THERE IS NO USE ARGUING

WITH a stubborn man. So if you're one of that sort don't read any further.

We talk and talk about the merits of clothing bearing this label, year in and year out, and why? We have other makes to sell as well; why push Stein-Bloch clothes so persistently, larger profits? No; smaller. But every time we put a

Stein-Bloch Suit or Top Coat

on a man IT FITS; IT WEARS to his entire satisfaction; IT PLEASURES HIM; and he remains our customer always. Time is saved in the selling, and time is money in a busy store; relations between us and the customer are pleasanter and that creates a cheerful atmosphere in our shop. "Now, will you be good" and try one of the

SUITS, . . . \$15.00 to \$25.00
TOP COATS, . . . \$15.00 to \$25.00
And your money back for the asking.

YALE IS THE VICTOR.

HARVARD LOSES 'VARSITY BOAT RACE BY TWO LENGTHS.

CONTEST A SPECTACULAR ONE.

RESULT IN DOUBT UNTIL THE LAST QUARTER MILE.

Crews Take Turns in Leading, Never Far Apart, but the Cambridge Men Lack the Endurance—Other Races a Standoff.

New London, Conn., June 27.—Yale won the 'Varsity race with Harvard today by less than two lengths in the last 100 yards of the four-mile struggle.

It was one of the most beautiful contests between the crews of two universities ever seen on the river. From the sound of the referee's pistol until the finish it was anybody's race.

Harvard got the better of the start and was slightly ahead in the first mile. Then Yale pulled to the front. Harvard spurred, and the boats were even. Then the crimson shell was a bit ahead, and at the three-mile mark it seemed as if Harvard would be victorious; but the awful pace was telling on the Cambridge boat. Yale came up alongside again, and down the long line between the rows of yachts that flanked the line it was absolutely an even thing.

Two Oarsmen in Distress. In the last quarter of a mile Yale hit up the stroke again, and a hundred yards from the finish the nose of the New Haven boat poked perceptibly to the front. Harvard was unable to respond again to the frantic call of her coxswain, and the blue was the winner. The official time was: Yale, 23:37; Harvard, 23:45.

The race was a hard one for Harvard to lose and a magnificent one for the winners. The end found Goodell, bowman in the Harvard shell, in distress. In the Yale shell Cameron, too, was in distress but was able to help himself to the Yale launch. The other oarsmen were all strong and in good condition. The time for the race was unusually slow, probably because of the unexpectedly low stroke and the cross wind.

Waited on the Wind and Tide. The event of the day was delayed until the wind and tide conditions were favorable. At 7:14 o'clock p. m., both boats were in position and receiving instructions from the referee. Yale had the east course, while Harvard occupied the west.

The pistol was fired at 7:15. It was a start almost on even terms, Harvard possibly having a slight advantage. For three lengths it was stroke for stroke at thirty-six to a minute. Yale then dropped to thirty-five, while Harvard went down to thirty-four.

Before ten lengths had been traveled it was evident that the race was to be a good one. The water was smooth despite a light southwest breeze. At the half mile it was Harvard's turn to row margin. Yale, too, was rowing magnificently, but at this stage of the race did not display the dash of the Harvard men. At the mile, however, the Yale spirit began to show itself and a little more "go" appeared in the New Haven crew.

Gains Slowly but Surely. Slowly but surely Yale gained, and in the next half mile cut Harvard's lead down to a scant half length. Both crews were rowing like clockwork and there was every indication each eight was able to stay out the entire four miles.

Passing the mile and a half Yale lowered her stroke, Harvard followed and for the rest of the race, with the exception of occasional spurts, the crews hardly varied from thirty to thirty-one. When the two mile flags were passed Yale was leading by a very narrow margin, but at the two and a half mile Harvard led by two-fifths of a second. The shells entered the finishing mile with beautiful water conditions between the long line of yachts, and it remained for the six mile to afford the most spectacular contest seen on the Thames for many years. Harvard was still in the van, but Yale was clinging close.

At the three and a half flags, the Yale stroke increased and the shell tore along in a style maddening for the Harvard supporters. From this point Yale was never headed, the crew's endurance gaining the victory by a scant two lengths.

Yale Freshmen, Harvard's Four, Win. The freshmen and the four-oar contest, preceded the big event. The Yale freshmen took the lead at the start and were never headed, crossing the line four and a half lengths ahead. Time: Yale, 10:27 4-5; Harvard, 10:48.

There never was a doubt as to the superiority of the Harvard quartet in the following event. The crimson oarsmen took the lead at the crack of the pistol and proceeded to make a walkway of it. Rowing a stroke of thirty-two, Harvard gained so rapidly that the race became uninteresting save for the beautiful work of Harvard, who crossed the line in 11:49 1-5, six lengths ahead of Yale. Yale's time was 12:09 1-5.

ELECTION RIOTS IN CHILE.

Valparaiso, June 27.—Serious election riots have occurred here and at Concepcion and Antofagasta. At the latter port the police last night fired into a procession, killing three men and wounding several others. The prefect of police of Antofagasta has been imprisoned and the populace threaten to lynch him.

FOUNDER OF DAWSON CITY.

Joseph Ladue a Victim of Consumption at His Home in New York.

Plattsburgh, N. Y., June 27.—Joseph Ladue, founder of Dawson City, in the Klondike, died from tuberculosis late last night at his home at Schuyler Falls.

BOERS ATTACK A TOWN.

Retreat After Fighting All Day on Approach of British Reinforcements.

Richmond, Cape Colony, June 27.—A large force of Boers attacked Richmond on the 25th. The fighting lasted all day, the Boers retiring on the approach of British reinforcements.

EPOCH IN MEXICO'S HISTORY.

Austria-Hungary Resumes Diplomatic Relations After 34 Years. Vienna, June 27.—Count Gerlachstein has been appointed Austro-Hungarian minister to Mexico. Diplomatic relations are thus re-established for the first time since Maximilian was shot in 1867.

FIVE YEARS FOR BARKER.

Man Convicted of Shooting Rev. John Keller Is Sentenced.

Jersey City, June 27.—Thomas G. Barker, convicted last week of a felonious assault upon Rev. John Keller of Arlington, was today sentenced to five years' imprisonment in the penitentiary.

MARQUETTE WINS AT WHIST.

Ispheming Takes the Woman's Trophy and Negaunee the Pair Contest.

Sault Ste. Marie, Mich., June 27.—At the whist association meeting today, the Marquette team won. Ispheming won the woman's association trophy and Negaunee the Soo trophy in the pair contest.

DOCTOR AT POPE'S BEDSIDE.

Alarming Reports Regarding the Pontiff Again in Circulation.

Paris, June 27.—A dispatch to the Petit Bleu from Rome announces the pope to be seriously ill and says that Dr. Laponi, the attending physician, does not leave the pontiff's bedside. The Vatican officials are stated to be anxious concerning the pope's health.

NEBRASKA TREASURER ATTACKED

Knocked Senseless and Robbed and the Court House Set on Fire.

Minden, Neb., June 27.—County Treasurer Northin was assaulted in his office at the court house this evening by an unknown person who knocked him senseless, then rifled his pockets and money drawers, and afterward set the building on fire. The fire department extinguished the blaze.

CORONATION IN JUNE NEXT.

King Edward to Dispense With the Champion and Other Ancient Usages.

London, June 27.—A proclamation by King Edward issued today announces that his coronation will take place on a day not yet determined in June next and that the ceremonies shall include only such as are traditionally solemnized in Westminster Abbey. This officially excludes the king's champion and numerous ancient usages in connection with the procession.

TRAPPED BY DECOY LETTER.

Railway Postal Clerk Jailed at Chicago for Systematic Thefts.

Chicago, June 27.—Harrison W. Martin, a railway postal clerk, was arrested tonight on suspicion of having been implicated in a series of mail thefts which have baffled the postal inspectors for several months. During this time the railway mails westbound have been robbed systematically of packages and letters. Martin was trapped by a decoy letter.

REPUBLICANS REBEL

"INDEPENDENTS" AT PHILADELPHIA DECLARE WAR.

NAME AN OPPOSITION CANDIDATE.

FIVE THOUSAND PRESENT AT THE MASS MEETING.

Leaders, Including Postmaster General Smith, Bitter in Their Denunciation of the Quay Machine, City as Well as State.

Philadelphia, June 27.—What promises to be a fierce local political war was inaugurated at the Academy of Music tonight when 5,000 citizens in town meeting nominated District Attorney B. F. Rothman, Jr., to be a candidate for the office of district attorney against the candidacy of John Weaver, who was nominated for that office last week by the Republican organization.

Jobbery in Franchises Scored. The speakers of the evening severely arraigned the present city administration and the state officials. A telegram from Postmaster General Smith was read and enthusiastically cheered. It was as follows: "Can you use my name as a vice president? It is time for a new declaration of independence. Philadelphia ought to rise in her might against the jobbery in her public rights and the ravishing of her sacred safeguards of law."

The principal speech of the evening was that of Colonel A. K. McClure, the retired editor of the Philadelphia Times, whose arraignment of the whole Republican organization, both city and state, was extremely severe. Addresses were also made by ex-Postmaster John Field, Rev. Dr. Henry C. McCook and others.

STABBED BY CAR CONDUCTOR.

Georgia Official Seriously Wounded in Quarrel Over Transportation.

Marietta, Ga., June 27.—Hon. T. C. Crenshaw, president of the Georgia railroad commission, was stabbed and seriously wounded by Pullman Car Conductor Kirkland on a train which left Atlanta this evening in an altercation over transportation.

Bloodshed on Train in Ohio.

Limona, O., June 27.—A panic was caused on the eastbound train near here tonight. John S. C. McHenry and Roscoe Barnett, from Arcadia, Ind., became involved in a quarrel during which Barnett stabbed McHenry five times in the neck, wounding him seriously. Much excitement occurred and several women fainted. Barnett escaped.

Servers His Wife's Throat.

McKinney, Tex., June 27.—Rev. J. Long, colored, while walking along the principal street today with his wife, deliberately cut her throat from ear to ear with a pocket knife, nearly severing her head from her body. Long was released from an asylum a few months ago.

HERO'S DEATH FOR TWO.

Attempted Rescue Fatal in a Brace of Drowning Tragedies.

Waterloo, Neb., June 27.—Lee Setzer, aged seventeen, was drowned today while bathing in a small lake near here. His small brother, seeing the youth struggling in deep water, gave the alarm. Walter Evans, aged thirty-two, heard the boy's cries and ran almost half a mile to the rescue. He plunged headlong into the water, was seized with cramps and was drowned. Both bodies were recovered.

Des Moines, Ia., June 27.—Jesse Vansole and his brother John, aged twenty-six and eleven, respectively, were drowned near Ames today. The smaller boy got beyond his depth and the older one tried to rescue him.

Gives His Life for Another.

Knoxville, Tenn., June 27.—Samuel Logan, son of Judge S. T. Logan, was drowned in the Tennessee river this evening after rescuing Miss H. L. Guion of New Orleans from the same fate.

Bowling Green, O., June 27.—Don Harneid, Jos. Lafarre and Grover Ganphos, three young men, were drowned last night in the Maumee river near Perrysburg while bathing.

FELL EIGHTY FEET.

Four Men Killed and Two Hurt in Buffalo Grain Elevator.

Buffalo, June 27.—As a result of the breaking of a temporary platform built on a scaffolding bridging the top of a monstrous tank in the Eastern elevator this afternoon, six men fell a distance of eighty feet. Four were killed and two injured, one of whom will die. The dead were: John Keefe, Jr.; W. Krause, Greenville, O.; John Carbett, Jr.; Hartford, Conn.; Pietro Krottinger, Fremont, O. The injured are James Carl, fractured skull; Wm. Edwards.

\$100,000 Fire Fatal to One.

Buffalo, June 27.—One life was lost several men more or less seriously burned and property valued at \$100,000 destroyed by a fire which totally consumed the westbound freight house of the Lehigh Valley railroad at Tift farm this afternoon. Some of the 200 laborers at work were forced to jump from windows into Blackwell canal. All were rescued excepting Pietro Zaio, an Italian laborer. The steamer Hennepin caught fire and was badly damaged.

TORRID SPELL STILL LINGERS.

Many Sections Sweeter Under Old Sol's Rays, in Wisconsin Especially.

Milwaukee, June 27.—The heat records were again broken at several points in Wisconsin today.

In Milwaukee, 96 was the highest point reached. One prostration was reported. Several factories suspended work on account of the heat.

Marquette reports twenty prostrations and a suspension of work in the lumber yards.

At Grand Rapids, business was at a standstill. The thermometer showed 115 degrees.

Kaukauna, Hancock and Peshtigo reported similar conditions. At Peshtigo, there were five prostrations, one—that of Charles Wenzel—resulting fatally.

Pittsburg, June 27.—The extreme heat continued today, the thermometer reaching 98. Four deaths resulted, also fifteen prostrations, two of which are fatal.

New York, June 27.—Four deaths and a score of prostrations from the heat were reported today.

PRIZE MONEY FOR JACK TARS.

Equity Court Decision Provides for the Distribution of \$800,000.

Washington, June 27.—Justice Bradley, of the equity court, today decided the Manila bay and Santiago prize cases. The decision is in favor of the claimants as to the vessels captured and as to the property taken from the vessels so captured, but is against them as to property captured ashore.

The decision holds that the vessels sunk and afterward raised were captured, not destroyed; that property captured ashore is not subject to prize; that property taken from vessels sunk and not claimed as prizes and for which bounty is given is a prize; that the cargoes and all floating derricks that were captured at Manila are not prizes.

According to the claims the claimants in the Manila case receive a total of \$288,000, divided among about 2,000 persons; the claimants in the Santiago case get \$500,000, distributed among about 3,000 persons. These figures, however, are not final.

COAL TAX BILL PASSES.

Commons Adopts It by a Majority of Eighty-Six Votes.

London, Friday, June 28.—After a prolonged debate and considerable disorder, the house of commons in committee, at 2 o'clock this morning adopted the coal tax bill by a majority of eighty-six.

An unseemly scene occurred when the Irish members accused the chairman of the committee of partisanship in failing to secure a proper hearing for the opponents of the tax.

A. J. Balfour, first lord of the treasury, during the session informed a deputation of Unionist members that the government had decided to drop the educational bill, owing to the congested state of public business, but that he would reintroduce the bill early next year.

AUTO MAKES GOOD TIME.

Nearly 300 Miles in 7 Hours the First Day's Record in French Contest.

Paris, June 27.—In the automobile race between Paris and Berlin, which started at 3:30 o'clock this morning from the village of Champaigny, M. Fournier arrived at Aix-La-Chapelle, Germany, at 2:30 p. m. ahead of all. This place is the end of the first day's run, and is 285 miles from the starting point.

Later—M. Fournier averaged forty-five miles an hour, exclusive of stops. A fire on Foxhall Keene's car burst while the machine was leaving Belgium. Belgium, Mr. Keene was seriously hurt, but was not thoroughly hurt.

IDLENESS THREATENS 15,000 MEN.

Conference on Sheet Iron Workers' Wage Scale Is Fruitless.

Pittsburg, June 27.—A two-day conference for a settlement of the sheet iron scale was adjourned tonight without result. No arrangement was made for another meeting and there seems little hope of a settlement before the expiration of the present scale next Monday. In the event of no settlement the organized sheet mills of the country will close down, throwing more than fifteen thousand men out of employment.

BANK DIRECTOR ARRESTED.

Entire Capital and Reserve of the Leipzig Institution Are Gone.

Leipzig, June 27.—Herr Exner, director of the Leipziger bank, which suspended Tuesday, was arrested today. Representatives of leading banks in Berlin say there is no doubt that all the stock of the bank and its reserve, amounting to sixty-three million marks, are lost. High indignation is expressed at the conduct of the bank directors and a searching investigation is being made.

LAST OF THE VOLUNTEERS.

Forty-Third Regiment at Frisco After a Fast Trip from Manila.

San Francisco, June 27.—The Forty-third regiment, the last of the volunteers to leave the Philippines, arrived here today on the transport Kilpatrick, twenty-three days from Manila.

The Forty-second infantry was mustered out of service today.

PLAGUE IN PORTUGUESE PORT.

Twelve Cases, With Four Resulting Fatally, Reported at Oporto.

Madrid, June 27.—The Correspondencia today says that twelve cases of and four deaths from the bubonic plague have occurred at Oporto, Portugal.

MARQUETTE, MICH., JUNE 28.

Bryan keeps on urging that the Republicans should make Senator Hanna their candidate for the presidency in 1904—that he is the "logical" candidate of the party.

President Schwab, of the United States Steel company, is said to be looking for about eight men for managers of manufacturing plants, to each of whom, if competent, he is willing to pay a salary of \$25,000 a year.

By the purchase, just consummated of the Shelby Tube Co., the United States Steel Corporation obtains entire control of the tube business in this country.

LET IT BE A MONUMENT. It is suggested by the Detroit Free Press that the fund being raised to erect a memorial monument in honor of the late Governor Pingree at Detroit could be better expended in providing a memorial hall in that city, which would always be at the service of the people.

THE TRIP TO AND FROM BUFFALO. The Cleveland Plain Dealer gives this information relative to the movement of the trip.

THE PAN-AMERICAN CHAMPION. One Planned by Champion People for the Fourth and it will be a Hummer.

OLD TIME CELEBRATION. One Planned by Champion People for the Fourth and it will be a Hummer.

THE TRIP TO AND FROM BUFFALO. RAIL AND STEAMSHIP LINES MAKE IT A PLEASANT ONE.

State Commission Make it Very Pleasant for the Visitors on the Grounds and Exposition Was Found to be Complete and Interesting.

THE DOGS DID NOT FIGHT. A Champion man is the owner of a very vicious fighting bull dog and for some time past he has been quite willing to match the cur for a go with any dog in the county.

A TERRIBLE EXPLOSION. "Of a gasoline stove burned a lady here frightfully," writes N. E. Palmer, of Kirkman, Ia.

CHAMPION CHIPS. Mrs. George Frei is spending a few days with relatives in Marquette.

Fred Bellard left Wednesday noon for Ypsilanti, where he will attend school the coming year.

W. J. Gill of Champion is here visiting relatives and friends. He hails from the west, having spent the past few years in Montana.

Andy Lyons, for many years a resident of Champion, is here visiting relatives and friends.

W. J. Gill of Champion was honored this week with an appointment as member of the Pingree memorial committee.

that Father Langan, who has been regarded as a man of liberal mind, and free from rancorous sectarian bigotry, should have indulged in a bitter arraignment of an institution which has been as fairly and ably conducted as the Northern Normal school has been under the management of Professor Waldo.

There has been any deliberate attempt to shake the faith of Catholic students attending the school by the faculty is not true. That Father Langan believed he had justification for his attack on the school The Mining Journal does not question, but it feels very certain that he holds that belief without good cause.

The Cleveland Plain Dealer gives this information relative to the movement of the trip.

Owing to the dullness in the grain trade at Chicago shippers at Escanaba are getting a fair supply of tonnage but there are very few vessels on the market for cargoes at Lake Superior ports.

Some chartering has been done from Michipicoten at 70 cents, which is the same as the Marquette rate. The run to the Canadian port is shorter than to Marquette and it figures better for vessels that go up light.

LET IT BE A MONUMENT. It is suggested by the Detroit Free Press that the fund being raised to erect a memorial monument in honor of the late Governor Pingree at Detroit could be better expended in providing a memorial hall in that city, which would always be at the service of the people.

THE TRIP TO AND FROM BUFFALO. RAIL AND STEAMSHIP LINES MAKE IT A PLEASANT ONE.

State Commission Make it Very Pleasant for the Visitors on the Grounds and Exposition Was Found to be Complete and Interesting.

THE DOGS DID NOT FIGHT. A Champion man is the owner of a very vicious fighting bull dog and for some time past he has been quite willing to match the cur for a go with any dog in the county.

A TERRIBLE EXPLOSION. "Of a gasoline stove burned a lady here frightfully," writes N. E. Palmer, of Kirkman, Ia.

CHAMPION CHIPS. Mrs. George Frei is spending a few days with relatives in Marquette.

Fred Bellard left Wednesday noon for Ypsilanti, where he will attend school the coming year.

W. J. Gill of Champion is here visiting relatives and friends. He hails from the west, having spent the past few years in Montana.

Andy Lyons, for many years a resident of Champion, is here visiting relatives and friends.

W. J. Gill of Champion was honored this week with an appointment as member of the Pingree memorial committee.

UPPER PENINSULA HOTELS

Time - Table. In Effect May 5, 1901.

TRAINS LEAVE MARQUETTE

For Montreal and the east and Lower Michigan daily, 6:00 A.M.

For Houghton and the copper country daily and for Mass City, Houghton and the copper country daily except Sunday, 7:00 A.M.

For Negaunee and Ishpeming daily, and for Escanaba, Marquette, Menominee, Green Bay, Milwaukee and Chicago via C. & N. W. R'y daily except Sunday, 8:10 A.M.

For Iron Mountain, Marquette, Menominee, Ashland, Duluth, Hancock, Calumet, Lake Linden, Soudan, Hurley, Ironwood, Ashland, Duluth, St. Paul, Minneapolis and all points west except Sunday. (Baggage for the copper country will not be carried on this train), 8:20 A.M.

For Detroit and the east, daily except Sunday, 1:30 P.M.

For Houghton and the copper country, daily except Sunday, 3:05 P.M.

For Chicago via Negaunee and the C. & N. W. R'y and Republic and Chicago via the C. M. & St. P. R'y, daily, 6:00 P.M.

For Michigan and intermediate stations, Sunday only, 9:45 P.M.

For Houghton, Hancock, Calumet, Hurley, Ironwood, Ashland, Duluth and the west, daily, 10:50 P.M.

TRAINS ARRIVING MARQUETTE WHICH DO NOT RUN EAST.

From Chicago and Milwaukee via C. & N. W. R'y and Negaunee daily, 8:05 A.M.

From Chicago and Milwaukee via C. M. & St. P. R'y and Republic, 10:40 A.M.

From Michigan and intermediate stations, Sunday only, 2:00 P.M.

From Chicago, Milwaukee, Green Bay and intermediate points via C. M. & St. P. R'y and Republic (through train service) and from Chicago, Milwaukee, etc., via C. & N. W. R'y, via Negaunee except Sunday, 5:30 P.M.

From Duluth, Superior, Ashland, Ironwood, Ontonagon, Houghton, the copper country and intermediate points, 7:35 P.M.

Mineral Range Railroad. Change of Time in Effect Dec. 23, 1900.

Leave Calumet, Arrive Hancock, Arrive Houghton.

SECOND CASE OF SMALL-POX.

Man at the Michigan House, Houghton the Victim—Place Quarantined.

Another case of small-pox has developed in Houghton, and as a result the Michigan House has been quarantined for the time being; yesterday the hospital was thoroughly fumigated.

The latest case of the disease was brought from Iron Mountain, the patient—a man named Hinkley—having just come from that city. He became ill at the Michigan House and Dr. Jones, who was summoned, diagnosed the malady as small-pox in an advanced stage.

When Dr. W. H. antichetta was advised he, in his capacity of county physician, ordered a quarantine established. The sick man was sent to the pest house.

The quarantine instituted over the Michigan House has been raised. There were about forty boarders and lodgers in the hotel during the time and all of these who did not possess well marked scars were vaccinated.

Complicated Case. An interesting case is on in Justice Finn's court at Hancock, it appears that Herman Stark leased a house and lot to Henry Levy, of the Hancock Lignum company, and agreed in the lease to erect a stable for the tenant.

When the structure was about completed it is claimed Mr. Stark changed his mind and proceeded to tear out the stalls in order to remodel the building into a house, dwellings being in demand in Hancock.

Mr. Levy objected to this proceeding and stopped the work. It is said that Messrs. Levy and Stark had a personal encounter on the spot and that James H. Pearce, the builder, tried to separate the combatants.

The defendant was arrested on charges of assault and battery. Messrs. Stark and Levy each pleaded their own case in court and the jury found a verdict of no cause of action.

considering Mr. Stark as being a trespasser on the premises. Stark asked the jury to also find James H. Pearce, who intervened, guilty of assault. This was a strange proceeding, as there was no complaint lodged against Pearce.

The latter, who simply tried to stop the disturbance, was fined by the request of Mr. Stark to the jury and he at once departed Stark with calling him a vile name. The trial was still in progress at this writing.

DEATH OF MRS. CAPT. KELLY. Mrs. Margaret Kelly, aged fifty-six, widow of Captain John Kelly, died at 4 o'clock yesterday morning at the old homestead on Quincy street, Hancock, after an illness of nine days with pneumonia.

Mrs. Kelly was a pioneer resident of Portage Lake, coming to Copper Harbor from Ireland forty years ago. She first resided at the old Cliff mine in Keweenaw county in the palmy days of the property.

Her husband, who was captain at the old Hancock mine, passed away twelve years ago. The deceased leaves six children, the youngest of whom is seventeen. Patrick, James, Joseph, Mary and Nora live at home and Michael is in Chicago. Funeral arrangements have not been completed.

TWO EXCURSIONS BY WATER. Copper Ingot Lodge, Brotherhood of Railroad Engineers, of Hancock, will give an excursion to Ontonagon Sunday, July 21. The proceeds will go to the widow and orphan fund of the lodge.

It will be the first excursion in the history of the organization. The fourth annual excursion of the Shamrock club of Dollar Bay to the Portage Lake ship canal will take place July 14. Croze's pleasure barge has been secured for the event. The barge will touch at Houghton and Hancock.

NEW CATHOLIC SCHOOL. The Sacred Heart congregation of Laurium has decided to erect a new high-school building. The present quarters are not sufficient to accommodate the large number of children attending. The new structure will be a frame building, with the basement of Portage Entry sandstone, and will be erected adjoining the present school building on Lake Linden avenue. The new building will cost about \$9,000.

REAL ESTATE TRANSFERS. Recent transfers in Houghton real estate have been made as follows: Joseph Haas to Mrs. Mary E. Sheldon, a parcel of land in the west portion of Haas' Park, adjoining Benjamin Barry's property. Consideration, \$8,900.

Mrs. Joseph Hennes to J. H. Rice, Lot No. 1 of Block 21 of the old Hennes homestead. Consideration, \$7,500.

Recuperation—There is not so much in the ordinary vacation as there is in a single bottle of Hood's Sarsaparilla, which refreshes the tired blood, sharpens the dulled appetite, restores the lost courage. Take Hood's Sarsaparilla this summer.

A woman in Idaho got a divorce from her husband because he would not take her to the Paris Exposition. He testified in court that he was afraid of water and that he was afraid to get into a bath tub even, he got so seasick. That man has indignation just as a good many others we know and should take Dr. Caldwell's Syrup Pepsin. Get it at The Stafford Drug Co.

A KANSAS MINISTER. Rev. L. S. Coulton, of Circleville, W. Va., says: "Dr. Warner—Your White Wine of Tar Syrup has been in my family and found to be all and even more than you claim for it. It is a speedy cure for all throat and lung diseases." The Stafford Drug Co.

It pays to get the "best." Heppner's pure ice cream. Heppner, Marquette.

Aside from the serious inconvenience and pain caused by piles, there is a tendency to fistula and to cancer in the rectal regions. Piles should not be allowed to run on unchecked. TABLET'S BUCKEYE PILE OINTMENT is an infallible remedy. Price, 50 cts. a bottle, tubes 75 cts. Stafford Drug Co.

ECZEMA—NO CURE NO PAY. Your druggist will refund your money if Boro-Carbol Salve fails to cure Eczema, Tetter, Old Sores, Piles or any itching skin disease, no matter of how long standing. One application gives ease and rest. Price 25 cts. per box.

HANCOCK PROGRAM DRAFTED.

Splendid Array of Attractions for the Celebration and Carnival.

The committee in charge of Hancock's celebration are doing all the bustling that hot weather will permit. Nothing will be left undone to give visitors one of the "greatest free shows on earth."

The executive committee held a long conference Wednesday evening and went over the situation thoroughly. While other attractions will be added later, the following, in the main, was the program outlined: National salute at sunrise on the Fourth; blowing of every steam whistle and ringing of all bells in town at 8 o'clock; grand Calithumpian parade at 9 o'clock.

In this latter feature, business houses are asked to participate with floats. Names should be handed to W. Frank James, C. A. Wright, Jr. or John Condon in order to secure a place. Public exercises will be held at the city park at 10 o'clock, with Hon. George C. Bentley as orator of the day. Fine platform shows, free to all, will exhibit during the afternoon and evening.

The day will close with a fine display of fireworks. Friday afternoon the sporting events will take place. They will include boys' sports, bicycle races, bag races, etc., with horse races at the driving park. In addition, five continuous vaudeville shows will amuse the multitude from stands on Quincy street.

A grand illuminated naval parade will take place on Portage Lake in the evening. The vaudeville shows will be the feature Saturday night, shows under canvas will also be in progress.

Saturday night Houghtonites will be formally received. Two bands will be in attendance throughout the three days and at times the number will be increased to three. The Quincy, Arcadian and Portage Lake Concert bands will furnish the music.

Excursions will be run every evening from Lake Linden and Calumet to the Mineral Range system, while the street railway will give special service from Laurium and Red Jacket. The Copper Range road will also bring excursions from Ontonagon county and intermediate points.

COPPERDOM'S FIRST STUNKROCK. It is said that the death of Paul Schumacher from stinkrock at the Atlantic mine Wednesday was the first case of the kind in the history of the copper country.

The funeral services will take place at the home in West Hancock at 2 o'clock this afternoon. Rev. Hess, pastor of the Reformed German Lutheran church at Lake Linden, officiating, with burial at Lakeside cemetery. Mrs. Schumacher, widow of the deceased, who was visiting in Marquette, arrived in Hancock at 11 o'clock yesterday morning.

The extreme heat of Wednesday yesterday William Keene, a helper to the masons working on the new Schroeder-Nelson building in Calumet. Keene laid on the ground by the side of the building a couple of hours before he was discovered and taken home. Men working on the building had to knock off during the afternoon.

FORCE ALL DULUTH MEN. Hugo & Tims are making splendid progress on their government contract near Houghton, Mich. They are doing a portion of the reclamation work on the Portage Lake ship canal. The \$250,000 contract must be finished by Nov. 15 and the prospects are that it will be safely accomplished.

At present 100 men are employed, all of whom are from West Duluth. To that material extent, Hugo & Tims are standing up for Duluth. Frank Tims spends all his time on the work and Mr. Hugo pays occasional visits in connection with looking after the Duluth office. Porter Bros. of Duluth have a contract close by and are progressing finely with it.—Duluth News-Tribune.

MENTALLY UNBALANCED. The mind of Joseph Nightengale is evidently unbalanced. He attempted to burn the "shack" he was living in on Pine street, Calumet. Following this incident he refused to permit a doctor to enter the house to treat a little daughter, who is ill with pneumonia. The officers took the matter in charge and had their hands full to restrain the misguided man. It was found necessary to take Nightengale to the lockup. The family are said to be in destitute circumstances and that the husband and father has not worked for a long time.

A GOOD THING. German Syrup is the special prescription of Dr. A. Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which is rapidly increasing sale every season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cts. Get Green's Prize Almanac. The Stafford Drug Co.

NINE MILLION POUNDS YEARLY.

That the Expected Isle Royale Product With Three Stamps.

The expectation of the Isle Royale people, states the Boston News Bureau, is that with three heads of stamps the company will produce above 9,000,000 pounds of copper per annum from rock averaging 1 per cent. It would be easy to make the rock run higher in percentage of value, but it is considered better mining to make less selection in stopping ground and take out the mineral ground more in bulk.

When this ground was formerly worked by tributors and others, rock going 2 1/2 per cent was selected, as 1 per cent rock was not then profitable. Such, however, has been the development at Lake Superior of recent years that 1 per cent rock will now pay better than 2 1/2 per cent formerly paid. This explains in a large measure the reduced percentages of Lake Superior mines—the working of lower grade rock, as the additional cost of milling rock is but trifling.

Within the past three years the capacity of crushing stamps has been increased from 250 tons of rock per day to 530 tons of rock with but very slight changes and no more power used and no increased expense. What was discovered to be the case at Montana was also recently discovered to be true at Lake Superior, too much force was expended to produce the copper. At Montana the great trouble in the early smelting operations at Great Falls was the production of too much heat. At Lake Superior, until within three years, just double the amount of energy required has been expended in crushing the rock at the stamp mills. Now that the same power crushes twice as much rock, what was formerly discarded is now stamped.

The changes that have taken place the last few years in this respect are well illustrated on Osceola lake, which in 1893 produced at the old Osceola mine twenty-eight pounds of copper to the ton of rock stamped. Today it is probably not producing twenty pounds of copper, or 1 per cent, and yet the vein is on the whole richer and wider.

Copper Gossip. The Adventure will soon have another carload of mass copper to send to the smelters.

A dock a fifth of a mile long is being built by the Mass company at the stamp mill site on Keweenaw bay, Lake Superior.

Charles Hayden, of Hayden, Stone & Co., Boston brokers, yesterday wired J. A. Fuller, of the Hancock stock exchange, "I would buy Adventure." Copper Range and Adventure look very strong and there is good buying of both.

It is officially admitted at Boston that the plan of the South avenue merger has been perfected and that all that remains to be done is the closing up of certain minor details, such as the name of the new company. The "Copper Range Consolidated" is one of the titles suggested.

No. 3 conglomerate, the same that underlies the Baltic lode at the Baltic, Tri-mountain and Champion mines, has been located by diamond drill at the Wyandot property. It is expected that the Baltic lode will be found within a brief period. The combined operations of the Wyandot Winona and Elm River are thoroughly exploring the entire mineral belt in their section.

The following bit of news, from the Boston News Bureau of Tuesday, will be pleasing to Old Dominion stockholders: "Old Dominion is approaching the end of its troubles. Recent expert examination of the property has been made and the result will be reflected in some changes in the method of treating the ore, by which it is hoped to save the 2 1/2 per cent. copper now passing into the slag without waiting for the incoming of the sulphide ores. A director of the company says that the refractory ores of this company will soon be treated by a process which will make it immaterial whether or not sulphide ores are discovered in bulk in the property. The mine never before looked so well as today."

COPPERDOM BREVITIES. The copper country branch office of The Mining Journal is located in Room 3, second floor of the Dea Postoffice building, Houghton. All having business with the paper are cordially invited to call. Telephone No. 376.

A fine breeze yesterday tempered the extreme heat at Portage Lake. Al. H. Bohrer is ensconced behind the counter as pharmacist at Scott's drug store.

Last evening Miss Minnie Allan and William Weir were married at the home of the bride's parents, Mr. and Mrs. John Allan of Calumet.

Rails for the electric line are being laid on Lake Linden avenue, Laurium. One track will be down in the thoroughfare by Saturday night.

H. T. Halton and Ross Jillette were given the rank of knight in the Castle hall of Hancock lodge, Knights of Pythians, Wednesday evening.

The little German band which appeared in Hancock a couple of weeks ago on its annual tour of lake towns, is still tooting their horns in copperdom.

Rochm & Richards' coal dock extension at the head of Torch lake is nearly completed. The new addition is 100 feet in length and is built on to the south end.

Mrs. Frank Barrie will soon move to Topeka, Kas., where her husband is employed as operator in the office of the general manager of the Santa Fe system.

John Kennedy and Miss Matilda Dorsey of Hancock were joined in wedlock by Justice Finn Wednesday evening. The groom is a foreman on the street railway.

A rock rolling down the mill at North Tamarack broke the leg of John Sterk, an employe, Wednesday morning. The patient is doing well at the Tamarack hospital.

Joseph Davey, an employe of the Wisconsin Bridge & Iron company working on the Redbridge contracts, is at St. Joseph's hospital, Hancock, ill with typhoid fever.

The copper country has sent large delegations to the eighth annual session of the Grand Temple of Honor and Temperance, which meets at Ironwood today and tomorrow. Several of the grand

lodge officers who reside in Houghton county left for Ironwood yesterday morning in advance of the regular delegations.

Twenty-five boys and a like number of girls are preparing for an interesting event at St. Patrick's church, Hancock, Sunday morning, when they will receive first communion at early mass at 8 o'clock.

Captain William Wearne, of the North Tamarack, arrived from Cornwall, England, Wednesday. The old home did not seem as inviting to him as expected and he was glad to get back to the copper country.

Lake Linden firemen have decided to send a running team to the firemen's tournament at Crystal Falls. A meeting will be held this evening to organize the team. The first practice will be held Saturday afternoon.

S. A. Davis of St. Paul, superintendent of the Western Express company, is visiting the Lake Superior region during the heated term and dropped in at Portage Lake yesterday to visit the local agents, Messrs. Cox and McIntosh.

Contention over the street grades at Laurium has ended. The common council and street railroad authorities held a long conference Wednesday while the sun was boiling hot and settled all their difficulties. The village will dig the sub-grade for the tract on Lake Linden avenue and the electric line will pay for the work. By this means the municipal authorities will establish the correct grade. The railroad company was putting its rails four inches below the grade established by City Engineer Farrington. The railway company will build and keep in repair the space between its tracks and eighteen inches on each side.

DIDN'T MARRY FOR MONEY. The Boston man, who lately married a sickly rich young woman, is happy now, for he got Dr. King's New Life Pills, which restored her to perfect health. Infallible for Jaundice, Biliousness, Malaria, Fever and Ague and all Liver and Stomach troubles. Gentle but effective. Only 25c. at Stafford's drug store.

Heppner's pure ice cream. Motto: "The best never too good for our customers." Heppner, Y rquette. (5-1-1f)

JURY CONTACTS HER

GUILTY THE VERDICT IN THE JESSIE MORRISON CASE.

MANSLAUGHTER IN SECOND DEGREE.

PENALTY NOT MORE THAN FIVE YEARS OR LESS THAN THREE.

Deliberation of Thirty Hours Necessary Before the Jurors Agree, One Holding Out for Acquittal—Notice of Appeal is Made.

Eldorado, Kas., June 27.—Jessie Morrison was found guilty of manslaughter in the second degree late this afternoon for the murder of Mrs. Olin Castle. The penalty is not more than five years or less than three years in the penitentiary. Miss Morrison's lawyers immediately filed notice of appeal. The prisoner was taken to her old cell and locked up. The jury wrangled for nearly thirty hours over the verdict. It is said one juror held out obstinately for acquittal. Last night while the jury was deliberating the Eldorado band gave a concert in the city park near the court house and Olin Castle, husband of the murdered woman, and Jessie's brother played instruments side by side.

CROPS SUFFER.

Hail and Wind Storm Does Havoc in North Dakota County.

Jamestown, N. D., June 27.—Reports slowly coming in from different parts of Stutsman county indicate that the damage done to Jamestown property is but a small fraction of the total damage done to property in the county by Monday's hail, rain and wind storm. It is estimated that \$75,000 worth of property was destroyed by the wind and hail and an equal amount of damage was done to crops. As far as reported, no lives were lost but there were many narrow escapes. A strip through the county about five miles wide and forty long was swept by the hail storm.

Havoc in Pennsylvania.

Connellsville, Pa., June 27.—This section was visited today by a terrific storm lasting four hours. The Baltimore and Ohio short line between Leisnering and Olmsted crossing was completely washed out. Many cattle were killed in the farming district, while telephonic communication was destroyed in all directions. A huge washout at Mile run, just below West Newton, has completely tied up the Baltimore and Ohio railroad. In addition, the railroad was cut at the same place has been washed away by the torrent of water that rushed down Mile run.

RELIEF FOR FLOOD SUFFERERS.

Train Success in Reaching Elkhorn—Thirty-Five More Bodies Found.

Bluefield, W. Va., June 27.—The railroad and wire situation tonight is in good condition considering the second washout of last night. The laborers, numbering three thousand, have repaired all washouts for temporary use as far as Vivian. A relief train has reached Elkhorn and supplies are being furnished to the needy. The bodies of thirty-five dead were found today.

No Fatalities in Last Storm.

Roanoke, June 27.—The flood of last night at Peachontas did not cause any loss of life as far as known. The water was three feet deep in some sections of the town. The most damage was to the railroad tracks. It was a heavy down-pour, but no cloudburst.

The storm in Tazewell county seems to have been worse than at first thought. Each day brings meagre details of the calamity which has befallen that community. Dry Fork, which had been entirely cut off from outside communication since Saturday up to this time, has added three more victims to the death list. Searching parties are dragging the river, and other victims may yet be found.

LITTLE FEVER IN CUBA.

Practically No "Yellow Jack" for First Time in Centuries.

Washington, June 27.—Reports received by Dr. Wyman, surgeon-general of the marine hospital service, from members of the medical staff scattered all over Cuba, show that the island is practically free from yellow fever. This, probably, is the first time that statement could be made in centuries.

Reports Dr. Wyman has at hand cover Havana, Cienfuegos, Matanzas, Nuevitas, Santiago, Guantanamo, Cardenas, Manzanillo, Puerto Padre, Gibara, Baracoa, Santa Cruz del Sur, Caibarien and other ports. The report from Dr. H. A. Glennon, in Havana, says: "There have been no cases and no deaths from yellow fever during the week ending June 4. During the month of May there were five cases, with no deaths. One of the above cases was that of a seaman removed from the steamship Matanzas on her arrival here from Tampico. Therefore, there were only four cases in the city during the month."

Dr. Wyman is considering the advisability of raising the quarantine on passengers from Cuba destined to points north of the southern boundary line. This action is read in an official telegram received today from Dr. Glennon, who says reports through the island continue to be satisfactory, and show a general absence of yellow fever.

FATAL QUARREL IN SALOON.

Joplin, Mo., June 27.—Will Moore, one of the most prominent young business men of southwest Missouri, was shot and probably fatally wounded tonight by Wilkins Taylor, son of one of the wealthiest mine owners of the city. The young men quarreled in a saloon.

PLANNING A TRADE WAR.

All Europe Preparing to Contest With America Says Mr. Vanderlip.

Washington, June 27.—"Across the water, the great governments are preparing for a trade war against America," said Frank A. Vanderlip, former assistant secretary of the treasury, who has just returned from a trip of investigation abroad. "The air is full of it. One cannot talk with the officials in Europe five minutes before the all-pervading impression is secured that Europe is jealous of America. Most of our commercial treaties expiring, then will come the trade war. I have come back a blatant American. One has only to go abroad to learn how great we are. They know more about us over there and they respect us more than we do ourselves. "While in Europe I think I met the majority of the leading financiers in both official and commercial life. They all talked in the same strain. The one power that European trade has to fear is America. They know it, and they are scheming night and day for some way in which to stop us. Goluchowski, the foreign minister of Austria, is the head of a regular propaganda which has for its object the curtailing of American trade in Europe. Of course Austria has always been unfriendly, but in this movement it has the support of the united powers. "I predict, however, that the commercial war that I foresee will be short-lived and result in a victory for America. They cannot fight our factories and our industry with old paintings and old castles. Our diplomats and consuls all know what is coming, and they are keeping close track of every move that is made. I think that the United States will be able to meet the issue successfully. "In Russia I found the most friendly feeling for America. Russia has learned the lesson of protection, and the officials there are building up a great system such as we have. They are going to tax every imported article, but I don't see how the United States can object to that very strong because Russia is simply following in our footsteps. I see no reason why we should not have another prosperous year. "Europe is in bad shape. England has been balked. In Germany the crops have failed. To a less extent the same condition rules in France. For this reason I believe that the United States will increase its trade and in this manner gain a better position from which to make the fight which is certain to follow the expiration of the treaties."

Washington, June 27.—Comptroller Daves today ordered the closing of the Seventh National bank of New York and appointed Forrest Raynor, national bank examiner, temporary receiver. Depositors to Lose Nothing. New York, June 27.—The closing of the Seventh National bank took place today after a protracted conference of the officers and directors. At the clearing house this morning the Seventh National in a debtor to the extent of \$644,000. In view of this heavy debit balance for various reasons, it was considered wise that the bank temporarily be suspended. It is reported this afternoon that the depositors will lose nothing.

STATEMENT SHOWS LIABILITIES OF OVER \$5,000,000.

Closing Due to Heavy Loans on Unmarketable Security, and Though Edw. Gould Offers Aid It is Declined Best to Reorganize. Washington, June 27.—Comptroller Daves today ordered the closing of the Seventh National bank of New York and appointed Forrest Raynor, national bank examiner, temporary receiver. Depositors to Lose Nothing. New York, June 27.—The closing of the Seventh National bank took place today after a protracted conference of the officers and directors. At the clearing house this morning the Seventh National in a debtor to the extent of \$644,000. In view of this heavy debit balance for various reasons, it was considered wise that the bank temporarily be suspended. It is reported this afternoon that the depositors will lose nothing.

Statement of the Bank's Condition.

The following statement of liabilities and resources was given out tonight at the bank. —Resources.— Loans and discounts, \$3,590,459. United States bonds to secure circulation and deposits, 550,000. Premiums, 21,477. Stocks and securities, 121,629. Banking house, 4,900. Due from banks, 455,821. Cash and exchanges, 406,044. Five per cent. United States redemption fund, 17,150. Total, \$5,165,880. —Liabilities.— Capital stock, \$5,000,000. Surplus, 150,000. Profit and loss account, 87,794. Circulation, 300,000. Deposits, 4,127,786. Total, \$5,165,880.

NEW PRESIDENT'S EXPLANATION.

William Nelson Cromwell, special counsel for the bank, gave out the following statement from President Thomas and added that he was engaged in preparing a plan for the reorganization of the affairs of the bank and that it was believed a satisfactory plan would be presented at an early date. Edward R. Thomas, president of the Seventh National bank, stated that the difficulties of the bank were due solely to the making by the previous executive officers of large advances to Messrs. Marquand & Co., and that the security thereon was of unmarketable character, although of considerable intrinsic value. "That upon the urgent application of the board, he and his associates, Edwin H. Gould, had furnished financial assistance upon adequate securities and upon assurance that the obligations of Marquand & Co., would be made good by this morning. "That the firm named had, however, failed to fulfill expectations, and while he and Mr. Gould had been decidedly directors were willing to furnish further financial aid, it was not deemed by him as just either to the depositors, stockholders or public to invite deposits and credit until the affairs of the bank again were placed upon an absolutely safe basis. "That for this purpose reasonable time was necessary, and to prevent unfair preference or advantages the board determined, with the advice of counsel, to suspend operations for the present."

THE NEW YORK EVENING JOURNAL.

A night special edition, published a statement in connection with the Seventh National bank affair as follows: "The Associated Press has issued a bulletin, which is published exclusively in the Evening Journal, to the effect that bankers were blaming the administration for neglecting to examine the Seventh National and that favoritism because of political friendship for Perry S. Heath, the dominant director, was charged. The Associated Press desires to state that it issued no such bulletin, nor carried any such report, nor anything like it, in statement or in purport."

BANK FAILURE AFFECTS STOCKS.

Prices Yield Early on Heavy Selling but Recover at the Last. New York, June 27.—There was quite a lively spilling out of stocks for a time today as a result of the suspension of the Seventh National bank, but the market at no time approached anywhere near to demoralization. The drop in prices, however, was very general and extended over 3 points in a number of the principal active stocks which had been recent favorites in speculation. St. Paul, Union Pacific and Manhattan were the severest sufferers, and Missouri Pacific and Texas & Pacific also yielded rather easily. The latter part of the day, however, witnessed a striking and general recovery, which practically wiped out the earlier losses and established considerable gains for some of the leading stocks. Union Pacific, St. Paul and Metropolitan Street Railway were the only stocks among the leaders which failed to benefit fully from the late reaction in the market. The bears were an active factor during the selling movement, and their buying to cover had considerable to do with the late rally. There was an opinion prevalent that some large financial interests were quietly taking advantage of the low level of prices to pick up stocks without making any attempt to support prices. But this opinion is hardly consistent with the gingerly manner in which prices were bid up after the selling pressure had relaxed, with a palpable disinclination to secure stocks. The market closed very dull but firm at the recovery, as follows: Paine, Webber & Co. furnishing the quotations:

GREAT WHEAT CROP.

HARVEST IN NORTHWEST WILL BREAK ALL RECORDS.

RESULT OF THE COLONIZATION.

EXTENSIVE ADDITIONS MADE TO THE GRAIN ACREAGE.

Investigation by Railroads Show Prospective Yield of Nearly 200,000,000 Bushels in Three States, Against 100,000,000 Last Year.

Chicago, Friday, June 28.—After making a careful canvass of the Northwest, and preparing conservative estimates upon the conditions found throughout the grain belt, the traffic officials of the St. Paul, Northern and Burlington Pacific, Great Northern and Burlington systems are agreed that the wheat crop in this region for 1901 will break all previous records. According to the estimates of these officials, it is claimed that the two Dakotas and Minnesota alone will harvest between 185,000,000 and 200,000,000 bushels of wheat, against 100,000,000 last year. The greatest previous yield of wheat in the three states named was in 1898, when 175,000,000 bushels were harvested. The Record-Herald, in explanation of the big increase, says: "It cannot be termed a 'bumper' crop, as the enormous increase is due largely to the fact the various railroad companies have within the last two years made extreme efforts toward colonizing the Northwest territory, and as a result extensive additions have been made to the total cultivated lands and grain acreage."

WHEAT UP, CORN DOWN.

Cables the Main Bull Factor in the Former Pit, Shorts Helping. Chicago, June 27.—In wheat today there was a fair trade, with a stronger feeling prevalent. The sentiment, however, was rather mixed. The market opened with a slight advance, and on free covering by the Southwest and several local professionals advanced 1/2c. Later on the offerings enlarged, mostly due to profit-taking, and the prices receded. The cables were the main bull factor. There was another upturn toward the close, September closing 1/2c higher, at 67 1/2c. The clearings were liberal—589,000 bushels—and the seaboard reported twenty-six boatloads. The corn trade was moderate, chiefly with the feeling weaker. The offerings were liberal. The cables were fairly steady, at Liverpool spot being 1/2d lower to 3/4 higher, with futures unchanged to 1/4 lower. The clearings were 518,000 bushels and forty-six boatloads were reported taken for shipment on the coast. Oats ruled active, easier for September. Longs in September sold and elevator interests bought July and September. The seaboard clearances were 59,000. The leading futures ranged as follows: September wheat opened at 67 1/2c; highest, 67 3/4c; lowest, 67 1/4c; close at 67 1/2c. September corn opened at 44 1/2c; highest, 45c; lowest, 44c; close at 44 1/2c. September oats opened at 26 1/2c; highest, 27c; lowest, 26c; close at 26 1/2c. Receipts and shipments were as follows: Receipts, Shipments. Flour, barrels, 3,000 21,000. Wheat, bushels, 82,000 159,000. Corn, bushels, 140,000 102,000. Oats, bushels, 134,000 276,000.

MCKINLEY AGAIN GOING WEST.

Already Planning to Finish His Trip Next Summer. Washington, June 27.—If congress does not remain here too late next summer, President McKinley will go out to the Pacific coast again, and complete the tour of the Northwest which had to be cut short on account of Mrs. McKinley's illness. He wants to see northern California, Washington, Oregon, Idaho, Montana, Wyoming and the other states of the great Northwest. He wants to see the Yellowstone National Park, which is about the only famous sight in the United States which he has not seen. Ever since the president had to abandon the rest of the itinerary arranged for this summer's trip he has been hearing from people in the cities and towns which he was not able to visit in a way that indicated their great disappointment and their great desire to have him visit them. Senators and representatives from the states affected have urged the president to do so, and, after consideration, he has determined to gratify this desire. He made the announcement to former Senator Carter of Montana, who called on him today for the purpose of requesting him to visit Montana next year. The president will invite the members of the cabinet and the ladies of their families to accompany him. He hopes by that time Mrs. McKinley's health will be entirely recovered so that she can go also. She enjoyed the trip this summer, as she is very fond of travel and it is not held responsible for her illness.

FRENCH LINERS TOO SLOW.

Government Serves Notice Faster Service is Wanted on the Atlantic. Paris, June 27.—The laurels of the Deutschland and the Lacania will not let the French Compagnie Generale Transatlantique sleep nights. In more particular terms, the French government has notified that company that it does not pay a large subsidy to it yearly for nothing and that it expects immediately to see activity in the direction of planning and constructing a powerful vessel capable of imitating the feats of the

FATAL ECONOMY.

VERY old maxim declares that it isn't economy to pick up pins; the time is worth more than the pins. Similarly it is not true economy to do without Ivory Soap; your health requires the daily removal of the bodily excretions which are discharged through the pores of the skin. These tiny mouths must be kept open, and they should be opened only with a pure soap. IVORY SOAP—99 1/2% PER CENT. PURE.

CITY BREVITIES.

Today's weather: Partly cloudy with probably local thunder showers, cooler; variable winds. Yesterday's temperature: 7 a. m., 85 degrees; noon, 77 degrees; 7 p. m., 68 degrees. Maximum, 94 degrees, minimum, 67 degrees. L. H. Kellan of Negaunee was down yesterday. James C. Wood of Ishpeming transacted business here yesterday. See Palmer's advertisement in another column if you want to keep cool. J. M. Egan left for Savannah, Ga., yesterday, after a day's visit in Marquette. John Jones, receiver at the Federal land office returned yesterday from Lansing. The St. Jean Baptiste society will hold a special meeting at Fraternity Hall Sunday morning at 11:30 o'clock. The Ladies Aid society of the Methodist church will meet this afternoon with Miss Probst, 117 East Ridge street. Harry Byrne left for Houghton, yesterday, to again enter the employ of Paine, Webber & Co., after an illness of several weeks. As the regular meeting of the Ladies' Missionary society of the Presbyterian church will be held this afternoon at 3 o'clock in the church parlors. James H. Heffernan of Chicago has arrived in the city to attend the funeral of his mother, Mrs. Mary Heffernan, to be held this morning at 9 o'clock from St. Peter's cathedral. A regular meeting of Our Lady of Victory, W. C. O. E., will be held this evening in Fraternity hall. All members are requested to be present at 7:30 sharp as the hall must be vacant by 8 o'clock. The Mudjikeewis, Jr., tender to the "old man," is being fitted with a half horse power "Superior" gas engine. F. H. Hoard is doing the work at his shop on Front street. The craft will be a great convenience for F. H. W. Bailey on his nautical wanderings. Prof. Hogue instructed his adult dancing class in Fraternity Hall last evening. Following there was a hop for which the Marquette Ideal orchestra furnished the music. A fair number of couples were in attendance and a pleasant evening was passed. These hops will be attended only by special invitation and the list has been made up carefully. The next will be held Tuesday evening. Yesterday started out as if it were going to prove even a hotter day than Wednesday. Before nine o'clock the average run of thermometers were recording ninety degrees and interested citizens were having visions of 110 degrees for the noon hours. However, as the morning progressed it became cooler and the day as a whole was much more comfortable than Wednesday, although there was little or no trouble in getting up a healthy perspiration at any stage of the game. Regarding Edward H. Frye's presentation of David Harum at Fraternity Hall, July 5th, the Frederick (Md.) News says: "It was a masterpiece of skillful and artistic work. Although it is saying a great deal, yet it is true that he was as good as Jefferson himself in some of the more pathetic passages, and had the audience more than once moved to tears, and as suddenly transforming their feelings into bursts of uncontrolled laughter." Such power to unplay the human feelings is worthy of the highest appreciation."

MARINE MATTERS.

Passed the Canal.

END OF A UNIQUE CAREER.

Joseph Pope Died at His Home Here
 Yesterday Morning at 4 O'Clock.

Despite the best medical attendance
 which could be obtained Joseph Pope
 passed away at his home on Main
 street yesterday morning at 4 o'clock.
 The immediate cause of his death was
 grangene, but there were numerous other
 complications. The end had been ex-
 pected for some days and he was sur-
 rounded by a host of warm friends when
 he breathed his last. The "Parson,"
 as he was known from one end of the
 peninsula to the other, had been ailing
 for some months. A heavy cold set in
 about two weeks ago, which developed
 into pneumonia. Other complications
 followed and for the past few days, or
 since Sunday, he had been sinking rap-
 idly and very little hope of his recovery
 was entertained. It was generally
 known about town Wednesday that he
 could not live. The tenacity with
 which he hung on to life surprised even
 the attending physicians. He had been
 delirious for some time, but at his death
 had regained consciousness and was
 able to recognize his friends. He was
 thirty-five years of age, and leaves a
 wife and three small children. Contrary
 to current report his family is left in
 fairly good circumstances.

The funeral will be held from Grace
 Episcopal church Sunday afternoon at
 2 o'clock, Rector C. D. Atwell officiating.
 The remains will be borne from the
 house to the church by the pall-bearers
 and the choir will accompany the re-
 mains singing. The interment will be
 in the local cemetery.

With the passing of Joe Pope the up-
 per peninsula loses its greatest sporting
 man. It also loses an unique char-
 acter. Joe was universally beloved by
 his countrymen. The grief they express
 is of the deepest and they one and all
 feel that they have lost an open-heart-
 ed friend, one who was ever ready to ut-
 vide his last cent with them when they
 were in distress. Whatever faults he
 may have possessed, no one can say that
 Joe Pope's heart was not in the right
 place.

He was born in Redruth, Cornwall,
 March 11, 1866, and came to this coun-
 try, settling in Republic, in May, 1885.
 He started a saloon in that town, but
 in a few months moved to Lake Antoine
 and then back to Republic. Shortly af-
 terward he engaged in the saloon busi-
 ness in Negaunee, entering into part-
 nership with James Billings of this city.
 He came to this city in 1890, still keep-
 ing up his partnership with Billings. He
 later dissolved this partnership and
 started in on his own account in the
 building formerly occupied by Tom Si-
 mons at the corner of Main and Division
 streets. About four years ago he
 moved to his present location. The
 business will be conducted as usual,
 Thomas Lynn being in charge.

Mr. Pope was married in Cornwall
 just before leaving for this country. His
 title, "Parson," was given him
 about six years ago on account of his
 connection with Parson Davis, the re-
 nowned sport. All his friends appre-
 ciated the spirit in which it was given
 and he has been mainly known by that
 title ever since.

DOING WELL AT CAPE NOME.

Bigelow Ropes Has a Good Job and Ex-
 cellent Prospects There.

Ishpeeming friends of Bigelow Ropes
 will be interested to learn of a piece of
 good fortune that recently befell him.
 A letter was received from him this
 week, which was written on May 26th,
 and left the Cape the following day via
 the first steamer to reach to coast this
 season.

"Bill" writes that he has secured a
 good job with the Pioneer Mining com-
 pany, in which a number of upper penin-
 sula gentlemen are interested, as a claim
 watcher. This company owns two very
 valuable claims on the Dexter creek and
 it is his duty to make a trip every day
 to see that they are not jumped. He is
 comfortably housed near by and has
 saved a little money after the hard win-
 ter which is now ended. He feels that
 the Alaskan country is not the worst
 place in the world to live in, and is
 thinking of going to the recently opened
 Kazrook country soon and taking up
 claims. He does not expect to come
 home this fall. Young Ropes describes
 at length the hardships which the "bust-
 ed" ones went through during the past
 winter. As everyone knows, the coun-
 try was flooded with fortune hunters
 who were entirely destitute and they
 had a miserable time of it. He states
 that they slept on the gambling tables
 in the saloons and hung around these
 resorts for the entire season. When some
 gambler would make a lucky strike they
 would beg him for a small sum and thus
 eked out a precarious existence. Now
 that the open season has come these un-
 fortunate will have a better chance,
 and many of them will work as they
 never did before to get enough to make
 the return trip in the fall. Some of
 them are mere tramps and others are
 honest men who are in hard luck. The
 letter received here contained many
 other interesting items, but space pre-
 cludes their insertion. All will be pleas-
 ed to learn that "Bill" is doing so well
 and will unite in wishing him a very
 prosperous summer.

SAVES TWO FROM DEATH.

"Our little daughter had an almost fa-
 tal attack of whooping cough and bron-
 chitis," writes Mrs. W. K. Haviland, of
 Armonk, N. Y., "but when all other
 remedies failed, we saved her life with
 Dr. King's New Discovery. Our niece,
 who had consumption in an advanced
 stage, also found this wonderful medicine
 and today she is perfectly well." Desper-
 ate throat and lung diseases yield to
 Dr. King's New Discovery as to no other
 medicine on earth. Infalible for Coughs
 and Colds. 50c and \$1.00 bottles guaran-
 teed by Stafford's. Trial bottles free.

ISHPEMING IN BRIEF.

Herman Jaedecke visited Marquette
 yesterday.

Joe Sellwood of Duluth was in the
 city yesterday.

John Muggur went to Chicago last
 evening on a business trip of a few days.

John Fish of Menominee is visiting his
 son Will of the billiard parlor, for a few
 days.

Frank Kennedy returned to his home
 in Republic after a few days stay in
 town.

Charles H. Moss went up to Houghton
 yesterday afternoon for a few days busi-
 ness trip.

Thomas Lang, formerly day clerk at the
 Nelson, was up from Marquette
 Wednesday evening.

Staff Captain and Mrs. White will con-
 duct the services at the Salvation Army
 hall tomorrow and Sunday.

Charles T. Sandberg is carrying mail
 during the absence of one of the regular
 carriers on their vacations.

John Patrick McNiff has taken a
 place as bartender for Pat Cronin and
 entered upon his duties yesterday.

The M. W. A. recently received a
 check for \$2,000 for the widow of the
 late Patrick Fitzgerald of Trout Lake.

The metropolitan Merry-makers will
 be here for three nights, commencing
 Thursday. A matinee will be given Sat-
 urday.

Mrs. Robert Shand and children of
 Ironwood arrived in the city Wednesday
 evening for a stay of a few days with
 relatives.

The ladies of Grace church will hold
 a sale of cakes, pies, etc., at H. F.
 Hoy's store tomorrow morning from 10
 until 12 o'clock.

Charles Bengstrom has returned from
 Michigan, where he went to superin-
 tend the construction of a new dry kiln
 for F. W. Read & Co.

The Metropolitan Merry-makers will
 be seen in the opera house three
 nights, commencing next Monday. Popu-
 lar prices will prevail.

The barber who recently went camp-
 ing and who tried to scare off a porcu-
 pine, rushing at him in his bare feet,
 during the night, is now on the high
 road to recovery.

Francis J. Tyler has returned from
 his eastern trip. While away he attend-
 ed the Cornell commencement and the
 Pan-American, besides spending some
 time at his home in Detroit.

N. Fleotte, father of Dr. Fleotte, and
 J. R. Forest an uncle, both of Montreal,
 recently spent a few days in the city
 with the doctor. They are now visiting
 the doctor's brother at Calumet.

Mr. and Mrs. E. C. Cooley, Mr. and
 Mrs. William Sedgwick, Mr. and Mrs. H.
 F. Heyn, Mrs. H. O. Young, Miss Bessie
 LaLonde and Winifred Cooley are at the
 "Soo" this week attending the whist
 meeting.

An adjuster from the Western Adjust-
 ment Bureau was in town yesterday
 adjusting the losses on the Dalton Pack-
 ing company's plant. The total amount
 of insurance is \$8,400 which was written
 through the following agencies: Miner's
 National Bank, \$750; Hall & Moss, \$1,
 000 and William Sedgwick, \$4,650.

An association called the Assembly
 has been formed and will give a series
 of six dances during the next two
 months. Both Negaunee and Ishpeeming
 people are well represented in it and
 the series promises to be very popular.
 Three of the dances will be held in An-
 derson's hall, two at the golf club and
 the other in Cyr's hall in Negaunee. The
 first dance will be given next Monday
 evening in Anderson's hall. Trombley's
 orchestra has been engaged to play for
 the entire series.

Yesterday was another scorching day
 and there were several prostrations re-
 ported, none of which resulted seri-
 ously. An employee of Read's
 lumber yard was overcome and had to
 be removed to his home, and two men
 from Braastad's were taken in the same
 way. Wednesday R. Jasper, employed
 in the section gang on the North-west-
 ern, was overcome while at work near
 the East New York mine. He was car-
 ried home and has been unable to work
 since. The highest degree of tempera-
 ture recorded was 97. That was the
 record at 2 o'clock at Tillson's.

REMEMBER, we are still pushing the
 work on our Miller River property, and it
 will not be allowed to drop behind on ac-
 count of our recent purchase in California.
 THIS IS WITHOUT DOUBT the greatest
 proposition ever offered for public subscrip-
 tion.

As our mill and cyanide plant are at
 present ready for operation, it has been decided
 by the board of directors to advance the
 price of stock to 15 cents per share July 20.
 We confidently expect to pay a dividend by
 Dec. 31, 1901. Since April 1st we have sold
 312 shares and placed \$8,500 on our books.
 Every shareholder in the company now
 owns an interest in both properties as well
 as the milling plant.

Our stamp mill and cyanide plant will
 be working on our own ore within 60 days.
 YOU CANNOT make a mistake if you in-
 vest with this company.

Only treasury stock for sale.

Remember, Price of Stock Advances to 15c
 Per Share July 20, 1901.

Present prices and all terms of the treas-
 ury stock:

WHY NOT

Start a Fortune Today?

\$131,000,000.00 IN DIVIDENDS

was distributed by mines and mining indus-
 tries of the United States during 1900. If
 you did not receive part of this \$131,000,000
 you are consequently expected to pay a future
 tax on the amount of the offer made by this
 company. We own 11 claims in the famous
 Miller River district, state of Washington.
 In addition to the above we have purchased
 for this company:

A mill site containing five acres.

110-stamp mill, complete.

1 cyanide plant.

1 1/2 horse power engine and boiler.

1 hydraulic pump.

1 assayer's outfit, complete.

1 large Fairbank wagon scale.

The entire plant in working order. Also
 12 claims of 20 acres each in the famous San
 Bernardino county gold district, State of
 California.

REMEMBER, we are still pushing the
 work on our Miller River property, and it
 will not be allowed to drop behind on ac-
 count of our recent purchase in California.

PROSPECTS ARE BRIGHTENING.

Firemen and Citizens Have a Good Meeting Wednesday Evening.

There was a meeting of firemen and citizens in No. 1 engine house Wednesday evening which was productive of considerable interest in the effort to secure the 1902 firemen's tournament for this city. It will be remembered that for some time the fire department has been endeavoring to awaken interest in the project, but without much success up to Wednesday night. Several meetings have been held, but none but firemen have turned out, and it was impossible to ascertain the views of a majority of the citizens of the city. A week ago a circular letter was sent to about 250 of the most prominent residents of the city and also to outsiders who would be likely to be interested in the project, asking them to either attend the meeting Wednesday evening in person or send someone instructed, with power to act, that a consensus of opinion might be obtained. It was this letter more than any other one thing that brought out the large attendance Wednesday evening. At the meeting \$1,000 was pledged for the tournament, which is a good start.

A committee composed of the following citizens was appointed to go among the merchants and others who will be likely to contribute and see what can be done: Mayor Thomas Connors, Alderman Charles Johnson, John Nesbitt, E. C. Anthony, Charles L. Sporey, Harvey Pearce, Joseph H. Winter, Frank M. Beney, George Maas and Thomas Trathen. This committee is given ten days in which to report. The railroad and mine managers will be interviewed. The Mining Journal learns from several citizens and members of the department who are actively interested in the matter that there is a good chance that the next tournament will be held here. Several are very enthusiastic over the outlook and some even go so far as to declare that the meet is assured. With the \$1,000 already in sight they think the rest of the coin will come easily, as there are several good men and concerns on the list who have not yet been interviewed.

HAVE FORMED A SWIMMING CLUB.

Negaunee boasts of the latest in things clubbish, this being a swimming club, which was formed this week with George Henzel of Ishpeming as president, John E. O'Donoghue, secretary and John McCall cashier. The club is already a large membership and nearly all of the club are now going to Second lake, on the Cliffs drive, at six every morning for their plunge. That is an ideal spot for aquatics and none of the members have yet complained of it. Early rising which is necessary in swimming is a good sport, as those who are frequenters of the lakes hereabouts well know, and there is nothing which makes a fellow feel so good on a hot day as a good plunge before breakfast. That is what the secretary says, all the club members should know for he is the organizer of the club and has been following this practice for many summers.

SEVEN YEARS IN BED.

"Will wonders ever cease?" inquire the friends of Mrs. L. Pease, of Lawrence, Kan. They knew she had been unable to leave her bed in seven years on account of kidney and liver trouble, nervous prostration and general debility; but "Three bottles of Electric Bitters enabled me to walk," she writes, "and in three months I felt like a new person." Women suffering from Headache, Backache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells will find it a priceless blessing. Try it. Satisfaction is guaranteed. Only 50c. Stafford's.

Sell Heppner's pure ice cream and make a barrel of clean money this summer. Heppner, Marquette. (5-1-f)

TRY DE BELL'S KIDNEY PILLS.

They are the only kidney medicine that positively cures all diseases arising from disordered kidneys, poor nerves and a thin watery condition of the blood such as nervous headache, dizziness, weak back, rheumatism, diabetes, scalding urine and other kidney troubles. DeBell's Kidney Pills, the great kidney remedy. Every box warranted, 25 cents per box. For sale by Stafford Drug Co.

\$50 FOR A BOTTLE OF MEDICINE.

This is to certify that my wife was for years afflicted with asthma and was so far gone that several physicians decided that her case must terminate in consumption. I was induced to try a bottle of Dr. Warner's White Wine of Tar Syrup. To our great satisfaction it gave almost immediate relief, and two bottles completely cured her. She is now well and healthy, but I would not be without the medicine if it cost fifty dollars a bottle.

LOCAL LACONICS.

Mrs. L. C. Chausse has returned from her visit with friends in Iron Mountain.

Alfred Lagergren, who was struck by lightning some days ago, is doing well.

Stanley Bartle is applying a coat of paint to his residence on Jackson street.

L. C. Chausse has commenced the work on the new engine bed for the Moore mine.

John Trudell arrived home yesterday from Buffalo, where he took in all the sights of the great fair.

Captain Samuel Mitchell and Sam junior left yesterday morning for a visit in Canada of some weeks.

Charlie Johnson and Frank Anderson came up yesterday morning from Swanzy, having found it too hot for fishing.

Fred Chipman and James Roberts have returned from their Pan-American trip laden with souvenirs for their friends.

Mrs. Lizzie Perrin, who is visiting Mr. and Mrs. Bert Dusehane for a few days, recently lost a valuable jacket which she would like very much to recover.

Barney Goodman will raft his cut of logs to Marquette next week. He has about three hundred carloads which he cut around Sands last winter. The logs will be hauled to the lake.

Mr. and Mrs. Alexander Maitland, Mrs. Al. Maitland, Mrs. Nightingale, Mr. and Mrs. J. M. Perkins, Mr. and Mrs. F. D. Davis, Mrs. Edward W. Adams, Dr. R. E. Drake, Mrs. Alvin Green and Walter Maas are at the "Soo" this week, some having gone by Wednesday's noon train and others going yesterday morning. The occasion of their visit is the whist club's meeting.

Emile Gagnon of Montreal is the newest contractor to come to this city. He has secured the contract for remodeling John Stewart's residence and also moving the barn located on that property to the front of the lot, where it will be transformed into a neat dwelling. J. O. Richards has the plumbing contract and when the work is finished Mr. Stewart will have one of the pleasantest properties in the city.

THE MODERN BEAUTY

Thrives on good food and sunshine, with plenty of exercise in the open air. Her form glows with health and her face blooms with its beauty. If her system needs the cleansing action of a laxative remedy, she uses the gentle and pleasant Syrup of Figs, made by the California Fig Syrup Co. only.

Upper Peninsula.

George Shepard, formerly of Baraga, but now shortstop on the Duluth semi-professional team, has received an offer from the Duluth Western league team to finish out the season with that club. He intimates he will accept it.

The use of fire crackers, except on the Fourth, has been restricted at Menominee. This action was taken on account of the numerous accidents reported during the past few days. It is thought that if the police keep the crackers out of the small boys' hands until Independence Day it will be possible to pull the entire population through the season of celebration safely.

The St. Paul passenger train from the north due at Iron Mountain at 11:32 a. m. did not arrive until 3 p. m. Tuesday. The delay was caused by the entire train, locomotive and four coaches, jumping the track at Sawyear's Lake between Channing and Floodwood. New steel had just been laid there and it is thought that the rails were not lightened as they should be, or that the rails spread.

The Wallace circus made a good haul at Menominee Tuesday, it being said that the receipts for the two performances aggregated \$8,000. Some 10,000 people saw the show, the tent being crowded at each performance. When the circus reached Menominee it was short of provisions and it was compelled to restock its larder liberally. Nine tons of feed, 320 pounds of bread and several thousand pounds of meat were purchased. The managers spent about \$800 at Menominee.

The board of supervisors of Alger county this week passed a resolution submitting to a vote of the people the proposition for bonding the county for \$350,000, for the purpose of constructing new county buildings at Marquette. The removal of the county offices from Au Train to Marquette must take place before the 18th of April next, as the law provides that a county seat removal must take place within one year after the board of supervisors has canvassed and declared the result of the vote. If such vote is in favor of such removal. The special election on the bonding proposition will be held August 1.

LaBranche Bros., the sawmill operators of Faunus, it is reported, have closed a deal for the purchase of the sawmill, shingle mill, timber holdings, buildings, etc., at Perronville, Menominee county. This means they have practically purchased the town as Mr. Perron was nearly "the whole thing" there. The new firm has purchased several thousand acres of valuable timber land and will stock their mill for ten years or more. A new dam will be built across Ten Mile creek at Perronville, and another several miles further up the stream, which will enable the new purchasers to float their logs.

Iron Mountain people are indignant at the work of a lying press correspondent, who sent a dispatch to several outside papers to the effect that 1,000 men had been thrown out of work at the Chapin, Ludington and Hamilton mines on account of the destruction of the hydraulic works this week. As a matter of fact only about 100 men have been laid off and they will be back at regular work at the expiration of a week or ten days. Mayor Hammond filed a dispatch setting forth the true facts in the case

to the papers which published the lying special. The hydraulic works are being temporarily repaired and soon the construction of a new building will be commenced. On its completion an entirely new plant will be installed.

During the five months in the winter of 1900-'01 the Chicago, Milwaukee & St. Paul and the Wisconsin & Michigan railroads brought 46,000,000 feet of logs into the twin cities, for which the Menominee companies paid nearly \$100,000 freight. John Porterfield, the expert scaler employed by the St. Paul road, is authority for these figures. The St. Paul road hauled 31,000,000 feet of logs, and the Wisconsin & Michigan road 15,000,000 feet, the St. Paul shipments making 5,600 carloads and those of the other road 2,800. On an average the St. Paul road is bringing thirty carloads into the twin cities daily, most of them for A. Spies, the Bay Shore Lumber Co., the A. W. Clark Lumber Co. and the John Schroeder Lumber Co.

David Rogers, a passenger on the schooner John B. Wilbor, in tow of the steamer Northampton, was instantly killed at the Soo Tuesday evening about 7 o'clock. Rogers, who was working his passage on the schooner, attempted to jump from her to the wall of the south pier, at the head of the canal, in order to take a line. He miscalculated the distance and fell in the water just as the schooner swung against the pier. The starboard fender streak of the vessel struck his head and crushed it against the timbers of the pier. As the boat swung way the body sank to the bottom of the canal. Death must have been instantaneous. The dead man was about fifty years of age and was known to be unmarried. A friend named Fletcher thinks he was alone in the world. A letter from a Detroit friend was found in his pocket and to the writer of this news of Rogers' death was sent.

LIFE CRUSHED OUT.

IN THE COLLAPSE OF OLD ROLLING MILL PLANT.

VICTIM, CHET MICHALJOHN.

WAS A HOSTLER FOR PAIR OF GYPSY HORSE TRADERS.

Demolition of the Building Was Caused by Heavy Winds Which Were Too Much for Its Shaky Walls.

The storm that passed over the city yesterday afternoon at 4:45 o'clock blew down and completely demolished the old rolling mill plant, located on Lake street south of the gas works, killing one man and four horses. Chet Michaljohn of New London, Wis., was the victim, being almost instantly killed. The old furnace, which was abandoned years ago, was occupied as a stable by a party of gypsies who have been camping south of the city. Michaljohn was a member of the party, being employed by M. Palmer and Charles Martin as hostler.

Close Call for Two Boys.

At the time of the accident, Michaljohn and two boys, Owen O'Neil and a lad named Hammer were in the building. When the storm broke they heard the walls of the old building crack and all three started to run for the doors. The two boys cleared out just in the nick of time, but the man was not so fortunate. He was caught in the debris and buried under the mass of stone and brick.

There were eleven horses in the building, four being killed. The rest escaped in a miracle; all being knocked down and buried. The seven not killed are badly cut and it is probable it will be necessary to shoot two or three of them.

Palmer and Martin are gypsy horse traders who have come up to this section to dispose of their animals. They have been camping south of the city for the past few days, and as the old furnace building gave protection to their horses they used it as a stable. From all appearances the building was sound. Michaljohn was picked up by the horse traders at New London, Wis., about six weeks ago and since that time had been with the party. His folks lived at New London, and, from what could be learned from Mr. Palmer, are well off. Michaljohn's father being a wealthy lumberman. Palmer thinks the dead man was about thirty years of age.

Coroner's Jury Investigates.

Coroner Cray impaneled a jury last night to investigate the cause of the

fatality, the verdict being accidental death in the manner above detailed. The only witnesses of the accident were the two boys with Michaljohn at the time. They were so busy running to get out of danger that they knew little of what transpired.

Mr. Palmer, whose tent was located a few rods from the building, gave the following testimony: "My wife, children and myself were in our tent a few rods from the building when the storm came up. It had been blowing but a few moments when we heard a terrible crash. Taking two of the children in my arms and leaving the baby to my wife, we started to run to a place of safety. The air was so filled with dust we could hardly see. When we had run about fifty yards I looked back and saw the building in ruins. I at once returned and near the east end found Michaljohn buried in the debris. Just then another man came along, and together we tried to excavate him. We succeeded in getting his head out from under the rocks. He was still alive, but lived only a few moments. We then left him until the marshal arrived and dug him out."

Horse Trader in Sore Straits.

When asked by one of the jurors whether or not he would try to recover damages, he replied in the negative. He said: "I have lost four horses and the other seven are practically rendered worthless. If people wish to help me I will not refuse their aid, but I will take no legal means to recover, for I had no authority or permission to house my horses in the building."

Marshal Mauey lost no time in getting to the scene of the accident and after directing the removal of the dead man's body proceeded to the rescue of the horses. The animals were found in all parts of the building, all knocked down and buried by the brick and stone. Today the marshal will put a gang of men at work to clean up and remove the dead animals.

The old rolling mill plant, as it was known, had been standing for years and was an old landmark to travelers entering the city from the south. The building had been regarded as unsafe for some time, there being a huge crack extending all along the west wall. That it weathered the storms for so many years is considered marvelous.

Havoc to Trees and Fences.

The storm center appeared to be directly over South Marquette, where it raised havoc with trees and fences. The fence around the school building was blown away, while a train of box cars was sent flying down the track at a terrific gait.

Two dull-finish cabinets mounted on any style of card for 30 cents. Worn's gallery. (6-21-1f)

A GREAT SCARE.

Marquette People Received It Yesterday Afternoon.

A report current late yesterday afternoon and through the early part of the evening to the effect that a large sailboat, carrying as passengers John Burrows of Marquette, Dolph Ducette of Au Train, Walter Bell, an Alger county official, and a fourth man, had been lost about five miles from Marquette on the course to Shot point, the result being the drowning of the quartet, caused a big sensation here among the friends of the men, particularly among the numerous acquaintances of John Burrows.

There were excellent grounds for the report. The boat came up from Au Train yesterday, one of its passengers being Mr. Burrows, who has been camping at that point for the past several days. After a stay of a couple of hours, the harbor was left about 4 o'clock. The men were warned that the conditions were threatening and some attempt was made to persuade them to remain over. However, they were obdurate and finally sailed from the harbor.

When they were about five miles out they encountered the gale which sprung up suddenly about 4:30 o'clock. Members of the life saving crew were watching their craft. Suddenly it seemed to disappear. It was feared that the boat had capsized and the alarm was rung immediately. As soon as possible the crew was off to the point where the sailboat was last seen.

This trip, presumably to the rescue of the party, gave a good foundation for the drowning story and it gained considerable currency. At first it was confined to few people, it being the desire not to needlessly alarm relatives of the men, but after supper it was generally diffused. Shortly before 8 o'clock the Mudgekewis ran out in the lake to where the boat was last seen with the purpose of doing whatever it could to help with the work of locating the craft.

The life boat returned about 8:30 in tow of the Mudgekewis. The men reported that they had not seen anything of the sailboat, nor had they encountered any wreckage. This news emboldened the friends of the men and they were inclined to be confident that the party had pursued its journey to Au Train without disaster. Effort was then made to get in communication with Au Train to ascertain definitely relative the safety of the party. This was not successful until about 10 o'clock when a telegram was received from John Burrows announcing that all was well. This welcome word passed around quickly, much to the pleasure and satisfaction of all who heard it.

There was an unusual amount of excitement over the report of the drowning. People were horrified at the possibility that there might be something in it, the life saving crew's trip persuading them that the men might have lost their lives. It is presumed that the boat ran into a bank of fog at the time it disappeared. The crew made a fast trip to the point where the boat was last seen and the water in the vicinity was painstakingly searched. Had there really been a disaster inestimable service, resulting likely in the salvation of life, would have been rendered.

J. B. BOXER DEAD.

Former Chief Train Dispatcher Expires at Washington, D. C.

News of the death of J. B. Boxer, formerly chief train dispatcher for the South Shore road here, was received yesterday. It occurred in Washington, D. C., early yesterday morning after a lingering illness. It was not unexpected, as Mr. Boxer had been in poor health for some time, his friends realizing that the end was simply a matter of weeks. Mr. Boxer gave up his position with the South Shore road some five or six months ago. He was well known here, possessing a wide circle of friends and acquaintances, all of whom held him in the highest esteem. He was prominently identified with the affairs of St. Paul's cathedral and during his residence in Marquette he was an active and valuable member of the congregation.

OSBORN TO SPEAK.

Has Accepted Committee's Invitation to Deliver Address Here July 4.

Hon. Chase S. Osborn has accepted an invitation to deliver an address here on the Fourth of July. Some time ago, soon after it was decided to hold a celebration, the chairman of the program committee wrote to Mr. Osborn requesting him to deliver an oration. Yesterday he received a letter in which it was stated that Mr. Osborn would conform with his request. Mr. Osborn is an able orator and as he is well known in this community should receive a warm welcome.

It now looks as if the fifth of July will be the big day of the celebration. Most of the important athletic events will be run off on this day and the fire run and the chemical drill are also billed for the second day's program. The services of Professor Audinet, a balloon ascensionist, have been secured and he will make ascensions both days of the celebration. The professor holds the record for making a parachute descent from an altitude of seven thousand feet.

WOODMEN TAKE NOTICE.

L. S. Pioneer camp, No. 991, M. W. A., will hold a special meeting Friday evening, June 28th, for the adoption of candidates and such other business as may come before the meeting. A full attendance is desired.
