STRIKE TO CONTINUE

NEGOTIATIONS FOR PEACE END IN FAILURE.

COUNTER ULTIMATUMS EXCHANGED.

DEMAND OF THE UNION FLATLY REFUSED.

J. Pierpont Morgan Is Wired for Modification of Terms Found Impossible to Accept and He Returns A Vigorous Veto.

Pittsburg, Friday, Aug. 2.—The Commercial Gazette this morning says: The Amalgamated executive board last evening received by telegram a flat refusal from J. Pierpont Morgan to reopen the wage conference where it was broken off at the Hotel Lincoln nearly three weeks ago.

The powers of the steel combine insist in this communication that the only basis of settlement will be on the terms laid down at the meeting with the Amalgamated executive board in New York last Saturday.

A member of the executive board last night said: "These terms are dominated by those who have the best interests of the steel workers at heart as the most unfair, most unjust ever proposed to any body of workmen by a set of employers or corporation. The terms are such that the executive board of the Amalgamated association cannot accept and has already gone on record to that effect."

Spend Day Awaiting Reply.

Pittsburg, Aug. 1.—The third all-day session of the Amalgamated association's executive board has passed without action being taken on the New York conference peace proposals, and another session will be held tomorrow. Official confirmation of the status of the strike as it was outlined by the Associated Press last night is given in the current issue of the Amalgamated Journal, the organ of the association. The executive board of the association, is, in fact, waiting for word from J. Pierpont Morgan.

President Shaffer concerning the trip to New York last week, it decided to request a change in the propositions of Mr. Morgan, and sent a message to Morgan in New York on Tuesday announcing the decision on this matter. In explanation of this message, The Journal says: "The executive board desires another conference with the representatives of the constituent companies and will remain in the city until answer is received. Upon the result of that answer depends whether the strike be prolonged indefinitely."

Virtually an Ultimatum. The message sent to Mr. Morgan, while not so stated, is believed to be an ultimatum to the head of the steel corporation. It is viewed as such by the labor leaders about Pittsburg. If the steel workers do not gain their demand for this conference, the strike will go on indefinitely. None of the officials of the organization would discuss the point today. They still maintained silence and said they had nothing to give out.

At noon, after the executive board had been in session all morning and in an informal manner waited for the reply from Mr. Morgan, the members decided to make official denial of the reported lack of harmony in their ranks. To reporters present they gave out the following:

"We, members of the general executive board of the Amalgamated association, desire to deny emphatically the reports published expressive of disagreement among us. We are disposing of the work before the committee as fast as its importance will permit. No member has expressed any opinion or given any statement of the business or of the attitude of other members. Nothing has been made public, and neither will any report issue from us until a conclusion is reached. We are simply trying to reach a settlement which shall be honorable and satisfactory to all concerned."

Labor Leaders Stand as One. Whatever differences might have existed are said to have been adjusted satisfactorily and the board stands as a unit for its demand for a renewal of the conference with the manufacturers' representatives. The propositions of Mr. Morgan are said by one high in authority as incomplete and do not settle the dispute; that acceptance would only complicate matters more.

PEACE NEAR AT 'FRISCO.

Water Front Strike in Progress of Amicable Adjustment.

San Francisco, Aug. 1.—The only new phase of the local labor trouble is a strong undercurrent that is making for peace. The municipal league, which held secret meetings today with the labor leaders and employers, reports the outlook for settlement encouraging and that a basis for adjustment may be reached within twenty-four hours. On the water front only four vessels are loading and only one coal bunker is in operation.

Rioting at Muncie, Ind.

Muncie, Ind., Aug. 1.—The strike at the Ontario Silverware works assumed a serious phase tonight, when a desperate fight occurred between union and non-union men. A squad of police was called to quell the riot. Three men were seriously hurt.

HAWAIIAN PRISONERS FREED.

Court Decision Unlocks Jail Doors for Many Criminals.

Honolulu, July 26, via San Francisco, Aug. 1.—The constitution of the United States preceded the flag in Hawaii, according to a decision just rendered by Circuit Judge Gear. He has already released on habeas corpus petitions, three prisoners sentenced for infamous crimes after the resolution of annexation was passed congress and was signed by President McKinley, on the ground that they were not convicted by the unanimous verdict of twelve jurors. Wholesale jail delivery of murderers, burglars and other criminals is threatened under the decision and Honolulu is greatly disturbed over the prospects.

BANK RECOVERS PLUNDER.

Fact of Ohio Robbery Follows Arrest in Gambling Room.

Goshen, Ind., Aug. 1.—Detectives employed by an Akron (Ohio) banking institution made an important arrest today in a local gambling room which resulted in the recovery of about \$16,000 in currency and gold coin. Two men in the Akron bank ten days ago. The men, who are said to be residents of Elkhart county, were taken completely by surprise. They accompanied the officers to Elkhart, where the robbers the way to the outskirts of the city and revealed the buried plunder, every dollar of which was recovered. The bank officials, through fear of panic, kept the fact of the robbery from the public.

MURDERS BY BOERS TO BAR NEGRO OUT

LORD KITCHENER IN REPORT MAKES GRAVE CHARGES.

BACKED BY EVIDENCE ON OATH.

CAPTURED NATIVES AND WOUNDED ENGLISHMEN SHOT DOWN.

Burgher Force With Two Guns Invades Portuguese Territory and Troops from Lorenzo Marques Are Sent to Expel Them.

Lorenzo Marques, Aug. 1.—A Boer commando with two guns has entered Portuguese territory and is encamping at Guanetz. Five hundred Portuguese troops have arrived at Guanetz and artillery left here for that place this morning. Three hundred troops, in addition, are in readiness to proceed unless the Boers surrender.

Boers Accused of Murders.

London, Aug. 1.—A dispatch from Lord Kitchener from Pretoria today says: "French reports that he has received a letter from Kritzinger (Boer commander) announcing his intention to shoot all natives in British employ, whether armed or unarmed. Many cases of the cold-blooded murder of natives in Cape Colony have recently occurred."

On July 23, a patrol of twenty Yeomanry and some native scouts followed two carts and a few Boers fifteen miles from the railroad at Doorn river, Orange River colony, where they were cut off by 200 Boers and after defending themselves, they surrendered when their ammunition was exhausted. Three yeoman were wounded. "After the surrender the Boers made the native scouts throw their hands up and shot them in cold blood. They afterwards shot a wounded yeoman. The remainder were released. The Boers gave as their reason for shooting the yeoman that they thought he was a Cape boy." Evidence on oath has been taken of the murders.

BOER WAR COSTLY.

British Expenditures in Four Months Over \$185,000,000.

London, Aug. 1.—In the house of commons today, Lord Stanley, financial secretary of the war office, replying to a question, said the cost of the war in South Africa from April 1 to July 31 was £35,750,000, partly chargeable against the deficit of last year. The actual cost in July was £1,250,000 weekly. The statement was greeted with ironical Irish cheers.

Lords Ratify Roberts Grant.

The house of lords today unanimously voted the grant of £100,000 for Lord Roberts recommended by King Edward as a token of the nation's appreciation of the field marshal's services in South Africa.

More Boer Prisoners in Bermuda.

Hamilton, Bermuda, Aug. 1.—Martial law has been proclaimed in Tucker and Morgans islands, where the Boer prisoners of war are confined.

The British transport Manila, from Port Natal July 4, arrived today with additional Boer prisoners.

Kruger's American Visit.

London, Friday, Aug. 2.—The correspondent of The Daily Mail at Brussels says: "Kruger's American tour will include visits to New York, Philadelphia, Boston, Washington and Chicago. Negotiations are about to begin for his reception by President McKinley."

PRESS GAG IS WITHDRAWN.

War Office Calls Off the Boycott on the London Daily News.

London, Aug. 1.—The contest between the war office and The Daily Mail has

terminated in a victory for the paper. The war office had not only cut off The Daily Mail's South African lists and other official news, but had also ordered the various news agencies not to supply The Daily Mail with any of the official information distributed from the war office.

Thereupon The Daily Mail sued the news agencies under its contracts to compel them to deliver the news. The war office then held back the bulletins until near the hour for the morning papers to go to press. This raised a storm of protest from the provincial papers and the war office finally capitulated, and called off the boycott.

This experiment at press gagging has aroused bitter criticism among all classes of papers at a time when the government is none too popular and could ill afford to aggravate popular discontent. Secretary Bradrick's personal bereavement in the death of his wife precludes a journalistic celebration of his defeat, but there is much quiet satisfaction over the result.

MERCURY AGAIN CLIMBS.

Hot Wind Sends Up the Temperature in the Northwest.

Huron, S. D., Aug. 1.—Following a week of comparatively cool weather, a hot wind began blowing from the south this afternoon, sending the mercury to 108, the highest in the annals of the weather bureau, curling corn blades and compelling a cessation of harvest work.

Lincoln, Neb., Aug. 1.—A hot south wind prevailed today, the maximum temperature being 101.

DEMOCRATS OF MARYLAND MAKE THAT THE ISSUE.

STATE CONVENTION PROCLAIMS IT.

DECLARES FOR ELIMINATION OF THE BLACK FROM POLITICS.

Right to Vote by Ignorant Citizens Is Held a Menace and Upon That Stand Senator Gorman Will Appeal for Re-election.

Baltimore, Aug. 1.—The Democratic state convention, which met here today, declared that the purpose of the party, if successful in the coming election, is to eliminate the negro from politics in Maryland if such a thing is possible under the laws of the state.

Upon this issue will stand the candidates nominated today for state officers and those chosen in the various county district conventions as candidates for the legislature of 1902 which will elect a United States senator to succeed George L. Wellington. That his successor, in the event of Democratic victory, will be Arthur Pue Gorman is settled beyond question, although no formal announcement of his candidacy has been made.

Nominees and Platform.

The nominal purpose for which the convention met was to select candidates for the offices of controller and clerk of the court of appeals, and it fulfilled this task by unanimously naming Dr. Joshua W. Hering and J. Frank Turner to succeed themselves in the places mentioned.

The platform, which was adopted without dissent, declares that the unqualified right to vote by ignorant citizens is a menace to the welfare of the state, and the state administration is to be commended for having caused laws to be adopted restricting the power of illiterates to cast their ballots.

It scores the federal authorities for census frauds and errors in this state and praises the course of the state government in ordering a new and more accurate count.

No mention was made in the platform of the candidacy of ex-Senator Gorman for re-election to the United States senate.

REPUDIATES BRYAN TICKET.

Second of the Nominees in Ohio Declines to Make the Run.

Youngstown, O., Aug. 1.—Stephen Clark, who was nominated for attorney general on the Bryan Democratic ticket at Columbus yesterday, refuses to accept the nomination, as he is not in sympathy with the movement.

MINNESOTA TRAGEDY.

Prosperous Farmer Kills ex-Housekeeper, Child and Himself.

Sherburne, Minn., Aug. 1.—Last evening Fred Yost, a prosperous farmer living near here, went to the house where Eliza Kunkle, his former housekeeper, was stopping, shot and killed her ten-month-old child, fatally wounded the woman and committed suicide. Yost was recently indicted by the grand jury on the charge of illegal parentage preferred by the housekeeper.

WEATHER FORECAST.

Washington, Aug. 1.—The following is the weather bureau's forecast for Upper Michigan: Showers Friday and probably Saturday; fresh east to south-east winds.

LADY BRODERICK DEAD.

London, Aug. 1.—Lady Hilda Broderick, wife of the secretary of state for war, died this morning after a brief illness.

THREE NEGROES DIE

TWO WOMEN AND A MAN LYNCHED IN MISSISSIPPI.

WORK OF MOB AT CARROLLTON.

MOTHER, HER DAUGHTER AND SON ARE THE VICTIMS.

Are Taken from Jail, Hanged and Shot for Brutal Murder of Husband and Wife, Just Before Governor Arrives on Special Train.

Carrollton, Miss., Aug. 1.—The brutal murder of Mr. and Mrs. Taliaferro on the night of July 20 led this evening at five to the lynching of Bessie McCray, her son Belield and daughter Ida, all colored.

The mob was composed of about 500 white citizens of Carroll county, who marched to the jail in an orderly procession and demanded the keys from Jailer Duke. They securely bound the negroes and carried them to the corporate limits of the town, where the victims were hanged to a tree by the public roadside and their bodies riddled with bullets.

Ida McCray confessed to knowledge of the murder and stated her mother Bessie and brother Belield had assisted in the crime. She further implicated others who probably will meet a like fate. Bessie McCray refused to make any statement.

The mob resisted the earnest appeals of Judge Stephens and Hon. W. S. Hill, who from the steps of the jail appealed to the mob in the name of humanity and civilization to let the law take its course.

Governor Longino arrived on the scene by special train from Jackson a few minutes after the lynching. He addressed a large audience at the court house, impressing upon them the duty of their citizenship and obedience to law and order.

WARNINGS GIVEN BY BOXERS.

Violent Anti-Foreign Placards Posted at Chapels in Canton.

Canton, Aug. 1.—Violent anti-foreign placards, emanating from the Boxers, have been posted in the vicinity of the Christian chapels. The placards protest against the imposition of the house tax, saying it is only exacted in order to meet the indemnity to be paid to the powers.

New Tariff on Oct. 1.

London, Friday, Aug. 2.—The Pekin correspondent of The Times says: "The preparation of the final protocol is progressing rapidly. It is expected it will be signed before the anniversary of the relief of the legations (Aug. 14). It is understood that the increased tariff and the imposition of duties on goods which are now free will come into operation on Oct. 1, goods shipped to China prior to Oct. 1 being exempt."

"Pekin is being placated with vigorous proclamations recounting that a national crime was committed by China last year and the punishment inflicted is a warning against its recurrence."

PROTEST TO MCKINLEY.

Tacoma Machinists Object to the Awarding of a Contract.

Tacoma, Wash., Aug. 1.—The Machinists' union today sent the following telegram to President McKinley: "Moran Brothers, at Seattle, with a strike on involving all iron workers, have been awarded a government contract, while the men on government work at Bremerton have been laid off on account of lack of work. A member of the Metal Trades association here made the statement before witnesses that the association has influence with the administration, and that influence has brought the change in plans. (Signed,) Tacoma Machinists' union."

The fact that a contract for the repair of the Seward has been awarded to the Morans while the force of men at the Bremerton naval station has been reduced led to the action.

WHOLESALE THEFT OF GOODS.

St. Louis Freight House Plundered by Drivers and Dealers.

St. Louis, Aug. 1.—The police investigation into the case of Isaac Wagenthaler and son Adolph, arrested on the charge of receiving stolen property of the St. Louis Transfer company, has disclosed the wholesale theft of goods valued at \$20,000, taken from the freight house of the Big Four at East St. Louis. The Wagenthalers, who keep a notion store in this city, confessed today they had bought several cases of goods from transfer company drivers and Joseph Mack, an employee of the St. Louis Transfer company, admits he has delivered several crates of stuff at their store. Other arrests are probable.

LAND RAFFLE AT END.

Drawing of the 13,000 Claims Is Concluded at El Reno.

El Reno, O. T., Aug. 1.—The drawing of the winning numbers in the United States land lottery was concluded today, 13,000 envelopes having been taken from the wheels, 6,500 for each land district. Beginning next Tuesday, 125 names in each district will be called daily for sixty days for the filing of homestead entries.

DAILY MINING JOURNAL, A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Dr. Tanner, the faster, has challenged six brewers of Denver to a test designed to establish that water has more staying power in it for the stomach than beer.

From the way the firemen of the other towns of the upper peninsula are preparing to attend the tournament at Crystal Falls this month it is evident that the meet there will be one of the most successful the association has yet held.

Another of the new copper properties, the Mass, is now listed among the producers, and from all accounts it is going to prove a winner.

It may surprise some of the people of this city to have it asserted that Marquette is a remarkably well-governed municipality.

German Syrup is the special prescription of Dr. A. Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in medicine.

Rev. L. S. Coulton, of Circleville, Kas., says: "Dr. Warner—Your White Wine of Tar Syrup has been in my family and found to be all and even more than you claim for it."

rate will grow less and less. Economists who have amused themselves with estimates of the population of the world a hundred and five hundred years hence have taken too little into consideration the manifest tendency toward a decreasing birth rate of the nations become richer and more cultivated.

The limitation of families is praised by some writers as a virtue and denounced by others as a sin, but whatever be the moral aspect of the decreasing birth rate, it has an ominous aspect for the so-called higher races, for while they multiply but slowly the lower races reproduce rapidly.

Our trade with the South American countries isn't what it should be in volume and value, and will not be until shipping facilities for extending it are very greatly increased.

Blaine was the first American statesman to clearly and fully appreciate the great opportunity for trade awaiting us in South America.

We Are Modest

It's unfortunate for us, for there are very many nice things we could tell you about our laundry plant, and the high grade work that comes out of it. If it were not for our modesty we could tell you how much brighter, and lighter and better every way our laundry is; we could tell you our superintendents and workers are a little more artistic and skillful than most others, and our system of urged inspection by an expert prevents you from getting anything but perfect laundry work from our shop. But it might be better anyhow to ask us for proofs and judge for yourself.

BOSTON BOAT LOSES

COLUMBIA DEFEATS INDEPENDENCE IN EXCITING RACE.

SECOND LEG SETTLES VICTORY.

RUN DOWN THE WIND PROVES NEW YACHT'S WATERLOO.

First Contest at Chicago, Results in a Walkover for Cadillac, Milwaukee Crossing the Finish Line Eight Minutes Behind.

Newport, R. I., Aug. 1.—Independence had an opportunity today to show her mettle. Although defeated by Columbia, she was by no means disgraced. Over a triangular course of thirty miles and in a breeze light at the start and fresh at the finish the conqueror of Shamrock beat her five minutes and fourteen seconds, corrected time. The first ten miles was a beat to the windward. Columbia at one time was nearly half a mile in the lead, but as the wind freshened independence pulled up considerably. Then came a run down with the breeze at the start toward the quarter. Independence was left far astern by Columbia in the first leg. From the second mark to the finish of Brenton's reef lightship, it was a reach with the wind a little before the port beam. In this leg independence did her best work. She gained a minute and forty-nine seconds on Columbia. She was heeling over considerably at times and going very fast. She sailed the last leg in forty-five minutes and forty-five seconds, better than thirteen knots per hour.

Big Offer to Lawson's Crew. Thomas Lawson, the owner of Independence, has promised to give his crew \$100,000 if his boat can beat the Columbia and Constitution. As there is little likelihood of the latter meeting the Boston boat again, it is understood that Mr. Lawson's unprecedented offer holds good providing the Independence beats the old champion in the race Saturday. This extraordinary amount of money would give each of Mr. Lawson's crew about \$2,000, something worth working for. And being an addition to their regular wages, it would make them wealthy at once.

EASY VICTORY FOR CADILLAC. Milwaukee After Leading for Miles Is Left Far Astern.

Chicago, Aug. 1.—In the first of the additional trial races for the selection of the defender of the Canada cup, sailed today between Cadillac and Milwaukee, the former boat scored a victory, defeating its rival by about eight minutes.

The race today was nine knots to the windward and return. During the early part of the race the wind was from the northeast and blowing at twenty miles; during the latter part it came from the east at twelve miles.

An excellent start was secured, both yachts going over the line very close together. Cadillac having the better of the start by about two seconds. Milwaukee was pointed somewhat higher than Cadillac and a short time after crossing the starting line had caught and passed the Detroit boat.

During the first hour Milwaukee did the faster work, and when the boats came about on the first tack, in making the first buoy she had a lead of about half a mile. She went around the buoy well in the lead, but from that time to the finish Cadillac gained slowly but steadily. Three miles from the finish line she came up with Milwaukee and the race was ended then and there.

SYRUP OF FIGS. NEVER IMITATED QUALITY. An Excellent Combination. The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinal in laxative and purgative them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

ENTIRE FLOCK IN ASHES.

Fire at Clarksville, Mo., Results in Heavy Property Loss.

EXPULSION FOR SOCIALISTS.

Indianapolis, Aug. 1.—The national Socialists' convention today adopted a resolution endorsing labor unions and advising the members to join. Another resolution was adopted providing that any Socialist who joins the militia or accepts an appointive office at the hands of capitalists shall be expelled.

VENEZUELA REBELS WIN. First Battle Ends in Defeat of the Government Forces.

Port of Spain, Aug. 1.—The government troops have been defeated in their first encounter with rebels near San Cristobol. Other uprisings are taking place in the interior of the country. The Venezuelan minister of war, Senor Pulido, who is the leader of an important political party, has resigned after a violent scene in the cabinet, during which the minister refused to accept the orders of President Castro to recognize the revolutionists in Colombia as belligerents. The resignation has caused a profound impression here and the situation is more critical.

Colombian Insurgents Victorious. Kingston, Jamaica, Aug. 1.—The British steamer Texan, which arrived here today, brings confirmation of the reports of severe fighting along the railroad ten miles out of Colon on Sunday and Monday last. The rebels attacked the government troops with determination and forced the latter back. When the steamer left there was great excitement among the residents of Colon, who were leaving the city in alarm.

ROAD TO CHANGE MOTIVE POWER. Oil to be Used for Fuel on Lines of the Southern Pacific.

New York, Aug. 1.—The Southern Pacific company is about to issue from \$10,000,000 to \$15,000,000 of new bonds to be used largely for making a change in motive power on the Texas and California lines from coal to oil.

Chicago, Aug. 1.—When shown a Washington dispatch relating to the war department taking cognizance of the published interview regarding Captain James Parker of counsel for Admiral Schley was again at the navy department today making a careful examination of the log books of all vessels which participated in the Santiago campaign and of all dispatches sent to and by the department from and to the officers of the published interview of Captain Thomas F. Schley regarding the court of inquiry upon his father. It is understood the department has informed the captain that such interviews are contrary to the army regulations.

ANCHOR LINE BOYCOTTED. Members of Freight Handlers' Union Ordered Not to Unload Boats.

Detroit, Aug. 1.—Secretary Baiter of the Longshoremen's union has issued an order directing all members of the Freight Handlers' union to boycott the boats of the Anchor line. This means that about 2,000 men working at the various lake ports will no longer handle the freight carried by that line. The cause of the trouble is the failure of the Anchor line to discharge Contract 1 Kane of Erie, who recently shot one of the longshoremen.

Statue to Miss Willard. Buffalo, Aug. 1.—It was announced today that the statue of Francis E. Willard to be presented by the state of Illinois to the national capitol at Washington would be modeled by Helen F. Mears of Oshkosh, Wis. The state board of commissioners being unanimous in their decision that she be entrusted with the work.

SCHLEY LOSES POINT

NAVY DEPARTMENT OVERRULES A PROTEST BY THE OFFICER.

WORD "DISOBEDIENCE" TO STAND.

MODIFICATION OF OBJECTIONABLE PART OF PRECEPT REFUSED.

Is Held That Whether Willingly or Not the Official Records Show the Admiral Did Not Obey Orders—A Warning to His Son.

Washington, Aug. 1.—The navy department has refused to accede to Admiral Schley's suggestion that the language in the fifth specification of the precept appointing the court of inquiry, to the effect that he had disobeyed orders, be modified. The department declines to make the modification on the ground that, according to the official records, Schley acknowledged he had disobeyed orders. The disobedience of orders was an established fact, whether willingly or unwillingly. Admiral Schley contended that there was a great difference between "disobedience of orders" and "cannot obey orders." The latter phrase he used in his dispatch in answer to the instruction from the department. Consultation of Webster's dictionary established that the meaning of "disobedience" is "neglect," as well as "refusal," to obey, and the department holds, consequently, that technically he had disobeyed orders. The disobedience of orders was an established fact, whether willingly or unwillingly.

Kimberly Not to Serve. Rear Admiral Kimberly will not be a member of the court of inquiry. His request to be relieved from the detail on the ground of ill health has been granted by the navy department and the question of his successor is being considered.

SOLDIER IN TROUBLE. May Be Tried for Sending Sensational Yarn from Philippines.

Washington, Aug. 1.—An example may be made of Lesley Collins of Shelbyville, Ill., a private in the Sixth infantry, charged with misrepresentation. Last February, Collins, who was then in the Philippines, wrote a sensational story for an Illinois publication describing in detail how twelve soldiers of his command had been drowned at Balabac, Negros island, while attempting to land, because the government failed to provide safe and sufficient landing facilities. He said the men were drowned like rats within sight of their destination and that he had escaped in his underclothing.

GEORGIA WILL PERMIT FIGHT. State and City Officials Declare in Favor of Jeffries-Rubin Mill.

Savannah, Ga., Aug. 1.—Governor Chandler announces that he sees no reason why Jeffries and Rubin should not engage in a scientific pugilistic contest in Savannah, for which the Savannah Athletic club has offered \$10,000. Letting Mayor Dickson was immediately asked respecting the municipal laws in the way of the fight. He issued a signed statement in which he said there was no ordinance against a scientific sparring bout, and that it was in favor of bringing the match here. He then consented to the "streamline" fight and agreed with him. It is proposed to bring the match here in October, and this clears the way of legal interference.

POISON KILLING BIRDS. Nebraska Game Warden Forbids Present Method of Fighting Locusts.

Lincoln, Aug. 1.—The farmers in the state who have been fighting the grasshopper pest with poison have been warned by the state game warden to cease doing so, as the loss of birds and game is greater than the benefit obtained by killing comparatively few insects. Hundreds of birds have died from poison meant for grasshoppers.

WRECK ON THE SOO LINE. Three Cars of Passenger Train Leave the Track—Two Men Hurt. Escanaba, Mich., Aug. 1.—[Special.]—The eastbound Soo line passenger train leaving Manistique at 10:22 tonight was wrecked at a point between Aberdeen and Gilchrist. The baggage and smoker cars, the track, as well as also a refrigerator car that was next to the engine. The baggage car had his back badly hurt and the conductor sustained slight injuries. No further details can be learned.

"CORN KING" QUILTS

GEO. H. PHILLIPS TEMPORARILY SUSPENDS BUSINESS.

TRANSFERS ALL HIS TRADES.

TANGLED CONDITION OF THE BOOKS THE REASON.

Chicago, Aug. 1.—George H. Phillips, the "corn king," has transferred all of his trades to McReynolds & Co. He closed all his open trades on Wednesday. The Phillips company is credited with having done the largest commission house business on the board of trade during the past year. Business was suspended today.

Multitudinous Trades to Check Over. The tangled condition of the books became apparent some time ago, when the board of trade directors ruled that the Phillips company should furnish to each member of the May corn pool a detailed account of the entire transaction. A large force was then put to work on the books, and in their efforts to untangle the multitudinous trades it became apparent that every trade on the company's books since November, 1900, would have to be checked over, entailing an enormous amount of work.

Price Gains Over 2 Cents on Crop Estimates and Lack of Rain. Chicago, Aug. 1.—In what today there was a moderate trade early, but nearer the close activity developed. An easy feeling was manifested at the start, but the prices advanced suddenly toward the end of the session, the closing being 5c higher. The main factor appeared to be favorable weather in the Northwest, the advice from that section stating the outlook in favor of a good crop. The cables were easier, at Liverpool spot being steady to 1/4 lower, with futures 3/4 off. Heavy primary receipts and larger exports were the chief strengthening influences. On the coast seventy-eight boatloads were accepted. The late rally was due to the sharp advance in corn.

LOSSES THE RULE IN STOCKS. Operations by Room Traders the Feature of a Dull Market.

New York, Aug. 1.—Having sold stocks for three days without any active participation on the part of the outside public in the market, room traders today began to feel that their short lines were getting uncomfortably extended and they proceeded to buy stocks to cover.

YOUNG MAN! Tell me the condition of your nerves, and we will tell you what you need. You want success. Nervous people can not attain it. PALMO TABLETS give you the nerve-strength that brings with it the most beautiful energy which complete success. They give you the ambition and magnetism that will not be denied. Take this remedy and note how quickly it acts; how quickly your completion will assume the glow of health and strength.

STATUE TO MISS WILLARD. Buffalo, Aug. 1.—It was announced today that the statue of Francis E. Willard to be presented by the state of Illinois to the national capitol at Washington would be modeled by Helen F. Mears of Oshkosh, Wis. The state board of commissioners being unanimous in their decision that she be entrusted with the work.

WRECK ON THE SOO LINE. Three Cars of Passenger Train Leave the Track—Two Men Hurt. Escanaba, Mich., Aug. 1.—[Special.]—The eastbound Soo line passenger train leaving Manistique at 10:22 tonight was wrecked at a point between Aberdeen and Gilchrist. The baggage and smoker cars, the track, as well as also a refrigerator car that was next to the engine. The baggage car had his back badly hurt and the conductor sustained slight injuries. No further details can be learned.

"CORN KING" QUILTS

GEO. H. PHILLIPS TEMPORARILY SUSPENDS BUSINESS.

TRANSFERS ALL HIS TRADES.

TANGLED CONDITION OF THE BOOKS THE REASON.

Chicago, Aug. 1.—George H. Phillips, the "corn king," has transferred all of his trades to McReynolds & Co. He closed all his open trades on Wednesday. The Phillips company is credited with having done the largest commission house business on the board of trade during the past year. Business was suspended today.

Multitudinous Trades to Check Over. The tangled condition of the books became apparent some time ago, when the board of trade directors ruled that the Phillips company should furnish to each member of the May corn pool a detailed account of the entire transaction. A large force was then put to work on the books, and in their efforts to untangle the multitudinous trades it became apparent that every trade on the company's books since November, 1900, would have to be checked over, entailing an enormous amount of work.

Price Gains Over 2 Cents on Crop Estimates and Lack of Rain. Chicago, Aug. 1.—In what today there was a moderate trade early, but nearer the close activity developed. An easy feeling was manifested at the start, but the prices advanced suddenly toward the end of the session, the closing being 5c higher. The main factor appeared to be favorable weather in the Northwest, the advice from that section stating the outlook in favor of a good crop. The cables were easier, at Liverpool spot being steady to 1/4 lower, with futures 3/4 off. Heavy primary receipts and larger exports were the chief strengthening influences. On the coast seventy-eight boatloads were accepted. The late rally was due to the sharp advance in corn.

LOSSES THE RULE IN STOCKS. Operations by Room Traders the Feature of a Dull Market.

New York, Aug. 1.—Having sold stocks for three days without any active participation on the part of the outside public in the market, room traders today began to feel that their short lines were getting uncomfortably extended and they proceeded to buy stocks to cover.

YOUNG MAN! Tell me the condition of your nerves, and we will tell you what you need. You want success. Nervous people can not attain it. PALMO TABLETS give you the nerve-strength that brings with it the most beautiful energy which complete success. They give you the ambition and magnetism that will not be denied. Take this remedy and note how quickly it acts; how quickly your completion will assume the glow of health and strength.

STATUE TO MISS WILLARD. Buffalo, Aug. 1.—It was announced today that the statue of Francis E. Willard to be presented by the state of Illinois to the national capitol at Washington would be modeled by Helen F. Mears of Oshkosh, Wis. The state board of commissioners being unanimous in their decision that she be entrusted with the work.

SOAP DIGNITY.

IT IS easy to find a pure soap; it is easy to find a cheap one. The problem is to find both combined; a soap that is pure yet inexpensive. Ivory Soap is the best solution of that problem. It is an original product, evolved after years of experiment and research. It is the most of pure soap for the least money. It stands approved to-day by a second generation of Ivory Soap users.

NOTED SLEUTH ON THE CASE.

World to be Searched for the Murderer of May Fosburgh. New York, Aug. 1.—James Stewart, millionaire contractor, and brother of Mrs. Robert L. Fosburgh, is aiding in the search for the murderer of her daughter, May Fosburgh, at Pittsfield. Money will not be spared by him or the Fosburghs, and every part of the world will be searched, if necessary. William R. Hazen, ex-chief of the United States secret service, is in charge of the case. He gives his views as follows:

"After having been put in possession of all the available facts concerning the murder of May Fosburgh, and even allowing for the apparent discrepancies in the statements of the family, I became convinced that the crime was committed by burglars. "One of the facts became impressed on me from the very outset. In all of my twenty-two years of experience as a detective, I have known of no job done by experts which was marked by the characteristics of the raid upon the Fosburgh house. It was patently the work of beginners or of thieves unaccustomed to this line of operation.

"The professional burglar shoots only as a last resort, and when cornered, all of the evidence in the Fosburgh case showed that the murderer fired the shot when he and his associates could have escaped without such a course. The elder Fosburgh had been struck down and Robert S. Fosburgh overcome and easily helpless before the intruders.

"There are other indications which led me to the conclusion that the men who did this job are what we call professionals. They are the tramps of the criminal world; they carry few or no weapons, but take the chance of obtaining outfits in the houses they enter.

"This explains that portion of the story of the Fosburghs which seemed inexplicable to a layman, and upon which the state directed much inquiry and doubt. "Road men" entering the Fosburgh house, as I am sure they did, would have taken the revolver of young Fosburgh and made masks from the pillow cases easily at hand.

"As soon as I heard these facts there was no doubt in my mind as to who did the job. The character of the work—the masks, the stealing of the revolver, the shooting, which showed that one of the intruders had lost his nerve, the crawling out of the window by the screens—all convinced me that it was the work of 'road men.'

"Another significant fact taken in connection with the Fosburgh tragedy, and which might escape the general observer, is the matches of the same kind that were found in the Fosburgh house were also picked up at the house of Policeman Chapman, as he himself testified.

"It is a reasonable supposition that if thieves were in the vicinity that night the same gang might have used the matches at two locations—that is, granted that they were 'road men.'

"A professional would have carried his own weapon which he could trust would have had a dark lantern and other outfit. But these men who got into the Fosburgh house lighted matches, just as 'road men' do. They seldom carry lanterns. Pillow cases are their favorite masks.

"The 'roadman' crawls out of a window, like the one in the Fosburgh house having a screen in it, while the professional leaves a door in such a manner as to easily and quickly pass out.

"Mr. Fosburgh will not be content until the murderer of his daughter is brought to justice. And it is not a matter of dollars and cents."

KILLED IN SHAM BATTLE. Rockford, Ill., Aug. 1.—During a sham battle at the Sons of Veterans celebration today, Oliver Mitchell, a prominent young man, was accidentally shot in the back by a comrade and died shortly afterwards.

FROM BUFFALO TO BOSTON. Long Trans-State Electric Road Now Being Built in Sections.

Rochester, N. Y., Aug. 1.-If the promoters of electric trolley road projects and Electrical Inspector Charles R. Barnes of the state railroad commission are to be credited a trans-state electric road from Buffalo to Boston is not at all impossible in the near future.

The Rochester, Lockport & Buffalo Railway company has just been granted a franchise by the state railroad commission to build an electric line from Rochester to Buffalo. It is capitalized at \$3,500,000. Franchises are asked for by the Genesee & Orleans company, to build a line from Buffalo to Oak Orchard, twenty-seven miles; the Monroe County Belt line, to run through the villages of Brighton, Fairport, Pittsford, Penfield and Despatch, twenty miles; the Rochester & Eastern Railway company, to construct a line from Rochester to Geneva, sixty-five miles; Rochester & Sullivan Traction company, to build a line from Rochester to Dansville, seventy-eight miles.

It will thus be seen that Rochester is the center of the most aggressive electric-road movement along the whole line of similar movements which extend from Buffalo to New York city. The trans-state electric trunk line will begin at Rochester, and be continued from Rochester to Syracuse, a distance of seventy-five miles, but as yet no blanket company has been organized to develop such a project. That it is actually on foot is manifest from the fact that there is scarcely a city or village along the line of the Central from here to Syracuse that has not an application before it for permission to run an electric line through its boundaries.

Charles E. Lux, the Lyons banker, is the active agent in procuring franchises along the proposed line to Syracuse. With the Rochester-Syracuse line an accomplished fact, its two largest feeders will be the Rochester-Geneva and Rochester-Dansville lines. The Rochester-Geneva line is being largely developed by Detroit capitalists who are connected with some of the most successful long-distance electric lines in Michigan. Like the recently completed line from Detroit to Port Huron, 100 miles; the Detroit-Lake Huron line, and the Detroit-Mt. Clemens line. The Rochester-Geneva line will have a traffic arrangement with the Rochester Street railway and with the Geneva, Waterloo Seneca Falls and Cayuga Lake Traction company, so that passengers can be carried from Rochester to any of the villages named.

Between Syracuse and Utica, a movement is on foot to connect these places via Rome and Oneida. The Utica Belt Line company, taking advantage of that portion of the state railroad law which permits of an electric railroad in active operation to be extended in any direction its line out towards Rome. At Oneida it has purchased the horse car system and will connect that city with Rome. Developments from Syracuse to Oneida are expected soon. From Utica to Little Falls a line will soon be a reality. The Mohawk Valley Traction company was incorporated at Albany recently to operate from Little Falls to Herkimer.

From Little Falls to Fonda, about twenty miles, nothing has as yet developed; but from Fonda to Amsterdam, the Amsterdam Street Railway company is building a connecting line. At present constructed to the city of Rome north from Fonda is the Fonda, Johnstown & Governorsville electric road, owned by the company that controls the Amsterdam Street railway. Besides making an important feeder for the trans-state line, the Amsterdam company, it is said, contemplates making the line a part of the trunk line by extending it from Fonda to Little Falls. At Schenectady the Schenectady Street Railway company has nearly completed its line to Albany, and is now planning to extend it in the other direction to Amsterdam.

From Albany, a third rail track is already in operation to Hudson and Hudson is the terminus of an unbroken chain of trolley car systems that extends a distance of 119 miles from Caldwell to the foot of the Catskills. Hudson down to New York the trolley line systems are more or less fragmentary until Peekskill is reached, whence continuous electric car conveyance may be had into the metropolis.

A BIT OF HISTORY.

Applied to Present Conditions Interesting to Marquette Readers.

It's a singular thing how trifling an incident will often change the world's history. If the country gentleman living in Cheshire, England, had not by accident been thrown from his coach into the lap of a young lady the pair might never have married, or migrated to the American colonies, and thus the world would never have known of George Washington as the father of our country. So it is in the daily life of everyone "little things" occur which affect the future. Mr. John Smith of 116 Evesland Court, Menominee, a stationary engineer, knows well how fortune smiles at times on the afflicted in showing how relief is near at hand. His experience and advice is given in the following words:

"I had symptoms of kidney complaint for a long time and I felt that I ought to do something to better my condition. It was not serious yet it annoyed me greatly especially when I caught cold, for it was hard for me to get down to sit in a chair and equally hard to rise. My back was weak and soon tired out and ached if I stood long or did much walking. When I saw Doan's Kidney Pills advertised to cure cases as mine I got a box at a drug store and the remedy did just what was claimed for it. In a short time all symptoms of kidney ailment were removed. Should it ever return I will look to Doan's Kidney Pills for relief. I can confidently recommend them to anyone."

Just such emphatic endorsement can be had right here in Marquette. Drop into the Stafford Drug Co. and ask them what their customers report. For sale by all dealers, price 50 cents a box. Foster-McMillan Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no substitute.

trunk line to join to the argument that the idea is chimerical by pointing out that wherever practicable the smaller lines are effecting consolidation. Street railway people up this way believe that the trunk line will, ere long, be a reality. But New York city does not mark the end of the experiment. Charles R. Barnes, electric expert of the state railroad commission, who is in the city inspecting the Rochester Railway company, says to the correspondent: "While in the metropolis recently, I made a trip over the new line just completed from Port Chester to One Hundred and Thirty-Second street, paralleling the New York, New Haven & Hartford railroad. It has four tracks uses the third-rail system, has not a single grade crossing. It marks the beginning I am sure of an electric line that is to parallel the New Haven clear into Boston."

TALKS OF ISTHMIAN CANAL.

Both Nicaragua and Panama Routes Practicable Says Admiral Walker.

Boston, Aug. 1.-Rear Admiral John G. Walker, U. S. N., president of the isthmiian canal commission, talked entertainingly here today on the canal subject while enroute to visit his family in New Hampshire. He says that the commission is at present engaged in preparing its report, but that he cannot tell just how soon it will be ready to go to the president. The full report will most likely be in the president's hands by the first of September.

Admiral Walker believes that the only practicable routes for the inter-oceanic canal are through the isthmus of Panama or through Nicaragua; the Darien routes, he says, are not worth consideration. It was understood by most people before the commission was appointed that the Darien routes were not practicable, but they were investigated because every bit of information was desired. "We are now at work preparing our report," said Admiral Walker, "but I cannot tell how long it will be before it is sent to the president. It will be a voluminous affair; I should say about twice the size of the report of the Nicaragua canal commission. There will be, I presume, two volumes of text and a volume of maps. It will contain much that is of vital interest on the subject of canals. We have tried to get all of the available information on the Panama and Nicaragua routes, as soon as we found that they were impracticable. The commission was appointed for the purpose of obtaining information for the use of the president. "We were given no power to negotiate for treaties or concessions. In my opinion both the Panama and the Nicaragua routes are practicable. It is only a question of money and concessions that will decide us in settling upon a route. We may have an opportunity to buy the Panama work outright. But I do not consider this by any means certain. The Panama people have a small force at work even now, something like three thousand men, I believe, they claim. When I was there last year I could see considerable difference in the work from what it was when I was there two years previous. They are making some progress, but I suppose they keep at work principally for the purpose of holding their concession.

"There is a good deal of sickness on the isthmus of Panama. As far as the present summer is concerned, they spend the summer there than in some parts of the United States. They have in Panama what is called 'pernicious fever,' which is very much like yellow fever, and equally as deadly. In order to make the isthmus healthy, Panama must be sewered and drained properly, and I do not know but what all of the inhabitants would die while that was being done.

"The last of our field parties arrived in Washington only a few days ago. At one time we had from six to eight hundred men down there, a party in Panama and one in Nicaragua, besides several in Darien. The survey work in Darien showed that there is nothing at all hopeful there. We have been at work now for nearly two years and have spent about \$1,500,000 in making investigations.

"Anyone acquainted with the task before us would be surprised at the amount of labor we have had to perform. For instance, we have in Washington some 8,000 men filled with samples of earth from Panama and Nicaragua. Then we have about the same number of rock samples. These specimens were taken from borings and will have to be gone over very carefully. On these samples largely depend our estimates of the cost of building the canal. Of course wherever the excavation is to be done in soft earth or clay it is much less expensive than when rock and gravel have to be dug out.

"I cannot say which route will be the cheaper; in fact, I should say there will be very little difference between them. This, of course, providing we can buy the Panama work for what it is really worth to us. As it stands at present I should say it is worth perhaps \$50,000,000. It has cost probably \$300,000,000, and very likely the owners will want a great deal more than the actual value for it. However, if they should refuse to sell for less than that, as we should build a canal through Nicaragua, they would lose all they have; the Panama concession would then be valueless."

Our Special DICTIONARY SALE Will Close Aug. 10.

THE ABOVE STATEMENT

Is not intended to convey the impression that WEBSTER'S INTERNATIONAL DICTIONARY cannot be purchased after the close of the present sale. The regular "book store" edition may be had at any time at Ten to Eighteen dollars per copy—cash on delivery.

THE REFERENCE HISTORY EDITION

Is not for sale in any book store, excepting where a contract is entered into between the publishers and the dealer under which full control of dictionary and sale is retained by the publishers. This edition will be withdrawn from sale in Marquette, Saturday, August 10th, and all orders after that date will be filled from the regular, or trade edition.

THE ADVANTAGE OF BUYING

Before August 10, is that you get a copy of the REFERENCE HISTORY EDITION, a better book than the trade edition at same price; a year to pay for the book; and finally, you can turn in your old dictionary at a fair price as part payment on the new book. These are advantages the dealer cannot offer, but which the publishers can.

The sale will positively end August 10th. Bring in your old dictionary and let us make you an offer for it.

Ishpeiming and its Environs.

THE DUNDON BLOCK.
 It Is Now One of the Finest in This Section.

Only those who have taken the trouble to go through the Dundon block, formerly the Merryweather building, corner of Main street and Cleveland avenue, realize what extensive changes and improvements have been made there since the new owner took the place. As much money has been spent in improvements as the building itself cost the present owner.
 The work of overhauling the structure was started just nine months ago, and nearly a solid year will have passed before everything about the place is in first class order. The basement extends under the entire block and furnishes useful space for the first-floor tenants. At present much of it is taken up by T. H. Dawson, who occupies the corner store. New plate glass windows have been put in Mr. Dawson's place and it is Mr. Dundon's intention to also put plate glass in the other store facing on Main street.
 There are eleven office rooms on the second floor. These have just been finished and are ready for occupancy. Mr. Dundon has moved into the two front rooms on the north side. All the rooms are spacious, airy and convenient. The hallway through the center is large and the closets on both floors are well equipped. Some of the rooms on the second floor have been spoken for and will be occupied soon, though there are some yet to be rented. As an office building it is equal to any thing of the kind in the county and Mr. Dundon should have no trouble finding good tenants.
 A boiler to be used in heating the building has been ordered, but the contract for installing the outfit has not yet been let. Mr. Dundon figures that he will have the heating plant in position within the next five or six weeks.
 Next summer the owner intends to give the outside of the building a fresh coat of paint.

DISAPPOINTED SPORTS.
 The following from the Calumet Evening News of Tuesday will be read with interest here:

"In the opinion of Calumet people who witnessed the wrestling matches referred to above, (those at Ishpeiming during the Sons of St. George re-union), the managers of the wrestling did their utmost to keep the bulk of the prize money in their home town. It is claimed by all that Will Martin of Calumet, was entitled to second money, in place of third, he having in the fourteen hits wrestled three Johns, no less than three square falls, and that in the hit that gave Johns second money there was no square fall. Johns himself admits that. He and Martin are fast friends and on leaving the ring Johns shook hands with Martin saying, 'Don't blame me for this decision.'"

"That Martin won third money by a mishap to Gill, he becoming overbalanced and falling flat on his back, his (Martin's) friends look upon as a good joke. He said it was his business to have Gill at that disadvantage."

"When it was learned that 'Windy' Bob Gilbert in his second bout with Williams was again punctured, it caused his friends here to smile."

"It is the universal opinion of Calumet people that the copper metropolis would not have seen any of the Ishpeiming money if there was any way out of it. The result of the matches is a blow to wrestling, at least as far as Ishpeiming is concerned. The best men should have received fair treatment, no matter where they hailed from."

Those who have followed up Cornish wrestling in this section can hardly recall the time when some fellow who was defeated did not claim to have been "bummed." That seems to be part of the game. It is true Martin did give Johns a few pretty turns, but in the opinion of the sticklers they were always short of being clean falls. On the other hand, Johns gave Martin a few "pretty uns" that might easily have been classed as falls.

As to the fall given Gill by Martin, the latter looked very much surprised when he was informed, after he had taken his time for the rest allowed between bouts, that Gill had gone down. Mr. Martin should not claim any credit for that fall, as the school boy actually lost his balance and went over without any particular effort on the part of his opponent.

Ed Johns wants another match. He has authorized The Mining Journal to challenge Dooley for a go at any time within the next two weeks, the match to be for an amount to be agreed upon by both men, and at a place to be selected when the terms are fixed.

TO SAVE HER CHILD
 From frightful disfigurement Mrs. Nannie Galleger, of La Grange, Ga., applied Bucklen's Arnica Salve to great sores on head and face, and writes its quick cure exceeded all hopes. It works wonders in Sores, Bruises, Skin Eruptions, Cuts, Burns, Scalds and Piles. 25c. Cure guaranteed by Stafford, the druggist.

NOTICE TO CONTRACTORS.
 The plans and specifications for the new Grace Episcopal church are now in the hands of Mr. E. C. Cooley and may be seen at his office. Bids are asked for, to be in on or before August 8, at 5 p. m. The committee reserves the right to reject any and all bids. 8-1-3d

THE RIGHT REMEDY.
 Your druggist will refund your money if Bunsen's Pine Tar Cough Honey fails to cure. One dose brings relief. Take a bottle and your Cough or Cold will disappear. This is a new discovery and the only cough remedy sold on a positive guarantee—No Cure, No Pay. For sale by Stafford Drug Co.

A GOOD ATTRACTION.

North Brothers, comedy company will appear at the Ishpeiming opera house August 8, 9 and 10 in a repertoire of first class plays. The company is well known to Ishpeiming theater goers, having filled a satisfactory engagement here last season. The leading lady, Miss Virginia Goodwin, is an actress of no mean ability and she is ably supported by a competent company, consisting of fourteen members.
 High-class specialties will be introduced at each performance. On the afternoon of Saturday, August 10, a children's matinee will be given.

LADIES ATTENTION.

A special exhibit of five hundred pieces of hand painted china from the Edgerton Art studios of Chicago will be made at Henry Harwood's store on Monday, Aug. 5, afternoon and evening. All admirers of the beautiful are earnestly invited to call. Orders for special decorations, also for the holidays, will be taken at this time. Mr. Harwood invites all who are interested to call.

ISHPEMING IN BRIEF.

Ernest Rankin of Marquette was here yesterday.
 Oscar Blix of Houghton is in the city on business.
 Charles C. Van Iderstine of Marquette was a business visitor here yesterday.

Julius and Seth Johnson and Oscar Tislow are camping out on Dead river.
 Mr. and Mrs. James Heard left yesterday for their new home in Ontonagon.
 Miss Irene McNulty and Miss Mary Rose of Marquette were in the city yesterday.

Misses Kate and Delia Bright and their brother Matt spent yesterday at Champion.
 Robert E. Lee of Milwaukee, representing the Smith, Premier company, is in the city.
 Several carpenters are at work repairing the crusher building at the Cliffs shafts mine.

Mrs. John Power and daughter and Mrs. Brumback spent yesterday at Presque Isle.
 Miss Mary Cutler left last night for Duluth to spend several days in that city visiting friends.
 Paul Presentine has returned from Milwaukee, where he spent the past two weeks visiting friends and relatives.

Albert Beerling has gone to Houghton to visit his parents, who reside there. He will be absent from the city about a week.
 John Nolan is making extensive repairs to one of his many houses, located on Second street. He will convert the dwelling into a store.

There will be an assembly party at the Anderson hall tonight. A large attendance is expected. Trombley's orchestra will furnish the music.
 The Sunday school classes of the Winthrop Swedish Lutheran church held a basket picnic yesterday at National grove. Several people from Ishpeiming attended the affair.

James Beer, who was injured by an L. S. & L. ore train Wednesday morning, was somewhat better yesterday, although his condition is still critical, with much doubt of his recovery.

The children of the Presbyterian Sunday school classes enjoyed a picnic at leveland park yesterday. The weather was delightful and the outing was greatly enjoyed by the little folks.

There were no cards played at the social supper tendered Miss Emma Meloche Wednesday evening, as was erroneously stated in a previous issue. The evening was most happily spent in other diversions.

Herman Jaedecke is spending a few days at Crystal Falls on a business mission. This is his first business trip to the town. He intends to make the Falls regularly hereafter working up trade for his cigar factory.

William Anderson was over from Ne-gamuee yesterday. He is ready to offer a good reward for the arrest and conviction of the vandal who damaged the windows in the Anderson block, in which he is interested.

Flykkie & Okers have sold out the bakery business, which they have conducted for some time. Neither member of the old firm has decided what business he will now follow. Their bakery was located on Second street.

Thirty or forty young people, members of the Winthrop Swedish Mission church, held a moonlight picnic at Braastad's camp on Teal Lake Wednesday evening. Refreshments were served and the evening was spent in boat riding and other outdoor sports.

Misses Josephine and Susan Dodge, Mrs. Caroline H. Sanders of Ypsilanti, Mrs. R. J. McCormell, Madison, Wis., and Mrs. E. C. Wilkinson of Detroit are guests at the Nelson house. They have come from the lower part of the state to spend considerable time in the iron and copper districts.

Upper Peninsula.

Chief of Police English of Menominee this week arrested a suspicious character on whose person search disclosed two valuable gold rings concealed in a sock. The fellow refuses to explain how he came into possession of the jewelry. He is being held, awaiting developments.

Edward Scofield of Oconto, formerly governor of Wisconsin, and A. L. Hutchinson of Weyauwega, Wis., are seeking a franchise to build a telephone system in Menominee. The same men are seeking a similar franchise in Marinette, across the river. The projected independent company has been encouraged by some of the leading business men of the twin cities. It would be a competitor of the Bell system, which now operates exchanges in both cities. There is plenty of capital behind Messrs. Scofield and Hutchinson.

Joseph Wagner, whose home was at Lake Linden, was killed by the Northwestern southern passenger train a quarter of a mile north of Nadeau Tuesday evening. Wagner was walking on the track. Whether the death was suicidal or accidental will never be known, but Wagner is said to have been a man of temperate habits. He was walking south when struck. He was thrown thirty feet and died in a few minutes, his skull being fractured and a leg broken. Wagner had been employed on county road repair work. He was about thirty three years of age.

The Iron Mountain Gazette says, "We have a sheriff who allows his prisoners to escape, a police force, the officers of which cannot be found on duty after 11 o'clock, and now holds up a constable of the city who is afraid to serve papers." Then the Gazette proceeds to relate how a constable, entrusted with papers of a trunk out of an irate boarding house keeper's hands, was repulsed by the woman in the case and came away from the boarding house empty handed, after sidling up to the door and slipping in the papers. The trunk was afterward obtained by another officer. The Gazette concludes, "Iron Mountain has a nice set of officers, nit."

Edward O'Reilly was severely injured at the St. Paul ore dock in North Escanaba Tuesday afternoon. He was engaged in operating the crank used in opening and closing the trap door in a bottom of an ore car, when the accident occurred. The car was standing over or near an empty pocket, when the crank suddenly slipped off the shaft. O'Reilly slipped into the pocket and fell with great force a distance of about thirty feet. Fortunately the mouth of the pocket was closed or he would have gone into the water, where, dazed with his injuries, he might have drowned. As it was he was badly bruised and shaken up. He had to be lifted from the pocket by means of ropes.

The Arnold Transit company's new steamer Iroquois made her first regular trip into the Soo this week and was accorded an enthusiastic reception at the dock. The Iroquois is a sister steamer to the Chippewa, being remodelled on the same lines and differing from her only in the matter of a few minor improvements. She was built in the Craig shipyards at Toledo last winter and was finished and equipped this summer. She is of steel, 225 feet long and 34 feet beam. Her interior finish is of mahogany, except in the dining room, which is finished in butternut. The dining room is located aft on the main deck and this permits the use of the entire cabin interior as a saloon.

The steamer is lavishly furnished throughout. A big comfortably furnished smoking room is located on the promenade deck, perfectly appointed toilet rooms are on the cabin deck and the officers' rooms, elegantly equipped, are located most convenient to the positions of their occupants. In the engineer's department the Iroquois shows her fitness for the fast passenger service. She is supplied with triple expansion engines to operate under 400 lbs. of steam provided by four Roberts' safety water tube boilers, capable of generating 900 horse power. From every point of view the Iroquois is one of the handsomest passenger boats on the lakes and will grace her proud position as flagship to the Arnold fleet. The Iroquois is fast and it is said that in the event of a race she would stand a first class chance of humbling the speedy Tashmoor, the Detroit craft which was compelled to run second to the City of Erie on Lake Erie in the famous race pulled off several weeks ago.

BIDS.
 will be received for a remedy that is equal to Dr. Caldwell's Syrup Pepsin. For particulars ask The Stafford Drug Co.

Superior ice cream and choice fruits at Luff's candy palace. (7-15-17)

BOVINE INSURANCE.

Cow Owners Form an Association for Mutual Protection.
 The very latest thing in insurance projects is an association to protect owners of cows against loss by their death from natural causes, or the violent taking off of their bovine property by thieves. It has just been formed here and is known as the Negaunee Cow Insurance association. Under the scheme adopted, members of the association own many cows as their own, or as many of those owned by them as they are willing to pay for. When a cow dies from old age or disease, or is killed by the cars or in any accidental way, the owner is paid \$80, that being the value placed on all animals insured, regardless of pedigree, age, or any other consideration.
 The association was formed mainly through the efforts of Simon Bishop and Louis Larson, and now has a membership of 110, most of whom are residents of the Jackson location. Some of the members have as many as eight cows insured. Each cow is closely described and the description is kept on file, so that when a cow dies the defunct bovine can be identified as one of which insurance was carried, or a deceased member might palm off the carcass of a dead cow secured by him somewhere as that of one on which he had carried insurance—meaning disposing of the insured animal by sale, or butchering it for his own use, in that way defrauding the association. When a loss occurs the amount to be paid is raised by an assessment on the members. One insured animal has dropped off since the association was organized, and the owner thinks the scheme is the best one that ever happened.
 Many believe there is a weak spot in the plan, however. The valuation placed on the cows insured is quite high, in addition to being arbitrary. Owners of poor cows are given a decided advantage over those who take out insurance on more valuable ones, and as few cows are worth \$80 there is the danger that the scheme may beget an unusual mortality among animals insured which are worth less alive than the insurance they will bring when they drop off naturally, or run foul of a railway engine. Be that as it may, the association has inaugurated a novel experiment in insurance and the working of its scheme will be watched with no little interest.

STARTED ON THE ROAD.
 R. J. Goodman of Sanda, who recently took a contract to repair the team road leading from the township to Marquette, a distance of between three and four miles, put a few men at work on the job this week. He intends to increase the force within the next few days, as he is desirous of finishing the job before starting his camp.
 Mr. Goodman will operate in the woods near Clowery the coming winter, establishing camps at the same location he occupied last winter. He will also work a number of men at different points along the line of the Chicago & Northwestern road, employing in all one hundred men or more.

MARRIED LAST EVENING.
 R. C. Treloar and Miss Emily Thomas were married last evening at the home of the bride's parents on Cherry street. Miss Florence Osborne was maid of honor and Joseph Treloar supported the groom. The ceremony was performed by the Rev. Isaac Wilcox at 8 o'clock, in the presence of a few friends and relatives of the wedding pair. A wedding supper was served after the ceremony. Mr. and Mrs. Treloar will make their home in this city.
MORE GROUND NEEDED.
 So crowded with graves is the Protestant cemetery that there is not room in it for more than another dozen without unseemly crowding. It has been necessary of late to dig graves with a great deal of care to avoid disturbing bodies already interred there, and when winter comes again it will be very difficult to follow lines closely. More land should be secured for the cemetery at once, and the cemetery board should not delay getting it.

November 6th, 1899.
 Pepsin Syrup Co.
 Dear Sirs:—I feel it my duty to write to you and let you know how much good your medicine has done for me. Twenty-three years ago I was taken with some kind of stomach trouble and I tried everything I heard of. They did me but little good. Three years ago neuralgia set in on me and I got so poor and weak that I could hardly walk—couldn't work any. My husband received a book through the mail, advertising your medicine, and he sent our little boy to the drug store to get one of your ten-cent bottles. I began to use it. It is strange to say, but it's the truth, the second dose I took gave me lots of relief. I kept on using it till I used it nearly one year and now I am nearly as strong as I used to be and can do any kind of work. I recommend it to all, for it seems to me it would cure anybody. I have gotten several to use Dr. Caldwell's Syrup Pepsin and they all say it has done them so much good. God bless Dr. Caldwell and his medicine for doing me so much good.
 Yours with respect,
 MRS. ISABELL WHEELER.
 Freetown, Jackson Co., Ind.
 Sold by The Stafford Drug Co.
 No such thing as "summer complaint" where Dr. Fowler's Extract of Wild Strawberry is kept handy. Nature's remedy for every looseness of the bowels.
 Where the digestion is good, and the general powers of the system in a healthy state, worms can find no habitation in the human body. WHITE'S CREAM VERMIFUGE not only destroys every worm, but corrects all derangements of the digestive organs. Price 25 cts. Stafford Drug Co.

ALL PEOPLE KNOW.
 Why is the name DeBell's Kidney Pills imitated? Why are diamonds imitated? DeBell's Kidney Pills are the most valuable medicine the world has ever known. No other medicine will cure Bright's disease and diabetes. No other medicine has cured as many cases of Rheumatism, Heart Disease, Lumbago, Sciatica, Dropsy, Female Weakness, Urinary and Bladder Complaints, Nervous Diseases and disorders of the blood. And no other medicine has never disappointed. Price 25 cts. per box. For sale by Stafford Drug Co.
SCALD HEADS AND SALT RHEUM.
 Boro-Carbol Salve will cure Scald Head and salt rheum when all other ointments have failed. It allays the itching at once, acts like a poultice and gives instant relief. This is a new discovery and is the only remedy sold on a positive guarantee—No Cure, No Pay. Price 25 cents per box. For sale by Stafford Drug Co.
SPEND SUNDAY IN MUNISING.

S. & A. railway will sell excursion tickets to and from Munising at the very low rate of \$1.18. Tickets will be on sale for the early morning train of Sundays and will be good during the morning train of August 3rd, the same day. For further particulars apply to ticket agent or to Geo. W. Hibbard, G. P. A. (2-16-01)

Republic.

THE NEW ORE CRUSHER.

It Will Be Installed Near No. 9 Shaft.
 A representative of the Gates Crusher Manufacturing company spent Tuesday in Republic. Before he left town he had with him an order for a Gates ore crusher, one similar to that in use in the large plant at the Lake Superior Iron company's No. 16 mine in Ishpeming.

A gang of men was put to work Monday breaking ground for the foundation. The plant will be located immediately north of the South Shore railway tracks leading to the main portion of the mine, a short distance south of No. 9 shaft. It will be necessary to remove considerable dirt, as well as some large boulders, in preparing for the foundation. The ledge may also be struck there. In this event considerable drilling and blasting will be necessary before the bottom will be ready for the timbers.
 The location is an ideal one for the plant, though a tram of several hundred feet will be necessary to bring the ore from the shafts near the office. The location selected will be quite convenient to No. 9 shaft, from which more ore is hoisted than any other shaft in the mine. All the ore mined will have to pass through the crusher. No difficulty or delays will be experienced on this account, as the crusher will "chew" the ore so fast as it can be dumped into it.
 A modern tram will be put in from both directions with a view to getting the product to its destination at as low a cost per ton as possible. Tram systems at other iron mines of this section will be examined before one is installed. It will be some weeks before the crusher will be in position and ready for operation. The manufacturers have promised to deliver the machine as soon as possible.

"UNDER THE LAURELS."
 The members of the Modern Woodmen of America and their lady friends who are preparing to produce the comedy drama, "Under the Laurels," expect to stage it some time in September. Rehearsals are held at regular intervals and all are taking much interest in their work. The different parts will be in the hands of the following ladies and gentlemen: Mrs. A. Hocking, Miss Mae Dungey, Mrs. Harrison, Mrs. J. W. Peterson, Ed Smith, R. T. Lynch, Homer Hocking, P. White, C. M. Oliver and Al Hocking.

GOING TO THE TOURNAMENT.
 A special meeting of the Republic fire department was held Tuesday evening, when final arrangements for attending the annual convention and tournament of the Upper Peninsula Firemen's association at Crystal Falls next week were completed. It is expected that at least thirty members of the department will attend. There are forty-three active members enrolled, but several of the boys will find it impossible to go away. A few of the latter may go down the last day, taking in the best of the sport. It is thought that at least 150 Republic people, including the firemen, will attend the meeting. A coach will be set out here for the exclusive use of the firemen and their friends. Tickets will be sold at one fare for the round trip.

USING THE JACKETS.
 A number of the young men here are getting considerable amusement out of friendly wrestling bouts, conducted nightly back of the high fence near "Deacon" Lynch's barber shop. Mike Dooley, the clever wrestler from Calumet, spent Monday evening in town. He gave the boys a lot of pointers and there was fun galore. The sport was continued until 1 o'clock in the morning. Some of the boys got heavy falls and they were quite sore the next day. The "deacon" is becoming so clever with the jackets that his friends say he will soon be in a class by himself. Mike Dooley is an old Republic boy. He left here for the copper country some years ago.

GOES TO HANCOCK.
 Rev. Father Geers, pastor of the Catholic church congregation here for nearly seven years past, goes to Hancock, taking the parish formerly the charge of the late Father Keller. Father Geers' successor has not yet been announced, but it is expected Bishop Eis will name a permanent pastor for the parish within the next few days.
 Mr. Geers has accomplished much for this parish. He leaves here with the satisfaction of knowing that through his efforts there is not a dollar of indebtedness remaining on the church property, and with everything about it in excellent order.

SNAP SHOTS.
 Mrs. Mike Lally is visiting friends at Sparta, Minn.
 Ben Mitchell and wife got home Tuesday from a visit in Milwaukee and Chicago.
 John Mitchell of Harvey, Ill., spent last week in Republic visiting Homer Hocking.
 An engraver who has seen better days did considerable work in town one day last week.
 An attack of inflammation of the lungs has confined Earl Haggerson to his home for several days.
 Mr. and Mrs. John Pradie of Butte, Mont., for many years of this place, visited friends here during the week.
 Rev. Dahlberg, pastor of the Swedish Lutheran church here, conducted the services at the funeral of the late Gust Horngren in Champion last Sunday. A

Automatic Clothes Line Holder.

30 CENTS EACH.

Mrs. T. Rule concluded a visit with Mrs. J. A. Kingstedt Tuesday last, and left for her home in Lake Linden.
 The homing pigeons from Ishpeming attracted considerable attention when they were released here one day last week.
 Fred Schwendeman of Michigamme spent a couple of days here early in the week looking over lands south of the village.
 E. F. Bradt has a dozen or more men working on lands out from Republic. Active exploratory work has not yet been started.
 Manager Kennedy of the Republic baseball team is endeavoring to arrange a game for next Sunday afternoon on the local grounds.
 Miss Clara Pascoe has gone to Calumet for a visit of two weeks or more with her friend, Miss Libbie Grenier, who was here last week.
 John Brown, the team man, was up from Ishpeming early in the week. He was accompanied by his daughter Marie, who visited Mrs. George Voyer at the Pascoe House.

It is made for weight in case of every accident. Sent to any address, post paid for 15 two-cent stamps or three 50 cents, with a catalogue of many other useful articles.

CROWN DISTILLING CO.,
 Cincinnati, Ohio.

END NOW IN SIGHT

TELEPHONE WORK HERE WILL SOON BE COMPLETED.

WILL MOVE CENTRAL NEXT WEEK.

LOCAL SYSTEM WILL HAVE BEEN GIVEN THOROUGH REBUILD.

Underground Wires Are Now Partly in Commission and Final Connections Are Being Made—Other U. P. Operations.

Work on the Michigan Telephone company's new system for Marquette is advancing steadily and the local officers now see where it will be completed in about six weeks.

The construction department still employs a number of men, but its heaviest labor is finished, and it will shortly transfer its activities to other upper peninsula cities.

Taken as a whole, the work in this county is well advanced. A new central office at Ishpeming was occupied a few days ago and much new work has been finished in the up-the-road cities. However, there are many upper peninsula points where the company will be busy rebuilding and repairing its lines for a number of months to come.

In the copper country, particularly at Houghton and Calumet, there is much new work to be finished. Iron Mountain is another city which will come in for considerable attention, nothing having been done there since all telephone construction was suspended several months ago, to be resumed only last spring.

The Marquette exchange is still located in its old quarters in the Frei block, Front street, but it will shortly be moved, in all likelihood next week, to the new central room in the company's Washington street block.

The improved switch boards were located a couple of weeks ago and, in the interval, the task of connecting them with the numerous local and outside lines has progressed steadily. It is now well along and in a few days everything will be in readiness to get in communication with all subscribers from the new central office.

The underground system is also being gradually connected up, this work, too, being, for the most part, completed. The majority of the connections have been made and they will all be finished within the next few days.

The several cables, stretched along the south side of Washington street from the new telephone building to the old exchange, temporarily connecting the present central office with part of the underground system have about outlived their days of usefulness and they are soon to be removed.

The company has had, during the past few weeks, one crew of men employed with the task of removing dead wires from the poles in different parts of the city. To all intents and purposes the local Bell system has been rebuilt and miles after miles of the old wire, to say nothing of many poles, have come down.

At an early date the Washington street, from the city hall to Front street, and Front, from Washington to Superior, will be relieved of one line of the unsightly poles which do so much to detract from the appearance of the downtown sections of these thoroughfares.

The underground telephone system will permit of this improvement. All the Bell telephone poles on Washington will come down, but on Front the line now owned by the electric light and power commission will be removed.

The commission has purchased the poles which have been used by the telephone company, they being the newer and stronger of the two sets, and it will resting all its wires on them, permitting the removal of its old line.

The proposed reduction of the number of poles on Washington and Front streets will work the greatest improvement in the appearance of these two thoroughfares, which, if the paving project now before the council is carried out, will shortly look like up-to-date thoroughfares, losing their present contrived aspect.

A result of these various improvements in the Michigan Telephone company's system will be a great betterment in the service, which, with the new central office and underground system are operating, it is fair to presume, will be the best ever enjoyed in Marquette's history.

SUMMER VISITORS FEW.

But the influx should begin in earnest this month. At this time last year there were many more summer visitors in Marquette than there are today. Traffic is unusually late in setting northward this season, that is if it is going to "set," and but little doubt is expressed on this score.

It is not recorded that any hotel or boarding house in the city is now pressed to take care of the resort business. On the contrary the strangers are few and far between. However, the first of the usual contingent of summer visitors are beginning to come along and the prospects are that the arrivals will be continuous from now until the end of the season.

into the fall. It is fair to presume that among the arrivals of the next ten days will be many Chicago people attracted by this unusually favorable rate.

As The Mining Journal has already outlined the roads out of St. Louis are also offering unusual inducements to northbound traffic this year. Against these provisions of the railway companies may be placed the present unsettled business conditions, the Pan American exposition and the unstable weather to account for the delay of the influx of north bound traffic.

Marquette has enjoyed typical summer resort weather the past few days, after the unusually warm spell which prevailed throughout the country for the previous two weeks. Lately the days have been deliciously cool and the nights provocative of the soundest slumber. The city, the past week, would have been an ideal retreat for heat-tortured city folk.

Advices from the officers of the Western Hay Fever association are to the effect that the first delegations of members will be along about the 10th or 15th of the month, it being the intention to formally establish the headquarters here on the latter date. From all reports the association will have a large representation in Marquette this season.

BERRY TRAIN STARTS TODAY.

Marquette Pickers Will Have Special Facilities for Reaching the Plains.

The South Shore berry train, which is run annually through the picking season, will make its first trip to the plains down-the-line this morning, it being scheduled to leave at 7:45. This train will run daily, except Sunday, throughout the season and during the next few weeks it will carry thousands of Marquette people. The train will make several stops at different centers in the berry plains. The rates are ridiculously low.

This special is used almost entirely by people who gather berries for home consumption, immediate use or preserving. Few people who intend to sell the product of their industry to the commission men, through the buyers here and down-the-line, avail themselves of its accommodations. Pickers of this class usually figure on camping out at the plains during the best part of the berry season. By this procedure they can work early and late, putting in long hours daily and earning surprisingly large amounts of money. There would be no great profit in helping to harvest the crop, were they compelled to make daily trips to and from the plains. It is said that the berries will be plentiful during the next few weeks. The early crop did not amount to much, it being reduced and rendered practically valueless for mercantile purposes by the extremely hot weather. Conditions of late have been better suited to the proper development of the berry and it is expected that the harvest from now on will be large. It is said that, notwithstanding this latter fact, the crop, as a whole, will not be as large or as valuable as in some former seasons.

COPPERS STRONG.

Are Closely Held and Advance Easily on Light Buying.

There is nothing new in coppers, but whatever activity there is at Boston goes to show that the coppers are closely held, they advancing easily on light buying. Paine, Webber & Co. said:

"The buying of Oseola today was by Kidder, Peabody & Goodwin and Thorn-dyke and it was believed to be in the interest of insiders. Tamarack and Isle Royale were stronger in sympathy with Oseola. The action of the market today proved the strength of coppers. They advanced easily on a small buying demand and, on the advance, found new friends. The foreign visible supply figures were published today and showed a future slight decrease in the amount of copper held abroad. The market for the metal is strong. We think it will be well to watch the good coppers in this hot weather and pick up a few stocks, whenever they can be had at bargain prices."

Hayden, Stone & Co. wired the Laidley Commission Co.:

"Coppers are dull, but there is good investment buying of Oseola and Wolverine. From all reports we think Michigan a good proposition. We would buy it on any reactions." A. R. Jones & Co. said of wheat:

"The wheat market is again a very tame affair. The news on this grain continues as bullish as the most ardent short could wish and, as far as appearances go, nothing but the strength of the coarse grains prevents a bad smash in prices. Still we cannot see where short sellers are going to make much money. There may be no specially encouraging features right now, but we think the market is working steadily into a position where holders will have it all their own way."

WHAT A TALE IT TELLS.

If that mirror of yours shows a wretched, sallow complexion, a jaundiced look, moth patches and blotches on the skin, it's liver trouble; but Dr. King's New Life Pills regulate the liver, purify the blood, give clear skin, rosy cheeks, rich complexion. Only 25c at Stafford's drug store.

We have fifteen second-hand bicycles They will be sold cheap. If you want a wheel it will pay you to see them. R. L. Francis Co. (7-12-14)

EXCURSION FARES

To the Famous Fishing Grounds east of Marquette—Commencing Sunday, May 13, 1901, and continuing every Sunday thereafter until further notice, the D. S. & A. railway will sell excursion tickets to the following points at the very low rates named:

Tickets will be sold for the early morning express of June 9 and for the night express of same day. For further particulars apply to station and ticket agents or to Geo. W. Hibbard, G. P. A. (6-15-14)

MARINE MATTERS.

Passed the Canal. Sault Ste Marie, Aug. 1.—(Special) 17—Black, 3:20; Hackett, 9:20; Nesbitt, 10; Norwalk, 12:20; Queen City and wheelback, 1; Cambria and wheelback, 2; Tower, 3; Ralph, Harold, Maruba, Thomas Rees, Norton Ford, 4; Curry, 5:20; Parker, 7; Cadillac, 10; Erickson, and wheelback, 11:30; Mickey, noon; Northern Queen, 1; Albright, 1:40; Frick, 2; Eagan, Merrimac, 3:40; Peavey, Bannockburn, Winipeg, Danmore, 3:40; Colonial, 6:40; Sauber, 7; Quito, Page, Mataafa, Maxr, 8:20.

Notes of Marine News. The Peerless will touch here, bound down, this morning.

The Thompson was discharging a cargo of coal for the South Shore yesterday.

CITY BREVITIES.

Today's weather: Showers and slightly warmer; variable winds, shifting to southeast.

Yesterday's temperature: 7 a. m., 62 degrees; noon, 63 degrees; 7 p. m., 64 degrees. Maximum, 65 degrees; minimum, 62 degrees.

W. G. Rice came down from Houghton last evening.

Mayor Mangum went down to Escanaba on business yesterday.

Dell's "devilish" window has attracted widespread attention the past few evenings.

Miss Maurice Seifert of Houghton is the guest of her uncle, Joe Prince, for a few days.

"It's all for laughter" is the maxim of "The Two Merry Tramps" who will appear in our city.

Mr. and Mrs. J. Kirkpatrick of Palmer and Mrs. J. C. Kirkpatrick of Escanaba were in Marquette yesterday.

"The Two Merry Tramps" Wood and Ward's big farce comedy, will be seen here in the near future.

J. J. Wirtz left for Wisconsin points last evening on business for the Minneapolis Tontine association. He will be absent about a week.

There were a number of harbor launches out on the lake last evening. The copper country craft, Nipigon, took a party out for a short spin.

John Bogue, who has been employed in Paine, Webber & Co.'s Marquette branch office lately, left for Greenland yesterday to take a responsible position in a new bank just established there. He will henceforth live at Greenland.

C. M. Manceau, manager of the Duluth Telephone company, was in Marquette yesterday, inspecting the local system. The Duluth company is about to give its system a thorough rebuild and the manager was picking up some pointers from the work in progress here.

The board of education has awarded Contractors Dussau, Young and Richardson the work of painting and cal-somining the various school buildings and Contractor Fairbanks the carpentering work. The contractors are requested to call on the superintendent for full particulars.

The Lake Shore Engine works has just closed a contract with the engineering department of the district of Lake Erie for a twelve horse power "Superior" engine, which will be used to equip one of the largest launches in the engineering service. The engine will be shipped as soon as it can be turned out of the shops.

J. R. Grant has purchased an interest in his father's business and the firm name will hereafter be P. Grant & Son. This concern is located at 116 West Spring street and it is one of the oldest in the city. Plans for a considerable extension of the business have been formulated and henceforth harnesses will be manufactured for the wholesale trade, although the retail business will continue to be looked after.

Marquette merchants are not paying the \$25 license fee required by a new city ordinance very freely. Far less than half their number have called on the city recorder to obtain their licenses. This ordinance was designed to afford the business men protection and the city officials express surprise that they do not hasten to fulfill its conditions. A query being put in many circles asks, "Is this but another of these ordinances made mainly that they may be neglected?"

We want a gentleman of good address to work from the home office here, to represent us as special agent in the city of Marquette. A permanent position and good pay. Call at 409, Savings Bank bldg., Northern Michigan Benefit Association. (8-2-6)

WANTED AT ONCE.

A number of first-class men wanted at once in all parts of the upper peninsula, to represent the Northern Michigan Benefit Association, Savings Bank building, Marquette, Michigan. Our line of policies are winners, new and up to date, no red tape. Liberal terms to good agents. Call or write at once, 409 Savings Bank building, Marquette, Mich. (7-31-14)

They can't help it; crabbed old bachelors and disappointed girls over 30 need Rocky Mountain Tea; carries them back to childhood's happy home. 35c. Stafford Drug Co.

GOOD ADVICE.

The most miserable beings in the world are those suffering from Dyspepsia and Liver Complaint. More than seventy-five per cent. of the people in the United States are afflicted with these two diseases and their effects; such as Sour Stomach, Sick Headache, Habitual Constiveness, Palpitation of the Heart, Heart-burn, Waterbrash, Gnawing and Burning Pains at the Pit of the Stomach, Yellow Skin, Coated Tongue and Disagreeable Taste in the Mouth, Coming up of Food after Eating, Low Spir-its, etc. Go to your Druggist and get a Bottle of August Flower for 75 cents. Two doses will relieve you. Try it. Get Green's Prize Almanac. The Stafford Drug Co.

How Are Our Riders? C. H. Hovey, Secy. of Riders' Club, 116 S. Wabash, Chicago, Ill. (6-15-14)

PROFITABLE BUNCO GAME.

Swindler Employs the Name of Fictitious Marquette Firm.

Upper peninsula people are warned against falling victim to the wiles of a swindler who claims to be a traveling representative of Walton Bros., men and women's tailors of Marquette. There is no such firm here and all people who have given money to the fellow claiming to represent it, have thrown their cash to the winds.

Knowledge that some crook is operating as the representative of this fictitious concern, has been obtained by J. L. Walton from letters addressed to Walton Bros. and opened by him. They come from people who have been victimized by the swindler, usually for small sums. He has received four of these letters during the past several weeks and he is of the opinion that the fake representative has worked the upper peninsula pretty thoroughly, the majority of his victims being willing to accept their small losses without protest, realizing that they had bitten on a variation of the old "sucker" game.

Mr. Walton has received letters from Bay Mills, the Soo and Cheboygan, the last coming from the latter point. Its writer relates that the agent called on him with a line of samples, claiming to be on the road for the fictitious Marquette firm. The Cheboygan man picked out material for a suit for his wife and advanced \$1 on the order. In his letter he complained that he had not seen the agent again, nor had he heard from the house. He urged that the order be filled or that his money be returned.

It is believed that the swindler has been content with small profits, figuring that his victims would make no outcry against small "touches," where they would be up in arms if he successfully endeavored to mulct them out of large sums. He seems to have designed a clever game, as he has doubtless picked up a goodly aggregate of money without incurring any serious danger of arrest.

Once again upper peninsula people are warned to beware of Walton Bros. representative. J. L. Walton is the only tailor of that name here and he has no one on the road.

Twenty-five gas lamps for bicycles—going at a bargain. R. L. Francis Co. (7-12-14)

If you want the best accident and health policy in the world, call at 409 Savings Bank building. They are issued by the Northern Michigan Benefit Association. (8-2-14)

We will give big discounts on all bicycle sundries for the next thirty days. Now is your chance. R. L. Francis Co. (7-12-14)

is a daily occurrence, but the bulls and bears can't do it any slicker than we can cut one up and trim it for your table. Our Spring lamb and veal, broiled, chicken and capon are delicacies that an epicure can appreciate. Our prime ribs of beef, mutton and cooked ham in favor and quality can't be beat.

FRANK W. HATHAWAY, PALACE MEAT MARKET.

Strong Endorsements by Reliable People.

The following are samples of the many testimonials on file in our office:

Mr. John A. Boyd, formerly of Calumet, HAD APPENDICITIS AND THIS IS WHAT HE SAYS:

Northern Michigan Benefit Association, Marquette, Mich.

Gentlemen:—I am in receipt of your check in full settlement of my claim for illness, and take pleasure in acknowledging receipt of same. Thanking you for your promptness and fair dealing, I remain,

Yours truly, JOHN A. BOYD. Formerly with the People's Electric Light & Power Co., Calumet, Mich.

Dominick Ferguson, of the Ferguson Brothers of Munising, is a member of the Northern Michigan Benefit Association. On January 31st while super-vised in the woods he received a fractured leg. His claim was paid promptly and fully.

Northern Michigan Benefit Association, Marquette, Mich.

Gentlemen:—Your general manager has just paid me \$142, the full amount due me for fractured limb, and I assure you that I am well pleased with the courteous manner with which he dealt with me; he called on me and adjusted my claim without any trouble or expense to me. I will ever be loud in my praise of your methods of doing business and the careful and prompt attention you extend to the welfare of your members when they most need it. Wishing you continued success, I am,

Yours truly, DOMINICK FERGUSON.

Editor Holbein of Manistique while enroute to catch the train at Ne-gaunee slipped on the icy sidewalk and received a fractured shoulder. HE ALSO TELLS OF THE FAIR TREATMENT HE RECEIVED.

The undersigned hereby wishes to thank the Northern Michigan Benefit Association for the prompt and satisfactory settlement of my claim for partial disability—the result of a broken shoulder. The company is establishing a record for doing everything it agrees to do and I can most cheerfully recom-mend it and its able manager, W. R. Hardy, to the public.

Manager Tribune Pub. Co., Manistique, Mich.

Northern Michigan Benefit Association, Marquette, Mich.

Gentlemen:—I hereby acknowledge receipt of your check in full settle-ment of my claim for illness, and wish to thank you for the satisfactory settle-ment of same. Yours truly,

Foreman for Chicago Lumbering Co., Camp 66. M. J. McNEIL.

WE INSURE BOTH MEN AND WOMEN

on equal basis with equal rights at equal cost. Our policy is new and UP-TO-DATE in every respect, free from all unnecessary restrictions and is as liberal as is consistent with safety, and covers the entire field of insurance. WE PAY FROM \$20.00 to \$100.00 per month for disability caused by ACCIDENT and from \$20.00 to \$80.00 for disability caused by SICKNESS. We pay from \$100.00 to \$500.00 for loss of one limb by ACCIDENT and from \$100.00 to \$1000.00 for loss of TWO LIMBS or BOTH EYES by ACCIDENT. From \$500.00 to \$1000.00 for TOTAL DISABILITY or BLINDNESS the result of DISEASE and a FUNERAL benefit of \$100.00 in case of DEATH FROM ANY CAUSE. The cost of this insurance is from \$1.00 to \$2.00 per month, according to the amount of insurance desired. THERE ARE NO EXTRA ASSESSMENTS, PER CAPITA TAX OR LODGE DUES.

IF YOU ARE NOT EXEMPT from accidents, sickness or death our plan of insurance should interest you and offer your more protection than any other class of insurance written. If you are interested in any way we will be pleased to have you call at the office and we will explain fully, or if you will drop a card in the post office, we will send an agent to explain to you. We have fully complied with the strict INSURANCE LAWS of the state of Mich-igan, and are doing business under the supervision of the State Insurance Commissioner, are permanently located in this CITY and are engaged in a LEGITIMATE BUSINESS. Our business is well established in various parts of the state and is receiving the liberal patronage to which the just and liberal adjustment of all claims entitles us.

WE WANT GOOD AGENTS.

If you are out of employment or would like to start in business for your-self, write us; we can use good men, and will pay them well for their services. No soft job seekers need apply; we want workers. We pay agents for working and PRODUCING BUSINESS, not for distributing printed matter.
