CARRIE NATION ARRESTED.

Taken Into Custody at New York for Creating a Riot.

New York, Sept. 1.—Carrie Nation was arrested today, charged with "raising a crowd and creating a riot." She was released upon assurance that she would go to her hotel. Before her arrest she entered three saloons and two concert halls and in strong language lectured the bar-keepers and others. A crowd followed her from place to place, constantly growing larger and boisterous, and finally the police arrested Mrs. Nation.

ROOSEVELT IN THE PULPIT.

Vice President Addresses Two Chicago Church Congregations.

Chicago, Sept. 1.—Two lay sermons, luncheon with several Illinois politicians and a visit to Hull House were the events which occupied Vice President Roosevelt today. He left this evening for Minneapolis, where he will deliver the Labor Day oration.

After breakfasting at the Chicago club, Colonel Roosevelt was driven to the Trinity Dutch Reformed church. After the sermon the pastor invited him to the platform and he made a short address. At the conclusion of the address he mingled with the congregation for half an hour, after which he drove to the First Methodist church and addressed the congregation there.

OSCEOLA IS SUED.

MINING COMPANY DEFENDANT IN IMPORTANT CASE.

VALUABLE LAND IN DISPUTE.

OWNERSHIP CLAIMED BY THE ABNER SHERMAN HEIRS.

Tract in Contention Three-Quarters of 160-Acre Section Carrying Kearsarge Lode and on Which a Shaft is Going Down.

Houghton, Mich., Sept. 1.—One of the most interesting and important suits ever commenced in Houghton county was instituted here yesterday by Ania S. Lang, wife of Postmaster Richard B. Lang of Houghton, through her attorneys, R. T. Looney of Houghton and Judge C. R. Brown of Marquette. The proceedings were begun through the filing of a bill of complaint setting forth that John Abner Sherman, Rosa Sherman, the Osceola Consolidated Mining company and herself are the owners of the southwest quarter of Section 5 in Town 50 North, Range 32 West in Houghton county, the same being 160 acres of mineral lands, the northwest quarter of which is traversed by the Kearsarge lode, the property being a part of the Kearsarge mine and on which the Osceola has one of its shafts.

Mrs. Lang, in her bill of complaint, asks that the property be divided and each party assigned its share—three-fourths to the Sherman heirs and one-fourth to the Osceola—and that in case the property cannot be divided among the owners, without manifest injury or prejudice to the parties concerned, that it be sold and the proceeds of the sale be divided among the owners. It is asserted that three-fourths of the quarter in question are rightly owned by the heirs of Abner Sherman, who owned the entire 160 acres at one time.

Drowned With the Deeds.

Before the consolidation of the Kearsarge with the Osceola, the Kearsarge Mining company derived its title to the three-fourths interest from one Loring, who had received a deed from the grantee of the heirs of Alfred Williams, who, it is claimed, had no title to give or sell, as it has been previously sold to Abner Sherman.

Flames Sweep Wreckage.

Smashed Into Kindling.

Downs' car and that of the laborers were smashed into kindling, the occupants of the private car meeting instant death. The debris of the freight burned like tinder, the flames forcing the train crew back from the work of rescue. One man penetrated as far as the private car, where he saw the dead bodies of Downs and his son and from where he dragged the body of a few minutes. It was impossible to get at the bodies of Downs and his son.

Washington, Sept. 1.—The latest developments in the Venezuelan-Colombian situation reported in the Associated Press dispatches, viz: The withdrawal of the exequators of the Colombian consuls, has increased the feeling of the officials here that the relations between the countries are still of very serious character. In diplomatic circles, the condition existing between the republics is viewed with alarm.

The withdrawal of the exequators of the consuls is a decided demonstration of unfriendliness to the country they represent and leaves them powerless to transact business. Such action usually accompanies a declaration of war or a state of hostilities. In the present instance, it follows the withdrawal of Dr. Risco, the Colombian minister, from Caracas to Bogota. The departure followed a stormy scene in the Venezuelan cabinet as the result of an effort by President Castro to give Risco his passports.

Copper Country Department

(Additional Copper County on Page 2.) WILL COST NEARLY \$200,000. WILL BUILD NEW HOSPITAL.

Sisters of St. Joseph to Put Up a \$50,000 Structure at Hancock.

The Sisters of St. Joseph, who have successfully conducted St. Joseph's hospital at Hancock for a considerable period, will build an entirely new structure on a recently purchased site on the lake front near the Protestant cemetery at Hancock.

The tract on the lake front—an excellent location—consists of eight lots, 200 by 270 feet in all, and was purchased from the Quincy Mining company.

Shortly before the deal was consummated the sisters did not have any particular choice as to a location, and as to which side of the lake, and were even willing to buy land in Houghton could the right site be found.

The hospital was a little too late and the institution will remain at Hancock. The present quarters of the hospital are too crowded and, furthermore, they are not entirely suitable.

The new hospital will cost \$200,000. It will be built and paid for in cash, as the money is at hand for that purpose.

Work has commenced on the foundation for the new convent to be erected by St. Cecile church at South Lake Linden.

It will go up on a fine site to which an additional lot was recently secured by the church people.

The building is to accommodate 250 children and it is expected that the basement portion will be ready for occupancy before the advent of cold weather.

Greenland is to have an opera house commensurate with the village's growing importance. In fact, the theatre is now nearing completion, and will be entirely so by the end of this month.

The theatre is to be erected on the site of the old opera house, the size of which is 40 by 80 feet. Two store rooms will take up the ground floor.

The entire space being utilized for the purpose, and the stage will be of goodly proportions, and well equipped with scenic properties. The capacity of the auditorium will be over five hundred.

A theatre is something Greenland has been wanting for some time, and the Messrs. Eisenberg will undoubtedly find the venture a profitable one.

Tonight the annual school meeting of District No. 1 of Houghton will be held at the High school building.

Important business is to be transacted and a big attendance of the tax-payers of the district is expected.

A trustee to succeed Dr. H. W. Jones, whose term of office expires, will be elected. Dr. Jones is not a candidate for re-election, as he wishes some one else to take up the work.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. These pills change weakness into strength, listlessness into energy, brain-fag into mental power.

They are wonderful in building up the health. Only 25c per box. Sold by Stafford.

Buffalo, N. Y., May 1st to Oct. 31st—The D. S. S. & A. railway now has on sale at all points in all directions tickets to Buffalo, N. Y., at very low rates with a choice of six different routes covering both ways.

DeBell's Kidney Pills are the only remedy that ever cured diabetes. They will cure any disease that arises from the same cause, disordered kidneys.

DeBell's Kidney Pills will cure rheumatism or other kidney diseases as surely as pulling a decayed tooth cures toothache. Price 25 cents per box. Stafford Drug Co.

STRIKE AT THE ISLE ROYALE.

Miners Quit to Enforce Demand for More Pay and Shorter Hours.

Saturday the people of Houghton were surprised to hear that a strike was in effect at the Isle Royale mine, the miners on the day shift, about 100 men in all, having gone out that morning.

The men demand higher wages and shorter hours and are quite determined to be successful. In the evening the night shift men did not go to work, so that over 200 men are out and operations are practically at a standstill.

Although some hoisting was done on Saturday, as the trammers stuck to their post, the men have undoubtedly taken advantage of a favorable time to strike, for it is generally known that miners in this section are very scarce and that it would be a very difficult matter for the company to employ an entirely new set of men.

Although the men are apparently hanging together and have appointed representatives to meet the officials at the mine this morning, an agreement may be reached and it is likely a compromise will settle the difficulties.

The miners now receive between \$55 and \$57 per month, according to the ground measured out, and they ask \$62. On Saturdays the men now work until 3 o'clock in the afternoon and leave the mine about 4 and they ask that 12 o'clock be made the quitting hour so that they may return home at 1 o'clock.

On other week days they work until 5 o'clock, leaving the mine about 6, and it is now their desire to stop work at 4 o'clock in order to get away at 5. Captain Parnall visited the property Saturday, but could find no representatives of the men as a body to talk with about the miners' grievances.

In speaking of the matter later Mr. Parnall stated that the demand of the men for higher wages would not be granted, but that something may be done regarding the change in the hours.

The position taken by the officials in charge of the mine is that the only way the men will strike the miners of other mines in the county controlled by the same interests will be liable to make similar demands and for that reason the strikers at the Isle Royale are not likely to win out.

Thus far everything is being done in a body to talk with about the miners' grievances. It is generally believed the miners are quietly waiting to see what the company will do and that they will stick out for their demands. The strike was the cause of much discussion Saturday.

WILL SEEK THE BALTIC LODE.

Minnesota Capitalists Get Option on Valuable South Range Tract.

An option on 160 acres of land on the South range, about four miles southeast of the Winona mine, was secured Saturday by J. J. Healy of Houghton and Archie T. McNaughton of Minneapolis for a company composed of Minnesota men, who will thoroughly explore the property.

Within thirty days a considerable force of men will be employed to go over land. Camps will be built and extensive preparations will be made for several months' exploratory work.

The property is located in Section 6, Town 51 North, Range 36 West. The Baltic lode is supposed to traverse the land and it is for it that the new company will search. What is thought to be an outcrop of the vein has already been found and specimens of the rock taken from four feet from the surface show up remarkably rich in fine copper.

The Pillsbury of Minneapolis and ex-Senator Washburn of that state are among those interested in the new company, which has plenty of capital back of it with which to carry on the work mapped out. The option is procured from Thomas Buzzo of Laurium, for a fancy figure, it is said.

Old Minnesota Property Still Contains Copper Worth Millions.

The Mining Journal was asked Saturday, regarding its article on the value of the old Minnesota to the Michigan company, why it was that so much wealth in copper was left in the old workings, and if the Minnesota lode was as rich as the article stated, why operations were not continued.

The Mining Journal can state the case no better than by quoting the following from the forthcoming report (now on the presses) of the commissioner of mineral statistics:

It must be remembered that the old Minnesota was mined in the way that a greedy boy eats his plum pudding—only the raisins were removed. Such a method is wasteful in the extreme, and at the present day would be totally indefensible, but the Minnesota was one of the pioneer mines of the district, opened in a day with black powder and hand drilling, afforded the only means of breaking ground; when gravity stamps crushed the rock and when a sixty horse power boiler, such as is now used in exploring outfits, was a mechanical marvel of rare occurrence—in fact the first year of the Minnesota saw the mine worked by hand and horse power.

A little later small boilers and hoists were installed, but the miners were after the masses of native mill, and the small and ineffective stamp mill of the company earned but a small part of the dividends paid by the old Minnesota.

The men who worked the mine kept on digging out the plums—one of which weighed about one million pounds, in a single slab of native copper—and the mine grew deeper. Profits were paid as fast as earned, and no new equipment added. The mine finally reached a depth where the equipment was totally incapable of hoisting; copper dropped in price, no more monstrous masses encountered, and the mine suspended.

The plums have been dug out of the center of the mine, but the pudding remains, and there are many currents yet to be found, with the certainty that a few of the big plums remain untouched.

In addition to the old Minnesota, some very rich copper-bearing ground has been opened on the Calico. An important find was made in the foot-wall of "A" shaft last spring, but the shaft is being sunk at a constant angle, and the rich ground can be taken by drifting in from the back. Both shafts are being dropped, and the north and south copper has been encountered at points ranging up to masses of a half ton in weight. The pump shaft, "B," is down about 1,300 feet, and "A" shaft is nearly 800 feet in depth.

The Michigan company possesses a very large acreage on the mineral belt, the tract covering the north and south ranges of parallel copper-bearing lodes found in this part of Ontonagon county. Some attention has been given to the southern part of the tract, where exploratory workings have shown a copper-bearing lode worthy of further attention. The Michigan is in good hands, and is being wrought intelligently and economically. The only criticism heard regarding the management of the mine is the complaint from some of the shareholders, that the work is not going rapidly enough. This criticism is apparently founded on ignorance of the circumstances. The directors and officers of the company are its largest shareholders, and have the most at stake. The work of opening a new mine and reopening an old one simultaneously requires time, and sufficient time has been taken to do the work properly. Undue haste is sometimes slow work in the end. What has been done at the Michigan has been done well, and the results will be apparent in the making of a dividend-paying mine.

The Movement in National. Current Street reports to the effect that an option has been given on the controlling interest in National Mining are denied, says the Boston Financial News. It seems, however, that there have been negotiations with this end in view of late, but no agreement has been reached, owing to the difference in the bidding and asking price. A single interest owns outright 40,000 shares of the capital stock of the company. A tentative offer of \$5 per share has been made for this stock, but has been refused.

The National mine, which is one of the oldest properties at the Lake, having been organized in 1848, has been idle since 1893. It is one of the only three copper mines of Ontonagon county, Mich., that has ever paid dividends, disbursements to shareholders having aggregated \$20,000 in nine installments from 1861 to 1872. The aggregate production of copper has been 6,000 tons. It is understood to have at the present time a floating debt of \$10,000 or thereabouts.

The National mine adjoins the Minnesota property, which is now owned by the Michigan. The management of the Michigan has for some time past been unwavering the Minnesota. This, it is expected, will be completed in October. The importance of this in connection with the National lies in the fact that owing to the location of the latter the

Strong Market Looked For. If, as many believe, the present movement in the copper stocks is merely the ground swell of a larger movement to come in the fall, the "boom" when it comes should be a good one.

When the reaction in Amalgamated is over the insiders will be found to be in possession of a larger block of stock than ever. Amalgamated affairs are slowly but surely shaping up as desired, and the best opinion on the Street is that, as an investment, it is at its present price a peculiarly attractive security.—Boston Journal.

Charles M. Turner of Lansing, Mich., for many years a resident of the Michigan copper country, is in town. Mr. Turner says that the feeling throughout the copper country with regard to the coppers is that none of the better class of stocks have by any means as yet seen their best prices.

PRIZE WINNERS. Lucky Ones Who Won't Get The Mining Journal's Checks.

Herewith is printed a list of the prize winners in The Mining Journal's dot counting contest, which closed at noon Saturday. They will be forwarded checks today.

The puzzle contained 4647 dots. Following are the prize winners: First Prize, \$20-Otto H. Kluge; Marquette; Aug. 10, 9:00 a. m. Second Prize, \$10-L. T. Miller, Marquette; Aug. 10, 4:00 p. m. Third Prize, \$5-Ida Rasmussen, Bearson; Aug. 12, 7:35 p. m.

One dollar prizes-Charles Johnson, Marquette. L. F. Nys, Marquette. W. C. Martens, Bessemer. Geo. Perrin, Marquette. J. Raskilly, Michigamme. Miss Lizzie McGillan, Baraga. Miss Della Ericson, Ishpeming. Gust Sylow, Ishpeming. Thos. Lokken, Ishpeming. Wm. Janzen, Marquette. C. E. Hardy, Marquette. F. H. Gauthier, Calumet. Rev. Arthur Richards, Champion. Wm. Leninger, Ishpeming.

The correct count of the dots was not known to the publishers, or to any person in any manner connected with The Mining Journal until Saturday, upon receipt of the following letter from the authors of the puzzle, their rule being not to furnish it until the contest is closed:

"Elmira, N. Y., Aug. 30, 1901. The Mining Journal, Marquette, Mich. Dear Sirs:-Enclosed herewith please find two dozen charts of the solution to the puzzle you have run. If you have removed any dots from the electro, of course you will have to subtract the number from the corrected chart. The correct number is 4647, if you have not removed any from your electro. Yours very truly J. R. COLBURN & CO.

Analysing the contest, the publishers find that 368 persons entered it, of which eighteen gave the correct count, each of these receiving a prize. When the agent of J. R. Colburn & Co. was in The Mining Journal office arranging for the publication of the puzzle, he was asked to state the proportion of correct answers probable. He said that about 5 per cent would get the right count. And about 5 per cent it is.

There is a wide divergence in the figures, which range from 2,900 to 7,500. More coupons bear the number 4,646 than any other, showing that many came within one dot of getting it right. Many coupons show 4657 and 4637, this indicating that a mistake was made by the counter in the final summing up of the figures after having counted the dots in sections. There are many wild guesses which are wide of the mark. There will be many disappointed ones, who felt certain that they sent in the right number. They counted the dots and of course felt sure they must be right. That's the puzzle. If it were as easy as all that there would be no puzzle. The publishers regret that they can't give every one a prize, but such is life. We can't all win. Meanwhile they give every one the best newspaper on the upper peninsula of Michigan, worth every cent it costs, and more. Any subscriber who doesn't think so will have his money cheerfully refunded upon application. The circulation of The Mining Journal is today larger than at any previous time in its history and its news service is of the best. Any change made in the future will be toward a still larger clientele and a better paper. Always at the front is The Mining Journal's motto, and no other place but the front will satisfy the publishers.

The Mining Journal is much gratified with the results of the contest, as it aroused general interest among its readers. There were upwards of four hundred returns, and in addition, the count was made by many people who did not try for the prizes, they being curious to ascertain how nearly they could approach the correct number.

This general participation and attention bespeaks the interest which the paper's subscribers take in its activities. The prize winners will get checks which will be all profit. The conditions of the contest were easy, they not being designed to bring money into the company's treasury, but rather to arouse interest among the subscribers. Those who were paid up to date on the paper could submit counts without any formality. Those in arrears had to settle in full before they could participate and new subscribers were required to pay any sum that they desired in advance subscription.

Thus, in any event, The Mining Journal is chiefly engaged in giving value received for every penny that comes

PLEASED TO DO IT. Marquette Citizens Gladly Speak Publicly on This Subject.

A public statement Given to the public for the public good.

A citizen's experience Truthfully told for humanity's sake. Should find ready appreciation. Marquette people are pleased to do it; Pleased to tell their friends and neighbors.

"Tell them about the 'little conqueror' The good deeds of Doan's Kidney Pills. Are spreading o'er the city. Lifting burdens from aching backs, Curing the pains of kidney ills. Read the proof in a Marquette man's words. Mr. A. Hoard of Dead River Mich. says: 'There was a dull aching pain across the small of my back and in my kidneys, at times so severe that I could hardly stand it, particularly if I caught cold or did any heavy lifting. I took medicines at different times, but the trouble still remained as bad as ever. When I saw Doan's Kidney Pills advertised I got a box at the Stafford Drug Company and used them. The treatment cured me.' For sale by all dealers. Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute."

WANTED! To purchase 100 shares or less Calumet & Arizona Mining Stock.

GEORGE E. STORMS, Lonsdale Building, Duluth, Minn.

over the desk in its counting room, the contest was absolutely free to any and every person who desired to enter it. That so many saw fit to try their skill on the elusive enumeration is a cause of much satisfaction to the publishers.

Some time ago, noting the interest and general response of the subscribers, they decided, in addition to the announced prizes, to give \$1 to each and every person who succeeded in correctly counting the dots. This they have done, as will be observed from the list that follows.

The contest was by no means as easy as it appeared, as the ratio of correct to incorrect returns will show. Innumerable systems for the enumeration were devised and used. There are numerous ways in which the count can be made with absolute correctness, providing the requisite care and attention are exercised. To ascertain the most promising systems, consult the prize winners.

A valued old subscriber who is now a resident of Pueblo, Colo., sent in his count, with this communication accompanying his coupon: "Pueblo, Colo., Aug. 25, 1901. 'Publishers of The Mining Journal, Marquette, Mich.: 'Gentlemen-Enclosed you will please find my count on your dot puzzle, (4625). You may remember the \$20.00 in N. Y. exchange and I will then tell you how I guessed the number. You will, no doubt, be pleased to see the 'easy money' go to one of your old subscribers. I have been on your subscription list for twenty-eight years. 'Your very truly, 'PATRICK KEYS.' Mr. Keys made a good guess, though it did not bring him the first prize, or any of the lesser ones, a circumstance that the publishers sincerely regret. If genius appreciation of the paper and loyalty to it for a long term of years were the determining consideration Mr. Keys would have a better chance for first place on the list of prize-winners than his count gave him.

IS A STRONG COMPANY. Thirty People in the Cast of 'Lovers' Lane,' Here Wednesday.

"Lovers' Lane," by the popular American author, Clyde Fitch, which will appear at the opera house on the night of Wednesday of this week, has a wonderful record of over 150 times in New York City and nearly 100 times in Chicago. The story concerns the struggles of a progressive young pastor of a

country church against the narrow prejudices of his flock. Woven in delicately with this oppression is the love of the minister for a gentleman who is betrothed to another man with a checkered past. The young woman, Mary Larkin, fascinated by the strength of character and the mental and moral superiority of the young minister, falls in love with him in turn. The villagers, with whom he has been at war, take him back to their hearts when they discover they cannot find his equal to fill the pulpit and all goes merrily along Lovers' Lane again.

The cast is a large one, numbering thirty people and over a carload of special scenery is carried. The tour is under the direction of Wm. A. Brady.

CARD OF THANKS. We wish to extend our sincere thanks to all our friends and neighbors for their kindness and sympathy during our late bereavement.

MR. AND MRS. DANIEL FVANS. A SHOCKING CALAMITY. "Lately befell a railroad laborer," writes Dr. A. Kellett of Willford, Ark. "His foot was badly crushed, but Bucklen's Arnica Salve quickly cured him. It's simply wonderful for burns, boils, and all skin eruptions. It's the world's champion healer. Cure guaranteed. 25c. Sold by Stafford."

Do you like a sandwich and a cup of coffee with cream? If so, go to Heppner's.

WISCONSIN STATE FAIR. Milwaukee, Wis., Sept. 9th to 13th, 1901.

For the above occasion, the D. S. S. & A. railway will sell tickets to Milwaukee, Wis., and return at rate of single fare for the round trip; children five years of age and under receive half rates. Tickets will be on sale Sept. 7th to 13th, inclusive, and will be good for return passage up to and including Sept. 14th. For full particulars apply to station and ticket agents at Geo. W. Hibbard, G. P. A. (8-29-13)

"WITCH OF THE WOODS." A Crowded and Pleased House Witnessed It Here Saturday Evening.

An assemblage that taxed the capacity of the opera house witnessed the presentation of the extravaganza, "The Witch of the Woods," Saturday evening. As a spectacular production it was a rare treat—the brilliant and beautiful costumes were enhanced by the many graceful and pretty little tots and young ladies taking part—while the production itself was exceedingly meritorious. Among the enthusiastic applause demonstrated. All on the stage did splendidly, and there were many surprises in the talent of exceptional ability that developed. The audience was delighted, and the success of the initial performance assures a packed house again tonight.

The production centers around the "witch," a part which was admirably taken by Mrs. Purdy-Smith, who calls out in their turn all the different characters, singers, tableaux, etc. Of those in the cast, Morgan N. Joplin, dressed Jim, of the extravaganza, "The Witch of the Woods," Saturday evening. Among these features were dancing by good—and his costume, all "tattered and torn," caught the house. Slim Jinn, the missionary, was portrayed by Harold Johns in a manner deserving of much praise, while Everett Ball, in the characterization of the cannibal king, justly made one of the big hits of the evening. Among the features were dancing by typical old maid, and Will Tucker, "Sambo"; Gladys E. Brown, "Queen of the Forest," and Elizabeth Hogan, as the herald, could not have taken the minor parts better.

All of the dances were splendidly executed, though the paraded dance and the skedaddler's ball apparently seemed to please the assemblage the greatest. Of the tableaux, "The Sculptor's Dream" won especial praise; it was one of the best features of the evening. The specialties were amateurish but in name. Among these features were dancing by Miss Nellie Hogan and Edith Gilbert, a French dialect recitation by Jacques Varnas, juggling of the baton by Arthur Lawrence and, last but not least, singing by Miss Norma Ross. Miss Ross was in her customary splendid voice and as usual was enthusiastically successful.

The manner in which the "Witch of the Woods" was presented Saturday evening is a handsome tribute to the ability of Mrs. Purdy-Smith. There were scores of little tots on the stage, so admirably trained were they that the performance passed off without a hitch, this being more remarkable when it is considered that rehearsals had been conducted but a comparatively short time.

The production is under auspices of the Young Woman's guild of St. Paul's church, with Messrs. Everett Ball, Stewart Rankin, Johnson, Jopling and Shiras and the Misses Williams, Bryll, Thiel and Watson as the patronesses. It will be repeated tonight; the advance sale is very large and another crowded house is certain.

Millie—Two treatments a week will put your complexion in fine shape. Beach that red nose of yours. Take Rocky Mountain Tea as directed. 35c.

Ishpeeming and its Environs.

MANY LEFT THE CITY.
 Both Copper Country and Escanaba Excursion Liberally Patronized.

Yesterday's excursions, one to the copper country via the South Shore line, and the other to Escanaba via the Chicago & Northwestern under direction of the Ishpeeming Light Guard, took out of the city something like 600 Ishpeeming people. The effect of the work done by the Guards all during the week was evident in the great number who took in the neighborhood of 400 Ishpeeming people on the Escanaba excursion to say nothing of the large number attending from Keganawee, Marquette and towns in the western end of the county.

The day was an ideal one for the excursions. In fact there has not been a more favorable day for such trips in many years. This fact had much to do with swelling the attendance, as many who left the city would not purchase their tickets in advance. The Ishpeeming City band accompanied the Light Guards and their friends. The band was quite a card and its presence was doubtless appreciated by the Escanaba and Gladstone people. There were two other excursions, one from Gladstone, also one from the Menominee range towns, so that there must have been in the neighborhood of 2,000 visitors at the lake port cities.

Many of the excursionists went to Gladstone. There were two large boats making trips at regular intervals all day, so that the crowd was handled without difficulty. There was a rush, however, after the arrival of the Marquette county train, as fully nine-tenths of the excursionists from up here went over to Gladstone. The excursionists reached home about midnight and all were well pleased with their outing.

The Ishpeeming store of the I. E. Swift company was closed Saturday. Eleven carloads of goods were shipped to the Houghton quarters during the week and several more will go forward this week. Either Mr. Hayden or Mr. Swift will be here the greater part of this month winding up the concern's affairs. Meanwhile all orders will be filled from Houghton.

The removal of the business headquarters from this city to the copper country town is very generally regretted, as better citizens than those connected with the house would be hard to find. As a business firm there is no better in this section than the I. E. Swift company, and it is deserving of all the patronage the good people and corporations of the copper country can give it. The house will retain its large Marquette county patrons in spite of its removal to Houghton.

ALL WANTED WATER.
 There was a water famine in Ishpeeming for a few hours yesterday morning, and as a result not a few were compelled to attend divine services without their usual morning bath. Those who arose early got water all right but the late risers found ample grounds for fault-finding.

There was a joint to be put in at the lake. Superintendent Divine of the water works system did not think it would be necessary to shut off the water to make the change. Neither would it be if a plug had not dropped out in the main. This is what caused the trouble. The water was shut off without warning, leaving all without a supply sufficient to cook their dinners. The plug was replaced as usual, and the water was flowing as usual soon after 10:30 a. m.

COMMERCIAL MAN ILL.
 Thomas M. Bigelow, a pioneer commercial man, who is, perhaps, as well known as any drummer at present making this section, is reported dangerously ill with appendicitis at his home in Chicago. He has been with Sprague, Warner & Co. for the past twenty-four years, and until a few years ago made this section at regular intervals. He still has control of the territory, though he spends his time in the house. Joe Gannon, who makes the trip, being under Mr. Bigelow's management. Joe went to Chicago one day this week but Mr. Bigelow was so ill that he was not permitted to see him. The veteran drummer paid a visit to his old friends and patrons on this and the Menominee range a few weeks ago, and at that time he was in splendid health.

MARRIED SATURDAY.
 Miss Sarah Wernberg and John Lutey were quietly married at an early hour Saturday morning, at the home of the bride's parents on Ely street. The ceremony was performed by the Rev. Allen, pastor of the Presbyterian church, in the presence of the immediate family and a few intimate friends.

Mr. and Mrs. Lutey left directly for Calumet where they will reside. The bride is the daughter of Charles Wernberg, and is well known in this city.

pastor. Mr. Lund left last night for his home.
 Misses Jessie, Gloriana and Lila Rogers, who have been visiting with their aunt at Racine, Wis., for the past two months returned Saturday.
 Mrs. Richard Mathews and children, who have been in the copper country visiting Mrs. Mathews' mother, Mrs. Goldsworthy, have returned.

DOING A LARGE BUSINESS.
 The St. Paul Railway Will Handle a Million Tons of Iron Ore This Season.

The ore business of the Chicago, Milwaukee & St. Paul road, which, last season, aggregated about 300,000 tons, is rapidly assuming large proportions, and it is safe to say that the company will handle over 1,000,000 tons this year, says the Iron Mountain Press.

Last winter the company built, at its West Milwaukee shops, 900 fifty-ton cars, the management considering that number ample to handle this branch of the road for this year. It has been established, however, that such was far from being the case, and the company has not only been forced to utilize its old twenty-ton cars, but has also been forced to lease ore cars of the Soo line.

The ore dock at Wells has also proven inadequate to handle the tremendous rush of business, and a considerable quantity of ore is again being forwarded to the Soo Line dock at Gladstone.

The St. Paul company is now handling, on an average, about 250 carloads of ore daily out of Iron Mountain. In addition to this the road is receiving about twenty carloads each daily from the Antoine Ore company and the Quinnessee mine. It will soon be receiving about seventy-five carloads from the mines of the Crystal Falls district and this number may be increased to an even hundred later, making over four hundred carloads now handled daily by the St. Paul.

The St. Paul is also making arrangements for the building of a number of spur tracks this fall to mines from which it now receives no ore. The survey has been made for the extension of the Quinnessee branch to the Vivian mine of the Verona Mining company and the contract has been let for a track to the Federal mine, of the Federal Steel company. The Vivian will be an open pit mine and the stripping is now being done, John Marsh having the contract. It is expected that this property will be in shape to send some ore to market this fall. A number of other branches and spurs are under consideration and the extension to Norway will undoubtedly materialize in the spring.

The Press learns that the company is already collecting the material for the building of one thousand additional fifty-ton cars at the West Milwaukee shops during the coming winter and it is probable that either second ore dock will be erected at Wells, or that an important addition will be made to the present one.

The St. Paul company is "out" after the ore business of the Menominee range with all its guns trained—even to the extent of furnishing every essential to owners of new properties and promising explorations.

DEATH STOOD OFF.
 E. B. Munday, a lawyer of Henrietta, Tex., once fooled a grave digger. He says: "My brother was very ill with malaria fever and jaundice. I persuaded him to try Electric Bitters, and he was soon much better, but continued their use until he was wholly cured. I am sure Electric Bitters saved his life." This remedy expels malaria, kills disease germs and purifies the blood; aids digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, female complaints; gives perfect health. Only 50c at Stafford's drug store.

ISHPEMING IN BRIEF.
 C. Retaille of Marquette was a visitor in the city yesterday.

The barber shops of the city will be open today until noon.

E. F. Broad of Iron Mountain was a visitor in the city Saturday.

Check Geisler of Chicago is in the city the guest of his mother.

A Leonard Johnson spent yesterday in the copper country visiting friends.

Many golfers from this city attended the tournament at Marquette Saturday.

Justice William Peters was in Marquette Saturday transacting legal business.

Gregory Donahoe was down from the copper country yesterday on a visit to his folks.

Richard Banfield of Republic spent the latter part of last week with Ishpeeming friends.

Charles H. Moss was down from Houghton yesterday spending the day with his family.

Frank Bayard left Saturday for Calumet to spend a few days in the copper country visiting friends.

Miss Grace Winter, who has been the guest of Mrs. G. G. Johnston, has returned to her home in Chicago.

Kenton Catches.

Mrs. Joseph Wilcox is visiting friends at Laurium.

E. W. Sparrow and family are here for a few days.

D. F. Root has returned from his two weeks' visit at Ionia and Big Rapids.

Mrs. Claude McKenzie of Negaunee visited her sister, Mrs. C. F. Moll, last week.

A Mr. Teoghaer of M. Pleasant has been engaged as principal for Kenton's public school.

Mrs. A. B. Kennedy started for Duluth last week to spend ten days with relatives and friends.

A Benson was over from Calumet last week, overseeing the several jobs of painting he has in progress here.

Miss Clare Potts of Big Rapids returned to Kenton Friday to assume her duties as teacher of the primary department of the village school.

Joseph Harris was joined by Mrs. Harris and his little child last week. Apartments connected with their store have been arranged for housekeeping.

Joseph Harris of Crystal Falls has moved into the Leroy building with a stock of general merchandise. Judge Ormsby had the interior remodeled to suit the needs of his tenant.

The L. O. T. M. gave a carpet rag social at Whalen's hall Saturday evening. Each lady placed her name in the ball of rags she contributed and the gentleman purchasing escorted her to supper.

Rev. Hasenberg was up from Michigan last week in the interest of a fair his church will conduct at that place Monday. Many tickets were disposed of here by several young ladies of the Catholic church.

E. W. Sparrow returned Wednesday from a visit to the Rockland group of mines. He brought back glowing reports of the Adventure, Mass., Michigan and Victoria properties. The Adventure especially is destined to be one of the greatest mines, in the opinion of Mr. Sparrow.

The board of Duncan township advertised for bids to stump, grub and grade the plat of 2 1/2 acres recently purchased for a cemetery, and August Nordine was awarded the contract at \$335, being the lowest responsible bidder. Work will be commenced at once and future Kenton burials may be made there.

Rev. Pillsbury of Chicepee Falls, Mass., preached a sermon that was listened to with interest by a large congregation last Sunday evening. Mr. Pillsbury has a homestead about seven miles south of Kenton and he has been spending several weeks upon it with his wife and daughter. They returned to their eastern home last Wednesday.

As fine cabbage, potatoes and green corn are being marketed here as can be found anywhere. Verily the upper peninsula bids fair to be the ideal place for the farmer of the future. With large markets that pay always top prices and a territory well matured and scarcely known to experience extended droughts, no place holds out better inducement to the prospective settler than Duncan township.

Despite an evening of mist and light rain, a very enjoyable corn roast was held under the pines in the west part of town Thursday evening. Several huge bonfires inspired the large compa-

ny in song, jokes and stories. A menu of broiled steak, flap jacks, coffee and various tempting contributions together with richly roasted sweet corn, served in the good old primitive way, was a delight to those in attendance.

About sixty attended the Sunday school picnic last Tuesday. Manager Kroll arranged transportation over the Kenton & Houghton line to a place prepared with swings, tables, good water and the conveniences necessary for picnic purposes some twelve miles north of Kenton. Games and a good picnic dinner made the little ones happy. Rev. Best carried along his portable organ and furnished music for the occasion.

The South Shore company has constructed a new spur near the timber dock on the Sparrow-Kroll Lumber company grounds which will be used for loading cars with slabs that are to be shipped to wood dealers throughout the copper and iron countries. A new slasher for cutting the slabs and a conveyor for carrying them from the mill to the cars is in course of construction. The wood trade will be a feature of the Sparrow-Kroll company's business hereafter.

The railroad claimed another victim of inebriety Thursday night. John Anderson, who had imbibed too freely in Kenton saloons, attempted to walk to Kitchi after midnight and it is supposed was overtaken about half way by one of the night trains. His remains, badly mangled, were brought here and prepared for burial in the Kitchi cemetery, where interment was made Friday morning.

The deceased was little known about here, having come from Houghton only two or three weeks ago.

EXCURSION FARES

Houghton, Hancock and Calumet.

For the above occasion the D., S. S. & A. R'y will sell excursion tickets to Houghton, Hancock and Calumet at the following very low round trip rates:

Table with columns: From, To Houghton, To Hancock, To Calumet, From, To Houghton, To Hancock, To Calumet. Lists fares for various routes like Saxon, North Bessemer, Ewen, Trout Creek, Sidnaw, Covington, Marquette, Negaunee, Ishpeming, Humboldt.

Children five years of age and under twelve, half of the excursion fares.

Tickets will be on sale as follows: At stations Saxon to Covington, inclusive, for all regular trains of Saturday, August 31st, and Sunday, September 1st. At stations Marquette to Chassell, inclusive, for all regular trains of Sunday, September 1st, and for the morning train of Monday, September 2nd. All tickets will be good for return passage until Wednesday, Sept. 4th.

EXTENSION OF RETURN LIMIT.

By depositing tickets with the agents at Houghton, Hancock and Calumet, not later than Wednesday, September 4th, and paying a fee of 25 cents, the return limit will be extended to Wednesday, September 11th, 1901.

Here is a chance to visit your friends who will entertain you with Horse Racing, Cornish Wrestling, Base Ball, Balloon Ascensions and Athletic sports galore, with some very good theatrical attractions, all of which will be at Calumet on "Labor Day," Monday, September 2d.

For tickets, sleeping car accommodations and full particulars apply to the agents at the stations named above.

SCHOOL ELECTION TODAY.

Warm Contests Anticipated Over the Selection of Trustee.

Considerable interest is manifested in the election of a school trustee to take place today. Louis Kellan, who announced himself a candidate in opposition to Robert G. Jackson over ten days ago, is making an active canvass. He gives many reasons why he should be supported for the place. He believes that some reforms in the management of school affairs are necessary at this time. He also thinks that Mr. Jackson has had quite enough of school work and should step out and give someone else a chance.

It is a question whether or not Mr. Kellan will succeed in convincing the voters that his ideas are just the right ones to enforce in conducting the schools. Many do not agree with him in all the reforms he advocates. There are others who believe that Mr. Jackson should be retained on the board because of his experience as a member of the board. The latter are the majority of the class of citizens who think that experience counts for a good deal in the management of school affairs.

Wagers were offered Saturday on the result by a strong supporter of Jackson. He met a man who was talking in favor of Kellan. Their argument got so hot that finally the Jackson man pulled out his purse and offered to bet two to one that Jackson would be elected by a vote of two to one. The other man was short of change about that time and his money was not forthcoming. It looks as though the contest will result in bringing out a good vote. It is said that a number of the women will be at the polls to cast their ballots. In years past when the elections were warmly contested the women have come out in goodly numbers to back their favorites and they are likely to make their vote felt in today's election.

MILLION A YEAR.

The Probable Requirements of the Jones & Laughlin Interests of Mesaba Ore.

During the visit of Captain Thomas Walters of Ishpeming to the city some time ago he favored the Enterprise with a pleasing interview, in which he stated that he considered it more than probable that the Jones & Laughlin company, whose interests he so ably represents as general manager of their Lake Superior mines, would require a continuously increased output from their Mesaba holdings, and that as the properties could be placed in condition to produce the amount would in all likelihood use a million tons a year from the Columbia and Lincoln mines of the Inter-State Iron company.

These properties are both newly developed properties in the Virginia group, the Columbia having one shaft in ore and shipping about 200 tons per day from the first level, which alone is steadily developed. At this mine, the management, under the direction of Superintendent Fairbairn, will shortly commence the sinking of another shaft at a point some 600 feet south-west of No. 1, furnishing room for many additional men the coming winter and another shaft on.

On the Lincoln a large four compartment double shaft, 10x12, is now being sunk, which will be put into ore and the body developed the coming winter. The ore from these properties is reported as of high grade, that of the Lincoln being exceptionally so.

The Jones & Laughlin company also owns the Grant (formerly the Baker), near Buhl, on which a shaft is now being sunk. This firm is now the greatest independent ore user and has heretofore been a buyer of large quantities. It is now preparing, at the expiration of existing contracts, to mine its own ore supply so far as possible. This fact, in conjunction with their purchase of virgin properties in the vicinity of Virginia and Buhl, will add greatly to the stability and industrial activity of those places.—Virginia (Minn.) Enterprise.

WILL LOOK FOR DAMAGES.

Anthony Meterick, who lives in that part of Negaunee known as "The Patch," has decided to bring suit against certain of his neighbors because of damage to his garden for which a herd of cows was responsible. As soon as it can be determined to whom the bovines belonged the suit will be commenced. Its outcome will be watched with interest by many Negaunee residents who have suffered in a like manner during the summer.

Meterick owns a few acres of land on the south side of the D., S. S. & A. tracks and cultivates the same during his spare time. He had one of the finest vegetable gardens in the city, comprising all sorts and varieties of green stuff. There were cabbages and potatoes, tomatoes, onions, celery and garlic and other varieties. Besides this he had a nice flower garden which was also ruined by the cows. Friday evening the cows broke down the fence, entered the garden and ruined the entire crop. What they did not eat they trampled down. Meterick was wrothy when he discovered his loss, and swore that he would have vengeance and he is now looking for the owner of the cows.

Several other gardens were ruined Friday evening. Thomas Trathen's yard was entered by a herd of cows and the entire place spoiled.

A NIGHT OF TERROR.

"Awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she would die from pneumonia before morning," writes Mrs. S. H. Lincoln, who attended her that fearful night, but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of consumption. After taking, she slept all night. Further medicine is guaranteed to cure all throat, chest and lung diseases. Only 50c and \$1. Trial bottles free at Stafford drug store.

LOCAL LAOCINCS.

Miss Mary Crostie of Dollar Bay is in the city, the guest of Mrs. T. Willette.

John Q. Adams returned Saturday from his trip to DeTour and other points in the eastern part of the peninsula.

Fred Strong, formerly of this city, but whose home is now in Grand Rapids is in the city, the guest of his cousin, Mrs. John Mitchell.

Miss Carrie Olson, who has been visiting her aunt, Mrs. August Olson, for the past week, left for her home in Chicago Friday evening.

Mrs. S. D. Evans of Iron Mountain, who had been visiting her daughter, Mrs. Arthur Bemis, for the past month, yesterday returned to her home.

H. J. Peterson, the tailor, was never better prepared than this season to supply his trade with new suits or overcoats. His new stock is most complete.

John Dudley and John McCall, who had been on a fishing excursion for the past week, returned Saturday from the Escanaba river with a large string of fine trout.

Charles Lindell of Chicago, who had been the guest of C. A. Thoren, Jr., since Monday, departed for the Windy City Saturday evening. Mr. Lindell formerly lived in this city.

A number of friends gathered at the home of Joseph Broad on Friday evening to celebrate his birthday. It was also the birthday of his son-in-law, Mr. Adams, and his daughter, Mrs. Herbert Buzzo.

The merchants have decided to close their stores this afternoon and evening. As customary, the mines will be shut down all day. Many people from this city will attend the labor union picnic at Cleveland Park.

The excursions yesterday were very well patronized by Negaunee people. Quite a large delegation went down to Escanaba and Gladstone, while the crowd to the copper country was fully as large as expected.

Mrs. J. B. DeLorimier of Montreal, who has been visiting her mother the past few weeks, left last evening for the Phelps' sanitarium at Battle Creek, Mich. She was accompanied by Miss Mary Mullaughney.

J. Olson of Ironwood and Mr. Johnson of Bessemer, who have been attending the Meyer embalming school at Marquette, were in the city for a few hours Saturday, visiting friends. Both gentlemen formerly lived in Negaunee.

County School Commissioner Davis on Saturday conducted two meetings of teachers who preside over rural schools. One was held at Ishpeming at 9 o'clock and the other session at Marquette in the afternoon. Both were largely attended.

The Selden Stock company closed its engagement at the McDonald Opera House Saturday evening. The company presented a strong repertoire of plays, but did a fair business during the week. The company left last evening for Oconto, Wis.

The annual school meeting will be held this afternoon and evening. The candidates for trustee in the election, which will take place in the afternoon, are R. G. Jackson and Louis Kellan. Mr. Jackson has served on the board for the past fifteen years.

The trial of Henry Aho, charged with shooting Alex Peterson, was continued in Justice Trathen's court last Friday for one week. Peterson had not recovered sufficiently to attend the hearing, but it is thought he will be able to be on hand when the case is called next Friday afternoon.

Miss Clara O'Leary, who formerly resided in this city, but who now teaches in one of the Calumet schools, has been visiting friends in the city. She will leave today for the copper country. Miss O'Leary was accompanied on her visit here by her brother, who is a student in the medical school at Ann Arbor, and for which place he will leave today or tomorrow.

A CERTAIN CURE FOR DYSENTERY AND DIARRHOEA.

"Some years ago I was one of a party that intended making a long bicycle trip," says F. L. Taylor, of New Albany, Bradford County, Pa. "I was taken suddenly with diarrhoea, and was about to give up the trip, when Editor Ward, of the Laceyville Messenger, suggested that I take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I purchased a bottle and took two doses, one before starting and one on the route. I made the trip successfully and never felt any ill effect. Again last summer I was almost completely run down with an attack of dysentery. I bought a bottle of this same remedy and this time one dose cured me." Sold by The Stafford Drug Co.

No need to fear sudden attacks of cholera infantum, dysentery, diarrhoea, summer complaint of any sort if you have Dr. Fowler's Extract of Wild Strawberry in the medicine chest.

CATARRH! CATARRH! CATARRH!

All druggists are authorized by the manufacturers of Bunsen's Cream Catharrh to refund the money if it fails to cure any case of Nasal Catarrh, Catarrh of the Throat, or Catarrh of the Head, no matter of how long standing. One application gives ease and rest. Contains no mercury or other injurious drug. Bunsen's Cream Catharrh is a new discovery and is the only Catarrh Remedy sold on a positive guarantee—No Cure, No Pay. Price 50 cents. Stafford Drug Co.

A KANSAS MINISTER.

Rev. L. S. Coulton, of Circleville, Kas. says: "Dr. Warner—Your White Wine of Tar Syrup has been in my family and found to be all and even more than you claim for it. It is a speedy cure for all throat and lung diseases." The Stafford Drug Co.

Lower Michigan.

For twelve hours Monday night Mrs. B. L. McMillan of St. Joseph fought her husband to save her own life and Tuesday morning she called the police to help her. Meyers came home intoxicated and tried to kill her with a knife.

The Oviatt Manufacturing company, whose plant was burned out at Cadillac some time ago, will resume business in that city, it having been practically settled that a new building will be put up on the old site. From twenty-five to forty men will be employed.

Ypsilanti is trying to secure two of Detroit's industries, the Newton Haggerty Ladder company and the Phoenix Reed company. A special election has been called for Sept. 5 to vote on the question of bonding the city for \$12,000, half of which amount is to be given to each company.

Mrs. Charles Sherman, a lady of moderate circumstances at Benton Harbor, has fallen heir to a large share of a million dollar estate in Cleveland, O., and papers are now being made out by which she becomes the possessor of a fortune of over \$100,000. The property is in Ohio and was left by a rich relative.

Frank M. Jones, formerly a well-known Michigan Central engineer, is dead at the Kalamazoo asylum. Some time before his death he lost his eyesight by an accident, and annulled his engagement to be married. The misfortune crazed him and he attempted suicide several times. At the asylum he became more reconciled.

The independent telephone exchange at Greenville has been purchased by the Citizens' Telephone company of Grand Rapids, and the latter will assume control on Oct. 1. The Citizens' now has thirty-three exchanges outside of Grand Rapids, and will soon begin building one at Ionia, the council of that city having recently granted a franchise for that purpose.

The quickness of a Byron physician in detecting poison recently saved himself and another man from death. Dr. Howard and W. A. Lawrie were taking a glass of ice cream soda in the drug store at Owasco, when Druggist A. H. Taggart favored the soda with acetate, by mistake. Dr. Howard detected the deadly drug by the odor before drinking any of the soda.

The Democrats of the Tenth congressional district went through the motions of a convention at Bay City Tuesday and nominated George D. Jackson, former mayor of Bay City, by acclamation. Mr. Jackson accepted the nomination. Democrats concede there is little hope for success at the coming special election, but they think there will be a chance for them two years hence.

A Manitoba dentist recently received the following letter from a near-by town: "Dear Sir—Please make a set of teeth to fit me, tooth: My mouth measures 5 1/2 inches across and is 1 1/2 inches from tip to tip. It is kinder heart-shaped and also humpbacked around the edges. Has a hare lip in one corner when I grin. If this description suits fit I guess I'll have to come up."

Rev. G. R. McDowell of Delton no longer believes in the old rule which says that if you eat after eating them they are toothstools, and if you live they are mushrooms. He ate some last week, and he is still alive, yet he is morally certain that they were toothstools just the same, for no mushrooms would have made him as sick as they did. It took a doctor's best efforts to keep him here on earth.

The Lansing common council has granted Platt Brothers the right to lay mains in several streets for the purpose of conveying steam for heating purposes from their power house to the state capitol. This firm has secured a contract for heating the state house for two years. They will also sell steam for heating other buildings along the streets on which the mains are laid, and propose to extend the system throughout the city eventually.

Cosentino Letania, an Italian who keeps a stand on South Michigan avenue at Saginaw, was driving his horse on Niagara street at 1 o'clock Tuesday night and attempted to cross Hamilton street in front of a street car. His wagon was demolished and Letania's right hand and arm were crushed. He was taken to a hospital, where it was found that his hand and part of the arm will have to be amputated. His head was also badly injured.

The crop of seed peas which Charlevoix farmers contracted to raise for a big seed house has turned out pretty much of a failure. The average yield is about two bushels of peas for one of seed used, whereas it ought to be about five for one. One man brought in the peas in which this seed had been sent to him, and explained their emptiness by stating that he had not been able to harvest a single bushel.

The smallpox scare at Tekonsha has much abated and it is now thought that the plague is under thorough control. To prevent the quarantine being broken a man with a musket has been guarding the premises for over a week. In spite of this precaution one of the inmates of the house where the afflicted are held escaped and was gone over night. Another member of the family who escaped was caught by an officer and taken before a justice and fined.

On the criminal docket for the September term of the circuit court, Shiawassee county, appears the case of Peolise vs. Willie Mattison of Cornum, for arson, but it will not be tried. Willie is in Washington state with the full and free consent of Shiawassee county, which assisted him in fact, to get there. Two years ago Edward Brophy's valuable barn was burned mysteriously, and no one knew how it happened until this spring, when Willie, who was about to leave for the West, casually mentioned that he had touched a match to the hay to see how it would get there. Two years ago Edward Brophy's valuable barn was burned mysteriously, and no one knew how it happened until this spring, when Willie, who was about to leave for the West, casually mentioned that he had touched a match to the hay to see how it would get there. Two years ago Edward Brophy's valuable barn was burned mysteriously, and no one knew how it happened until this spring, when Willie, who was about to leave for the West, casually mentioned that he had touched a match to the hay to see how it would get there.

Allen S. Olmsted, Le Roy, N. Y. Address Allen S. Olmsted, Le Roy, N. Y.

Shiawassee county barchipped in enough to pay Willie's fare, and the transaction was closed to everyone's satisfaction and considerable saving to the county.

The fruit market collapsed at Sparta Tuesday, when the price of peaches went down to ten cents per bushel. The hot damp weather of the past few days is the cause. Some carloads of fruit have not brought enough to pay the freight. Peaches will not keep as long as the weather remains as it is now. Fruit growers in surrounding townships have already lost thousands of dollars and the end is not yet in sight. In some cases buyers have refused to handle the stock.

There is a small sized strike on in the American Biscuit Co.'s plant at Grand Rapids. It appears that the foreman of the bakery is unpopular with the female employees, and Tuesday evening they demanded that he be discharged. They claim he uses profane language and swears at them when giving orders for work. The management declined to discharge the foreman and twenty-four of the girls walked out. They are of Polish nationality, members of Father Poggiani's church.

A big industry is to be moved from Chicago to Battle Creek. It is an established business employing 200 men, making varnishes and paints, and like products. These products are manufactured by an entirely new process. Those interested are George W. and Howard O. Bodine, of Chicago; C. H. Duskam, of Marshall, and John E. Miller and Frank W. Clapp, of Battle Creek. The company was organized Tuesday as the Battle Creek Oil & Varnish company, with a capital stock of \$1,000,000.

A prominent tenth district Republican said at Lansing Tuesday, that Tip Applin, the Republican nominee for congress, will not have the walkaway that is popularly supposed. He does not count upon more than 40 per cent of the vote being out, and this, he thinks, will reduce the plurality at Niles, 8,000 for Trump to about 4,000. He expects that the Democratic nominee will carry Bay county by 1,500, and while he expects Applin's majority, he is of the opinion that his majority will not be very large.

The criminal carelessness of some one came near reducing the population of Mendon last week. A number of persons bought kerosene at a local grocer's, the only one to find after they had filled their lamps with it and lighted them that it was not kerosene after all, but gasoline. The fault was not with the grocer, but with the outside house of which he had purchased the oil, for the barrel was branded kerosene, and there was nothing upon it to indicate its dangerous contents.

These are lively days for hobos along the Michigan Central between Detroit and Jackson. The road has for some time past been losing numerous small amounts through the tramp's petty thievery, and has at last inaugurated a campaign to drive them off. Several detectives are at work and they are hauling all the offenders they can get hold of before the handiest justice of the peace. As cash is not a common commodity with the kind of the road it is usually a case of thirty days in the county jail.

E. R. Rowe, representing the Harper Buggy Co., of Columbia City, Ind., proposes to the city of Niles that if a suitable factory building is furnished the Harpers will locate a branch of their plant there, which will give employment to 500 men. Mr. Rowe, who is a stockholder in the company, has taken up his residence at Niles, being favorably impressed with the town. The Business Men's association has the proposition under consideration and there is little doubt but that the manufacturer's wants will be supplied.

A short time ago some one stole the brass oil cups from an engine belonging to Alexander Beard of Ruby, St. Clair county. After waiting a while in the hope that the thief might be caught, Beard went to Port Huron to purchase a new set. He got what he was after at a store where second-hand goods of that class are kept, paid for them and went out. Examining his purchase more closely on the way home, he was surprised to find that the cups were the very ones which had been stolen from him and which the thief had evidently sold to the junk shop man.

Tuesday morning Bert Lenhoff and Walter Hosner were arrested at Pontiac charged with keeping their saloon open on Sunday, the day when it was alleged by the authorities that Pontiac was dry in the history of the county. They were taken before Justice Linaubury for arraignment and pleaded not guilty. After giving bail in the amount of \$300 they were allowed to resume business. Hosner and Lenhoff conducted a saloon in a recently erected wooden building opposite the big gates at the state fair grounds, and they began business, expecting to make a killing during fair week.

A GOOD THING.

German Syrup is the special prescription of Dr. A. Roschke, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures Coughs, Colic and all Lung troubles of the severest nature, remaining as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles were introduced in the United States in 1893, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cts. Get Green's Prize Almanac. The Stafford Drug Co.

USE ALLEN'S FOOT-EASE IN YOUR GLOVES.

A lady writes: "I shake Allen's Foot-Ease into my gloves and rub a little on my hands. It saves my gloves by absorbing perspiration. It is a most sanitary toilet powder." We invite the attention of physicians and nurses to the absolute purity of Allen's Foot-Ease. Dr. W. C. Abbott, editor of the Chicago Clinic, says: "It is a grand preparation; I am using it constantly in my practice. All drug and shoe stores sell it. 25c. Sample sent FREE. Address Allen S. THIS IS FAIR WEEK.

EXHIBITION TO BE HELD WEDNESDAY, THURSDAY, FRIDAY.

HOPE FOR FAVORABLE WEATHER

NOT TOO EARLY FOR FARMERS AND GOOD EXHIBITS SURE.

Purses for the Horse Racing Will Aggregate \$1,500—A Strong Line of Circus Attractions Has Been Engaged.

This is fair week. For the nineteenth time in its history the Marquette County Agricultural Association is desirous of entertaining thousands of visitors...

If the quest for bright, sunny days fails and the society is again handicapped with rains and chilling winds...

The South Shore road is, as usual, lending the Agricultural society hearty and valuable co-operation. For the fair dates, it is offering special rates on its line from points as far distant as the Soo and Calumet...

Not Too Early. There has been some question among the uninitiated as to whether the new dates for the fair are not too early...

It is likely that the number of exhibits in all departments will approximate the records of past years. There is very little change from fall to fall...

Exhibits of small articles will be received at M. E. Asire's office, where the entries may also be made, today and tomorrow. They will be provided careful transportation to the grounds...

Fine Horse Racing. The gentlemen in charge of the horse racing, which will be offered the afternoon of the fair dates, expect to give the people who visit the grounds some exceptionally good sport...

The circus features provided by the amusement committee will certainly be popular with the fair visitors, as V. A. Ross, who booked the attraction, has obtained a number of high class artists...

TOM KILBY ESTABLISHED.

He Has Opened the Laidley Commission Co's Soo Branch.

Thomas F. Kilby, resident manager for the Laidley Commission Co., has completed the installation of his office furniture and equipment...

continuous quotations. The Laidley Commission Co. has branch offices in several of the more important cities of the upper peninsula...

PIONEER MINISTER DEAD. Rev. A. J. Richards, Located Here Years Ago, Joins the Vast Majority.

News has been received here of the death at Bay View, Mich., last Friday afternoon of the Rev. Andrew Jackson Richards. The deceased was well known in this city and district...

MARQUETTE DROPS A GAME.

Ball Club Goes Down to the Soo to Tackle the Maroons.

A bunch of baseball players left for the Soo yesterday morning, under the management of Alderman John Siegel, to play two games with the champion Maroons, one Sunday, the other today...

SEPTEMBER JURYMEN. Those Who Will Serve During Coming Term of Circuit Court.

Sheriff John Pengelase has been busy the past several days summoning the jurymen who will serve during the term of circuit court opening Sept. 10. The jurymen are being instructed to report in the court room at 2 o'clock the afternoon of that date...

STEAMER STRONG ABANDONED. Crew Sail to Munising on Consort-Barge Picked Up and Beached.

During the storm of Thursday night last, the steamer Strong, of the Strong Transportation company, sprung a leak, while about twenty miles east of Standard rock, became waterlogged...

Friday night about 9 o'clock the steamer Mueller, bound down, narrowly escaped running into the Strong in the thick weather, the wheelman just throwing the boat around in time to prevent a collision...

Last week I went about full of trouble and of doubt. Now I'm smiling and dancing with delight. I had some Rocky Mountain Tea last night.

E. H. Vandenberg is out for a big insurance business this week. 8-25-1w

You can always get a light lunch, with a cup of tea or cocoa, at Heppner's.

If you are thinking of taking out an insurance policy, don't fail to see E. H. Vandenberg this week and secure the Aetna's new endorsement. (8-26-1w)

Butter and eggs a specialty at Cameron's creamery. (8-23-8d)

NOTE. I am about to leave Marquette to take permanent residence elsewhere. All parties having accounts against me will please send statements at once. (8-31-2d) TROWBRIDGE JOHNS.

GOLFERS CONTEST.

U. P. MEET DRAWS MANY PLAYERS TO LOCAL LINKS.

TOURNAMENT A BIG SUCCESS.

CHAMPIONSHIP HONORS WILL BE SETTLED DURING TODAY.

Egan, Duncan, Allen and Welton Those Who Meet in the Semi-Finals for the Title—Consolation and Driver's Contest Also.

The preliminaries of the first open golf tournament in the upper peninsula were played Saturday afternoon on the links of the Seymour Golf club, and judging by the number of non-resident participants and the gallery of spectators following the players, it can certainly be voted a highly successful affair...

As the four lowest scores constitute the semi-finals for the championship cup, the honors for that event would lie between Messrs. Atwell, Egan, Allen and Welton. The Rev. Mr. Atwell having withdrawn, however, the next lowest score succeeds to his place, the honor falling to William Duncan of Ishpeming.

The semi-finals for the championship cup will commence at 9 o'clock this morning, Messrs. Egan and Duncan in one set and Messrs. Allen and Welton in the other. The winners of same will play the finals this afternoon at 3 o'clock.

Promptly at 9:15 this morning will also be started the contest for the consolation cup, to which all players other than those entered in the semi-finals above mentioned will be eligible and are expected to play. Two rounds will be played, the two lowest scores playing off for the prize offered.

Another event will take place this morning, being arranged especially for the belated Menominee players, who found it impossible to enter in Saturday's game. These players will be started immediately in the consolation prize.

The above different contests constitute the morning play, which will prove very interesting and it is the wish of the home club that every one come and view the game.

During the afternoon the finals of the morning event will be started at 3 o'clock, but at 2 o'clock the driver's contest will take place. To those unfamiliar with the game of golf, this particular feature of the game.

All are invited to attend the separate attractions of the days following and it is hoped every one will devote some part of this general holiday to this purpose.

REST AND RECREATION.

Labor Day Will Be Quietly Observed in Marquette.

Today workmen will drop their tools and business men and clerks will shut the stores to observe one of the important national holidays, that dedicated to Labor. All the usual activity will be suspended for twenty-four hours...

Bring any medalion tickets you have to Werner's gallery and save money. (9-2-4f)

Rest and other fine chocolates only 35c per box at Heppner's.

OYSTERS.

The oyster season is now open. They are served in all styles at Prince's. (8-31-4f)

Have you seen the Aetna's 1901 endorsement policy? If not, loose no time in calling on the agent for illustrations. It is by far the most perfect policy ever placed before the American people. (8-26-1w)

NOTICE.

All persons having accounts against me will please present the same to me for settlement before Sept. 15th, as I will leave Marquette soon after that date. (8-26-1w) E. HEPPNER.

EXCURSION FARES TO MARQUETTE.

Commencing Saturday, May 18, continuing until Saturday next, until further notice, the D. S. & A. railway will have on sale at Veinore, Munising Junction and at Train Cretz for Marquette and return at the very low rate of 75 cents. Tickets will be sold for the night express of Saturday only and will be good for return leaving Marquette on the early morning express the Monday following. For further particulars apply to station and ticket agents or to Geo. W. Hubbard, G. P. A. (8-16-1f)

Supper will be served in the vacant store of the Bertha block by Ed Quarters, of the Queen City hotel. The attendance of a number of up-the-road people is expected. The workmen expect to see an unusually large number of couples on the floor.

SCHOOLS OPEN THE 9TH. Teachers and Pupils to Have a Week More of Vacation.

As has been anticipated for some days, it will be necessary to postpone the opening of the public schools for a week. Regularly, the first sessions should be held tomorrow, but they have been called for the 9th. The delay is mainly on account of the late arrival of a large order for desks placed a number of weeks ago with a Manitowish, Wis., concern. They were received Friday, but, according to agreement, they should have been shipped so as to arrive here much earlier.

The order numbers nearly six hundred single desks, and they will be used to replace all the old-fashioned double desks in use in a number of the ward schools. Some of the latter have done service for a couple of decades and they were away out of date years ago. The new seats are now being set up, ready for use by the pupils. The work is being pushed with all speed, and, although there is much of it to be done, it will be finished before the 9th, when study will be started.

The interior work of renovation and improvement, which has been mentioned in The Mining Journal from time to time, is practically complete and the finishing touches will be put on in the several buildings early this week, when they will be left in the best condition in which they have been for years, probably since the several buildings were new.

Nothing has been overlooked and no expense has been spared in the work. Plumbers, steam fitters, carpenters, painters, kalsominers, plasterers, in fact all journeymen who have to do with building, have been employed in putting the several old structures in the best of condition.

There has been a general scrubbing, desk scraping and varnishing, painting and kalsomining. Blackboards have been re-lacked, steam pipes packed, new floors provided in rooms where needed, and cement floors in a number of basements.

At the Hampton street school a heating plant has been installed. Water closets have been placed in buildings where they have been lacking and have been repaired and overhauled in the other structures, as a result of all which teachers and pupils will enter this fall one of the most attractive and sanitary systems of public schools to be found in this upper country.

It is understood that there is to be inaugurated a system of rigid school inspection calculated to keep the several buildings in their present irreproachable condition. Janitors will be prodded up. Close watch will be kept to observe where repairs are needed and they will be made forthwith, without permitting had to grow worse and valuable property to deteriorate by neglect.

The work of improving the premises of the several buildings, which has been progressing under the direction of Mrs. A. E. McCrea, is now well along and will be completed in due time. Grading has been done wherever needed and sodding and seeding is going on. The scheme contemplates the planting of trees, bushes and shrubbery, and, when it is carried out in its entirety, the external appearance of the several buildings will be in keeping with the interior attractiveness of the schools and Marquette, for once, will boast a well ordered lot of public grounds.

Another improvement, already undertaken, which will be completed in good season, is the laying of a cement walk about the board's Ridge street property. The old wooden walk has been torn out and the cement is to go down this week. This substitution will be greatly appreciated by the public, generally, as the walk about this premises has been in badly dilapidated, even dangerous, condition.

Bring any medalion tickets you have to Werner's gallery and save money. (9-2-4f)

Rest and other fine chocolates only 35c per box at Heppner's.

OYSTERS.
