DISASTER ON RAILS

HEAD-END COLLISION IN MISSOURI COSTS SIXTEEN LIVES.

NEARLY A HUNDRED INJURED.

ACCIDENT DUE TO A MISTAKE OF A CONDUCTOR.

Passenger and Freight Meet on a Curve and the Result is Appalling, Fire in the Wreckage Adding to the Horror.

Kansas City, Thursday, July 11.—Mrs. S. C. Harry of Hoopston, Ills., died at 1:30 o'clock this morning, and Leslie S. Coleman of Rawpaw, Mich., and Mrs. J. D. Adsit of Hoopston, Ills., will not live through the night.

Kansas City, July 10.—Sixteen persons, two probably fatally injured and a large number of others less seriously hurt is the result of a head-end collision between a passenger and a fast livestock train on the Chicago & Alton railroad near Sorton, Mo., this morning. Six were killed outright, three died on the train conveying the maimed to Kansas City and seven died in hospitals in this city.

Names of the Dead.

Killed outright—Daniel McAnna, Slater, conductor of the freight; P. J. Anderson, Slater, engineer of the freight; Frank Briggs, engineer of the passenger; I. S. Rogers, Chicago, United States Express messenger; Mrs. Gilland and daughter, Goodland, Ind.

Died on Train—D. W. Hooker, Syracuse, N. Y.; Mrs. C. W. Snyder, Jasper, Ills.; G. L. Roy, cashier Wilmington (Ills.) bank.

Died in Hospitals—Daniel Donnelly, Meador, Mo.; Alton of freight; Mrs. E. J. Curtis, Geneseo, N. Y.; Mrs. Dickson, Wilmington, Ills.; Sydney Jones, Kansas City; Miss Lulu Rider, Kentland, Ind.; unknown woman.

List of the Injured.

Injured—O. D. Sanborn, Chenoa, Ills., head, hand and face scalded; E. A. Kaufman, Chicago, back and arm sprained; Mrs. Bertha Mitchell, Pontiac, Ills., hand and face scalded; Dr. J. A. Smith, Chicago, hand and face scalded; Mrs. Libbie Elkins, Bloomington, Ills., hands and face scalded.

Badly Scalded—Marguerite Finneane, Zola Harry, Hoopston, Ills.; C. E. Null, Mexico, Mo.; Gus Williams, colored porter, New Orleans; Miss Sadie E. Taylor, Wilmington, Ills.; Mrs. J. A. Miller, Bloomington, Ills.; Julia Hayslip, Chenoa, Ills.; Leona Miller, Bloomington, Ills.; Mrs. S. A. D. Harry; Professor S. A. D. Harry, Hoopston, Ills.; Leslie L. Coleman, Paw Paw, Mich.; Mrs. Walker, Hoopston, Ills., supposed to be from Chicago, unconscious; an unknown woman, unconscious. All the above injured are at St. Joseph's hospital.

At University hospital are: Miss Emma Dickson, Wilmington, Ills., face and arms burned; Ed Walker, Louisville, O., slightly; Mrs. Katherine Walker, Louisville, O., limbs and face cut; G. P. Dickson, Fairburg, Ills., slightly; Miss Ora Tollman, Valparaiso, Ind., face and arms burned; Mrs. Levi Archer, Coombsville, Ind., left arm fractured and burned; face cut; Mrs. Mary Mayer, Louisville, O., slightly; Mrs. Anna Morrison, Valparaiso, Ind., face and arms badly burned; E. C. Bray, Chicago, neck sprained, head cut and internal injuries; Miss Lottie Still, Hornellsville, N. Y., face, arms and hands badly burned; Miss Hilda Hayslip, Chenoa, Ills., back, shoulders, head and face seriously scalded; E. M. Hayslip, Chenoa, head cut, hands and wrists burnt; Mrs. C. W. Snider, Jasper, Ills., face and arms burned.

Conductor to Blame.

The passenger train was traveling in three sections on account of the heavy Epworth League business to San Francisco. The wrecked train was the first section and contained no Leaguers.

Conductor McAnna, of the freight train, eastbound, had been ordered to meet the second section of the passenger train at the next station east of Marquette. He apparently overlooked the fact that the first section, which was fifty-nine minutes late, had not passed. The front brakeman of the freight, who was about four cars from the engine, says that Conductor McAnna assumed the lead himself on leaving Marshall and was running the engine when the collision occurred.

The trains met two miles west of Norton on a curve surmounting a high embankment. A relief train started from Kansas City at noon and returned here with the injured this evening. Those who died enroute were taken to undertakers, while the others were distributed between two hospitals. The six killed outright were left at Slater, Mo.

Cars Are Telescoped.

The passenger train consisted of an engine, combination baggage and express car, diner, smoker, chair car, tourist sleeper, Pullman sleeper and observation Pullman. The train, westbound, was due at Marshall at 6:44, but was fifty-five minutes late. The freight, eastbound, left Marshall at 7:25 in an attempt to make Norton and met the passenger five miles east of Marshall.

When the crash came, the smoker and diner were telescoped, turned to one side and went by the baggage express car and engine and down the embankment. But few in these cars were injured. In the chair car, half a dozen received scratches and bruises, but the greater number of victims were those in the tourist sleeper. This car was telescoped and fell on top of the engine. The passengers were

horribly burned and scalded by the escaping steam. The chair car was piled up close by. The Pullman sleeper and observation cars remained on the track and the occupants escaped with a slight shaking up. The passengers who were unhurt went quickly to the aid of the injured in the forward cars.

The tourist sleeper and chair car soon caught fire and were completely burned. The wreckage is piled high and it is feared several bodies are still in it. The baggage car was completely wrecked, and freight cars are piled up on both engines and are burning.

Every physician in Marshall and Slater responded to the call for help, and everything possible was done to make the sufferers comfortable.

NEBRASKA JUSTICE SWIFT.

County Treasurer Norlin Is Sentenced to Six Years' Imprisonment.

Minden, Neb., July 10.—County Treasurer Alvin Norlin, who last night confessed to the embezzlement of \$10,000 of the county funds and admitted setting the court house on fire to cover up the crime, tomorrow will be taken to the penitentiary at Lincoln. This evening, at Norlin's request, a special session of the district court was convened, the embezzling treasurer entered a plea of guilty and was sentenced to six years' imprisonment and a fine of \$5,400, the amount of his shortage after the restitution of yesterday.

DOWIEITES MOBBED

FOR THE THIRD TIME THEY ARE DRIVEN FROM EVANSTON.

TOWN IS INVADIED IN FORCE.

200 ZION FOLLOWERS PAY IT MISSIONARY VISIT.

Are BombarDED With Eggs and Vegetables by the Crowd and Then a Stream from a Fire Hose Finishes the Rout.

Chicago, July 10.—Two hundred followers of John Alexander Dowdie made another attempt to convert the citizens of Evanston tonight and failed, as on the former occasions. Half were followers of "Zion" and the remainder members of the paid body guard which Dowdie maintains.

The guards formed around the Dowieites proper to hold back the crowd of fully fifteen hundred which had gathered. Eggs and vegetables were speedily prominent in the proceedings, and the Dowieites were spattered with the yolks and battered with the vegetables. Several fights resulted, with damaging results to the guards.

The entire police force of Evanston was called into service, and after the chief of police had ordered the Dowieites to withdraw and had met with refusal, he ordered his men to charge them, but the guards held the police back by force of numbers.

The crowd, meanwhile, was growing ugly, and Mayor Bates ordered out a fire engine. The firemen turned a four-inch stream on the Dowieites, bowling them over like topknots. Women as well as men were thrown down by the stream. As the Dowieites fled, the bombardment of eggs and vegetables was resumed.

Elder Piper was arrested on the charge of disorderly conduct, and about twenty other Dowieites were taken into custody to save them from the crowd in the streets.

The Dowieites say they will return in greater force, and the people of Evanston declare it will only make the next riot so much larger.

CHICAGO LIKE OVEN

HOT WAVE RETURNS AND WITH RENEWED VIGOR.

ALL PAST RECORDS BORKEN.

MERCURY CLIMBS TO 102 AND WIND IS STIFLING.

Chicago, July 10.—Not since the establishment of the weather bureau has this city experienced such terrible heat as affected it today. One hundred and two in the shade in the office of the weather bureau was the high record, the highest previous mark being on July 16, 1887, when it reached 99.8. The wind blew with force from the west and southwest, and a hotter or more stifling air was never felt in the city before. The air was so dry, however, its effects were not as disastrous as would have been the case had greater humidity prevailed. Tonight the wind changed to the north-east, blowing off the lake, sending the mercury down twenty degrees within an hour. Twenty-three prostrations are reported, but no deaths. The hot spell is prevalent throughout the state.

Des Moines, Ia., July 10.—It was 101 today, the hottest of the summer.

Reports from different parts of the state indicate considerable damage to grain. At Davenport, it was 105, at Burlington 102 and at Keokuk 105, all these being the highest ever known. A high wind blew all day like a furnace blast. There is no pasture, no hay and practically no vegetables in the market.

St. Louis, July 10.—The thermometer stood at 103 today. Eight persons whose minds have been affected by the heat have been received at hospitals. At Kansas City, it was 102.

St. Joseph, Mo., July 10.—It was 109 here today, the highest this summer. The corn crop in northern Missouri is killed.

Topeka, Kas., July 10.—The temperatures throughout the state today reached from 100 to 108. On account of the dryness of the atmosphere, few prostrations are reported, but the damage to crops and fruit is widespread.

Lincoln, Neb., July 10.—It was 103 throughout Nebraska today. The hot winds have ruined oats and potatoes. There was one death in Lincoln.

Madison, Wis., July 10.—There were two prostrations today. The temperature reached 99.

RUN DOWN BY STEAMER.

Fishing Craft Lost With Eighteen Men on the Grand Banks.

St. Johns, N. F., July 10.—A fishing vessel from the banks which arrive at Cape Broyle today reports that the American fishing vessel Winona, belonging to Gloucester, has been run down off the Grand Banks by an unknown steamer. Eighteen of the crew were lost and two men rescued by the Newfoundland schooner Burin. The Burin has not yet brought the survivors to land.

BRITISH NAVAL MANEUVERS.

London, July 10.—The British admiralty issued instructions tonight for 169 vessels of the navy to engage in maneuvers, beginning July 29.

BRYAN REPUDIATED

OHIO DEMOCRATS TURN FROM THE NEBRASKA LEADER.

HIS PROTRAIT TRAMPLED UNDERFOOT

BUT SIX VOTES OUT OF 950 FOR THE SILVER ISSUE.

Tom L. Johnson Controls Convention, the Platform Declares for Taxation Reform and Monnett, for Attorney General, Is Knifed.

Governor—James Kilbourne. Lieutenant Governor—Anthony Howells. Judge Supreme Court—Joseph Hidy. Attorney General—M. B. McCarthy. Treasurer—R. P. Alshire.

Columbus, O., July 10.—The above ticket was nominated by the Democratic state convention today. The convention had more prominent men as delegates than any convention of the Democrats of Ohio for many years. It was also otherwise distinguished. It had no slate to break on the state ticket, or it would have been smashed in the so-called contest for principles rather than for men.

The nomination of Colonel Kilbourne was appropriately called one of "spontaneous combustion." Howells, Hidy and Alshire were favorites at great odds from the start. Hon. Chas. P. Salen, a representative of Mayor Tom L. Johnson of Cleveland, was both temporary and permanent chairman of the convention, and the delegates repeatedly quoted Senator Hanna by shouting "Salem knows his business."

Monnett Never in the Race.

It was currently reported that Johnson desired the nomination as attorney general, and that the McLean men wanted Monnett defeated. At any rate, the defeat of Monnett was so decisive as to be a feature of the convention, and he was taunted by the friends of McCarthy, who was being called an "also ran" of the floor of the convention until one of the Monnett men circulated the report that McCarthy was an attorney for the Standard Oil company.

Monnett, as attorney general, brought suits against the Standard Oil company and other corporations to cancel their charters under the anti-trust laws. He sought a third term nomination from the Republicans on the issue that he should be retained in office to continue these prosecutions. After his defeat for the nomination in 1899, he supported Bryan in 1900 and in other states with Bryan. Judge Snallow, in presenting Monnett's name, said he was known from the Golden Gate, San Francisco, to Hell Gate, New York, as an enemy of trusts.

Bryan Revolt Is Starting.

In the alleged stampede "for principles rather than for men," the most striking turn of the convention was on Bryan. The most bitter things were said of his leadership in the committee on resolutions this morning, where it was insisted that his name should not be mentioned and that there should be no reference to either of the national platforms on which he made his campaigns.

After this plan had been agreed upon, one of the twenty-one members of the committee offered a minority report, reaffirming the Kansas City platform and expressing confidence in Bryan. He received only six votes out of 950 for his substitute for the platform preamble. A few moments after the platform was adopted, one of these six delegates started to carry small banner with Bryan's picture on it to the platform. The aisles were ordered cleared and the picture was trampled underfoot and spoiled during the wild demonstrations when Kilbourne was escorted into the hall.

McLean Forces Routed.

The convention convened under peculiar circumstances. All the more conservative elements, headed by the McLean faction, had combined in the preliminaries against the friendship of Bryan, but the combination was not maintained after the committee were selected, and in the committee on resolutions, where the real contest occurred, the Johnson men won and their favorite views on the state matters and other national issues. There is no confirmation of the Kansas City or any other platform, no mention of previous platforms or of Bryan.

The platform adopted calls for radical reform in municipal government, and condemns the reckless extravagance of the Republican state legislature. It demands the abolition of the protective system and the substitution of a tariff for revenue, the suppression of all trusts, a return to industrial freedom, that all trust products be placed on the free list and that the government should abolish all discrimination in transportation rates. It opposes any extension of the national boundaries not meant to carry to all the inhabitants full and equal rights with ourselves, demands the restoration of the merchant marine, the maintenance of the Monroe doctrine, a wider application of the civil service principles, the election of senators by direct vote, and the punishment of all official misconduct and corruption. It reaffirms the Jeffersonian principles of the Democracy, and expresses sympathy with the Boers.

FAILED TO CLEAN UP. COUNTY TO SEND FIVE AGENTS. Warrants Sworn Out for Arrest of Six Houghton Property Owners.

Yesterday warrants were sworn out at Judge Casper Brand's office for the arrest of six Houghton property owners who have neglected to clean up their premises after being notified to do so by Dr. Jones, the village health officer.

It is the evident intention of Dr. Jones to see that Houghton is kept clean and in good preservation. It is seen that all debris is raked up and carried away.

SITE FOR RESERVOIR PICKED. Houghton Officials Plan to Increase the Water Storage Room.

Tuesday afternoon several of the Houghton authorities, including Mayor Croze and Councilmen Fred Stoyke, Martin Foley and Christof Fox, and Engineer J. F. Jackson of Houghton visited the old Huron spring with a view to looking the ground over for the building of a new reservoir for water storage at that place.

It was long ago decided that another storage tank was a necessity and for some time the council has been casting its eye in the direction of the old Huron spring, the district thereabouts being considered the best location for the new reservoir because of the good supply of water from the springs at that place.

It was decided on Tuesday that a retaining wall to dam in the water be built, and at the next meeting of the council that matter will likely come up for settlement. The additional tank will afford plenty of storage room and the village will not be troubled about its water supply in the future.

FIRE APPARATUS DUE NOW. Houghton Department Soon to Be the Best Equipped in the County.

The new fire apparatus which was some time ago ordered by the Houghton council is expected to arrive this week or the fore part of next. The hook and ladder truck has been completed at Racine, where it has been in course of construction at the manufactory since it was ordered several months ago.

TO TRAM BY ELECTRICITY. Quincy Decides to Install the System in No. 6 Shaft.

The Quincy will be the first mine in the copper country to introduce the electrical system of underground tramways, and has already ordered a complete equipment for the forty-sixth and forty-ninth levels of No. 6 shaft.

The outfit will consist of two locomotives, each having six rock cars, the hauling capacity of each locomotive being four cars, holding four tons of rock each, or sixteen tons in all.

Electrical experts visited the mine on Tuesday and made all the necessary arrangements previous to the wiring of the levels for the new system. It will be a complete revolution in one phase of underground mining, for nothing of the kind has ever before been attempted in this section of the country.

In Other Levels If a Success. The Quincy has been considering the introduction of electrical tramways for some time and rumors to that effect have leaked out on different occasions, but it was only until this week that definite news of the company's action in the matter has been heard.

Electric Lighting, Too. The underground wiring which will be made necessary for the electrical tramways will enable the Quincy people to install a new system of underground electric lighting and although it will not do away with the candles now used by the men it will serve to illuminate certain places in the mine to better advantage.

Possibilities of Consolidation. To throw the above three properties into one, as seems to be ultimately contemplated, means the constituting of a property with possibilities second to none in the copper district—save perhaps the bonanza Calumet & Hecla.

PICNIC AT THE ENTRY. The annual excursion and picnic of the church of the Holy Trinity will be held July 17. The entry will be the scene of the picnic and the excursion to that popular resort will be made in the pleasure barge Dilem and Hennes' tug.

The much talked of \$50,000 work bonds proposition was carried at the special election held at Pontiac Monday, 761 votes being cast in favor of it and 121 against it. The money to be secured by bonding the city will be expended for extending the main line in various parts of the city away with dead ends and in adding machinery to the pumping station. The proposition was submitted a year ago in materially the same form, but with it was submitted a proposition to bond the city for the purchase of the mill pond property belonging to the Pontiac Knitting Works Co., which met with disfavor on every side. Both measures were lost at that time.

A Grand Haven young man who graduated from the dental department of the University of Michigan last year recently hung out his shingle in the little prairie town of Valer, in the northwestern Nebraska. Two nights after embarking in business he joined the business men's association of the town, and he writes home that it was very much a wild west affair. The young dentist was bludgeoned and taken three miles into the country, where he was stripped of all his clothing and given only an Indian blanket. His captors drove home, and the young business man managed to slide into his hotel at 3 o'clock next morning. He writes home advising his friends to locate elsewhere than in the west.

RECOGNIZED AT WASHINGTON. The only instance on record of a post office being named after a patent medicine, was last year, when in Wetzel county, W. Va., a new post office was established and named Kodol, after the famous Kodol Dyspepsia Cure, manufactured by E. C. DeWitt & Co. of Chicago. It had given such satisfactory results that the name was unanimously selected by the people for the new office and adopted by the department at Washington, D. C. This action was entirely voluntary on the part of the people of the community, without any solicitation whatever from the manufacturers of Kodol Dyspepsia Cure. In fact the first knowledge they obtained regarding the matter was when they received a letter bearing the post mark "Kodol, W. Va." and the contents fully explained the circumstances. For a verification of this statement the reader is referred to the latest Post Office Guide. A preparation so highly prized by a community must be worthy of the greatest confidence.

STRONG AND THEN WEAK.

There Was Considerable Fluctuation in Coppers Yesterday. Coppers were strong early yesterday, there being gains all up and down the list. They broke somewhat before the close and there were small declines.

"A sharp decline in the New York market today was followed by further unfavorable crop reports. The traders have been very timid since the May 9 panic and on the first show of weakness all try to sell at the same time. The money market has been in rather an unsatisfactory condition and the two sharp drives at prices this week will have a good effect on the whole speculative situation. The coppers declined in sympathy with the New York list, but at no time was there any real pressure to sell mining stocks. Scores of traders are waiting for an opportunity to buy more coppers in the event of a reaction. The coppers are in a strong position and they should be bought whenever they are weak."

Hayden, Stone & Co. wired the Laidley Commission Co.: "Coppers are strong on Lake buying. There are very large orders in on Victoria. We think they are for people close to the management. There is some good buying of Mass. We believe the break in New York will stop the upward movement here for the present, but the people who have Boston stocks are making more money than those who have New York stocks."

A. R. Jones & Co. said of wheat: "There was a much lighter tone to the market today. Shorts covered freely early, and there was a noticeable change in the sentiment as regards probable prices in the near future. The trade is beginning to realize that a large crop is in sight, and the break in New York will stop the upward movement here for the present, but the people who have Boston stocks are making more money than those who have New York stocks."

SITE SELECTED.

New Carnegie Library to Be Located Near the Division Street School.

At last night's meeting of the city council the committee appointed to select a site for the new library building reported that it unanimously favored locating it on the city property east of the Division street school. The lot will be plenty large enough for the edifice, and has many advantages over the other sites offered. The committee reported that it had carefully considered all the properties offered, and had decided that the Division street location is the most desirable. It is owned by the city and this in itself is a saving of between \$3,000 and \$6,000. Then it will not be necessary for a heating plant to be put in the building, as steam can be supplied from the power house of the manual training school. Not only will the original cost of the heating plant be saved, but an engineer's salary, for one would have to be employed should the building have its own plant. The planing of the library on Division street will give the city a handsome group of public buildings there. This had great weight with the committee.

The council, after little discussion, adopted the report, subject to some necessary arrangements, and steps will soon be taken to start construction of the building. Plans will be called for and the contracts awarded as soon as possible. Ground for the foundation will probably be broken and the work begun this month. The building will contain bath rooms, besides the library proper. It is the intention of the library committee to have part of the building apportioned off into small rooms for study, where a teacher can bring a class and conduct library reading lessons without disturbing the other patrons.

The selection of the committee met with the approval of all who heard of it last evening. The location is central and easy of access from all parts of the city. The other sites offered were the Tilson residence property on North Main street, the corner at Division and Pine streets owned by A. W. Meyers & Co., the Methodist church site and the Swedish Baptist church property. The prices for these properties ranged all the way from \$3,000 to \$6,000.

The special library committee is composed of Mayor W. H. Johnston, Dr. T. A. Felch, Captain Thomas Walters, G. R. Parsons, J. D. West and M. M. Duncan.

CHANGE IN BUSINESS.

Andrew Hall, the blacksmith and wagon builder, yesterday disposed of his business to Harold Trosvig, who has been in Mr. Hall's employ for the past eight months. Harold is a natural born mechanic and likes the wood working business very much. Mr. Hall says he has never known a young man who can handle tools and turn out better work with less supervision than Trosvig. Before entering Mr. Hall's employ Harold spent twelve years with F. Braastad & Co., working in every department of the establishment. For a time he did most of the window trimming and the carpenter work in connection therewith in the dry goods and clothing departments.

Mr. Hall will remain at the shop a few months assisting the new proprietor. He intends to go west just as soon as he can get his affairs closed up, though he has not yet decided where he will locate. The Trosvig shop is one of the oldest, largest and best in the upper peninsula. It was established twenty-two years ago by Ole Walseth, who was very successful in the business. The machines are operated by electric power and the equipment modern in every particular. Mr. Trosvig is a hard worker and those who know him best predict a large measure of success for him in his new venture.

SOLD I. S. CALUMET LIST.

The Superior Posten has sold its subscription list in Calumet and Laurium to the Calumet Posten, a new Swedish paper, the first number of which will be issued Saturday. Hereafter the Superior Posten will not look for business in the copper country out will leave that field to the new weekly. Its entire list has been turned over to the manager of the Calumet paper.

The new paper will be a seven-column quarto and will be issued every Saturday. As there are hundreds of Swedish families in that section the publication should prosper. Otto Lernerison will edit the Calumet paper.

THE ROYAL ARCANUM.

Amateurs to Produce the Play This and Tomorrow Evening.

The scene of the play, "Hazel Kirke," which the Catholic Dramatic club presents at the opera house tonight and also tomorrow evening, is laid in England and its story is one of great interest. Hazel is the daughter of a wealthy miller, who has lost his fortune, and who borrows money from the squire to keep his business together. One of the conditions on which the money is loaned is that the miller will give his daughter in marriage to the squire. Kirke readily agrees to this proposition. Hazel is sent away to school to be educated at the squire's expense. Upon her return she falls in love with a young nobleman who was rescued from drowning by her father. When the old miller urges her to marry the squire she refuses and declares her love for the nobleman. In a fit of rage her father drives her away from his home and forbids her to return. She marries the nobleman and settles in the northern part of England. Shortly after the marriage it is made known to her that under the law she and her husband are not wedded for the ceremony was performed in England under Scottish rites. The young bride, half frantic, leaves her husband's home, wandering aimlessly about the country. At last she lands at her father's house and finds him insane and blind caused by a fever brought on by worry about his daughter. There is a fond greeting and reconciliation. Hazel's husband comes on the scene at this juncture and is received with open arms. The old man recovers his sight and senses and as usual everything ends in a most agreeable manner.

ISHPEMING IN BRIEF.

W. J. Gill was down from Champion yesterday.

J. E. Bush of Eben was in the city yesterday transacting business.

Rev. J. M. Langan spent yesterday at Lake Lory on a fishing excursion.

The curtain will rise at 8:15 tonight for the performance of "Hazel Kirke."

J. T. Burke's family and Miss Mae Smith are spending this week at Camp Lory.

Mrs. L. L. Newton of Mountain Iron, Minn., is spending a few days with her parents, Judge and Mrs. H. H. Mildon.

M. C. Scully and his daughter Irene left yesterday for Calumet, where Miss Scully will remain a week visiting friends.

Miss Ada Mildon has gone east for the summer. She will spend some time at Martha's Vineyard and return by way of Mackinac.

Victor Engstrom of Calumet is in the city transacting business. His wife is also here but will leave in a few days to visit friends at Iron Mountain.

The employees of the Swedish Co-operative stores are taking the semi-annual inventory. Several other firms also have their help likewise employed.

C. L. Burgerier, an impersonator and humorist, will give an entertainment in this city on the evening of July 17, under the auspices of the Lady Macabees.

Mrs. James H. Rough and her son James left Monday for Hancock, where they will spend ten days or more visiting Mrs. Al. Bohrer, daughter of Mr. and Mrs. Rough.

J. L. Van Brocklin and family will leave this morning for an outing at Camp Clark. They will be accompanied by Miss Jessie Nelson. Two weeks or so will be spent at the camp.

The extensive improvements under way at A. B. Miners' dwelling, formerly A. W. Myers' home, will soon be finished. A complete new roof has been put on and many other important changes have been made.

Manager Alex. Erickson of the Ishpeming baseball team is endeavoring to arrange a game for next Sunday at the Union Park grounds. He expects to capture the Mass City team or the Munising nine.

Not a few complaints are heard about the condition of the road leading to the cemetery, particularly beyond the foot of the hill near Vine street. There are holes, which are dangerous when the roads are muddy.

The ladies of the Presbyterian church will be pleased to have their friends call at the Robbins' block tomorrow evening and sample their ice cream, cake and strawberries. Visitors may come any time after 7 o'clock.

Several of the retailers about town are giving their clerks their annual vacation. In almost all the stores two or three employees are absent. Several of the clerks at the mine offices are also taking their summer layoff.

T. J. Heard, the Cleveland avenue barber, and Miss Esther Carlson, for many years a resident of this city, were married last night at the home of the bride's parents at Cartwright, Wis. They will arrive in Ishpeming some day next week.

A hay loader was taken out to Braastad's farm near Teal lake yesterday. It is the first machine of its kind to be put in use here. Mr. Braastad has a splendid crop of hay this year. Others having farms in and near this city also report good crops.

The front entrance to the second floor of the Robbins' block has been opened, extending between the two stores. The rooms above will soon be ready for occupancy. Mr. Dundon intends to rent them for office purposes. They are convenient in every way and all will be modern in arrangement.

Thirty of the clerks employed in F. Braastad & Co.'s stores enjoyed an outing at Cleveland Park Tuesday evening, going down at 6 o'clock after the closing of the stores. They had supper on the grounds, afterward dancing and playing games of various kinds. Another outing is now being arranged for an early date.

The marriage of Miss Millie Page and Frederick Marks of Saginaw will be

solemnized Monday, July 15, at the home of the bride's mother, Mrs. Hannah Page. The ceremony will take place at 10 o'clock a. m., in the presence of the family. Rev. J. M. Langan will perform the ceremony. Mr. Marks is well known in this city, having resided here for some time.

Herman Tellman, who has managed the Nelson House for the past nine months, has resigned and will leave for Chicago July 15. Mr. Tellman has several flattering offers from eastern hotel proprietors but up to this time has not decided where he will locate. Before settling down in any position he will visit at his home in Chicago and will later take in the Pan-American. Mr. Tellman has made a popular manager and it was with great regret that the owner of the hotel, Mr. J. P. Outhwaite, accepted his resignation.

A ROUTINE SESSION.

Council Meeting Tuesday Evening Short and Uneventful.

At Tuesday evening's session of the council nothing but routine business was transacted. No unusual business came up for consideration and most of the evening was spent in hearing the reports of special and standing committees.

The council turned down Road Commissioner Thomas' petition for an advance in salary of ten dollars per month. It was not even referred to the finance committee.

The council approved the action of the special committee in awarding the contract for repairs to the city building to L. E. Chaussee for the sum of \$1,340.

The street and highway committee had several reports to make, among which was the one in reference to opening a road over the railroad tracks at Blair's addition.

The petition of residents at Grand Central for an are light at that location was rejected. The finance committee asked for additional time in the case of Captain Samuel Mitchell, who asks for a rebate for taxes paid in 1900.

The supervisors of this city went down to Marquette yesterday to attend the session of the county board.

Mr. and Mrs. A. Hoeking of Republic are visiting this week at the home of Captain and Mrs. Alfred Newcombe.

The members of Iron Mountain Lodge of the Odd Fellows will hold installation of officers in their lodge rooms tonight.

Among the delegates. Besides these two gentlemen, about fifty fire fighters will go down to boom Negaunee and to present her claims for the tournament.

It is estimated that the tournament will bring about five thousand guests to the city. Negaunee can make ample provision for the accommodation of that number of visitors.

Fred Hakenjos, who has recently opened a shop on Iron street to carry on the business of plumber and gas fitter, is an old resident of Negaunee.

Mr. Hakenjos hopes to receive the patronage of those wanting work done in his line. He feels confident he can give satisfaction and assures his friends of prompt attention to all orders.

MARQUETTE COUNTY WAS EQUALIZED AT THAT FIGURE.

SUPERVISORS MET YESTERDAY

THERE WERE SOME REDUCTIONS FROM ASSESSMENT ROLLS.

These Footed Up \$24,166,574—Yesterday's Session Preliminary to Meeting of State Board to Be Held at Lansing in August.

The supervisors met as a board of equalization yesterday. Little business other than a consideration of the report of the committee on equalization came up and an early adjournment was taken.

Yesterday's session was Marquette county's preliminary to the meeting of the state board of equalization, called for August 15, and the figures approved will be submitted to that body.

For the past five years it has been expected that Marquette county's annual tax rolls, as equalized each fall by the supervisors, would aggregate \$18,000,000, this being the figure at which the county was equalized at the last session of the state board. This they have done, with little variation, the advent of the tax commission in this section of the state, while it resulted in an increase of the individual rolls, making comparatively little difference with the supervisors' equalization.

How Distributed.

This aggregate of \$18,618,000 is distributed among the cities and townships as follows: Marquette, \$3,850,000; Isabella, \$5,775,000; Negaunee, \$3,327,000; Champion, \$972,000; Chocoma, \$108,000; Ely, \$271,000; Forsyth, \$438,000; Humboldt, \$200,000; Ishpeming, \$469,000; Michigan, \$554,000; Marquette, \$256,000; Negaunee, \$140,000; Republic, \$1,100,000; Richmond, \$244,000; Sandus, \$86,000; Skandia, \$173,000; Turin, \$244,000; Tilden, \$442,000; West Branch, \$69,000.

The majority of these valuations were not changed from the figures on the rolls prepared by the several assessing officers. In no cases were any advances made over these figures, but in a number of instances, particularly in the cases of the three cities, notable reductions were approved.

Following is a list of the cities and townships reduced and a memorandum of the reductions: Marquette, \$2,563,000; Ishpeming, \$2,023,854; Negaunee, \$1,235,245; Chocoma, \$25,265; Michigan, \$13,743; Republic, \$121,087; Tilden, \$208,544. The reductions totalled \$6,290,773, the aggregate of the rolls as they left the assessing officers hands being \$24,166,574.

The aggregates of the rolls for the three cities are: Marquette, \$6,413,035; Ishpeming, \$7,798,854; Negaunee, \$4,462,245. From these figures it is plainly evident that right here the demand for cash valuations was taken most seriously.

Will Be Raised.

Well informed men expect that the state board of equalization will give Marquette county a substantial raise over the \$18,000,000 at which it has stood the past five years. As far as can be ascertained raises will be the style and they will be made all up and down the list. It is believed that Marquette's equalization will be advanced to over \$20,000,000 and some good judges expect to see it placed at about the figure at which the several rolls, as prepared by the assessing officers this spring, total, approximately \$24,000,000.

The supervisors have designated Frank Bell of Negaunee and M. J. Sherwood of Marquette to represent this county at the sessions of the state board. These gentlemen are well informed concerning tax matters and they will go to Lansing with a determination to do their best by their mission. They will endeavor to have Marquette county accorded fair treatment.

A photometer has been received by the electric light and power commission from the Bryan-Marsh people of New York. It was presented with a large order for incandescent lamps. It has been set up in the commission's office. The photometer is designed to determine the efficiency and strength of different incandescent globes and it will enable Superintendent Retallic to make valuable observations.

Commencing Sunday next the St. Paul road will place in effect at Iron Mountain and Crystal Falls an excursion rate to Marquette and return, of \$1.50. Tickets will be good on the train arriving here at 10:40 a. m. and, for the return trip, on that leaving at 6 p. m. This rate will be continued on each Sunday throughout the summer. It should be the means of bringing many Iron Mountain and Crystal Falls people to Marquette.

George A. Genell, A. C. Lindington and T. Reynolds lined themselves to the old fair grounds yesterday afternoon and had some rare sport with their shot guns and the pigeons. They used one trap, but succeeded in getting along nicely. They did some good shooting and the scores were creditable. It is said that something is going to be done to revive the interest in trap shooting in this vicinity. There was a time when it had many devotees and when Marquette boasted a large and enthusiastic club. There are many good shots in the city and if they could be persuaded to renew their interest in the sport a successful organization could easily be formed.

The tug Schenck has received a license for carrying passengers and she will now be more or less steadily engaged in transporting parties to and from the Huron Mountain club. It is likely that, in view of the recent experience of the Longyear launch on its trip up-the-lake, visitors bound to that resort will be chary about embarking in the small harbor craft for the run. Outside of these, only the tug Schenck is available. The owners of this craft had to equip it with additional life preservers and a life raft before they could procure the passenger license. Now the Schenck fulfills all the requirements as to equipment. She is perfectly seaworthy and the club people will feel no hesitancy about embarking on her.

The Austin people of Harvey, Ill., have shipped the rock crusher which they recently sold the city of Marquette. Street Commissioner Reichel has received a memorandum of the number of the car on which the machine was loaded, but he has, as yet, heard nothing definite from it. The crusher is believed to be in transit between Chicago and Marquette. It should be received within a day or two. Prospects are now considered favorable for having it in operation sometime before the first of August. The fact that no new cement sidewalks are being laid this summer may be attributed to the lack of a crusher. Much rock is required for these walks and this spring there is no material for even the most pressing street work.

FIVE CONVENTIONS

SUNDAY SCHOOL ASSOCIATION WILL HOLD THEM ON U. P.

EACH CITY GETS DAY AND HALF.

MRS. MARY FOSTER BRYNER AND REV. J. CLARK WILL LEAD.

First Meeting Will Be Held at the Soo on the 11th and 12th, the next at Marquette, the Campaign Ending the 20th.

The state executive committee of the Michigan Sunday School association, with the co-operation of leading Sunday school workers on the upper peninsula, has arranged a series of conventions for prominent cities in this section to extend over the period from July 11 to 20, inclusive. This plan of successive conventions is new and it is expected to arouse general interest north of the Straits and to result in a series of highly successful gatherings.

The itinerary and dates as announced in the association's circular follow: Sault Ste. Marie—Thursday evening, July 11; all of July 12. Marquette—Saturday evening, July 13; all of July 14. Iron Mountain—Monday evening, July 15; all of July 16. Menominee—Wednesday evening, July 17; all of July 18. Escanaba—Friday evening, July 19; all of July 20.

It will be observed that one evening and a whole day is given to each city on the list, providing ample time for the transaction of the business of each convention.

The association has been singularly fortunate in securing for this campaign of Sunday school work two figures of more than continental fame as international leaders in their departments. They are Mrs. Mary Foster Bryner of Chicago and Rev. Joseph Clark, D. D., Columbus, O., who will be accompanied on the circuit by the Michigan state secretary, Alfred Day of Detroit.

Mrs. Bryner is an international and interstate primary worker, who succeeded in capturing the heart and influencing the thought of the state convention last November. She is an influential figure and one who never fails to leave an indelible impression upon her hearers.

Dr. Clark is state secretary of the Ohio Sunday School association and for many years he was connected with International Sunday school work. He is a ready and effective platform speaker. The Michigan state secretary, Mr. Day, is also a man of wide experience in his chosen work. He will render valuable aid to his companions at the several conventions.

A General Program.

The association's circular announcement contains the following model program, suggesting that the local Sunday school organizations modify it in their discretion and distribute it among the people affiliated with the several churches:

- Evening Session. 7:45—Song service. Scripture reading and prayer. 8:00—General conference of Sunday school workers. Addresses by Mrs. Mary Foster Bryner, Rev. Dr. Clark, Mr. Alfred Day, and others. Morning Session. 9:00—Song and prayer service. 9:15—(a) The primary aims of all Sunday school work. (b) Widening one's horizon. Rev. Jos. Clark, D. D. 10:00—(a) Steps of the teaching process. (b) Primary methods. Mrs. Mary Foster Bryner. 10:45—(a) Teacher training. (b) Normal classes in Sunday school. Mr. Alfred Day. 11:15—(a) The home department. (b) The cradle roll. (c) Decision day. General discussion, led by Rev. Dr. Clark.

Afternoon Session. 2:00—Song and prayer service. 2:15—General conference. (a) Sunday school management. (b) The Sunday school teacher. Topics: (1) The primary department. (2) The Normal class. (3) The Sunday school superintendent.

WHITE MAN TURNED YELLOW.

Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, all his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50c. Sold by the Stafford Drug Co., druggists.

HOMEIER-WARD NUPTIALS.

They Were Celebrated at the Bride's Home Last Evening.

The wedding of Miss Minnie Agnes Homeier and Frank Ward was solemnized at the bride's home, 510 West Bluff street, last evening at 8 o'clock. Rev. E. A. Elliott officiating. The house was prettily decorated with ground pine and cut flowers and the ceremony was witnessed by some forty relatives and immediate friends of the family.

The bride was dressed in azure blue silk trimmed with chenille embroidered chiffon and gilt and white applique, the gown being cut with a demi-train. She carried a cluster of bride's roses and was attended by Miss Josie Home of Ishpeming, who was dressed in red silk, trimmed with white chenille and velvet. The groom was supported by George Homeier, brother of the bride.

Both young people are well known in Marquette and they possess wide circles of friends. Mr. Ward is a brakeman on the Santa Shore road, having the Duluth passenger run. The young couple were the recipients of a large number of handsome wedding gifts. They will be at home at 533 West Bluff street Aug. 1.

TWO HARBORS BREAKWATER.

Powell & Mitchell Will Finish Their Work on it This Month.

The Duluth News-Tribune has the following to say relative Powell & Mitchell of Marquette and their work on the Two Harbors breakwater: "D. W. Powell, of Marquette, member of the contracting firm of Powell & Mitchell, came down from Two Harbors Monday and, Monday evening, took the South Shore train for home.

"Powell & Mitchell have a contract on government work at Two Harbors which comprises 450 feet of construction on the breakwater. A fifty-foot crib was placed Monday and the last crib of similar size will soon be ready. After that 300 feet of superstructure will finish the work, which represents a contract price of \$37,000. The entire contract will be finished the last of this month.

"The same firm also has the contract for stripping and mining for the Clergue interests at their Helen iron mine in the Michipicoten district. The stripping does not amount to much," said Mr. Powell. "To commence with, the overburden was not over eighteen inches deep and that was chiefly moss with a little vegetable mold. We will not have to move over 75,000 yards of dirt. This season we will mine about 250,000 tons of iron ore. We now have sixty feet face of a hard, hematite ore." "The firm of Powell & Mitchell has the reputation among contractors and laboring men of treating employes with a generosity and consideration that is rare in this part of the country. They are never bothered with strikes or trouble over wages and have men who have been in their employ for twenty years."
