

# Copper Country Department

(Additional Copper County on Page 2.)

## TO PLAY AT THE SOO.

Portage Lake, as well as Lake Linden, Arranges for Games. The Portage Lake ball team has two games arranged with the Soo Maroons, and will play at that place on Aug. 11 and 12. Manager Taylor having perfect arrangements after negotiations for the past week or so. Games between the two aggregations have previously been arranged, but at each time something prevented the boys from going. This time, however, it is apparently a sure go. The Portage Lake team was never in better shape this season than now, and it will give the Soos a hard contest for honors.

## LITTLE GIRL MISSING.

Nine-Year-Old Rockland Child Is Lost in the Woods. The little nine-year-old daughter of John Wesen of Rockland has been lost in the woods since Saturday. The whole town is aroused and hundreds of men are searching for the lost one. Accompanied by two little friends, the little Wesen girl went berry-picking Saturday morning. She did not return, her companions stating that they had been separated. No trace had been found at this writing yesterday.

## CAPT. HENDRICKSEN TO WED.

Will Be Married Tomorrow to Miss Kimpel of Houghton. Captain Charles Hendricksen of Company G, Houghton Light Infantry, and Miss Frances Kimpel, daughter of Mr. and Mrs. Henry Kimpel of Houghton, will be married tomorrow evening at 8 o'clock at the home of the bride's parents. They will be at home after Sept. 1 at 4 Fourth street. The friends of the genial captain are preparing a reception for him tomorrow evening. The announcement of his coming marriage came as a surprise to them.

## CROPS PROMISE WELL.

Farmers of Copperdom Not Hit by the Torrid Weather. Although the copper country has had its share of the hot sun this season, practically more of the crops are affected and all farm products are thriving. The harvest of hay will be unusually large this year, and already it is being cut and stacked. Raspberries and blueberries are being brought into town and are meeting with ready sale. The berry crop is said to be very good and there promises will be an abundance of the fruit.

## 400 PERSONS MADE THE TRIP.

Excursion to Ontonagon Sunday Was a Big Success. The excursion of the locomotive engineers and firemen to Ontonagon Sunday was a great success, 400 people taking advantage of the special train service to visit that section.

## ELKS IN THE CREAM CITY.

The copperdom Elks are now in Milwaukee, ready for the carnival in all its glory, having arrived at the Cream City early this morning. The Elks left Houghton in their special train early on Saturday, about 9 o'clock, and a large crowd witnessed the departure. Before boarding the train at Houghton, the herd had paraded from Hancock to Houghton and previous to that had marched through the principal streets of Calumet. In the procession the processionists were immensely pleased and many took advantage of the trip to visit the various mines and old homesteads around Ontonagon.

## STEAMER AVON A TOTAL LOSS.

A survey at Buffalo shows that the steamer Avon, well-known at Portage Lake and recently on fire near Sault Ste. Marie, is a total loss, in the sense that it will cost more to make repairs than the steamer was worth before the fire. The surveyors found the total expenditure necessary would be at least \$30,000. The steamer has been libeled for the interests of the boats that helped put out the fire, and as the libel has not been lifted the cargo of merchandise and grain, valued at \$100,000, is still on board and cannot be touched. The delay is rapidly increasing the cargo damage owing to the water poured into the hold to quench the flames.

## NOTES OF MARINE NEWS.

The steamer Osceola arrived at Portage Lake, bound down, yesterday. The steam barge Fayette Brown is unloading coal at the Quincy docks, Hancock.

## HOUGHTON BARN SCORCHED.

Fire broke out in the barn at the rear of Mrs. Katherine Foley's residence at Houghton about 10 o'clock yesterday morning and was the occasion of good work on the part of the fire department. The blaze was confined to the roof and was quickly quenched when the water was thrown on it. The fire is supposed to have had its origin from sparks from the smokestack of Haas' brewery near by. The loss is slight.

## WHITE MAN TURNED YELLOW.

Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50c. Sold by the Stafford Drug Co., druggists.

## PILETS, TETTER, ECZEMA.

Boro-Carbol Salve will cure blind, bleeding or itching piles where all other ointments have failed. It absorbs the tumors, allays the itching at once, acts like a poultice and gives instant relief. Boro-Carbol Salve is prepared expressly for Piles, Tetters, Eczema and all itching skin diseases. Sold on a guarantee. No Cure, No Pay. Price, 25 cents per box. For sale by the Stafford Drug Co.

## WHITES CREAM VERMIFUGE.

To eradicate worms from the system give the child plain, nourishing food and WHITES CREAM VERMIFUGE. The result will be, the worms will disappear and the child become healthy and cheerful. Price 25 cts. Stafford Drug Co.

## A SECOND "MACKINAC."

Isle Royale Fast Becoming the Mecca of Summer Tourists. Another new passenger boat and a hotel for Isle Royale next season will be the result of the immense increase in the passenger traffic to north shore points this season. The Argo and Bon Ami are inadequate for the passenger traffic which has developed this year.

## STREET RAILWAY EXTENSIONS.

Hoped at Lake Linden the Car Line Will Come That Way. One matter of great interest to copperdom people is that of the future plans of the street railway company as regards further extensions of its line through the county. Much talk concerning possible extensions is heard, and not without basis, for it is known that the officials of the road are considering the advisability of building to certain points in the county. The patronage already met with on the line to Calumet assures its success, and now that that construction work is practically off their hands the officials of the line will have time to look in other directions.

## FIREMEN AFTER FUNDS.

Picnic, Concert and Ball to Be Held for Tournament Expenses. The annual picnic of Continental Fire company of Houghton, which it was decided to give some time ago, will be held at Haas' park Sunday. The proceeds will help defray the expenses of the Crystal Falls trip. The Portage Lake band is engaged to play at the park and a good time is in store for those who attend.

## INSPECTION TONIGHT.

General Green Will Look Over the Houghton Company. Tonight Inspector General Fred E. Green, of the Michigan National Guard, will be present at the Armory, Houghton, to conduct a regular inspection of the company. The men will be put through the drill by Captain Hendricksen and the execution of each movement will be carefully watched by the inspector. General Green will also look over the quarters of the boys at the Armory, and the clothing, arms and the entire outfit will be examined. As everything is in the best of shape and the boys are well versed in their drill work, Captain Hendricksen has no fear that the general's report of Company G will be a creditable one.

## MASSIVE MACHINERY IDLE.

Large Pipe Laid in the Calumet & Hecla Water Line. Shortly after midnight Sunday and during the early hours of the morning, a large force of men at Lake Linden installed 130 feet of 36-inch iron pipe in the pipe line which carries the water supply from Torch Lake to the Calumet & Hecla stamp mill. During those few hours the massive machinery at the pumping works of the Calumet & Hecla, which very rarely ceases operation, was idle.

## SMALL-POX CONFERENCE.

Health Officers of Michigan, Wisconsin and Minnesota to Meet. A meeting of the health officers of Minnesota, Wisconsin and Michigan will be held at Duluth before Sept. 1 to discuss the question of a written agreement between the three states for the prevention of small pox and to arrange comparative measures for its suppression.

## CANVASS ON PAVING MATERIAL.

Today Henry Baer and Thomas Coughlin, the committee of two appointed by the Hancock council to call on all Quincy street property owners to ascertain which kind of paving material they favor, will begin the canvass. It will soon be known whether brick, macadam, cross-tied wood blocks or asphalt will be chosen.

## WHAT TWO CENTS WILL DO.

It will bring relief to sufferers from asthma or consumption, even in the worst cases. This is about what one dose of Foley's Honey and Tar costs. Isn't it worth a trial? The People's Drug Store.

## THOS. W. CARTER OF ASHBORN, N. C.

Had kidney trouble and one bottle of Foley's Kidney Cure effected a perfect cure, and he says there is no remedy that will compare with it. The People's Drug Store.

## TO ERADICATE WORMS FROM THE SYSTEM.

Give the child plain, nourishing food and WHITES CREAM VERMIFUGE. The result will be, the worms will disappear and the child become healthy and cheerful. Price 25 cts. Stafford Drug Co.

# TURN OVER

a new leaf about your laundry. Send it to us. We make the bosoms of shirts white and stiff. You won't have to kick for more starch in your collars and cuffs. You won't find streaks of blueing or dirt in them.

We do up Women's Fine Underwear in the most careful manner.

Small's Laundry, HOUGHTON. Phone 400. CALUMET.

# The Haas Brewing Co.

ESTABLISHED IN 1859, Houghton, Mich. Recently equipped and expanded to the largest and most modern brewing plant in the upper peninsula. Capacity, 200 bbls per day.

## Fine Table Beer Our Specialty.

pilgrimage to the shrine of St. Anne de Beaurive left last evening. A large number went on the trip.

Harvey Kito was sentenced to thirty days in the county jail for being drunk and disorderly by Judge Brand of Houghton yesterday morning.

The five-year-old daughter of John Rutenbach of Hancock suffered a fracture of the arm by falling off the porch at her home Sunday night.

"Dennis" Clark, a scribe of Portage Lake, gave an outing to ten of his friends Sunday, the canal being visited on the steamer Friant. Mr. Clark made an ideal host and the party was royally entertained.

The annual excursion of the Portage Lake Baptist Sunday school will be taken next Saturday. The trip will be to the Entry and the usual program of entertainment will be provided. Refreshments will also be served.

The usual number of Sunday drunks were landed in the Hancock jail during the afternoon and evening. A novel way of getting the jugs to the bastille is used by the police. The city drays are in commission as patrols.

Invitations will be issued today for the return party to the young ladies of Hancock which will be given by the young men of the town at the village hall Friday night. Preparations are being made for an enjoyable affair.

Superintendents Shields and Smith of the Mineral Range railroad made the round trip with the excursionists to Ontonagon Sunday. The gentlemen were well pleased with the large attendance and at the lack of mishaps.

The picnic which was to have been given last Saturday at the Hancock grove by Ingot tent, K. O. T. M. of Hancock was postponed. The lodge will soon decide on a date and an excursion will be given either to the canal or entry.

Five new cars have been received by the street railway company from Brill of Philadelphia during the last week. Three of them are now being put in shape for use, the other two, now side-tracked in the Mineral Range yards at Hancock, to receive attention at the car barns this week.

There has been a considerable exodus of Ontonagon county people to Oregon within the past few months, the purpose being to secure timber claims. Recently Bob Stephenson headed a party that secured valuable tracts in the Western state, and he has just left with another three months' residence only is necessary before the claims can be bought in at government rates.

Many of the friends of James Corrigan, the veteran lighthouse keeper, were pleased to meet him at Ontonagon Sunday on the occasion of the locomotive engineers' excursion. He has great faith in the future prospects of Ontonagon, and especially in an agricultural way. He takes much pleasure in showing his friends the farming lands about Ontonagon.

Under Sheriff August Beck went to the Winona location Sunday afternoon and arrested John Wiemen, the Finlander who broke John Bjork's head with a chair during a recent brawl at that place. The serious condition of Bjork, who is at St. Joseph's hospital, Hancock, was the cause of Wiemen's arrest. He had a hearing in Judge Brand's court yesterday afternoon.

It is easier to keep well than get cured. DeWitt's Little Early Risers taken now and then, will always keep your bowels in perfect order. They never gripe but promote an easy gentle action. Stafford Drug Co.; H. N. Meloch, Ishpeming.

How Are Your Kidneys? Dr. Hobbs' Spinaline Pills cure all kidney ills. Sample free. Add Sterling Remedy Co., Chicago or N.Y.

THE COPPER DELEGATION TO THE ANNUAL MEETING OF THE MINING JOURNAL.

**QUIET DAY FOR COPPERS.**

But They Stood Up Well in the Face of New York Declines.

Coppers were dull yesterday, with prices falling off fractionally. Nevertheless, as the New York market was in a bad way, there was nothing discouraging in these conditions. Paine, Webber & Co. said:

"As we predicted some time ago, the coppers have diverted themselves from the New York market and at last they are in a position to go it alone. Despite the weakness of the New York market there was at no time during the day any pressure to sell any of the coppers, either good or bad. Local traders were expecting a reaction in the coppers and there were heavy orders in to buy at a point or two under the market. If the coppers continue strong these orders will be raised and prices will, one of these days, have a sharp advance."

Hayden, Stone & Co. wired the Laidley Commission Co.:

"We think more money will be made in the better class of coppers during the next few months than in the cheaper non-dividend stocks. If we are to have a lower market in New York we cannot expect any big boom here. We hear good news on Michigan and people who are able to buy this stock and put it away will in our opinion make big money."

**OLD TAILOR RETIRES.**

A. Boulson, the merchant tailor, having sold his business to R. F. Brunner of Chicago, will retire from that line, and gives Mr. Brunner the following recommendation: "In retiring from the tailoring business in Marquette, it gives me pleasure to recommend my successor, Mr. Brunner, to my old customers and our citizens generally. He is thoroughly up-to-date and experienced in his business and comes among us determined to give his patrons the benefit of the best possible workmanship and a larger stock of materials than has ever been carried in our city. (Signed) A. BOULSON." (7-23-01)

Susan.—The pimples, sores and blackheads are danger signals. Take Rocky Mountain Tea, you'll give a farewell reception to your troubles. 35c. Stafford Drug Co.

**NOTICE TO TAXPAYERS!**

Office of the city treasurer, Marquette, Mich., July 15, 1901. Notice is hereby given that the general tax roll of the city of Marquette has been deposited with me, and is now in my office in the City Hall, and that the amount of taxes therein assessed and specified are due and may be paid to me at any time up to and including the 31st day of October, A. D., 1901.

No addition will be made to the taxes paid before the first day of August next; but an addition of one per centum of every unpaid tax will be made on that day, and a like addition of one per centum every month thereafter, until the first day of November, A. D., 1901.

AUGUST MACHTS,  
City Treasurer.

**THEY FAVOR BRICK.**

Junket of Marquette Aldermen Home From Lower Michigan Trip.

Alderman Shea, Donovan and Jones arrived home from their junket through lower Michigan cities Sunday evening. They were away to inspect the pavements in use in the various municipalities and to obtain information relative to their respective cost, utility and durability. They spent most of the time during the week of their absence looking into these questions and they picked up much valuable information which will be embodied in a report to be presented to the common council at its next session.

One of the junketing aldermen informs The Mining Journal that he and his fellow travelers were most favorably impressed with the brick pavements inspected on the trip and he intimated that the committee's report to the council will designate brick as the best material to be used here.

The committee inspected pavings of all materials, ages and conditions and, as far as its observation and inquiry went, brick seemed to be giving the most general satisfaction in the cities visited. The testimony of men working on the streets, minor city officials, as well as many of the prominent municipal officers, was, for the most part, in favor of brick. Drivers of teams hauling heavy loads also lent their approval to this material, saying that their horses can do more labor with less exertion on brick pavement than on those of any other construction.

The junket was, from time to time, in the clutches of asphalt and cedar block men and the advocates of other modern pavings, but through it all it seemed to the members that brick was the best, cheapest and most durable material with which to make pavements.

Of course the aldermen recognize that there are good brick and bad brick and when they lend their approval to this material it is with the understanding that they want the best that the market offers. They, on last week's trip, encountered some poor brick pavements which were the result of the use of poor material, but whenever they inspected a street where the best brick had been used it was invariably found to be in excellent condition, looking fit for decades to come.

It will be a fortunate day for Marquette when the council finally authorizes the paving of the downtown sections of Front and Washington streets. When the improvement is finished people will wonder why it was not undertaken years ago, so great a difference will it make in the appearance of these thoroughfares and the general style of the city. The work will not be done this year, there being no appropriation for it, nor yet time to plan and complete it before the snow flies. However, the probabilities are that it will be undertaken in good season next spring.

**MARINE MATTERS.**

**FREE COOKING LESSONS BY MAIL.**

The N. K. Fairbank company, of Chicago, have announced a new feature in their plans of advertising, in giving away cooking lessons.

The N. K. Fairbank company, 271 Dearborn St., Chicago, will send to any reader of The Mining Journal a complete course of cooking lessons prepared by Mrs. Emma P. Ewing upon request and the enclosure of the nominal sum of 50 cents, which will bring with the lessons a coupon which can be redeemed for one year's subscription to "Harper's Bazar," the regular price of which is \$1.00. Mrs. Ewing will answer, in a department especially devoted to that purpose, questions from students of the Cooking School. The lessons which she has prepared cover the entire range of sensible, practical cookery and are very interesting and valuable, not only to those who want to learn to cook, but also to those who have already had experience.

Publishers of The Mining Journal know The N. K. Fairbank company as a large and responsible institution, having been heavy advertisers for a great many years, and readers can rest assured that their offer is bona fide and worthy of their attention.

Imperfect digestion and assimilation produce disordered conditions of the system, which grow and are confirmed by neglect. HERBINE gives tone to the stomach, and causes good digestion. Price 50 cts. Stafford Drug Co.

**\$50 FOR A BOTTLE OF MEDICINE.**

This is to certify that my wife was for years afflicted with asthma and was so far gone that several physicians decided that her case must terminate in consumption. I was induced to try a bottle of Dr. Warner's White Wine of Tar Syrup. To our great satisfaction it gave almost immediate relief, and two bottles completely cured her. She is now well and healthy, but I would not be without the medicine if it cost fifty dollars a bottle.

REPAIRS BEGUN.

Work Commenced Yesterday on City Building.

Contractor L. E. Chaussee has put his men to work on the city building and from now on the repairs so long contemplated will be in progress.

The interior improvements will be largely confined to the council chamber. A new iron ceiling will be put in and the walls papered.

NO DAMAGE DONE HERE.

Storm That Played Havoc in Surrounding Country Passed Over Negaunee.

Although a severe wind and rain storm raged here Saturday evening, no material damage was done in this city. The lightning flashes were extremely sharp, but so far as it is known no places were struck.

The farmers in this section are evidently anticipating a large harvest, for all reports from the spring and thus far during the summer they have been heavy buyers of farming implements.

Lately started in London because he could not digest his food. Early use of Dr. King's New Life Pills would have saved him.

USE ALLEN'S FOOT-EASE IN YOUR SHOES. A lady writes: "I shake Allen's Foot-Ease into my shoes and rub a little on my hands."

THE OFFICIAL ROUTE. The Chicago, Milwaukee & St. Paul railway has been chosen by the Marquette, Ishpeming and Negaunee "Elks" as the line which they will use on their trip to the Milwaukee carnival July 22.

PAN-AMERICAN EXPOSITION. Buffalo, N. Y., May 1st to Oct. 31st—The D. S. S. & A. railway now has on sale at all regular stations tickets which can be sold at a special rate.

LOCAL LACONICS.

Rev. J. A. Broden leaves today for the east, accompanied by his wife.

Joseph Richardson of Michigan came a visitor in the city Sunday.

Robert C. Koob of Marquette spent Sunday in the city visiting with his parents.

H. McGinnis, whose home is in the lower peninsula, recently accepted a position as blacksmith with H. Lucas.

The work on the Jackson school is being rapidly pushed to completion.

St. Paul's court of Catholic Foresters has moved from its old quarters in the Bouslog block to the Milver building.

Leslie French, who has resigned his position as assistant cashier of the First National bank, will not leave that institution to accept his new position with the Escanaba bank until T. C. Yates returns from his European trip, which will be about the fifteenth of August.

Thomas Watts, who has been left a fortune of over \$100,000 by his sister in Cornwall, England, left for this country Sunday evening.

Charles Phillips and Matt Kratz will leave for Marquette today to work on the Cleveland-Chiffs furnace, which is being erected in that city.

About half a dozen Negaunee Elks left here last night for the carnival to be held this week in Milwaukee.

Road Commissioner Thomas has a gang of men at work repairing the old county road running to Marquette.

GOOD ADVICE. The most miserable beings in the world are those suffering from Dyspepsia and Liver Complaint.

There are two cases of smallpox in a mild form and several cases of varioloid in the women's hospital at the Michigan Asylum for the Insane at Kalamazoo.

A general strike among salt lifters, wheelers and workmen in grainers was initiated at Manistee Thursday.

President Waterman, of Athens village, has instituted mandamus proceedings against the street committee of that village to compel them to show cause why they changed the sidewalk grade in the village without permission from the common council.

Rev. L. S. Coulton, of Circleville, Kas. says: "Dr. Warner—Your White Wine of Tar Syrup has been in my family and found to be all and even more than you claim for it."

Buffalo, N. Y., May 1st to Oct. 31st—The D. S. S. & A. railway now has on sale at all regular stations tickets which can be sold at a special rate.

Lower Michigan.

The building for the new shoe factory at Hillsdale is about completed, much of the machinery installed, and it is expected that manufacturing operations will be begun before the close of this month.

A Pontiac Oxford & Northern train struck a broken rail in Huron county north of Gageton and near Pigeon, one night last week and every car was turned over. John Whitney, the postal clerk running between Pontiac and Cassville, was killed.

The big maple flooring factory belonging to the Thomas Forman Co., Ltd., at Petosky was destroyed by fire Thursday together with all the buildings connected with it.

A peculiar wedding occurred at Benton Harbor Thursday when Henry Nichols, a veteran of the civil war and retired farmer, married Mrs. E. B. Newton of Coldwater, his daughter's mother-in-law.

It is estimated that nearly 200 houses are in course of construction in Pontiac at this time.

The Michigan Barrel company's plant at Grand Rapids was destroyed by fire late Thursday night.

A well borer began work at Bay City Thursday morning sinking a hole on the Lathrop land at the corner of Sixteenth and Trumbull streets in search of coal.

Plymouth people are making a big kick against the Pere Marquette for maintaining such an apology for a depot at that place.

There are two cases of smallpox in a mild form and several cases of varioloid in the women's hospital at the Michigan Asylum for the Insane at Kalamazoo.

A general strike among salt lifters, wheelers and workmen in grainers was initiated at Manistee Thursday.

President Waterman, of Athens village, has instituted mandamus proceedings against the street committee of that village to compel them to show cause why they changed the sidewalk grade in the village without permission from the common council.

Prosecuting Attorney Hatch, is of the opinion that the recorder's court of Battle Creek is causing a great injustice to the taxpayers of Calhoun county.

"I wish to truthfully state to you and the readers of these few lines that your Kodol Dyspepsia Cure is without question, the best and only cure for dyspepsia that I have ever come in contact with and I have used many other preparations."

Upper Peninsula.

Mosquitos owned Escanaba Friday night. They fairly swarmed the city and nothing prevailed against them.

The Business Men's association of St. Ignace has decided to hold a celebration of August 7, "Marquette Day", under its auspices.

Edward Henderson, a young man employed in the Northwestern Co. paper company's plant at Gladstone, met with an accident Saturday morning from the effects of which he died that afternoon at 1 o'clock.

Johnnie Jubek, the juvenile house breaker, who was arrested some time ago for stealing watches and other articles from Bessemer citizens and was afterward turned loose on account of having a bad case of measles was again arrested by Marshal Byrne recently on complaint of parties residing at the Anvil mine location, for stealing \$50 in money.

Mary Sweeney, known and feared throughout the Northwest as having a mania for smashing windows, blew into Escanaba recently, coming from North Dakota, where she has been living for a year or so past.

A few days since, a lumberman entered Mr. Niece's saloon on Ludington street, bought a drink and tendered a check for sixty-six cents, given by a prominent local concern, in payment thereof.

The attention of upper peninsula farmers is called to the following information supplied by Leo. M. Geismar, superintendent of the Michigan experimental station at Chatham.

# INJUNCTIONS GO

THOSE OF THE LONGYEARS DIS- SOLVED BY JUDGE STONE.

HEARING HELD SATURDAY.

MARQUETTE & SOUTHEASTERN ROAD FREE TO GO AHEAD.

Will Begin Work on Completion of Its Line Within the City Limits at Once—Significance of the Proceedings.

Saturday Judge J. W. Stone dissolved injunctions, granted several weeks ago to J. M. Longyear and Mary Longyear, restricting the officials of the Marquette & Southeastern railroad from proceeding with the construction of their line over the realty owned by the complainants.

It will be recalled that, this spring, the Marquette & Southeastern people proceeded to lay their tracks from a junction with the L. S. & I. road near Dead river southeast toward the city. For a couple of weeks all went well and a good force of men began up the road at a lively rate. The injunctions sought and obtained by the Longyears put a dead-stop on operations as soon as the company's men reached the boundaries of the complainants' realty, just east of the Presque Isle drive. The construction crew was temporarily transferred to the Lake street cut, recently completed by the company, and all work in the northern part of the city was abandoned until, if they should prove necessary, condemnation proceedings should be put out of the way and the injunctions be dissolved.

The jury in the condemnation proceedings insured, for an expenditure of a couple thousand dollars, the company's right-of-way through the disputed territory a few weeks ago and now comes Judge Stone and dissolves the injunctions, the only thing at present standing in the way of the completion of the new road within the city limits.

Thus everything is clear for finishing the work summarily stopped a couple of months back and officers of the Marquette & Southeastern company inform 'The Mining Journal' that it is to be undertaken at once with a good force of men and pushed to an early completion. It will be recalled that the Marquette & Southeastern people are going to do all the work within the city limits with their own men. There remains considerable to be done before the road bed will be finished to the southern limit. It is now complete, with steel laid, to a point east of the Presque Isle drive, but, with the exception of the Lake street cut and a little grading on that thoroughfare, nothing else has been done. However, the grade for the greater part of the distance remaining inside of the city limits is natural and the bulk of the construction work will consist of laying the steel.

Food for Thought. There is food for thought, as there was in the outcome of the condemnation proceedings, in the quick disposition of the injunctions Saturday for any person or persons who may be even remotely contemplating making the Marquette & Southeastern company as a "good thing". The company is building a railroad which promises to be an important factor in the industrial and business development of the section it will traverse. It will evidently be the disposition of the constituted tribunals, as well as of all juries which may be drawn to consider questions arising through its construction, to consider that the benefits accruing from its completion will compensate, or more than compensate, for any minor property damage resulting from the extension of the road.

The outcome in the proceedings effecting the company to date have been a warning to any party or parties disposed to make trouble to go slow, as the ultimate decisions have shown that juries and judges look upon the completion of the line as a great public work and improvement and will be inclined to do everything right and just to expedite and further it. There will be no "milk" extracted from the Marquette & Southeastern people. They will make good real damage and work no injustice whatsoever, but they will not give nor be required to give, their money to individual charities.

Work Progressing Well. Work on the main portion of the line of the Marquette & Southeastern, that which is being prepared for the steel by the contractors, McDonald Bros. & Co., is progressing favorably and without interruption.

The weather, as a whole, has been very fair and the supply of labor has been sufficient, the contractors experiencing no difficulty in getting and keeping all the men they want. Much of the heaviest work has been completed and a good many miles of the roadbed are now ready for the rails. The company is receiving constant shipments of steel, the rails coming in by water. The Edison is now discharging a cargo at the Presque Isle dock. The Marquette & Southeastern people will lay their own track.

REPAIRING THE DAMAGE. Force of Men at Work at the Froebel School.

A force of men was employed at the Froebel school yesterday, they making a start on the work of repairing the damage wrought at that structure by Saturday afternoon's storm. It will be necessary to rebuild the front of the roof. It is estimated that between \$300 and \$500 will be required to complete the repairs. There will be no delay with the work, as it is desired to make the building entirely weatherproof at the earliest possible day. The school board also has some work to do at the Hamp-

ton street building, which lost a cupola in Saturday's blow. Other damage worked by the storm was in process of being made good yesterday. The tinners were busy on the couple of down town roofs which were ripped and torn by the wind and different householders were removing trees torn down by the hurricane.

Storm stories are numerous. They all concern the unexampled force and fierceness of the wind. Reports of minor damage are heard on every turn.

SPARRING EXHIBITION ONLY. Tomorrow Night's Glove Contest Will Be Unobjectionable.

The Mining Journal has assurances from the promoters that the ten round bout scheduled to take place in the Casino rink tomorrow evening between Ed Cooke of this city and Jack Hammond of the Soo will be entirely unobjectionable. It is not to be a fight, but a scientific contest for points. The exhibition will not be brutal or offensive in any particular, but a simple, clean and orderly exposition of the "manly art." The promoters say that it was at no time their intention to pull off a fight and they fail to understand how such an idea gained prevalence.

NORTHERN LAND CO., LTD. It Was Organized by the Stockholders Last Evening.

The Northern Land Company, Limited, was organized under Act No. 191, Michigan Public Acts of 1877, at a meeting of the stockholders held at A. E. Miller's office last evening.

F. W. Read was elected chairman; A. E. Miller, secretary and F. J. Jenkinson, treasurer. These officers, with Mayor John D. Mangum and F. H. Begole, who will constitute the board of managers, which will practically control and direct the company's business and policy. Following is the list of stockholders: Hon. Peter White, A. E. Miller, Geo. W. Freeman, M. E. Asire, W. S. Ewing, E. H. Towar, H. J. Payne, George Reichel, D. W. Powell, Will C. Brown, F. B. Spear & Sons, Dr. O. G. Youngquist, A. S. Westlake, Dr. T. M. Cunningham, Wm. D. Smith, Hon. John D. Mangum, A. E. Archambeau, James Russell, Dr. E. H. Flynn, Hon. Sidney Adams, Chas. Meeseke, Hon. N. M. Kaufman, S. R. Kaufman, Gooding & Ormsbee, Geo. N. Conklin, Ed. Mueller, E. O. Stafford, F. W. Read, F. H. Begole, F. J. Jenkinson.

The Northern Land company is a corporation of 200 shares, with a par value of \$100, its capital stock thus being \$20,000. Its chief promoter has been F. J. Jenkinson and it will proceed to acquire title to a tract of sixty-nine acres of land lying along the lake shore, north of Hewitt avenue, options covering the entire piece now being held. The company will control a lake frontage of five-eighths of a mile, the only frontage left between Marquette and Presque Isle.

It is understood that the capital is to be fully paid in at once. It will require somewhat over \$16,000 to acquire the land embodied in the sixty-nine acres, leaving in round numbers, a working capital of \$3,000 to be employed in bringing the company's schemes to a successful consummation. The idea is to secure the location of a fine summer hotel at, or near, Picnic Rocks. To do this the company may sell all its holdings to some association of outside capitalists, or it may make some other arrangement to the same end.

The first thing done will be to survey and plat the tract. Then representations will be made to Chicago parties who, it is confidently expected, will see the financial advantage in working in conjunction with the Marquette men. The promoters of the new land company consider a beach hotel assured. George B. Ross, now of the Superior, thinks that such a house would be a money maker from the time it was first thrown open to the public and he would willingly undertake its management. The co-operation of the railroads handling the passenger business will do not a little to further the plans of the local company. These lines are very anxious to see Marquette provided with a couple of fine, advantageously located summer hotels, undertaken, by liberal advertising appropriations and widespread booming, to keep them filled during the resort season. If only some combination of capitalists will proceed to erect them. The proposed Lake Shore boulevard enables the new company to take up its work with every prospect for success. Without this improvement there would be little chance of its carrying out its cherished projects. It is expected that this boulevard will be surveyed, cut out and graded this year, the macadamizing being left for another season.

NEW GOODS ARRIVING. R. F. Brunner, successor to A. Boulson, is largely increasing the stock of tailoring materials carried in that establishment. Before leaving Chicago he purchased a complete line of staple and fancy goods, and they are arriving daily. The stock is by far the most complete ever carried in our city, and he invites all to visit his establishment and inspect his selections. (7-23-1f)

Twenty-five gas lamps for bicycles—going at a bargain. R. L. Francis Co. (7-12-1f)

Puts gray matter in your head. Brings a rosy glow to faded cheeks. Restores vim, vigor, mental and physical happiness. That's what Rocky Mountain Tea will do. 35c. Stafford Drug Co.

The greatest healer of modern times is Banner Salve for cuts, wounds, sores, piles and all skin diseases. It is guaranteed. Use no substitute. The People's Drug Store.

NOTICE TO CONTRACTORS. Sealed proposals will be received by the undersigned until 9 o'clock a. m. of July 27, 1901, for the building of the North wing of the State Normal school at Marquette, Mich. Plans, specifications and instructions can be seen at the offices of the architects: The right to reject any or all bids is reserved. CHARLTON, GILBERT & DEMAR, Marquette and Hancock, Mich., and Milwaukee, Wis. (7-20-1w)

## CITY BREVITIES.

Today's weather: Generally fair; probably variable winds. Yesterday's temperature: 7 a. m., 71 degrees; noon, 68 degrees; 7 p. m., 76 degrees. Maximum, 78 degrees; minimum, 68 degrees.

Miss Mary Dooley left yesterday morning for Milwaukee, where she will visit relatives for some days.

County Clerk Ross has issued a marriage license to Emanuel Stephens, Jr., and Amelia Collick, both of Ishpeming.

Mrs. Charles Christianson, and mother, left yesterday morning, on the St. Anne de Beaupre excursion, for Canadian points.

Mrs. John LaLonde left Marquette Monday on a visit at Toronto, Can., and Buffalo. She will also go to the Niagara Falls.

City Controller Bay will look after Recorder Donovan's duties while he is attending the Elks' grand lodge at Milwaukee this week.

President Leonard of the Michigan Normals is expected here Friday. He will visit the Northern Normal, inspecting its summer school.

The remains of Emma Demolin of Kenton, who died at St. Mary's hospital Sunday were taken to that place for burial yesterday morning.

August Thoney and wife left Sunday for Milwaukee, Racine and Chicago. While absent from the city, Mr. Thoney will purchase a driving horse.

There will be a photograph concert at the Salvation Army hall this evening. The program will consist of about thirty numbers. A brass band will assist.

The funeral of John Nelson, who was drowned at Conway Bay Saturday, was held from Hager's undertaking establishment yesterday. Interment was in Park cemetery.

The funeral of Emil Paulson, who was drowned near the Life Saving crew's boat house late Saturday afternoon, will be held at 2 o'clock this afternoon from the Swedish church.

E. L. Parmenter, commissioner of schools for Dickinson county, will be in Marquette tomorrow. He will deliver a lecture at the Northern Normal at 2:30 o'clock in the afternoon.

The Marquette Elks left for Milwaukee last evening, their special departure shortly after eight o'clock. The contingent was in the best of spirits and the entire herd anticipated a fine trip.

Emil Frisk, formerly of Marquette, the well-known pitcher who was recently released by the Detroit team, now has a berth with the Denver team. He is credited with doing excellent work in his new field.

The electric light systems, are and incessant, were working well last evening. Superintendent Retallic's men, by great industry, putting in long extra hours, having succeeded in permanently repairing the storm's damage Sunday. Fifteen new poles were erected to replace those leveled by the blasts.

Mr. and Mrs. L. C. Palmer and Rev. Snow leave today for Fenwick, Mich., where they will attend the funeral of the late Clark Youngs, formerly a resident of Marquette, who died the latter part of last year in the Klondike. The remains are now in shipment to Fenwick. Rev. Snow will preach the funeral sermon. The obsequies will be held Thursday.

A. H. Palmer is selling a Vedette bicycle on a novel plan. It was originally offered at \$25 Friday. Each day fifty cents is being knocked off this figure. Saturday it was held at \$24.50 and yesterday at \$24. Today \$23.50 will carry it away. The price is worth every cent of the original price so it is not likely that there will be many more fifty cent reductions before someone comes along and rides off with it.

A. Boulson, formerly of Negaunee, who has conducted a tailoring establishment here for the past couple of years, is about to retire from business. He will be succeeded in Marquette by Robert F. Brunner of Chicago, who brings to the city the latest ideas in patterns, styles and methods of fine art cutting. Mr. Brunner's announcement will be found in another column. He has the best recommendations.

The latest "kick" registered with 'The Mining Journal' concerns the drinking cups at the various springs at Presque Isle. It is complained that a number of people are accustomed to use them for the purpose of watering their dogs. The canines may be blooded, but it is suggested that the water of the lake is entirely pure and that they should be allowed to slake their thirst from this source, rather than by the use of the public drinking cups.

Superintendent Thompson has a schedule of repair work, including kalsomining, painting, steam plumbing, sewerage changes and improvements, carpentering, whitewashing, etc., which the trustees would like to complete at the several school buildings this summer. It is desired that early estimates be obtained on the several jobs and journey-men and contractors are requested to call and get further information concerning the work.

Ernest Barr, of the Cleveland Mill and Lumber company, which has operated in Marquette county for many years past, but which has finally pulled out of this section, leaves this city today for good and all, going to Sarnia, Ont., where his company is building a big mill. Mr. Barr has been here for the past couple of years. He has been known in a wide circle of acquaintances, all of whom heartily regret his departure. Since the Cleveland Mill and Lumber company sold out its holdings in this county he has been busy winding up its affairs here.

We have fifteen second-hand bicycles They will be sold cheap. If you want a wheel it will pay you to see them. R. L. Francis Co. (7-12-1f)

SUMMER COUGHS. The best results are found by those who use Bunsen's Pine Tar Cough Honey. One dose gives ease and rest. This is a new discovery and the only cough remedy sold on a positive guarantee—No Cure, No Pay. Price, 25 and 50 cents. For sale by the Stafford Drug Co.
