## PINGREE VERY LOW.

## LONDON DOCTORS APPREHENSIVE AS TO THE OUTCOME.

## PATIENT AGAIN GROWING WEAKER.

## STRONGEST DRUGS FAIL TO CHECK THE DYSENTERY.

London, June 17.—The condition of ex-Governor Pingree of Michigan was not improved this morning. He was slightly weaker than yesterday.  
London, Tuesday, June 18.—Ex-Governor Pingree's physician left him at midnight. There is continued apprehension as to his condition. The strongest drugs have failed to check the dysentery and the only hopeful prognosis is that the patient is enabled to freely partake of nourishment. Mrs. Pingree sails for London Wednesday and the physicians hope Mr. Pingree may at last be able to see his wife, as he remains perfectly rational.

## DELTOIDALY BY WOMAN.

Anderson, Ind., June 17.—William J. Wolley, member of the city council and a steel manufacturer, was assaulted on a street today by Mrs. Benjamin Lukens and her son and badly beaten with a whip by the woman. A physician had to be called to sew up the cuts in the face and head. The trouble is alleged to have arisen from a business deal. The Lukens family is wealthy and prominent.

## DETROIT, JUNE 17.—FRANK C. PINGREE, brother of the ex-governor, left for New York this afternoon, accompanied by Mrs. H. S. Pingree and her daughter Hazel. The party will sail for London Wednesday. Mrs. Pingree is far from well but so anxious about her husband's condition she will cross the ocean to be with him.

## Mrs. McKinley Steadily Gaining.

Washington, June 17.—Mrs. McKinley's condition continues to show steady improvement and she has now progressed to a point where her strength permits visits from a few friends. Dr. Rixey, on leaving the White House shortly after 11 o'clock tonight, said that Mrs. McKinley had passed an excellent day. He expressed with considerable confidence the belief she would be strong enough to go to Canton by July 1.

## BLOODLESS BULL FIGHTS.

They the Only Kind the Governor of Nebraska Will Permit.

Lincoln, June 17.—R. J. O'Hanlon of Milwaukee, general organizer of the American Humane association, called upon Governor Savage today to ascertain his position relative to the proposed bull fight at South Omaha. The governor stated his position frankly, agreeing with the humane society that no cruelty even in appearance should be permitted. "If one drop of the blood of either a bull or horse is shed at that exhibition," said the governor, "or any sharp instrument is used by men engaged in the show, I shall immediately put an end to the whole affair. We have been assured that none of the laws of our state, which are strict on this point, will be violated."

## ODELL FOR PRESIDENT.

Senator Platt Predicts the Governor Will Go to the White House.

New York, Tuesday, June 18.—The Journal and Advertiser this morning says:

"It seems to me that Governor Odell will be re-elected and that he later will be president." This was Senator Platt's reply to a question put to him yesterday by a Journal and Advertiser reporter as to whether Odell would likely succeed him in the senate two years hence. "It has been reported you may resign from the senate ere your term expires," "I have such intention. The only fact is that I propose to retire when my term ends in 1903. The reports I am in ill health are unfounded."

## CHARGED WITH BRIBERY.

Attorney McGarry and Capitalist Taylor in Grand Rapids Court.

Grand Rapids, Mich., June 17.—Attorney Thomas F. McGarry of this city and Henry A. Taylor, an Eastern capitalist, arrived this afternoon and were immediately arrested on the grand jury indictments and arraigned in the superior court, charged with bribery in connection with an attempt to secure a waterworks contract from the city by alleged unlawful means. Pleas of not guilty were ordered by the court on their standing mute and they were released on \$500 bail each.

## ENDS LIFE IN HIGH TREE.

Indiana Boy Follows His Sweetheart in Committing Suicide.

Kokomo, Ind., June 17.—The body of Simon Gwin, aged twenty-one, was found near Sycamore today dangling at the end of a rope fifty feet above ground, where it had been hidden for nearly two weeks in the dense foliage of the trees. Dependency over the suicide of his sweetheart, Aggie Long, who committed suicide in a church at Sycamore on May 23 was the cause of Gwin's suicide.

## HEAVY LOSS IN LUMBER.

Blaze at Georgian Bay, Canada, Eats Up \$200,000 Worth.

Toronto, June 17.—Word was received here tonight that fire has destroyed all the lumber in the yards of the Ontario Lumber company at French River, on Georgian Bay, amounting to 15,000,000 feet, valued at over \$200,000. A boarding house and three dwellings also were burned, the occupants barely escaping with their lives.

## COSTLY BLAZE AT BUFFALO.

Two Elevators and a Flour Mill in Ruins—Loss, \$210,000.  
Buffalo, Tuesday, June 18.—Fire which started on a dock at the foot of Ferry street at 2:30 o'clock this morning destroyed two elevators, a large flour mill and a portion of the dock of the International Ferry company, causing a loss of \$210,000.

## WANTS NO NATIONAL GUARD.

Hawaii Senate Committee Recommends Militia Be Abolished.

Honolulu, June 17, via San Francisco, 17.—The senate committee on military affairs returned a report today recommending the entire abolition of the National Guard. The report suggested that the military paraphernalia be put aboard a sewer, towed out to sea and dumped overboard.

## ANDERSON (IND.) ALDERMAN ATTACKED AND BADLY BEATEN.

Anderson, Ind., June 17.—William J. Wolley, member of the city council and a steel manufacturer, was assaulted on a street today by Mrs. Benjamin Lukens and her son and badly beaten with a whip by the woman. A physician had to be called to sew up the cuts in the face and head. The trouble is alleged to have arisen from a business deal. The Lukens family is wealthy and prominent.

## PORTO RICO LEGISLATURE CALLED IN SPECIAL SESSION.

WILL PROVIDE FOR FREE TRADE.

## INTERNAL TAXATION SUFFICIENT TO SUSTAIN THE ISLAND.

Foraker Law Sanctions the Lifting of the Duties, a Change Gov. Allen Declares Will Mean an Era of Great Prosperity.  
Washington, June 17.—Dr. Jose C. Barbosa and Dr. Jose Gomez Brioso, members of the executive council of Porto Rico, have received cablegrams from Porto Rico calling them back to attend a special session of the legislature called for July 4.  
Although they are not informed of the purpose of the extraordinary session, they believe it is called to take action upon the question of the abolition of tariff duties between the United States and Porto Rico. They say that Treasurer Hollander has made a report showing the receipts of the island to be sufficient to carry on the administration of the government after the new Hollander law goes into effect on July 1, and this being the case the legislature can request the United States to suspend the further operations of the Foraker law.  
Secretary Hay later today received the following telegram from Governor Allen of Porto Rico, at San Juan: "By unanimous vote today, the heads of the departments fixed the date of the special session of the legislature for July 4, on which date the proclamation will be announced at the session."  
The proclama referred to is that which will declare free trade to exist between the United States and Porto Rico after a designated date, in conformity with the terms of the Foraker act, which allowed two years to test the ability of the island to sustain itself through internal taxation.

## POLITICAL HARMONY RULES.

San Juan, June 17.—At a mass meeting of the Federal party held Sunday, Francisco Acuna was elected party leader to succeed Munoz Rivera. As the first step toward establishing harmonious relations between the Federal party and the American authorities, a committee of three paid its respects to Governor Allen today and offered its co-operation in whatever measures proposed to advance the best interests of Porto Rico.  
The committeemen informed Governor Allen that they were satisfied the intentions of the administration have been for the best. The governor intimated the island undoubtedly would soon enjoy free trade with the United States and said that as soon as the Porto Rican and American markets were open to each other a great era of Porto Rican prosperity would ensue.

## SEVEN THOUSAND IDLE.

Machinists' Strike Closes the Newport News Shipbuilding Plant.  
Newport News, Va., June 17.—The striking machinists in the employ of the Newport News Shipbuilding & Drydock company have not returned to work, and the immense plant will be closed down tonight. This will throw seven thousand employes out of work.

## GAINS FOR THE MEN AT CHICAGO.

Chicago, June 17.—Settlements with the striking machinists were effected today at five plants of local manufacturers, making a total of over seventy Chicago plants in which the strikers have won the fight inaugurated through the general strike three weeks ago. Of the original 2,300 men involved in the local machinists' strike, only sixteen hundred are now out of work.

## DECLARE WAR ON WHITES.

Jacksonville Negroes Threaten Vengeance but Police Disperse Them.  
Jacksonville, Fla., June 17.—At a negro political meeting in the Sixth ward tonight, a mob of a hundred negroes swore vengeance against the whites, declaring, it is said, they would kill any white man who came in the district. They seized two passing street cars and drove the motormen and conductors from the cars. The mob was dispersed by the police. In the melee one young negro was seriously wounded by a pistol ball.

## CRITICISED THE JUDGE.

Denver Preachers Ordered to Appear and Answer for Contempt.

Denver, June 17.—Judge Palmer, of the district court, today cited Rev. W. H. Talmage, state superintendent of the Anti-Saloon league, Rev. M. A. Rader, pastor of Grace M. E. church, and W. D. Wynkoop, secretary of the local Christian Endeavor society, to appear in his court tomorrow to answer to the charge of contempt on certain statements made in Denver pulpits and elsewhere regarding the rights of saloon keepers to sell liquor.

## FATAL QUARREL OVER CATTLE.

Andrews, Neb., June 17.—James Force shot and killed Harvey Russell today during a quarrel over cattle. Both were farmers and members of highly respectable families.

## WASHINGTON COMMISSION DISMISSES THE ITATA CASE.

CLAIM FOR \$225,000 NOT ALLOWED.

## FOUND ALREADY PAID BY THE CHILEAN GOVERNMENT.

Bill Presented to the United States for Payment Because of the Seizure of a Steamer Carrying Contraband Arms.  
Washington, June 17.—The United States and Chilean claims commission completed its work today. The last case to be decided was that involving the seizure in 1891 of the Chilean vessel Itata by authorities of the United States on the ground she was carrying a cargo of contraband arms to Chile. The claim was for \$240,000, with interest, and was made by the South American Steamship company, which had chartered the ship to the Chilean government.  
The decision today dismisses the case. Minister Pioda of Switzerland, president of the commission, and Mr. Gage, the American commissioner, agreed to this view, while Minister Vicuna of Chile dissented. The commission sums its findings as follows:  
United States Not Liable.  
"First. The damages alleged by the plaintiffs were not occasioned by any unjustifiable action on the part of the United States; that the Itata was not pursued by naval authorities of the United States upon the high seas into Chilean waters, induced to surrender by the display of superior force or brought back under duress."  
"Second. That the Itata was voluntarily placed at the disposal of the United States by the provisional government of Chile."  
"Third. That there was probable cause for the detention of the Itata at Santiago by authorities of the United States, and therefore no wrong was done."  
"Fourth. That the claimant has brought suit in the courts of Chile against the government of Chile to recover damages upon the identical claim that is here set up against the United States; that the company has recovered judgments thereon, and that these judgments have been paid to the company by the government of Chile. The case is thereon dismissed."

## GETS BACK TAX ON TELEGRAMS.

Another important case decided today was that of the Central & South American Telegraph company against Chile, growing out of the tax of 2 cents per message levied during the uprising of 1891. The commission awarded \$4,000 damages.

## LOST WITH CREW OF THIRTY.

Tacoma Fishing Schooner, Missing for a Month, Given Up.

Tacoma, Wash., June 17.—It is almost certain that the fishing schooner White Wing, Captain Johnson, owned by the Ice Strait Packing company, has gone to the bottom with a crew of thirty somewhere between the north end of Vancouver island and Moresby island. The schooner sailed from Seattle a month ago and has not been reported since. The trip ordinarily consumes five days.

## CAPTAIN KING SENTENCED.

Gets a Year and a Half and Fined \$3,000 for Accepting a Bribe.

Mobile, June 17.—In the United States court today, Captain C. W. King, former construction quartermaster at Fort Morgan, Ala., was sentenced to imprisonment in the penitentiary for a year and a half and to pay a fine of \$3,000. He gave notice of an appeal and made the required bonds of \$10,000. King was convicted several weeks ago of receiving a bribe with intent to influence his official conduct.

## BIG RAILROAD POOL.

## ONE MANAGEMENT FOR MANY IMPORTANT SYSTEMS.

## PUTS AN END TO THE RATE WARS.

## HARRIMAN, MORGAN, VANDERBILT AND HILL LINES IN DEAL.

Two Traffic Experts Appointed, With Offices in Chicago, to Act in Unison in All Transcontinental and Competitive Matters.

Chicago, Tuesday, June 18.—The Tribune this morning says:

All the roads in the Middle West and Northwest in which E. H. Harriman, J. P. Morgan, the Vanderbilts and J. J. Hill are interested hereafter will be practically under one management. J. C. Stubbs, now third vice president of the Southern Pacific, will be traffic expert, or manager, for the Harriman group of roads, while Darius Miller, second vice president of the Great Northern, will occupy a similar position for the Hill roads.

Both probably will have offices in Chicago and will act in conjunction. The making of rates will be in their hands and they will act in unison in all transcontinental and competitive traffic matters. This is one result of the conference held in Chicago last Saturday between Mr. Harriman and various railroad men.

## ROADS THAT ARE INVOLVED.

Mr. Stubbs will have full charge of all traffic affairs of the Union Pacific, Southern Pacific, Oregon Short line and Oregon Railway & Navigation company. He also will have charge of the transcontinental traffic affairs of the Northwestern, Alton, Illinois Central, St. Paul and one or two other lines that may come under Harriman control.

Mr. Miller, who is one of Hill's trusted lieutenants, will be traffic expert for the Burlington, Great Northern and Northern Pacific roads, and to these may be added later on the Chicago Great Western, Wisconsin Central, Minneapolis & St. Louis and Iowa Central. Mr. Miller, it is understood, also will be made second vice president of the Burlington.

## LIBERAL PARTY BADLY SPLIT.

Lines Up in Two Factions on War Vote in Commons.

London, June 17.—A division in the house of commons today on a motion made by Mr. Lloyd-George (Welsh Nationalist) to adjourn the house on the question of the treatment of the Boer women and children, which was rejected by the vote of 253 to 134, served to accentuate the split in the Liberal party on the government's war policy.

Sir Henry Campbell-Bannerman, the Liberal leader, supported Lloyd-George in denouncing the policy of concentrating women and children in camps, and with Sir William Vernon Harcourt (Liberal) and Right Honorable William Bristow (Liberal) voted in the minority on Lloyd-George's motion.

About fifty Liberal imperialists, led by Right Hon. H. H. Asquith (Advanced Liberal) and Sir Edward Grey (Liberal), refrained from voting as a protest against the Bannerman-Harcourt-Morley section of the house of commons in identifying themselves so closely with the extreme pro-Boers.

The Daily News and Chronicle, respectively representing the pro-Boer and imperialist sections, display the greatest irritation at this open split in the Liberal party.

## THRONE FOR TUAN'S SON.

Dowager Going to Fake the Killing of the Chinese Emperor.

London, June 17.—The Globe's Shanghai correspondent cables today that the dowager, the Chinese empress pro-tem, when the court reaches Kai Fong Fu, Honan, to announce the emperor has been killed by brigands and that Prince Tuan's son has succeeded to the throne. The dowager will then establish a new court at Kai Fong Fu, which will be connected by railway with Nankin.

## INDEMNITY PLAN ADOPTED.

Washington, June 17.—A cablegram has been received at the state department from Commissioner Rockhill fully confirming the Associate Press reports from Peking to the effect that an early and complete agreement on the indemnity question is expected on the basis of the proposition known as the British-American plan.

## GRAVES OF SOLDIERS DECORATED.

Tien Tsin, June 17.—This being the anniversary of the beginning of the siege of Tien Tsin, the ladies today decorated the graves of the soldiers of all nationalities.

## THIRTY PASSENGERS HURT.

Train Goes Off a Trestle Into a Pond in North Carolina.

Hamlet, N. C., June 17.—Late last night a northbound Seaboard Air Line Atlantic special turned broadside off a trestle into a pond a mile north of Rockingham. Thirty passengers were more or less injured, several very seriously. The piers of the trestle were weakened by recent rains. At the first crash all the lights went out and the water rushed in waist deep through the windows. Baggage-master Smith, though seriously hurt, crawled out and, seizing a lantern, hobbled down the track and lit a following freight, thereby preventing a second catastrophe. The hotel here is being used as a temporary hospital.

LOOMIS IS SHIFTED.

MINISTER TO VENEZUELA TRANSFERRED TO PORTUGAL.

CHANGE AT HIS OWN REQUEST.

IS SUCCEEDED BY H. W. BOWEN, NOW IN PERSIA.

New Representative at Caracas a Man of Great Vigor and Will Carry Out the Same Vigorous Policy—Other Changes.

Washington, June 17.—The following changes in diplomatic posts were announced today:

Francis B. Loomis, minister to Venezuela, transferred to be minister to Portugal, vice John N. Irwin of Iowa, resigned.

Herbert W. Bowen, at present minister to Persia, succeeds Mr. Loomis in Venezuela.

Lloyd C. Griscom of Pennsylvania, to be minister to Persia.

Spencer E. Eddy of Illinois succeeds Mr. Griscom as secretary of the legation at Constantinople.

Arthur Bailey of Blanchard, Ia., succeeds Mr. Eddy as second secretary at Paris.

Without Political Significance.

The changes, so far as they concern the Venezuelan ministers, are said to be the state department to have no particular political significance.

Mr. Loomis goes elsewhere than to Caracas at his own request and desire. It is true that the Venezuelan government has expressed dissatisfaction with Loomis in more ways than one, but the fact that the minister is not removed from the diplomatic service but is given another post of equal dignity is a mark of the esteem in which the state department holds him.

Also, it is noted, Mr. Bowen, the new minister to Caracas, goes to that post with instructions on the same line as those supplied to Mr. Loomis, so that Mr. Bowen, who is a man of great vigor, will likely follow Mr. Loomis' footsteps in matter of policy.

By his transfer to Portugal, Minister Loomis loses \$2,500 per year. His actual rank will be the same, namely, minister extraordinary and envoy plenipotentiary.

Mr. Bowen has a most creditable record in the consular and diplomatic service. He became consul at Barcelona in 1890, and the office was raised to the rank of consul general five years after.

Mr. Bowen stuck to his post through the exciting days preceding the Spanish-American war as long as an American could have found safety on Spanish soil. At the conclusion of the war he was appointed consul general to Persia.

Lloyd Griscom has had a short but brilliant career as first secretary of the legation at Constantinople.

Spencer Eddy has had a good deal of experience in diplomatic life. When Secretary Hay was ambassador to London, Mr. Eddy, who is a resident of Chicago, became honorary and personal attaché to the ambassador. When Mr. Eddy returned with Secretary Hay to Washington he was appointed third secretary in February, 1899. Four months later he was promoted to be second secretary of the embassy at Paris.

WEATHER FORECAST.

Washington, June 17.—The following is the weather bureau's forecast for Upper Michigan: Fair and warmer Tuesday. Wednesday, fair; light variable winds.

EARL JAILED FOR BIGAMY.

London, June 17.—Earl Russell was arrested today on the charge of having contracted a bigamous marriage in the United States.

SYRUP OF FIGS

NEVER IMITATED IN QUALITY.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, Syrup of Figs, manufactured by the California Fig Syrup Co., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the California Fig Syrup Co. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

CALIFORNIA FIG SYRUP CO. SAN FRANCISCO, CAL. LOUISVILLE, KY. NEW YORK, N. Y. Wholesale by all Druggists—Price 50c. per bottle.

GASOLINE EXPLOSION FATAL.

Aged Baltimore Man Is Dead and Another Is Dying.

Baltimore, June 17.—Henry L. Lineberger, aged seventy-two, was suffocated today while attempting to escape from a burning building at 719 Mulberry street. Robert Dirst, another old man, lies in a hospital fatally burned. The fire was caused by an explosion of gasoline.

RISING IN TURKISH TOWN.

Angry Albanians Expel an Unpopular Lieutenant Governor.

Belgrade, Serbia, June 17.—A serious rising is reported to have occurred in the Turkish town of Novi-Bazar. The Albanians rebelled at the appointment of an unpopular lieutenant governor and compelled him to flee. The rioters turned their attention to the Serbian population. All the shops at Novi-Bazar were closed and the houses barricaded when the above advice was forwarded here.

SECOND TRIAL FOR MURDER.

Jessie Morrison Again at the Bar of Justice at El Dorado.

El Dorado, Kas., June 17.—The jury to try Jessie Morrison, a second time for the murder of Mrs. Olin Castle having been secured today, a number of witnesses for the prosecution testified. The state offered a note written by Mrs. Castle as evidence and the defense objected strongly. The court admitted the note, which for a time was a paper claimed to be Mrs. Castle's dying statement which Judge Shinn at the former trial admitted only in part. Rev. H. C. Wharton, Dr. Fullinwider and Dr. Koozler testified in regard to the making of the dying statement.

WINS \$25,000 BIKE RACE.

Nelson and Michael Defeated by Stinson at Boston.

Boston, June 17.—Will Stinson won the thirty-mile motor-paced bicycle race, valued at \$2,500, at the Charles River Park this afternoon. Johnnie Nelson was second and Jimmy Michael two miles in the rear. The time was 50:45 and fifteen thousand persons saw the race, which for a time was thrilling. Nelson went so fast that his motor tandem simply slid from beneath his pace-makers, and all fell in a heap. Before Nelson fell he made one new world's competitive record by a fraction, that for two miles in 3:12.3, and one track record, that for seven miles in 10:47.3-5.

SHE MAY GO FREE.

Experts in the Botkin Murder Case Asking Too Large Fees.

San Francisco, June 17.—It looks as though Mrs. Cordelia Botkin, who murdered Mrs. Dunning and Mrs. Deane of Dover, Del., through means of poisoned candy, might escape punishment because of exorbitant fees demanded by Delaware medical experts for their attendance at the woman's second trial. Mrs. Botkin's case will come up tomorrow, and it was expected all former witnesses would attend, as all were friends of the woman and warmly interested in the punishment of the woman who committed this crime.

NEW IRELAND PLANNED.

San Francisco Man Has Concessions on Islands in the South Pacific.

New York, June 17.—A plan to rehabilitate the Irish race on some South Pacific islands is the latest news which comes from the Pacific slope to Irish patriots in this city. The news comes in the shape of a letter signed by one Joseph A. O'Donoghue of 391 1/2 Ninth street, San Francisco, and addressed to Captain John Kirwan. Mr. O'Donoghue has four islands in view—one island for each of the four provinces of the old country, Leinster, Munster, Ulster and Connaught. In this way the descendants of the Irish kings might come into their inherited rights. Mr. O'Donoghue begins by saying that he has received a letter from a certain nation offering him a concession of a number of islands. The "rice," says the writer, "wouldn't be large 'The Islands," he continues, "are rich in furs, the climate temperate. They could become Irish, as they are not inhabited."

The main object of Mr. O'Donoghue explains is to "be quick," and he suggests that the matter be brought before some moneyed Irishman or Irishmen in New York. The letter informs Captain Kirwan further on that Mr. O'Donoghue was the first to ask for a concession of these particular islands, "since both the United States and Great Britain have asked for them." The islands, Mr. O'Donoghue says, are "rich in seals and turtles." The soil is also rich. They are not inhabited, are unexplored, and "near a Spanish-American republic."

Mr. O'Donoghue also says he is a Fenian and a member of the "W. T. T." He wants the place "controlled by Fenians, so that Muller and Fitzharris would get rest." Incidentally Mr. O'Donoghue says it is a great shame that the United States sent his brothers back.

According to another informant, who wants it understood that he is a patriot and in dead earnest, there will soon be a call for a "meeting of all the Irish organizations here and the matter will come up before the meeting." He said he did not see why the plan was not a good one. Said this man: "The Irish Kings would no longer be memories of the past. There would be a new Ireland and new kings. There is no doubt that Mr. O'Donoghue has four islands in mind and that they will be named after the four provinces of Ireland. Why, then, do you not every patriotic Irishman would leave the old country for the new kingdoms? Ireland would depopulate. What would King Edward do then?"

TRACKMEN ON STRIKE.

Several Thousand on the Canadian Pacific Out for More Pay.

Montreal, June 17.—The officials of the trackmen's union announce that between 3,000 and 3,500 Canadian Pacific railway trackmen struck today for an increase in wages.

CROSBY GETS £100 CUP.

American Marksman Lug Off More Prizes in England.

London, June 17.—The American trapshooters achieved further success today, when W. R. Crosby of O'Fallon, Ill., won the £100 cup off while other American shooters carried off sweepstakes also aggregating £100.

POSSES BAFFLED.

Slayer of Planter Foster Still at Large in Louisiana.

Shreveport, La., June 17.—Prince Edwards, murderer of John G. Foster, is still at large although the posse has not abandoned their efforts to locate him. The statement circulated this afternoon that Edward had been captured at Monroe proves to have been an error. No further attempt has been made to lynch the negroes at Benton.

D. B. HILL REPRESENTS STATE.

Molineux Murder Case Again in the New York Courts.

Buffalo, June 17.—The second plea for the life of Roland B. Molineux, called by the law for the mysterious murder by mailed poison of Mrs. Katherine J. Adams in New York in December, 1899, began today before the court of appeals. John G. Milburn represents the defendant and former Senator David B. Hill for the people. The printed record of the case is the largest ever submitted in the state in a criminal case.

FIGHTING WITH FILIPINOS.

American Deserters in the Bands Going to Mindoro Island.

Manila, June 17.—It is officially reported that insurgent bands, with American deserters, are going to Mindoro. There has been several sharp skirmishes in Bond since the departure of the Forty-fourth regiment. The conditions in Cebu are still backward.

CAILLES COLLECTING HIS TROOPS.

General Sumner has returned here from Santa Cruz province, where he had been negotiating for the surrender of General Cailles. He confirms the dispatch of the Associated Press of Sunday announcing that the preliminaries of the surrender of the insurgent leader have been arranged. Cailles is now collecting his scattering troops. Of these 147 will surrender Wednesday and the rest will give themselves up next Monday. Colonels Guerra and Infante, representatives of Cailles, assured General Sumner that Cailles is acting in good faith.

BRITISH TROOPS IN SOMALILAND PUNISH THE NATIVES.

DEFEAT THE MAD MULLAH'S REBELS.

PITCHED BATTLES FOUGHT AND CAMPS CLEANED OUT.

Special Commissioner to Uganda Returns to London With Tales Rivaling Stanley's Stories—Tells of Ape-Men and Prehistoric Giraffes.

London, June 17.—A dispatch to the foreign office straight from the consul general of Somaliland says that the Mad Mullah expedition has defeated the rebels in heavy fighting. A flying column of mounted infantry under Captain Merewether struck Mullah's supply camp during a night march on May 23, capturing 5,000 head of cattle and killing an important chief and captured another, covered 100 miles, fought a sharp action and returned to its base all in twenty-four hours.

The main force of British, under Colonel Swayne, departed for Eldab on June 2, leaving behind a detachment of 300 men to guard Zaria. Swayne's column advanced against Mullah's base. In the meantime Mullah, with 3,000 followers, attacked Zaria three times. He was finally driven off by Captain MacNeill with the loss of five hundred men. The British in Zaria had ten killed and nine wounded.

Mullah was cut off from his base and a decisive action was imminent.

WHOLE DISTRICTS DEPOPULATED. Bloody Inter-Tribal Wars Waging in the Uganda Protectorate.

London, June 17.—Sir Harry Hamilton Johnston, special commissioner for Uganda protectorate, returned to London today after an absence of two years. He brings stories from Uganda rivaling the tales of the "Darkest Africa."

Sir Harry relates that the country surrounding Montalton is totally depopulated as a result of inter-tribal wars and is, consequently, marvellously stocked with big game as tame as English hares. Zebras and antelopes can be approached to within ten yards and there is no sport killing them. Elephants and rhinoceroses are also abundant, according to Sir Harry, while lions in Uganda are too busy eating hantestoes to notice passing caravans.

A peculiar giraffe has been discovered in this country by the commissioner, who proposes to maintain the region referred to as a national park. Sir Harry photographed a race of apemen in the Congo forest differing entirely from Stanley's pigmies and secured phonographic records of their language also. Sir Harry says twelve varieties of rubber trees are found in this country in inexhaustible supply.

TURMOIL IN ITALY.

Strikes and Agitation Among the Working Classes Rapidly Spreading.

Rome, June 17.—Italy is now subject to a workingmen's agitation that is becoming more and more intense; it is spreading, especially in the country districts. In the provinces of Mantua, Verona, and Brescia the communes can be counted by the dozen where the peasants have struck, demanding an improvement of their condition. The strikers ask for a tariff of wages, the fixing of the hours of labor, and the creation of a committee of supervision whose business shall be to see that the clauses of the contract are observed.

The Socialists have formed leagues for the betterment of the peasants' lot; the Catholics have formed other leagues having the same object, but using methods in accord with the papal precepts. The two sets of leagues compete bitterly with each other. In a commune in the province of Rovigo the small land proprietors belonging to the Social league have determined to raise a loan on mortgages on their land in order to support the peasant proletariat in its resistance to the farmers and the owners of large estates.

Formerly the system of farming on shares was general in this district, which means that labor was not intense in it. The farm system, however, is becoming prevalent, and as the farmers compete sharply with one another, it has come about that in order to diminish expenses they have adopted the method of intensive culture and have arranged the wages of rural workmen according to the seasons and the nature of the work. It is against the inequality of wages consequent upon the new system of agriculture that the strikers complain. They want to go back to the equality of the old scale of wages. The movement for the increase of wages will bring about an increase in the price of the articles produced.

FANATIC LEADS AGITATION.

The province of Poggio is troubled by mystical, socialism agitation which worries the authorities. It is led by a fanatic, a sort of dervish, a shoemaker. The agitator passes through country districts and towns, mounted on a white mare, and follow by three or four comrades. He announces a new division of land and a return of justice and equality as being near at hand. Everywhere he and his escort are received with respect and honor, they are believed in and are entertained hospitably. They leave traces of their passage in the formation of groups of persons devoted to his agrarian Jaegerie, whose business it is to spread it. The instigator declares that he is sent by God to bear the good tidings and to announce the end of all misery and justice for all. Woe to all who do not believe in his words and to the landowners who may resist the will of God when the hour of justice shall have sounded.

The island of Sardinia is in no better condition that the north and the south-

ST. PAUL STILL CLIMBS.

Several Other Stocks Also Gain Despite the Outgo of Gold.

New York, June 17.—The stock market made a vigorous attempt today to withstand the chilling effect of heavy exports of gold and a flurry in the money rate to 5 per cent, but the general show of strength at the opening was forced to succumb to this development in spite of the persistence of some notably strong spots. The close showed the advances very generally wiped out except in a few stocks which moved against the current. St. Paul continued to be the most conspicuous of these, and the strength in that stock was supplemented by advances in various other railroad stocks from individual causes and by a buoyant tone for the independent steel companies and a few industrials. Missouri Pacific was slightly affected by the dividend.

At the opening 15,000 shares of St. Paul were taken at a rise of 2 1/2 points, the quotations on the ruling sales varying from 181 1/4 to 184 compared with 180 on Saturday. The stock touched 185 1/2 later in the day on enormous dealings. The independent steel stocks were affected by rumors of pending absorption into the United States Steel Corporation. Tennessee Coal gained several points. Colorado Fuel 5 1/2, Republic Steel 3 1/2 and Hocking Coal 2 1/2. An advance of 4 1/2 in Illinois Central has no other explanation than the high rate of the dividend return at its price. Amalgamated Copper was firm all day and advanced to 130 at the last. The activity of the trading decreased conspicuously after gold shipments were announced to aggregate \$4,000,000.

The market closed irregular, but at some recovery from the reaction, as follows, aineP, Webber & Co., reporting the quotations.

WHEAT RULES LOWER. Promises of Big Crop Have a Depressing Effect on Prices.

Chicago, June 17.—The wheat market today ruled lower with July 3 1/2 and September unchanged. The cash sales were small, at the seaboard five boatloads, with 25,000 bushels here. The decline was mainly on the fact that the harvest is in full blast in central Illinois and portions of other winter wheat states and that the conditions for the same were favorable, that spring wheat is bulging upwards under circumstances that could not be improved upon, and that a large yield is promised all around.

The cables were higher, Liverpool being up 1/4 @ 54. The world's offerings showed a heavy decrease for the week and the visible decreased 162,000 bushels.

Corn ruled quiet, 1/4 @ 3 1/2 lower. The cash sales were small. Free liquidation of long July and September were the leading feature. The offerings were absorbed rather slowly the values showed a downward trend. The weather and crop conditions were all that could be desired. At Liverpool the futures advanced 3/4 and spot 3/4.

Oats ruled active, but unsettled, closing at 1 1/4 @ 34. The weather was perfect. The cash business was curtailed by the unsettled feeling in futures.

The leading futures ranged as follows: September wheat opened at 68 1/2 @ 69; highest, 69 1/2; lowest, 68 1/2 @ 68 3/4; closed, 68 1/2. September corn opening at 44 1/2 @ 45; highest, 44 1/2; lowest, 43 1/2; closed, 44 1/2 @ 44.

Receipts and shipments were as follows: Flour, barrels, 23,000; 17,000. Wheat, bushels, 137,000; 424,000. Corn, bushels, 229,000; 355,000. Oats, bushels, 215,000; 253,000.

DRIVES OUT BILE.

People have found that Smith's Green Mountain Renovator Does this.

A BAD LIVER IS DANGEROUS.

The person who is dizzy, whose skin and eyeballs are yellow, who has a dull heavy feeling head, who has a sluggish liver and poisonous bile in the system. At this season of the year such a condition is common. The liver, bowels and stomach become stagnant in cold weather. SMITH'S GREEN MOUNTAIN RENOVATOR is, we think, the best medicine to drive out the bile, cleanse the blood and bring strength to the body and a rich glow of health to pale cheeks. This medicine is endorsed by the best physicians and is the prescription of a noted practitioner (Dr. Mack) who discovered the formula in Vermont.

Ed. H. Gillman, a popular citizen of Detroit well known throughout Michigan as a lover of all kinds of clean sports, wrote of SMITH'S GREEN MOUNTAIN RENOVATOR as follows:—

"It affords me pleasure to advise you of the satisfactory results which I derived from the use of your Green Mountain Renovator. I have found it an excellent remedy for biliousness and liver troubles. As a system tonic, it far exceeds anything I have ever used, and I cheerfully recommend it to any one who is run down in health and requires a safe and effective remedy that will purify the blood and place all the vital organs in a healthy condition." Yours very truly, ED. H. GILLMAN.

We have the greatest faith in this splendid medicine and we wish you would try it if you feel the need of a cleanser, a tonic, or a strengthener. It cures tired, nervous people. Renovates the blood and builds up the whole system. We guarantee every bottle we sell. Call on us and we will show it to you and give you further information.

Supervisor Washer, of Bangor township, Bay County has lodged complaints against John Bourn and Mrs. Carrie Faxon, charging them with not making statements of their taxable property as required by law.

On reading and filing the petition of David J. Workum, duly verified, setting forth that said Levi J. Workum departed this life on the 23rd day of July, A. D. 1883, and that said deceased at the time of his death, owned certain lands situated in said State of Michigan and county of Marquette, which are particularly described and set forth in said petition, and also setting forth and alleging that said petitioner is interested in the lands of which said Levi J. Workum died seized, as an heir of said Levi J. Workum, deceased, and praying that the court adjudicate and determine who are or were, at the time of his death, the legal heirs of said Levi J. Workum, deceased, and entitled by the laws of this state to inherit the lands of which said deceased died seized, and the share or portion thereof that each of said heirs was entitled to at that time, and the right, title and interest that each of them, or their heirs or assigns, may now have therein, pursuant to the statutes in such case made and provided.

Thereupon it is ordered that Wednesday, the 18th day of July, next, at ten o'clock in the morning, be assigned for the hearing of said petition, and that the heirs at law of said deceased and the petitioner interested in said estate are required to appear at a session of said court to be held at the probate office in the city of Marquette, Michigan, and show cause, if any there be, why the prayer of said petitioner should not be granted. And it is further ordered that said petitioner give notice to the persons interested in said estate of the pendency of said petition and the hearing thereof, by causing a copy of this order to be printed in the Daily Mining Journal, a newspaper printed, published and circulating in said county, once in each week for three successive weeks previous to the date of hearing.

Mr. and Mrs. Reuben Jenks, of Brown's Corner, are taking life very easy. Mr. Jenks is not wealthy, but through an unscrupulous partner, lost everything he had. One thing, however, was saved, and that was an endorsement policy in the Massachusetts Mutual Life insurance company for \$10,000, payable in thirty installments of \$500 each. This makes \$15,000 altogether, but it is the way this company does. Ten of these installments have been paid, and as Mr. Jenks is sixty-five years old, he will not receive the last installment until he is eighty-five. Once a year they receive a check for \$500 from C. W. Pickell & Bro., managers of the company at Detroit, and as they live in a quiet and inexpensive way, that lasts until the next payment. No worry about investments; no anxiety about daily bread; no fear for the future. Surely they are to be envied. We would rather be Jenks than, well, the richest man in Michigan. (6-18-1f)

The Belleville Roller Flouring mills at Belleville, which are owned and operated by James G. Connel, were totally destroyed by fire at 1 p. m. Saturday together with their contents, which consisted of a large amount of very valuable machinery. Several hundred bushels of grain, a large amount of feed and a large quantity of flour, sacked and ready for shipment. The building and machinery are partially covered by insurance. No insurance was carried on the stock on hand. The loss will be upwards of \$6,000.

E. E. Hull, a young man of Bangor, Me., and an employee of the Chicago Copy company, forged the name of George L. Oakes, a traveling man, on a telegram for money to the latter's business house, St. Joseph, Saturday. He procured \$15 and was about to take the train when the real Oakes arrived in the city on his regular monthly trip and notified the police. Hull was captured after a hard chase and after several shots were fired. Hull is in jail in a serious condition resulting from heart failure from running.

Quartermaster-General Kidd has discovered that the new military law limits the authority of the military board to let contracts without advertising for bids. The law provides that where the amount involved is over \$300 the board shall advertise for twenty days for bids and shall award contracts to the lowest bidder. Gen. Kidd says that this provision of the law will compel the board

to advertise for bids for the ice to be used at the state campment. He has lived the law in accordance with good business judgment, and that it should be faithfully observed.

THE DEFEAT WIPED OUT.

Braastad's Men Best Their Rivals from Johnson's in a Good Game.

The baseball game between representatives of F. Braastad & Co.'s and S. Johnson & Co.'s stores met on the diamond at Ten-Mile farm Sunday and renewed the battle which was commenced ten years ago, and which has continued with little or no abatement ever since. When the smoke cleared away and the wounded had been carried from the field it was discovered that the men from Cleveland avenue had "done" their second street rivals to a turn. The score was 1 to 2, and it tells the story. As may have been surmised, the Johnson troupe beat their rivals ten years ago and the victory of Braastad's warriors ties them. Another game this season which will decide the question of supremacy is not without the range of possibility, for the managers from each store are already nursing on it. Rivalry between the two establishments has always been strenuous and it needs something like a ball game at intervals to clear the atmosphere. The day was a perfect one for ball playing. There were perhaps one hundred people out to the farm to witness the match and back their favorites.

The game was started at eleven with Charles Olson pitching for the Braastads and Charlie Peterson holding down the slab for the other team. The Johnsons were first at the bat and they lined in three very good runs before strike-outs and other things retired them. The Braastads did pretty well but could not come quite up to this record, their score being two. In the second the Johnsons did the trick for two more runs, while their opponents were content with four, which made things more interesting. At this stage of the game the Cleveland avenue's pulled Olson out of the box and substituted "Shorty" Anderson, who lasted through the game and had as much to do with winning for his side as any one else, and perhaps more. The score kept changing from inning to inning and the Johnsons scored in all but two, while the Braastads did their turn in all but one. In the ninth the Johnsons started in to win. Three men on bases and only one "gone" looked like some scoring, and it would have resulted thus if some unkind youth on the other side had not yelled, "steal home," which started the man on third base towards the plate, making a double play easy. Peter Hamberg was at the bat and as he had been hitting freely throughout the game the Johnsons felt easy, but with this stupid play their last hope was gone and nothing remained but to tackle the bonneted lunch which the girls had brought. Peterson pitched a fine game for the Johnsons, striking out many men, and hits were few and far between. Hamberg for the Johnsons and Olson for the other side were the heavy hitters, each being credited with a three-bagger. Of course, there were many errors, but the game was not lacking and the mascot did not get together, so everything was lovely. "Del" Heard did some crack umpiring and there was never a murmur from either side, perhaps because each player had been warned of what that delectable official carried in his pocket. The crowd began to leave the farm at five and from that time until seven the road was crowded with returning rigs. Some of the boys had a pretty good time, but they are ready to tackle the goat again, and that right soon.

The Marquette Juniors came to this city Sunday afternoon and defeated the Young Setters, formerly the Shamrocks, by a score of 20 to 18. The game was well attended and the crowd got its money's worth, as it was one of the best games that has been played on the grounds here this season. It is now a sawoff between the locals and the Juniors and a deciding game will be played soon. The Young Setters have showed that they are capable of playing the game by their attention to practice and their gentlemanly behavior on the field. They deserve patronage and are going to get it.

A STARTLINGLY SUDDEN DEATH.

Mrs. Patrick Sullivan Drops Dead While Gazing at Remains of Her Husband.

One of the saddest events which has taken place in this city for many months occurred yesterday morning about 9 o'clock at the Lake Angelina location. As has been mentioned before, Patrick Sullivan, an old resident of this city, died last Thursday night. The funeral was held yesterday morning, having been delayed in order that his son Michael could reach here from Chicago, which he did yesterday morning. His mother had just greeted him when he reached home, and he had turned to gaze at his dead father, when she suddenly fell to the floor. When he lifted her up she was quite dead. Heart failure, brought on by the severe strain which she has undergone, is supposed to have been the cause of her death. Mr. Sullivan had been a confirmed invalid for many years and for the last several weeks was unable to keep anything on his stomach. Mrs. Sullivan had been the only one who could administer to his needs and her strength had been taxed to the utmost. Her overwrought mind and body could withstand no longer and she died. Mrs. Sullivan was about fifty years old and leaves ten children. Both she and Mr. Sullivan had lived in this city for the better part of their lives and are very well known here. The sad occurrence which has taken place in the home during the past week have well nigh prostrated the children. Their many friends have been quick to offer them every assistance.

The remains of Mr. Sullivan were laid to rest in the Ishpeiming cemetery yesterday morning, the services being held from St. John's church at 9 o'clock. The body of Mrs. Sullivan was placed in the vault in the cemetery awaiting word from the son. It is likely that Mrs. Sullivan will be buried either today or tomorrow.

ISHPEMING IN BRIEF.

Mrs. R. P. Bronson spent yesterday in Marquette.

J. M. Hayden returned yesterday morning from his business trip to Pittsburg.

Charles Cavanaugh, representing Charles Denely & Co. of Chicago, was here yesterday.

Charles Haslam, Eldred Robbins and Ross Rule have returned from their studies at Ann Arbor. The other Ishpeiming boys are expected to arrive this evening.

The Ishpeiming High school alumni will hold a meeting this evening at 7 o'clock at the building. The members of the alumni have decided to give a dancing party Friday night at Adlerson's Hall.

William C. Sherwood of Duluth is spending a few days in the city with relatives. Incidentally he is transacting a little business. Mr. Sherwood and George C. Johnston spent yesterday afternoon in Marquette.

The Sunday school of the Division street M. E. church has decided to hold its annual picnic on the 5th of July, instead of the 4th, owing to the inability of the L. S. & I. railroad to handle all the traffic on that day.

This evening in the Republic town hall, the Republic Minstrels, assisted by the Aecolus Concert company of this city, will give an entertainment replete with minstrelsy and good music. Admission will be twenty-five cents. It is likely that a number from this city will go up the line.

Earth is being dumped in the yard of St. John's church and parsonage and the level of the ground will be raised about two feet. This will make a great improvement in the appearance of the place, as it has been much under grade. The walks will be raised to conform with the new grade.

The funeral of Tofes Lebout of the Junction, who died Friday evening, was held from the house Sunday afternoon. The French societies, of which the deceased was a very prominent member, turned out in force. A widow and seven children survive Lebout.

The Hot Weather Test makes people better acquainted with their resources of strength and endurance. Many find they need Hood's Sarsaparilla which invigorates the blood, promotes refreshing sleep and overcomes that tired feeling. 2

**A POPULAR RESORT.**

Wawonwin Golf Club Boasts Nearly One Hundred Members.

Without doubt the most popular place in this vicinity is the Wawonwin Golf Club. This club was formed a couple of years ago, chiefly by Ishpeming parties. A plot of land consisting of sixty odd acres was leased from the Cleveland-Cliffs people on very advantageous terms. Nine hole links were laid out and for the first and second summers the members got along without a club house. This curtailed the interest and the membership was limited. Last fall a number of the golfers and members of the Ishpeming Snowshoe club got together and decided to build a clubhouse on the co-operative plan. The house was finished in due time and February last it was opened. It was then decided that the Golf club should be in control from April to November and that the balance of the year the house and grounds were to be under the supervision of the Snowshoe people.

This spring the exterior and interior of the house have been tastefully decorated, the ladies' and gentlemen's rooms being painted and the hall oiled, while the exterior has received a coat of red which harmonizes well with the shades of green which clothe the plains and hills in the vicinity. The links have not been neglected and a family has been installed at the clubhouse whose duty it is to keep things in good order. A basement is now being constructed under a portion of the clubhouse for the reception of the heating plant. A fence is also to be built.

From a membership of twenty, the list has been rapidly increased until today it has a total of nearly one hundred, the present limit. It is planned to raise this limit at an early day. The membership includes the most prominent residents of Negaunee and Ishpeming.

Some good records have been made on the links, the best thus far being that of George A. Newett of Ishpeming, who recently scored 53 strokes. Other scores have come close to this mark and it is liable to be beaten before the season closes. Tournament talk is in the air and several meets will probably be held later in the summer.

**LOCAL LAONICS.**

Harry Jackson was up from Escanaba Sunday.

Will H. Crane went up to the copper country yesterday morning.

T. D. Hall was a passenger to the copper country yesterday morning.

Work on the spur into the golf club is being pushed, pending the arrival of rails.

H. J. Peterson went to the Carp Sunday and returned with twenty-five trout.

The board of review is holding its final session today. The board also met yesterday.

Dave Barabe has gone to Bessemer to attend the wedding of his brother, Clifford, which occurs today.

Thomas C. Yates spent Sunday in Chicago with Mrs. Yates, who is spending a few weeks in that city.

The sidewalk to the cemetery is now being repaired. This will be good news as the walk has been in bad shape all this spring.

Mrs. Al. Willman and children returned Saturday afternoon from their month's stay with relatives in Oshkosh and vicinity.

Mrs. George Wagner of Marquette spent a few hours in the city Saturday on her way home from a visit with friends in Escanaba.

Treasurer Walter Ehier of the Alumnus association wishes all who have bills against the association to present them to him for payment.

A Jacob Doll piano has been installed in the opera house. This instrument will be used for the first time Thursday evening by the Schubert Concert company.

This is pay week among the different mines and it is hoped that business will pick up a little in consequence. The employees of the Negaunee received their money yesterday. The Cambria and Lillie will pay tomorrow and the Regent group Thursday.

The Schubert Concert company will be here Thursday evening. The entertainment will be under the auspices of the Sunday school of the Presbyterian church and for its benefit. Tickets are fifty cents. Reserved seats go on sale at Perkins' drug store this morning.

A number of the Negaunee men went fishing Sunday and returned with good luck stories in the evening. Jim Boyd and Fred Robert went to Dead river. Will Lucas, "Spot" Tourville, Jack Murray, Joe Hodge and Charles Nelson went to the Big Escanaba and additional parties visited the other streams.

Moses, the fourteen-year-old son of Louis Greer, died at his home on Main street yesterday morning at three o'clock. Moses had been suffering from a complication of diseases for many months past and while his death is deeply felt by his mates, it was not unexpected. The funeral arrangements could not be completed, but it is likely that the remains will be laid at rest tomorrow morning.

Mr. James Brown of Putnam, Va., over 90 years of age, suffered for years with a bad sore on his face. Physicians could not help him. DeWitt's Witch Hazel Salve cured him permanently. Stafford Drug Co. H. N. Meloche, Ishpeming.

**BIDS ARE WANTED.**

The city of Negaunee wants bids on the repairs to be made at the city building. They will be opened Saturday at noon when the contract will be awarded to the most satisfactory bidder. The committee reserves the right to reject any or all bids, but it is anticipated that the contract will be let this week. Bids have already been received, but they were not satisfactory, the bidders not figuring on all portions of the work at the same time as the committee requested.

The proposed repairs include new cornice iron steps for the main entrance and that leading to the library and a steel ceiling in the council chamber. They are improvements which have been badly needed for years. The contract for the construction of two cells in the basement has been let and work will soon commence. The cells will cost the city \$225.

**TEACHERS' EXAMINATIONS.**

Commissioner of Schools F. D. Davis says that an examination for teachers in the schools of this county will be held in the Northern Normal school Thursday and Friday of this week. He also says that, henceforth, four examinations will be held each year, owing to a recent change in the law. These "exams" will be held on the third Thursday of March, June, August and October, presumably at the Normal school.

\$50 FOR A BOTTLE OF MEDICINE.

This is to certify that my wife was for years afflicted with asthma and was so far gone that several physicians decided that her case must terminate in consumption. I was induced to try a bottle of Dr. Warner's White Wine of Tar Syrup. To our great satisfaction it gave almost immediate relief, and two bottles completely cured her. She is now well and healthy, but I would not be without the medicine if it cost fifty dollars a bottle.

One of the big features will be a balloon ascension and parachute drop by the Keyes brothers.

Alphonse Deloock, of Norway, who fell from a tree Monday last, while trying to get at an eagle's nest near that city and who was found in a helpless condition some hours afterward, is in rather bad condition as a result of his accident. He is apparently paralyzed from his hips down. He is unable to help himself or to give any reasonable account of the accident.

Mrs. Lindquist, mother of Frank Lindquist, who was held up by two attaches of Pawnee Bill's wild west show the Menominee last week, created quite a sensation in the justice court Friday by impugning her son, who was then on the stand, to refrain from giving any testimony incriminating the prisoners. The lady was much disconcerted when the case was ordered continued.

Axel Peterson of Escanaba won a race that will all the city after Ford River Friday afternoon, covering the seven miles in nineteen minutes and four seconds. There were eight other starters, with only Dan Gallagher on the scratch with Peterson. One of Gallagher's tires burst shortly after the start, putting him out of the running. He would have given Peterson a hard race. The latter's time is the record for the course over which the race was run.

A few people at Escanaba last week enjoyed the peculiar and unusual spectacle of the destruction by fire of a locomotive that is all the parts of it that could burn, on the top of the North Escanaba ore dock, sixty-five feet above the water. The crew was away from the locomotive at the time and the blaze originated in some unaccountable manner in the boiler. The fire spread to the woodwork of the locomotive and was entirely destroyed, but fortunately the flames were extinguished before they took hold of the dock timbers. The locomotive was not damaged, but it will have to receive a new cab before it can be used.

William Holmes, of Holmes & Son, and James H. Patterson, superintendent of the Kirby-Carpenter company, both of Menominee, have formed a co-partnership, and leased the brick mill of the Kirby-Carpenter company which they will operate in 1902. These gentlemen will take charge of the mill after January. The company is now buying up hardwood and timber lands and will operate the mill for ten years or more. Mr. Patterson, in speaking of their plans, says: "We expect to put in a creek of logs this winter and will operate the mill next year. Our season's cut will amount to between 25,000,000 and 30,000,000 feet. The mill will be stocked with pine and hardwood logs. Most of these logs will be shipped to Menominee by rail."

A tramp, who gave his name as Eric Carlson, was run over by a Chicago & Northwestern train, on which he was standing a ride, at Powers Friday evening, sustaining probably fatal injuries. Carlson and a companion had been working at Escanaba and succeeded in eluding the train crew, riding safely as far as Powers. Here the unfortunate man fell off the train near the round house and was dragged fully a hundred feet, four sets of trucks passing over the left arm and leg. When picked up he did not appear to be suffering and talked freely. His left arm was torn out at the socket; left leg cut off at the hip; head badly cut and body bruised. Carlson was about thirty years old, a strong, robust fellow, who acknowledged having spent most of his life as a tramp. He gave the address of a sister living in Chicago.

The Escanaba Woodware company has commenced the erection of a large saw mill in connection with its plant on Stephenson avenue, Escanaba. The plans for the new mill were prepared by Dan J. O'Brien who is now in Chicago buying machinery for the mill and the building is being put up by Contractor Edwin Lawson. The main building will be 143-32 feet and will have a wing 32-32 feet in dimensions. The new mill will be located about 200 feet in the rear of the main factory and it will be pushed to an early completion. The object of this addition to the factory is to enable the company to use up all the timber on its land, and in the future everything will be cut clean by the logging crews. The exact capacity of the new mill is not yet known but that it will be large can not be doubted, and it is presumed that in addition to sawing lumber for use in the woodware factory it will also cut lumber for the market.

D. N. McLeod has a set of lousy camp on the Sucker river. He has a contract with the Hall & Munson company, of Islay Mills, for cutting 35,000,000 feet of pine and delivering the logs to them at the mouth of the Sucker river. Last fall Mr. McLeod began the construction of a logging railway from the lake shore to the scene of his operations. The early fall of snow put a stop to his operations, before he had a track laid, but now eight miles of road have been completed, with only two miles yet to build, and heavily loaded trains are speeding over the completed portion carrying the logs to the dumping ground on the Sucker. 100,000 feet are being dumped into the river daily, and as soon as the balance of the track is laid and everything gets to working smoothly this amount will be doubled. The construction and equipment of ten miles of railway represents a considerable outlay of money, and there must be big money in lumbering when it is possible to entail all this expense for a two years' job.

### SAFE FOR FRONT ST.

WASHINGTON WILL NOT GET THE SOUTH SHORE DEPOT.

### REQUISITE MONEY NOT FORTHCOMING

FUND OF \$10,500 WAS, AT THE BEST, \$4,500 SHY.

Present Plans Contemplate a New Location for the Structure Which Will Be Built on the Originally Selected Site.

The new South Shore depot will be built on the Front street site. Yesterday the officials of the road turned down a proposition of the Washington street merchants, who had interested themselves in securing a change of its location, offering \$6,000 in cash, to be applied toward the purchase of the Rasmussen, Winkler and Adams lots at the corner of Washington and Fifth streets, for which \$10,500 is asked, and all the options on the properties.

This closes a question which has, figuratively speaking, been up in the air for the past several days. The men who endeavored to secure the change in the new depot location assert that they were actuated not alone by selfish interests in their procedure, but by a belief that the best interests of the city would be conserved by the erection of the new structure on Washington street. They went into the effort to secure the depot for their own use, and they are not particularly cast down over their failure to raise the entire \$10,500. If all the money had been obtained the South Shore officials would have at once changed their plans and work on the Washington street site would have been commenced forthwith.

Practically all the Washington street business men and property owners contributed to the fund with which it was proposed to purchase the depot site. Had a few of the large interests come to the front with the subscriptions which it was thought they would be willing to make the change in the South Shore plans would have been assured. This same result would have been attained had the little interests doubled their subscriptions. However, the fact is in the fire and there is no particular object in discussing the might-have-beens.

It was known Saturday that the best fund that could be collected would be a couple of thousand dollars shy of the required \$10,500, but it was thought that the South Shore people might be willing to stand the discrepancy and make the change anyway, this in view of the manifest advantages of the Washington street site. However, General Manager Fitch could not see his way clear to take \$4,500 on the considerable appropriation which he has a tendency to expend in giving Marquette a new depot.

Created Much Talk. The project of changing the location of the proposed new depot has been responsible for much discussion during the past few days. As The Mining Journal has remarked the Washington street business men have all favored it, while sentiment on Front street, as could only be expected, was unfavorable to anything except the pursuance of the original plan to build on that thoroughfare, on the site just south of the Main street street cut. The discussion has at all times been good natured and while there has really been more or less at stake for the people of either street, there has been little or no acrimony in connection with the skirmishing for or against the change.

The railroad people heartily favored the Washington street site and when they were approached by the gentlemen who offered to endeavor to secure them the realty at the corner of Fifth and Washington in return for their assent to a proposition to build there if the purchase price of the property could be guaranteed, they accepted the hearty welcome and cordially fell in with their plans. Even today the railroad officials would like to build on Washington street and it is certain that Front would have been deserted had the Washington street people been successful in raising the requisite \$10,500.

Change in Plans. The Mining Journal is informed that the South Shore people have modified their original building plans in an important manner. It was first given out that the new depot would be erected, fronting on Front street, at the eastern end of the site recently graded for the building. Now it is proposed to place the structure about midway between Front and Third streets, giving its front a northern exposure. North and south of the depot are to be platforms, extending the entire distance between Front and Third streets, and just south of the Main street cut is to be a broad driveway also extending the entire distance between the two streets.

This change is designed to give the road a more economical handling of its trains than could be obtained were the structure put up on the extreme eastern end of the site, fronting directly on Front street. It was this same desire for economy in train handling that impelled the officials to consider the proposition to build on Washington street. With the new depot located as described above the South Shore trains can be received and sent out much more expeditiously than would be the case were it built on the site originally selected.

### EAGLE WILL SCREAM

FOURTH OF JULY COMMITTEES HAVE BEEN APPOINTED.

MASS MEETING WELL ATTENDED.

PROJECT FOR THREE DAYS' CELEBRATION IN MIND.

Work of Arrangement Will Be Started Today and Plans Will Be Definitely Formulated Wednesday Evening.

The mass meeting called by Mayor Mangum for the city hall last evening for the purpose of discussing and formulating plans for the Fourth of July celebration was well attended, a goodly bunch of business men and citizens turning out to see what they could do to further the good work. Mr. Mangum called the gathering to order shortly after the appointed hour, announcing the purpose of the meeting.

With little preliminary discussion, the selection and organization of the various committees was undertaken. They were filled out as follows: Arrangements, E. B. Palmer, M. E. Asire, Peter Primeau, S. R. Kaufman, Joseph Neidhart; advertising, William Ross, Joseph E. Reau and Martin Gorman; parade, Captain Wheeler, who was empowered and instructed to name his own assistant committee members; finance, John D. Mangum, E. O. Stafford, Louis Grabover, Joseph Fay, J. H. Primeau, music, Jay Gillett, J. J. Donovan, John Siegel.

The committees are requested to meet at the mayor's office in the city hall Wednesday evening at 8:30 o'clock when the progress made with the work of arranging for the celebration will be canvassed and when the plans will be more definitely formulated.

### NEW TRAINS COMING.

South Shore Will Soon Put On the "Boston Limited."

Speaking of the new equipment which The Mining Journal recently announced was to be added to the South Shore rolling stock the Duluth News-Tribune says: "It has been learned that the Duluth, South Shore & Atlantic road is having considerable new passenger equipment made especially for its line. A contract has been awarded for two solid trains to be known as the 'Boston Limited' and to run between Duluth and Sault Ste Marie, now known as Nos. 7 and 8. The contract calls for the delivery of the new trains not later than October 1. They will be solid, flush vestibuled and thoroughly modern in every particular.

"The new trains," said General Agent Adson, of the South Shore, "will be the best equipment that money can buy. It is the policy of the South Shore to show appreciation of its growing business by the highest class service. The passenger business of the road has grown to such an extent in the past few years that additional equipment is necessary, and while getting it the company has placed an order for two of the finest trains in the country. There have been great strides by the Duluth railroads in the past year or two in the direction of new equipment of the first class. Railroad passenger men agree that the traveling public is very appreciative of those roads that take pride in operating fine trains and keep close tab on such improvements."

### BIG CASE ON.

Judge Stone Will Hear Arguments All this Week.

The important case of the Negatieve Iron company, Mary E. Kantner and E. N. Breitung vs. the Cleveland-Cliffs Iron company, the Iron Cliffs company, William G. Mather and M. M. Duncan is gradually wearing along toward an issue. It is now many months since the defendants gave the cause of complaint by their answer to the plaintiffs' Negatieve lands and instituting extensive explorations. The case was first brought into the court when the plaintiffs sought an injunction restraining the defendants from further exploration or mining operations on the lands in question. Judge Stone held that the defendants were amply responsible for any damages that might be assessed against them, if it should be proven that they had no proper warrant for their procedure, and while the case has been dragging along in the courts, the exploratory work has proceeded without interruption.

Several weeks ago the court heard the testimony, listening to much oral evidence and many depositions. When everything was in, the case was continued to give the attorneys time to prepare their arguments. This they have done and this week they are engaged in submitting them. If they need the time they may have the entire six days, the first arguments having been heard yesterday and it being expected to finish up not later than Saturday. The plaintiffs, represented by Attorneys Skidell, Brown, Ellsberg, of Marquette; Hanchett of Saginaw, and Pennington of Chicago, now have the attention of the court. They were busy yesterday and will be heard again today, Wednesday, Thursday and Friday will be given up to the counsel for the defendants, Attorneys H. J. G. Lovell and Hayden of Ishpeming. Saturday the representatives of the plaintiffs will again be heard in answer to the lawyers for the defendants.

The arguments, while most important, are dry and uninteresting to the uninitiated and thus they attract no attention from the general public, although the interests at stake are fully as great as have ever hung in the balance in any upper peninsula litigation. Whatever the outcome in the circuit court, it is certain that the case will be taken to Lansing where it is quite possible that the developments may show that the litigation is within the Federal jurisdiction, in which event the dispute would have to be adjusted at Washington.

### CITY BRIEVITIES.

Today's weather: Generally fair; wind becoming variable. Yesterday's temperature: 7 a. m., 56 degrees; noon, 57 degrees; 7 p. m., 54 degrees. Maximum, 60 degrees; minimum, 54 degrees. Mayor W. H. Johnston of Ishpeming was here yesterday. Henry Reynolds has arrived home from Princeton to spend the summer vacation. The funeral of Timothy Gummerson will be held this afternoon at 2 o'clock from St. Paul's cathedral. Miss Emma Milton left yesterday for Montreal, where she will visit friends and relatives for a few weeks. Miss Alice Reynolds has arrived home from Troy, N. Y., where she has been attending school during the past few months. Miss Grace Ross, a member of the class of '01, will take the position of deputy county clerk in her father's office on July 1. Arthur Pew of the Milwaukee Journal interviewed Marquette Elks yesterday on a business proposition connected with the forthcoming grand lodge in the Cream City. County Clerk Ross has issued marriage licenses to Oscar F. Zapfe and Clara A. Kreig of Marquette, Olof M. Olson of Marinette and Elizabeth Stockman of Republic and Solomon Maki and Hilma Huppa of Republic.

A deed recording the transfer of the surface rights of a considerable tract of land in the Corbett addition, Negatieve, from Louis Corbett, to the Oliver Iron company, was recorded at the register's office yesterday. The consideration is \$10,800. G. A. Ashton, who represents the Minneapolis Journal in this section, was presented with an eleven pound boy Sunday. Mrs. Ashton is doing very well and the new "papa" is one of the happiest men in the city. He is lavish with the "smokes." There will be a farewell bazaar at the Salvation Army hall this and Wednesday and Thursday evenings. The hall will be open at 2 o'clock to receive any one who cannot attend the bazaar in the evening. The gifts to the army comprise a wide range of useful and fancy articles. The public is invited to attend the sale. The Marquette Juniors squared accounts with the second nine at Ishpeming Sunday, defeating the Young Setters by a score of twenty to eighteen. The Juniors are figuring on bringing the Setters here next Sunday for a game at the Fair grounds. If they decide to do this they will arrange for a bus service in conjunction with the street cars from Third street to the park. Mary Johnson was taken to the Newberry hospital for the insane yesterday, in charge of Deputy Sheriff John Pengelase, Jr., and her husband, Mrs. Johnson was brought down from Ishpeming Saturday. She is in very bad condition and has a long insane asylum record, having previously been confined in a Finnish institution across the water and twice in the Traverse City asylum in this state.

The supervisors assemble Monday next for the annual equalization of the city and township rolls for the county of Marquette and for the transaction of such other business as may properly come before them. The auditing board will meet here Thursday at 11 a. m. for the purpose of reviewing the regular batch of bills. County Clerk Ross requests that all accounts be placed in his hands not later than Wednesday evening. Superintendent Thompson announces that he has given up the idea of having people call on him for tickets entitling them to reserved seat checks for the commencement exercises. They may now obtain them by calling direct at Bigelow's, where the chart will be opened at 9 o'clock this morning. Seats have been reserved for parents and relatives of members of the graduating class, but otherwise the entire house is thrown open to the public. There will be no charge for tickets and in the disposition of seats this morning it will be a case of "first come, first served."

Veterans of the Spanish-American war are requested to meet in the city hall on Tuesday evening at 8 o'clock, to arrange for the coming Fourth of July. BY REQUEST OF COMMITTEE. (6-18-11) Go to Siegel's grocery for bread, cakes and buns, received fresh daily from Carpenter-Skiles Baking company, of Milwaukee. (6-15-11) One dozen fine dull finish photographs for \$1.25, at Werner's. (5-20-11) ATTENTION TRAVELERS! When Grand Marais stop at Hotel Grand Marais. Rates, \$2.00 per day. (4-9-3m) Great tonic, braces body and brain, drives away all impurities from your system. Makes you well. Keeps you well. Rocky Mountain Tea. 35c. Stafford Rock Co.

CITY MAPS. I have on hand a few dozen of McCarthy & Johnson's maps of Marquette which I will close out at \$1.00 apiece mounted, 50 cents unmounted. Address or telephone E. A. Johnson, at Kellan's wholesale house, Marquette, Mich. (6-15-11) Werner is making a photograph for fifty cents per dozen. GAS NOTICE. The gas will be shut off from the city this morning at 8 o'clock and remain shut off until 4 p. m. MARQUETTE GAS LIGHT CO. (6-17-2d) Our phosphates sparkle. Try one and you will call again. Kaynor's, at Pen-dill's. (6-15-11) "The best is none too good." This is our motto. If you try our soda you will agree with us that we have the best in town. E. V. Kaynor, in Pendill's pharmacy.
