STRIKE ORDER OUT

MEN IN ALL TRUST MILLS ARE NOTIFIED TO QUIT.

WALKOUT FIXED FOR SATURDAY.

WILL INVOLVE THOUSANDS UPON THOUSANDS OF WORKERS.

Plants of the National Steel, National Tube and Federal Steel Companies Those It is Now Proposed to Close Down.

Pittsburg, Aug. 6.—President Shaffer's long talked-of general strike order was promulgated this evening, to take effect after the last turn of the mills on Aug. 10.

What the result will be cannot be foretold, but judging by the expressed determination of both sides to the controversy the battle will be waged fast and furiously. Much money will be lost, thousands upon thousands of men will be idle, great suffering is looked for and bloodshed and death are possible and feared.

The strike call includes practically all the Amalgamated men in the United States Steel corporation's employ not now on strike. It was issued from the Amalgamated association headquarters and mailed to all Amalgamated lodge officials, who are expected to call their men into the strike.

Text of Shaffer's Order. "Brethren: The officials of the United States Steel trust have refused to recognize as union men those who are now striving for the right to organize. The executive board has authorized me to issue a call upon all Amalgamated and all other union men in name and heart to join in the movement to fight for labor's rights. We must fight or give up forever our personal liberties.

"You will be told you have signed contracts; but you have never agreed to surrender those contracts to the United States Steel Corporation. Its officers think you were sold to them just as the mills were, contracts and all. Remember, before you agreed to any contract you took obligation to the Amalgamated association. It now calls you to help in this hour of need. Unless the trouble is settled on or before Saturday, Aug. 10, 1901, the mills will close when the last turn is made on that day. "Brethren, this is a call to preserve your organization. We trust you and need you. Come, help us, and may right come to a just cause. Fraternally yours, (Signed) T. J. Shaffer."

Involves Many Additional Concerns.

President Shaffer added this statement: "The call goes to the vice presidents of the districts in which there are mills owned and operated by the National Steel, the National Tube and the Federal Steel companies, as well as to the officials of the lodges in the mills. No notice has been or is being sent to the managers of the mills. We think their notice has come from the other side and that they had warning of this ever since the inauguration of the strike. That ought to be sufficient."

Later—President Shaffer's strike order is expected to swell the number of idle men to over a hundred thousand men at the end of the week. Mr. Shaffer was asked if the call was not intended for the union men in the Carnegie Steel company, but would answer no questions on that score. The Amalgamated association has lodges in several of the plants of the Carnegie Steel company, and these men will be expected to join the strike, as will all Amalgamated men and sympathizers in all the plants of the United States Steel Corporation.

The other companies of the steel corporation whose operations the association will seek to hamper are the American Steel & Wire company and the American Bridge company. In the wire company, the Amalgamated association has only lodges in the Cleveland rolling mill and the Joliet rod mill.

Men Will Stand by Union. The attitude of the men of the United States Steel Corporation so far not affected by the strike has been carefully canvassed since the futile effort at peace at New York last Saturday and the reports of the vice presidents indicate the men will support the stand of their officials. An aggressive move on the Carnegie mills is intended and will be taken promptly.

After issuing the official call for next Saturday night, President Shaffer said: "At noon today I called out all the men employed in the Newcastle mills of the National Steel company. They will stop work at twelve tonight. I learned the trust has been piling up union-made bars in old portions of the dismantled buildings of the steel mills for the purpose of supplying the trade to non-union mills when the plants were shut down. It was a clever trick, but it did not work. After sending the telegram to Newcastle arrived a reply which read as follows: 'The mill will close. The men are all firm.' This will bring about fifteen hundred men out in that plant."

Men at Newcastle Quit. Newcastle, Pa., Wednesday, Aug. 7.—At midnight, 275 men, representing the last turns of the steel and bar mills of the local plants of the National Steel mill, walked out in deference to the

OFF TO THE SOUTH POLE.

British Expedition Sails for the Antarctic Regions.

Coves, Isle of Wight, Aug. 6.—The British Antarctic exploration ship Discovery sailed this afternoon for the South Polar region.

OIL TRUST FEELS COMPETITION.

Quarterly Dividend Just Declared Shows a Big Decrease.

New York, Aug. 6.—The directors of the Standard Oil company of New Jersey today declared a quarterly dividend of 8 per cent. This compares with a declaration of 12 in June and 20 in March.

HEAVY RAIN IN NEBRASKA.

Long Drought in the Southwestern Part of the State is Broken.

Lincoln, Aug. 6.—Heavy rains fell tonight in the southwestern part of Nebraska, breaking the drought which had been almost continuous since the fourth of July. In the Sappa valley of Furnas county, the downpour was the greatest ever known there, three inches falling in no less than half an hour.

NEGAUNEE GETS IT

IS UNANIMOUS CHOICE FOR NEXT TOURNAMENT CITY.

CASPAR BRAND PRESIDENT.

PARADE OPENS THE FIREMEN'S MEET AT CRYSTAL FALLS.

Visitors Are Presented With Wooden Key, Symbolic of Freedom of the City, and Make Merry— Races Begin Today.

President—Caspar Brand, Houghton. First Vice President—Fred Keppler, Lake Linden. Second Vice President—Harry Barr, Ironwood.

Secretary—Thomas Flynn, Negaunee. Treasurer—P. J. Mullally, Marquette. Crystal Falls, Mich., Aug. 6.—The above-named officers were elected this evening at the business meeting of the Upper Peninsula Firemen's association, which began its annual three-day tournament in this city today. There was a warm contest over the treasurer-ship, the Marquette man winning by one vote.

It was decided by a unanimous vote that the next tournament be held at Negaunee, and with regard to the proposition to change the dates of these meetings, that was left with the executive committee for decision. The complaint that abusive language has been used on the tournament track in past contests was heeded, it being ordered that the officers rigidly enforce Section 23, which fully covers the matter. The committee on fire insurance was given further time.

Parade a Big Success.

The tournament began in earnest this afternoon with the parade, and it was a great success. Several departments were well represented and four bands furnished the music. Lake Linden was in the place of honor, following directly behind the officers' carriages. At the conclusion of the procession, "Brad" Webb in a neat little address welcomed the visitors and presented President Van Wick, of the Soo, for the association, with a huge wooden key, symbolic that the freedom of the city was tendered the fire laddies. President Van Wick replied to the address of welcome in a brief speech.

The tournament contests will start tomorrow morning, the program and the order in which the teams will compete being as follows: Regulation Hose Race—Ishepeming, Bessemer, Calumet, Negaunee, Amassa and Lake Linden. This is the only race scheduled for the forenoon, the afternoon events being: Regulation Hook and Ladder—Bessemer, Lake Linden, Negaunee, Ishepeming and Calumet. Couplers' Race—Bessemer, Ishepeming, Calumet, Negaunee, Amassa and Lake Linden.

Protest Against Dooley.

It is understood tonight a vigorous protest is to be entered against Dooley, the speedy Calumet sprinter, on the ground that he is a professional, having run for money, and should not be allowed to compete. There promises to be a warm fight over the question. The village is profusely decorated, especially along the main street. The visiting firemen so far have had a royal good time.

WEATHER FORECAST.

Washington, Aug. 6.—The following is the weather bureau's forecast for Upper Michigan: Showers and cooler in western portion, fair in eastern portion, Wednesday; Thursday, showers in eastern, fair in western portion; fresh west to northwest winds.

INDIANA PAPER MILL BURNS.

Marion, Ind., Aug. 6.—The entire plant of the Indiana Pulp & Paper company, with the exception of the finishing department burned today. The loss is \$175,000.

INDIAN TROUBLES BREWING.

Full-Bloods and Half-Bloods at Odds on Flathead Reservation.

Helena, Mont., Aug. 6.—Trouble is brewing on the Flathead reservation between the Indians and half-breeds. The Indians object to the half-breeds picking up cattle on the reservation. Both sides are reinforcing and bloodshed is feared.

HOT ON MALVAR'S TRAIL.

Troops Take Filipino Leader's Camp While Breakfast Is Steaming.

Manila, Aug. 6.—General Chaffee received word today that General Sumner's troops are in close pursuit of the insurgent leader Malvar. They captured Malvar's camp while his breakfast was still hot.

Manila's New Government.

The military government of Manila ceases tomorrow and the municipal affairs will be taken by three commissioners, similar to the government in the District of Columbia. The president is a Filipino, Colonel Herrera, and the others are Messrs. Balwin and Tutwiler. The chief of police is George Curry, a former officer of the Eleventh cavalry. Mr. Houserman is city attorney.

M'Laurin Defiant

SOUTH CAROLINA SENATOR DECLINES TO RESIGN.

SCORES STATE CENTRAL COMMITTEE.

DENIES ITS AUTHORITY AND APPEALS TO PEOPLE.

Declares Tillman a Buffoon and a Bully and Calls Attention to His Debased Character and Shameful Record.

Columbus, S. C., Aug. 6.—The Democratic state executive committee today received Senator M'Laurin's reply to its action of July 25 in condemning his course in the senate and demanding his resignation. In the course of his letter, Senator M'Laurin writes: "I hold my commission from the Democratic voters of South Carolina. I recognize no authority but theirs; take no orders from any source but them, and shall in due course appeal to them for judgment on my course as senator and my character as a man and as a Democrat.

"Personally, I am indifferent to your accusation because nobody has made you my master or censor, and I regard what you have done as merely an expression of the malice and fears of one individual, Senator B. R. Tillman. But for this always evil, indecent influence, ordinary respect for proprieties would probably have prevented the four of you who are my declared competitors for the seat I now have the honor to occupy from abusing the use of the power entrusted to you by your party to remove a rival from your path.

"I shall ask the people to decide between a man who has tried to help the cotton factories, open the highways of commerce and command for the Democratic party—the confidence and respect of the business and laboring elements of the North and South, and that of a man whose conduct and record have been to sink the party to disrepute and impotence. I shall ask them to say whether they prefer the senator who has tried to retain for South Carolina the honor and dignity won by a long line of illustrious sons and glorious deeds or the senator who has posed as a buffoon and a bully and who proclaimed on the floor of the senate that he represented a constituency of ballot box stuffers and murderers who wanted their share of the stealings.

VENGEANCE SURE TO FALL.

"I desire to proclaim to the world that you do not represent the intelligence and democracy of the people of South Carolina, and to you and Senator Tillman that he has never been my master and never shall be; that he shall not escape the vengeance that must surely fall upon him when the people have been made to understand his motive and his methods and his debased character and his shameful record."

LAWLESSNESS AT LAWTON.

Two Men Killed and Plunder Taken by Road Agents.

Lawton, O. T., Aug. 6.—Two men killed by highwaymen and one seriously wounded and \$1,000 in money and nine watches taken is the criminal record of the Lawton district for twenty-four hours.

Irwin Rogers was shot and killed instantly by one of three men who last night attempted to hold up a party a mile south of the new townsite. All but Rogers ran, and the robbers thought he intended to fight.

Another gang of three highwaymen robbed nine tent-prairie schooners near Rush Springs Sunday night. The telegraph wires were cut and the news did not reach here until today. In one wagon, containing Z. E. Beemblossom of Guthrie, his eleven-year-old son and two other persons, young Beemblossom was killed and an unknown man riding a horse near by was shot and wounded seriously. The highwaymen in each instance escaped.

GOLD VAULT RIFLED

BOLD ROBBERY PERPETRATED NEAR SAN FRANCISCO.

SMELTING WORKS IS RAIDED.

BULLION WORTH \$280,000 THE BOOTY OF THE THIEVES.

Gang Tunnels from Outside the Building, Bores Way Through Iron Floor and Escapes in Boat Without Leaving a Clue.

San Francisco, Aug. 6.—The Selby Smelting & Lead company has been robbed of \$280,000 worth of gold bullion. The theft occurred some time last night and was not discovered until this morning.

The thieves tunneled from outside the building under the vault at the Selby works, which is located on the bay shore thirty miles from San Francisco. They got away with nearly twelve hundred pounds of fine gold, worth \$20 per ounce, without leaving a trace of their identity behind.

Work of Skilled Mechanics.

The robbery was the most successful and remarkable ever accounted for on the Pacific coast and was evidently the work of skilled mechanics. The whole affair was skillfully planned and skillfully executed. It is supposed that when the robbers secured the loot they loaded it into a boat in waiting and disappeared in the fog. In their haste to get away they left two gold bars, worth nearly \$50,000, lying on the bank at the water's edge. The police at all the bay cities were immediately notified of the crime, but they could discover was a few tools the robbers had used.

The Selby company is the largest concern of its kind on the Pacific coast. Ores sent to it from all over the Western country are to be refined and the gold is then turned over to the mint.

Robbery a Several Weeks Task.

Preparatory engineering extending probably over several weeks was done before the robbery could have been accomplished. Close to the wall of the building a shaft was sunk below the foundation. Then a tunnel was run to the vault, and holes were bored in the iron floor until an aperture sufficiently large to admit the man was made. It was then easy work to pass down the treasure into the tunnel and load it into a boat.

The robbers even took the precaution to sprinkle red pepper in the tunnel in order to make things as uncomfortable as possible for any one who might attempt to pursue them. There were four fine gold bricks in the vault which the robbers looted. Each was ten inches long, five inches wide and four inches in height. They were all stamped with the number and weight and fineness and were worth \$20.00 an ounce. In addition to this, the robbers secured crude gold in all shapes and sizes.

Absolutely No Clue.

"It was the boldest robbery in the history of the state," said Chief of Detectives Seymour this afternoon. "From all information obtainable at present, there is absolutely no clue to the robbers. In fact, we do not know whether the crime was committed by one man or five. The probabilities are, however, that more than one man was concerned in it. We have taken all precautions to capture the robbers, and it will be hardly possible for any stranger to leave the state undiscovered."

An official of the Selby works made the following statement to the Associated Press: "The robbers must have succeeded in entering the vault sometime between midnight and five this morning. Over 150 holes were bored into the bottom of the vault, and the workmanship indicates that mechanics of more than usual ability superintended the job. The holes were bored to within a hair's breadth of the surface, and when the proper time came the plate was forced up."

Watchmen Thought Them Ghosts.

"The plotters first excavated a hole alongside the building, directly in line with the vault. The work of excavating must have taken some time, and at the end of each night's work a covering of laths, rubber sheeting and sacks was made, the whole being covered with a layer of dirt, thus hiding any sign of what was going on. The excavated dirt must have been removed in sacks. We are satisfied the plotters were aided by some one thoroughly familiar with the system employed at the works, and one fully informed as to the construction of the vault.

Much Gold Not Touched.

"Inside the vault were several sacks containing \$110,000, but these were not touched. That the robbers were alarmed is indicated by the fact that two bars of gold were left on the beach in their haste to escape."

SOLON'S WILL KEEP COOL.

Texas Legislators, in Special Session, Vote to Wear Shirt Waists.

Austin, Aug. 6.—The Texas legislature convened in special session here today to consider, among other things, the congressional redistricting of the state. A resolution was adopted recommending that the members wear shirt waists during the present session owing to the hot weather.

Chicago, Aug. 6.—In a scuffle with his wife in the apartment of Mrs. Walter Fleming, Hollister B. Goodrich, a constable, was shot dead here today. Mrs. Goodrich was arrested.

DOMINION LINE

Record Voyage 6 Days, 7 Hours, 22 Minutes. HASTON TO LIVERPOOL

Hon. Isaac Stephenson of Marinette is getting to be a leading issue in Wisconsin politics. What has given him this prominence is his refusal to comply with a law of the state known as "corrupt practices act."

President Shaffer is taking a good deal of time to get that order calling out all the Amalgamated men in the Steel Corporation's plants ready for issuance.

J. Pierpont Morgan was able to check a panic on the London exchange but he was unequal to composing a labor dispute with the men employed in his own mills in this country.

A sham naval battle has again cost Great Britain a war ship, but this time, happily, there was no loss of life.

Possibly the destruction of our forests has had some effect in causing irregularity in the rainfall, but we are not prepared to subscribe to the view that it was the promoting cause of the drought this year.

An unusual procedure by members of the Amalgamated association is that reported from Wheeling, W. Va., where a lodge of the association is reported to have organized a military company.

Allying to the defiant declarations of the Steel Corporation people and the Amalgamated association leaders, following their failure to compose their differences, the Cleveland Plain Dealer drops these timely suggestions:

quarter will be given." If that declaration correctly represents the inflexible determination of the management of the United States Steel corporation, the dreaded conflict between it and the Amalgamated association, between the two giant organizations of capital and labor, can no longer be averted.

It was in this uncompromising mood that the organized iron and steel manufacturers and the organized workers of Great Britain came together and separated with a determination on each side to make "a fight to a finish."

So say we all of us, but what is the use of giving good advice to parties that are "spillin' for a fight?"

"PITCHFORK" TILLMAN AGAIN. The vicious attack on the colored people of the south made by "Pitchfork" Tillman of South Carolina in the address he delivered at Marinette, Wis., Saturday night last was an insult to the presumably intelligent assemblage that listened to it, as well as a cowardly endeavor to smirch a helpless race.

"All men are not born equal," says Tillman. Nobler and abler men than he affixed their names to the declaration that they are in that grand instrument, the declaration of American independence.

The treatment accorded the negro in the south is the shame of our country. In many respects his condition is worse today than it was when he was held as a slave, and it is a saddening manifestation of the change of sentiment that has taken place in the north during recent years that in a northern state which is a stronghold of Republicanism, a southern politician, who is in public life through the efficacy of the shotgun as a political argument in his state, was listened to patiently while he delivered his coarse and brutal tirade against an outraged and helpless race, and was permitted to leave the platform from which he spoke without receiving odorous testimonials of the disgust it inspired among his hearers.

Perhaps the most contemptible thing in his speech was his endeavor to discredit the work of Booker Washington in educating in which has its aim educating the colored people to be efficient workers in the skilled trades, in order that by increased usefulness and thrift they may acquire property and advance in character.

Tillman has much to say about the outrages to which white women are exposed in the south, on account of the bestiality of the negroes. When the men of the south were fighting to destroy the union, in order that they might set up a slave confederacy of their own, their women and children were left to the care of their negro slaves, and were protected and defended by these with a fidelity that should have earned for their race the lasting gratitude of their proud taskmasters.

Allying to the defiant declarations of the Steel Corporation people and the Amalgamated association leaders, following their failure to compose their differences, the Cleveland Plain Dealer drops these timely suggestions:

law-abiding, industrious and growing more self-reliant and moral year by year. But we have no Tillmans in the north, though it is to be deplored that we have people who are willing to listen to such defamers of a badly used race, even though they do this merely for the novelty of hearing what a man with a national reputation for vulgarity may have to say, and seeing him deport himself as a platform orator.

CONCESSION BETTER THAN WAR. The grant of half a million dollars to Lord Roberts by the British parliament as a reward for the services rendered by him during his brief campaign in South Africa causes the Evening Wisconsin of Milwaukee to compare our method of rewarding our military and naval heroes with that in vogue in Great Britain.

In the United States no such performances are tolerated. Grant rendered, as Mr. Tilden well said, transcendent services to his country, yet he never received one dollar of gratuity from congress, but the people held him up and made him president of the Republic for eight years, and that was considered the grandest reward that could be offered to man.

The Americans have their system which is republican, and the English have their system which is monarchical. We think our system is far better, for it tends to develop the highest grade of efficiency, energy and patriotism among all who serve their country in war.

Our war for the Union cropped out millions of heroes, because they lived and they died for a country which to them was dearer than life or money.

PARK AND CEMETERY COMMISSION PROCEEDINGS. (Official.) Office of the Park and Cemetery Commission, Marquette, Mich., Aug. 5, 1901.

The regular monthly meeting of the Park and Cemetery Commission was held this day at two o'clock p. m. at the office of the secretary in the Harlow block, present Daniel W. Powell and the mayor, John D. Mangum.

TO SAVE HER CHILD. From frightful disfigurement Mrs. Nannie Gallagher, of La Grange, Ga., applied Bucklen's Arnica Salve to great sores on head and face, and writes its quick cure exceeded all hopes.

EXCURSION FARES. To the Famous Fishing Grounds east of Marquette, commencing Sunday, May 13, 1901, and continuing every Sunday thereafter until further notice, the D. S. S. & A. railway will sell excursion tickets to the following points at the very low rates named:

Michigamme.

MIGHT TRY LAKE MICHIGAMME.

Ishpeming and Negaunee Could Be Ample Supplied With Water There. Every time the question of inadequacy of the water supply at Ishpeming, and the impurity of the water being used at Negaunee, comes up many are prompt to suggest that these two cities could do no better than to obtain their water supply from Lake Michigamme.

Lake Michigamme is seven miles in length and at points it is over 125 feet in depth. It is seven miles across at its widest point, and there are but two narrow points, these being at the east and west ends.

On the south side of the lake there are numerous springs and small streams which feed it, and it is said that the water that comes from the springs is as pure as any found in this section.

Are you running for office this year? No, you darn fool; I'm running for the Stafford Drug Co., for a bottle of Dr. Caldwell's Syrup Pepsin to cure this indigestion.

TO THE TOURNAMENT. Michigamme is represented by seventeen members of its fire department at the Crystal falls tournament this week.

MADE A NEW RECORD. The pleasure boat Petrel made a new record for distance covered in one day on Sunday last. Starting out in the morning at 3 o'clock and continuing almost constantly in motion until 10 o'clock that night just 103 miles were covered.

PLAYED VERY FAIR BALL. The newly organized base ball team of Michigamme crossed bats with the Republic nine here Sunday. For a time it looked as though the visitors had more than they bargained for, as the local team was in the lead until the sixth inning. The game ended in a score of 13 to 17 in favor of the Republic nine.

SCOTCH Whisky gains in popularity every year. We will sell more this summer than last if the demand keeps up.

visitors. They played clean ball and not one of the nine was heard to complain of any decision made by the umpire or play made by an opponent.

CHURCH FAIR THIS MONTH. The members of the Catholic church congregation of Michigamme have decided to hold a fair the latter part of this month, probably commencing on the 27th or 28th, and continuing for three days.

THE WILDCAT CAGED. The wildest that was captured by local men in Lake Michigamme a week ago last Sunday is on exhibition in Dick Brown's saloon.

MICHIGAMME PICK-UPS. Charles Johnson was up from Negaunee Monday.

Are you running for office this year? No, you darn fool; I'm running for the Stafford Drug Co., for a bottle of Dr. Caldwell's Syrup Pepsin to cure this indigestion.

A KANSAS MINISTER. Rev. L. S. Coulton, of Circleville, Kas., says: "Dr. Warner—Your White Wine of Tar Syrup has been in my family and found to be all and even more than you claim for it. It is a speedy cure for all throat and lung diseases."

THE RIGHT REMEDY. Your druggist will refund your money if Bunsen's Pine Tar Cough Honey fails to cure. One dose brings relief. Take a bottle and your Cough or Cold will disappear.

PAN-AMERICAN EXPOSITION. For the above, the C. M. & St. P. railway is offering special rates, Northwest, West and Southwest, including California. Tickets on sale July 2 and 10, Aug. 6 and 20 and Sept. 3 and 17.

EXCURSION FARES TO MARQUETTE. Commencing Saturday, May 18, continuing every Saturday thereafter until further notice, the D. S. S. & A. railway will have on sale at Westmoreland Junction and Au Train excursion tickets to Marquette and return at the very low rate of 75 cents.

Wax Enthusiastic and Decide to Launch the Game in Copperdom.

A meeting of enthusiastic golfers-to-be was held at the Douglas House, Houghton, Monday evening and preliminary arrangements were made to start the game in the copper country.

Although golf is practically new to this part of the country, still there are many who will join the club that are quite expert with the sticks and it will not be long before the interest is at fever heat.

NEW CALUMET BLOCK.

Bear Bros. are building a business block at the corner of Fifth and Portland streets, Calumet.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable.

A lazy liver makes a lazy man. Burdock Blood Bitters is the natural, never failing remedy for a lazy liver.

This is to certify that my wife was for years afflicted with asthma and was so far gone that several physicians decided that her case must terminate in consumption.

SCALD HEADS AND SALT RHEUM.

Boro-Carbol Salve will cure Scald Head and salt rheum when all other ointments have failed.

TO THE PAN-AMERICAN.

BIG WRESTLING TOURNAMENT.

A big wrestling tournament is scheduled to take place at Athletic Park, Calumet, on Labor Day and arrangements for it are already being made.

BETTER PHONE SERVICE BOOKED.

The Mining Journal was yesterday informed that within a very short time the "construction gang" of the Michigan Telephone company will arrive in Houghton to begin the work of overhauling the system.

Not Likely Car Line Will Be Allowed Use of Main Street.

One thing is almost certain, and that is the extension of the street railway through East Houghton will never be pushed through on Main street; the opposition is too strong.

OPPOSITION TOO STRONG.

The regular monthly meeting of the Hancock council will be held this afternoon at the village hall.

A GOOD THING.

German Syrup is the special prescription of Dr. A. Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in medicine.

Notes of Marine News.

THE PAN-AMERICAN EXPOSITION.

Buffalo, N. Y., May 1st to Oct. 31st—The D. S. & A. railway now has on sale at all stations Pan-American excursion tickets to Buffalo, N. Y., at very low rates with a choice of routes.

BIG SUM IS ASKED

COMMONS URGED TO VOTE A GRANT OF \$33,500,000 FOR THE SOUTH AFRICAN COLONIES.

London, Aug. 6.—The house of commons tonight discussed a vote of six and a half million pounds (\$33,500,000) as a grant in the air to the Transvaal and Orange River colonies.

Sir William Vernon Harcourt and others severely criticised the government's measure. Secretary Chamberlain replying, said he was quite agreed that the government's first duty was to the loyalist refugees and he declared that money would not be spared for the purpose.

"It is also a matter of imperial policy," continued the colonial secretary, "to give necessary support to those of our enemies who come into our hands. One million of the vote is for extra rolling stock, while a large sum will be devoted to reinstating Boers on their farms, an experiment to be made in the direction of agricultural settlements. There is no intention of confiscation. We have had a vision of land at reasonable prices, and a portion of the vote will be devoted to the purchase of such land with a view of enabling the men who volunteered for the war to settle when the war is over."

Secretary Chamberlain dwelt at great length upon the main question, which he described as "a difficult and delicate one." He declared that anything in the nature of slavery ought not to be permitted, that a revision of the "arbitrary and arbitrary native laws" was necessary and that though the natives must be taught to work they should be subject to humane treatment.

PHILADELPHIA'S EXPLOSION.

Seven Known Dead, With Others in the Ruins, on Casualty List.

Philadelphia, Aug. 6.—Seven dead, four probably fatally injured and over sixty others hurt more or less seriously in the explosion in the block of buildings on Locust street. How many more victims, if any, are still in the ruins will not be known until the debris has been cleared away, which will require many more hours of hard work.

The dead were Elizabeth Mountain; Frederick Lee, colored; unknown colored child, woman and three men. The fatally injured are Mrs. Patrick Quigley; Samuel Gath, colored, and Lizzie Watkins, colored.

Undertaken by an incessant rain, the work of searching for the dead has been kept up continuously during the twenty-four hours since the explosion occurred. Tonight two hundred men, under the direction of the department of public safety, are vigorously pursuing the search. Residents of the neighborhood believe there are more bodies in the wreckage. Several persons are missing.

The police and fire officials are making a search for the cause of the explosion, but tonight are no positive proof of its source. They hold to the theory that gasoline stored in one of the grocery stores did the havoc.

EMPRESS' WISH HEEDED.

Royal Funeral Services in Germany to Be as Simple as Possible.

Cronberg, Aug. 6.—The remains of the dowager empress have been embalmed by Professor Revers and lie embedded in a mass of roses. In accordance with the expressed wishes of the deceased, the funeral services will be as simple as possible under the circumstances. The body will remain on the bed where the empress died until ready for the coffin. No one will be allowed to view it except the members of the immediate family and the household.

Emperor William held a long interview with Count Von Buelow today, after which the following official announcement regarding the funeral arrangements was made:

"On Thursday the royal family will attend funeral services in the castle at which the Bishop of Ripon, who was summoned by the empress, will officiate. Only the immediate family will be present.

"Saturday evening the coffin will be escorted from Friedrichshof to the Protestant church in Cronberg by a torchlight procession, followed by the royal family on foot.

"Sunday afternoon funeral services will be held in the presence of the family, attended by the household and a few of the empress' friends and other privileged persons. The royal family will go to Potsdam Sunday evening and the body will be taken there Monday evening.

"The funeral services in the mausoleum at Friedenskirche, at Potsdam, will be held Tuesday. As it was the empress' wish, there will be no state ceremony and the service will not be attended by all the German royal personages. It will be as simple as possible."

PUBLIC AMUSEMENTS SUSPENDED.

Berlin, Aug. 6.—A special edition of the Reichsanzeiger this morning contains an imperial cabinet order giving notice of the death of Empress Frederick, ordering six weeks' national mourning and directing that all public amusements, including concerts and theatrical performances, be suspended until after the funeral. Telegrams of condolence are pouring in from all quarters.

It is asserted tonight that King Edward will probably not go to Hamburg or Cronberg, but will proceed direct to Potsdam to await there the arrival of the body.

McKinley Sends Condolence. Washington, Aug. 6.—President McKinley today sent the following message to Emperor William:

"I learn with deep sorrow the death of your majesty's beloved mother. Her noble qualities have endeared her memories to the American people, in whose name and in my own I tender to your majesty heartfelt condolence."

HUGE COAL TRUST.

Preliminary Steps Taken at Chicago to Launch \$300,000,000 Combine.

Chicago, Aug. 6.—As the result of a secret meeting of the finance committee of the proposed national coal trust with a capitalization of three hundred million dollars held here today, it is said the combination will be completed by the first of next year.

IMPURE ICE SOLD IN CHICAGO.

Gross Violation of the Law Found and Will Be Investigated.

Chicago, Aug. 6.—Flagrant breaking of the law forbidding the sale of impure ice for domestic purposes has been discovered in Chicago by the state pure food commission, and all inspectors throughout the state have been ordered to report here at once to make a thorough investigation. Not an ice plant will escape investigation, and all found guilty of selling impure ice for domestic use will be prosecuted. It is claimed by the commission that numerous cases of typhoid fever are traceable to this breaking of the law.

STRIKE ORDER OUT

(Continued from Page One.)

GENERAL STRIKE ORDER OF PRESIDENT SHAFER.

TO BREAK MOLDERS' UNION.

Chicago Employers Will Pay Non-Unionists Double the Pay Demanded.

Chicago, Wednesday, Aug. 7.—While union molders are walking the streets because their employers refused to pay them \$3 per day, the same employers have voted to replace them with non-union men who are to receive wages of \$4.50 and \$5.75 per day. In voting to pay the scale announced, the members of the National Foundry association have taken the first step in a fight for the extermination of the machinists and molders union.

MACHINISTS AT ODDS.

Buffalo Lodges Leading a Revolt Against the Union.

Buffalo, Wednesday, Aug. 7.—The Courier this morning says: "The first wedge has been driven home in a great split in the international machinists' union. President O'Connell disabed the lodges of Buffalo, representing fourteen hundred men, who have been fighting for a nine-hour scale. The Buffaloes have rebelled and, knowing the entire country had machinists' lodges which are dissatisfied with O'Connell, have sent to every city in the country invitations to join a new organization, a convention for which will be held in Buffalo next month."

STRIKE AT 'FRISCO GROWS.

Box-Makers Join the Idle Forces—No Prospect of Peace.

San Francisco, Aug. 6.—The only development of importance in the strike today was the walkout of more than four hundred union box-makers who have been employed at the various box factories in the city. They assert that they were so often urged to sign an agreement which meant resignation from the union that they decided to no longer brook the menacing attitude of the employers and join the forces of the idle.

Mayor Phelan declares that, as far as he is concerned, peace negotiations are at an end, he having done all he could to bring about a conference. There were the usual daily assaults on non-union workmen. Two came very near ending seriously.

Illinois Mine Strike Settled.

Indianapolis, Aug. 6.—The national executive board of the United Mine Workers today adjusted the local troubles at Belleville, Ills. The 200 miners who have been on a strike for a fortnight being ordered to return to work and whatever adjustment may eventually follow. The board found the miners to be in error in going on strike and at the same time found the mine superintendent to be in the wrong.

WARSHIPS SENT FOR WITNESS.

Governor of Guam to Testify at the Schley Inquiry.

Washington, Aug. 6.—That full and complete investigation of the Sampson-Schley controversy will be made by the Dewey court of inquiry is shown by the action taken by Acting Secretary Hackett in ordering witnesses from foreign stations to Washington.

Before his departure from the city Judge Advocate Lemly submitted to Mr. Hackett a list of the witnesses who could offer important testimony. In the list was Commander Heaton Schroeder, present serving as governor of Guam, and during the war with Spain executive of the battleship Massachusetts. Mr. Hackett at once called orders to Rear Admiral Roger, directing him to send the Yorktown to Guam for the purpose of conveying Commander Schroeder to the United States.

Other officers who will be brought to Washington are Lieutenant Commander Giles B. Barber, naval attaché at Paris and St. Petersburg, who was executive officer of the battleship Texas, and Lieutenant Commander Alexander Sharp, who commanded the gunboat Vixen, and who is now executive officer of the Hartford.

Commander Schroeder, who will be brought home from Guam, will be able to recite the testimony of Rear Admiral Higginson, who commanded the Massachusetts. As the executive he was acquainted with the routine of the ship, and great stress is placed upon his evidence.

Howison Fills the Vacancy.

Rear Admiral Howison has been selected to fill the vacancy in the Schley court of inquiry caused by the inability of Admiral Kimberly to serve. Admiral Howison was one of the several officers whom Schley notified the department were satisfactory to himself.

NEW WHITCH AT PEKIN

BRITISH DECLINE TO SIGN THE PROTOCOL AND NEGOTIATIONS ARE OFF AGAIN.

Pekin, Aug. 6.—The foreign ministers had arranged to sign the settlement protocol today, but the British minister yesterday notified his colleagues that Great Britain was unable to sign. He gave no reasons and the meeting was postponed indefinitely. The British delay is the cause of some uneasiness. General Voyron, the French commander, and his staff have departed and the French troops are leaving.

Serious Rebellion Spreading.

Victoria, B. C., Aug. 6.—The steamer Adelaide today brings news that the Tien Chuan Lai rising is growing. A report has reached the French forces in Pekin from Cheng Ting Fu to the effect that a large number of the defeated soldiers of the Tung Fui Siang are being combined with Lian Chwang Hui and have unfurled in the government premises of Shen Chow many banners with the motto, "Sweep China and destroy the aliens."

On the receipt of a report that Tung Fui Siang has started a rebellion and is marching upon Shan Fu, says a Shanghai paper, the Chinese court has enlisted braves in order to prevent him, the number of the present imperial body guards being unable to meet his forces. The braves of two provinces, Shen Sai and Homan, have now gathered and their number has reached some fifteen or sixteen battalions, but they are devoid of good weapons. The governors and other officials of the provinces have been ordered by the court to procure arms for them at once.

IRON ORE SHIPMENTS HEAVY.

Vesselmen Differ, but Strike Promises to Have Little Effect.

Chicago, Aug. 6.—No notices have been received by any of the steel men here that there is any lessening of the demand for boats to load ore or any shading of the fairly satisfactory rate that has prevailed ever since the season opened. Local agents and owners were unable to get grain cargoes except in a few cases on old charters, and were therefore sending their boats out for ore as usual.

There is a wide difference of opinion among vessel men as to the effect on the general lake situation of the big strike in the steel trade. Some are of the opinion that the effect of it will soon be seen in the local market and that rates will be even worse demoralized than at present. These agents believe that there will be a general tying up of boats and that the wild boats will feel the trouble first. One of the agents who is close to the steel men and who has carried a great deal of ore and steel products said yesterday:

"I do not believe that the strike will affect the movement of ore this year. The consumption of ore may be greatly curtailed, but the deliveries will not. I do not believe that either the ore miners or the ore unloaders will go out, and if they do they can easily be replaced to sufficient extent to keep things moving in a fair satisfactory way. The matter, however, is so vast that I cannot believe it can continue long. With the interests so far reaching and the differences so small there must be a settlement soon."

There is no prospect that the blast furnaces supplied from the northern mines will want for ore for months to come even if they run at top capacity. All of the United States Steel company's fleet as well as a large number of boats that have in other years been regular grain traders out of Lake Michigan and Lake Superior ports have been taking ore ever since navigation opened, and the Lake Erie ore docks have usually been lined two deep with vessels awaiting their turn to unload. Although navigation opened much later than usual, the extra tonnage employed has probably made up all of the shortage before this.

As an instance of the immense movement of ore during last month, the movement through the Soo and the Canadian canals for July was 3,351,294 tons, or a record-breaking total for a single month. The movement from Escanaba was also very heavy; Cleveland reports indicate that when the full returns are in the receipts at Lake Erie ports for July will reach 3,700,000 tons, or 400,000 tons more than for June. The going rates at which the steel trade has taken all boats offered are 80 cents from the head of Lake Superior, 70 cents from Marquette and 60 cents from Escanaba.

TO PROVE KOCH'S THEORY.

New York Doctor Would Experiment on Condemned Criminals.

New York, Aug. 6.—That criminals who are condemned to death should be used for experimental purposes, to demonstrate, if possible, Dr. Koch's theory that infection of the human being by means of the tubercular bacilli of the lower animals is exceedingly rare, is the opinion of Dr. Isaac N. Love, who has made a special study of tuberculosis, was the family physician of Arnold Koch, an art importer of St. Louis, and a brother of Dr. Koch, and successfully treated Mr. Koch's boy for tuberculosis. Dr. Love thinks that in every house instead of the motto "God Bless Our Home" there should be hung a sign to this effect: "Keep your mouth shut. Breathe through your nose, and don't spit."

CARNEGIE GIVES TO MONTREAL.

Montreal, Ont., Aug. 6.—Andrew Carnegie has offered \$150,000 to Montreal for a public library.

We want a gentleman of good address to work from the home office here to represent us as special agent in the city of Marquette. A permanent position and good pay. Call at 409, Savings Bank bldg., Northern Michigan Benefit Association. (8-2-6d)

SOLDIERS GUARD COURT.

Georgia Negro Is Tried Under Military Protection and Sentenced to Hang.

Atlanta, Ga., Aug. 6.—Guarded by three companies of state militia, called out J. Governor Chandler, Raymond Ross, a negro, charged with assaulting Mrs. Miller, was taken to Canton from Atlanta today to stand trial. A special session of court was called by Judge Fisher, who asked for the militia. After a trial lasting only forty minutes, the negro was sentenced to be hanged on Aug. 27 and Ross was again landed in the Atlanta jail for safe keeping.

TURKS FIRE THE HOUSE.

Eight Bulgarian Raiders and Peasant's Family Meet Awful Fate.

Vienna, Aug. 6.—According to a dispatch from Salonica to the Pesther Lloyd of Buda Pest, eight Bulgarians who were raiding in Turkish territory found themselves pursued by Turkish troops and took refuge in the house of a peasant. They fired on the Turks, killing several officers, and Turkish troops set fire to the house, burning to death the Bulgarians and the peasant and his family.

Sultan Loses Thirty Soldiers.

London, Wednesday, Aug. 7.—A dispatch to The Morning Leader from Sofia reports an alleged battle between Bulgarian raiders and Turkish troops near Andianople in which thirty Turks were killed.

ENGINES TOTALLY WRECKED.

Passenger Trains Collide at Union City, Ind.—Several Persons Hurt.

Union City, Ind., Aug. 6.—Passenger train No. 33 on the Dayton & Union railroad ran into an open switch in the yards of this city tonight and collided with the southbound train No. 18. No. 33 was running forty miles an hour when the crash occurred. Both engines were reduced to scrap iron. The crews of both engines jumped to safety.

Conductor and Baggage-master White were slightly hurt, as was also Conductor Wolf, a traveling man named Haylett of New York was probably fatally injured and a number of other passengers were badly bruised.

Six Coaches Ditched.

Milford Junction, Ind., Aug. 6.—Spreading rails three miles east of Napoleon, on the Baltimore & Ohio, caused the eastbound flyer to be derailed tonight. Six cars left the tracks while the train was going sixty miles per hour, but the eight passengers escaped with only a bad shaking.

MARYLAND REPUBLICANS MEET.

Nominate Candidates and Adopt Platform Scoring Democrats.

Baltimore, Aug. 6.—The Republican state convention met here today and nominated Herman N. S. Platt for controller and Thomas Parran for clerk of the court of appeals. More attention was paid to the selection of candidates for national irregularities than the Democrats, adopted last week, lays more stress on national issues. The administration of President McKinley is heartily endorsed and the policy of the Republican party upon the tariff, currency and other vital questions of national moment vigorously commended. While Governor Smith and the Democratic state legislature are soundly berated for having passed the new election laws.

Prohibitionists' Convention.

The Prohibitionists of Maryland also held their state convention here today. The platform as adopted reaffirms the devotion of the local Prohibitionists to the tenets of the national organization, extends thanks and congratulations to congress for having abolished the army canteen, condemns the Republicans for census irregularities in southern Maryland and denounces the Democrats for calling a special session of the legislature and passing the new election laws. The convention decided to leave the nominations for controller and clerk of the court of appeals to the executive committee, and adjourned.

BASEBALL SCORES.

American League. R. H. E. Milwaukee ... 10 0 0 0 1 0 0 2 - 4 5 4 Detroit ... 0 0 0 0 0 3 1 0 4 - 8 8 5 Batteries: Sparks and Maloney; Miller and Bucklow. Games at Baltimore and Philadelphia postponed by rain.

OBITUARY.

Chicago, Aug. 6.—Judge Cecil Price, treasurer of the United States under President Buchanan, died here today at the home of his son-in-law, William S. Newberry, at the age of eighty-six. Judge Price was prominent in the affairs of the confederacy.

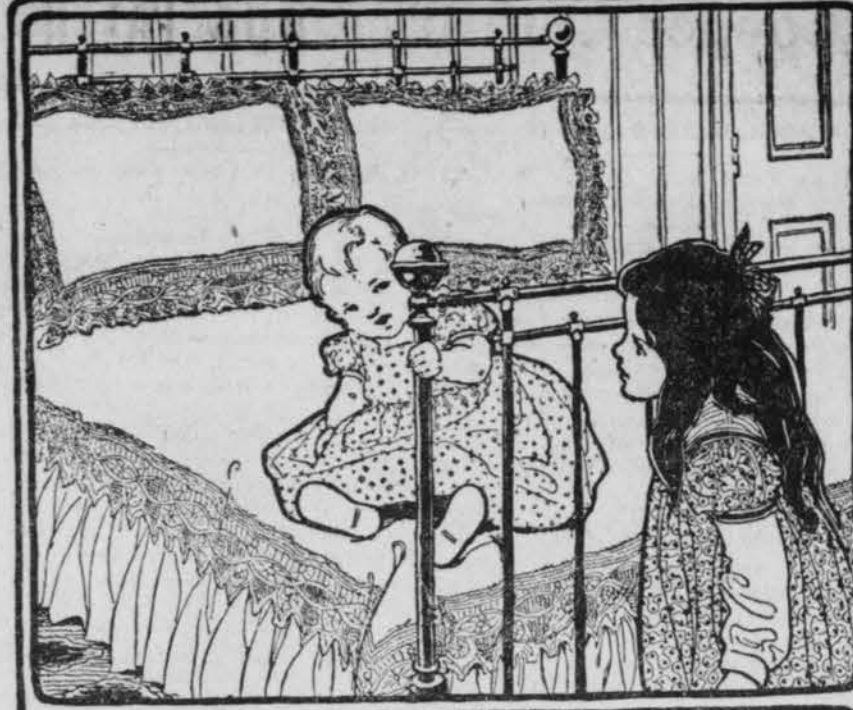

Boston, N. S., Aug. 6.—Professor Henry Sherwood, of Johns Hopkins University, died here last evening from blood poisoning.

SEE OUR BOYS' CLOTHING.

We are selling boys' clothing cheaper than others can buy it. A full suit for one dollar and up. Stirling & Co's

An English association regarding woman's happiness has offered a reward of £500 for a greater blessing to woman than Rocky Mountain Tea. Sensible move. The Stafford Drug Co.

Strawberry and chocolate ice cream by the dish? Oh, yes, we have it. Heppner's.

CHOICE bed sets in Irish point lace, or tamboured, embroidered muslin, should be washed with Ivory Soap to preserve their beauty. If they are of an ecru tint, a little strong coffee should be added to the rinsing water. The vegetable oils of which Ivory Soap is made fit it for many special uses, for which other soaps are unsafe and unsatisfactory. IVORY SOAP IS 99.94% PER CENT PURE.

FRACTIONAL GAINS IN STOCKS.

Rumors of General Strike Order Cut the Advances Stride Early.

New York, Aug. 6.—General conditions independent of the strike situation received more consideration in the stock market today than for some time and were reflected in higher prices for securities. The absence during the greater part of the day of any sensational strike news, combined with the support which the United States Steel stocks received after their opening weakness, aided in the improvement. The market showed a pretty steady improvement from the outset, the occasional setbacks which were forced by realizations being quickly overcome by the good demand for both accounts and the evidence of inside support. The news from the crop regions was more encouraging and was supplemented by the weekly government crop report, which indicated an improvement in conditions at important points. The outlook for a large crop of spring and winter wheat, in addition to some exceptional large railroad earnings, also helped to sustain prices. St. Paul led the wheatearing roads with a gain at one time of 2½ points, the stock touching 157½. Atchison spurred up almost as much when corn displayed continued heaviness. Sugar early felt the resumption of yesterday's weakness, but after losing a point sold up four. All these gains were considerably reduced during the late selling movement, caused by rumors that the order for a general strike would be issued tonight, and the net gains were limited to fractions.

BOARD OF TRADE CALLS HALT.

Members Who Run Pool Frauds Now to Be Expelled.

Chicago, Aug. 6.—The directors of the Chicago board of trade today adopted resolutions declaring that the promotion, advancement or carrying on of pools or syndicated companies under the rules of the board by means of advertisement in the public press or any circulars or pamphlets is a grave offense involving the name and dignity of the association. Any violation of the resolutions is said, will be punishable by the expulsion of the offending member. "You cannot pick up a country paper," said President Warren, "without finding advertisements of some scheme to run a pool in this market. Such methods of securing business are considered undignified by the directors and the resolutions were adopted to put a stop to them."

BOSTON COPPER QUOTATIONS.

The copper stocks dealt in on the Boston exchange closed as follows yesterday, the quotations being reported by Paine, Webber & Co. Range of Money Rates.

Money on call, steady, at 2 1/2% per cent, last loan, 2. Prime paper, 4 1/2% 5 per cent. Exchange, firmer, demand at 4 1/2% and sixty days at 4 1/2% @ 5%.

TRADING IN GRAINS SLOW.

Feeling is easier and prices fall—Some Profit-Taking.

Chicago, Aug. 6.—Wheat was not very active today and the trade was only moderate and within a range of 3/4 @ 1 c. An easier feeling was manifested and the closing was 1/2 @ 3/4 lower. There was considerable liquidation of longs, the Northwest sold quite freely and the seaboard also favored that side early but bought moderately later. Liverpool was 3/8 @ 7/8 higher. Fine weather in the Northwest and the inactivity of the other grains were factors. The clearings were 926,000 bushels and forty-six boatloads were accepted on the coast. The corn trade was moderate and the market unsettled and easier, closing a cent lower. Disappointing cables and influences. Professionals and local longs led in the selling, the demand being chiefly confined to shorts. At Liverpool, spot was 1/4 @ 1/2 higher, with futures 1/4 @ 1/2 lower. The clearings were 58,000 bushels and about twenty boatloads were taken on the coast. The country offerings were practically nothing, while interior shippers cancelled contracts already accepted. Oats were inactive and weaker, closing 1/4 @ 3/4 lower. The market was influenced by corn, short-selling and profit-taking by local traders. The Illinois crop bulletin said the outcome was

QUIET BUT STRONG.

Copper Market Is Devoid of Features These Days.

Anyone looking for excitement or action these days must steer clear of the copper market, which, as might be expected, is very dull and quiet. Still it possesses strength. Paine, Webber & Co. said: "The market was dull and featureless with a strong undertone. Oseola was in good demand around 96. The market looks in good shape to us. There is no pressure to sell and good buying comes in on every reaction." Hayden, Stone & Co. wired the Laidlaw Commission Co.: "There is no news on coppers today. There is a growing feeling that the Amalgamated people will want to absorb Oseola before long and that they will give share for share in exchange. If such is to be the case there is undoubtedly selling of Amalgamated on all strong spots by insiders, who will replace it by the purchase of Oseola."

MARINE MATTERS.

Passed the Canal.

Sault Ste. Marie, Aug. 6.—(Special)—Up—Miami, Vanhise, Jenney, 9; Martin, Rawson, Spademan, 10:20; Northern King, Business, 10:40; Nesbott 11; Coffinberry, Bloom, midnight; C. W. Eipbicke, Poe, Smeaton 1 a.m.; Harvard, Bell, Thos. Palmer, 3:40; Alva Siberia, Iron Duke, Case, 5:40; Oregon, Foster 6:40; Mohegan, Mingle, 7:40; Britton, 10; Langell, Arenac, Moore, Interlaken, noon; Jay Gould, 12:40; China, Hudson, 2; John Eddy, Pennington, Gildden, 3:20.

Marine Notes.

The Oseola was in port, bound down, yesterday morning. The China touched here, bound up, this morning. She was many hours behind her schedule time.

NOTICE TO CONTRACTORS. Sealed proposals will be received by F. W. McNair, president, until 12 o'clock M. of August 10th, 1901, for the building of two buildings and one addition on the premises of the Michigan College of Mines, Houghton, Mich. Plans, specifications and instructions will be found on file at president's office at Houghton, Mich., and also at the offices of the architects. The right to reject any or all bids is reserved. CHARLTON, GILBERT & DEMAR, Architects, Marquette and Hancock, Mich., and Milwaukee, Wis. (7-25-01)

MUST NOW PAY UP

COUNCIL GETS AFTER STREET RAILWAY COMPANY. IT IS BUT A BAD DEBTOR!

OWES CITY SOME \$4000 AND TAXES ARE WAY BEHIND.

Appropriation of \$1,000 for Lakeshore Boulevard-Street Commissioner Reichel Is Appointed Weed Inspector.

The Marquette City & Presque Isle Street Railway Company, which has been but an indifferent debtor, may shortly find the city of Marquette a hard creditor.

At the council meeting Monday evening the claims and litigation committee was instructed to look up the city's outstanding accounts with this corporation and to ascertain what procedure might prove effective in collecting them, being instructed to report back to the next meeting. It was evidently the temper of the council to take steps to bring the company to time and make it pay some of its old obligations. This may be the course at an early session. There was even talk of action in the courts and seizure of property.

All this came about from Mayor Mangum's query as to whose duty it was to keep the weeds and grass from growing rank between the street railway tracks and on its right of way. He was informed that it was the company's duty, but that it was practically impossible to get the corporation to do anything and, furthermore, if the city did the work and charged it to the company, that collection of these charges was likewise impossible.

Then Alderman Ward informed the council that the city had about \$400 coming from the street railway company, on account of the removal of snow and other minor matters, which is apparently uncollectible. It was then remarked that the road was always a couple of years behind with its taxes. This furnished the culmination which induced the aldermen to refer the entire matter to the claims and litigation committee, with a request for a full report.

Weed Inspector. The council could not get away from this matter of weeds and grass on the streets and weed cutters and other suspicious tools immediately and before it was dropped a resolution calling for the appointment of a weed inspector, in accordance with the provision of the compiled laws, was approved. Street Commissioner Reichel was designated as this official, all his fees to be turned into the city treasury. It is the street commissioner's duty to keep the streets free of grass and weeds and, with the increased powers conferred on him Monday night, it will be his fault alone if the weed nuisance is not largely abated. He has great powers. Under the public acts he can compel the railroad companies to remove all noxious weeds from their right-of-ways and all other property, vacant or otherwise. Similarly he can compel individuals owning city property to repress the weeds and keep their premises from becoming public eyesores.

Monday evening Mayor Mangum accented the point that neither the nor the street committee have any direct control of the street commissioner. He is subject only to the council and he is, practically, only accountable to it. This was news to many of the aldermen. The street commissioner is really a very independent gentleman, who, in his term of office, may do, and usually does, just about as he pleases. Monday evening he was instructed to file with the city recorder sworn statements of all notices served on sidewalk owners, a thing, legally required, which has been neglected in the past.

Marquette is to have a "whitewings," although it is not yet decided whether his wings will be white. He will be a street cleaner who will have sole charge of Front street, from Fisher to Ridge, and Washington, west to Fourth. He will be provided with a wheelbarrow, the necessary tools and a distinctive uniform and it will be his duty to keep everlastingly moving during working hours, cleaning and picking up about these thoroughfares. "Whitewings" will be appointed and may be removed by Mayor Mangum and his honor says that he is going to put a genuine worker, and not an ornament, on the job.

Boulevard Appropriation. The street committee recommended an appropriation of \$1,000 to be expended this season in cutting out and grading the boulevard it is proposed to build from the foot of Hewitt avenue to connect with the Presque Isle drive. Its report was adopted. The money will be obtained, "on account," from the electric light and power commission and will become available at once. The committee also recommended that the Peter White's offer of \$250, conditional on the grading of a short boulevard from shore to shore across Lighthouse point, be rejected, it setting forth that much of this tract will be taken up by the Marquette & Southeastern railway and that the remainder would be of no real utility to the city. Following this, the council rescinded its action appropriating \$500 to Mr. White to compensate him for money paid out in acquiring the government land.

Mr. White's labor to get this tract for the railroad right-of-way was undertaken, public spiritedly, at the instigation of the Citizen's committee and his expenditure will be made good in another manner. It is the council's intention to ultimately widen Walnut street and extend it through to Hewitt avenue, incorporating it in the projected Lakeside boulevard. This intention itself was enough to preclude the advisability of

accepting Mr. White's offer in connection with the discussed Lighthouse point boulevard.

Other Matters of Interest. The council instructed the city treasurer to list all delinquent personal taxes for a period of six years back and report at its next meeting. The collection of many of these taxes is a matter which has been entirely neglected, but which will, in all probability, be vigorously pushed at some early date.

The treasurer was also instructed to furnish the marshal with a list of all the business men who have paid the license fee required by the new "licensing" ordinance. Those who have procrastinated will be vigorously prodded and asked to call on the recorder without further delay.

An invitation of the Albert Jackson post of the G. A. R. to attend the exercise of the annual reunion of the Upper Peninsula Veterans' association here this month was accepted. Another communication requested an appropriation of \$250 to be used to help defray the expense of entertaining the visitors. This appropriation, after considerable debate and by a close vote, was granted.

Against the Pavement. One anti-paving petition was received by the council and placed on file. It came from Washington street property owners, but from all that transpired at the council's session, the Front street people appear to favor the proposed improvement.

The Washington street petition was headed by Morrison, Scott & Co., who own the Nester block, and there were some thirty other signatures. It set forth that the street is now in good condition and that it handles all its traffic without trouble, in fact conveniently. It offers that the street be paved with a material that is more economical than any other material that is now used.

Fourth street will be opened. The city of Marquette will enter the circuit court with proceedings seeking the condemnation of the lands, owned by J. M. Longyear and the Ayer estate, which will have to be occupied in completing this thoroughfare. There has been a controversy between these interests and the council as to which way the street should run. The ground was beaten over last year. Monday the aldermen took the bull by the horns and decided to take the matter directly to the courts. There was some protest at this, Alderman Donovan urging that the city would find it much more economical to arrive at some agreement with Longyear and the Ayer estate than to attain its ends by processes of the law.

BAPTIST ASSOCIATION MEETING. It Opened Yesterday to Continue Today and Tomorrow. The twelfth annual meeting of the Marquette Baptist association, including all the Baptist churches in the upper peninsula, opened here yesterday, with the following delegates in attendance: Rev. T. C. Rooney, Mr. and Mrs. M. H. Quick, George Chamber, Miss Nettie Fuller, Miss Edith Fuller, Miss Lillian Quick, Miss Leone Quick, Miss Orr, Manistique; Rev. J. H. Sowerby, Mr. and Mrs. R. Prosser, J. McLaughlin, Rev. E. S. Walker, J. C. Currie, Mrs. W. Hutchins, Mrs. Sadie Hutchinson, South St. Marie; Rev. B. F. Herrick, Minneapolis, Minn.; Mrs. H. P. Cooper, Detroit; Charles G. Morse, Miss Mattie Atkins, Miss Edith Bishop, Miss Lula Liaring, Rev. and Mrs. W. H. Johnson, Mrs. Charles H. Goulet, Escanaba; Rev. J. Stirling Laurium, Rev. Mr. Scott, Mr. Miller, Mr. McLaughlin, Mrs. Walker, Hancock; Rev. E. H. E. Jameson, Detroit; Rev. T. G. Field, Elgin, Ohio; Rev. E. C. Conley, Detroit.

The day was devoted mainly to their reception, but in the evening the first meeting was held. Rev. J. C. Rooney, of Manistique delivered a thoughtful address upon "Christian Citizenship." Rev. J. Stirling Laurium discussed the subject of "How to Reach the Un-churched Masses." He insisted that, on the part of the church, there are four essentials needed before the masses can be won to the Christian church, they being preaching of the gospel, earnest and continual prayer, a holy life and personal consecration.

The afternoon session today will be concluded at 4:30 o'clock in order to permit the delegates to enjoy a picnic at Presque Isle. A special car will convey the party to that resort where supper will be served at 6 o'clock. The morning meeting will be devoted to business; the afternoon session to a Christian workers' convention.

In the evening the Rev. J. H. Sowerby, of the Soo will preach the annual sermon. The public is cordially invited to attend all the association's sessions.

TAKE IT IN TIME. Just as Scores of Marquette People Have.

Waiting doesn't pay. If you neglect the aching back Urinary troubles, diabetes, surely follow Doan's Kidney Pills relieve backache Cure every kidney ailment. Many citizens endorse them. Mr. Edward Murtha of 221 W. Rock street says: "I suffered off and on for a long time with attacks of pain through the small of my back and around through the groin. At times it became quite severe, especially if I caught cold or strained myself. The kidney secretions were irregular and unnatural. I was advised to go to the Stafford Drug Co. and procure Doan's Kidney Pills. I did so and began to use them. The distress was removed from my back and loins and the kidney secretions regulated." Sold for 50 cents per box. For sale by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

BOYS' SUITS ONE DOLLAR. Buy your boy a suit at Sterling & Co.'s during their sale.

You can always get a light lunch, with a cup of tea or cocoa, at Heppner's.

We will give big discounts on all bicycle sundries for the next thirty days. Now is your chance. R. L. Francis Co. (7-12-17)

CITY BRIEVITIES.

Today's weather: Cooler with probably local showers; wind shifting to fresh to brisk northwesterly.

Yesterday's temperature: 7 a. m., 68 degrees; noon, 79 degrees; 7 p. m., 72 degrees. Maximum, 81 degrees; minimum, 66 degrees.

Art Nester is up from Chicago. Mrs. James H. Martin of Muskegon is visiting relatives for a few days. Mrs. C. H. White of Chicago is visiting at the residence of her son, C. N. White.

Weather permitting, the Marquette Ideal orchestra will hold a dance at Presque Isle Thursday evening.

Electric light has been substituted for gas at Fraternity hall. The change is a great and appreciated improvement.

There will be a meeting of the Spanish-American war veterans in the band room next the city hall at 8 o'clock this evening.

County Clerk Ross has issued marriage licenses to Isak Kangas and Sanna M. Naso and Frank Murray and Mary Wade of Ishpeming.

Professor Hogue held his dancing classes yesterday. That in the evening was followed by the usual hop. Again the attendance was large.

Miss Bessie Oliver of Calumet is in Marquette visiting her uncle, Sheriff John Penglass. She is on her way home from the Pan-American exposition.

"Two Merry Tramps," Wood & Ward's Comedy, actually has a well defined and consistent plot which is more than can be said of the average farce comedy.

Thomas Scadden, registrar of the land office, went down to Crystal Falls yesterday for a couple of days' visit. He will take in much of the tournament excitement.

Yesterday was one of the warmest days of the past few weeks, although it was anything but warm compared with the real "scorchers" of the early part of July.

The Marquette firemen, accompanied by a few others, left for Crystal Falls yesterday morning. Most of the delegation are figuring on remaining throughout the tournament.

Business men and people in the residence district are requested to make preparations for decorating on the 21st and 22nd of August, the dates of the annual meeting of the Upper Peninsula Veterans' association here.

The "Hobo Two-Step" as arranged and presented by Wood & Ward and the Elmore Sisters in "The Two Merry Tramps" is one of the latest novelties in the musical field. The composition is having a large sale.

A couple of the street employees were busy yesterday removing the weeds and grass from the gutters of Superior street, east of Front. Their work made a practical transformation in the appearance of the thoroughfare and gave a good idea of what the weed inspector and street commissioner, the dual official being George Reichel, will accomplish when he hits the war path.

The shoeman of the city have had a little run of extra business this week with members of a party of young people who went to Ishpeming Sunday via the L. S. & I. road, intending to make the return trip on their wheels. They got away on their bikes all right and made a great part of the trip to Marquette without difficulty. Then they encountered a couple of miles of newly macadamized road, with disastrous results, and shortly the entire party was on foot. The departure from Ishpeming was made at 4 o'clock and it was 7:30 in the evening when the push trundled on to Washington street, footworn and weary.

Boys' suits, for ages 8, 9 and 10 years, at two dollars. Good wearing material. Sterling & Co. (6-7-17)

We have fifteen second-hand bicycles They will be sold cheap. If you want a wheel it will pay you to see them. R. L. Francis Co. (7-12-17)

If a dealer asks you to take something said to be "just as good as Rocky Mountain Tea made by Madison Medicine Co.," ask him if he makes more money. The Stafford Drug Co.

Do you like a sandwich and a cup of coffee with cream? If so, go to Heppner's. (8-6-17)

If you want a bicycle, want it cheap, want it good, go to R. L. Francis Co. (7-12-17)

Your best girl won't quit you when you break a leg or fall sick if you are a member of the Northern Michigan Benefit association, Marquette, Michigan. (8-2-44)

If day could be night and night could be day, if smiles could be tears and tears could be smiles, something might do you as much good as Rocky Mountain Tea. The Stafford Drug Co.

Ordinary household accidents have no terrors when there's a bottle of Dr. Thomas' Electric Oil in the medicine chest. Heals burns, cuts, bruises, sprains. Instant relief.

NOTICE TO CONTRACTORS. Sealed bids will be received by Henry E. Johnson, secretary of the school board of Marquette, Mich., until 12 o'clock M. of August 10th, 1901, for the building of a frame school house at the National Mine location. Plans and specifications can be seen at the National Mine office, also at the office of the undersigned. The right to reject any or all bids is reserved. CHARLTON, GILBERT & DEMAR, (7-25-8-8) Architects, Marquette, Mich.

G. R. WATTS, Piano Tuner. Leave orders at G. N. Conklin's, Marquette; County Telephone 15, and E. Girzi's, Ishpeming.

JAMES RICKMAN, BARBER SHOP AND BATHS. NEW AND CLEAN. Cor. Washington and Front Sts., U. P. Savings Bank. (7-30-17)

Launches! Launches!

We have just contracted for a number of 16 and 18ft. Launches, which we will equip with new 1 H. P. "Superior" engines. We are putting these boats out as leaders, and will sell the

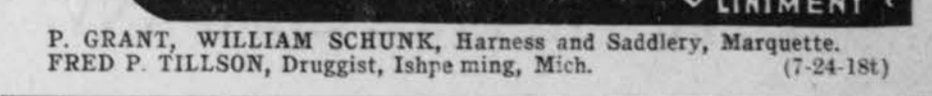

16ft. Launch complete for \$220.00 AND THE 18ft. Launch for \$250.00

as long as they last. Write for full description.

DEPARTURE REGRETTED.
Rev. Martin Kehoe Was Well Liked in Ironwood.

The people of this city were surprised to learn, upon the return of Rev. Father Kehoe from Marquette recently that he had been assigned to the parsonage at Ishpeeming, and would leave this city immediately, and there was a very large assemblage at the church a week ago Sunday to hear his farewell sermon, though but comparatively few compared with what there would have been, had the fact that he was about to leave been more generally circulated throughout the city, says the Ironwood Times. Rev. Fr. Nobsch of Iron Mountain will succeed Father Kehoe, as pastor of St. Ambrose church.

It is with the most sincere regret that the people of this city hear of the departure of Rev. Kehoe. For more than ten years he has ministered to the spiritual welfare of one of the largest congregations in the city, and during that time has endeared himself to everyone, and is today, not only among the members of his congregation, but among the other residents of the city as well, one of the most popular clergymen that has ever lived here. Although the reverend gentleman has not been in good health for the past two years or more, he did not allow this to mar his naturally jovial disposition, and he was always one of the most pleasant of men to meet on any occasion. He is also of that broad gauged type of man, which is always popular in any community, and there will be no small number of our citizens, even among those who were not members of his church who will feel his departure as a personal loss. We congratulate the people of Ishpeeming upon having secured this estimable pastor and worthy citizen, and should they fail to appreciate his true worth, we hope they will return him to Ironwood—for we do.

LABOR DAY CELEBRATION.
Organized Labor Unions Will Conduct the Demonstration.

The sixth annual Labor Day celebration will be held under direction of the organized labor unions of Ishpeeming, this date is Monday, August 20.

The celebrations of the past five years were pulled off at Union Park, but this year Cleveland park has been selected for the demonstration. A program different from that of former years will be arranged. Instead of bicycle races, professional and amateur foot races, etc., there will be a good, old-fashioned picnic. The pavilion will be given up to dancing the greater part of the day and evening. There will be music by a band as well as by individuals. Additional swings will be put up and amusements new to the people here will be introduced. Meals will be served on the grounds and a fine spread will be put up at a nominal price.

The arrangements will be looked after by Matt Wasley, E. C. Thomas, Frank Blight and John Mager. A committee composed of E. C. Thomas, Joseph Roberts, John Smeltz, Sam Hooper, John Treweek and Frank Blight will see that sufficient refreshments of all kinds are provided.

Labor Day is always observed as a holiday by workmen at the mines as well as those employed about the business houses. With fine weather there should be a very large crowd at the park.

TO CHANGE THE SYSTEM.
 Effectually yet gently, when costive or bilious, to permanently overcome habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel headaches, colds, or fevers, use Syrup of Figs, made by the California Fig Syrup Co.

Bargains in shelf hardware, cutlery, shears, and everything in our store closing out. Will sell at prices that will surprise you.

THE PLEASURES OF THE BATH.
 more especially at this time of the year, are greatly increased if all the appointments are perfect. The right kind of a tub with open plumbing make it easy to keep everything clean and sweet, and you have that all over good feeling when you get through. It doesn't take a rich man to have a fine bathroom nowadays, as we can show you.

WARM WEATHER STIMULANTS!

Trade, like human beings, requires something to stimulate energy and activity during hot weather. The month of August closes the season for selling Spring and Summer Dry Goods. We have conducted one of the most successful season's business we have had since we opened our store in Marquette.

We are now looking forward to the greatest fall and winter trade this popular store has ever had. Our energy will be pushed into every branch of the business to maintain the reputation our establishment has won during the past three years, and to merit still greater favor.

Prior to our purchasing trip to New York City for Fall Goods we propose to make a remarkable "REDUCTION SALE" on many lines of goods. The public is too well acquainted with our method of conducting these clearing sales to need more than this announcement to convince them of the extraordinary bargains we shall offer during this sale.

NOVELTIES IN WASH GOODS.

No old plunder; all this season's styles, bought of James McCreery & Co., New York, at one-half their value.

TO BE CLOSED OUT REGARDLESS OF COST.

BIG BARGAINS IN SILKS.

Dexter & Lambert's superior Colored Taffeta Silks, in all the leading shadings. Sold everywhere at 90c to \$1.00. Sale price..... **75c**

Hundreds of pieces of Fancy Silk, worth up to \$3.00 per yard. Sale price..... **78c**

EXTRAORDINARY VALUES IN WAISTS!
