THE CELEBRATION TODAY.

Plans Have Been Completed for a Rousing Time at the Beacon Grove.

The people of Champion are so keen-interested in the celebration here today that not more than a score of so will leave the village to spend the day at other points in the county. Only se who are obliged to go will leave. The program of events to be run off vill satisfy everyone, old and young. The parade of calithumpians in the norning will easily be the best ever seen ere. There will be some interesting epresentations, as a number of the ung men have been working for some time getting their outfits in shape. The omedy make-ups will be numerous, idging from the collection of masks old by the dealers. The prizes offered for the best representations are the argest ever given in the county.

Some of the best wrestlers in the uper peninsula are expected here to don the jackets this afternoon. There will be several men up from Ishpeming and it would not surprise anyone here if Rowett should show up. It was ru-mored during the early part of the week that he was coming here in preference to any of the other towns in this secion, the prizes being larger.

The athletes of the town are much inrested in the running and jumping ntests. Some of the young men have een getting up mornings at 5 o'clock to train for the contests. Others have rained at night.

Considera ... e work was done at the grove during the week. Several refreshment stands were built and some cleaning was done. The grove presents a most inviting appearance and it is cer-tain that all who visit it during the day will enjoy the festivities. The Ishpeming City band will be there all day and there will be dancing during the afternoon, with music by the City Band or-
