STRIKE FORCES REST

EYES OF BOTH SIDES ON THE LABOR CONFERENCE.

TODAY WILL TELL THE TALE.

MEETING IS ANTICIPATED WITH BOTH HOPE AND FEAR.

Indications Point to Peace, However, as a Result of the Deliberations on the Proposition of the Trust for a Settlement.

Pittsburg, Tuesday, July 30.—The following terms for the settlement of the strike and the program for today come from an authoritative source and can be relied upon, in all human probability, as the outcome of the meeting of the conferees today:

The Amalgamated association will drop the contention for signing the scale for all the mills.

All the mills are to be "open" mills in the fullest sense of the term. The company is to have the right to place a non-union man in any plant and keep him there.

The Amalgamated association is to have the privilege of organizing the men in any of the plants.

The executive committee of the Amalgamated association will meet at the headquarters at 10 o'clock this morning, and it is expected to ratify the provisional terms outlined by the New York conference.

The manufacturers' conferees of the last meeting will be in readiness to meet the Amalgamated men, possibly at the Amalgamated headquarters, in the afternoon to sign the scales.

Felt Strike Is Virtually Over.

Pittsburg, July 29.—Everybody is on the qui vive tonight in strike circles and the coming conference of the leaders of the two contending forces is looked forward to with mingled hope and fear. Hope, however, predominates and peace is confidently expected by a majority of those interested.

"The executive committee of the Amalgamated association will meet at the headquarters of the organization at ten tomorrow morning, or as soon thereafter as possible, to take up the proposition of the United States Steel corporation for the settlement of the steel workers' strike." This was the statement made today by Secretary Williams, of the Amalgamated association. Beyond that he declined to discuss the strike in any form.

District Manager Persier, of the sheet steel company, also maintained a determination to say nothing for publication until a decision was reported by the executive committee.

There was no change in the position of the two contestants today. Both sides held firmly to the plan of watching each other. The officials of the Wood mill of the American Sheet Steel company made no attempt to start the plant, and the indications pointed to their remaining inactive until the strike negotiations are decided one way or the other.

MEET TO FIX WAGE SCALE.

Bottle Manufacturers and Labor Representatives Are in Session.

Atlantic City, N. J., July 29.—The annual conference between the wage committees of the National Green Glass Bottle Manufacturers' association and the blowers' union began here today. The sessions will continue until the end of the week. An amicable arrangement of the wage scale for the coming blast is expected.

CHOATE HAS NOT LEFT LONDON.

Report Ambassador Is to Move for Peace in Africa Is Unfounded.

London, July 29.—Inquiry made by the Associated Press shows there is no foundation for the rumor published here that Ambassador Choate has gone to Holland at the invitation of Kruger, who desires him to act as mediator in bringing the war to a settlement. Mr. Choate has not left London.

Boer Convoy Captured.

Pretoria, via Cape Colony, July 29.—Colonel Garrett has had a successful skirmish near Verening. Twenty-five Boers and a number of cattle and wagons were captured.

\$500,000 FOR LORD ROBERTS.

King Recommends a Grant in Recognition of His Services.

London, 29.—In the house of lords today, Lord Salisbury read the message from the king to the effect that, in consideration of the eminent services of Field Marshal Lord Roberts in South Africa, his majesty recommended that parliament grant him £100,000.

In 1881 when Lord Roberts received his baronetcy in recognition of his services in Afghanistan he was voted the sum of £12,500 (\$62,500), and a pension of £100 (\$500) was also conferred upon him. Lord Wolsey, however, received £25,000 (\$75,000) after the Ashanti campaign, and £30,000 (\$150,000) after the Egyptian war. Lord Kitchener was granted £30,000 (\$150,000) after the Sudan campaign, and he may be awarded another grant at the next session for his work in South Africa.

DROWNED AT MUSKOGON.

Muskogon, Mich., July 29.—Miss Gussie Slater of Chicago was drowned while bathing in Mona lake this evening.

NAVAL OFFICERS WARNED.

Must Keep Mum on the Schley Inquiry Orders Secretary Long.

Washington, July 29.—Secretary Long this morning issued the following order: "All persons in the naval service are strictly enjoined to refrain from any public statement concerning the subject matter of the court of inquiry requested by Admiral Schley."

UPROAR IN COMMONS.

Two Irish Members Suspended During a Debate on Taxation.

London, Tuesday, July 30.—There was a wild uproar in the house of commons early this morning during the progress of the debate on the proposed taxation of agricultural property.

The Conservatives interrupted Mr. Walton, Liberal, with cries of "Divide." Mr. Redmond, on a point of order, called the attention of the speaker to the interruption, but the speaker ruled the point not well taken. Mr. Walton resumed, but quite inaudibly owing to the persistent cries of "Divide."

Mr. Redmond shouted, "Police, Police." The speaker said this expression was disorderly, and Redmond shouted, "Why don't you keep order." The speaker directed him to leave the house and named him. Mr. Balfour, the government leader, moved Redmond's suspension, which was carried, 303 to 71. Patrick O'Brien persisted in the same point of order, and in turn was named and suspended.

The taxation bill was adopted.

LAND RAFFLE OPENS

DRAWING FOR HOMESTEADS BEGINS AT EL RENO.

DAY IS FREE FROM DISORDER.

A THOUSAND OF THE 13,000 CLAIMS AWARDED.

Capital Prize Winners a Man and Woman Who Have the Privilege of Selecting Quarter Sections Worth \$40,000 Each.

El Reno, O. T., July 29.—The great land lottery began here in earnest today, and when the commissioners appointed by the federal government adjourned the drawing for the day a thousand of the choicest of the thirteen thousand 100-acre claims in the Kiowa-Comanche country had been awarded.

Prize Winners of the Lottery.

The first name drawn from the wheels was that of Stephen A. Holcomb of Falls Valley, I. T., for a homestead in the El Reno district; the second was Leonard Lamb of Augusta, O. T. These two men will select the two choicest claims in this district.

The capital prize winner, however, proved to be James R. Wood of Weatherford, O. T., whose name was first to come from the Lawton district wheel, and Miss Mattie P. Seals of Wichita, who drew the second number in that district. They have the privilege of making the first filings in the Lawton district and will undoubtedly choose two quarter sections adjoining that town. These are considered the most valuable in the territory and worth about \$40,000 each.

Drawing Witnessed by 25,000.

The day has been one of keen excitement and replete with interesting scenes. It is estimated that fully 25,000 persons witnessed the drawing. The drawing of the first names was followed by a mighty shout that must have been heard for miles over the prairies. Each succeeding winning for a time met with shouts of applause and merriment. All was pleasurable.

The crowds fairly exhausted themselves, and when the close of the drawing for the day was announced at six hundreds who had neither eaten or drunk during the day sank to the ground where they stood from sheer fatigue or dragged themselves to better places of rest or to the refreshment booths uptown.

The day was remarkably free from quarrels and general satisfaction with the government's method of disposing of the land was felt.

Hundreds of "Repeaters" Found. It has been found that many hundred applicants have "repeated" their applications, and they will be thrown out. Over this much discord has resulted and the outcome may be an appeal to the courts.

The eighteenth winner in the Lawton district was Minerva McClintock, aged twenty-five, of Oklahoma City. She was married yesterday and by this act forfeits her right to file a claim. She might have chosen a claim near the county seat town worth several thousand dollars.

Redskins to File Claims.

Tacoma City, O. T., July 29.—Kee Tuck, a Sac Indian, has given notice at the land office at El Reno, of his intention to file upon the quarters of the land adjoining the town site of Lawton, which has been the principal town in the Kiowa and Comanche reservation. This is probably the most valuable tract out of the entire 13,000 to be opened.

With Kee Tuck were sixty members of the Sac and Fox tribes, who propose to make filings, and attorneys throughout the country are said to be searching for other Indians who have not secured homestead tracts. It is believed there are 500 in the two tribes who can secure choice claims in advance of those who have registered by simply making their filings. The plan is to select the lands

COLUMBIA WINS CUP

DEFEATS CONSTITUTION THREE MINUTES IN DECISIVE RACE.

NOW TO MEET INDEPENDENCE.

RIG OF NEW BRISTOL BOAT MEANT WHILE TO BE ALTERED.

At Chicago, Cadillac Is Victorious for Third Time, but as Milwaukee Breaks Mast Three More Trials Are Ordered.

Newport, R. I., July 29.—Columbia today defeated Constitution, boat for boat, in a splendid race by two minutes and fifty-four seconds and won the thousand-dollar cup presented by Colonel John Jacob Astor. Her victory was decisive and convincing. The behavior of Constitution, on the other hand, was disappointing in the extreme and this evening Director Duncan announced his boat would not take part in further races until her rig had been altered.

Constitution will not participate in the yacht racing events on Thursday and Saturday of this week as a competitor of Independence. Columbia, however, has been entered for these races and will sail against the Boston boat. If the change in the plans for Constitution does not prevent, the next races in which she will start will take place over the Newport course on August 12 and 14. The regular trial races to select the defender of America's cup will be held here Aug. 31 and September 1 and 3.

It is not easy for the best friend of Constitution to make plausible excuses for her most palpable defeat today. She was beaten fairly and squarely on merit. Running almost dead before the wind on the first leg of the thirty-eight-mile course, she at first opened a gap of clear water between herself and Columbia. So long as the wind continued light she had it all her own way, but when it freshened Columbia slowly but surely overhauled her. Independence started over the course about a mile ahead of the racers, but at no time did she show any great speed.

The official elapsed time was: Columbia, 3:46:19; Constitution, 3:49:13.

CHICAGO RACES INDECISIVE.

Judges Order Three More Despite a Third Victory for Cadillac.

Chicago, July 29.—Cadillac won the seventh trial race today, beating Illinois by a minute and five seconds over a twenty-one-mile course. At the conclusion of the race the judges announced that the results so far obtained were indecisive and ordered three more races. This announcement was disagreeable to the Detroit contingent, who claimed Cadillac had made the best showing and was entitled to the trophy. The defending Canada's cup, J. C. Shaw, of the Cadillac, left for home tonight and it is not certain whether he will sail any more races.

The race today was triangular, seven miles to the leg. The wind was due west, shifting occasionally a point or two, but steady for the most part. During the race it blew at a twenty-mile rate. Three boats were to start, but forty seconds before the starting gun was fired the mast of Milwaukee broke off short and Cadillac and Illinois were left to compete alone. The former led throughout and the race was a procession over the course. The last leg was run to the windward and on this, as had been the case in former races, Illinois proved the better boat in "windward work" and gained steadily.

The official elapsed time was: Cadillac, 3:14; Illinois, 3:15:05.

BLOODY STREET BATTLE.

Three Men Killed in a Tennessee Mining Town.

Crossville, Tenn., July 29.—In a street fight today at Insoline, a mining town, W. E. Knox was shot and killed by Policeman Pass. The officer's son Shirley became involved with other officers and Policeman Swafford fatally wounded him. The father then attempted to kill Swafford, when Chief of Police Lowery shot and killed Pass.

Kills Wife and Himself.

Dodge City, Kas., July 29.—R. E. Kirby, proprietor of the Park Hotel, as a result of a quarrel today shot and killed his wife and then committed suicide.

CAPT. SPELLMAN SENTENCED.

Hemp Scandal in Philippines to Cost Him Two Years in Prison.

Manila, July 29.—Captain Spellman, of the Forty-third, has been sentenced to two years in prison for encouraging trading at closed ports.

Major Henry Allen, Forty-third volunteer, governor of the island of Leyte, has been chosen chief of the insular constabulary and will proceed with the organization of that force.

RUSSIANS MOBBED IN TIBET.

Natives Wipe Out an Expedition—Car Will Demand Redress.

London, Tuesday, July 30.—"The Russian government has been advised," says a dispatch to The Daily Mail from St. Petersburg, "that 2,000 Tibetans on July 16 attacked Major Kesloff's expedition of twenty men, half of whom were shot down and the others severely wounded. The government will demand satisfaction."

WEATHER FORECAST.

Washington, July 29.—The following is the weather bureau's forecast for Upper Michigan: Generally fair Tuesday and Wednesday; warmer Wednesday; variable winds.

WHALEBACK SAGAMORE GOES DOWN IN WHITEFISH BAY.

Sault Ste. Marie, Mich., July 29.—The whaleback barge Sagamore, loaded with iron ore, was sunk in collision with the Northern Line freight steamer Northern Queen near Point St Ignace today. Of the crew of eight men, two were drowned and one is missing. The dead: CAPTAIN E. JOINER, master. IRA IVES, cook. Missing—Burley Smith, seaman.

A dense fog covered the water at the time of the collision. The crew made a rush for the Northern Queen, and five escaped to her decks.

ANARCHISTS CELEBRATE.

Murder of Italy's King Observed by the Reds at Paterson.

Peterston, N. J., July 29.—Barthold Hall was packed today by the friends of Bresci, the assassin of King Humbert of Italy, this being the anniversary of the deed.

"I wish every country had a Bresci," said a speaker named Esteve, a sentiment that was vociferously applauded. "Down with monarchy; down with empires," he continued, and the cheering was accentuated.

The speaker referring to Bresci's companions—Quinto Carello and Lami—who sailed with him, said they sailed for the same purpose. "They all went to do that which Bresci did," said the speaker. Having said that the last two were in prison, the speaker continued, "the question we ask the United States government is, 'Were these men citizens, and where are they now?'"

It appeared from further remarks that two others had been selected to do the work Bresci did, but they failed. One, Matteo, committed suicide; the other, Siperondo, was left off on condition he kill a shop foreman objectionable to the Italians.

ITALY'S MEMORIAL DAY.

Anniversary of the Assassination of King Humbert Is Commemorated.

Rome, July 29.—The first anniversary of the tragic death of King Humbert, who was assassinated at Monza a year ago by Bresci, the anarchist, is being celebrated today by commemorative services throughout Italy. Rome is the center of the observances, and there are a hundred thousand visitors here on a pilgrimage to the tomb of King Humbert.

TITUS A WEST POINT CADET.

Young Iowan Who Scaled Walls at Peking Admitted to the Academy.

West Point, N. Y., July 29.—Among the candidates who successfully passed the examinations and were today admitted to the military academy as cadets were: Ruxford R. Gardner, Michigan; Clarence K. Lyman, Hawaii; Thomas M. Spalding, Michigan; Calvin P. Titus, at large, the latter being the young Iowa musician, who, while serving with the regulars in China, was the first to scale the walls at Peking when the allied army captured the Chinese capital.

SUBSCRIPTION RATES: Per month, by carrier, \$1.00 Per year, by mail, \$10.00

MARQUETTE, MICH., JULY 30. Entered as mail matter of the second class in the postoffice at Marquette, Mich. Admiral Sampson says the Spanish admiral in command at Santiago, Cervera, made a tactical mistake by attempting to leave the harbor at the time he did, instead of waiting for darkness.

One of the perplexing problems confronting the navy department at this time, asserts the Marine Review, is that of obtaining sufficient commissioned officers to command the new ships building and which are from week to week leaving the builders' hands. The shortage is particularly noticeable for the small craft building, such as torpedo boats and torpedo boat destroyers.

Adjutant General Corbin, after having personally investigated the military situation in the Philippines, recommends a reduction of the army from its present strength of sixty thousand men to a force of twenty or thirty thousand. With the withdrawal of the force now stationed in Cuba, which will follow the establishment there of an independent home government, the number of men employed in safeguarding our newly acquired possessions abroad will be comparatively small and the expense entailed on our government by this service will be largely reduced.

THE STEEL STRIKE SETTLEMENT. While a formal settlement of the Steel strike has not been made, it is pretty well understood that an agreement has been arrived at between the leaders of the Amalgamated Association and the executive officers of the United States Steel Corporation, and that the strike will be called off within a few days.

It is understood, also, that the terms of the settlement will practically be those which were offered by the Steel Corporation between its managers and the representatives of the Amalgamated association prior to the strike, and which the latter then rejected. The union mills are to remain under the control of the Amalgamated, and those of the non-union mills which have elected to become unionized are to come under the control of the association, but there is to be no further attempt by that organization to unionize non-union mills where the men choose to maintain their present status as independent workers.

This is a fair settlement, and that the Steel Corporation has agreed to it should be accepted as a retribution of the charge that it is seeking to break down the Amalgamated association. It is undoubtedly determined not to allow itself to be placed entirely at the mercy of that, or any other, labor organization, but we see nothing in its conduct thus far to indicate that it has in contemplation warfare on organized labor, or a policy inimical to the interests of the men in its employ.

It demanded that the Corporation should sign the union scale for the non-union as well as the union mills. This was equivalent to requiring the Corporation to assist in unionizing mills in which the men preferred to work under non-union rules, and the rather arrogant demand was very properly not granted. Now that the Amalgamated leaders have come to their senses, the prospect is that there will be a better understanding in the future between that organization and the Corporation which furnishes its membership with employment. It will certainly be some time before the Amalgamated will again pit itself against the powerful Corporation that it was so eager to try conclusions with, in the belief that if it should declare a strike there would be such a shrinkage in the market value of Steel shares that the management of the Corporation would sue for peace on any terms. The Steel Corporation comes out of the contest a good winner, its position having been materially strengthened by the unsuccessful attempt made to bring it into a condition of vassalage to a labor organization which ranks as one of the most powerful in the country, and the moral effect of its victory makes for increased stability in industrial conditions generally in the country.

Summarizing the stock market conditions and prospects, Henry Clews says in his weekly circular thereon, under date of the 27th: The stock market has offered excellent trading opportunities and this situation seems likely to continue. A few stocks which had advanced to unreasonably high or control prices are still beyond the reach of investors, and should be handled carefully by speculators. There are others which have shown declines of 15 to 20 points that are much safer and more profitable. Several heavy blows have been dealt to the market, which at the present level has displayed excellent resisting qualities. Liquidation has been very thorough and stocks have been passing into stronger hands for the last month or six weeks. The monetary situation is steadily improving; bank reserves seem likely to increase during the next few weeks; gold is coming in from the Klondike, and the treasury will shortly begin to disburse funds more freely; consequently there is little chance of disturbance in the money market until the crop movement begins. No further untoward developments have taken place abroad, and the quantity of American securities over there has been so greatly diminished that our stocks will be less sensitive to foreign disturbances than formerly. Altogether, the situation is one deserving a fair degree of confidence. The known bad features have been for the present at least probably discounted and the country still continues on its prosperous career. When the big operators again take a hand, refreshed by vacations, we may look for a more active market.

SHE DIDN'T WEAR A MASK. But her beauty was completely hidden by sores, blotches and pimples till she used Bucklen's Arnica Salve. Then they vanished as will all Eruptions, Fever Sores, Boils, Ulcers, Carbuncles and Felons from their use. Infallible for Cuts, Corns, Burns, Scalds and Piles. To eradicate worms from the system give the child plain, nourishing food and WHITE'S CREAM VERMIFUGE. The result will be, the worms will disappear and the child become healthy and cheerful. Price 25 cts. Stafford Drug Co.

DeWitt's Witch Hazel Salve should be promptly applied to cuts, burns and sores. It soothes and quickly heals the injured part. There is no need of counting the cost to get DeWitt's, Stafford Drug Co., H. N. Meloche, Ishpeming.

Mr. John Tippet, Coit, O., says: "Foley's Kidney and Tar cured my little girl of a severe cough and inflamed tonsils." The People's Drug Store.

Imperfect digestion and assimilation produce disordered conditions of the system, which grow and are confirmed by neglect. HERBINE gives tone to the stomach, and causes good digestion. Price 50 cts. Stafford Drug Co.

PAN-AMERICAN EXPOSITION. For the above, the C. M. & St. P. railway is offering special rates by different routes to Buffalo and return. Thirty-day tickets on sale to Sept. 30 and ten-day tickets on sale to Oct. 31. For full particulars, apply to S. H. Vaughan, Commercial Agent, Houghton, (7-3-1f)

COPPER COUNTRY NEWS. (Additional.) FUNDS FOR THE Y. M. C. A. Soliciting Tour Scheduled to Begin Today at Portage Lake.

Today was the day selected by the board of directors of the Hancock Y. M. C. A. on which they would call on the business men of Portage Lake and solicit subscriptions for the liquidation of the debt of the association, which amounts to about \$8,000. Owing to the absence of two of the members of the board, however, not as thorough a canvass will be made today as was originally planned and another date in the near future will be chosen for a more extensive solicitation. At that time each trustee will give up his own business for the day and devote his attention to securing funds for the association. It is hoped by the Y. M. C. A. members and supporters that the effort to wipe out the debt will prove the success anticipated.

"COWBOYS" VISIT HOUGHTON. Two Mysterious Horsemen Arouse Considerable Curiosity. Two horsemen riding into Houghton about noon yesterday, attracted considerable attention. They resembled Western cowboys, being rigged out in the regulation style, even to the sombrero and lasso. Two small, fagged-out appearing bronchos carried the men. Each animal was heavily saddled and a lasso was attached to the front of each saddle. Who the individuals were could not be learned. They rode in from the east.

COPPERDOM BREVITIES. The copper country branch office of The Mining Journal is located in Room 3, second floor of the De Postoffice building, Houghton. All having business with the paper are cordially invited to call. Telephone No. 375.

J. M. Hayden was an Ishpeming visitor to Houghton yesterday. The steam barge Charles Wall is unloading limestone at Van Orden's dock at Houghton. The steamer Japan, bound up, and the steamer India, bound down, are expected at Portage Lake today. Mayor A. J. Scott returned home Sunday from his Milwaukee trip and is again ready to take up village affairs. Rev. Father Geers of Republic has been appointed permanent pastor of St. Joseph's church at Hancock by Bishop Eis.

Thomas Morgan, an inmate of the poor farm, died at that place on Saturday and was buried Sunday. He was sixty-two years of age. F. M. McCartney and wife, F. J. Lovett and wife, Mrs. Handler, Mrs. Larkin, Miss Larkin and Miss Burrand were Cleveland visitors to Houghton yesterday. They registered at the Douglas House.

The steamers New York and Rochester have been secured by the Union Trans. Line. They are of big tonnage and will give additional service to copperdom. The Rochester is due at Portage Lake today and the other will shortly follow on her first trip. Joe Otterson is agent. A game of ball is scheduled to take place at the Hancock Driving Park this afternoon between the Houghton and Lake Linden Business Men's teams. The two aggregations have met on the diamond one before this year, when the Houghton team went down in defeat. Since that time both teams have improved and a good contest is expected. Sheriff Wills took two insane men to Newberry yesterday morning. One of them was Henry Olson, who it will be remembered, was connected in the "Gunt" Lind case which attracted so much attention in the copper country last winter. Lind got hold of Olson's money and humbugged the latter so completely, it was charged, that it affected his mind.

DeWitt's Witch Hazel Salve should be promptly applied to cuts, burns and sores. It soothes and quickly heals the injured part. There is no need of counting the cost to get DeWitt's, Stafford Drug Co., H. N. Meloche, Ishpeming.

Mr. John Tippet, Coit, O., says: "Foley's Kidney and Tar cured my little girl of a severe cough and inflamed tonsils." The People's Drug Store.

Imperfect digestion and assimilation produce disordered conditions of the system, which grow and are confirmed by neglect. HERBINE gives tone to the stomach, and causes good digestion. Price 50 cts. Stafford Drug Co.

PAN-AMERICAN EXPOSITION. For the above, the C. M. & St. P. railway is offering special rates by different routes to Buffalo and return. Thirty-day tickets on sale to Sept. 30 and ten-day tickets on sale to Oct. 31. For full particulars, apply to S. H. Vaughan, Commercial Agent, Houghton, (7-3-1f)

FARMERS CHEER UP

COPIOUS RAINS RESTORE CONFIDENCE IN CORN STATES.

SHOWERS FREQUENT AND HEAVY.

HARDLY A POINT IN THE SOUTHWEST NOT BENEFITED.

At Least Half a Crop Now Predicted for Kansas, With Plenty of Feed for Livestock - Central West Still Sweaters.

Washington, July 29.—Official advice to the weather bureau are confirmative of the press reports of the prevalence of rains over the corn belt since last night, with cooler weather than yesterday.

During the last twenty-four hours rain has fallen very generally over that section with some few exceptions, notably southern Ohio, Kentucky and southwestern Nebraska.

The temperatures in the corn belt are generally above ninety, but in some localities did not get so high today and were not above ninety-five except in some few localities.

Hopes Revive in the Southwest.

Topeka, Kas., July 29.—In place of dry weather, reports of rained crops and hot winds in Kansas now comes the news of copious rain, formidable streams and restoration of confidence.

Kansas City, July 29.—The drought has been effectually broken in Kansas and Missouri by rains that have fallen in heavy and frequent showers since Sunday morning.

Colonel George W. Veale, who has closely watched the conditions in Kansas for a score of years, today said that Kansas would raise nearly half a crop of corn.

Heat Deaths in Cities.

Springfield, Ill., July 29.—Despite today's cooler temperatures—87—there were three deaths directly attributed to the heat.

MONKS TO QUIT FRANCE.

Benedictines Decide to Remove to Elba Because of New Law.

Rome, July 29.—The Benedictine monks of France, on account of the new associations law, have arranged to establish their monastery in the Island of Elba.

St. Benedict, the founder of the Benedictine order, was born in Italy about 480 A. D. His regulations for the monks of his order were adopted throughout Gaul in France.

SYRUP OF FIGS. NEVER IMITATED IN QUALITY. An Excellent Combination. The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO.

NEW RAILROAD FOR KOREA. Will Be 300 Miles Long and Offers Good Market for Americans.

Washington, July 29.—Horace N. Allen, consul general at Seoul, Korea, reports that the Seoul-Fusan railway, which is now being surveyed, is to be built by a Japanese syndicate upon a guarantee by the Japanese government of six per cent. interest on the bonds for fifteen years.

DEBS MEN BOLT.

Joint Convention of Socialists, Heron Presiding, a Turbulent Affair.

SHOWERS FREQUENT AND HEAVY.

HARDLY A POINT IN THE SOUTHWEST NOT BENEFITED.

Marie, July 29.—(Special) —Up—Sam Mitchell, Chickamauga, 9; Marshall, midnight; Harlem, 12:30; Miami, Mosher, Roberts, 1:40; Senator, 2; Northern Queen, 7; Burnham, 8:40; Linn, Whitworth, 9; Bulgaria, Algeria, noon; Ghentury, Minnesota, 2:30; Azad, Carnegie, 9; Crescent City and whaleback, 5; Wolvin, 5:20; Bielman, Mohegan, Mingo, Minch, Nicholas, Ranney, 6; Rhoda, Emily, Hattie, Gebhart, Japan, 8:40; Lake Michigan, Cumberland, 7; Hanna, Santa Maria, Wayne, Marvin, Grantwick, Ososa, Corning, Filer, 8.

CITY BREVITIES.

Weather forecast: Clearing weather; increasing northwest winds. Yesterday's temperature: 7 a. m., 62 degrees; noon, 66 degrees; 7 p. m., 66 degrees; maximum, 72 degrees; minimum, 59 degrees.

Rudolph Olson of Negaunee was here yesterday.

W. T. Potter was down from Ishpeming yesterday.

T. A. Thoren was a Negaunee visitor here yesterday.

Leonard Johnson was an Ishpeming visitor here yesterday.

The life saving crew will give an exhibition drill this morning at 9 o'clock.

Mr. and Mrs. L. G. Kaufman left for Geneva Lake, Wis., last evening on a short outing.

Mr. and Mrs. Frank B. Ross went down to Chicago last evening for a couple of days' stay.

Miss Sarah Pendill left for Chicago last evening after spending a month's vacation with her parents here.

Professor Hogue holds his dancing classes today. There will be the usual hop following the dance this evening.

Miss Jessie Van Cleve, formerly a resident of Marquette, arrived here last evening on a couple of weeks' visit with relatives and friends.

Mrs. Ella Ellstrom and family left last night for Thier River Falls, Minn., where a month will be spent visiting Mrs. Ellstrom's parents.

Mrs. E. M. Watson, Mrs. Everett, Miss Emily Watson and others are making the lake trip on the Angeline, having sailed the latter part of last week.

W. J. Light of Calumet was here last evening. He arrived in port on his yacht Nipigon from the Soo, where he has spent the past couple of weeks.

County Clerk Ross has issued marriage licenses to August Johnson and Hilma Peterson of Ishpeming and Richard H. Chaney and Esther A. Roberts of the National location.

The funeral of Frank Numa, who was killed at Superior Saturday, was held yesterday. He was a member of the B. R. T. and the I. O. F. and these orders were represented at the services.

George Tucker and daughter, Miss Winnie Tucker, left last evening on the steamer Siemens for a week's trip on the lower lakes. They will visit the Pan-American before returning to Marquette.

B. Neidhart and Miss Carrie Neidhart arrived home from a couple of months' trip abroad last Sunday evening. They visited in Germany, Italy, France, Switzerland and made a tour of the Mediterranean.

Scott Rowland brought a fellow down from Republic yesterday to serve a twenty day sentence in the county jail. He was arrested for being drunk and disorderly. Marshal Gribble brought a ten day jag down from Negaunee.

The remains of William H. Ward have been brought to Marquette for burial. Ward was killed, accidentally, at a saw mill at Wolverine, Mich., near Mackinac. He was struck with a piece of gas pipe. The deceased is survived by a father, three sisters and two brothers. The funeral will be held this afternoon from the residence of an uncle, John Ward, 216 West Bluff street.

The decisions of the land office have been confirmed by the commissioner in the cases of Haven G. Stewart vs. James P. MacDonald, 160 acres in Iron county affected; Martin Block vs. George Gandy, eighty acres in Marquette county affected; and Dan McMillan vs. David Young, eighty acres in Marquette county affected. In each instance the decision favors the first named party.

Local justices administered punishment to a considerable number of jags yesterday morning. They were the products of the Saturday and Sunday haul.

One fellow, who paid a \$0 fine and cost had a long tail of woe to tell about the loss of a \$16 suit of clothes he had purchased just previous to proceeding to tank up. He received lots of sympathy, but, at last reports, had not located his wardrobe.

The annual convention of the Episcopal diocese of Marquette will be held here September 4 and 5. The convention this year will be of unusual importance as it precedes and elects delegates to the general convention of the Anglican Catholic church in the United States, which will be held in San Francisco in October. A meeting of the diocesan branch of the Woman's auxiliary will be held in connection with the convention.

The Marquette Juniors report that the game of baseball played at Munising Sunday was one of the best and most closely fought contests that they have ever engaged in. They won out by a score of eight to seven, but it was either team's victory until the last man was retired. The Juniors have been strengthened by a couple of new players and they are now putting up a fine article of ball. They will be seen on the home grounds during the next couple of weeks.

They tell a story of a summer visitor who arrived here the middle of last week and spent three days at the Hotel Superior before he caught a glimpse of the bay. Before the mists had cleared away he had taken a walk down to the docks for the purpose of ascertaining if there was really water there. Notwithstanding the fog, he was well pleased with what he saw. He was searching for relief from the heat. He certainly got it last week. Yesterday convinced him that there is occasionally fine weather in this section and he is now to remain here for an indefinite stay.

CHEAPER 'PHONES WANTED.

Chicago Business Men to Appeal to Courts for Lower Rates.

Chicago, July 29.—If the Chicago Telephone company fails to heed the opinion of Corporation Counsel Walker, that it cannot charge \$175 a year for its "improved service," several business men threaten to at once begin mandamus proceedings to compel the company to adjust its rates to the maximum figures specified in its franchise ordinance—\$125 a year for business, and \$100 for residence telephones. The company as yet has taken no steps to alter its rates, and President Sabin has intimated that no such action will be taken until the courts so command. Counsel has already been instructed to act for the protesting merchants.

INCOME OF CARDINALS CUT.

Pope Making Sweeping Reforms in the Vatican Administration.

New York, July 29.—A copyrighted cablegram to The Herald says that while the members of the college of cardinals are planning for the next conclave, as if Pope Leo were already moribund, that amazingly energetic ecclesiastic goes about his business like a man expecting to sit in the chair of St. Peter for another ten years. His spirit is magnificent. There is no lessening of his imperious will and his persistent optimism never fails him for an hour. He seems determined to end his pontificate, as he began it, by substantial reforms in the administration of the Vatican.

Warmly backed up by Cardinal Rampolla and Cardinal Macconi, Leo has begun a radical reorganization of the clerical bureaucracy. Already many Vatican privileges, or what the pope calls abuses, have been swept away. He has considerably reduced the number of employees. His principal reform, however, is the concentration in the hands of Cardinals Rampolla, Macconi, and Aloisi-Massella of the entire ministry of ecclesiastical taxation, which hitherto has been divided among many officials. It is estimated that this will save the church about 500,000 lire yearly.

Nor will the reforming pontiff stop there. The three cardinals whom he has chosen for this delicate service have announced their intention to inquire into the emoluments of the members of the sacred college and of other high ecclesiastics. According to the clerical press, several Roman cardinals, in addition to their annual stipend of 20,000 lire, receive 200,000 lire in perquisites. It is even asserted that several nonignores receive more than 500,000 lire.

In the opinion of Leo, these sums, or a large fraction of them, could be far better employed by the church herself, especially as some of the cardinals are not exactly anchorites, and what is more important, the needs of the holy see are increasing and Leo's penicence have fallen off late. The programme in this respect has caused the greatest consternation among the cardinals, who ask what next?

As Rampolla is the leading candidate for the papal tiara, his participation in this reform has caused some surprise because it is bound to stir up opposition to him in the sacred college. His friends reply that he has really more to gain than to lose, as the cardinals whose swollen revenues will be depleted have all along been his enemies. Moreover, the secretary of the sacred college that has thus far maintained neutrality on the subject of his pontifical application, because it is bound to stir up opposition to him in the sacred college. His friends reply that he has really more to gain than to lose, as the cardinals whose swollen revenues will be depleted have all along been his enemies. Moreover, the secretary of the sacred college that has thus far maintained neutrality on the subject of his pontifical application, because it is bound to stir up opposition to him in the sacred college.

Placed on earth to please the people. Good for brain-workers. Brings double-distilled pleasures to all who use Rocky Mountain Tea made by Madison Medicine Co. 35c. Stafford Drug Co.

WHITES CREAM VERMIFUGE not only effectually expels worms, but is un-ual as a tonic, and is a certain and permanent cure for Chills and Fever in children. Price 25 cts. Stafford Drug Co.

Kokomo, Ind., Aug. 10, 1899. Pepsin Syrup Co.

Dear Sirs:—For the past 10 years I was troubled with my stomach. About 4 years ago was taken down with rheumatism; was not able to do a day's work for 3 years. All medicine seemed of no benefit to me. A year ago I was advised to take Dr. Caldwell's Syrup Pepsin. I truly believe I would have died but for this medicine. My rheumatism is entirely gone and my stomach is in good condition. It has saved my life and I cannot recommend it too highly.

Yours respectfully, ELWOOD McCracken. Sold by the Stafford Drug Co.

"BEST LIKED WHEN BEST KNOWN." The D. & C., the Coast Line to Mackinac.

Spent your outing on the Great Lakes, visiting Picturesque Mackinac, the hub of the inland seas, where cool breezes blow and black bass bite. Send 2 cents for illustrated pamphlet. Address A. A. Schantz, G. P. A., Detroit, Mich.

We have a good sale on Dr. Caldwell's Syrup Pepsin because we guarantee it and refund your money if it does not do just as we represent it. Call for a booklet that tells you all about it, at the Stafford Drug Co.

SPEND SUNDAY IN MUNISING. Low Excursion Fare—Commencing Sunday, May 28, and continuing every Sunday thereafter until further notice, the D. S. S. & A. railway will sell excursion tickets to Munising and return at the very low rate of \$1.10. Tickets will be on sale for the early morning train of Sundays and will be good for return passage on the very low rate of same day. For further particulars apply to depot ticket agent or to Geo. W. Hubbard, G. P. A.

KEEL OF NEW CRUISER LAID.

Work of Building the Big Pennsylvania Starts at Cramp's Yard.

Philadelphia, July 29.—The keel of the largest and most complete independent armored cruiser Pennsylvania has been laid at the yard of the Cramp Ship & Engine Building company. When the Pennsylvania is completed the New York and Brooklyn, the only armored cruisers now in the United States navy, will be small in comparison with the new warship. She will have a speed second only to the Variag (Russia), the fastest armored cruiser afloat. A sister ship to the Pennsylvania, the Colorado, will be built later by the Cramps. Their general dimensions will be: Length water-line 502 feet; extreme beam 67 feet 6 inches; mean draft 24 feet 6 inches; displacement 13,680 tons.

MORE STEEL COMPETITION.

Several Big Companies Join the List of Independent Concerns.

Pittsburg, July 29.—The Pittsburg Wire & Steel company, a new concern, will make application to Governor Stone on Aug. 14 for a charter of incorporation. It is to have a capital stock of \$2,000,000.

The new company plans to erect one of the largest and most complete independent plants in the world on the line of the Pittsburg & Lake Erie railroad, a few miles south of this city. The incorporators are O. Dempser, Thomas Walker, Lieutenant Thomas W. Fitch, John W. Garland and Robert Garland, all thoroughly experienced in the steel business.

Mr. Fitch, who is to be superintendent of the new works, said: "We are not going into this thing with the purpose of challenging the combination. It is simply that we realize the wire industry furnishes a field which we can enter and make money."

Other New Corporations.

New York, July 29.—The largest independent steel concern to be formed is the Commonwealth Steel company, with a capital of \$1,000,000. The incorporators are K. K. McLaren, C. W. Perkins and Louise B. Bailey. So far this month more than half a dozen iron and steel companies have taken out papers of incorporation in New Jersey. Among them are the following: Allen Steel company, capital 1,000,000; Riverside Iron Works, capital \$25,000; United Scrap Iron & Metal company, capital \$25,000; Carmanhan Tin and Sheet company, capital \$1,000,000; and Gopeller Iron Works, capital \$100,000.

Officials of the United States Steel corporation do not appear disturbed by new competition in the shape of small independent iron and steel plants. They have held to the belief right along that the consolidation of the iron and steel industry would encourage the formation of small concerns. It will be a year or two at least before the steel combine begins to feel the effects of this new competition.

A BIT OF HISTORY.

Applied to Present Conditions Interesting to Marquette Readers.

It's a singular thing how trifling an incident will often change the world's history. If the country gentleman living in Cheshire, England, had not by accident been thrown from his coach in to the lap of a young lady the pair might never have married, or migrated to the American colonies, and thus the world would never have known of George Washington as the father of our country. So, it is in the daily life of everyone "little things" occur which affect the future. Mr. John Smith of 116 Evedal Court, Menominee, a stationary engineer, knows well how fortune smiles at times on the afflicted in showing how relief is near at hand. His experience and advice is given in the following words:

"I had symptoms of kidney complaint for a long time and I felt that I ought to do something to better my condition. It was not serious yet it annoyed me greatly especially when I caught cold, or it was hard for me to get down to sit in a chair and equally hard to rise. My back was weak and soon tired out and ached if I stood long or did much walking. When I saw Doan's Kidney Pills advertised to cure cases as mine I got a box at a drug store and the remedy did just what was claimed for it. In a short time all symptoms of kidney ailment were removed. Should it ever return I will look to Doan's Kidney Pills for relief. I can confidently recommend them to anyone."

Just such emphatic endorsement can be had right here in Marquette. Drop into the Stafford Drug Co. and ask them what their customers report.

For sale by all dealers, price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name, Doan's, and take no substitute.

WEBSTER'S INTERNATIONAL DICTIONARY.

HOW MUCH DOES IT COST? That depends largely upon the binding. The style we are making a specialty of is the FULL RUSSIA. This is NOT the most expensive, but it certainly is the BEST. The price is \$15.75 Cash, or \$16.00 when paid as follows: \$1.00 on delivery of book and thereafter three payments of \$5.00 each, to be made in October, January and April.

WEBSTER'S INTERNATIONAL Is issued every ten years. When the next issue comes out you, who buy this year, can throw your book away and it will have cost but \$1.60 per year for the use of the best Dictionary in the world. It is worth many times this amount to any office or home—especially a home where there are children old enough to attend school. WEBSTER'S is the basis for an issue of over twenty-five million school books every year. It is used and endorsed by the Supreme Court of Washington; by the Supreme Court of every state; by the Superintendent of Instruction in every state; in every public school, and is beyond all question the best Dictionary of the English language. Come in and examine it.

ARRESTED A SUSPECT.

Police Capture a Man Sunday Night Whom They Think Shot Lucas.

A stranger was arrested Sunday night about 12 o'clock, charged with being the man who attempted to rob William Lucas last Thursday evening, shooting him when he refused to hand over his cash. Lucas is positive that the authorities have arrested the right man and identifies him as the person who entered his saloon and demanded money. The man held answers closely the description given by Lucas shortly after the attempted hold-up. He is attired in a gray suit, wears the brown fedora and is about five feet six inches in height. He was arrested on First street by Officer Trowarow shortly after being ejected from a restaurant, because he had no money to pay for his lunch.

The man claims to be a cigar maker by trade and has credentials from a union. He says he had just arrived from Chicago, where he went to secure employment. Before going to that city he lived in one of the upper peninsula towns and is well known in the place where he resided. The man claims to have been in Milwaukee Thursday night, and has furnished the prosecuting attorney with the names of several people to whom he spoke while attending the carnival there. Mr. Bell has placed himself in communication with these and in this way intends to ascertain how much truth there is in the statements made by the suspect.

If it is found that he has told the truth, he will be released at once, otherwise he will be held for trial. Until further evidence is secured the prosecuting attorney will withhold his name, and it is in compliance with Mr. Bell's request that it is not given at this time.

In an interview with a Mining Journal reporter yesterday the man said: "I am innocent of the crime with which I am charged. When it was committed I was in Milwaukee attending the carnival. Last Thursday I borrowed money from the general secretary of the cigar makers' union in that city, a record of which will be found in my credentials book, now held by the prosecuting attorney. From Milwaukee I went to Chicago in search of employment, and not finding work there resolved to return to the upper peninsula. I spent yesterday in Escanaba, coming to this city last night on the excursion train. I hope that the investigation the authorities are now making will satisfy them that they have the wrong man. I do not like this confinement, and as I have committed no crime I am anxious to get out."

The police authorities are making it as comfortable as possible for the suspected man. Several members of the Ishpeming cigar makers' union looked on him yesterday, many of whom recognized him as a man well known in the upper peninsula. He attended the firemen's tournament here about six years ago.

CONCERT TONIGHT.

The choir of the Bethany Swedish Lutheran church will give a jubilee concert tonight, the occasion being the completion of the repairs to the church and parsonage, which have been in progress for the past two months or more. The affair will be one of the notable musical events of the summer, the best local talent participating. Two addresses will be delivered, one in English and the other in the Swedish language. The following is the program:

- Orchestra.

LOST IN THE WOODS.

Mrs. James Reagan Has Harrowing Experience While Berry Picking.

Lost in a desolate forest, thirty hours without food or drink, wet to the skin from the constant downpour of rain, which fell in this section Saturday night and Sunday morning, was an experience undergone by Mrs. James Reagan, a woman over sixty years of age, Saturday afternoon, the succeeding night and part of Sunday. She was found late Sunday afternoon in the vicinity of Forty Acre Falls by a searching party that had scoured the woods for several hours before discovering any trace of her. When found Mrs. Reagan was completely exhausted from hunger and exposure. She had given up the attempt of trying to get home and was sitting on a log half distracted.

Early Saturday morning Mrs. Reagan announced to the members of her family that she was going to spend the day berry picking north of the city. She made preparations for the trip, taking with her a light lunch. It was her intention to return by noon, but she informed her family that if the berries were plentiful she would remain longer. When the old lady did not return at noon the family was not alarmed, supposing that she had found the berries abundant and was intent on gathering all she could, but when night came and she had not put in an appearance they became anxious about her safety and at once made inquiries among the neighbors. The search was kept up during the night and all Sunday. Late that afternoon the party came onto her trail and a few hours later located her as above stated. Food and stimulants were quickly administered and the woman was soon revived sufficiently to stand the trip home.

Mrs. Reagan spent several hours in a grove Saturday morning. When the heavy rain commenced to fall she started for home but in some manner lost her way. She had not traveled more than a few miles when she realized that she was lost. Then the woman became confused. First she walked in one direction and then in another. Not knowing whether she was right or wrong, she wandered on through the day. Night came and found her miles away from home without food or shelter. The rain was falling in torrents, but the woman continued her hopeless wandering. All through the night and until Sunday noon she walked without a letup, calling at intervals for help. At noon or thereabouts, too tired to move one more step, she sat down to await her fate. It was not until evening the searching party arrived and found her in a stupor, entirely worn out after her terrible adventure.

Mrs. Reagan is the wife of James Reagan, a miner, who lives at 100 New York street.

THE CORNISH WRESTLING.

Two Prizes Go to Calumet and Two to Ishpeming.

The seats erected in the lots opposite the Nelson House did not afford sufficient space to accommodate all who congregated there yesterday to witness the exciting fight in the Cornish wrestling. Besides completely jamming the seats, the spectators took up considerable of the space allotted the contestants.

The wrestling was resumed at 9 o'clock in the morning and continued without interruption until 1 o'clock, when a rest of an hour was taken. By that time the list of contestants had been reduced to five, these being Bert Williams and William Martin of Calumet; Ed Johns, Charles Covic and William Gill of Ishpeming.

Williams and Covic had a hard tussel in the morning but the Ishpeming man was finally put down by the copper country giant. Covic was then matched against Gill. The latter is a school boy. He was a member of the Ishpeming High school football team last fall. This was his first essay in the arena as a wrestler, but he put up a contest that astonished everyone. He and Covic tugged, for nearly two hours, having several hitches before dinner and again early in the afternoon. Gill finally downed Covic thus putting himself in line for one of the four prizes.

Perhaps the best and most scientific wrestling of the day was done by Martin and Johns. They had fourteen hitches before dinner and several in the afternoon. Gill finally downed Covic thus putting himself in line for one of the four prizes.

Williams and Covic had a hard tussel in the morning but the Ishpeming man was finally put down by the copper country giant. Covic was then matched against Gill. The latter is a school boy. He was a member of the Ishpeming High school football team last fall. This was his first essay in the arena as a wrestler, but he put up a contest that astonished everyone. He and Covic tugged, for nearly two hours, having several hitches before dinner and again early in the afternoon. Gill finally downed Covic thus putting himself in line for one of the four prizes.

In the morning contests there was considerable "back giving" and some "flagging." Dooley gave Martin his back; Atwell, 115-pound Ishpeming man gave the copper country giant his back. The judges regretted that they were obliged to match the heaviest and lightest men, but the falls unfortunately came out so that it could be arranged in no other way. William Kelly, the lightweight from Champion, was thrown by Atwell. In a second time against Williams, Bog Gilbert, who gave him such a hard tussel Saturday, went down "easy." The second hitch saw him on his back. Champion, a very clever wrestler, hurt his knee, and gave Johns his back. Joe Thomas also got hurt and gave way to Johns after the third hitch.

All things considered, the wrestling

was very satisfactory. The fine work put up by the better light and middle-weights more than gave the spectators value for the money paid at the gate. Williams got easy money, as usual, because of his weight and slowness in going after his opponents. He is a good waiter and invariably a winner on that account. He is too powerful to be moved by any of the heavyweight wrestlers of the upper peninsula who have gone against him.

MORE POLICEMEN NEEDED.

Aldermen Believe the Present Force Inadequate.

It is probable that several additional police officers will be added to the present force. The general opinion is that the city is not adequately policed. Ishpeming is stretched out over so much territory that the whole city cannot be thoroughly covered by the number of men now doing police duty. Not only are the citizens in favor of increasing the force, but some of the aldermen are already advocating its enlargement.

The recurring commission of grave crimes lately and the frequency of petty offenses has set the city fathers to thinking. An alderman, speaking to a Mining Journal reporter yesterday, said: "I do not know why it is that so many crimes have been committed in this city within the past few weeks. And another thing that puzzles me is why the culprits almost invariably escape. I am well satisfied that our marshal and his assistants are doing their utmost, and that they perform their duties as well as possible, but something is wrong and I am anxious to find out what it is. Our police force is not as large as that of other cities of equal size in the upper peninsula, and the fault may lie in its numerical weakness. If this is the case, I am in favor of increasing it at once, for the people of this city are paying for police protection and should have it."

It is probable that this question will be brought up at the next regular meeting of the common council.

ISHPEMING IN BRIEF.

W. A. Mitchell and son of Iron Mountain were Ishpeming visitors yesterday.

G. R. Jackson left last evening for a vacation trip to his home in Scranton, Pa.

Prosecuting Attorney F. A. Bell was in the city yesterday attending to legal business.

Miss Mammie Anderson of Chicago is visiting at the home of John Anderson, North Pine street.

The funeral of Stephen Lessor was held yesterday morning at 9 o'clock from St. Joseph's church.

Mrs. Pratt returned to her home in Kansas City yesterday, after a short visit at the homes of G. G. Johnson and Dr. N. D. Keen.

Manville Jenks will leave today for Marquette, where he will resume his labors as a member of the board of state tax commissioners.

The hay sheds which went down with the storm a week ago last Saturday at George Voecker's farm in the Carp river valley have been rebuilt.

W. C. Mitchell, who has been ill with typhoid fever for the past six or eight weeks, has returned to his work in the Ishpeming hospital pharmacy.

Miss Jean Johnson, who has been visiting for the past two months at the homes of G. G. and W. H. Johnston, returned to Appleton yesterday.

Miss Mary Donahoe and her brother, Edward McHale, returned yesterday from their Milwaukee trip. They have been absent from the city for a week or more.

A number of young people of this city will give a dancing party at the pavilion at Cleveland Park this evening. It will be an invitation affair. Trombly's orchestra will furnish the music.

The barber shops were closed yesterday afternoon, in order to give the men a chance to attend the wrestling matches and the drilling contest. A number of the mines also suspended operations for the day.

Oliver Vadnaiz, aged twelve years, died yesterday at the home of his parents on South Second street, after an illness of three days. The funeral will be held Wednesday morning at 9 o'clock from St. Joseph's church, Father Paulin officiating.

The Rev. Atwell has received the plans for the new Episcopal church, which is soon to be erected. The plans may be examined at the parsonage and bids offered. It is Mr. Atwell's intention to get the work on the building started as soon as possible.

Superintendent R. D. Ewing of the Escanaba schools spent Saturday with friends in Ishpeming. He came down on the excursion to Calumet, where he is visiting, and returned to copperopolis Monday. Mr. Ewing has contracted with the Escanaba school board for next year.

F. L. Trombly left Sunday evening for a point some miles below Marquette, where he will have charge of a crew for Gil Hodgkins on the new railroad being extended to the Queen City. About fifteen men went from here with him, though more than that number will be employed by the local contractor.

The Young Men's club of the Winthrop will give a social and dance at the National grove this evening. The National Cornet band will furnish music for the social and the Ishpeming City Band orchestra will play for the dancing. Refreshments of various kinds will be served. Young people from town are especially invited to attend.

The miners' drilling contest yesterday was won by a trio composed of Thomas Bosanky, James Beer and William Heard. They drilled nine and three eighths inch, upper hole. Second prize was won by Richard White James Kitt and William Williams, with a record of eight and three fourths inches. The lower hole work was given up on account of the breaking of the stone.

HAY CROP DAMAGED.

Loss Caused by the Recent Rains Will be Considerable.

The rain storms of the past four days have done damage to the hay crop. It is estimated that fully three hundred tons were lying on the ground, when the storm set in last week. While this is not utterly ruined, yet it is damaged considerably. At the Low Moor farm, owned by Anthony and Taylor of this city, over fifty tons were soaked and almost entirely spoiled by the continuous rainfall.

Not only has the crop been damaged, but the farmers in this vicinity have had gangs of laborers at their places for the past week who were unable to perform any kind of work because of the bad weather. Mr. Anthony has had ten men idle all week. The farmers cannot discharge their help at this time in the year, for should they let the men go when work is slack they would be unable to secure labor when the harvesting time set in. Then most of the farm hands in this section work on the contract plan, that is, they hire out at the opening of the season to work during the summer for so much a month. It is the understanding that if they are good men they are not to be discharged until the fall rush is over.

Although the hay that was cut but not housed was damaged by the recent storm most of the crop is of excellent quality, having been harvested before the wet weather set in. Fully 2,000 tons have been weighed on the city scales. During the hot spell of weather preceding the rain the recorder was kept busy weighing the hay. Houle's scale has also done a large business, but the city scales received the bulk of the patronage. The rains last week did inestimable benefit to the potato and oats crops and the farmers are looking forward to a heavy yield.

HOTEL TO BE OPENED.

The Upper Peninsula Brewing company will within a short time reopen its old hotel on Jackson street. This hotel has not been occupied for the past two years, and during that interval the building has fallen into a rather dilapidated condition. Thomas Long, Negaunee agent for the Marquette company, has had contractors figuring on the cost of thoroughly repairing it. If the company decides to put it in condition for use, carpenters will be put to work at once and the house will be made ready for occupancy by the middle of September. The hotel contains about fourteen rooms. It was formerly run as a boarding house.

WHITE MAN TURNED YELLOW.

Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, all so his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50c. Sold by the Stafford Drug Co., druggists.

NOTICE OF SALE.

Notice is hereby given that, by virtue of the ordinances of the city of Negaunee, I have taken up one bay horse about four years old; small white star in forehead, weight about 1000 pounds (found running on the street of said city on July 15, 1901) which I shall sell at public auction to the highest bidder on Thursday, Aug. 1, 1901, at 9 o'clock in the forenoon at Hackenjos' livery barn on Iron street, said city. Dated July 25, 1901. THOMAS GRIBBLE, Pound Master, City of Negaunee. (7-29-34)

Is your liver tired? Does it fail to do its duty? If so, don't neglect its call for help. A few doses of HERBINE may save you a spell of sickness. HERBINE is the only perfect liver medicine. It cures Chills and Fever. Price 50 cts. Stafford Drug Co.

Jas. G. Ambertof, Della, O., writes: "I had an obstinate sore on my face which everything else failed to heal. After one application of Banner Salve it began to heal and after three applications it was entirely healed leaving no scar." The People's Drug Store.

A boon to travelers. Dr. Fowler's Extract of Wild Strawberry. Cures dysentery, diarrhoea, seasickness, nausea. Pleasant to take. Perfectly harmless.

LOCAL LAONICS.

Joseph Richards of Michigan was a visitor here Sunday.

Samuel Jordan of Calumet was a Negaunee visitor Sunday.

Robert W. Jackson spent Sunday in Marquette visiting friends.

Several people from this city attended the races at Marquette yesterday afternoon.

Mrs. William Smith of Ironwood is here, visiting at the home of Mrs. Mary Arland.

Miss Jennie and May Neely, who were visiting friends in Chicago, have returned.

W. C. Sterling of Marquette and William H. Burnett of the Soo spent Sunday in this city.

Samuel J. Evans, of Iron Mountain, formerly a resident of this city, is here visiting friends and relatives.

William Farm of Bessemer was in the city Saturday and Sunday visiting friends. He returned to his home Sunday evening.

Stephen Davey was up from Swanzy Sunday visiting his family, who reside here. He returned to his work at the Swanzy mine yesterday.

J. H. Sawbridge, who was camping with his family at the east branch of the Escanaba river, returned Saturday night. He will go out to camp again this week.

Henry Anderson, the blacksmith and wagon maker, has built a rubber-tire turnout, which he claims is the first of its kind to be manufactured in the upper peninsula.

John T. Miners of Norway, who was visiting William Phillips during the reunion of the Sons of St. George at Ishpeming, has returned to his home. Mr. Miners was a delegate to the meeting of the grand lodge.

GOOD ADVICE.

The most miserable beings in the world are those suffering from Dyspepsia and Liver Complaint. More than seventy-five per cent of the people in the United States are afflicted with these two diseases and their effects: such as Sour Stomach, Sick Headache, Habitual Constipation, Palpitation of the Heart, Burnt, Waterbrash, Grawing and Burning Pains at the Pit of the Stomach, Yellow Skin, Coated Tongue and Disagreeable Taste in the Mouth, Coming up of Food after Eating, Low Spirits, etc. Go to your Druggist and get a bottle of AUGUST FLOWER for 75 cents. Two doses will relieve you. The Green's Prize Almanac. The Stafford Drug Co.

Dr. Geo. Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure. "For many years I have been greatly bothered with kidney trouble and enlarged prostate gland. I used everything known to the profession without relief, until I was induced to use Foley's Kidney Cure. After using three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles, for I can honestly state I have prescribed it in hundreds of cases with perfect success." The People's Drug Store.

\$50 FOR A BOTTLE OF MEDICINE. This is to certify that my wife was for years afflicted with asthma and was so far gone that several physicians decided that her case must terminate in consumption. She was induced to try a bottle of Dr. Williams' White Wine Raspberry Syrup. To our great satisfaction it gave almost immediate relief, and two bottles completely cured her. She is now well and healthy, but I would not be without the medicine if it cost fifty dollars a bottle.

Wm. H. Farris, Chn. Bd. Tr. of Wilton Monroe Co., Wis. The Stafford Drug Co.

MOTHER GRAY'S SWEET POWDERS for Children. Mother Gray, for years a nurse in the Children's Home in New York, treated children successfully with a remedy now prepared and placed in the drug stores, called Mother Gray's Sweet Powders for Children. They are harmless as milk, pleasant to take and never fail. A certain cure for feverishness, constipation, headache, teething and stomach disorders and remove worms. At all druggists, 25c. Sample sent FREE. Address Allen S. Olmsted, Le Roy, N. Y.

THE GREATEST PURIFIER. DeBell's Kidney Pills cure all diseases of the kidneys. That is why DeBell's Kidney Pills cure Bright's disease, Diabetes, Rheumatism, Neuralgia, Heart disease, Female troubles and Urinary and Bladder complaints. These diseases are the results of unhealthy or disordered kidneys. DeBell's Kidney Pills cure them invariably and finally. They have never failed yet. No Cure, No Pay. Price 25 cents per box. For sale by the Stafford Drug Co.

Upper Peninsula.

The steamer C. W. Moore of the Hart line, which has been running into Menominee since 1883, has been sold to Chicago parties and she will be used in the fruit trade between Chicago and Michigan points. The Moore made her last trip out of Menominee last week.

Thursday of this week the electors of Alger county will decide the question of bonding the county in the sum of \$35,000 for the purpose of erecting new county buildings at Munising. Both the Munising papers, and public opinion generally, are in favor of the proposition and there seems to be no doubt that it will carry.

Henry M. Sword of Valparaiso, Ind., who Menominee papers recently attributed with an intention of swooping down on a man Knapp, a resident of Menominee county, with the purpose of killing him because of a long standing dispute over illegal cutting of timber, has furnished the Menominee Leader with affidavits attesting his good character and he absolutely denies all the yarns concerning him which have attained currency during the past few weeks.

The formal opening of the Riverside Golf club at Menominee was held Saturday, when there was a banquet and tournament between Menominee and Marinette players. Each member of the club entertained guests and there was a jolly assemblage at the clubhouse. Dana's band gave a concert from 4:30 to 9 p. m. The grounds were illuminated. Most of the visitors enjoyed picnic lunches. The Riverside club promises to become very popular with the people of the Twin cities.

The dead body of Frank Barth, an aged resident of Ford River, was found in the river at that place early Friday morning. He had fallen into the river some time during the night and was drowned, being weak and unable to help himself. The old man, who has been seventy-eight years of age, has been suffering from temporary mental aberrations lately and it is surmised that he wandered away from the house in one of these conditions, blundering into the stream in the darkness.

Engineer Harry Jackson, of the St. Paul road, tells of an accident which he experienced the other day which he says hurt him more than anything he has been through in some time. He was coming down a rather steep grade near Iron Mountain recently and, rounding a turn, he saw directly on the track in front of his engine two little spotted fawns. They started ahead of the engine as tight as they could go, but soon came to a culvert where they stopped and hesitated a moment before leaving the track and in that instant the engine struck them, killing both. One was run over and the other thrown many feet in the air.

There is a possibility that Escanaba will soon have a new city building which will contain a council chamber, offices for the various officials and quarters for the fire department. The project is up to the voters. At a special meeting of the council, held last week, it was proposed to submit a proposition calling for the raising of \$25,000 by bonding to be expended for the purpose indicated above. The voters will have an opportunity to go on record on the question at a special election to be held on the 12th of August. The majority of the aldermen are in favor of the erection of the new building and it is expected that sentiment among the voters will also incline toward the project.

County Clerk Browning at Iron Mountain, Friday, received Judge J. W. Stone's decision in the case of M. C. Gleason vs. E. L. Hammond, mayor of Iron Mountain. It will be recalled that Gleason was a member of the old police force suspended by Hammond and that Hammond refused to sign his pay warrants. The judge's decision is a complete victory for Gleason and a bad turnaround for Hammond. It is his honor's opinion that the mayor would sign the warrants. The text of his decision is long and is a thorough exposition of the case at issue. The opinion simplifies a row which has attracted much popular attention at Iron Mountain during the past several weeks and it should have an influence in hastening a final peace.

Henry Carlson, a Scandinavian miner employed at the Cundy mine, at Quinnes, was instantly killed Friday morning about 7:30 o'clock. Carlson was on the skip coming up from the fourth level of the Foote shaft and it was run up to the sheaves. His neck struck the wheel and the spinal cord was severed, instant death resulting. The engineer was not in any way to blame for the accident as his indicator showed that the skip was not up to the surface. The reason for this is that the sprocket wheel, which guided the indicator, was a little worn and it slipped, causing the indicator to run slower than it should. A requisition for a new indicator was sent to the head office nearly a week ago, but it has not arrived yet.

The Soo police intend making it warm hereafter for devotees of the green cloth, and Friday an ultimatum was issued closing the gambling places in that city. There are a number of resorts in the Soo that run cheap "brace" games, and frequent reports of robberies of unsuspecting victims have been reported from the same. The hangers-on and backers of the games have been given orders to leave and the city is slowly but surely becoming cleared of the human ranspies. Thursday night the police gathered in a number of slot machines from the various saloons in the city. Those whose machines were taken were: Milwaukee House, Franklin House, Morrissey Bros., White Seal, Jacob Ryberg, John Tripp and Mattson & Hill.

Sleeplessness. You can't sleep in the slightest night, if your digestion is bad. Take Hood's Sarsaparilla—it strengthens the stomach and establishes that condition in which sleep regularly comes and is sweet and refreshing. "I am indebted to One Minute Cough Cure for my present good health and my life. I was treated in vain by doctors for lung trouble following a gripper. I took One Minute Cough Cure and recovered my health." Mr. E. H. Wise, Madison, Ga. Stafford Drug Co.; H. N. Meloche, Ishpeming.

FIGUREHEADS RARELY SEEN NOW.

Yet Once They Gave Character to a Vessel, Says a Marine Skipper.

"Figureheads? No, they don't put any money into such figureheads now," said the captain of the Boxer. "If they did, I suppose this one ought to have a picture of Sharkey, or of the boys of them Chippens on her, but she ain't got nothin' and never had."

"Figureheads has their uses, though, and it's me that knows it. You take and put a carvin' onto a vessel and it kind of gives her a reputation that, more or less, she allers lives up to. There was the old Arret that I used to go in. Well, she had an arret, a big yellow one, p'inted straight out under her bowsprit. That vessel allers went straight to the pint and minded her own business. Then there was the Mary Willey, when she had a lion's head on the end of her bowsprit. She allers got the lion's share of whatever free freight was going in the course of a season on this river. They took the lion's head off, so Captain Zach Williams tells me, 'cause some wimmen that was aboard one day said it was a ugly looking thing, with its yellow eyes and its red tongue, and they put on a star in place of it; well, she's getting old the Mary Willey is, but she's a star coaster yet. I member the brig Golden Age, as had for her figurehead a big horn with gold dollars a spilling out of it, and she was a money maker if ever there was one. Oh, yes, figureheads they mean something!"

It is as the captain of the Boxer says, Figureheads, once to be found on nearly all vessels, are now rarely seen, except on old timers. Some were illustrative of the vessel's name, others whims of the owners or captains, still others symbolic of events occurring at the time the vessels were built. There was the schooner War Eagle, built in war time.

She had for her figurehead a fierce looking eagle, perched upon two cannon balls and with arrows grasped in his claws. The War Eagle fought the elements for more than twenty years and then came to an exciting end, being destroyed by the explosion of her cargo of naphtha.

The schooner American Eagle was decorated with a gorgeous bird of freedom, and the brig American Union was covered, stern and bows, with symbols of this nation. The old steamer, Expendable, had a figure of John Marshall holding in his hands the constitution outspread, and the Daniel Webster carried, on either paddle box, a medallion head of the great orator, while in her saloon was hung a life size portrait of him. The last steamer carried on either paddle box, the coat of arms of Massachusetts, with the motto "Ense Petit Placidam, Sub Libertatem Quietem."

The famous old steamer Katahdin of the same line, was decorated with the carved outlines of the mountain for which she was named, with a deer nibbling gliding over foothills in the foreground, while the Penobscot, had on either paddlebox, with the rising sun in the background and in the foreground an Indian paddling in a canoe across a silver lake. Some years ago they made improvements on the Penobscot, and in the course of the changes, the Indian chief and other adornments disappeared—much to the regret of sentimental people.

When the handsome ship Belle of Bath came to Bangor, along in the 70s, to take the cargo of deals for Liverpool, the thing most admired about her was her figurehead, the figure of a young woman gowned in the height of style of that period, including the full back dress. This young woman created from a block of pine wood by the skill of the carver was all white and gold and she wore, besides all her finery, a most engaging smile, which captivated the hearts of all sailors. It was a pity, but the fine ship with the handsome young woman under her bowsprit, went to smash on a foreign shore before the gill had faded from the folds of the full back dress.

The schooner Carrier Dove and Ring Dove of Dockland, had white doves as figureheads, and the schooner Empress was decorated with a white queen with a navy blue crown tipped with yellow jewels. The schooner Napoleon carried a figurehead supposed to be a good likeness, carved from wood, of the great Corsican, but it looked more like George Washington.

The Italians are famous for the decorations of their vessels, bow and stern, and the intricacies of the designs are no less wonderful than the combinations of colors displayed, white, blue, yellow and green being the favorites. In the matter of symbols, everything from a rose-bud to a seven-story castle is shown, and the more they can crowd into a given space the better pleased are the men of Italy.

Those who live on farms are liable to many accidental cuts, burns and bruises which heal rapidly when BALLARD'S SNOW LINIMENT is promptly applied. Price 25 and 50 cts. Stafford Drug Co.

The greatest healer of modern times is Banner Salve for cuts, wounds, sores, piles and all skin diseases. It is guaranteed. Use no substitute. The People's Drug Store.

EXCURSION FARES To the Famous Fishing Grounds east of Marquette—Commencing Sunday, May 19, 1901, and continuing each Sunday thereafter until further notice, the D. S. S. & A. R. Y. will sell excursion tickets to the following points at the very low rates named: From: Mar. Negaunee-Ishpeming 1.00, Sand River 1.00, Oshtemo 1.00, Ontonagon 1.25, Marquette 1.25, Soudan 1.25, Wisnorski 1.25, Munising June 1.25, Westmore 1.25, Shingleton 1.50, Creighton 1.25, 1.75, 1.75.

Cheerful will be sold for the early morning express of Sundays and will be good for return passage on the night express of same day. For further particulars apply to station and ticket agents or to Geo. W. Hibbard, G. P. A. (6-16-17)

AT LAST THE RACES

SOME GOOD SPORT AT THE DRIVING PARK YESTERDAY.

NOT UNMARRIED BY RAINFALL.

SECOND GOOD MATINEE PROGRAM ANNOUNCED FOR TODAY.

Rob Rene and Little Johnny Put up a Fine Contest in 2:23 Class, the Latter Winning—Free-for-All Should Be Good.

The weather finally permitted of horse races yesterday afternoon, although fear of an impending shower undoubtedly curtailed the attendance at the Driving Park, while the downpour, when it did come, interfered with the sport considerably, thoroughly soaking the track and reducing the time of the majority of the heats in the three races announced for the matinee.

About 300 people assembled at the track to witness the events, the program consisting of races for the 2:23, 2:40 and 3:00 classes. There was general satisfaction with the quality of the traveling, some of the finishes being close and exciting, and all the records being very fair, in view of the heavy track.

The matinee was well managed, the heats being run with little delay and no wrangling. The first was pulled off about 2:30 o'clock and the last was concluded shortly after 5, the crowd being well pleased with the lack of annoying delays.

The greatest interest in the matinee was evidenced in the event for the 2:23 class. In this the entries were Little Johnny, a Soo horse, owned by E. H. Forbes, and Rob Rene, owned by Louis Samm of the copper country. The latter horse has been seen here before, but Little Johnny was a stranger. This race was touted as the best on the program and the event showed that the forecast was correct. It went to Little Johnny in two straight heats, but it was fought closely enough to make it exciting, while the finishes, particularly that of the second heat, were as pretty as had ever been seen here.

This race was made the best two in three heats, as it was desired to enter both horses in the free-for-all today. There were no entries beyond Little Johnny and Rob Rene. The former horse was credited with 2:30 1/4 and 2:28 1/4 for the first and second heats, respectively.

Other Races.

There were four heats in the event for the 3:00 class and they were all productive of interest.

The first was won by Saladin, Billy K. Vesta Medium and Pioneer, finishing in the order named. The time announced was 2:37 1/4.

Billy K. took the three succeeding heats, the time for the first two being 2:32 1/4 and 2:40, Saladin getting second and Pioneer third money. There was a dispute over this race on account of Saladin's not riding through one heat, but the horse was allowed to continue and took the second purse.

Joe J., a copper country horse, took the race for the 2:40 class in three straight heats, the records being 2:30 1/4, 2:32 1/4 and 2:40. Byron Belle took second, and Gas Light third money.

The races announced for this afternoon are the free-for-all, the 2:50 and the 2:30 class. In the former are entered Rob Rene, Little Johnny and E. W. L.; in the second race, Pioneer, Prince Goldenbow and Saladin and in the third, Joe J., Byron Belle and Gas Light.

The free-for-all should prove one of the most interesting races ever witnessed at the park, as Little Johnny and Rob Rene, the horses which put up the best exhibition yesterday, will again try for honors.

The South Shore road will have its special service to the fair grounds in two weeks again today, trains leaving downtown at 1:30 and 2 o'clock, and returning, leaving the park at 6 and 6:30.

TO MEET AT CRYSTAL FALLS.

Croake and Hammond Will Come Together During the Tournament.

A few Crystal Falls gentlemen are arranging for a ten-round glove contest to be pulled off here during tournament week between Jack Hammond, of Sault Ste. Marie, and Ed Croake, the champion of Iowa, says the Crystal Falls Diamond Drill. These two men met at Baraga last week and had a ten-round bout, Croake winning. The admirers of Hammond think that their man is the better of the two and they are going to back him in the contest here. To a reporter for The Diamond Drill one of the gentlemen interested in the sport said that the affair would be a boxing contest pure and simple. No rough treatment or prize fight methods will be allowed. The affair will probably be pulled off at the opera house. This glove contest is an affair foreign entirely to the tournament and one in which the association or its officers are not interested. It is a private affair pure and simple.

There is but one week left in which to complete arrangements and unless something unforeseen happens, everything will be in readiness Saturday night for the reception of visitors and we will have Monday to finish up in, says the Crystal Falls Diamond Drill relative to tournament matters. It is not likely that many of the visitors will come in before Tuesday morning at 11 o'clock. All of the Marquette range visitors can get here on that train and many of the copper country people as well, although it is probable that some of the copper country people will come in at 9 o'clock Monday night. A canvass of the city has been made and accommodations for all corners found. The association has purchased 1,000 cots and will rent the number needed by citizens, those remaining to be used by the association in the school house.

The grand stand is going up slowly on

account of a delay in the receipt of the lumber. The posts for the fence are all set and the boards will be put on the first of the coming week.

ONE FARE RATE. Northwestern and St. Paul Roads Will Make it to Marquette.

From the 1st of August to the 10th, inclusive, the St. Paul and the Northwestern roads will sell tickets from Chicago to Marquette and return on the basis of a one fare rate. This is the best rate ever offered the northbound traffic and it should bring an unusually large number of Chicago people to this city.

GAVE GOOD SERVICE. South Shore and St. Paul Roads Took Excellent Care of the Elks.

The Elks of the iron and copper districts who attended the carnival at Milwaukee last week are one mind regarding the service given them by the South Shore and St. Paul roads, which lines were used by the excursionists from this region to the great meeting of the "Best People" at the Cream city.

The Elks were taken down by special train, fine palace cars being provided for both the iron and copper country herds, with a baggage car for each, to provide transportation for their "impediments." Assistant Superintendent Smith of the South Shore looked after the service on his line and Commercial Agent Vaughn of the St. Paul, who accompanied the party to Milwaukee, took charge of the special when it was turned over to the St. Paul road at Champion.

Nothing needed to make the trip down enjoyable as the city will be so glad to see the Elks were landed in Milwaukee on time—7 o'clock—Tuesday morning, after a quick and smooth run. At Milwaukee much grumbling was heard among visitors from other parts of the country over their railway service, but only expressions of satisfaction with and praise for the South Shore and St. Paul roads were on the lips of the Elks from the iron and copper districts. Mr. Vaughn remained with the upper peninsula contingent until it was well disposed of at Milwaukee, and in that, and other ways, made himself very useful. It is not soon forgotten his many services and courtesies.

MATTERS OF INTEREST.

Rev. J. M. Rogers Discusses Them in a Public Letter.

Marquette, Mich., July 29, 1901.

To The Mining Journal.
Dear Sirs:—I am one of a considerable number of citizens who are not well pleased with the position of The Mining Journal in regard to some matters lately under discussion. The utterances of the only daily paper in the city will be taken in outside circles as indicative of general public sentiment. In looking over the files of the last two weeks I fail to see any reference to the proposed "mill," or fight, between the so-called heavy-weight champions of Michigan and Iowa, which was not contented in terms of loyalty, if not approbation.

The city authorities and the sheriff and his deputies were certainly pleased before the public as approving all the arrangements and there is nothing to indicate any surprise on the part of the Journal or sympathy with the law and order element. In fact the protest of this element is only mentioned, in the language of the promoters, as "pernicious activity." I can find no reference which, in remotest way, condemns promoters, principals, or those who believe in such contests. Certainly no one would learn from your columns that the promoter, the principals, the publisher of notices, the railroad that carried the party finally to Baraga, and every spectator at the ring side are all law breakers and liable to heavy penalties.

That the majesty of the statute law of our state was so outraged seems to be nothing to be remarked upon except in the way of apology or seeming approval. With the private opinions of the editor upon such matters or desire to please one class of his readers I recognize that I have no business; but to see to the reflection of public sentiment in his columns I have the right to protest, and this is the purpose of this communication. That it was necessary for the chief executive of the state to interfere to prevent lawbreaking in such a city as ours may be humiliating to our pride and I do not wonder that there is a certain desire on the part of our officials to make other representations, which the initiated can only smile at now. If The Mining Journal is to be a newspaper and not simply the organ of a class, there is certainly room for this protest from one of a body of citizens who believe the law ought to be obeyed, and officers elected by the people ought to be held to a faithful discharge of duty in the enforcement of law, which they, moreover, have solemnly sworn to uphold.

I have no brief to defend Mayor Mangum, but, after reading this morning's issue, if I were in his place, I should pray to be delivered from such friends as The Mining Journal which puts him in the position of knowing the law and then being undecided as to whether he should enforce it or not. Cogitating all the morning and early part of the afternoon and "not yet determined what to do," he was finally relieved of the necessity of coming to a decision. If he is satisfied with such advertisement of his moral stamina, I shall have no right to complain for him, and perhaps we shall get a view of the true inwardness of the lax enforcement of many city ordinances and state laws.

Yours truly,
JOSEPH M. ROGERS,
Pastor First Presbyterian Church.

We will give big discounts on all bicycle sundries for the next thirty days. Now is your chance. R. L. Francis Co. (7-12-4f)

Parties wishing to purchase good serviceable horses at reasonable prices should attend the auction sale at the rear of Penill's block, Superior street, Monday and Tuesday at 1:30 p. m. each day. (7-29-1d)

We have fifteen second-hand bicycles. They will be sold cheap. If you want a wheel it will pay you to see them. R. L. Francis Co. (7-12-4f)

OFF TO CRYSTAL FALLS. Firemen Have Finally Decided to Attend the 1901 Tournament.

Since, a number of days ago, The Mining Journal published an article outlining the apathy which existed among the members of the Marquette fire department relative to the Crystal Falls tournament, there has been a distinct change of sentiment among the men and last night, at an enthusiastic meeting, it was decided that the Queen City fire-fighters should attend the big meeting in a body. It is believed that at least fourteen out of the twenty members will go to Crystal Falls.

A number of the boys thought that it would be treating the little city in Iron county rather shabbily not to participate in its tournament, particularly as it has always been an ardent supporter of the association. They urged this opinion among the members of the department with good success and soon had the majority of firemen lined up. Now they will go down the line in style and will do everything in their power to help make the meeting a success.

Many people, who were rather disappointed at the department's apathy, will be pleased with this news. Marquette was well treated when the tournament was held here and it is generally remarked that the least the local firemen can do is to attend the annual gathering as an organization, even if it is beyond their power to form and train a running team.

The Marquette delegates to the annual convention are John Siegel and P. F. Mulally. The alternates are S. J. Butcher and Joe Primeau. The delegates have been instructed to vote for Negauance as the place for holding the 1902 tournament.

NO APPRECIABLE CHANGE. Calumet & Hecla Brace the Feature Yesterday.

A considerable advance in Calumet & Hecla was the feature of an otherwise uneventful copper market yesterday. Paine, Webber & Co. said:

"The recovery in Calumet & Hecla this morning has come on western buying. The advance has found very little of the stock for sale. Osecola advanced on scattered buying. It is reported that some of the former holders of the Boston and Montana have been buying Osecola for investment. The coppers as a whole remain strong and act as if any slight improvement in the demand would cause a sharp advance. The copper metal market is reported to be firmer."

Havden, Stone & Co. wired the Laidley Commission Co.:

"The consolidation of Baltic, Trimountain and Copper Range has been decided upon by the majority of the stockholders, but the name of the new company has not yet been decided, nor has the St. Mary's Canal company's stockholders decided to go in. It is likely that a good market will be started before any announcement of the deal is made. Osecola and Wolverine were strong on buying by investors. We would take the railroads on any reaction. We believe Southern Pacific will be a leader when the market gets active."

R. Jones & Co. say of wheat:

"General rains were the best reasons for the break in the grain markets today, the weather bureau reporting the drought broken over the entire West. This, together with heavy world's shipments, a big increase on passage and lower cables, started wheat a cent lower and liquidation did the rest. It may take another day for liquidation to get the prices down to the turning point, but it is only a case of a short time now when the trade will realize that the decline is being carried too far."

NO USE IN A SEA.

What Captain Rogers Thinks of the New Power Life Boat.

Captain James H. Rogers, of the revenue cutter service, has just returned from an inspection of the life-saving stations in Lake Huron, says the Detroit Evening News.

"The life saving stations are in splendid condition," he said this morning, "and the personnel of the service was never better. We have all our men save four or five. We like to keep the old employees, as they get accustomed to the hazardous business."

Captain Rogers was a witness of a test of the new power lifeboat at the Marquette station, and he says the boat came up to all expectations in the fair weather that prevailed, but he doubts her usefulness in rough weather.

"Talking unofficially," he said, "I believe the boat must be considerably changed to be fitted for rough weather. In a sea the propeller of the boat would be out of water half the time, and a boat capable of going seven miles a hour would run far below this in a sea. Then the engines and fuel weigh close to 2,100 pounds, and this, it seems to me, is too great a weight for boats for this purpose."

"The propellers, I think, should be placed directly on the hull of the boat, and amidships, so as to keep under water in heavy weather. The engines will have to be built lighter, and altogether different hulls will have to be constructed."

In connection with the above it may be stated that the observations made here have all been such as to pave the way to conclusions at direct variance with those reached by Captain Rogers. The new power craft has not as yet been tested in a great number of severe blows, but, in the few instances in which she has been used in heavy weather, and she has faced some pretty bad storms, she has shown up finely, maintaining her normal speed and riding the waves like a duck.

A POOR MILLIONAIRE. Lately starved in London because he could not digest his food. Early use of Dr. King's New Life Pills would have saved him. They strengthen the stomach, aid digestion, promote assimilation, improve appetite. Price 25c. Money back if not satisfied. Sold by the Stafford Drug Co., druggists.

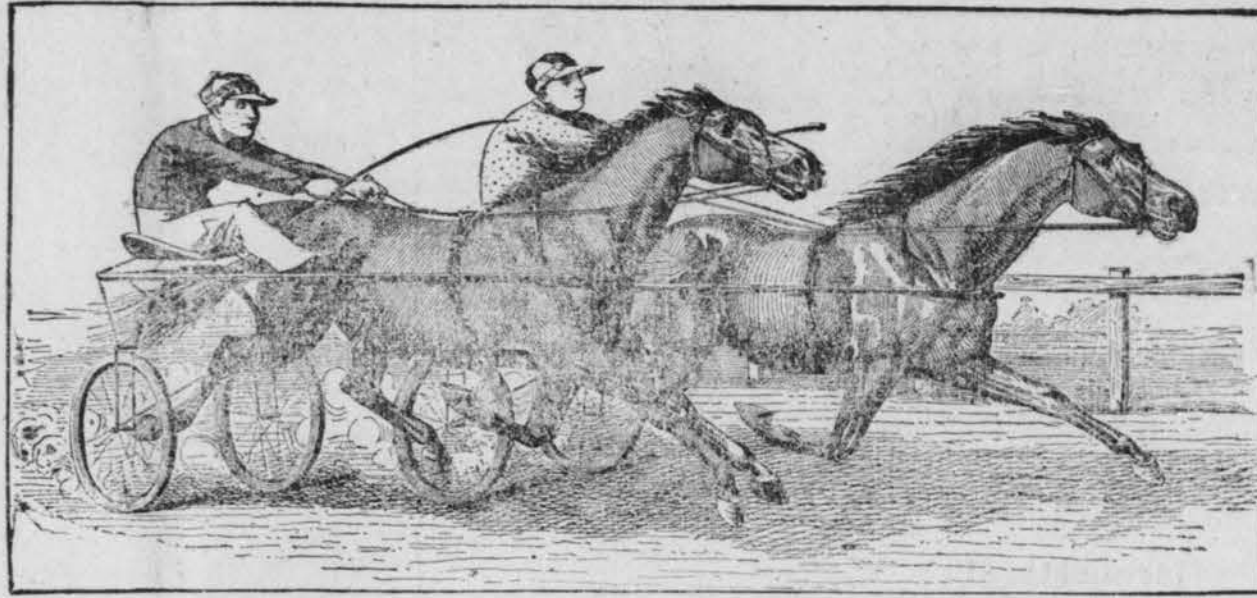

They can't help it; crabbed old bachelors and disappointed girls over 30 need Rocky Mountain Tea; carries them back to childhood's happy home. 35c. Stafford Drug Co.

Twenty-five gas lamps for bicycles—going at a bargain. R. L. Francis Co. (7-12-4f)
