WEATHER FORECAST.

Washington, July 25.—The following is the weather bureau's forecast for Upper Michigan: Friday, showers; Saturday, fair and probably warmer; light to fresh winds, mostly easterly.

Vidalia, Ga., July 25.—Frank Erbe, a negro who held up and robbed a commissary clerk at Davis' camp, was taken from the town jail early this morning by a crowd of men and shot to death.

HANNA'S AID SOUGHT

HOPED TO REACH STEEL TRUST THROUGH THE SENATOR.

PLAN OF OHIO STATE MEDIATOR.

UNION ENVOY IS DENIED A HEARING AT NEW YORK.

Agent of Association Pays Visit in Interest of Peace and Finds the Combine Officials Firm in Their Refusal to Recede.

Pittsburg, July 25.—The peace mission of M. M. Garland, who went to New York on behalf of the conservative element in the Amalgamated association, has failed. Mr. Garland was unable to secure from the steel manufacturers any terms on which a settlement could be reached. They would not recede an inch from the attitude they have taken, holding that the workers' leaders precipitated the fight and all peace negotiations are off.

At the same time, more powerful influence is being sought to carry the olive branch to J. P. Morgan. Joseph Bishop, secretary of the Ohio board of arbitration, is working as mediator. It is learned from high authority and plans, it is understood, to reach the combine people through Senator Hanna.

Shaffer in Hopeful Mood.

President Shaffer, of the Amalgamated association, was in a more hopeful mood today than for some time. He declared he was perfectly satisfied with his personal inspection of the condition in Wellsville and apprehended no difficulty in keeping the men in line at that place.

During the afternoon Organizer Flynn, of the American Federation of Labor, held a lengthy conversation with Shaffer and set at rest all stories that the federation was not in sympathy with the Amalgamated association by saying the entire organization was ready and waiting to assist the Amalgamated association, both financially and morally, whenever the assistance was asked.

No change has taken place at Wellsville. No new men have been imported and the mills are still at work. The developments at that point are being watched closely by both sides.

Strike Threatens at McKeesport.

Information today leads to the belief that the big mill of the National Tube company in that city will shortly be involved in a strike. This was pay day at the works and two prominent members of the new Amalgamated lodge organized there last Saturday received notice their services were no longer required. This undoubtedly will bring on a conflict, for it is a blow at the very privilege for which the Amalgamated association is striving.

It was asserted here today that all arrangements had been completed for organizing the Riverside plant of the National Tube company at Benwood, near Wheeling, W. Va. This plant is an important part of the United States Steel corporation and employs upwards of twenty-five hundred hands.

FOSBURGH DEFENSE RESTS.

Gray-Haired Mother Tells of the Killing of Her Daughter.

Pittsfield, Mass., July 25.—In the Fossburgh manslaughter case today, Mrs. R. L. Fossburgh, the gray-haired mother, swoon upon the witness stand and told in simple words how her daughter was killed. Her story was given with frequently uncontrolled emotion.

Bertha Sheldon, a guest in the Fossburgh home on the night of the tragedy, was another important witness. By her testimony the defense wished to show there were burglars in the house and that they were seen by little Beatrice Fossburgh. Miss Sheldon, relating the story of her being awakened by a "piercing scream," declared she opened the door leading to May Fossburgh's room and cried, "What's the matter?" Robert, Beatrice and their father and mother were in the room at that time. The witness saw the body of May upon the floor, and at that instant Beatrice replied, "Burglars have entered the house and shot May."

Mrs. Bullard, now of Madison, Wis., another witness, declared that on the fatal night about midnight she heard two men talking loudly in front of her house, and that after they had gone about an hour she heard pistol shots far off.

At the conclusion of Mrs. Fossburgh's testimony, the defense rested. Some rebuttal testimony closed the case with the understanding that the government would have an opportunity of placing Colonel Whitney, state detective, on the stand in the morning.

At the close of the session, Judge Stevens, with the counsel for both sides, retired to an anteroom, where Attorney Joyner, for the defense, made a long argument on the question of his suggestion that the judge order a verdict of not guilty. The result is not known officially, but it is understood the arguments will be made in the case at the opening of the session tomorrow.

NEW YORK, July 25.—Rev. John J. O'Connor, former pastor of St. Joseph's church, Newark, was today consecrated bishop of the diocese of Newark at St. Patrick's cathedral, New York. Archbishop Corrigan of New York officiated.

FREE TRADE FOR PORTO RICO.

President in Proclamation Gives It Immediate Effect.

Washington, July 25.—The president today issued a proclamation establishing free trade between Porto Rico and the United States and declaring the organization of a civil government for the island. The proclamation takes effect today, in commemoration of the anniversary of the planting of the American flag on the island.

Antigo, Wis., July 25.—During a terrific cloudburst here today, lightning struck and instantly killed Mrs. Martin Cherek. Her baby was severely burned and may die.

EXPLOSION WRECKS A TOWN.

Great Loss to Life and Property at Batum, in Russia.

Batum, Russia, July 26.—A terrific explosion of petroleum today in the most thickly populated quarter of Batum wrecked the whole center of the town. It is impossible at this time to estimate the loss to life and property, but in both cases this is very large.

FRENCH ARMY VICTORIOUS.

Great Battle With Tribesmen Fought in Morocco.

London, Friday, July 26.—"A few days ago," says a dispatch to The Daily Mail from Casablanca, "a great battle was fought between the French and Moors near Figuig. It was the result of the French operations to subjugate the tribes south of the Atlas mountains and to occupy the oasis of Tattlet. The French were victorious. The Moors assert the French government has ninety thousand troops on the Moorish border."

BUBONIC PLAGUE IN ARMY.

Two Artillerymen Ill With the Pest Quarantined at Manila.

Manila, July 25.—Two artillerymen have been quarantined at Fort Stotsenberg, suffering from the bubonic plague.

NEGROES TO GO BACK

LATROBE STEEL COMPANY ABANDONS THE IMPORTATION.

BLOODSHED WAS THREATENED.

COLORED WORKERS NOT TAKEN TO MELROSE PARK.

All Day Armed Residents of Chicago Suburb Awaited Coming of the Blacks, Who in Terror Were Sidetracked at LaGrange.

Chicago, July 25.—General Manager Aertsen, of the Latrobe Steel & Copper works at Melrose Park, this evening declared the company has abandoned its effort to bring colored laborers to Melrose Park and that they would be sent back to their homes in Alabama.

All day the 300 colored men sat in their cars at LaGrange in fear. A committee of five citizens from Melrose Park called on them and used their best endeavors to induce them to return to their homes, stating that three hundred armed men were awaiting their arrival. Their statements alarmed the negroes, and finally five of their number made their way into Chicago and asked Chief of Police O'Neill for protection. After these five had left the train the fears of those remaining increased greatly, and it was with difficulty the trainmen managed to prevent them from running off in a panic. Later Marshal Ray of LaGrange ordered the train bearing the colored men to move out of the village and it was placed on a siding two miles north.

Military Aid Offered.

In the meantime, the attorneys for the steel company called upon Sheriff Magerstadt for protection. They stated positively the laborers would be landed in the shops late this afternoon. Sheriff Magerstadt, after the conference with the attorneys, said he had received a telegram from Adjutant General Reese offering the aid of the state militia. The sheriff, however, said he did not need to call upon the militia, as the county officials were capable of preserving peace.

Out at Melrose Park armed citizens remained on watch until assured the negroes were not coming, when they dispersed.

TWO BISHOPS CONSECRATED.

Notable Catholic Ceremonies Held at Chicago and New York.

Chicago, July 25.—In the presence of three thousand spectators, Rev. Father Peter J. Muldoon was today consecrated titular bishop of Tamassensis and auxiliary to the Most Rev. P. A. Feehan, archbishop of Chicago. Cardinal Martinelli of Washington acted as consecrator, while Archbishop Feehan of Chicago and Lyons of Philadelphia and lesser church dignitaries assisted in the ceremonies and the celebration of the mass.

New York, July 25.—Rev. John J. O'Connor, former pastor of St. Joseph's church, Newark, was today consecrated bishop of the diocese of Newark at St. Patrick's cathedral, New York. Archbishop Corrigan of New York officiated.

SLAYS IN DEFENDING HER HONOR.

Shelbyville, Ind., July 25.—Because of an alleged attempted criminal assault, Mrs. Mark Freese shot and killed William Gray, a stone contractor, at Briggs-town, today.

PEKIN DEADLOCK BROKEN.

Russia Agrees to the Plans for the Raising of the Indemnity.

London, Friday, July 26.—"The deadlock of the ministers of the powers has ended," says the Pekin correspondent of The Daily Mail. "Russia has withdrawn her proposal to increase the duties to 10 cent, and has accepted, with some important reservations, Great Britain's counter proposal that the sources of revenues earmarked now shall be considered adequate, the powers providing for a shortage if it arises."

State of Anarchy Prevails.

Pekin, July 25.—No effective government exists throughout the territory covered by the foreign punitive expeditions. Bands of brigands, composed of deserters from the foreign armies, "Boxers" and former Chinese regulars, terrorize the country.

Imperial troops returning to Pekin plundered sixteen towns south of Pao Ping Fu. After the troops departed the people took vengeance upon the officials, mobbing the mandarins and wrecking their houses.

FELL DOWN ELEVATOR SHAFT.

Son of Admiral Collins Killed in the Masonic Temple, Chicago.

Chicago, July 25.—John L. Collins, son of Admiral Collins, fell down an elevator shaft at the Masonic Temple today and was killed. He was aged fifty-three.

C. & H. BAND WINS

COPPERDOM MUSICIANS GET \$1,000 PRIZE AT MILWAUKEE.

ARE FIRST IN GREAT CONTEST.

DEFEAT THE FAMOUS BANDS OF CHICAGO AND ELSEWHERE.

W. J. Curtis of Ishpeming Is Tied for the Honor of Being the Smallest Elk, His Rival Being a Grand Rapids Man.

Milwaukee, July 25.—The Calumet & Hecla band, from the upper peninsula of Michigan, carried off the \$1,000 prize in the open band contest. It won first place in the contest at the Elks' convention involving all bands in the United States which wished to compete.

Though the honor was expected by the Michigan men, the other visitors and other bandmen, while appreciating the work of the upper peninsula musicians, did not think it possible that a town of Calumet's size could defeat the big famous Chicago, Toledo and other bands represented.

Winners of Other Prizes.

Among the prize winners in yesterday's parade announced tonight were: Tallest Elk—F. H. Willard, Water-town, Wis.; 6 ft., 6½ in.

Shortest Elk—W. J. Curtis, Ishpeming, Mich., and C. W. Dierdorff, Grand Rapids, tied; 4 ft., 3½ in.

Heaviest Elk—W. H. Rynn, Grand Rapids; 350½ pounds.

Best drum major—Ames, Michigan city band.

Home for Elks Goes Over.

The report of the committee appointed by the grand lodge of Elks to decide upon a site for the erection of a national Elks' home for indigent and indigent members was presented at the morning session today, but laid over for another year.

The Corso and Elks' carnival parade were the features of the forenoon program. The reunion closed tonight with a grand promenade in the court of honor and a grand ball at the Exposition building.

FIRE AT DAVENPORT

LOSS OF \$750,000 IS SUFFERED IN THE IOWA CITY.

BURNED AREA TWENTY BLOCKS.

SAWMILL AND PORTION OF RESIDENT DISTRICT SWEEPED.

Boys Smoking Cigarettes Thought to Have Caused the Blaze That Spread With Great Rapidity and Rendered Hundreds Homeless.

Davenport, Ia., July 25.—Fire which started in the sawmill district late this afternoon burned over an area equal in size to twenty city blocks, laying waste to immense lumber yards, destroying over fifty residences and entailing a total loss of three-quarters of a million dollars. It is thought there were no fatalities, although many had thrilling escapes in a vain endeavor to save valuables from burning dwellings.

The flames started in a big pile of kindling wood at the yards of a fuel company. It is believed the cause of the fire was boys smoking cigarettes on the levee. Groups had been chased away during the day from the district where the fire broke out.

Workmen Flew for Lives.

A brisk wind carried the flames directly into the immense lumber yards of Weyerhaeuser & Denkmann, which were soon a seething furnace, the entire plant being totally consumed. The fire spread so rapidly the workmen had to flee for their lives, leaving their clothing and other belongings behind. The flames next pushed into the adjacent resident district, and many people escaped with their lives and their clothing on their backs only.

Over a hundred families are homeless tonight, dependent upon the charity of their more fortunate neighbors and the authorities for shelter and food. Many other families whose homes were threatened hastily removed their household effects, and vacant buildings all over the city are filled with furniture from the imperiled district.

Aid Sent by Other Cities.

Appeals for aid were sent to Rock Island and Moline, and the fire departments of those towns responded promptly and fought desperately to check the spread of the conflagration. However, owing to the long drought, everything was as dry as matches, and there was little hope of staying the progress of the flames in the thickly settled portion.

In a short time the spacious grounds surrounding St. Catherine's Hall, a young ladies' boarding school, were reached and there the firemen were able to successfully cope with the fire. The upper portion of the building was burned away before the flames were subdued, having burned fiercely for over five hours.

The Weyerhaeuser & Denkmann company's loss is \$400,000, and it is estimated by residents that their losses will bring the total to \$750,000.

Wind Saves Business Section.

Fortunately a southeast breeze carried the flames toward the bluffs, for had the wind blown from the east the entire business portion of the city would have been swept away. The entire district from Federal street to Bridge avenue and from River to Seventh, has been swept clean.

Two ambulances were kept busy hauling away prostrated persons. In a few instances persons lying in the burned districts have not been located by relatives, but it is believed they escaped. Many public houses and hotels have been turned over to the sufferers for the night.

SUN'S RAYS START FIRE.

Dry Goods Store Worth \$80,000 Destroyed at Sioux City.

Sioux City, Ia., July 25.—This afternoon J. F. Phellan & Co.'s dry goods store in the Davis block, Fourth and Douglas streets, was totally destroyed by a fire supposed to have been started by the sun's rays in a show window. There were many narrow escapes from the building. John Phellan, proprietor, and Rose Dement, a clerk, being injured by jumping from the second story. The loss is \$80,000.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED). Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to Upper Peninsula interests.

SUBSCRIPTION RATES: Per month, by carrier, \$1.50. Per year, by mail, \$15.00.

MARQUETTE, MICH., JULY 26.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

The heat worked unprecedented death and destruction Wednesday. Upper peninsula people, wet down and cooled by their local showers, were probably of the impression that a rainy spell of great area had set in.

They were badly mistaken, as the corn belt sizzled as it has never sizzled before. Heat records were broken all over the country.

St. Louis, Mo., received an awful visitation, the night closing on a record of forty deaths and over seventy prostrations, a ghastly work which has only been equalled this year, and that once, in New York.

Apparently, take it generally throughout the country, this is going to be the hottest summer season experienced since the weather bureau service was established.

The prospects favor continued hot waves, alternating with slightly cooler spells. August is yet ahead and it is usually a warm month.

Detroit is now in the midst of a celebration of its 200th birthday. A three days' observance is commemorating the landing of Cadillac.

The metropolis is entering zealously into a participation in the programs and is making the occasion a great popular fete. The city is gaily decked, the French tri-color, in recognition of the nationality of the great priest and explorer who originally landed on the site of Detroit.

Being prominently intertwined with the stars and stripes wherever bunting is displayed. Detroit is a healthy, lusty city, after her two centuries of existence. She is not as large as others which might be enumerated, but she is handsome and prosperous, comparatively well governed, at least until recent months, and assured of a continued growth in material resources and influence.

Menominee possesses a "fake" correspondent who sits up nights to master the latest tricks of his nefarious calling. He sends all sorts of "pipe dream" stories from the river city and it is wonderful that he manages to preserve his anatomy intact and succeeds in purveying his transparent material to reputable papers.

His latest work has been the detailing of a harrowing story of a woman, young, apparently deserted, with but three small children, one a week old, as companions, who lies dying of quick consumption at a Menominee hotel.

According to Dr. Adams of Marinette the woman is Mrs. G. W. Wood of Iron River, Mich. She has paid all her bills promptly and has made no secret of her identity.

With the barest trace of fact the Menominee newspaper man (?) has cooked up a weird tale of mystery, setting forth the woman's refusal to give her name and other embellishing untruths, and peddled it broadcast to outside papers.

Menominee, it will be recalled, was the place where the famous miraculously bleeding Christ picture was exploited a few months ago. It is about time for a "hodag" story.

It is appropriate to call to the public mind the vindication that comes to ex-President Cleveland in the new policy to which so many influential Democrats are now urging their party. The controlling men among its politicians five years ago not only left him because he sought to abide as regards the currency, but they abandoned him personally for the good away he gave them. After wandering away in the wilderness of heresies in pursuit of false gods, they have had their lesson, and druggled and soiled by their experience in defeat, are now coming back to the safe ground on which he would have kept them. It will, perhaps, be too much to expect them to admit in terms of repentance toward himself the wrong they did him. But Cleveland does not need this. Their present action is his abundant justification. The nation knows that it was largely due to his wisdom in public life that the Democratic party was enabled to obtain two terms in the presidency, and that it was his folly in refusing to act on his counsel that cost them the following years of dreary defeat they are now admitting by their action.

With Schley, Sampson and Maclay all pleased at the prospect of an early official investigation, full and searching, of the controversy which has arisen in connection with the actions in and about Santiago bay, what more can the public ask. And here it may be said no individual can be more edited with the probability that the difference between the two officers will soon be finally settled than this same public, which has been compelled to submit to having its ears and eyes assailed with interminable statements from partisans of either party to the disgraceful contention. Secretary Long also expresses pleasure that it will soon be possible to retire the dispute for all time and he will do everything to expedite the sitting of the court of inquiry. It behooves him to be most impartial and discriminating in his selection of the officers who will compose the board. Only men who have kept entirely aloof from the Schley-Sampson controversy should

Republic.

WILL EXPLORE HERE. E. F. Bradt of Iron Mountain is Preparing to Do Work in the Vicinity.

Upper Peninsula.

Judge of Probate E. Grignon of Menominee county has received word from Dr. Chamberlain, warden of the insane asylum at Newberry, conveying news of the death of Michael Brajce, a patient sent from Hermansville a year ago.

The remains were shipped to Ann Arbor for interment. Mr. Brajce died of peritonitis.

The labor unions of Menominee and Marquette, composing the Trades Council, which has indirectly nearly 2,200 members, are arranging for a big celebration and festival on Labor Day, Monday, Sept. 2, in Menominee.

A meeting will be held Monday evening, when committees will be appointed and the program formulated. The features of the day will include a parade in the morning in which all the labor unions will participate, it being expected that 2,000 men will march, and a picnic and festival at Riverside in the afternoon.

Mr. Bradt is negotiating with F. D. Verran for the rental of an office room and a barn.

HAVE SECURED OPTIONS.

Edward Jackson, of Cripple Creek, Colo., who owns considerable land out from Republic on which fine feldspar has been made an offer for a certain tract on which the mineral exists and that an option has been given, good until the last day of this month.

He was made a cash offer for the property, but is said to have refused, believing he would be able to get more money if paid a royalty for each ton mined.

Hill & Co. of Racine, Wis., have an option from Charles Loggesson on the feldspar prospect he owns a short distance south of Republic.

TWO PLEASANT FUNCTIONS.

The party given Monday evening at the Swedish Lutheran church lawn was a pleasant function. The attendance of members of the congregation was large.

Rev. A. A. Dahlberg, pastor of the church, addressed the assemblage, giving a very pleasing talk. The ladies served refreshments.

Members of Mr. Dahlberg's congregation tendered him and his wife a social party Tuesday evening. Mrs. Dahlberg, who makes her home in St. Paul, was to leave the next day and the surprise was in the nature of a farewell. A presentation of silver was made.

A NEAT HALL.

W. F. Smith, the painter, has just finished decorating the interior of the Woodmen's hall. The colors, red, green and pink, with oak finish on the windows, harmonize beautifully.

The women are very proud of their hall, and justly so, as it is now one of the neatest lodge assembly rooms in the county. Mr. Smith is receiving many compliments on the work.

SHE DIDN'T WEAR A MASK.

But her beauty was completely hidden by sores, blotches and pimples till she used Bucklen's Arnica Salve. Then they vanished as will all Eruptions, Fever Sores, Boils, Ulcers, Carbuncles and Felons from their use. Infallible for Cuts, Corns, Burns, Scalds and Piles. Cure guaranteed. 25c at the Stafford Drug Co.

SNAP SHOTS.

Mrs. D. T. Morgan is away on a boat trip. Louis Levine is spending the week at the Elks' carnival in Milwaukee.

D. T. Morgan took in the Elks' carnival at Milwaukee during the week. Roadmaster John Manley, of the Chicago & Northwestern line, was in town Tuesday.

George Voyer has a new horse, one he got on a trade with a Champion farm for his old driver.

This year's bay crop is by far the largest ever seen in Republic. Several thousand tons have been cut.

Rowland Gamble and John Wilson caught nearly one hundred fish, trout at Trout Falls creek last Sunday.

Able Levine got home Tuesday evening from Buffalo and the lower peninsula. Paul stopped off in Negaunee.

Fred Isachsen, in the employ of Munson & Peterson, is in Milwaukee this week taking instructions in embalming.

Andrew Hall, the Ishpeming blacksmith who recently disposed of his business there, spent Tuesday in Republic.

Gust Baruch, of Ishpeming, was in Republic early in the week in the interest of J. Hamil & Co., the Appleton horse dealers.

Gustafson & Danielson are doing a very satisfactory meat business at Humberly. They send a team over there every day.

Fred Williams of Negaunee spent Monday here. He and Eddie Munson got some fine trout at one of the neighboring streams.

The Republic iron crusher is preparing to install a rock crusher. Rock for the foundation is being taken from the north side of Smith mountain.

Reports from Captain P. W. Passoe are to the effect that he is feeling quite well as a result of the treatment he is receiving at a Detroit hospital.

Miss Jennie McDonald lost a bracelet she prizes very highly recently. The finder will be rewarded for its return to the young lady, or any of her people.

George St. Clair spent Tuesday in Republic looking over property in which he is interested. He was one of the town's early settlers, coming here soon after the Republic mine was opened.

Joe Perrault's shingle mill near town was destroyed by fire at an early hour Sunday morning. The loss is about \$800. The cause of the fire is unknown, though it is supposed to have been of incendiary origin.

The news of the Floodwood drowning fatality Monday, details of which appeared in Wednesday's Mining Journal, was received here with much regret, though none of the victims were very well known in Republic. Young Wood was known to a number as he often

Republic.

WILL EXPLORE HERE. E. F. Bradt of Iron Mountain is Preparing to Do Work in the Vicinity.

Upper Peninsula.

Judge of Probate E. Grignon of Menominee county has received word from Dr. Chamberlain, warden of the insane asylum at Newberry, conveying news of the death of Michael Brajce, a patient sent from Hermansville a year ago.

The remains were shipped to Ann Arbor for interment. Mr. Brajce died of peritonitis.

The labor unions of Menominee and Marquette, composing the Trades Council, which has indirectly nearly 2,200 members, are arranging for a big celebration and festival on Labor Day, Monday, Sept. 2, in Menominee.

A meeting will be held Monday evening, when committees will be appointed and the program formulated. The features of the day will include a parade in the morning in which all the labor unions will participate, it being expected that 2,000 men will march, and a picnic and festival at Riverside in the afternoon.

Mr. Bradt is negotiating with F. D. Verran for the rental of an office room and a barn.

HAVE SECURED OPTIONS.

Edward Jackson, of Cripple Creek, Colo., who owns considerable land out from Republic on which fine feldspar has been made an offer for a certain tract on which the mineral exists and that an option has been given, good until the last day of this month.

He was made a cash offer for the property, but is said to have refused, believing he would be able to get more money if paid a royalty for each ton mined.

Hill & Co. of Racine, Wis., have an option from Charles Loggesson on the feldspar prospect he owns a short distance south of Republic.

TWO PLEASANT FUNCTIONS.

The party given Monday evening at the Swedish Lutheran church lawn was a pleasant function. The attendance of members of the congregation was large.

Rev. A. A. Dahlberg, pastor of the church, addressed the assemblage, giving a very pleasing talk. The ladies served refreshments.

Members of Mr. Dahlberg's congregation tendered him and his wife a social party Tuesday evening. Mrs. Dahlberg, who makes her home in St. Paul, was to leave the next day and the surprise was in the nature of a farewell. A presentation of silver was made.

A NEAT HALL.

W. F. Smith, the painter, has just finished decorating the interior of the Woodmen's hall. The colors, red, green and pink, with oak finish on the windows, harmonize beautifully.

The women are very proud of their hall, and justly so, as it is now one of the neatest lodge assembly rooms in the county. Mr. Smith is receiving many compliments on the work.

SHE DIDN'T WEAR A MASK.

NOTICE TO TAXPAYERS!

Office of the city treasurer, Marquette, Mich., July 15, 1901. Notice is hereby given that the general tax roll of the city of Marquette has been deposited with me, and is now in my office in the City Hall, and that the amount of taxes therein assessed and specified are due and may be paid to me at any time up to and including the 31st day of October, A. D., 1901.

No addition will be made to the taxes paid before the first day of August next, but an addition of one per centum of every unpaid tax will be made on that day, and a like addition of one per centum every month thereafter, until the first day of November, A. D., 1901.

AUGUST MACHTS, City Treasurer. (7-16-01) SHAKE INTO YOUR SHOES

McLAURIN OUSTED

IS RULED OUT OF THE DEMOCRATIC PARTY.

TILLMAN RESOLUTION IS CARRIED.

STATE EXECUTIVE COMMITTEE PASSES IT, 25 TO 5.

Says the Junior South Carolina Senator Has Ignored the National Platform and He Should Unqualifiedly Resign Immediately.

Columbia, S. C., July 25.—The state committee late tonight adopted a resolution ruling Senator McLaughlin out of the Democratic party. The action was totally unexpected.

Senator Tillman supported the resolution, which was unexpectedly offered as a substitute for a resolution on which there had been much debate concerning the oath to be taken by candidates for congress in the approaching election to fill the vacancy caused by the death of Congressman Stokes. The resolution follows:

"Whereas, Hon. John B. McLaughlin, the junior senator elected to represent the state of South Carolina in the national congress, has, by his affiliations and votes in that body, ignored the national Democratic platform and thereby misrepresented his state and the Democratic constituency who elected him; therefore, be it

Resolved, That it is the sense and conviction of the Democratic state executive committee that John McLaughlin, from a standpoint of honesty and self-respect, should tender his unqualified resignation immediately."

The resolution was adopted by the vote of twenty-five to five.

BAPTIST YOUNG PEOPLE'S UNION. Thousands of Delegates Present at the Chicago Convention.

Chicago, July 25.—Ten thousand delegates and visitors were present when the convention of the Baptist Young People's Union was called to order today at the Coliseum. Addresses of welcome and congratulatory were made by Francis W. Parker, in behalf of the citizens of Chicago; Louis A. Crittenden, in behalf of the Young People, and Rev. John L. Jackson, in behalf of the churches. Rev. H. F. Stillwell of St. Paul responded for the visitors. At the conclusion of the speeches, addresses were made by Rev. John A. Bennett of Philadelphia and Rev. Robert Whitaker of Palo Alto, Cal. The afternoon was devoted to departmental conferences.

Brotherhood of St. Andrew. Detroit, July 25.—The opening session of the joint convention of the Brotherhoods of St. Andrew of the United States and Canada was held in the Light Guard Armory here this afternoon with an attendance of about 1,000 delegates. H. D. W. English of Pittsburg, president of the United States Brotherhood, was unanimously selected for chairman of the joint session. Rev. C. E. Woodstock, of St. Johns church of this city, welcomed the guests. Responses were made for the United States Brotherhood by President English and for Canada by President Davidson. Following the officers' reports, several papers were read.

CUBA'S NEW TARIFF. Will Be Revised at Washington if Unfair to America.

Washington, July 25.—Resolute revision of the Cuban tariff will be made at the war department if it turns out to be framed by the commission sitting at Havana in the interest of the Spanish merchants there. It is expected that the new tariff will soon be in operation, and will continue in force after the evacuation of Cuba by the United States, even though subject to change at any time by the Cuban government. The commission of five experts which has been going over the schedules is expected to hand its draft of the proposed tariff to Governor General Wood within a few weeks.

There is a strong disposition at the war department to leave as much freedom as possible to the Cuban commission in framing the tariff. The Spanish merchants are so potent in Havana business circles, however, that there are fears among some of the American exporters that they will influence the rates and classifications so as to favor Spanish goods and handicap American goods. If examination of the new rates indicates any tendency in this direction they will be corrected at the war department. If the proposed rates seem to be reasonably fair, the work of the commission will be accepted without important changes.

The chief direction given by Governor General Wood to the commission was to frame a tariff which would yield a revenue of \$15,000,000 per year. The Cuban schedules will run considerably higher on the average than those at the war department for the Philippine islands, but the Philippine rates may prove quite as favorable to the revenue as the rates proposed for Cuba. Rates of 15 per cent, and 20 per cent, ad valorem are common in the new Philippine schedules, where limitations are put upon the specific rates originally proposed by the Philippine commission. A special effort has been made in the Philippine tariff, also, both in its preparation at Manila and its revision at the war department, to admit at low duties the necessities of life and the articles most needed for building up the railway, manufacturing and agricultural systems.

Used by the ladies of fashion all over the world. Its without doubt the greatest beautifier ever offered the American women. 35c. Made only by Madison Medicine Co. Stafford Drug Co.

CHAFFEE PLANS CAMPAIGN.

Strong Forces to Be Sent to the Districts.

Manila, July 25.—General Chaffee intends to institute an aggressive campaign in Batangas province and on the islands of Bohol and Samar, where civil government has been temporarily suspended. The Twentieth infantry will be distributed through Batangas. The Ninth infantry will be stationed in Samar and the Seventeenth in Bohol. The scattered troops of the Sixth cavalry will be withdrawn from Bohol and concentrated in southern Luzon. The new Twentieth infantry is preparing to go to Mindoro island.

Rebel Chief Orders Assassination.

The central division of the Federal party held a meeting yesterday at which resolutions were adopted denouncing General Cabelles. This bandit has ordered the assassination of General Cabelles, the former rebel commander, and Pardo Tavera, member-elect of the Philippine commission, who went to Laguna province, where Cabelles is operating. Recently he forced the presidents of Cavinti and San Pedro Tumasán, province of Laguna, to get down on their knees and shout for General Cabelles and the Philippine republic. Afterward he threw the presidents over a precipice.

Aginaldo Still Closely Guarded.

General Chaffee remains silent in regard to what disposition is to be made of Aginaldo. The former rebel leader is still guarded, and probably will be held until peace is fully established.

Captain Harry A. Smith, Fifteenth infantry, has been appointed military governor of Laguna province, Luzon.

PEACE IN SO. AFRICA

NEGOTIATIONS TO BRING IT AHEAD AGAIN REPORTED.

EMPEROR WILLIAM AS ARBITER.

BOERS SAID TO HAVE EMPLOYED HIM TO TREAT.

Capture of Boer Convoy, With 25 Prisoners, and the Driving of the Invaders in Cape Colony Reported by Kitchener.

London, Friday, July 26.—A rumor as to early peace negotiations which pervaded the house of commons for some days, says The Daily Express, "has taken the more definite form that Emperor William is soon to assume the role of peacemaker."

Krugger and his advisors are reported as having empowered the Kaiser to act for the Boers, and he is considered willing to take the initiative in order to popularize his relations with the German people, who disapprove of his friendship for Great Britain.

War Office Hears Good News.

London, Friday, July 26.—The war office has received the following dispatch from Lord Kitchener: "Garrett's column has captured a Boer convoy, taking twenty-five prisoners, near Reitzburg. Our casualties were eight. "French's columns are gradually pushing the enemy north in Cape Colony."

WIRE COMPETITION GROWING.

Independents Now Furnishing About a Third of the Output.

Pittsburg, July 25.—In no branch of the iron and steel trades has there been as much new competition coming up in the past two or three years, or since the combinations in the iron and steel trades were first organized, as in wire and wire nails and pipes and tubes. When the American Steel & Wire company was organized in January, 1899, that concern took over all the principal rod, wire and wire nail mills in the whole country. There were not more than a half dozen concerns all told on the outside that were making nails and wire, and these were so small that the American Steel & Wire company paid no attention to them.

In the past two and one-half years, however, some very large enterprises have come up, and from a production of a few hundred kegs of wire nails per day enough independent mills have been built and are being erected to turn out close to 10,000 kegs per day. In May it was estimated that the consumption of wire nails in the entire country was about 30,000 kegs per day, and of this quantity the mills outside of the steel and wire combine were able to make fully one-third. The largest competitors of the American Steel & Wire company that have come into the field are the Sharon Steel company at Sharon, Pa., the Union Steel company at Donora, Pa., the Hartman Manufacturing company of Ellwood City, Pa., the Ashland Steel company, Ashland, Ky., and the Cuyahoga Steel & Wire company at Cuyahoga Falls, O., besides other smaller concerns.

ITALIANS GOING TO HAWAII.

Sugar Planters Now Looking to Louisiana for Labor.

New Orleans, July 25.—A large party of Italians has just left here under contract to work on the sugar plantations in Hawaii. As the quarantine there keeps out the Porto Rican hands who were expected, and the Hawaiian planters need more labor, they have resolved to try Italians from Louisiana, many of whom have worked in the sugar fields. Several small parties have already been taken to Hawaii and have given such satisfaction that the planters want more. It is said that the Spreckels plantation alone has contracted for 2,000. Another party of Italians will be kept up weekly until the number of laborers needed in Hawaii is secured.

MISHAP TO YACHT

CONSTITUTION STRIKES REEF AND LOSES SOME PLATES.

ACCIDENT COSTS HER THE RACE.

COLUMBIA BEATS HER THIRD OF MILE IN LIGHT AIR.

In Canada Cup Trials Cadillac of Detroit Scores Her Second Victory, Defeating Milwaukee by Over Six Minutes.

Newport, R. I., July 25.—Columbia today, in a rattling thrash to the windward from New London to Newport, gave Constitution a great beating, the latter finishing a good third of a mile astern, being defeated by two minutes and five seconds.

The victory was surprising, for the race was sailed in weather that, as a rule, has just suited Constitution, the wind never exceeding twelve knots, and the sea being comparatively smooth. It was not until Newport was reached that an intelligent explanation of her drubbing could be given.

Constitution, following in the wake of Columbia, struck twice on a ledge near the Race rock lighthouse. There was a substantial bump on each occasion and after the accident Constitution behaved like a lame duck. Her speed diminished and she sagged off to the leeward. Mr. Duncan, who was in command, said this evening he believed some plates on the keel were wrenched off and that these plates from the iron acted as a drag on the yacht and made her incapable of showing her usual racing form.

Is Going in Drydock.

A diver was sent down shortly after Constitution was moored tonight, but he was unable to make a satisfactory examination and Duncan decided not to race the boat until she has been hauled out and opportunity given for a thorough investigation.

After passing Race rock Constitution showed inability to point. Columbia was beautifully handled in a dead "nose ender" from Race rock to the Beacon's reef lightship, got Constitution under her lee and kept her there to the finish line. About fifty tacks were made between Race rock and Beacon's reef, and many miles were wasted in keeping Constitution blanketed.

The official elapsed time for the forty miles was: Columbia, 6:56:26; Constitution, 6:58:31.

SIDEWALK BOAT IS SECOND.

Cadillac Has Things All Her Own Way in Chicago Race.

Chicago, July 25.—Cadillac of Detroit today in the Canada cup trial races. Milwaukee of Milwaukee was second, Detroit of Detroit third and Illinois of Chicago fourth. Orion of Milwaukee started, but did not attempt to finish.

There were none in it but Cadillac so far as first place is concerned. She led nearly all the way, after taking the lead, she had no competitors, finishing six minutes and ten seconds ahead of the second boat. The race of the day, however, was between Milwaukee, Detroit and Illinois for second place. No finish as close as that of the three boats had ever been seen in a yacht race sailed near Chicago.

The course today was nine knots to the windward and return, the wind at the start being southeast. During the latter portion of the race it shifted to the east and was very shifty throughout the race.

Milwaukee in Lead at Start. When the starting gun was fired, Milwaukee was behind the line and headed away from it, but she came around like a streak and within a few minutes had passed everything in the race and assumed the lead. She held it for a short time only, as Cadillac pulled up steadily and at the first buoy had a commanding lead which was maintained to the end. The boats rounded the mark in the following order: Cadillac, Illinois, Milwaukee, Detroit.

The last three remained bunched throughout and a hundred feet from the finish were dead abreast. Illinois was to the windward, Detroit next and Milwaukee to the leeward. Milwaukee swung around behind Detroit within sixty feet of the line in an effort to escape being blanketed to a standstill; and as soon as she cleared Detroit and Illinois took the wind out of her sails. The boats were less than thirty feet to the line, when suddenly the wind shifted to the southeast, coming in over the starboard quarter. The Milwaukee caught it first, shot ahead like a flash and was over the mark, beating Detroit by less than a length.

The official elapsed time was as follows: Cadillac, 2:53; Milwaukee, 2:59:10; Detroit, 2:59:11; Illinois, 2:59:23. Cadillac and Milwaukee now have each won two races.

SHAMROCK TO SAIL SATURDAY.

Strengthening of the Yacht for Its Ocean Trip Completed.

Greenock, July 25.—The work of strengthening the hull of Shamrock II for its trip to the Pan-American exposition and to the eastern resorts, via Niagara Falls and Buffalo at reduced rates, with stop-over privileges. Send for illustrated souvenir to O. W. Ruggles, general passenger and ticket agent, Chicago. (6-19-tf)

RAIN AND COOLER

RELIEF COMES TO NORTHERN HALF OF CORN BELT.

IS BUT TEMPORARY, HOWEVER.

HOT SUN BOOKED TO AGAIN BAKE THE CROPS.

Official Reports Show the Afflicted Region as a Whole Still Hot and Dry, With No Signs of Immediate Change.

St. Louis, July 25.—For the twenty-four hours ending at 11 o'clock tonight, thirty-three deaths and twenty-seven prostrations were reported. Today's maximum temperature was 99.

Washington, July 25.—Official reports show that the corn belt region continues hot and dry, with no prospects of an immediate change in these conditions.

Showers have fallen in the northern half of the corn belt area since last night, including eastern Nebraska, Iowa, northern Illinois, northern Indiana and Ohio. These slight precipitations, however, the forecast officials say, are not always conducive to the best results to growing crops, as they are mostly thunder showers, immediately followed by a hot sun.

The temperatures in the corn belt were many degrees lower today than yesterday, ranging from 95 to 100 and higher.

GRAIN PRICES FALL BACK.

Decline About a Cent on Rain and Cooler Weather.

Chicago, July 25.—There was a large trade in wheat early in today's session, but only a moderate trade later, the range for the day being 1 1/4 to 1 3/4 cents. The feeling was a little unsettled and the sentiment was divided, lower prices ruling early with September down to 70 1/2. Later a rally to 71 1/4 occurred and the close showed 3/4 cent decline. The early decline was influenced chiefly by showers and cooler weather in the Northwest, the break in corn and rather disappointing cables. The up-turn was due to the recovery in the coarse grains, heavy exports and reports of a good foreign demand. The receipts were 274 cars, of which eighty-three were corn.

In corn there was a large trade with the market again irregular and nervous, the fluctuations covering 2 1/2 cents range. Lower prices ruled at the start, with September off to 55, followed by a rally to 57 1/2 and then a reaction, the close being at 56 1/2 cent loss. Reports of rain in Iowa and Nebraska started the market lower, and stop-loss orders were numerous. At the decline the offerings were absorbed by prominent locals. The buying was again started by reports of hot winds in the Southwest and the market quickly responded. A feature today was increased country acceptances, mostly from Illinois points. The receipts were 138 cars.

Oats ruled erratic, with a liberal trade and good range. The action of corn was largely responsible for the sharp changes. The opening was weaker and 1/4 cent lower on reports of more general rains, but the prices quickly rallied, only to break again. The close was easy at a net loss of 1/4 cent. The country acceptances were larger and there was scattered selling by commission houses.

The leading grain futures ranged: September wheat opened at 70 1/2 to 71 1/2; highest, 72 1/4; lowest, 70 1/2; closed, 71 1/2. September corn opened at 55 1/2 to 56 1/2; highest, 57 1/2; lowest, 55 1/2; closed, 56 1/2. September oats opened at 35 1/2 to 36 1/2; highest, 36 1/2 to 37; lowest, 35 1/2; closed, 35 1/2.

Receipts and shipments were as follows: Receipts, Shipments. Flour, barrels, 42,000 25,000. Wheat, bushels, 329,000 179,000. Corn, bushels, 133,000 126,000. Oats, bushels, 109,000 158,000.

POTATOES CLIME AT CHICAGO.

Famine Threatens and Prices Advance to 95 Cents.

Chicago, July 25.—Unless conditions undergo a sudden change this city will soon be afflicted with a potato famine. This is the prediction of one of the largest produce dealers on South Water street.

The scarcity will be as pronounced in the East as in the West. The daily demand in Chicago is a matter of twenty-five carloads. Yesterday fourteen carloads were received, compared with nine cars on Tuesday and seventeen on Monday, a total of forty cars for the three days, against ninety-four cars for the corresponding period the previous week. Inquiries by telegraph and telephone covering all the neighboring states from which this market receives its potato supply failed to find more than fifteen or possibly twenty cars consigned to this market.

The advance yesterday was 10 or 15 cents a bushel, making the price generally 95 cents. Barrel lots sold from \$3.25 to \$3.35 for Virginia stock.

Prices on new cabbage are 500 per cent higher than a year ago at this time, when crates containing from three to four and one-half dozen were sold at 50 cents or under. The market now is firm at \$2.50.

STOCKS RULE STRONG.

Close at Net Gains on More Favorable Crop News.

New York, July 25.—Professional traders joined in buying stocks early today and sent the prices upward on news from the Western crop situation. The bituminous coal carriers, the anthracite group and some roads in the Southern

NEWPORT BOMBARDED.

Shell from the Battleship Kearsarge Hits the City Hall.

NEWPORT BOMBARDED.

Shell from the Battleship Kearsarge Hits the City Hall.

Newport, R. I., July 25.—The battleship Kearsarge unwittingly bombarded Newport shortly after 5 o'clock last evening. A vagrant shell from a one-pounder came screaming ashore, knocked fragments of stone from the new city hall, tore a limb from a tree and exploded, creating much alarm and excitement.

Shortly after the occurrence and while the citizens were still trying to fathom the mystery, two officers from the Kearsarge came hastily ashore and traced the course of the shell. They secured fragments of the missile and went back to the battleship without offering any explanation.

Later in the evening it was ascertained that the errand the battleship was called to quarters at 5 o'clock. The gun crews took their positions, pointed the guns and went through the work of firing. A Nordenfolt-Maxim automatic gun in the after rigging top went off when the crank was turned. The crew on the top declared that a shot had been fired, but that it had struck in the water just short of the wharves. The officers were thereupon dispatched to the shore in order to assure Rear Admiral Higginson that such was the fact.

How the shot happened to be fired has not been explained. The ship has been engaged since the breaking up of the camp at Nantuxet in target practice at sea. The matter will be thoroughly investigated.

DEWEY AT THE HEAD

SECRETARY LONG NAMES THE SCHLEY COURT OF INQUIRY.

IS TO CONVENE SEPT. 12.

WIDEST LATITUDE ALLOWED IN MATTER OF WITNESSES.

Proceedings Are to Be Open, but Whether the Board Is to Return an Opinion or Simply to Ascertain the Facts Is Not Stated.

Washington, July 25.—Secretary Long announced this morning that he had selected Admiral Dewey and Rear Admirals Kimberly and Benham as members of the Schley court of inquiry.

The court will meet at the navy department in Washington on Sept. 12. The proceedings of the court will be open and the widest latitude will be permitted in the matter of witnesses.

Later this afternoon Secretary Long tendered to Captain Samuel C. Lemly, judge advocate general of the navy, the position of judge advocate of the court. Captain Lemly will probably accept the appointment.

The secretary was disappointed to learn through an Associated Press dispatch from West Newton, Mass., that Rear Admiral Kimberly would ask to be relieved from the detail on account of ill health. Should he decline, the secretary will select one of the other retired rear admirals to take the place. The proceedings of the court probably will be issued tomorrow. It will define the scope of the inquiry, but whether it will direct to return an opinion or simply to ascertain the facts, the secretary thus far declines to state.

CHERBOURG PILOTS UPHELD.

Steamship Lines Must Pay \$50,000 to \$80,000 in Fees Annually.

Paris, July 25.—An important decision affecting steamships calling at Cherbourg has just been given by the tribunal of commerce of the port. The German, English and American lines which have made Cherbourg a port of call used to pay between \$60,000 and \$80,000 pilotage duties annually. In order to avoid this expense the agents of these lines have lately transferred passengers and freight without bringing the vessel inside the breakwater and refusing to pay pilotage dues on the ground that by stopping outside they did not require the services of a pilot. The Cherbourg pilots made a test case against one of the companies and the judgment of the court now lays down the principle that inasmuch as the law forbids vessels to leave the breakwater and refuse to pay outside pilots which have a custom office foreign vessels must henceforth comply with the rule. The English, American and German ships should therefore have entered the port, and they cannot be allowed to escape pilotage duties by infringing the law.

WHITES' CREAM VERMIFUGE not only effectually expels worms, but is valued as a tonic and is a certain and permanent cure for Chills and Fever in children. Price 25 cts. Stafford Drug Co.

TO THE PAN-AMERICAN.

The Michigan Central, "The Niagara Falls Route" has planned a delightful trip for you to the Pan-American exposition and to the eastern resorts, via Niagara Falls and Buffalo at reduced rates, with stop-over privileges. Send for illustrated souvenir to O. W. Ruggles, general passenger and ticket agent, Chicago. (6-19-tf)

SPECIAL EXCURSIONS.

To Colorado, Utah and South Dakota. The D. S. S. & A. railway now has on sale some very low rate excursion tickets to points in Colorado, Utah and South Dakota. Tickets are good for return passage until Oct. 31, 1901.

For full particulars, apply to station and ticket agents or to Geo. W. Hibbard, G. P. A., Marquette, Mich. (7-20-9-30)

The blackness of Monday is forgotten when the housekeeper views on Tuesday the snow-drift of linen that has been washed white with Ivory Soap. It floats.

SWORD IS DISCARDED.

Disarmed British Officers Hereafter to Carry Carbines.

London, July 25.—The Graphic states that the war department has decided that in the future disarmed officers shall carry carbines instead of swords when on active service and during maneuvers. Consequently the instruction of infantry officers in sword exercise will be discontinued, except in drawing, retiring and saluting.

PRICES HIGH IN PHILIPPINES.

Limitation of the Commissary Privileges Hits Many Employes.

Manila, July 25.—It is estimated that the limitation of the commissary privileges to the army and persons employed by the war department will affect 700 persons in Manila, besides 1,000 school teachers, five provincial officers in each province, the customs employees and civil servants generally. Approximately 8,000 persons are affected. Owing to the high prices most of these will be unable to live within their salaries. The matter will receive the consideration of the commissary department, which will probably recommend the continuance of large commissary depots, with an equitable division of transportation and running express in the proportion of 45,000 troops to 6,000 civilian employes. Otherwise it will be necessary to establish elaborate cooperative stores or to raise all salaries. The cost of food to the privileged civilians is double the commissary prices.

EDUCATION IN PORTO RICO.

Children Anxious to Learn and More Schools Are Going Up.

San Juan, Porto Rico, July 25.—Intense interest is manifested in school work in Porto Rico by teachers and scholars alike. In schools in the United States, as a rule, the students look forward to the closing days of the spring term and hail the first days of the long summer vacation with delight. In Porto Rico the children are different from their Northern cousins. Here the schoolroom on the last day of the term, and such a demand was made for summer schools that arrangements have been made for them in several towns.

Ground has been broken for a complete professional school for teachers at Rio Piedras. Although the American teachers complain of the small salaries paid by the department of education, there are more applications for teachers' certificates for the autumn term than the authorities can handle. The department felt that during the summer some opportunity should be given the teachers for professional improvement. To this end a systematic canvass has been made, and an announcement sent out that a summer normal school session would be held. About 500 teachers and prospective teachers have signified their intention to attend this summer school. Its function is not to teach, but to train others to teach, and a faculty has been selected with great care. The fact that such a number should wish to attend these courses of instruction indicates that the people at large appreciate the value of the new educational system which is being carried out under the direction of Commissioner Brumbaugh.

By the time for the autumn term to open more than thirty new schoolhouses will have been completed. Even then there will not be accommodation for half the children of school age. Extra buildings in all towns will have to be rented, as it is quite probable that the school attendance next year will be doubled.

Kokomo, Ind., Aug. 10, 1899.

Dear Sirs:—For the past 10 years I was troubled with my stomach. About 4 years ago was taken down with rheumatism; was not able to do a day's work for 3 years. All medicine seemed of no benefit to me. A year ago I was advised to take Dr. Caldwell's Syrup Pepsin. I truly believe I would have died but for this medicine. My rheumatism is entirely gone and my stomach is in good condition. It has saved my life and I cannot recommend it too highly.

Yours respectfully, ELWOOD MCCRACKEN. Sold by the Stafford Drug Co.

OLIVES THRIVE IN ARIZONA. Big Crop of the Fruit About to Be Harvested There. Phoenix, Ariz., July 25.—The harvest is about to commence on the largest crop of olives that has ever been known in Arizona, and in a week will begin the work upon a new and rapidly developing industry of the Southwest.

Lower Michigan. The annual camp meeting of the spiritualists of Michigan at their park near Grand Ledge opens on July 26, and will continue for one month. Prominent speakers will be present, including Mrs. A. E. Sheets, president of the association.

Albert Utlev of Farmington died Monday night as the result of injuries received on the previous Wednesday, when he fell while unloading hay and landed on his back on the barn floor. The fall resulted in the paralysis of the lower part of his body.

Each year the business has increased. The Arizona olive gaining a strong foothold in the East, through its peculiarly sweet flavor and the quality of its oil. Now about 300 acres of olives in this valley are in full bearing, and several oil plants have been established. The slow growth toward maturity of the olive does not make it a popular tree for the grower who needs quick returns, but to those orchardists who possess patience, and who lined their roadways and protected their fruit orchards with rows of olives, they are proving a valuable asset.

HOME SEEKERS' EXCURSION. For the above, the C. M. & St. P. railway is offering special rates, Northwest, West and Southwest, including California. Tickets on sale July 2 and 16, Aug. 6 and 20 and Sept. 3 and 17. For full particulars, apply to agents D. S. S. & A. or to S. H. Vaughan, Commercial Agent, Houghton.

PAN-AMERICAN EXPOSITION. For the above, the C. M. & St. P. railway is offering special rates by different routes to Buffalo and return. Thirty-day tickets on sale to Sept. 29 and ten-day tickets on sale to Oct. 31. For full particulars, apply to S. H. Vaughan, Commercial Agent, Houghton.

Kitchen Utensils. and housefurnishing goods in wood and tin will be found in great variety in our stock of agate ware, porcelain lined ware, and cooking utensils of all kinds. laundry supplies in tubs, wash boards, flat irons, boilers and wringers. Our goods are all high grade and sold at bed rock prices.

IF WOMEN ONLY KNEW. What a heap of happiness it would bring to Marquette Homes. Hard to do housework with an aching back. Hours of misery at leisure or at work. If women only knew the cause; Backache pains come from sick kidneys.

Doan's Kidney Pills will cure it. Marquette people endorse this. Mrs. Wm. McLean of 433 Jackson St. says: "There was a heavy aching pain across the small of my back and through the groin, and a dull tired feeling all over me. The kidney secretions were irregular and highly colored. I could not rest at night, and rose in the morning feeling more tired, and unrested than when I went to bed. I also suffered from spells of headache every few days, in fact was rarely free from them. Seeing Doan's Kidney Pills advertised for just such troubles I procured a box from the Stafford Drug Co. and began to use them. I felt better after a few doses and continuing the treatment, I was cured."

Two burly hold-up men entered the Illinois, Indiana & Iowa railroad office in the heart of St. Joseph at 1 o'clock Tuesday afternoon when all the employees were out after tea.

Albert Hastings and his sixteen-year-old bride, have been brought back to Port Huron from Chatham, and a term of imprisonment stares the groom in the face on account of a charge of perjury. He swore that he was single when he obtained a license to marry the girl. It has since been learned that he has another wife living.

Frank Van Horn of Clare, who was hit over the head with a club, while walking on the Pere Marquette tracks Saturday evening, has become delirious and is in a serious condition. A fracture of the skull has been discovered. It is believed that his assailant is a demon, being crazed with pain. The burns resulted fatally.

Sealed proposals will be received by F. W. McNair, president, until 12 o'clock M. of August 6th, 1901, for the building of two buildings and one addition on the premises of the Michigan College of Mines, Houghton, Mich.

Sealed proposals will be received by Henry E. Johnson, secretary of the school board of Thelen township Mich., until 12 o'clock M. of August 6th, 1901, for the building of a frame school house at the National Mine location.

LUCAS SHOT DOWN

SALOON KEEPER THE VICTIM OF A HOLD-UP MAN.

BULLET THROUGH HIS BODY.

WOUND IS SERIOUS BUT NOT NECESSARILY FATAL.

Young Man Attempts to Rob the Liquor Dealer in His Place of Business, but Meeting With Resistance Fires and Escapes.

William Lucas, the saloon keeper, lies in the Ishpeeming hospital suffering from a serious wound as the result of a hold attempt to rob his place of business last night. His assailant escaped, but the officers have a clue to his identity and are hard at work on the case.

Shortly before closing time, at 11 o'clock, while Lucas was alone in the saloon engaged in sweeping, a young man entered by the back door. The proprietor, supposing the fellow a customer, stepped behind the bar to wait on him. Just as he did so, the stranger pulled a revolver and commanded Lucas to "Throw up your hands." The saloon keeper, however, grabbed a pop bottle and prepared to defend himself, at the same time calling for help.

The would-be robber, apparently dismayed by these indications of resistance, turned to flee; but as he did so, however, he fired, the bullet striking the saloon keeper in the pit of the left arm, just above the heart, and passing through the body. Lucas, although badly hurt, continued to call for help, his assailant in the meantime having taken to flight as he had entered—through the rear door.

Deputy Marshal Prin, Officer Hector Tappin and several others, attracted by the calls of the wounded man, were soon on the scene. Lucas was taken to the hospital, where the doctors pronounced his wound serious but not necessarily fatal, while the officers at once went to work on the case. Lucas did not lose consciousness and was able to give a partial description of the man although blind in one eye. The would-be thief was a young man, about 5 foot, 7 inches tall, had no moustache, and wore a soft brown hat. Lucas had seen the fellow before in his place of business but had never learned his identity. The wounded saloon keeper has not only lost one eye, but an arm as well, the result of a mine accident. Before that time he had quite a reputation as a wrestler and had won considerable renown on the mat. His place of business is in the heart of the city—in the McEnroe block on Main street—and the man who attempted the hold-up showed great nerve in selecting it as an object of robbery. The affair caused much excitement.

COPPER COUNTRY DELEGATIONS.

Many Sons From That Section Will Attend Saturday's Reunion.

In the Hancock department of the Houghton Mining Gazette yesterday was the following relative of the delegation of Sons of St. George which will come to Ishpeeming from that city Saturday:

The meeting of the state grand lodge of the Sons of St. George of Ishpeeming, which began yesterday morning, causes considerable interest among many people in Hancock and more especially in the hill. The latter, which is practically the home of the Mistletoe lodge, No. 274, has about 200 members residing there. In Hancock there are about 10 or 15 members. This membership is exceedingly large and what is still more out of the ordinary the members are all very active in the Mistletoe lodge. Meetings are held regularly and the average attendance is something surprising. Each meeting initiation work is done, thus showing a growing order and not one at a stand still. Next Friday evening, the night before the Mistletoe lodge had for Ishpeeming, this organization will initiate four or five candidates.

T. Andrews, the Mistletoe representative to the grand lodge, is in Ishpeeming attending the grand sessions which continue until Saturday when all the lodges of this order in the state will meet, as that day is set as the State Reunion day. From 100 to 125 of Mistletoe lodge will take a special train 7:45 o'clock Saturday morning for Ishpeeming. On this special train will be the Calumet, Lake Linden and Houghton lodges. These lodges intend to be represented quite strongly.

The following is from the Houghton department of the same paper:

It is thought there will be a good attendance of members of the order from Houghton and from the whole copper country. There will be sports of all kinds on Saturday and a general good time is assured all who may attend. The sessions of the grand lodge opened Thursday, the copper country delegates having, the most of them, left for the Hematite city.

Ishpeeming in Brief.

The Ishpeeming office of The Mining Journal is at 120 Main street, where payments of subscription and other accounts can be made. All having business with the paper are invited to call.

Mrs. J. J. Green of Ionia, Mich., is visiting Mrs. W. C. Conley.

George Rupp of Bessemer was a business visitor here yesterday.

T. Andrews and George Pynn of Hancock were business visitors here yesterday.

Girl for general housework wanted at once. Apply Mrs. Ed J. Butler, 602 North Third street.

Misses Katherine and Eliza Quinn of Chicago are visiting at the home of their niece, Miss Mary Ames.

Charles Booker, the colored bootblack, has subscribed \$2 towards the Sons of St. George celebration fund.

Richard Kellow, who was in Chicago transacting business for the past few days, returned to the city yesterday.

John B. Tibor is spending a few days in the city. He is still out for a Chicago cigar firm and reports a good trade.

W. H. Laidley of Marquette was in the city yesterday, visiting in the local branch of the Laidley Commission company.

Alex Nelson, charged with cruelty to animals, was discharged yesterday by Judge Kennedy because of a lack of evidence.

Among the Marquette visitors in the city yesterday were, Will Tucker, E. P. Morrison, H. E. Peck and Charles Van Iderstine.

Miss Helen Vital of Houghton is visiting Miss Julia Trebilcock. Miss Vital arrived Wednesday and will remain about two weeks.

Misses Rhea and Edna and Masters Will and George Newett left yesterday for Cleveland. The trip from Marquette to Ohio's metropolis is being made by boat.

The quarterly statement of the Miners' National bank of Ishpeeming is published in today's Mining Journal. The statement shows a healthy financial condition.

The rain of the past couple of days has practically extinguished the fire in the woods south of Ishpeeming. Considerable damage to standing timber resulted.

The big tent for the Sons of St. George reunion tomorrow was raised yesterday. The tables are going in and will be in readiness today. Some good hustling is being done by the members in charge of the different work. The seats at the

A POOR MILLIONAIRE

Lately starved in London because he could not digest his food. Early use of Dr. King's New Life Pills would have saved him. They strengthen the stomach, aid digestion, promote assimilation, improve appetite. Price 25c. Money back if not satisfied. Sold by the Stafford Drug Co., druggists.

If you want summer goods cheap buy now at Braastad's Everything marked down.

wrestling ring were completed Wednesday and the sawdust will be put in tomorrow morning.

Frank Corso, the boy arrested for stealing \$5, was discharged on suspended sentence yesterday by Judge Kennedy. The lad's father promised to try to reform the youngster.

John Green of the Winthrop had his thigh broken Wednesday afternoon while being forcibly ejected from a barn on Pine street. This is the second time within a year that Green has had a limb fractured.

The choir of the Bethany Swedish Lutheran church is rehearsing for a concert to be given next Tuesday evening. The Rev. F. A. Linder of Marquette and Professor Sodergren of Augustana college, Rock Island, Ill., will deliver short addresses.

Mrs. C. A. Hedberg of Chicago, who was visiting at the home of Charles Johnson, has returned to the Windy city. She was accompanied by Miss Alma Johnson, who will visit her for several weeks.

John T. Wills, who was called to Crystal Falls by the sickness of his wife, who is visiting her brother Captain A. Buzzo there, returned yesterday. Mrs. Wills is much improved and is now on the high road to recovery.

Thomas Letcher of Calumet formerly a resident of this city, visited friends in Ishpeeming yesterday. Mr. Letcher was returning from Sweden, where he had taken his wife who is in ill health. Mrs. Letcher will not return to her home in the copper country for several months.

Nicholas Rosso was arrested yesterday on a warrant charging him with assaulting Dan Kean. The warrant was issued by Judge Kennedy. Yesterday Rosso appeared before Judge Peters and swore out a warrant alleging that Kean committed an assault on him. The trouble grew out of a quarrel about the rent of a house owned by Kean and occupied by Rosso. The hearing will be held today.

STOLEN—A promissory note for \$300, signed by Frank Gustafson, payable to Nels Danielson. In case any person should endeavor to sell or hypothecate said note please notify Nels Danielson, 113 New York street, Ishpeeming, Mich. (7-26-24)

The ladies can get shirt waists almost at their own price at Braastad's.

Candy, made fresh every day, at Luff's candy palace. (7-15-17)

NOTICE TO CONTRACTORS.

Poisoned by Absorption

POISON OAK, POISON IVY, BARBER'S ITCH, LEAD AND BRASS POISONING, ETC.

Through the pores of the skin many poisons are absorbed into the blood, deranging the circulation and affecting the constitution as quickly and seriously as those generated within the system. Just under the skin are innumerable hair-like blood vessels, and connecting these with the skin are millions of small tubes or glands, through which the poison is conveyed to the blood system. During the spring and summer, while the skin is most active and the pores well open, we are much more liable to be affected by Poison Oak and Ivy and other dangerous plants. Workers in brass, copper, lead and zinc have their health impaired and the blood supply poisoned through the absorption of fine particles of these metals and the acids used in polishing and cleaning them. Inhaling the fumes of lead give painters that pallid, waxy appearance of the skin. Barber's Itch is another disease that reaches the blood through the skin, and is a most obstinate one when it becomes firmly fixed in the system. After the poison has reached the blood and been disseminated throughout the system it is too late to resort to local applications. In many cases the blood is affected simultaneously with the appearance of the rash or eruption on the skin, and all efforts should be directed to the purification and building up of the blood. Ugly eruptions and sores will continue to break out in spite of salves, washes, soaps or other external treatment.

S. S. S. is especially recommended for poisons of this character. So completely does it destroy the effects of the Oak and Ivy that there is no possibility of its reappearance, and it is equally as efficacious in brass or lead poisoning or Barber's Itch; building up and purifying the blood and driving out of the circulation impurities of every kind, and removing every blemish, sore or eruption from the skin. There is no substitute for S. S. S.; it is the only purely vegetable blood purifier known, and the safest and best in all constitutional or blood diseases.

Our Medical Consultation Department.—If you desire any special information or advice about your case, write our physicians, explaining your condition, and they will carefully consider what you have to say and you will receive a prompt reply. Our physicians have made a study of blood and skin diseases, and you can have the benefit of their experience and skill without any cost to you whatever. Don't hesitate to write fully about yourself, as nothing you say goes beyond our office. We have a very interesting book on Blood and Skin Diseases, which will be glad to mail free.

CHAMPION BOY KILLED.

Gust Horngren, Well Known in County, Meets Death on St. Paul Line.

Gust Horngren, one of Champion's best known young men, met a horrible death Wednesday morning near Ellis Junction on the Chicago, Milwaukee & St. Paul line. He was employed as brakeman on a gravel train and was crushed while working on his train. Both legs were badly mangled.

"HELLO, BILL."

Marquette County Elks Received This Salutation at the Carnival.

Negaunee was not as largely represented at the Milwaukee carnival of Elks as was expected. Several of the horned herd of this place who had uniforms made for the turnout found it impossible to get away and had to miss the excursion, which, so far as can be learned here, was the jolliest and most successful demonstration this popular society has ever held.

Official returns from railroad and steamboat headquarters at Milwaukee placed the number of excursionists in the city the first two days of the carnival at a little less than 48,000. Of this number about 8,000 were members of the order. It is estimated that more than 3,000 Elks participated in the parade.

The Marquette county herd made the most creditable showing. The turnout included every member who went down on the special train Monday night, all attired in their neat uniforms. Joachim and Curtis, the large and small Elks, did not take a carriage in the parade as they intended when they left here. Other competitors for prizes marched so closely together that it was difficult to see them.

There was a wild time in Milwaukee Wednesday night. There was more sense than will ever be described in print or known to anyone who did not attend the carnival. The Milwaukee people certainly made a mistake when they overlooked offering prizes to the men and women doing the best foolish turns. The police officers were powerless even in opening the walks for pedestrians. At midnight Wednesday, with the rain coming down steadily, it was next to impossible to get through Grand avenue.

The expression "Hello, Bill!" caught everybody. Men, women and children, old and young, kept up the salutation from morning until night. Even while the parade was on men and women yelled it at one another through horns.

The Grand Rapids, Mich. lodge captured the \$1,000 prize for the best turnout. All the members, including the band of thirty musicians, appeared in marine uniforms. Nearly every man in line had more or less military training so that their marching was a pleasing feature.

The copper country Elks made things hum Tuesday and Wednesday evenings. Members of their herd threw money—copper pennies—from the veranda of the Hotel Pflaster to the street arched. Many dollars were represented in the distribution as the penny shower was kept up for a couple of hours. This feature created more real fun than anything else seen at the carnival. Old and young scrambled and fought for the money.

The most of the upper peninsula Elks will be home this morning as the carnival proper came to a close last night.

UP GO INSURANCE RATES.

Circular Letter Advising of the Advances Sent Out by Inspector Hall.

Upper peninsula insurance agents are in receipt of a communication from Deputy Inspector Theodore D. Hall of Negaunee advising them of advances in the fire rates. Its text follows and the meaning is sufficiently obvious to allow it to pass without comment.

Negaunee, Mich., July 19.—To Agents: Gentlemen—The results of the fire insurance business for the last three years have been so unfortunate as to convince all unprejudiced observers that it is impossible for the insurance companies to secure a fair return upon their investments except by increasing their advisory ratings. The reduction of ten per cent. made in January, 1899, was unjust in its results to the companies, in that it destroyed all probability of their obtaining any profit upon their hazardous ventures.

In view of this situation, the Bureau regards it as only a measure of justice to advise that the ten per cent. reduction in rates be abrogated upon a considerable portion of the classes to which it has applied.

Will you therefore please note that upon and after the twenty-second day of July, 1901, this bureau will advise that the ten per cent. reduction now in force shall no longer be permitted upon risks covering any except the following-named classes, namely—churches, school-houses, court houses and other public buildings, and their contents (excepting penitentiaries, infirmaries, work houses, county poor houses, and insane asylums) and brick or stone mercantile buildings (not contents), occupied exclusively for mercantile, office, public hall (without stage or scenery), and dwelling purposes.

Advisory rates upon dwellings, private family barns and upon risks protected by an approved system of automatic sprinklers, remain unchanged.

Upon all risks other than those above enumerated we advise that the gross advisory ratings now furnished by this Bureau, be required, and that no deduction be made therefrom.

Believing that this action will be fully approved, I am,

Yours truly,
THEO. D. HALL,
Deputy Inspector.

IT DAZZLES THE WORLD.

No discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery for Consumption. It's severest tests have been on hopeless victims of Consumption, Whooping Cough, Pleurisy and Bronchitis, thousands of whom it has restored to perfect health. For Coughs, Colds, Asthma, Croup, Hay Fever, Hoarseness and Whooping Cough it is the quickest, surest cure in the world. It is sold by the Stafford Drug Co., who guarantee satisfaction or refund money. Large bottles 50c and \$1.00. Trial bottles free.

NOTICE TO CONTRACTORS.

Bids will be received until July 26, 1901, for the purpose of building a brick and sand stone block for John Shea. Plans and specifications will be seen at Mr. John Shea's dry goods store on the north side of Iron street in the city of Negaunee, Mich. (7-18-19)

WAITING FOR THE SAFE.

New Houghton Bank About Ready for Business.

C. H. Moss, who will be cashier of Houghton's new bank, stated Wednesday that he was waiting only for the arrival of the safe ordered some time ago when the concern would be ready for business. The fixtures have been set up and as soon as the safe can be placed in the room the balance of the carpenter work will be done and the institution will open shortly thereafter.

The safe to be used at the start is the one that will be placed in the vault in the new building. This is contrary to the expectations at first, when it was thought that it would be possible to make a start sooner, if a temporary affair could be utilized and the new one ordered built for the new quarters. The safe manufacturers were able, however, to send along the safe wanted for permanent use, and it is expected to arrive in Houghton at almost any time.—Houghton Mining Gazette.

WILL OPEN TOMORROW.

Charles B. Burt will open his saloon in the Robbins block opposite the Miners' National bank tomorrow. Part of his furniture arrived yesterday and three or four men have been busy getting it in position. Were it not for the celebration here tomorrow Mr. Burt would likely have opened up until his entire equipment and stock arrives. He has a screen that cost \$450 on the way. This, together with his fine bar fixtures, will give him a splendid outfit. The rooms are large and quite convenient for the business. The walls have been attractively painted and papered. John Hasset of Negaunee has taken a position as bartender with Mr. Burt. Another man who has had many years' experience as a mixer of fancy decoctions will be here within a few days from Ironwood, it being Mr. Burt's intention to employ two men behind the bar.

MANY RETURN TODAY.

A large number of the iron and copper country Elks will return from the Milwaukee carnival today. The big demonstration came to a close last night and all who went down merely to take in the carnival left on the late trains. The railway companies have granted excursionists the privilege of remaining until Aug. 8 on the payment of fifty cents extra at the city ticket offices. A number of the ladies who went down from this section will remain a week or more.

The Elks had a jolly time. The fun on the streets continued night and day and there were many who did not get a bed during the time they were there.

A big assortment of shirt waists going at cost at Braastad's.

A boon to travelers, Dr. Fowler's Extract of Wild Strawberry. Cures dysentery, diarrhoea, seasickness, nausea. Pleasant to take. Perfectly harmless.

Our inventory sale of lace curtains is on. All kinds going cheap. F. Braastad & Co.

PAVING MEN COME

THEY ARE BESIEGING MARQUETTE OFFICIALS ALMOST DAILY.

WOULD FURNISH THE MATERIAL.

REPRESENTATIVES OF ASPHALT AND BITUMEN CONCERNS.

Vitrified Brick People Have Yet to Be Heard from—Improvements Could Be Undertaken This Year.

The news that Marquette is considering paving a couple of her principal streets has been generally diffused, with the result that the city officers are now being sought by representatives of different paving concerns.

Mayor Mangum says he is hopeful that something may be done in connection with the paving proposition before the snow flies this year.

The matter will be brought before the city fathers at their next session, when a report from the paving junket, which recently visited lower Michigan cities to arrive at determinations relative to the several materials, will be presented.

It is said that the committee will report in favor of vitrified brick as the best material for the work it is proposed to do here.

The officials have yet to receive representatives of the manufacturers of vitrified brick, but a bunch of them are expected along in the course of the next few days.

The expense of improving Washington and Front streets with the proposed pavements will have to be borne by the abutting property owners.

They will lose no money in the long run, as the improvement will serve to enhance the value of their property more than enough to make up the amounts that they will be assessed as their share of the expense.

ANOTHER HEAVY DOWNPOUR.

Horse Races Were Again Postponed, Until Saturday.

The rain has been making up for the two weeks of unbroken fine weather during the past couple of days.

Of course one of the results of the wet day was the further postponement of the horse races and, the weather being fair, they will be pulled off Saturday.

The program originally set for the first matinee will be carried out. It includes races in the 2:25, 2:40 and 3:00 classes.

The South Shore road will run special trains to the Driving park at 1:30 and 2 o'clock.

It is expected that this time it will be possible to proceed with the matinee. It is probable that the wet spell has rained itself out.

Again yesterday the rain was responsible for a suspension of all outside

work about the city and vicinity and business was practically at a standstill down town because of a general disinclination to brave the weather for the purpose of visiting the stores.

Evenly Matched. Croake and Hammond Put up a Fine Exhibition Wednesday Night.

Marquette men who attended the boxing contest between Ed Croake of Iowa and Jack Hammond of the Soo at Baraga Wednesday night say that the meeting resulted in some of the best sport of the kind ever witnessed in this section.

The special train which left here about 7 o'clock Wednesday evening with the boxers and a small quota of the fraternity pulled into Baraga a few hours later.

The event lasted well into the tenth round, the last for which it was scheduled. It was evenly waged throughout.

Croake and Hammond, proving to be well matched opponents. The contest lacked any disagreeable features and while there was plenty of fast and heavy work, the most critical of the spectators forbore to pronounce the exhibition brutal.

It is reported that in the early stages Hammond was strong and looked the likeliest of the two men. Indeed, in the first round he made such a showing that it was generally feared that hostilities would cease all too early because of the enforced retirement of Mr. Ed Croake, of Iowa, from the scene of action.

However, the champion of the Corn state girdled up his loins, pulled himself together and proceeded to "stay" until victory sought his banner.

It must not be inferred that anyone was "knocked out." This would have been brutal and the mill was conducted in full accord with modern proprieties.

However, in the tenth round the referee saw fit to call Mr. Croake "it" and suggest that Hammond leave the ring, fearing that, otherwise, the latter pugilist might lie down for a ten second snooze.

Croake's condition stood him in good stead. He had not been taking daily jogs to Presque Isle and the Chocoyai the past few weeks for nothing and he was entirely "fit." He took his hard work easily and was in good condition at the call of time.

The boat was unattended by any unpleasant features. The crowd at the ringside behaved itself perfectly and there was little loud noise. The mill was interesting throughout.

The Marquette delegation arrived home about 4 o'clock yesterday morning. Croake returned to Marquette, but Hammond went on to his home at the Soo.

Members of the fraternity who did not go up to the line Wednesday night were profuse, yesterday, in their expressions of regret that they missed the sport.

Four that the contest would result in a fiasco kept many away, while the expense deterred others from making the trip. Had the mill been held at a point nearer Marquette the local attendance would have been very large.

COPPER RALLY YESTERDAY.

Short Covering Braced Many of the Stocks Up Somewhat.

There was a good rally in the copper market yesterday, it being attributed to short covering. Paine, Webber & Co. said:

"The rally in the market was caused largely by short covering. More favorable weather reports from the West stopped the selling movement and the shorts bid up prices in an effort to cover. We are inclined to believe that the crop damage has been discounted and that, on weak days, the market is a buy.

The coppers are resting and waiting for some of the traders to come back from the mountains and seashore. In the meantime someone seems to be standing guard to catch every lot that is thrown out a fraction below the market. The coppers are as strong as they are dull and, should they be neglected and allowed to run off at any time, the best ones should be bought for a good turn."

Hayden, Stone & Co. wired the Laidley Commission Co.:

"The strength of Amalgamated should be reflected in the copper stocks, but the big people who make our markets are heavy and as money is not very plentiful on coppers as collateral we do not expect any big advance right away. We would buy Osceola and Wolverine. Both are comparatively safe and the opening up of the North Kearsarge property will surely have a good effect on Osceola."

A. H. Jones & Co. said of wheat:

"Wheat is still displaying a strong tone. Unresponsive cables, lower outside markets and the more favorable weather conditions this morning gave the market a bad start, with bottom prices, 12 under last night, but the rally that followed instantly demonstrated that wheat has friends, good ones, and before the session was half over the loss was all recovered. Then prices sagged again. The trade was light and very nervous. Aside from a short time at the opening, the locals had the market their own way. The market has been too erratic and vicious to encourage general speculation, but is quieting now and, by next week, it will be down to a normal basis again. Opportunities for profitable scalping were never better."

"REGARDLESS OF COST."

Letter from Goodspeed & Son to B. L. Newman.

Ann Arbor, Mich., July 23, 1901. Mr. B. L. Newman, Marquette, Mich.

Bert—Yours in regard to the roof being blown off and damage by water heavy and as noted. Select all the damaged goods and place them on sale regardless of cost. Give your customers a chance to buy good solid leather, slightly damaged by water, at prices that will loosen their purse strings, so that they will regret for a year to come that they did not buy more at this time.

Yours faithfully, GOODSPEED & SON.

Twenty-five gas lamps for bicycles—going at a bargain. R. L. Francis Co. (7-12-tf)

CITY BREVITIES.

Today's weather: Cloudy with occasional showers; northerly winds becoming variable.

Yesterday's temperature: 7 a. m., 55 degrees; noon, 58 degrees; 7 p. m., 58 degrees. Maximum, 58 degrees, minimum, 55 degrees.

Valentine Green left for New York, whence he will sail for England, yesterday.

The rainfall yesterday was far the heaviest of the year, the official record being 1.54 inches.

The Presbyterian Ladies' Missionary society will meet at the church parlors this afternoon at 3 o'clock.

The M. E. Ladies' Aid society will meet with Mrs. James Pearce, 341 West Bluff street, this afternoon.

There will be a special meeting of Morse hose company this evening at 8 o'clock. Important business will be considered.

The Swedish Lutheran Sunday school will hold its picnic tomorrow in a little grove near the cemetery at the west end of Harrison street.

The first of the returning Elks are expected home from Milwaukee today and tomorrow. Most of the Marquette men will be back not later than Sunday.

The Marquette Juniors will go to Munising Sunday to meet the Junior nine at that city. The following Sunday the Munising Juniors will come here for a game.

The Lady Azelia lodge will hold a dance and supper at Fraternity hall this evening. An admission of twenty-five cents will be charged. The proceeds of the entertainment will go to the French Catholic church.

James A. Jopling came up from his camp on the line of the Marquette & Southeastern yesterday morning. He made the trip via Carlsberg and the Northwestern. He reported that all work on the new road was suspended Wednesday and yesterday, on account of the rain.

Frank Dollar has recently returned from Canada. He is entirely cured of the injury to his leg received a couple of years ago, when he was the victim of an accident on a defective sidewalk. It will be recalled that litigation over his mishap dragged through many months. His claim was finally settled this spring for \$1,000.

There is said to be little likelihood that the city's new crushing plant will be in operation before August 1, if it is running then. It has been decided to make no effort to start the machinery until the new screen has been received and placed in position. This piece of equipment has already been ordered and its shipment, as shipments always are, is promised for an early date. Here exists another opening for delay, of which the city officials are rather apprehensive.

Matt J. Johnson, representing the firm of Matt J. Johnson Co., St. Paul, manufacturers of "goss," the well known blood and rheumatic cure, was in the city the other day and sold Frank Pendill a large order of his remedy. It possesses great merit and it is announced that if a person, after using half a bottle, is not satisfied, he, she, or it can get the money refunded on the return of the medicine. This guarantee is only good through Pendill's pharmacies.

Hager Bros. state that they have never truly appreciated The Mining Journal's value as an advertising medium until this week, when, through its columns, they made announcement of their red tag sale. They did an unusually large business yesterday, receiving orders from many outside points, up and down the line of the South Shore. One order came from a point only a short distance this side of Superior. Hager Bros.' store will be open until 9 o'clock during the continuance of their red tag sale.

There has been very little berry buying here to date. One commission man, who has made Marquette his headquarters during the season for the past several years, has not yet transacted any business. He did not want to pick up any of the early crop, the berries being too soft and over-ripe as a result of the unusually warm weather. He is waiting for the later berries. The early crop was more or less of a failure, but it is said that the later yield may be fairly heavy; although this depends on conditions during the next couple of weeks.

After all has been said, the rains of the past two days have been one of the best things that could come upon this section. Marquette county has been unmercifully scorched the past couple of weeks. Grass and vegetation have, in many neighborhoods, been fairly shriveled and it has been only by a constant use of garden hose that lawns or gardens could be kept in any kind of condition. The showers of the past forty-eight hours have accomplished much to freshen things up and restore "color" to the summer. Assuredly the dust has been settled.

Deputy Great Commanders James Patterson of Marquette, E. B. Gillett of Muskegon, James J. McDonald of Grand Rapids and Samuel M. Withrow of Muskegon are here in the interest of the K. O. T. M. They find the different tents of the order in Marquette in exceedingly prosperous condition. They are adding largely to their membership and all are looking forward with interest to the meeting of the great camp to be held in Marquette in June, 1902. It is safe to say the city will have 10,000 visitors at that time and active preparations are already being made for their entertainment. The order now comprises 100, 500 members in good standing and it is increasing at the rate of 1,000 a month.

ELECTRIC PIANO.

Come and see this wonderful electric piano on exhibition at the Grand saloon. It is the greatest piano ever on exhibition in the city. There will also be a grand lunch served free Saturday night. (7-26-2d)

GRONDIN & TROMBLEY.

Puts gray matter in your head. Brings a rosy glow to faded cheeks. Restores vim, vigor, mental and physical happiness. That's what Rocky Mountain Tea will do. 35c. Stafford Drug Co. (7-15-tf-o)

WEBSTER'S INTERNATIONAL DICTIONARY.

THERE ARE PEOPLE

Who think that a Dictionary is an expensive book. This is true of "reprints" at any price, and of those slightly more modern works in two to twenty volumes which aim to be both dictionary and encyclopedia. WEBSTER'S INTERNATIONAL is NOT an expensive book. It would not be "expensive" at double the price asked, quantity and quality of contents considered. It is the BEST MADE book in the whole world. It contains over SIX TIMES as much matter as the bible. If the contents of this dictionary were re-set in the type used in the news columns of the "Mining Journal" it would make one hundred books of the size of "David Harum" or any recent popular novel. In further support of our statement that the "International" is not an expensive book, we have prepared the following table of contents to show what the total cost of the information contained in this great dictionary would be, if purchased in single volume form.

Table listing dictionary contents and prices: A good Dictionary without Appendixes is worth at least... \$10.00, 8 Colored Plates of Flags, Arms and Seals of Nations... 1.00, History of the English Language... 1.50, Germanic Roots... 1.00, Guide to Pronunciation... 2.00, Explanatory and Pronouncing Dictionary of Noted Fictitious Persons and Places... 2.00, Geographical Dictionary, covering the ground of Lippincott's Gazetteer, price of which is... 10.00, Biographical Dictionary, covering the ground of Lippincott's Dictionary, price of which is... 10.00, General History of the United States by Horace E. Scudder... 1.50, The Presidents of the United States... 1.50, History of the States and Territories... 1.50, Chronology of Events in American History... 1.00, Double Page Colored Plates and Maps... 3.00, Chronological History of the World by John Clark Ridpath... 5.00

Total cost if purchased in separate books... \$51.00

The above does not include an estimated value of 4,000 Illustrations, Memoirs of Noah Webster, Metrix System, Weights and Measures, Pronouncing Vocabulary of Scriptural, Greek and Latin Names, Quotations, Words, Phrases, Proverbs, etc., from the Greek, Latin and Modern Foreign Languages; Abbreviations, Contractions and Arbitrary Signs, used in Writing and Printing, etc., etc. Neither does it include cost and value of our Superb Index and Binding. In fact, the publishers, G. and C. Merriam Co., claim that they give in this book information which, in separate books, would cost somewhere from \$50.00 to \$150 or \$200, depending upon the completeness of the separate books; and this single volume (worth from \$150 to \$200) will be supplied to subscribers in Marquette county until August 1st for one dollar on delivery, and three additional payments of five dollars each, the first to become due in October or November, the second in January or February, and the third and final payment to be due in April or May. A copy of the Dictionary will be sent anywhere for examination.

BIGELOW & CO.

E. L. KELLAN WHOLESALE GROCER, MARQUETTE, MICH

Do You Dance?

If not, and you desire to learn join PROFESSOR HOGUE'S FRIDAY EVENING CLASS AT FRATERNITY HALL. Terms reasonable. Private lessons given when desired. The Thuma System of Grace a Specialty for private lessons. (7-19-tf) Leave Orders at Bigelow's.
