NEW BOAT DRUBBED

COLUMBIA DEFEATS CONSTITUTION IN DECISIVE FASHION.

WINS TWICE IN ONE RACE.

FINE SHOWING MADE BY LIP-TON'S NEW CHALLENGER.

In Trial Spin in New York Lower Bay Shamrock Travels Fast, Carries the Sails Well and Delights the Owner and Designer.

Oyster Bay, N. Y., Aug. 22.—Columbia gave Constitution a good sound beating today twice around the Seawanhaka triangular course. On corrected time, the old boat won by two minutes and five seconds and on elapsed time by one minute and thirty-nine seconds. But the figures do not represent the decisiveness of Columbia's victory, for as a matter of fact she beat the new boat twice.

The first time around the triangle of fourteen and three-quarters miles, Columbia gained over five minutes. Then a shift of the wind put Constitution up on even terms, when a new race was practically started. This time Columbia gained over a minute and a half. It was a day of lumpy sound breezes, but if either boat got any advantage from the frequent change of the wind it was Constitution.

With the international contest less than a month away, today's race reopens the whole cup defender proposition, and yachtsmen are guessing again. Spin by the Challenger.

New York, Aug. 22.—The new challenger for America's cup, Shamrock II, had her first trial spin in the New York lower bay today and, although it only lasted ninety minutes, it was a most satisfactory performance from start to finish. Sir Thomas Lipton and Designer Watson, both of whom were on board the yacht during the trial, expressed themselves perfectly satisfied with the result.

In sailing about eight miles dead to the windward against a two-knot tide, Shamrock II covered the distance in fifty-seven minutes and made the reach back of six miles in forty minutes. The wind was fresh and fairly steady. At times, while on the wind, she put her rail under a trifle, but she showed herself well able to carry her sail and she appeared to be quite as stiff as either Constitution or Columbia. Her sails set remarkably well for the first time out.

At the conclusion of today's trial, Sir Thomas announced that Shamrock II would go out for a long trial spin tomorrow, extending down to Sandy Hook, and, perhaps if there was clear weather and a good breeze, she might try to cover the America's cup course outside the hook, fifteen miles to windward and back.

GOLF SCORES DISAPPOINTING.

Rain Interferes With the Tournament at Chicago.

Chicago, Aug. 22.—Rain interfered with the playing of the qualifying round in the amateur championship golf tournament today, and the scores were disappointing. Fred R. Hamlin of Chicago and Walter E. Egan of Owen Sound tied their medal scores with 176 each, but Hamlin won the play-off of nine holes, 41 to 45. W. J. Holabird of Glenview, who was looked upon as the king of amateurs in the West, made a poor showing, finishing fourth, with 182. Hamilton Vose, state champion of Wisconsin, also fell down, making only 190.

Ninety-one players, representing twenty-three of the principal golf clubs throughout the West, participated in today's schedule, which called for medal play at thirty-six holes. The succeeding rounds will be played Friday and Saturday and will be made a match play at eighteen holes.

WRECK ON NORTHWESTERN.

Collision Near Fond du Lac Badly Injures Four People.

Fond du Lac, Wis., Aug. 22.—The Chicago and Green Bay passenger on the Northwestern collided with a freight train a mile south of this city today. Four people were injured—Mrs. L. C. Elsworth, Milwaukee, bruised about the head and body and injured internally; Mrs. A. A. H. Ratchler, Milwaukee, badly bruised; C. E. Hafner, New York, leg fractured; J. Dunning, Green Bay, baggage man, injured legs.

Springfield, Ill., Aug. 22.—The two unidentified victims of the Alton wreck at Prentice Tuesday night have been identified as Michael Nolan and Clyde Vandervoort, both of this city.

FOR PEACE IN SOUTH AFRICA.

Reported the Czar Will Move in the Interest of Mediation.

Brussels, Aug. 22.—The Independence of Belgium today prints a despatch from Copenhagen which says: "It is currently reported in Russian circles that the czar has decided to broach South African intervention to Emperor William and President Loubet. He considers the time opportune for friendly mediation."

AUSTRIA TO ISSUE GOLD.

Introduction of New Currency Decided by the Government.

Vienna, Aug. 22.—The directors of the Austro-Hungarian bank have decided to begin the introduction of gold currency by a small issue of twenty-kronen gold pieces. The government dual monarchies have collected a sufficient reserve of gold bullion to begin to replace the paper money by gold. The gold will be merely experimental in order to accustom the public to the circulation of gold.

SULTAN IS ALARMED

SAID HE WILL AT ONCE APOLOGIZE TO FRANCE.

PARIS IS QUICK TO ACT.

WARSHIP SENT AND FLEET IS READY TO FOLLOW.

Trouble in the Balkans Again Becomes Acute—Martial Law Proclaimed by Turkey Because of the Albanian Plots.

Paris, Aug. 22.—The Matin this morning announces that the French second-class cruiser Cassard started for Turkish waters yesterday, and that a naval division is ready to follow.

Speedy Backdown Looked For.

London, Aug. 23.—"It is believed in official circles in Constantinople," says a despatch from the Turkish capital, "that the sultan will accord full satisfaction to Ambassador Constant without coercion on the part of France, and that the incident will have ended within forty-eight hours."

PORTE PROCLAIMS MARTIAL LAW.

Plots of the Revolutionists in Albania Alarm the Sultan.

London, Aug. 22.—The Westminster Gazette says that Turkey has proclaimed martial law in the Sassoun district in consequence of alleged Albanian plots. The district was the scene of the massacre in 1894.

Looting and Murder Charged.

Paris, Friday, Aug. 23.—The Pro-Armenian, issued here, asserts that the Turks have been looting and murdering in the Sassoun district since the beginning of July and several Armenian villages have been wiped out.

A Storm Center of Europe.

The critical situation in Albania is the focusing of long-pent trouble that is grave with possibilities for the future of Europe. A Vienna dispatch recently showed that the situation had reached the point of blood-letting. It stated that Albanian insurgents and Turkish regulars had several encounters on the Turkish frontier. Many had been killed and wounded on both sides. It was reported that the Albanians cut off the heads of their prisoners and triumphantly carried them on poles through Albanian towns. The Turks, it was said, massacred their prisoners. The Albanian revolutionary committee has called a congress of Albanian delegates at Duleigno, in Montenegro, to decide as to future action.

CHINESE DELAY SIGNING.

Await Edict from the Emperor Sanctioning the Protocol.

Pekin, Aug. 22.—The Chinese peace commissioners have not yet signed the settlement protocol. Prince Ching recently telegraphed the emperor, requesting an edict empowering him to sign, but no reply was received. He telegraphed again today in stronger terms and says he expects a speedy answer.

MRS. BECKHAM BETTER.

Frankfort, Ky., Aug. 22.—Physicians attending Mrs. Beckham, wife of the Kentucky governor, pronounce her much improved tonight. If the conditions do not change, her recovery is looked for.

MOB IS BAFFLED

ALABAMA SHERIFF SAVES A NEGRO FROM LYCHING.

DEPUTIES FIRE INTO THE CROWD.

KILL ONE MAN AND FATALLY WOUND ANOTHER.

Raid on Court Room After Prisoner Has Been Tried and Sentenced to Hang Precipitates Battle Which the Officers Win.

Asheville, Ala., Aug. 22.—One man was killed and another probably fatally wounded in a battle here today to save a negro, Jim Brown, from the vengeance of a mob after he had been tried and sentenced to be hanged on Sept. 29.

The killed was Walter Blankenship. The wounded are Arthur Blankenship and a small boy, a son of James Hanley, slightly wounded.

The attempt of the mob to gain possession of the negro followed one of the swiftest and fairest trials ever witnessed. When the trial ended, Sheriff North thought it unwise to attempt to take Brown to jail, a few blocks away, for the crowd was rapidly increasing around the front door of the court house. Twenty-eight deputies, all armed, guarded the court room.

The first sign of the outbreak came when a man from outside with a pistol in hand started to mount the stairway. He was followed by two or three others. Several shots were exchanged, followed by a general fusillade. The sheriff's force fired through the windows and doors, and the mob retreated. Walter Blankenship was shot through the head with a Winchester ball and Arthur Blankenship in the hand and shoulder with buckshot.

A heavy rain then began falling which scattered the crowd. The officers took advantage of the lull and spirited the negro away in charge of two deputies. He was gotten safely aboard a train for Birmingham.

SCANDAL EXCITES MISSISSIPPI.

Governor Tells of a Shortage in the Treasury Since Replaced.

Jackson, Miss., Aug. 22.—Governor Longino today issued a statement of the condition of the state treasury, showing that on Aug. 15 he found a shortage of \$107,021. The governor then states: "In the hope the shortage would be replaced if opportunity and time were given before the result of the count was made public, I therefore enjoined the secrecy of those present and agreed with Treasurer Stowers that I would make another count of the money on Aug. 20. On the date fixed I made the said count. It was then found that the cash and drafts on hand balanced with the books, which called for \$905,914."

The governor closes his statement by saying: "The examination of the funds in the treasury was made as required of me by the state laws, and in my opinion the books of the treasury show a correct statement of the amounts which should have been in the treasury on the said 15th and 20th days of August; and before doing or saying anything further in the premises I deem it just to Treasurer Stowers that he be given full opportunity to make such explanation as he may see fit."

The publication of this report has created no end of excitement. Mr. Stowers declined to make a statement.

JEFFRIES AND RUBLIN SIGN.

Will Fight Twenty Rounds at San Francisco Early in November.

San Francisco, Aug. 22.—Jeffries and Rublin tonight signed articles with the Twentieth Century club for a twenty-round contest in the early part of November. The club guarantees the fighters 02½ per cent of the receipts.

Stockton, Cal., Aug. 22.—Perry Queenen of Milwaukee and Rufe Turner fought twenty rounds to a draw here tonight.

KILLED IN SELF-DEFENSE.

Pittsburg Woman Who Stabbed Peddler Is Exonerated.

Pittsburg, Pa., Aug. 22.—Mrs. Lees, who was held for killing the Hebrew peddler, Nogler, yesterday during a quarrel at the home of Mrs. Grace Woods, was exonerated from all blame in connection with the stabbing of the man at the coroner's inquest this afternoon. The verdict stated that Nogler was killed in self-defense and the killing was justifiable.

APLIN TO GO TO CONGRESS.

His Nomination in Tenth District Equivalent to Election.

Detroit, Aug. 22.—The Republican convention for the Tenth district of Michigan, which was held at Standish today, nominated H. H. Aplin to fill the vacancy caused by the death of Congressman Crump. This district is strongly Republican and the nomination is considered equivalent to election.

ENGLISH ATHLETES COME.

Oxford and Cambridge to Meet Harvard and Yale Next Month.

Boston, Aug. 22.—The Oxford and Cambridge Athletes who are to compete against Harvard and Yale next month, arrived tonight on the steamer Commonwealth from Liverpool.

OIL TANK FIRE DIES.

Flames at Point Breeze Finally Burn Themselves Out.

Philadelphia, Aug. 22.—The fire which started at the plant of the Atlantic Refining company at Point Breeze burned itself out today. Vice President Lloyd of the company, estimates the loss at half a million dollars.

IS VICTIM OF FOOT-PADS.

J. J. Gilliland, Prominent Lincoln Citizen, Is Shot Dead.

Lincoln, Neb., Aug. 22.—John J. Gilliland, a former member of the Nebraska legislature and one of the most prominent business men in Lincoln, was shot dead late tonight three blocks from his home by unknown men, supposedly by foot-pads. There were marks of a struggle. Papers from Gilliland's pockets were found scattered along the walk.

JOLIET MEN WEAKEN

SENTIMENT IS STRONG FOR A RETURN TO WORK.

CHICAGO'S ACTION TO DECIDE IT.

STRIKE DEVELOPMENTS BUT FEW IN THE EAST.

Iron Masters, However, Succeed in Resuming at One Tin Plate Plant and Prepare to Start Still Another.

Joliet, Ill., Aug. 22.—The reports that the steel mills will resume on Monday are absolutely without official foundation, either as regards the company or the Amalgamated association. Neither side has made a move to that end. It is not thought there will be any change here until South Chicago's position is finally determined. There is a strong sentiment among some of the strikers in favor of a return to work under some honorable plan, but they will stand by the strike order, at least until it is known whether the Chicago men will go out.

Quiet All Along the Line.

Pittsburg, Aug. 22.—Aside from the partial equipment of the Star plant of the American Tin Plate company and preparation for its immediate resumption, there were no special developments in the strike situation in this city today.

No further trouble has occurred at the Pennsylvania Tube works, and at all other strike points quiet reigns. The Amalgamated people point with pride to the conduct of their members in restraining themselves from violence when they see non-unionists being marched into the mills to take their places.

No sign of break in the Carnegie Up-Per and Lower Union plants made its appearance today. McKeesport is still completely tied up, but an attempt may be made to start the Demmler tin works tonight with men secured from outside points.

At Ironton, the tin plate company gained another victory today by the successful start of one set of rolls. The company officials say that now that a break has been made they will get the men back. A delegation of strikers from Wellsville went to Ironton late tonight to try and persuade the men to quit.

President Shaffer said tonight that no movement had yet been made by either side looking to arbitration or mediation. The possibility of arbitration, however, is discussed by other labor leaders, and the name of Governor W. A. Stone is mentioned as arbitrator.

Dubuque Molders Quit.

Dubuque, Ia., Aug. 22.—The molders in the McDonald pump factory struck today for a ten per cent advance in wages. The company refuses to recognize the union or treat with the men as members of it.

Rheumatism

Rheumatic pains are the cries of protest and distress from tortured muscles, aching joints and excited nerves. The blood has been poisoned by the accumulation of waste matter in the system, and can no longer supply the pure and health sustaining food they require.

After having filled twelve times without receiving the slightest benefit, I decided to try the medicine a trial and after I had taken a few bottles I was able to hobble around on crutches, and very soon thereafter had no use for them at all.

SSS the great vegetable purifier and tonic, is the ideal remedy in all rheumatic troubles. There are no opiates or minerals in it to disturb the digestion and lead to rheumatic habits.

We have prepared a special book on Rheumatism which every sufferer from this painful disease should read. It is the most complete and interesting book of the kind in existence.

First National Bank of Marquette. Capital \$150,000. Surplus Fund 50,000. Directors: Peter White, L. G. Kaufman, E. H. Towar, W. E. Jenson, S. E. Edgerly.

J. BAD CONDITION, Staring Coat, K. K. All kinds of Diseases, Scalds, Sticks, etc., each Stable Case, Ten Specifics, Book, 25c. At druggists or sent prepaid on receipt of price.

NERVOUS DEBILITY, VITAL WEAKNESS and Prostration from Overwork or other causes. Humphreys' Homeopathic Specific No. 22, in use over 40 years, the only successful remedy.

HAVANA PLANTATION CIGAR SMOKERS! Try That Celebrated HAVANA PLANTATION CIGAR. You will discover one of the richest smokes you ever had.

A Union-Made Cigar, manufactured by JAEDECKE BROS., Ithampem, Mich. The non-irritating cathartic, Hood's Pills, 25 cents of all druggists or by mail of C. I. Hood & Co., Lowell, Mass.

DAILY MINING JOURNAL, A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

At the rate they are killing negroes in the South the necessity for enacting laws for their disfranchisement to destroy their political influence will soon disappear.

A Grand Rapids dispatch printed in a Detroit paper states that when Senator Burrows was up for a second term he promised Hon. Wm. Alden Smith to stand aside for that gentleman next time if he would agree to keep out of the contest then.

The Port Huron Daily Herald states a truth that not a few newspapers are in a position to appreciate the force of in this brief but pregnant article on libel suits.

While on his way to Mackinac Island for a few days' rest, Senator Hanna was interviewed aboard the steamer North West at Detroit by a Free Press reporter Tuesday in regard to the steel strike, and expressed himself as follows:

With the Steel corporation it is not a fight to crush the union, as I understand the situation, but rather a struggle against an encroachment upon a contract. I have followed the workings of the Amalgamated for a great number of years and its purpose has been accomplished year after year when the employers met and signed the scale.

Why Have Gray Hair? When it can be restored to its natural color, soft and glossy, no trouble to use. Not sticky, greasy, or greasy, does not stain the scalp.

THE STORY goes that the Jacksonian club of Omaha, Nebraska, of which Wm. J. Bryan is a member, has planned a political picnic for the 7th of the coming month, which it designs making a large affair.

From frightful disfigurement Mrs. Annie Galleger, of La Grange, Ga., applied Bucklen's Arnica Salve to great sores on head and face, and writes its quick cure exceeded all hopes.

Speaking of the steel strike, the New York Times says: "The worst of it is that a complete victory by either party to the dispute cannot be regarded as good fortune in view of its probable ultimate consequences. It is almost equally intolerable that consolidated capital shall have autocratic power over disorganized labor and that organized labor have the power to embarrass and prevent the enterprise of possessors of capital."

So far as the present strike of the steel workers goes, the "steel trust," so-called, sought to avoid trouble with the organized labor employed in its plants. It offered to sign the Amalgamated scale for the mills that had been under control of that organization, as well as for others which had been non-union but in which the association had obtained a foothold.

Upper Peninsula. Lower Michigan.

Dr. G. A. Johnson of Sioux City, Ia., is in the twin cities on the Menominee river this week on an important mission. He desires to secure a tract of land reasonably near Menominee for the establishment of a sheep ranch.

Henry Wolf, a well-known politician and former deputy oil inspector, was arrested Tuesday at Muskegon on the charge of selling liquor on Sunday at the new Mona lake resort.

The Rev. J. P. Varner, pastor of the First Methodist Episcopal church of Oshtemo, has received two anonymous letters of a threatening character warning him to desist from his attacks on the late Oshtemo carnival and the saloon keepers.

William Prentiss, working in the lumber camp of the Grand Rapids Bark & Lumber company, south of Charlevoix, recently broke the world's record for fast sawing on a hand machine.

An effect of the big strike now in progress, experienced at Albion, is the crippling of the city's manufacturing industries, notably the Gale Plow works and the Albion Malleable Iron company.

Charles White, manager of the A. P. Connor farm, about two miles south of Muskegon, was severely bitten by a poisonous adder Monday evening while in the field gathering musk melons.

Jacob Hense, a Fenton carpenter, aged forty, shot at his wife Monday afternoon, the bullet just grazing her head. He then ran two miles to Long Lake, rowed out into deep water, overturned the boat and was drowned before assistance could reach him.

In the angle to the south formed by the main wings of the pharmacy building at Ann Arbor is a brick cellar extending only a couple of feet above the level of the ground.

Why is the name DeBell's Kidney Pills imitated? Why are diamonds imitated? DeBell's Kidney Pills are the most valuable medicine the world has ever known.

From frightful disfigurement Mrs. Annie Galleger, of La Grange, Ga., applied Bucklen's Arnica Salve to great sores on head and face, and writes its quick cure exceeded all hopes.

Body pain loses its terror if you've a bottle of Dr. Thomas' Electric Oil in the house. Instant relief in cases of burns, cuts, sprains, accidents of any sort.

SCOTCH Whisky gains in popularity every year. We will sell more this summer than last if the demand keeps up. Carry a large stock and usually something a little different and extraordinary from the common brands, which we also keep.

HEALTH AND VITALITY DR. MOTT'S NERVE PILLS. The great remedy for nervous prostration and all diseases of the generative organs of either sex, such as Neuritis, Prostatitis, Fallopi or Loss of Manhood, Impotency, Nightly Emissions, Youthful Errors, Mental Worry, excessive use of Tobacco or Opium, which lead to Consumption and Insanity.

HOLD-UP AT HOUGHTON.

Servant Girl Is Robbed of Purse While on Way Home.

The first hold-up for a long period took place at Houghton about 9:30 o'clock Wednesday night. While Barbara Reinwand, a domestic employed at the residence of Adolph Kuhl, was on her way home she was accosted by a man who demanded her valuables. The girl was very badly frightened, and hardly before she realized what the fellow was doing he had grabbed her pocketbook, containing \$11.85, and disappeared in the darkness. The alarm was soon given, but no trace of the thief could be found. The hold-up occurred in front of the residence of Allan Rees.

BIG TIME ON LABOR DAY.

Elaborate Celebrations Being Arranged For at Hancock and Calumet.

Labor Day, which falls on Sept. 2 this year, will be celebrated in Hancock and Calumet in a very elaborate style. At Hancock the labor unions have taken up the arrangements and will see to it that the day is made a grand one. The program was first launched by the movement, but later, others wishing to join in to make it a general celebration, that plan was hit upon, and now the stone masons, brick layers, carpenters, moulder and tailors' unions are interested. The scene of the festivities will be at the Hancock grove where the program will be carried out in the afternoon and evening. The Calumet & Hecla and the Quincy bands will furnish the music for the event. In the morning a parade will be the feature. It will start from the corner of Montezuma and Hancock streets and proceed down Quincy street to Houghton, where a counter march will be taken back to Hancock and to the grove. The two bands will be heard in the parade. The marshals for the day are Frank Wern, J. W. Greathouse and Louis Schoff.

At Calumet, Labor Day will be celebrated at Athletic Park where a program of good sports will be carried out, the principal feature of which will be wrestling. Matches in charge of Ed Stoll are being arranged between copperdom and iron country men, and some very interesting contests may be expected. Handsome prizes will be awarded the winner of each event. Special rates have been made by the railroads, and the South Shore is preparing to bring in great crowds from the iron country. It has made the round trip rate from Marquette and Ishpeming bid \$2.60 to Hancock and \$3 to Calumet.

CHURCH CONVENTION.

Congregationalists Will Meet at Hancock Next Month.

On Tuesday and Wednesday, Sept. 3 and 4, the twenty-eighth annual session of the Lake Superior Association of Congregational Churches will meet at the Hancock Congregational church. Topics of practical and timely interest have been arranged for general discussion, from which much good is expected to be derived. During the course of the meetings Rev. R. A. Torrey, D. D., general superintendent of the Moody Bible Institute of Chicago, will talk upon four different subjects of vital importance to all in attendance. Rev. Frederick Bagall, superintendent of missions and Sunday schools, will also address the gathering.

Each church in the district is entitled to six delegates—two from the church proper, two from the Sunday school and two from the Endeavor society. Ex-officio, pastors, deacons, treasurers and clerks are delegates. Special rates on all railroads will be given for the convention, and it is expected that each church will be well represented. The officers and executive committee who have the arrangements in hand are: Rev. Edwin More, Jr., moderator; D. K. McDonald, assistant moderator; E. S. Grier, treasurer and registrar; F. Goggin, and C. F. Hall.

INTELLIGENT DOG.

Yesterday a blind man, led by a dog, made the rounds in Houghton. The dog was the occasion of much comment among those who curiously watched his movements, and all were surprised that a canine could be taught so much. He is certainly the most intelligent little animal that was ever seen in copperdom. With little disregard for those about, the dog led his master from place to place and guided him into each so that the shoe strings which the man had for sale could be offered. The dog never entered the same place twice and at a street corner would wait until his master, after getting his bearings from passers-by, would give him instructions to go straight ahead or turn to the right or left. The blind man did not go away empty-handed.

NEW FLOOR FOR THE BRIDGE.

A gang of men was engaged yesterday in tearing up the planking of the county bridge. A new floor will be put in, birch being the timber that will be used for the purpose. The old planks are in bad condition and make the rails of the street car company rather shaky. The work will be hustled to completion.

THEIR SECRET IS OUT.

All Sadeville, Ky., was curious to learn the cause of the vast improvement in the health of Mrs. S. P. Whitaker, who had for a long time endured untold suffering from a chronic bronchial trouble. "It's all due to Dr. King's New Discovery," writes her husband. "It completely cured her and also cured our little grand-daughter of severe attack of Whooping Cough." It positively cures Coughs, Colds, La Grippe, Bronchitis, all Throat and Lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at Stafford's drug store.

GUNNING FOR COPPERDOM.

Lower Peninsula Counties in Alliance at Equalization Session.

Down at Lansing—at the meeting of the state board of equalization—the lower peninsula counties apparently have formed an alliance with the project of gunning for the upper peninsula, particularly Houghton county. When heard by the board, the representatives of the "grangers" woefully relate how poor the agricultural counties have become through the failure of the crops and the depreciation of their resources generally; they complain that the assessed valuation is unjust and by far too high, compared with that of the great copper country, and then wind up with an onslaught on the mining interests, a goodly share of whose right-ful taxes the poor down-trodden farmer is paying.

These sentiments are echoed by the Detroit papers, who all appear to think that the protests of the farming elements are well founded. The News, for instance, has found that "Houghton county has been gerrymandered by the legislators of the lower peninsula. It is a particularly rich mine in single townships. The big mines of the county have for years, so it is asserted, had an employe elected as supervisor, and by a gerrymander that will place all of the mine in a single township, one supervisor can do as much of the assessing of a township as the assessors for the ragged townships," it says.

Alderman Fred Smith of Detroit, who is at the state capital in the interest of Wayne county, calmly announces that the upper peninsula counties apparently have hypothesized the state tax commission, since the valuation of Houghton county, he asserts, has been put at less than half its true value; and he intimates that a "deal" of some kind has been worked to the harm of the southern part of the state. Of his discoveries at Lansing, he says:

"Every county" he delegates there and some of them six or eight to persuade the board to keep down their equalization. A condition is presented relating to the state tax commissioners and the upper peninsula that, to say the least, is curious.

"The tax commissioners have spent \$120,000 to ascertain the relation of the state in every county in the lower peninsula, but they have not this year sent a single man into the entire upper peninsula to learn how they are assessing property or some of them six or eight to persuade the tax commissioners to be so lenient to the upper peninsula, I am not able to say. But I do say that it is wrong for the commissioners to boost the assessment on the farms and the manufactories of the lower peninsula and then pass the upper peninsula by." "Take Houghton county in the copper country, for instance. It has been equalized at \$98,000,000 by the local supervisors, and there is a Houghton crowd in Lansing telling that this is the cash valuation. Yet the copper mines of that county listed on the Boston copper exchange are worth \$163,000,000. This does not include the unlisted mines, nor does it include the cities of Houghton, Hancock, Calumet and Red Jacket, nor the St. Mary's canal lands.

"The township of Quincy in the same county is assessed by the supervisor at \$7,000,000. The Quincy copper mine in that township is worth \$10,000,000. It is quoted on the Boston copper exchange at \$17,650,000. The supervisor who returned the assessment at \$7,000,000 is an employe of the Quincy mine.

"I might give a lot more similar figures to show how Houghton and other counties in the upper peninsula have escaped because the assessor, tax commissioner wouldn't send an agent up there to learn how the assessments are made. The upper peninsula has a strong force at Lansing with Gad Smith at the head to try and convince the board that their valuations of \$3 per cent or less of cash value are correct, allowed to stand, and that the valuation of Wayne and the agricultural and other counties of the lower peninsula ought to be raised to meet the deficiency."

The Lansing correspondent of the Detroit Journal says: Ex-State Tax Commissioner Milo B. Campbell is taking an active interest in the work of equalization. He does not represent his own county, and representatives of other counties are beginning to make good guesses as to the reason of his presence here. Mr. Campbell's table of figures shows that the great county of Houghton is worth only \$128,000,000. These figures are given by Mr. Campbell in the face of the fact that the value of quoted mines alone is \$160,000,000, and besides this the thriving and wealthy villages of Red Jacket, Laurium, Hancock, Houghton and Lake Linden are assessed for over \$12,000,000. Besides all this, Houghton county is rich in timber and mineral lands, yet no account is taken of these important matters. The farm lands of this county have great value, and the average yield per acre would be astounding to lower peninsula farmers.

Mr. Campbell's figures were those reported by the state tax commission two years ago. They were the result of a comparison of the real estate sales with the assessed valuations of personal property in 1890. Campbell seems to have found his plan deficient when he came to value Houghton county. According to the "system" Houghton county would be worth over \$235,000,000, so Mr. Campbell arbitrarily threw off the insignificant item of \$100,000,000, about 14% of the total equalized value of Houghton county \$138,000,000. This, one might judge, would be satisfactory to any fair operation. Mr. Campbell would not stop there. For purposes of state equalization he deducted from all counties 25 per cent of his "actual value." For Houghton county he did likewise and then just for luck, knocked off another million and a quarter. Kevin E. Fogarty, a Houghton county man, was treated liberally by Mr. Campbell.

HOW'S THIS?

We offer One Hundred Dollars reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. E. J. Cheney & Co., Props., Toledo, O. We, the undersigned, have known E. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

We Are Modest

It's unfortunate for us, for there are very many nice things we could tell you about our laundry plant, and the high grade work that comes out of it. If it were not for our modesty we could tell you how much brighter, and lighter and better every way our laundry is; we could tell you our superintendents and workers are a little more artistic and skillful than most others, and our system of urged inspection by an expert prevents you from getting anything but perfect laundry work from our shop. But it might be better anyhow to ask us for proofs and judge for yourself.

COPPERDOM BREVITIES.

The copper country branch office of The Mining Journal is located in Room 3, second floor of the Dea Postoffice building, Houghton. All having business with the paper are cordially invited to call. Telephone No. 376.

N. F. Leopold of Chicago is in Houghton.

Thomas C. Chalmers and wife of Duluth are in Houghton for a few days.

R. P. Dunstan of Hancock will leave today for a business trip to Chicago.

Mrs. J. E. Taylor of Calumet is visiting Marquette friends for a few days.

Mr. and Mrs. J. M. Hayden of Ishpeming were Houghton visitors yesterday.

"Uncle Tom's Cabin" will be presented at the Houghton Armory Opera House tonight.

Sheriff and Mrs. Wills left for Newberry yesterday morning with an insane woman.

John I. Wilson and Miss Maggie M. Michaelson, both of Calumet, received a marriage license at the county clerk's office yesterday.

C. T. Harrington, bookkeeper in Ryan's store at Hancock, left Wednesday evening for Buffalo and other Eastern points for a three weeks' vacation.

Janitor Ojala of the Finnish college at Hancock was severely kicked in the knee cap by a horse Wednesday afternoon, and will be laid up for some time.

Rev. James Pascoe, pastor of the Peewee M. E. church, has returned from a nine weeks' visit to England. He visited in Cornwall and other parts of the island.

The funeral of the late Joseph Richards, the Ripley boy who was drowned, was held yesterday afternoon from the First M. E. church at Hancock with burial in the Hancock cemetery.

Members of Houghton lodge, No. 218, F. & A. M., and all Masons generally are invited to attend a school of instruction to be held at Calumet, at the headquarters of the lodge of that place, by Grand Lecturer Lou B. Windsor tomorrow evening at 7:30 o'clock.

At the meeting of the butchers at the Hancock grove Wednesday afternoon to decide what place should be chosen for next year's county picnic, Calumet was unanimously selected. Next summer, it is said, the picnic will be even more elaborate than the one just held.

Jerry Sullivan, an old resident of Hancock, died at his home on Franklin street at 6 o'clock Wednesday after a long illness. He was sixty-five years of age. A wife and daughter in Hancock survive him. Mr. Sullivan was in good health was employed by the village and was one of its best workers.

The funeral of the late Miss Mary Damour of Lake Linden, who died Wednesday, will be held from St. Joseph's church tomorrow, Rev. Father Borlas officiating. Miss Damour was seventy-seven years of age and had been ill but a few weeks with appendicitis. She was a member of the Ladies Sodality of St. Joseph's church and was widely known.

Henry Handibo, who was a telegraph operator on the Mineral Range road at Hancock ten years ago, is visiting his mother at Calumet. Mr. Handibo notes with surprise the phenomenal growth of the copper country during the ten years of his absence, at Hancock and Calumet especially. He is at present employed on a railroad in southern Wisconsin.

Rev. S. M. Gilchrist, of the Methodist church of Hancock, received word yesterday morning of the death of his father at Welland, Ont. The deceased was ill about three months with cancer of the throat. He was a member of the provincial police force stationed along the Welland river and, although a man of seventy-four years of age, attended to his duties up to the time of his illness. Rev. Mr. Gilchrist will be unable to attend the funeral owing to his inability to leave at this time.

SLAPS AT THE COURT

INSULAR CASE DECISION IS SCORED BY LITTLEFIELD.

"WITHOUT PARALLEL IN HISTORY."

BAR ASSOCIATION STIRRED BY CONGRESSMAN'S ADDRESS.

Speech is Warmly Applauded but Also Draws Out a Vigorous Protest Against "the Unwarranted Attack" Upon Nation's Highest Tribunal.

Denver, Aug. 22.—A sensation was caused at today's session of the American Bar association by an address by Congressman Littlefield of Maine on "The Insular Cases." Mr. Littlefield's address drew forth loud and long continued applause and a motion was made to tender him a vote of thanks for it, but this was declared out of order by the president on the ground the speaker is a member of the association.

Just before recess Adolph Moses of Chicago made a vigorous protest against what he characterized as "an unwarranted attack upon the supreme court of the United States." His remarks were cut short by a point of order, but his words were greeted with applause in which a considerable minority of the convention joined.

Women Barred from Membership. The general council of the bar association today decided that women are not eligible for membership in the association under the present constitution. This decision was reached in the case of Mrs. Jane B. Ott of Dyersville, Ia., who applied for membership. The council decided to let the matter go over a year, and then take up the question of appointing a committee to draft an amendment to the constitution which will make women eligible.

The feature of the morning session was the address of Congressman Littlefield on "The Insular Cases." These cases, he said, considered in the manner in which the results were reached and the variety of inconsistent views expressed by the different members of the court, "are without a parallel in our judicial history."

At the conclusion of Mr. Littlefield's address, the recommendations of the standing committees were submitted without being read. The commercial law committee in its report expresses dissatisfaction with the new bankruptcy law, and declares that it has made strong efforts to secure amendments, but in vain. The committee is still of the opinion that the association should, through its committee on commercial law for the ensuing year, continue its line of work looking to perfecting the bankruptcy law.

Protest Filed by Moses. At this point Attorney Moses got the floor and said: "I wish to record my vote of dissent to the general applause which followed the presentation of 'The Insular Cases' by Mr. Littlefield. I regret that I have listened, not to a piece of information, but rather to what I consider an unwarranted attack upon the supreme court of the United States; and as a member of this association I wish to raise my voice in protest against the use of its platform for a purpose of this kind."

"I remember I have read that when the celebrated case of Cohen vs. Virginia was decided by Chief Justice Marshall, he was burned in effigy in Baltimore. He was denounced in every court house in Virginia, and yet we look upon that great decision as one of the vindications of the government—and it is not the only instance where denunciation has followed the action of the supreme court of the United States."

"Those who believe with the majority have the full confidence, in sober second thought, of the people of the United States as to the correctness of this great decision. It has a political aspect and it is not natural that all free Americans should take divergent views, but I protest against the use of this platform on the part of any man however capable."

"Here a point of order was raised which was sustained by the president, and a recess was taken until tonight."

"At a meeting of the legal education section this afternoon, Harry Sanchez Richards, of the Iowa State University, read a paper entitled, 'Credit for Office Study in Law Schools.'"

HAVE MACHINE THAT FLIES.

Two American Inventors Join Hands for Purpose of Perfecting It. Bridgeport, Conn., Aug. 22.—With the purpose in view of perfecting a flying machine which will solve the problem of aerial navigation to the point of commercial success, Gustav Whitehead of this city and W. D. Custead of Waco, Tex., have formed a partnership. Both men are inventors. Whitehead has invented a flying machine and Custead an airship.

Last Tuesday night Whitehead, with two assistants, took his machine to a long field, back of Fairfield, and the inventor, for the first time flew in his machine half a mile. It worked perfectly and the operator found no difficulty in landing it.

Whitehead's machine is equipped with two engines, one to propel it on the ground on wheels and the other to make the wings, or propellers, go. In order to fly the machine is speeded to a sufficient momentum on the ground by the lower engine, and then the engine running the propellers is started, which raises the machine in the air at an angle of about six degrees.

Custead's airship rises vertically from the ground and requires no running start, as Whitehead's does, before the ascent is made, but the hopes of the inventors for success are pinned to a

new pressure generator which Whitehead has invented. He has demonstrated that the generator will work for he used it to furnish power for both of his engines at the trial of his machine last Tuesday.

Calcium carbide is used as fuel. By a series of rapid explosions the acetylene gas is forced into chambers, where it comes in contact with a chemical preparation. This produces a powerful and even piston pressure. The chemical preparation is the secret of this new generator, and Whitehead will not reveal the ingredients. This new generator will, it is claimed by both inventors, lessen the weight of motor power 75 per cent.

Mr. Custead is backed by a number of Texas and southern capitalists for the manufacture of the new airship. The company is capitalized at \$100,000.

CHILTON BANKERS BANKRUPT.

Judge Seaman of Milwaukee Likely to Declare Them So. Milwaukee, Aug. 22.—District Judge Seaman probably will declare the firm of Kersten Bros., proprietors of the Chilton bank, bankrupt and refer the case to Referee Charles H. Forward of Oshkosh.

After listening to the arguments of the attorneys for the receiver, R. E. Connell, and the Kerstens all day, the judge practically outlined his course just before court adjourned. Prior to doing so, he denied without prejudice the petition of several Milwaukee creditors for the appointment of J. C. Kleist as receiver.

INDEMNITY CLAIM DUE.

Italian Laborer Is Killed in a Brawl in Texas.

Texarkana, Ark., Aug. 22.—An Italian named Gingotti was killed near Ash Grove, twenty miles north of here, yesterday and the killing is likely to develop into an international affair. The killing was the result of a misunderstanding between a gang of Italian laborers working for the Kansas City & Southern road and some residents and railroad men in the vicinity of Ash Grove. The Italian laborer was badly beaten, while Gingotti, who had nothing to do with the fight, was killed. The Italian minister at Washington and the Italian government have been notified of the affair.

STORM HAVOC IN OKLAHOMA.

Tornado and Cloudburst Do Damage in Wide Area.

El Reno, O. T., Aug. 22.—A wind and rain storm, amounting to almost a tornado, demolished the new town of Anadarko last evening. W. P. Lewis of Weatherford, Tex.; John Antonio of Paris, Tex. and Dr. Mayse of Wichita, Kas., were killed by falling buildings and a number of others were injured, while twenty buildings were almost completely wrecked, and hundreds of tons of a great quantity of merchandise were strewn over the prairie.

At Hobart, there was almost a cloudburst, two and a quarter inches of rain falling in an hour. Thousands of dollars' worth of merchandise in unfinished buildings and tents was ruined.

Reports today indicate that the storm was severe in the country districts. Several people are reported killed or injured, but as the points are off of the railroad nothing definite can be learned.

WILL EXPLOIT EARTH'S RACES.

\$3,000,000 Ethnological Show to Be Feature of St. Louis Fair.

Chicago, Aug. 22.—"Only the missing link will be wanting in the \$3,000,000 ethnological exhibition at the St. Louis exposition, and a diligent search will be made for that 'missing monkey hybrid,'" said former Senator Tom Carter at the Auditorium last night.

As chairman of the national commission of the Louisiana Purchase exposition at St. Louis Senator Carter, in company with former Secretary Francis, has been conferring with President McKim.

Senator Carter is enthusiastic. "An exhibition such as we propose has been attempted by four world's fairs, and each time a failure was scored. The fault was lack of money. Two or three millions are needed. To get Filipinos, blow a horn in Manila and you have a cart load. We are after the pygmies of Uganda in Central Africa, the dwarfs of the upper Congo, the rare tribes of the East Indian mountains and jungles, besides such well known specimens as Maoris, Kaffirs and Dyaks. That will take time and money. The exhibition will embrace all the phases of barbarous and semi-barbarous life from pole to pole in six continents and the islands of the sea. Of these there are some seventy-five varieties. They will constitute no Midway show, but a scientific collection, live specimens in realistic surroundings. A great island, acres in extent, will be ringed with a moat. Morass, bush, jungle, caves will be reproduced. An elevated road, encircling the whole, will transport the civilized spectator through all the known varieties of savage human existence."

BAN ON PEANUT SHELLS.

Boston Park Commissioners Bar Them from the Public Grounds.

Boston, Mass., Aug. 22.—Peanuts in the shell no longer allowed to be sold in the public reservations called parks. So order the Metropolitan park commissioners. One man in Boston has the temerity to arise and protest against the edict of the Metropolitan park commissioners. He is Dr. H. W. Johnson of 30 Medford street, who fasted twenty-four days in the interest of medical science and who eats peanuts in the shell for similar reasons.

FOUND DEAD IN BED.

Jacksonville, Ills., Aug. 22.—Franklin M. Flynn was found dead tonight at the Mitchell Hotel here. Until recent times he was a wealthy stockman of this county.

TODAY'S WEATHER.

Washington, Aug. 22.—The following is the weather bureau's forecast for Upper Michigan: Fair in western, showery in eastern portion Friday; Sunday, fair; light to fresh westerly winds.

REBELS WIN BATTLE

COLOMBIAN ENGAGEMENT GOES AGAINST THE CLERICALS.

SHOWS REVOLUTION WIDESPREAD.

FOUGHT 2,000 MILES DISTANT FROM CENTER OF ACTIVITY.

Venezuela's Support of the Fighting Liberals Again Displayed by Castro, Who Sends New Army of Invaders to Sister Republic.

New York, Aug. 22.—Dr. Restrepo, diplomatic agent of the Liberal party, which is now attempting to take possession of the government in Colombia, received a despatch today from the Liberal agent at Quito regarding the recently reported battle with the government, or clerical, forces at Pasto.

The despatch is as follows: "Quito, Aug. 20.—The expected battle of Pasto was fought on Saturday, the 15th, and the Liberal Generals Legio, Perez and Arosas won a great triumph over the clericals."

Dr. Restrepo explained that Pasto, where the battle is reported to have been fought, is in the extreme southern part of Colombia, two thousand miles from where General Uribe-Urbe is operating, and it indicated a successful execution of the plans of campaign mapped out by General Uribe-Urbe and forwarded to the commanding officers of other Liberal forces before the general left New York.

More Aid from Venezuela.

Willemstad, Curacao, Aug. 22.—Venezuelan steamers have transported eight hundred men from Maracaibo and Coro, under command of General Davila, who defeated and captured General Hernandez, to invade Colombia near Rio Hacha and to support General Uribe-Urbe. The Venezuelan authorities have also sent ammunition to that point.

General Juan Pietri, leader of a revolutionary expedition that was about to start, was captured near Magdalena while on the way to arouse Guaoar. On being taken to Caracas, he was immediately set at liberty by order of President Castro.

Street Censorship Enforced.

Colon, Aug. 22.—The Colombian government is now enforcing strict censorship.

NEW YELLOW FEVER TESTS.

Cubans Inoculated With Serum to Be Bitten by Mosquitoes.

Havana, Aug. 22.—Surgeon Major Havard says that though he will not conduct further yellow fever experiments with infected mosquitoes on non-immunes he has offered to allow infected mosquitoes to bite a man previously inoculated with Dr. Caldas' serum. If the disease does not develop mosquitoes will be allowed to bite other men similarly protected. The mosquitoes to be used are those which recently bit two men, from the effects of which the men died. Dr. Havard says that Dr. Caldas has two men who he has already inoculated who are willing to be bitten by the mosquitoes. The matter was fully explained to them, but the explanation did not cause them to withdraw their consent to being bitten.

Experiments Approved by Doty.

New York, Aug. 22.—Health Officer Doty, whose experiments in exterminating malaria by slaying mosquitoes have given him an expert knowledge of the disease-bearing insects, discussing the experiments in Havana, said:

"While deeply regretting the loss of two valuable lives in the experiments of the United States authorities in Havana with disease infected mosquitoes, I positively know that they have been carried out in the most conservative and scientific way, carefully and advisedly, in the best interests of science and for the benefit of mankind generally. The knowledge gained from these unfortunate deaths is of inestimable value to the myriads of human beings dwelling in the countries and districts affected by yellow fever."

EMBARK ON PERILOUS TRIP.

Three St. Joseph Oarsmen Start to Cross Lake in Row Boat.

St. Joseph, Mich., Aug. 22.—Duff Mason, Joseph Mason and Burton Morris (relief man), the three St. Joseph oarsmen who aspire to the honor of being the first oarsmen in the history of Lake Michigan to row in a small open boat across the lake from St. Joseph to Chicago, began their voyage at 8:32 o'clock last night.

As the boat containing the venturesome navigators passed down the St. Joseph harbor and entered the lake the boys were cheered and goodswill was extended to them by scores of friends who had gathered at the dock to witness the first few hundred yards of their sixty-two mile voyage to Chicago.

The oarsmen have blankets and food stored away in the stern of their boat, and if overtaken by an unexpected squall or otherwise delayed they will be in a position to remain in the craft for several days without enduring any hardships.

STIFLED BY GAS.

Mr. and Mrs. R. T. Ross of Frisco Found Dead in Room.

San Francisco, Aug. 22.—R. T. Ross, a music teacher, and wife were asphyxiated by gas in their room last night. The hands of Mrs. Ross were clutched a curtain, and it is thought she had attempted to reach the window.

Gives new live material, drives away disease, makes up for the wear and tear of body and brain. That's what Rocky Mountain Tea is doing. 35c. Stafford Drug Co.

LITIGATION OVER BIG ESTATE.

Missouri Heir Sues for a Division and an Accounting.

St. Joseph, Mo., Aug. 22.—A suit for the division of the Burnes family estate, estimated to be worth between ten and twelve millions, has been filed here by Mary B. Moore, one of the heirs, wife of General Milton Moore of Kansas. A receiver is also named for the estate, of which Lewis C. Burnes, president of the National bank of St. Joseph, is administrator.

Mrs. Moore claims one-seventh of about one-third of the estate, which covers valuable property in St. Louis, St. Joseph, Joplin, Mo., and Leavenworth and Adison, Kas. The suit charges Burnes with withholding the books and refusing to permit an investigation of the affairs of the estate. Among the defendants is Elias Catch, manager of the famous Granby mine in the Joplin district, valued at five million dollars.

The Burnes family, consisting of five brothers, has been prominent in Northwest Missouri since the pioneer days. Another suit will be filed, it is said, by Mrs. Theodore Wittingman of Kansas City, also one of the Burnes heirs, asking for an accounting of the entire estate and an accounting.

WHITE HOUSE TREES SUFFER.

Myriads of Caterpillars Invade the Grounds of Executive Mansion.

Washington, Aug. 22.—Caterpillars have attacked the elms in the White House grounds, and their ravages have within a few days extended to the shade trees in parks and avenues in other parts of Washington. As in the case of fleas, myriads of which invaded the homes of Washington two or three weeks ago, Professor L. O. Howard, entomologist of the department of agriculture, has come to the rescue with a Latin name for the caterpillar and calls it the product of the tussock moth known as oryza leucostigma. But the caterpillars continue their operations, and many of the trees in the White House grounds and elsewhere have been almost stripped of their foliage. To check the ravages Superintendent Lanham of the Park commission assigned a large force of men today to the work of knocking the caterpillars from the trees and then washing the trees by means of a hose attached to fire hydrants.

SOLVES PERPETUAL MOTION.

Syracuse Man Has Machine He Has to Tie to Keep from Running.

Rochester, N. Y., Aug. 22.—A machine invented by William Debus, a machinist of Rochester, apparently solves the problem of perpetual motion. Debus claims that he has overcome the center of gravity. For the last twenty-one days the machine has been in operation in the Debus laboratory at the rate of 130 revolutions a minute, with no motive power whatever except that incorporated in its construction. Yesterday Debus stopped the machine. To keep it from running he had to tie up the flywheel with a strap.

The invention is of odd looking, but a simple construction. There is a flywheel twelve inches in diameter, three air chambers, making three pounds of air pressure and capable of tripling the speed of the machine. The center of gravity is overcome by means of spring weights on sixteen arms, which constantly press the flywheel forward.

The inventor claims that he has successfully navigated the rapids and given him sufficient control of the boat to allow him to take soundings of the whirlpool, a thing never done before.

"I have a scientific object in view," said Mr. Nissen yesterday, "and am not, as most people think, a crank or a noisy seeker. Soundings of the whirlpool are of great value to the scientific world, and I hope to do this successfully this time."

The boat will be entirely enclosed and water tight, and the soundings will be taken in a novel manner through a four-inch pipe extending into the water from the engine room. The smallest of its kind in the world, afloat or ashore. It is less than three feet square, and hardly more than that in height, but by sitting on top of the engine Mr. Nissen says he makes himself very comfortable.

PEACH ORCHARDS RAIDED.

Many Infected Trees Being Destroyed by Michigan Commissioners.

Colonia, Mich., Aug. 22.—Hundreds of trees have been cut down and destroyed and hundreds more will be sacrificed before the season closes because of yellows. The yellow commissioners, a board of practical fruit growers, are busily engaged in visiting orchards, marking the trees they believe to be infected, and ordering their destruction.

TREASURE SHIP IN PORT.

Seattle, Wash., Aug. 22.—The steamship hands of Mrs. Ross was clutched a curtain, and it is thought she had attempted to reach the window.

Gives new live material, drives away disease, makes up for the wear and tear of body and brain. That's what Rocky Mountain Tea is doing. 35c. Stafford Drug Co.

ABSORBED BY GOULD

CONTROL OF THE NORFOLK & WESTERN PASSES.

OUT OF PENNSYLVANIA'S HANDS.

PART OF PLAN TO SECURE EASTERN OUTLET.

Newly Acquired Road to Be Used as Lever to Force Concessions, and Transfer Is the Financial Surprise of the Year.

Philadelphia, Pa., Friday, Aug. 23.—The North American this morning says: Control of the Norfolk & Western railroad has passed out of the hands of the Pennsylvania and is firmly in the grasp of the Gould interests. This will probably occasion greater surprise in financial and railroad circles than any similar announcement made this year.

The control of the Norfolk & Western will be used by Mr. Gould to further the interests of his railroad system. If the Pennsylvania railroad will withdraw opposition to the Wabash in Pittsburgh and agree not to thwart Gould in his effort to get an Atlantic seaboard outlet, the recently acquired interest in Norfolk & Western will be surrendered at a price which will be the latest of a series of strategic moves by the Gould group to the end of forcing an Eastern outlet.

It is believed that President Cassett, of the Pennsylvania railroad, will decline to make any compromise with the Gould party.

STOCKS FIRM BUT VERY DULL.

Few Values That Show Any Change on the Day's Trading.

New York, Aug. 22.—The dealings in stocks were still further decreased today, but in spite of the extreme dullness the undertone of firmness which has recently characterized the market persisted. The stocks in which net changes are noticeable are very few. Baltimore & Ohio was conspicuously strong all day, rising 4 points, and the bituminous coal carriers were generally firm in sympathy. Rumors still persist in Wall street of the pending consolidation of all the leading soft coal interests. The firmness of the United States Steel stocks was maintained on a very light volume of dealings. Paine, Webber & Co. report closing quotations as follows:

American Zinc 13 1/2 West'n Union. Car Foundry 13 1/2 Leather 134. Central Oil 10 1/2 U. S. Steel 431. Glucose 93 1/2 Peoples Gas 112. Asked

Range of Money Rates.

New York, Aug. 22.—Money on call, steady, at 2 1/2 per cent; last loan, 2 1/2. Prime mercantile paper, 4 1/2 to 5 per cent. Sterling exchange, steady to stronger, banker's bills at 4 1/2 for demand and 4 1/4 for sixty days. Bar silver, 58 1/2.

FURTHER BREAK IN CORN.

News from Crop Districts Causes Liquidation—Wheat Up a Trifle.

Chicago, Aug. 22.—The wheat trade was only moderate today, the range for the day being about seven-eighths. The early tone was weaker and December sold off to 72 1/2, then rallied to 73 1/2, declining to 73 1/2 and closed 4 higher. Lower cables, a further break in corn. A liberal movement in the Northwest and bearish advices on the foreign situation from New York were mainly responsible for the early decline. At Liverpool, spot was steady, with futures 1/4. Large exports—858,000 bushels—and New York advices of an improved foreign demand at the decline caused a rally here. Large flour shipments from Minneapolis yesterday also were a bull factor, as was the demand there for cash. The receipts were 145 cars.

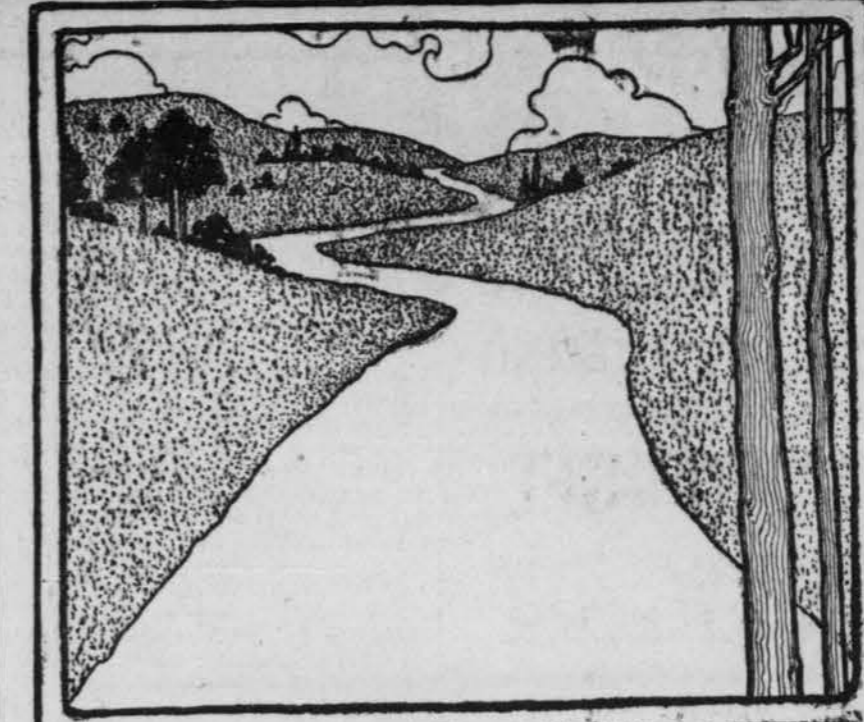

The corn trade was fair, the fluctuations covering 1/2 per cent range. The feeling was weaker and lower prices ruled early, with September down to 56, and May to 60 1/2. Later there was a 1/2 per cent recovery, but not all held, the close showing 1/2 per cent loss. Local and outside liquidation was the chief feature early, further rains, better reports from the interior and the weakness of the cables all tending to discourage holders and many sold out. At the decline shorts covered, causing a rally. At Liverpool, spot was steady to 1/4 lower, with the futures 1/2 per cent. The receipts were 256 cars.

The oats prices averaged lower, declining half a cent, but rallying and closing at a net loss of 1/4 per cent. The weakness was in sympathy with corn.

The leading futures ranged as follows: September wheat opened at 70 1/4 per cent; highest, 71; lowest, 70 1/4; closed, 70 1/4.

You can always get a light lunch, with a cup of tea or cocoa, at Heppner's.

G. R. WATTS, Piano Tuner. Leave orders at W. N. Conklin's, Marquette, County Telephone 15, and E. Glitz's, Ishpeming.

A WHITE PATH. HERE is only one kind of Cleanliness, but there are many kinds of soap. There is only one destination, but there are many paths that lead to it. If you want the shortest and safest road to Cleanliness, it is paved with Ivory Soap. Neither man nor clothes ever get beyond the cleansing power of Ivory Soap. Its rich, creamy lather extracts every particle of dirt; but it stops at the dirt! Ivory Soap—it floats.

REMARKABLE CHARTER GRANTED.

Connecticut Concern Licensed to Do Any Business Anywhere.

Hartford, Conn., Aug. 22.—The publication of the special laws enacted by the recent general assembly disclosed the granting of a remarkable charter, incorporating the International company, with headquarters at Bridgeport. It is one of the most liberal and comprehensive franchises ever given away in Connecticut. It authorizes the company to conduct business in every part of the world. The charter empowers the corporation "to transact the business of merchants, manufacturers, miners, commission merchants, agents of every kind, shippers, builders, financiers, brokers and contractors and concessionaries, in all the forms of any said kinds of business" and the company is authorized to operate "in any state, territory, dependency or possession of the United States, or in any foreign country." The capital stock of the company is \$5,000,000 and permission is granted to increase this amount to \$25,000,000. An annual franchise tax of 1-100th of one per cent of the par value of the stock, and also a tax of one-tenth of one per cent of the market value of the stock owned in Connecticut, are to be paid the state. The interests behind the charter have considerable political influence.

BOSTON COPPER QUOTATIONS.

The copper stocks dealt in on the Boston exchange closed as follows yesterday, the quotations being reported by Paine, Webber & Co.:

Adv. 27 1/2 @ 27 1/2 Osc. 100 @ 101. Arc. 14 1/2 @ 15 Par. 51 1/2 @ 52 1/2. All. 2 1/2 @ 3 Ten Cop 18 @ 20. Arr. 15 @ 2 Quincy 17 1/2 @ 17 1/2. Atl. 37 @ 38 R. I. 5 1/2 @ 6. MESSAGES SENT 103 MILES.

Remarkable Test of Wireless Telegraphy. Made by British Navy.

Washington, Aug. 22.—Reports have been received here by the navy department of recent remarkable experiences in the matter of signaling by means of wireless telegraphy made by ships of the British channel fleet while en route from Portsmouth to Berehaven.

Messages were exchanged up to a distance of ninety miles between two ships, when communication was suspended owing to a minor break. The instrument on one vessel was then adjusted to send a message to Portsmouth, and to the surprise of the signaling staff that station was found to be talking to a second ship. The distance at which this record was taken was 103 miles, a record so far as the naval service is concerned. This achievement was most gratifying to British naval men, who have worked assiduously in developing the wireless telegraphy system, which is about to be introduced throughout the service.

All foreign governments are now giving it special attention, and even Spain, with her depleted naval forces, purposes introducing it on her ships. Experiments are now being made with a system invented by Colonel Cervera. With this system it is expected to establish communication with the Balearic islands, and the Spanish possessions in Africa. The director of communications has asked for a fund to carry on the experiments.

WARSHIP BUILDING DELAYED.

Strike of Machinists Raising Hob at San Francisco Iron Works. San Francisco, Aug. 22.—Work on many vessels for the army and navy is being delayed because of labor troubles in San Francisco.

MORE CRUISERS FOR BRITAIN.

Swift Fleet of Auxiliaries is Added to the Navy. Washington, Aug. 22.—Arrangements have recently been made by Great Britain with nearly all the great steamship companies, by which their finest vessels are held at the disposition of the admiralty for employment as armed cruisers when required.

HAD FREE TRIP TO MANILA.

Congressman Hull's Visit to the Orient Discussed at Washington. Washington, Aug. 22.—The account given by the Manila Times of the alleged conduct in the Philippines of John A. T. Hull, chairman of the house committee of military affairs, has brought some inquiries to the war department as to whether his trip was made at government expense, and also whether it related to official business, or was avowedly in his private interest.

A WOMAN'S BACK.

The Aches and Pains Will Disappear If the Advice of This Marquette Citizen is Followed. A woman's back has many aches and pains. Most times 'tis the kidney's fault. Backache is, really, kidney ache.

Excursion fares to Marquette. Commencing Saturday, May 18, continuing every Saturday thereafter until further notice, the D. S. S. & A. railway will have on sale at Wetmore, Munising Junction and Au Train excursion tickets to Marquette and return at the very low rate of 75 cents.

ing of the Chicago Consum. Gibson is a financier and promoter and has made some money for Hull, who in turn has lent some prestige to their operations. In this way, it is thought, Mr. Hull became involved in the Philippine company. The Manila Times, which prints the story of Hull's outbreak, is not regarded here as unfriendly to the American occupation or to its leaders.

DEADLY MACHINE GUN.

Test Shows It More Effective Than Two Hundred Riflemen. Washington, Aug. 22.—The destructive power of the machine gun as compared to the small arm even in large numbers has been the subject of interesting trials abroad, results of which have reached the navy department here. That one machine gun, properly and effectively worked, is equal to two hundred rifles in the hands of as many soldiers has been amply demonstrated.

MAKING MOVING PICTURES.

Views Made by Stopping the Film a Fraction of a Second. There is a great future for moving pictures in education. To the insular child what more impressive method of information as to what a warship is like in all its majesty than to show him one in motion-photography. The children of the central states will be shown the machine gun and a number of small arms had been made before.

Life-motion pictures are made with one type of camera and projected by two kinds of machines. The moving picture camera is arranged so that, when turned by a crank, either by hand or by an electric motor, the sensitized film passes behind the lens at a rate of 320 feet per minute.

PAN-AMERICAN EXPOSITION.

For the above, the C. M. & St. P. railway is offering special rates by different routes to Buffalo and return. Thirty-day tickets on sale to Oct. 31. For full particulars, apply to S. H. Vaughan, Commercial Agent, Houghton. (7-3-1f)

HOME SEEKERS' EXCURSION.

For the above, the C. M. & St. P. railway is offering special rates, Northwest, West and Southwest, including California. Tickets on sale July 2 and 16, Aug. 6 and 20 and Sept. 3 and 17. For full particulars, apply to agents D. S. S. & A. or to S. H. Vaughan, Commercial Agent, Houghton. (7-3-1f)

REX AND OTHER FINE CHOCOLATES.

Rex and other fine chocolates only 35c per box at Heppner's. I'd leave my happy home and cross the deep blue sea, Rocky Mountain Tea. Stafford Drug Co.

EXCURSION FARES TO MARQUETTE.

Commencing Saturday, May 18, continuing every Saturday thereafter until further notice, the D. S. S. & A. railway will have on sale at Wetmore, Munising Junction and Au Train excursion tickets to Marquette and return at the very low rate of 75 cents.

NOW LOCATED IN MARQUETTE.

The Sick Receiving Medical Services Free. The Boston Specialists have located their offices at No. 423 North Front street. These eminent specialists treat all Chronic Diseases and Deformities of Men, Women and Children.

HISTORIC SPANKING.

Having Administered Punishment, Redress Was Denied Him. The law does not take account of trifles—de minimis non curat lex—but the spanking of a small boy nearly two centuries ago is mentioned in the court records of New Amsterdam, as New York was then known, and to that fact are we indebted for the telling of the story in that grave and gay legal magazine, the Green Bag.

THE PRIZES.

1st Prize \$20.00
2nd Prize 10.00
3rd Prize 5.00
10 Prizes \$1.00 each 10.00
\$45.00

CONDITIONS.

To the one giving us the first correct or nearest correct number we will give \$20.00. To the next giving us the correct or nearest correct number \$10.00. The third correct or nearest \$5.00. The next ten correct or nearest correct \$1.00 each.

TAKE NOTICE.

All payments and counts must be made direct to The Mining Journal by mail or personally. No count will be received unless accompanied by one month's subscription. This Contest Closes at 12:00 O'Clock Noon of Saturday, August 31st.

USE THIS BLANK IN ALL CASES.

Form for subscription: Date received, Time, Name, Street and No., Postoffice, State whether NEW or OLD subscriber, State.

COUNT ON DOTS.

TO CONTESTANTS:—The Mining Journal, upon receipt of 10 cents, will send at the close of the contest a diagram of the above puzzle so constructed as to prove the correct answer to the satisfaction of all contestants.

MINERAL RANGE RAILROAD COMPANY.

Notice is hereby given that the annual meetings of stockholders of the Mineral Range Railroad Company, for the election of directors and the transaction of any other business that may lawfully be brought before the meeting, will be held at the office of the company in the City of Marquette, Mich., on Thursday, September 19, 1901, at 2 o'clock p. m.

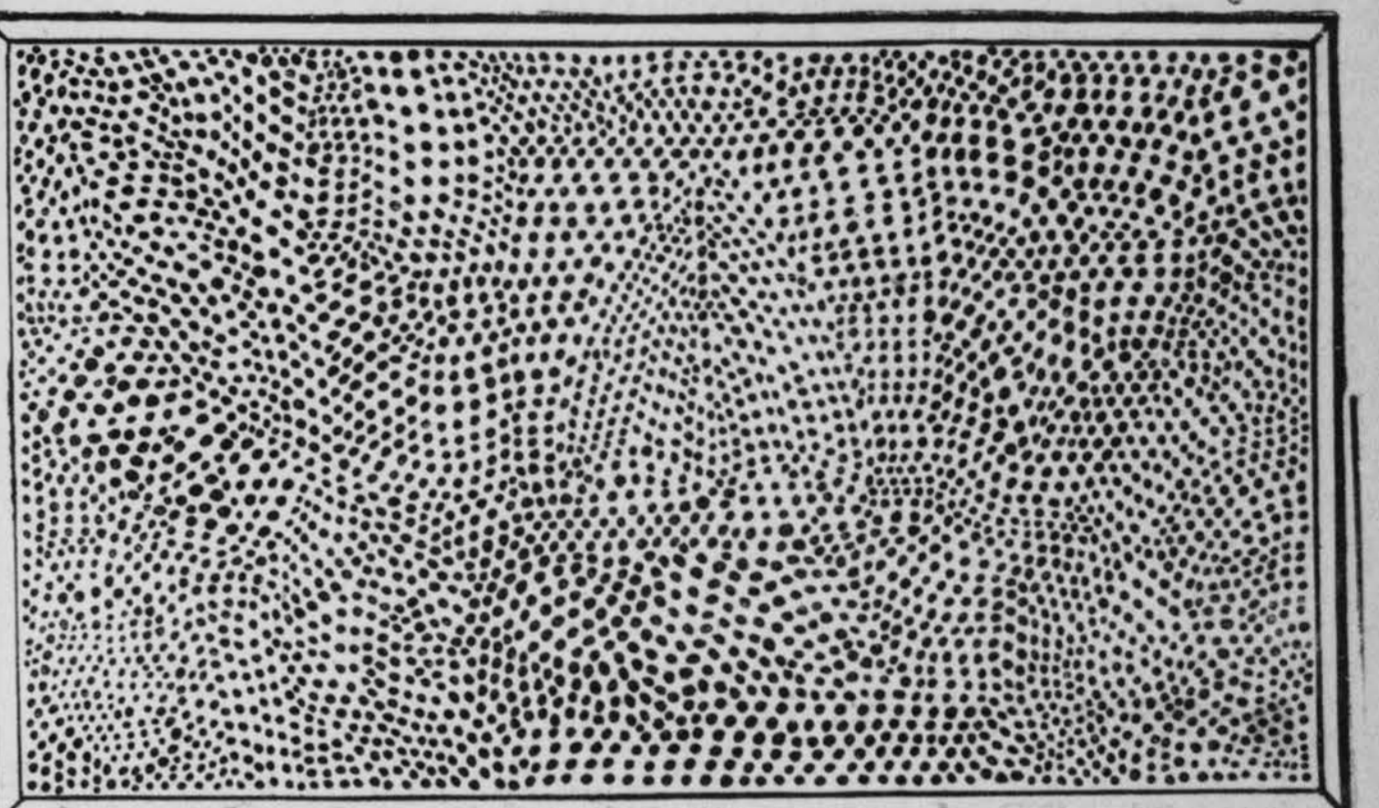

DULUTH, SOUTH SHORE & ATLANTIC RAILWAY COMPANY.

Notice is hereby given that the annual meeting of the stockholders of the Duluth, South Shore & Atlantic Railway Company, for the election of directors and the transaction of any other business that may lawfully be brought before the meeting, will be held at the office of the company in the City of Marquette, Mich., on Thursday, September 19, 1901, at 10 o'clock a. m.

COUNT THE DOTS! IF YOU CAN'T COUNT THEM, GUESS THEM. THE MINING JOURNAL'S GREAT THREE-WEEKS COUNTING CONTEST \$45.00 IN CASH PRIZES!

FREE TO ALL MINING JOURNAL SUBSCRIBERS who are paid up, and to all who subscribe for one month to The Daily Mining Journal, or three months to The Weekly Mining Journal.

THE SUBSCRIPTION PRICE OF THE MINING JOURNAL IS: Daily, 60 Cents Per Month by Carrier. Daily, 50 Cents Per Month by Mail. Weekly, 50 Cents for three Months.

The Mining Journal offers its readers an opportunity to figure on a new edition of one of the most interesting puzzles which has ever been presented to newspaper readers.

Table of prizes: 1st Prize \$20.00, 2nd Prize 10.00, 3rd Prize 5.00, 10 Prizes \$1.00 each 10.00, Total \$45.00.

CONDITIONS: To the one giving us the first correct or nearest correct number we will give \$20.00. To the next giving us the correct or nearest correct number \$10.00. The third correct or nearest \$5.00. The next ten correct or nearest correct \$1.00 each.

TAKE NOTICE. All payments and counts must be made direct to The Mining Journal by mail or personally. No count will be received unless accompanied by one month's subscription. This Contest Closes at 12:00 O'Clock Noon of Saturday, August 31st.

Subscription form: USE THIS BLANK IN ALL CASES. Date received, Time, Name, Street and No., Postoffice, State whether NEW or OLD subscriber, State.

TO CONTESTANTS:—The Mining Journal, upon receipt of 10 cents, will send at the close of the contest a diagram of the above puzzle so constructed as to prove the correct answer to the satisfaction of all contestants. N. B.—No one connected with The Mining Journal directly or indirectly will be allowed to enter this contest.

MAY LEAVE ISHPEMING.

Captain Thomas Walters and Family May Move to Duluth.

It is quite possible that Superintendent Thomas Walters of the Lake Angeline mine may change his place of residence from Ishpeeming to Duluth within the next six months or so. Should he decide to do this the captain's many friends in Ishpeeming, and in fact the whole county, will regret his departure from here.

When asked yesterday by a Mining Journal representative if he was likely to leave here the captain answered in the affirmative. Mr. Jones & Laughlin interests are no longer confined to the Marquette range. They have organized properties within the past few years on the Gogebic, Menominee and Mesaba ranges. It is the wish of the officials of the company that Captain Walters shall take general supervision of the mining work on all the ranges. During the past few months he has found it necessary to make many trips away from here. In going to the Mesaba it takes a day and night to cover the distance one way. This is more time than he can spare.

Captain Walters has not fully decided to assume the responsibility of supervising the mining work which the Jones & Laughlin people are conducting on all the ranges. In case he concludes to do this he will move his family to the head of the lakes as soon as he can complete arrangements to that end. He will regret leaving Ishpeeming, as he has a fine home and is quite contented here.

Captain Walters has been a resident of Ishpeeming since 1872, coming here from the coal mines of Pennsylvania. Before taking his present position at the Lake Angeline, some eighteen years ago, he did contract work at the Saginaw mine, later taking charge of the Mitchell property at the Winthrop.

The Jones & Laughlin people have three mines on the Mesaba range; one at Crystal Falls and one at Bessemer. The Mesaba mines are the Columbia, Lincoln and Giant. The area of mineral lands embraced in their possessions there is 360 acres. Captain Walters says there is a great deal of ore on the lands and the mines being opened up will last for years. He says there are at least 20,000,000 tons, and possibly much more, in-sight at this time. He expresses the belief that at least 1,000,000 tons of ore can be produced from the three properties. At the Giant a shaft started a short time ago is now down about fifty feet. This mine is about twelve miles west of the city of Virginia.

The Lincoln is a mile and a half east of the city and the Columbia is within the city limits. A shaft has just been started at the Lincoln. None of the properties are steam shovel propositions but the ore can be mined at a comparatively small cost per ton. At the Columbia some work was done a few years ago by the original owners. A shaft started there is now being sunk.

At Crystal Falls the company owns the Monongahela mine, located about a mile and a half outside of the town. This is an old property but it has been idle a number of years. The water is now about out of the workings and mining work will be resumed there soon. The Jack Pot at Bessemer is another of the company's properties. The eastern end, or new part, of the mine is looking finely but the old portion is not showing up so well.

Captain Walters thinks his company did well in extending its operations to the Mesaba, as there is more ore there than can be removed in many years. The lands controlled by the company have not been very thoroughly explored yet but will be thoroughly probed up and developed during the next few years. Charles T. Fairbairn of this city is the resident superintendent of the company's Mesaba range properties.

"THE FEMALE DRUMMER."

Charles E. Blaney's big extravaganza, "The Female Drummer," will be the offering at the Ishpeeming Opera House on Thursday evening of next week. This is a big city attraction and the players should be welcomed by a packed house. The play is said to be an extreme good one and in the hands of the same capable performers who were in the cast for 150 nights in New York city, a swell performance may be expected here. There are thirty people in the company.

ASTONISHED THE EDITOR.

Editor S. A. Brown, of Bennettville, S. C., was once immensely surprised. "Through long suffering from Dyspepsia," he writes, "my wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitters which helped her at once, and after using four bottles, she is entirely well, can eat anything, she is a grand tonic, and its gentle laxative qualities are splendid for torpid liver." In Indigestion, Loss of Appetite, Stomach and Liver troubles it's a positive, guaranteed cure. Only 50c at Stafford's Drug Co.

TO TEST ADVERTISING.

The Scandinavian Co-operative society, 810-814 East Ridge street, is giving a gigantic six-days' record breaking sale. No doubt one-quarter of the residents of Ishpeeming have never seen our store and in order to make it an object for you to inspect our stock we are making some very low prices. Watch for our circulars and if you do not get one send to the store for some. The dates of the sale are from Aug. 22 to 28. 8-20-54

LADIES CAN WEAR SHOES

one size smaller after using Allen's Foot-Ease, a powder to be shaken into the shoes. It makes tight or new shoes feel easy; gives instant relief to corns and bunions. It's the greatest comfort discovery of the age. Cures and prevents swollen feet, blisters, callous and sore spots. Allen's Foot-Ease is a certain cure for sweating, hot, aching feet. At all druggists and shoe stores, 25c. Trial package FREE by mail. Address, Allen S. Olmsted, Le Roy, N. Y. 1

SCALD HEADS AND SALT RHEUM.

Boro-Carbolic Salve will cure Scald Head and salt rheum when all other ointments have failed. It always the itching at once, acts like a poultice and gives instant relief. This is a new discovery and is the only remedy sold on a positive guarantee—No Cure, No Pay. Price 25 cents per box. For sale by Stafford Drug Co.

A KANSAS MINISTER.

Rev. L. S. Coulton, of Circleville, Kas., says: "Dr. Warner—Your White Wine of Tar Syrup has been in my family and found to be all and even more than you claim for it. It is a speedy cure for all throat and lung diseases." The Stafford Drug Co.

WOMAN SLEEPS THREE DAYS.

Mrs. Andrew Itaniemi Was in a Protracted Stupor Before Dying.

The wife of Andrew Itaniemi, a Finlander residing at the Winthrop Junction, went to sleep last Saturday morning and it was impossible to rouse her out of it. She died Monday evening after sleeping three days and two nights. The woman gave birth to a baby about two weeks before she was taken down. She got out and began to work before she was able. She is the mother of nine small children, most of whom are too young to take care of themselves.

The funeral was held yesterday afternoon, with interment in the Ishpeeming cemetery.

A REFORM MOVEMENT.

Finnish Temperance Societies Institute One Here.

The Finnish Temperance societies of Ishpeeming are recognized as among the strongest organizations of their kind in the upper peninsula, irrespective of nationality. There are two branches here with a total membership of about three hundred.

The latest plan adopted by the societies with a view to promoting temperance among the Finnish people of the city is unique, and it is certain that many recruits will eventually be enrolled in the membership of these societies as a result. Cards on which is printed a solemn promise to abstain from the use of all intoxicants for a given time are being circulated by a special committee of nine of the societies' best workers. It is their intention to labor with all of their countrymen whom they know use liquor. They will make a house-to-house canvass, and will talk temperance to the wives, mothers and daughters, as well as to the men. If they win the women to their side it is certain the latter will give them valuable assistance in bringing the men into line. Men who cannot be induced to sign the pledge for an extended time will be urged to "swear off" for a year, six months, or even one month.

This scheme of reforming the drinking people has been worked with great success in Finland. It is not a new thing with the natives of that country, consequently the men approached by members of the committee will require little or no lecturing in order to acquire a thorough understanding of what is expected of those who sign the cards.

If the temperance people's efforts are attended with results they anticipate, the movement will result disastrously for the Finnish saloons. A persistent effort will be put forth to bring into line men who spend more than they can afford in the saloons. Men who neglect their families through their indulgence in drink will be looked after first, and every argument possible will be put forth to reform them.

It is estimated that there are between 750 and 900 Finnish men in the city who use intoxicating liquors. A small percentage of these drink to excess. The promoters of the reform movement expect that every man induced to sign the pledge for an indefinite interval will eventually make a good member of a temperance society. The movement will not only result in adding numerical strength to the temperance army, but it will be the means of doing good for the families of their countrymen.

A public meeting will be held next Sunday afternoon, commencing at 2 o'clock at the Cleveland grove on East Division street. Prominent members of the society will speak on the temperance question. Reference to the card scheme for obtaining pledges will be made and it is expected that some signers will be present at the meeting. All are invited to attend.

A GOOD THING.

German Syrup is the special prescription of Dr. A. Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the patient in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States in 1888, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cts. Get Green's Prize Almanac. The Stafford Drug Co.

Bargains without end at the Scandinavian Co-operative society's store from Aug. 22 to 28. Big sacrifice sale. 8-20-54.

Superior ice cream and choice fruits at Luff's candy palace. (7-15-10)

You are wanted to attend the big sacrifice sale at the Scandinavian Co-operative store, commencing Aug. 22 and continuing until Aug. 28. 8-20-54

TO THE PAN-AMERICAN.

The Michigan Central, "The Niagara Falls Route," has planned a delightful trip for you to the Pan-American exposition and to the eastern resorts, via Niagara Falls and Buffalo at reduced rates, with stop-over privileges. Send for illustrated souvenir to O. W. Ruggles, general passenger and ticket agent, Chicago. (6-19-10)

MINNESOTA STATE FAIR

Hamline, Minn., Sept. 2nd-7th, 1901.

For the above occasion, the D. S. S. & A. railway will sell excursion tickets to St. Paul or Minneapolis and return at rate of single fare for the round trip. Children five years of age and under twelve half rates. Tickets will be on sale August 31st, and Sept. 1st, 2nd and 3rd and will be good for return passage until September 9th, inclusive. For full particulars, apply to station and ticket agents or to Geo. W. Hibbard, G. P. A., Marquette Mich. (8-23-10)

EXCURSION FARES

To the Famous Fishing Grounds east of Marquette—Commencing Sunday August 19, 1901, and continuing every Sunday thereafter until further notice, the D. S. S. & A. railway will sell excursion tickets to the following points at the very low rates named:—

To	Mar.	Niagara	Ishpeeming
Gordons	\$.50	\$1.00	\$1.00
Sand River	\$.50	1.00	1.00
Deerton	\$.75	1.25	1.25
Onota	\$.75	1.25	1.25
St. Ignace	\$.75	1.25	1.25
Au Train	\$.75	1.25	1.25
Munising Junction	\$.75	1.25	1.25
Wescott	\$.75	1.25	1.25
Shingleton	1.00	1.50	1.50
Craigton	1.25	1.75	1.75

Tickets will be valid for the early morning express of Sundays and will be good for return passage on the night express of same day. For further particulars apply to station and ticket agents or to Geo. W. Hibbard, G. P. A. (6-18-10)

ISHPEMING IN BRIEF.

Miss Mary Ames went up to Camp Lory yesterday for a short outing.

The "Two Merry Tramps" company played to a good house here last evening.

Members of the Young People's society of the Swedish Mission church enjoyed a picnic at the Cleveland Park yesterday.

The Lake Superior band of this city has been engaged to play at the Marquette county fair during one of the three days.

Mrs. Frances Fraser, R. S. Pollard, E. Farnham and H. E. Northrop of Marquette were visitors in the Hematite city yesterday.

D. B. Bilkey and family will soon begin housekeeping in the dwelling which A. B. Miner and family vacated when they purchased their present home.

M. A. Kahn and his two daughters left yesterday for Buffalo, where they will visit relatives a couple of weeks and incidentally take in the exposition.

C. L. Timberlake, special agent of the Prudential, Washington, Insurance company, spent yesterday in Ishpeeming. John Delbridge is the company's local agent.

The building which John Nolan is remodeling on Second street, near Cleveland avenue, will be utilized for store purposes, instead of tenement use, as formerly.

A young girl whose mind is unbalanced came out on the down town streets Wednesday night at a late hour. She screamed and raised such a racket generally that officers had to take her to her home.

There will be an ice cream social at the Salvation Army hall Saturday evening. Adjutant and Mrs. Lightowler will hold a farewell meeting at the barracks on Sunday evening next. All will be made welcome.

The spaniel puppy which Richard Matthews offers a reward is brown, with a couple of white spots between its front legs, and is about ten weeks old. The notice in yesterday's paper did not contain a description of the dog, consequently there were a number of boys around with pups looking for the reward.

Peter Tokala, a trapper employed at the Cliffs shafts, was struck on the head by a rock which fell from the hanging and received a painful, but not serious, scalp wound yesterday morning. He was taken to the Ishpeeming hospital, where his injury was attended to. Tokala will be able to resume work within ten days or so.

F. L. Trombley, who had charge of some work on the Marquette & South-eastern line below Marquette for Gil Hodgkins of this city, has returned to his home here. He finished the job he had on hand. Mr. Hodgkins will not complete his grading contract for a few weeks yet. He has finished about three miles of his five-mile contract.

The Scandinavian society's new flag pole in front of the lodge hall on Second street was raised yesterday. It is about 110 feet in height, twelve feet higher than the pole that stood in front of the Nelson House until the wind took it down a few weeks ago. The new pole is one of the finest in the upper peninsula and from present indications it will stand many years.

The excursion next Sunday via the Chicago & North-western line to Escanaba and return promises to be well patronized by Ishpeeming people. The last excursion drew a good crowd from this range in spite of unfavorable weather. Plenty of coaches will be provided so that all the excursionists can ride comfortably. The train will leave Ishpeeming at 8:33. The round trip fare will be \$1.50.

The Finnish Co-operative society's store is a busy place these days. New goods are being unpacked for the fall trade. The management of this institution desires to assure their friends and patrons that they do not find it necessary to cut prices at this time to meet the prices of other concerns. They have been selling under the dealers now cutting right along. A big line of fur garments will be on exhibition early next month when the ladies will be asked to call and see them. (8-23-34)

Scrofula, salt rheum, erysipelas and other distressing eruptive diseases yield quickly and permanently to the cleansing, purifying power of Burdock Blood Bitters.

Negaunee and Vicinity.

[Subscribers to The Mining Journal will please remember that carrier boys are not allowed to receive money on subscription account.]

SCHOOLS TO OPEN.

Sessions in Rural Districts Will Begin Monday, Sept. 2.

About half of the rural schools in Marquette county will throw open their doors for the 1901-02 school year on Monday, Sept. 2. The balance of the country schools will open a month later.

Most of the young men and women who will teach in the country schools during the coming year have been appointed. Very few changes in last year's corps have been made.

All the teachers employed in the rural schools will meet Saturday, Aug. 31, to receive instructions relative to the work they are expected to do during the year. The meeting will be divided into two sections. One will convene in the assembly room of the Ishpeming High school at 9 a. m. and the other in the Marquette city building at 1:30 o'clock on the afternoon of the same day.

There is a great need of an additional school south of Marquette on the line of the new railroad. A number of settlers have located there recently and their children are obliged to go great distances in order to obtain instruction.

Slight repairs have been made in most of the rural schools of the county and in many places additional school room has been provided. It is anticipated that there will be an increase in the attendance over all previous years, but it is not thought that any of the schools will be over-crowded.

There is a great need of an additional school south of Marquette on the line of the new railroad. A number of settlers have located there recently and their children are obliged to go great distances in order to obtain instruction.

The school board has just placed an order with the Erie Publishing company for sixteen Webster's International dictionaries. The books will be delivered at once, as the concern has a branch office at Marquette.

For some months past the school trustees have been considering the advisability of placing dictionaries in all the schools and they have made a careful study of the question. They decided at their meeting Wednesday afternoon that the International is the best for school purposes, and at once placed the order. Every grade from the fifth up will be supplied with a dictionary next year.

One of the trustees in speaking of the purchase yesterday said that the schools have long been in need of dictionaries, but that until recently the board has not been in a position to supply them. The purchase made involves an expenditure of over \$200.

This fine amusement company will be Manager McDonald's offering for one solid week, commencing Monday next, the 26th. The Traverse City Eagle says of it:

"Pretty costumes, unique stage settings, and exceptionally clever acting were the features of the production by the Seldon Stock company. A large audience was present, and most thoroughly enjoyed the production. Mrs. Seldon was most clever, her manner genteel and refined, and her declamation faultless. It was, in all, a thoroughly competent cast."

"And then there's Baby Patti—the most wonderful child of her age on the stage today. Much as has been written about her in these and other columns, but her ability does not begin to receive anywhere near the notice it deserves."

WHAT A TALE IT TELLS. If that mirror of yours shows a wretched, sallow complexion, a jaundiced look, moth patches and blotches on the skin, it's liver trouble; but Dr. King's New Life Pills regulate the liver, purify the blood, give clear skin, rosy cheeks, rich complexion. Only 25c at Stafford's drug store.

THE RIGHT REMEDY.

Your druggist will refund your money if Bunsen's Pine Tar Cough Honey fails to cure. One dose brings relief. Take a bottle and your Cough or Cold will disappear. This is a new discovery and the only cough remedy sold on a positive guarantee—No Cure, No Pay. For sale by Stafford Drug Co.

SPECIAL EXCURSIONS

To Colorado, Utah and South Dakota. The D., S. S. & A. railway now has on sale some very low rate excursion tickets to points in Colorado, Utah and South Dakota. Tickets are good for return passage until Oct. 31, 1901.

For full particulars, apply to station and ticket agents or to Geo. W. Hibbard, G. P. A., Marquette, Mich. (7-20-9-30)

Republic.

AROUSED THE WHOLE TOWN.

Michigan and Republic Ball Tossers Created Quite a Stir Here Sunday.

There was fun galore for the sporting fraternity of Republic last Sunday, when the Michigan and Republic baseball teams met at the town. The visitors were accompanied by the Michigan band. They were met at the depot by a delegation representing the local team. The two teams, headed by the band, then paraded some of the principal streets of the town.

Some of the ministers preached strongly against Sunday baseball, and one at least declared that if he would get about three members of his congregation to go with him and swear out warrants he would have the managers of the teams arrested.

The game in the afternoon drew an unusually large crowd to the grounds. Fans who do not approve of baseball on Sunday "snatched" over and took in the contest. The Sunday school classes had a light attendance, as the youngsters could not resist the temptation of following the band. The noise at the grounds could be heard quite a distance, as there was considerable excitement at times and the more enthusiastic were not a bit sparing of their lungs. Occasionally the bass drum and the horns would be tooted. This occurred, of course, when a Michigan game made a good play, or perhaps some of the Republic fellows now and then got hold of a home run "smacked" over the fence.

The evening racket annoyed the church-going people more than did the noise during the day. The band gave a concert in front of the Pascoe house and many of those who assembled to hear what their preacher would have to offer were unable to catch his remarks. There were in the neighborhood of 150 rooters with the team and all were out for a good time. The musicians were not the only ones who disturbed the peace and the members of their congregations. Men and women, young and old, and a raft of boys added to make a racket. It was about the liveliest Sunday the village has ever seen.

The baseball players or their friends had no intention of disturbing the services at the churches. Indeed, so intent were they on enjoying themselves that they didn't give a thought to anything else.

A SAD FATALITY.

A. P. Johnson, Well Known Resident, Killed Tuesday at Republic Mine.

The many friends of A. P. Johnson were shocked to learn Tuesday morning that he had met death at the mine during the previous night. Johnson and his partners were engaged in timbering near the bottom of No. 9 shaft. They had just finished putting in a set of timbers between the 1,150 and 1,250-foot levels. The timber used in the staging was being hoisted, Johnson was standing on a wall plate when the planks began to move. He was perfectly safe there, but he either lost his balance or took a mistep, falling to the bottom of the level, his head striking on a pump.

Some of the men working with Johnson saw his light top and one of them called to him, asking if he had fallen away. Johnson replied that he had, and that was the only thing he said before he expired. The unfortunate man's partners immediately went below and they found him unconscious. His head was badly crushed and he was otherwise cut and bruised. He was taken to the city hospital, and breathed his last soon after reaching surface.

The deceased was one of the best miners in the employ of the company. He had worked at the Republic for the past fifteen years or more, was industrious, honest, and had the esteem and confidence of all who knew him. He is survived by his widow and eight children, the oldest a boy about sixteen years. He owned his home here and with \$1,000 insurance he carried on his life in a company represented by William Zeiler, together with \$400 from the miners' fund, the wife and children will be left fairly well provided for.

The funeral took place Wednesday afternoon under direction of the Scandinavian society, in which he held membership. Religious services were conducted at the Swedish Methodist church.

WERE MARRIED WEDNESDAY.

Patrick White and Miss Ida Riendell, two popular young people of this village, were united in marriage Wednesday morning at the Catholic church, Rev. Father Girard of Champion officiating. The bride was attended by her cousin, Miss Eva Boda of New Hall, Mich., and Miss Margaret Lynch of this place. Dave White and R. T. Lynch supported the groom.

After the marriage the bridal party returned to the home of the bride's mother, where a wedding breakfast was served. A reception to Mr. and Mrs. White continued throughout the day, when many of their friends called to offer congratulations.

The groom is a member of the local degree team of the Modern Woodmen of America. For once at least he regretted that he was so closely identified with the "wood choppers." All the other members of the team called that evening and they didn't do a thing but torture the groom. Instead of carrying axes all were provided with rifles. Several volleys were fired and a big bass

THE FAIR NEXT MONTH.

The Marquette county fair is extensively advertised in this city. Posters announcing the dates—Sept. 4, 5 and 6—have been hung in store windows and other conspicuous places. The change in the dates of the fair has met with general approval. Heretofore the fair was held during the latter part of September, and for the past few years the weather has been very disagreeable at that time. If it is held during the first week of the month it is probable that the weather will be favorable. Negaunee will send down large delegations, as usual. The Negaunee Orchestra band will play at the fair Sept. 5.

NEGAUNEE MINE LEASED.

The owners of the fee of the Negaunee mine, excepting a small portion recently sold by Samuel Mitchell to the United States Steel corporation, have just given a lease, running twenty years, to George J. Maas, George Lonsdorf and J. O. St. Clair at a royalty of 30 cents per ton of the ore and other considerations described as one dollar and upwards.

LOCAL LAONICS.

Dr. H. W. Sheldon left last night for Chicago on a pleasure trip.

A. B. Seymour of Menominee was a business visitor here yesterday.

William A. Jackson of Bessemer, who has been visiting friends here for the past few days, has returned to Detroit, was in the city yesterday calling on his trade.

F. H. Bailey, representing the Globe Cigar Manufacturing company of Detroit, was in the city yesterday calling on his trade.

Edward Wicklander has gone to the Cape Nome district, Alaska, to seek for gold. He will remain there a year or more. Like all other prospectors, he expects to strike a rich claim and return a wealthy man.

The rain was the cause of keeping away from Marquette yesterday many who had planned to attend the annual reunion of the G. A. R. However, a goodly delegation of veterans went down to the Queen City to attend the meeting.

Complaints have been heard about the sidewalks in the western part of the town. Many are in such a dilapidated condition that it would be better if they were not there at all. Street Commissioner Thomas will lay new walks at the expense of the owners of abutting property if repairs are not made at once.

The Northwestern line will run another excursion to Escanaba Sunday. The one held a few weeks ago was so liberally patronized that the officials expect a good turnout this time. The train will leave the Negaunee station at 8:30 o'clock a. m. and will arrive in the Sandy city about two hours later. Returning, the train will leave Escanaba at 8:30 p. m. Round trip tickets are now on sale, the price of the excursion being \$1.50.

J. H. Sawbridge, who is guardian for Mrs. Kate Running, says that the account of her actions published in Wednesday's issue of The Mining Journal was slightly overdrawn. The paper printed the story as it was related by a reliable citizen. Mr. Sawbridge takes exception to the article because it says that complaints of the woman's actions are being registered with the police. He claims that there is only one person in the city who finds fault with the woman and that she is a continual kisser. Mr. Sawbridge wants it understood that Mrs. Running is not in need of food or clothing, as she is supplied with all things necessary to her comfort. People will confer a favor to Mr. Sawbridge by refusing to give her alms.

The Hot Weather Test makes people better acquainted with their resources of strength and endurance. Many find they need Hood's Sarsaparilla which invigorates the blood, promotes refreshing sleep and overcomes that tired feeling.

A blessing alike to young and old; Dr. Fowler's Extract of Wild Strawberry. Nature's specific for dysentery, diarrhoea and summer complaint.

THE HOT WEATHER TEST makes people better acquainted with their resources of strength and endurance. Many find they need Hood's Sarsaparilla which invigorates the blood, promotes refreshing sleep and overcomes that tired feeling.

BOX OF CANDY. When it is both GOOD and FRESH. We have ALLEGRETTI'S, LOWNEY'S AND LYON'S New York Candy.

J. M. PERKINS, Drugs and Stationery.

drum was pounded during the intervals between the salutes. The groom threw the house open to his associates and insisted that they go home loaded with cigars.

Among the relatives present from outside were Mrs. Phil Racine of Escanaba, sister of the bride; Mrs. John Kortou of Foster City, a cousin of the bride, and Miss Eva Boda, who was one of the bridesmaids.

A DANCING CLUB.

Republic will have a dancing club the coming fall and winter. A dancing party will be given this (Friday) evening and it is expected that nearly all the young people of the village will be present. The organization of the proposed club will be perfected at the meeting. It is the intention of the promoters to include about twenty of the young people of the town in the club's membership. Parties will be given at frequent intervals, perhaps one every two or three weeks, during the dancing season.

SNAP SHOTS.

Matt Gibson came up from Amasa Tuesday on a business mission.

Mrs. John Austin of Ishpeming is visiting here at the home of F. D. Ver-ran.

Miss Jennie Kingstrand of Michigan is visiting in Republic, the guest of Miss Mollie Carlson.

Miss Clara Pascoe returned early in the week from a visit of two weeks with friends in the copper country.

Steve Lowney of Marquette spent Tuesday in Republic. He put in most of the day looking over lands near town.

Miss Lulu Carroll, who spent the past few weeks in Republic, the guest of Mrs. D. T. Morgan, returned to her home in Escanaba Monday.

Miss Florence Green of Detroit, who has been here visiting Miss Esther Ver-ran the past two weeks or so, will leave for her home tomorrow.

N. Engdahl, who is giving entertainments in the smaller towns of this section, pleased a Republic audience at the Woodmen's hall here Tuesday evening.

The local camp of the Modern Woodmen of America is in receipt of an invitation to attend a celebration of the Iron Mountain Woodmen early next month.

George McDonald visited friends in the copper country during the week. Ernest Durand looked after his work as engineer of the fire department during his absence.

Captain Peter Pascoe of the Republic mine, who has been receiving treatment at a Detroit hospital for some weeks past, is expected home any day now. It is said he is feeling much improved in health.

Mine Inspector Joseph Tregonning spent Tuesday at the mine here. He was summoned on account of the fatality that morning. The mine inspector was unable to ascertain just how the accident happened.

The workmen in the employ of the Chicago, Milwaukee & St. Paul Railway company have had to do considerable blasting at the pit where gravel is being obtained for ballast. Many large boulders are encountered.

Superintendent J. F. Walker of the Republic schools returned early in the week from Howell, Mich., where he visited relatives a month or more. Mrs. Walker and the children will remain there a few weeks longer.

Harry Pearce of Negaunee is in charge of the masons employed building the foundation for the crusher plant near the Republic iron company's No. 9 shaft. The mechanics are making good headway with the work and it will not be long before the foundations for the building and the machinery will be completed.

Isaac Silberg and members of his family had a narrow escape from injury in a runaway on Tuesday evening of last week. Just as the horse started the king bolt broke, leaving the wagon and its occupants in the road. All escaped without a scratch. The horse made a hasty run through several streets before it was caught.

VETERANS PLEASSED

PASSABLE WEATHER MADE THEIR REUNION A SUCCESS.

BIG PRESQUE ISLE PICNIC.

VISITORS WERE FINELY ENTERTAINED BY THE LADIES.

Parade in the Afternoon—Campfire Last Night Addressed by Several Speakers and Enlivened by Pleasing Music.

The Upper Peninsula Veterans' association was treated well by the weather yesterday.

Conditions in the morning were most threatening and there appeared to be about an even chance for a continuously wet and disagreeable day.

However, the heavy showers were obliging enough to fall before dawn when there was nothing on the program with which they could interfere.

The absence of General Leo Rassier, commander-in-chief of the G. A. R., was regretted as it was thought up to the last moment that he would be in Marquette.

However, he was called to Cleveland by pressing business and could not possibly come north.

The veterans' prominent outside guests were Colonel O. A. James, in charge of the pension department of Michigan, General James Van Kleeck, commander of the Michigan department of the G. A. R., and Mrs. C. V. R. Pond, president of the Women's Relief corps of Michigan.

These visitors were well cared for and they are unanimous in expressing their pleasure with their Marquette visit and their appreciation of the hospitality of which they have been the recipients.

Ishpeming Gets Next Meeting. Ishpeming will entertain the association on the occasion of its seventh annual meeting next year.

It was designated as the place of assemblage at the business session held yesterday morning at the opera house.

A. C. Wead, a member of the G. A. R., the post of Negaunee, was elected president of the association for the ensuing year.

On him will devolve the duty of preparing for the next reunion, a duty which has been most satisfactorily and efficiently discharged this year by Captain C. D. Blanchard, the retiring president.

At this session the association passed a resolution expressing its gratitude to the Albert Jackson post and the people of Marquette for its entertainment and its appreciation of its fine treatment and the openhearted hospitality it enjoyed during its visit in the city.

The first thing on the program after dinner was the parade. It was formed about 2 o'clock, it being headed by the Negaunee city band which came down in the morning and furnished music for the veterans throughout the day.

Next in the line of march came a bunch of Spanish-American war veterans and then the G. A. R. men and the members of the Women's Relief corps, in carriages. The size of the parade was limited, but it was, of course, essential to the success of the reunion.

The principal business and residence streets were traversed, the G. A. R. men helping out the band, every now and then, with refrains of popular old war songs, which, years ago, they had sung when they were not riding in carriages.

Picnic at Presque Isle. The parade returned by a circuitous route to the headquarters on Front street where street cars were awaiting to take the entire party to Presque Isle.

The Marquette Ideal orchestra went to the resort with the visitors and furnished music during their stay there. The roughness of the lake made it impracticable to use the launches and compelled the veterans to confine their activities to land.

The interval before supper passed very pleasantly in strolls and drives about Presque Isle, the orchestra overtures entertaining many people. The number of the veterans was appreciably swelled by Marquette people who were attracted to the resort by the music and the knowledge that it was a merrier center.

The Marquette women who had the picnic in charge, as well as the young people who served it, earned the eternal gratitude, to quote them, of their guests. They really had prepared a spread of unusual excellence, which was thoroughly appreciated by the G. A. R. men, after a day full of business, recreation and amusement. Heroic onslaughts were made on the stores of good things, but they were present in all the quantities and the warlike trenchermen, although they made an appreciable impression on the supper, utterly failed to annihilate it.

Camp Fire Last Evening. The visitors returned to the city in the early hours of the evening and shortly after 8 o'clock they were assembled at the opera house, for which the camp fire, which was to formally conclude the meeting, was announced.

The theater was well filled, a camp fire being an unusual attraction here. There was an interesting and entertaining program which was enjoyed in its several parts and as a whole. Captain C. D. Blanchard presided. The meeting was enlivened by excellent music, for which the assemblage was indebted to Miss Irene Johnson, a men's quartet, and the Marquette Ideal orchestra.

The speakers were Colonel O. A. James, General James Van Kleeck, Mrs. C. V. R. Pond, Bishop G. Mott Williams and James Russell. Colonel James and General Van Kleeck were heard at considerable length, the other speakers making comparatively brief responses.

Mrs. Pond read a paper treating of the work with which she is prominently identified.

The several addresses were appropriate and well delivered. They abounded in entertaining and amusing anecdote and sentiment and had the true patriotic ring. The house burst into vociferous demonstrations of approval as telling points were scored, entering heartily into the spirit of the occasion.

H. O. Ebbel, probably the best known drummer on the upper peninsula, favored the audience with a stirring ratan solo, to which an enthusiastic encore was demanded. The meeting was concluded with "America", the entire assemblage joining in the singing.

Post's Resolution. At a meeting of Albert Jackson post in the morning the following resolution was approved:

Resolved, That the thanks of Albert Jackson post be tendered to those of the citizens of Marquette, who in the abundance of their means, contributed to make the Annual Reunion of the U. P. V. association a success.

To the ladies also, of the city, who contributed food for their entertainments. And to all others who, in their generosity, aided towards the success of the occasion.

ACCUMULATED THE STOCK. D. W. Kaufman's Part in Retirement of Grand Rapids Fire Insurance Co.

The Grand Rapids Fire Insurance company, which has long advertised itself as Michigan's leading company, recently closed a contract of reinsurance in the National Fire Insurance company of Hartford, Conn., which marks its retirement from actual business.

The reinsurance was not closed without a spirited contest between a number of companies, all of which seemed to view the business as particularly desirable. In this contest Daniel W. Kaufman, formerly of Marquette and formerly special agent of the National of Ireland, played an important part, as he had charge of the active work of accumulating the stock of the Grand Rapids corporation.

According to all advices this stock was bought in for from \$105 to \$127 until the cheque had \$146,000 out of the \$200,000 paid in, capital, cancelled, though much of it was not transferred on the books of the company. It is stated that the reinsurance would have been effected sooner had it not been for the delicate condition of Judge J. W. Champlin, the president of the Grand Rapids, who was seriously ill.

His wishes to have the company continued without change were so well known that it was believed that propositions for reinsurance would hasten his death, which finally occurred the latter part of July. This removed the final link that held the stock interests together, and the proposition to reinsure followed as a matter of course.

Following is one of the circulars issued by Secretary McBain, announcing the consummation of the contract of reinsurance:

"We have to advise you that at a meeting of the directors of the Grand Rapids Fire Insurance company, held on the 13th inst., it was voted to reinsure the business of the company in the National Fire Insurance company of Hartford, Conn.

"Policies and supplies of the National will be sent you as soon as possible together with your appointment as agent. Until such supplies arrive you may continue to issue Grand Rapids Fire Insurance company policies, the same being reinsured and protected by the National.

"Arrangements have been made that will fully protect your interest, and the business you have upon the books of the Grand Rapids, and just as soon as possible either myself, or some other representative of the National, will call to see you.

"I am more than pleased that the company chosen by the Grand Rapids is the National Fire, a company that stands second to none in America. Its capital of \$1,000,000 and its assets of \$4,851,789 give your policyholders so much more security than they had before that you are to be congratulated.

"The writer associates himself with the National Fire, and it is my earnest wish that you do not disturb the very pleasant relations existing between us. All losses and all matters will receive the same careful and prompt attention as you know we have always given them, and I ask you to stand by your friends."

The Grand Rapids was organized in 1882 with a capital of \$100,000, which was increased in 1884 to \$200,000. The first president was Julius Houseman, and his successors have been S. F. Aspinwall, T. Stewart White and Judge J. W. Champlin. The present officers are: Vice president, Edward Lowe; treasurer, W. H. Anderson; secretary, H. L. Bogue; assistant secretary, H. L. Bogue. Messrs. McBain and Bogue have been with the Grand Rapids for fifteen years. Since the organization the Grand Rapids has taken in premiums of \$4,327,446 and paid losses of \$2,327,215. Its dividends to stockholders since organization amount to \$168,000.

The Grand Rapids did the largest business of any individual company in Michigan and had annual premiums in the state of \$158,000. It was this line of renewals that made the proposition a tempting one for reinsurance.

The major portion of the Grand Rapids' business was confined to Michigan, but it wrote in Wisconsin, Indiana, Ohio, Missouri, New York and Illinois. Its Ohio business has been weeded out carefully, and in other states much of the general business has been culled until it is in good condition.

NOTICE. Owing to the continued increase of my butter and egg trade, I shall have to discontinue all delivery of milk and cream after Sept. 1.

CHAS. CAMERON. (8-23-34)

Strawberry and chocolate ice cream by the dish? Oh, yes, we have it. Hepper's.

If you want a bicycle, want it cheap, want it good, go to R. L. Francis Co.

CITY BREVITIES.

Today's weather: Fair. Fresh westerly winds becoming variable. Yesterday's temperature: 7 a. m., 71 degrees; noon, 69 degrees; 7 p. m., 67 degrees. Maximum, 77 degrees; minimum, 66 degrees.

Thomas Trathen was down from Negaunee yesterday.

W. C. Busch of Gladwin, Mich., is in Marquette on business.

Miss Ella Gordon of Marinette is visiting friends in the city.

Miss Jennie Pryor of Houghton is in Marquette visiting the Misses McCallum.

Professor Hogue's next social hop will be held the evening of Friday, Sept. 6.

Mrs. G. H. Bellingier left Wednesday for a visit to relatives in Cedar Rapids, Iowa.

Mrs. Don M. Dickinson and Miss Brush of Detroit will go up to the Huron Mountain club today.

County Clerk Ross has issued a marriage license to John Bissonette of Ishpeming and Louise Leferre of Negaunee.

There is a new lineman for the electric light and power commission's crew, thanks to an arrival at the home of James Lammy.

The tug Schenck will go up to the Huron Mountain club today. She will carry some passengers and a consignment of freight.

Martin Hogan of Marinette, an old resident of Marquette, is in this city with his family, visiting friends. They will return Friday.

John Penglase, Jr., took an insane Marquette woman, a Mrs. Johnson, to the hospital at Negaunee yesterday, returning to Marquette last evening.

Sheriff Penglase was up-the-road yesterday summoning jurors for the September term of circuit court, which will open the 10th. The jurors are being instructed to report in the court room at 2 o'clock.

The electric lights were off yesterday, on account of a scarcity of water at Dead river. They were on as usual last evening, when the reserve supply from Silver lake, thirty miles distant, swelled the volume of the stream.

The Marquette Merchant's association has decided to give its second annual picnic at the Fair grounds the 12th of September. It will be remembered that the first outing last year was a complete and notable success. It was attended by thousands of people.

A Marquette painter who turned out a bunch of G. A. R. reunion signs inscribed "Welcome Comrades" spelled phonetically and conveniently, but not according to rule. His work has attracted much attention during the past few days. Probably he was pressed for room.

Wednesday evening many people were downtown and at various points of vantage to see the fireworks display on the bay, which was announced as one of the features of the veterans' reunion. They were disappointed, as the display was called off and not much as a single roman candle was fired.

Instead of one ball game, there will be two at the Fair grounds Sunday afternoon. As has already been announced the Marquette and Lake Linden Juniors will meet. In addition the regular Marquette and Ishpeming teams will cross bats. The grounds have been put in good condition.

The decisions of the Marquette land office in the cases of Henry Helm vs. Ed Hess, eighty acres in Delta county, and George A. Bridge vs. James M. Charles, 100 acres in Chippewa, and Fred Gehring vs. Levi Branson, 120 acres in Baraga, have been confirmed by the commissioner. In each case the decision favors the first named party.

A party of prominent upper peninsula men are in Marinette today (Wednesday). In the party are Timothy Nester of Marquette, the well known promoter and lumberman, H. B. Harris, general manager of the L. S. & I. railway, A. Ward, auditor of the same line, E. H. Towar, president of the First National bank of Marquette, and D. W. Powell, a prominent upper peninsula land man. They are here negotiating an important deal which may be consummated in a few days.—Menominee Herald.

The street committee has appointed Fred Jones sidewalk inspector. He will begin the discharge of his duties today. He will have entire supervision of the walks throughout the city and will be expected to order repairs wherever they are necessary and new walks where those now in use are in such dilapidated condition that they are hopeless. It is the understanding that Mr. Jones will get after careless and procrastinating property owners hard, in which event a general and commendable improvement may be expected.

For the G. A. R. National encampment, to be held at Cleveland, O., Sept. 10 to 14, the D. S. S. & A. railway will sell excursion tickets at a rate of \$9.00, via St. Ignace and the D. & C. steamers and \$12.35, via Mackinaw City, all rail. Tickets will be on sale Sept. 7 to 11, inclusive and they will be good to leave Cleveland up to and including Sept. 15, with the privilege of an extension of the return limit to October 8 by depositing tickets and paying a fee of 50 cents. This will be a good opportunity to visit the "Forest City" and also to make a side trip to Buffalo to take in the Pan-American exposition. You can purchase Pan-American tickets in Cleveland for \$3.00 and upwards, according to the limit.

Single tax orator and defier of the rippers, Tom Hawden, will on Friday shake the unfaithful dust of the City of Oxford, and lie himself away to the city of Marquette. Lest the city should take on mourning it should be recorded that Tom promises to return. Tom is merely going to take a well earned vacation by the shores of Lake Superior, visiting relatives, although he has bashfully admitted that the good citizens of the little upper peninsula town might prevail upon him to make a speech or two while he is in their midst.—Detroit Today. Tom Hawden, it will be recalled, is the silver tongued orator who so largely responsible for the Campus Martius riots at Detroit a couple of months ago.

Butter and eggs a specialty at Cameron's creamery. (8-23-34)

QUIET BUT FIRM.

Comparatively Little Activity in Coppers Yesterday.

Coppers were quiet yesterday, although they were notably strong. All the late advances were well held. Paine, Webber & Co. said:

"The market for Lake stocks today is quiet, but firm. There was good buying of Copper Range at the close. The feature today was Amalgamated rising three points on heavy purchases. We look for continued strength and we believe that all the coppers are a purchase, especially on reactions."

Hayden, Stone & Co. wired the Laidley Commission Co.:

"There are no features in the local coppers, but we believe that some stocks are being accumulated by the big interests. Reilly has been a large buyer of Rhode Island. We believe some of Todd's properties will be taken over by the Standard Oil interests."

MARINE MATTERS.

Passed the Canal. Sault Ste. Marie, Mich., Aug. 22.—(Special)—Up—Frank Rockefeller, whaleback; Monarch, Peshtigo; Schulzkill, 9:30; Italia, Amazon, Matao, Whitworth 11:30; Colgate, whaleback; 2; Manhattan, 3; Princeton, Carrington, 3:30; Pathfinder, 11:10; Oliver, noon; Maritana, Russel, Neshoto, 12:50; Isoco, Jeanette, 2:20; Rosemount, Selkirk, Melrose, 3; Leland, Montgomery, Racine, 3:20; Superior City, Maia, 4:20; Wm.
