STEEL TRUST FIRM

WILL NOT TREAT FOR SETTLEMENT OF THE STRIKE.

CONFERENCE DECLARED UNLIKELY.

UNION MUST FIRST RECEDE FROM ITS PRESENT POSITION.

High Official Adds That on This Point There Can Be No Compromise, the Non-Union Mills Will Not Be Organized.

NO CHANGE AT THE MILLS.

New York, July 16.—A representative of the highest interests in the United States Steel corporation tonight authorized the statement that no conference concerning and related to be held in place during the day and that none would likely take place until the Amalgamated association recedes from its present attitude. The additional statement was made that on this point there can be no compromise, that the needs of the constituent companies will not unionize such mills as have up to this time employed non-union men.

Tie-Up Practically Complete—Hints of Attempt to Resume Non-Union.

Pittsburg, July 16.—The second strike day closed with the Amalgamated officials in a satisfied mood and claiming to have made good every promise as to results. On the other hand, the manufacturers will not say a word concerning the strike and refuse to be quoted in any way. Repeated efforts to secure statements from President Corey, of the American Sheet Steel company, and General Manager Jenks, of the hoop company, have been met with the response that there is no change and nothing will be given out.

The Amalgamated people say nothing has been said to them of any plan for mediation and arbitration and they will continue to carry out the program originally announced. The closing down of the Clark mill and of the Monessen sheet mill is looked upon as telling victories and as almost a complete tie-up of the three companies in the district, but one tin mill, that at Monessen, and one sheet mill, at Duncanville, remaining at work.

The fact that the National Tube mill men (non-union) received a substantial advance in wages yesterday has caused discontent among the union men employed by the National Tube company at its Second avenue plant and the Republic mill on the South side. The men here think they are entitled to a similar increase. To consider the matter, meetings were held tonight on the South side and it is said a demand will be made tomorrow for the increase.

To Start Up Non-Union.

The following telegram was received tonight from Wellsville: "The Wellsville rolling mill will be run, and it will be run non-union. It will start tomorrow. If it could not be run non-union, it never would be run at all. That was the statement made today by P. F. Smith of Pittsburg, district manager for the American Sheet Steel company. He was here this morning and made an address to the striking mill men. He told them they had no grievance, that they had been well cared for in the past and would be in the future. The announcement that the mill will be started tomorrow, and started non-union, has given rise to no little speculation and uneasiness among the citizens. Many strikers, expecting a prolonged idleness, have left the city for hunting and fishing camps, where they expect to spend the summer. No new men have been brought in, and how Manager Smith expects to start tomorrow is a matter for conjecture. Today, as yesterday, only a few laborers were working."

Tin Workers Will Help.

The above is the first indication yet given by the manufacturers that they are other than passive participants in the big strike. What the result may be of the attempt to operate the Wellsville plant, none of the local Amalgamated people will predict; all they will say is, "It cannot be accomplished." Wellsville is looked upon by both sides as an important point, and the developments are anxiously awaited by all.

The position of the Tin Workers' Protective association in the strike was settled today by the receipt of the following telegram: "Elwood, Ind.—Our association is bound by agreement with the companies to provide for living up to their contract. If the companies introduce black plate worked by non-union men, our men will be called out. The Amalgamated people will have our full support if necessary. (Signed) George Powell."

Unionism the Bone of Contentment.

According to the official statement made by the conferees who met the Amalgamated association, the manufacturers did not refuse the Amalgamated the right to organize their mills. According to the declaration of President Shaffer, all that was asked was the right to organize the non-union plants.

Tonight Mr. Shaffer, when questioned regarding the position of the manufacturers on this point, said: "No matter what they now say, the fact remains that they refused the Amalgamated the right to organize their mills."

(Continued on Page Four.)

LOSS IS A MILLION.

Fire Destroys the Dold Packing Plant at Wichita, Kas.

Wichita, Kas., July 16.—The packing plant of Jacob Dold & Sons in this city, consisting of four large buildings, was totally destroyed by fire this morning. The loss is estimated at a million dollars and 350 men are thrown out of employment.

THREE HORSE THIEVES LYNCHED.

Ranchmen in Montana Take the Law Into Their Own Hands.

Helena, Mont., July 16.—The posse organized at Big Sandy to capture three alleged horse thieves—"Buckling Bill," Fred Combe and Pete Walter—has received word the three men were hanged by another posse Saturday on the Missouri river near Judith. The hanging is reported by John Tingley, a ranchman who lives at Big Sandy.

FILIPINO TOWN TAKEN.

Small American Force Kills Twenty Natives and Rescues Prisoners.

Manila, July 16.—Lieutenant Patrick A. Conolly, Twenty-first regiment, who was sent with twenty men to recapture Americans taken prisoners in Mindoro, made his first landing on the island yesterday. He attacked the town of Calapan, and a score of natives were killed and the town partly burned before the place surrendered. Privates Kidder, Thirty-eighth regiment, and Blake, Twenty-eighth were recaptured.

BIG STEAL CHARGED

DIRECTORS OF THE LAKE SUPERIOR CONSOLIDATED ACCUSED.

STOCKHOLDER APPEALS TO COURTS.

ASKS INJUNCTION TO PREVENT PROPOSED ONTARIO DEAL.

Says the Officials of the Company Own the Property They Wish to Transfer to It at a Profit of More Than Nine Million Dollars.

Hartford, Conn., July 16.—A hearing took place in the United States circuit court today before Judge Shipman on a motion to show cause why the directors of the Consolidated Lake Superior company should not be enjoined from purchasing certain transportation, mining and lumber properties, it being contended that some of the directors of the Consolidated company had acquired the right to these properties in the name of the Ontario Lake Superior company and wished to dispose of them at exorbitant prices to the plaintiff, Allen S. Miller of New York.

The plaintiff alleges that the prices to be paid for the stock by the Consolidated company will result in a profit to the stockholders of the Ontario Lake Superior company of more than \$9,000,000, the greater part of which will be personally by the directors of the Consolidated company.

In the brief filed by the defendants, in behalf of the Consolidated Lake Superior company and the Ontario Lake Superior company, the allegation of fraud charged in the complaint is denied.

The Consolidated Lake Superior company was chartered by the Connecticut legislature in 1897.

VICTORY FOR THE CORN KING.

Chicago Board of Trade Dismisses the Charges of Irregular Practice.

Chicago, July 16.—The charges of irregular practice made against "Corn King" George Phillips have been dismissed by the directors of the board of trade. At a meeting of the board of directors today the sub-committee which had been appointed to investigate the charges made by several of Phillips' former customers made its report, exonerating him from the charges.

RECORD-BREAKING OCEAN TRIP.

Transport Hancock, With Gen. Corbin, Reaches Manila in 21 Days.

Manila, July 16.—The transport Hancock has arrived with Adjutant General H. C. Corbin and Surgeon General George M. Sternberg on board. The Hancock made a record trip from San Francisco, going the distance in twenty-one days.

San Francisco, July 16.—The transport Indiana arrived today, twenty-six days from Manila. She brought 110 passengers and 1,000 soldiers of the Forty-second regiment and Third artillery.

ATTEMPTED ASSASSINATION.

French Minister Baudin Shot at by a Woman in Paris.

Paris, July 16.—M. Baudin, minister for public works, was shot at while driving to the cabinet meeting today. A woman named Olewska approached the carriage and fired at the minister. M. Baudin was uninjured. The woman was arrested.

Max Regis Stabbed.

Oran, Algeria, July 16.—While Max Regis, the anti-Semitic mayor, was going to the casino tonight he was stabbed in the neck. His assailant was arrested. Rioting followed, and thirty persons were taken into custody, among them Louis Regis.

IS EXILED TO SWITZERLAND.

Ill Health of Jules Guerin Gets Him Out of French Prison.

Paris, July 16.—Owing to the ill-health of Jules Guerin, who in January, 1900, was sentenced by the French senate, sitting as the high court, to ten years' confinement in a fortified place for conspiracy against the government, the government has now commuted M. Guerin's period of imprisonment to banishment. M. Guerin was taken from his cell last night by police agents and placed on board a train going in the direction of Baste, Switzerland.

NAVAL OFFICERS IN TROUBLE.

Gunboat Concord Quits Its Post at Unalaska Undirected.

Washington, July 16.—The navy department has received a telegram from Lieutenant Commander Henry Minett, executive officer of the gunboat Concord, announcing the arrival of that vessel at Seattle this morning.

The announcement occasioned no little surprise, inasmuch as the Concord recently was ordered home from the Asiatic station and sent to Unalaska to assist in enforcing the liquor laws in that locality. Minett's telegram adds that Commander Knox is ill, leaving it to be supposed that this was the cause of the Concord's unexpected return to Seattle.

The undirected abandonment of a vessel's post constitutes a rather serious offense, under ordinary circumstances, but pending further details judgment is suspended at the navy department.

HEAT STILL LURKS

CONDITIONS IN THE NORTHWEST NOT MUCH CHANGED.

TRIFLE COOLER IN SOUTHWEST

AVERAGE IN KANSAS, HOWEVER, CONTINUES ABOUT 100

Rain That Has Fallen in All Parched Sections Said to Have Done but Little Good to Crops, Particularly in Nebraska.

Chicago, July 16.—Reports to the Chicago weather bureau tonight from government stations over the West indicate no decisive change. Kansas, Nebraska, Missouri, Iowa and the Dakotas report no rains of sufficient volume to affect the crops, nor did the official forecasters discover any indications to warrant the belief the general drought is soon to be broken.

Little Relief in Kansas.

Topeka, July 16.—While rain has fallen during the past twenty-four hours in various parts of Kansas, the drought is not yet broken and little benefit has been experienced by the crops. The rains have been small local affairs and their only effect has been to cool the atmosphere and freshen vegetation to a certain extent.

This has been a comparatively cool day. Two places in the state report a temperature of 107, but the average has been about 99.

The previous estimate, of half a crop of corn this year still holds good in case more rain comes within the present week. Apples and peaches are falling from trees on account of lack of moisture, while the small fruits have failed almost entirely.

NEBRASKA CORN DAMAGED.

Lincoln, Neb., July 16.—A fall of two degrees in temperature, in the absence of rain, brought little relief to the heat sufferers today and put another nail in the coffin of the corn crop, part of which is now severely damaged. The maximum temperature today was 102. There was a heavy rainfall at Holdrege and lighter precipitation at Hastings, Grandstand and Harvard.

TEN EVENTS SHOT OFF.

Good Scores Mark the Opening of the Grand American Handicap.

New York, July 16.—Ten sweepstake events were shot off today at Interstate Park at the opening of the Interstate association's second grand American handicap tournament at inanimate targets in which a majority of the best professional and amateur trapshooters of the country took part. Five events were at fifteen targets each and five at twenty targets each.

The best aggregate score was made by Simon Glover of Rochester, who broke 167 out of a possible 175. The next best was made by W. R. Crosby of Otellon, Ill., champion target shot of the world, who broke 166. Fred Gilbert of Spirit-Lake, Ia., with 164, was a close third and A. H. Winchester of Philadelphia was fourth, with 161 breaks.

COUNT TOLSTOI VERY ILL.

London, July 16.—M. Toherkoff, who is Count Tolstoi's representative in Great Britain, has received a telegram asserting that the famous Russian is dangerously ill with fever, accompanied by great weakness, and that his state is very serious. The dispatch was received from Tula, European Russia, where Tolstoi is understood to be.

TWO BADGER GIRLS DROWN.

La Crosse, Wis., July 16.—Elsie Hirtz, aged fourteen, and Fannie Griffin, aged sixteen, were drowned tonight while bathing at the Root River falls.

POWERS AT ODDS

DEADLOCK AT PEKIN MAKES THE SITUATION SERIOUS.

NO SIGN OF AN AGREEMENT.

GREAT BRITAIN AND RUSSIA BLOCK THE NEGOTIATIONS.

Are Wide Apart on the Financial Question and Not Disposed to Make Concessions—England's Troops Again Being Reinforced.

Tien Tsin, July 16.—The orders for the departure of the Bombay cavalry have been countermanded and the strength of the British troops remaining here will be increased by a thousand men.

Peking, July 16.—The ministers of the powers now freely admit that the prospect of the conclusion of the negotiations is growing darker. The situation is most serious, as the deadlock has continued for more than a month. The meeting arranged for today was postponed because it was apparent the proceedings would be fruitless.

Radical Difference Develops. It was at the meeting of June 11 that the ministers reached something in the nature of an agreement as to the indemnity, but almost immediately a radical difference developed between Great Britain and Russia as to the details of the plan of payment. All the ministers were in accord with the scheme early in June, subject to the approval of their governments, but Great Britain disapproved of the arrangement on the ground that it did not adequately protect her commercial interests.

The neutral ministers assert that either Great Britain or Russia must make material concessions before the conclusion of the agreement is possible. Meanwhile the committees of ministers are working upon comparatively unimportant details, such as the improvements in navigation, but if the financial question was settled the negotiations could be closed in a day.

China Anxious for Settlement. Li Hung Chang keeps sending strenuous requests to the ministers that the negotiations be speedily closed; that they present a complete plan. He represents that China is willing to accept any reasonable terms and is chiefly anxious to know definitely what the powers require, so she may begin compliance with the terms.

The ministers regard the newspaper accusations of procrastination on their part as exceedingly unjust. The governments, and not the ministers, are responsible, the ministers say, for the deadlock.

NEVER A NAVAL CADET.

Hazing Not Responsible for the Lunacy of Henry Craven.

Washington, July 16.—The newspaper report from New York to the effect that Henry Smith Craven, grandson of the late Rear Admiral Craven, who was committed to the Bloomingdale (N. Y.) lunatic on Monday, had become insane as a result of hazing while a student at the Annapolis Naval academy is disproved by the records of the navy department. Craven, as shown by the records, was never actually a student at the academy. He was appointed in 1898, but owing to his physical condition never entered the institution.

DROPPED MONEY AT RACES.

Son of Cincinnati Brewer Arrested for the Embezzlement of \$20,000.

Chicago, July 16.—Louis Kotte, aged twenty-four, son of the late George Kotte, the wealthy Cincinnati brewer, was arrested here today, charged with the embezzlement of \$20,000 from the estate of his father. Kotte stated he had used the money playing the races at Cincinnati.

BRYAN DEMOCRATS ISSUE CALL.

Charge Action of Ohio Convention the Result of a Conspiracy.

Cleveland, July 16.—The official call of the "Bryan Democrats of Ohio" was issued today. It is addressed to "the Bryan Democrats of Ohio" charges that the Ohio convention repudiated the two last Democratic national platforms and that the action of the convention was the result of a conspiracy "mapped out at the headquarters in New York." The platform concludes as follows: "If the action of the convention stands unrebuked, then it must be understood that the Democratic party, as such, has repudiated the principles enunciated in the Kansas City platform and ratified and approved the course pursued by the Republican party upon the money question. If the Democratic party abandons the principles laid down in the platforms of 1896 and 1900, then it may as well close its political eye, for there is nothing else of importance to fight for."

OWES HALF A MILLION.

Chicago, July 16.—W. S. Cleveland, formerly a well-known circus proprietor, filed a petition in bankruptcy today alleging liabilities of half a million dollars.

MARQUETTE, MICH., JULY 17.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

The strength of the copper stocks have shown in the face of the pronounced slump in the New York market since the holiday recess was taken is prophetic of a good advance and great activity in these shares when strength returns to the larger market.

Our exports for the fiscal year ended June 30 had a value in excess of that of our imports amounting to \$664,900,011, according to the compilation of statistics just given out by the treasury department.

There was a good deal of criticism of our methods of fighting in the Philippines by British military experts when we entered on the rather formidable task of reducing the insurgents under Aguinaldo to submission.

And now American capital is going after the London hotel. The Astors and Russell Sage are both said to be interested in separate projects, having for their aim the establishment of big hotels after the American plan in London.

Secretary of Agriculture Wilson, who is something of a farmer himself, says he isn't much scared yet over the reported ruin of the corn crop by a somewhat protracted run of excessively hot and dry weather.

THE DAMAGE TO CORN. The St. Louis Globe-Democrat, which is published in one of the states that has been the greatest sufferer from the protracted drought and heat has this to say of the damage wrought to the corn crop by the adverse weather conditions:

Seldom has there been a more protracted and damaging drought in the United States than the one which now prevails. Throughout a large part of the American corn-growing region there has been no rain except a sporadic shower or two for six or eight weeks.

Some notion of the destruction which the drought has caused may be gained by considering that which has been inflicted on corn alone. In 1900 the corn crop was, in round figures, 2,100,000,000 bushels, which had an estimated value at the close of the harvest on the farm of \$751,000,000.

exclusive of wheat, most of which has been harvested, will bring the figure up to \$1,000,000,000 at least. Happily, the wheat yield will make up for a small part of this loss.

papers questioned an officer of Fort Wayne concerning the charge that soldiers had been obliged to serve as bartenders in the canteens against their will, and received this reply: I do not know where the minister got such an idea, as it is absolutely false.

There is nothing new in the status of the great steel strike, but the impression obtains quite generally that it will not last long. From the appearance of things, the Amalgamated association has a firmer grip on the labor employed in the plants of the U. S. Steel Corporation than the management of the Corporation or the public had supposed.

COPPER COUNTRY NEWS.

(Additional.) COPPERDOM BREVITIES.

The copper country branch office of The Mining Journal is located in Room 3, second floor of the Dea Postoffice building, Houghton. All having business with the paper are cordially invited to call. Telephone No. 376.

A regular meeting of Houghton lodge F. & A. M., will be held next Monday night.

R. Skiff Sheldon of Houghton has returned after a few days' successful fishing trip.

General Manager R. T. McKeever of the Copper Range road left for the East last evening.

An adjourned regular meeting of the Hancock common council will be held at the village hall this afternoon.

Sheriff Willis took Charles Ahlstrom of Calumet, who on Monday was adjudged insane, to Newberry yesterday.

Miss Blanche Hooper, of the Victoria mine, who visited friends in Houghton the past three weeks, has returned home.

Seats are on sale at Kroll's for "My Friend from India" which is to be given Friday night at the Houghton Armory Opera House.

Harry W. Chittenden, first assistant teller of the Hancock First National Bank, has returned from a visit to his old home at Adrian.

A considerable number of Houghton and Hancock Elks went to Calumet last night to drill with the antlered head at that city. One more drill will be held before the trip to Milwaukee is made.

The body of the late Andrew Swensen, the Douglas House chef who died from the effects of the heat Monday afternoon, was shipped from Houghton to Minneapolis, his former home, yesterday afternoon for interment.

Dr. Gallen of Hancock yesterday performed a very delicate operation on the fractured skull of John Wienen, the Finlander who got the worst of it in an encounter with John Bjork at the Winona mine Sunday night.

The interior of the Western Union Telegraph office at Houghton is being remodelled and considerable changes will be seen there within a very short time. The office will be made larger, the room in the rear hereafter being used.

The remains of the late John Connors, the former Hancock boy who died at Bette City, Mich., recently from the results of blood poisoning, were received at Hancock yesterday afternoon. They will be buried in the Hancock cemetery.

ready working on the plans and the structure promises to be one of the most imposing in Houghton. The new bank will start business in a good field and with excellent chances of success.

One of Andrew Johnson's longshoremen at work unloading coal at the dock at the Quincy mill was struck on the head by a piece of coal Monday, receiving a painful wound. The man was in the hold of the steamer Mark Hopkins, which was being unloaded, when the lump of coal fell on him.

The small-pox scare is over at Laurium and it is said that within a few days all traces of the disease will be gone. The quarantine now held on several places will be raised and the patients, who are all about recovered, released. It is thought to be no further danger of the disease spreading.

Last night "Shoot the Clutes" was presented at the Houghton Armory Opera House and tonight "The Real Widow Brown" will be put on. The "Merry Makers" are drawing good crowds and are giving the people their money's worth.

A special meeting of the Houghton fire department was held at the fire hall last evening to arrange for the funeral of the late Henry Calkins, who was an esteemed member of Centennial company.

The hot spell had scarcely any effect upon Houghton's water supply, and The Mining Journal is informed that the tanks are keeping well filled, there being a greater amount of water in storage at present than there was last year at this time.

IT DAZZLES THE WORLD. No discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery for Consumption.

TO THE PAN-AMERICAN. The Michigan Central, "The Niagara Falls Route," has planned a delightful trip for you to the Pan-American exposition and to the eastern resorts, via Niagara Falls and Buffalo at reduced rates.

EXCURSION TO PORTAGE LAKE.

Steamer Argo to Bring a Big Crowd Down from Duluth.

The Booth line has arranged for an excursion on the Argo from Duluth to the copper country.

BAND BOYS TO ENTERTAIN.

On Friday night an excursion will be given by the Portage Lake band.

Manager "Wid" Thompson states it certainly will be the most elaborate ever attempted here.

A FAMINE IN CREAM.

Practically None to Be Had for Love Nor Money.

There is a cream famine on in the copper country. Yesterday most of the people who daily use it went without.

The heat, which began to be oppressive on Saturday, started a rush for ice cream.

There is a cream famine on in the copper country. Yesterday most of the people who daily use it went without.

JUSTICE COURT NOTES.

An interesting case came up in Judge Finn's court at Hancock yesterday.

The principals were Joseph DeRosier and James Banks, the latter a negro.

DeRosier had Banks arrested for assault and battery, claiming that the negro had bitten him through the hand during a "set-to" which took place Sunday night.

As soon as the heat lets up the demand for ice cream will become normal again, and there will be no difficulty to get cream and plenty of it in the copper country.

SUMMER VISITORS WANTED.

Portage Lake and the Canal to Be Boomed for Tourists.

Although Houghton has never been extensively boomed as a summer resort as have other upper peninsula cities.

The weather in this section is usually cool in summer—the present spell being almost unprecedented—and the attractions for visitors are unsurpassed.

PRIZE EATING CONTEST.

"They had an eating contest the other night at Pin Hook schoolhouse."

"Who won?"

"Ben Splutters—he ate nine head of cabbage."

"Didn't it make him sick?"

"No. He just took a spoonful of Dr. Caldwell's Syrup Pepsin. That prevents Stomach Trouble of any kind, they say."

At the Stafford Drug Co.

USE ALLEN'S FOOT-EASE IN YOUR GLOVES.

"A lady writes: 'I shake Allen's Foot-Ease into my gloves and rub a little on my hands. It saves my gloves by absorbing perspiration. It is a most dainty toilet powder.'"

We invite the attention of physicians and nurses to the absolute purity of Allen's Foot-Ease.

Dr. W. C. Abbott, editor of the Chicago Clinic, says: "It is a grand preparation; I am using it constantly in my practice. All drug and shoe stores sell it. 25c. Sample sent FREE. Address Allen S. Olmsted, Le Roy, N. Y."

THE GREATEST PURIFIER.

DeBell's Kidney Pills cure all diseases of the kidneys. That is why DeBell's Kidney Pills cure Bright's disease, Diabetes, Rheumatism, Neuritis, Heart disease, Female troubles and Urinary and Bladder complaints.

These diseases are the results of unhealthy or disordered kidneys. DeBell's Kidney Pills cure them invariably and finally. They have never failed yet. No Cure, No Pay. Price 25 cents per box. For sale by the Stafford Drug Co.

WHAT AMONG HUMAN ILLS ARE MORE ANNOYING THAN PILES?

The afflictions that vent active exercise are bad enough, but one that makes even rest miserable is worse.

WOMEN ARE AMONG THEIR GREATEST MARTYRS. TABLET'S BUCKEYE PILE OINTMENT will cure the most obstinate cases. Price, 50c. in the bottle, tubes 75c. Stafford Drug Co.

TO THE STATE CAMP.

Copperdom's Troops to Leave on the Afternoon of Aug. 4.

The Michigan National Guard, comprising 3,500 men, will be landed in the state camp, near Manistee, Aug. 3, by special trains run from all parts of the state.

The entire body of troops will be handled with a facility never before attempted, if the plans all go right.

ROCK GOING TO MASS MILL.

This Week May See the Starting of Operations There.

Rock is now being hauled from the Mass mine to the mill at Keeweenaw Point and the bins are being filled preparatory to the starting of the mill.

Although it has been said the mill will not be started until the first of the month, all indications point otherwise and copperdom people will be surprised to note that the mill has gone into commission before the end of the present week.

BONUS FOR THE MOHAWK.

One That Will Yield Over \$100,000 Profit Barreled at the Mine.

The production of copper for June was 22,000 tons, making the total for the first half of this year 133,394 tons, against 134,577 tons for the same period last year.

AGAIN THE PAVING QUESTION.

Hancock Council Booked to Discuss It at Today's Meeting.

Today an adjourned meeting of the Hancock common council will be held, and again the paving question is booked for discussion.

It is not likely, however, that anything will result from it, for it was a foregone conclusion long ago that it is, for this year at least, practically a dead issue.

The street paving question, which has been the important one at Hancock for a considerable period, apparently will go down in the chronicles of the village merely as a hobby of the council.

But then no one can say that it did not try to settle the question. Good words are being said for the various kinds of paving materials, such as bricks and crushed wood, and occasionally a copper country paper will appear with an article detailing what Mr. So-and-so has said concerning the same.

That is a natural consequence, for it is with difficulty that one, off for a visit to a large city where they do have pavements reaching his mind from the controversy in his home town, can be made to understand that he has some new argument to advance.

Hancock people are now of the opinion that the pet issue of the council is downed for this year, but that probably next year something more than talk will be the result.

Another Hancock people are bemoaning the fact that the fond hopes of a paved street this year will not be realized.

Houghton people are, on the other hand, rather jubilant because Sheldon street, its main thoroughfare, bids well to be macadamized within a very short time.

The council at its next meeting will arrange to advertise for bids and the work will be rushed with the aid of the steam roller.

OSCEOLA.

At the North Kearsarge branch of the Osceola mine work has progressed to a satisfactory degree.

No. 1 shaft, which in time will take the place of No. 2 as a hoisting shaft, is now a double compartment shaft to the sixth level, and when the shaft from the ninth level reaches that point it will be complete for nine levels.

Operations at No. 3 shaft are now confined to drifting and stopping, the shaft being down to the twenty-first level.

The extensive improvements being made at the North Kearsarge will greatly increase the efficiency of that branch.

The two shafts at the South Kearsarge are down to the fifth level and sinking has been discontinued for the present.

The compressor power requisite for this operation is being used in drifting, and the stopping territory is being greatly enlarged every month.

The various improvements in progress at the Kearsarge mines will be completed about the first of January, when it is generally expected that the new three-head mill will go into commission.

With the increased production from the Kearsarge shafts and the new mill in commission a marked increase will be made in Osceola's production for the year 1902.

The increase will hardly be 50 per cent, as has been stated, an increase of 20 or 25 per cent. is more generally expected.

The product of the mine might be increased 50 per cent if great exertions were made and the old mine operated, but it is not the policy of the management of lake mines to strain all energy to shorten the life of the mine.

The old wooden mill, built about fifteen years ago, will probably be closed shortly after the new mill goes into commission.

FRAUD OPENS LANDS

OKLAHOMA INDIANS THE VICTIMS OF AN ADROIT PLOT.

PERJURY IN AGREEMENT TO SELL.

NOT ONLY MISREPRESENTATION BUT FORGERY AS WELL.

WINS GREAT DETROIT RACE.

Recent Proclamation Opening the Reservation Based on the Same Papers, Now in War Department, President Cleveland Reputed.

WASHINGTON, July 16.—The correspondent of the Chicago Tribune (Rep.) wires his paper that the records of the war department contain a history of the acts committed by government officials and others who by theft and perjury to settlement of the Comanche, Kiowa, and Apache Indian reservations of Oklahoma. The proof of the crookedness of those who land-looked the Indians was sufficiently specific, positive, and undeniable to lead Mr. Cleveland while president to determine that the section should not be opened to settlement as long as he was in the White House.

President Cleveland's stand was mainly based on the report of Captain H. L. Scott, Seventh cavalry, now General Wood's adjutant general at Havana. Captain Scott took a keen interest in the Indians of the reservation, with whom he had lived, whose language he understood, and with whose habits and traditions he was intimately familiar. That officer discovered that the three tribes whose lands are now to be given over to the public were the victims of an adroit plot, which had resulted in the misrepresentation to the majority of them of the contents of a document which was presented for their signature in October, 1892. These Indians were led to believe that the paper was an agreement merely to consider a sale of the reservation on the basis of \$2.50 per acre in about four years—that is, with the supposed termination of the so-called Medicine Lodge treaty.

ROMANCE OF DAN HANNA.

His a Story of Tangled Lives—Two Women Have Borne His Name.

Cleveland, July 16.—The outwitting of Senator Hanna's son Daniel by the latter's former wife when she sailed for Europe Saturday with her three children vividly recalls the romance of Mr. Hanna Junior and the two women who have borne his name.

In Cleveland, May Harrington, a brunette beauty, with black hair and eyes, and one of the most popular girls in Cleveland society, had as her most intimate friend Elizabeth Gordon, granddaughter of the man for whom Gordon Park, in Cleveland, was named.

Elizabeth, who was called by her friends "Daisy," was two years younger than Miss Harrington. She too, was of rare beauty. She had the striking contrast of deep brown eyes and blond hair.

Young Hanna, then a mere boy, was attentive to both, and Cleveland wondered for a year which of the two would become Mark Hanna's daughter-in-law.

Wedded at Escanaba. Daniel Hanna solved the problem suddenly. In 1887, while a Lake Michigan sailing party was under way, he clandestinely married Miss Harrington at Escanaba, and the marriage was not announced until three months afterward. Daniel was twenty years old and his girl bride sixteen.

It looked like a happy union, despite their youth. They returned to a superb home in East Prospect street, Cleveland, prepared for them by the senior Hanna. There their boys were born and reared. Mrs. Hanna continued the friendship with her girlhood companion, Daisy Gordon.

But Miss Gordon, when she was eighteen years old, went to Colorado for her health. There she met Walter De S. Maude, a handsome young Englishman, and the son of a London merchant. Maude was a large land owner in Colorado and Texas, and was breeding cattle on an extensive scale. The Englishman wooed and won the young Cleveland beauty, and their fashionable wedding, April 19, 1897, at Cleveland, was attended by Chauncey M. Depew, Senator Bristow and many other distinguished guests.

After a brief honeymoon in the West, Mrs. Maude returned to her father's home in Cleveland, and her husband to his Texas ranch. Society wondered and gossiped for nearly three years. Then Mrs. Maude sued for divorce, charging extreme cruelty and gross neglect. Mr. Maude made no defense. The divorce was granted in Akron, Jan. 3, 1900. The young Englishman, his romance shattered, went into the British army to fight the Boers, and was recently severely wounded.

Marries the Senator's Son. Meanwhile the romance of young Mrs. Hanna had also ended grievously. Her husband had become an important man of affairs, and practically controlled his father's vast business interests, but happiness had fled from their hearts. Mrs. Hanna finally sued for divorce. She too, charged cruelty, as in the Maude case, the husband put in no defense. The divorce decree was granted after a hearing lasting fifteen minutes.

Daniel Hanna made proper settlement and undertook to defray the expenses of educating the boys. Then followed the Maude divorce, and within six weeks after Mrs. Maude regained her freedom she was married, Feb. 19, 1900, to Daniel Hanna.

To escape being in Cleveland at the time of her former husband's wedding to the bosom friend of her girlhood, May Harrington Hanna, a week before the event, sailed for Southampton with her boys. On her return she presented a bill for expenses. Hanna repudiated the bill and his former wife sued him.

To prevent her carrying out her avowed purpose of again going to Europe with the boys, last week, Mr. Hanna obtained the injunction, service of which Mrs. May Harrington Hanna evaded by escaping from the jurisdiction of the court in sailing for Europe.

"I am indebted to One Minute Cough Cure for my present good health and my life. I was treated in vain by doctors for lung trouble following la grippe. I took One Minute Cough Cure and recovered my health." Mr. E. H. Wise, Madison, Ga. Stafford Drug Co.; H. N. Meloche, Ithaca, N. Y.

WILL LAYS BARE HIS SECRET. Pierre Lorillard's Bequest to Mrs. Allen Throws Light on Romance.

New York, July 16.-Pierre Lorillard's life romance is revealed in his strange will. The Ranocas stock farm, worth not less than half a million, is bequeathed to Mrs. Lillian Allen.

Thus it is that after his death Lorillard publicly announced his attachment for the woman who had been his confidential friend for fifteen years.

Twenty years ago Pierre Lorillard was possessed of \$15,000,000 to \$20,000,000. Today it is conceded his estate has diminished to less than one-fourth of that sum.

Who Mrs. Allen is has been sorrowfully known to the Lorillard family for years. And, knowing her, the family declares emphatically that she shall not have Ranocas.

Mrs. Allen is a beautiful woman. She is tall, with a charming figure. She has long wavy brown hair and great brown eyes.

Her Strange Marriage. Four or five years ago she convinced Mr. Lorillard that she should wed. An Englishman, Lewis Allen, little known here, became her husband.

When the ceremony ended the bride coldly nodded adieu to her husband at the church door. She spoke to him as one who addressed an ordinary acquaintance.

Mrs. Allen's father is John C. Barnes, a brother of the late Albert S. Barnes of the firm of A. S. Barnes & Co.

Mrs. Allen had been abroad with Mr. Lorillard for eight months. His health had been such that she was his nurse.

Wife's Heart Is Steeled. Mrs. Lorillard is still a handsome woman. Her figure has lost but little of the grace that made her a famous beauty.

On receipt of this Mrs. Lorillard's affections again warmed toward her husband, and she at once started for New York. She went to the Fifth Avenue Hotel.

Heirs Decide Not to Fight. Later-At a conference today at Jersey City of the heirs of Pierre Lorillard it was decided that, rather than to have the family quarrel ended in court, no contest be made of the will.

Later-At a conference today at Jersey City of the heirs of Pierre Lorillard it was decided that, rather than to have the family quarrel ended in court, no contest be made of the will.

Upper Peninsula. R. G. Elliott, recently appointed postmaster of Marquette by President McKinley, to succeed W. H. Closser, assumes his duties this week.

Charles Yoot, the Menominee Chinese laundryman, who left a year ago for his native country on a visit, reached San Francisco on the return trip recently and was refused admission to the United States by the agents, Menominee parties, who were interested in Yoot's welfare.

Dr. Lund, of Marinette, through his attorneys, Quinlan & Daley, has filed a notice with the city clerk at Menominee that unless the city will pay him for injuries sustained from a fall on a defective sidewalk on Stephenson avenue, he will begin suit for \$1,000 damages.

The death of Mrs. Edward Greenwood of Menominee occurred Sunday evening, nine hours after the funeral of her husband, who died as a result of injuries received in a collision of a street car with the street sprinkler he was driving.

Officer Thomas Larke arrested James G. Dorrance, a deserter from the United States army, on Ashmun street at the Soo Saturday morning.

The strong cord of fellowship between the Vessel Loaders' unions in Menominee and Marinette has been broken, and cast asunder, and now each union is struggling separately, their members efforts only being spent on home ground.

DOUBT CANNOT EXIST. Investigation Will Only Strengthen the Proof We Give in Marquette.

There must be something stronger than imagination behind expressions of such a representative citizen of Escanaba as Mr. John Fallman of 820 Wells avenue, better known as a gentleman well known not only in Escanaba but in the surrounding country.

Just such emphatic endorsement can be had right in Marquette. Drop into the Stafford Drug Co. and ask what his customers report.

The most miserable beings in the world are those suffering from Dyspepsia and Liver Complaint. More than seventy-five per cent. of the people in the United States are afflicted with these two diseases and their effects: such as Sour Stomach, Sick Headache, Habitual Constipation, Palpitation of the Heart, Heart-burn, Water-brash, Gas, and Burning Pains at the Pit of the Stomach.

"I wish to truthfully state to you and the readers of these few lines that your Kodol Dyspepsia Cure is without question, the best and only cure for dyspepsia that I have ever come in contact with and I have used many other preparations. Join Beam, West Middlesex, Pa. No preparation equals Kodol Dyspepsia Cure as it contains all the natural digestants. It will digest all kinds of food and can't help but do you good. HELD FOR TRIAL.

Leo Gadonas Bound Over to the Next Term of the Circuit Court.

The examination of Leo Gadonas, who stands charged with robbing John Hill's saloon Saturday, was called yesterday morning at 8 o'clock and continued throughout the forenoon. Seven witnesses were heard for the defense and Hill and his bartender, Peter Pikkili, testified for the plaintiff. Notwithstanding strong evidence tending to establish the innocence of the accused, Prosecuting Attorney Bell refused to allow the judge to release him. At noon the case was adjourned until Thursday, but yesterday afternoon Attorney Crocker, who appeared for Gadonas, decided to let the case go to the circuit court, having secured Edmund Lamear to sign Gadonas' bond.

When the hearing was called Attorney Bell had the court room cleared, in spite of the protests raised by the defendant's attorney. Crocker contended that it was but right and proper that the examination should be held in the open and not behind closed doors. Bell objected on the ground that when the testimony introduced at examinations is given publicly it makes it difficult to secure a jury when the case comes to trial in the circuit court. Judge Peters sustained Bell and ordered the marshal to clear the room.

Hill was the first witness called. He was positive that Gadonas was the man who entered his saloon on Saturday night and ordered him to throw up his hands. He told how the man had ordered a drink, and how without warning he drew his revolver and proceeded to help himself to the cash. The hold-up, as Hill described it, was executed in a manner that would do credit to a professional highwayman. When cross-examined by Attorney Crocker Hill admitted that he was extremely frightened, in fact almost paralyzed, when he gave the alarm to the occupants of Billings' saloon. When asked how long after the robbery he entered Billings' place he answered that he didn't know; that it was probably two minutes, and maybe longer. Peter Pikkili was the next witness called. He gave almost the same testimony as Hill, only he added that he saw Gadonas in Billings' when he and his employer ran in there to give the alarm. It was Pikkili who pointed him out to Officer Prin as the man who committed the crime. He could not tell when cross-examined why Prin did not make the arrest then and there, but said that he supposed the officer wished to consult the marshal before placing the man under arrest.

The state let its case rest with the testimony of Hill and Pikkili. Seven witnesses were produced by the defense in an attempt to prove an alibi. Richard Hampton was called and testified that the defendant was with him in Billings' saloon for fully half an hour before Hill came into the place and announced that he had been robbed. He said that Hill was highly excited and that it was several minutes before the men were able to make out what he was trying to say. It was not until Pikkili came into the saloon and told the story of the robbery that they got an accurate idea of what had occurred. He stated that during the time Hill and his bartender were talking Gadonas was present in the saloon. He did not see Pikkili point Gadonas out as the man who had robbed Hill's place.

The testimony of the other six witnesses was along the same lines as that given by Hampton, only varying in the statement regarding the time Gadonas spent in the saloon. All witnesses agreed that Gadonas was in Billings' place for at least half an hour before the robbery was reported to have occurred, and that he was in the bar room when the alarm was given by Hill and Pikkili.

TRAMPS ARRIVE.

The tramp nuisance is again occupying the attention of the police. Yesterday five "hobos" were up before the different police magistrates, who imposed sentence on them on their promise to leave the city inside of an hour. All complied with the order of the police justices and last night there were five less weary Willies in the city. One of the tramps who came up before Justice Peters claimed to have walked all the way from Galveston. The marshal has given orders to the police force to be on the lookout for vagrants and arrest all suspicious looking characters. If vigilant and persistent work will count for anything, the city should be quite free from "hobos" this summer, for the police are determined that they shall not make Ishpeming a camping ground.

STOPPED THE WORK.

The new water main extension along West Division street to take the place of the main that crossed under the Cliff's shafts stockpile will not be ready for use for some days, and perhaps weeks. The work would have been finished several days ago had there not been a delay in the arrival of certain pipe needed. The pipe is expected at any time but there is no certainty that it will get here inside of ten days or two weeks.

SHE DIDN'T WEAR A MASK.

But her beauty was completely hidden by sores, blotches and pimples till she used Bucklen's Arnica Salve. Then they vanished as will all Eruptions, Fever Sores, Boils, Ulcers, Carbuncles and Felons from its use. Infallible for Cuts, Burns, Scalds and Piles. Cure guaranteed. 25c at the Stafford Drug Co.

A big assortment of shirt waists going at cost at Braastad's.

If you want summer goods cheap buy now at Braastad's Everything marked down.

NEW GARBAGE CARS.

Eight new garbage cars, purchased some time ago by the board of public works, are expected to arrive here at any time. The cars were ordered early in April and they were promised soon after, but the machinists delayed their delivery. Superintendent Devine of the board says they should be here within the next few days. The cars will be very much appreciated by the street gang, as the men have had delays on account of the limited number of cars at their command. The cars were made to order and will be a great improvement on those now in use.

Work is progressing slowly at the gravel pit some miles west of Ishpeming, this being due mainly to a shortage of cars. There are fourteen men working out there, and more would be added were it possible to handle the material to order and will be a great improvement on those now in use.

The gravel being used for street work was recently pronounced of superior quality by the engineers who came here to put the new steam road roller in operation. They told the superintendent of the board that they had seen a great deal of gravel used in street and other work, but they had never run across anything as good as that being used in this city.

Mr. Devine reports that there is a large acreage of gravel available, more that will be required to build Ishpeming streets for the next fifty years.

ISHPEMING IN BRIEF.

The Ishpeming office of The Mining Journal is at 129 Main street, where payments of subscription and other accounts can be made. All having business with the paper are invited to call.

Theo. Johnston is in Marquette visiting friends.

A. L. Flewelling of Crystal Falls was here yesterday.

Edith Gylling left yesterday for South Dakota to visit friends.

Manville Jenks was in Marquette yesterday transacting business.

James Hoatson of Calumet was in the city yesterday on mining business.

George Hayden spent yesterday afternoon at Marquette on legal business.

Miss Agnes McNulty of Marquette is visiting her sister, Mrs. E. J. Butler.

John M. Harnett, former mayor of Escanaba, was a visitor here yesterday.

W. J. Whitford of Houghton is in the city to attend the funeral of his brother.

Miss Mollie Simmonds of Bessemer was in the city yesterday calling on friends.

Thomas Bennett, who is confined to his home by an attack of tonsillitis, was able to sit up yesterday.

The regular meeting of the Country club was held yesterday afternoon. Supper was served at the club house.

Frank Johnson, organist at the Swedish Lutheran church at Calumet, was in the city Monday calling on friends.

Mrs. S. E. McKenney left for Camp Clark last evening to spend several days there, the guest of Miss Ada Van Brocklin.

Mrs. A. Beardsley and her daughter Hattie of Iron Mountain are visiting at the home of Mr. and Mrs. William Penglass.

Professor Olof Gustafson of Rock Island, Ill., was in the city yesterday. He left last night for Republic to visit friends.

Professor J. G. B. Astenius of Chicago is in the city. He is here to install the large pipe organ in the Swedish Lutheran church.

Miss Amelia Goldsworthy of Calumet, who has been visiting her sister, Mrs. R. Matthews, for the past week, has returned to her home.

Miss Clara Tiddy of Iron Mountain, who has been visiting Mrs. W. J. Whitford and family for the past week, has returned to her home.

The handicap golf contests will commence Saturday. All who desire to enter should send his or her name to Dr. J. Vandeventer on or before that date.

Thomas Heard and bride will arrive here tomorrow, after a week spent at Duluth. Mr. and Mrs. Heard were married about a week ago at Cartwright, Wis.

The funeral of John Whitford will be held this afternoon at 2 o'clock from the Division street Methodist church. The Rev. Castler of the Winthrop will officiate.

The Ishpeming baseball team will cross bats with the Ewen next Sunday at Union Park. A special excursion train will be run from Ewen to Ishpeming.

W. J. Fraser of Michiganame was in the city yesterday for a short time en route to the Illinois university, where he will take a position in the mechanical department.

Rev. A. T. Frytman, pastor of the Swedish Mission church, is camping at Spruce Eagle, a summer resort near Iron Mountain. He will return Saturday evening.

John Rich of Haden, Wis., who has been visiting at the home of Mayr W. R. Johnston, has gone to the copper country. Before returning to his home he will spend a few more days in this city.

Ray Barney, who was overcome by the heat in Marquette Monday, arrived in this city last night and will spend considerable time with his parents here recuperating. Mr. Barney was much improved yesterday.

The Mining Journal erred yesterday in stating that George Wanek was overcome by the heat Sunday. The reporter was informed by a fresh young man that Mr. Wanek was prostrated, and thinking the source of the news reliable printed it without having it verified.

The fresh young man thought that he was playing a great joke on the gentleman in question, but no one else was able to see anything funny in his blundering attempt to do something smart.

Dr. and Mrs. N. D. Kean will celebrate their tenth wedding anniversary Tuesday evening. The invitations have been issued. They are very unique, being mounted on tin cards to designate that it is a tin wedding.

HOW IS THE TICKET?

Does it suit you? Well, we are not all alike, you know, in this world, and it is hard to please everyone, but the favor is unanimously for Dr. Caldwell's Syrup Pepsin as it is guaranteed to cure Constipation, Indigestion, Sick Headache and Stomach Trouble. Sold by the Stafford Drug Co.

Our inventory sale of lace curtains is on. All kinds going cheap. F. Braastad & Co.

Superior ice cream and choice fruits at Luff's candy palace. (7-15-1f)

Sell Heppner's pure ice cream and make a barrel of clean money this summer. Heppner, Marquette. (5-1-1f)

Reliefness of the skin, horrible plague. Most everybody afflicted in one way or another. Only one safe, never failing cure. Dean's Ointment. At any drug store, 50 cents.

WHITE'S CREAM VERMIFUGE not only effectually expels worms, but is unequalled as a tonic, and is a certain and permanent cure for Chills and Fever in children. Price 25 cts. Stafford Drug Co.

Negaunee and Vicinity.

[Subscribers to The Mining Journal will please remember that carrier boys are not allowed to receive money on subscription account.]

SUFFERING FROM THE HEAT. Present Spell the Hottest in the History of Negaunee.

The intense and sustained heat of the past few days is unparalleled in the history of this city. In former years there were days when the thermometer touched the one hundred mark...

A man living at the South Jackson location has made bunks along the side of his house and he and his family have been camping out in the back yard during the hot weather...

Although the temperature here has been far above the normal Negaunee has been cooler than any town in the county.

The street temperature here has been no higher than the official record at Marquette. Even Ishpeming is hotter than this city.

Among the greatest sufferers from the heat are the infants, and people well advanced in years. During a hot spell there is always great mortality among these two classes.

ELKS WILL ATTEND.

About a dozen Elks from this city will attend the carnival at Milwaukee next week. Preparations have already been made and the Negaunee herd will go down to the Cream city with the other Marquette county Elks.

A CHILD ENJOYS

The pleasant flavor, gentle action, and soothing effect of Syrup of Figs, when in need of a laxative, and if the mother or mother be constipated or bilious, the most gratifying results follow its use...

LOCAL LAONICUS.

R. G. Jackson transacted business in Ishpeming yesterday. John Johnson of Marquette was in the city yesterday on business.

W. S. Redfern of Calumet was a business visitor here yesterday. Louis Penhall of Marquette was in the city Monday transacting business.

Miss Nellie Joyce of this city was recently married at Edgewater, Ill., to Edward Martin.

Alexander Maitland returned from Chicago yesterday morning. He was there on business for several days.

Fred Bashaw has moved his household goods from Marquette to this city and will hereafter make his home here.

Thomas M. Wells and C. G. Griffey returned Monday from Buffalo, where they have spent about three weeks visiting the Pan-American.

Harry Jackson, who has been firing on the Northwestern, with headquarters here, has had his route changed and will now run out of Escanaba.

Marshall Grubbe has in pound a dark bay horse about four years old. The owner of the animal may have the horse by applying to the marshal and paying the charges. The horse was found at large on the street Monday.

The party given last evening by the Misses Maude Mitchell and Gertrude Kruse was one of the prettiest private dancing affairs given in Negaunee this season.

There is no truth in the rumor circulated about the city yesterday to the effect that there was another bad cave-in at the Negaunee mine. No earth has sunk at that mine since the engine house went down last Friday.

Joseph Winter, and Frank M. Boney of this city and Dr. Henry and Messrs. Ferguson and Schraull of Chicago, who have been fishing at the Escanaba river, have returned. Dr. Henry and Mr. Schraull left Monday evening for the copper country and Mr. Ferguson has returned to his home in Chicago.

"My Friend from India" is the attraction at the McDonald opera house this evening. The company which will produce the play is a strong one, being composed of members from the Otis Skinner and Lovers' Lane companies.

The sale of seats has been good. Several people from Ishpeming are expected to attend.

Rev. S. E. Eastman and wife of Grand Marais were in the city this morning on their way to Menominee, where they will locate. Mr. Eastman has been connected with the Methodist church in the upper peninsula for a number of years. At

one time he was located at Marquette. He has retired from the pulpit on account of ill health.

The Negaunee Sons of St. George are preparing to attend the convention of that organization to be held in Ishpeming next week. It is the opinion of several prominent members of the society that the meeting will be the largest in the history of the organization.

The fire department's running team for the Crystal Falls tournament will get down to solid work this week and it is expected that the winning out process can be started by the end of the month. The department intends to have only first class men on its team and any man who does not show up in fairly good form will not be given a place on it.

The cow nuisance has grown to such an extent that the people are up in arms against the bovine and are insisting that a poundmaster be appointed who will enforce the city ordinances designed to keep cattle from doing damage within the municipal limits. During the hot weather the annoyance has been much greater than at any previous time.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

Kokomo, Ind., Aug. 10, 1899. Dear Sirs:—For the past 10 years I was troubled with my stomach. About 4 years ago was taken down with rheumatism; was not able to do a day's work for 3 years.

Yours respectfully, ELWOOD MCCRACKEN. Sold by the Stafford Drug Co.

There are good profits for retailers in Heppner's pure ice cream. Heppner, Marquette. (5-1-tf)

Michigan.

THE PORTLAND MINE.

Oglebay, Norton & Co. Are Finding Considerable Ore There.

The Portland mine, which is located a short distance from Michiganame in the vicinity of the Imperial and Webster mines, may be wrought before long.

The option expires the latter part of this month, when it is possible that the property will change hands. The mine is in the line in Baraga county, Michigan and adjoining lands—two acres in all—and he expressed the belief that the corporation would buy the property as the showing there is much better than they had anticipated finding.

The option expires the latter part of this month, when it is possible that the property will change hands. The mine is in the line in Baraga county, Michigan and adjoining lands—two acres in all—and he expressed the belief that the corporation would buy the property as the showing there is much better than they had anticipated finding.

BASEBALL NEXT SUNDAY.

Bachelors and Benedicts Will Meet on the Diamond.

Michiganame will be warm with baseball talk next Sunday, when two local nines, the Bachelors on one side and Benedicts on the other, will come together. The baseball fever is just striking the town and it is understood that the best material will be taken from both teams and a regular nine organized after Sunday's contest.

The Bachelors will meet some evening this week to select their players. It is said that the young men will lay a proposition to play for refreshments before the old fellows, just to make the game interesting and at the same time give the participants something to cool off of.

The Even nine wants to come here some Sunday and meet the local team. The nine to be organized after Sunday's contest will doubtless extend the event's invitation.

PUMPS ARE WITHDRAWN. The Imperial and Webster Mines Will Not Be Worked This Year.

Orders were received late last week from the management of the Cleveland Mills company to withdraw the pumps from the Imperial mine. This practically means that there will be no work done at the mine this season, though it has been expected that the mines would be worked this year.

With the Imperial closed the Webster will also remain idle. The pumps at the Webster were stopped last fall, when both mines were closed down for the winter. It would be such an easy matter to remove the water from the Webster in case of a resumption that it was much cheaper to allow the pits to fill than to keep the pumps working during the winter season.

GOES TO THE PHILIPPINES. C. W. DeWitt, late superintendent of the Michiganame school, who recently accepted the superintendency of the Newberry school, has decided not to go to the asylum town. He has accepted a three years' position in the Philippines at a much better salary than he could get at any of the small towns on the peninsula.

CHILDREN IN HARD LUCK. There are no less than four Michiganame children suffering with injured arms, two fractures and two dislocations all caused from falls. G. J. Murray, baby boy, Herbert, has a dislocated shoulder. Phil, Presage's little daughter is also suffering from the same kind of a mishap. Ed, Brophy's boy has a broken arm and Johnie Fabey is the fourth unfortunate youngster.

ALL PLACES FILLED. At a regular meeting of the Michiganame school board held one evening last week applications for the only two

vacant places in the school were accepted. Miss Viola Backes, who taught here last year, takes one room and Miss Susie Duhord, an old Michiganame girl, who has been teaching at Fargo, S. D., for the past three years, will take the other. Miss Thebert of Oshkosh, had the place given Miss Duhord, but she notified the board a few days ago that she would not come here.

MICHIGAMME PICK-UPS. Charles Regstrom was up from Ishpeming Monday.

F. C. Bennett was in town Monday calling on his customers.

Mrs. Will Villeneuve of Champion spent Monday with friends in town.

Dr. Conkle is assisting Dr. Lamb in Republic for a few weeks during the absence from the town of Dr. Moll.

Mrs. F. C. Bennett and daughter of Ishpeming, are visiting relatives in Michiganame.

Mrs. Robert Clemenson came up from Marquette Monday on a visit to her folks.

G. J. Schwendeman, late clerk of Michiganame township, has taken a position with an insurance inspector agency at West Superior.

John Hill, who conducts a saloon business here, has engaged in a similar business at Mass City. He will manage both places for a time.

The funeral of the late John Whalen of Sidaw took place last Wednesday from the Catholic church here. Interment was in the local cemetery.

Manager Milroy of Old Fellows hall refused the Empire Comedy company a date here this week. He did well, as the aggregation is not any too well spoken of.

J. C. Thomas, the dentist, is expected back from Kenton within the next few weeks, finding work enough to keep him quite busy.

An excursion was run from Michiganame to the Island last Sunday evening, but strange to say only ten persons took advantage of the opportunity to visit the pleasure spot.

Posters advertising the reunion of the Sons of St. George at Ishpeming a week from Saturday were hung in the windows of some of the business houses here early in the week.

Sunday and Monday were the two warmest days of the season in Michiganame. It was 100 in the shade about noon both days. A number who are employed outside took a layoff.

The clerk's office in the township building has been greatly improved in appearance, by the application of fresh paint and new wall paper. The room has also been provided with gasoline lamps.

A building twenty feet wide by seventy-five long is being built by E. W. Read & Co. at the mill here. It will be used for the storage of lumber. Chas. Regstrom, the Ishpeming contractor, is doing the work.

W. J. Fraser left Monday evening for Illinois University, where he will take the superintendency of the mechanical department. The young man's many friends here wish him success in his new position.

N. Nistrom, W. Wall, Peter Aronson, Gust Nordstedt and Ed. Larsson, all of Ishpeming, spent Sunday fishing at a small lake about four miles from Michiganame. They suffered some with the heat though they had fairly good luck at the water.

A party consisting of Carl Tellefsen and Christ Presthus, with their families of Ishpeming, and C. F. Sundstrom and Joe Comer, and families, of this place, enjoyed an excursion on Lake Michigan Sunday. The Petrel was chartered for the occasion. The Ishpeming people were so delighted with their outing that they said they would get up another crowd and come up again next Sunday.

General Office, Marquette, Mich.

MUCH PUBLIC LAND

GOVERNMENT RETAINS TITLE TO 462,157 ACRES IN MICHIGAN.

DECREASE OF 10,856 FROM LAST YEAR

ALL UPPER PENINSULA COUNTIES STILL HAVE LARGE TRACTS.

During the Year Closing July 1, 1901, Marquette Land Office Transacted Business Affecting 35,921.15 Acres.

Register Thomas Scadden of the Marquette land office has just completed the compilation of his report on the acreage of United States lands which now compose the public domain of the state of Michigan.

This figure does really show the aggregate decrease in the lands making up the public domain, but, owing to cancellations and the reclaiming of the lands affected, it does not furnish a fair index to the business of the Marquette land office, which, for the year ending July 1, 1901, handled 36,921.15 acres of government lands, this being the total of the homestead entries.

The cancellations are continual, the land which reverts back to the government only to be taken up by new homesteaders causing a constant fluctuation in the acreage of the public domain. It would appear from the figures cited above that the total of these cancelled claims taken up exceeds that of the new claims filed on by homesteaders.

Acreage by Counties. Following is the acreage of the public domain by counties:

- Alcona, 7,536 acres; Alger, 6,672; Alpena, 2,934; Antrim, 280; Arenac, 881; Baraga, 11,363; Benzie, 2,444; Charlevoix, 2,554; Cheboygan, 9,091; Chippewa, 85,171; Clare, 2,824; Crawford, 20,511; Delta, 16,919; Dickinson, 2,363; Gladwin, 25,000; Gogebic, 925; Grand Traverse, 1,080; Houghton, 3,681; Iosco, 36,618; Iron, 8,645; Kalkaska, 2,878; Keeweenaw (Isle Royale) 13,602; Lake, 2,542; Leelanau, 3,926; Lapeer, 29,464; Mackinac, 9,919; Manistee, 943; Marquette, 47,482; Mason, 2,286; Menominee, 1,918; Mecosta, 240; Missaukee, 3,120; Montcalm, 22,460; Newago, 403; Oceana, 2,059; Ogemaw, 3,322; Ontonagon, 5,799; Osceola, 520; Oscoda, 48,353; Otsego, 1,960; Presque Isle, 11,177; Rosconmound, 9,694; Schoolcraft, 21,483; Wexford, 240.

Upper Peninsula Filers. The important business of the land office is transacted in connection with upper peninsula lands. It will be observed that the several counties of this section have good acreages of public lands left.

In the southern part of the state practically all the desirable homesteads have been taken up, the lower peninsula having been settled when the northern section was yet a wilderness and it now supporting the vast population of the state's population. It requires careful search below the Straits to find a tract of government land worth filing on and the number of homesteaders is constantly decreasing.

It will be observed that many lower Michigan counties do not appear on the list published above. In all these cases the government land has been entirely preempted. It will also be observed that each of the upper peninsula counties is still listed and that, without exception, they have good acreages of land, such as it is, still available for homestead entry.

Of course it is understood that the 462,157 acres remaining of the public domain includes the least desirable land of the enormous acreage once owned by the government. Every homesteader is looking for the best land to be found in the commonwealth. Those who filed first picked the choice tracts and the process of selection has been going on continually and without interruption since the public domain was first thrown open for settlement. It still goes on. Prospective homesteaders are always on the lookout for good things and the best is none too good for them.

It is only a question of time when the government has left a large acreage of land fit for no purpose in particular, land which no one will want unless some manner of utilizing it, the secret of which is now unknown, is found. This land is unfit for agriculture by reason of the nature of the soil. Much of it is sandy, this being particularly so in the northern part of the lower peninsula and in this section. Some of it is swampy and other large tracts are wildernesses of rocky formations without any pretense of being mineral lands.

It will be observed that several counties on the list are credited with unusually large acreages. In these cases it may be justly assumed that enormous tracts are composed of all but worthless lands.

VALUABLE STATISTICS. Capt. Gaillard Has Compiled Them Relative to the Duluth District.

Captain Gaillard, who succeeded Major C. B. Sears, has just completed the task of working up statistics relative to the volume and value of the commerce of the several ports in the Duluth district, says the Duluth News-Tribune. The figures are based on the best obtainable information from the commencement of improvement operations by the government to the close of 1900. The commercial operations for the several ports ranges from 1867 to 1897. The ports embraced are as follows: Grand Marais, Mich.; Grand Marais, Minn.; Marquette, Presque Isle, Portage Canal, Harbor of Refuge, Ontonagon, Ashland and Duluth-Superior.

During the year 1900 the volume of the vessel freight for the above ports was 26,153,127 tons, with an estimated value of \$236,136,904. Since the commencement of improvement work in charge of the government in the several ports, beginning as early as 1867 and as late as 1897, there was a total tonnage of 193,678,360, with an estimated value of \$62,461,038,082.

It must be remembered that these figures cannot be strictly correct, for in many cases the data available was very incomplete. For the year 1900, however, Captain Gaillard considers that the figures are as correct as commercial figures can be. Captain Gaillard has been busy of late closing up his annual report to the department. It must reach Washington by July 20.

For the year 1900, however, Captain Gaillard considers that the figures are as correct as commercial figures can be. Captain Gaillard has been busy of late closing up his annual report to the department. It must reach Washington by July 20.

RECORD OF HOT DAYS. Temperatures From 11th to 16th Ranged From 50 to 108 Degrees.

A reading of the thermograph used at the government observatory from the 11th to the 16th was displayed in a window of Pendill's pharmacy yesterday. It showed variations of temperature from 60 to 108 degrees, the period, as a whole, being one of the hottest in the city's history.

People yesterday were astonished when they ascertained that Monday had been the hottest day, according to the government records, ever experienced here. As The Mining Journal remarked, it was the general belief that Sunday was far the warmest of the two days and it was with considerable surprise that it was learned that the official maximum temperature on Monday overtopped that recorded on the previous day by six full degrees. Many were inclined to reject the official record, saying that the thermograph must have been out of gear, but it is unquestionably right.

Yesterday marked an appreciable let-up in the hot weather. The mercury at its highest point was only in the neighborhood of eighty degrees and most of the records were between seventy and eighty. It is not likely that the city will again experience heat as severe as that suffered early this week for some time to come.

COPPERS DULL. But They Are Apparently Strong and the Feeling is Bullish.

Coppers are quiet and dull, in sympathy with New York. However, they are holding up wonderfully well and the general feeling is bullish. Paine, Webber & Co. said: "The markets are waiting for reports of rain in the drought-stricken corn belt. Liquidation has been very urgent and prices are probably grounding on the bottom, but the possibility of continued dry weather is preventing a resumption of bull activity. Just at present the coppers are dull in sympathy with New York and with the general situation. However, only the weakest holders have been forced to liquidate and the sentiment continues very bullish. There are still a good many things to come out on the coppers and we believe that buyers at this level will secure good profits before many days have passed."

Hayden, Stone & Co. wired the Laidley Commission Co.: "The market is very dull and there is very little demand for coppers. We would only advise purchases of dividend paying stocks until the New York market takes on more activity. We believe Osceola will sell much higher and while you wait you get \$6 per share in dividends. People who are close to the Mohawk management are very confident of the property turning out a big paying mine."

A. R. Jones & Co. said of wheat: "Lower cables caused the only weak spot in the market today, at the opening. It was soon apparent that some strong interest was being freely later the buying was attributed to a prominent and very successful operator, who has a big following. St. Louis reports that France is buying wheat very freely today. The crop news from the Northwest is also unfavorable. It looks as if wheat is headed for a higher range and we feel extremely bullish on the situation."

MARINE MATTERS. Passed the Canal. Sault Ste. Marie, July 16.—(Special.)—Up—Frick, 8:30; Miami (steel), 8:40; Belman, 9:50; Moore, Hall's, Amazon, City of Paris, Cox, Stone (oil tank), 11:40 p. m.; Ford, 1; Elfinore, 1:40; Kalkaska, Fryer, Oak Leaf, 3:50; Spaulding, 5; McDougall and two whalebacks, Merrimac, 7:40; Merida, Magnetic, Osceola, 9:30; Swallow, Peace, Filmore, 11 a. m.; Manistique, Delaware, Plantier, Fenness, 2; H. C. Briton, Wawanosh, 3; Nipigon, Melbourne, Knapp, 5; North Wind, 7:40 p. m.

Notes of Marine News. The Osceola, bound up, was in port for a few hours yesterday. The tug Schenck made a trip to the Huron Mountain club yesterday.

A POOR MILLIONAIRE. Lately starved in London because he could not digest his food. Early use of Dr. King's New Life Pills would have saved him. They strengthen the stomach, aid digestion, promote assimilation, improve appetite. Price 25c. Money back if not satisfied. Sold by the Stafford Drug Co., druggists.

Twenty-five gas lamps for bicycles—worth at a bargain. R. L. Francis Co. (7-12-1f)

Only two days more before stock of the King Gold & Copper Mining & Milling company will advance to 15 cents per share at 7 cents per share. Jos. J. Wirtz, Fiscal Agent, Marquette, Mich. (7-9-1f)

We have a good sale on Dr. Caldwell's Syrup Pepsin because we guarantee it and refund your money if it does not just as we represent it. Call for a booklet that tells you all about it, at the Stafford Drug Co.

PAN-AMERICAN EXPOSITION. Buffalo, N. Y., May 1st to Oct. 31st—The D. S. S. & A. railway now has on sale at all stations Pan American excursion tickets to Buffalo, N. Y., at very low rates with a choice of six different routes covering both rail and lake trips. Tickets will be on sale every day from June 1st to Oct. 31st and will be good for return fifteen and ten days from date of sale according to rate. If you do not care to go and return same route, ask for a circuitous tour rate. For further particulars apply to the nearest ticket agent or to Geo. W. Hubbard, G. P. A. (6-14-1f)

All druggists are authorized by the manufacturers of Bunsen's Cream Catarrh to refund the money where it fails to cure any case of Catarrh no matter of how long standing. One application gives ease and rest. This is a new discovery and the only Catarrh remedy sold on a positive guarantee—No Cure, No Pay. Price, 50 cents. For sale by the Stafford Drug Co.

Rev. L. S. Coulton, of Circleville, Kas. says: "Dr. Warner's Your White Wine of Far Syrup has been in my family and found to be all and even more than you claim for it. It is a speedy cure for all throat and lung diseases." The Stafford Drug Co.

We will give big discounts on all bicycle sundries for the next thirty days. Now is your chance. R. L. Francis Co. (7-12-1f)

Two dull-finish cabinets mounted on any style of card for 50 cents. Werner's gallery. (6-21-1f)

We have fifteen second-hand bicycles. They will be sold cheap. If you want a wheel it will pay you to see them. R. L. Francis Co. (7-12-1f)

Clear thinking, decisive action, vim, vigor of body and mind, the sparkle of life come to all who use Rocky Mountain Tea. 35c. Stafford Drug Co.

If you want a bicycle, want it cheap, want it good, go to R. L. Francis Co. (7-12-1f)

A KANSAS MINISTER. Rev. L. S. Coulton, of Circleville, Kas. says: "Dr. Warner's Your White Wine of Far Syrup has been in my family and found to be all and even more than you claim for it. It is a speedy cure for all throat and lung diseases." The Stafford Drug Co.

CITY BREVITIES.

Weather forecast: Fair, with possibly local thunderstorms; variable winds. Yesterday's temperature: 7 a. m., 73 degrees; noon, 70 degrees; 7 p. m., 68 degrees; maximum, 77 degrees; minimum, 67 degrees.

W. S. Prickett came in from Sidway last evening. E. W. Sparrow of Lansing was in the city yesterday.

Max Barbour was down from Ishpeming last evening. W. C. Bush of Gladwin was a Marquette visitor yesterday.

A meeting of St. Agnes court of the W. C. O. F. will be held this evening. S. H. Vaughan of the St. Paul road was down from Houghton yesterday.

Mrs. Charles Senecal and son, Hartwell, of the Soo are in Marquette visiting P. R. Downey and family. County Clerk Ross has issued a marriage license to Peter W. Pascoe, Jr., and Octavia Brockman of Republic.

A blind organ grinder tortured the eye of the downtown streets yesterday. He picked up a fair amount of small change. The Methodist parsonage at the corner of Front and Michigan streets is receiving a coat of paint which will greatly improve its appearance.

Mr. and Mrs. Sam Bennett took Ovelia Marteson, who was brought down from Humboldt this week, to the Newberry hospital for the insane yesterday.

The Woman's Home Missionary society of the Methodist church will meet this afternoon at 3 o'clock at the home of Mrs. S. A. Lowe, 119 West Arch street.

The B. Y. P. U. will hold a picnic at Presque Isle this afternoon. Most of the members will go out at 4 o'clock. Supper will be served at six near the pavilion.

The Ladies' Aid society of the Presbyterian church will serve ice cream and cake at the church parlors this evening from 7:30 to 9 o'clock. The parlors are delightfully cool. All are cordially invited.

Dr. Longyear's launch was received here from Detroit this week. It was sent up to the Huron Mountain club on the tug Schenck yesterday. It is a very light craft, the hull being made of aluminum.

Miss Nellie Froberg arrived home from Detroit, where she had been visiting friends for a couple of weeks, Monday evening. She has resumed her desk in the office of the electric light and power commission.

Morse Hose company will meet tonight in special session at 8 o'clock. Matters pertaining to the Crystal Falls tournament and other important business will come up, and for that reason a good turnout is requested.

It is said that there will be no trouble about pulling off the proposed Hammond-Crank ten-round boxing contest, if it is understood that there must be no slugging or bruising and that the bout will be a contest for points only.

Marquette earned the doubtful distinction Monday of having its name published at the head of the maximum temperature enumeration in all the metropolitan papers. Its 108 degrees overtopped the records of all the other cities which suffered from the hot spell.

Professor Hogue's dancing classes were held yesterday. The hop which followed the evening class was again well attended. The Marquette Ideal orchestra furnishes the music for these hops and they are becoming very popular. They furnish most acceptable opportunities for mid-summer dancing.

Clarence L. Burglerfer, a well known impersonator and humorist, will be at the M. E. church Friday evening. He will appear in a varied and interesting program, his readings running the gamut of all the emotions. There will be an extended reading from "Quo Vadis." Mr. Burglerfer should be heard by a goodly assemblage.

The fishing tug Ethel J. has just been equipped with one of the Atwood patent steam net lifters manufactured at Michigan City, Ind. This device was described at length in a recent issue of The Mining Journal, when the tug Theora was similarly equipped. Mr. Atwood, the inventor and manufacturer, has been here setting up the lifter. The invention is a great success and it is giving universal satisfaction. The lifter on the Theora has worked perfectly and it is found to be a great time and labor saver. The Ethel J. will be a much more serviceable craft with the addition of the device.

We will give big discounts on all bicycle sundries for the next thirty days. Now is your chance. R. L. Francis Co. (7-12-1f)

Two dull-finish cabinets mounted on any style of card for 50 cents. Werner's gallery. (6-21-1f)

We have fifteen second-hand bicycles. They will be sold cheap. If you want a wheel it will pay you to see them. R. L. Francis Co. (7-12-1f)

Clear thinking, decisive action, vim, vigor of body and mind, the sparkle of life come to all who use Rocky Mountain Tea. 35c. Stafford Drug Co.

If you want a bicycle, want it cheap, want it good, go to R. L. Francis Co. (7-12-1f)

WEBSTER'S INTERNATIONAL DICTIONARY. EDITION OF 1901. The History of this great reference book, briefly stated, is that it was first published in 1828 and a second edition, somewhat enlarged and revised by the author, was published in 1840. After the death of Dr. Webster in 1843, the copyright of the work was purchased by George and Charles Merriam. In 1847 a revised edition was issued, edited by Prof. Chauncy A. Goodrich. (Note: The copyright on this particular edition (1847) having expired, it is now reprinted by a cheap process and is sold at prices ranging from one to ten dollars per copy.) In 1864 WEBSTER'S UNABRIDGED DICTIONARY was issued and was the standard dictionary of the English language until 1890, in which year WEBSTER'S INTERNATIONAL DICTIONARY was first published and the publication of the Unabridged was discontinued. The INTERNATIONAL of 1890 was the result of a complete revision of the Unabridged, with large editions to every department and many entirely new features. The 1901 edition of the INTERNATIONAL is a revision of the 1890 edition, together with still more new features, chief among which is a complete reference history of the world and twenty-five thousand new words, phrases, and definitions. This is the edition we offer the book-buyers of Marquette for cash, or on our popular club plan, one dollar down and balance in small monthly or quarterly payments. When you buy a Dictionary, buy the best. Webster's INTERNATIONAL is both latest and best. Call and see it.
