CENSURE FOR ALLIES
GENERAL CHAFFEE'S REPORT A SEVERE ARRAIGNMENT.
INNOCENT NATIVES SLAUGHTERED.
LOOTING AND UNCONTROLLED FORAGING BY TROOPS.
Americans, He Says, Were Kept Under Restraint and He Thinks Little Was Seized in Forbidden City Which They Guarded.

Washington, June 20.—The report Major General Chaffee on the campaign in China is being prepared for publication at the war department. Some of the general's comments are interesting. At one point he says: "For about three weeks following the arrival of the relief column at Pekin, the conditions in and about the city and along the line of communication were bad. It was looting in the city, uncontrolled foraging in the surrounding country and the seizure of soldiers of everything a Chinaman might have. The indiscriminate and unprovoked shooting did not tend to gain for the troops the confidence of the masses, with whom, it is certain, we had no quarrel but were in need of their labor. It is safe to say that where one real Boxer has been killed since the capture of Pekin, fifty harmless coolies or laborers on farms, including not a few women and children, have been slain."
General Chaffee speaks of the restraint he placed upon the American troops. He says he was opposed to entering the Forbidden City unless looting was prevented. This was agreed to and he thinks but little looting has been done there.
Foreign Soldiers Compered.
Major Craighill, reporting on the Russian soldiers, says: "The information gained of the Russian forces is meagre and unsatisfactory. No reply was made by them to your request for a statement of the location and character of their force in North China in connection with the relief expedition." He speaks of the excellent discipline of the Russian troops, but says their rations were of the simplest kind "They were industrious foragers," he adds. "They used no tentage, but lived in huts made of native material."
Major Muir describes the Japanese troops in detail and concludes by saying: "He receives almost no pay but is actuated by intense patriotism. If Japan can keep her armament and equipment on a par with her soldiers, she is a most formidable ally and a most formidable enemy."
Major Craighill also reports upon the French soldiers as to arms, supplies, etc., but his comments, like nearly all the others, are omitted from publication, being represented by rows of asterisks.

Lieutenant Colonel Dickman reports upon the Germans. He says the German officers are well educated and the troops are under good discipline.
The same officer reports upon the British troops. He speaks of the painstaking detail in the mobilization and despatch of the expeditionary force. The discipline of the troops was excellent. He also speaks in high terms of the Indian regiments.
Major Banister reports upon the medical departments of the allied armies. One interesting fact mentioned is that the British and Indian soldiers are not treated in same field hospital, but separate hospitals are provided. The Japanese and German medical departments are commended.

MAN HUNT IN TEXAS.
Posse With Bloodhounds Joins Search for Murderous Mexican Bandit.
San Antonio, Tex., June 20.—An additional posse of twenty men left this city for Cotulla by special train tonight to aid in searching the thicket in which Cortez, the Mexican bandit and alleged slayer of Sheriff Morris Glover, is thought to be hiding. The party goes thoroughly armed and carried bloodhounds which it is proposed to send into the thicket.

SCARE FOR THE CROWN PRINCE.
Drunken German Clerk Aims a Blow at Frederick William's Carriage.
Berlin, June 20.—While Crown Prince Frederick William was on his way from Minden to Bonn yesterday, a drunken individual approached the carriage at Bochum, Westphalia, and aimed a blow with a stick at the window at which the prince was seated. The man, who described himself as a clerk, was arrested. He said he merely desired to see the prince more clearly.

BALLOT REFORM BILL FAILS.
Pennsylvania Democrats Defeat It Because of Radical Amendment.
Harrisburg, Pa., June 20.—The senate today defeated the ballot reform bill known as the Guiley bill. The Democrats voted solidly against it because of changes made in committee by the Republican majority which they claim destroyed the intent of the proposed law.

COSTLY FIRE IN LUMBER.
\$150,000 Worth Destroyed at a Sawmill Near Duluth.
Duluth, June 20.—Fire at a sawmill of the Tower Lumber company near Bear Lake, in the northern part of the county, destroyed about \$150,000 worth of lumber today.

FATHER GETS HIS CHILD.
Nebraska Man Wins Long Fight in the New York Courts.
New York, June 20.—After a long legal fight the possession of his thirteen-month-old daughter Gladys, Frank Wyant, a wealthy ranch owner of Lincoln, Neb., today won his suit in the appellate division of the supreme court at Brooklyn. The court reversed the decision of the lower court, which had dismissed the writ of habeas corpus. The child's mother died in the East over a year ago and Gladys was placed in the care of her uncle, Henry Wyant. When she was six months old the father decided to take her West, but under the advice of a physician who said she could not stand the trip her uncle refused to surrender her. The father then appealed to the courts.

MAD DOG SPREADS TERROR.
Runs at Large in Chicago for Six Hours, Biting Several Persons.
Chicago, June 20.—Racing through the streets, a tiny fox terrier in all the fury and viciousness of the rabies spread panic and horror through the ghetto today. For more than six hours the dog was at large and it was only after Captain Wheeler had ordered out almost half a hundred policemen to keep up the pursuit that it was finally corralled and shot. Two adults and nine children are known to have been bitten by the dog.

STATUE TO PINGREE
PLAN TO ERECT ONE AT DETROIT IS LAUNCHED.
MONUMENT TO COST \$200,000.
SUBSCRIPTIONS ALREADY POURING IN AT A RAPID RATE.
Police Commissioner Andrews Heads the List With \$1,000 and Donations: from 10 Cents Up Are Solicited from All Over the State.
Detroit, June 20.—The committee of citizens which was to have arranged the welcome of ex-Governor Pingree on his return from South Africa has resolved itself into a committee to arrange for a permanent memorial to the ex-governor, and preliminary steps to this end were taken this afternoon at a meeting of the members. It was decided to accept subscriptions from 10 cents up from all parts of the state and erect a heroic statue of Pingree at Detroit. The subscription list was headed by \$1,000 by Police Commissioner Andrews, and other subscriptions are pouring in. The proposed monument will cost about \$200,000.
Funeral on July 4.
The remains are expected to arrive in Detroit on July 4. The funeral will be public, the day being half holiday. Military and civic bodies will attend.
A petition from the naval reserves and veterans of the Spanish-American war has been sent to President McKinley asking that the remains be brought to the United States in a warship, believing that his peculiarly valuable services rendered during the war and his own war record entitle him to this last honor.

Returned from Africa Pro-Boer.
London, June 20.—Intimate friends of ex-Governor Pingree assert that while he went to South Africa pro-English, he returned pro-Boer. The ex-governor's interview with Mr. Chamberlain just before he sailed for Cape Town strongly impressed him with favorable sentiments for the British cause, and while his observations did not disturb his good opinion of the general qualities of British character, he was compelled to think better of the Boers than he had done after hearing Mr. Chamberlain's version of the war. Shortly before he was fatally stricken Mr. Pingree said: "I found the Boers much higher in the scale of civilization than I had expected. Their domestic life compares well with that of any other people. Their homes, though usually humble, are models of order and cleanliness. I saw the Boer fighting men of a commando; they seemed perfectly disciplined and full of stern determination. No war has ever seen better mounted troops. The Boers ride splendid horses, and each soldier leads one or two remounts. The British treated me with singular liberality and courtesy and I am under lasting obligation to them for many acts of broad-gauge friendship."

CORPORATIONS HARD HIT.
New York Court Decides State Can Tax the Capital Stock.
Albany, N. Y., June 20.—The court of appeals today handed down the very important decision that foreign corporations are taxable on their capital stock under the incorporation tax laws of this state if they transact business in the state and although the business is in the nature of interstate traffic.

NAVY PRISONS TOO CROWDED.
Transport Now to Be Fitted Out for Use as a Prison Ship.
Norfolk, Va., June 20.—Orders were received here today from Washington to fit out the transport Suthery as a prison ship. An increase in the prison accommodations is rendered necessary, it is said, by overcrowded conditions of the navy prisons at Boston, New York and Mare Island.

IS FINED FOR CONTEMPT.
Prominent Omaha Attorney Pays for Threatening to "Smash" Opponent.
Omaha, June 20.—Attorney Charles Ogden, former judge of the district court, was today fined \$25 and costs and sent to jail for contempt of court by Judge Keyser in the criminal branch of the district court. The offense was that of threatening to "smash" ex-Judge Bowman, the opposing counsel in a robbery case. Ogden later paid the fine and was released. Both attorneys are prominent members of the bar.

MACHINISTS WIN OUT.
Strikers at Bay City and Saginaw Gain Their Demands.
Bay City, June 20.—The strike of the machinists of Bay City and Saginaw was settled today as a result of a conference between the manufacturers and representatives of the strikers. The men return to work on the basis of their demands, subject to the final agreement between the machinists and the metal trades association.

DROWNS IN A PAIL.
South Dakota Child Meets Death in Two Inches of Milk.
Plankinton, S. D., June 20.—A twenty-month-old child named Neese, while playing on a bench today fell into a pail containing two inches of milk and was drowned.

MINERS SHOT DOWN.
BLOODY CLASH IN THE WEST VIRGINIA COAL FIELDS.
GUARDS REPULSE MOB OF STRIKERS
TWO FATALLY AND SEVERAL SERIOUSLY WOUNDED.
Union Men Attempt to Close a Colliery but Meet a Rain of Bullets—Now Getting Recruits and Batt. Is Feared.

Matewan, W. Va., June 20.—Two miners were fatally wounded today and others seriously hurt in a clash between union strikers and non-union men. Several hundred union miners who are on a strike marched in a body against the Maratime mines, where non-union men are at work. They tried to effect entrance, but the operators, with twenty armed guards, blocked the entrance. The non-union miners were headed by Superintendent Lambert, and when the previously warned union men persisted in their attempt he gave the command to shoot.
Fully fifty shots were fired. Boyd Martin and Ripley Johnson were fatally shot and Sam Artrip dangerously wounded. The union men did not return the fire, but dispersed, waiting reinforcements and swearing vengeance for the blood of their comrades.
All the union miners throughout the district are collecting here, and serious trouble is expected. Sheriff Hatfield, is on the scene with fifty deputies and says he proposes to do his duty.

RIFLED EXPRESS SAFE FOUND.
Fishermen Make a Mysterious Discovery a Few Miles from Toledo.
Toledo, O., June 20.—This afternoon several fishermen while strolling along the river two miles south of the city discovered a large iron safe of the Pacific Express company. The door apparently had been battered in with a hammer. Inside were six empty money bags, also waxed. The local officers of the express company identified the safe as being one sent out of this city Tuesday night in a through car on the Washab for St. Louis and Omaha, but decline to say anything as to what it contained. There is a rumor this evening that the safe contained \$6,000, but this has not yet been confirmed.

DYING FROM BURNS.
Woman and Child Victims of a Peculiar Accident at Pittsburg.
Pittsburg, June 20.—A peculiar accident today at Turtle Creek, a suburb, will result in two deaths. Mrs. William Ferguson undertook to soften a can of furniture polish on the kitchen stove. To facilitate matters she added half a pint of turpentine. In a second the can exploded. Mrs. Ferguson, in an effort to save the house, caught up the flaming can and threw it out of a window, where it struck the three-year-old son of William McWilliams who was playing on the porch. Seeing the result the woman rushed to the aid of the child, who was then all ablaze, and in the fight for life both were so badly burned they cannot live until morning.

BATTLESHIP'S FEAT.
Massachusetts Sails Through the Narrow Hell Gate Channel in Safety.
New York, June 20.—Without the assistance of a pilot and to demonstrate that a first-class battleship could be navigated through Hell Gate successfully, Captain Henry M. Manney took the big battleship Massachusetts through the tortuous, rock-bottomed narrows today. It was the first time in the history of the navy that any commander of a war vessel of this class ever dared to attempt the feat, and the river craft and shores were filled to witness the trip of the Massachusetts.

DENMARK STORY A MYTH.
No Notes on Island Question Sent by the United States for Months.
Washington, June 20.—Complete denial was obtained at the state department today of the story emanating from Copenhagen to the effect the United States addressed a note to the Danish government recently demanding the fortification of St. Thomas and St. Croix islands if Denmark refuses to sell the islands to the United States. The department has had no communication with the Danish government on the subject of the West Indian islands for the past three months.

BOER ARMY GROWS.
THOUSANDS OF CAPE COLONISTS JOINING THE INVADERS.
CLOSE CALL FOR GEN. FRENCH.
CAPTURED BY BURGHERS AND SENTENCED TO DEATH.
Saved Only by Kitchener's Appeal and Release of 1,000 Prisoners According to Mrs. Botha—War Policy Splits the Liberals.

London, Friday, June 21.—Henry W. Massingham, writing in The Daily News, says that six thousand Cape Colonists have already joined the Boers.
Cavalry Leader Near to Death.
Berlin, June 20.—The Rheinische Westphalische Zeitung, published at Essen, says it has the authority of Mrs. Botha for the statement that General French was captured by the Boers some time ago and released on parole.
"The unscrupulous British general," the paper adds, "regardless of his pledge of honor, broke his parole and escaped. He did not, however, profit by his faithlessness, for before he had got within touch of the British lines the keen burghers caught up with him, recaptured him and brought him back to General Botha."

Exchanged for a Thousand Boers.
General Botha, continues the story, ordered the British cavalry leader to be shot, and the sentence was about to be carried when a messenger came in hot haste from the British commander-in-chief, Lord Kitchener, imploring the Boer general to delay the execution and offering to release 1,000 Boers from the prison camp at Simonstown to secure General French's release. On these conditions, the story concludes, the British general was set at liberty.
For a considerable period nothing was heard of General French, who had been so active in the early part of the operations in South Africa. Reports of his capture by the Boers have been rife, and have been received in some quarters as though credence was to be given them. Recently, however, it was announced that the British cavalry leader had been prostrated with a severe attack of fever and had been recuperating at Durban. Within the last two weeks he has been sent to take charge of the operations in Cape Colony against the invading Boer commandoes under Krutzinger and Fouché.

ASQUITH SPLITS THE LIBERALS.
Says in Speech He Is a Convert to Necessity of America's the Boers.
London, June 20.—Herbert H. Asquith, former Liberal home secretary, speaking at a Liberal party dinner this evening, protested against the pro-Boer resolutions adopted at Queen's Hall yesterday evening being accepted as the pronouncement of the Liberal party. He declared Boer independence impossible, and said the Liberals favored a free federated South Africa on the lines of Canada and Australia. Mr. Asquith further said the Liberals holding his views had been branded as schismatics, but they had not changed their views, having always condemned the war policy, and that they considered it must now be left for the judgment of history. Mr. Asquith said that at the beginning of the war he believed it was possible to restore the status of the two South African republics, but that he was now a reluctant convert to the necessity of annexation.

Elates the Conservatives.
London, Friday, June 21.—By his trenchant speech, Mr. Asquith has achieved a complete severance of the two wings of the Liberal party. This was done to the great joy of the Conservatives, whose press organs cannot find words sufficient to applaud his courage and honesty.
The press is of the opinion that the party of many leaders will now find greater difficulty than ever in discovering who is the real leader of the party. The Daily Chronicle hails Asquith as the "true leader" and calls upon Sir Henry Campbell-Bannerman to declare with equal explicitness whether he will still follow John Morley's banner.

The Daily Chronicle says the smouldering discontent of those calling themselves Liberal imperialists has at last burst into flames and that it is deplorable that Asquith, of all men, should seem to head a movement of revolt which can end in nothing but the repudiation of Liberalism. "It is the duty of the Liberals," says The Daily News, "now loyally to support Sir Henry Campbell-Bannerman."
It may safely be predicted that Asquith will find a very large following, both among the Liberal members of the house of commons and in the country generally.

MASSACHUSETTS SAILS THROUGH THE NARROW HELL GATE CHANNEL IN SAFETY.
New York, June 20.—Without the assistance of a pilot and to demonstrate that a first-class battleship could be navigated through Hell Gate successfully, Captain Henry M. Manney took the big battleship Massachusetts through the tortuous, rock-bottomed narrows today. It was the first time in the history of the navy that any commander of a war vessel of this class ever dared to attempt the feat, and the river craft and shores were filled to witness the trip of the Massachusetts.

DENMARK STORY A MYTH.

MARQUETTE, MICH., JUNE 21.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Lawson's yacht, the Independence, is showing herself possessed of a finely designed hull and a sail power ample to lift it through the water at a lively rate. She is being picked as a very likely winner in a contest between her and the New York Yacht club boat, the Constitution.

It is to be hoped that developments will show that General Shafter is justified in his sweeping denial of the seriousness and scope of the army funds at "Frisco. Between the Philippines' fishings and other plunderings of the same nature, the army has begun to come into ill repute, or if not into ill repute, it is less highly thought of than has been the case in the past when its record has been commendably free from the class of scandals which have caused such adverse comment since it entered on its sphere of increased activities.

There were two commencements in Marquette yesterday, most notable that of the Northern Normal, which, at the conclusion of its second year, sends twenty-five young people from its portals, most of whom will at once assume the work of teaching, for which the institution has fitted them.

It is interesting to learn, through the medium of an interview with Colonel Eli R. Sutton, who was a traveling companion of the late Hazen S. Pingree, ex-governor of Michigan, on his trip through South Africa and Europe that the man for whom the commonwealth now mourns was abroad for the purpose of putting into practical effect three pretentious schemes for the benefit of the people of Michigan.

The women of the local camps of the Modern Woodmen and Royal Neighbors have been unusually active this week completing arrangements for their big picnic next Monday. Midsummer day. Every member of both organizations is to be in the city on Monday, with fine weather, the outing will be the biggest kind of a success.

The Royal Neighbors promise a fine spread at the grove. There will be light refreshments, including ice cream and soda water. Munson and Peterson will move their fountain to the grove for the occasion. It is understood that all the merchant establishments, barber shops, etc., will be closed for the day, so no one will be compelled to miss the picnic. A large dancing platform has been provided and the young people may dance all afternoon. The band will give a concert and there will be athletic exercises, with good prizes for the winners.

Senator Platt's proposed retirement from his position at Washington will be no loss to the body of which he is a member. He is not the first boss who has held a senatorship from New York, Roscoe Conkling and David B. Hill had this place before him.

Senator Platt's proposed retirement from his position at Washington will be no loss to the body of which he is a member. He is not the first boss who has held a senatorship from New York, Roscoe Conkling and David B. Hill had this place before him.

The failure of "Old Man" Martin to return from the woods one evening last week caused his friends much alarm

and when evening came a searching party was organized. A number of men tramped the woods the greater part of the night, but no trace of Martin was found. Early Sunday morning some of the searchers came upon him. He was taking a rest, having walked the previous night until he was tired out. He had matches along so he built a fire of brush and made himself comfortable for the night, after a time falling asleep. Charley was not alarmed as he was positive he could find his way out of the woods in the day time. He is over seventy years of age and his friends were delighted to find him alive and well.

Republic. A DISTRESSING FATALITY.

Will Parr's Death by Drowning Mourned by the Entire Community.

The people of Republic were shocked Thursday last week at the news that Will Parr, the nineteen-year-old son of John Parr, had been drowned in the Michigan river near here, while fishing for trout. It was brought to town by Bert Anderson and John Chard, companions of Parr on the fishing jaunt.

The boys went out early. They fished the stream until the dam was reached. It was nearly 4 o'clock in the afternoon when they arrived there. They concluded to pull out and start for home. They got away from the river, but later decided to return for an hour or so, agreeing that it was a little too early to leave.

Parr was leading in the stream, the other two boys being less than one hundred feet back of him. He came to a point where the current is very swift. He did not fear the danger as he was an expert swimmer. He was, however, that the water is very cold at this point and, as soon as he went over his head, he was taken with cramps. The other boys were not aware that he had lost his footing until they heard him call for help. They did not reach him before he had gone down for the last time.

There is twenty feet of water where the young man was drowned. His body was found twenty-two hours later, about thirty feet from the place, in about eighteen feet of water. As soon as the fatality was reported in town about one hundred men went to the river to search for the body. Hooks, boats and other things were taken along and the men worked diligently until dark. They were out again at an early hour next morning, not stopping until the remains were recovered.

The deceased was a member of the popular young men in the village. He possessed a most kindly disposition. He was a bright lad, a dutiful son, and one who would surely have been successful in the world, as he was gifted with all the traits of character that go to make a model and successful man.

The funeral Sunday afternoon was one of the largest held in Republic in some years. Nearly everyone in town attended. Every carriage in the village was out and hundreds of people gathered. Services were conducted at the Catholic church by Rev. Father DeGees, the pastor. The edifice was crowded. The English Methodist congregation was dismissed to admit those present to attend the obsequies.

Those who attended the funeral from outside were Mr. and Mrs. George Parr, Dan Lynch and John Gillis and wife of Quinnes; Miss Healy of Hancock; Mrs. Stodden of Champion and Miss Lavigne of Walker, Mimm.

Will own the town. The Woodmen of the County Will have a firm grasp on Republic Monday. The members of the local camps of the Modern Woodmen and Royal Neighbors have been unusually active this week completing arrangements for their big picnic next Monday.

Many complaints are heard about the condition of the county road between here and Humboldt. Both townships would do the people a great favor by giving the thoroughfare the attention it requires.

Miss Chattaway has gone to her home at Petoskey and Miss Nash is expected to return to resume their studies in the school. The Misses Lyons, Edwards and Lair, will not be back next season.

The Chicago, Milwaukee & St. Paul Railway company has new rails along its line between here and Champion. It is assumed that they will be put down this summer. The new rails are much heavier than those now in use.

and when evening came a searching party was organized. A number of men tramped the woods the greater part of the night, but no trace of Martin was found. Early Sunday morning some of the searchers came upon him. He was taking a rest, having walked the previous night until he was tired out. He had matches along so he built a fire of brush and made himself comfortable for the night, after a time falling asleep. Charley was not alarmed as he was positive he could find his way out of the woods in the day time. He is over seventy years of age and his friends were delighted to find him alive and well.

Lower Michigan.

The surveyors of the proposed Alpena, Gaylord & Western railroad have reached the city limits of Alpena, and their work will be completed in a few days. The work of construction will commence next month.

Sheriff Chapman of Kent county, has gone to Salt Lake City, Utah, to bring P. H. Dwight back to Michigan to answer a charge of forgery. In 1897 Dwight cashed a \$75 check at the State Bank of Lowell, and then left town before it was discovered that the check was bogus.

Twelve dogs were poisoned in Alpena Monday night, nine of which have died. The most valuable of these was a thorough bred bull, owned by A. M. Fletcher, of the Fletcher Paper company. The dog was valued at \$500. Five or six were well trained bird dogs, valued from \$20 to \$100.

When Peter Frank, a 16-year-old boy living near Lewiston, got home and found the house had been ransacked, he loaded his rifle and started on the trail of a couple of hoboes whom he suspected were the thieves. He soon overhauled them and marched them back with the stolen goods.

Congressman Weeks has appointed Malcolm McHenry, son of Norman McIntyre of Mt. Clemens, to the cadetship at Annapolis. He will take his examination for the place next September. Jerry Brooks, son of F. W. Brooks, manager of the Mt. Clemens Rapid Railway, was appointed substitute.

Dominic Langeris created a sensation in Kalamazoo last sermon. While he was preaching his food, his daughter met with a painful accident and ran bleeding into the church. The minister continued to wade through his sermon, which is reported to have been of proverbial Dutch length, and though his daughter lingered in the parsonage between life and death, the minister stuck to his pulpit during the entire service.

A street railway collision was averted at Benton Harbor at an early hour Tuesday morning by Herbert Inman. For some reason one of the motor cars left the barn with neither motor nor conductor. Inman, one of the oldest conductors on the line, noticed the car and by the lights saw that it was a runaway. The car had gone two blocks before it was discovered, and by mere chance Inman was able to disconnect the trolley.

The injunction against carrying out a portion of the appropriation bill of the city of Jackson left the Main street river bridge torn up, together with street car tracks. The car company Tuesday had a gang of men at work on the bridge so that cars may cross. The streets in many places are left in bad shape by the court's order.

Another hold hold-up was committed in Flint Tuesday afternoon near the island bridges, a short distance up the river, by three thugs who waylaid C. G. Meyers, who claims he hails from Davison. During the day the victim was kept in the Michigan Land & Iron company's affairs out to Section 18 on an exploring expedition early in the week.

There will not be a celebration in Republic on the Fourth. The people of the village will be free to visit the other places in the county where celebrations are to be held.

The commencement exercises at the Republic school on Thursday afternoon of last week were well attended. The graduating class consisted of sixteen boys and girls.

Gle Olson got back Tuesday from Wilson, some miles from here, where he spent nearly a week assisting the electric operator. He expects to get a permanent job with the company soon.

ing the general catalogue up to date was given to the Alumni association, \$1,500 being appropriated for the work of that office. The salary of Professor James H. Brewster, in the law department, was raised to \$3,000. It was decided to ask for bids for the new medical building. Albert T. Hoxie of Traverse City was appointed a house physician in the homeopathic hospital for next year.

The taking of testimony in the million-dollar damage case of M. B. Church against the Anti-Kalonskie company was finished Tuesday at Grand Rapids, and the arguments commenced. It has been the longest case ever tried in the local courts, the actual trial having commenced on March 19 and continued without interruption ever since. The attorney for the plaintiff commenced his talk this afternoon and outlined the early career of Mr. Church, showing how he once was a poor painter and pushed a cart about the streets. But he was a Yankee, and with native genius invented alabastine, pushed it and made a fortune. The alabastine company of Grand Rapids was organized, and after running many years was dissolved, and some of Church's former associates organized the Anti-Kalonskie company. He now claims that they used his secret and appliances, and asks for \$1,000,000 damages. All parties to the suit are wealthy. The arguments will last two days.

If Irving Bacheller, author of the famous novel, "Eben Holden," had been more thorough in his research for facts, regarding his eccentric characters, he would have found valuable material by a visit to Menominee. In a note the author alluding to the death of "Nick Goodall," the wandering violinist, states that "Nick" died in the almshouse of Jefferson county, N. Y., and that the event was widely printed at the time. M. E. Strickland, a well-known merchant of Menominee, is the owner of the public library book, were at one time residents of the locality where Nick Goodall died. He did not die in the almshouse, but his funeral was conducted with more than usual ceremony. Mr. Strickland was then a boy and one of a number of boys who have the expense of the funeral, and assisted in the burial. Goodall was a favorite with the boys, who had listened for hours to his wonderful renditions on the violin, and their admiration of his genius led them to honor him at the time. The parts of the story picturing him as playing music inappropriately to the occasion, especially on programs where only sacred music was proper, are corroborated by Mr. Strickland.

The weekly climate and crop bulletin of the 18th says: With exception of the cool weather and light frosts at the beginning of the week, the weather during the past seven days has been generally favorable for crop growth and field work. Frosts of some severity occurred Sunday over the upper peninsula and portions of the northern and central counties. The damage was mostly confined to small fruits, corn, potatoes and garden truck, and was generally light. The rains have been very unevenly distributed. Corn shows a general improvement and much of it is now under cultivation. Considerable replanting has been done during the week. Oats have also improved, but are rather short. Early potatoes have made good progress and are generally very promising. Sugar beets, although rather slow, are generally doing well and thinning is general. The condition of wheat continues generally poor and many fields have been plowed up. Rye is in good condition. Peas and barley are doing well. Barley is heading. Bean planting is well advanced, and the seed is germinating finely. Buckwheat seeding is about completed in the northern and central counties and is in progress in the southern. Late potato planting is well advanced. Pasture is fair. Old meadows are rather poor, but new ones indicate a fair yield of hay. Haying will begin next week in the southern counties. Fruit prospects continue good, although some curdlet is reported in peaches, and apples are not so promising as they were two weeks ago.

SEVEN YEARS IN BED. "Will wonders ever cease?" inquire the friends of Mrs. L. Pease, of Lawrence, Kan. They knew she had been unable to leave her bed and liver trouble, nervous prostration and general debility; but, "Three bottles of Electric Bility" enabled her to walk "she writes, "and in three months I felt like a new person." Women suffering from Headache, Backache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizziness will find it a priceless blessing. Try it. Satisfaction is guaranteed. Only 50c. Stafford's.

Asile from the serious inconvenience and pain caused by piles, there is a tendency to fistula and to cancer in the rectal regions. Piles should not be allowed to run on unchecked. TABLET'S BUCKEYE PILE OINTMENT is an infallible remedy. Price, 50c. a bottle, tubes 75 cts. Stafford Drug Co.

Lawrence University, Appleton, Wis. NEAREST COLLEGE TO UPPER PENINSULA. On railroads leading to Milwaukee and Chicago. Excellent equipment, six fine buildings, new science hall with 65 laboratories and lecture rooms, new gymnasium—one of the best in the west, observatory, with 10-inch telescope, ladies' hall, all modern improvements. TWENTY-FIVE PROFESSORS AND INSTRUCTORS. Expenses need not exceed, board included, \$175 to \$200 Per Year. Academy, three courses; College, three courses; School of Music, giving musical degree; Business Department, Art Department. Send for Catalogue. Samuel Platze, Ph. D., (5-8-3m) President.

FLOATER IDENTIFIED.

Body Found in Portage Lake That of J. T. Budeau of Calumet.

The mystery as to the identity of the floater found in Portage lake Monday afternoon near the dock of the Portage Lake Boiler works has been solved.

Mrs. Budeau recognized the articles in the possession of Judge Finn which had been taken from the remains.

Had Lost His Job. Mrs. Budeau informed the reporter that her husband had been employed as a brakeman in the Superior engine house at the Calumet & Hecla, but that when the company stopped work in two shafts of the mine he was thrown out of employment.

Mr. Budeau was a member of the A. O. U. W. lodge of Calumet and carried \$10,000 insurance in that order.

Mr. Budeau asked Judge Finn whether any money had been found on the body, saying her husband had drawn \$300 from the bank just previous to departure.

Mr. Budeau had met with foul play, but that is not the general opinion of that of Mr. Budeau, as is thought it was a clear case of suicide.

CHANGE IN TICKET OFFICE. Ticket Agent W. W. Finch, of Lakeview station of the Hancock & Calumet railroad at Hancock, has resigned to accept a position as bookkeeper in Ed M. Lichten's wholesale store at Hancock.

BAKER IS DISCHARGED. W. H. Baker, the molder arrested at Duluth Monday, on the charge of petty larceny, was discharged from custody yesterday.

IF YOU were to bump your head against a brick wall you could not feel worse than does anyone who suffers from stomach troubles.

Heppner's pure ice cream. Motto: "The best never too good for our customers." Heppner, Marquette.

Hardly a day passes, in families where there are children, in which BALLARD'S SNOW LINTIMENT is not needed.

It pays to get the "best." Heppner's pure ice cream. Heppner, Marquette.

\$50 FOR A BOTTLE OF MEDICINE. This is to certify that my wife was for years afflicted with asthma and was so far gone that several physicians decided that her case must terminate in consumption.

USE ALLEN'S FOOT-EASE IN YOUR SHOES. A lady writes: "I shake Allen's Foot-Ease into my shoes and rub a little on my hands."

MATE OF BARGE ARRESTED.

Andrew Hunt in Custody on a Charge of Highway Robbery.

Andrew Hunt, alias Jackson, alias Nelson, mate of the large Peshtigo, was arrested by Sheriff Wills yesterday.

Decided to Make Them a Feature of Hancock's Celebration.

There are to be races on Portage lake on the Fourth, as was recently suggested by an enthusiastic Houghton yachtsman and mentioned in these columns.

UNIFORMS FOR THE POLICE. Hancock Cops to Soon Blossom Out in Natty Suits of Blue.

Sheriff Wills Now Notifying Them to Depart from the County.

CRUSADE AGAINST GAMBLERS. Sheriff Wills Now Notifying Them to Depart from the County.

TWO DRILLS A WEEK. Commencing with Wednesday of next week two drills a week, until the time of the state encampment at Marquette, will be held by Company G, Houghton Light Infantry, at the Armory.

SLEEPLESSNESS. You can't sleep in the stillest night, if your digestion is bad.

GREATEST CATARRH CURE. Nasal Catarrh, Catarrh of Head and Catarrh of Throat, No Cure, No Pay.

LOW-ROUND TRIP HOMESEEKERS'. On the first and third Tuesdays of each month up to and including June, 1901, the D. S. S. & A. railway will have on sale to nearly all points in the United States, British Columbia, Canadian Northwest, etc.

PAN-AMERICAN EXPOSITION. Buffalo, N. Y., May 1st to Oct. 31st—The D. S. S. & A. railway now has on sale at all stations Pan American excursion tickets.

Excursion fares to Marquette. Commencing Saturday, the 15th, and continuing every Saturday thereafter until further notice, the D. S. S. & A. railway will have on sale at Wetmore, Munising Junction and Au Train excursion tickets to Marquette and return at the very low rate of 75 cents.

COPPER DISCOVERY.

Hancock Prospectors Make a Find on Lands North of the Winona.

Thomas Dooling and Jerry Shanahan of Hancock have uncovered two copper-bearing veins, one a conglomerate and the other an amygdaloid, extending between Sections 17, 8 and 7, in Town 52 North, Range 36 West, north of the Winona.

Copper Gossip. Heinz again denies any settlement with Amalgamated.

Agent F. McM Stanton, of the Atlantic mine, has a new automobile and is at present on a trip with it to the Phoenix mine.

The new air compressor at the Baltic was tested on Wednesday, found perfectly satisfactory and will go into commission soon.

It is estimated that the Bigelow mines have 6,000 tons of refined copper at their Dollar Bay docks. Their shipments east since navigation opened have been very small.

The directors of Amalgamated yesterday declared a regular quarterly dividend of 1 1/2 per cent, and 1/2 of 1 per cent.

The Atlantic promises to show an increase in its output for June. The increase will be due largely to the greater capacity of the new hoisting plant at "D" shaft.

The Baltic is now producing about seven and a half tons of mineral daily. The increase is due largely to the richer rock that has lately been coming from the lower openings in the mine.

Judge Clancy of Butte has issued the injunction asked for by the Montana Ore Purchasing company restraining the Boston & Montana company from working the south vein of the Pennsylvania mine.

Secretary Lord of the Boston Stock exchange states that the capital stock of the Allouez Mining company now consists of 100,000 shares and that certain of the shares are being sold in stamped on the face thereof will constitute a good delivery.

The Arcadian management is said to be much encouraged by the showing in both shafts on the St. Mary's epistle lode, which are now yielding some very good copper rock. These shafts are also being sunk to the third level, and dia-

An engine and boiler were on Wednesday taken by the Atlantic people from the "South" shaft of the Baltic to Section 16, where the company will resume its search for the Baltic lode.

The Quincy is stamping 425 tons of rock daily with each of its eight heads. The rock is not selected as closely as heretofore, however, and it is not probable that any important increase in production figures at present.

The steel shaft house at the shaft of the Champion now in course of construction is nearing completion. The framework is all up and the work of sheeting in the structure has commenced.

At the Baltic a new labor and time saving arrangement is in use that brings the fuel direct to the fire boxes under the boilers. A trestle has been built from the coal pile to the boiler house and on it cars are in operation from one end to the other.

The funeral of the late Mrs. Eva Guck, who was one of the oldest residents of the copper country and who died at the home of her son, Homer C. Guck, Pine street, Calumet, on Wednesday morning, will be held from the Holy Rosary church, Lake Linden, this morning with interment in Mount Calvary cemetery.

Herbert McConchie, who has been employed at Scott's drug store, Hancock, for a considerable period, has resigned his position as dispensing druggist and after spending a week or so in the copper country he will go to his home in Milwaukee on a visit to his people. Mr.

ola amygdaloid must have cost the company. The vast amount of openings made in that mineral formation represent a great deal of money and may be considered, if judiciously worked, a little later, as a very valuable asset. But the fact should not be overlooked that Osceola amygdaloid is not a Calumet conglomerate by any means and to be mined profitably a great deal of modern mining skill must be exercised just as well as economy. By results obtained at the stamp mill it is quite likely that the president of the company may have learned this and commenced in good time to shape a policy accordingly.

COPPERDOM BREVITIES. The copper country branch office of The Mining Journal is located in Room 3, second floor of the Dea Postoffice building, Houghton.

The steamer Osceola reached Portage Lake yesterday, bound up. Mrs. George Hooper, of the Victoria mine, is visiting in Houghton.

"Sag Harbor" will be presented at the Calumet theatre tomorrow night. "Si Slocum" appears at the Armory Opera House, Houghton, Saturday night.

The steamer Peerless arrived at Portage Lake on its way down the lakes yesterday. A new cross walk is being built at the intersection of Tezeuco and Hancock streets, Hancock.

High school commencement exercises were held last evening at Hancock, Lake Linden and Houghton. Harry James, ex-policeman of Hancock, has returned from South Africa, where he spent the past year.

A porcupine is on exhibition at the City Drug store, Hancock, and the quilly little fellow is proving quite a curiosity. Two candidates were initiated by the Pythians at Hancock Wednesday night.

The newly organized lodge is steadily growing in membership. C. A. Wright of Hancock has purchased the Haefel property on East Quincy street. It is a valuable and desirable piece of property.

A concert was given from the veranda of the Northwestern Hotel at Hancock last evening by the Quincy band. It was enjoyed by a large crowd of people. The steamer Mark Hopkins and consort Saverland passed through Portage lake yesterday.

At the Onigaming clubhouse tonight an informal hop will be given by the members of the club. Refreshments will be served and a pleasant time is anticipated. Mrs. John Coombs of Butte City, Mont., formerly of the Quincy location, is in Hancock visiting relatives and friends.

Mrs. Coombs left the copper country fourteen years ago. A meeting of the equalization board, comprised of county supervisors, was held at the court house yesterday morning to fix the taxable valuations of the several townships. The board will make its report to the supervisors on Monday.

The second quarterly meeting of the teachers of the Hancock Congregational Sunday school was held in the parlors of the church Wednesday night. A pleasing program of musical and other selections were rendered, followed by a social session. Refreshments were served.

Little four-year-old Mamie Gilbert of Hancock had a narrow escape from a very serious accident yesterday morning, when she was playing on the street in front of the high school building when she ran into an approaching ice wagon she did not see. She is considerably bruised as a result.

Miss Daisy Goidell of Houghton left Wednesday to join Miss Hazel Pingree, with whom she will remain until after the burial of the remains of the late ex-governor. Miss Goidell expects to leave in a few days for Detroit.

The Goidells and Pingrees are intimate friends and in past summer seasons Mr. Pingree visited in Houghton for several weeks at a stretch. Tonight at the Houghton Armory Opera House, "Sag Harbor" will be presented by the late James A. Herne's company. Mr. Herne's two daughters will be seen in the cast.

They Speak for Themselves....

We let the shirts we wash and the collars and cuffs we iron, speak for themselves. They will talk louder than we can. We want to be judged more by the work we do than by what we say.

Small's Laundry, HOUGHTON. 'Phone 400. CALUMET.

COME TO HANCOCK ON THE FOURTH!

Celebration and Street Fair, JULY 4, 5, 6. Three Days of Rare Sport, JULY 4, 5, 6. EXTREMELY LOW RATES ON ALL TRAINS. PLENTY OF MUSIC, LOTS OF FUN

McConchie is very popular in Hancock and all will regret to lose him. Al H. Bohrer, at present employed in Perkin's drug store, Negaunee, will be Mr. McConchie's successor at Scott's and will soon enter upon his duties.

Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well."

A yellow, jaundiced skin is a symptom of disordered liver, as it springs from biliary poisons retained in the blood, which destroy energy, cheerfulness, strength, vigor, happiness and life.

Rev. L. S. Coulton, of Circleville, Es., says: "Dr. Warner—Your White Wine of Tar Syrup has been in my family and found to be all and even more than you claim for it. It is a speedy cure for all throat and lung diseases." The Stafford Drug Co.

Your druggist will refund your money if Boro-Carbolic Salve fails to cure Eczema, Tetter, Old Sores, Piles or any itching skin disease, no matter of how long standing. One application gives ease and rest. Price 25 cts. per box.

The Michigan Central, "The Niagara Falls Route," has planned a delightful trip for you to the Pan-American exposition and to the eastern resorts, via Niagara Falls and Buffalo at reduced rates, with stop-over privileges.

Low Excursion Fares—Commencing Sunday, May 19, and continuing every Sunday thereafter until further notice, the D. S. S. & A. railway will sell excursion tickets to the following points at the very low rates named:

Table with columns: To, Marquette, Saginaw, Ishpeming, Sand River, Deerton, Ontonagon, Rock River, Au Train, Munising Junction, Wetmore, Shingleton, Creighton. Rates listed for each destination.

To the Famous Fishing Grounds east of Marquette—Commencing Sunday, May 19, 1901, and continuing every Sunday thereafter until further notice, the D. S. S. & A. railway will sell excursion tickets to the following points at the very low rates named:

Table with columns: To, Marquette, Saginaw, Ishpeming, Sand River, Deerton, Ontonagon, Rock River, Au Train, Munising Junction, Wetmore, Shingleton, Creighton. Rates listed for each destination.

When in need of office stationery, letter files, waste-paper baskets, letter baskets, ledgers, day-books, journals, cash-books in all sizes, paper-weights, pens and pencils, should give us a call. I carry everything in the line and would be glad to have your trade no matter how small or how large.

Smoke... FLOR DE NICOLLET Famous...ioc Cigar. F. W. KROLL, HOUGHTON, MICH. Mail orders promptly filled. (4-30-6w-0)

They Speak for Themselves....

We let the shirts we wash and the collars and cuffs we iron, speak for themselves. They will talk louder than we can. We want to be judged more by the work we do than by what we say.

MINISTER ON STAND

REV. KELLER TESTIFIES AGAINST MAN WHO SHOT HIM.

DENIES THE WIFE'S ALLEGATIONS.

NEIGHBORS OF THE WOMAN ALSO HEARD FOR THE STATE.

Say Mrs. Barker's Reputation for Truth Is Bad—Case to Go to the Jury Today, the Taking of the Evidence Being Completed.

Jersey City, N. J., June 20.—The case of Thomas G. Barker, charged with shooting Rev. John Keller at Arlington last February, will go to the jury tomorrow about 3 o'clock and a verdict may reasonably be expected tonight.

Today Keller was once more upon the stand. He seemed to have been aroused from the lethargic state which marked his conduct when he testified on direct examination. Then he spoke in a low, tired voice. Today his denials of the allegations of the Barkers were spoken in a loud, firm tone, and when asked if the alleged outrage was the reason Mrs. Barker left the church he shouted out "No" so loud that it rang through the courtroom and corridors.

It was a hard day for Mrs. Barker, for neighbor after neighbor went on the stand and swore that her reputation for truth and veracity was bad.

Testimony of the Minister.

After the defense had examined three unimportant witnesses, Keller was called to the stand in rebuttal. He denied he had seen Barker before he was shot or that Barker had said, "You villain, you have outraged my wife."

"Did you ever outrage Mrs. Barker or attempt to?" asked Prosecutor Erwin. The defense objected and the judge sustained the objection.

The witness was then asked concerning each item of the alleged borrowed money, and in each case answered he had not borrowed from Mrs. Barker the sum mentioned. He said he never owed Mrs. Barker any money at any time. Keller said that he had paid money to Mrs. Barker, but it was because of threatening letters sent by Barker, not because he owed anything.

The minister then denied that Mrs. Barker had left the church because of an assault on her. He said he knew the reason, but on objection by the defense was not allowed to tell what it was. Keller then left the stand, the attorneys having no questions to ask on cross-examination.

Neighbors Score the Woman.

Mrs. Sands, with whom Keller boards, testified that among many Mrs. Barker's reputation for truthfulness was bad. Three other women and a man testified to the same effect.

Dr. William R. Fisher, an expert in mental diseases, testified on Feb. 16 he saw Barker in the county jail. The witness said, reviewing all the circumstances, it was his opinion that Barker was sane at the time of the shooting and able to distinguish between right and wrong. Dr. John D. McGill, superintendent of the police hospital, substantiated the evidence of the preceding witness.

Dr. Evans, of the Morris Plains insane asylum, was called by the defense. He had found in his examination of Barker on June 7 evidence of insanity, but had seen no evidence of insanity during the trial.

Rev. Mr. Hutchinson, of the Presbyterian church of Arlington, testified he had never heard Mrs. Barker's reputation for truth questioned until after the shooting. This closed the testimony. The judge limited the summing up to an hour and a quarter on each side.

EVIDENCE MUCH AGAINST HER.

Jessie Morrison Not Faring Well in Her Second Trial for Murder.

El Dorado, Kas., June 20.—Thus far the second trial of Jessie Morrison on the charge of murder is very much against her. The defense has not introduced evidence of any consequence to support its claim of self-defense.

What is considered a very important point was gained by the state this morning in the refusal of Judge Aikman to admit as evidence the clothing worn by Jessie Morrison on the day she gave the mortal wounds to Clara Castle. This clothing was out and bloodstained. At the first trial it was all admitted to the jury while the clothing of Mrs. Castle was excluded. At this trial the situation is the reverse.

Miss Morrison's old father, stepmother and brothers were on the stand today, and while they were the beautiful prisoner often wiped her eyes. The venerable Judge Morrison described the injuries which Jessie had received during the fatal struggle. Miss Morrison's attorney asked the judge what statement his daughter made when she returned to her home after the fatal visit to the home of Olin Costle. The counsel for the state objected and the objection was sustained.

Prisoner Tells of the Tragedy.

Jessie Morrison took the stand in the afternoon in her own defense. She told of her movements on the day of the murder. She was going from her own home to that of friends, and in passing the house of Mrs. Castle the latter rapped on a window and called, "Jess, come here; I want to speak to you." She related the conversation that followed with Mrs. Castle in which the latter accused her or running after her husband.

Finally Mrs. Castle called her a liar and struck at her throat twice with the razor. Miss Morrison said she screamed and drew away. Then Mrs. Castle struck her on the breast and arm with the razor and they struggled to the floor.

Then, Miss Morrison said, she got possession of the weapon. "What happened then?" asked her attorney. "Well," said Miss Morrison, the tears coming to her eyes, "then I cut her with the razor."

UPRISING STAMPED OUT.

Colombia Tranquil Now Except for a Few Guerilla Bands.

Washington, June 20.—Minister Martinez Silva today received dispatches from Colombia stating that the uprising in that country had been stamped out with the exception of a few small scattered guerrilla bands operating in the neighborhood of Panama.

TRAIN TUMBLES INTO DITCH.

Four Passengers Hurt in Accident Caused by Breaking Axle.

Greenville, Pa., June 20.—By the ditching of the Erie & Pittsburgh flyer at the transfer this evening, four passengers were badly hurt. They are: Miss Hannah Smith, Greenville; Wm. J. Howard, Greenville; Mrs. J. H. Snyder, Newcastle; and Thomas Kane, Jamestown. The accident was caused by the breaking of an axle on the tender. The entire train tumbled on its side into the ditch.

DIES IN FISTIC BATTLE.

Prominent Young New Orleans Man Killed in Fight Following Quarrel.

New Orleans, June 20.—Walter Selph, a young drummer, son of Colonel Dudley Selph, state inspector of rifle practice, was killed tonight in a prize fight at Audubon Park. He and a young man named Barney had a quarrel which resulted in a fight. They had no seconds and pounded each other until Selph fell dead from a blow which broke his neck. Barney was arrested.

OLD WOUND KILLS HIM.

Gen. Nugent Dead from Hurt Received in the Civil War.

New York, June 20.—General Robert Nugent died late tonight as a result of a bullet wound in the stomach received at the battle of Fredericksburg in 1862 while charging at the head of Meagher's Irish Brigade.

General Nugent was born in Ireland in 1824. He was lieutenant colonel of the Sixty-ninth New York before the opening of the war. At the opening of the war he was appointed a captain in the regular army. Shortly before the battle of Fredericksburg General Meagher was incapacitated and Nugent succeeded to the command and was breveted. He served in many battles against the Sioux and was with General Miles in the battles against "Sitting Bull."

JUDGE TAFT GOVERNOR.

Civil Government to Be Established in the Philippines on July 4.

Washington, June 20.—Civil government will be established in the Philippines on July 4. Judge William H. Taft will be designated civil governor, but will remain in Manila to head the Philippine commission, which will be continued.

The Fourth of July was not selected with a view of having an extraordinary inauguration of the new government, but simply because this is the great American holiday and is deemed by the administration as good day upon which to locate what is believed to be an auspicious event in the history of the Philippines. It is probable the members of the Philippine commission will have charge of the different departments of the government.

Rebs Returning to Homes.

Manila, June 20.—It is estimated that forty insurgents have been killed or wounded during the recent engagements occurring in Albay and Sorsogon provinces. Many insurgents are returning to their homes.

MRS. M'KINLEY SLOWLY GAINING.

Washington, June 20.—Though very slow, the improvement in Mrs. McKinley's condition continues steadily and each day shows her to be a little stronger than the preceding one. Dr. Riey, as he left the White House, tonight said that while there was nothing new in her case, she continued to improve and was able to sit in a rolling chair and see a few friends.

SAMPLE OF "SOO JUSTICE."

The Mining Journal Given a Drastic Dose of It in the Couch Libel Suit.

Sault Ste. Marie, June 20.—The jury in the case brought against the Marquette Mining Journal company by John A. Conch to recover damages for libel brought in a verdict this afternoon, after having been out about two hours, which was considerable of a surprise to everybody save the twelve men composing it. The plaintiff was awarded \$2,500 damages. The verdict was in plain disregard of the charge of the judge, as well as being wholly unwarranted by the evidence in the case, and will be appealed from. The case was well tried for the defense, but the jury was evidently there to make the defendant to the limit. That was pretty nearly accomplished, so far as its verdict goes, for the plaintiff's attorneys receded their client's demand from \$10,000 to \$3,000 before the case was given to the jury.

THREE KILLED BY LIGHTNING.

Severe Electrical Storm Wreaks Much Havoc in Indiana.

Indianapolis, June 20.—Three persons were killed and several injured by lightning during a severe electric storm which passed over Indiana last night. The dead: BERT HATHAWAY, Idaville. GRACE LARGIN, Riley. IRA SMITH, Youngstown.

The storm took on a serious aspect at several places. At the residence of the Presbyterian church was struck by lightning and badly damaged, while James Rowan's saloon was partially destroyed, five men being knocked senseless.

At Greentown, trees were uprooted and growing crops badly damaged by hail. The damage in the vicinity will reach \$40,000. At Roachdale, the building occupied by the Roachdale News was entirely destroyed.

At Monticello, the barn of Bert Hathaway was struck by lightning and Hathaway instantly killed.

Hartford City was visited by a terrific wind and hail storm this evening. Fifty oil derricks were blown down, causing a loss of \$25,000.

TAX ON COLONIAL SUGAR.

Plan for Preferential Duty Fails in the House of Commons.

London, June 20.—During the course of the discussion of the clauses of the finance bill in the house of commons today, the chancellor of the exchequer, Sir Michael Hicks Beach, informed the members of an amendment providing for a preferential duty on sugar from British colonies that he had no intention of embarking on such policy. It would, he said, benefit neither this country nor the colonies, would deprive the treasury of revenue, and would benefit the consumer and might endanger the trade with foreign countries. There was a strong feeling on this subject in Germany and the acceptance of the amendment would be running a most serious risk of losing the favored nation treatment Great Britain now enjoys in Germany. He was not prepared to risk the loss of Great Britain's foreign trade, which was greater than the trade of the colonies.

The amendment was negatived by the vote of 366 to 16. The outcome of the debate proved to be somewhat amusing. Knowing the scantiness of their following, the supporters of the amendment tried to withdraw it, but the Irish members insisted upon a division with the result that only sixteen members voted in its favor and the mover of the amendment, Ernest Flower (Conservative), himself voted against it. The free traders expressed the greatest satisfaction at the outcome of the division and regarded the incident as a great blow to Chamberlain's pet idea of a "zollverein."

FIREBUGS HELD FOR TRIAL.

Chicago Incendiaries Who Have Made \$75,000 in Two Years in Custody.

Chicago, June 20.—After two years of operations in Chicago a band of incendiaries having a center at Tuckerton's dive in "Whisky row"—286 State street—has been disrupted. Eleven fires in stores stocked with fictitious goods and ignited by "dash fires" have been traced to the gang. Warrants were obtained yesterday for the arrest of seven men, and by night most of them were locked up. The two supposed to be the leaders were secured on Tuesday night, and now are in the county jail in default of \$20,000 bail. They are charged with conspiracy and arson. One other arrested on Tuesday was released yesterday on bail.

Today, Simon and Jacob Waixel, Isaac Tuckhorn, Leon Frank, H. Fensterstock, Louis Lampert and Benjamin and Michael Etelson were held in grand jury in bonds aggregating \$55,000 for alleged conspiracy in defrauding fire insurance companies. Eight other arrests have been ordered.

By the operations of this conspiracy insurance companies have been defrauded out of sums aggregating \$75,000 at least. The men arrested included tradesmen, levee habitués, race-track frequenters, and saloonkeepers. The men who furnished the bail for the prisoners were money-lenders. In operating the confederates would lease a frame building, invariably of one and one-half stories, stock it with a few cheap articles, insure the contents heavily, ignite it by using illuminating gas, secure fictitious bills of sale from tradesmen, and collect insurance upon the stock represented by these bills.

OIL STRUCK IN MICHIGAN.

Diggers for Water Near Niles Tap a Stream of Petroleum.

Niles, Mich., June 20.—Great excitement prevails among farmers six miles northwest of here, where a copious flow of crude oil was discovered on a farm owned by W. W. Stevens, who was sinking a well for artesian water. Dudley Shively, a Scotch-Irish capitalist and successful prospector, has closed a deal for 600 acres, comprising the Stevens farm, together with four neighboring farms. He will sink wells at his own expense, guaranteeing the owners of the land one out of every eight barrels of oil from the Stevens well, and property values hereabouts are booming.

INDIANS LOSE CASE.

EFFORT TO SHUT OUT HOMESTEADERS FAILS AT WASHINGTON.

Washington, June 20.—Justice Bradley in the equity court today denied the application of Lone Wolf and other Indians for an injunction against the secretary of the interior to restrain him from opening Kiowa, Comanche and Apache lands in Oklahoma to settlement.

PETITION FOR INJUNCTION DENIED.

COURT DECLINES TO RESTRAIN OPENING OF THE LANDS.

Decision, However, Is Based on the Ground the Tribunal Has No Power in the Premises, the Remedy Resting With Congress.

Text of the Decision.

Judge Bradley held that if the act of June 6, 1900, is violative of the treaty of 1868, the remedy rests with congress, not the judiciary. He said the right of the Indians to the reservation is a possessory one only; that wrong, if any, threatened by the execution of the act of June 6 is wrong to the tribe as a whole, and that no individual member will suffer any injury which will not be shared in common by the other members. The decision declares the suit cannot be maintained by members of the tribe as individuals.

The court also held that these Indians are pupils or wards of the nation; and that the duty of providing for their maintenance, civilization and education and of protecting and caring for them rests upon the federal government and is committed to its legislative or judicial branch. He held that the question whether three-fourths of the adult male Indians had signed the agreement, ratification by congress was necessarily presented to congress, and that ratification of the agreement was assented to by the requisite number of Indians and that there was no false or fraudulent representation or interpretation; also that this decision of congress is conclusive upon the judicial tribunals.

It was further held by Judge Bradley that an act of congress and a treaty are, under the Constitution of the United States, laws of equal authority; that an act of congress will repeal a treaty, consistent act of congress; that the making and enforcing of treaties are under our Constitution committed to the political branch of the government, and that the judicial tribunals of the country have no authority to enforce stipulations or to grant redress for wrongs inflicted by their breach.

FRANCE TO BUY OUR WHEAT.

Failure of the Crop There Makes Heavy Importations Necessary.

Paris, June 20.—Rumors that are apparently well grounded assert that France's importations of American wheat this year will be enormously beyond present account on account of the bad crop at home. Warrants were obtained yesterday for the arrest of seven men, and by night most of them were locked up. The two supposed to be the leaders were secured on Tuesday night, and now are in the county jail in default of \$20,000 bail. They are charged with conspiracy and arson. One other arrested on Tuesday was released yesterday on bail.

MARRIAGE BAR FOR TEACHERS.

Omaha Board Decries Dismissal as a Sequel to Maritimony.

Omaha, June 20.—The board of education has struck a blow at the honorable institution of marriage. By an amendment of the rules, last adopted, any young woman who takes unto herself a husband forfeits her place on the school rolls.

Not only does the decree strike out teachers upon their wedding day, but likewise suspends those who have allied themselves in the past, the only exceptions being those rendered immune by a place on the permanent list. Half a dozen have served the five successive years requisite for a claim upon this consolidated berth and can be removed only after conditions have been heard and approved against them.

Why the Board Frowns on Hymen.

"Every year our high school is turning out a hundred girls," said one member, "and many of them are required to make their own way. Those who desire to enter the educational field find their path blocked by these veterans, who by their presence are home attending to their household duties and depending upon their husbands for support. I know several married women who are drawing \$100 a month, while their husbands are receiving half as much more. The board does not believe this condition is just to the Omaha girls who are compelled to live their own way."

May Appeal to the Courts.

The young matrons on the list, of whom there are about thirty, have arisen in arms against the edict. In some cases, they set forth, marriage constitutes an additional reason why a girl should busy herself in some money-making project. If they desire to encumber themselves with husbands the girls hold that such is one of their twentieth century privileges, with which the board has no right to meddle. The teachers affected have seriously considered taking the matter to the courts. Good lawyers have told them the board's step is against public policy and will not hold in law. It is a blow they argue, against one of the saving institutions of civilization which no one has a right to undermine.

French Prisoner Stabs Woman He Blames for His Crimes.

Paris, June 20.—The Palais de Justice was the scene of a terrible drama, which occurred in the room of M. Leydet, the investigating magistrate, yesterday afternoon.

A prisoner named Bourselot was brought from the Sainte prison to be confronted with his mistress, a woman named Marie Foullet. Bourselot had hardly entered the judge's room when he stabbed his mistress three times in the back. She collapsed, without uttering a cry. She was picked up covered with blood and taken to the Hotel Dieu. Her condition is desperate.

When questioned as to the reason for his crime Bourselot said he had been sentenced to banishment for theft, and that, after leaving France, he wanted to take revenge on his mistress. The latter it was, he said, who first caused him to embark on his career of crime. He added that he had obtained the knife from a fellow prisoner, with whom he had arranged to have it hidden under the cushions of one of the chairs in the judge's room.

VICTIM OF FERRYBOAT DISASTER.

Body of General Charles G. Bartlett Is Found in East River.

New York, June 20.—The body of General Charles G. Bartlett, one of the victims of the sinking ferryboat Northfield disaster last week, was recovered today.

IN THE KAISER'S PRESENCE.

Statue to the Great Elector Is Unveiled at Kiel.

Kiel, June 20.—The monument to Frederick William I, the "Great Elector," was unveiled today in the naval academy park here with much ceremony and in the presence of the emperor and empress.

FORMER NUN SLAYS PRIEST.

French Abbe Mortally Wounded While Saying Mass in Church.

Paris, June 20.—There was a terrible scene in the Church of Nantes yesterday morning. Abbe Fouchard, the priest in charge of the morning service, has just started to say mass. As he knelt at the foot of the altar a woman rushed at him and before any member of the startled congregation could interfere struck the priest in the back of the head with the blade of a hatchet. The abbe rolled down the steps, bleeding and mortally wounded. The woman was at once apprehended. She proved to be Marie Amosse, a former member of the St. Gildas order, and in excuse declared that the abbe had caused her expulsion from that order. The abbe will die.

BABY HELD FOR BOARD BILL.

Omaha Woman Seeks Court's Aid Against the Salvation Army.

Omaha, June 20.—Emil Glassman, ensign in the Salvation Army, has been called into court to account for a three-month-old infant which he is holding at the barracks in default of a board bill for \$17. In civil life Glassman drives an oil wagon which bears the large gilt sign: "The wages of sin is death." Mrs. Martha Higgins has demanded that he produce the child in Justice Shoemaker's court in good condition. She admits that she owes the board bill, the child having eaten the food in question while its mother was absent at the wash tub. Ensign Glassman says that the barracks is open to worthy charities, but is not intended for a nursery or children otherwise well provided for.

UNCLE SAM SELLS OUT.

Northwestern Buys Government's Interest in the Sioux City & Pacific.

Washington, June 20.—The government's interest in the Sioux City & Pacific railroad company was sold at auction today to the Chicago & Northwestern, which has been operating the Sioux City for some time. The price obtained was \$1,372,000 cash and a credit of \$200,000 for the transportation of mail and troops.

DULL DAY IN STOCKS.

Dealings Under 500,000 Shares, With the Tendency Downward.

New York, June 20.—The opening prices of stocks were at the highest average level of the day and all rallies, of which there were several of some slight force, were met by renewed realizing which drove the values downward. After the opening spurt there were developments of strength here and there in individual stocks, but they were in a class of securities that usually have little prominence in the trading and were without great sympathetic influence on the rest of the market, which in the lowest level touched since before the presidential election. Even this meagre aggregate was largely dependent on the congested dealings in a few stocks, notably Amalgamated Copper. This stock was under pressure all day and fell an extreme 3 1/2 percent from last night's close with a final rally of 2 points. Colorado Fuel continued its sensational fluctuations, falling at one time 6 points under last night and 2 1/2 under the high price on Monday but rallying at the last to a point above last night.

LIVES SAVED BY OXYGEN.

Patients Pronounced Incurable Successfully Treated in London Hospital.

London, June 20.—The Duke of Argyll presiding yesterday at a most interesting meeting of the patrons of the Oxygen hospital, and laid stress on the cheapness of the cure, which averaged \$2.50 per patient weekly, and also the efficiency of the system, 90 per cent of the cases producing favorable results. This method of treating loathsome diseases, such as ulcers and lupus, and also gonorrhoea, by oxygen, was devised by Dr. George Stokes, brother of the popular manager of the Lyceum theater. Many patients pronounced incurable in regular London hospitals have been cured by this oxygen treatment. Its managers are anxious to treat consumption on a large scale in a hospital which can systematically oxygenated day and night.

MARRIAGE BAR FOR TEACHERS.

Omaha Board Decries Dismissal as a Sequel to Maritimony.

Omaha, June 20.—The board of education has struck a blow at the honorable institution of marriage. By an amendment of the rules, last adopted, any young woman who takes unto herself a husband forfeits her place on the school rolls.

Not only does the decree strike out teachers upon their wedding day, but likewise suspends those who have allied themselves in the past, the only exceptions being those rendered immune by a place on the permanent list. Half a dozen have served the five successive years requisite for a claim upon this consolidated berth and can be removed only after conditions have been heard and approved against them.

Range of Money Rates.

Money on call ruled steady, at 2 1/2 @ 4 1/2 percent; last loan, 3 1/2; ruling rate, 4. Prime paper, 3 1/2 @ 4 1/2 percent. Exchange, easy, demand at 4.87 1/2 @ 4.88 and sixty days at 4.85 1/2 @ 4.86.

WHEAT AGAIN IS LOWER.

Good Crop News Continues to Bear the Prices—Corn Rules Strong.

Chicago, June 20.—The trend in wheat today was down against the edict, only 1/2 cent, and 3/4 cent, respectively, in the selling of July and buying of September. Higher cables and rumors of the scarcity of wheat imparted strength, but these factors were more than counterbalanced by reports of the excellent condition of the growing crop. Liverpool was unchanged for 1/4 cent lower. The trading was about confined to room traders. Light receipts at primary markets con-

A WHITE PATH. HERE is only one kind of Cleanliness, but there are many kinds of soap. There is only one destination, but there are many paths that lead to it. If you want the shortest and safest road to Cleanliness, it is paved with Ivory Soap. Neither man nor clothes ever get beyond the cleansing power of Ivory Soap. Its rich, creamy lather extracts every particle of dirt; but it stops at the dirt! Ivory Soap—it floats.

time to be the principal bull influence, giving encouragement to holders even after taking into consideration the favorable growing weather and poor shipping demand. Liverpool was 5 1/2 higher for futures and 1/2 @ 3/4 up for spot. Oats were weaker, lower early, but recovering and closing 1/4 @ 1/2 higher. Shorts and commission houses generally were buyers and a large business was transacted. The crop reports were improved from some sections, but private advices were unfavorable. The cash demand was fair.

LLINOIS CENTRAL TAKES THEM. Iowa Central and Minneapolis & St. Louis to Be Absorbed. Chicago, June 20.—Official confirmation is made by the Illinois Central respecting the Iowa Central and Minneapolis & St. Louis railroad deal. The plan contemplates the taking over of Iowa Central by Minneapolis & St. Louis on the basis of two shares of the former for one of the latter and a guarantee of 5 per cent dividend by Illinois Central for the securities of the consolidated road.

BOSTON COPPER QUOTATIONS. The copper stocks dealt in on the Boston exchange closed as follows yesterday, the quotations being reported by Paine, Webber & Co.

Wednesday's sales on the Boston stock exchange, in shares, were in part as follows:

TODAY'S WEATHER. Washington, June 20.—The following is the weather bureau's forecast for Upper Michigan: Fair Friday; showers Saturday; fresh southeasterly winds.

STEADY GIRL WANTED. Several young men complain that they have no steady girl. It seems that they no sooner get fairly started with a girl, probably have the theatre tickets all bought, when the girl "can't go because she has a sick headache."

A beacon light to the sick and afflicted. A life encourager. Take counsel with yourself today and use Rocky Mountain Tea tomorrow. Peace and comfort follow its use. Stafford Drug Co.

BODY IS FOUND.

Remains of Thomas Nichols Located on Lower Sub-Level Yesterday Morning.

After a search of a little more than a week, the remains of Thomas Nichols, who was suffocated by a cave-in at the Cleveland Lake mine the afternoon of Wednesday, the 12th, were found yesterday morning at 4:15 o'clock. Shortly after the family was notified and before 6 o'clock the jury had viewed the remains in Gill's undertaking shop. The funeral will be held from the Division street M. E. church Sunday afternoon at 2 o'clock, Rev. Stelen Polkinghorn officiating. The inquest will be held this afternoon before Justice McGinty. The body was found on the lowest sub-level, between the second and third main levels, completely covered with mud. It was in remarkably good condition and appeared perfectly natural, except that the hands and feet were tightly drawn together, the result of Nichols' struggles against suffocation. He succeeded in getting some bits of timber close to his face before the mud closed him in and this served to keep the stuff away from his nose for some minutes, although he must have realized that his end was impending. Just how Nichols came to be on this level is a good deal of a mystery, but it is assumed that he went down the ladderway, previously referred to in The Mining Journal, and that he had but just reached the level when the mud, coming up from below, caught him. He was found near the mouth of the chute, but still it is thought that the ladderway was his mode of egress from the level above. Immediately after finding the body, all the men in the mine stopped work and they will not return until after the funeral. There still remains much to be cleared out before the full force can again be employed.

Architect D. Fred Charlton of Marquette was in the city this week conferring with several prominent members of the Grace Episcopal church regarding the new edifice which that congregation intends building. The outcome of his visit cannot be learned, but it is certain that a new building will be constructed and that likely the congregation will be worshipping in it before snow flies. Rector C. D. Atwell informs The Mining Journal that a sufficient sum of money has been raised to warrant the pursuance of the project and that more is in sight. The present building will be either torn down or moved away, presumably the former, as it would be a difficult matter to move it through the streets, owing to the overhead trolley wires and other obstacles. If the building is finally to be torn down, it will be moved to the northeast corner of the lot at once and services will be held in it until the new building is finished. Two buildings will be erected, connected by a gallery. One will be the church proper, the other a Guild hall. Both structures will be of stone and it is estimated that the total cost will be in the neighborhood of \$12,000. The Grace church people intend putting up buildings which will be a credit to the city. Their corner is one of the most prominent in Ishpeming. It first strikes the eye of the stranger, arriving on either railroad and a handsome building will do much to give visitors a favorable first impression of the city.

Grace Church People Really Mean to Build a Handsome Edifice.

Architect D. Fred Charlton of Marquette was in the city this week conferring with several prominent members of the Grace Episcopal church regarding the new edifice which that congregation intends building.

The outcome of his visit cannot be learned, but it is certain that a new building will be constructed and that likely the congregation will be worshipping in it before snow flies.

Rector C. D. Atwell informs The Mining Journal that a sufficient sum of money has been raised to warrant the pursuance of the project and that more is in sight.

The present building will be either torn down or moved away, presumably the former, as it would be a difficult matter to move it through the streets, owing to the overhead trolley wires and other obstacles.

If the building is finally to be torn down, it will be moved to the northeast corner of the lot at once and services will be held in it until the new building is finished.

Two buildings will be erected, connected by a gallery. One will be the church proper, the other a Guild hall. Both structures will be of stone and it is estimated that the total cost will be in the neighborhood of \$12,000.

The Grace church people intend putting up buildings which will be a credit to the city. Their corner is one of the most prominent in Ishpeming.

It first strikes the eye of the stranger, arriving on either railroad and a handsome building will do much to give visitors a favorable first impression of the city.

FOUR WILL GRADUATE.

Exercises at the St. John's School Announced for This Afternoon.

Four young people will be graduated from the St. John's school this afternoon. They are Miss Margaret A. Cronin, Margaret R. Harrington, Mary A. Murphy and Anna B. Welsh. The class colors are green and white and the convent hall will be tastefully decorated with them. A fine program has been arranged. It follows:

"Ave Marie"..... S. Smith
President's Address..... Morgan Wright
Class History..... Clarence Gill
Music—"Cheerfulness"..... F. Gumbert
Clara Farm, Edith Moutrie, Judith Hendrickson, Flora Braastad.
Class Prophecy..... Mabel Ellis, Elvira Olson.
Advice to Juniors..... Leo Frouk.
"The Scholar"..... Frank Watters.
Music—"Hark, Hark My Soul"..... Shelley
Class Paper—"Hemalite"..... Louis Rutenberg, Hans Peterson, Agnes Clifton, Winifred Moutrie.
Music—"Spring Time"..... Strauss
Presentation of Memorial..... Morgan Wright.

"LEGALLY DEAD" TONIGHT.
The Harry Shannon company will present "Legally Dead" in the opera house this evening. The play was written especially for the Shannon children, who take the leading roles, with much success. It is said, judging from the successful way in which they have carried out their parts in the other productions of this week, the little people will score a big success. The specialties will be change this evening, as usual.

A woman in Idaho got a divorce from her husband because he would not take her to the Paris Exposition. He testified in court that he was afraid of water and that he was afraid to get into a bath tub even, he got so seasick. That man has indigestion just as a good many others we know and should take Dr. Caldwell's Syrup Pepsin. Get it at The Stafford Drug Co.

Many bargains these days. Snaps in summer goods of all kinds at Braastad's.

Heppner's pure ice cream at the soda fountain is a winner every time. Heppner, Marquette. (5-1-tf)

We are offering summer capes, jackets and shirts at 20 per cent. off. F. Braastad & Co. (5-13-tf)

For piano tuning leave orders at Fohrman's, Ishpeming, or the Peoples' Drug Store, Marquette. All work guaranteed. Best of reference. G. A. Ford. (5-13-tf)

WANTED—FOR RENT OR SALE. LOST—A black cow, with horns, also stars on side. A reward will be paid for her return to Jacob Hannula, 221 Davis street. (5-23-24)

WANTED—A second hand upright or square piano. (Quote lowest terms. Rev. J. M. Langan, Ishpeming. (5-8-24))

absolutely nothing has been obtained from its property as yet. Mr. Quinn is of the opinion that it will not be fair to tax it largely, owing to this circumstance, although the valuation on this property has been increased somewhat over a year ago.

A BIG SUCCESS.

The class day exercises of the high school, held Wednesday evening, were a financial and artistic success. The auditorium was taxed to its capacity and the audience followed the program closely. Particular mention of the merits of the participants would be futile, as they were uniformly good. Following is the program:

Music—"Song of the Mountaineers"..... S. Smith
President's Address..... Morgan Wright
Class History..... Clarence Gill
Music—"Cheerfulness"..... F. Gumbert
Clara Farm, Edith Moutrie, Judith Hendrickson, Flora Braastad.
Class Prophecy..... Mabel Ellis, Elvira Olson.

WHAT THE FIREMEN SAY.

Their Letter to Public Regarding 1902
Tournament Is An Appealing One.

The following letter has been sent to about two hundred and fifty prominent residents of this city and outside property owners who are expected to be interested in the project of bringing the 1902 tournament of the Upper Peninsula Firemen's association to this city:

"Dear Sir:—We have every assurance that Negaunee can have the next annual tournament of the U. P. Firemen's association, as it has been held in all the other cities of the peninsula, and is practically conceded to us. Negaunee firemen are anxious to have the tournament here, but whether we can have it or not, depends on how much aid we can have from our citizens. We will have to raise about \$2,500 if we have the tournament. One mass meeting has been called and was very feebly responded to. We have called another for Wednesday night, June 26, at 8:30, and we earnestly hope for a large attendance so we can have an expression from our citizens as to how much they will aid us.

"Will you come out to the meeting, send a representative there, or correspond with the undersigned and express your views and say how much you will contribute or whether you want to have it here at all. The matter is to be decided at the fire department cannot carry it out without aid.

"AL WILLIAMS, Sec'y. F. D."

That the fire laddies have not given up the idea of holding the tournament in this city goes without saying. They have many friends who stand ready to put their hands in their pockets for them and all chance of getting the tournament is not yet gone. The mass meeting called for Wednesday should be generally attended.

CLARK UNFORTUNATE.

His Connection With the American Mining
Investment Co. Regretted Here.

The recent developments in the affairs of the American Mining Investment company of Minneapolis in no way reflect discredit on the reputation of John D. Clark, late of this city, who is assistant general manager of the company. Negauneeites are watching for news from this concern with eagerness, but it is only to find out what is to become of John D. He probably secured at least \$3,000 of Negaunee money for investment in the various enterprises which his concern launched, and those who put their cash into the speculation in no way blame him for its loss.

In the opinion of these investors he was merely the tool employed by the slick managers of the company to inveigle unsuspecting people with a little ready cash to do business with them. Mr. Clark put in all he had, something like \$1,500, and threw up a good job to go to Minneapolis to accept a position which he thought gave him chance for advancement and higher pay. He is now out of a job and he may be in a bad way. Owing to this chain of circumstances, there is no disposition among local people to criticize him severely. If Mr. Clark had not invested himself, matters might be viewed in a different light.

Mr. Clark left here for Minneapolis Feb. 1, and he has returned but once, and that to move his family to his new home. At the time of his return things were not going at all well, and he stated to several stockholders that, in his opinion, all would be well if they waited a little. He left to take the position of secretary and assistant to General Manager C. R. Tuttle, at a salary of \$40 a week for the first six months, when it was to be raised to \$50.

Negaunee people read, with not a little interest, the telegraphic report printed in yesterday's issue of The Mining Journal containing the scathing arraignment, by the judge of Hennepin court, Minneapolis, of the officers of the company.

It has been mentioned, not in this paper, that Albert Pearce, a fireman at the Buffalo mine, had invested all his savings since childhood, \$130, with Mr. Clark's company and now stands dead loss. Mr. Pearce informs The Mining Journal that such is not the case. He states that the sum which he invested did not reach \$130 by any means and also that he has a little more tucked away which is not tied up in the American Mining Investment company. As far as can be learned the largest amount which was invested in this company by any one person was a little short of \$100. Most of those who put their money in are reasonably well able to lose it.

A GOOD THING.

German Syrup is the special prescription of Dr. A. Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which is rapidly increasing sale every season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cts. Get Green's Prize Almanac. The Stafford Drug Co.

If your sight is blurred with specks and spots floating before your eyes, or you have pains on the right side under the ribs, then your liver is deranged, and you need a few bottles of HERBINE to regulate it. Price 50 cts. Stafford Drug Co.

TRY DEBELL'S KIDNEY PILLS.

They are the only kidney medicine that positively cures all diseases arising from disordered kidneys, poor nerves and a thin watery condition of the blood such as nervous headache, dizziness, weak back, rheumatism, diabetes, scalding urine and other kidney troubles. DeBell's Kidney Pills, the great kidney remedy. Every box warranted, 25 cents per box. For sale by Stafford Drug Co.

LOCAL LACONICS.

Mr. and Mrs. Frank M. Boney are spending a week in Chicago.

Ben Neely is having a new tin roof put on his Iron street building.

Alfred Dyer has taken the position of bartender in Mike Zmlaw's saloon.

Mrs. John Hakenjos is spending a couple of weeks with relatives in Chicago.

The frame for the new residence which Mrs. Antoine Barabe is building is nearly up.

Harry Pentacost of Swanzy attended the wedding of his friend, Nels Halsted, Wednesday afternoon.

Miss Tessie Evans of Iron Mountain spent a few days in town this week with her sister, Mrs. Bemis.

Carpenter work will be started at the Jackson school this morning, the foundation having been completed.

A number of local theatre goers took in the Shannon show in Ishpeming Wednesday. "Camille" was presented.

Jack McCarthy of Little Lake is in the city for a few days and reports that his farm is looking exceedingly well.

George O'Connor of the Iron Cliffs office left yesterday morning for the Soo, where he will spend some days with his parents.

Jack Dudley and Dick Nesbitt spent two or three days at Green's creek this week on a fishing expedition. The report excellent luck.

Mr. and Mrs. George W. Holmes of the Province of Ontario arrived in the city Wednesday evening for a few weeks visit with relatives.

Andrew Lindquist has been awarded the contract for the new Charles Johnson building, to be located on Iron street, and he will commence work immediately.

Thomas Pellow, Robert G. Jackson and Corist Johnson were in Marquette yesterday appearing as witnesses before the circuit court in the Breitling-Cleveland-Cliffs suit.

L. C. Chaussee has the contract for the construction of a new engine bed at the Moore mine on the Cascade, and will soon get to work. The Lake Shore Engine works of Marquette will furnish the engine, which will be of good size.

Mrs. Nina Bergquist, and three girls, who were "pulled" with her, charged with keeping a disorderly house, were bound over to the September term of the circuit court which convenes in Marquette on the 10th. They are all out on bail.

Nels Halsted of Swanzy and Miss Sarah Cook of this city were united in marriage at the residence of Barney McNally Wednesday afternoon at 1:30 o'clock by the Rev. Dr. Smith. After a short wedding trip, Mr. and Mrs. Halsted will reside in this city.

The concert which the Schubert company gave in the opera house Wednesday evening was an artistic success. It was for the benefit of the Presbyterian Sunday school. The audience, while not large, was very enthusiastic and it is safe to say that on the occasion of this company's next visit in the city, the hall will not be large enough to accommodate the crowds which will seek admittance. The company expressed much pleasure with the new piano.

William Leininger has made a number of improvements in his recently established and undertaking establishment and he says that more are coming. The old office has been torn out and racks removed so that much more light gets to the rear of the store than formerly.

The funeral of Mrs. Patrick Sullivan was held from St. John's yesterday morning at nine. The edifice was crowded with friends and relatives and many beautiful floral tokens were noticed. The body was laid at rest in the Ishpeming cemetery beside that of the husband who was buried last Monday.

Rev. Mons Egan of Moline, Ills., is spending a few days in the city with his wife. Rev. Egan will be remembered as the bookkeeper who was employed for so many years by A. W. Myers & Co. of this city. When he left this city a number of years ago it was to enter the ministry and he has been very successful.

The Woolmen have arranged for a special train to run back from Republic Monday evening, leaving there at 9 o'clock. The Republic people are preparing to entertain a large crowd and a most attractive program has been arranged. The round trip fare from Ishpeming will be seventy-five cents. The going train will leave at 8:55 a. m.

In the mention of the Clemenson-Feigl wedding at Michigan in yesterday's issue it was stated that it occurred at the Michigan House. It should have read the Northwestern Hotel, which Mrs. D. McMillan, mother of the bride, has conducted with great success for many years past. The error is regretted and the correction is cheerfully made.

Cards are out announcing the marriage of Frank G. Oster of Ashland and Miss Marie Dorothy Kelgram of this city, which will be solemnized in the Bethany Swedish Lutheran church next Wednesday evening by the Rev. E. V. Isaacson, the pastor. A reception will be held at the residence of the bride's mother, Mrs. Anna Kelgram on South Pine street immediately after the ceremony.

Perhaps the item which holds the largest amount of interest for Lutherans of this city in the recent action of the annual meeting of the Augustana Synod in Jamestown, N. Y., is the election of Rev. Gustaf A. Andren to the presidency of the Augustana college and Theological seminary in Rock Island, Ill. Rev. Andren is but thirty-seven years old and represents the more progressive element in the Synod. He is well known by reputation in this city and his many friends are much pleased at his election. Rev. Andren is professor of Northern languages at Yale and it is with great regret that the trustees of that institution release him.

A TERRIBLE EXPLOSION.

"Of a gasoline stove burned a lady here frightfully," writes N. E. Palmer, of Kirkman, Ia. "The best doctors couldn't heal the running sore that followed, but Bucklen's Arnica Salve entirely cured her." Infallible for Cuts, Corns, Sores, Boils, Bruises, Skin Diseases and Piles. 25c. at Stafford's.

Additional Ishpeming

ISHPEMING IN BRIEF.

Manager Tellman of the Nelson spent Wednesday night in Escanaba.

Frank Armstrong has returned from his visit to his home in Illinois.

Miss Laura Williams has returned to her home in this city for the summer vacation.

The employees of the Lake Angeline company will receive their May pay tomorrow.

The exterior of the Patrick Cronin, building is being painted black with yellow trimmings.

The residence of Charles L. Anderson, corner of Euclid and North Maple streets, has received a coat of paint.

H. F. Nickerson, manager of the I. E. Swift company's store in Houghton, was in the city for a few hours yesterday.

Len Tontloff has returned from a lengthy stay in West Africa. He is in the city the guest of Mr. and Mrs. Lou Tontloff.

Superintendent NeCollins announces that there are seven "Heniatrics" left which will be sold to the first comers at twenty-five cents.

The ladies of the Grace church will hold one of those pie and cake sales in H. F. Heyn's store tomorrow morning from ten until twelve.

This is the evening of the high school alumni association's dance. Trombley's orchestra will furnish the music and refreshments will be served.

The train over the L. S. & I. road which leaves this city at 1:30 p. m. on Sundays will depart at 2 p. m. in the future, beginning with next Sunday.

The steeple of the Bethany Swedish Lutheran church was painted yesterday. It was a job of no small dimensions as considerable scaffolding was necessary before the painters could risk the climb.

Mrs. Charles J. Byrns and two sons returned home from their trip to St. Paul and Rock Island yesterday morning. Charlie will be home Sunday, he having concluded to visit awhile longer in the latter city.

A very pleasant reception was tendered Mr. and Mrs. W. Frank Deal at the residence of Mr. and Mrs. William Noal in the New York location Wednesday evening. A large assemblage of friends gathered to greet the young couple.

John Nichols and Miss Clara Gill will be united in marriage at the residence of the bride's parents, Mr. and Mrs. Chapman on Jasper street, next Monday evening by the Rev. Stephen Polkby-horn. A reception will follow the ceremony.

Needham Bros. have installed a new steam shirt and collar press in their up-to-date laundry. This is a contrivance which is seldom seen except in the largest laundries of the metropolitan centers and is a step in advance of anything in this section.

William Leininger has made a number of improvements in his recently established and undertaking establishment and he says that more are coming. The old office has been torn out and racks removed so that much more light gets to the rear of the store than formerly.

Slow Healing SORES

With rich, pure, strong blood one is never troubled with sores or ulcers. A cut or any injury to the flesh heals in a few days, nature supplying the healing balm in the form of healthy, new blood; but when the circulation is tainted with poisonous germs, humors or any effete matter, a slight scratch or abrasion of the skin becomes a festering sore, tiny pimples grow to be boils, swollen joints and inflamed glands often break out into offensive, slow healing sores. A polluted blood is always a menace to health; not only does it keep the skin in a chronic state of inflammation, but every organ and fibre of the body suffers from an impure and sluggish circulation. You never feel well, you are not and never can be well until the system is relieved of its terrible load of impurities. With the blood so contaminated, so deeply poisoned, ulcers, boils and sores of every kind are apt to become chronic and often develop into Cancer.

Sores and ulcers are most often caused by poverty of the blood and a weak and slow circulation, brought on by long continued sickness, malarial poisoning, torpid liver, the use of mercury, or whatever is calculated to destroy the vitality of the blood and break down the constitution. These old chronic sores last sometimes for years, eating into the flesh, muscles, tissues, and even down into the bones, and are such a tax upon the system that it is hard for the patient to recuperate, and a simple malady often proves fatal.

Nothing so quickly or surely restores lost strength and vitality to the blood as S. S. S. It is an antidote for the severest forms of Blood Poison, as well as the irritating humors that cause the eruptions and sores that sap your very life and so greatly disfigure you. S. S. S. is the only guaranteed purely vegetable blood purifier. It contains no mercury, potash, arsenic or other hurtful drug. It cleanses the blood and purifies the circulation, thus ridding the system of the impurities that keep the sores feverish and painful. At the same time your general health improves under the tonic effects of S. S. S., and the skin becomes soft, smooth and healthy. If you are troubled with boils, carbuncles, sores or eruptions of any sort, write our physicians all about your case; don't risk your own judgment when you can get medical advice from experienced doctors free. Book on Blood and Skin Diseases to all who desire it.

I became afflicted with a severe sore leg and from the knee to the foot was one solid sore, which was very offensive. I spent over \$1,000 on two trips to Hot Springs, and local physicians treated me to no purpose. I had about decided to have my leg amputated, when a friend induced me to try S. S. S. I began to take your medicine, and in the short space of seven months it has completely and thoroughly cured me. My leg is a witness today as to what S. S. S. will do when taken regularly. The sore has healed entirely and my health has improved wonderfully. I have already gained 20 pounds.
