## OLD SOL IS PITILESS.

## PIERCED HEAT CONTINUES TO KILL IN THE LARGER CITIES.

## LONG DEATH ROLL AT GOTHAM.

## NEARLY 100 PERSONS KILLED AND MANY PROSTRATED THERE.

Numerous Fatalities Also Result in Other Sections, Though in the Afternoon Rain Brings Relief to States in the West.

New York, July 1.—Today was the hottest July day on record. At 3:10 p. m. the thermometer at the weather office reached 98, one degree hotter than yesterday. At 9 o'clock p. m. the thermometer registered 92. The suffering in the city, particularly in the crowded tenement house districts, was most intense.

Between the hours of 2 a. m. today and midnight tonight, fifty-seven deaths and 141 prostrations resulted in the boroughs of Manhattan and Bronx. From last midnight to 9 o'clock tonight, twenty-one deaths and thirty-six prostrations were reported in Brooklyn. Many of the patients were carried to the hospitals in cabs and carriages and several went to Bellevue and Harlem hospitals in moving vans. In many cases horses had to be obtained from contractors to draw patrol wagons and ambulances.

Eighteen Victims at Pittsburgh.  
Pittsburgh, July 1.—The temperature reached a maximum of 98 at 5 o'clock this evening. Eighteen deaths were recorded and forty prostrations.

Cleveland, July 1.—Three deaths and eighteen prostrations from the heat occurred today.

St. Louis, July 1.—Six deaths and a large number of prostrations from the heat were reported today. The maximum temperature was 100.

Baltimore the Hottest City.  
Baltimore, July 1.—According to the weather bureau reports, Baltimore was the hottest city in the United States today. The mercury steadily mounted upward until 103 was reached at three. Up to midnight, fourteen deaths and twenty-eight prostrations were reported.

Philadelphia, July 1.—Philadelphia and vicinity today experienced the highest temperature ever recorded in this city, the government thermometer registering 102 degrees. The previous highest temperature was on Sept. 1, 1881, when the thermometer touched 101.5 degrees. Up to midnight, fourteen deaths were reported and upwards of a hundred persons had been treated at the hospitals for heat exhaustion.

Still Hotter Stated for the East.  
Washington, July 1.—The hot weather continued today with unabated fierceness, the climax coming in the afternoon when the local record for this date was broken, the weather bureau thermometer recording a temperature of 102 degrees. Fortunately, there was little humidity in the atmosphere. Fifty cases of heat prostration were reported, two of which resulted fatally. At 8 o'clock tonight the temperature had fallen to 90, but with every probability that it will not fall greatly below that during the night and that tomorrow would be a scorcher.

The present hot wave started in the West on June 20, and today the weather bureau officials report high temperatures recorded in most sections east of the Rocky mountains and many places west of them. Rains, most of them moderate in amount, have fallen at many places, while thunder storms have occurred in West Virginia, Iowa and the lower lake regions. By tomorrow, relief is promised in the middle Mississippi valley, the lower Mississippi valley, the lower Missouri valley and the upper lake region and by Wednesday in the Ohio valley.

At Philadelphia, the heat broke all records for the past thirty years for July, reaching a maximum of 102. Some other high temperatures recorded during the day by the weather bureau were: Boston, Chicago and Des Moines, Ia., 92; Cincinnati, 96; Jacksonville, Fla., 94; Kansas City, 100; New Orleans, 90; New York, 93; Omaha, 94; St. Louis, 100; St. Paul, 90.

Rain Brings Relief in the West.  
Cincinnati, July 1.—The torrid heat was broken this evening by a thunder shower and the thermometer dropped to 75. The storm played havoc with wheat, but so far no serious damage has been reported. The maximum temperature today was 96. There were five deaths from the heat and numerous prostrations. A dozen cases now in the city hospitals are in serious conditions.

Chicago, July 1.—Five persons dropped dead on streets of Chicago today from excessive heat and fifteen others were prostrated, several of whom may die. At noon the temperature at the weather bureau was 93 and on the streets over 100. A severe thunder storm at 1 o'clock brought relief and the mercury dropped twenty degrees.

Lincoln, Neb., July 1.—Lincoln got an inch and a quarter of rain between three and five this afternoon, breaking the almost uninterrupted drought existing since June 3 and causing a fall in temperature of nearly forty degrees. All southeastern Nebraska received a good wetting and there was a very heavy downpour along the Burlington for a hundred miles west, three inches falling in some towns. The rain is of incalculable value to growing corn, which was withering.

St. Joseph, Mo., July 1.—The long

drought and heated spell was broken by a heavy rain tonight, causing a rapid drop in temperature. There were many heat prostrations here today, only one proving fatal. The maximum temperature today was 103.

Warmest June in Many Years.  
Lawrence, Kas., July 1.—A weather report issued today by the state university shows that the month of June was hotter by two degrees than any preceding June in Kansas for thirty-two years. The mean temperature for the month was 79.14 degrees, nearly six degrees above the June average.

Springfield, Ill., July 1.—The monthly report of the weather bureau, issued today, states that the June just ended has been the hottest June here in twenty-two years, the mean temperature for the month being 76 degrees. The highest mean temperature heretofore was 75, in 1894.

Heat Causes a Suicide.  
Peoria, Ill., July 1.—Robert Elliott, aged fifty-five, was found dead tonight in the pastor's study of the Second Presbyterian church, where he had asphyxiated himself because of ill health and the intense heat.

La Crosse, Wis., July 1.—C. L. Colman, one of the most prominent lumbermen of the Northwest, died tonight from appendicitis, aged seventy-five.

## BOLT KILLS ELEVEN.

## FEARFUL HAVOC WROUGHT BY LIGHTNING IN CHICAGO.

## CROWDED SHANTY IS STRUCK.

## OCCUPIED BY FISHERMEN WHO HAD SOUGHT SHELTER.

## But One of the Twelve Escapes Instant Death and He Is Revived With Great Difficulty—Property Also Suffers.

Chicago, July 1.—Crowded together in a little zinc-lined shanty under the north shore pier, ten boys and young men and one old man met instant death by lightning today.

They had left their fish lines and sought shelter from the fierce thunder storm that deluged the northern part of the city about one. Ten minutes later the bodies lay with twisted and tangled limbs—like a nest of snakes, as the men who found them said.

Of the twelve who sought shelter, only one escaped. Twelve-year-old Willie Anderson was uninjured, but he lay many minutes before he could be drawn out from under the heap of dead bodies.

Driven to Lake by the Heat.  
The dead were all from families of comparatively poor people and comprised a party of men who were fishing, seeking relief from the heat of the day, joined by a number of boys who had come to wade on the beach. They were: George Brabant, Meyer Jacobs, George Friebs, Frank Coover, Carl Kruse, Edward Bloch—Broderick, unknown man and three unknown boys.

The scene of the tragedy was a few hundred feet from the water works pumping station, at the foot of Montrose boulevard.

The storm was as violent a visitation as has ever been experienced in Chicago. Half a dozen houses, out-buildings and trees in the vicinity were struck and almost all the telephone wires were burned out.

Twisted Bodies in a Heap.  
Percy Keane, clad in bathing trunks, was watching from the water station, when he heard a scream as the bolt struck. Heedless of the storm, he rushed across the beach. He looked into the cabin and in dismay saw the twisted bodies. He saw Willie Anderson's head and part of his body, but could not pull him out nor could he pull the heavy bodies from on top of him. Then he telephoned the police, who succeeded after considerable difficulty in recovering the dead bodies.

## BOER PRISONERS LANDED.

330 Who Fought With Cronje Now in Camp in the Bermudas.

Hamilton, Bermuda, July 1.—Nine hundred and thirty Boer prisoners, who arrived June 28 on the British transport Armenian, were today moved into the camps prepared for them on Barrets and Tucker's islands.

These Boers are part of the force of General Cronje and were captured at Paardeburg. They include several boys of eight and ten years who carried ammunition to their fathers when the latter were in the trenches.

Among the prisoners also are two Boers so old they crawled on all-fours down the transport's gang-way.

The prisoners are pleased with Bermuda and this afternoon enjoyed the sea bathing. They say they are sorry they were led into war and they long for its termination. They expressed themselves grateful for the treatment accorded them by Great Britain.

## MICHIGAN WOMAN MURDERED.

Munies, Ind., July 1.—As a result of a general row at the home of Harlan Martins late this afternoon, Mrs. Herbert McCall was shot and killed. The affair was shrouded in mystery until the arrest of Walter Driscoll, aged sixteen, tonight after a long chase. He confessed to the murder. Mrs. McCall was aged nineteen, and her parents reside in Michigan.

## PRINCELY GIFT FOR DETROIT.

Carnegie to Contribute \$750,000 for New Library Building.

Detroit, July 1.—George W. Radford, a member of the Detroit Public Library board, has received a letter from Andrew Carnegie stating that he will contribute \$750,000 toward the erection of a new public library building in this city.

## PINGREE'S BODY ARRIVES.

Not to Be Taken from the Steamer Until Noon Today.

New York, July 1.—The remains of former Governor Hazen S. Pingree of Michigan arrived today on the steamship Zealand. With the body came Hazen S. Pingree, Jr., who accompanied his father to England.

The body was not removed from the vessel, as the committee having charge of the arrangements was not ready. It will be taken from the ship tomorrow noon and be removed to an undertaker's shop until the committee is ready to ship it to Detroit.

Frank S. Pingree, brother of the late governor; Mayor Maybury of Detroit, and R. G. Solomon of Newark, representing the leather dealers' committee, were at the dock to meet the Zealand.

## COLUMBIA OUTSAILS CONSTITUTION OVER 30-MILE COURSE.

## PARTLY DUE TO AN ACCIDENT.

## LOSS OF SAIL SETS THE DEFENDER BACK A MILE.

Meets With Better Wind, However, and at the Finish Is but 48 Seconds Behind, Leaving the Relative Merits Still Undecided.

Newport, R. I., July 1.—The Constitution was defeated by Columbia today by the small margin of forty-eight seconds in the first real race in which the new Herreshoff yacht has participated.

Although the contest from start to finish was close and at times very exciting in the opinion of the majority of the yachtsmen in Newport tonight, the Constitution lost through misfortune. The result of today's contest is far from conclusive and there is still much to be decided as to the relative merits of the two races.

The mishap to the new boat came about an hour after the start. While the boats were on the second long tack to the windward, the slew of the jib of the new boat was carried away and for ten minutes she was without the use of that sail. The accident set the Constitution back practically a mile, but in spite of it she was able to get within two minutes of Columbia at the turn and cut this lead down more than half on the run home. Some of this gain, however, was undoubtedly due to the fact that she came up in a better wind.

Columbia did not escape without accident, too, for immediately after crossing the finish line, in gybing over the big mainsail her main boom buckled and she had to be towed to the city. It will be necessary to sling a new spar before the Columbia can race again and it is expected it will be in place for the race on Wednesday.

## Old Boat Gains at Start.

The event today was the first of the series of special races arranged by the Newark Yacht club for the purpose of bringing the two yachts together. Fifteen miles dead to the windward and back again was the course. The starting signal sent Columbia off at 11:40:34, well to the windward, three seconds in advance. The Constitution, with a rare burst of speed, came on with a rush and ran through Columbia's lee, pointing for a much higher position than was expected of her. The Constitution by a large margin footed faster than Columbia.

Along on the starboard tack the two yachts sailed, both joggling at an eight-knot gait. The Constitution would not stand up as well as her rival by at least three degrees. Suddenly the jib of the Constitution's jib began to shake, and down came the jib halyards. When the sail was in place again, Constitution rapidly forged ahead, making up much of her lee way. It was, however, too big a gap to fill.

The outward mark was now in sight. Columbia got hold of the true bearings and made a judicious hitch to the starboard. Constitution, a few seconds later, also tacked, but stretched too far. The time at the outer mark was: Columbia, 1:24:35; Constitution, 1:30:55. Thus on the heat to the windward, the Columbia defeated her opponent by nearly two minutes. In setting the spinners, Columbia was a trifle smarter than Constitution.

In the run before the wind the Constitution gained. With sheets eased off, she was faster than Columbia. The time at the finish was: Columbia, 2:32:38; Constitution, 2:33:29. Thus, over the course of fifteen miles to the windward and back, the elapsed time of Columbia was 2:02:04, while that of Constitution was 2:52:52.

In the run before the wind the Constitution gained. With sheets eased off, she was faster than Columbia. The time at the finish was: Columbia, 2:32:38; Constitution, 2:33:29. Thus, over the course of fifteen miles to the windward and back, the elapsed time of Columbia was 2:02:04, while that of Constitution was 2:52:52.

Clark Sends Defi to Lipton.  
London, Tuesday, July 2.—A special dispatch from Glasgow says that Kenneth M. Clark, owner of the Kariad, has sent a challenge to Sir Thomas Lipton for a series of races between Shamrock II and Kariad, to be sailed over courses similar to the courses for America's cup and on American measurement, in order to decide which yacht shall be sent as the challenger to American waters.

## GREAT COAL TRUST.

## ONE CORPORATION TO CONTROL THE BITUMINOUS OUTPUT.

## MORGAN AND HANNA INTERESTED.

## ORGANIZATION OF THE VAST COMBINE WELL ADVANCED.

Companies Now Being Consolidated in the Various Fields and All Are to Be Merged Into a Single Concern by Sept. 1.

Cleveland, Tuesday, July 2.—The Leader this morning says:  
"Before the first of September all the big companies producing bituminous coal will have been gathered into one organization similar to the combination States Steel corporation. The capital will be enormous, probably second only to that of the big steel trust.

"As auxiliary to this, a movement is being carried on by the promoters of one of the constituent companies of the greater organization for a complete pool of all the retailers of soft coal in Cleveland. The pool will be effected within the next ten days, the preliminary steps having already been taken.

Pet Plan of J. P. Morgan.  
"From what can be learned, work up on the big coal trust has been under way for a greater length of time than any of the other industrial combinations.

"J. P. Morgan, the advocate of coalition, first started in with his coal combination three years ago, making the first movements along the coal land, controlling the products of the Ohio and West Virginia fields. At that time he obtained complete control of the mining properties in the Hocking and Shawnee valleys. In order to compete for this coal, he purchased certain railroad properties, and this started the combination along the line of railroad ownership which has gone to extraordinary lengths.

"The proceedings in the present combination are similar to those displayed in the formation of the steel trust. One year ago all the coal properties in the Pittsburgh district which ship coal to the lakes were merged into one corporation known as the Pittsburgh Coal company. About the same time the same interests which ship coal from that territory down the river formed what has since been known as the Monongahela Coal company, each being a combination of smaller companies and making an organization of considerable importance.

Illinois and Indiana Pooled.  
"The desire to control other coal territory in the same fashion that the larger companies might be easier handled by Mr. Morgan has led to the selection in certain sections of confidential agents. As an outgrowth of this policy, the organization was completed in Chicago ten days ago of the Illinois Coal company, which owns two-thirds of all the coal land in Illinois and western Indiana. About the same time it became generally known that M. A. Hanna and others had about completed the absorption of most of the coal properties in the Massillon district. This is expected to be completed in the next ten days.

"The West Virginia coal production is virtually owned by one company—the Fairmount Coal company, which in turn is the property of the Baltimore & Ohio Railroad. The other interests in the territory are all owned by the Norfolk & Western railroad, the Chesapeake & Ohio railroad or the Pennsylvania railroad, all of which, with the Baltimore & Ohio, now form practically one big railroad organization, being owned by one company.

All to Be Grouped Together.  
"Now the Illinois Coal company, the Pittsburgh Coal company and the Fairmount Coal company are all to be collected into one big organization, the name of which has not been settled. All of these will be operated from one general office, with, however, auxiliary offices in the immediate vicinity of the property and with one central lake shipping office in Cleveland. In this combination it is expected the Pittsburgh Coal company shall be the central figure around which the others are grouped.

"Along with this organization will go, also, the coal docks and fast loading plants now owned by the various coal companies which shall hereafter make part of the big organization. This includes those located along Lake Erie, also at the upper lake ports.

"The aim of all this is to effect a complete monopoly of the bituminous coal production in the territory east of the Mississippi and north of the Ohio and Potomac. To the accomplishment of this end, Mr. Morgan is said to have given himself without reserve and will take it up as soon as he returns from Europe."

## EARL'S TRIAL SET FOR JULY 18.

London, July 1.—The Earl of Morley, chairman of the committee in the house of lords, announces today that the trial of Earl Russell by the house of lords on the charge of bigamy would begin July 18 in the royal gallery under the presidency of the lord high steward, the Earl of Penbroke.

## MORE GOLD FROM KLONDIKE.

Seattle, Wash., July 1.—The steamship Victorian arrived today from Skagway with seventy-five Dawsonites and nearly \$1,000,000 in gold.

DAILY MINING JOURNAL. A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

SUBSCRIPTION RATES: Per month, by carrier, \$1.50. Per year, by mail, \$15.00.

MARQUETTE, MICH., JULY 2.

McKinley became a presidential possibility because his name was attached to a tariff bill, and why not Babcock, observes the Grand Rapids Democrat.

In Germany, according to authentic reports, the iron and steel industries are having a distressing experience just at present. The productive capacity has far outrun consumption and as a result there is depression that is producing serious financial embarrassment.

The Iron Port of Escanaba has this to say concerning the movement to place Senator Fuller on the Republican state ticket next year as the candidate for lieutenant governor.

It seems a pity that a boom for the Hon. O. B. Fuller, senatorial representative from this district—and one of the most popular legislators who ever imprinted his august presence about the halls of the Michigan state house—

in Pennsylvania the movement to dethrone the bosses is assuming ominous proportions under the impetus given it by the scandalous subservency of the legislature to Quay and his associates as shown in the ripper bills affecting the city of Philadelphia which it passed, and in other ways.

The Mining Journal heartily concurs in all the good things the Port says of the Delta senator, and will be well pleased to see him receive the nomination for the second place on the ticket if that honor comes to him.

A CASE OF IT IN GERMANY. After all they don't do those things so badly in Germany. An exchange gives these particulars of the looting of a bank there that rather goes beyond anything that has occurred thus far in this country.

People who fancy that Americans are ahead in everything, including financial mismanagement, are recommended to read the particulars of the suspension of the Leipziger bank, which unfortunate event occurred last Tuesday. It seems to have been the unavoidable climax of years of recklessness. If the reports are correct, it has resulted in a clean sweep. The stock of the bank, one of the leading banking institutions of Germany, has been swept away, and with it has gone the reserve fund of \$15,000,000.

A WORD TO SPECULATORS. The Mining Journal's prediction of some weeks ago, that there would be no "midsummer dullness" experienced in the stock market this year, and especially in copper, is being abundantly realized. While the market at present lacks the feverishness which characterized it just preceding the collapse precipitated by the attempt of rival interests to gain control of the Northern Pacific railroad, it is even stronger than it was then, and the volume of transactions evidences that the public is getting in again with a confidence that was not felt before.

ADDITIONS TO LAKE FLEET. The work of adding to the lake fleet goes on without interruption. The Cleveland Plain Dealer of Sunday had this report of new vessels of large carrying capacity for which orders have just been, or are about to be, placed: The American Shipbuilding Co., yesterday closed contracts for vessels that will cost about \$1,250,000. The order, which was placed by Mr. J. C. Gilchrist, is for five 400-foot steamers that will carry about 5,600 tons of ore, making

the capacity for the five boats per trip 28,000 tons. Vice President Ireland and Mr. Gilchrist figured all week but the deal was not closed until yesterday afternoon. The new boats will be the largest in the big Gilchrist fleet. They will be twenty-four feet longer than the steamers Gilchrist and Lake Shore, which were turned over to Mr. Gilchrist a short time ago. They will have eleven masts, which is one more than the Lake Shore and Gilchrist have.

The steamers will be 400 feet over all, 280 feet keel, 50 feet beam and 28 feet deep. They will have triple expansion engines with cylinders 22, 35 and 58 inches with 42-inch stroke. The steamers will be fitted with the Hawley hot air system and will have two Scotch boilers each 13 feet in diameter and 12 feet long. The new boats, which will cost \$250,000 apiece, will come out at the opening of navigation in 1902. Three of the steamers will be built at Lorain and the keels for the other two will be put down at South Chicago. This addition to the Gilchrist fleet gives the local manager sixty-four vessels—sixteen steel steamers and forty-eight wooden steamers and consort—

Mr. Gilchrist certainly has confidence in the lake carrying trade. During the past year he has ordered thirteen steel steamers, besides buying the three steel steamers of the Whitney fleet and upwards of twenty wooden vessels. Next season he will have vessel capacity to move upwards of 3,000,000 tons of ore, or more than a seventh of the total movement for last year.

At least three other local parties are figuring on building and the indications are that all the berths in the different plants of the American Shipbuilding Co. will be taken before the close of the season. It is understood that some of the firms that had fleets which were turned over to the Steel corporation have asked for figures on new ships.

The American Shipbuilding Co. now has ten freight steamers and two passenger steamers under construction. One of the freighters will come out late this season, but all the others are for 1902 delivery.

John Craig, the Toledo shipbuilder, was in the city Friday. He has several deals on and he will probably get some new work.

RIPE FOR A REVOLT. In several states of the union where the Republicans are in power selfish men have obtained control of the party organization and are using it to advance their own interests, to the detriment of those of the people. Slowly but surely this is undermining the confidence in the party of the voters who have stood by it so long with unswerving loyalty, and if the power over it of these dangerous men is not broken the discontent in the ranks will quickly ripen into a revolt that will hurl it from power in these states.

In Pennsylvania the movement to dethrone the bosses is assuming ominous proportions under the impetus given it by the scandalous subservency of the legislature to Quay and his associates as shown in the ripper bills affecting the city of Philadelphia which it passed, and in other ways.

The Mining Journal heartily concurs in all the good things the Port says of the Delta senator, and will be well pleased to see him receive the nomination for the second place on the ticket if that honor comes to him.

People who fancy that Americans are ahead in everything, including financial mismanagement, are recommended to read the particulars of the suspension of the Leipziger bank, which unfortunate event occurred last Tuesday. The order, which was placed by Mr. J. C. Gilchrist, is for five 400-foot steamers that will carry about 5,600 tons of ore, making

only to place a sell order to secure it is playing the safest game.

A year ago Adventure was quoted at \$2 bid, \$3 asked. It closed yesterday at better than \$25. Since then there has been a year of development work done on the property, to provide for which an assessment of \$3 per share was called and paid. Construction of a stamp mill has been started, and to meet the cost of installing it an additional assessment of \$6 a share has been called, payable in two installments of \$3 each, the first of which will be due on the 15th of this month. The mine itself is no better than it was a year ago, save that it is a year nearer production. What makes the difference in market value of the shares between a year ago and now? The temper of the investing public and increased confidence in the stability of the country's business generally. But these are factors susceptible of being unsettled by any one of several possible contingencies, and the speculator who is on the long side takes chances all on one side.

This article is not intended to alarm the public. The market is a good one to trade in, but the investor who only seeks profit, and does not intend to wait for dividends, should watch its movements closely and not allow his greed to becloud his judgment. Paper profits "butter no parsnips," and investors who need the money now within their reach should not wait too long before realizing, no matter how bullish the prevailing sentiment may be, and it may also be well for all to bear in mind that there is such a thing as breaking point in stock values.

WHAT OUR FLAG STANDS FOR. Wherever the American flag is raised in token of sovereignty, it stands for liberty, independence and equality. What our flag is to the nation, Hostetter's Stomach Bitters is to the individual, inasmuch as it not only gives freedom from your ailments, but protects your system in such a manner that they cannot return. When your stomach gets out of order, causing you to belch after eating, or when you are so nervous that you toss about all night, certainly, you should certainly try it, because it will strengthen your stomach, steady your nerves, and induce sound, healthy sleep, and for indigestion, constipation and biliousness there is nothing to equal it. Rheumatism is also counteracted by its direct action on the kidneys.

Additional Ishpeming. ELKS CLUB ROOMS. They Are Opened in the Touloff Block on Main Street.

Three commodious rooms in the front of the second story of the Touloff block on Main street have been rented by the Ishpeming lodge of Elks and will be converted into club rooms. The place is not the best in the city for club room purposes, but it is by far the best that could be secured at this time. A committee consisting of Exalted Ruler J. H. Andrus, A. J. Yungbluth and James Clancy has had the matter of renting club rooms in hand for several weeks past and every available place in the city was inspected, but no rooms they could get suited them as well as those in the Touloff block.

The rooms will be supplied with a library, suitable literature for the tables, etc. The place will be looked after by a woman who occupies the rooms of the second floor. One of the rooms will be used for dining purposes. The rooms will be open every afternoon and evening. Members will be privileged to take their out-of-town friends there at any time.

The local lodge of Elks is in a flourishing condition. New members are being added at almost every meeting. Unusual interest is manifested at this time in the carnival to take place in Milwaukee July 29, 24 and 25, and a large turnout is assured.

TO OPERATE THE ROLLER. Michael Cashen, engineer at the fire department headquarters, will learn to operate the roller. A competent man will be in charge of the roller house when he is running the roller. This arrangement meets with the approval of the chief. Mr. Cashen is satisfied and a sum in not being compelled to give an engineer a steady position looking after the roller.

The roller will be in use every day during the summer season. It will be used principally on the new street work, though the old streets will also receive some attention. East Cleveland avenue, which has been given a complete dressing, rough stone on the bottom, and sand in the carry, will have several days' work for the roller very soon. The new walks are about completed to the end of the street, much to the satisfaction of residents in that section.

WILL LEAVE HERE SOON. Sam Blumenthal has been busy the past few days packing his stock of clothing and goods for shipment preparatory to removing them to Lake Linden, where he will engage in the same line of business he has conducted here for a number of years past. His stand is one in which one of Lake Linden's most prominent merchants got his start, retiring to take larger quarters much wealthier and with a larger stock than when he began. The place is not very large, though it will accommodate the new occupant very nicely. Sam will carry a stock representing from \$8,000 to \$10,000.

Sam's residence property was sold one day last week to Captain Frank Platte of the East New York mine. This price paid was \$2,250, which is considered a low figure, as the place is most desirable in every way.

A NEW SHAFT HOUSE. The erection of a new shaft house has been started at the Lake Superior hematite mine. It will stand above No. 2 shaft, which has been used for some

time past for lowering timber. It is a double compartment shaft and will be used for hoisting ore as soon as the shaft house is completed and the tracks are ready for the skips. The greater part of the timber used in the mine will hereafter go down through the new shaft, some distance to the south of No. 2, on the shore of the lake.

Work on the shaft house would have been started some time ago had the timber arrived from Washington. It was shipped from there early in April, arriving last week. There are several pieces of the timber seventy-six feet in length.

ISHPEMING IN BRIEF.

C. D. Cole of Child's art gallery is in Munising transacting business.

Edward Farnham of Marquette was a business visitor here yesterday.

Miss Carrie Reiding of Marquette is in the city visiting Miss Dahlstrom.

Miss Esther Nelson is on the Menominee range visiting her brothers Frank and Fred.

Ice cream and other refreshments will be served at the Salvation army barracks on the Fourth.

Captain William J. Allen and T. J. Pascoe of Humboldt were business visitors in town yesterday.

The Assembly dance held last evening at Anderson's hall was largely attended and was an enjoyable affair.

Mrs. Stephen Simons returned yesterday from a three week's visit with friends in the copper country.

T. J. Dundon got home the latter part of the week from Manistique, where he spent several days on a business mission.

A regular meeting of Ishpeming lodge of Elks will be held this evening. There will be one or more candidates for initiation.

Miss Marie Grotte and Miss Mable Chase left Monday evening to attend the summer term of the Northern Normal at Marquette.

Miss Clara Jones, who formerly lived in this city but who now resides at Virginia, Minn., is visiting at the home of Miss Chase at the Dexter mine.

A marriage license was issued yesterday to William O. H. Shinner and Miss Anna Cain, both of this city. The wedding will take place tomorrow evening.

George Lord of Lansing, spent Sunday and yesterday in the city shaking hands with old friends. He is still in the building and loan department at the state capital.

George Voolker is making some improvements about his residence property on West Barnum street. A new veranda extending along the front and east side is being built.

The members of the local order of the Hermann Sons and the German Aid society of Negaunee will picnic next Friday at the Cleveland park. Extensive arrangements are being made for the outing.

While here last week Mrs. Cleo Melleur of Ontonagon lost her jacket, a description of which can be found elsewhere in this issue. A reward will be paid for its return to L. A. Proulx, the grocer.

The Misses Anna Dennison and Mae Kalink left yesterday for Grand Rapids, in the lower peninsula, where they will spend the summer months attending Mrs. Treat's kindergarten school for instructors.

T. F. Gill and August Swanson left last evening for Marinette, Wis., to attend the annual convention of the Northern Michigan and Wisconsin Undertakers' association. The session will last three days.

George Farney, who has been employed in the Ishpeming beef house for some time past, takes a job on the road, visiting towns in the county in the interest of the concern. John Blutt succeeds him inside.

Mrs. Jessie Bickle will leave some day next week for Central City, Colo., where she will spend a month or more with relatives and friends. From there she will go to Pennsylvania, remaining in that state at least a month.

C. T. Fairbairn is in the city for a couple of days. He came down to close up his affairs at the postoffice, which will soon be in charge of the postmistress, Mrs. H. B. Krogman, who received her commission from Washington a few days ago.

The remains of the late John Cahill arrived here yesterday morning from Tower, Minn., and were placed in the vault in the Ishpeming cemetery. The funeral services will be held tomorrow morning at 9 o'clock from St. John's church, Father Langan officiating.

The wives and daughters of the Sons of St. George societies of the city are requested to meet this afternoon at 3 o'clock at Old Fellows' hall for the purpose of completing arrangements for waiting on tables during the reunion to take place here the latter part of this month.

One of the elaborate floral designs sent to the home of the late Joe Pope came from his Marquette friends. It was a cresset and star on a pedestal of roses. Among the Marquette men in attendance at the obsequies were Sheriff John Pengelase, Charley Hanek and T. J. Foley.

The Ishpeming baseball team will meet the Escanaba mine on the diamond at the Sandy City on the Fourth. George Rue will go down to the pitching. In the game against the colored team here last week his retirement from the box was due to the heat. The visitors did not "find" him at any stage of the game.

Tom Bigelow, who visited upper peninsula towns for twenty-two years in the interests of Sprague, Warner & Co., wholesale grocers of Chicago, called on old friends and patrons in town Saturday. Joe Gannon is at present covering Mr. Bigelow's old territory in the interest of the house, but under the veteran drummer's direction.

Charles Samuelson, wife and children, will leave within the next few days for Minneapolis, where they will visit relatives. After remaining a week or more Mr. Samuelson will return, leaving his wife and children to remain longer. The home of Mrs. Samuelson's parents

is at Lake Minnetonka, a short distance from the city, one of the most attractive places in Minnesota.

The new steam road roller was operated yesterday for the first time. The expert sent here by the manufacturers handled the throttle the greater part of the time, though Engineer Michael Cashen of the fire department, who will run it regularly, took a hand at the work. The roller was used on East Cleveland avenue, which has just received a complete dressing of gravel.

A lawn social will be held this evening at the parsonage of St. Joseph's church. The parsonage, which was recently improved, will be used for the occasion. The services will be conducted by Rev. Father Dessyva of Iron Mountain, formerly of this place. Trombly's complete orchestra will give a concert on the lawn. Refreshments, consisting of ice cream, cake, etc., will be served by the ladies of the congregation. The social will be free for all who wish to attend.

"I wish to truthfully state to you and the readers of these few lines that your Kodol Dyspepsia Cure is without question, the best and only cure for dyspepsia that I have ever come in contact with and I have used many other preparations. John Beam, West Middlesex, Pa. No preparation equals Kodol Dyspepsia Cure as it contains all the natural digestants. It will digest all kinds of food and can't help but do you good. Stafford Drug Co.; H. N. Meloche, Ishpeming.

Dr. Geo. Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure: "For years I have been greatly bothered with kidney trouble and an enlarged prostate gland. I used everything known to the profession without relief, until I was induced to use Foley's Kidney Cure. After using three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles. For I can honestly state I have prescribed it in hundreds of cases with perfect success." The People's Drug Store.

SHAKE INTO YOUR SHOES

Allen's Foot-Ease, a powder. It cures painful, smarting, nervous and ingrowing nails, and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's Foot-Ease makes tight or new shoes feel easy. It is a certain cure for sweating, chafing and hot, tired, aching feet. Try it today. Sold by all druggists and shoe stores. By mail for 25c in stamps. Trial package FREE. Address, Allen S. Olmsted, Le Roy, N. Y. 2

What among human ills are more annoying than piles? The afflictions that prevent active exercise are bad enough, but one that makes even rest miserable is worse. Women are among its greatest martyrs. TABLETS BUCKEYE PILE OINTMENT will cure the most obstinate cases. Price, 50 cts. in bottle, tubes 75c. Stafford Drug Co.

Time - Table.

In Effect May 5, 1901.

TRAINS LEAVE MARQUETTE

Table with columns: Destination, Time, and Notes. Includes routes to Montreal, Houghton, Negaunee, Iron Mountain, and Detroit.

TRAINS ARRIVE MARQUETTE WHICH DO NOT RUN EAST.

Table with columns: From, Time, and Notes. Includes arrivals from Chicago, Milwaukee, and Houghton.

Mineral Range Railroad.

Change of Time in Effect Dec. 23, 1900.

Table with columns: Leave Calumet, Arrive Hancock, Arrive Houghton. Lists various train numbers and times.

No. 112 runs through solid to Ontonagon, arriving Marquette 1:15 am, Rockland 12:15 pm, and Ontonagon 12:45 pm.

Table with columns: Leave Houghton, Leave Hancock, Arrive Calumet. Lists train numbers and times.

No. 100 runs through solid from Ontonagon to Calumet, leaving Ontonagon 1:35 pm, Rockland 2:05 pm, and Marquette 2:55 pm.

Daily, Daily, ex. Sunday & Sunday only. Daily ex. Saturday.

Copper Country Department

GRIST OF EXCURSIONS.

Cheap Trips by Rail and Water Arranged for Copperdom People.

There is beginning to be considerable local interest in the annual pilgrimage to the shrine of St. Anne de Beaupre. Priests in most of the dioceses in this part of this country will personally attend and an unusually large attendance is expected.

To Detroit Next Week.

The prospects are very bright for heavy travel in connection with the convention of the National Educational association at Detroit early this month.

Copper Range July 4 Rates.

For July 4 the Copper Range road will sell tickets between all stations at rate of one fare for the round trip, limited to date of sale.

Trip from Port Arthur.

Nearly every season the people of Houghton, Calumet and other south shore towns take an excursion by boat to Port Arthur, Ont., for a visit with their Canadian cousins.

For the Pingree Funeral.

The D. S. S. & A. road, in addition to the excursion previously mentioned, gives notice on the occasion of the funeral of ex-Governor Pingree at Detroit on July 6 it will sell round-trip tickets, good via Mackinaw City, at single fare.

Excursion to Duluth.

Special excursion rates will be given on the steamer Mabel Bradshaw from Portage Lake to Duluth on account of the celebration which will be held there July 4.

ONTONAGON GIRL HIS BRIDE.

John M. Beahan of Hancock is wedded to Nellie Skelton.

Oil Crowd Missed a Chance.

Had the Standard Oil people gone scientifically into the copper field, their first movement would have been the purchase of that mineral land for which its domains are greater possibilities of increased copper production than in any other copper region in the world.

PURSE OF \$500 RAISED.

Ontonagon, too, is going to celebrate on the Nation's Birthday.

ACCIDENT AT THE TRESTLE.

Two persons were slightly injured yesterday afternoon by an accident on the street railway at the new trestle at the Mesnard crossing.

Estimate of the Earnings.

Messrs. Schofield, Wheeler & Co., in their monthly market letter say of the South range consolidation:

WILLING TO JOIN THE MERGER.

St. Mary's Company is ready if the terms are favorable.

Great Wealth in Its Lands.

The opening of the South range, where the bulk of this company's undeveloped lands, has shown the leading stockholders the tremendous possibilities yet remaining to this company.

Heinze and the Butte Situation.

A friend of F. A. Heinze at New York says: "The Heinze litigation in the mine is not to be transferred to Montana, where receivership applications will follow."

A GAIN OF MILLIONS.

Extent of the Rise in Coppers Shown by Comparative Figures.

Advances in the Copper Stocks.

Table listing various copper stocks and their prices, including Adventure, Arcadian, Alouez, etc.

STILL A MYSTERY.

No Clue Found in the Case of the Missing Mass Girl.

The disappearance of the five-year-old Finnish girl from the Evergreen location of the Mass mine is still as much a mystery as ever.

Stoo Reward Offered.

A reward of \$100 has been offered to any one who finds her, dead or alive.

WILLING TO JOIN THE MERGER.

St. Mary's Company is ready if the terms are favorable.

Great Wealth in Its Lands.

which are to be consolidated have a total capitalization of \$2,500,000, represented by 300,000 shares, and will have in the near future a combined crushing capacity of 4,000 tons per day.

"An estimate of the annual production of this consolidated company, figuring the rock as averaging 1 per cent. copper, which is considered a conservative, would be averaging 24,000,000 pounds, which, figuring 300 days to a year, would yield, at 17 cents per pound for copper, \$4,080,000, and net earnings, estimating cost of production, etc., at 8 cents per pound, of \$2,160,000. This sum would be equal to \$7 per share on 300,000 shares, the amount now outstanding of the three companies.

"Of course, the foregoing is only a rough estimation, but the figures are considered conservative rather than excessive. Furthermore, this \$2,160,000 net is exclusive of the earnings made by the Copper Range railroad (which are figured will equal \$4 per share on Copper Range stock). It is believed that with 17 cent copper, the net earnings of the consolidated company, from mining and the railroad, will be close to \$3,500,000 per annum.

"Should the rock run 1 1/2 per cent. iron, which is considered more correct than 1 per cent, the results would show earnings of over \$10 per share."

Heinze and the Butte Situation.

A friend of F. A. Heinze at New York says: "The Heinze litigation in the mine is not to be transferred to Montana, where receivership applications will follow."

"The Heinze litigation in the mine is not to be transferred to Montana, where receivership applications will follow. F. A. Heinze has invested more money in the Butte copper mines than Marcus Daly, W. A. Clark and the Lewishon Bros. all combined. Although sixteen ore bodies owned by Heinze and paid for by him are shut down, he is today a larger producer of copper than any other producer of copper in Montana."

treasury stock to keep the management in funds. It is pretty certain that these mines have failed to pan out, and were at best but a shooting star in the galaxy of Old Dominion favorites. Now a word of caution as to the value of the daily recurring statements of so-and-so and so-and-so that, put out by certain individuals in this city.

"The 350 men employed at the Old Dominion mine are Italians and Cornishmen. They have orders to say nothing to anybody. The mine, they will stop and think what it would cost in time and money, and how he would go about it, having the time and money, to find out anything of real value about the Old Dominion mines, I believe he will come to the conclusion that either Globe is full of private detectives, or else these daily statements are concocted by people who know more about certain stock deals than they do about the mine."

They Speak for Themselves....

We let the shirts we wash and the collars and cuffs we iron, speak for themselves. They will talk louder than we can. We want to be judged more by the work we do than by what we say. Give us one trial. After that you'll come here anyway.

STEEL STRIKE IS ON.

WALKOUT BEGINS AT THE HOOP AND SHEET MILLS.

MANY PLANTS CLOSED DOWN.

NEEDED REPAIRS NOW TO BE MADE BY COMPANIES.

Battle Not Expected to Start in Earnest Until Aug. 1, While Indications Pointing to a Peaceful Settlement Are Noticed.

Pittsburg, Tuesday, July 2.—The end of the first day of the strike troubles between the Amalgamated Association of Iron, Steel & Tin Workers, on the one side, and the American Sheet Steel company and the American Steel Hoop company, on the other, finds all the union plants idle and many workers from open mills who are members of the Amalgamated association on strike.

But Nominally on Strike. No more was made during the day on the part of either side to the controversy and it is doubtful if anything decisive will be done for at least a week.

Pittsburg, July 1.—As a result of the refusal of the representatives of the American Sheet Steel company and the American Steel Hoop company, subsidiary companies of the great United States Steel corporation, to sign the workers' new scale, circulars were sent out from the national headquarters of the Amalgamated Association of Iron, Steel & Tin Workers, today declaring a strike at all the plants of the two companies.

It will be several days before the actual extent is known, but at the outset over thirty-five thousand men will be involved. Almost all the plants of the combine, union and non-union will be compelled to shut down during the early part of July to give the men a rest, and it will be after Aug. 1 when the combine makes a serious attempt to start up in full.

Several Plants Already Closed. In accordance with President Shaffer's orders, the crews of sixteen mills at the Lindsay and McCutcheon mills at Allegheny are out on strike and four other crews are expected to quit.

Added interest was given the strike situation today when it became known that the two mills in dispute, which were the cause of the disagreement between the Amalgamated association and the American Sheet Steel company, were claimed by both parties. These mills are the old Meadows, at Scottdale, and the Salsburg mill. The officials who refused to sign the union scale seem as much surprised at the claims of President Shaffer that the mills were union as the president seemed to be that they should take a view of the matter from his point of view.

Signs of an Early Peace. A rumor that President Schwab, of the United States Steel corporation, might be asked to come to Pittsburg to settle the trouble now pending caused some little discussion, but both Secretary Jarrett and President Schaffer denied there was any need of his services.

All the prominent officers were on hand at the headquarters of the workers today and several private consultations were held. The present and former vice-presidents of the districts were engaged all day, and the indications are that President Shaffer expects an early adjustment of the complications. A well-known independent sheet manufacturer said today that the indications point to a peaceful settlement of the trouble.

Independents Signing the Scale. Signatures to the Amalgamated scales from the following concerns were received at the headquarters this morning: Lockhart Iron & Steel company, McKeesrocks, Pa.

Sharon Tin Plate company, South Sharon, Pa. Stewart Iron company, Limited, Sharon, Pa.

S. & G. Taylor Tin Plate company, Cumberland, Md. American Rolling Mill company, Muskegon, Mich.

Chicago Strike Averted. Wood Workers Granted an Increase of 25 Cents Per Day.

Chicago, July 1.—The threatened strike tomorrow of three thousand wood workers in Chicago was averted tonight by the manufacturers, who acceded to

the demands of the men and signed a two-year agreement granting an advance of 25 cents per day in wages.

LONG STRIKE IS SETTLED.

Erie Boiler Makers, After Fight of Six Months, Gain Their Demands.

Binghamton, N. Y., July 1.—The strike of the Erie boiler makers at Susquehanna, which had lasted six months, was settled today. All the demands of the strikers, with the exception of the abolition of the piece work system, have been granted.

Freight Handlers Tie Up Traffic.

St. Louis, July 1.—Between 350 and 400 freight handlers employed about the warehouses of the different railroads entering East St. Louis went out on a strike today for an advance in wages.

Demise of the South Dakota Statesman After an Illness of Ten Days.

Aberdeen, S. D., July 1.—Senator James Kyle died at 6 o'clock this evening after an illness of ten days' duration.

The trouble was of malarial origin and resulted in a functional affection of the heart which caused the greatest alarm. A consultation of physicians was held and the case soon took a turn for the better, the heart action growing stronger and the general condition much more encouraging.

Wisconsin Picked to Win.

Boat Crews at Poughkeepsie in Fine Trim for Today's Races.

Poughkeepsie, N. Y., July 1.—At a late hour tonight the coaches of the various crews on the river declared their men in good condition and ready to row the races. There is not a sick man in any crew and all of them were out on the water this evening, doing starts and short reaches.

The effect of the heat the last few days on the members of the different crews was shown this afternoon when the men weighed in for the last time. In many cases, especially with Cornell and Columbia, it was found there had been a loss of from two to three pounds, and the coaches attributed the fact solely to the hot weather.

Several Insurgent Officers and 350 Soldiers Have Voluntarily Taken the Oath of Allegiance to the Government.

Manila, July 1.—Four American prisoners, who had been taken from Mindoro, on June 25 in a sailboat, have been recaptured.

General Chaffee, who assumes command on Thursday next, has selected his staff as follows: Adjutant general, Colonel William P. Hall; quartermaster general, Brigadier General Charles F. Humphrey; inspector general, Lieutenant Colonel Joseph P. Sanger; military secretary, Captain Grote Hutcheson.

Argues for Closer Union. Secretary Chamberlain continued: "Yes, you may say 'No,' but you would not have said it thirty years ago."

Referring to Great Britain's isolation, the colonial secretary said: "I do not think the opinion of civilized Europe today is likely to be the verdict of posterity. Of much more value is the opinion of our colonies than the unstructured opinion of Europe, which is based upon lines foisted upon Europe by our enemies abroad and traitors among us."

Canada Satisfied. Sir Louis Davies, Canadian minister in London, who followed, said: "The Canada of today is not the Canada of fifteen years ago. Emigration is now flowing from the United States into Canada instead of from Canada to the United States."

Melbourne, July 1.—Disastrous hurricanes on the coast of New South Wales have paralyzed shipping. Two vessels have been wrecked and ten persons drowned.

Deafness Cannot Be Cured by Local Applications, as they cannot reach the diseased portion of the ear.

Weather Forecast. Washington, July 1.—The following is the weather bureau's forecast for Upper Michigan: Showers Tuesday; Wednesday, fair; variable winds.

The Greatest Purifier. DeBell's Kidney Pills cure all diseases of the kidneys. That is why DeBell's Kidney Pills cure Bright's disease, Diabetes, Rheumatism, Neuralgia, Headache, Female troubles and Urinary and Bladder complaints.

Chicago Strike Averted. Wood Workers Granted an Increase of 25 Cents Per Day.

Chicago, July 1.—The threatened strike tomorrow of three thousand wood workers in Chicago was averted tonight by the manufacturers, who acceded to

BRITISH TROOPS EVACUATE. Turn Over Their Portion of Peking to the Chinese Officials.

Peking, July 1.—All parts of Peking occupied by the British police forces were turned over today to the Chinese authorities.

Barker Case is Appealed. Man Who Shot Rev. John Keller is Temporarily at Liberty.

Trenton, N. J., July 1.—Counsel for Thomas Barker, who was sentenced to five years in state prison for assaulting Rev. John Keller, today took out a writ of error which will carry the case to the court of errors and appeals.

Reservation to be Opened. Wichita Indian Land Case Goes Against the Cattlemen.

Washington, July 1.—Secretary Hitchcock has decided there is no authority of law permitting the delay until October first in opening the Wichita Indian reservation in Oklahoma, as desired by certain cattle interests.

Yacht Marguerite, Enroute from Isle Royale, Capsizes With Wm. Brandon and Isaac Hull—Rescued by the Steamer Yuma.

Houghton, Mich., July 1.—The wrecking tug Fern of Algona, Mich., founded off Eagle River Saturday night.

Searching for the Bodies. The bodies are supposed to be in the boat, which lies in thirty feet of water.

Steamer Maine is Presented, as a Gift, to the British Navy.

London, July 1.—The Earl of Selborne, first lord of the admiralty, announced in the house of lords today that he had great gratification in informing the house that the hospital ship Maine, which was fitted out by a committee of American ladies for the use of the wounded and sick in South Africa, and which later was sent to Taku, where she took on board wounded and sick men of the various nationalities, had been presented, as a free gift, to the British navy.

The earl read a letter from President Bernard Baker, of the Atlantic Transportation company, offering the Maine and also read the government's reply, accepting the ship.

AMERICANS RECAPTURED. Futile Attempt to Escape by Four Held Captive by Filipinos.

Manila, July 1.—Four American prisoners, who had been taken from Mindoro, on June 25 in a sailboat, have been recaptured.

Several insurgent officers and 350 soldiers have voluntarily taken the oath of allegiance to the government.

WRESTLER ROONEY WINS. South Bend, Ind., July 1.—J. J. Rooney, the "Giant Gimpman" of Chicago, tonight defeated James McWeeney, a law student at Notre Dame university, in a catch-as-catch-can wrestling match, winning the first and second bouts.

Where to Stop When in Detroit. Hotel Metropolitan, Woodward Ave., opp. City Hall. European plan. Rooms, \$1 per day; with bath, \$1.50.

There's a lot of girls who have reputations as beauties. Their loveliness is caused by good health, brought about by taking Rocky Mountain Tea made by Madison Medicine Co. 35c. Stafford Drug Co.

TRAIN WRECK IN WYOMING. Cheyenne, Wyo., July 1.—The east-bound Atlantic express train, No. 6, on the Union Pacific ran into the rear end of a freight train at Rock Springs last night.

### FOUND A FLOATEK.

Body of Andrew Kappes Found in a Water Hole Near Humboldt.

A trainman on the South Shore's passenger train bound for the copper country yesterday morning noticed the body of a man in a hole from which filling for the track had been taken, at a point almost midway between Champion and Humboldt. The exact location is at Fulvert 232 on the main line. The matter was reported to the agent at Champion, who immediately wired the main office in Marquette, also the agent at Humboldt.

Later instructions were given Agent Bedford at Humboldt to send the section crew up to the place and remove the body. There is less than four feet of water in the hole in which the man drowned. The body was almost in an upright standing position, the head just below the water and the shoulders above.

It occurred to all who saw the body in the water that the man went in to cool his face. While stooping it would seem that he was seized with a cramp and drowned while in that position. While this may seem an unlikely thing to occur, his presence there cannot be accounted for in any other way.

The man's coat, hat and vest were found on shore, near the culvert. The coat and vest were folded and carefully placed alongside the track, but the wind had evidently disturbed them somewhat between the time of the drowning and the finding of the body. In the pocket of the coat was a naturalization paper bearing the name of Andrew Kappes, issued from the county clerk's office in Cook county, Ill. The deceased was a native of Germany, but nothing else is known of him.

The man was seen Saturday evening at Champion. He called at George Huber's meat market and purchased a lunch, consisting of sausage and other things. He had nothing to say to Mr. Huber, though it was assumed by the butcher that he was out in search of employment. He was fairly well dressed and did not look like a hobo.

Kappes' age, judging from his appearance, was about forty-three years. He is bald-headed, with the little hair that is on the back of the head clipped short. He has a brownish mustache and is quite stout, weighing in the neighborhood of 175 pounds.

After several attempts to reach the coroner in Negaunee without success, the case was taken in hand by O. Fish, justice of the peace at Humboldt. He empaneled a jury and after viewing the remains an adjournment was taken until today. Meanwhile an effort will be made to find out where the man came from before he was at Champion. So far as could be judged, he was walking to Humboldt when he met his fate.

### BAD RUNAWAY.

What came very near being a bad runaway occurred Sunday afternoon during the funeral of the late Joseph Pope. Frank Sharon's team was standing in front of the depot on First street. The team became frightened at something and started to run down towards Cleveland avenue at a ten-mile gait. E. C. Anthony of Negaunee was in the rig with Mr. Sharon and the two were thrown violently to the ground, but both escaped without serious injury. The horses ran until in front of Braastad's stores, where they straddled a post and came to a sudden stop. At the time of the runaway the streets were filled with people who were out attending the funeral. Had not the horses kept to the road many might have been seriously hurt.

### DROWNING AT MICHIGAMME.

A sad case of drowning occurred at Michigamme yesterday afternoon about half-past four o'clock. James Bruce, son of Robert Bruce, a lad of fifteen, was playing at the west end of the lake, down from the school house. He waded into the lake from the shore and got beyond his depth. Being unable to swim he could not save himself and was drowned before the eyes of his frightened companions, who were incapable of doing anything toward rescuing him. At a late hour last evening the body had not been recovered.

J. Hammett & Co., horse dealers, have a carload of the draft horses at their stable, corner First and Ridge streets. All persons interested are invited to call and see them. (7-2-34)

Just in 12,000 yards of Magnolia limity worth 12 cents, going at 5 cents. A snap. F. Braastad & Co.

Hopper's pure ice cream at the soda fountain is a winner every time. Hopper, Marquette. (5-1-17)

Many bargains these days. Snaps in summer goods of all kinds at Braastad's.

### ROW OVER ARREST.

Officer Tasson Is Forced to Draw His Gun Before Landing a Prisoner.

Division and Lake streets was the scene of a very lively row Sunday afternoon, when Officer Michael Tasson tried to arrest Jake Smith, who was drunk and disorderly. Smith and some of his companions were on the corner of the above mentioned streets when a crowd of Italians came along. Smith stopped them and challenged any or all of them to fight. With the exception of one all declined his offer. This one took the young man at his word and soon a brawl was in progress. It was not long before the Italian was on the ground. At this juncture the officer put in an appearance and at once placed Smith under arrest. The man refused to accompany him, resisting to such an extent that the officer was obliged to call for help. Smith then proceeded to assault Tasson and before assistance could arrive had dealt him severe punishment.

The crowd of Italians rushed to the officer's assistance and led the intoxicated man to the lockup. Outside the jail a gang of Smith's friends congregated and dared Tasson or the men who went to his assistance to come out and show themselves. The deft was accepted, the officer drawing his revolver and threatening to shoot the first man who attempted to interfere with him. The sight of the gun soon cooled the ardor of the crowd and they dispersed.

Yesterday Smith pleaded guilty to the charge of being drunk and disorderly in Justice Kennedy's court and was fined \$1 and costs.

### JOHNSON-DAHLSTROM WEDDINGS.

The Swedish Lutheran church, East Division street, was the scene last evening at 8 o'clock of the prettiest wedding that has taken place in Ishpeming in quite an interval, when Rev. J. W. Johnson of Iron Mountain and Miss Julia Dahlstrom of this city were married. The ceremony was performed by Rev. E. V. Isaacson, the pastor. The bride was attended by her sister, Miss Alma Dahlstrom, as maid of honor, and the bridesmaids were Miss Edith Gylling of this city, and Hulda and Helma Freding of Oconomowoc, Wis., all cousins of the bride. Sherman Nelson of Madril, Ill., acted as best man, and K. G. Dahlstrom, brother of the bride, C. E. Donahoe, C. F. Nolan, this city, and Theodore Thoren, Negaunee, were ushers. Edna Sundblad, the little daughter of Leonard Sundblad, was flower girl and Sigrid Grip carried the ring.

Entering the church, the bridal party came up the main aisle, the bride on the arm of her oldest brother, John Dahlstrom, meeting the groom and best man at the altar. Professor M. W. Bronan was at the organ, playing Lohengrin's wedding march. The bride was attired in a handsome gown of white satin with applique carrying bride's roses. The maid of honor wore pink silk with lace overdress. The bridesmaids were attired in pink muslin and blue, with black Gainsborough. Mrs. Dahlstrom, mother of the bride, wore a beautiful costume of black silk. At the conclusion of the ceremony the pastor made a few appropriate remarks.

The church was attractively decorated in pink and green. The marriage was witnessed by a large number of the young people's friends and members of the congregation.

After leaving the church the bridal party returned to the home of the bride's mother on First street, where a reception was tendered the happy couple. Later a repast was enjoyed by all present. The front parlor was artistically decorated with red roses; the back parlor with yellow roses and the dining room in pink and green.

Those in attendance from out of town, besides the young people who took part, were John V. Johnson and wife of Iron Mountain, parents of the groom; Mrs. E. Gilberg, Marquette; Mrs. Alga Olson, Menominee and Mrs. E. Anderson of Iron Mountain, all sisters of the groom; Rev. and Mrs. Edward Schuch and Rev. Swenson of Negaunee and Miss Carrie Reindinger of Marquette.

The groom is a young man recently ordained to the ministry at Jamestown, N. Y. He finished his education at Rock Island, Ill., a few weeks ago and has accepted a call at Rhineland, Wis. He will soon depart with his bride for that place. Mr. Johnson has not been in good health lately and he will not center upon his duties as pastor of the Rhineland church for at least a few weeks.

The bride is an accomplished young lady who has spent the greater part of her life in Ishpeming. During the past two or three years she attended a conservatory of music, completing her musical education. She has a host of friends here who join in wishing her a long life of happiness and prosperity.

If you want a cape jacket or shirt for summer we can supply you at 20 per cent off. F. Braastad & Co.

Gen'l Pass. Agent.

## Negaunee and Vicinity.

[Subscribers to The Mining Journal will please remember that carrier boys are not allowed to receive money on subscription account.]

### SAW A BOAT AFIRE.

Negaunee Whist Players Witnessed a Novel Sight at the Soo.

The Negaunee people who spent the latter part of last week at Sault Ste. Marie, participating while there in the upper peninsula whist tournament, returned Sunday night. The party was composed of Mr. and Mrs. F. D. Davis, Dr. J. H. Hudson and wife, Mr. and Mrs. J. M. Perkins, Messieurs Drake, Greene and Adams, J. H. Winter, Miss Fannie Winter, E. C. Anthony and W. L. Moss. Mrs. Louis Corbett was a member of the party going, leaving the Soo later to take in the exposition at Buffalo.  
Sunday a number of the Negaunee-ites took a launch for Cedar River, where they spent a few hours fishing. On the return trip, a few miles out from the Soo, their attention was attracted by a distress signal from the boat Avon. Fire had started in the engine room and the men on board were doing their best to extinguish it. The launch whistle was sounded and within half an hour several boats were on hand. A large passenger boat, also an ore carrier, were among the vessels that went to the relief of the Avon's crew. It did not take the crews of the larger boats long to put out the fire.  
The Soo trip was greatly enjoyed by every member of the Negaunee party.

### NEGAUNEE'S NEW WEEKLY.

The people of Negaunee will soon be called upon to contribute to the support of another weekly paper. The Adams Publishing company, which began business here a few months ago, will launch a weekly as soon as a pony cylinder press, ordered a short time ago, arrives. The paper will be known as The Iron and Copper Journal. It is assumed from this that an attempt will be made to procure news pertaining to the copper country mines as well as to the happenings on this range. It will be four pages, six columns to the page, all printed at home.  
E. W. Canning, late of The Mining Journal, has accepted a position with the new concern as reporter and solicitor. He began work yesterday. The intention of the publishers is to issue the first number about the first of August.

### WILL GET A REBATE.

Local merchants who handle tobaccos or cigars will get a rebate from the government, due to the repeal of the law relative revenue stamps contained on the packages, provided that stocks inventory above a certain figure. Most of the merchants took their inventories yesterday, others will do it today. When the work is completed a certified statement must be made and sent to Revenue Collector Leman at Grand Rapids. No rebate calling for less than \$10 will be allowed. Negaunee dealers will send in claims aggregating from \$10 to \$30. The rebate on cigars is sixty cents per thousand and on tobaccos two and four-tenths cents per pound.

### A POOR MILLIONAIRE.

Lately starved in London because he could not digest his food. Early use of Dr. King's New Life Pills would have saved him. They strengthen the stomach, aid digestion, promote assimilation, improve appetite. Price 25c. Money back if not satisfied. Sold by the Stafford Drug Co., druggists.

Negaunee patrons of J. Hammel & Co. are invited to call at their stables in Ishpeming and see their new draft horses, just in. (7-2-3d)

WANTED—A competent lady cook. Wages \$30 per month. Apply at Tom Trathen's barber shop. (6-28-1w)

## HAVE YOU TRIED THE NEW KIND?

# LYON'S NEW YORK CANDY.

IT'S VERY FINE.

WE ALSO HAVE.....  
Allegretti's and Lowney's Fresh Candy.  
J. M. PERKINS.  
Sole Agent for Chocolatier and Teller Cigars.

### WILL PICNIC FRIDAY.

The Germans of Negaunee and Ishpeming Plan an Outing for the Fifth.

There will be a genuine, old-time German picnic at Cleveland park, between here and Ishpeming, on Friday of this week. It will be held under auspices of the German Aid society of Negaunee and the Hermann Sons of Ishpeming.  
The Negaunee Orchestra band has been engaged to furnish music at the picnic all day. A concert will be one of the features. Later there will be dancing, with the band furnishing the music. It is understood that the dancing will be continued in the evening just as long as the dancers wish to remain. With favorable weather there will be a large crowd out from both cities, as there will be very little work at the mines that day. Refreshments of all kinds, including lunches, will be served on the grounds.  
The committee in charge of the arrangements is composed of Alex. Lenschek, Henry Rolfe, J. J. Leffler, P. J. Denn, John Kurt and John Westemeyer. The dance committee will be Fred Koehs, Ed. Moll and Henry Thiele. William Schneck has been chosen president of the day.

### ENJOYING THE SPORT.

The Negaunee Swimming club recently organized here with three members is developing into quite an organization. There are now fifteen members enrolled and new names are being added to the list right along. They visit the Second lake up the hill from the Anthony Fowler company's plant on the cliffs road several times a week, going out at 6 o'clock in the morning and remaining an hour or so. Most of the members make the trip on their wheels, but occasionally some of them drive out. The visits to the lake will be continued as long as the warm weather lasts.

### WILL EXPLORE FOR ORE.

Captain Samuel Mitchell and his son Sam left Saturday for Canada, where they will spend some time examining mineral lands in which they are interested. The captain has an option on quite an extensive tract and it is likely he will put a crew to work exploring before returning to this city. Much of the land the captain holds under option gives promise of proving very valuable.

### LOCAL LACONICS.

The Montreal House is receiving a new coat of paint.  
The annual sale of pees took place Sunday at St. Paul's church.

Mrs. Anthony Broad spent yesterday visiting friends in Marquette.  
Dr. H. W. Sheldon returned yesterday from Escanaba, where he spent Sunday with friends.

A meeting of the city council was held last evening when a number of claims against the city were allowed.

The announcement of three prospective marriages among members of St. Paul's church congregation were made Sunday by the pastor.

T. C. Yates returned yesterday morning from Chicago, where he spent a few days visiting his people. Mrs. Yates remained to visit a few days longer.

Negaunee will be well represented at the Northern Normal this summer. A number started in yesterday and others will begin work there after the Fourth.

Mrs. Andrew Buckley of Escanaba, who is visiting here, and Miss Alice McNabb of this city will spend the greater part of this week with friends in Marquette.

Rev. and Mrs. Edward Schuch and Rev. Swenson of this city attended the Johnson-Dahlstrom wedding at the Swedish Lutheran church in Ishpeming last evening.

The South Shore company is offering single fare rates to all who wish to visit points on the line the Fourth. The rates will be sold today and tomorrow, valid for return until Friday, the 5th.

There was the usual complaining about the intense heat yesterday. At 7 o'clock in the morning the temperature was much higher than it was at that hour on any of the warm days last week.

The "My Friend from India" company will be at McDonald's opera house July 17. Members of the Otis Skimmer and Lewis Lane companies are included in the cast, so that an unusually fine production can be looked for.

The chapel at St. Paul's church has been given the first coat of paint. The interior improvements are delayed on account of the non-arrival of the steel ceiling. It appears that the manufacturers of this material are crowded with orders, hence the delay.

Steam shovels were started yesterday at the Lillie and Negaunee mines, after a lay off of some days. Shipments of ore from the mines here are not as brisk as they might be. The Negaunee mine people have been more active than any of the other mine operators here in the matter of shipments.

The remains of the late Robert Murray, whose death was announced in yesterday's paper, arrived here on the 4 o'clock train yesterday morning. Deceased was seventy-one years of age. The funeral will be held this afternoon, at 2 o'clock from the home of Mrs. Robert Murray, and the interment will be in the city cemetery.

Any advertised dealer is authorized to guarantee Banner Salve for tetter, eczema, piles, sprains, scalds, burns, ulcers and any open or Old Sore. The People's Drug Store.

Sell Heppner's pure ice cream and make a barrel of clean money this summer. Heppner, Marquette. (5-1-1f)

Those who live on farms are liable to many accidental cuts, burns and bruises, which heal rapidly when BALLARD'S SNOW LINIMENT is promptly applied. Price 25 and 50 cts. Stafford Drug Co.

## Additional Ishpeming

SPEAK WELL OF THEM.

The Wesley & Madden company which will hold the boards at the Ishpeming opera house for three nights and Saturday matinee, commencing on the Fourth, are well spoken of by the papers where they have filled engagements. The Escanaba Daily Mirror of last Friday gave them the following very flattering mention:  
"Wesley & Madden's Metropolitan Merry Makers are O. K. They opened a four nights' engagement at Peterson's opera house last evening, presenting "Bachelor's Hall," a comedy-drama in four acts, and put up an entertainment that completely won the audience. The performance was equal in excellence to that given by many high-priced companies and was a surprise to those who expected nothing better than that they were accustomed to receive in the way of entertainment from low price repertoire organizations. In the play last night every member of the company gave evidence of plenty of ability to act, and the singing and dancing specialties were above the average. If the company maintains the standard of excellence set at last night's performance, it should do a good business here."

### NEW DANCING INSTRUCTOR.

Professor William H. Hogue, who is a member of the American National Association Masters of Dancing, organized a juvenile class of thirty members in this city Saturday, giving the pupils their first instructions at the Anderson hall. It is his intention to visit the city again this week, when a class for adults will be organized. Professor Hogue is at present making his headquarters at Marquette, where he organized classes a short time ago. During the winter months he expects to conduct business in Wisconsin towns, including Green Bay Appleton, Fond du Lac, and other places, where he has spent the past few years. He has some very flattering testimonials from prominent people from every city and town in which he has given instructions. The professor feels grateful for the encouragement thus far given him here and anticipates no difficulty in organizing large classes.

### WERE MARRIED YESTERDAY.

James Blackney and Miss Elizabeth Erickson were married yesterday afternoon at 4 o'clock at the parsonage of the Swedish Lutheran church by Rev. E. V. Isanson, the pastor. The bride was attended by her sister, Lydia, and Oscar Tislov was best man. After the ceremony a supper was served at the home of the bride's mother. Mr. and Mrs. Blackney left last evening on a wedding tour. They will visit Chicago, Milwaukee and other points.

Tired Mothers. It's hard work to take care of children and to cook, sweep, wash, sew and mend besides. Tired mothers should take How's Sarsaparilla—it refreshes the blood, improves the appetite, assures restful sleep, and helps in many ways.

We are offering summer capes, jackets and shirts at 20 per cent. off. F. Braastad & Co.

There are good profits for retailers in Heppner's pure ice cream. Heppner, Marquette. (5-1-1f)

Thos. W. Carter of Ashboro, N. C., had kidney trouble, until one bottle of Foley's Kidney Cure effected a perfect cure, and he says there is no remedy that will compare with it. The People's Drug Store.

To eradicate worms from the system give the child plain, nourishing food and WHITE'S CREAM VERMIFUGE. The result will be, the worms will disappear and the child become healthy and cheerful. Price 25 cts. Stafford Drug Co.

### SUMMER COUGHS.

The best results are found by those who use Bunsen's Fine Tar Cough Honey. One dose gives ease and rest. This is a new discovery and the only Cough remedy sold on a positive guarantee—No Cure, No Pay. Price, 25 and 50 cents. For sale by the Stafford Drug Co.

F. J. JENNISON WOULD ORGANIZE A LAND COMPANY.

WANTS A CITY BOULEVARD.

TO MAKE POSSIBLE A HOUSE AT PICNIC ROCKS.

Policemen Won't Get More Pay—Platenberg Again Turned Down—Council Has a Long and Tedious Session.

F. J. Jennison outlined a pretentious scheme, the development of which may have an important effect on the growth and continued prosperity of Marquette, at the session of the council last evening.

Mr. Jennison is part owner of a tract of seventy-five acres of land, including a fine stretch of beach, in the neighborhood of Picnic rocks.

Mr. Jennison outlined the desire of the railroad companies, the South Shore, Northwestern and St. Paul roads, to see Marquette a big summer resort and their willingness to do everything in their power to this end, except to take stock in land companies or actually build hotels.

He pointed out that the city's co-operation in the matter of the proposed boulevard was essential to the proposed land company's schemes.

Mr. Jennison was heard attentively, but there was little discussion of his project, it being too new and comprehensive for the aldermen to grasp at hand.

Aho Gets a License. The license of John Aho, the Finnish resident who has been seeking an opportunity to sell booze here for the past two months, was finally approved.

### Improved New Model

five hundred, asked permission from the gallery to speak on the question and, it being granted, he urged immediate action. The committee on licenses and trade regulations washed its hands of the matter.

The street committee presented a number of important recommendations, all of which were approved. One gives John R. Van Eyra permission to move Pickard's coal office from its present location across the street to the sixteen foot strip of land owned by the city between the Main street and the Bertha block.

The sidewalks on Lake street, between Superior and Jackson streets, and on S. Main street, between Third and Front streets, are to be abandoned.

The street commissioner is at once to secure the services of a competent engineer to prepare specifications for the Sandus township road and, as soon as practicable, the controller will call for bids on the same.

A road is to be built from a point west of Hotel Superior on Whetstone creek to that hotel, thus giving people a chance to drive there from the south-west corner of the city without making a wide detour to the southeast.

The men of the police force were refused the \$3 monthly raise for which they had petitioned at the June session.

There was another flurry over the Fisher street sewer, but the contract was not let. It will be recalled that Platenberg presented slightly the lowest bid at the June meeting of the council, but that he was turned down.

A protest from South Marquette people on account of the continued tie-up of the street car line in that section of the city was registered by Alderman Shea.

Washington Street Park. Alderman O'Neil introduced a resolution calling attention to the condition of Washington street park and dwelling on the necessity and utility of improving it.

The marshal was ordered to instruct the owners of the old South Marquette rolling mill and furnace, the scene of last week's fatality, to raise the standing walls of the property and make the premises safe.

An electric light will be placed at the corner of Rock and Third streets.

The street committee's plans contemplate the widening of Third street, between Superior and Fisher, this because of the narrowing of Lake street, which will deflect much traffic to a more roundabout way of getting down town.

Two dull-finish cabinets mounted on any style of card for 50 cents. Werner's (6-21-tf)

Takes one back to where pleasures of happy childhood are blooming. Kindles anew the pleasures of life. That's what Rocky Mountain Tea does. 35c. Stafford Drug Co.

Science has found that rheumatism is caused by acid in the blood. This poison should be excreted by the kidneys. Foley's Kidney Cure always makes them well. The People's Drug Store.

How Are Your Kidneys? P. Hoobey, 1111 Michigan St., Chicago or N.Y. Add: Sterling Remedy Co., Chicago or N.Y.

### ADVENTURE AND MASS.

They Were the Features in Coppers Yesterday.

The fiction that, of necessity, there must be a midsummer dullness in coppers seems to be in process of exploitation this year. The market yesterday had an aspect which might fittingly bear on a boom day.

Yesterday in Paine, Webber & Co.'s office were chalked the quotations which ruled on the 1st of July, 1900. Bargains like Adventure at from 2 to 3 Mass 6 to 7, Copper Range 12 to 13, and so on ad infinitum, served to impress the speculators with what they had missed.

"Profit taking carried the New York market down sharply at the opening this morning, but good buying came in and rallied prices almost back to Saturday's closing. Despite the hot weather it is plain that we still have a bull market and that it is better to buy on reactions than to sell on rallies.

Hayden, Stone & Co. wired the Laidley Commission Co. "The buying of Adventure is good and the public has every confidence in the management. The stock of Mass is being inquired about today by people who think it should sell as high as Adventure, but certainly the property has not been handled in as businesslike a way as Adventure. Buy Osceola and Mohawk on reactions. The market is likely to remain dull while this weather lasts."

### WHITE MAN TURNED YELLOW.

Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50c. Sold by the Stafford Drug Co., druggists.

### CITY BREVITIES.

Today's weather: Thunder storms, fresh westerly winds. Yesterday's temperature: 7 a. m., 73 degrees; noon, 73 degrees; 7 p. m., 61 degrees. Maximum, 76 degrees; minimum, 61 degrees.

Nels Clifton was down from Ishpeming visiting friends Sunday.

Walter Robbins and wife of Chicago are in Marquette visiting friends.

Miss Josephine Johnson left for Chicago last evening on a several days' vacation.

Miss A. M. Ward arrived home Saturday after a two weeks' absence from the city.

Miss Sarah Pendill is up from Chicago, spending her vacation with her parents.

Miss Grace Ross has assumed the position of deputy county clerk in her father's office.

The Fourth of July parade will move promptly at 9:30 a. m. It will be formed on Superior street.

Mrs. Koepcke arrived home Saturday evening from Detroit, where she has been visiting the past two weeks.

The committees for Marquette's two day celebration will meet at the city hall this evening at 8:30 o'clock to complete the program.

Miss Aurelia Vandenberg left last night for Two Harbors, Minn., where she was called by the illness of her sister, Mrs. L. D. Rose.

The Hibernians will meet in their lodge rooms at 8:30 Thursday morning for the purpose of participating in the Fourth of July parade.

Thomas Braxton and Ed Lirette, arrested on the charge of keeping their barber shops open on Sunday, had hearings yesterday. They settled their cases.

The deed recording the transfer of the property at the corner of Front and Main street to Martin Vierling was recorded yesterday. The consideration was \$18,000.

Mrs. John F. Kelly of Milwaukee, accompanied by her sister, Marion Jean Lawler, is in Marquette visiting her parents Mr. and Mrs. Patrick Lawler of Rock street.

Thirty cities and towns of the upper peninsula were represented by the pupils who enrolled in the summer school of the Northern Normal yesterday. The

kindergarten will open Wednesday. Children from four to six will be received. Parents may consult with Miss Mowbray at any time.

John Hager left for Marinette Sunday evening. He is attending the annual meeting of the Northern Michigan and Wisconsin Undertakers' association there this week.

All wishing to enter the bicycle races, which are to be a feature of Marquette's two-day celebration this week, are requested to enter their names with E. L. Francis on or before the evening of the third.

County Clerk Ross has issued marriage licenses to John M. Johnson of Iron Mountain and Miss Julia S. Dahlstrom of Ishpeming and Gustave Brandt of Saginaw and Cecilia Carlson of Ishpeming.

Oscar Zerbel has resigned his position with the Western Union Telegraph company and has taken the head clerkship in his father's grocery store, where he will be pleased to meet and wait on his well wishers and friends.

William Van Dort, who for the past four years has conducted the news service of the South Shore road, retired Monday to be succeeded by Edward Weiser, who has been his clerk for a considerable period. Mr. Van Dort is to depart for Holland, Mich., where he will engage in business.

Professor W. H. Hogue will hold his dancing classes today at 3 and 7:45 p. m. After the adult class in the evening there will be an informal hop. The last hop was successful and this evening, if the weather is cool, there will be many people in attendance. Admittance to the hall is by invitation only.

The Michigan Telephone company is now removing many of its old poles. Those being taken down at present will not be long before the poles on the portions of Washington and Third streets on which the underground system has been installed will be taken down.

There will be a meeting of the Spanish-American war veterans at the city hall this evening at 7:30 o'clock. Business in connection with their Fourth of July picnic and dance will be transacted. The veterans' hall will be held in the Casino rink, not in Fraternity hall as has been previously announced.

The D. & C. N. company will hold their steamer "City of Mackinac" at St. Ignace the morning of July 8th until the arrival of the South Shore train from the west due at 10:05 a. m. This will be for the benefit of excursionists bound to the meeting of the National Educational association at Detroit. Full announcements relative to this excursion will be found in an ad in another column.

Raoul Vannier, secretary of the Merchants' association, has been authorized by the arrangement committee to collect the celebration subscriptions, which will be turned over to E. B. Palmer, treasurer. Parties willing to assist in setting off the fireworks the evening of the Fourth, preferably parties who know something about the work, are requested to report to J. F. Neidhart at once.

Sunday fishing parties east on the line of the South Shore are the popular thing this year, largely on account of the special half fare rates offered by the road. The first day of each week sees numerous delegations catching the early east bound train for one or another of the several good trout streams down the line. The later evening passenger always carries large numbers of sportsmen, the majority of whom bear well laden baskets.

Del Benson, of Sheppard and Benson, who gave a minstrel show here under the auspices of the Elks a number of months ago, was in Marquette last week in quest of a man wanted at Bay City for murder. He slid out quietly and finally located the fellow at DuBois, where his arrest was accomplished. Dell took the prisoner, William Groulx, to Bay City yesterday, after spending Sunday at the Soo. He put in two full weeks running him down. There is a clear case against Groulx and he will certainly be convicted of manslaughter. Provoked by some little annoyance, he kicked a small boy, sitting on a street curb, in the ribs. One rib was bent inward by the blow and it caused internal injuries which resulted in death. Dell reports that his former partner, Sheppard, is on his father's farm "watching the sugar beets grow."

J. Hammel & Co., horse dealers, have a carload of fine draft horses at their stables in Ishpeming. Marquette parties interested are invited to call and see them. (7-2-3d)
