BALKS AT UNIONISM

STEEL CORPORATION WILL NOT ARBITRATE THE STRIKE.

KNOWS OF NO ISSUE INVOLVED.

WILLING TO GRANT DEMANDS AS TO WAGES AND HOURS.

General Situation Is Unchanged Except That the Men at the Only Hoop Mill Working Will Organize and Join the Strikers.

New York, July 18.—The following official statement, according to the Journal and Advertiser, was given out today at the office of J. P. Morgan & Co.:

The United States Steel Corporation will not consent to any consent to any arbitration of the present difficulty. There is nothing to arbitrate. The company stands willing to agree to the demands of the men as to wages and hours. If there is any other question at issue, it is merely a sentimental one raised by the Amalgamated association.

Important Point for Strikers.

Pittsburg, July 18.—The most important of all news regarding the steel workers' strike that reached Pittsburg today was the action of the men employed in the Duncansville plant of the American Steel Hoop company. President Shaffer received a telegram from the men this morning asking if they should strike. Shaffer replied that unless they were organized. This afternoon another telegram asked that an organizer be sent to them at once. In compliance with the request, Vice President Pierce started for Duncansville this evening to complete the organization. The Duncansville plant is the last of the hoop plants to remain at work. The Amalgamated association officials say that if they are successful in closing this plant, they will be masters of the situation as far as the steel hoop companies are concerned.

Police Preparing for Trouble.

The situation throughout the district remained practically unchanged today. In the immediate vicinity of Pittsburg the evident intention of the company to attempt the reopening of the Dewees wood plant at McKeesport, is the only incident so far to cause uneasiness. The men claim that enough workmen cannot be secured to operate the mill and say no opposition will be made in any way. The police authorities have taken precautions to provide against possible trouble.

The present center of the trouble seems to be at Wellsville, O., where a public mass meeting was held this afternoon for the purpose of presenting both sides of the controversy to the men and citizens generally. A number of speakers participated, the principal one being President Shaffer.

MORE MINES TO CLOSE.

Fremmen in the Shamokin Region Get Orders to Strike.

Shamokin, Pa., July 18.—The local colliery men's organization has received orders from the headquarters at Wilkes-Barre, Pa., to go on a strike tomorrow. Twelve thousand men all told will be affected, the great bulk of them miners.

Seranton, Pa., July 18.—The fremmen who are members of the United Mine Workers will not be called out to support the men who have now tied up half the mines in the Lackawanna valley and rendered idle at least 50,000 men in the territory from Pottstown to Forest City. This was the outcome of an informal conference here today between District President Nichols, of the Mine Workers, and State President Mullaly, of the Stationary Firemen's Association.

Kingston Men Win Out.
Wilkes-Barre, Pa., July 18.—The mine strike at the colliery of the Kingston Coal company was settled this evening and the fifteen employees will return to work tomorrow, it is understood at the old price. The company also granted the demands of the fremmen on the condition the big companies do likewise.

STRIKE CLOSES SALT BLOCKS.

Higher Wages Demanded in Face of Great Surplus Product.

Manistee, Mich., July 18.—By Saturday night all the salt blocks and lumber mills in the city will be closed as a result of a strike by the salt lifters in the salt plants which began today. Three plants were closed today. The men, who have been receiving \$1.75 per day, demand \$2. The strike will affect 1,400 men.

Price of the Product Cut.

Saginaw, Mich., July 18.—The Michigan Salt association cut the price of salt yesterday from 70 cents to 45 cents a barrel. Increased production, a large surplus on hand, and the determination to push manufacturers outside of the association are the attributed causes. At the new price, there is no profit except for the plant run by the exhaust steam from the sawmills.

COUNT TOLSTOI BETTER.

St. Petersburg, July 18.—Count Tolstoy, who is suffering from a severe attack of fever, is much better today.

HELEN IRON MINE IS JUMPED.

Prospector Lays Claim to the Big Clergue Property Near the Soo.

Sault Ste. Marie, Mich., July 18.—The big Helen iron mine at Michipicoten, owned by the Clergue syndicate, has been jumped by Julius George, a prospector, who restaked the property a few days ago. The mine is estimated to be worth between ten and fifteen million dollars. George claims the company has not owned the mine, which it has been operating the past year under miner's license. A patent was applied for, but had not been granted at the time of the re-staking. George alleges that at the time of the expiration of the proper period the company had not complied with the law, and it was, therefore, open to claim.

HEAT INTENSE IN ENGLAND.

Deaths and Sunstrokes Numerous in a Temperature Reaching 93.

London, July 18.—The United Kingdom has had no such weather as that prevailing now for eleven years. The temperature was 93 in the shade today at Southsea and Billinborough, Lincolnshire. The torrid sun has caused asphalt to soften and the tar in the wood paving to bubble.

The number of deaths and sunstrokes have not been reckoned up, but these and the attempts at suicide in consequence of the heat are described as "numerous." Soldiers on duty in ordinary clothing have suffered dreadfully, two dropping dead in consequence.

FILIPINOS REVIVE STEYN FIGHTS PEACE

THREE PROVINCES AGAIN IN ACTIVE INSURRECTION.

THEIR CIVIL RULE DISSOLVED.

CONTROL OF AFFAIRS TURNED OVER TO THE MILITARY.

Islands of Bohol and Cebu, and Batangas, in Luzon, the Districts in Revolt and Chaffee Sends an Expedi- tion to Mindoro.

Manila, July 18.—The United States civil commission states that after three months' trial of the provincial form of government in the islands of Cebu and Bohol and the province of Batangas, Luzon, the control of those districts owing to their incomplete pacification, has been returned to the military authorities, it having been proved that the communities indicated are backward and undeserving of civil administration.

The provincial and civil officials in those districts will continue in their functions, but are now under the authority of General Chaffee, instead of the civil governor, Judge Taft, as heretofore.

Several towns in Cebu are still besieged by insurgents, the insurrection in the island of Bohol has been renewed, and the insurgent sentiment in the province of Batangas is strong.

General Chaffee has ordered a battalion of the Thirteenth infantry to begin the occupation of the island of Mindoro.

H. Phelps Whitmarsh, governor of Benguet province, who was recently ordered to Manila for the investigation of certain charges against him, presented his side of the case to the United States Philippine commission today. Whitmarsh denied every charge made against him.

FILIPINO AID FOR BRYAN.

Ex-Candidate Tells of Aguinaldo's Al- leged Offer Through Envoys.

Lincoln, Neb., July 18.—In a statement for the press today Wm. J. Bryan gave his version of the story to the effect that Aguinaldo promised him financial assistance in his campaign of a year ago.

Bryan says that while he was in New York two Filipinos sent a request to confer with him. He declined to meet them and sent a friend to explain that he did not think it proper to hold a conference. The Filipinos said that Aguinaldo was willing to lay down arms in case of Bryan's election and was also willing to contribute to the Democratic campaign fund, but Bryan refused to consider either proposition and did not require them to furnish any evidence of their right to represent Aguinaldo.

FRESH RUSSIAN GOBBLE.

Mongolia Territory Seized and Railroad Being Surveyed.

London, Friday, July 19.—"Mongolia is now Russian," says a dispatch to the Daily Express from St. Petersburg. "Urga, a Chinese frontier station on the road to Peking, two hundred miles south of Kihita, has been fortified and garrisoned by Russian infantry and Cossacks. Surveying parties, escorted by troops, have penetrated as far as the edge of the Great Desert to determine the route of a direct railway to Peking across the desert and the point where it will join the mid-Siberian extension, now being constructed around the south end of Lake Baikal."

WEATHER FORECAST.

Washington, July 18.—The following is the weather bureau's forecast for Upper Michigan: Fair Friday and Saturday; warmer Saturday; light easterly winds.

COSTLY FIRE AT PETOSKEY.

Flooring Factory and Lumber Destroyed —Loss is \$400,000.

Petoskey, Mich., July 18.—The immense flooring factory of Thomas Foreman & Co. was totally destroyed by fire this afternoon, together with six million feet of lumber and a dwelling house. The loss is estimated at \$400,000.

Grand Rapids Plants in Ruin.

Grand Rapids, Mich., July 18.—The extensive manufacturing plant of the Michigan Barrel company was destroyed by fire tonight, entailing a loss of upwards of \$100,000.

REFORM FORCES CALLED.

Populist Leaders Arrange for a Conference in September.

Cincinnati, July 18.—John A. Parker, chairman of the People's party national committee, today issued a call for a national conference at Kansas City on Sept. 17 for the purpose of allying all reform parties who agree with the Populist platform.

BOTTLE MAKERS IN TRUST.

\$30,000,000 Combine That Includes All Manufacturers Is Formed.

Wheeling, W. Va., July 18.—Announcement of a combination of the first glass bottle makers, with a capitalization of thirty millions and including all the manufacturers of glass bottle in the United States, was made public today.

FILIPINOS REVIVE STEYN FIGHTS PEACE

CAPTURED LETTERS SHOW THE BOER LEADERS DIVIDED.

TRANSVAALERS SICK OF WAR.

SURRENDER ADVISED BY BOTHA, VILJOEN AND OTHERS.

Free State President, However, Is Un- yielding and Declines to Treat With British—His Hope in God and Europe.

London, July 18.—The war office issued late tonight a dispatch from Lord Kitchener giving the correspondence between Secretary Reitz and President Steyn, captured with the latter's baggage near Londley on the 11th.

Reitz, under date of May 10, wrote to Steyn that a meeting of the Transvaal council had been held, attended by General Botha, General Viljoen and Mr. Smuts, to consider the national situation. He went on to catalogue the difficulties—the numerous surrenders of burghers, entailing heavy responsibility on the government, the rapidly decreasing supply of ammunition, the disintegration of the government, and the lack of any definite assurances of European intervention. "In view of these facts," he said, "the government had decided to address a message pointing out the terrific conditions. The time has passed for us to let matters drift as at present. We must take the final step."

Steyn Still Has Hope.

Steyn, replying on May 15, upbraids Reitz with a weakheartedness, saying there is still sufficient ammunition to continue the struggle. "You ask," he says, "what prospect there is of a successful termination. I ask what chance there was for the two small republics when they declared war against the mighty power of Great Britain. You will answer that we trusted in God and in foreign intervention. What reason is there now to place less trust in God? I have seen recent European newspapers, and I firmly believe that complications will occur in Europe in the course of a few months which will secure our good fortune." Steyn also says that the fact that Kruger and the Boer delegates remain in Europe convinces him that they do not consider the cause not beyond hope.

Killing of British Wounded.

Johannesburg, via Cape Town, July 18.—In the course of an inquiry conducted under oath here today, various non-commissioned officers and men in the British army confirmed the statement that Boers had shot British wounded at Vlakfontein.

CREDITORS LEFT IN LURCH.

Indianapolis Produce Dealers Disappear Owing Thousands of Dollars.

Indianapolis, July 18.—H. E. Hurley and Louis E. Johnson, who since February last have operated a produce commission house at No. 219 East Maryland street, have disappeared. The amount of the claims presented against them so far exceed \$15,000 and it is thought this amount will be largely increased when the affairs of the firm are settled. For several days claims have been pouring in from Kansas, Minnesota, Wisconsin, Illinois, Ohio, Missouri and other places about the country.

FLOOD HAVOC IN CHINA.

Millions of Acres in the Yang Tse Valley Under Water.

London, Tuesday, July 19.—A Shanghai dispatch to The Globe confirms the previous reports of the rising of the Yang Tse river and says millions of acres of land are under water and that the city of Hanko is threatened with submersion.

ASSASSINATED AT VALPARAISO.

Ecuador's Consul to Chile Butchered in Heart of the City.

Valparaiso, Chile, July 18.—The Ecuadorian consul general in Valparaiso, Senor Sanchez, was assassinated today in the center of the city. He was shot, stabbed and his ears cut off. It is supposed the assassin arrived from Noma today, brought news of a flood on Fish river on June 15. Every building at Council City except the Dauntless Hotel was destroyed, causing a loss of over \$50,000.

FLOOD SWEEPS ALASKA CITY.

Seattle, Wash., July 18.—The steamer Bonnoke, which arrived from Noma today, brought news of a flood on Fish river on June 15. Every building at Council City except the Dauntless Hotel was destroyed, causing a loss of over \$50,000.

PEER GETS OFF EASY

THREE MONTHS' IMPRISONMENT GIVEN EARL RUSSELL.

HOUSE OF LORDS TRIES HIM.

DEFENDANT PLEADS GUILTY AND PRAYS FOR CLEMENCY.

Petition Is Heeded by the Judges, Who Find in His Crime of Bigamy Cir- cumstances Permitting of a Light Penalty.

London, July 18.—Earl Russell today, in the house of lords, pleaded guilty to the charge of bigamy and was sentenced to three months imprisonment as a first-class misdemeanant.

The scene in the royal gallery, temporarily converted into a court of justice when the lord high chancellor, Lord Halsbury, who had been appointed lord high steward for the occasion, took his seat upon the dais and the quaint ceremonial begun, was most picturesque.

The hall was a magnificent blaze of color, produced by the robes of the peers, the academic robes of the judges and the brilliant uniforms of the high state officers. Although the house of lords was not represented in full strength, about two hundred peers who attended the trial made an imposing array as they filed into the hall, two by two, from behind the throne. Lord Salisbury, the premier, brought up the rear of the procession.

The benches reserved for the peeresses were amply filled, while the space allotted to distinguished strangers were crowded with diplomats and their families, including United States Ambassador Choate, Mollie Cook, otherwise Mrs. Somerville, Earl Russell's present wife, sat facing the benches occupied by the members of the house of commons. Among the witnesses was Judge Currier of Nevada, who took a seat beside the clergyman who married Earl Russell to Mable Scott, his first wife.

Opens With Quiet Ceremony.

The court was formally opened with a series of quaint ceremonies and an exchange of stately phrases prescribed in the ancient legal procedure. Beside Lord Halsbury, in an earl's robes and wig, stood General Sir Michael Biddulph, gentleman usher of the black rod, and William Weldon, norry-king of arms, in a resplendent tunic. "Our sovereign lord and king," shouted the norry-king of arms, "charges and commands all manner of persons to keep silence upon the pain of imprisonment."

After the necessary formalities, Earl Russell was conducted to the bar. He calmly surveyed the judges and peers. Then the clerk of parliament cried out loudly, "Francis Stanley, Earl Russell, surrender to bail or forfeit recognition."

The black rod approached the bar, which had raised as the earl drew near, and surrendered Earl Russell. Upon reaching the appointed seat, Earl Russell stood leaning against a table and made obeisance three times to the lord high steward. Then the indictment was read by the clerk, who concluded with these words, "I now say you, my lord, guilty of the felony of not guilty."

Before Earl Russell could answer, his counsel objected to the indictment on the ground the alleged offense was committed outside the dominionship of his majesty, King Edward. After the reply of the prosecution, the argument of the counsel for the defense, Earl Russell, in a voice scarcely audible, pleaded guilty.

Asks for Clemency.

The earl's counsel then addressed the house, pleading that the accused acted upon the best legal advice obtainable in Nevada and that the offense was merely technical. Earl Russell addressed the house in the same strain, saying the decree obtained in the United States gave special sanction to his new marriage. The earl said he proposed to re-marry Mollie Cook (his present wife) as early as possible. Concluding, he said he placed himself in their lordship's hands, that he had acted in ignorance and without intention of willingly defying the law.

The peers adjourned to agree on the verdict. When they reassembled the whole house was on its feet. Relative to the defendant's plea of non-jurisdiction, Lord Halsbury said King Edward had the right to legislate for his subjects the world over. While the crime could not be passed over, said the lord high steward, there were several mitigating circumstances. Their lordships, not desiring to inflict the full penalty upon Earl Russell, had unanimously declared that justice would be satisfied by his being imprisoned in Holloway prison for three months as a criminal in the first degree.

ASSASSINATED AT VALPARAISO.

Ecuador's Consul to Chile Butchered in Heart of the City.

Valparaiso, Chile, July 18.—The Ecuadorian consul general in Valparaiso, Senor Sanchez, was assassinated today in the center of the city. He was shot, stabbed and his ears cut off. It is supposed the assassin arrived from Noma today, brought news of a flood on Fish river on June 15. Every building at Council City except the Dauntless Hotel was destroyed, causing a loss of over \$50,000.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

THE GREAT STEEL STRIKE.

Four days of the strike in the mills of the United States Steel Corporation ordered by the executive officers of the Amalgamated association have passed without bringing any material change in the attitude toward each other of the contending organizations. The officers of the Steel Corporation are giving out nothing concerning their intentions, but it is known that they have made no overtures to the officials of the Amalgamated association for a settlement of the disagreement. President Shaffer of the Amalgamated professes to be entirely satisfied with the situation as it exists and speaks confidently of his ability to bring the big corporation to its knees, but the silence and apparent indifference of the Steel people has an ominous aspect, as it seems to bespeak a well considered purpose for which they will not be moved—that being to resist to the last the endeavor of the Amalgamated to impose on their concern an onerous and irritating dictation covering its relations with the labor in its employ.

As we see it, the strike bids fair to prove a stubborn one. The Amalgamated association is quite a strong organization and is seeking to further increase its strength by taking in the men employed in all the mills of the Steel Corporation. Its officers are obviously of the opinion that unless they bring all the mills of the Corporation into their organization the association will lose much of the power it has hitherto exercised, as the consolidation of nearly all the great steel plants brings them under a single management which cannot be easily coerced. The aim of the Amalgamated leaders is to obtain such control over the plants of the Steel Corporation that they will be able at any time in the future to call out all the men should any demands they may see fit to make be resisted. The strike is not, as has been before explained, for shorter working hours or an increase of pay, but to compel the Steel Corporation to "unionize" all its plants and place it in a condition of dependence on the men at the head of the Amalgamated association. To understand the nature of the strike, this should be borne in mind, as it is the real issue in the dispute.

We very much doubt that the Steel Corporation's management will consent to be placed so much at the mercy of an organization which aims to exercise control over the operation of its great plants without having a dollar invested in them. It is our belief that the Steel people will fight President Shaffer and his organization to a finish, whatever the cost. They are shrewd and far-sighted business men, and they doubtless believe that as this fight has to be made it had better be made now, while part of their mills are non-union, than later after they would all be unionized, and thus brought under control of the Amalgamated association. If this view is correct the strike is likely to prove a long and obstinate one, for the Amalgamated is fighting for its life, while the Steel Corporation is the most powerful and resourceful industrial concern on the face of the globe, and the men in charge of its affairs are not to be easily driven from a purpose carefully weighed and deliberately arrived at.

If the officials of the Amalgamated counted on having the strike cause a slump in the market value of the shares of the Steel Corporation which would paralyze business they underrated the ability of the men at its head to support their stocks. A scare in London caused a sharp fall in these shares Monday, but already much of that loss has been recovered, and the temporary alarm which the strike occasioned in the financial centers of this country has almost entirely subsided.

Whatever the final result may be, it is to be earnestly hoped that the strike may be held free from lawlessness. So far, the officers of the Amalgamated have evinced a commendable disposition to confine themselves to legitimate methods in their fight against the big corporation. They will strengthen their cause in the good opinion of the public by continuing to do this, and they will make failure certain if they resort to coercive measures in the hope of thus forcing the Steel Corporation to grant their demands.

WORKS WELL IN EUROPE.

Few people are aware of the extent to which the railroads of Europe are under governmental ownership and control. In a report just submitted to the state department at Washington our consul general at Frankfort, Germany, Mr. Guenther, furnishes some very interesting information on the subject, which is here given, and from which it appears that European railroads have nearly all been brought under state management.

Dr. A. von der Leyen, railroad expert, in an article in the June number of the German Review, demonstrates that the example of Prussia in buying the private railroads and running them on government account has contributed to popularize this system in other countries. Dr. von der Leyen states that not only have the other German states followed it, but that almost all the other

European countries have purchased the existing railroads. The Austrian government railroad that both Hungary and Rumania have today a mileage of almost 8,150 miles; that of Hungary, about 8,150 miles. Since 1882, a great change has taken place in Russia; of the then existing 14,000 miles of railroad, only about 40 miles were owned by the government. The total mileage in 1897 was about 24,300 miles, of which 15,780 miles belong to the government. To this must be added the government railroads in Finland and Asiatic Russia; the Trans-Caspian and the Siberian railroads. The Servian, Rumanian and Bulgarian railroads are owned exclusively by the respective governments.

Of the northern European kingdoms, Denmark has a government railroad system of 1,167 miles and 525 miles of private railroads. Norway's railroads belong almost exclusively to the government. Sweden has 2,303 miles of government and 4,287 miles of private railroads. The government has not yet succeeded in acquiring the latter, although efforts have been made to do so. Belgium, in 1898, through the purchase of the Grand Central Belge and some minor private roads, became the possessor of the whole Belgian railroad system. Holland acquired all the remaining private railroads in 1890; they are, however, operated by two private companies.

The Italian government purchased all private main railroads of Italy in 1885 and leased them for twenty years to private corporations. Dr. von der Leyen states that both the last countries have had unpleasant experiences with this arrangement. Switzerland, after long discussion, resolved by federal law in October, 1897, to gradually purchase all the private railroads. On Jan. 1, 1901, the first federal railroads were operated by the government. By agreements of 1883 the six large French private railroads had their rights recognized by the government, and no change has been made in the policy in that country. The relatively small government railroad system, located between the Orleans and the Western railroads, has remained intact. As the private railroads, however, have received large subsidies from the government, and the latter have to the state in the second half of the present century, they can hardly be considered purely private railroads.

Of the countries which have a private railroad system exclusively, only England and the United States remain, and the consul remarks that it would not seem that this condition will soon be changed. He adds that it would be difficult to prove that the railroads of these two countries show more efficiency than the continental ones. To an American traveling in Europe, however, it is apparent that as far as comfort and convenience are concerned, the American railroads are far in the lead, and the English come next.

This brief sketch of President Schaffer of the Amalgamated association, who commands the forces of organized labor in the great battle with the powerful United States Steel Corporation in which they are now engaged will enable the reader to obtain an idea of the kind of a man he is, and how obstinately he is likely to stand out for the demands of his association.

Theodore J. Shaffer, the leader of the steel workers' strike, lives in a little two-story frame house in the poorest part of Pittsburg. He pays a rent of \$18 a month. He is 6 feet tall; has a large head, "iron jaws" and a piercing black eye. His home is plainly furnished, but there are books about that show the man's power over men is mental as well as physical. Mr. Shaffer began to work in the Monongahela mills twenty years ago. He studied theology at night, was graduated from a college and became pastor of the First Methodist church at Brownsville. This he left to work again in the iron mills. Shaffer's characteristics are earnestness, honesty and conservatism. During the past conference he time and time again has given the labor leaders in chief when they would have brought the matter to a focus.

The country will await with some curiosity the outcome of a contest in which the opposing forces are generated by a man who lives in an ordinary two-story frame dwelling and one whose home is a modern palace. Popular sympathy is sure to be with the one who lives in a house for which the rental is \$18 a month, but outside sentiment counts for little in deciding the issue of conflict of this kind.

The Amalgamated association is said to have a strike fund of between \$200,000 and \$300,000 in bank. That amount will not go far toward providing for the families of the members of the association who have gone out in response to the order of President Shaffer, but of course the men can earn something while the mills are tied up if they are willing to work wherever they can find employment.

IT DAZZLES THE WORLD.

No discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery for Consumption. In the severest tests have been on hopeless victims of Consumption, Pleurisy, Hemorrhage, Pleurisy and Bronchitis, thousands of whom it has restored to perfect health. For Coughs, Colds, Asthma, Croup, Hay Fever, Hoarseness and Whooping Cough it is the quickest, best cure in the world. It is sold by the Stafford Drug Co. who guarantee satisfaction or refund money. Large bottles 50c and \$1.00. Trial bottles free.

Builds up the system; puts pure, rich blood in the veins; makes men and women strong and healthy. Burdock Blood Bitters. At any drug store.

CATARRAH OF THE HEAL.

All druggists are authorized by the manufacturers of Bunsen's Cream Catarrhal to refund no money if the remedy fails to cure any case of Catarrh no matter of how long standing. One application gives ease and rest. This is a new discovery and the only Catarrh remedy sold on a positive guarantee—No Cure, No Pay. Price, 50 cents. For sale by the Stafford Drug Co.

MARQUETTE COMMON COUNCIL PROCEEDINGS.

(Official.) Marquette, Mich., July 15th, 1901.

An adjourned regular session of the common council was called to order by the mayor, the Hon. John D. Mangum. Present—Aldermen Asire, Ball, Bush, Ekstrom, Fleury, Gorman, Gustafson, Jacobs, O'Neill, Reau, Siegel, Ward and Werner.

The record of the session of July 1st approved. The petition of James Russell, requesting permission to move a house from East Carl street to a lot on East Michigan street, one block east of Spruce street and to occupy streets with the building and necessary appliances for moving the same, was presented, and, on motion of Alderman Ball, referred to the committee on streets and sewers with power to act.

The following was presented: Marquette, Mich., July 15, 1901. To the Hon. Mayor and Common Council of the City of Marquette: If the city will lay out, grade and macadamize (at least forty-two feet wide) the boulevard lately acquired by the city of the Light House Board, eight feet wide from shore to shore (or nearly so) and do it within the next ninety days from the date hereof, I will donate to the city in cash and pay on demand in aid thereof the sum of five hundred dollars.

With respect, PETER WHITE.

Moved by Alderman Bush, supported by Alderman Asire, and carried, that said communication be referred to the committee on streets and sewers with power to act.

Yeas—Aldermen Asire, Ball, Bush, Ekstrom, Gorman, Gustafson, Jacobs, O'Neill, Reau, Siegel, Ward, Werner and the mayor. Nays—None. On motion of Alderman Asire, supported by Alderman Reau, the following was adopted: Whereas, The Hon. Peter White has heretofore bid off the name of the city of Marquette the west eighty feet of the United States Light House Reservation adjoining the city water works plant, and has advanced for the city and paid the United States government for the purchase of said land the sum of \$500, which sum should be reimbursed to Mr. White:

Resolved, That a warrant be drawn on the general fund for said purpose for the sum of \$500, payable to the order of Peter White.

Yeas—Aldermen Asire, Bush, Ekstrom, Gorman, Gustafson, Jacobs, O'Neill, Reau, Siegel, Ward, Werner and the mayor. Nays—None.

Alderman Ball, present, not voting. Alderman Ball offered the following: Resolved, That the proper disbursing officers be and they are hereby authorized and directed to issue orders in payment of the interest becoming due on the "General City" bonds during the current fiscal year.

Adopted as follows: Yeas—Aldermen Asire, Ball, Bush, Ekstrom, Gorman, Gustafson, Jacobs, O'Neill, Reau, Siegel, Ward, Werner and the mayor. Nays—None.

On motion of Alderman Ward, the following was unanimously adopted: Resolved, That the profile for a public highway from a point on Division street in the city of Marquette to a point on Carp river in Sec. 34, T. 48 N., R. 25 W., made by R. R. French, city engineer, and adopted by the common council March 22, 1900, be vacated and set aside.

On motion of Alderman Ward, the following was unanimously adopted: Resolved, That the grade for a public highway from a point on line between Sections 26 and 27, T. 48 N., R. 25 W., 132 feet south of quarter post on said line and running to a point on the south line of Section 33, 30 feet west of the southeast corner thence southwesterly 200 feet to road in Sands Township, be and the same is hereby established in accordance with profile thereof made by Charles Cummings, civil engineer, and hereto attached, and that this resolution and said profile be duly certified by the recorder and placed on file.

On motion of Alderman Ward, the following was unanimously adopted: Resolved, That the grade for a road from north line of McMillan street to south line of Grove street, be and the same is hereby established in accordance with profile thereof made by Charles Cummings, civil engineer and hereto attached, and that this resolution and said profile be duly certified by the recorder and placed on file.

On motion of Alderman Ward, the controller was instructed to advertise for bids for the construction of a road, from the north line of McMillan street to south line of Grove street, in accordance with profile and specifications thereof.

On motion of Alderman Ward, supported by Alderman Ball, the following was unanimously adopted: Resolved, That the respective owners and occupants of the lots and premises in the city hereinafter mentioned, are hereby ordered and required within ten days after notice hereof, to construct in conformity with the ordinances of the city, new sidewalk in front of and adjoining said premises, the outer edge thereof to be ten feet from the street line.

Street. Lots and Premises. Washington—In Harlow's Addition No. 2, Lot 2, Block 3.

Pine—In Moore's Addition, Lots 20, 21 and 22 except 100 feet of N. 27, 28 and 29; S. 50 feet of Lots 27, 28 and 29; N. 50 feet of Lots 68, 69 and 70; S. 50 feet of Lots 68, 69 and 70; N. 50 feet of Lots 75, 76 and 77; S. 50 feet of Lots 75, 76 and 77; S. 50 feet of N. 100 feet of Lots 116, 117 and 118; S. 50 feet of Lots 116, 117 and 118; East 34 feet of Lot 123 and all of Lots 124, 125 and 126; N. 50 feet of Lots 163 and 164; S. 100 feet of Lot 163.

Front—In John Burt's Addition, Lots 13 and 14 of Block 7. In Adams' Addition, Lots 12, 13 and 14. Division—In Penny and Vaughn's Addition, Lot 49.

Sixth—In Harlow's Addition No. 1, Lot 30, Block 11. Bluff—In Harlow's Addition No. 1, Lots 10 and 11 of Block 7.

Ohio—In Harlow's Addition No. 4, East 98 feet of Lot 49. High—In Hewitt's Addition, Lot 27, W. 1/2 of Lot 28 and all of Lots 60 and 111.

Rock—In Cleveland Iron Mining Co.'s Sub-Div., Lots 9 and 10 of Block 6. Champion—In Champion Addition, Lot 8. In Harlow's Addition No. 1, Lot 15 and 16 of Block 1.

Morton—In Palmer's Addition No. 2, Lot 109. Alger—In Palmer's Addition No. 1, Lots 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76 and 77. Ridge—In Harlow's Addition No. 1, Lot 11 of Block 13. In Plat of Lot 2, Sec. 23, T. 48 N., R. 25 W., Lot 4 of Block 5; and Lot 13 of Block 13, Harlow's Addition No. 1.

Hewitt Avenue—In Adams' Addition, S. 105 feet of Lots 34 and 35, and S. 105 feet of Lot 36. In John Burt's Addition, Lot 24 of Block 2. In Moore's Addition, Lots 154 and 155.

And be it further Resolved, That upon the failure of any such owner or occupant to construct any portion of such sidewalk as aforesaid, or cause the same to be done and to complete the same within said time, it is hereby ordered that such portion or portions of such sidewalk be constructed or completed by the city and that the expense thereof be assessed upon the premises in front of which the same is located.

On motion of Alderman Ball, the street commissioner was instructed to give notice forthwith to the owners of said property, so as to relieve the city from liability, in accordance with Section 12 of Chapter 14 of the City Charter as amended.

On motion of Alderman Ward, the controller was instructed to advertise for bids for the construction of a sewer in Park street.

Moved by Alderman Ball, supported by Alderman Asire, and carried, that the marshal enforce the ordinance relative to the licensing of retail dealers in merchandise. The council then, on motion, adjourned. DANIEL S. DONOVAN, Recorder.

levied and assessed against said lots and premises, respectively, and the collection thereof is hereby directed. Adopted as follows: Yeas—Aldermen Asire, Ball, Bush, Ekstrom, Gorman, Gustafson, Jacobs, O'Neill, Reau, Siegel, Ward and Werner. Nays—None.

The following bills and claims, having been audited by the controller, on motion of Alderman Siegel, were allowed and ordered paid: Robertson Bros., repairing street sprinkler \$ 1.50

Kokomo, Ind., Aug. 10, 1899. Pepsi Syrup Co., Dear Sirs:—For the past 10 years I was troubled with my stomach. About 4 years ago was taken down with rheumatism; was not able to do a day's work for 3 years. All medicine seemed of no benefit to me. A year ago I was advised to take Dr. Caldwell's Syrup Pepsin. I truly believe I would have died but for this medicine. My rheumatism is entirely gone and my stomach is in good condition. It has saved my life and I cannot recommend it too highly.

Ishpeming and its Environs.

THE SONS' REUNION.

Elaborate Preparations Are Being Made for the Big Celebration.

The annual convention and reunion of the Sons of St. George of Michigan will take place in Ishpeming next week, the convention on Friday and the celebration on Saturday. Members of the order and friends will assemble from all parts of the upper peninsula and it is understood that representatives will be present from the lower peninsula lodges. Special inducements in the way of cheap rates have been offered by all the railroads and it is expected that some of the heaviest trade of excursionists that ever came to Ishpeming will be brought in Saturday morning.

Saturday will be the important day, as there will be no demonstration of any kind on Friday. A program of events that will take up the entire day has been arranged. As soon as all the members arrive, which will be in the neighborhood of half-past 10 o'clock, the parade will be formed. The turnout will be an unusually large one, as it has been reported by the local committee that every lodge in this section will send delegations. It has also been reported that no less than eight bands, including all the leading musical organizations of the upper peninsula, will be in line. The parade will be worth going miles to see. In 1893, when the last reunion of the Sons took place here, the parade was a very imposing one, but it is expected that the turnout this year will surpass that.

The program of events for the afternoon will consist of athletic contests and feasts of different kinds. There will also be bicycle races, swimming matches, Cornish wrestling, etc. A bicycle race around the Cliffs is among the possibilities, though this has not yet been definitely decided on. The prizes offered in the athletic contests will be large, so that the best men in this section can afford to participate. The contests will take place on the principal streets of the city. The list of prizes, etc., will be announced very soon.

The Cornish wrestling will take place in H. H. Milder's enclosed lots opposite the Nelson House. Workmen have been busy there the past few days raising seats and doing other work. The grounds are admirably suited for the sport. The seats will accommodate at least 2,000 persons. The prizes offered are large enough to attract the best wrestlers of the peninsula and it is understood that none of the good men will be absent. The wrestlers who carried off the prizes at the Champion tournament on the Fourth will be on hand and all the experts of this city will do the jackets.

The hand contest in the afternoon will be a part of the program that will delight many. All the bands that appear in the parade will be privileged to take part in the contest.

The Sons did a wise thing when they procured the big tent in which meals are to be served during Saturday. It will be located on the Cleveland-Cliffs company's vacant ground on East Division street. The tent will arrive early next week and it will be raised and in readiness for the tables before Saturday. The prize concert to take place Saturday evening will also be under the tent. Sufficient seats to accommodate nearly 3,000 persons will be provided. The entertainment will be one of unusual merit as talent from all sections of the upper peninsula will participate. Prizes will be given the person singing the best comic song and the best sentimental solo. The best quartet will also get a prize.

THEY GOT EVEN.

A party of Ishpeming girls who spent last week at Camp Lory have had no little amusement as a result of their experience Sunday. The day was one of the hottest of the year, but in spite of this the lady who chaperoned the girls insisted that all should go to church. The nearest place to attend worship was Champion. After some grumbling and protesting all piled into a heavy wagon for the six-mile drive. The young men were careful to make the chaperon sit on a board stretched across the rear of the box, directly over the axle. The driver was "next" and he didn't do a thing but torture the lady by driving over the roughest part of the road. Before camp was reached on the return trip the flies had got their work in and the chaperone was hardly able to get out of the wagon without assistance. Since then several members of the party have presented her with bottles of liniment, for which she has had abundant use.

THE LOSS ADJUSTED.

The loss on the Braastad lumberware-house, damaged by fire last Saturday night, was adjusted yesterday by the Sedgwick Insurance agency, in which the policies were held. The building was insured for \$300 and the stock \$500. Both amounts were paid in full. The damage to the stock was not fully covered as there was a great deal of finished material in the building. The fire, water and smoke all took effect on it. Mr. Braastad estimated the damage to the lumber at not less than \$700.

Candy, made fresh every day, at Luff's candy palace. (7-15-17)

NOTICE TO CONTRACTORS.

Bids will be received by the Cleveland-Cliffs Iron company up to twelve o'clock noon on August 14, 1901, for the erection of twenty houses in the city of Ishpeming. Plans and specifications are on file at their office and may be examined there.

Each bid must be accompanied by a certified check for the sum of \$500.00, made payable to the Cleveland-Cliffs Iron company, to secure the signing of contract and the furnishing of good and sufficient bond for its performance. Bids should be addressed to the Cleveland-Cliffs Iron company and marked "Bid for Houses." The right to reject any or all bids is reserved.

M. M. DUNCAN, Agent. (7-19-1w)

If you want summer goods cheap buy now at Braastad's Everything marked down.

TWENTY NEW HOUSES.

The Cleveland-Cliffs Iron Co. Will Build Them the Coming Fall.

The Cleveland-Cliffs Iron company will soon begin building twenty dwellings on the high ground directly north of Lake Bancroft, just above the old home of the Ishpeming Snowshoe club. The officials of the company yesterday announced that all the buildings will be completed the coming fall.

As will be seen by a notice elsewhere in this issue, contractors are invited to submit bids on the job. Bids will be received up to 12 o'clock noon Aug. 1. Plans and specifications are on file at the company's office and may be examined there. Each bid must be accompanied by a certified check for \$500, made payable to the Cleveland-Cliffs Iron company, to secure the signing of the contract and the furnishing of good and sufficient bond for its performance. All bids should be addressed to the Cleveland-Cliffs Iron company and marked "Bid for Houses." The right to reject any or all bids is reserved. Contractors from all parts of the upper peninsula are invited to bid.

There will be four different styles of houses, some with six rooms, closet, etc., others with seven. The location selected by the company is most desirable. It is high and dry and overlooks the beautiful lake. In the immediate vicinity are some of the finest houses in the city. It is understood that the new houses will be rented to employees of the Cleveland-Cliffs Iron company and it is likely that most of them will be occupied by men employed at the Cliffs shafts mine, which is on the opposite shore of the lake.

Each occupant will be allotted a certain amount of ground for gardening. The soil there is well adapted to raising cereals. The water main will be extended to the new location before the houses are ready for occupancy.

Some of the houses will be for sale, nor will the company offer lots for sale in that vicinity for the present. Streets will be graded and alleys will be provided.

The officials of the company desire to get the work started as soon after August 1 as possible, as it will not be an easy matter to complete all the houses before the cold weather sets in, especially if there happens to be a delay in procuring any of the material.

The erection of the houses will represent an outlay of over \$200,000, to say the least. The large sum the company will have to spend in building streets and making other necessary improvements. John S. Mennie, architect for the company, will have immediate supervision of the construction work.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

ISHPEMING IN BRIEF.

The Ishpeming office of The Mining Journal is at 120 Main street, where payment of subscription and other accounts can be made. All having business with the paper are invited to call.

George Degagne of L'Anse was in the city yesterday.

Thomas Flannigan, Jr., has returned from a visit with friends in Detroit.

A new iron fence is being put up at A. J. Yungbluth's home, corner Ridge and Lake streets.

All Elks who sent in orders for uniforms can get the same at the club rooms this evening.

Mrs. Mabel Swift entertained her lady friends yesterday afternoon at her home on Oak street.

Patrick McDonald, Michael Butler, Michael Lally and William Leininger were at Camp Lory yesterday sinking a well.

The members of the Epworth leagues of this city and the Winthrop will hold their annual picnic at Presque Isle tomorrow.

W. J. Whitford, who came down from Houghton to attend the funeral of his brother John Whitford, left for home yesterday afternoon.

Several of the clerks of S. Johnson & Co.'s store held a picnic and supper last evening at Cleveland Park. The outing was a most enjoyable one.

The painters and paper hangers have completed their work at Thoney Bros' saloon. The barroom now presents a very attractive appearance.

The second Assembly dancing party will take place Saturday evening of this week at Cyr's hall, Negaunee. Trombley's orchestra will furnish the music.

The roller was run over South First street yesterday afternoon to put the street in good condition for the firemen who are practicing on that thoroughfare.

T. J. Clifford and Miss Nellie Kennedy of this city assisted with the music at a ball Wednesday evening at Republic given by the baseball team of that place.

The two local bands, also the National band, will be in the Sons of St. George parade a week from tomorrow, the 27th. The City band will accompany Sir Humphrey Davey lodge; the Lake Superior band will be with Trelawney lodge and the National band will march with the Winthrop branch of the order. The

three lodges will turn out almost their entire membership which alone is sufficient to make a good-sized procession.

Posters announcing the trotting meet to be held at Marquette on July 24-25 have been placed about the city. Much interest is being taken in the event. The bills announcing the bout between Croake and Hammond have also been distributed.

Horace Outhouse and his wife departed yesterday for Madison, Wis., which city will be their future home. Mr. Outhouse sold his furniture business some time ago to William Leininger and has taken his old position on the road with the Buckstaff Manufacturing company of Oshkosh.

John Hudson's little son swallowed a dose of iodine at noon yesterday. The drug burned the child's tongue and before he drank much of the fluid he dropped the bottle. One of the physicians of the Ishpeming hospital staff was called, but the boy had not swallowed enough of the stuff to injuriously affect him.

SHE DIDN'T WEAR A MASK.

But her beauty was completely hidden by sores, blotches and pimples till she used Backer's Arria Salve. Then they vanished as will all Eruptions, Fever Sores, Boils, Ulcers, Carbuncles and Felons from its use. Infallible for Cuts, Corns, Burns, Scalds and Piles. Cure guaranteed. 25c at the Stafford Drug Co.

A big assortment of shirt waists going at cost at Braastad's.

Superior ice cream and choice fruits at Luff's candy palace. (7-15-17)

Our inventory sale of lace curtains is on. All kinds going cheap. F. Braastad & Co.

Itchiness of the skin, horrible plague. Most everybody afflicted in one way or another. Only one safe, never failing cure. Doan's Ointment. At any drug store, 50 cents.

The ladies can get shirt waists almost at their own price at Braastad's.

PRIZE EATING CONTEST.

"They had an eating contest the other night at Pin Hook schoolhouse."

"Who won?"

"Ben Splutters—he ate nine head of cabbage."

"Didn't it make him sick?"

"No. He just took a spoonful of Dr. Caldwell's Syrup Pepsin. That prevents Stomach Trouble of any kind, they say."

At the Stafford Drug Co.

PILES, TETTER, ECZEMA.

Boro-Carbol Salve will cure blind, bleeding or itching Piles where all other ointments have failed. It absorbs the tumors, allays the itching at once, acts like a poultice and gives instant relief. Boro-Carbol Salve is prepared expressly for Piles, Tetter, Eczema and all itching skin diseases. Sold on a guarantee—No Cure, No Pay. Price, 25 cents per box. For sale by the Stafford Drug Co.

Mercury AND Potash

Everybody knows that Mercury is a dangerous medicine even when administered in very small doses, and few constitutions can stand it for any length of time. Potash produces inflammation of the stomach and bowels, and a dangerous form of dyspepsia and often chronic diarrhoea follow its use.

Now, the doctors will tell you if you have Contagious Blood Poison you must take these minerals for two years or longer; first, a course of Mercury, and when your teeth get so sensitive and sore that you can't eat, and the gums have a spongy, unnatural appearance, you are told to stop and a change to Potash is made. When the stomach rebels you are put on Mercury again, and so on *ad infinitum*, or until the system becomes so thoroughly saturated with these poisonous drugs that the most disgusting sores break out on the body, the bones become diseased, and the muscles and joints are racked with the most torturing pains. Mercury and Potash drive the eruptions and blotches from the skin, but the virus remains in the blood and the reappearance of the old symptoms and the occasional sore mouth show that the poison is still active, and you can never hope to completely eradicate it by this method of treatment.

When I was about twenty-one years of age, or eighteen years ago, I contracted Blood Poison in a bad form, and am satisfied that the rapid progress the disease was making would soon have made me a life-long invalid or ended my life. As my system came under the influence of S. S. S., the sores, spots, and pimples gradually disappeared and soon no evidence of the disease was left. I am now thirty-nine years old, and have seen no signs of it during the past eighteen years. S. S. S. does all you claim for it.

S. S. S. is the only antidote for this destructive virus, and an infallible remedy for this peculiar poison. It destroys and eradicates every particle of the poison, and makes the blood as healthy and pure as before the disease was contracted.

S. S. S. is the only purely vegetable blood purifier known, and we offer \$1,000 for proof that it contains any mineral ingredient whatever. The general health improves as the Specific purges the system of impurities, and as new, rich blood begins to flow in the veins the unsightly sores and other evidences of blood poison disappear; strength returns and you are forever rid of this loathsome disease. Our Home Treatment Book on Contagious Blood Poison tells you all about the symptoms, different stages, etc., of this disease. We will mail you a copy free.

If you need advice or special directions, write our physicians; it will cost you nothing and may hasten your cure. THE SWIFT SPECIFIC CO., ATLANTA, GA.

AT THE NEGAUNEE MINE.

About 600 Tons of Ore Being Hoisted Daily With the Temporary Plant.

The usual underground force is again working at the Negaunee mine. For a week or so after the cave-in, which occurred the 12th inst., all the men could not be employed to advantage. The temporary hoisting plant, installed soon after the ground went down is doing good work. About 600 tons of ore are being hoisted daily from the new shaft. This is about one-half as much as was brought to surface every twenty-four hours when the permanent hoisting plant was doing service.

The ground near the opening is not falling away, nor has it been settling appreciably during the past week. No new cracks are noticed about the place where the ground went down, and the workmen are again feeling secure.

Work at the new engine house is progressing favorably. As many men as can be employed are now at work on the job. The foundations for the engines, also for the building, will be completed tomorrow, and the work of installing the machinery will at once be started. The plant will be ready for operation before the building is completed. It is now expected that hoisting can be resumed with the big engine soon after the first of next month. This is certainly making excellent headway, when it is considered that the plant will be in operation in about thirty days after it had been disabled. The weather ever since the accident has been very favorable for the outdoor work.

BERRY CROP A FAILURE.

Frosts in June did the business for it.

The blueberry crop for this season is practically a failure. A few weeks ago it looked as if this year's berry harvest would be exceptionally fine, but the conditions have changed and from present indications the crop will be from fifty to sixty per cent short. A late frost played havoc with the berry blossoms in last month. Though for a while it looked as if no great damage would result, the extent of the damage done now begins to be apparent, and it is found to be very great.

Many pickers who came to Marquette county from other parts of the peninsula are returning to their homes, finding the yield too light for profitable picking though there are a few pickers still at work at the camps south of the city. The failure of the berry crop means a loss of several thousand dollars to the pickers, for a large number of persons make berry picking their chief industry during this season of the year. Another class of men, who by the short crop are the jobbers, who handle the berries for the Chicago and Milwaukee commission men. While their loss will not be as large as that of the pickers yet it will be considerable.

Northern Michigan berries are in great demand on the Chicago market. In fact the blue berries from this section are among the best obtainable. The wholesale price per bushel paid on the Milwaukee market Wednesday was \$3.30. This is considered a good price when the crop is large and the berries sound, but with the shortage that exists this season it is not attractive. It is said that southern berries have flooded the market and forced the price down. The upper peninsula berry is the only one suitable for preserving and as soon as the consumers demand a fruit fit for this particular use the price will advance smartly for the supply is so limited that it will not begin to satisfy the demand.

NEGAUNEE SONS TO ATTEND.

The Negaunee Sons of St. George will send a large delegation to the reunion of that society to be held at Ishpeming Saturday, July 27. The delegation from this city will be the largest outside one to attend. It is estimated that fully 125 members will go to the Hematite city Saturday to participate in the parade. Large crowds of outsiders will also go over that day to take in the athletic sports and other events.

Thomas H. Roberts has been chosen to represent the Negaunee lodge at the business meeting of the Grand Lodge, Albert Bree, a past grand officer, and others from here, will also attend this session. The Grand Lodge legislates for the entire order and its meeting is considered most important to all who have the interest of the organization at heart.

There will be little work performed here Saturday for all who possibly get away will visit Ishpeming. While nothing official has yet been announced it is probable that several of the mines will close and give the men a holiday.

It has not been decided whether or not the Negaunee lodge will assist the Ishpeming Sons in the entertainment of the outside guests. This matter was discussed at the last meeting but nothing definite was agreed on. The question will be finally disposed of within the next few days. The Negaunee City band has been engaged to accompany the lodge to Ishpeming.

A POOR MILLIONAIRE

Lately starved in London because he could not digest his food. Early use of Dr. King's New Life Pills would have saved him. They strengthen the stomach, aid digestion, promote assimilation, improve appetite. Price 25c. Money back if not satisfied. Sold by the Stafford Drug Co., druggists.

NOTICE TO CONTRACTORS.

Bids will be received until July 26, 1901, for the purpose of building a brick and sand stone block for John Shea. Plans and specifications will be seen at Mr. John Shea's dry goods store on the north side of Iron street in the city of Negaunee, Mich. 7-18-19

"I suffered for months from sore throat. Electric Oil cured me in twenty-four hours." M. S. Gist, Hawesville, Ky.

Upper Peninsula.

Twenty-eight Northwestern brakemen were laid off at Escanaba this week for an indefinite period or, in other words, until there is enough business to warrant putting them on the company's payroll again. This action of the road is said to be a result of the depressing effect on business for which the various strikes in the length and breadth of the country are responsible.

The body of Joseph Perry, a prominent Gladstone man who was drowned the night of July 4, was found near the Cleveland-Cliffs furnace Tuesday evening about 6 o'clock. Perry was a passenger on a sailboat on which a steam barge bore down. He thought that the little craft would certainly be capsized and he leaped into the water. The sailboat came out unscathed, but Perry lost his life.

An upper peninsula Sangerfest will be held in Menominee Saturday and Sunday of this week. It will be visited by three hundred or more people from the principal cities of this section and Northern Wisconsin. The railroads are all offering special rates and the Menominee society is preparing to outfit itself with the entertainment of the strangers. The program for both days of the Sangerfest are replete with interesting features but the main celebration will occur Sunday.

The Trades and Labor council at Escanaba has conceived the idea of having a street fair at that city for six days, commencing Labor day, September 2. A partial canvass of the business men has disclosed the fact that many of their number do not favor the fair. They say that the returns are not ample enough to compensate for the worry and expense and they doubt if there is time to arrange the details for a creditable show before Labor Day. It is likely that the fair will be abandoned for this year at least.

William Malone, a machinist at the Chapin mine, Iron Mountain, was seriously injured Tuesday afternoon. He and a fellow workman were sledging iron. Their hammers got mixed, with the result that Malone's was forced down on his head, inflicting a nasty wound over his right temple. The injured man was unconscious for several hours, but he will be around in due time. That morning a green engineer at the B shaft of the Chapin mistook a signal and pulled the skip up into the shaft. Considerable damage was wrought.

Theron Knapp, a well to do lumberman of Brooks, Menominee county, received a letter Monday from a man in Indiana, stating that on September he would arrive at Brooks to kill him. Knapp and the Indiana man are bitter enemies, a feud of long standing, growing out of cutting of timber existing between them. Knapp, believing his enemy had cut out his throat, has sworn out a warrant in Menominee for the latter's arrest when he arrives. It is alleged that the Indiana man carried a dirk for three weeks while on a visit to Menominee, recently, searching for Knapp.

Menominee was visited Monday by May Stone, or Li Wou Fong, the celebrated Chinese lawyer, who has been admitted to practice in England as well as his own country. He spent the day there, stopping off from Escanaba, where he had been on legal business. May Stone became interested in the case of Charles Yoot, the laundryman, whom the immigration authorities at San Francisco would not admit to the states, and he secured some evidence and affidavits at Menominee. May Stone is a celebrated conversationalist, highly educated, a graduate of Oxford College, England.

The semi-annual report of Prosecuting Attorney W. N. Mills of Menominee county has been filed with the attorney general. There were 176 prosecutions for the first half year ending June 30th, and 160 were convicted, 1 acquitted on payment of cost, and 11 discharged. The offenses and number arrested for each were as follows: Robbery 3, slander 4, larceny 19, arson 2, injury to premises 5, vagrancy 12, prostitutes 5, assault 19, house of ill fame 2, illegal selling liquor 2, liquor licenses including drunkenness etc. The greatest penalty was that imposed for five years, and the least for ten days.

The hot weather and insufficient help caused several of the dining room girls at the Park Hotel, Soo, to strike Tuesday noon, just as dinner was announced. The house is crowded with guests and Mine Host Whitney was the busiest man in town arranging for the service of the meal. The head waitress, several of the bell boys and kitchen mechanics were called into service. Mr. Whitney has expended a good sized bank roll the past week in telegrams and letters endeavoring to secure extra help to take care of the unusually large tourist trade, but was not successful. New help was secured during the afternoon and the strike was declared off.

J. C. Fitzgerald, general agent of the Wisconsin and Michigan railway, reports traffic as first class now. The new owners of the Wisconsin & Michigan are making it a permanent and substantial line. They are adding new rolling stock as fast as it can be put into use and have completely changed the right of way and improved the road bed, especially north of Fisher. From Fisher to Falthorn it is an entirely new line. The new docks at Peshigo harbor for coaling the boats are a costly and permanent improvement. The idea is to ultimately extend to the Menominee range and the work on the extension would now be under way if it was not for the fact that labor is scarce. C. H. Bosworth, of Chicago, is the new president of the road. He is a railroad man of experience.

We have a good sale on Dr. Caldwell's Syrup Pepsin because we guarantee it and refund your money if it does not do just as we represent it. Call for a booklet that tells you all about it, at the Stafford Drug Co.

Eureka Medicine Company, Box 651, Houghton, Mich. (6-18-19)

LONG BOULEVARD

IT WILL ULTIMATELY BE COMPLETED IN MARQUETTE.

MAYOR MANGUM'S PLAN.

WILL EXTEND FROM HOTEL SUPERIOR TO PRESQUE ISLE.

Its Cost Will Not Be Great, as but Two Pieces of New Highway Will Be Required—War on Noxious Weeds.

Marquette will, probably before the snow flies, if not, early next year, have a continuous macadam boulevard ten miles, or thereabouts, in length. It will add greatly to the city's attractiveness and will be immensely popular with all people who drive for pleasure, particularly with summer visitors.

This boulevard will be obtained by connecting good stretches of road, repairing some dilapidated streets and building two miles of new highway. It will not represent a very large expenditure. Its completion is one of Mayor Mangum's ideas and he is delighted that he sees his way clear to work it out.

The mayor is greatly interested in the beautification of Marquette and he is very active in the sphere of his office to that end. Just now he is working a couple of men on a crusade against noxious weeds in different parts of the city. They are making great inroads on the growths that clog the streets and public places, and if they are kept at work, a distinct advance in the right direction, will be made.

The compiled statutes of Michigan provide, where it is desired, for the appointment of a weed inspector who receives \$1.50 per day. His duty consists of a constant inspection of the city in quest of the noxious pests. Where they are found on private premises he has the power to request their removal by the owners. If such order is not complied with in a reasonable time the work may be done by the municipality, the cost to be assessed against the property owner.

Mayor Mangum, at the next council meeting, will, in all probability, call the attention of the council to this statute and request that they take some action looking to the appointment of a weed inspector. Such an official could accomplish much to put the city in spick and span order. The prevalence and virulent growths of weeds do not a little to give the streets and many premises, public and private, an atmosphere of shabbiness and neglect.

Boulevard Project. Of course the Presque Isle drive furnishes the foundation for the boulevard project referred to above. It is proposed to utilize this highway from Fair avenue out to the resort and back. Fair avenue will be put in excellent condition west to Fourth street, or the Northern Normal.

Here the Normal is building a short piece of street and above the city will have to open a couple of blocks to connect Fourth street with Fair avenue. Considerable stretches of Fourth street are now in first-class condition. The remainder of the thoroughfare will be brought up to standard. There are few tracks at the South Shore crossing the street and, all in all, it is one of the safest crossings in the city.

At the corner of Superior street the boulevard will turn west on Superior. Here there are three blocks to Seventh on which considerable money will have to be spent, they are in a wretched condition. The same may be said of the one block of Seventh street to be traversed.

On leaving Seventh, the boulevard will turn on Grove avenue, nothing else than a wide macadam road, for a few rods until it reaches the new highway to be built from Whetstone creek to the Hotel Superior.

The council has already authorized the construction of this highway and the profile and specifications are now awaiting the contractors at the recorder's office. This road will follow a natural grade to the hotel and it will be built at a reasonable expense.

The street leading down from the hotel is not in good condition and considerable work will be required to bring it up to standard. Clampton street, the next turn, is in excellent trim. Fisher and the other streets leading back to Fourth, where the boulevard will be found again, will be fixed up.

The Proposed Boulevards. Of course, the Lake Shore and Light-house Point boulevards, outlined in The Mining Journal early this week, will, ultimately, be component parts of this system, permitting many variations in the drives.

The plan is practicable and it can readily be worked out this year and next, now that the council has made a fair start on it by authorizing the completion of a highway from Whetstone creek to the Superior. This, and the construction of a couple of blocks on North Fourth street, comprises all the new work to be done. The rest of the proposed continuous boulevard being composed of existing streets which only need to be put in good condition.

There is no question that the proposed system will be a good thing and that it will fill a long felt want. Now the Presque Isle drive is the only attractive boulevard in the vicinity. In the city blocks of good street alternate with blocks over which it is all but a torture to ride. The new system will furnish a convenient, enjoyable means of getting from north to south and south to north. It will be a fine card for the Superior, inasmuch as it will add another to the city's attractions and at the same time provide a direct, easy means of access to the hotel, in place of the roundabout route which must now be taken. As it will result in the improvement of the street leading down from the hotel, it will be doubly a boon. This thoroughfare is now in illly kept condition, offensive to the eye and painful to the body that jogs over it. Considering

its location and the fact that it leads up to the city's only summer hotel, it should be kept continually in the best of trim.

AN OPEN LETTER.

Ishpeming Light Guard Expresses Thanks for Marquette Hospitality. Captain S. W. Wheeler, Marquette, Mich. Dear Sir:—The members of the Ishpeming Light Guard wish hereby, to express their thanks to the city of Marquette and the Spanish-American War Veterans for the reception and entertainment received in your city July 4th. It was very much appreciated by the boys. Wishing the welfare of the citizens of your city and that of the boys in blue, we are yours respectfully,

ISHPeming LIGHT GUARD, By Gust F. Nordstedt, secretary.

CONTRACTS LET.

For Improvements at Newberry Asylum for the Insane. Wednesday the contract for an infirmary, additional cottages, and additions to the dining room and kitchen at the Newberry hospital for the insane was let. It was awarded to the North-Creston Construction company, the concern which built the Froebel school here last fall, the figure on all the work being \$56,014. The contract for the heating and ventilating plants was let to the Lake Superior Steam Heating company for \$5,581. The new buildings and the additions are greatly needed at the asylum and their completion will permit of the reception of numerous additional patients.

AT FURNACE SITE.

Fine Progress Is Being Made With the Charcoal Stack. Work on the charcoal stack which the Cleveland-Cliffs Iron company is erecting in North Marquette is progressing rapidly and the site is one of the busiest places in or about the city. The transformation of the swampy land into the home of a considerable industry goes on apace, a considerable force of men being employed. Already the stone foundations for some of the buildings of the plant are a number of feet above the grade. For the past several days a pile driver has been employed sinking timbers required for the foundations of the heavy parts of the plant.

Since the first work was undertaken at the furnace site there has been no cessation and it is understood that this activity will be maintained without a break. The furnace is visited daily by many people who observe the work and progress with great interest and no little satisfaction.

MARKET RATHER QUIET.

Hot Weather Curtails Volume of Trading. The coppers were rather quiet yesterday, the hot weather having a tendency to curtail the volume of trading. However, the list was firm and the close strong. The feeling is fairly good and a continuance of the upward tendency is predicted.

Paul Webber & Co. said: "The hot weather drove a great many traders out of town today and the activity of the market was restrained as a result. Prices, however, were even firmer than yesterday. The bids averaged higher at the closing than they were last night. Reports from crop districts indicate a slight general improvement in conditions. The hot weather may prevent any great activity in the market, but prices promise to show an upward tendency for some time to come. We believe that the movement will be most marked in the coppers and we would buy good medium priced coppers on all slight reactions."

Hayden, Stone & Co. wired the Laidley Commission Co.: "Coppers are without a feature. American telephone is strong and it is in good demand by investors. We believe it will shortly sell high, as it did in May, when it sold to 182. We would take hold of stocks with intrinsic value as the market is likely to be dull and to sag off, as is generally the case in summer."

A. R. Jones & Co. said of wheat: "Considering the news, the action of the market today was rather disappointing and it was taken by some to mean that the advance had culminated. The market was quite weak early and it is feared, as if there would be a lower closing. The advance in corn and oats, however, turned the tide. Commission houses were liberal sellers early. The crop reports from the Northwest were all bullish, and the foreign news was of the same tone."

TALKING PARROTS.

A large selection of young Mexican parrots, black-tongued birds, such as make natural talkers, also German canaries and other song birds, every bird guaranteed, for a few days only at 203 N. Front street. (7-19-34).

NOTICE.

The reward offered for the recovery of the body of W. H. Prior is this day revoked. MARQUETTE LODGE NO. 108, L. O. O. F. (7-19-14).

We have fifteen second-hand bicycles. They will be sold cheap. If you want a wheel it will pay you to see them. R. L. Francis Co. (7-12-14).

Clear thinking, decisive action, vim, vigor of body and mind, the sparkle of life come to you by using Rocky Mountain Tea. 35c. Stafford Drug Co.

Two dull-finish cabinets mounted on any style of card for 50 cents. Werner's gallery. (6-21-14).

We will give big discounts on all bicycle sundries for the next thirty days. Now is your chance. R. L. Francis Co. (7-12-14).

What among human ills are more annoying than piles? The afflictions that vent active exercise are had enough, but one that makes even rest miserable is worse. Women are among its greatest martyrs. TABLET'S BUCKEYE PILE OINTMENT will cure the most obstinate cases. Price, 50 cts. in bottle, tubes 75c. Stafford Drug Co. (7-12-14).

MARINE MATTERS.

Passed the Canal. Sault Ste. Marie, Mich., July 18.—(Special)—Up—Saginaw, Corry, 12:20; Admiral; J. Bunsen, Thomas, 4; Bulgaria, Algeria, Case, 4:40; Iosco, Jeanette, 7:30; Cadillac, P. Erin, 10; Northern Wave, schooner Gordon, Martin, Ravson, Spademan, 10:20; West Ford, Monitor, Atmosphere, Neilson, 11; Captain Thos. Wilson, Buffalo, Cranage, noon; Shaw, Mars, 12:30; Neosho, 1:40; Hoyt, 2:20; Livingstone, 3; Ericsson and whaleback, 3:40; Curry, 4:40; Siemens, Manda, 5; Bessemer and whaleback, 6:40.

CITY BREVITIES.

Today's weather: Fresh northerly winds; stationary temperature; partly cloudy. Yesterday's temperature: 7 a. m., 62 degrees; noon, 65 degrees; 7 p. m., 65 degrees. Maximum, 66 degrees, minimum, 62 degrees.

Frank Sharon was down from Negauene yesterday.

M. H. Moriarity of Crystal Falls was here yesterday.

S. T. Handy of the Soo was in Marquette yesterday.

Professor Hogue will hold a special dancing class at Fraternity hall this evening.

Jacob Rose is absent in New York purchasing fall goods. He left early this week.

County Clerk Ross has issued a marriage license to Edwin C. Kraemer of Escanaba and Alice Young of Marquette.

Mrs. McCrea has arrived in Marquette after a number of days' absence and she is again looking after her improvement work.

A bird vender established himself in the store north of the Francis bicycle shop yesterday. He has a number of parrots for sale.

Sheriff Cudlip of Dickinson county was up from Iron Mountain yesterday. He brought a man to the upper peninsula branch of state prison.

There will be a meeting of the ward committees of the Marquette Improvement association Saturday afternoon at 2 o'clock in the mayor's office at the city hall.

The Ladies' Aid society of the Methodist church will be entertained this afternoon by Mrs. H. Gregory at her residence, corner of Ridge and Fourth streets.

Marquette has been enjoying regular summer resort weather during the past couple of days. It is in marked contrast to the brand which was set up earlier in the week. It has been just warm enough, but not too warm.

Hager Bros. announce that henceforth they will hang hammocks for all their friends who find the chairs displayed in front of their store uncomfortable. They intend to please all comers, even if it requires considerable extra exertion.

Marshal Farm brought Bruno Daniell to the county jail yesterday. Daniell is charged with murder, he having killed an Italian friend at Ishpeming a few days ago. He will be held for trial at the next term of circuit court.

There are a large number of telephone poles on Front street, down town, from which all the wires have been removed, that is with the exception of some of the lines of the electric light and power commission. Business men are wondering when the sticks will come down. Their removal will improve the appearance of the street immeasurably.

Friends of James Dwyer, special agent of the Marquette land office, say that they identify him in the picture of the crowd watching Star Pugh win a big race at Detroit which appeared early this week in the Detroit Free Press and which The Mining Journal mentioned at some length yesterday morning. It seems that the entire Marquette contingent in the City of the Straits succeeded in having their likeness "snapped."

A new sidewalk laid on Main street, just east of Front, will be an appreciated improvement. The street commissioner is doing considerable sidewalk work now, but, owing to the fact that he is not an army, there are thousands of feet which will have to remain in wretched condition throughout the summer. Things are in such a bad way that it may almost be said that good sidewalks are the exception which prove the rule.

Clarence L. Burgerer will be at the M. E. church this evening. He is an elocutionist and impersonator of considerable note. His selections will cover a wide range of subjects and they will be gay, pathetic, light and serious. A fifteen minute reading from "Quo Vadis" will be a feature of the program. Mr. Burgerer comes well recommended and he should be heard by a goodly assemblage. Professor Otto H. Kluge will play the 9th Concerto by De Bériot. Adults, 25 cents; children, 15.

The newly organized Marquette Gun club will hold its initial meeting at the old Fair grounds this afternoon at 3 o'clock. There will be a good attendance of members and much powder will be burned. The pigeons will be shattered right and left, as there are many good shots in the club, notwithstanding the fact that they have had but few opportunities to work the traps of late. It is expected that the organization, should the occasion demand, will be able to send out a first-class team at the expiration of a couple of weeks.

There is complaint on the score of naked bathing at Dead River in sight of the street railway track and the Presque Isle drive. On the warm days the river is frequented by large numbers of young boys and occasional men. Few of the bathers take the trouble to don tight. The offenders have been warned that they must have a fit regard for the decency and if they persist in their objectionable practice arrests will be made. Bathing is all right, but tightness, which make it offensive to passersby, may be procured without much trouble or expense.

Twenty-five gas lamps for bicyclists—going at a bargain. R. L. Francis Co. (7-12-14).

WEBSTER'S INTERNATIONAL DICTIONARY.

THE ADVANTAGE

Of having a reliable guide at hand when in doubt as to the proper way to spell or pronounce a word, is fully understood and appreciated by every owner of a good dictionary. There are those who, having never purchased, do not quite understand how essential it is to have a dictionary—especially "Webster's"—and this is the class we are trying to reach. We are also anxious to reach that other class—those who are making use of dictionaries which are out of date. In fact, we want everyone to examine the 1901 edition of WEBSTER'S INTERNATIONAL, which is the acknowledged best dictionary of the English language.

OUR CLUB SALE, with small payments as one of the special features, should commend itself to every reading and thinking person. Send your address on a postal and we will send a copy of the Dictionary on approval.
