been the foundation on which his strength with the people has been built up.

Alluding to the effort of Mr. Bryan to boom Judge Harlan of the United States supreme court for the presidency, the Boston Transcript has this to say: Mr. Bryan's suggestion that Judge Harlan be the Democratic candidate for President in 1904 is the first touch of humor we have seen in the Commoner.

We think Mr. Bryan must have "written arsenic" as Artemus Ward would say, for Judge Harlan is a Republican, and moreover his share in carrying out the compact that made Hayes president, put him in the category of the Republicans whom Democrats cannot forgive. Only last winter Senator Pettigrew stirred up the senate to angry discussion by reading to it an almost forgotten pamphlet written by William E. Chandler, in which was given an account of Judge Harlan's activity as a member of the famous "Louisiana commission."

Judge Harlan's labors on the commission antedated his appointment to the supreme court, but only by a few months. Judge Harlan's political past was stirring and strenuous, but time and years must have greatly abated his vigor as a party manager, for he is now sixty-eight, and should the Democracy make a mistake in 1904 similar to that it made in 1872, it would have a man of seventy-two for its standard bearer, which fact would not induce the rising generation to believe that the Democrats had turned their faces towards the morning.

A DELIGHTFUL TRIP.

The members of the Lake Superior Press association who visited the Pan American exposition last week found their trip even more delightful than they had anticipated. The weather was fine during the week, the ride by rail and water was thoroughly restful and enjoyable, and the exposition, while not yet complete in all its features, was found to be well worth going even a greater distance to see.

For people residing in this part of Michigan the pleasant way of getting to the exposition is by rail to St. Ignace, thence by the Detroit & Cleveland Navigation company's line to Detroit, and from there by rail to Buffalo. The trip from St. Ignace to Detroit by water breaks the monotony without entailing any serious loss of time, and the run from Detroit to Buffalo can be made at night, getting one into Buffalo the next morning.

The D. & C. N. Co.'s boats are roomy, elegantly appointed, and speedy, and the service on them is excellent. If the people of this part of the state understood more fully what a pleasant trip that to Detroit via the South Shore railway and this line of boats is, more of them would take advantage of these excursions. They are growing in popularity, but not as rapidly as the enjoyment they offer at a very moderate cost should ensure.

The exposition has many superb features, chief among which is the electric lighting display. The electric tower is indeed a thing of beauty. It rises in stately grandeur to height of 278 feet, and all the architectural ornamentation is worked out in electric lights. Surmounting the tower is a bronze figure of Mercury, of heroic size and poised on one foot. The outlines of the structure carry lines of electric lamps, and when these, and those composing the ornamental designs, are burning at night the tower is a blaze of living light, the various designs showing out beautifully, with the form of the splendid building, from foundation to dome, defined in lines of rich, yellow effulgence. The world has never before seen anything so grand, and it is well worth a visit to the exposition to see the electric tower and the other electrical lighting effects alone, if there were nothing else there to be seen.

To tell of the creditable features of the exposition would call for columns of space. The grounds are not yet in finished condition and some of the exhibits are incomplete, but a few weeks more will see the entire display completed and the grounds in perfect order. Already the attendance is beginning to tax the capacity of the hotels and boarding places of Buffalo and later there is sure to be a crush rivaling what took place at Chicago when the world's fair was at its height.

About thirty of the members of the Press association and their ladies participated in the trip, and their only regret was that more of the members did not rise to realization of what the outing meant for them sufficiently to drop business for a week and take advantage of it. The itinerary of the trip was admirably planned, and the members of

the association who enjoyed the midsummer excursion to the Pan-American are greatly indebted to those of its officers who had to do with arranging it.

THE ORE MOVEMENT.

The current number of the Iron Trade Review has this to say concerning the movement of ore by lake: The statement of May shipments of iron ore from the Lake Superior region is only surprising in the size of the movement. With scarcely more than half a month of Lake Superior shipments the total to June 1 is found to be 1,682,773 tons, as against 3,295,888 tons to June 1, 1900—a falling off of 1,573,113 tons, or 4 per cent. When it is recalled that shipments began on April 20 last year, the performance of the ore fleet in a fraction of last month is noteworthy. It will be seen that in order to reach the total of 20,000,000 tons this year, which has been figured upon in some published forecasts, it will be necessary to bring down an average of more than 3,000,000 tons a month for six months. This would be a record, but it is not in position to handle any great amount of unsold ore, and if anything like the total of shipments provided for in some estimates is brought down the ore must go forward to furnace yards. The buying thus far has been for a partial year's supply and the point will soon be reached when the decision of furnacemen as to their additional purchases will be an important factor. And this in turn will depend upon the pig iron sales of the merchant furnaces for the second half. Of the most desirable old-range ores the supply is not great, either in Bessemer or non-Bessemer, the United States Steel Corporation having taken up a considerable amount in the early purchases. In selling certain non-Bessemer Mesabes ores the Steel Corporation was credited with a broad policy, but the outside buyer may be rather circumscribed after all in his choice of ores if the big interest is to be a regular bidder for old-range material.

War exists in the law department of Michigan university at Ann Arbor. Graduation is almost at hand yet the annual announcements have not yet been received from the printers. This is the result of having the work done by an outside firm. Weeks ago the copy was sent and promises of early delivery were made so that the students could secure them before leaving for home. Dean Hutchins has announced that every student will be mailed an announcement as soon as the slow printers fill the order.

The Muskegon common council, at its last special meeting, passed a resolution allowing the Muskegon Traction & Lighting Co. to erect a new combined power house and electric lighting station at a cost of \$100,000. Thursday Mayor Moore and City Recorder Mesner, for the city, signed a ten-year contract with the company to take effect from June 1. The contract calls for 175 arc lights of 1,300 candle power at \$76 per year each and any number of street incandescent lamps at \$12 per year. Interior incandescent arcs are to be furnished for fifteen cents per hour.

The naked body of an unknown man, apparently about 25 years of age, was found floating in Kalamazoo river at Kalamazoo Thursday afternoon, near the Mill street bridge. The corpse was somewhat bloated and the head turned almost black, indicating that the body had been in the water several days. A young man, who was found by the river bank about a mile from where the body was found, and it is believed they belonged to the drowned man. There was not a card or article in any of the pockets. No indication of foul play was discovered on the body, and the police believe it is a case of plain drowning.

A Benton Harbor attorney had an unpleasant experience on the water. He now knows how it feels to be accused as a horse-thief. He was driving through the village of Watervliet when a constable stopped him and told him he was driving a stolen horse. Inasmuch as the horse was one he had hired from a Benton Harbor man, who was given a position to deny the officer's statement, and allowed the latter to take charge of the horse, asserting his belief at the same time, however, that there must be a mistake somewhere, as the lawyer was a friend of his and not the thief. A couple of days' investigation brought out the fact that the lawyer had purchased the horse of a young man who had stolen it from a farmer, and although he acted in good faith, he is one who will be paid for the animal, which is back in its original owner's hands.

A TERRIBLE EXPLOSION.

"Of a gasoline stove burned a lady here recently," writes N. E. Palmer, of Kirkman, Ia. "The best doctor couldn't heal the running sore that followed, but Bucklen's Arnica Salve entirely cured her." Infalible for Cuts, Corns, Sores, Boils, Bruises, Skin Diseases and Piles. 25c at Stafford's.

Why Have Gray Hair?

When it can be restored to its natural color by Mrs. Allen's Hair Restorer, it leaves the hair clean, soft and free from dandruff. It does not stick to the scalp, and is absolutely harmless. Price \$1 at all druggists. Send 3c stamp for circular. Mrs. R. W. Allen, Hair Restorer, 261 Woodward Ave., Detroit, Mich. Established 1866.

MARQUETTE COMMON COUNCIL PROCEEDINGS.

Marquette, Mich., June 16th, 1901. An adjourned regular session of the common council was called to order by the mayor, the Hon. John D. Mangum. Present: Aldermen, Flury, Bail, Donovan, Ekstrom, Fleury, Gorman, Jacobs, Jones, O'Neill, Reat, Shea, Siegel and Ward. A petition signed by all the policemen of the city, asking for an increase in salary of \$5 per month was presented, and, on motion of Alderman Jacobs, referred to the committee on finance and taxation. The following was presented, and, on motion of Alderman Jacobs, referred to the committee on finance and taxation: To the Honorable, the Common Council of the City of Marquette, Gentlemen:—At a meeting of the Trustees of School District No. 1 of Marquette, the following resolution was, on motion, unanimously adopted: Resolved, That the sum of thirty-three hundred (\$33,000.00) dollars, be and the same is hereby voted to be raised and assessed upon the taxable property of this district for the present year 1901, for the support of the schools of the District No. 1 of the City of Marquette, Michigan, to be levied on all property and be and are hereby authorized to certify the above amount, viz: the sum of thirty-three hundred (\$33,000.00) dollars to the common council of said City of Marquette to be raised on the taxable property of said district for the year 1901. All of which is respectfully submitted to your honorable body. J. F. NEIDHART, Director. GEO. BARNES, Moderator.

The city treasurer's quarterly report was presented and read, and on motion of Alderman Jacobs, accepted and ordered placed on file. The committee on finance and taxation recommended that the following amounts be raised by taxation for the coming year: For school tax, \$33,000, and the one mill tax levied by the State, \$10,000; for cemetery and parks, \$5,000, and \$1,500 for general purposes. On motion of Alderman Ward, the recommendations of said committee were accepted and ordered placed on file. The committee on parks and cemeteries recommended that \$300 be appropriated for Fourth of July celebration, provided same be paid by the year.

On motion of Alderman Shea, the recommendation of said committee was adopted. The committee on finance and taxation recommended that \$200 be appropriated for Fourth of July celebration, provided same be paid by the year. The recorder reported that the liquor bond of John A. Baker had been withdrawn. The committee on parks and cemeteries have to report that they have entered into negotiations with the Ward Estate relative to the purchase for park purposes of a strip of land lying east of Front street and between Superior and Fisher streets, and would like to enter into a contract on behalf of the council, for the purchase by the city of the estate lying east of Front street, and bounded on the north, east and south by lands of the D. S. S. & A. Co., at such price and on such terms as may be recommended by the committee on parks and cemeteries and approved by the council.

The following bills and claims, having been audited by the controller, on motion of Alderman Ward, were allowed and ordered paid: John Connors, on board of review, \$18.00; Joseph J. on board of review, \$18.00; O. D. Jones, on board of review, \$18.00; Frank Frei, on board of review, \$18.00; F. Ames, on board of review, \$18.00; Jacob Smith, on board of review, \$18.00; Stephen Kemp, on board of review, \$18.00; G. E. French, printing election tickets, \$3.00; L. P. Cray, printing election tickets, \$3.00; Geo. E. French, street sprinkling, \$12.00; C. Lanier, services at court, May, \$4.50; A. B. Eldredge, services in case of Dollar vs. City, \$200.00.

Resolved, That the amount of money to be raised by taxes within the city of Marquette, Mich., for all purposes for the year 1901, be and the same is hereby determined to be as follows: For street work, \$10,000; for cemetery and parks, \$5,000; and for the support of the schools of the city of Marquette, \$33,000. The committee on finance and taxation reported as follows: Resolved, That the recorder be and he is hereby authorized to enter into a contract on behalf of the council, for the purchase by the city of the estate lying east of Front street, and bounded on the north, east and south by lands of the D. S. S. & A. Co., at such price and on such terms as may be recommended by the committee on parks and cemeteries and approved by the council.

Resolved, That the recorder be and he is hereby authorized to enter into a contract on behalf of the council, for the purchase by the city of the estate lying east of Front street, and bounded on the north, east and south by lands of the D. S. S. & A. Co., at such price and on such terms as may be recommended by the committee on parks and cemeteries and approved by the council.

Resolved, That the recorder be and he is hereby authorized to enter into a contract on behalf of the council, for the purchase by the city of the estate lying east of Front street, and bounded on the north, east and south by lands of the D. S. S. & A. Co., at such price and on such terms as may be recommended by the committee on parks and cemeteries and approved by the council.

Resolved, That the recorder be and he is hereby authorized to enter into a contract on behalf of the council, for the purchase by the city of the estate lying east of Front street, and bounded on the north, east and south by lands of the D. S. S. & A. Co., at such price and on such terms as may be recommended by the committee on parks and cemeteries and approved by the council.

Resolved, That the recorder be and he is hereby authorized to enter into a contract on behalf of the council, for the purchase by the city of the estate lying east of Front street, and bounded on the north, east and south by lands of the D. S. S. & A. Co., at such price and on such terms as may be recommended by the committee on parks and cemeteries and approved by the council.

Resolved, That the recorder be and he is hereby authorized to enter into a contract on behalf of the council, for the purchase by the city of the estate lying east of Front street, and bounded on the north, east and south by lands of the D. S. S. & A. Co., at such price and on such terms as may be recommended by the committee on parks and cemeteries and approved by the council.

Resolved, That the recorder be and he is hereby authorized to enter into a contract on behalf of the council, for the purchase by the city of the estate lying east of Front street, and bounded on the north, east and south by lands of the D. S. S. & A. Co., at such price and on such terms as may be recommended by the committee on parks and cemeteries and approved by the council.

Resolved, That the recorder be and he is hereby authorized to enter into a contract on behalf of the council, for the purchase by the city of the estate lying east of Front street, and bounded on the north, east and south by lands of the D. S. S. & A. Co., at such price and on such terms as may be recommended by the committee on parks and cemeteries and approved by the council.

Resolved, That the recorder be and he is hereby authorized to enter into a contract on behalf of the council, for the purchase by the city of the estate lying east of Front street, and bounded on the north, east and south by lands of the D. S. S. & A. Co., at such price and on such terms as may be recommended by the committee on parks and cemeteries and approved by the council.

Resolved, That the recorder be and he is hereby authorized to enter into a contract on behalf of the council, for the purchase by the city of the estate lying east of Front street, and bounded on the north, east and south by lands of the D. S. S. & A. Co., at such price and on such terms as may be recommended by the committee on parks and cemeteries and approved by the council.

Resolved, That the recorder be and he is hereby authorized to enter into a contract on behalf of the council, for the purchase by the city of the estate lying east of Front street, and bounded on the north, east and south by lands of the D. S. S. & A. Co., at such price and on such terms as may be recommended by the committee on parks and cemeteries and approved by the council.

Resolved, That the recorder be and he is hereby authorized to enter into a contract on behalf of the council, for the purchase by the city of the estate lying east of Front street, and bounded on the north, east and south by lands of the D. S. S. & A. Co., at such price and on such terms as may be recommended by the committee on parks and cemeteries and approved by the council.

Resolved, That the recorder be and he is hereby authorized to enter into a contract on behalf of the council, for the purchase by the city of the estate lying east of Front street, and bounded on the north, east and south by lands of the D. S. S. & A. Co., at such price and on such terms as may be recommended by the committee on parks and cemeteries and approved by the council.

Resolved, That the recorder be and he is hereby authorized to enter into a contract on behalf of the council, for the purchase by the city of the estate lying east of Front street, and bounded on the north, east and south by lands of the D. S. S. & A. Co., at such price and on such terms as may be recommended by the committee on parks and cemeteries and approved by the council.

Resolved, That the recorder be and he is hereby authorized to enter into a contract on behalf of the council, for the purchase by the city of the estate lying east of Front street, and bounded on the north, east and south by lands of the D. S. S. & A. Co., at such price and on such terms as may be recommended by the committee on parks and cemeteries and approved by the council.

Resolved, That the recorder be and he is hereby authorized to enter into a contract on behalf of the council, for the purchase by the city of the estate lying east of Front street, and bounded on the north, east and south by lands of the D. S. S. & A. Co., at such price and on such terms as may be recommended by the committee on parks and cemeteries and approved by the council.

Resolved, That the recorder be and he is hereby authorized to enter into a contract on behalf of the council, for the purchase by the city of the estate lying east of Front street, and bounded on the north, east and south by lands of the D. S. S. & A. Co., at such price and on such terms as may be recommended by the committee on parks and cemeteries and approved by the council.

Resolved, That the recorder be and he is hereby authorized to enter into a contract on behalf of the council, for the purchase by the city of the estate lying east of Front street, and bounded on the north, east and south by lands of the D. JURY CONVICTS HER

MRS. KENNEDY, SLAYER OF HUSBAND, FOUND GUILTY.

GETS A TEN-YEAR SENTENCE.

GENERALLY THOUGHT SHE WOULD GO FREE.

Prisoner Receives the Verdict in an Indifferent Manner While Her Mother and Sister Weep—An Appeal to Be Taken.

Kansas City, June 16.—Lulu Prince-Kennedy was yesterday found guilty of murder in the second degree for having killed her husband, Philip H. Kennedy, on Jan. 10 last. Her punishment was fixed at ten years in the penitentiary.

Takes the Verdict Coolly.

When the verdict was read this remarkable twenty-year-old prisoner, whose cool, indifferent manner has, for five months, baffled the jail officials who have had her in charge, looked straight ahead of her. She neither wept nor moved a muscle. Later she expressed interest, but nothing more, in the small calling by the court clerk for the cases pending against her father, C. W. Prince, and her brothers, Bert and Will Prince, who are charged with conspiring to kill Kennedy.

White Judge Wolford was dismissing the jury, who had sat on the case for twelve days, and reached their verdict after eleven hours deliberation, the prisoner sat with her chin resting on her hand. A reporter asked if she had anything to say. Mrs. Kennedy ignored the question and continued to look at the judge. Later, when Mrs. Kennedy had been taken into a little room adjoining the court room and the crowd was beginning to leave, sobs and moans were heard. They came from Mrs. Prince, the mother of the prisoner, and Mrs. Leon, the girl's sister. Lulu Kennedy sat thoughtfully and silent, gazing fixedly before her. Taken to her cell she maintained a calm manner. She refused to discuss the verdict.

C. W. Prince for the first time displayed interest in the proceedings when the case against himself and his sons was called. An appeal may be taken from the verdict. The case against the Princes has been set for trial tomorrow.

Story of the Tragedy.

The case of Mrs. Kennedy is most peculiar. She is a blonde, of good figure and passing fair. She is the daughter of C. W. Prince, a well-known business man here, and a sister of the considerable estate, who about the year 1890 made his fortune about the West as a concert monopolist. Among friends was Philip H. Kennedy, a young man of twenty-six, who was agent for a transfer company. On Dec. 4 last, Kennedy, accompanied by Miss Prince, her father, and one of her brothers, called at the court house and secured a license, after which the couple were married. Kennedy giving evidence of unwillingness. He at once left his wife, never lived with her and refused to contribute toward her support.

Just a month later, on Jan. 4, Kennedy filed suit in the circuit court for an annulment of his marriage to Miss Prince, alleging that he was forced to take part in the ceremony. On the afternoon of Jan. 10, just before 6 o'clock, Mrs. Kennedy called at her husband's office. When Kennedy came to the door she asked him to walk down the hall with her, where she could have a few words with him. He started to accompany her, but before they had gone half a dozen steps Mrs. Kennedy whirled about, facing her husband, and demanded: "Are you going to live with me and support me as a husband should?" "I am not," was Kennedy's reply.

Shoots Him Six Times.

Like a flash Mrs. Kennedy drew a revolver from the folds of her dress and emptied all six chambers at her husband as rapidly as she could pull the trigger. The shots were so close together that persons who heard them could not count them. Every shot hit Kennedy, and the physicians said that any one of the six would have proved fatal. Kennedy fell dead without the twitch of a muscle.

Mrs. Kennedy walked quietly up to her dead husband, kicked him two or three times in the face and exclaimed dramatically: "There! I guess you will never betray another girl!"

The woman then coolly surrendered. She was indicted, but the general belief here was no jury could be found that would convict her.

BOY WINS \$100 BILL.

Big Chicago Store Conducts a Novel Advertising Scheme.

Chicago, June 16.—"Are you the man with the \$100 bill?" was the question every male pedestrian on the east side of State street, between Van Buren and Congress streets, was confronted with between the hour of noon and 1 o'clock yesterday.

The superintendent of one of the big department stores had charge of a plan for introducing a new novel by offering a brand-new \$100 bill to the first person who could pick out a man with the currency in his pocket. The only condition was that the fortunate one should have at the time he "spotted" the man with the bank note, in his possession a copy of the novel.

The affair had been well advertised in the newspapers for a day or two and the sale of the book was rapid. The street in front of the store was packed with men, women and children, and "Are you the man with the \$100 bill?" was heard on every side at the rate of a hundred times a minute. The man with the bill, however, was not challenged until nearly 1 o'clock, when Richard Clancy, fourteen years old, approached William Painter, clerk of the receiving department

ment of the store, with the question he had put to others, numberless times. "You are all right, boy," said Painter, who is big and good-natured, and ten minutes later young Clancy was the proud possessor of the bill. "Father has been sick a long time," said he, "and this will come in handy." Detectives escorted the boy home to prevent robbery.

NEW PENSION COMMISSIONER.

Said Ex-Congressman S. P. Peters of Kansas Will Get the Place.

Chicago, Monday, June 17.—The correspondent of The Record-Herald at Topeka says that ex-Congressman S. P. Peters has received a dispatch calling him to Washington, where he will be tendered the office of pension commissioner, succeeding H. Clay Evans.

BATTLE WITH MEXICANS.

American Posse Avenge the Murder of Two Texas Officers.

Luling, Tex., June 16.—Six N.ixon, who left here this morning with a posse of officers hunting for Mexicans who killed Officers Glover and Schmale last Thursday, returned this evening. He states that while attempting to arrest some of the Mexicans one of the Mexicans was killed, another badly wounded and one, Antoine Redignou, arrested. Redignou is said to have confessed to being in the house when Glover and Schmale were killed.

BOSTON LUMBER YARD BURNS.

Loss Heavy and La'd to Fireworks Exploded Because of Bunker Hill Day.

Boston, Monday, June 17.—C. W. Leatherby's lumber yard burned early this morning and is probably a total loss. It is thought there was between two and three million feet of dressed lumber, nearly all which has been destroyed. The fire is thought to have been started by fireworks, as men and boys all through the city have been burning Greek fire and setting off fire crackers.

New York, June 16.—The chocolate factory of Kunkel Bros. was destroyed by fire today. The loss is estimated at a quarter of a million.

Durant, I. T., June 16.—Fire today destroyed twenty-nine buildings in the center of town. The loss is \$50,000.

DIES IN A POORHOUSE.

Appleton (Wis.) Man Who Was Once Worth at Least \$75,000.

Appleton, Wis., June 16.—Matthew Lumis, aged seventy years, who had been a charge at the county poor house the past three years, died yesterday from a fatal complication of diseases. He was at one time a prominent contractor and saw-mill man at Neenah, and was considered one of the wealthiest men in this vicinity. His checks, thirty-five years ago, drew heavier perhaps on the banks of the state than did any employer in Neenah. While the millionaire paper mill men of the Fox River Valley were working by the day, many of them in his employ, he was worth anywhere from \$75,000 up. During the past twenty years his habits have been dissolute, and becoming an excessive drinker he was divorced from his wife. Three years ago his means were completely exhausted, and he had since been in the poor house and had accepted assistance from the United Pacific, Southern Pacific, Missouri Pacific and the Goulds, who are said to be parties to the transaction.

Certain large stockholders of St. Paul, it is said, have sold or have agreed to sell stock amounting to about \$20,000,000 par value. Peter Geddes is said to be directly concerned in the deal, along with James Henry Smith and William Rockefeller, all of whom are directors. The deal will be financed at the Eastern end by the National City bank of New York.

REMARKABLE GOLF GAME.

Match for the American Championship Ends in a Tie.

Hamilton, Mass., June 16.—Probably never before in the history of golf has there been such a remarkable and exciting finish in an open tournament as took place at the Myopia Hunt club yesterday, where the seventy-two hole contest for the championship of the United States resulted in a tie between Willie Anderson of Pittsfield, Mass., and Alexander Smith, formerly of Chicago, but now of Scotland. Each took 331 strokes in covering the eighteen-hole course four times and tomorrow will play eighteen more holes to decide which is the champion. The match was the most exciting in the history of the Midlothian club, Chicago, was third with a score of 333; Stuart Gardner of Garden City, Long Island, was fourth, with 334; Lawrence Auchterlonie of Glanview, Chicago, and Bernard Nichols of Boston tied for fifth, with 335; David Brown of Brooklyn was seventh with 336, and Alex Campbell of Brooklyn was eighth with 339.

FAVORITE BADLY BEATEN.

Alcedo Wins the Suburban at Gotham in Near Record Time.

New York, June 16.—Before a crowd of 20,000 persons and on one of the most disagreeable days the Suburban has ever been run on, Alcedo yesterday came home a winner in but two-fifths of a second more than when Salvatore made the record eleven years ago. The crowd cheered wildly; for there was a hot tip on him, and he won easily. Toddy managed to hold second place till a few jumps from the wire, when Water Cure passed him and left him third. The favorite, Elhelbert, badly beaten, was back in the rack with Sydney Lucas, another upset being recorded.

Declines to Enjo in Betting.

Chicago, June 16.—Judge Tuley in the circuit court yesterday refused to grant a temporary injunction without notice against the Harlem race track to restrain the management from allowing betting on the races. The petition was presented by men close to Governor Yates and was indirectly aimed at the American Derby which will be run at Washington Park track next Saturday.

American Rides Losing Horse.

Paris, June 16.—The Grand Prix de Paris today was won by Cheri. There was second and Lady Miller third; time, 3:19. Olympian, the favorite, ridden by an American, Henry, finished next to last.

A beacon light to the sick and afflicted. A life encourager. Take counsel with yourself today and use Rocky Mountain Tea tomorrow. Peace and comfort follow its use. Stafford Drug Co.

TO END RATE WARS.

EXTENSIVE "COMMUNITY OF INTERESTS" PLAN ARRANGED.

HARRIMAN THE DIRECTING FIGURE.

ROADS IN THE NORTHWEST AND SOUTHWEST AFFECTED.

Absorption of the St. Paul by the Union Pacific System Also Reported Closed at a Conference Held in Chicago.

Chicago, June 16.—The Tribune today says that E. H. Harriman was the directing figure in two movements begun yesterday which are expected to affect every railroad running west of Chicago and St. Paul. What was held to be the first step toward a composite agreement between the great roads running west of these cities was perfected at a conference held here between Harriman and the officials of the companies concerned.

By the terms of the compact an iron-clad agreement to end rate wars and other complications is expected to be spread over all the roads in the Northern group, including the Northern Pacific, Burlington, St. Paul, Union Pacific, Northwestern and Great Northern lines.

To the Southwest the Santa Fe will over the rate problem go hand in hand with the Southern Pacific. It will be "a community of interest" plan and provides that the Pacific Mail and Oceanic Steamship lines, controlled by the Southern Pacific, shall take care of the Santa Fe's trans-Atlantic business.

Control of St. Paul Passes.

The other move directed by Mr. Harriman was the practical provision for the transfer of the Chicago, Milwaukee & St. Paul to the Harriman syndicate and the turning of this line into a line of the Union Pacific system. This plan was arranged at a secret conference held at the Auditorium Annex, attended by many railroad men and a number of bankers.

Little doubt is entertained that the syndicate has acquired control of the St. Paul on practically the same lines that J. J. Hill secured control of the Burlington. The stock of the St. Paul road will be taken over by the Union Pacific at the October meeting. It is reported that the stockholders of the former line will be offered \$200 in 4 per cent. bonds for every \$100 worth of stock and that the bonds will be guaranteed by the Union Pacific, Southern Pacific, Missouri Pacific and the Goulds, who are said to be parties to the transaction.

Certain large stockholders of St. Paul, it is said, have sold or have agreed to sell stock amounting to about \$20,000,000 par value. Peter Geddes is said to be directly concerned in the deal, along with James Henry Smith and William Rockefeller, all of whom are directors. The deal will be financed at the Eastern end by the National City bank of New York.

ST. PAUL STOCK IN DEMAND.

Soars Upward 17 Points and Carries Other Prices With It.

New York, June 16.—There was a feverish undertone in yesterday's stock market, but the buoyancy of St. Paul was the determining factor in sustaining prices and in turning them upward, after a dip occasioned by a weak bank return. Authoritative announcements regarding the developments in St. Paul continue lacking, but the belief holds in Wall street that the controlling interest in that stock has been made available for the purposes of adjustment of the Northwestern railroad dispute which is being worked out. St. Paul crossed 18 1/2 in the late dealings, compared with 17 1/2 Friday night, while Colorado Fuel added 6 points to its sensational advance. A jump of 14 points in Pere Marquette and one of 6 in Kanawha & Michigan attracted attention. Tennessee Coal was strong in sympathy with Colorado Fuel and the Readings were in demand. The general market was influenced by 17 1/2 throughout. Closing prices, as reported by Paine, Webber & Co., were:

*Asked.

GOBBLED BY THE STEEL TRUST.

Big Corporation Gets the Pennsylvania and Bethlehem Plants.

New York, June 16.—There is now little doubt that the recent purchase of the Pennsylvania Steel company was not made in the interests of the Pennsylvania railroad. The company has been bought by Drexel & Co. of Philadelphia on behalf of the United States Steel corporation, and will be turned over to it after the return of Mr. Morgan from Europe. The Pennsylvania railroad, which is a large holder of Pennsylvania

steel stocks, has agreed to exchange its stock for that of the United States Steel corporation. It is also stated that the purchase of the Bethlehem steel works was made on behalf of the United States Steel corporation by President Schwab. The properties were purchased to forestall an attempt on the part of some Pittsburgh interests who were dissatisfied with the sale of the Carnegie company, to form an opposition combination, to include the Tennessee Coal & Iron company and the Colorado Fuel & Iron company. The combination will not now be formed.

CHICAGO GRAIN MARKETS.

Chicago, June 16.—News from France that the crop was deteriorating was the only strengthening factor in wheat yesterday, prices being 1/4 @ 3/8 higher. In corn the close showed gains of 1/2 @ 3/4, an improved cash demand being the chief factor.

Oats were active and there was large buying of July by the shorts, which advanced the price 1/4, the close being at the top; September gained 1/2. The leading futures sold about 2,000,000 at the advance.

The leading futures ranged as follows: Highest, September wheat opened at 68 3/4; highest, 68 3/4; lowest, 68 1/4; closed, 68 1/4. September corn opened at 43 1/2; highest, 44 1/4; lowest, 43 1/2; closed, 44 1/4. September oats opened at 25 1/2; highest, 25 1/2; lowest, 25 1/2; closed, 25 1/2.

BOSTON COPPER QUOTATIONS.

The copper stocks dealt in on the Boston exchange closed as follows Saturday, the quotations being reported by Paine, Webber & Co.: Adv. 17 @ 17 1/2; Osc. 87 @ 88; Arc. 164 @ 174; Par. 54 @ 55; All. 2 @ 2 1/2; Ten Cop. 22 1/2 @ 23; Ard. 2 @ 2 1/2; Quincy. 2 1/2 @ 3; Atlantic. 46 @ 47; Amal. 123 1/2 @ 124; B & M. 455 @ 460; S. LAND ROUTE TO SIBERIA.

Senator Clark in a Scheme for a Great Trans-Atlantic Road.

London, June 16.—Plans for the great Trans-Alaskan railroad which will give the United States a land route directly to the door of Siberia will be carried to the United States by Captain John Healy, of Klondike fame, who sailed today in the Campania after a three-months sojourn in London. Captain Healy has secured the co-operation of Senator William Clark and another American millionaire in the scheme. The southern terminus of the proposed railway will be at Valdez, adjacent to the mouth of the Copper river, one day's steaming from Sidska.

PRESENT TERM HIS LAST.

Senator Platt to Step Down and Out in March, 1903.

New York, June 16.—The Tribune this morning says that Senator Platt will retire from the United States senate at the end of his present term in March, 1903. The information was obtained Saturday night at the Fifth Avenue Hotel. It is expected by his friends that he will make public some day this week his reasons for laying down the office at the end of the term.

BATTLESHIP IN BAD SHAPE.

Will Take Half a Year and Cost \$250,000 to Repair the Oregon.

San Francisco, June 16.—It is estimated that the repairs to the Oregon, which has just arrived from the Orient, rendered necessary when she was wrecked in the gulf of Pecheil, will require about six months on the dry dock and cost fully \$250,000.

GOOD ADVICE.

The most miserable beings in the world are those suffering from Dyspepsia and Liver Complaint. More than seventy-five per cent. of the people in the United States are afflicted with these two diseases and their effects; such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heart-burn, Water-brash, Grogginess and Burning Pains at the Top of the Stomach, Yellow Skin, Coated Tongue and Disagreeable Taste in the Mouth, Coming up of Food after Eating, Low Spirits, etc. Go to your Druggist and get a bottle of August Flower for 75 cents. Two doses will relieve you. Try it. Get Green's Prize Almanac. The Stafford Drug Co.

CHEERS FOR KAISER

STATUE TO BISMARCK UNVEILED AMID PATRIOTIC SCENES.

NOTABLE CEREMONY AT BERLIN.

EMPEROR AND A MULTITUDE OF PEOPLE PRESENT.

Count von Buelow Delivers a Brief Address, Declaring That Germany, With Its Location in Europe, Should Ever Be Vigilant.

Berlin, June 16.—The Bismarck statue, facing the Victory column in front of the reichstag building, was unveiled at midday today in the presence of the emperor and empress, Prince Herberich Bismarck, Count von Buelow, Prince Hohenzollern, the cabinet ministers, members of the legislative houses and the memorial committee. There was an imposing array of army officers and civil officials and an enormous gathering of people.

The emperor inspected the guard of honor and then took his place under the baldachin with the empress. A thousand school children sang in chorus and Dr. von Levetzow, Conservative leader in the reichstag, delivered a brief eulogistic address. Count von Buelow, imperial chancellor, then made a speech as follows:

"Among the whole of the German people there is no one but knows that no vestige of the iron chancellor's days up on earth will disappear; that the admiration and gratitude toward him will increase while German hearts beat or while German fists are clenched.

"Bismarck was a lionine nature. Up on earth he stood amidst the dust of battle. Battle brings with it just opposition and unjust misunderstanding; honorable enmity and blind hatred. When the dust is dispersed, there remains only the memory of unparalleled deeds and of peerless personality."

Von Buelow then eloquently stated Bismarck's stupendous work in establishing the empire—that aspiration of centuries for which the noblest spirits had strived in vain and for which a long array of martyrs in the German cause had fought and suffered. Continuing, he said:

"Only fools or fanatics maintain that Bismarck never made a mistake or that the maxims he laid down may be applied in all circumstances. Bismarck himself did not lay great stress upon the doctrines he taught us—that no personal fancy, transitory ideas or antiquated theory, but only the practical and enduring interests of the community should govern the national policy. What his whole work teaches us is that it is essential in politics to always clearly recognize the limits of the attainable and to stake all upon the attainment of what will be of advantage to the country.

"Bismarck belongs to no party; he belongs to the whole nation. In the domain of politics, Bismarck was what Goethe was in the domain of mind. He gave us our guarantee that a nation can never surrender its right to unity, independence and power.

"Living in middle Europe, we have no alternative but to be always en vidette. We are strong, however, to maintain our independence on every side. Divided by opposing principles in politics, economics and creed, the empire will never be without internal conflicts; but these no longer will be able to shatter what was forged thirty years ago."

The chancellor concluded his speech by calling for three cheers for the emperor of the fatherland. The thousands present then sang the national anthem and at a signal from the emperor the veil fell from the statue and the bands started playing amid the ringing of the cheers of the assembly. Emperor William alone mounted the steps and deposited the first wreath at the foot of the statue. He then turned to Prince Herberich Bismarck while "Deutschland ueber Alles" was sung.

MONDAY.

It all depends upon what you want in a soap. If you require simply a dirt remover, almost any soap will do. But if you care at all about the thing which is to be washed, you must think twice before you act. Any soap will clean linens and muslins, but Ivory Soap leaves them as white as snow. Any soap will clean sheets and table cloths, but Ivory Soap leaves no coarse, strong odor. Try it once!

IT FLOATS.

CITY BRIEVITIES.

Today's weather: Showers; winds fresh westerly. Yesterday's temperature: 7 a. m., 59 degrees; noon, 72 degrees; 7 p. m., 68 degrees. Maximum, 74 degrees; minimum, 59 degrees.

Timothy Xester of Munising is in the city.

W. O. Butler, steward of the So-sa-wagaming club, and wife are in Marquette.

William G. Mather of the Cleveland-Cliffs Iron company was in Marquette Saturday.

George B. Moss, manager of the Hotel Superior, came up from Chicago yesterday morning.

Capt. Gooding has been confined to his home with a slight ailment during the past few days.

Miss Leona M. Smith and her nephew, Bernard, Mrs. H. Weckmeier and B. E. Sherman of Munising spent yesterday in Marquette.

T. H. Dawson and James McCutcheon were Ishpeming visitors here yesterday. They heard the baccalaureate sermon at the Northern Normal.

Presque Isle was frequented by a good crowd yesterday, the warm weather driving people from the city. The street cars handled a large traffic.

J. J. Wirtz left for points in Wisconsin Sunday to work in the interests of the Tontine Savings association of Minneapolis. He will stay a week.

County Clerk Ross has issued marriage licenses to Jani Juntilla and A. J. Johansson of Negaunee and Oscar F. Olson and Hilda G. Kaupala of Ishpeming.

Marshal John Farm brought a crazy woman from Ishpeming to the county jail yesterday. She was in a bad condition and it required a couple of men to overcome her violence.

The farewell bazaar at the Salvation army hall tonight and Tuesday and Wednesday nights will attract considerable attention. The hall will be open every afternoon after 2 o'clock.

The police officers have donned the helmets which accompany their latest uniform. They are of a light gray material and add greatly to the appearance and distinctiveness of the force.

Miss Flora E. Hill, preceptress of the Northern Normal, who was summoned to her home in Flint, Mich., a week ago on account of the death of her father, returned to Marquette Saturday.

"Si Slocum" was produced to a slim crowd at the opera house Saturday evening. The play was anything but good. It was the stereotyped farce show, but the production was comparatively inferior.

Professor Hogue's initial dancing classes will be held at Fraternity hall this evening. The professor has enrolled a considerable number in both his youths' and adults' classes and his school starts out with every prospect of gratifying success.

Invitations for the reception and dance which the high school juniors, the seniors of next year, will tender the members of the Class of '01 have been mailed. It is desired that it be understood that this function is a strictly invitation affair, none but those who receive cards being expected to attend.

Timothy Gummerson died as a result of paralysis of the breast at Mrs. Kraig's on Bluff street. He had lived in Marquette for about sixteen years. He possessed a reasonably wide acquaintance and was well liked by all who knew him. The funeral will be held tomorrow under Masonic auspices.

Rev. J. M. Rogers delivered the baccalaureate sermon for the high school at the Presbyterian church last evening. It was heard by the Class of '01, the faculty of the school and many of the young people other than the seniors, in addition to the usual congregation. Mr. Rogers' address was well received, it being admirably suited to the occasion.

The Lake Shore Engine works Friday shipped a thirty-four foot standard life boat, equipped with a twelve horsepower Superior engine to the crew in command of Captain Clerly of Marquette at the Pan-American exposition. The craft has been fitted with power during the past few weeks and it is a duplicate of the boat which has been used for experimental tests at the Marquette station for several months. It

will attract general attention at the Buffalo show.

Timothy Duquette has been made assistant superintendent of the Marquette office of the Metropolitan Life Insurance company. This appointment is in recognition of Mr. Duquette's valuable work since he began canvassing in this field, he starting with the Metropolitan company last fall. His wide acquaintance is a valuable asset in

BACCALAUREATE SERMON.

Washington Gardner Delivered It at the Northern Normal Yesterday.

Commencement week at the Northern Normal was inaugurated yesterday afternoon when the Honorable Washington Gardner delivered the baccalaureate address before a large assemblage of members of the Class of '01 and the undergraduates of the Normal and many townspeople.

Mr. Gardner's baccalaureate was well received and he was heartily congratulated on the effort at its conclusion. He is a forcible, impressive speaker. His style is marred with no mannerisms and his clear enunciation serves to make his discourse intelligible to all his hearers. His baccalaureate dealt on matters in connection with the life, work and influence of Jesus Christ. The speaker was attentively and closely followed.

The program was completed by music from the Ladies' octette, a solo from Miss Linton and a duet from Mr. Tucker and Miss Linton. Rev. E. A. Elliott pronounced the invocation and benediction.

BIG CLASS. Woodmen Received Twenty Members Saturday Evening.

Saturday evening will long be remembered in Marquette "woodcraft" circles. The Lake Superior Pioneer camp, No. 991, Modern Woodmen of America, through the efforts of its venerable counsel, Peter Kraemer, who has been specially appointed district deputy head counsel, was enabled to put through a class of twenty new members. The work was under the special supervision of District Deputy Head Counsel D. N. Davis of Menominee, who has charge of the upper peninsula counties. He was ably assisted by the Neagawa degree team, under command of Captain E. J. Miller. The floor work of the team was precision itself and it caused many of the Marquette members to remark, "why haven't we such a team?" After the work of the evening had been dispatched the Woodmen were escorted down stairs where the Royal Neighbors had prepared two tales, stretched the length of the hall, with all the delicacies of the season. After supper the degree team gave an exhibition drill for the ladies and the ladies, in turn, gave their drill, when all departed for home at a late hour. Another class of thirty members will be initiated on the 28th, when the membership of the local camp will be swelled to 150. The wooden insurance is acknowledged to be the cheapest of any of the fraternal societies.

"SAG HARBOR." It Will Be the Finest Dramatic Offering of the Present Season.

Great interest is manifested in the approaching presentation, the evening of Monday, June 24, of "Sag Harbor," James A. Herne's greatest drama and the distinctively American play of the decade. This play attracted more attention in New York city, where it ran for three months early in the season to record breaking business, than any other drama presented in New York in many years. It is pronounced by eminent critics the ideal American play and will be accepted for years to come as the true type of a genuine American drama. Mr. Herne's brilliant career as a dramatist, giving such notable successes to the stage as "Hearts of Oak," "Minute Men," "Rev. Griffith Davenport," "Margaret Fleming" and "Shore Acres," is fittingly crowned in "Sag Harbor."

The Chicago newspapers, with one accord, were unanimous in their praise of "Sag Harbor." It played two engagements in Chicago, the first covering three months and the second two months. The Record-Herald said it was "the highest hit of the season and the best native play yet seen on a Chicago stage. Boston was equally enthusiastic over "Sag Harbor." There it rolled up a continuous engagement of three months to a phenomenal business.

"Sag Harbor" is now en route to New York, after an unusually successful engagement on the Pacific coast. During its three weeks stay in San Francisco over sixty thousand people saw it. The San Francisco Examiner in a page article about the play said the company was the strongest combination of players ever seen there in one organization and said of the play that it was the best thing seen in "Frisco" since Bernhardt and Coquelin presented "Cyrano de Bergerac."

The present company is the original organization in every particular, the same that made the fame of the play in the cities enumerated above. It comprises some of the best people in the theatrical profession. The members of the company were engaged by Mr. Herne for their special adaptability for the parts assigned them and, in several instances, Mr. Herne wrote the parts to fit the particular actors. This company and the original production intact will be seen here. The attraction should attract a crowded house for it is rarely that Marquette has an opportunity of witnessing a big New York success in the same season with New York city.

Not more than eight seats will be sold to each purchaser and every precaution will be taken to guard against ticket speculation. Mr. Dean, the manager, will remain here to superintend the opening sale.

Professor Hogue's class for young people will meet at Fraternity Hall Monday at 4 p. m.; evening class at 8; social from 9 to 12. Private classes solicited. (5-15-17)

Headaches, dizzy spells, bad blood, rheumatism, indigestion, constipation, absolutely cured if you take Rocky Mountain Tea made by Madison Medicine Co. 35c. Stafford Drug Co.

B. F. Mouser, druggist at Chetopa, Kansas, says: "I had the best sale on Dr. Caldwell's Syrup Pepsin of any article in my store." So has the Stafford Drug Co. It cures Constipation, Indigestion, Sick Headache and Stomach Trouble.

SHIPPING LOOKING UP.

Steel Corporation Now Wants Much More Ore from this Range.

From present indications it would seem that ore from the old Marquette range would soon begin to move more swiftly.

Since the first of May, when the season opened, ore carriers have been coming rather slowly in the Marquette harbors. During the week just past they have been arriving more frequently and now it is given out by A. B. Wolvin, commodore of the Steel Corporation's fleet, that before another week is gone there will be much greater activity. This is good news. The light shipping has had much to do with the business stagnation here and in Negaunee during the past two months.

Another thing which has hurt business, to be attributed directly to the lack of ore carriers, is the closing down of the Steel and Wire company's properties at the Winthrop, the cutting out of the night shift at the Section 21 mine and numerous unfounded rumors of shut downs. At Negaunee only one shift is working at the Regent group and it is unlikely that the other will be added, as an immense amount of ore is in stock, fully as much as, together with the underground production, will be needed this year. The Cambria and Lillie show no signs of adding their usual extra shift, although shipments have been carried on very well of late.

Here there has also been a tendency toward slow ore movement, but Agent W. H. Johnston, of the Steel Corporation, received orders this week to prepare for greatly increased shipments. He says that his people want a certain amount of ore from this range and that unless the estimates are reduced or changed in some other way, no one need worry about the aggregate shipments. The only trouble will be in handling the rush consequent on the hurrup orders. Shipments to Escanaba have eased up a little during the week, but they will be renewed with vigor on Monday. The docks at the Sand City are not in very good condition for the reception of ore, they being well nigh full. Few boats have made that port of late and the dock superintendents are beginning to call a halt. They threaten to shut off the supply of cars. The Northwestern is still handling a large tonnage from the Marquette and Cascade ranges, but nothing like that of last year.

"THE SQUIRE'S DAUGHTER."

This charming comedy drama will be produced at the opera house tonight by the Harry Shannon company, and will be the first of the week's bills, which will be changed nightly. The Shannon aggregation is one which enjoys a well-deserved reputation for painstaking attention to the smallest details in rendering its repertoire. It is composed of a company of well-known players who are recognized by critics to be among the best in their profession. With the company are Miss Hazel and Master Harry Shannon, two as clever little people as are on the American stage today. The specialties, which are introduced between the acts, are said to be the best on the road and in every city which the company has played it has earned enthusiastic approval. Seats are on sale at Tillson's at ten, twenty and thirty cents. This evening ladies will be admitted with each paid reserved seat coupon, as is the usual custom.

UNDERTAKER'S BILL SIGNED.

Local undertakers are much pleased at the passage and signature of their bill which compels all embalmers to pass an examination before they are allowed to take charge of the remains of a person who has died from a contagious disease. This bill has been before every house and senate for the last eight years and it was largely through the efforts of Representative Charles J. Byer of this city that it was passed this session. The governor signed the measure this week. As the original measure read, no provision was made for an examination for the upper peninsula, but through the efforts of the president of the Embalmers' association an amendment was added which provided for a special examination for this section of the state. Those of the local undertakers who have been working for the bill are anxious to have the examination next month.

CONCERT THIS EVENING.

This evening at 8:15, in Anderson's Hall, Ishpeming music lovers will have an opportunity of listening to one of the finest concerts that has ever been given in this section. The Schubert Concert company of Chicago is an organization which is famed far and wide for the excellent quality of its programs. Besides being a meritorious musical organization, the company is helping along the splendid work which the Good Will farm in Houghton is doing, for this evening's entertainment will be for the benefit of that enterprise. Ishpemingites have rarely had the chance to hear good music and do good at the same time, which they will have tonight, and they should be on hand en masse. Tickets will be seventy-five cents.

Just in 12,000 yards of Magnolia dimitie worth 12 cents, going at 5 cents. A snap. F. Braastad & Co.

Heppner's pure ice cream at the soda fountain is a winner every time. Heppner, Marquette. (5-1-17)

If you want a cape jacket or shirt for summer we can supply you at 20 per cent off. F. Braastad & Co.

There are good profits for retailers in Heppner's pure ice cream. Heppner, Marquette. (5-1-17)

TRY DEBELL'S KIDNEY PILLS.

They are the only kidney medicine that positively cures all diseases arising from disordered kidneys, poor nerves and a thin watery condition of the blood such as nervous headache, dizziness, weak back, rheumatism, diabetes, scalding urine and other kidney troubles. DeBell's Kidney Pills, the great kidney remedy. Every box warranted, 25 cents per box. For sale by Stafford Drug Co.

AN ALLURING PROPOSITION.

Highland Colony at Ridgeland, Mississippi, Offers Inducements to Settlers.

For the past few weeks President R. H. Thompson of the Highland Colony at Ridgeland, Miss., has been in communication with persons here with a view to inducing them to take up land in the colony. Mr. Thompson was here last week and delivered a number of illustrated lectures at Mine Workers' Hall which illustrated the advantages of settlement in his colony. He succeeded in creating not a little interest here, and it is said that a number of old residents are seriously considering the advisability of locating in the southern state.

About a month ago five Cornishmen from Ishpeming took up land in the colony and then sent enthusiastic reports of the quality of the soil and the many advantages offered the settler in that region. Ridgeland is a suburb of Jackson, and is a beautiful spot. The Highland Colony offers land in ten or twenty acre lots at \$30 an acre and the terms of payment are liberal in the extreme. This colony is backed by the great Illinois Central Railway company and the company's main line to New Orleans passes through the tract of land, which the company owns. A good market for garden produce is offered in Jackson and also in Chicago. Freight rates to the north over the Illinois Central are very low to settlers and they are offered every advantage in getting their product to the markets.

ISHPEMING IN BRIEF.

Tim Hughes is in Detroit on a business mission.

Peter White of Marquette was in town Saturday afternoon.

Miss Zula Nankervis is spending a few weeks with her uncle in Quinnesec.

A daughter was born to Mr. and Mrs. Joseph Richards of West Division street last week.

Mr. and Mrs. Francis Corlett of Dawson street were blessed by the birth of a son Friday.

M. C. Lee spent a portion of last week in St. Paul attending the Woodmen convention.

Miss Bertha Wright, principal of the Champion high school, spent Saturday and Sunday here.

Harry Beers of the Northwestern spent Saturday and yesterday in the vicinity of Sandus fishing.

The Clerks' union will hold a regular meeting in Union hall this evening. A full attendance is desired.

The building owned by Con Kennedy on West Division street is receiving several coats of yellow paint.

Patrick H. Donahoe has so far recovered from his recent severe illness as to be able to work a short time each day.

The Ladies' Aid society of the Salisbury M. E. church will hold a bazaar in the parlors on the 24th. Ice cream and cake will be served.

The remains of the late Patrick Sullivan will be laid to rest in the Ishpeming cemetery this morning. Services will be held in St. John's at nine o'clock.

The Ishpeming Light Guards held a very pleasant camp fire in their club house Saturday evening at which a number of the Grand Army boys were honored guests.

The P. & L. A. I. company is constructing a boiler house fifty by forty feet in size, which will be an addition to the present plant. It will be equipped with two large Kendall boilers.

Martin Anderson left last evening for Norway. Mr. Anderson was accompanied by two friends and the trio will spend some time on the other side, visiting Germany and their native land.

The Bethany Swedish Lutheran church has decided to hold its annual picnic on the Fourth. George Skogberg was chosen a committee of one on selection of a suitable place and the festivities will probably be held in the Cleveland grove.

The city received a barrel on wheels Saturday which will be used by the street cleaners. It is similar to the contrivances used in the large cities and is a great time and labor saver. If it works satisfactorily two more will be purchased.

The trustees of the Bethany Swedish Lutheran church at a recent meeting decided to install steam heat in the church, in addition to the many other improvements which are underway there. Bids are now in order, as the contract will soon be let.

The residence of George W. Hayden on North Oak street has been painted during the week just past. In addition to this Mr. Hayden has had a large veranda built on the south side of the house, also a wall surmounted with a handsome iron fence.

The Schubert Concert company of Detroit will give a concert in Anderson's hall this evening in aid of the Good Will Farm in Houghton. Tickets are seventy-five cents and it is hoped that a large audience will gather to hear the really fine music which this company furnishes.

Mrs. William Anderson, wife of the Division street grocer, passed away at her home on that street Friday night. The remains were laid to rest yesterday afternoon in the local cemetery. The funeral services were held in the Finnish Lutheran church at 2 o'clock and were very largely attended.

All the switch targets on the North-western between here and Escanaba were changed yesterday between the hours of seven and eleven. As there are about two hundred targets on the line it was a job of no small magnitude. As they are now arranged the target shows when the switch is set off the main line. This puts the Peninsula electric on the same system as the other divisions of the road.

Some fine music was rendered at the Presbyterian church yesterday, both morning and evening. Miss Teckla Farm sang a solo at both services and the

quartette, consisting of Miss Farm, Miss Nellie Girzi, Richard Moyle and Harry Johnson, also rendered some fine numbers. Messrs. Moyle and Johnson sang a duet. It is announced that Miss Farm will sing at this church every Sunday evening throughout the month.

At a recent meeting of Ahmeek lodge, I. O. O. F., the following officers were chosen: Robert Northey, N. G.; William Bateman, V. G.; John T. Quine, secretary; Nathan E. Skud, treasurer; representatives to grand lodge, John T. Quine and Harry H. Milton. John T. Miner and Stephen Rule, alternates. The grand lodge meets in Battle Creek next month. The newly chosen officers will be installed at the regular July meeting.

W. T. Cole, the boiler manufacturer, is very busy just now with all classes of work. He is about completing a sixty-five foot stack for the Lake Angelina company, which will go on the new boiler house. This stack is five feet in diameter. A cross section of the same diameter and fifty-four feet long is also required. During the past few weeks Mr. Cole has built many steel tram cars for both the Negaunee and Chester mines and he has considerable work ahead which will keep his large force busy.

DIDN'T MARRY FOR MONEY.

The Boston man, who lately married a sickly rich young woman, is happy now, for he got Dr. King's New Life Pills, which restored her to perfect health. Infallible for Jaundice, Biliousness, Malaria, Fever and Ague and all Liver and Stomach troubles. Gentle but effective. Only 25c. at Stafford's drug store.

Many bargains these days. Snaps in summer goods of all kinds at Braastad's.

We are offering summer capes, jackets and shirts at 20 per cent. off. F. Braastad & Co.

For piano tuning leave orders at Fohrman's, Ishpeming, or the Peoples' Drug Store, Marquette. All work guaranteed. Best of reference. G. A. Ford. (5-13-17)

A sallow, jaundiced skin is a symptom of disordered liver, as it springs from bilious poisons retained in the blood, which destroy energy, cheerfulness, strength, vigor, happiness and life. HERBINE will restore the natural functions of the liver. Price 50 cts. Stafford Drug Co.

NARROWLY ESCAPED DEATH.

Will Pascoe Severely Cut About the Head in a Runaway.

What came very near being a fatality occurred Saturday evening about 6:30. John Hotala and Will Pascoe were driving across the South Shore tracks on the Palmer road at that hour, just in time to run about the west-bound passenger train over that road. The horse, a spirited animal, took fright at the whistle and bolted. As the rig crossed the tracks the men were thrown out and Pascoe was so severely cut about the head that he had to be carried to Dr. Sheldon's office. Numerous stitches were required to close the wounds he had received. Hotala was not hurt aside from a few bruises. The horse was stopped at the Breiting House unharmed, but the buggy was pretty badly damaged. The driver who was the runaway states that Pascoe can consider himself lucky, indeed, as it looked at one time as if he must surely be killed. He was thrown very near to the animal's hoofs and had not the buggy swerved it would have passed over him. Hotala was thrown from the rig and landed in soft ground, which accounts for his escape.

ALMOST READY FOR USE.

The work of preparing the new city scales for service is well along and Mayor Connors announces that they will be ready for business by the middle of the week. These scales were furnished by the Chicago Scale company of Chicago and are capable of weighing anything four horses can take care of. A belief prevails that everything weighable sold here will have to go on these scales, but that is not the intention of the council. All the city supply of coal and hay will be weighed, but anything bought by private parties will not have to be weighed on these scales unless the purchaser desires that it should be. The council will make charge for private weighing at its next meeting. It will probably be five cents for each load. The weighing will be done by Recorder Mitchell or Janitor Curley.

With the installation of these scales Mayor Connors and other members of the board will see something accomplished which they have earnestly sought to have brought about. Last winter a large supply of coal was taken in and stored at the water works against bad weather, when it would be impossible to haul the fuel. This coal was carefully weighed by the barrow load as it was used and it lasted just seven weeks and when all was figured up it was found that the city was thirty-one tons short of the railroad weight, which had been accepted. This meant a loss of about \$125. It was a bitter pill for the city fathers to swallow, but they gulped it down and vowed vengeance. At the first meeting of the council, held in April, it was voted unanimously to install scales and no time was lost in placing the contract. Now the city will get what it pays for.

WAS A GREAT SUCCESS.

The annual dance of the High School Alumni association, which was held in the opera house last Friday evening, was a great success. Upwards of one hundred couples were in attendance, and though this rather crowded the floor, all were good natured and a royal good time was enjoyed by all. Good music, together with the excellence of the floor, made dancing most enjoyable. Supper was served during intermission, at about twelve o'clock, on the stage by a capable committee. It consisted of ice cream, strawberries and other delicacies of the season. The sweet girl graduates were there in all their glory and lent much to the charm of the evening. It was a representative gathering of the old students. Misses Steele, Horigan and McElhane and Superintendent Greening formed the reception committee. The hall was very prettily decorated with the class colors, green and white. When the opera house was decorated a few months ago Proprietor McDonald must have had the Alumni dance in view, as he had the green and white streamers the effect was indeed beautiful.

HOW'S THIS?

ABOUT COUGHS AND COLDS.

Many broadminded physicians prescribe Bunsen's Pine Tar Cough Honey openly or give it unknown to the patient. Physicians who have tested it, know it will cure and leave no chance for the diseases which follow LaGrippe, Colds and Croup. Price 25 & 50 cents. For sale by the Stafford Drug Co.

\$50 FOR A BOTTLE OF MEDICINE. This is to certify that my wife was for years afflicted with asthma and was so far gone that several physicians decided that her case must terminate in consumption. She was induced to try a bottle of Dr. Warner's Wonderful Pine Tar Syrup. To our great satisfaction it gave almost immediate relief, and two bottles completely cured her. She is now well and healthy, but I would not be without the medicine if it cost fifty dollars a bottle.

Wm. H. Farris, Chm. Bd. Tp. of Whiton, Monroe Co., Wis. The Stafford Drug Co.

LOCAL LAONICS.

Will Long, son of Tom Long, returned for the summer vacation from Ann Arbor Saturday afternoon.

The exterior of the Montreal house is receiving a coat of white paint which is going to make it much more inviting.

Myles Doyle and George Kinlan leave tomorrow morning for Bessemer, where they have secured diamond drill work through the Sullivan Drill company.

Anstin Farrell, manager of the Cleveland-Cliffs furnace at Gladstone, was in the city Saturday. He went to Ishpeming in the evening, where he spent yesterday with President Mather.

Austin O'Leary and John Larson returned Saturday from their studies at the U. of M. in Ann Arbor. This completes the list of Negaunee boys at that institution who are home for the long vacation.

William T. Hodge, who underwent an operation for appendicitis in the Augustana hospital in Chicago a few weeks ago, returned to his home in this city Saturday morning feeling very well. He will soon be around again.

"St Slocum," the big rural comedy, will be at McDonald's Opera House tonight. The farce is said to be unusually bright, the situations side splitting and the specialties promised are described as vaudeville up-to-date.

Two thousand tons of coal have been received in this city and Ishpeming by the Ishpeming Co-operative society and it is being delivered to the concern's customers. The society has the idea that fuel will be rather high in price by the time fall comes around and it is allowing them to lay in their supply at this time.

A GOOD THING.

German Syrup is the special prescription of Dr. A. Boscche, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but the results of the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boscche's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses, giving relief any ordinary cough. Price 75 cts. Get Green's Prize Almanac. The Stafford Drug Co.

Sell Heppner's pure ice cream and make a barrel of clean money this summer. Heppner, Marquette. (5-14-f)

STEADY GIRL WANTED.

Several young men complain that they have no steady girl. It seems that no sooner get fairly started with a girl, probably have the theatre tickets all bought, when the girl "can't go because she has a sick headache."

Dr. Caldwell's Syrup Pepsin cures all forms of Stomach Trouble and Sick Headache.

YOUR FRIEND.

Eastern capitalists are corresponding with Menominee business men with a view of locating a beet sugar factory in that city. The syndicate interested in the deal, will send a representative here in a few days to look over matters. The company will want 20,000 acres of sugar beets, it requiring the quantity such an average would afford to supply the factory. The parties, whose names are withheld, are favorably considering Menominee and if they locate there will build one of the largest beet sugar factories in the state.

Robert Thorn, of Raber township, was in the Soo last week, seeking information relative to the whereabouts of his ten year old son who had been missing since last Monday. He was last seen on that day near his home, three miles northwest of Point au Ferme. He was alone playing. As soon as he was missed, search was instituted, but at a late date last week it had proved unavailing. The boy's disappearance is a great mystery. Mr. Thorn thinks he is lost in the woods or had been kidnapped, not believing as some do that he has been drowned in the bay.

David Laing and William Shay of Iron Mountain encountered a bear about a mile northeast of Sagola, Thursday evening. They fired twelve shots at the animal and wounded it, but, owing to the darkness, they were compelled to give up the chase until Friday morning, when they found the bear within half a mile of the place they had first sighted. One shot finished the animal. The carcass weighed 400 pounds. Laing and Shay are noted bear hunters, they having succeeded last year in killing the largest animal of the species ever seen in this section.

Perry Seymour (colored) and Joe Sullivan, attaches of Pawnee Bill's wild west show, who attempted to hold up a Menominee man during the recent visit of the circus to this city, have been bound over for trial in the circuit court on the charge of highway robbery. Sufficient evidence was introduced at the preliminary hearing to warrant the justice in taking this step. Seymour is a well informed man. He conducted his own defense at the hearing and his plea made a favorable impression. Sullivan claimed that he was intoxicated when he accosted Linquist, the victim of the pair's criminal venture. It is likely that the men will serve time for their offense.

Past Grand Master William H. Phillips of Menominee will have charge of the ceremonies attending the laying of the corner stone of Schoolcraft county's new court house and county building at Manistique July 4. The ceremonies will be in charge of the Masons. In the box enclosed in the stone will be placed the names of the city officers, members of the churches and of the several secret societies, names of school children and a copy of each of the city papers. The stone will be used in laying the stone will be made of silver, the handle of which will be made from a piece of sill of Schoolcraft's first court house. The school children of the county are to furnish the iron, each contributing the sum of one cent.

The manufacture of lumber has become such a science that today there is scarcely any waste from it, everything being used. The latest use for what was before considered refuse, the shavings, is to bail them. The Peninsula Box & Lumber company of Menominee, is erecting a press and will bail all their shavings, about 90 pounds being the weight of each bail. Manager Powell in speaking of the company's new scheme says: "We had there is a market for the ordinary shavings, being able by the bailing process to get 30,000 pounds in a car. We expect to make a good charge for them." The company started another new set of saws last week, making the fifth now in use, and increasing its capacity one-seventh.

Sheriff Theodore Zillmer and Deputy F. Zentner arrived in Iron Mountain Friday morning in quest of one James Durawa, who was arrested in Milwaukee Feb. 1, 1900, on a charge of burglary and who, with one Edward Praeger, was bound over to trial in the circuit court, but who succeeded in escaping from custody Feb. 20, visitors' day at the jail, by quietly walking out as a visitor, when the jailer's backs were turned. Zillmer thought that Durawa was working at Niagara and he asked Chief Catlin of Iron Mountain to help him locate the fellow. When shown a photograph of the criminal, the chief recognized it as a likeness of Charles Hartwell, who was being held in his jail on the charge of harboring a pair of shoes from an Iron Mountain store. Investigation showed that Durawa and Hartwell are one and the same man. Durawa has been taken to Milwaukee where he will stand trial for his original offense.

SAVES TWO FROM DEATH.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had Consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50c and \$1.00 bottles guaranteed by Stafford. Trial bottles free.

If your sight is blurred with specks and spots floating before your eyes, or you have pains on the right side under the ribs, then your liver is deranged, and you need a few doses of HERBINE to regulate it. Price 50 cts. Stafford Drug Co.

Mercury AND Potash

Everybody knows that Mercury is a dangerous medicine even when administered in very small doses, and few constitutions can stand it for any length of time. Potash produces inflammation of the stomach and bowels, and a dangerous form of dyspepsia and often chronic diarrhoea follow its use.

Now, the doctors tell you if you have Contagious Blood Poison you must take these minerals for two years or longer; first, a course of Mercury, and when your teeth get so sensitive and sore that you can't eat, and the gums have a spongy, unnatural appearance, you are told to stop and a change to Potash is made. When the stomach rebels you are put on Mercury again, and so on *ad infinitum*, until the system becomes so thoroughly saturated with these poisonous drugs that the most disgusting sores break out on the body, the bones become diseased, and the muscles and joints are racked with the most torturing pains. Mercury and Potash drive the eruptions and blotches from the skin, but the virus remains in the blood and the reappearance of the old symptoms and the occasional sore mouth show that the poison is still active, and you can never hope to completely eradicate it by this method of treatment.

When I was about twenty-one years of age, or eighteen years ago, I contracted Blood Poison in a bad form, and am satisfied that the rapid progress the disease was making would soon have made me a life-long invalid or ended my life. As my system came under the influence of S. S. S., the sores, spots and pimples gradually disappeared and soon no evidence of the disease was left. I am now thirty-nine years old, and have seen no signs of it during the past eighteen years. S. S. S. does all you claim for it. WM. EMBESON, Porely, Mo.

S. S. S. is the only purely vegetable blood purifier known, and we offer \$1.00 for proof that it contains any mineral ingredient whatever. The general health improves as the Specific purges the system of impurities, and as new, rich blood begins to flow in the veins the unsightly sores and other evidence of blood poison disappear; strength returns and you are forever rid of this loathsome disease. Our Home Treatment Book on Contagious Blood Poison tells you all about the symptoms, different stages, etc., of this disease. We will mail you a copy free. If you need advice or special directions, write our physicians; it will cost you nothing and may hasten your cure. THE SWIFT SPECIFIC CO., ATLANTA, GA.

There is no better investment for people of small or large means than the shares of the Union Consolidated Mining Co., which are now being offered at one cent a share, fullpaid, non-assessable, and without personal liability. Interest dividends at the rate of 10 per cent per annum, payable half yearly for two years, are guaranteed, in addition to the regularly earned dividends. We also call attention to the "Smelter Shares" of the "Kettle-Curlew," "Boundary Camp" and "Queen Bee" companies; now selling at three cents, with the same interest dividend guarantee. All shares sold on the installment plan, or all cash. Send for illustrated circulars, maps, terms, prices, etc. National Mining Promotion Company, Fourth Floor, Andrus Bldg., Minneapolis, Minn. (3-26-f)

NEW UNIT SYSTEM.

OLD HIGH SCHOOL COURSES RELEGATED TO THE PAST.

PROPOSED ARRANGEMENT FLEXIBLE.

NINE REGULAR AND SIX ELECTIVE STUDIES REQUIRED.

Spanish Is to Be Taught Henceforward and Special Attention Will Be Paid to the Commercial Branches.

Superintendent Thompson has decided to introduce a new system of study in the Marquette high school and the change will be made next fall. Since the school's organization what may be called the course system has been in vogue. There have been Latin, Classical, Scientific, English, French-English and German-English courses. Young people, on entering the school, have designated the course they desired to follow and then, with little election, they have proceeded to complete its requirements during the four years of their high school life. All pupils have had some studies in common, but the courses have admitted of a wide range of choice outside the essential requirements.

The new system will be even more flexible and adjustable than the former arrangement. It is based on the unit. A unit means one subject pursued for not less than four periods a week throughout a school year. For graduation fifteen units are required, which means that each graduate must carry four studies through three years and three the fourth, or their equivalent in some other combination.

The required studies, those which must be completed irrespective of the special units, which the pupil may elect, comprise nine units, leaving six elective units.

The required units are: First year—Algebra and English; Second year—Algebra, Greek and Roman history, English; Third year—Geometry, United States history and Civics, English; Fourth year—Physics.

In the elective studies there is a wide range of choice and the pupil need have no difficulty in following the natural bent of his mind and so adjusting his work that he will get the best results from his high school labor.

He may devote his six elective units to language study, of which there is a wide range. French, German, Latin, Greek, and Spanish being offered, or he may direct his work along commercial

Our phosphates sparkle. Try one and you will call again. Kaynor's, at Pendill's. (6-15-1f)

and business lines, the electives including bookkeeping, stenography and typewriting, business correspondence, office work and commercial law.

On the list of electives are also numerous studies in the manual training department. Of course this addition to the present high school facilities has yet to be provided, but it is expected that it will be ready for use before long when the young people will be enabled to pursue their elective studies along industrial or domestic science lines.

The choice of electives for young people who expect to pursue a university education on leaving the high school is outlined with more rigidity than in the case with the pupil who has no such intention. The choice of the prospective university student is limited as follows: Latin, two or four units; Greek, two units; French, two or four units; German, two or four units; chemistry, one unit; biology or botany, one unit; history, one unit; English literature, one unit.

Commercial Instructor.

Superintendent Thompson informs The Mining Journal that a commercial instructor will be added to the high school faculty next year. This department has always been rather neglected in the Marquette school, it never having been provided with a special teacher, any work in its studies having been directed by members of the faculty who were specialists in other lines. It is the intention, however, to have expert instruction in bookkeeping, stenography, typewriting, business correspondence, commercial law, office work, etc. from now on. It is expected that this department will receive much attention from the young people and that many of them will avail themselves of it to prepare for business or office work.

It will be observed that The Mining Journal speaks of Spanish as one of the elective languages. Spanish has never before been taught in the Marquette school and its introduction at this late day is one of the legitimate results of the war of '98. Many schools, throughout the country, are adding instruction in Spanish to their lists of studies, it being important that the country have at command the services of energetic young people to be applied in the recently acquired insular possessions in which the Spanish language has such a foothold. Then it is the belief that the new territories offer unexampled opportunities to the young American, whence it follows that one of the best functions of the high school today is to fit and aid him to cease them, and thus to acquire name, happiness and self. In no way can the Americanizing of the new possessions be more effectively furthered than by a general diffusion of the knowledge of Spanish through the agency of the public schools.

The required studies, those which must be completed irrespective of the special units, which the pupil may elect, comprise nine units, leaving six elective units.

The required units are: First year—Algebra and English; Second year—Algebra, Greek and Roman history, English; Third year—Geometry, United States history and Civics, English; Fourth year—Physics.

In the elective studies there is a wide range of choice and the pupil need have no difficulty in following the natural bent of his mind and so adjusting his work that he will get the best results from his high school labor.

He may devote his six elective units to language study, of which there is a wide range. French, German, Latin, Greek, and Spanish being offered, or he may direct his work along commercial

MASS MEETING THIS EVENING.

There Should Be a General Attendance to Discuss 4th of July Plans.

Business men and citizens of Marquette are requested to bear in mind the fact that Mayor John D. Mangum has called a mass meeting at the city hall this evening for the purpose of discussing plans for giving Independence Day a fitting observance. The hour designated is 8:30 o'clock. There should be a general attendance, thus making it possible to obtain representative expressions of opinion. From all indications there will be a goodly turnout, as the celebration project has been generally discussed, usually with favorable conclusions.

Among others who have given the matter attention are the Spanish-American war veterans. They held a meeting last week and they propose to help the committee to the extent of their power. They propose to look after the street parade and a sham battle. Their assistance will be extremely valuable and will count greatly in furthering the success of the celebration.

It is expected that there will be general co-operation by the fraternal organizations of the city. It is proposed that they shall all turn out large delegations for the street parade and, to this end, it is suggested that a prize be offered to the organization which has the greatest percentage of its members in line.

It is expected that the plans will be definitely formulated this evening and that the various essential committees will be appointed, including one on finance, which will get to work forthwith.

Again a general attendance this evening is urged. There are willing workers who will look after much of the hard work consequent on the decision to celebrate. Business men and citizens need not be afraid of being laden with unwelcome duties if they show up at the meeting. Their presence is desired for the cheering effect that it will have on the prime movers in the project, serving as it will to show that they favor the proposed observance.

Professor Hogue will give a practical illustration of his method of instruction in dancing at Fraternity Hall Monday afternoon at 4:30. Parents who are interested in this branch of their children's education are requested to be present. (6-15-2d)

"The best is none too good." This is our motto. If you try our soda you will agree with us that we have the best in town. E. V. Kaynor, in Pendill's pharmacy. (6-15-1f)

Great tonic, braces body and brain, drives away all impurities from your system. Makes you well. Keeps you well. Rocky Mountain Tea. 25c. Stafford Drug Co.

BETTER MARKET THIS WEEK.

But Boston Brokers Will Celebrate Battle of Bunker Hill Today.

There was some life to the Boston market Saturday, a few stocks being fairly active. Better things are predicted this week, although at the earliest the fireworks cannot start until tomorrow, as there is a holiday on the Boston exchange today, it being the anniversary of the battle of Bunker Hill. Paine, Webber & Co. said:

"The New York bank statement was unfavorable, but it was a decided improvement on that of a week ago. It looks as if the money market would soon cease to be a factor in speculation. The New York market will do to buy on weak spots. There was good buying of Copper Range in Boston and Amalgamated in New York. Copper Range is going into stronger hands on this advance. Ten fifty share lots were taken by one trader yesterday around 59. There is every prospect that there will be a more active and higher market in the coppers next week."

Hayden, Stone & Co. wired the Laidley Commission Co: "Local market is absolutely at a standstill. Everything points to higher prices when the Amalgamated deal is straightened out. Until then we look for a dull market, with stocks a good purchase on declines."

A. R. Jones & Co. said of wheat: "Lower cables and favorable weather reports caused a weak opening this morning and the market acted as if it would close lower. The late strength in corn, however, caused some short covering in wheat, resulting in a moderate advance. There was no important buying today and not much in the news to encourage the longs. There were some buyers of September on the theory that after a severe decline a reaction is due, but the near approach to harvest is preventing buying for investment account. A private cable from Paris reports frosts and gloomy prospects. For the next few weeks it is more than likely that we will have all sorts of reports from that country and we hardly think it advisable to sell wheat short at under 70 cents. There is a large outstanding short interest in September. For a scalp, purchases ought to be safe, although the temper of the local crowd is to sell it on every rally."

Werner is making a photograph for fifty cents per dozen.

Mr. Kaynor has now opened his fountain in Pendill's pharmacy, where the thirsty public may find courteous treatment and a balm to stop the inner man's cravings. Quality counts and it may be found here. (6-15-1f)

Professor W. H. Hogue, member of the American National Association of Masters of Dancing, will open a school at Fraternity Hall for the study and practice of society dancing. Private lessons when desired. For particulars enquire at the hall from 4 to 6 p. m. Telephone 662. (6-6-3t)

ATTENTION TRAVELINGMEN! When in Grand Marais stop at Hotel Grand Marais. Rates, \$2.00 per day. (4-9-3m)
